NORMAL INSTITUTE

Closed By the Organization of a Teachers' Association.

MANY RESOLUTIONS

Passed Effecting Interests of Our Public Schools. Want School Teachers for Superintendent and Examiners.

ANXIOUS FOR LEGISLATION.

Following the close of the regular work of the county institute last week the teachers went into the organization of a teachers' association and after the usual preliminaries the following were the proceedings given the EAGLE by the Secretary:

The teachers of the Lincoln County Normal Institute organized a teachers' association, and proceeded to elect H. T. Jones, of Capitan, President; Mrs. John A. Hollars, of White Oaks, Vice President; John A. Haley, of White Oaks, Secretary and Treasurer.

The following membership was enrolled:

H. T. Jones,	Capitan;
J. Burlingame,	"
G. L. Bradford,	"
W. E. Dudley,	Nogal;
Miss Mabel Walsh,	White Oaks;
Irene Rogers,	Lincoln;
Stella Meek,	Aroyo Seco;
Lucile Peters,	Angus;
May Skehan,	Capitan;
Alice McMains,	White Oaks;
Jessie Clark,	Richardson;
Ida Pearsal,	Aroyo Seco;
Imogene Peters,	Angus;
Myrtle Eidson,	Capitan;
Mrs. W. E. Dudley,	Nogal;
John A. Haley,	White Oaks;
J. B. Goodrich,	Picacho;
J. M. Dow,	Lincoln
Mrs. J. A. Hollars,	White Oaks;
L. H. Rudisille,	White Oaks.

On motion, duly seconded and carried, the following executive committee was appointed: G. L. Bradford, Mrs. Jno. A. Hollars, Mrs. W. E. Dudley.

Motion was adopted that this body be called the "Lincoln County Teachers' Association."

Motion prevailed that a committee be appointed to draft a constitution and set of by-laws to govern the Association, and the following were named on this committee: Mrs. W. E. Dudley, Miss May Skehan, L. H. Rudisille,

Association adjourned to meet the following day, and at 11:30 a. m. President Jones called the Association to order.

The resolutions adopted by the Normal Institute were presented to the Association and their adoption moved, which prevailed.

The Association, by a unanimous vote, decided to meet at Nogal, on the third Saturday in October.

Twenty-five cents was assessed, by the Association, on every member, for present needs.

Motion prevailed that a committee be appointed to draft a law to correspond with resolutions already adopted regarding a change in school laws, and the following committee was appointed: W. E. Dudley, G. L. Bradford, John A. Haley, and President Jones was added to the committee, said committee to have their report ready to present to the Teachers' Association at Nogal, Oct. 18th.

A motion prevailed that the resolutions presented by W. E. Dudley and John A. Haley be spread on the minutes, and that said resolutions be published.

Association adjourned to meet at Nogal, Oct. 18, 1902.

Jno. A. Haley, H. T. Jones,
Sec. & Treas. President

Resolutions adopted.

Whereas, teachers are compelled by law to attend county Normal Institutes, and

Whereas, the districts of Lincoln county are so widely separated and thinly populated that many districts in the county have schools for only three or four months, and in this respect the other counties of the territory are not more favorably situated, and

Whereas these districts receive support only from the general school fund, which is exceedingly light, in virtue of which a teacher's salary for three months often amounts to less than many ordinary occupations pay in one month; and

Whereas, the cost of attending the institute can scarcely be less than \$25 for a two weeks term, which is from 15 to 30 per cent of the entire salary said teacher will receive for a regular three or four month's term; and

Whereas, our mode of conveyance to and from the normal being so incomplete, adding at least one third extra expense to the cost of attending said normal; and

Whereas, the present duration of our county normal can not

reach the result which the board of education intended and does not come up to the requirement which the teacher demands, a fact which the boards of directors recognize by failing to raise the salaries of the teachers; and

Whereas, teachers are thus required by law to perform a duty without compensation, must absent themselves from business and homes for two weeks and expend a considerable sum of money without adequate return; and

Whereas, it is the only service required by the government where the one performing said service must pay for the privilege; now

Therefore, be it resolved by the teachers of the Lincoln County Normal Institute that the coming territorial assembly be respectfully requested to secure by special levy or otherwise some way for the maintenance of these normals other than out of the pockets of the teachers:

And be it further resolved, that this question be presented to the candidates for representative and council from this district and that the members of this institute do hereby pledge themselves to promote these demands in every honorable way, and to constantly keep the matter before our representatives, and if possible elicit a pledge from candidates to the territorial assembly to aid the teacher and bring about relief.

Be it further resolved; that we urge and recommend that some proper incentive be embodied in the law governing our normal for the encouragement of teachers, and to this end we recommend that a certain per cent be allowed for attendance and class work to be credited on final examinations.

Be it still further resolved; that a copy of these resolutions be presented to the Lincoln County Teachers' Association and that Association asked to maintain the fight, and that a copy of these resolutions be furnished our several county papers for publication.

Further resolutions were adopted as follows:

Be it resolved; that the qualification of our County Superintendents be raised so that they shall be teachers actually engaged in the work of teaching in order to become eligible to office.

And furthermore that our board of examiners be teachers of the county actually engaged in teaching.

Be it further resolved that our

questions in examination be prepared by teachers actually engaged in the public schools.

Resolved by the teachers of Lincoln county, assembled in the Normal Institute at White Oaks, N. Mex., that the sincere thanks of the members of this institute are hereby tendered to Prof. Richards of the Agricultural College at Las Cruces, for his painstaking, considerate and practical conduct of our Normal the past two weeks, and assure him that the pleasant association and useful suggestions offered by him will long be remembered by the teachers of Lincoln county.

We, the teachers in attendance of the Institute in White Oaks, do hereby extend our sincere thanks to the people of White Oaks for the interest they have manifested in our behalf and for the delightful manner in which they have entertained us while we have been their guests.

We furthermore wish to extend our thanks to our County superintendent for the selection of so able an instructor as Prof. Richards, and for the series of interesting lectures he arranged that we might be the beneficiaries.

With kindest regards, you will long be remembered by the teachers.

Lincoln County Teachers.

Roster of County Teachers and Where They Are Employed.

Teachers employed at various places in the county so far as we have been able to learn are as follows:

White Oaks: Jno. A. Haley, Mrs. Jno. A. Hollars, and Miss Mabel Walsh.

Capitan: G. L. Bradford, H. F. Jones, Miss May Skehan.

Nogal: W. E. Dudley, Mrs. W. E. Dudley.

Lincoln: Porfirio Gonzalez.

Picacho: J. B. Goodrich.

Richardson: Miss Jennie Clark.

Lands Illegally Fenced.

John S. Mosby is now special agent U. S. General Land office and has been ordered to Wyoming to see that illegal fences of Wyoming cattle owners come down. The cattle men of that state are said to have millions of acres of land fenced illegally. Great excitement prevails and the Col. may have an interesting experience before he is through with enforcing the government's order.

APPLICATION FOR PATENT

Application for patent No. 9, Republished under direction of Commissioner of General Land Office June 10th, 1902.

United States Land Office,
Roswell, New Mexico,
July 29, 1902.

Notice is hereby given that the Rip Van Winkle Gold Mining Company by William E. Blanchard its attorney in fact whose post office address is White Oaks, Lincoln County, New Mexico, has this day filed its application for patent for 1357, and 30-100 linear feet of the Rip Van Winkle lode or vein bearing gold and other metal with surface ground 400 and 10, and 6-10 feet in width situate in White Oaks Mining District, Lincoln County New Mexico, and designated by field notes and official plat on file in this office as survey No. 934 in Township 6 S. Range 11 E. of New Mexico Prin. Meridian, said survey No. 934 being as follows to-wit:

Beginning at Cor. No. 1, Cor. No. 4 survey No. 933, a granite stone 25x16x6 inches set 3-4 inch in ground marked 1-934 on E. side, whence a blazed cedar tree 20 inches in diam. marked B. T. 1-934 bears N. 80 deg. 30 min. E. 25 feet distant. Cor. No. 1 Rita Lode, survey No. 663, B. H. Dye et als owners, and Cor. No. 1 Lady Godiva Lode, survey No. 683, B. H. Dye et als owners, a porphyry stone 16x11x7 inches above ground, bears N. 44 deg. 35 min. E. 187-95 ft. distant. Cor. 2 Homestake Lode survey No. 621, a stone of unknown dimensions (top broken off) Jaims M. Sigafus et al claimants, bears S. 81 deg. 18 min. E. 111-76 feet distant, and W. 1-4 sec. cor. Sec. 25 Township 6 S. Range 11 E. bears N. 47 deg. 43 min W. 747-96 feet distant. Thence var. 13 deg. E. N. 17 deg. 51 min. W. 1357-40 ft. to Cor. No. 2 a porphyry stone 26x12x10 inches set 3-4 inch in ground marked 2-934 on S. side. Thence Var. 12 deg. 45 min E. N. 72 deg. 10 min. E. 410-6 feet to Cor. No. 3, a sand stone 26x8x6 inches set 3-4 inch in ground marked 3-394 on S. side. Thence Var. 12 deg. 48 min. E. S. 17 deg. 51 min. E. 1357-50 feet to Cor. No. 4, a granite stone 24x14x8 inches set 3-4 in ground marked 4-394 on N. side set in large mound of stone. Thence Var. 13 deg. E. S. 17 deg. 10 min. W. 400-6 feet to Cor. No. 1 place of beginning containing 12-79 acres.

Expressly waiving and accepting from this application all that portion of the surface ground of said survey No. 934 which is in conflict with survey No. 623 and 624 as set forth in the plat and field notes of said survey No. 934 on file in this office. Total area claimed 3-55 acres.

Any and all persons claiming adversely any portion of said RIP VAN WINKLE Lode Mine or surface ground are required to file their adverse claims with the Register of the United States Land Office at Roswell, in the Territory of New Mexico, during the sixty days period of publication hereof, or they will be barred by virtue of the provisions of the statute.

MOTHERHOOD

The greatest ambition of American men and women is to have homes blessed with children. The woman afflicted with female disease is constantly menaced with becoming a childless wife. No medicine can restore dead organs, but Wine of Cardui does regulate derangements that prevent conception; does prevent miscarriage; does restore weak functions and shattered nerves and does bring babies to homes barren and desolate for years. Wine of Cardui gives women the health and strength to bear healthy children. You can get a dollar bottle of Wine of Cardui from your dealer.

WINE OF CARDUI

148 Market Street, Memphis, Tenn., April 14, 1901. In February, 1901, I took one bottle of Wine of Cardui and one package of Theford's Black-Draught. I had been married fifteen years and had never given birth to a child until I took Wine of Cardui. Now I am mother of a fine baby girl which was born March 31, 1901. The baby weighs fourteen pounds and I feel as well as any person could feel. Now my home is happy and I never will be without Wine of Cardui in my house again. Mrs. J. W. C. SMITH.

THE LINCOLN FOREST RESERVE

McKinley Answers Queries Regarding the Reserve.

SETTLERS ARE ALL RIGHT

Sheep Men all Wrong and Cattle Men Must Ask Permission Before Allowed to Graze.

TO PROTECT WATER SUPPLY

Having had a number of inquiries in regard to the Lincoln forest reserve, the reason for its establishment and the manner of handling the settlers within its boundaries, I take the liberty of answering these numerous queries through the columns of your paper, trusting that I may thus be able to reach the people of this district and impress them with the idea that a forest reserve is a benefit to a locality.

The object of the government in the establishment of forest reserves is to conserve the water from snow and rain, and by maintaining a good forest covering over an area such as the Lincoln forest reserve the moisture is given an opportunity to be absorbed into the ground and eventually burst forth in springs to supply the farmer and cattle man on the lower levels.

To accomplish this result it is not necessary to stop the cutting of timber in the reserve and no attempt will be made to prevent anyone entitled to the use of timber from obtaining all the timber necessary, but the cutting of the timber must be according to the rules of the department and these rules are promulgated in order to allow the cutting of the matured timber with the least loss and damage to the young growth possible. It is a well known fact that the cutting of matured trees is a benefit to the forest as it gives the younger growth a chance.

The settlers in the reserve who are residing on their land in good faith have nothing to fear as every effort will be made to protect them and their homes. The rights of a homestead settler in good faith are protected by the acts of Congress and no reservation of this character can take from a bona fide settler any rights he may have secured prior to the establishment of the reserve.

As to the grazing of cattle, sheep and goats, I can but say that the policy of the Department has not been made public for this reserve. It will, however, be the aim of the administration to so handle the grazing question as to benefit the greatest number consistent with the protection of the timber.

Any questions regarding the reserve which I can will be cheerfully answered, either in person

or by letter addressed to me at Capitan, as I shall be in that place on Sept. 12, and will be glad to meet any parties interested in this reserve.

Very Respectfully,
FOREST MCKINLEY.

Progress In Irrigation.

The progress in agriculture in the arid states and territories during the decade ending with 1899 is shown in the report just published by the Division of Agriculture of the twelfth census. As this progress is attributable largely to irrigation, the statistics relating thereto are of general interest.

The number of irrigators in the United States in 1899, not including irrigators of rice, was 108,218, an increase in ten years of 99.9 per cent. The area irrigated was 7,539,545 acres, an increase of 107.6 per cent. Of this area 5,944,412 acres were in crops, and 1,595,133 acres in pasture and un-matured crops. The cost of irrigation systems in operation exclusive of those on rice plantations, was \$67,770,942, while the value of the irrigated crops was \$86,860,491.

The total length of all the main ditches in the arid and semi-arid states and territories was 44,149 miles.

The average number of irrigated acres in farms in arid states and territories was 71; the average value of irrigated land per acre, \$42.53; the average value of crops produced on irrigated land, \$14.81; the average first cost of water, \$7.80; the average annual cost of maintenance, \$0.38. Of the 5,711,965 acres in crops, hay and forage occupied 3,665,654, or 64.2 per cent; cereals, 1,599,709, or 24.5 per cent; vegetables, 169,432, or 2.9 per cent; orchard fruits, 251,299, or 4.4 per cent; other crops, 226,981, or 4 per cent. The value of the hay and forage was \$34,834,966; cereals \$14,338,326; vegetables, \$9,627,491; orchard fruits, \$3,920,409; other crops, including sub-tropical fruits, grapes, flowers, plants, sugar beets, etc., \$16,712,246.

In New Mexico the number of increased from 3,085 in 1889 to 7,394 in 1899, or 155.6 per cent, and the number of acres irrigated from 91,745 to 203,893, or 122.2 per cent. The average value of farm land per acre was \$3.35, of irrigated land \$29.26. The ditches in operation in 1899 had a length of 2,382 miles, cost \$4,140,319, and irrigated 202,889 acres. There were 1,004 acres irrigated from wells. The irrigated area in crops was 182,804 acres, yielding products valued at \$2,757,107. The area irrigated in pasture and immatured crops was 21,089 acres.

Shortly after sending the irrigation bill to the President, Congress passed a resolution authorizing the director of the census

to compile statistics relating to irrigation for the crop year 1902. With the data now assembled, this work will be comparatively simple, most of it being done by correspondence. To secure this information inquiries will soon be sent out to irrigators throughout the United States. The co-operation of those interested in irrigation is earnestly solicited for upon their prompt response will depend very largely the value of these statistics. This is in part a supplementary work, the results of which will be utilized in the work soon to be undertaken by the Department of the Interior under the provisions of the irrigation bill.

DEMOCRATIC CONVENTION.

By virtue of the direction of the Democratic Territorial Central Committee at its meeting held in Albuquerque on the 2nd day of August, 1902, notice is hereby given that a convention of the Democratic party of the Territory of New Mexico is hereby called to meet in the city of Albuquerque in the county of Bernalillo on Monday, the 13th day of October, 1902, at the hour of 10 o'clock in the forenoon of said day for the purpose of nominating a candidate for Delegate to the Fifty-Eighth Congress of the United States, and for the transaction of such other business as may come before said convention. According to the basis of representation adopted at said meeting of the said Central Committee, the respective counties in the Territory are entitled to the following representation in said Convention:

From Three Rivers.

Regular Correspondence:

This section has had splendid rains lately and stock men are realizing its benefits.

M. Harper has unloaded a car of white face bulls on his ranges here. He bought them in Colorado. They are beauties. He is building a very fine residence on his ranch, which will cost him several thousand dollars. It is being built of stone and will contain ten rooms.

Mrs. S. J. Stone of Anton Chico, is visiting Mrs. W. A. Hyde.

The Three Rivers store seems prosperous as a car load of freight has arrived this week.

Considerable prospecting is being done here now.

The sheep men of this locality are needing help to shear their flocks. Most of them will be under way by the 20th inst.

The grass is good and stock doing fine on Three Rivers ranges. There is plenty of water and an abundance of grass for the winter.

Watermelons and cantelopes, garden stuff and fruit galore. Three Rivers is a good country both for the stock man and small farmer.

OLD HICKORY MINING CO.

A New Corporation to Develop the Hoosier Group of Mining Claims in the Gallinas Mountains.

A VERY RICH GROUP

Already About 700 Feet of Development Work Done. Test Shipments to El Paso Smelters Have Shown Very Satisfactory Results.

COPPER, GOLD AND GALENA ORES.

A new corporation has just been organized here which promises to result in great good to this mining district. This enterprise is launched by our home people, and men who have been at the front in almost everything resulting in the development and general prosperity of this mining section.

The Hoosier group of claims has been considered valuable property for several years, and smelter returns from test shipments have proven beyond question high grade copper and galena ore, but until the completion of the new Rock Island road the property was 40 miles from the nearest shipping point and about 200 miles from the nearest smelter, at El Paso, Texas, rendering the development of these rich claims a matter of impossibility. Reasonably good transportation facilities are now available, however, and hence the prompt action of the owners in this preparation to get these ores to market.

The El Paso-Rock Island passes within six miles of this group and the Santa Fe Central will also connect near this point, giving an outlet to both the Pueblo and El Paso smelters.

The EAGLE has not been informed as to the details of this new company's plans, but this much we can say without hesitation, that in case stock is offered it will be for the purpose of development and not, as is sometimes the case, as a matter of speculation. The group is in the vicinity of the famous Red Cloud group, which is now being worked under lease of 18 months by W. A. McIvers and others and the ores are similar in appearance and value.

The directors of the company are: Jones Taliaferro, White Oaks, Judge H. C. McDougal, Kansas City, Charles Spence, John A. Brown and Thomas H. Walsh, White Oaks.

Jones Taliaferro, of the Taliaferro Mercantile & Trading Co., has lived here during the past twenty years, most of that time in White Oaks where he has conducted a general mercantile business, is a man of sterling character and an acknowledged superior

In The Next Issue.

LOCAL and PERSONAL NEWS.

A. H. Norton is in the city.
 Sol. C. Wiener has gone to Chicago for fall merchandise.
 Still it rains every day or two and the grass is humping itself.
 Col. Geo. W. Stoneroad was in from Jicarilla.
 Frank Marsh, Marsh Iron Co., Jacks Peak, spent Saturday in town.
 Miss Lula Hickman of Alamo-gordo is visiting Miss Pearl Keith this week.
 Silas May, J. W. Owen and J. A. Haley went to Nogal, Saturday.
 Jas. Lee, Ed Queen, and their families, Will Smith, Nettie Lee and Mabel Ramsdale went to the Mal Pais Tuesday to explore the old volcanic crater.
 The dance at Bonnell Hall, Friday night was well attended and a general good time was had. William Watson gave the use of the Hall without charge to the committee on entertainment.
 We can save you money on tailor made clothes. Our Mr. Peoples will measure you and guarantee a fit. T. M. & T. Co.

Pushing Work.

H. C. Crary is pushing work on the Reclusia. He has this week finished a road to the property, timbered the shaft and put a force of men to work sinking. The EAGLE would like to see many such enterprises started here.
 Rich deposits of native copper have been located north of Santa Fe, in Rio Arriba county N. M.
 Our public school opens Monday for a term of nine months, Jno. A. Haley again takes the position of principal, Mrs. Jno. A. Hollars, first assistant and Miss Mabel Walsh second assistant. The outlook for a successful school this year could not be better.
 A. G. Walsh, brother of Thos. Walsh, of this city, who has been visiting here during the past two months, left Saturday enroute home to Seattle, Washington. He went via New Orleans and New York and expects to reach home about the middle of the month in order to meet his boats coming in from the gold fields of Alaska. Mr Walsh has been mining in Alaska for the past three years and hopes to end this season with a good profit.

Crary-Lane Well.

H. C. Crary and Wm. Lane are sinking a well in Ancho Gulch two miles from Ancho station on the Rock Island Ry. They struck water at a depth of 150 feet but not in sufficient quantity to answer their purpose. When last report came in a depth of about 300 feet had been reached and indications good. A well at this point would be worth a little fortune and the EAGLE would rejoice with Messrs. Crary and Lane should they find plenty of water.
 Mrs. J. Gallacher and sons, Harry and William, and daughter Maggie, have gone to Kansas, where they will spend the next two months visiting among relatives.
 The ball game Sunday was rather a fall down compared to the week previous. The score last Sunday stood 11 to 5, captains of teams, Jas. Lee and Frank Lesnet. Week previous score stood 5 to 3, captains of teams, Lee and Lesnet.
 Hon. G. W. Prichard and wife returned from California.
 Harry Comrey tells us today that he has struck oil in his well near Ancho.

Teachers Entertain.

The teachers' entertainment Thursday night following Dr. Miller's lecture was one of the most highly appreciated as well as the most thoroughly enjoyable the population of White Oaks has had occasion to witness, probably ever. The selections were good and their rendition excellent—in fact, the teachers of Lincoln county showed themselves capable, up-to-date and equal to everything expected of them. The program as rendered was as follows:

Song, America.....	Normal
Recitation, Pyramis and Thisbe,	Lucile Peters
Song.....	A. G. Burlingame
Recitation, The Educated Feller,	J. B. Goodrich
Recitation, Lily Servosse's Ride,	Miss Bird Luttrell
Duet, Beautiful moonlight,	Misses Mabel and Ethel Walsh
Recitation, A Yankee in Love.....	H. T. Jones
Reading.....	W. E. Dudley
Recitation, (by request) The Bald Headed Man,	Miss Alice McMains
Duet, Singing Birds,	Misses Nettie Lee and Pearl Keith
Reading, Mark Anthony's Original Oration,	John A. Haley
Recitation, Making Him Feel at Home,	Miss Myrtle Eidson
Spanish Solo.....	Porfirio Gonzales
Recitation.....	G. L. Bradford
Recitation, Mary Ann Dollinger,	Miss May Skehan
Resolution of Thanks.....	W. E. Dudley
Song, Joy to the World.....	Normal

TELEGRAM: Oil Well Going Down at Once.

Lowell, Mass., Sept., 2, 1902.

T. F. CHAPMAN,

White Oaks, N. M.

“Have Closed For Five Thousand Cash in Hand. Begin on Derrick. I Start West Soon as Possible. Wire me Receipt of This.”

E. G. LUDLAM.

A. Ziegler has gone east to purchase a complete stock of general merchandise for the firm of Ziegler Bros. Our merchants are expecting a good fall business and from the appearance of things in the mining world about us they are not reckoning without their host.
 Dr. Miller's lecture last Thursday night on life and character of Edmund Burke was thoroughly enjoyed by every body. Dr. Miller is very interesting on subjects of biography, always connecting his subject with the times and conditions producing the man.
It Pays to Advertise.
 White Oaks EAGLE:—
 Our special ad sale for month of August was a success. We attribute same to our page advertisement in your paper. The money it cost was well expended.
 Taliaferro M. & T. Co.
 J. M. Rice is in town today.

Plymouth Church.

At Plymouth Church next Sunday Sept. 7th, the pastor Dr. Miller will preach in the morning 11 o'clock, on "The story of a shipwreck." At night 7:30 o'clock, the first sermon of a series on revivals. "The revival of Christian heroism, or the kind of a revival we need." Every body is cordially invited. Sunday school at 10 a. m. Christian Endeavor at 6:30 p. m.
 At Plymouth Church, Dr. Miller begins a series of sermons on revivals next Sunday night. The subject of these sermons are: 1st the kind of revival we need; 2nd the divine and human side of a revival; 3rd what happens when there is the right kind of a revival; 4th a great revival and what caused it; 5th how to make the Bible a personal book.
 Ziegler Bros. informs the EAGLE that they are expecting a heavy fall trade and Mr. A. Ziegler is now in the markets laying in a stock of general merchandise to meet these conditions.

Death Claims a Baby.

Mr. and Mrs. E. L. Ozanne's baby, Belle, died at their Jicarilla home Sunday, Aug. 31st at 12:30 p. m. of meningitis. She was laid to rest near the Ozanne residence. God only knows the depths of sorrow that tear the heart strings of parents who surrender a child to eternity. The EAGLE, with other friends of the Ozanne family, sympathize deeply with the bereaved father and mother.
Mal Pais Party
 The following party spent the day Wednesday studying the volcanic conditions in the vicinity of the crater of the Mal Pais:
 Mesdames. A. G. Lane, Wm. Littell, A. Littell; Misses Annie Lane, Laura Edwards, Jodie Biggs, Florence Wharton, Ruth Tompkins, Pearl Keith, Lula Hickman and Messrs. John M. Keith, Allen Lane and S. E. Allison,

OLD HICKORY MINING CO.

(Concluded from 4th, page.)
 concerning matters of business. Mr. Taliaferro is president of this incorporation, other officers are as follows: Charles Spence, generally known as one of firm of Spence Bros., successful stockmen of this county, vice-president and treasurer, Eugene L. Stewart, Assistant Cashier White Oaks Exchange Bank, Secretary.
 Such enterprise as this is what is making the White Oaks country the most talked of and in fact one of the best mining districts in the southwest.
Territorial Board of Equalization.
 The territorial board of equalization, consisting of James S. Duncan, chairman; J. F. Hinkle, Venceslao Jaramillo, J. A. Mahoney and J. W. Sandoval, will meet in Santa Fe on the second Monday of September, being the eighth day of the month.

From Jicarilla.

Regular Correspondence.

Gabriel of Roswell, disposed of a load of melons here in few minutes, the first of the week.

This camp has had some fine rains the last few days, which puts water in all the water holes and will benefit grass.

Married at the home of the bride's parents on Sunday, Aug. 31, Mr. Arley Stewart to Miss Rosa Johnson, the charming daughter of Mr. and Mrs. F. M. Johnson; Rev. S. E. Allison officiating. The community wishes them a long and happy life.

E. H. Talbert has struck some \$65 ore on his Geneva claim, south of Wm. Merriman's Prince Albert.

Mr. Hopkins of El Paso paid the camp a short visit last week. Understand he purchased some placer ground.

Died: Infant daughter of Mr. and Mrs. E. L. Ozanne, on Aug. 31st; age 11 months and 19 days. The funeral took place in Jicarilla at 10:30 Monday, Sept 1st. The sorrowing family have the heart-felt sympathy of the community in their bereavement.

The young folks had a nice dance here last Friday night, every one enjoying themselves to the utmost. It lasted into the wee small hours of the morning.

John Owen, candidate for sheriff on the democratic ticket, paid the camp a short visit last week. Come again and stay longer.

Quite a number of our men went to White Oaks Monday to receive final payment for their ground which they sold to G. W. Harbin and Geo. E. Sligh, of the Rico Mining & Milling Co.

E. R. Cline has been very sick for the last few days, but is now on the road to recovery.

Angus Happenings.

[Bonito Valley Items.]

Regular Correspondence.

Welch-Rice Wedding.

An event of interest to the social life of this vicinity was the marriage of Miss Myra Kent Rice, daughter of Mr. and Mrs. John M. Rice, to Dr. Joseph Hugh Welch, of Capitan.

The marriage was solemnized at high noon Wednesday, Aug. 27th by the Rev. S. M. Johnson, of Austin Ill.

Mr and Mrs. Rice's new home at Parsons was thrown open for the first time on this occasion, and was profusely decorated with ever-greens and flowers, the prevailing colors being yellow and white.

The wedding march from Loengrin was beautifully sung by a quartet as the bridal party, preceded by four little girls in white as ribbon bearers, advanced to the veranda where the ceremony was performed.

The bride looked beautiful in a dress of white mousline de soie

with pearl ornaments, a gift from the groom. Her sister, Miss Irene Rice, acting as maid of honor, wore a gown of yellow muslin.

After Dr. and Mrs. Welch had received the congratulations of the many friends present, a bountiful repast was served at small tables in the large dining room.

A fine musical program was rendered by Mr. and Mrs. Garst of Chicago and Mrs. Carrington of Ft. Stanton.

Among the guests from abroad were Mr. and Mrs. A. T. Anderson, Mr. R. C. Sturgeon and Mrs. B. N. Phelps all of the American Gold Mining Co., Chicago; Judge H. B. Hamilton of El Paso, Mrs. Lawrence of Indianapolis, besides numerous guests from Capitan, White Oaks, Dawson, Bonito, Nogal, Angus and Turkey and Eagle Creeks

There were numerous handsome presents received, both useful and ornamental.

The happy couple left on a tour but their destination is unknown to all but themselves.

It rained every day last week on upper Bonito but in the park here it has rained the last four Sundays. It is astonishing how fast the weeds grow in these mountain lands.

Pears are just commencing to ripen.

Two so-called self-opening gates have been installed athwart our road to Capitan. Recently a party of Indians got hung up against one and could not devine a way to get through the white man's device, so they went into camp and waited for a team to pass through. The manouver tickled them so profusely that they had to lie down and roll over. The Indian is stoic and never makes a side-splitting horse laugh like the Anglo-Saxon, but he accomplishes the heroic effervescence in a little different manner. They then hitched up their rigs and went through the gate, when they had to have another roller laugh. The gate's operation so amused them that they passed back and forth through it several times before their curiosity was satisfied.

Several years ago a government agent escorted a party of our mountain Indians on a tour of our eastern cities and they were shown all of the great wonders of big guns, ships, bridges, etc., and when they were about to return some one asked them what was the greatest thing they had seen. The reply was that the turning of a little iron stick to let the water run out of the wall was the biggest thing they had seen.

The young men, some forty of them, from our highland crofts gather every Sunday at the Henley place to play base ball.

Come to think about it, the

blue bells of Scotland are the identical flowers that we have in this region but I imagine the lasses of song and story of the land of Bobbie Burns are no more comely or sweet than the damsels of the Bonito.

Several Illinoisians, visiting Parsons, have strayed down to the Willows, and they express surprise at the sight of the apple orchards of Bonito Park. They say they never saw the like of trees just breaking down under the load of bright smooth carmen spheres, with none tainted by worms, an unusual occurrence in their experience in other regions. One of them expressed it that "you certainly have a fruit region as well as a land of gold.

Yesterday a bolt of lightning struck a tree in P. G. Peters' stable corral, followed down the tree to where there was a wagon neck yoke hanging on a broken stub, when it followed the neck yoke its full length, and again returning to the tree, traveled down it.

For McIvers.

It will be interesting news to the friends and acquaintances of W. A. McIvers of Nogal, candidate for representative from this district, to know that he will go to the legislative convention at Roswell with the solid vote of Lincoln county, which insures his nomination. A. H. Hudspeth of Lincoln county, who has been a candidate for the nomination, has withdrawn from the race, and in so doing has addressed the following manly letter to the democrats of his home county:

To the democrats of Lincoln county:

In withdrawing from the race for representative to the legislature I wish to heartily thank my friends for their loyal support. Mr. McIvers, who has the support of the majority of the Lincoln county delegation is a big hearted gentleman whom I heartily commend to the democrats of this district. He has already done much for Lincoln county in developing its resources, and will make an able and useful representative.

Respectfully,
A. H. HUDSPETH.

Stewart-Johnson

At the home of the bride's parents, Mr. Mrs. F. M. Johnson, in Jicarilla, on Sunday, Aug. 31, Mr. Arley Stewart and Miss Rosa Johnson were married. A large number of relatives and friends were witnesses of the happy event. Rev. S. E. Allison of White Oaks officiated.

A depth of eighty feet has been attained on the Silver Reef property, Bullard's Peak, N. M., and a ledge of good paying ore has been encountered.

M. H. Webb for Drugs and Books. Orders promptly filled. El Paso Texas.

Thrice-a-Week World.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequaled newspaper and WHITE OAKS EAGLE one year for \$2.00.

Pecos Valley Stock Trains.

Beginning on last Monday, July 28, 1902, and continuing every Monday thereafter up to and including November 24, 1902, we will run a weekly stock train for Kansas City, St. Joseph and Chicago markets, on the following schedule:

L'Ve Hereford, 8:30 p. m.	Monday
.. Canyon City, 10 p. m.	..
Ar. Amarillo, 10:50
L'Ve Amarillo, 11:15
.. Washburn 12:05 a. m.	Tues.
.. Panhandle, 12:50
.. White Deer, 1:40
.. Pampa, 2:10
.. Miami 3:15
.. Mendota, 3:45
.. Canadian, 4:15
.. Higgins, 6:00
.. Gage, 7:00
.. Whitehead 7:25
Ar. Woodward, 8:10

Where connection will be made with train No. 428 on the A. T. & S. F. Ry. We shall make every endeavor to run this train promptly on above schedule, but this notice is not a guarantee that we will do so. Shippers should file orders for cars at least three days before the date on which they expect to load.

The Fort Worth & Denver City Co. will run a similar train to connect with our train at Washburn at midnight Monday.

We will continue to handle trainload shipments, with proper notice, on any day of the week, as suits shipper.

Don A. Sweet,
Traffic Mgr.

Roosevelt On Trusts.

"I want laws to enable us to deal with it (the trust power). I want to see the government able to get at it definitely, so that the action of the government cannot be evaded by any turning within or without the federal or state statutes.

"Of course, it is a mere truism that the corporation is the creature of the state; that the state is sovereign. Now, I want to make a real and not a nominal sovereign; to have one sovereign to which the corporation shall be really and not nominally responsible.

"What I hope to see is power given to the national legislature which shall make the control real.

"If we can get adequate control by the nation of these corporations then we can pass legislation which will give us the power of regulation and supervision over them.

"I want publicity as to the essential facts in which the public is interested."

These remarks express the keynote of the speech made by President Roosevelt Monday night before 5,000 business men of Boston.

The deepest hole in the earth, in the United States, is the well of the Forest Oil Co. at Elizabeth Pa. It is 5,575 feet deep, a little more than a mile.

ESTRAY NOTICE

By these presents I give notice that I have in my possession the following estray animals to wit:

One blue horse about 5 or 6 yrs old, branded O cross, on left side. One Sorrel horse about 6 or 7 yrs old braded B J J. One bay horse branded D, S C, A N, (connected) T J, (connected) P. Any person or persons claiming any or all of the above described animals, can have same by proving property, paying cost and publication of this notice.

THE COMMONER.

[Mr. BRYAN'S Paper.]

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.

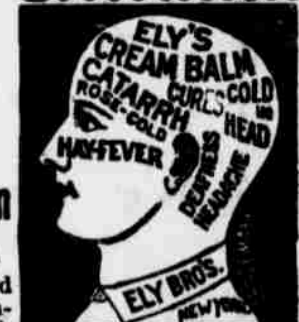

The Commoner's regular subscription price is \$1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and WHITE OAKS EAGLE together for one year for \$2.00. The regular subscriptions price of the two papers when subscribed for separately is \$2.50.

We Do Not Disappoint.

A Good Crop Year.

Judging from the August government reports the crop outlook is very favorable. Prospects for the largest corn crop on record, large yields of wheat, oats and other products are almost a certainty. The New York Financial Record says:

“If we have crops of 65,000,000 bushels of wheat and 2,560,000,000 bushels of corn, there will be enormous traffic in store for the railroads; the corn crop in the form of live stock, etc., alone being a big item in the freight bills. But the farmers are likely to benefit even more than the railroads; and, allowing for declines in prices or injury by frost, the growers of wheat, corn and cotton are almost sure to receive between \$200,000,000 and \$300,000,000 more this year than last for their crops. What will be the effect of such a harvest upon business? Inevitably, it must prove a very great stimulus; and all accounts from the west are notable for confidence and expectations of another year of prosperity.”

Danger of Explosions.

When a number of shots are fired in a close chamber there is danger of an explosion similar to that of a fire damp. The first shots give off carbon monoxide, which has not time to diffuse before other shots go, and as this gas is combustible the flames of the shots may ignite it. Danger of explosion from this cause is greatest in dusty workings.

Shooting Affray.

Deputy sheriff Geo. Poe shot Mike Carrigan at Cloudcroft last Sunday. Says last week Alamogordo News. The shooting was the result of a drunken row, Carrigan is shot through the stomach. Poe surrendered to sheriff Hunter and is in Alamogordo jail. Carrigan may recover.

Last week A. E. Eccleston bought about 90 head of Navajo ponies at this place, paying from \$1.50 to \$8.00 per head for them. The ponies will be driven to the mountains to flesh up then they will go to meat shops, where they will pass through the magic hands of the beef trust and will return to us in canned and dried meats. At present they don't look like they would make anything better than soup bones. — Farmington Times.

Thomas Wedgewood of Sierra county has a goat which probably cost more than any goat ever brought to New Mexico. Oregon Lad is this goat's name. He cost \$1,000 and came from Oregon. He is royally bred and at his last shearing showed a fleece of mohair twelve inches in length. Mr. Wedgewood has twenty other thoroughbred Angoras and is building large corrals at the headwater of Rio Percha del Sur.
