# LEGION APPEALS TO CONGRESS TO ADOPT SOLDIER BONUS MEASURE

Members Believe in the Justice and Fairness of the Adjusted Compensation Plan, Resolutions Say.

## HANFORD M'NEIDER ELECTED COMMANDER

Ambassador Harvey Is Criticized for His London Speech Discussing Why the U. S. Entered the War

(By The Associated Press.)  
Kansas City, Mo., Nov. 2.—Hanford M'Neider of Mason City, Iowa, today was elected national commander of the American Legion when that organization brought its third annual convention to a close.

The vice commanders chosen were:

George L. Berry, of Rogersville, Tenn.; H. Nelson Jackson of Burlington, Vt., and Charles Kendrick of San Francisco, representing the army, and Raymond Brackett of Marlborough, Mass., and J. A. McCormick of Fort Lyon, Colo., the navy.

Rev. Earl Blackman of Chanute, Kan., a minister of the Christian church, disciples of Christ, was elected national chaplain.

### Debate and Wrangling.

The election of officers concluded an all-day session marked by debate and wrangling over the sections of the resolutions committee report, particularly one criticizing the speech delivered by George Harvey, American ambassador to Great Britain, shortly after his arrival in England. In the address Mr. Harvey discussed the reasons why the United States entered the war.

The original resolution was thrown out on a roll call and a substitute adopted. The substitute was written in less sharp terms and expressed the belief that the ambassador's remarks did not represent the true feeling for which the American legion stands. It directed that a copy of the resolution be sent to President Harding.

Two resolutions bearing on federal compensation for former soldiers were among those adopted. Both declared in favor of immediate compensation legislation.

### Adjusted Compensation.

One submitted by the convention's legislative committee declared that "after careful consideration of all of the arguments advanced in opposition to the measure, including the letter of the secretary of the treasury and the address of the president to congress, we still firmly believe in the justice, fairness and immediate necessity of the adjusted compensation measure." The resolution adds that it is resolved that the legion "reaffirms its stand upon adjusted compensation and asks that congress pass this measure without further equivocation or delay."

The other compensation resolution.

## HARDING OBSERVES 56TH BIRTHDAY BY WORKING AS USUAL

Washington, Nov. 2.—Today was President Harding's 56th birthday. He refused, however, to observe the day as a holiday, arriving at the executive offices at the usual hour. The engagement in the day was even longer than usual, containing the signing of a number of bills of congress. One of the first congressional bills he signed today was a bill to be celebrated by lunch together on the day when they were collected in the senate.

Many messages of congratulation were received by the president. King George of Great Britain, cabled: "On the occasion of your birthday, Mr. President, it gives me great pleasure to offer to you my warmest wishes for your health and happiness and to assure you of my cordial friendship and esteem."

The good wishes of Italy and of the Italian delegation to the armament conference were conveyed in a message from Ambassador Ricci.

### Deaths Due to Motor Vehicles Show Increase

(By The Associated Press.)  
Washington, Nov. 2.—Deaths from accidents caused by automobiles and other motor vehicles, excluding motorcycles, increased decidedly in 1920, as compared with 1919, the census bureau announced today.

Deaths due to motor vehicles last year averaged within the death registration area of the United States 10.4 per cent per 100,000 of population, as compared with 9.4 per cent in 1919.

Approximately 9,000 persons were killed last year by motor vehicles in the death registration area, which comprises 82 per cent of the population of the United States.

The bureau's figures, however, show that the automobile is not nearly so dangerous as in its early days. In 1915 there were two deaths to every 1,000 motor vehicles, while last year the rate was 1.2 per cent.

The death rate from motor vehicles last year was highest in California, amounting to 21.1 per 100,000 population.

Among cities, Los Angeles was fourth, with a death rate of 24.1 per cent.

### REGULAR ARMY BELOW THE MINIMUM PEACE STRENGTH OF 150,000

(By The Associated Press.)  
Washington, Nov. 2.—Latest official statistics on army recruiting, prepared by the war department for possible use at the conference in connection with discussion of land armaments, show that new enlistments during recent weeks have not been sufficient to offset normal discharges and other "casualties" in the army.

As a result, it was said, the regular army is below the minimum peace strength of 150,000 set by congress—the official total was 133,000 October 31.

### WILSON AT MATINEE.

Washington, Nov. 2.—Former President Wilson had a far recovered today from a slight indisposition that, despite inclement weather, he attended a matinee.

### FOCH POSTPONES HIS VISIT TO FT. LEAVENWORTH RATHER THAN DISAPPOINT SCHOOL CHILDREN

"I Came to America Because I Love This Land," He Tells Them; Wednesday Was the Anniversary of the Death of His Son, Who Perished in War; Tears Fill His Eyes.

(By The Associated Press.)  
Kansas City, Mo., Nov. 2.—Marshal Foch stayed here today rather than disappoint several thousand school children who had been told they might get a chance to see him. He had expected to go to Fort Leavenworth, Kan., to visit the garrison, then he learned there was a plan to have school children lined up along the boulevards, that he might wave to them, and they to him. Lieutenant General Jacques of Belgium accompanied him on the boulevard tour.

Then the marshal's car stopped at the convent school of the Sisters of Notre Dame de Sion, where seven girls, dressed in white and with the French tri-color in their hair, made a speech to the marshal.

## WILL HELP DIRECT PUBLICITY OFFICE AT ARMS PARLEY

Philip H. Patchin.

Philip H. Patchin, who was connected with the office which dispensed news of the Paris peace conference to the newspaper men, will hold a similar position at the disarmament conference when it opens at Washington. The headquarters of this branch of the conference will be in the War and Navy building. It will be through this office that the public will get the news of the progress of the conference.

### JUDGE LEWIS OF DENVER SLATED FOR HOOK'S JOB

(By The Associated Press.)  
Washington, Nov. 2.—Appointment of Judge Robert E. Lewis of Denver as federal circuit judge to succeed the late Judge William C. Hook, is understood to have been recommended to President Harding by Attorney General Daugherty.

### WAS APPOINTED TO THE FEDERAL BENCH IN 1906

Denver, Colo., Nov. 2.—Judge Robert E. Lewis of the Fourth federal judicial district, comprising the state of Colorado, who, it is understood, will succeed the late Judge William C. Hook, was appointed to the federal judgeship in 1906. He had served as district judge in Colorado since 1903, prior to his appointment to the United States court.

Among his important decisions was one handed down in 1914 affecting water rights of states originating in the state. In the decision in the case of the Pioneer Irrigation company of Nebraska against the state engineer of Colorado, handed down in 1914, Judge Lewis held that the state in which a river has its source does not have the exclusive right to the water for irrigation purposes. His decision ordered the state engineer of Colorado to divert no more water from the river than would leave twenty-nine feet in the stream where it crossed the state line from Colorado into Nebraska.

Another case which is still pending in the circuit court of appeals is one in which Judge Lewis granted the Denver tramway the right to increase its fare from five to eight cents.

Judge Lewis is 64 years old. He was born in Cass county, Mo., and resided in that state until he came to Colorado in 1886. He practiced law in Clinton, Mo., and served a term as prosecuting attorney of Clinton, Mo. In 1896 he was republican candidate for the governorship of Missouri but was defeated at the election.

Shortly afterwards he came to Colorado, in 1903, where he has since resided. During the war Judge Lewis gained prominence by the strictness of the requirements which he demanded for the granting of applications for naturalization. He refused to grant citizenship to an alien because he considered him an "agitator and soap-box orator."

On several occasions in handling down decisions he has scored radicalism and has several times denounced members of the Industrial Workers of the World.

### PASSAGE CANCELLED ON LINER AQUITANIA BY BRITISH PREMIER

(By The Associated Press.)  
London, Nov. 2.—Premier Lloyd George has definitely cancelled his passage on the steamer Aquitania, on which he was to have proceeded to the United States November 5 to attend the Washington conference. This fact became official today when it was reported that the premier had cancelled his passage.

Cancellation by the premier of his passage is considered a favorable sign of the progress of the negotiations. The interpretation placed on it is that Mr. Lloyd George hopes that a few days' delay in his departure will enable him to see a settlement reached, or at least the basis of an agreement reached, which can be worked out during his absence. In this connection it is pointed out that the fact that Sir James Craig, Ulster premier, is coming Saturday.

### ROAD REPAIR BILL.

Washington, Nov. 2.—The federal government between next July 1 and July 1, 1922, would aid states to the extent of \$500,000,000 at the rate of \$100,000,000 a year, in the construction and repair of roads under a bill introduced today in the house. The measure carries an additional \$40,000,000 for national forest roads and trails.

## COUNSEL STARTS BATTLE TO FREE MRS. OBENCHAIN

Charles E. Erbshtein Moves to Dismiss the Charge and the Motion Will Be Argued Next Friday.

(By The Associated Press.)  
Los Angeles, Calif., Nov. 2.—The fight to free Mrs. Mary Obenchain, indicted for murder as a result of the slaying of J. Belton Kennedy, local broker, here last August, opened to court today. Charles E. Erbshtein of Chicago, her attorney, was admitted to practice and moved dismissal of the charge against her on the ground that she had not been brought to trial within sixty days after her arraignment, as provided by California law.

District Attorney Woolwine several days ago made charges against Erbshtein in an effort to prevent his admission, but the court overruled these today. Erbshtein's motion to dismiss will be argued next Friday.

Erbshtein announced that Mrs. Obenchain probably would tell in detail her story of the killing of Kennedy as part of an effort to obtain bail, should today's motion be denied by the court.

### FIFTH ADVANCE MADE IN OIL PRICES WITHIN THE LAST THIRTY DAYS

(By The Associated Press.)  
Pittsburgh, Pa., Nov. 2.—The fifth advance in the price of oil within the last thirty days was noted at the opening of the market here today. Pennsylvania crude advanced 50 cents to \$4 per barrel, while Cabell at \$2.61, Somerset, \$2.40, and Somerset light, \$2.45, were up 25 cents. Kansas advanced 10 cents on the barrel to \$1.25. Corning was unchanged at \$2.15.

Oil authorities expressed surprise at 50 cents advance on Pennsylvania crude, a 25-cent increase generally had been expected. However, soon after the market opened, it became known that independent refiners already were in the field, not only offering the new price but many instances premiums to 25 cents a barrel. Some oil, it was said, was being sold at that price but considerable quantities were being held for further developments.

### BERLIN BUREAUS HELP PEOPLE IN FINDING MATES

(By The Associated Press.)  
Berlin, Nov. 2.—The numerous matrimonial bureaus of Berlin, where a spouse may be had for the payment of 10 marks registration fee, are doing a rushing business. The advertising columns of the newspapers are being utilized, "prospects" are being bombarded with letters and circulars extolling the advantages and virtues of the several bureaus are being scattered broadcast.

The marriage literature makes its principal appeal to the "home-loving instinct" of men, who are in much greater demand in the marriage market than women.

The press agents, however, are not always discriminating or discreet in the selection of "eligible males." One bureau sent a letter to a married man with a large family urging him to "marry happily; don't select your acquaintances at random from the streets; send us your photograph and 10 marks and we'll find you a good wife."

The man became very indignant and wrote a scornful letter about it to his favorite newspaper.

Most of the marriages arranged through the matrimonial bureaus are of women more or less advanced in years, and of doubtful physical attraction, but with substantial bank accounts, and young men out of work or weary of working, said the agent of a bureau.

The financial arrangements are agreed upon before the marriage. One young man who accepted a much older woman as wife after she had assured him she had money to support them, brought suit for divorce alleging he had been deceived and that the woman was a fraud.

This morning was taken up by the address of Judge Edward A. Walters for the prosecution. Tomorrow Attorney A. R. Hicks and Chief Counsel Guthrie will address the jury for the defense. The address of Frank L. Stephan, county prosecutor, in rebuttal, will probably send the case to the jury some time tomorrow.

### COMPOSITE FLAG IS PLACED UPON GRAVE OF UNKNOWN SOLDIER

(By The Associated Press.)  
London, Nov. 2.—A composite flag, representing Great Britain, the United States, France, Belgium, Italy and Japan, has just been placed upon the grave of the British unknown warrior in Westminster Abbey by Emil L. G. Hohenstatter, most worthy patriarch of the national division of the Sons of the American Legion in North America. Accompanying the flag was the following message:

"This flag is placed here as a tribute to the service, devotion, valor and sacrifice rendered by him who is buried here, and to all his associates of this and the allied nations, in the name of his comrades in arms, members of the Order of the Sons of Temperance in Canada and the United States on the twenty-ninth anniversary of the birth of the order."

### AERIAL DERBY RACE WON BY NEW YORKER

(By The Associated Press.)  
Kansas City, Mo., Nov. 2.—Lloyd Bertaud of New York, won the American legion aerial derby race over a 140-mile triangular course here this afternoon. His time was 50 minutes, 15 2-5 seconds.

J. D. Givens of Fort Sill, Okla., was second with 56 minutes, 15 1-5 seconds; third, C. B. Wrightman, Tulsa, Okla., 57 minutes, 17 4-5 seconds; fourth, Lieutenant Wagoner, Fort Sill, Okla., 67 minutes, 15 1-5 seconds; fifth Major Lampier, Fort Sill, Okla., 68 minutes, 12 2-5 seconds.

The derby race was over a 140 mile triangular course of eight laps. Prizes awarded follow: First, \$3,000 and the Kansas City Rotary club trophy; second, \$1,500; third, \$750; fourth, \$400.

### WICHITA GETS REUNION.

Kansas City, Mo., Nov. 2.—The thirty-fifth division will hold its 1921 reunion at Wichita, Kan. That city was selected today by the division association's meeting.

## BELGIAN GENERAL FAMOUS WAR HERO, IS NOW IN AMERICA

Gen. Baron Jacques.

Gen. Baron Jacques of Belgium, that country's outstanding military hero of the world war, is now in the United States to place upon the grave of America's unknown hero the Croix de Guerre of Belgium when the body of the hero is buried in Arlington cemetery Armistice day.

Gen. Baron Jacques, now secretary of war, is a spirited discussion with several republicans.

Senator Watson reiterated his charges and declared they had been made in 1918 by former Senator Charles D. McNary, now of Oregon, a shipping board member. He also declared that today he had received letters and telegrams from former service men and soldiers in Philadelphia and New York supporting his charges.

Senator Watson's statements today were made in another hour's clash over the investigation when Senator Brandegee, republican of Connecticut, chairman of the special committee, presented a resolution authorizing the committee to take testimony under oath and subpoena witnesses. The resolution drew sharp comment from Senator Watson and also involved him and Senator Reed, democrat of Missouri, in a spirited discussion with several republicans.

### WATSON INSISTS SOLDIERS WERE HANGED WITHOUT COURT MARTIAL

(By The Associated Press.)  
Washington, Nov. 2.—Notice was given in the senate today by Senator Watson, democrat of Georgia, that he intended to present to the senate evidence of his charges that American soldiers had been hanged overseas without court martial.

He declared he would not be "bundled up in any committee room" and have his evidence "tombstoned with senators in a report nobody would read," but would make his fight in the senate. He added that he would reserve a decision whether he would appear before the special senate committee appointed to investigate his charges.

## HOPEFULNESS IN PEOPLE'S FACES IMPRESSES FOCH

Beatty Praises the American Spirit of Manhood and Womanhood; Diaz and Jacques Also Comment.

(By The Associated Press.) Kansas City, Mo., Nov. 2.—The youth of the American people, the hopefulness in their faces and the vast scale of things were given today by Marshal Foch as his outstanding impressions of the United States.

"The American spirit of manhood and womanhood" most impressed Admiral Earl Beatty of Great Britain, the latter said. "Two things have impressed me," said the marshal. "One is the youthful appearance of your people. I have seen youthful, hopeful faces. I have marveled at it. The second thing is the tremendous proportions on which your people do things. Everything is done on a large scale. In a large country you have large buildings, large factories, large business methods, large ambitions. One must accustom the eye to all of this. At first all seems to be dazzling."

Admiral Earl Beatty said: "I have been impressed by the American spirit of manhood and womanhood. You Americans have a splendid sense of fairness, and we of Great Britain rejoice that you are bound to us by the same language and the same blood ties."

General Diaz said: "Your school children and the spirit of the members of the American Legion have impressed me. Your school children, first, because they are the United States of the future. Your former soldiers belonging to the legion have a splendid military bearing, a fine rhythm of their marching, a spirit which enters with a will into what they do. One who sees them knows they represent a fighting spirit, a spirit of honor and feeling like when Long live the United States."

"Everything in the United States is splendid. You travel with the mythical seven-league boots, and yet you are home loving people. You fear people, youth will be served. The American people are all of youth."

## FEELS LIKE NEW MAN PLENTY OF ENERGY NOW

Denver Man Says His Nerves Are Calm, Sleeps Like a Log and Has Energy and Ambition Now, After Taking Only Two Bottles of Garren's Tonic.

What more could one want than to be able to eat most anything and enjoy every mouthful, besides having calm nerves, energy and ambition. This is what Mr. G. W. Smith of 1154 Santa Fe Drive declares. Garren's Tonic enabled him to do, after having suffered tortures for five years with stomach trouble.

"I ate merely to keep body and soul together," said Mr. Smith when explaining what Garren's Tonic had done for him. "For everything I ate disagreed with me. Gas would form on my stomach and I would feel as if I had a leaden ball in my throat. I had had headaches, constipation, sleeplessness, pains all through my shoulders and at night I was nervous and restless. Besides my kidneys were becoming involved. When I got up mornings I felt all worn out and barely had the energy to go to my work."

"I tried cathartics for my constipation, but only got temporary relief. I have only taken two bottles of Garren's Tonic and already feel like a new man, as my stomach is now in perfect condition and I can eat and digest anything I want without any bad after effects. My appetite is great. My kidneys are improving, my constipation and headaches are a thing of the past and by the time I take a couple of bottles more of this great preparation I think I will be as well as any man in Denver."

Mr. Smith says, "I will gladly recommend Garren's Tonic to any one who has suffered as I have for it is a wonderful medicine." Garren's Tonic is sold in Albuquerque by Alvarado Pharmacy and the leading druggists in every city.—Adv.

## BETTER SCHOOLS FOR PALESTINE BRITAIN'S PLAN

(By The Associated Press.) Jerusalem, Nov. 2.—The British government, which has a mandate over Palestine, has undertaken a plan to place a school within the reach of every child in Palestine. It hopes to accomplish this within a few years.

The purpose is to establish 50 new schools each year, these to be distributed throughout Palestine as the need is greatest. Already hundreds of children are receiving for the first time the benefits of an education.

Before the war, Jerusalem, then a city of some 80,000 inhabitants, could not boast of a single government high school. Even now 70 persons out of every 100 do not know how to read and write.

The path of educational development in Palestine contains one great stumbling block, the lack of cooperation and unity among the different elements of population. The government schools today are attended only by Mohammedans.

## MAN REPORTED SLAIN IS AT WORK AS USUAL

(By The Associated Press.) Colorado Springs, Colo., Nov. 2.—The alleged slaying in the railroad yards near here yesterday of William H. West of Colorado Springs, is a hoax.

Authorities found him at work as usual today at his ranch near Ramah, Colo. Peter Mahala and his wife, detained by the Canon City authorities last night, were released today.

A telephone message received by Lester West, saying that his brother was "seriously injured and probably murdered" in the railroad yards caused the detention of the Mahalas.

## LEGION APPEALS TO CONGRESS TO ADOPT SOLDIER BONUS

(Continued from Page One.)

tion adopted was offered by the resolutions committee. It asserted that the legion reiterates its position in favor of the adjusted compensation for discharged soldiers and deplores the request of President Harding to delay passage by congress of such a measure "and the acquiescence of congress in that request."

The Chemical Industry. Besides the section relating to the resolution committee's report to meet opposition was that relating to indorsement by the legion of the proposition that the chemical industry be developed with a view to making chemical warfare a more important part of the nation's defenses. The resolution was tabled, pending investigation of charges made that financial interests were seeking to influence the legion to endorse the proposal. Later the matter broke out on the floor again, when a motion was made to reconsider and charges of financial interest in the proposal were repeated. The convention affirmed its previous action which referred the resolution to the national executive committee.

The hardest contest of the convention arose in the election of the new national chaplain. Rev. Blackman was placed in nomination by Kansas. Montana presented Rev. E. Porter of that state, and Pennsylvania nominated Father J. N. Wolfe of Philadelphia, the pastor of the Holy Trinity church. On the first ballot Rev. Blackman received 408 votes; Father Wolfe 405, and the Montana man 125. Montana withdrew its candidate and on the next ballot the vote stood: Rev. Blackman, 494; Father Wolfe, 423.

It was ruled that 536 votes were necessary to win, a majority of the convention strength, and another roll call was ordered.

The third ballot was interrupted when the total Iowa vote was cast. Mr. Blackman, the credentials of the man delivering the Iowa vote were challenged and the presiding officer threw them out after ordering the man from the floor. It was discovered that no Iowa delegates were in the hall.

Delegates Apologize. A Kansas delegate, who announced he took responsibility for having the Iowa vote cast, apologized, declaring he did not know the man whom he asked to vote for Iowa was not an accredited delegate. He said that the Iowa delegation decided to move that support the Kansas candidate. A motion carried accepting the apology.

The roll call proceeded on the third ballot, and the vote was forged ahead, getting 463 votes against 438 for Rev. Blackman. Then Commander Emery declared Mr. Blackman was the winner on the second ballot, reversing the previous ruling. He explained that Rev. Blackman held a majority on that ballot. Inasmuch as only two were contending, Pennsylvania tried to move that the election of the Kansas be made unanimous, but Commander Emery declared adjournment had forestalled this course.

## LEGION ADOPTS DAISY AS OFFICIAL FLOWER

Kansas City, Mo., Nov. 2 (By the Associated Press.)—The national convention of the American legion adjourned tonight after selecting Hanford McNeider of Mason City, Ia., national commander; selecting other officers and adopting resolutions covering many subjects. The election of Mr. MacNeider to succeed John G. Emery of Grand Rapids, Mich., was made unanimous after more than half the state delegations had seconded his nomination and three other candidates nominated, Roy Hoffman of Oklahoma City, Earl M. Cline of Nebraska City, Neb., and John P. Williams of Joplin, Mo., had withdrawn in his favor.

The Rev. Earl Blackman of Chanute, Kans., was elected national chaplain. A fight for the removal of the legion's headquarters from Indianapolis to Kansas City, where the Missouri delegation promised to bring to the floor, did not develop.

The daisy was adopted as the official flower of the legion.

## ADVANCES MADE FOR AGRICULTURAL AND LIVESTOCK LOANS

(By The Associated Press.) Washington, Nov. 2.—Advances for agricultural and livestock loans aggregating nearly \$1,500,000 were announced today by the war finance corporation.

There were twenty advances to financial institutions in Montana, Iowa, North and South Dakota, Minnesota, Missouri, Kansas, North Carolina, Louisiana and California.

The highest advances were \$367,000 to an institution in Kansas and \$254,000 to an institution in Louisiana for agricultural and livestock loans and an advance of \$200,000 to a co-operative association in California on canned fruits and vegetables.

At the same time the corporation announced the organization in Blackfoot, Idaho, of a finance corporation for general agricultural and livestock business, capitalized at \$100,000; formation of a similar organization capitalized at \$200,000 at Tucson, Ariz., and reported that Florida proposed to form a livestock loan company with a capital of \$250,000.

## I. G. N. TRAINMEN MUST BE TAKEN BACK, IS ORDER

Five Hundred Odd Members of Brotherhood Who Have Been on a Strike Must Be Returned to Service.

(By The Associated Press.) Houston, Tex., Nov. 2.—Federal Judge J. D. Hutcheon late today ruled that the five hundred odd members of the Brotherhood of Railroad Trainmen on the International and Great Northern railroad, who have been on a strike since October 22, should be taken back into the employ of the road. This does not apply, however, the decree said, to the four local chairmen of the union, whose status should be determined by James A. Baker, receiver of the road. The men are given until Friday to determine whether they will accept or reject the decree. The trainmen would go back on probation under the court's decision. After thirty days, if the receiver and officials of the road are satisfied, the men may be returned in a spirit of conciliation, the wage scale existing previous to October 22 and full seniority rights will be restored.

take no action regarding the federal injunction to abandon the checkoff system until Wednesday when a meeting is to be held here.

This announcement was made today by Dr. H. C. Honnold, secretary of the association, who is sending copies of the injunction, accompanied by a memorandum, to all members. The memorandum points out that the association feels that there should be a thorough investigation by members and their attorneys, since the checkoff injunction conflicts with one issued October 5 by Circuit Judge C. H. Miller of Franklin county.

Frank Farrington, secretary of the United Mine Workers of Illinois, today sent out telegrams advising all miners to remain at work pending decision by the operators regarding the injunction, but officials of the operators' association said tonight they were informed miners employed by the Marion County Coal company, in Marion county, and the J. K. Ferling Coal company at Eldorado, had walked out. The former, according to statistics, employs 459 men and the latter 295 men.

The Illinois field, second largest in the country, has a total of 938 men, of which in 1920 employed 88,182 men.

## UNION PRINTERS AND EMPLOYERS CONFER ON NEW AGREEMENT

(By The Associated Press.) Chicago, Nov. 2.—Representatives of five unions in the printing industry were in conference today with employers, negotiating a new agreement in place of the contract expiring November 7. The old contracts affect pressmen, bookbinders and paper cutters, binder women, typographical workers and press feeders.

Rates of pay and hours of work form the main points of discussion. According to the employers they desire to return to the forty-eight hour week, which was superseded by the forty-four hour week May first, when present contracts were drawn up. Subsequent negotiations resulted in a decrease in wages. Union representatives say they will fight any further reduction in pay, although denying rumors a strike vote is being taken.

## FOLKS 'SIT' IN JAIL IN RUSSIA, SAY AMERICANS

(By The Associated Press.) Moscow, Nov. 2.—Folks "sit" in jail in Russia. Even Americans don't "lie" in jail. That is not done this far east.

All the Americans who have emerged from Russian jails in accordance with the Hoover agreement say: "When I was sitting in Butyrka," or "Yes, I know Ivan Ivanovich, I sat with him for two months last year."

Estes and Flick and Kilpatrick and all the rest of the Americans who fell abeam the soviet authorities sprinkled their conversation with Russian terms which are conventional in sovietland but will sound very strange to their friends in the United States.

English speaking persons in Russia never think of calling the food ration by its English name. It is always "pyke." Fish is always "fish," but "riba." And the foreigners who were unfortunate enough to get into Bolshevik prisons will probably never eat "riba" again if they can avoid it, for the dried and smoked fish served to them in thin soup isn't a pleasant memory.

When the Norwegians made a gift of smoked herring to the Russian famine sufferers, an American who has been in Russia ever since the czar was overthrown remarked: "The Norwegians are so blooming tired of eating wooden fish that they are probably glad to had it over to the poor Russians. It's like giving a stone to those who ask for bread. But the Russians can't protest."

"Narkomdel" and scores of other contractions of names for various government departments have found their way into English as it is spoken. It is a contraction of a long arglomeration of Russian words which mean the peoples' commissariat for foreign affairs.

## Bright Lights on the Farm

Out on the prairie, in New England valleys, on lonely mountain sides, thousands of farm homes, churches, schools, and stores are now electrically lighted by the current from Exide Batteries. A large majority of all small electric light and power plants on farms and on yachts are equipped with Exide—the long-life battery.

You use an Exide Battery daily—every time you telephone, it is the current from an Exide that sends your voice over the wire. Submarines are propelled under the sea, as are mine locomotives below the ground and street trucks and electric passenger cars on the ground, by Exide Batteries.

Exide was the pioneer battery in automobiles as well as in the other fields where batteries are used. The result is a starting and lighting battery of long-lasting power—a matter of real comfort and economy to you in motoring.

## ARMISTICE DAY TO BE OBSERVED BY COUNTY AND CITY BY UNITED PARADE AND MEMORIAL SERVICES

City Commission Passes Resolution Urging All Albuquerqueans to Observe the Day in a Patriotic Manner Commensurate With the National Importance of the Anniversary.

A legal holiday November 11 will be the order of the United States congress and the president will issue his proclamation so declaring it within a few days. This means that all Bernalillo county will take part in the Armistice day program and parade.

At a meeting of the committee at the chamber of commerce last night it was decided to interest every boy and girl and every man and woman in the day's program. Every business house and private residence in the city will be called upon to decorate and a special committee of thirty will be selected to-morrow from the different training centers to see that a personal pledge is secured from every merchant along the line of march to spread himself in decorating his building.

"Albuquerque is going to have the greatest parade in its history," said a member of the committee last night. Money will be raised this week to take care of what little expense will be necessary. Two bands will be employed and the third, the Indian school band, will be donated. Floats are being built and every ex-serviceman in the city is getting ready for the big parade.

A grand marshal for the parade will be announced in a few days and the location and starting point of every division will also be published so that all will know their place in the parade which will start promptly at 11 a. m.

An Armistice day salute of eleven guns will be fired promptly at 11 o'clock, which will be the signal for the start of the march in the longest line ever seen in Albuquerque.

The head of the parade will be met at Old Town with a salute which will continue until the national salute of twenty-one guns is fired, after which the program at the court house will begin.

The committee requests that if there are any allied soldiers in the

### COMMISSIONERS' RESOLUTION

Responding to a nationwide sentiment and in conformity with the wishes of the President of our country and the governor of our state, the city commission of the city of Albuquerque hereby urges the people of the city to observe Armistice day, November 11, in a patriotic manner commensurate with the great importance of that day in the nation's history. The people of the city are requested to enter into the spirit that makes the day a sacred one and to participate in any public programs that may be offered by the various organizations which have undertaken to keep alive the memories of self-sacrifice of war days.

## COUNTY LEVY IS SUGGESTED FOR CHARITY BUREAU

Question of Maintaining Bureau Is Brought Before City Commission; Possible Solution is Suggested.

A movement was launched last night at the meeting of the city commissioners to have the bureau of charities entirely supported by the county through the establishment of a tax levy for that purpose.

The question reached this point when a committee of the bureau appeared before the commission and after explaining the crying need for more funds and the public nature of the bureau's activities, asked the city commission to raise its subscription of \$50 a month to \$250 a month.

In the discussion, it was brought out that there is now a county indentured levy, which, while it is not large enough to do any general good, might be increased to the point where it would meet the needs of the bureau, estimated at present at \$10,000 a year.

The commission reached the conclusion that in so far as about three-fourths of the county funds came from the city or from city projects, it would be unfair for the city to take large sums each month from its general fund and then, through the county subscription, virtually pay the greater part of another subscription.

Systematic charity work has never been placed on a county or city basis here and commissioners, together with the committee from the bureau, stated their belief that such a crisis had never been reached when the county, being the logical source, should make proper arrangements to carry on the work and do away with drives and general campaigns for funds.

At present there are no funds in the bureau treasury and there are many cases needing immediate attention. Under the plan proposed, the bureau would become at least a quasi-county institution.

Chairman of the board of county commissioners, was interviewed by telephone, when the discussion had reached this point and a meeting with the bureau officers was arranged for this morning at 10 o'clock. It is possible that a special county board meeting will be called and that steps may be taken to provide for the fund at once. The city commission promised their complete cooperation in the movement. The county tax rolls are now made up and in the hands of the state tax commission, but it is possible that such an additional levy can be arranged, should the county board favorably upon the proposition.

Exactly how the bureau can function until the matter is settled is a problem of considerable importance, as it would take some time to get available funds by the method suggested at the meeting last night. Both the county and city subscribe small amounts toward the bureau's support and members of the bureau committee suggested that it might be possible for the two units to increase these amounts until a permanent plan was adopted and had started to function.

### BIG MISSILE USED IN HALLOWEEN BOMB EXPLODED ON MONDAY

H. E. Randall, 606 West Iron avenue, whose house was struck by parts of a bomb exploded by boys as a Halloween prank last Monday night, today exhibited missiles found in his own and in neighbors' yards. They consisted of parts of a two-inch iron pipe, in which the charge had apparently been contained.

Mr. Randall has discovered that a part of the pipe had been blown through his roof. Monday his house was shaken when a part of the bomb passed through two rooms before it finally embedded itself in the wall.

### ACCIDENTS IN MINES AND QUARRIES CAUSED 2,973 DEATHS IN 1920

Washington, Nov. 2.—Accidents in 1920 in mines, quarries and metallurgical plants, exclusive of blast furnaces, caused the death of 2,973 employees and the injury of 206,000 according to a report issued today by the bureau of mines. Based on a standard of 300 working days per man, the statement said, for every thousand employees 2.19 were killed and 221.33 injured.

## FREIGHT RATES ON LUMBER CUT BY ESPEE ROAD

(By The Associated Press.)

Memphis, Tenn., Nov. 2.—A proposed reduction of from 25 to 30 per cent in freight rates on hardwood lumber and forest products from Mississippi Valley producing territory to points in the west, was announced today by the local offices of the Southern Pacific railroad.

The new tariffs, it was stated, would give hard wood mills in this territory practically the same rates as prevailed before the increases on lumber of August 10, 1920, were granted. The new tariffs will be filed with the Interstate Commerce Commission immediately, it was announced. Other transcontinentals are expected to make similar reductions, railroad officials said.

San Francisco, Calif., Nov. 2.—Reductions of freight rates on hundreds of articles, east and west, and amounting in some cases to as much as 50 per cent of existing rates, were announced tonight by the Southern Pacific company. The reductions, it was declared, averaged about 20 per cent and will be effective. In the case of changes made to meet competition of water-borne traffic via the Panama canal, as soon as approved by the Interstate Commerce Commission, in the case of rates from and to points east of Mississippi river and Chicago, as soon as eastern roads concur in them; and in the case of rates to and from points west of Chicago and the Mississippi river, as soon as the tariffs can be published.

The reductions were announced as representing the policy of the carriers to reduce "freight rates as well as to make the reductions can be made in the public interest." Some were said to be voluntary and others were declared to represent action taken on applications of shippers which have been approved by the Interstate Commerce commission.

Among articles on which the reductions were bound to be effective were dry goods, iron and steel in plate, various products, machinery, refrigerators, pitch, turpentine, glass, vehicles, furniture, coal, canned goods, linoleum and soap. Rates on eastbound products such as apples, peaches, lumber, syrup, pickled fish, paper, flour and nuts.

### OPERATORS "HOLDING THE BAG" IN MINERS' STRIKE, PENNA CLAIMS

(By The Associated Press.)

Terre Haute, Ind., Nov. 2.—The part the operators are playing in the strike of coal miners of the Indiana field is that of "holding the bag," said H. H. Penn, secretary-treasurer of the Indiana Bituminous Coal Operators' association, in a statement tonight. There are no differences between the operators and miners, the statement said, but the strike is against the order of Judge A. B. Anderson.

Intimating a miners' strike in the central field would work to the advantage of the West Virginia coal operators who obtained the injunction prohibiting use of the "check off" system of collecting union dues and assessments, the statement said.

"The injunction was granted in answer to the prayer of some West Virginia coal operators and if the attitude of the Indiana miners should be supported and their example striking followed by miners of the central competitive field, the West Virginia coal operators will be amply compensated for all their time and money spent in securing the injunction."

### FIRST LEGION FLYING MEET IS WITNESSED BY 40,000 PERSONS

Kansas City, Nov. 2.—A first American Legion flying meet, which closed today before an estimated crowd of 40,000 persons, was the largest meet of its kind held in the United States, according to R. B. Barnette, president of the flying club of Kansas City, under whose auspices the meet was held.

Twenty-five airplanes participated in the meet. It was estimated by officials that these planes flew approximately 50,000 miles during the four days of the meet and carried 2,000 passengers. Captain Eddie Rickenbacker, premier American ace, today presented trophy cups and cash prizes to the winners of the various contests.

## FOUR GREAT ISSUES OUTLINED FOR WHICH LEGION MUST FIGHT

(By The Associated Press.)

Kansas City, Mo., Nov. 2.—Hansford MacNider of Missoula City, la., new commander of the American Legion, in a statement tonight said the convention had outlined four great issues for which the legion must fight and pledged his administration to uphold them.

His statement follows: "The American Legion must build itself so big and fine and strong, and keep itself so clean and straight and American that when it asks for certain things—legislation for ex-servicemen and women and policies in their behalf—our communities will feel that if the legion is for a thing it must be right."

"It is that responsibility to our country and to every man and woman who wore our country's uniform in the world war we start a new legion year with pride in the legion's past achievements, ambitions to serve and keep serving to fulfill the great obligations before us."

"This convention has outlined four great issues to fight for—law and order, immediate relief for the disabled, Americanism and adjusted compensation and we shall fight for them."

### NEW BAPTIST PASTORS FOR FARMINGTON AND SANTA RITA CHURCHES

Announcement was made at the headquarters of the state Baptist convention that the state Baptist church of Farmington had called Rev. Charles A. Lovelace of Shreveport, La., and that the Santa Rita church had called Rev. O. B. Little of Bonham, Texas. Rev. Little has accepted and is to begin his new work at once.

Dr. B. C. Henning of Atlanta, Ga., working under the Baptist foreign mission board, and A. N. Porter of Alamogordo, state missionary, are making a tour of the Navajo reservation in western New Mexico and eastern Arizona in the interests of the church.

### MODISTE IS SLUGGED BY A FEMALE BANDIT

(By The Associated Press.)

New York, Nov. 2.—"I hate to do this, but I am driven to it," said a woman bandit today just before hitting Ray Nafal, a modiste, on the head with a sand bag.

Dazed, the modiste dropped in the hallway of an apartment house. Two men stepped up, seized the fashionable gown she was delivering, removed \$1,500 in jewelry from her fingers, stole her purse and fled, leaving a drugged handkerchief over her mouth.

Police said the modiste's skull would have been fractured but for her well padded hat and heavy coiffure. A fake telephone call had lured her into the building.

### 40 CRATES OF SWEET POTATOES RAISED BY ORPHANS SOLD HERE

Forty crates of sweet potatoes raised by the children in the Baptist orphanage at Portales were shipped to Albuquerque and sold here under the direction of Dr. J. W. Bruner, secretary of the Baptist convention.

The potatoes were raised on the orphanage grounds.

## EL PASO GAME WILL DECIDE HOLDER OF STATE CHAMPIONSHIP

With four hard games remaining ahead of them, members of the Albuquerque high school football squad are getting down to hard work. The squad is strengthened by having Coen back at right tackle, who has been out of the game since receiving a badly sprained knee in the Indian school high school game. Because of the fact that most of this year's squad consists of green material, most of the work has fallen to those men of last year's team who are back. Now, however, the new men have developed into seasoned material, and practice will go along much more smoothly.

The lineup that faces Menaul Saturday is as strong or stronger than the one that defeated that school in the first game of the season. Menaul's squad is weakened by the loss of A. Martinez, right end, who injured his spine in the Menaul-Indian school game last Saturday.

Roswell has played three winning games this year, with Clovis, 65-0; Portales, 34-0; and their victory of 23-0 over Albuquerque. These scores give them a chance for the state championship this year. But whether they win the state title depends more on the playing of Albuquerque Highschool than on their own. With the exception of Artesia, Roswell plays no teams outside of the Pecos valley except Albuquerque, and as a result their connection with the rest of the state is the Duke City team only.

The fact that Raton defeated Las Vegas university Saturday by a score of 10-0 indicates that the game played with the Normal team here Armistice day will hardly decide the championship of the northern part of the state. Other significant features of the local schedule are these: El Paso has defeated the leading gridiron squads of the southern part of the state, and the El Paso-Albuquerque game on Thanksgiving will decide whether any downstate team will have a claim for the state honors.

### FORMER MAIL CLERK RELATES HIS PART IN ROBBERY LAST APRIL

(By The Associated Press.)

Chicago, Nov. 2.—Part of the time in tears, Ralph Teter, former mail clerk, today related his part in the \$350,000 Dearborn street station mail robbery last April for which Timothy (Big Tim) Murphy and three others are on trial.

Teter said he met Murphy and was offered \$100,000 to give Murphy information regarding a large shipment of securities. After much hesitation, Teter said he agreed, and testified that he and George Hecker, a clerk, had indicated a mail truck carrying a registered mail pouch by tipping their hats. Hecker later brought him \$27,500, he said.

### JOFFE TO SAIL FOR TRIP AROUND WORLD

(By The Associated Press.)

Paris, Nov. 2.—Marshall Joffe, who sailed from Paris on November 11 for a trip around the world, will reach Seattle, Wash., some time in March it was calculated at the foreign office today. It was said he might visit some Canadian ports, returning to France by way of New York. He expects to visit the French colony in Indo-China and to make stops in Japan, China and perhaps in some British colonies.

## CHURCH BOARD GUESTS AT DINNER GIVEN BY NEW METHODIST PASTOR

The members of the board of the Central Avenue Methodist church were entertained at dinner Tuesday night by Mr. and Mrs. C. C. Higbee. Mr. Higbee is the new pastor. The affair was held at the pastor's home, and after the dinner, the board organized and laid plans for the coming year.

J. E. Major was elected chairman of the board, which consists of the following members: John Sims, Edgar Bass, Herbert Bass, B. L. Murray, Dr. W. R. Lovelace, Dr. E. T. Lasseter, W. R. McElroy, C. L. McMillan, R. H. Kirk, J. P. Bentley, W. C. Thaxton, W. J. Leverett, Jerome Merkle and W. H. Pickett.

## EDUCATIONAL PROGRAM AT ST. JOHN'S CHURCH

The first of a series of educational programs to be given monthly by the Women's Auxiliary of St. John's church was presented last night in the Guild hall at 7:30 o'clock.

The subject of the meeting last evening was "The Heritage of the Fathers," which pictured the work of the church in the early colonies. Dean L. B. Mitchell of the university spoke on "The Ideals of the Founder," and short talks were given on Bishop White, Chase and Boone, by members of the auxiliary.

A tableau representing "The Baptism of Pocahontas" was also presented. After the program, which was well attended, a social hour was held.

**The Glow of Health**

**Comes to You**

If you are careful to follow the advice of your older friends or relatives. For over 50 years ago, Dr. Pierce, then a young practicing physician discovered that a prescription made up of Lady-slipper root, Viburnum, black and blue Cohosh, Unicorn root, Oregon Grape root, and made into a liquid extract, or tablets, without alcohol, was wonderfully efficient as a tonic for those pains and ills so common among the women folks. This woman's tonic has sold as Dr. Pierce's Favorite Prescription for over fifty years and is just as popular and efficient now as at any time. Over a million bottles were sold last year and many of your friends and neighbors can testify as to how good it is.

Hartford, Ark.—"I am happy to say that Dr. Pierce's Favorite Prescription has done me more good than anything I have ever taken so far. I was down and out, but now I feel like a new woman. I was in such shape I hated everybody and myself too. When I began taking the Prescription I only weighed 110 pounds but now I weigh 145 and can truthfully say that I believe Dr. Pierce's Prescription will help any run-down woman if she will give it a trial, for it surely did help me."—MRS. ## TWO ROBBERIES ARE CLEARED UP BY THE POLICE

**Cameo Brooch Leads to Arrest of Louis Rocco Who Admits Robbing Homes; Many Articles Recovered.**

With the arrest of Louis Rocco Tuesday night, police have cleared up two recent robberies and have been able to restore the greater part of the stolen property. Rocco was arrested Tuesday night and held for investigation in connection with the robbery of the home of Mrs. M. D. Shumaker, 224 South 24th street. Police had located a cameo brooch stolen from the home and had evidence showing that Rocco had been the one who sold it to a woman in Old Albuquerque.

When arraigned yesterday morning in police court, Rocco waived preliminary examination and entered a plea of guilty in the Shumaker robbery and also admitted entering the home of Hugo Bonaldi Tuesday night. He was bound over to the grand jury on a \$1,000 bond. Failing to meet the bond, he was committed to the county jail to await the grand jury session next March. A large quantity of the stolen property has been located by the police.

It is reported that he told police that he was a deserter from the Fifty-first artillery at Camp Lewis, Wash.

## IRISH NEGOTIATORS HOLD TWO MEETINGS

(By The Associated Press.)  
London, Nov. 2.—The Irish negotiators held two private meetings today and while there will be further such gatherings, no date has been fixed for a formal conference.

It is learned at Sinn Fein headquarters, that the negotiations are likely to hang fire until something is heard from Sir James Craig, Ulster premier, on the subjects on which he has been consulted.

**RESOLUTIONS ADOPTED.**

## How an EXPECTANT MOTHER Prepared for Baby's Coming

**DO YOU** know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul, of Cecilia, Ga., tell you. She is one of thousands who has demonstrated this fact:

"As I am a young mother of one baby, I am writing for free booklet to 'expectant mothers.' I used only two bottles of Mother's Friend before I was confined and had a quick and easy time through labor. I can recommend Mother's Friend to all expectant mothers. I will never go through pregnancy without it."

You, too, can have this booklet for expectant mothers by sending coupon below.

**WARNING:** Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

**MOTHER'S  
FRIEND**

It goes into the features of maternity and gives, in a plain, interesting manner, information about what the mother needs in clothing before baby is born; what clothing will be necessary for the baby; an interesting table as to the probable date of delivery, simple but necessary and helpful rules of hygiene to follow, and much other worth-while information. This little booklet also tells about Mother's Friend and the wonderful good it is doing for expectant mothers.

Don't let false modesty keep you from performing this duty to yourself—your family—and your baby.

## PRINCIPAL JAP DELEGATION TO PARLEY ARRIVES

**Party Met By Hughes, Bliss, Denby, Roosevelt and Other Officials; Cordial Greetings Exchanged.**

(By The Associated Press.)  
Washington, Nov. 2.—The principal Japanese delegation to the armament conference arrived here late today from the Pacific coast by special train. The party included Admiral T. Kato, minister of marine; Prince Iyesato Tokugawa, president of the house of peers, and a party of advisers and experts. The delegation was met by Secretary Hughes and Third Assistant Secretary Bliss, representing the state department; Secretary Denby and Assistant Secretary Roosevelt of the navy department and a number of other officials. The Japanese delegation to the conference is now complete, the first of any country to be completed by arrival here.

It was the first time Secretary Hughes had gone to the Union station to meet any incoming delegation and cordial greetings were exchanged between him and other members of the American reception party with the Japanese delegates.

**National Anthems Played.**  
A brief halt was made in the president's room for photographs to be taken. The national anthems of the two countries were played and then, under cavalry escort, the delegation proceeded to their residences.

The Japanese delegation arrived, its leaders said, with the desire and hope of discussing first at the conference, the question of limitation of armaments, and not far Eastern problems. The Japanese view-point, it was explained, was that Pacific and Far Eastern questions might prove full of difficulties and it taken up first, negotiations might be delayed.

**Pleasant Land Journey.**  
The pleasant journey across the continent from Seattle was in striking contrast to the stormy sea voyage. As far as possible, secret precautions being taken because of letters signed by Koreans.

Every member of the party expressed charm at the official welcome and just before arriving in Washington Prince Tokugawa said: "I intend to devote myself to the cause of removing any misunderstandings that may exist between our two countries. We should know each other better and co-operate."

In discussing China, Dr. K. Hayashi, general counselor to the Japanese ministry of foreign affairs and chief adviser to the conference delegation, said:

"He would be bold, indeed, who would venture to offer a solution of the great problem of China but there are two thoughts that occur to me."

His first suggestion was that the powers should agree to a concert on all matters pertaining to that country, and his second was that the powers should make up their minds to be patient with China.

"There is an old Chinese proverb," he said, "which declares China must control foreigners by utilizing foreigners, or to translate the expression literally, otherwise she must master the barbarians with the help of the barbarians. That policy she follows with skill and cleverness, just as Turkey has in the past played England against Russia and England against Germany, and as that play led up to the ruin of Turkey, so will the powers' rivalry in China lead to the collapse of that country if not corrected."

**Salvation of China.**  
"The salvation of China, therefore, lies in bringing her to the realization that the rest of the world will act as a unit in dealing with her. To begin with, let the powers have enough of self denial not to give themselves up to vain disputes among themselves, and the next polite step in that direction is the international consortium shown by that in financial affairs. China has not yet accepted the consortium agreement and personally I do not believe she would ever accept the idea of international control, moreover, must be backed by armed force. If necessary, and what powers would be disposed to send armies to China? Would the powers give Japan the mandate to do so? If it would, Japan will certainly hesitate to accept this dangerous mission. Or the danger of such an undertaking, Japan has learned enough."

**Orderly Nation Necessary.**  
He declared that the contention by some critics that Japan secretly desired a weak and disorganized China, was a fallacy. An orderly China was necessary to Japan, politically and commercially. He insisted, adding that he believed Japan would subscribe to any rational plan to secure it. But Japan, he said, would look with extreme disfavor on any growth of western powers obtaining a dominance in China to the exclusion of Japan.

PRESIDENT OF THE  
LEGION AUXILIARY**

(By The Associated Press.)  
Kansas City, Mo., Nov. 2.—Mrs. Lowell Hobart of Milford, O., was chosen national president of the American Legion auxiliary, the women's organization.

The women, who held their first annual convention today, chose as their official designation the American Legion auxiliary. They voted to make mothers, wives, sisters and daughters of veterans of the world war eligible for membership and voted to exclude grandmothers. A constitution was adopted and several resolutions dealing with the treatment of disabled soldiers were adopted.

## TOWNLEY ENTERS JAIL TO SERVE NINETY DAYS

(By The Associated Press.)

## CONFERENCES OF U. S. DELEGATES WILL CONTINUE

**Meetings Will Not Be Abandoned, Even After the International Parley Convenes, It Is Announced.**

(By The Associated Press.)  
Washington, Nov. 2.—Conferences between the American delegation to the conference on arms limitation and technical advisers will continue even after the conference has opened.

It was indicated today at the state department, where the American delegates again were in session with Secretary Denby and the naval advisers on technical matters, that there probably would be no termination of this discussion of naval armament matters or of any other specific matters, the meetings going on as occasion required even after the conference opens.

So far the American delegates are understood to have concerned themselves primarily with naval armament matters, no other subjects such as those involving a possible association of nations plan or a world court having been considered. Nor is it understood that the American or world court plans at least, will be taken up.

In studying naval matters, the delegates are understood to be preparing to take the initiative and make a substantial offer in the conference looking to reduction of naval armaments.

The first meeting of the conference is now scheduled for November 12, in the auditorium of the building erected by the Daughters of the American Revolution.

It was not indicated whether the powers invited to discuss Pacific and Far Eastern questions, also would be asked to sit at the opening session of the armament conference, but it was assumed this would not be the case, although delegations from China, Belgium, Portugal and Holland would be invited to be present as spectators or guests of honor.

In connection with the work during the conference by the technical advisers and by the advisory committee, it was pointed out that while the delegates would be primarily limited to giving information as to the special subjects, the advisory body could well serve to keep the American delegation in touch with the public opinion.

The advisory group will be able, it is hoped, to keep the delegates constantly in touch with the development of public opinion on the subjects under consideration in the arms conference.

## VISITOR GIVES BANK PRESENT- VIA WINDOW

One lone copper in his pocket, sick, tired and hungry, F. M. White, of Phoenix, yesterday afternoon decided to provide for his welfare during the coming winter by breaking into the city banking circles.

He sized up the plate glass windows of the State National bank; went back into the alley; got himself a ten-pound rock and then with accuracy and precision, heaved it through the window.

"What did you do that for?" demanded Patrolman Renfro, who was only a few feet away.

"Wanted to get into jail, what'd you suppose?" White answered.

"You win," Renfro declared and took him to the station.

A charge of malicious destruction of property was placed against White and it is possible that Judge McClellan may decide that the city will keep him through the winter—then again he may not.

P. F. McCanna had written the bank an insurance policy covering the breaking of plate glass and the insurance firm will be obliged to meet the cost of a new window.

## A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## CALDWELL HERE TO TRAIN FOR GORILLA JONES

**Walter Caldwell arrived in town yesterday to start training for his big bout with Gorilla Jones at the armory the evening of November 10. Caldwell has been roughing it in the mountains near Springer and is in the pink of condition right now. He claims it and looks it. Jones is expected in this morning and training quarters will be established for both boys.**

Caldwell and Jones will probably enter the ring weighing around 155. Both are in fighting trim now and the few days training is just to put the necessary additional punch into them.

The match, which is understood to have met with the approval of the new city boxing commission, appears to be striking 'he fans about right and one of the best exhibitions seen here in some time is expected.

"I'm feeling fine and with a few days training believe I can give the fans a good show," Caldwell stated last night. "I intend to go after Gorilla from the first song."

Good preliminaries will be staged and all boxers have been warned by Benny Cordova, who is promoting the bouts, that if the exhibition is not a successful one, he will not be granted a city license again nor will the city boxing commission allow the stalling boxers to again exhibit in the city. The new commission, through its authority over the bouts, promises to put an edge to Albuquerque exhibitions which has been sadly lacking during the past few years.

## PROSPECTS VANISH

New York, Nov. 2.—Prospects for an early settlement of the strike of 10,000 milk wagon drivers, salesmen and platform men vanished today when the city conference board, the employers' organization, voted against submitting matters in dispute to arbitration.

## KEEP LOOKING YOUNG

**It's Easy—If You Know Dr. Edwards' Olive Tablets**

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy, such as should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

## THE NEW GENERATION

By JANE PHELPS

### JOAN COMMENCES SCHOOL.

#### CHAPTER 3.

The comments of the friends and neighbors became annoying to Margaret. More than once the little Joan had repeated some caustic remark they had made. "I must move," Margaret said to herself. Not one thought of herself, the loneliness she would perhaps feel in a new home, occurred to her.

She sold her home and bought a new one in a large town near Boston. While far from wealthy, Margaret had been left very comfortably provided for. The house was a pleasant one surrounded by a large lawn and flower garden. She moved the furniture to which she felt attached, hired a woman to do the heavy work of the house, and continued her plans for raising little Joan.

In this she was ably assisted by Hannah Brooks, the woman who she had hired.

Joan soon was the very idol of this woman's heart. No criticisms of Margaret's way with Joan now greeted the mother, so busy with her plans for the child that she seemingly forgot that she herself was young and attractive.

Almost a recluse, she formed few acquaintances, no friendships. Her entire life was given up to being the kind of a mother she thought Joan should have, the sort of one her own mother had not been.

Unconsciously, Margaret dressed in clothes far too old for her years while she fashioned dainty garments to enhance the child-like beauty of little Joan.

She was Joan's mother. Her own personality, just beginning to assert itself—had she given it rein—she sunk under that relationship.

She more than half deceived herself into thinking that she had lived her life—that henceforth it was to be lived only in the life of the daughter God had given her. Joan was her recompense for her own barren girlhood.

She would bring her daughter up in absolute freedom; Joan would always feel absolutely free. She could express her own ideas, her own individuality, and never be like her mother, afraid to speak.

## Social Calendar

**Thursday.**  
Ladies' Aid society of the Emmanuel Evangelical Lutheran church will meet at church annex this afternoon.

**Halloween party for Mothers' Circle of Congregational church at home of Mrs. B. C. Smith at 814 North Fourth street at 3 p. m.**

**El Club Otrava's** will meet at home of Mrs. H. Porter on West Elm avenue at 8 p. m.

for fear she would receive a reprimand.

Margaret thought, too, of the time when Joan, grown to womanhood, would perhaps have lovers, maybe married. But it would be to a man of her own choice. No one should be foisted upon her for any reason under the sun.

So while they lived nicely, Margaret was economical as far as expenditures for herself were concerned.

There must be enough for Joan; enough so that money would not enter into any plans she made for her own future.

You see, Margaret knew her mother had urged Henry Hayden's suit because he had money. That his fortune was smaller than she had supposed had been a keen disappointment to the mother.

Joan's education was in some respects fragmentary while she was small. She was never compelled to study. Margaret encouraged her in every way she knew to learn all the things children of her age knew, but if Joan rebelled, nothing was said.

The child was full of music, and at an early age she played the piano remarkably well. But that, like everything else, was spasmodic with her. She spoke French and Italian both as well as she did English, but it was simply because she had heard them always, not because of any application on her part.

In the summer she would spend her time chasing butterflies in the flower garden, or playing with her dogs, or riding her pony. She should have all sorts of accomplishments—like her mother, Margaret, a good horsewoman, was delighted when Joan wished to learn to ride. This was one exercise, one sport, they could share together.

Joan was ten years old before she went to school. Even so, she was amazingly far advanced than other girls of her age in some things; amazingly ignorant in others.

But she was intensely lovable, although self-willed to a degree—the admiration and the despair of her teachers, whom one minute she obeyed, the next absolutely refused to be guided by.

"She is a little darling!" they all agreed, and so allowed her to be more insolent than her mother would have dared to be.

Which, by the way, was not very good for Joan.

**ITALIAN WOMAN IS SEEKING A FORTUNE BURIED IN GROUND**

Signora Giustina Pascugli, an Italian woman who has just returned to Milan, Italy, from Jerusalem, may be the world's richest woman. It all depends whether she succeeds in finding a huge fortune which she says is buried at Biceglio, near the city of Bari, on the Adriatic coast of Italy.

Signora Pascugli says while she was in Palestine she met a monk who gave her secret documents giving the location of an enormous amount of gold which was hidden in Biceglio long ago. According to the documents the treasure amounts to \$5,000,000,000 lire (normally about \$6,000,000,000).

Under the direction of Signora Pascugli six peasants started to work hunting for the hidden treasure. After digging for two days they discovered markings indicated in the documents as guides to the gold. The searchers are working at a feverish pace.

## BEAUTY CHATS

By Edna Kent Forbes.

### ANOTHER CHAT ON CALORIES

If you have determined, according to the chat on food values last week, that you require a certain number of calories of food a day, the next step is to find out the caloric value of the foods you are eating. We will take, for instance, the case of a grown woman leading an ordinarily active life. She requires 2,500 calories of food daily to keep her fit. If she weighs more than she should, she has been eating more than this amount and to reduce she must eat less. She must eat, instead of 2,500, about 1,500 to reduce at the rate of two pounds a week, which is the safest rate.

Without knowing anything about calories you will see from this that to reduce you must eat only three-fifths the amount of food you have been accustomed to. But if you wish to be accurate about your diet, this table of caloric values. The caloric value stated is for an average serving:

**Meats:** Lean beef steak, 185 calories; tenderloin, 285; roast beef, 150; roast chicken, 180; lamb chops, 150-200; pork chops, each, 200-250; boiled ham, 350; fried ham, 400; slice of bacon, 25.

**Fish:** Lean fish, 135 calories; fat fish, 265; oysters, each, 8.

**Vegetables:** Asparagus, one stalk, 5 calories; celery, six stalks, 15; onions, each, 50; white potatoes, each, 100; sweet potatoes, 200; beets, 30; home baked beans, 300; can baked beans, 150; string

beans, 15; cabbage, 10; carrots, 20; cauliflower, 20; canned corn, 100; green corn, one ear, 100; green peas, 100; spinach or squash, 25; tomatoes, 50.

**Worried:** The best way to reduce is through the natural processes such as dieting and exercise. You may weigh almost anything you wish by regulating the diet, which is sure to be the healthiest method, even though it is not the quick way of taking off flesh. If you need information about this send a stamped addressed envelope and I will be pleased to mail you full directions on food values. You should be sure to read the weekly chats on reducing in this column.

**Discouraged:** A clear skin, which is also fine in texture, means a clean digestive tract and that all the organs of elimination must be working freely. This includes the skin, which has an important function in this process. The warm bath daily—or every other day—when the cold bath is used daily—does much toward a fine texture to the complexion, as the pores over the whole body are kept more active and thus relieve those on the more exposed part of the body. The pores of the face and throat should be closed after the usual cleansing, which will make the texture finer than if it were neglected. A few drops of benzoin in the rinse water or an ice rub will effect this.

**Bobby:** For a girl of 14 years of age, with a height of five feet, 11 inches, your weight of 132 pounds is all right.

## EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

### "WHAT SHALL I SERVE INSTEAD OF ICE CREAM?"

Every fall I receive letters from reader friends asking me if I can recommend some unfrozen dessert that "my guests will enjoy as much as ice cream." For although children will still clamor for ice cream when the mercury in the thermometer drops as low as it can, grown people prefer unfrozen desserts in the colder months.

I believe that the dessert introduced in the dinner menu given below is every bit as delicious as ice cream:

**Tomato Soup**  
**Lamb Pie**  
**Mashed Potatoes**  
**Stewed Celery**  
**Pickled Beets**  
**Quick Biscuits**  
**Best-Ever Dessert**

**Best-Ever Dessert:** This is a delicious dessert made in three layers and topped with whipped cream. The first layer is a cake layer; the second is an orange cake-filling layer; and the third is a chocolate cake-filling layer. Just before serving time add a dollop of whipped cream is piled generously on top. This dessert is served on a fancy platter and offered to the guests cut pie-shaped. To make it follow these directions:

**To Make the Cake Layer:** Cream together 1-4 cup of butter and 1-3 cup of granulated sugar; add the beaten yolk of 1 egg and 1-2 cup of sweet milk. Now sift together 1-4 cups of flour and 1 teaspoon of baking powder; add this to the mixing bowl and stir well. Fold in the stiffly whipped white of 1

egg and flavor with 1-2 teaspoon of vanilla. Pour this batter onto a greased layer-cake pan and bake 25 minutes in a hot oven. When it is baked slip it into the fancy dish in which you mean to serve this dessert and let it cool, then put on top of this layer the following:

**To Make the Orange Layer:** Mix together 1-2 cup of granulated sugar and 2-12 tablespoons of flour; add to these the grated rind of 1-2 orange and 1-2 cup of orange juice; then stir in 1 well beaten egg and add 1 teaspoon of butter. Cook this mixture over gently simmering water for 10 minutes, stirring constantly. Let cool before adding it to the cake layer. When it is cool, put on top of it the following:

**To Make the Chocolate Layer:** Melt 2 squares of unsweetened chocolate and add to it 1 cup of boiling water, 3-4 cup of granulated sugar, 1 teaspoon butter, 2 tablespoons of cornstarch which have been dissolved in 1-2 cup of cold water, and 1 teaspoon of vanilla. Heat gradually and let boil for 6 minutes, stirring all the time. Let cool before pouring it over the orange layer of the dessert.

Even children like this dessert as well as ice cream—and that's saying a good deal for it! It is a suitable dessert to serve at "lap parties" when a woman's club is being entertained by one of the members; or it is equally suitable to offer with sandwiches and hot coffee on the refreshment table at an evening party.

## LITTLE BENNY'S NOTE BOOK

By Lee Pope

Me and Puds Simkins and Mary Watkins was setting on her front steps talking about different subjects and some kid went past on a bicycle with no hat on, and his hair was all shiny and strate back, looking as if it was painted instead of brushed, Mary Watkins saying, "There, that's the kind of hair I like, that's the kind of hair I admire, why don't you boys brush your hair like that, I think you'd look perfectly wonderful."

Holey smokes, its too sassy looking, goah, I sed.

It mite be all right to go past with on a bicycle but I wouldn't want to wawk around that way, sed Puds.

Well thats the only kind of hair I admire, I just love that kind of hair, sed Mary Watkins.

Giving me a licker, and after supple I went up in the bath room and started to try to brush my hair strate back, only the nearest it would come to strate back was strate up, so I put a lot of vaseline on it, and it went back much better and I put a lot more vaseline on it and it went back grate, me thinking Hurray for me.

And I snuck down stairs and put my hat on and wawked out and started to wawk around to Mary Watkinses and who did I meet on the way but Puds Simkins, me thinking, Heck, wats he doing eround all the time? And we started to wawk together, me saying, Wats you going, Puds?

O, nowares special, sed Puds, wats you?

No wares special, I sed. Wich jest then our teacher Miss Kitty started to go past, me thinking, Heck, I got to tip my hat. Wich I tipped it and Puds tipped his, and his hair was back as strate as it could go and all shiny looking as if it had about a pound of vaseline on it, me thinking, Holey smokes if mine looks anything like his I better go home agen.

Wich I did and pop was in the front hall, saying, Well, young man, do you keep your hat on in the house how? and I sed, No sir, and he sed, Then you dont you take it off? and I sed, I was jest going to. And I took it off and pop started to laff all his mite, me thinking, G, I bet I know wats he laffing at. And I ran up stairs and got the vaseline off, taking much longer than it took to put it on and its not all off even yet.

## Just right

Hills Bros. Red Can Coffee is grown right, blended right, and packed right. In preparing the coffee make it right—then you will appreciate its appetizing aroma, fine flavor and satisfying strength.

It is no longer considered good housekeeping to overlook, between semi-annual housecleaning, the continual accumulation of germ-breeding dirt in the depths of one's rugs. For a new standard of cleanliness, that of rugs kept totally free of dirt the year around, has been introduced by The Hoover. This efficient cleaner thereby minimizes the danger of sickness and repeatedly saves its moderate cost by preserving all rugs from wear. In one easy, rapid, dustless operation guaranteed to prolong rug life, it gently beats out all germ-laden, nap-wearing grit from beneath rug surfaces, electrically sweeps up stubbornest litter, erects trodden nap, revives colors and suction cleans. Only The Hoover does all this. Get a Hoover and live in an ever-clean home.

Mountsville, W. Va.—"I had taken doctor's medicine for nearly two years because my periods were irregular, came every two weeks, and I would suffer with bearing-down pains. A lady told me of Lydia E. Pinkham's Vegetable Compound and how much good it had done her daughter, so I took it and now I am regular every month and have no pain at all. I recommend your medicine to everyone and you may publish my testimonial, hoping that some other girl the good it has done me."

Mrs. GEORGE TIGARDEN, 915 Third Street, Mountsville, W. Va.

How many young girls suffer as Mrs. Tigarden did and do not know where to turn for advice or help. They often are obliged to earn their living by toiling day in and day out, not knowing how hard the pain they have to bear. Every girl who suffers in this way should try Lydia E. ## 6,000 COLORADO MINERS UNDER CHECK OFF PLAN

(By The Associated Press.)  
Denver, Colo., Nov. 2.—Approximately 6,000 coal miners work in mines owned by operators with headquarters in Denver where the check off system is in effect. It was learned today, Presidents of the companies that collect union dues were of the opinion, however, that the order of Federal Judge A. E. Anderson in Indianapolis applied to West Virginia.

The Colorado Fuel and Iron company, the Rocky Mountain Fuel company and the National Fuel company, three of the largest operators, operate under the open shop system and consequently do not have the check off system. The Victor-American Fuel company employs about 1,500 men in ten mines all in Colorado, all of whom work under the check off system. W. H. Huff, president, said today, Mr. Huff said he did not know what would be done about the federal injunction yet. He said he was of the opinion, unofficially, it did not apply in Colorado.

G. W. Harris, president of the Harris Coal company, said his company employed about 4,000 men in Illinois, Iowa, Colorado and Wyoming.

mining, who were under the check off system. He, too, said he believed the order of the federal court did not apply except to West Virginia. He said he could not say what his company would do until officially advised of the order and until he had legal advice.

The Royal Fuel company, which has the same officers as the National Fuel company, has 200 men all in southern Colorado in one mine working under the check off system. At the office of President Harry Van Meter it was said today it was not determined what would be done about the order.

## UNION MILK HANDLERS IN CLEVELAND STRIKE

(By The Associated Press.)  
Cleveland, O., Nov. 2.—Hundreds of thousands of people of Greater Cleveland were without milk this morning as a result of the failure of between 750 and 800 union drivers of the Telling-Bellvernon and subsidiary company to report for work.

A break in negotiations for a new wage scale, which had been going on since October 1, when the companies announced a reduction of \$5.50 in the weekly wages, which averaged \$38, preceded the strike vote last night.

Several hundred drivers of other companies will not be affected.

## SOLENN REVERENCE IS PAID TO ITALY'S UNKNOWN WARRIOR

(By The Associated Press.)  
Rome, Nov. 2.—Solemn reverence by king and peasant was paid to Italy's unknown soldier, symbol of her 500,000 dead, when the body arrived in Rome this morning and was transported on a gun carriage to the church of Santa Maria degli Angeli. It will there lie in state until its final interment on Friday in the "Altar of the Country," under the Victor Emmanuel monument.

The train bearing the body arrived in a suburb of Rome last night, being met by the mayor and members of the municipal council.

The cars of the train were virtually filled with floral tributes to the unknown soldier, more than 1,500 wreaths having been placed aboard by the authorities of nearly 100 towns through which the train had passed on its trip from Aquileia, northeast of Venice, to Rome.

## SEVENTEEN PERSONS OVERCOME BY SMOKE

(By The Associated Press.)  
Denver, Colo., Nov. 3.—Seventeen persons were overcome by smoke in the Stewart hotel, 1752 Arapahoe street, about 1 o'clock this morning, when fire broke out in a leather store in the first floor of the hotel building.

Eleven of those overcome were guests of the hotel, the others firemen.

## Stiff? Sore?

## NOVEMBER 11 TO BE DECLARED A HOLIDAY

(By The Associated Press.)  
Washington, Nov. 2.—Armistice day, November 11, will be declared a national holiday in honor of America's unknown soldier to be buried that day in Arlington.

Congressional action on a resolution requesting the president and all governors to proclaim the day a holiday, was completed today through adoption by the senate.

Issuance of the proclamation by Mr. Harding is expected within a few days.

## CHARLES IS EN ROUTE TO WHAT APPEARS TO BE PERMANENT EXILE

(By The Associated Press.)  
Budapest, Nov. 2.—Former Emperor Charles was today on his way out of Hungary to begin what appeared to be permanent exile. He and former Empress Zita left Tihany yesterday for Dunafoldvar, a town on the Danube below this city, and there they went on board the British gunboat Glowworm. Arrangements have been made to land the erstwhile monarchs at Galatz, Rumania, a city about 100 miles from the mouth of the Danube.

Preparations were being made here today for a special session of the Hungarian national assembly tomorrow, at which time a resolution deposing the Hapsburg dynasty from the throne will be presented.

## KIWANIS CLUB OFFERS AID TO WAR MEMORIAL

Following an address of Major J. H. Toulouse to the Kiwanis club yesterday noon on the results of his eastern trip in regard to the proposed memorial hospital in Albuquerque to the War Mothers, the club voted to join in the support of the project. A committee will be appointed to cooperate with other organizations in backing the proposition.

The plan of Major Toulouse as outlined to the club is to erect a big memorial hospital in Albuquerque for tuberculous soldiers, the money to be raised by a national organization composed of representation from each state. He stated that he had met with success in the east on the proposition and had received several offers of large donations. He expressed the opinion that there would be no difficulty in getting the institution located in Albuquerque but that persons in other parts of the country would be convinced that the city really wanted the hospital enough to work for it.

Sidney Weil was another speaker at the luncheon. He spoke of a national organization, the National Cooperative Spirit in Albuquerque, raising the question: "What is the matter with the city and what can Kiwanis do about it?" The club voted to devote the meeting two weeks distant to the problem and to have a special booster program.

A letter was read from the Business and Professional Women's club asking Kiwanis patronage at the benefit dance at the Elks club on Friday evening. Recruiting for a club volleyball team to enter the city tournament was done by Guy Lauderbaugh. Resolutions of sympathy were passed to members of the family of N. M. Cudabac who was a member of the club.

The attendance prize, a box of cigars donated by E. J. Cavender of the Burroughs Adding Machine company, was won by L. J. Miller of the Atec Fuel company. Two silent hosts were given a Purple Razer by Walter C. Rabbe of Rabbe and Mauger, and a sample of instantaneous coffee by E. N. Boule of Gross Kelly. Leopold Meyer, a wool buyer, was voted a member of the club.

## 4 ARE SENTENCED IN U. S. DISTRICT COURT

(By The Associated Press.)  
Phoenix, Ariz., Nov. 2.—Sentences were imposed on four men in the United States district court here today.

David P. Driscoll, who was convicted of the illegal possession of liquor, was fined \$500 and costs. He filed notice of appeal to the circuit court of appeals.

Emmet Meeks, who was found guilty of transporting a stolen automobile from Los Angeles to Phoenix, was sentenced to fifteen months in the federal penitentiary at Leavenworth, Kans. Ernest Miller, who was tried upon a charge growing out of the same offense for which Meeks was sentenced, was found not guilty.

Louis Lim of Phoenix, and Wong Gar Kee of Casa Grande, both Chinese, were fined \$100 each after having been convicted of possessing narcotics illegally. The Phoenix man paid his fine but the other went to prison.

## MINERS IN BUSH MINE WERE IDLE WEDNESDAY

(By The Associated Press.)  
West Frankfort, Ill., Nov. 2.—Miners in the Bush mine, near Murphysboro, which is under the jurisdiction of President Fox, did not work today, according to reports to President Fox tonight. Miners there did not work as they read in newspapers that Illinois miners were to strike, following the decision of federal injunction regarding a checkoff of dues from miners' wages.

President Fox will visit Bush tomorrow and explain why the miners should remain at work, according to reports tonight.

## GERMAN SYNDICATE OFFERS TO REBUILD 12 SOMME VILLAGES

(By The Associated Press.)  
Paris, Nov. 2.—Representatives of a German syndicate called on M. Loucheur, minister of liberated regions, today and offered to rebuild twelve villages in the Somme district with German labor and material, the reconstruction to be considered as a charge against the reparations account under the Loucheur-Rathenau agreement. The minister told the Germans he would inform them of his decision Monday.

## CITY ELECTRIC IS ORDERED TO REPAIR STREET

### Commissioners Demand Immediate Repairs Between Car Tracks on North First Street to Tijeras Avenue.

The City Electric company was ordered by the city commission to immediately repair North First street paving between the street car tracks, from Central avenue to Tijeras avenue. This action was taken at the meeting of the commission last night when a resolution was passed covering the order and providing that if the work is not done at once, written assurance must be furnished that the entire street between Central avenue and Tijeras avenue will be repaired within three months.

Commissioners discussed the bad condition of the street and incorporated in the resolution the assurance that action had been delayed for a period of four years while the city was awaiting the fulfillment of promises on the part of the company.

City Manager James Gladding will acquaint the City Electric company with the commission's order this morning.

## REAL ESTATE MAN NOW GIVES FACTS ABOUT TROUBLES

"Nothing could give me more real satisfaction than the benefit I have received from a few bottles of Tanlac, for it not only restored my health but has built me up twenty pounds in weight also," said R. M. Manley, prominent real-estate dealer, with office at 1806 Alessandro St., Los Angeles, Cal.

"In the spring of 1918 I had a very bad case of indigestion. I had a miserable distressed feeling in my stomach all the time and I was losing weight constantly. My nerves were all upset and at night I could scarcely sleep. In fact, many a time I have had to sit up in a chair all night long. I became very weak, lost my energy and at times could hardly look after my business.

"I got a bottle soon after I heard of it, and the relief I got from it was so encouraging that I kept on taking it until my troubles had disappeared entirely. My appetite picked right up and I could eat just anything without feeling a sign of indigestion. The nervousness left me completely and at night my sleep was sound and restful. I regained my lost weight and went after my business with renewed energy. For I was feeling as strong and well as I ever was."

Tanlac is sold in Albuquerque at the Alameda Pharmacy and all other leading druggists everywhere.

## GERMAN SYNDICATE OFFERS TO REBUILD 12 SOMME VILLAGES

(By The Associated Press.)  
Paris, Nov. 2.—Representatives of a German syndicate called on M. Loucheur, minister of liberated regions, today and offered to rebuild twelve villages in the Somme district with German labor and material, the reconstruction to be considered as a charge against the reparations account under the Loucheur-Rathenau agreement. The minister told the Germans he would inform them of his decision Monday.

## WELL IT SHOULDN'T TAKE MUCH TIME TO COUNT THE BALLOTS

(By The Associated Press.)  
Joliet, Ill., Nov. 2.—An election will be held on the farm of R. Lorinson, near Plainfield, Saturday to determine whether he and his wife will join their farm to the Plainfield community school district. Mr. and Mrs. Lorinson will be the only voters. Mr. Lorinson will act as judge and his wife will officiate as clerk.

Mrs. Lorinson predicted today that the vote would be 2 to 0 in favor of joining the district. They have three children.

## BROWN REPORTS GUARD IMPROVED AT ENCAMPMENT

Adjutant General Henry Rolf Brown declared yesterday upon his return from El Paso, where the New Mexico national guard was in camp that an excellent outing for the men had also proved to be extremely profitable to the guardsmen. A considerable advance in their ability resulted from the two weeks spent in camp.

"We had 700 men there and experienced no trouble," stated General Brown. "Moving pictures of the encampment were taken and will be exhibited here later. All New Mexico officers gave a banquet for Gen. Robert L. Howe and the officers and staff of Fort Bliss which was returned by a dance."

"All instructions were carried out on schedule and the improvement in the men was tremendous. The pleasing part of the whole camp was the splendid co-operation between the men."

## TOMBSTONE BANK WILL REOPEN ON SATURDAY

(By The Associated Press.)  
Tombstone, Ariz., Nov. 2.—The First National bank of Tombstone, closed for the last two months, will be reopened Saturday morning, according to an announcement made by officials of the bank tonight. Final plans for financing the bank, it was stated, have been completed by attorneys for the president, Mrs. Mary Costello of Los Angeles, Calif. Mrs. Costello was elected president of the bank several days before its doors closed. Since then Mrs. Costello's attorneys have been working on plans whereby she would provide funds for the support of the bank.

J. P. Connolly, assistant cashier of the bank of Tombstone, will be cashier of the Tombstone bank when it is reopened.

M. P. Bludworth, former cashier and vice president of the Tombstone bank, is at present awaiting trial in the federal court at Tucson on a charge of misappropriating funds. He was arrested several days after the bank closed.

## TWO ACRES OF TIMBER BURN ON THE MANZANO FOREST LAND TUESDAY

A small forest fire in the Manzano mountains southeast of Albuquerque was reported in the Tajique district yesterday by Ranger L. A. Shartzer, of the Mountainair district. The fire, which burned about two acres of yellow pine timber was extinguished by the ranger and a corps of residents of the district, according to Shartzer's telephone message to the Manzano forest headquarters here.

Although the fire was not a serious one it is an indication of the extremely dry condition of the ranges at the present time, according to forest officials. This is the second fire season during which there is special danger of starting fires through carelessness on the part of hunters and ranchmen. The unusual fire risk continues until some moisture falls on the ranges.

## HEIR TO HALF MILLION GETS IN DUTCH HERE

The trials of Martin Bode, small town store keeper, who suddenly became a half million dollar man, were held here today. Bode was arrested yesterday morning in Albuquerque by the immigration officers as a German alien suspect. He was released however, when he was able to show proper papers.

Bode was on his way home to Albuqui, N. M., from his home there where he was appointed administrator in New Mexico of the estate of George H. Morten, merchant and postmaster of Rodey, N. M., who was found murdered in his home there on October 24. He is the only American heir to the estate which is estimated at more than \$500,000.

Upon alighting from the train at the station here he was approached by Immigration Inspector Harn who, from the man's bearing and aspect, suggested he was an alien working his way into the country from Mexico without the proper passports. Officer Harn took the heir to a fortune aside and asked to look over his identification papers. He was surprised to learn whom he had stopped.

As a matter of fact, Bode has not yet completed his naturalization. His first papers have been filed in Santa Fe and the second ones are about to be filed, according to Officer Harn. Bode showed a discharge from the German army in 1914 in which year he first came to the United States. He also showed papers for the \$50,000 bond which he gave as administrator of his uncle's estate. Other heirs still reside in Germany.

## ARTESIA HIGH SCHOOL FOOTBALL TEAM MEETS ROSWELL NEXT FRIDAY

(Special Correspondence to The Journal.)  
Artesia, N. M., Nov. 2.—Unusual interest is being manifested in the football game to be played between the Artesia high school and the high school eleven from Roswell. This will be the big game of the season for the local team. Roswell high gridsters claim the state high school championship, since defeating the first Albuquerque team by a 39-to-0 score on last Saturday. The Roswell lads have had no team to score on them this season. Clovis met defeat at their hands by a score of 25 to 0. Portales was also defeated by a 51-to-0 score.

## PRISONERS LIBERATED

Dublin, Nov. 2.—It is announced that ten prisoners in the Ballylinch internment camp here were liberated today. The release was considered here as indicating a general release of prisoners is not distant.

## DROUTH HAITS PLANTING

## MOST PITIFUL SIGHT IN LIFE

is a man or woman who has no "will-power" as a result of nerve force exhaustion.

All the physical suffering which may be caused by nervous irritability, headache, backache, indigestion, heart palpitation, etc., as a result of nerve exhaustion, are nothing as compared with its awful effects upon the mind and "will power."

The most pitiful sight in life is a man or woman who has "no will"—who has no "will-power" to carry them through. The memory also fails, the judgment is lost, and everything therefore seems to go wrong.

In such cases, do not take mere stimulant medicines, nor narcotic drugs (which only further injure your delicate nervous system), but what you need is something to put more nerve force into your nerves and more into your blood to help make new nerve force. This is what Nuxated Iron does. It is not a mere stimulant, but the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most resembles that in the brain and nerve cells of man. It also contains strength-giving organic iron for the blood and may therefore be said to be both a blood and a nerve food. Over 1,000,000 people are using it annually. Satisfactory results are guaranteed to every purchaser or the manufacturers will refund your money. Beware of substitutes. Look for the word "Nuxated" on every package. Sold by all druggists.

## How To Remove Skin Blemishes

Such as Blackheads, Pimples, Tan, Freckles and Liver Spots.

Begin tonight. Cleanse the skin with warm water and Black and White Soap. With the tips of the fingers, lightly apply Black and White Beauty Cream (fragrant beautifying cream). Allow it to remain overnight. The next morning, again cleanse the skin with warm water and Black and White Soap.

If the skin is the least tender or irritated, use little bits of soothing Black and White Cream. You can then apply face powder and rouge, if desired. From the beginning, you'll be delighted with this beauty treatment because it is so sure, so simple and inexpensive.

All drug stores guarantee and sell Black and White Beauty Cream 50c; Black and White Soap 25c; Black and White Cleansing Cream 25c and 50c the package.

Write for your copy of the Blemish and Drouth Book, and a leaflet which tells you all about the merits and uses of Black and White Toilet Preparations. Address Dept. B, Plough, Moline, Tenn.

## ROTARIANS HAVE 'U' PROFESSORS AT LUNCH TODAY

Members of the local Rotary club will have as their guests at their luncheon this noon, the members of the university faculty. Through an error, the meeting was announced for this evening, but will be held at the regular time at the Alameda hotel.

The program of the meeting has been placed in charge of John D. Clark, Ph. D., professor of chemistry and dean of the graduate school at the university. Professor Clark has arranged for an address by Dr. Charles Florus Coan of "American Universities, Their Development and Ideals."

The Rotarians are charged with the duty of getting better acquainted with the faculty members and are to see that no two of the guests sit together at the lunch.

## U. S. WILL RECEIVE 40 CENTS IN TAXES ON EACH CASE BEER

(By The Associated Press.)  
Washington, Nov. 2.—The government will receive 40 cents in taxes on each case of beer sold for medical purposes under the new treasury regulations. It was said today by treasury officials.

Under existing revenue laws, officials explained, the tax on beer containing more than one-half of 1 per cent of alcohol is \$6 a barrel of thirty-one gallons, and the tax on smaller amounts in proportion.

## RANGER TO DIRECT ROAD REPAIR WORK IN TIJERAS CANYON

Prompt action on the roads in Tijeras canyon when the work will be most effective will be possible under the new arrangement made between the Manzano forest officials and A. E. St. Morris, district engineer, giving the ranger at Tijeras authority to direct the road work.

Under the new arrangement, Ranger C. L. Warnock will hire teams to drag the roads immediately after rains, thereby taking advantage of the moisture. Formerly it was necessary to apply for road work through the forest service or officials of the state engineer's office which sometimes resulted in a delay which made the dragging of roads very ineffectual.

## How Not to Take Cold

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold sponge bath every day in a warm room, avoid over heated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming over heated and then chilling and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

## COAST GUARD CUTTER SPEEDS TO THE AID OF DISABLED SHIP

(By The Associated Press.) Jacksonville, Fla., Nov. 2.—The coast guard cutter Yamacraw left port late today in response to a wireless report from her sister ship, the Tallapoosa, that she had broken her propeller shaft while towing a derelict schooner off the Florida coast.

Marine men said the Tallapoosa was in no danger while the weather remained as good as today and as forecasts for tomorrow predicted, although the vessel probably was drifting.

The famous clock of Beauvais cathedral is said to be composed of ninety-two thousand separate pieces.

## SLOAN'S RELIEVES NEURALGIC ACHES

FOR forty years Sloan's Liniment has been the quickest relief for neuralgia, sciatica and rheumatism, tired muscles, lame backs, sprains and strains, aches and pains.

Keep Sloan's handy and apply freely, without rubbing, at the first twinge.

It eases and brings comfort surely and readily. You'll find it clean and non-staining.

Sloan's Liniment is pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

## Sloan's Liniment

Stops itching skin troubles

The torture of skin itches will quickly be relieved by applying before retiring Sloan's Eczema Ointment. One of Dr. Hobson's Family Remedies.

Dr. Hobson's Eczema Ointment

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

The population of the British Empire exceeds one-quarter of the world's population.

## Cuticura Is Wonderful For Your Hair
