COUNTY DEMOCRATIC CONVENTION TO BE HELD SATURDAY, AUGUST 7

The Democratic precinct conventions will be held Friday afternoon of this week for the purpose of selecting delegates to the county convention which meets at the court house in Clovis at 2:00 p. m. Saturday.

The precinct conventions in Clovis will be held at the City Hall and the court house and will convene promptly at 4:00 o'clock. The women are especially invited to attend and take an active part.

The County Convention

Much business is to be transacted at the county convention Saturday. Eighteen delegates are to be selected to the state convention which convenes at Las Vegas on the 24th. In addition to this a county chairman, a vice chairman and two members of the County Central Committee will be chosen. In all probability a woman will be named as vice chairman as there is a feeling by all local democrats that the women voters should be accorded an active part in the coming campaign.

HARDING MAY STRAY A BIT FROM HIS PORCH

Marion, O.—To what extent Senator Harding will deviate from his front porch campaign policy has not yet been determined, though the general impression prevails among many Republicans, that there will be some speeches made by the republican presidential nominee outside of Ohio before the campaign closes. Senator Harry S. New, Chairman of the speaker's bureau of the national committee, said after a conference with Harding: "it may be that the occasion will arise and Senator Harding will speak elsewhere than from his front porch, but this is for the future to determine."

GROWTH OF CITIES IS COMING FROM FARMS

The rapid growth of the ten chief cities of the United States during the last decade appeals to the cartoonist of a film news service as a record presenting worthy cause for pride. But figures from five counties in Missouri and Oklahoma, comprising some of the best farming land in the country show, in the census returns a decline in population of some 46,000. Would it not be well for the cities, before they congratulate themselves too heartily on their increase in the census tables, to ascertain where the added population comes from, and whether enough men are going to be left on the farms to feed those who have gone from them? And is it altogether a cause for pride that, for economic or other reasons, men are apparently leaving the farms as rapidly as ever they can?

HOME FROM VACATION

Dr. J. W. Board and family and A. W. Hockenull and family returned Saturday from a two week's camping trip in the mountains near Las Vegas. Mr. and Mrs. W. H. Pattison, who accompanied them, returned Monday night.

TRADED BUSINESSES

W. I. Miles has traded his interest in the Alameda Ice Cream and Bottling Works to Mr. Glidewell for the second-hand furniture business he has owned on South Mitchell St., at the old Model Laundry building. Mr. Miles has also bought the stock of the Shapland Furniture Co. and will consolidate it with his store just purchased.

VISITED POINTS IN NORTHWEST

Dr. and Mrs. Clyn Smith and little son returned the first of the week from an extended trip to points in the northwest. They visited Denver, Salt Lake, and a number of places of interest and while away the doctor took a special post-graduate course.

WILL INSTALL CONDENSER

City Manager Oscar Dobbs and Dalton Mack have gone to Jayton, Texas, where a condenser has been purchased for use at the city plant. They will bring it home in a truck.

SCHOOL BUILDING GOING AHEAD VERY RAPIDLY

Work is progressing nicely on the new Eugene Field school building now. A car load of brick was unloaded this week and others are in transit and there will not likely be any delay from this source. The stone for the trimming is also in transit. The local labor situation has also improved to the extent that more men can be worked. Contractor J. W. Mordecai says he anticipates that the building will be completed and ready for use by January 1.

Excellent workmanship is going into this building and it is going to be a credit to Clovis when it is completed.

\$8,710,000,000 A YEAR ON LUXUREIS

Washington—People of the United States spend \$8,710,000,000 for luxuries annually, according to Miss Edith Strauss, head of the Women's Activities Division of the department of justice campaign against high living costs. She classes in her luxury list such articles as motor cars, pianos, carpets and "luxurious clothing," in addition to tobacco, candy and soft drinks.

Tobacco leads the list of luxuries. Miss Strauss has prepared, and on it the people spend \$2,110,000,000 each year. Cigarettes bring \$800,000,000, snuff and loose tobacco a like sum, and cigars \$510,000,000.

Approximately \$2,000,000,000 goes each year for motor cars and their parts. Candy makers reap a harvest of \$1,000,000,000, and 50,000,000 is spent annually for chewing gum. Soft drinks cost the public \$350,000,000, perfumery and cosmetics, \$750,000,000; furs, \$300,000,000; carpets and "luxurious clothing," \$1,500,000,000; toilet soaps, \$100,000,000, and pianos organs and phonographs, \$250,000,000.

"The labor and capital employed in producing these luxuries might otherwise have been turning out necessities—clothes, fuel, shoes, house, food," Miss Strauss finds. "In other words, the nation might have had more bread if it had had less cake. And, as is always the case, the dancer is paying the fiddler. In this instance the luxury consumer is paying a higher price for his necessities because he is abnormally consuming luxuries."

The statistics were collected by the treasury department.

LAST OF MATERIAL FOR HOSPITAL ENROUTE

J. W. Mordecai, who has the contract for erecting the Baptist hospital says that the last material has been shipped and is expected to arrive most any time now. When this material comes in Mr. Mordecai says there will be little delay in getting the building completed.

THINKS HE IS A STRONG CANDIDATE

The announcement of former Attorney General Harry L. Patton of Clovis that he will be a candidate for the Democratic nomination for supreme court judge at the state convention to be held at Las Vegas August 24th, has just been received in this city by friends of Patton.

Attorney Patton is a strong campaigner, as evidenced by his victory over Frank W. Clancy for the office of attorney general in 1916.—Columbus Courier.

Hon. Harry L. Patton of Clovis, former Attorney General, is an open candidate for the Democratic nomination for Justice of the Supreme Court, at the Democratic State Convention to be held at Las Vegas on August 24th. Mr. Patton is recognized as one of the leading lawyers of the state, has a clean record as an officer, and is well and favorably known all over the state. Should he receive the nomination it is a foregone conclusion that he will be one of the strongest candidates on the Democratic ticket.—House Pioneer.

BOWYER SAYS WILL NOT RUN FOR STATE SUP'T

Friends of E. W. Bowyer from all parts of the state have been urging his candidacy for the Democratic nomination for State Superintendent since he was mentioned in the papers last week. In conversation with the News man this week, Mr. Bowyer said: "I appreciate very much the offers I have had for support from all parts of the state but you may state that I will not be a candidate for the position. In the first place, I have a contract with the Board of Education of Clovis to act as superintendent of Clovis schools and my first interest is in this work, and again, the state superintendent must have lived in the state for a period of five years to be eligible for the position and I have not resided in the state that length of time."

Mr. Bowyer has received scores of letters during the past week asking him to make the race.

FINE CROPS IN OKLAHOMA

A. E. Curren returned this week from a business trip to Kansas City, points in Oklahoma and elsewhere. Mr. Curren says Oklahoma has wonderful crops but that money matters are a little tight and there is not a great deal of interest in oil development for this section.

WHY TAKE HIM OFF OF THE OLD JOB?

Marion, Ohio, Aug. 2.—Harding, going to prove to the public that he is a real printer, today threw aside his coat, rolled up his sleeves and "made up" the first page of his paper, while a motion picture machine recorded his actions.

A BAD MUD HOLE

There is a very bad mud hole near the Santa Fe crossing on the road leading out of town to Texico and Portales that is giving Clovis some very unfavorable advertising. Every auto tourist that comes into town must pass over this road and naturally it does not create a very favorable impression.

BOND SALES ARE SLOW

Representatives of firms interested in selling the city equipment for the water and light plant and handling the bonds issued for same have been in Clovis this week. The city has so far been unable to make any satisfactory sale of the bonds.

MARKING ABO PASS ROUTE THIS WEEK

Remarkable progress has been made in marking the Abo Pass Highway through New Mexico and Texas. The route has been marked as far east as Hereford and by the time the Abo Pass Highway convention, which will be held in Clovis, Monday, Aug. 16th, it is expected that the marking crew will have reached the Ocean-to-Ocean Highway at Belem on the Rio Grande River. At the Clovis convention, arrangements will be made to complete the markings thru Canyon, Amarillo, Panhandle, White Deer, Miami, Canadian and Higgins, Texas. The convention will locate the route from Higgins through Oklahoma, and Kansas to the Missouri River at Kansas City. It will probably pass through Arnett and Enid, Oklahoma, and then north into Kansas by way of Wichita and Emporia to Kansas City, at which point it will connect with the National Old Trails Route to the east.

There is a movement on foot to end the route at Albuquerque, the largest city in the state. This will be threshed out at the convention and will probably be adopted as the movement has a strong following, according to D. W. Jones, secretary of the Clovis Chamber of Commerce.

The markings of the Abo Route are very distinctive and can easily be read by autoists at a long distance. The colors are bands of red and yellow, the Indian's favorite color, over which is super-imposed a broad arrow. This marking will be registered in the U. S. Patent office at Washington.

BIG RAIN INSURES WONDERFUL FEED CROP

On Tuesday night of this week Curry County got the best rain that has fallen here in several months. In Clovis the precipitation amounted to two and one-fourth inches while all over the north part of the county it is reported as having been heavier. The rain insures a wonderful yield of kaffir, maize and other crops. It is estimated that there will be in the neighborhood of two million bushels of maize, kaffir, corn and grain crops of this nature harvested this fall in the county, which will be the largest crop the county has ever produced. The moisture will also be of great benefit to the land that is being prepared for wheat this fall, and all indications point to the fact that the greatest acreage ever put out in the county will be sown.

MARRIED AT AMARILLO

Fayette Copeland, Jr., of this city, and Miss Edith Jamieson of Edmond, Okla., were married at Amarillo on Thursday morning of this week. The wedding took place at the Methodist parsonage there, the ceremony being performed by Dr. H. F. Brooks, pastor of the Methodist Church at that place. The bride was accompanied to Amarillo by her mother, Mrs. W. C. Jamieson, and Miss Lucy Hampton of Edmond, Okla., and the two and Miss Bettie Wileman and Mr. C. H. Wileman of Amarillo, friends of the bride and groom, were the only ones present at the ceremony.

The bride and groom will return to Clovis this week and make their home here.

The bride has been a teacher in Oklahoma schools and has made a marked success in her profession. The groom has lived in Clovis for the past several months and for the past two months has been with the News. He is an efficient young man and the News force wishes him and his bride all the happiness possible.

MR. AND MRS. MANDELL ARRIVE HERE WEDNESDAY

Mr. and Mrs. A. Mandell and Mr. Mandell's little daughter, Pauline, arrived in Clovis on Wednesday of this week. Mr. Mandell has been away from Clovis for several months having spent some months at his childhood home in France. He says France is recovering from the effects of the war but everything there costs unheard of prices, everything being much higher than in America.

Mr. and Mrs. Mandell spent several days at Albuquerque and El Paso before coming home. The News joins the many friends of Mr. Mandell in extending congratulations and welcoming him and his bride home.

WILL BUILD BEAUTIFUL HOME ON GIDDING STREET

J. W. Mordecai recently purchased the Sam Bratton lot on North Gidding Street where he will erect a modern brick home. This is one of the choice residence locations of Clovis.

SHRINE CEREMONIAL AT AMARILLO IS POSTPONED

The Khiva Shrine Ceremonial, which was scheduled at Amarillo for August 6th and 7th, has been postponed awaiting the visitation of the Imperial Pocerante. More than fifty Shriner's from Clovis had planned to attend.

GORE DEFEATED

Oklahoma City.—United States Senator Gore is running far behind Scott Ferris, democratic candidate for the senatorial nomination on the returns from Tuesday's state-wide primary.

WILSON'S PHYSICIAN TAKES VACATION; THE PRESIDENT IS BETTER

Washington, Aug. 3.—Rear Admiral Cary T. Grayson, President Wilson's physician, started on his vacation today, explaining that he was going by direction of the president. Dr. Grayson said the president had shown such marked improvement of late that it was not necessary to put him in the care of another physician.

SOME VALUATIONS SHOWN ON CURRY COUNTY'S TAX ROLLS

PLANS UNDER WAY FOR FAIR THIS FALL

A meeting of members of the Curry County Farm Bureau was held at the office of the County Agent on Wednesday of this week to discuss the matter of holding a fair this fall. It was the unanimous decision that a fair should be held and ways of financing the proposition were discussed. It was suggested that a good plan would be to pro rate the expense among the different localities of the county in the same manner as the rural telephone proposition was handled.

A meeting will be held at the rooms of the Chamber of Commerce on next Saturday afternoon at 2:00 o'clock to discuss plans with the Chamber of Commerce toward perfecting a permanent fair organization and going to work immediately to put the fair over for this fall.

CLOVIS MEN PURCHASE BANK AT SLATON

The officers of the First National Bank of this place have purchased the First State Bank at Slaton, Texas, which is the leading bank in that thriving little Texas town and has a capital stock of \$40,000.00 and about \$600,000.00 on deposit. W. M. Ford, who has been with the First National here, left for Slaton Wednesday morning and will be actively connected with the bank there.

BAILEY'S LEAD 1856 LATE REPORTS GIVE

Dallas, Texas, Aug. 3.—Returns from 247 counties received by the Texas Election Bureau, 216 of which are complete, show Bailey leading Neff by 1856 votes. At the close of counting Tuesday night Bailey had 161,125 votes, Neff 149,268, Thomson 99,012, Looney 48,649.

JAMES A. HALL IS NEW REVENUE COLLECTOR

James A. Hall of Portales has been named as collector of Internal Revenue to fill out the unexpired term of Carl A. Hatch, who resigned several weeks ago to give more attention to his practice in Clovis. Mr. Hall expects to move to Albuquerque about the middle of the month to take charge of the affairs of the office. He received his appointment a few days ago, and as soon as the final papers come through from Washington, he will take over the office.

Mr. Hall has been practicing law in the state since 1906. He moved to the state in 1905. His activities along legal lines have included membership in the Constitutional Convention of the state in 1910 and assistant district attorney for the fifth judicial district.

WILL TAKE PART IN NATIONAL RIFLE SHOOT

Robert R. Miller has been chosen as one of the twelve members of the New Mexico civilian rifle team that will compete in the national rifle shoot that will be held soon at Camp Perry, Ohio. This will be the fifth time Mr. Miller has participated in the national rifle shoot. Three times he has gone as a member of the national guard and this time will be the second time as a civilian.

ROOSEVELT WILL NOT VISIT NEW MEXICO

New York, August 3.—The complete itinerary of the western speaking tour of Franklin D. Roosevelt, democratic vice presidential candidate, beginning in Chicago August 11 and ending in Indianapolis August 31, was announced at democratic headquarters here today. The tour will be made in a special car. No New Mexico points are scheduled.

Tax Assessor George Roach has finished the tax rolls and they have been sent to Santa Fe for approval. The total assessed valuation of the county this year is \$11,305,385.00 as compared to \$10,844,540.00 in 1919. There has been a gain in the number of hogs, horses and mules, while there are not so many cattle or sheep as in 1919. The rolls show the county to have 19,223 cattle this year against 20,616 in 1919; 3,017 hogs as compared to only 1063 last year. This year there are 6,888 horses and mules while last year the tax assessor only found 7,700. Sheep show a decided falling off for some reason, this year there being only 4,300 as compared to 8,031 in 1919.

Following are some of the valuations shown on the rolls Mr. Roach has just completed.

Total value of town lots and improvements	\$1,774,430.00
Farm lands cultivated	\$1,172,339.00
Grazing lands	\$2,487,582.00
Equity in State Lands	\$123,541.00
Farm and Ranch	
Improvements	\$571,925.00
Horses and Mules, number 6,888	364,325.00
Cattle, No. 19,223	729,065.00
Sheep, No. 4,300	30,630.00
Swine, No. 3,017	28,340.00
Farm and Ranch	
Equipment	\$200,751.00
Mercantile Equipment	64,405.00
Merchandise	616,751.00
Autoc, No. 760	283,615.00
Professions and trades	18,515.00
Plants, Tools and	
Machinery	54,480.00
Household effects	\$178,335.00
Railroad	\$2,546,958.00
Telephone Co.	34,715.00
Telegraph Company	6,394.00
American Railway Express Company	7,860.00
Banks	301,901.00
Other Corporate Prop.	60,370.00
Total value of	
County	\$11,753,163.00
Exemptions	\$359,655.00
Soldiers' and Sailors' Exemptions	\$88,125.00
Final Assessed Value	\$11,305,385.00

TWO THRESHER FIRES FROM SAME WHEAT STACKS

The R. C. Vinyard thresher came near being destroyed by fire at the Moore farm near Claud the early part of the week. It caught fire three times but each time the fire was extinguished before a great deal of damage was done. While trying to thresh wheat at this same place a few weeks ago the Dave Shinn thresher caught fire and was burned, together with two or three stacks of wheat. Mr. Vinyard had come with his thresher to finish the work started by the Shinn machine. Threshermen are at a loss to know what caused the fires while threshing this particular wheat unless it was smut.

SMALLER DELINQUENT LIST

The delinquent tax list of Curry County for the year 1919 is being printed in the News this week. The list is only about one-third as large as the one printed last year.

OFFENDER ESCAPES BY TECHNICALITY IN LAW

With evidence piled up against him and with the finger of justice directed straight at him, a Mexican who stole three chickens late last week was cleared in a trial in the city court, because there is no city ordinance against appropriating members of the feathered tribe. D. B. Hughes followed a hot trail into the offenders residence on West Otero Street, and searched the premises. To retaliate, the Mexican later filed suit against Mr. Hughes for searching the place without a warrant, and it was only through a technicality that he escaped being convicted.

The case of the Mexican will probably be brought up in the district court if the offense can be considered larceny, and in the meantime the city council will probably enact an ordinance to prevent chicken stealing from becoming a popular sport.

BELL RINGERS IN DEMOCRATIC PLATFORM

Only by immediate ratification of the Treaty without reservations may we retrieve the moral leadership which President Wilson won and which Republican politicians at Washington sacrificed.

The railroads were subjected to Federal control as a war measure. When human life and national hopes were at stake, profits could not be considered.

We remind the people that it was only by the return of a Republican Senator in Michigan who is now under conviction and sentence for the criminal misuse of money in his election, that the present organization of the Senate with a Republican majority was made possible.

Believing we have kept the Democratic faith, and resting our claims to the confidence of the people not upon grandiose promise, but upon the solid performances of our party, we submit our record, to the nation's consideration.

A review of the record of the Democratic party during the administration of Woodrow Wilson presents a chapter of substantial achievements unsurpassed in the history of the Republic.

For fifty years before the advent of this administration periodical convulsions had impeded the industrial progress of the American people. By the enactment of the Federal Reserve Act the old system, which bred panics, was replaced by a new system which inspired confidence.

Under Democratic leadership the American people successfully financed their stupendous part in the greatest war of all time.

After a year and a half of fighting in Europe and despite another year and a half of Republican ob-

struction at home the credit of the United States stands unimpaired. Claiming to have effected great economies in government expenditures the Republican party cannot show the reduction of one dollar in taxation.

The Republican Congress* raged against profiteers and the high cost of living without enacting a single statute to make the former afraid of doing a single act to bring the latter within limitations.

For nearly half a century of Republican rule not a sentence was written into the Federal Statutes affording one dollar of bank credits to the farming interests of America. In the first term of this Democratic Administration the National Bank Act was so altered as to authorize loans of five-year maturity on improved farm lands.

The Republican leaders at Washington have failed utterly to propose one single measure to make rural life more tolerable.

The whole people have a right to insist that justice shall be done to those who work, and in turn that those whose labor create the necessities* must recognize the reciprocal obligation between the worker and the state.

Labor, as well as capital, is entitled to adequate compensation. Each has the right of organization and collective bargaining.

COX ON HARDING

"Harding is a man of great personal charm. Strange as his convictions may appear to me, he is perfectly sincere in his belief that the future welfare of the country lies in the custodianship of the Republican party under the policies which he represents. He is of the McKinley type, brought up in the Old Guard Republican faith. I respect his journalistic achievements, but we stand very far apart."

HARDING ON COX

"I don't know what he thinks of me, but Cox is a shrewd man, possessor of great political wisdom, and has made a very able governor of Ohio, whom the people like and approve. He has done many things in Ohio. Cox is smart. He understands politics. He makes a very impressive speech. I have great respect for his newspaper ability."

TIPS FROM TEXAS

(Dallas News)

Another reason why some women wear stilt heels is because they would rather seem to have feeble brains than flat feet.

And as a general thing, when a man and his wife go on a summer trip together she remembers where the fine scenery was and he recollects where they fed him well.

Certainly it is none of our business, but if we were going to wear a mustache at all it would be one that looked like it was indigenous to a man.

Personally we doubt if Solomon was really the wisest man in the world, but he did have a practical way of avoiding breach of promise suits.

WHAT TUBERCULOSIS DOES

These facts have been gathered together by experts on the staff of the National Tuberculosis Association to help in the campaign to fight the spread of tuberculosis.

Tuberculosis kills producers; chiefly men and women between the ages of 16 and 45.

It claims workers; active men and women in the homes, the office and the shop.

It causes 150,000 deaths in the United States every year.

It costs the United States in economic waste alone about \$500,000,000 annually.

More than 1,000,000 persons in this country are suffering from active tuberculosis right now.

It menaces every community, every home and every individual.

And yet tuberculosis is curable and preventable.

It is spread largely by ignorance, carelessness and neglect.

Mary Pickford and Douglas Fairbanks were very much surprised, and some say humiliated, because Paris did not notice them on their arrival as London did. Mary and Doug have bought a chain of theatres in England, Holland, Scandinavia, Belgium, Germany and Switzerland.

Flu and its after effects are successfully treated by Osteopathy. tfe

Gov. Cox's daughter is related to Senator Harding on her mother's side and calls him "uncle." Whether her father wins or loses she will have a relative in the White House.

It has always been an accepted fact that Paris led the way in fashion of dress and that America followed suit, but now the reverse seems the case. Overall, the outcome of American genius of making the best of things, have become the vogue in the French capital. Parties of people in overalls drive in the Bois de Boulogne, and attract attention in the boulevards, merry parties fortify each other in this progressive movement. The climax was reached when two little Pekinese dogs were seen waddling after their mistress clad in the popular raiment.

IN ROLLING STONE CLASS

They used to say if a horse rolled over he was worth a hundred dollars, but if an automobile rolls over it isn't worth a d—n.

1,999,999,999 TO 1

The last census shows that there are nearly two billions on earth, and you are one of them—1,999,999,999 to 1.

When you get a little chesty in the head, think of the other 1,999,999,999, and out of this herd of humans it is reasonable to assume that your

absence from earth would not stall things.

You might be missed by your family and friends, but 1,999,999,999 people would probably go on without you.

I treat all diseases and disorders of women—and attend confinement cases. Dr. H. R. Gibson. 10-30-tfe

J. FRANK NEEL'S BIG STOCK SALE

THURSDAY, AUGUST 26, 1920

At 10:30 o'clock Sharp

Sale on J. Frank Neel Farm 2 Miles West of Clovis, N. M., on Abo Pass Route

Selling All Stock and Implements

Having sold my farm and moving to my sheep ranch I will hold a public sale on the farm two miles west of Clovis, consisting of all live stock, farm implements and household goods to the highest and best bidder, Thursday, August 26, 1920, commencing at 10:30 o'clock.

70 Head of Pure Bred Duroc-Jersey Hogs

Including 20 head bred sows of the best type—will farrow in September. Three of the best herd boars I could buy in Kansas and Texas. Thirty spring gilts and several good boar pigs. These are real top-notchers.

(Mr. Neel didn't consider the price in buying this stock. He bought for quality and breeding, regardless of price. Part of these hogs were bought at the well known Magnolia Stock farm of Sealy, Texas; Zink Stock Farm, Turon, Kansas; Fairview Stock farm Minneapolis, Kansas; George Shepherd, Lyons, Kansas, and I want to say I have seen this stock and know it to be the best by far I have ever had the opportunity to sell, so we will appreciate your coming and seeing it before the sale. —V. Tate, Auctioneer.)

20 Head Good Young Durham Cows

One pure-bred Holstein four years old.
One extra good three-year-old Jersey.
All will be fresh this fall and early winter.
Ten head of pure-bred Hereford calves.

Automobile

One Studebaker, six-cylinder automobile in good shape, new casings.

A pure-bred Duroc-Jersey gilt, valued at \$150, will be given to the man or woman whose purchases total the most money at this sale. \$10 in cash will be given to the party who comes the greatest distance and purchases a pure-bred Duroc pig or hog. \$10 will be given to the party who buys the highest priced hog of the sale.

TERMS OF SALE—All amounts under \$10.00 cash. Over that amount a credit of six months will be given at 10% interest. 2% discount will be given on amounts over \$10.

Horses and Mules

One span five year old work mules.
One span nine year old work mules.
One span of registered Percheron work geldings 3 years old, weight 1800 pounds.
One span pure bred (but not registered) geldings, 4 and 5 years old, weight 1800 pounds.
One pure bred Percheron mare 11 years old with fine horse colt by side from registered Percheron horse.

Implements

One new McCormick mowing machine.
One new McCormick hay rake.
One disc harrow.
Three two-section harrows.
One new set of work harness.
Two walking plows.
All household furniture including several Axminster rugs, Columbia Grafonola, oil range, chiffoniers, dressers, bedsteads, etc., and many other articles.

Chickens

100 pure bred White Leghorn hens, all young.

LOCUST GROVE
We had an excellent rain Monday night and everything is growing and looking fine, which of course makes the farmers smile.
Mr. Will Wiggins is driving a Maxwell car which he traded for recently.
Mr. and Mrs. R. N. Hagler left Sunday morning for Hot Springs, N. M., for the benefit of Mr. Hagler who has been in ill health for some time.
We had an excellent singing Sunday night. Mr. Welch, the singer, was with us. He expects to begin singing at Moye Chapel next Monday.
Mrs. Kate Taylor is visiting relatives at Portales at present.
Sheriff Hardin Douglass and family of Muleshoe, visited at the home of Mr. and Mrs. Sam Rando Sunday.
Miss Golda Redell of Texico, is visiting Miss Mildred Hagler this week.
A number from this community took a trip out in the state last week visiting the state capital and other prominent towns.
Messrs. Orman Landon, Aaron and Robt. Williams and families motored to Somerfield Sunday and visited relatives.

CROSS-EYED JANE.
There was a big turkey dinner at T. J. Rando's Sunday, celebrating their 31st wedding anniversary. Several relatives and friends and neighbors were present and an enjoyable time was had by all.
Did you attend the big land sale that was held here Monday? Messrs. Bart Osborne and Buck Gee were the buyers of the C. W. Harrison 480 acres west of Texico; Mr. Wm. Harpold was the buyer of the J. E. Vir-den 480 acres; Mr. Orman Landon the buyer of the Campbell farm.
Mr. Buck Gee sold his place at Moye Chapel Saturday to Mr. Lewis.

POINT ENTERPRISE
A large crowd was out Sunday night at the school house to hear Rev. Struble preach the closing service of the revival meeting.
Mr. Cheely of Clovis visited his daughter, Mrs. Ed Joiner last week.
Mr. and Mrs. Chaney and daughter, Laura, and Mr. and Mrs. Jack Welsh visited the T. G. Welsh family Sunday.
Mr. and Mrs. Struble, Lolamae and

Billie Burnett and Mr. and Mrs. Joe McGregor visited the Woodward family of Pleasant Hill Sunday.
Miss Maudie Jones, visited the Misses Meador Thursday afternoon.
Mrs. Dave Matthews and children, and Mrs. Litterell, who have been visiting the Lewis family, left this week for their homes in St. Louis. They were accompanied by Mrs. Matthews' brother, Stanton Lewis.
Miss Myrtle Cox of Roswell spent Saturday night with Claudia Meador.
Mr. Hall of Moye district took dinner in the Struble home Thursday of week.
Miss Marie Wells of Texas is visiting her cousin, Miss Stella Single last week.
Mrs. Dave Matthews and children Mrs. Litterell, Mrs. Lewis and daughter, Elsie, took dinner with Mrs. Norby Aycock, Wednesday of last week.
Messrs. W. G. and Bob Collins, Claud Caffee, and Hunt of Crowell, Texas, spent Saturday night in this neighborhood. They were out in this country prospecting. They bought land near Grady.
Mr. and Mrs. Carnahan left this week for Tennessee to visit relatives.
Mrs. Thomas, Claud and Alma Thomas of Blacktower spent Monday in the Wilson home.

CAMERON NEWS
E. W. Leach and S. J. Lobban left Friday for a business trip to Hobart, Okla., returning Monday.
Rome Isler had quite a misfortune Saturday night. Thinking his car was leaking gasoline he lighted a match which caused the tank to explode and burn up the car. He was at the home of Jack Brocharo in the valley and the car was a Dodge belonging to his sister, Mrs. Josie Crecellus.
Carl Wilkinson and F. J. Boyle left Saturday to go west to look for a location.
Mr. Peel of Duncan, Okla., is here visiting his daughter, Mrs. Aline Scott.
The lightning came down the stove pipe and slivered the floor in Dewey

Pulliam's home last week.
Jim Hendrix and family of Clovis spent Sunday at the home of E. W. Leach.
Albert Green and family and Ben Mason and family both of Ponca City, Okla., arrived the last of the week, and they and Mrs. Katie Fooks of Texico are visiting at the home of C. L. Miller. Mrs. Green, Mrs. Mason and Mrs. Fooks are Mr. Miller's daughters.
Poster Scott is building a new room on the south side of his house. However, he came near losing his house Sunday morning when it caught fire from the stove pipe.
Quite a number of threshers were busy in this neighborhood before the rain. The wheat is making a better average than was expected.
Mrs. Mollie Miller was quite sick the first of the week.
Mr. Cotton and son of Ft. Sumner are freighting wheat to market for the public here.
Mr. Bell of Canyon, Texas, was here Monday in the interest of his threshers. Because of the very heavy rain that fell Monday afternoon, he and his men returned home till the weather fairs up sufficiently to resume work.
Dr. Carver of Grady preached at New Hope Sunday morning. His wife

accompanied him.
A good sized crowd attended the singing at the home of A. A. De-thrage Sunday night.
Rev. Cameron expects to begin a protracted meeting at New Hope next Sunday, August 8th. There are to be all day services and dinner on the ground that day, also an ordination service.
If its news The News wants it.
The VACCINE That Made Kansas Famous
This is the original formula Kansas Germ Free Vaccine (Aggression) which has revolutionized Blackleg treatment. It originated thru experiments at Kansas Agricultural College directed by the president of this company in person. One dose prevents Blackleg. Proved on over a million calves. Absolutely reliable—one trial convinces.
U. S. Blackleg Vaccine 20c per dose.

CLEVELAND BABY INHERITS 60 BARRELS OF WHISKY

Sherman Goodfrind of Cleveland is only 2 years old, and therefore he cannot realize what it means to be the owner of 60 barrels of 100 proof whisky. His father's will, filed in the probate court here, wills him the liquor.

The will stipulates that the liquor shall be sold and the proceeds held in trust for Sherman until he reaches 21. Attorneys said the law prevents the sale of whisky in its present state, and that it will have to be kept for him.

The News wants to buy some good, clean cotton rags at once. Bring them in.

PRESBYTERIAN CHURCH

Last Sunday's services were well attended, and the singing and sermons were fine. Rev. W. M. Elliott, the new pastor, is one of the best men and finest preachers Clovis has ever had. The congregation and city are truly fortunate in securing so strong a man and able preacher—those who fail to hear him are the losers, and those who hear him want to hear him again. Services next Sunday morning and evening. You are cordially invited to attend these services. Don't fail to hear this strong man.—Reporter.

VOCATIONAL EDUCATION BOARD IN CLOVIS

Nine men were examined by the travelling board of the Federal Board of Vocational Education that convened in Clovis Monday. Of this number three were recommended for class 2 training which allows the ex-soldier at least \$80.00 per month during his training at government expense; and six were recommended for class three training under government supervision free of charge. Class three training provides the vocational training but does not allow any remuneration other than compensation already allowed by the government.

Peter Sweet, Orin J. Clappert and Terrell D. Rose were recommended for class 2 training, and William C. Tate, Carl Roy Hill, Fred Eugene Childs, Will M. Givena, George W. Duncan and James C. Hopkins were recommended for training under class 3.

The travelling board, which consists of Earl P. Doyle, representative from Washington, D. C., and Dr. W. A. Jolley and W. F. Lumsden of the Denver office, has acted upon 261 cases to date.

The object of the travelling case board is to act on cases immediately, eliminating time and red tape that has heretofore been necessary. The board has authority to decide cases in each locality, and the applicant can be sent to the training point on the same date of the examination if he so desires.

A total of 1658 applications for vocational education have been filed in this district, and 420 applicants have moved out of the district, leaving 1238 cases under the supervision of the Denver office. Of this number 550 have been passed on and have been recommended for full time allowance and training. One hundred and fifty-nine of this number are now training under govern-

ment supervision in New Mexico.

The Albuquerque Business College, the State A. & M. College, School of Mines at Socorro, and the Western School for Secretaries at Albuquerque, have been designated as training institutions by the government, and have ex-soldiers enrolled for vocational work.

Aaide from these, former service men are now training in the Opportunity School at Denver, and others are taking work at the Hemphill Auto School at Salt Lake City.

In other states the University of Denver, the Western School of Estimating and Plan Reading, in Denver, the Utah Agricultural College, the University of Colorado, the University of Wyoming, the University of Utah, the Colorado A. & M. College, the Colorado School of Mines, and the Y. M. C. A. Auto School, Barnes Commercial School and the Modern School of Business, in Denver, have been named as training institutions.

The Federal Board of Vocational Education is making a special effort to clean up all the cases in this territory as soon as possible, and Dillard Wyatt, of Roswell, will have charge of the work in Eddy, Lea, Chaves and Curry Counties from now on.

Any ex-service man who is in any way entitled to this training should communicate at once with the Curry County chapter of the American Red Cross at Clovis and arrangements will be made for a hearing of his case.

In an effort to rush this matter to a finish, eight field men have been added to the staff during the last two weeks.

Where there are disabled soldiers who are not able to attend school under the vocational education act, Federal Board instructors have been placed and these men are being instructed right at home. These instructors are now at work in Roswell, Albuquerque and Fort Bayard, and the Federal Board has placed a special nurse in Albuquerque to care for the ex-service men in that place.

WESTERN ROADS NOT RESPONSIBLE FOR THE BOX CAR SHORTAGE

"The Santa Fe and other Western Railroads are not responsible for the car shortage," said W. B. Story, President of the Atchison, Topeka and Santa Fe Railway recently.

"The Santa Fe," said Mr. Story, "like all other roads, has its troubles these days, but our trouble is chiefly with the grain car shortage. The Santa Fe and other western roads are not responsible for it. It grew out of the mix-up during the Federal administration when our cars were taken away and scattered all over the eastern country. The eastern roads have our box cars and the western roads did have a large number of their coal cars."

"In June the western roads sidetracked all loaded cars and ran trains of empty coal cars east. They delivered over 40,000 coal cars to the eastern roads. Now if the eastern roads would reciprocate by sending our empty box cars home it would help wonderfully in taking care of the condition in the harvest belt."

"A falling wheat market," continued Mr. Story, "will bring a great amount of criticism from the wheat farmers because they will want cars to get their wheat to market at once. But if the wheat should go up there will not be so much anxiety on the part of the wheat farmers to get their wheat to market."

"The Santa Fe," added Mr. Story, "is moving an enormous lot of grain now. But there is such a tremendous crop that the movement does not seem to make much impression. We hope to get the cars back and get the peak load of the wheat harvest off the farmer's hands within the next sixty days. If we can do that we can handle the rest of the crop and the other traffic satisfactorily in the future."

A FRIEND OF CHILDREN

Walter P. Fulkerson, banker of St. Joseph, Missouri, is building a row of houses to rent to families in which there are children. Newly married couples also will be allowed to occupy the houses; with the provision that if there are no children in their families at the end of one year's residence they will be asked to vacate. Whenever a child is born in one of his houses, Mr. Fulkerson announced, the rent will be returned to the tenant. The houses are in one of St. Joseph's most desirable residence districts.

The decision to adopt this method of tenancy was reached, Mr. Fulkerson said, of reading the number of advertisements in the daily papers which carried the line, "No one with children need apply."

EYES ON PROFITEERS SINCE RAISE IN RAILROAD RATES

Washington, Aug. 2.—The big rate increase granted the railroads by the Interstate Commerce Commission is expected to become effective about September 1. Railroad Companies today were preparing their own schedules, raising passenger fares 20 per cent, Pullman fares 50 per cent and freight rates up to as high as 40 per cent, as authorized by the commission. These must be approved and 5 days later the new scale goes into effect. The railroad companies are preparing to ask state railroad commissions to approve the decisions of the Interstate Commerce Commission so the new rates can be put into operation without technical holdups by authorities.

The Department of Justice, it is understood, will watch closely for attempts of profiteers to skyrocket prices on the strength of the freight increase. Although the increase will tend to raise prices, the difference should be very slight, the government experts believe.

"The Rabbit Twisters Bank"

A laugh takes many a jolt out of life's rough road. And this time the laugh was on us.

Because the organizers and officers of the Farmers State Bank were pioneers in Curry County, who came to this region in the day when necessity was truly the mother of existence—the day when a forked stick and a rabbit hole meant a possibility—a friend jokingly nicknamed us the "Rabbit-twisters' Bank." The joke stuck. We saw the "rabbit-twister days," and we are happy to say we have lived to see the later day. We accept the nickname as the smileful reminder that times and friends of other days are not forgotten.

THE DAYS FOR SMALL COOKIES

During the warm weather, when one eats lightly of rich cake, the small cakes and cookies seem especially fitting. A variety may be prepared and many kinds improve with age.

Chocolate Cookies.—Take one cupful of sugar, one-half cupful of shortening, one-half cupful of sour milk, one and one-half cupfuls of flour, one egg, one-half teaspoonful of soda, one-half cupful of walnut meats and two squares of chocolate. Drop from a teaspoon on buttered sheets.

Frosting.—Take three cupfuls of sugar, one whole egg, beaten, three tablespoonfuls of cream. Add the sugar a little at a time, until smooth and well blended. Spread on the cookies when nearly cold.

Fruit Cookies.—Take three well-beaten eggs, one scant cupful of shortening, one and one-half cupfuls of sugar, two cupfuls of flour, one teaspoonful each of cinnamon and soda, the latter dissolved in half a cupful of boiling water, one cupful of coconut and one pound of dates, chopped fine, one teaspoonful of salt, a half teaspoonful each of lemon and vanilla extract. This makes forty small cakes.

Macaroons.—Take one cupful each of sugar, cornflakes and coconut. Beat the whites of two eggs until stiff; add the sugar gradually, then the coconut and cornflakes, with two tablespoonfuls of flour. Flavor with vanilla. Drop on a baking sheet by teaspoonfuls. This makes two dozen small cakes.

Another Very Nice Macaroon.—Take one cupful of sugar, two egg whites, two cupfuls of cornflakes, one cupful of ground nuts, salt and vanilla. Combine as in above recipe and bake in a moderate oven.

Oatmeal and Coconut Macaroons.—Cream one tablespoonful of butter; add one-half cupful of sugar, one egg, well beaten, one and one-half cupfuls of ground rolled oats, which have been lightly browned, and one-half cupful of coconut. This recipe makes two dozen cakes.

Nellie Maxwell

NOTICE OF SUIT

In the District Court of Curry County, State of New Mexico. Claude Varrell, Plaintiff, vs. H. R. Varrell, Defendant. No. 1626.

The State of New Mexico to the above named defendant H. R. Varrell. Greeting:

You will hereby take notice that a suit has been filed and is now pending in the District Court of Curry County, State of New Mexico, in which Claude Varrell is plaintiff, and you, the said H. R. Varrell, are defendant, said suit being numbered 1626 on the Civil Docket of said Court, and that Rowell & Reese whose business and post office address is Clovis, New Mexico, are the attorneys for the plaintiff in said suit.

You will further take notice that the general objects of said action are as follows, to-wit: To obtain by plaintiff an absolute Decree of Divorce from the defendant, H. R. Varrell, and that the plaintiff be restored to her maiden name of Claude Kiser, and that she be granted all the rights and privileges of a single and unmarried person.

You will further take notice that unless you appear, answer or otherwise plead in said cause and suit on or before the 7th day of September, A. D. 1920, that the allegations set forth in the plaintiff's complaint filed herein will be taken as true and confessed and that the plaintiff will apply to the Court for, and take judgment by default against you and will apply to the Court for the relief as prayed for in the complaint filed herein.

Witness my hand and the seal of said court this 9th day of July, A. D. 1920.

W. C. ZEPHER,

(SEAL) County Clerk and Ex-Officio Clerk of the District Court of Curry County, State of New Mexico.

Store Your Grain at Home

The wheat crop is harvested. But it is a certainty that we will not have sufficient cars to move the grain at threshing time. The car shortage makes it imperative for nearly every farmer to plan for storing his wheat.

Granaries built of lumber are easily constructed and are reasonable in cost. If you have upwards of 500 bushels of wheat to store, the cost per bushel for a granary will be very small. With a good granary you can then hold your wheat until market conditions are better—selling it at a price that will make an investment in a granary worth while.

You will be surprised at the low cost per bushel for a lumber granary. We will be glad to advise you of the cost and methods of building. Come in and see us, or telephone.

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer in girlhood from back-ache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

JUDGING BY SOUNDS

"What are you doing in the kitchen, Thomas?" inquired the inquisitive wife.

"I'm opening a can of tomatoes, if you particularly wish to know," he impatiently rejoined.

"And what are you opening it with?"

"Why, with a can opener. Did you think I was using my teeth?" he added savagely.

"Oh, no dear," she sweetly replied; "but I do know you are not opening it with power."

ALLOTING THE CREDIT

Doctor—"You have been at death's door, and only your strong constitution has saved you."

Patient—"Remember that when you send in your bill."

A GENTLEMAN

A man who is clean both outside and inside; who neither looks up to the rich nor down on the poor; who can lose without squabbling and win without bragging; who is considerate of women, children and old people; who is too brave to lie, too generous to cheat, and who takes his share of the world and lets other people have theirs.

Most grown people fail to drink enough water. They haven't the habit and so forget. Water helps to carry away poisons from the blood. It is one of nature's gifts.

The reason more bedtime stories are not told to children these days is that the children come in after mother has gone to bed.

A barrel of moonshine seized by the New York police exploded and broke two ribs of a truck driver who was handling it.

France will produce sufficient this harvest to feed herself.

Don't Experiment

LAUN-DRY-ETTE
WASHES AND DRIES WITHOUT A WRINGER

"How beautifully it washes the dainty frocks—how quickly it dries them for the line—and absolutely no wringer."

This electric washing machine is rightly regarded as the marvel of the washing machine business.

It washes the clothes clean and white in fifteen minutes—it dries them for the line in one minute by the watch.

It has the endorsement of the Good Housekeeping Institute for high efficiency.

It washes by the vacuum cup system. It dries by the centrifugal process. There is no lifting the wet clothes, no putting the hands in hot or cold water—and no putting the clothes through a wringer.

It washes, wrings and rinses. To know the Laun-Dry-Ette is to want it. Nothing takes its place. It is the complete washing machine.

Get Goodyear Value In Tires for Small Cars

Don't be misled by very cheaply priced tires, for tire economy is not a matter of what tires cost originally but of what tire service costs in the end.

True Goodyear mileage and economy are built into Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking one of these sizes, you can equip it with Goodyear Tires at your nearest Service Station.

Go there for the exceptional value in these tires made possible by Goodyear's resources, experience and demonstrated expertness in tire manufacture.

GOOD YEAR

Delinquent Tax List for Curry County for the Year 1919

Public Notice is hereby given that on September 16, 1920, at 9:00 a. m., J. S. Morgan, County Treasurer of Curry County, State of New Mexico, will apply to the District court of the Fifth Judicial District in and for the County of Curry, in Chambers at Clovis, New Mexico, for judgment against the lands, real estate, and personal property, upon which the taxes for the year 1919 are delinquent and unpaid as shown by the following delinquent tax list, and for an order to sell same to satisfy such judgment, and that on October 15, 1920, at 9:00 a. m., pursuant to such order, I will offer for sale at public auction at the front door of the court house in Clovis, Curry County, New Mexico, separately and in consecutive order, each parcel of property upon which any taxes are delinquent, and against which judgment of taxes, penalties and costs due thereon, or so much thereof as may be necessary to realize the respective amounts due.

J. S. MORGAN,
County Treasurer, Curry County,
New Mexico.

Suits for Summer Journeys. Among other good things turned out for the benefit of June brides there were some new designs in taffeta suits, to be worn on the wedding journey. But June brides can't have a monopoly of good fortune and other women have been quick to see the advantages of taffeta for summer journeys: These suits are cool, shed dust, easily cleaned, smartly made and they are that "something different" that makes so strong an appeal at this season. One of these taffeta suits, together with an attractive cloth suit, is pictured above; they are interesting because both embody some new style features. The taffeta is a revelation of accurate machine stitching as used to supply the decoration and in the cloth suit embroidery is managed in a new way. Fourteen rows of stitching at the bottom of the taffeta skirt, put in with a perfection of workmanship that delights the eye, are repeated above the hem of the coat. They finish the haring sleeves. But the bands of stitching in herring-bone pattern that adorn the coat are even more difficult to achieve and there are groups of vertical lines above the parallel rows at the hem. The coat is set on a small, plain yoke and has a narrow silk girdle covered with stitching. A detachable cape of duvetyne lined with machine-stitched taffeta is the outstanding novelty in the suit. The lining is of the same taffeta. A narrow band fastens it about the neck under the rolled-over taffeta collar. Peach brown, a soft wool fabric makes the second suit. A braided pattern, stimulating embroidery appears in a band which curves over the hips on the full petticoat. The same work adorns the front of the coat and the collar. On the coat sleeves that flare a little at the hand, a row of bonabuttons make an unexpected finish.

THOSE ever-blooming furbelows, the pretty and dainty belongings made of ribbons and laces, that women love seem to have blossomed out this year in greater profusion than ever. June usually sees them at their best for they are important in trousseau and are favorite gifts to brides and graduates. Besides laces and ribbons, georgette, net and silks play their charming parts in making them, but laces and ribbons are pre-eminent, as usual, with much attention given to flowers made of ribbon for trimmings. Another cap of net is edged with point de esprit and has narrow ribbon bands over it. Where they intersect tiny ribbon flowers are set and short ends hang over the lace trim. It is finished with a rosette and many ends of ribbon. Wide lace and tucked georgette make the lovely cap with trim lengthened toward the back, and it is ornamented with ribbon flowers like those on the camisole of georgette and ribbon. Three bonnet caps and three camisoles, shown in the group above, will serve to point the direction of fashion's whimsical breezes in these accessories. Camisoles remain important and will as long as the sheerest materials are used for smocks and blouses and for dresses. And where is the woman with soul so dead as not to appreciate and own a few bonnet caps? They make life tolerable in the morning hours. In the first cap and camisole the designer has been led by the fad for making things to match and has used the same lace and net and ribbon decorations for both. A close-fitting cap, with a cape at the back, is made of lace in an Alencon pattern and two rows of narrow satin ribbon are tacked about the cap, after a full puffed crown of net has been gathered over it. Ends of the ribbon are brought up over the crown and fastened to it. Small wild roses made of ribbon are set about the cap and from one of them at each side two short hanging ends are finished with tiny chiffon roses. Real Service! We are now feeding more people than at any time we have been in the restaurant business in Clovis. There is a reason for this. We are giving our patrons the very best possible service and plenty of good things to eat. OPEN ALL NIGHT We have adopted a new policy of keeping our restaurant open all night. This will give the wheat haulers a chance to get something to eat no matter how late they are in getting in at night or how early they want to get out in the morning. Ogg & Boss Cafe Open All Night

small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive st., St. Louis, Mo. Sold by druggists.

Probably no man in Texas has a higher respect for liberty bonds than one who traded his for oil stock.

WHY FARMERS' WIVES GROW OLD EARLY

A Farm Kitchen With Conveniences Like This Is One of the Urgent Needs on Many Farms, Investigations Show.

Walking 457 miles a year to get water for her family's use is the record of one New Mexico woman, as revealed by a survey of farm home conditions made not long ago by the United States department of agriculture and the state extension service. In addition to carrying 32 tons of water, which is a minimum for a family of six to use in a year, she did all the housework and helped with the field work and care of the live stock. Here is the story she tells:

"We live on a farm of 800 acres located one and a quarter miles from a small town. We have no automobile, but use horses and wagons as a means of transportation to town or elsewhere. We live in a six-room house which is lighted by lamps and heated by stoves. I have no labor-saving devices, except a built-in kitchen cabinet or cupboard, a sewing machine and a washing machine run by hand power.

"There are six members in the family, including two children between ten and sixteen and two under ten years of age. During harvest, silo filling, or thrashing we have eight extra helpers. I have no help in the house except that of three children in carrying wood and coal and making errands. During the first six months of 1919 five members of the family were ill in bed a total of twenty-three days.

Why Farmers' Wives Grow Old Early.

"I do the washing and ironing for the entire family, make my own outer garments and part of the children's clothing, and bake all my own bread. The water for household purposes must be carried a distance of 400 feet, not this is one of my daily tasks as well as the care of 50 chickens. The eggs from this flock are marketed at the nearest store and the money is used for general housekeeping purposes.

"I help with the milking of 32 cows and wash the milk pails and separator. The cream is sold and used for general housekeeping expenses. During eight months in the year I help with the farm work, care for the vegetable garden and help care for the live stock.

"In the summer I rise at five o'clock and my working day ends at 9:30 p. m., with no time free. In winter the day begins at 6 a. m. and lasts until 8 p. m., with no time off. I work on an average of fifteen and a half hours a day, three hundred and sixty-five days in the year, with not even my noon hour free."

Survey blanks were filled out by 244 New Mexico farm women, and about one-half of them reported water brought by hand from a distance of 300 to 400 feet. The average was 47 feet. In over 60 per cent of the cases the housewives did the carrying.

One gallon of water with a bucket weighs at least 8 1/2 pounds. One woman who lived on a farm and carried water for a family of five, which statistics show to be the size of the average American family, reports that it takes six pails of water for the ordinary day, and she has counted many times the 16 pails required for the family washing. Six pails of water 365 days in the year make 2,190 pails; 16 pails for the washing, 52 weeks in the year, make 832 pails, or a total of 3,022 pails of water for a family of five in a year. Taking this as the usual amount of water used, and the 47 feet as the average distance carried, the distance traveled in one year is 53 miles.

Woman Carries Water 457 Miles.

Besides traveling this distance she must bear the weight of the water. Ordinary pails contain from 2 1/2 to 3 gallons; 3,022 pails of 2 1/2 gallons will equal 7,555 gallons. Using 8 1/2 pounds which is a low estimate, as the weight of one gallon of water and the container, Mrs. Average Farmer in New Mexico carries in one year 64,217 pounds or 32.1 tons. This is not all, for the water she carries into the house must all be carried out again. So she lifts another 32.1 tons in carrying it out, which makes 64 tons carried in a year.

But That's Only One Item.

The woman who bears children and cares for them, their father and the hired man, cooks for them, does the washing, ironing and family sewing, does the housecleaning, cares for the chickens, weeds the garden, travels miles about an inconvenient kitchen

doing her housework, walks 53 miles and carries 64 tons of water during the year, is not getting a fair show, the United States department of agriculture believes.

Small wonder it is, under these conditions, that as soon as possible the farm woman wants to move into town, where she can have more conveniences and where she thinks life is more pleasant and less strenuous.

The home demonstration agents are teaching farm women the value of simple and inexpensive equipment which eliminates inconvenience and drudgery. In many instances it is lack of thought on the subject rather than lack of money that compels the farm housewife to do work under such handicaps. If the exodus from the farm to the city is to be stopped, the farmer's wife must be given a chance at health and happiness on the farm; otherwise she will use her influence toward moving to town.

MUCH WASTEFULNESS IN AWKWARD HABIT

Considerable Energy Saved in Doing Things Right Way.

One of Several Facts Disclosed by Experiments Made by Office of Home Economics—Low Kitchen Table Is Wearing.

From buttoning shoes to washing dishes, there is an easy and awkward way of doing all work, as everyone well knows. Now, along comes the scientist, who says his experiments show that, aside from feeling and looking more comfortable when you do your work in the right way, you also save considerable energy.

This fact is one of several which recent experiments made by the office of home economics of the United States department of agriculture have disclosed. These experiments have been made for the purpose of determining the energy requirements of an individual in the various circumstances of his daily life and for use in estimating the amounts and kinds of food required by him to meet the needs of his body for energy.

It was found in the homely everyday task of dish washing that, when a woman washed dishes on a table so low that she was obliged to bend over, her energy output was 30 calories per hour. When she washed them on a table that was a little too high for comfort, it required 25 calories per hour, while only 21 calories were used when the working surface was of the right height.

It doesn't take long to saw off the legs of a table or to put blocks under it which will make it the right height.

Household Questions

- Beefsteak and oysters make a good shepherd's pie.
- Raffle makes a good covering for the rusty clothes hanger.
- Rich sauces, spices and pastry should all be avoided.
- Fig paste makes an excellent filling for layer cake or for pie.
- Be sure not to get too much butter in a pound cake or the cake will be heavy.
- Weight rather than size should govern the selection of cabbage. A small, firm head is the best.
- Glycerin smeared around the glass stoppers of bottles will keep them for a long time from sticking.
- An apron of white cloth worn while washing clothes or dishes saves the wear of dresses and the laundry bill.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royno City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me... but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

LAND AUCTION!

Introduction:

Monday, August 16th. will mark another big event in Curry County, New Mexico, when one of its choicest and best improved sections of wheat land will be thrown on the market to be priced by the prospective home owner.

Description:

All of Section 13, Township 3 North, of Range 33, E.—640 acres in all. All level tight land with just enough sand to make it work well. Good wheat land and the best of row crop land. All fenced with 2 and 3 wires. Good 5-room plastered house, painted outside, with brick flues. (Also has 2-room house on east side of farm). No better well in county—will water 200 head of cattle. Equipped with Eclipse mill and stock tank. Barn about 24x32 with other convenient outbuildings such as crib, chicken house, hog house, etc., big silo, a cistern near house. Good bearing orchard consisting of apple, peach, cherry, and plum trees. There will be from 30 to 60 bushels of apples and peaches to be gathered this year. A number of shade trees and rose and lilac bushes in yard. 180 acres in good state of cultivation, 80 acres of wheat just harvested will run about 15 bushels to the acre this year. 100 acres in row crop, all in rowing crop and in good condition; 35 acres of kaffir, 25 acres of Sudan, 37 acres of maize, 2 acres of beans, 1 acre of corn. One third of crop goes with land. The garden is near well where it may be irrigated if needed. The improvements face the south near the middle of section. R. F. D. delivers mail every day. School truck comes by for school children; telephone in house to Havener and 14 neighbors. This farm land has never failed to produce a good crop since it was settled in 1906. Twice the crop has been known to sell for \$30.00 per acre before it was harvested. This is acknowledged to be one of the choicest.

640 ACRES IN CURRY COUNTY

Curry County is the garden spot of New Mexico and for a number of years has been blessed with from 15 to 22 inches of rainfall, consequently very productive. There are good schools and churches over the county. The water is 98% pure and the nights in the summer are cool. The County Seat is only 18 miles from this farm, Clovis is only 13 years old, the fifth largest in the state, a city of 6,500 population, with a Santa Fe pay roll of \$150,000 monthly, the home of many traveling salesmen, the largest railroad center in the state. Clovis is well supplied with many kinds of business enterprises and an active Chamber of Commerce.

Location:

This farm is well known as the "Fred Pruitt" farm and is 5 miles north and 13 miles west from Clovis, 4½ miles north and 2 miles west of Havener, 6½ miles N. E. from St. Vrain. Havener and St. Vrain are both railroad points and have good schools and general merchandise stores. Groceries, work clothes and coal may be bought there as cheaply as anywhere in the county, and eggs, butter, cream and all kinds of grain find a good market there. There is talk of an elevator at Havener.

The roads to Clovis are good, being no rocks or sand and a car can run it in 30 to 45 minutes.

Oil Lease

As there is a possibility of oil being produced in Eastern New Mexico, there being many test wells to be put down and a number drilling now, and since many companies are scouring the country for oil leases, the oil and mineral lease on the N. E. ¼ of this section will be reserved from this sale. All other oil and mineral rights will go with the land. Sale will be held on farm at 11:00 o'clock a. m.

MONDAY, AUGUST 16, 1920

\$100.00

Guarantees a legitimate sale. This farm may be sold ½ section at a time and then put up all together and be allowed to sell the way it brings the most money.

Free

There will be a big box of candy given away at this sale. Ice water furnished free and big free lunch at noon. We insist on you being there at 11 o'clock, so we may be able to let you go home just after dinner.

Liberal Offer

As an inducement to non-residents to come out and see this country, I will pay the carfare of the successful purchaser to and from this sale, no matter what part of the U. S. he or she may live in. Better get another one of these bills and mail to one of your friend.

Terms

\$4,800 cash and balance any time up to five years at 8% interest or 5% discount for all over \$4,800 paid in cash. Deed and abstract will be ready so deal may be closed up same day of sale. Would consider some Clovis property in on the deal. See me early and if we can agree on the price of your property, and if location and improvements suit, same will be taken in as part payment.

Transportation

A number of cars will be on hand to give free transportation to and from the sale, to anyone who may be interested in the sale. Cars will leave Clovis post office at 10:00 o'clock a. m., Monday, August 16th.

Advice

Land is still cheap in Curry County but values are increasing rapidly and the time is not far distant when it will be almost impossible for the man with limited means to own a farm. Prompt and decisive action in securing a home in this county will pay.

It would be a wise thing to visit this farm and look it over before the day of the sale. Ask the neighbors about it.

Erle E. Forbes, Owner

Auctioneers: Col. W. S. Williams of Hereford, Texas, Col. Leslie Page of Melrose, N. M., and Erle E. Forbes, Clovis, N. M. C. W. Harrison, Clerk of Sale.

P. S.—Any further information regarding this sale or this country will be gladly furnished upon request. Address E. E. F.

The End of Tire Troubles

See us today—Clovis Filling Station.

Judge R. E. Rowells made a trip to Fort Sumner on legal business this week.

Mrs. Howard Hackney has returned from an extended visit with relatives in Wellington, Kansas.

The News wants to buy some good, clean cotton rags at once. Bring them in.

Mr. and Mrs. A. W. Johnson, Mr. and Mrs. Byrle Johnson and Lionel Johnson are in the mountains on an outing trip this week.

Purity Black-leg Aggressin (Kansas Germ-free Blackleg Vaccine.) 20c a dose. See Dr. Biggs, Phone 331. 8-5-tfc

W. C. Wallis and family of Hope, Ark., are here to spend several months. Mr. Wallis is a brother-in-law to R. C. Hatley.

Willard Swaney, assistant cashier at the Clovis National Bank, will leave Sunday for a visit at his former home at Stratford, Texas. Before returning home he will make a trip to St. Louis and points in Illinois.

The hemstitching machine formerly with the Luikart Dry Goods Company is now located at room 1 over the Magic City Furniture Co. 4tc

CLAUD NOTES

Mrs. John Lee has been ill. Mr. John Watts and family have moved from Claud to near Grady.

Mr. and Mrs. Willis Westfall have been on the sick list.

Mr. and Mrs. E. M. Pipkin almost lost their little girl Thursday from a severe choking spell, caused by whooping cough.

Mrs. W. M. Krietzberg was hurriedly called to the bedside of her daughter, Mrs. Welter Smith, Thursday evening when Mrs. Smith was taken seriously ill. Dr. A. L. Dillon attended.

Miss Lola Krietzberg has returned to Mrs. Sam Pipkin's for the summer.

Mr. Dodson is moving to the Taylor place.

Miss Marbelle Westfall is bedfast with stomach trouble.

Mr. Jay Marks is on the sick list.

Mrs. Creola Morris is improving rapidly from an operation for appendicitis.

Arland Baker is staying at Sam Pipkin's. His injured hand is improving.

Misses Erma Westfall, Nellie Mott, Messrs. Davidson and John Thomas made a trip to the brakes Sunday.

The Thornton, Gurly and Boster families were Sunday guests of John Westfall's.

Mrs. Krietzberg and daughters were Sunday guests of Mrs. Walter Smith.

Mr. Charley Beller, former Star route mail carrier, has purchased a farm in the Pleasant Hill district one-half mile from the school house.

It almost rained dollars around Claud, especially for several miles north and east of the school house Monday afternoon and night.

HOLLENE ITEMS

Hollene has at last had a good rain. Row crops are now assured and stubble is in fine condition to turn for another crop of wheat.

Threshing is delayed in consequence of the rain. It is doubtful if machines can move this week.

The decline in the market has caused a great falling off in the movement of wheat. Most farmers are confident of better prices and will hold indefinitely. Only those who had contracted their grain are hauling it now.

Rev. Cameron preached at the Union Church Sunday. He has definitely accepted the pastorate of the Baptist Church here. We are hoping wonderful results from Bro. Cameron's residence among us.

Sunday school was well attended and lively interest was shown in the lesson.

Singing Sunday afternoon was also very much enjoyed by a goodly number of singers and spectators. The Conway brothers were with us and they always put "pep" into the singing class. Score another one for Hollene as these boys will be with us the coming year. Both are employed in the school.

Frank Wilson has purchased a new runabout. Look out girls. It has already been decided who would be first to ride in the new car.

John Droke has bought land about sixty miles west of here. He will move on his new farm in time to

Essex Efficiency

Records of Essex Efficiency keep pouring in. There were so many reports from all over the country about the accomplishments of the Essex during "Essex Week" that all can not be reported, but here are one or two worth while:

J. D. Moore, Belle Plaine, Iowa, with Essex demonstrator which had seen six months service, carrying four passengers, makes 400 miles over country roads in 9 hrs., 6 min., 4 sec., and averages 17 m. p. g. gas.

Rex Melton, with four passengers, burned up the road between Ontario and Pomona, Calif., at a speed of over 70 m. p. h. He made the 4.2 miles in 3 m., 35 sec.

The Brawley Motor Co., Ard-

more, Okla., staged a road run from Ardmore to Dillard, 18 miles in 22 minutes. The Essex making run previously had been driven 8,000 miles.

Essex climbs North Fork Hill at Mason, Georgia, 20 times in succession.

Blair Langford drove the "Wonder Car" between Twin Falls, Idaho, and Buhl, in what is believed to be record time. He made the 34 miles in 48 minutes.

MUCH INTEREST IN BIG SALE MONDAY

A big crowd of enthusiastic people attended the big land sale held east of town last Monday when auctioneer Erle E. Forbes sold six quarter sections of land.

County Superintendent Jas. M. Bickley, Cash Ramey, Alex Shipley, J. W. Parker, and J. J. Jones gave splendid talks on the country and brought before us many facts showing us that the price of land in Curry County is only in its infancy.

Taking into consideration that it was the initial sale of this size and that the big rain came one day too late, the sale was considered a real success.

Messrs. Buck Gee and Bart Osborne bought the C. W. Harrison 480 acres and Will Harpold bought the Virden 480 acres.

The \$35.00 in cash given away went to Tom Morris, J. W. Jackson, Mrs. Ingram and Mr. Shue.

THIRTY-ONE PRESENT AT FAMILY REUNION

The home of J. M. Teague, northeast of Clovis, was the scene of a family reunion last week at which were present Mr. and Mrs. E. A. Teague of Clarendon, Texas, their eight children, grand children and one great-grand child. Those present were: Mr. and Mrs. E. A. Teague, of Clarendon, Texas; Miss Ethel Teague of Washington, D. C.; Miss Oressa Teague of Clarendon, Texas; Mrs. James Kiser and four daughters of Plainview, Texas; Mrs. Shepard and daughter of Brownfield, Texas; W. O. Teague and son of Lockney, Texas; Mrs. V. B. Duke and three children of Abilene, Texas; J. M. Teague and family, and F. E. Teague and three children and V. R. Teague and two children of Clovis. There are forty children and grand children in the family and thirty-one were present at this reunion. Only one of the family is dead, that being a grand child.

You can do whatever you think you can,
It's all in the way you view it;
It's all in the start you make, young man,
You must feel that you are going to do it.

No sir-ee, bob!

No premiums with
Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

"My, but that's a great cigarette".

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

The big Praetorian campaign has been extended for sixty days more. You save \$5.00 by joining now.

The Praetorian Building

Owned and operated exclusively by the Praetorians."

SCIENTIFIC LIFE INSURANCE

The Praetorians is a scientific Life Insurance institution with the home office in Dallas, Texas. The institution was organized 22 years ago and from the very beginning the Order began putting aside a reserve to protect its policy holders and we now have over \$80.00 per capita, per member, to protect our policy holders.

MEN AND WOMEN ADMITTED ON SAME BASIS OF RATES

Women are admitted to the Praetorians on the same basis of rates as men. All meet in the same council. This makes a fine social feature.

ACCIDENT BENEFITS IN EVERY POLICY WITHOUT EXTRA COST

Every policy the Praetorians write provides for accident benefits without extra cost. Also disability features.

Our Leader Is the Twenty Year Pay Policy

The Praetorians sell several classes of policies. Our leader is the 20 year payment plan. Why take a policy on which you have to continue paying premiums as long as you live when you can get a policy in the Praetorians and get it fully paid up in twenty years? We also write a ten year pay policy. Cash and loan features in both of the above policies after the second year.

I will be Glad to Explain our Different Plans
and Special Benefits to You

GEO. R. RAY, District Deputy

Office 104 1/2 South Main St., Phone 157

L. Blaylock, Vice President

PLANS RECEIVED FOR EPISCOPAL CHURCH

Mr. O. H. Thorman of El Paso has furnished plans and specifications for the new St. James Episcopal Church for Clovis. According to a statement by the rector, Rev. W. W. Brander, bids will soon be opened but before a contract can be awarded sufficient subscriptions will be solicited to make it an assured success. It is believed that this beautiful church will prove an asset to the city and the citizens of Clovis and the country folk are asked to help along this worthy undertaking. The church will be mission style, built of tile, with choir and vestry rooms.

THE DIVORCE

Divorces in this country are becoming as numerous as fleas in a crowded dog kennel in summer time. There are many causes which lead to this scrambled condition of some of our American homes.

Many people rush into matrimony without a sufficient knowledge of the inner characteristics of each other. There is a tendency of modern humanity to throw off the restraints practiced by our ancestors, and people are becoming more independent than heretofore. In addition the lawyers are very shrewd and the courts are often quite accommodating, with the results that as soon as a couple begin to disagree their first thought is of a divorce.

There are conditions under which it is easy to concede that one person can hardly retain his or her self respect and continue to live with another, but these exceptional cases form the basis of only a small percentage of our divorces.

American morality is in the balance, and the scales are exceedingly fickle.—Clifton Record.

Beautiful Home in Amarillo for Sale by Owner

Do you intend to make your home in Amarillo? If so, investigate this buy.

Ten-room plastered house with every modern convenience; southeast corner 75x140 foot lot, located two blocks east of high school, hot water heating system, large double basement with concrete walls and floor, bath room up stairs and down, five bed rooms also large sleeping room inclosed with French windows; garage, lawn, elm trees, strawberry patch, etc.; everything in excellent repair.

For further information and terms address:

Mrs. D. Elliott

210 Fillmore Street, Amarillo, Texas

FAREWELL SOCIAL

Mr. and Mrs. Earl Cassel entertained at a delightful cafeteria luncheon Monday evening in honor of Mr. and Mrs. Roy McMillen who are leaving Thursday for Amarillo, to make their home. A beautiful cut glass bowl was presented to Mr. and Mrs. McMillen by their many friends. On account of the storm several of the invited guests could not be present. Those present were: Mr. and Mrs. Jas. Dennis, Mr. and Mrs. W. J. Stuart, Mr. and Mrs. Jeff Hightower, Mr. and Mrs. R. M. Bishop, Mr. and Mrs. E. A. Story, Mr. and Mrs. E. W. Reagan, Mr. and Mrs. Harve Campbell, Mr. and Mrs. A. S. Crouch, Mr. and Mrs. S. Grissamore, Mrs. W. H. Collins, Mrs. John Howard, and Mr. and Mrs. Roy McMillen and daughter, Blanche. The best wishes of many Clovis friends go with these worthy people to their new home.

KENSINGTON CLUB

The Kensington Club met at the home of Mrs. C. W. Harrison Friday afternoon. The time was most pleasantly spent in fancy work. A delicious ice course was served by the hostess to the following ladies: Mesdames John Luikart, J. R. Denhof, E. W. Reagan, E. A. Story, Jas. Dennis, Len Wright, W. H. Collins, Jeff Hightower, J. M. Bickley, Sam Bratton, Dr. McClellan, Dr. Prance, of Pasadena, Calif., and "Mother" Ma-teer.

If its news The News wants it, Phone us, No. 97.

CANADIAN INTERESTED IN ABO PASS ROUTE

Canadian will be tremendously interested in the extension of the Abo Pass Highway from the Rio Grande River at Belen, N. M., to the Missouri River at Kansas City. This will mean that thousands of tourists who are now going north over the Santa Fe Trail to California will pass through this community. The same reason that justifies the Santa Fe Railway to spend millions of dollars to build the great Belen Cut-off through the Abo Pass will make the Abo Pass Highway a great tourist route. Canadian should send a big delegation to Clovis. The Abo Pass officials will probably want to know when Hemphill County will have a respectable highway from Miami to Higgins. Here is a big highway forcing itself on our city.—Canadian Record.

SINGING CONVENTION MEETS AT RANCHVALE

The Curry County Singing Convention will convene at Ranchvale on Sunday, August 15th. The convention will be held in the auditorium of Ranchvale's new school building. The old time singers will have a special part of the program. Everyone is invited.

JNO. F. TAYLOR,

President Curry County Singing Convention.

Grain and Flour

We want your wheat.

The embargo on wheat shipments is on but we will be able to handle some this week:

We Sell
SUNLIGHT FLOUR

Cramer Mill &
Elevators Co.

CLOVIS, NEW MEXICO

FOR THREE MONTHS HE COULDN'T WORK

BACK ON THE JOB MAKING MORE MONEY THAN EVER IN HIS LIFE, HE SAYS.

"For the first time in fifteen years I can sit down and eat a big beefsteak supper and go to bed afterwards and sleep like a log all night long," said George Sanderson, a well known miner living at 1616 Smith St., Peoria, Ill.

"This Tanlac has overcome a mighty bad case of stomach trouble and rheumatism for me," he continued. My legs ached and pained so bad I couldn't sleep at night and my hands were so drawn I couldn't use my pick half the time. Everything I ate bloated me up with gas for hours afterwards and I would have the worst cramps in my stomach you ever heard of. Sometimes a cramping spell would hit me when I was at work in the mine and I would have to run out and lie down until it passed off. I finally got in such a bad shape I had to quit my job and for three months I was not able to hit a lick of work.

"I saw in the paper where Tanlac had relieved our State Mine Inspector of troubles just like mine, so I decided to try it too, and sir, it was simply amazing the way Tanlac put me on my feet. I haven't a trace of rheumatism or stomach trouble now and actually I believe I am stronger than I ever was in my life. You would think so, too, if you could see the tons of coal I pile up every day—and I am making more money than I ever did. Tanlac is certainly a real medicine and I boost it every chance I have."

Tanlac is sold in Clovis by City Drug Co., in Texico by Red Cross Pharmacy, and in Melrose by Irwin & Pool.

ALL DAY SINGING AT GRADY, AUGUST 9TH

There will be an all day singing at Grady for Prof. Cornelius on August 9th. Mr. Cornelius is a great singer and singers from all parts of the county are invited.

EARLY PLOWING

Every wheat grower who is a close observer will recall that early plowing produces a better yield of wheat, but how early does this mean? Repeated experiments show that it means as early as August 1st says the University of Missouri College of Agriculture. In careful experiments August plowing has yielded double the amount of September plowing.

The reasons for this are the storage of plant food and moisture in the plowed soil. Natural processes are constantly making plant food available, but if weeds are growing in the stubble they immediately take up this food and the moisture needed for growth. Early plowing is beneficial in four ways: (1) Organic matter as stubble and weeds, is buried and begins an early decay, thereby becoming more beneficial to the wheat crop; (2) The soil crumbles and settles, so that by later discing and harrowing a mellow compact seed bed is assured; (3) large numbers of the Hessian fly, then in the flaxseed stage are buried and destroyed; (4) the burial of stubble and weeds deprives the fly of its food for a considerable period and consequently large numbers of them are starved.

The rush of farm work makes early plowing very difficult, but it should be realized that every day of delay reduces the yield of next year's wheat crop. The stacking of wheat will often help to get it out of the way before time for threshing.—Ft. Worth Live Stock Reporter.

Phone No. 97 for job printing.

MANSFIELD SALE A SUCCESS

I thank one and all for their liberal bidding at my sale. I also say that I think V. Tate made me as good an auctioneer as I could have got, and believe anyone having a sale can't go wrong by employing him. Here are a few of the prices received: 25 range cows, \$100 per head; 7 cut-outs at \$70 per head, 1 sow for \$270, 2 sows for \$440. Five head averaged \$175. So I thank you one and all.

Walter Mansfield.

RICHES

"Young man, I understand you wish to marry my daughter. What are your prospects?"

"Well, though I have not been nominated for the presidency yet, I am the editor of a newspaper."

"While I admit you have a chance in that way, tell me of something more material and immediate."

"I have ten bundles of print paper—not simply ordered or on the way, but right in the house and paid for."

"My boy, you're a wonder. Take her and be happy."

"Gratitude is the fairest blossom which springs from the soul; and the heart of man knoweth none more fragrant."

SUMMER SALADS.

There is no dish which is more appealing to the appetite during the warm weather than crisp, succulent salads, or those of juicy fruit.

Onion Salad.—Chop mild onions; add minced parsley and pour over a well seasoned dressing. Serve on head lettuce.

Strawberry Salad.—Arrange tender, white lettuce leaves in cup shapes. Fill each cup with strawberries and put a tablespoonful of mayonnaise in each cup. Mustard and cayenne should be omitted from the mayonnaise.

Grapefruit and Celery Salad.—Mix grapefruit pulp with finely cut celery, using twice as much grapefruit as celery. Serve on lettuce with mayonnaise.

The Three P's.—Take a cupful each of stewed quartered prunes, pineapple and rolled peanuts; mix well and serve in lettuce cups with a French dressing.

Tomato and Chive Salad.—Peel and chill small, ripe, round tomatoes; roll in a boiled salad dressing, then in chopped chives. Arrange on the white leaves of lettuce and serve well-chilled.

Pea and Walnut Salad.—Take equal quantities of cold cooked peas and English walnuts, broken in bits. Sprinkle with French dressing, let stand half an hour and mix with mayonnaise. Serve in lettuce or lemon cups.

Mustard and Lettuce.—Take the small green mustard plants, mix with young lettuce and serve with French dressing. The mustard, cut fine and mixed with cottage cheese, makes a most tasty salad, adding a little cooked salad dressing.

Radish and Onion Salad.—Cut in thin slices, without peeling, small radishes, and the same-sized onions; arrange on lettuce and serve crisp and cool. Pass the salad dressing, either mayonnaise or French.

Nellie Maxwell

Vigilance.
"My wife used to sit up till early in the morning, waiting to see what time I came home."
"So did mine," replied Mr. Meekton. "But now Henrietta needs her rest. She has more important picketing duties to perform."

An English paper mill once turned out a roll of paper 100 miles long without a break.

CLOVIS MARBLE WORKS CONTINUES TO GROW

Dad Dwight of the Clovis Marble Works on Grand Ave., ships his marble direct into Clovis from the quarries of the New England States. He cuts it, polishes and letters it right here and sells it direct to the customer. There are no middle man's profits and it is not hard to see how he can save you money on your monuments. Not only this, he is a citizen of Clovis, has his home here and when you patronize him you are helping to build up the town and the county. He hires no salesmen and no agents and when you buy one of Dad Dwight's monuments you have to deal direct with him at his marble works on Grand Avenue, but if you can save from 20 to 40 per cent on your monuments isn't it worth while? He has had 38 years experience in the monument business. If you need anything in his line it will pay you to see him. 6-17-tfc

25 Per Cent

In 8 Days That's the Way It's Going

On the 19th the Rodes Addition to Clovis was first offered for sale in five and ten acre tracts. On the 27th there had been more than 25% of the addition sold in ten acre tracts to good men who will build nice homes which will mean 16 nice homes on this 160 acres of land.

\$10.00 Free

We want an appropriate name for this addition and will give ten dollars to the party submitting a name that will be accepted. Names to be mailed to Chas. E. Dennis not later than August 3rd. Name to be selected by A. J. Rodes, Cash Ramey, and Chas. E. Dennis on night of August 3rd, and the ten dollars paid to the party who submitted the name selected on the next day.

This addition is going and parties wanting a nice home must act quickly.

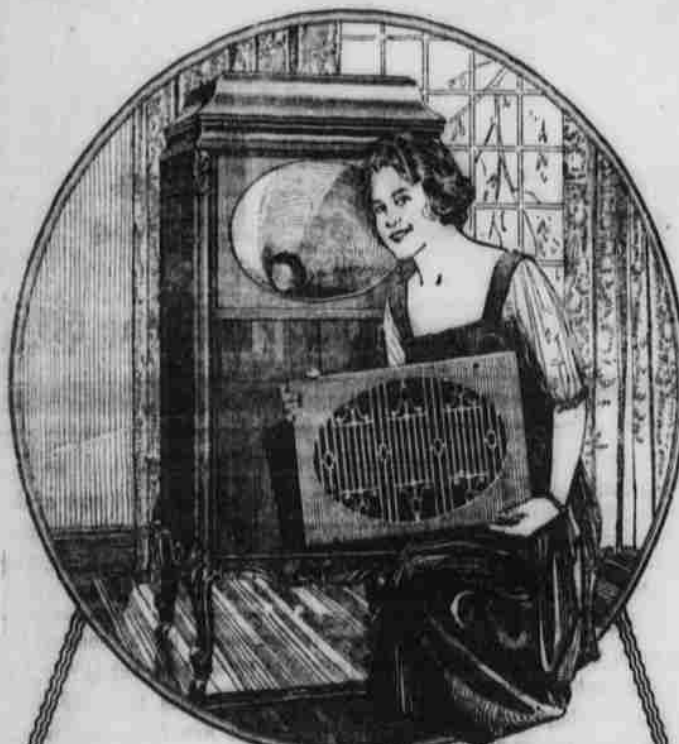

A. J. RODES

In his younger days Mr. Rockefeller's clothes were a trial to his friends, and a story has been told of how one of them once made an effort to get the multi-millionaire to mend his ways in this respect. "I am not shabby," mildly objected the budding millionaire. "Yes you are," retorted his friend. "Think of your father, and what a neatly dressed man he was." At this Mr. Rockefeller smiled. "Why," said he, "this is a suit of my father's I've got on now."

DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. Ask your neighbor. A Clovis case. Mrs. Mary Cottrell says: "My kidneys became disordered and caused my back to ache. Many times I could hardly go on account of those awful

backaches. My hands and feet would often swell up, caused by the irregular action of my kidneys. I would often get so dizzy I could hardly go and many times specks and spots would float before my eyes and blur my sight. I felt miserable when I began taking Doan's Kidney Pills and three boxes of Doan's cured me of the trouble. I can't too highly recommend this medicine. 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 6

Here's the Secret Of that wonderful "round" tone

On hearing The Brunswick for the first time every music lover exclaims at its wonderful full, round, life-like tones. Back of the grill is the secret—an oval horn built entirely of wood on the violin principle. Sound waves are amplified and sent out to the listener in correct acoustical "circles." No metal touches them. That's the secret!

Come in—a demonstration will convince you why The Brunswick is the superior phonograph.

Schedule for August

Wednesday, 4th—Pleasant Hill.
Saturday, 7th—Grady.
Wednesday, 11th—West Chapel.
Friday, 13th—Texico.
Tuesday, 17th—Moye.
Wednesday, 18th—Hollene.
Friday, 20th—Ranchvale.
Wednesday, 25th—Bellview.
Friday, 27th, Locust Grove.
(No date for Melrose or Havener.)

The Denver Stock Show Association will pay the fare and entertainment expenses for six club members to the show in January. The six members to comprise two teams—one stock judging and one demonstration. These teams will contest against those of Colorado, Wyoming and Montana for first place. Curry County has a number of teams in training and there is no reason to believe that at least one of Curry's teams cannot win that trip.

Lawrence Mills of the Ranchvale Rooters pig club reports that his sow has a litter of seven splendid lively youngsters. The sow is one of the nicest in the county and has been well taken care of so that she and her family will be a real attraction at the October encampment.

Travis Stricklin, one of the members of the Moye district, made arrangement for his father to care for his club projects during his vacation and left for Oklahoma Friday.

Miss Leah Weigand of the Priscilla Sewing Club of Ranchvale is making an effort to complete her work and records so that she will have her credit for her year's work. Her father has sold his farm and the family will leave for Arkansas the last of August.

Club callers at the office of the County Leader this week have been Mrs. S. J. Wright, boys' leader at Texico, and daughter, Maurine; Mrs. S. E. Hill and daughter, Ethel; Miss Ouida Byers, calf club member at Ranchvale.

Mrs. F. J. Merrell, local leader of the Melrose club, shopped in Clovis Tuesday. She reports the Melrose club as getting the work completed and that much interest in being man has a large cooking club of girls who are doing excellent work.

The splendid rain has made all the field crop boys happy and the three standard corn clubs will be sure to exhibit some "ears" that will make the democratic donkey's droop with dismay.

Elvin Lewis of the West Chapel Pig Club reports a gain for his pig of 14 pounds in 11 days. There is the results of scientific feeding. A self feeder is the logical feeding method but it must contain something that will add pounds and keep them there.

If a club boy really gives his pig the right sort of care the pig will win the right sort of recognition.

Some helpful hints for club cooks:

- 1.—Keep no unnecessary article in the kitchen.
- 2.—Keep most frequently used articles nearest at hand.
- 3.—Keep things off the floor.
- 4.—Keep the kitchen well ventilated.
- 5.—Keep small utensils on hooks near place of use.
- 6.—Take no unnecessary steps.
- 7.—Stand erect.
- 8.—Sit when possible.
- 9.—Keep all tools in good condition.
- 10.—Use your head and save your heels.

Arza Groves has made two fly traps after a government model that is proving very efficient. Any boy could manufacture the traps and the service they would render in ridding the house of the pests would be of untold benefit to the entire household. Flies are not a necessity in the house and are a particularly grave menace to health this time of year. All club boys should be in the crusade to eliminate the fly.

Pleasant Hill is doing some very definite work with the demonstration teams. At the meeting Wednesday three of the teams put over an exhibition that would have been a credit to tried demonstrators. The boys' cooking team composed of Jimmy Kays, Rufus Greer, and Spencer Jarrell, fried chicken and mashed potatoes while the girls team—Louisa DeLozier and Ophelia Greer and Irene DeLozier baked muffins.

The canning club canned by the cold pack method beets and greens. Aside from these teams they have one poultry demonstration team.

Guests of the club were Mrs. Hunsate, Mrs. DeLozier, Mrs. Bell, Mrs. Smith and niece, Olga Carter.

IMMORTALITY

If we work upon marble, it will perish; upon brass, time will efface it; but if we work upon immortal minds, if we imbue them with principles, with the just fear of God and love of our fellowmen, we engrave upon those tablets something which will brighten to all eternity.—Daniel Webster.

"What attracted you to your bride?" asked the judge after the ceremony.

"Well, sah," replied the ebony-hued bridegroom, "de fust time I seed Dinah here, she kinder tuck my eye. She was a likely lookin' woman, an' so handy wid herself, but when I learned dat she was doin' steady washin' for seven white families, sah, right den an' dar I surrendered."

THE SUCCESS FAMILY

The father of Success is Work.
The mother of success is Ambition.
The oldest son is Common Sense.
Some of the other boys are: Perseverance, Honesty, Thoroughness, Foresight, Enthusiasm and Co-operation.

The oldest daughter is Character.

'Tis now the summer of your youth; time has not cropped the roses from your cheek, though sorrow long has washed them.—Howard Moore.

The man who is always complaining that he hasn't time to do this or that generally has about ten times the time to spare that a busy man has.
