COUNTY INSTITUTE IS IN SESSION THIS WEEK

More Than 100 Teachers are Attending, and Many Prominent Speakers are on Program.

More than 100 teachers are attending the meetings of the Curry County Institute which are being held in the high school building this week.

Prof. D. C. Ridgley of the Illinois State Normal University, of Normal, Illinois, is the principal speaker of the week. He delivered very interesting and instructive lectures at the afternoon and evening meetings on Monday and Tuesday. Prof. Ridgley is a former instructor of City Superintendent E. W. Bowyer, and spoke most highly of the scholarship and ability of Mr. Bowyer.

PROF. D. C. RIDGLEY

Dr. J. D. Sandifer, president of Simmons College at Abilene, Texas, and Dr. Frank H. Roberts, president of New Mexico Normal University, of Las Vegas, delivered addresses Wednesday afternoon.

On Monday evening the Curry County Teachers were entertained at a reception given by the Clovis teachers. Mrs. Fayette Copeland, Jr., Miss Bernice Fry and Miss Parker assisted in the serving of punch. Wednesday evening teachers attending the institute spent a delightful hour picnicking near Clovis.

Speakers on the program today were: Mrs. C. V. Steed, Mrs. Ruth C. Miller, State Vocational Director, and President W. O. Hall, of the Silver City Normal. The late afternoon was devoted to the election of officers for the institute during the coming year.

Friday's work will be devoted to sectional and separate faculty meetings.

"The Institute is a big success," said Prof. E. W. Bowyer, who has been conducting the meetings, "and we are looking forward to the best school year that Curry County has ever known."

MUCH WHEAT DAMAGED BY RAIN OVER COUNTY

Local elevators are being swamped this week with wet wheat, as a result of the recent rains over the county. Much of the wheat was threshed from the stack soon after rains, and it takes from two days to a week to get it in shape to ship after it is received by the elevators.

Sufficient cars have been received to handle the shipping demands since the embargo to Galveston was lifted, and No. 1 wheat was selling today for \$2.22.

RACE WITH SANTA FE TO ADVERTISE ROUTE

Automobile Dealers will Compete with California Limited Over New Abo Pass Route.

Beating the time of the California Limited from the Kanas City to Helen over the new Abo Pass Route is the latest road race planned by automobile dealers along the route, according to D. L. McDonald, of Hereford, president of the Abo Highway Association.

According to present plans, the entire distance of the Abo Pass Route will be separated into divisions to correspond to the divisions of the Santa Fe Railway, and fresh cars will be started at each division point along the way.

"The dealers are enthusiastic about the race," said Mr. McDonald, "and since the route parallels the Santa Fe almost entirely they have no doubt that they can beat the fastest train over this splendid new highway."

VISUAL INSTRUCTION STARTED IN SCHOOLS

Complete Equipment Installed for Class Work in Almost Every Subject.

Clovis Public Schools will have visual instruction work this year for the first time, according to E. W. Bowyer, superintendent.

Six hundred stereographs and 12 stereoscopes, together with 600 lantern slides and a lantern for projection have been received this week. These views are all of an educational nature, covering practically every subject covered in the school curriculum, and nearly every view can be used for instruction in two or more different subjects.

So complete is the selection of views that they have been indexed and cross-indexed until more than 20,000 references are available for the instruction of students in class work.

The stereopticon views with the stereoscope will be used in the daily class work in Geography, History, English, Spelling, Arithmetic, Civics, Domestic Art, and other subjects; and the weekly reviews will be conducted by means of the lantern and the slides.

"We feel that in installing visual instruction work along with the regular work prescribed in the text books, we are taking a forward step in educational work," said Prof. Bowyer, Wednesday. "In many cases it has been proven beyond a doubt that visual education increases the efficiency of the teaching force, increases the child's interest in school work, and decreases the percentage of failures."

NEW EQUIPMENT FOR NEWS' JOB DEPARTMENT

The News has completed the installation of a Miller automatic feeder. This machine is attached to a job press and saves the work of a man in feeding the press. It is a labor-saving piece of machinery and will enable the News to handle quantity runs of printing in competition with city printing offices anywhere. It feeds each sheet of paper accurately and turns out work in much better shape than if fed by hand. The News is installing the third machine of this kind in the state, the others being located in much larger towns than Clovis.

JOHN B. McMANUS WILL HEAD SPEAKERS' BUREAU FOR THE DEMOCRATS

John B. McManus of Albuquerque, former democratic state chairman, will head the speakers' bureau at the democratic state headquarters, Arthur Seligman, state chairman, stated today. Mr. McManus is the first bureau head appointed.

Mr. McManus will begin work at once. His first job is to be arranging the itinerary of the two principal parties to be sent out. Senator A. A. Jones of Las Vegas will head one and R. H. Hanna of Albuquerque, candidate for governor, the other.

JOHNSON'S BAND TO PLAY AT PLAINVIEW

Johnson's Band of this city has been engaged to play for five days at the Plainview fair which will be held during the coming month. The Clovis band is the best organization of the kind in this entire section of the country and is a great advertisement for Clovis.

CUPID STILL BUSY.

Cupid and the county clerk were on the job this week.

E. J. Baker, of Scullin, Oklahoma, and J. P. Reeves, of Elida, New Mexico, were married by Judge J. P. Noble on August 26th.

Ward P. Wilkinson and Miss Cecil Day, both of Clovis, were married by Rev. Hugh M. Smith, on August 26th. Marriage licenses were issued to Walter Leonard, of Clovis, and Miss Willa Highsmith, of Taiban; and to Charles M. Sorrels and Miss Bessie Fiddicourt, both of Clovis.

James D. Nurdyke, of Melrose, and Miss Pearl Smith, of Cottonwood, Texas, were united in marriage by Rev. R. B. Freeman this morning.

REPUBLICANS SELECT TICKET NEXT WEEK

Several Aspirants for gubernatorial Honors Promise to Make Things Merry at Convention.

Much interest is being centered in the Republican State Convention which will convene in Albuquerque next Tuesday. At this time the race for the nomination for governor is overshadowing every other contest. Gov. Larrazole has much opposition for the nomination and apparently the honor may fall to any one of a dozen prominent Republicans of the state. Besides the Governor the following have been mentioned: Tom Hughes of Albuquerque, E. A. Cahoon of Roswell, W. D. Murray of Silver City, J. E. Reinburg of La Union, Judge David Leahy of San Miguel County, A. B. Renehan of Santa Fe, and Judge Reed Halloman. In view of the fact that there is so much dissemination in the ranks of the party in the state this year, this is going to be one of the most interesting state conventions the Republican party has ever held.

BAND TO GIVE LAST CONCERT THIS WEEK

The last regular band concert of the season will be given at the city park next Saturday evening according to A. W. Johnson, director.

Clovis people have appreciated the concerts this year more than ever before, and most of the concert evenings saw large crowds in the park.

The individual members of the band are to be congratulated on their work this season, and Clovis feels proud of the organization.

CLOSING SERVICES AT THE ADVENTIST CAMP

Evangelist John Tindall, a converted infidel of California, will deliver three lectures on Thursday night, Friday night and Sunday night at the Adventist Camp ground.

Saturday morning at 10:45 Evangelist M. Lukens, of Oklahoma City, will speak upon the subject: "What is the Sin Against the Holy Ghost?"

Saturday night at 7:45, Dr. Mary McReynolds, M. D., of Los Angeles, will speak upon "Disease; Its Cause and Prevention." All are cordially invited.

LABOR DAY PROGRAM HAS BEEN ANNOUNCED

Parade, Ball Game, Band Concert, Public Speaking and Dance Have Been Arranged.

Final arrangements for the big Labor Day Celebration next Monday, September 6th, have been announced by the committee, and the whole affair promises to be the biggest of the kind in the annals of the Clovis labor people.

The committee in charge of the arrangements has put forth every effort to make the day a success.

All who are to take part in the parade will meet at the Court House at 9 a. m. and report to the committee in charge. The parade will start promptly at 9:30.

At 3:00 p. m. there will be a ball game between Clovis and Fort Sumner on the Clovis diamond.

At 7:30 p. m. there will be a band concert by Johnson's Concert Band at the city park and an address by Prof. J. M. Bickley, county superintendent.

This will be followed by a dance at 9 o'clock in the Elks Home.

The following is the order in which the different organizations will appear in the parade: Band, Machinists, Carpenters, Retail Clerks, Carmen, Sheet Metal Workers, Painters and Paper Hangers, Maintenance of Way, Teamsters, Boiler-makers, Blacksmiths, Railway Clerks, Engineers and Firemen, Barbers, Trainmen, merchants and citizens. These will be followed by decorated floats and autos of different business houses and organizations.

The following prizes will be given for the best decorated floats: first prize, \$25; second prize, \$15; third prize, \$10. Judges will be A. Mandell, C. W. Harrison and J. R. Hull.

Plans Are Made For County Fair This Fall

REPUBLICANS NAME CONVENTION DELEGATES

Twenty-Eight Named with Half Vote Each—Delegates go Uninstructed But Vote as a Unit.

The Republican county convention was held at the court house in Clovis last Saturday. County Chairman W. A. Havener presided and W. I. Luikart was secretary of the meeting. The object of the convention was to select delegates to the state convention which meets at Albuquerque next week. Curry County has fourteen votes in the convention and twenty-eight delegates were selected, each having a half vote. The delegates received no instructions from the convention except that they are to vote as a unit and are to be bound by the views of the majority of the delegates.

Following were named as delegates and it is understood that most of those named will attend:

Miss Anna Curren, Mrs. G. W. Singleton, Mrs. W. E. Marsh, Mrs. Ollie McLean, Mrs. J. R. Denhof, Mrs. R. N. Downie, G. W. Singleton, W. A. Havener, George McLean, A. B. Austin, A. E. Curren, W. E. Marsh, W. I. Luikart, R. N. Downie, I. C. Johnson, Chas. Fasholtz, Ernest Howlett, W. H. Duckworth, S. Overton, R. E. Rowells, J. R. Denhof, Dr. H. A. Miller, Willie Fasholtz, Hobert R. Miller, D. K. Fitzhugh, R. M. Bishop, Ben Moss and Tom Slater.

POPULATION OF NEW MEXICO IS 435,901

The Census Bureau, Washington, has announced an estimate of the population of the various states, based on the 1920 census. The estimate for New Mexico is 435,901, compared with 327,396 the official census figures for 1910. Thus, New Mexico in 10 years has shown an increase of 108,505 in population, a very gratifying growth.

New Mexico has more people than Vermont, Wyoming, Arizona and Nevada, and its increase in population since the last decennial census has been much larger than any of the states named. It is predicted that the next 10 years will give this state a population of at least 600,000, this claim being based on the rate of increase during the past 10 years.

DEMOCRATIC CANDIDATES SPEND SHORT TIME HERE

Judge R. H. Hanna, Democratic nominee for governor, and State Senator Hal Kerr of Luna county, Democratic nominee for Land Commissioner, were in Clovis for a few hours Thursday morning enroute to Lovington where they will be speakers at a big picnic to be held there.

The Democratic ticket has two strong men in Judge Hanna and Senator Kerr. The latter is one of the big cattle men of the southern part of the state and is well acquainted with the needs of the state land office.

Judge Hanna and Senator Kerr were joined here by Harry L. Patton who goes to Lovington in the interest of his candidacy for the Supreme Court.

MASONS FROM CLOVIS ATTEND CEREMONIALS

Today is a big day for members of the Masonic orders of Clovis, with the big Khiva Shrine Ceremonial at Amarillo, and the initiation of a group of Novices into the mysteries of the Shrine at Tucuman.

George Roach, A. J. Whiting, A. W. Johnson, Byrl Johnson, Laurel Johnson, Dr. A. L. Dillon, Frank Dillon, John Howard, Dr. E. M. Chapman, W. K. Austin, E. C. Parker, P. A. LaShier and W. H. Duckworth attended the Shrine Conclave at Tucuman while quite a number from Clovis attended the installation of the Khiva Shrine at Amarillo.

CLOVIS IS PROMISED FALL FASHION SHOW

Merchants will Display Autumn Styles When New Lyceum Theatre is Opened.

The very latest in styles will be displayed in the Autumn Fashion Show by Clovis merchants on the opening night of the new Lyceum Theatre, sometime in September, according to Russell Hardwick, manager. The show will be staged under the direction of Miss Edith Gilligan, of Denver, and Clovis young people will act as models.

All the up-to-date models in fall and winter clothing will appear, mingled with an array of pleasing colors designed to attract milady's eye, and all the latest in men's togery will be on display.

Most of the Clovis merchants have arranged to display their goods at this time.

"Arrangements for the Fashion Show have been completed," said Mr. Hardwick Wednesday, "and as soon as the chairs have been installed the theatre will be opened." According to Mr. Hardwick the seats have been enroute from the factory for some time, and are now delayed on account of a bad order car. It was announced, however, that the fashion show would be held some time in September.

CHAMBER OF COMMERCE REPAIRING GRADY ROAD

D. W. Jones, secretary of the Clovis Chamber of Commerce has been busy this week superintending repairs on the road north of Clovis. The road mud flat, which extends for about half a mile along the road has been a menace to grain haulers from that vicinity for some time, and the Road Maintenance Department of the Chamber of Commerce is coming to the rescue. The first duty of the rescue party was to pull five loaded trucks out of the mud.

Hereford, Texas, is bidding strong for the grain from northern Curry County, but when the north road is put in good shape practically all of this grain will come to Clovis.

NEW LYCEUM IS ALMOST COMPLETED

The interior decorating of the new Lyceum Theatre has been finished and the new building will soon be ready. Right now the biggest delay is in receiving the seats which have been shipped for sometime.

SUFFRAGE NOW IN A LEGAL TANGLE, SAYS STATE DEPARTMENT

Washington, D. C., Sept. 1.—Action of the lower house of the Tennessee legislature in voting non-concurrence in the ratification of the woman suffrage amendment is viewed by the state department officials as creating a legal tangle, with which the state department has nothing to do at this time.

NEW BUILDINGS TO START

Fenley & Son have been awarded the contract for the two new buildings to be erected by Joe C. McClelland on Main street just south of the Farmers State Bank. Material is being received daily and Mr. McClelland expects to get these buildings completed by January 1st.

ENLARGING QUARTERS

Denhof Jewelry Company will double the floor space occupied by the firm. They will occupy, in addition to their former quarters, the room formerly used by the City Cafe. This is being completely overhauled and new fixtures will be installed.

TO BE HELD HERE ON OCTOBER 14, 15 16,

Farmers and Clovis Business Men Organize Curry County Fair Association.

A permanent organization for the Curry County Fair Association, and plans for a county fair in Clovis on October 14th, 15th and 16th of this year were completed Friday at a joint meeting of representative business men of Clovis and farmers of Curry County.

J. M. Bickley was elected president of the Association, G. P. Kuykendall, vice-president, and Will H. Pattison, secretary and treasurer. These officers were given authority to make definite arrangements for the fair, which will be held in connection with the displays of the boys' and Girls' Clubs of Curry County, and will appoint heads of departments and committees as they see fit.

When final plans for the organization are complete, it will be placed on a more sound financial basis in order to improve and enlarge the fair each year. Eventually the Curry County Fair Association will have its own grounds with display pavilions and other features which are so needed at this time.

The president of the Association will also appoint at least five business men of Clovis to attend each of the community fairs that will be held in the various districts of the county beginning September 10th.

At the meeting, the business men guaranteed \$500 to help care for the some 400 club delegates which will be on hand from this and adjoining counties.

With the view of stimulating interest in the county fair, it is probable that the Chamber of Commerce will send delegations and the band to each of the community fairs which will be held preceding the county fair.

BASE BALL SUNDAY AND LABOR DAY

The Clovis Elks team will play Fort Sumner on next Sunday afternoon and also on Labor Day. Fort Sumner is coming with the strongest team she has ever had and both games should be good ones. Both games are scheduled at 3:30.

FALL TERM OF CLOVIS SCHOOL OPENS SEPT. 7

Enrollment Work Will Take Place Friday and Saturday—Most of Teachers Here.

Immediately after the close of the Curry County Institute, enrollment work for the fall term of the Clovis Public Schools will begin. All but three of the teachers for the schools have reported for duty, and these will probably be on hand when the term opens.

The first six grades west of Mitchell street will register at La Casita school Friday morning, September 3, at 9 o'clock. The same grades east of Mitchell, will register at the same hour and day at the high school. All grades above the first six grades will register at the high school as follows: Departmental grades, Friday morning September 3. All high school Freshmen Friday morning, September 3; Sophomores, Friday afternoon, same day; Juniors, Saturday morning, September 4, and Seniors, Saturday afternoon. Children should take due notice of the day and hour of their registration so as to avoid confusion.

In spite of the inconvenience caused by the delay in completing the new Eugene Field School building, prospects for a good school year are better than ever before, according to Prof. E. W. Bowyer, city superintendent.

Grain and Flour

WE WANT YOUR WHEAT.
The embargo, that has been effective since August 2nd, has been lifted and we can handle your wheat promptly.

SUNLIGHT FLOUR
Cramer Mill & Elevators Co.
CLOVIS, NEW MEXICO

PLEASANT HILL ITEMS

Pleasant Hill is still prospering with good crops. The farmers are getting ready for large wheat crops. Mrs. M. A. Colwell has returned from Nebraska, where she has been visiting her father and mother. Miss Mable Nichols is visiting Miss Irene DeLozier. Miss Elsie Gallagher, Mr. Harry Hungate and Mr. Emery Colwell made a trip to Plainview Saturday after Miss Minnie Agnes Wilson. A number from this community attended the party at Mr. Johnsons, Saturday night, all reported a nice time. Mr. A. M. Singleterry and family has returned from Oklahoma where they have been visiting relatives. Mr. Tom Gallagher has sold his farm. A large number from this community attended the Baptist association Thursday and Friday of last week. Miss Goldie Snodderly returned last week from York Town, Iowa, where she has been visiting her sister. Mr. Paris Greer and Miss Vera Greer are visiting their aunt and uncle Mr. and Mrs. W. F. Greer. They have planned to go to school at Pleasant Hill this fall and winter. Jenny Wren.

PUBLICATION NOTICE

In the Probate Court of Curry County, New Mexico. In the matter of the estate of Frank J. Evans, deceased. Notice is hereby given that the undersigned Maud C. Evans, administratrix of the estate of Frank J. Evans, deceased, has filed in the Probate court of Curry County, New Mexico, her final account as administratrix of this estate, which said account correctly shows all receipts and disbursements, and that the Probate Judge of Curry County has set and fixed Monday, the 6th day of September, 1920, a day of the September, 1920, term of said court, for the hearing and allowance or rejection of said account. All persons interested in said estate will be governed accordingly.

MAUD C. EVANS,
Administratrix of the estate of Frank J. Evans, deceased. 8-12-4tc.

A FOOL—the fellow who expects to get something out of life and yet refuses to put anything into it.

WAR RESULTED IN HEAVY LOSSES IN POPULATION

Washington, Sept. 1.—Due to war influence, ten European nations engaged in the world war show a potential loss in population of 35,320,000 persons since 1914, according to a statistical research conducted by the Copenhagen Society for Studying the Social Consequences of the War, made public today by the American Red Cross.

At the end of 1913, the society reported, these nations had a population of 400,850,000 and under normal conditions this population should have increased by the middle of 1919 to 424,210,000. However, it had fallen by that time to 389,030,000, which led to the conclusion by Danish statisticians that the loss of actual and potential human life in these nations approximated 40,000,000.

Causes of the abnormal falling off in population were attributed in the society's report as follows:

Killed in war, 9,819,000; deaths due to augmentation of mortality, economic blockades, war epidemics, 5,301,000; fall in birth rate due to mobilization of 56,000,000 men between 20 and 45 years of age, 20,200,000.

The League of Nations is a practical solution of a practical situation. It is no more perfect than the original Constitution which has been amended eighteen times and will soon, we hope, be amended the nineteenth, was perfect. It is not anti-nation; it is anti-war.—Franklin D. Roosevelt.

PLEASANT HILL ITEMS

(Delayed from last week.) We have been having some nice showers which is making everything grow, but putting the farmers behind with their work. Mr. and Mrs. Roy Gurley of Texico were visitors in this neighborhood Sunday. Miss Margery Kays spent Saturday afternoon with Miss Erma Karns. Miss Kate Davis and Mr. Bill Johnson of Claud were visitors at B. Y. P. U. Sunday night. Only a few were present at preaching Sunday afternoon. A substitute came in Brother Thurston's place, as he was attending the quarterly conference at Texico. Mr. and Mrs. Andrew Morman spent Sunday afternoon with Mr. and Mrs. Blackwell. A few of the young folks went home with Mr. and Mrs. McCain, Sunday night after preaching to eat ice cream. Mr. and Mrs. Gurley and son, Forrest have gone to Kansas on a visit. Miss A. Smith has returned to Clovis, guess this place is too dull for her. Miss Eunice Johnson of Claud was a visitor at B. Y. P. U. and preaching Sunday night.

STRANGER

The wife of a negro minister at Atchison, Kansas, has been the mother of 32 children. She is 52 years old.

CLAUD NOTES

(Delayed from last week.) Mrs. Montoya of Albuquerque was the week end guest of Mrs. Forrest Pattison. Misses Nellie Mott and Lois Charlton were Sunday guests of Misses Erma and Marble Westfall. Neighbors held a surprise party for Mrs. Sam Pipkin Saturday evening. The Cowboys convention at Tucumcari had a number of Claud attendants. Singing was held at the school house Sunday evening. Mr. and Mrs. Bennett returned last week from a two weeks trip to their farm in Oklahoma. Mr. Keenan has been on the sick list. The Smith children are improving after a long siege of the whooping cough. Mrs. Walter Westfall and sister Illian are visiting in Claud, Texas. Mr. and Mrs. Walter Smith had as dinner guests, Sunday, Mr. and Mrs. C. H. Westfall, John Westfall and family. Mesdames John Westfall, Chester Marks, Wm. Kreitzberg, Sam Pipkin, Misses Lola and Helen Kreitzberg and Marble Westfall were Tuesday afternoon guests of Mrs. O. E. Pattison. The world will immortalize the dreamer who invents an airship that will lift us above our troubles.

The Brotherhood of Locomotive Engineers will open a bank in Cleveland, November 1. The stock will be limited to members of the organization, and the main purpose is stated to be to aid the 85,000 members of the order.

ADMINISTRATOR'S NOTICE

Notice is hereby given that the undersigned was duly appointed and qualified as administrator of the estate of Jennie McCully, by the Probate court on the 14th day of May, 1919, and all parties are notified to present their claims against said estate, if any, to said administrator as the law provides, for payment, otherwise same will be forever barred in one year from this 19th day of August, 1920. 8-19-4tc. J. C. Nelson, Administrator

The feature of prime importance in the purchase of a MONUMENT is the quality of marble or granite—this should be of the highest grade if the memorial is to be lasting.

The quality of monuments we make, in this respect, will stand every test known—it is as high and as excellent as we can possibly obtain.

This feature plus designing, perfect lettering and moderate prices should cause you to place the order with us. A card will bring full information.

MINE OWNER WAS FORCED TO QUIT

Moves to Coast Seeking Health—Takes Tanlac and Will Return Home a Well Man.

"I was forced to give up my mining business and move to Los Angeles seeking health, but thanks to Tanlac I am going back a well man," said William H. Hart, who owns the Vindicator-Divido mine in Tonopah, Nevada.

"For nine years," he continued, "I suffered terribly from indigestion, my appetite was poor and everything I ate would cause so much gas in my stomach that I would be drawn almost double with pain. I got so nervous I couldn't write a letter and even the wind blowing around the house at night would upset me so I couldn't sleep. I lost forty pounds in weight and finally had such bad attacks that I couldn't stay on the job another day. I just gave up and came out here, but the change, like all the treatments I had taken, seemed to do me no good at all.

"One day a friend recommended Tanlac to me and I will never be able to thank him enough, for now after taking four bottles I feel like a new man. I eat three hearty meals a day, my nerves are as steady as a rock, I sleep like a child at night and I am going back to my mines feeling any fine in every way. I am glad to have a chance to tell other people what a great medicine Tanlac is."

Tanlac is sold in Clovis by City Drug Co., in Texico by Red Cross Pharmacy, and in Melrose by Irwin & Pool. (Advertisement)

CAMERON NEWS

(Delayed from last week.)

Because of heavy rains there was not any mail at Cameron from Clovis Saturday.

Mr. and Mrs. S. J. Lobban and Mr. Hammons made a trip to Clovis Saturday and returned Sunday.

Grover Cogdill and family and Robert Johnston and family and Mr. and Mrs. Lonnie Johnston were dinner guests at the home of Mrs. A. M. Johnston Sunday.

Silas Lane of Mexker, Okla., is here for his health. His brother Roscoe is working for J. Z. Isler.

Rev. Crawford was present at his regular appointment at New Hope Sunday morning and afternoon.

Sam Jennings sold his farm to Will Brown last week.

A. C. Johnston and family, J. A. Nichols and family, and Rob. Isler and family and Paul Mote and S. P. Easley took Sunday dinner at the home of J. Z. Isler.

The two weeks meeting held at New Hope closed Saturday night.

J. Z. Isler attended the Democratic Convention at Las Vegas this week.

J. F. Bolding of Tulsa, Okla., and J. A. Bolding of El Paso, Texas, visited a week with their brothers, R. P. and C. W. and their sister, Miss Della. It being the first time the five have met in twenty years. While here J. F. and C. W. made a trip with a team to northwest New Mexico. Since their return R. P. and C. W. made a trip to Mountainair, New Mexico, on the train and returned Saturday.

A large number from here attended the carnival and round up at Tucumcari last week. Some report having taken a flight in an airplane while there.

Robert Johnston and family of Drumright, Okla., came last week to make their home with Mrs. M. A. Johnston.

Carl Wilkinson and family visited last week with Mrs. Wilkinson's brother at Glen Rio, N. M.

S. P. Easley who has been working with the Witherspoon threshing crew returned to his home at Dunlap, N. M., Monday.

Miss Della Bolding will have charge of the Boney school, beginning, September 7th.

S. J. Lobban bought the F. W. Davidson farm.

Golden Martin lost control of his car last week at the Cap Rock. It turned over several times and is a wreck. Luckily no one was seriously hurt.

OHIO GIRLS INTERESTED IN POLITICAL ELECTION

A mock political convention with all the lobbying for candidates, preliminary advertising and political manoeuvres was indulged in by 350 industrial girls who met recently in a convention at Oxford, Ohio. The fact that their home state is supplying two presidential candidates is intensifying their interest in citizenship and election politics, according to leaders of Civic Study Clubs.

A study book on citizenship, preparatory to the exercise of suffrage, has been prepared by the Educational Department of the Young Women's Christian Association, National Board in New York City, and is being used at conferences and in study groups.

Many a fellow has found out that when a girl's love has settled upon him it was already a shop-worn article.

Content yourself with the common course of things. You'll be no exception to the rule. Somebody will sing your virtues when you are dead.

When you put yourself on the block to be sold to the highest bidder you cannot put too high a price on yourself.

Slaughter Murray, Proprietor.

Listen, good friends, and you shall hear why some Cigarettes are so all-fired dear

SOME cigarettes are packed in pretty boxes that certainly don't grow on trees. Next, they're dolled up—and flavorings are sure getting expensive. And then, they're priced a bit high so they'll seem "exclusive." But read how Spur Cigarettes offer the highest possible quality at the lowest possible price:

If there are any finer tobaccos from the Orient and the good old U. S. A. than those selected for Spurs, they must be a secret that the world has never heard. And when we got these combined in Spur Cigarettes, what do you suppose was the result? Just the best taste and aroma that any cigarette could give, and Willie Doll-up or Freddie Flavoring hadn't a thing to do with it.

Spur is "class" all through—even to the smart "brown-and-silver" package, triple-wrapped, that keeps Spurs fresh and fragrant. Try out a package of Spurs. You'll say "made and priced for popularity."

MANUFACTURED BY LIGGETT & MYERS TOBACCO CO.

KENNA ROAD HAS BEEN PROVIDED FOR

Co-operation of County Commissioners, State Highway Commission and Chamber of Commerce Gets Action.

"The best news of the month in the highway department is that early building of the Roswell to Clovis road is assured," says J. H. Mullis, chairman of the highway department of the Roswell Chamber of Commerce, in "Sunshine Squibs" the official publication of that organization. "The first part of the work will start August 16th. The highway department of the Chamber of Commerce in conjunction with the Clovis Chamber of Commerce began work on plans to speed up, action on the road more than a month ago, state highway commission real results were obtained.

"The county has \$12,500 available from the county bond issue for this road. While all of the money is not on deposit, sufficient amount has been placed with the highway commission to allow the district engineer to start the work of grading the road between Acme and Kenna. The road will be so placed that the rough boggy places will be missed. Because of the natural conditions in this section it is possible to build a road very cheaply that will be good for several years at comparatively small maintenance cost.

"About \$100,000 Federal Aid money will be used on a Federal Aid project of approximately 11 miles, beginning in the gyp section near Acme and extending south. This will provide a hard surfaced road to a point a few miles south of the Pecos river. From there into Roswell the road is already in good condition. In Roosevelt county additional work will be done, so a good year around road is now assured. Since this is a section of the Bankhead and the Ozark Trails it means much as a feeder to the entire Pecos Valley.

"While grading work on the stretch from Acme to Kenna will start at once, the Federal Aid project cannot in the nature of things be started so promptly. The highway department of the Chamber of Commerce acknowledges helpful co-operation from the Clovis Chamber of Commerce and especially from its secretary, D. W. Jones."

MARRIED IN PORTALES.

Mr. Temple Odom, of Clovis, and Miss Mignon Jones, of Portales were married at the home of the bride's parents in that city last Friday afternoon.

Those present were: Mr. and Mrs. Jones, parents of the bride, and Mrs. Anna L. Odom, Mrs. Neva Cosh, Miss Lorena Odom, Mr. and Mrs. C. E. Denhof and Miss Hunter.

Immediately after the ceremony the young couple left for a week-end motor trip to Roswell.

Mr. Odom is a member of the Clovis Stephens Company, and both of the young people have many friends here who extend congratulations and best wishes.

RETURNS FROM MARKET

W. F. Bradley returned early this week from a market trip to Dallas and Fort Worth where he purchased holiday and Christmas goods for the Rodes-Bradley Dry Goods Company.

The market is still very unstable, according to Mr. Bradley. Shoes, with the exception of the higher priced styles, are a little below last year's quotations, and suits are about the same price with a better grade of material than last year's models carried.

NEFF WON BY A MAJORITY OF 70,000

Pat M. Neff defeated former Senator Bailey for governor of Texas in the primary election held last Saturday by a majority of about 70,000. This brings to an end one of the hardest fought elections the Lone Star State has ever held.

Extended for Sixty Days More

The big Praetorian campaign has been extended for sixty days more. You save \$5.00 by joining now.

The Praetorian Building

Owned and operated exclusively by the Praetorians."

SCIENTIFIC LIFE INSURANCE

The Praetorians is a scientific Life Insurance institution with the home office in Dallas, Texas. The institution was organized 22 years ago and from the very beginning the Order began putting aside a reserve to protect its policy holders and we now have over \$80.00 per capita, per member, to protect our policy holders.

MEN AND WOMEN ADMITTED ON SAME BASIS OF RATES

Women are admitted to the Praetorians on the same basis of rates as men. All meet in the same council. This makes a fine social feature.

ACCIDENT BENEFITS IN EVERY POLICY WITHOUT EXTRA COST

Every policy the Praetorians write provides for accident benefits without extra cost. Also disability features.

Our Leader Is the Twenty Year Pay Policy

The Praetorians sell several classes of policies. Our leader is the 20 year payment plan. Why take a policy on which you have to continue paying premiums as long as you live when you can get a policy in the Praetorians and get it fully paid up in twenty years? We also write a ten year pay policy. Cash and loan features in both of the above policies after the second year.

I will be Glad to Explain our Different Plans and Special Benefits to You

CLUB DISPLAYS OF EIGHT COUNTIES TO BE SHOWN

One hundred delegates from eight counties are now making preparations to attend the Curry County Boys and Girls Club display which will be held in conjunction with the Curry County Fair in Clovis on October 14th, 15th and 16th, according to E. Peterson, county agent.

Roosevelt, Chavez, Eddy, Lea, De Baca, Guadalupe and Quay counties will compete for honors with the Curry county delegates at the fair. These eight counties form one of the three club districts of the state.

County Agent Merrill, of Roosevelt county, was in Clovis Monday making arrangements for the entrance of his club winners in the Curry county fair. Roosevelt county is planning to have a fair early in October, and it is probable that E. Peterson will act as one of the judges of the club displays.

PRIZE FIGHT ARRANGED FOR MONDAY NIGHT

Joie Ray announces that arrangements have been made to stage a good clean boxing bout in the Elks Auditorium here next Monday evening. Henry Rhodes, weight 175 lbs., known as the "West Texas Demon," will meet Jack Willard, of El Paso, at 178 lbs.

Good preliminaries have been arranged, and the fight promises to be a good one.

MR. FARMER

If you want to sell your farm make the price and terms right and we can sell it. We have buyers waiting for bargains.

Gus M. Bryan & Co.,

HOLLENE ITEMS

Hollene has had an abundance of rain lately. Farmers are taking advantage of the splendid season to prepare their ground for wheat. Some are beginning to sow. Row crops will be good this fall. Altogether this is a prosperous year for the farmer.

At last our school building is well under way. It will be available for school the first of October.

Rev. Cameron preached at Union Church Sunday morning and evening.

The Holiness Church will begin an evangelistic campaign here next Friday evening.

There were three lads in "the same boat" Sunday night. They went thinking they would; and came back wishing they had. Brace up boys. Remember that faint heart ne'er won fair lady.

Mr. Hartley is building a most modern home on his farm near Hollene. Mr. Vaughn is to begin his new home soon.

Mrs. Beckley, a former resident of this community was with us in Sunday School Sunday. Mrs. Beckley is one of the good workers in the Sunday Schools of Clovis, and we very much appreciate her presence with us.

Mrs. Sorrows' father and brother are visiting her this week. It is a pleasure to see men like this. The old gentleman is an Ex-Confederate soldier. He holds no malice and talks interestingly of the war between the states. IDLER.

MOUNCE NEWS

Think! The dear old school days are almost here again. The children in this community are anxiously waiting for the 7th of Sept. The farmers are very busy preparing their vacant ground.

Mrs. J. R. Johnson and children have returned home from points in Texas where they have been visiting.

The box supper at Mounce church building last Friday night was a success. Had good attendance, and every one reported a dandy time. The supper came to \$138.31.

Mrs. Rice and son have returned home from a visit in Texas.

Mr. Bryson and family are driving a new Ford car.

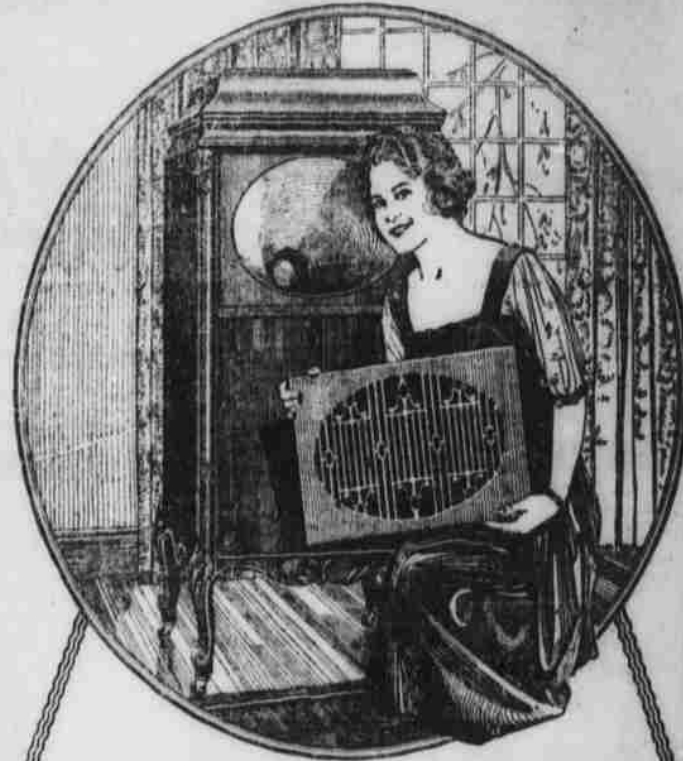

There have been several people from this community attending the meeting in Clovis.

Miss Helen Johnson attended the dance at Charlie Fields' Saturday night.

Mrs. Martin from Clovis called on Mrs. Rice Sunday.

Mr. Cox is building more onto his house this week.

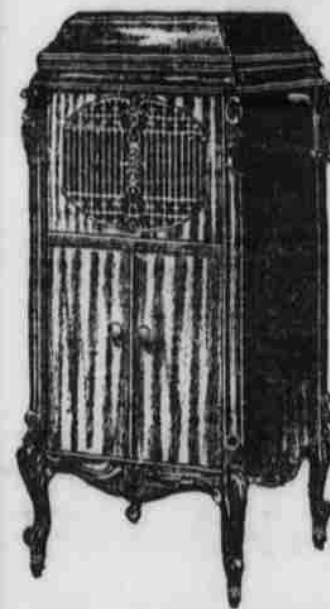

Mr. Sam Haynes and wife and sis-

Here's the Secret Of that wonderful "round" tone

On hearing The Brunswick for the first time every music lover exclaims at its wonderful full, round, life-like tones. Back of the grill is the secret — an oval horn built entirely of wood on the violin principle. Sound waves are amplified and sent out to the listener in correct acoustical "circles." No metal touches them. That's the secret!

Brunswick
PHONOGRAPHS AND RECORDS

Come in—a demonstration will convince you why The Brunswick is the superior phonograph.

Nunn Electric Co.
of Clovis

ter attended the box supper Friday night.
Mr. Walter C. Johnson returned home Monday morning from a week's trip near the border.
Miss Genneta Graham from Hereford, Texas, visited Miss Helen Johnson a few days last week.
Mr. Edd Rice is working for Mr. Cox this week.
Mr. Robert Johnson and sister, Helen, attended church in Clovis Sunday.
Mrs. Kenada was a Clovis visitor Saturday.
Miss Helen Johnson visited friends in Texico Thursday and Thursday night.
Mr. and Mrs. Lewis have relation here visiting them.
Miss Minnie Johnson returned to Phoenix, Ariz., where she will take up her work as cashier.
Mr. and Mrs. Goodman and children made a trip to Portales Sunday.
Mr. and Mrs. Monzingo had relation from Clovis Sunday.
Mr. and Mrs. Pierce and daughter, Mr. and Mrs. Pruitt and children, and Mr. Will Balch and son have returned to their homes in Texas. They have been visiting relatives, Mr. and Mrs. J. R. Johnson.

**RAILROAD OFFICIAL FIGURES
HOW RATE INCREASE
WILL EFFECT PRICES**

Amarillo.—"No railroad man will deny that the freight increase will be paid by the public," declared T. B. Gallaher, General Freight and Passenger Agent of the Panhandle and Santa Fe Railway, in discussing the increase in rates recently. However, in Mr. Gallaher's opinion, now is the opportune time for a reasonable presentation of facts showing to what extent the new rates will affect the individual consumer. To that end certain illustrations prepared in his office may be helpful to those who are

trying to figure out what the increase will mean to them.

"It goes without saying," said Mr. Gallaher, "that an increase of 50 cents per ton in the freight rate on coal will become a part of the selling price. And an increase of 50 cents per ton in the freight rate on a number of raw materials entering into the manufacture of finished articles will have an effect on the cost of producing such materials, and also the finished products. These figures are used for comparative purposes.

"But one can well challenge the statement that the increased freight rate should result in an increased selling price of a pair of shoes," continued Mr. Gallaher. "The increased freight on shoes from St. Louis to Clovis is about two and six-tenths cents; on a yard of dress material the increase is so small it can scarcely be traced; and on many other articles the increase is nominal. No one could challenge the statement that the size of the total increase will be passed on to the public. As to whether it will be properly distributed, that is, as among producers, middlemen, retailers, and consumers, is a question which every one should reckon with and deal with as the facts in the case may warrant."

Mr. Gallaher has made computations in accord with the decision of the Interstate Commerce Commission, showing the increases in cents on commodities in general use in Clovis as follows:

- Pair of shoes from St. Louis, 2.6 cents.
- Pair of shoes from Boston 4.2 cents.
- Men's suit of clothes from Chicago, 4.8 cents.
- Men's suit of clothes from New York, 7 cents.
- Ladies' suit from Chicago, 2.9 cents.
- Ladies' suit from New York, 4.2 cents.
- Men's hats from Chicago, 1 cent.
- Men's hats from New York, 1.3 cent.
- One pound package of breakfast food, five tenths of a cent.
- One pound package of breakfast food from Battle Creek, three tenths of a cent.
- One pound sack of flour from Minneapolis, 25.5 cents.
- One bushel of potatoes from Red River District, 19.8 cents.
- One box of apples from Oregon and Washington, 21 cents.
- One pound of beans from Michigan, five tenths of a cent.
- One pound of lard from Chicago, four tenths of a cent.
- One dozen bars of soap from Chicago, 1.8 cents.
- One pound of sugar from Colorado, three tenths of a cent.
- One pound of cane sugar from New Orleans, three tenths of a cent.
- One pound of tea from San Francisco, five tenths of a cent.
- One pound can of canned goods from Baltimore, five tenths of a cent.
- One pound of canned goods from California, three tenths of a cent.
- One pound of bacon or ham from Kansas City or St. Louis, four tenths of a cent.

**FARMERS BUSY TRYING
TO GET RID OF SMUT**

Farmers in Curry county are becoming interested in the problem of wheat smut and inquiries are coming in every day to the county agent's office for information and instructions about treating the seed wheat.

Long experiments by the U. S. Department of Agriculture have proved that the formaldehyde treatment is an absolutely sure method for eliminating smut which causes from 5% to 25% decrease in the yield.

"Heretofore the farmers of this county have thought very little of the smut problem," said County Agent Peterson Tuesday, "but now they are beginning to realize that smut can be entirely eliminated at a cost of from two to three cents per acre. Actual experiments in this county have proved that wheat treated for smut will produce from two to ten bushels more per acre than that which has not been treated."

QUEER OLD WEDDING CUSTOM

Idea of "Running Up" in Vogue in Mississippi a Comparatively Few Years Ago.

A unique wedding custom was once practiced in America. The "run-up" wedding was an innovation in marriages, unknown in any part of the world except in southern Mississippi, but no longer than 25 years ago it was the way in which most southern Mississippians of means were married.

Some time before the wedding the groom began to choose from among his best friends those who should ride with him. It was considered a great honor to be thus chosen. Horses were carefully groomed and be-tasseled for the occasion, the long, luxuriant mustaches worn in those days were waxed and twisted, and particular attention was paid to every detail of the rider's appearance. On the given date the groom and his riders met at some secluded spot a mile or two from the bride's home, and at a signal from the groom dashed away at top speed, hats waving and voices shouting. Around the bride's house a cordon of outriders was placed to warn of the approach of the groom and his party. As a cloud of dust announced their nearness the outriders went out to meet them, whirling about and returning with them. On the porch of the bride's home her party strained their eyes to catch the first glimpse of the riders. The sounding of the herald's horn set all hearts to fluttering. In a whirl of dust the groom appeared, snatching up his bride and riding on ahead a short distance with her in front of him on the saddle, then wheeling back and dismounting for the ceremony, for which the minister stood waiting. Then came the wedding breakfast.

MARVELOUS IS HUMAN BRAIN

Many Millions of Nerve Cells Make Up the Mind Which Controls the Body's Movements.

The highest product of evolution is undoubtedly the human brain. It is the seat of the mind—and, so far as it can be said to have a seat, of the soul, also. Filling the great cavity of the skull is the cerebrum, thrown into many folds or so-called "convolutions." This matter is gray on the outside and white toward the center. It is in the gray matter, composed of millions upon millions of nerve cells, connected one with another, that higher thought—reasoning, association, memory, etc., go on. In the brain there are certain sensory centers which record the senses of sight, smell, taste, hearing and touch. There are also certain "organs" or parts of the brain which move various parts of the body and these are the so-called "motor areas." The anatomy of the brain has been carried to such a fine degree of knowledge that we are now enabled to put our finger upon a certain spot in the brain and say, "This group (or groups) of cells moves the little toe on the left foot," or whatever it may be. Every movement in the body is controlled by these centers, either in the brain or by the nerves which branch out from the spinal cord. All activities of the body, however, other than those initiated by the brain, are unconscious.—Hereward Carrington, in Leslie's.

How She Proposes.

Women do propose though they do not say outright, "Jack, I love you! Will you please be my husband?" They sometimes do as did Alice and her friend Fred. They had been singing, and Alice searched through the music till she found a song entitled, "I am in love with you." Handing it to Fred she said "Do you know it?" Fred looked stunned, and ignoring the song she held out to him, he said, "No, I didn't know it, but I certainly am glad to hear you say so." And shortly Alice was wearing an engagement ring. But sometimes it works the other way. A young man was taking a girl home on a beautiful moonlight evening. Looking into his eyes she said, "Er—I'm not going to get married until you do." He asked why, and she replied "Because so long as you are single there is hope." But also he took her home and left her there and never saw her again!

**School Books
Are Here!**

We are pleased to announce that in spite of numerous delays we have all the school books on hand that will be used in the Clovis City School this year.

We also have a complete line of school supplies, tablets, pencils, etc., that you will need before you will enroll.

CALL TO CONVENTION.

To White Ribboners of New Mexico—greeting!

The recent session of the state executive board of the New Mexico Woman's Christian Temperance Union named the place and dates of the state convention, September 17, 18, 19, at Belen, N. M.

The call to convention is a call to White Ribboners to assemble and consecrate themselves in service to the great task of mothering the neglected girlhood of the Sunshine State.

The convention will be notable for important business; for jubilation over the benefactions that make it possible to establish the Frances E. Willard Training School for Girls; and for conference with the incorporators, faculty and national advisory members of the school in planning the year's work.

Delegations from each local W. C. T. U. are expected to bring the names of needy girls in their communities with recommendations for admission to the training course of the institution.

All unions and individual White Ribboners and their friends are asked to note the need of the institution for articles of furniture that may be spared from your homes and will be valuable contributions to the gift "show-er" of furnishings to be held during convention.

A feature of the convention will be an address by a national member of the advisory board, Mrs. Gertrude Martin, director of the department of Social Morality of the national W. C. T. U. Mrs. Martin will come from Ithaca, New York to attend the convention.

Prominent statesmen and women of New Mexico will be on the program, of convention sessions. One event will be an all day picnic on the W. C. T. U. farm of 20 acres where the new building to house sixty students is in course of construction.

Delegates will be lodged in the building that is to be temporary quarters for the Frances E. Willard school, and room-guests of Belen White Ribboners. Mrs. Radcliffe of Belen is chairman of the entertainment committee to whom delegates will report. Visitors will be welcomed to all privileges of the convention save that of voting.

All are expected to be present to

answer roll call the morning of September 17th, at ten o'clock. Loyalty yours for "God and Home and Humanity." Anna Wilds Strunquist, President New Mexico Woman's Christian Temperance Union.

RASTUS PHILOSOPHY

De sunflower ain't de daisy, and de melon ain't de rose;
Why is de all so crazy to be sumin' else dat grows?
Jess stick to de place you're planted and do de bes' you knows;
Be de sunflower or de daisy, de melon or de rose.

Don't be what yo' ain't, jes yo' be what you is;
If yo' am not what yo' are den yo' is not what yo' is.
If you're jess a little tadpole, don't yo' try to be de frog;
If yo' are de tail, don't yo' try to wag de dawg.

Pass de plate if yo' can't errot and preach;
If you're just a little pebble, don't yo' try to be de beach.
When a man is what he isn't, den he isn't what he is,
An' as sure as I'm a-talking, he's a'gwine to get his.

Mrs. C. A. LaDuke, leader of the Locust Grove group is spending the week at the home of her brother, Mr. Frank Neel.

Kenneth Bell, of the Pleasant Hill club, brought in two dozen splendid reports from his corn demonstration

plots this week. If Kenneth can increase the yield of such splendid roasting ears as those were, he will one day be one of Curry's progressive farmers.

The attendance was very good at the Locust Grove meeting the 27th. Every report was up to date and the meeting was devoted to planning on arrangement of exhibits and work for the demonstration teams. Locust Grove will exhibit with the Texico clubs on the 26th of September.

Misses Irene and Vivienne De Lozier, members of the Pleasant Hill club, were shopping in Clovis Saturday.

Mr. Runnells, county agent of Roosevelt, was an office caller Monday. Mr. Runnells has just taken up the work in that county, but promises that the county will at least have Jersey club boys at the district encampment.

At the meeting the 24th at Moye, all were present except William Akers, Bertram Kemp and Travico Stricklin. The reports were very good and everyone is confident of finishing with credit this year. Moye has every member enrolled still on the job.

La Ferne Evans of the Priscilla Sewing Club, is spending the week with her aunt, Mrs. M. Craig, of Texico.

The meeting at Bellview, Wednesday, was very well attended, despite the fact that many of the boys were threshing. Some of the sewing club girls brought their garments and several have completed the required amount of home work. The canning club is particularly interested in Mr. Stallings' gift and all the members are making an effort to secure the prize for their school. And then the cooks are just as enthusiastic about Mr. Barry's range. Mrs. Rose, girls' leader, and Prof. and Mrs. McKinley were present. Miss Mozer, guest of the county leader, gave two readings and two ukelele selections.

As there will be no local fair at Pleasant Hill this year the club members will send their reports to the county leader on or before October first and prepare their exhibits for club encampment.

The work is well under way for the

printing of the fair and encampment program and premium list. It is planned to make this a club souvenir for 1920 and some effort is being expended in putting it together.

Another Club Prize.

The Clovis National Bank is presenting to the Best Pig Club in the county a registered male. This is one of the prizes that will mean a great deal in club development in Curry County and the boys and girls, when they learn of this, will be anxiously concerned regarding their October show pigs.

The following individual prizes have been offered to Curry County Club members: Roberts-Dearborne Co. are giving leather halters for the best three Holsteins showing at the October encampment. The Denhof Jewelry Shop is offering a set of scissors to the girl that takes second place in first year sewing and a silver thimble as third prize in the same class. Mr. Whiting is giving an aluminum preserving kettle as one of the prizes to the canners. The Jernigan Jewelry Shop is offering a Pyrex baking dish for first prize to the second year cooking girls.

CALL FOR DEMOCRATIC MEETING

The Democratic Executive Committee is hereby called to meet at the Court house at 2:00 p. m. on Thursday, September 9th, for the purpose of organizing and to fill the vacancy in the office of Representative and to transact any other business that comes before the committee.

All Committeemen and all Democratic workers and all county candidates are requested to attend this meeting.

A. W. HOCKENHULL,
County Chairman.

WHY?

Put Up With BLOW-OUTS AND PUNCTURES

Thousands of motorists in all parts of the country have found a satisfactory answer to the question, WHY PUT UP WITH BLOW-OUTS AND PUNCTURES?

Furthermore they are saving 50% on their tire expense, and are actually getting from

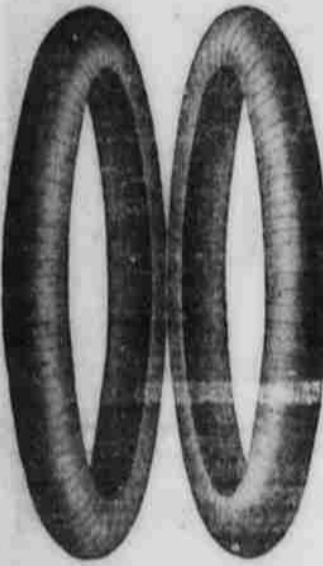

3,000 TO 5,000 EXTRA MILES

from every tire. Think of the saving. Think of the satisfaction.

NO BLOW-OUTS OR PUNCTURES

If you want to cut your tire expense in half—if you want to double your tire mileage and, above all, if you want to put an end to tire troubles, equip all of your tires with

STEPHENS INNER TYRES

30 DAY FREE TRIAL

You don't have to risk a cent to find out what STEPHENS INNER TYRES will do. Buy one or a set of them. Use them 30 days. If they are not exactly as represented, return them, and your money will be cheerfully refunded.

EASY TO INSERT

INNER TYRES are extremely easy to insert. No cement or vulcanizing necessary. Patented SUCTION CUPS prevent any possibility of slipping or creating heat. INNER TYRES are transferable from casing to another.

How They Are Built

A STEPHENS INNER TYRE is not a reliner, retread or filler. It does not interfere in any way with the air pressure and resiliency of tire. Built endless of several plies of high quality fabric, with a cushion of soft rubber on the tread. No overlap. Positively adds 50% to riding quality of car. Guaranteed to do everything claimed. A scientific reinforcement for all tires—old or new.

BEEF IMPORTS GROW

Figures Are Given Out by Bureau of Animal Industry.

Canned and Cured Meats Show Big Falling Off for the Period Covered.

There was very little difference in the quantity of fresh and refrigerated beef imported into the United States in 1919 and 1920. The figures are taken from the most inspectors' reports, bureau of animal industry, United States department of agriculture. In 10 months ended in April, 1919, 27,873,165 pounds of fresh and refrigerated beef were imported. In the period ending at the corresponding time in 1920 the quantity of fresh and refrigerated beef arriving in the United States from foreign countries was 27,968,890 pounds, an increase of about a quarter of a million pounds.

Fresh and refrigerated meats of other kinds jumped to twice the quantity in the 10 months ending April, 1920, as for the same period in 1919. The figures show 7,933,377 pounds for 1919 and 14,979,083 pounds for 1920. But the canned and cured meats imported during the same periods show a remarkable drop from 126,624,348 pounds in 1919 to less than 2,000,000 pounds in 1920. This item accounts for the marked decrease in the total meat products imported. The total weight imported in the 1919 period was 168,092,911 pounds, but 1920 brought only 50,246,055 pounds.

PRINCESS PURACHATRA

COTTON CONSUMPTION GROWS

Amount Used During June Shows Big Increase Over Year Ago Says Census Bureau.

Washington.—Cotton consumed during June amounted to 555,521 bales of lint and 33,960 of linters, the census bureau announced.

During June a year ago 474,330 bales of lint and 15,083 of linters were consumed.

Cotton on hand June 30 in consuming establishments was 1,554,923 bales of lint and 270,171 of linters, compared with 1,363,049 bales of lint and 233,894 of linters a year ago, and in public storages and compresses 2,304,629 bales of lint and 374,048 of linters compared with 2,765,771 of lint and 207,781 of linters a year ago.

June imports were 19,635 bales, compared with 17,269, in June, 1919, and exports were 241,450 bales, including 3,890 bales of linters, compared with 600,169 of lint and 3,710 of linters in June last year.

Cotton spindles active during June numbered 34,503,754, compared with 33,950,358 in June a year ago.

Speech Lost in War Recovered by Bowling

Niagara-on-the-Lake, Ont.—Dumb for three years as the result of being shell shocked in the war, Trooper W. Hart suddenly recovered his speech here in the excitement of a bowling game. He was playing with the Davisville Military Hospital team.

May Soon Know as Much as Kids. Lexington, Ky.—A mother, two sons and two daughters are students at the same school. Mrs. E. P. Gray, wife of a Chautauqua entertainer, brought her four children from Barboursville to attend school. Having nothing else to do, she decided to take a course in school herself.

Needle Is Halted Greensburg, Ind.—While lying on a davenport at her home Mrs. Noel Anderson felt a needle enter her shoulder. A physician was called and it was discovered that the needle was fast traveling toward the lungs. She was rushed to a hospital, where an operation was performed.

DUE TO BODILY DISORDERS

Scientist Thus Explains the Striking Differences Between Various Races of Mankind.

Assuming that the various existing races of mankind are descended from a common stock, how are to be explained such striking differences as those that distinguish, for example, the Chinaman from the Anglo-Saxon, and the Anglo-Saxon from the negro? Prof. Arthur Keith recently discussed this question in an address before the anthropological section of the British association.

He believes that the key to this problem is to be found through studying the disturbances and disorders that occasionally affect the development and growth of the human body; especially those due to a functional derangement of one or more of the glands of internal secretion—the pituitary, thyroid, pineal, adrenal and other glands. In some manner not yet understood, the functions, carried on in their glands regulate not only the dimensions of the body, but also the shape and size of each individual part.

The racial features of the Mongolian type are initiated by growing Europeans who are affected by deficiency disorders of the thyroid gland. The features of the negro can best be accounted for by the nature of the growth-regulating mechanism centered in the thyroid and suprarenal glands. European features are connected with a dominance in the functions of the pituitary.

Scientists hope that a thorough study of the still obscure subject of the so-called "endocrine" glands will provide the means of regulating to some extent, the future evolution of the human race.

BETTER AS HAIR RESTORERS

Species of Insect That Has Peculiar Properties Found in Many Parts of Europe.

Of the thousands of people who use hair-restorers, few know that the hair-growing power of these preparations is, in most cases, obtained from beetles.

The particular beetles in question are called blister-beetles, and belong to the group known as Cantharides. These insects, which are abundant in France, Spain, Sicily and Russia, are collected in great numbers and killed by being plunged into strong vinegar. They are then dried and ground to a fine powder. This powder is soaked in chloroform and the mixture distilled. The result is cantharidin.

This cantharidin makes the hair grow by causing tiny, invisible blisters to form underneath the skin. These blisters contain blood-serum—the finest tonic in the world for worn-out hair cells. The blisters do not cause any pain. All that is felt is a pleasant tingling sensation.

The beetles themselves use this blistering juice as a protection against birds and animals which would otherwise make a meal of them.

Don't Neglect Your Play.

There are men in the world who feel that the whole works would stop if they took time enough to play a little. That's all both. The man who can play well is usually the fellow who can put the work across. Some have the play spirit so well in hand that they make sport of their work. It is real pleasure to them. They get both recreation and profit from their efforts. It's no wonder they stay young in their work.

And don't forget that if you would succeed you must carry your load. It's a mistake to get out from under responsibility. It's meeting responsibility that makes progress possible. Shirkers are not in demand. They may put things over occasionally, but they do it at the expense of personal discount. You can't afford to do it. Carry your load like a man.—Grit.

An Acre.

The word acre is derived from the old Anglo-Saxon word acer, and is identical with the Latin word acer, meaning a cultivated field. The English acre consists of 4,840 square yards, or 43,560 square feet. If your field is a rectangle that is, having four sides and each angle a right angle or "square corner," its area is obtained by multiplying the length by the breadth. If your measurements are in rods, the result will be square rods; if in yards, square yards; and if in feet, square feet. A field 132 feet by 165 feet of rectangular shape contains 21,780 square feet. It is therefore, half an acre. But a rectangular field might be different length and width, and yet contain an acre. For example, if it is 330 feet long and 66 feet wide it will contain 21,780 square feet, or half an acre.

Bat's Great Value.

The value of the bat as an insect destroyer has been recognized in the United States by the erection of municipal bat roosts in San Antonio, Texas, and structures similar in bird houses have been set up to encourage bats to live in the vicinity of the city, where they serve as an important check to the mosquitoes. In Jamaica there is no need for such municipal roosts, as there are numbers of old buildings, whose dark recesses furnish bats with suitable homes. In some very old churches great colonies of these insect-eating bats have taken up quarters, and it is not an uncommon sight to see them issuing forth shortly before dusk in streams of hundreds.

You'll Like the New Coats

Ever since the new Fall Coats have been in, we've had the feeling that styles this fall are just about the prettiest they've ever been. Perhaps it is the rich colors—or something about the fine lines of these coats.

But, anyway, we're sure you will agree with us that we have a really wonderful showing for you here in

Classic Coats for Fall

"Stylishly Distinctive"

We want to have a chance to show you these new coats. You'll enjoy it just to slip into them. They're soft and warm and they feel so comfortable! And linings are so delicate that as someone said, "They're so pretty it's a shame to wear them inside!"

One thing that will interest you about these coats is that they are all tailored by men. That means that each one of them will keep its good looks and shape until the last day you wear it.

Perhaps you have not yet decided whether you want to get your coat just now. Very well—you'll not be urged to buy here, you know. But we do ask you to come for a look at Classic coats while the line is so complete.

They are so good-looking and prices are so moderate, we know they will interest you. And we want you to see the showing while it is at its best!

Grisamore & Osborne

111 NORTH MAIN ST.

CAMERON NEWS

Sam Williams purchased a new Traffic truck last week.

Ben Mason and Albert Green and their families who have been visiting a short time with C. L. Miller, returned Tuesday to their homes at Ponca City, Okla.

Dallas, Cleveland and Robert Johnston visited the Grady cemetery Friday and erected a stone at the grave of their grandmother Johnston.

L. M. Boney made a trip to Dallas, Texas, last week.

Mrs. Lydia Baird of Hobart, Okla., is visiting her sister, Ella Isler.

Messrs. J. A. and Carl Conway are attending the teachers institute at Clovis this week.

Having visited her father, C. L. Miller a few days, Mrs. Katie Fooks returned to her home at Texico Thursday.

Mrs. M. A. Johnston has a new room built on the house across the road in front of the one she lives in. Her son, Robert and family who recently came from Oklahoma are living in it.

Rev. A. W. Cameron filled his appointment at Hollene Sunday. He will begin an evangelistic campaign at Pleasant Hill next Sunday.

Mrs. Irene Johnston's sister and family from Addington, Okla., are spending a few weeks visiting here.

Virgil Dunn and Virgil Tillman each bought a new Ford car last week.

C. L. Miller has just completed building and painting a new house.

Grady McPeck and sister Jessie of Gilmer, Texas, are visiting at the homes of L. C. Tillman and Mrs. Dunn.

Mrs. Minnie Anderson of Blair, Okla., who has been spending a few weeks with grandma Lockname returned home Saturday.

E. W. Leach and J. C. Woods are each building a new granary.

After visiting relatives here a week J. A. Nichols and family returned last week to their home at Wellington, Texas.

Several in this neighborhood have ordered a new verticle feed sewing machine. Mrs. M. A. Johnston received hers last week.

Miss Della Bolding is attending the teachers institute at Clovis this week. She is to begin the Boney school Tuesday, September 7th.

A. A. Dethrage and family returned

the last of the week from a trip to Oklahoma.

L. M. Boney has bought the Harrison store at Grady.

Mr. and Mrs. E. W. Leach and Ray left Monday to start on a trip for Mrs. Leach's health.

Mr. and Mrs. S. J. Lobban went to Clovis Monday.

Rome Isler sold his new Ford car to Phil Mote.

EPISCOPAL CHURCH

Ground was broken on Monday by Mr. J. W. Mordecai, contractor, for the new St. James Episcopal Church, and it is hoped that there will be a continual flow of funds so that the work may not be retarded.

The plan calls for mission style, built of tile, and will seat about 270, with choir room and vestry. The interior finish will be of southern pine and the whole effect will be light and rich. It is expected that many memorials will be given in due time, such as stained glass windows, pulpit, book rests, bishop's chair, etc. These will have to be of appropriate design.

The furnishings of the choir and vestry rooms could also be memorials. The church will be heated with a

hot air furnace, installed in the basement.

The Rector appeals for the support and sympathy of the community in this arduous undertaking and is going ahead confident of success.

Space has been provided for a pipe organ and the hope that it will quickly come is not extravagant when we think of the spirit and generosity of the citizens of Clovis and Curry county.

"GAS" CONSUMPTION FAR GREATER THAN PRODUCTION

Although production of gasoline for the first six months of this year was thirteen per cent greater than for the same period of 1919, the increase in consumption was 32 per cent, it has been reported by the bureau of mines. Gasoline stocks at the end of June were 89,841,000 gallons or 15 percent less than the amount on hand June 30, 1919.

Gas and fuel oils showed an increase in both production and stocks compared with the first half of 1919.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was . . . nervous and easily upset.

I couldn't rest well at night and was just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . .

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it. 1. 75

THE GOVERNOR'S LABOR DAY PROCLAMATION

The first Monday in the month of September of each year has been designated by our laws as "Labor Day." Long before such recognition had been given by law to labor, it had already found an honored and respected place in the hearts and minds of the great masses of the people of our country. The benefactors of our race should always find respectful consideration at the hands of our people, and certainly nothing has contributed nearly so much to uplift and dignify mankind as labor; labor sustains the world, and makes man worthy of himself, and of his Maker. It is, then, fitting and proper that we should devote one day in the year to pay our respectful homage of esteem, of admiration and gratitude to the laborers among us, and to labor itself. As labor has raised us as a nation to an enviable position among the peoples of the earth, it is a happy coincidence that the day fixed by our laws for the purpose of rendering homage to labor falls upon the anniversary of the birth of a man who contributed largely in securing our national independence, and who, by reason of that noble contribution, has eternally endeared himself in the heart of every true American. I refer to the immortal Lafayette, who, as we know, fought side by side with the great Washington, for American independence, until Cornwallis surrendered the sword of despotism into the hands of the soldiers of liberty. Still another incident of great significance to the land of Lafayette and to the civilized world at large was the crushing defeat of the German arms upon the banks of the Marne on the 6th day of September, 1914. These circumstances and momentous events all occurring on that day, concur in making the coming of Labor Day in the United States one to be most devoutly kept and long to be remembered.

In obedience, thereto, to the mandate of our law, I consider it a great privilege to designate, and I do hereby designate the first Monday in the month of September next, being the 6th day of said month, as "Labor Day" and do hereby further direct that all public state offices throughout the state be closed on that day; that our flag be raised on all public state buildings, including school houses, all over the state. I respectfully invite the ministers of the Gospel in all the churches in New Mexico to hold special services on that day, as a fitting and deserved honor and tribute to labor, and in remembrance, as well, of the great citizen of France, who so nobly and disinterestedly assisted so materially in securing our national independence; and further, that on that day thankful acknowledgments be given to Almighty God for the successful efforts of the French armies in effectually stopping the onward march of the Germans upon the soil of the country to which we justly owe a debt of gratitude. I invite the people of our state to devote that day to rest, and to the holding of such public exercises as should properly be held as a tribute of love and respect to labor.

Done at the Executive Office in the City of Santa Fe, State of New Mexico, this 27th day of August, A. D. 1920.

Witness my hand and the great seal of the State of New Mexico.

A. A. LARROZOLA, Governor

Attest: Manuel Martinez, Secretary of State

Mrs. Broome Buys Splendid Fall Goods

Big Stock of Hats, Suits and Dresses Now on Display—Will Appear in Fashion Show.

Mrs. W. G. Broome returned this week from market points in the east with a splendid stock of fall goods, and has on display a complete line of fall hats, coat suits and dresses at her millinery on South Main street.

In addition to this, Mrs. Broome also has a complete stock of feathers, brocade velvets, etc., in all the latest colors, and can make up any style of hat that one would desire. In the lot there are some especially pleasing designs in the way of goods for tams.

Mrs. Broome handles the Victor Ladies Tailoring Company line of tailored goods, and is especially anxious for her friends to come in and see this complete stock before it has been picked over.

These goods will be on display at the Autumn Fashion Show at the opening of the New Lyceum Theatre this month.—Adv. 9-2-1tc

Perity Black-leg Aggravation (Kansas Germ-free Blackleg Vaccine.) 20c a dose. See Dr. Biggs, Phone 331. 8-5-tfc

Why Not Paint Your Home Now?

Did you know that fall is the very best time to do your painting? We have very little dust in the fall, particularly when there has been plenty of rain as there has been recently. Paint will lengthen the life of your building, besides add to appearance. Talk to us about it.

There's a House That Will Stand the Wear and Tear of Weather!

It's false economy to put off painting and give destructive weather a chance to start decay. Good paint saves home owners many dollars.

Cook's House Paint is the perfected result of 25 years experience in the manufacture of paints. It contains more pounds of pure white lead carbonate—which gives "body"—than any other paint marketed today.

That's why we carry Cook's House Paint, and the complete line of Cook's Products, and recommend them for your use. Cook's Products are the best for every purpose. For stucco houses we have Cook's Creosote, made specially for that surface, and for roofs, Cook's Shingle Stains, "best for wear and weather."

Bring your paint and varnish problems to us. We will show you how to solve them with a Cook Product made specially for your need.

TREASURES OF BUDDHIST ART

Marvelous Collection Preserved for Centuries in the Temple of Daigoji in Japan.

Daigoji, the head temple of the Onn school of the Shingon sect of Buddhism in Japan, situated not far from Kyoto, in the Uji district, suggests by its name in relation to Emperor Daigo, who reigned from 898 to 930. Its name originated from the fact that its founder, Abbot Shobo, came to this village and exclaimed after he drank from an old farmer's spring: "The water was as good as daigo!" It is a Buddhist word meaning an unctuous rich liquor. The posthumous title of the emperor must have originated from his devotion to the temple and its founder, as well as from his burial in the temple grounds.

Rare specimens of Buddhist art and literature, carefully preserved as the temple treasures of Daigoji, and exhibited recently at Tokio, through the efforts of Dr. Katsumi Koroiita of the editorial staff of historiographical materials in Tokio Imperial university, bring the story of the temple down to 300 years ago. Among the peculiar paintings in the temple are the "flower viewing screens," pictures of horse training and a collection of fan paintings said to be rare treasures.

In the literary collection there is an illustrated copy of the third roll of "Scripture of Cause and Effect of the Past and the Present." It was made nearly 1,300 years ago, but the colors in the picture are as fresh as the present day pigments. This scroll is considered the oldest thing extant in Japan of colored art on paper.

TREES GIVE MILKLIKE JUICE

Tropics Provide Pretty Fair Substitute for the Animal Product in Use in Northern Climes.

In British Guiana and the West Indies, particularly on the banks of the River Demerara, there grows a tree known to the natives as the hyahya, which yields from its bark and pith a juice slightly richer and thicker than cow's milk. The tree is about forty feet high and eighteen inches in circumference when full grown, and the natives use its juice as we use milk, it being perfectly harmless and mixing well with water.

The Chinese have a tree—they call it kirighuma—which yields a fluid in all respects like milk; while in the forests of Para grows a tree called the massendendron, which gives a milklike juice. It can be kept for an indefinite time and shows no tendency to become sour.

On the other hand, certain trees in the valleys of Aragua and in Causaga yield a similar fluid, which, when exposed to the air, begins to form into a kind of cheese, which very soon becomes sour.

In the Canary Islands there is a tree called tabaya dolce, of which the milk, thickened into a jelly, is considered a delicacy.

Unpleasant Dreams.

A London chemist, dreaming that he had swallowed poison by mistake, rose from the chair in which he had fallen asleep and, so vivid had his dream been, he went to the shop and took an antidote. But this, in the absence of real poison, began to poison him, and before he realized the mistake the error was beyond repair.

In another case a man, after a heated argument with a visiting friend, dreamed that his guest was in his room molesting him. He actually "felt" rough hands on his body, jumped out of bed, and ran to his friend's room. There he attacked his innocent "assailant" so violently that the latter was confined to bed for several weeks.

Bachelor to the Rescue.

In a street car the other day I sat directly behind a woman who was trying desperately to untie a face veil. I was fascinated by her persistent but fruitless attempts to untie the veil with one hand while with the other she clutched her nose glasses, which were helplessly entangled in it. I was just wondering why some woman passenger did not offer assistance, when she turned to me and said: "Pardon me, but would you be kind enough to see if you can unfasten this veil." After frantic efforts, amid the suppressed merriment of the passengers I came out victor. But I was a much embarrassed bachelor.—Exchange.

Ostrich Plumes.

Ostrich plumes are not actually plucked, by the way. They are cut—pruned with no damage or pain to the bird. When the feathers are "ripe" the ostriches are driven into a V-shaped enclosure. Their heads are covered with a hood like a stocking, which renders them tractable. The wings are spread by the man doing the "plucking" and the feathers are clipped off fairly close to the flesh. This does not hurt the bird in the least and within sixty days the dead quill ends drop out of their own accord. The tall feathers are also clipped.

Kept Fish Alive.

During the recent storm several automobiles got into such deep water at Pennsylvania and Twenty-second streets that they had to stop until the flood abated. One member of a fishing party climbed out on the running board of his car and carefully tied a net of live fish to a spoke and calmly dropped it into the water.—Indianapolis News.

CAR LOAD

of Case Plows and Tractors

We have unloaded this week a car load of **CASE PLOWS** and **TRACTORS** and are in position to make immediate delivery of these goods.

D. F. SHINN

LOCAL REPRESENTATIVE

Office in Rear of Smith & Hyatt's Store.

MANY WILL HEAR GOV. COX AT ALBUQUERQUE

Governor Cox will speak in Albuquerque on September 23rd and many Democrats from the east side will go over to hear him. Chas. E. Dennis and others have been endeavoring to get enough people to go to insure a special train. This may be impossible but at any rate it is the hope to have some special cars for those who go over from Curry and the counties south.

If some people would cling to a cross just like they cling to their opinions they would never lose their grip on the Lord.

3,000-Year-Old Story.
Do you know which is the oldest work of fiction?

It is the "Tale of Two Brothers," written over three thousand years ago by the librarian to King Merenptah, the supposed Pharaoh of the Exodus. The story was written for the amusement of the king's son, who afterward reigned as Seti the Second. He has signed his name in two places on the manuscript, and these are probably the only surviving autographs of a king of Egypt.

The "Tale of Two Brothers" is written on nineteen sheets of papyrus in a bold hieratic hand. It was purchased in 1857 by the British museum from a Mme. d'Orbigny.

It is quite possible that some speakers substitute lungs for logic and perspiration for inspiration.

times into that ambiguity which unfortunately has marked to a greater or less degree the platforms of both parties and the utterances of both candidates.

"It must be exasperating to the whole American public that political parties bidding for the suffrage of the whole citizenship can not state in definite terms what are their proposals and what are their pledges. The same exasperation must be felt regarding many of the utterances of candidates. However, the viewpoint of Governor Cox, is, we find more clearly expressed and less open to the criticism of lack of clarity.

"The American labor movement asks from no man or woman a pledge of political conduct. It seeks to dictate to none. Its field is limited and properly so, to furnishing to the rank and file the information upon which it may base conclusions.

"There is no intention to depart here from that rule which binds the officers individually as well as collectively in serving the great labor movement. But it would be a sad and unforgivable remissness of duty in this crucial hour were the facts not presented with the utmost freedom and completeness.

"With the workers of America rest the right of deciding for which candidate they shall vote. As they vote they will determine to a large degree the welfare and progress of the working people of our republic in the years just ahead."

The senate measures on which Senator Harding was given a "favorable" rating were:

Passage of immigration restriction bill and its repassage over the president's veto; war risk insurance; civil rights' bill; woman suffrage, motion to increase appropriation for bureau of conciliation, department of labor, and his vote on an amendment to the retirement bill prohibiting affiliation of federal employes with organized labor.

Among his "unfavorable" votes the committee report included these:

Motion to strike labor charter from League of Nations; motion to extend federal control of railroads for two years; final passage of railroad law, making strikes unlawful; Borland amendment increasing hours of government employes, and his senate pair on accepting the railroad bill conference report.

Among the 59 measures the committee listed as those Gov. Cox had acted upon "favorable" while govern-

ADMINISTRATRIX NOTICE.

All persons are notified that the undersigned was appointed the administratrix of the estate of John B. Atwood, on the 11th day of August, 1920, and all claims must be legally presented for payment within one year or same will be forever barred.
LAURA E. ATWOOD,
Administratrix.

NOTICE OF SUIT PENDING.

In District Court, Curry County, New Mexico.
B. M. Atwood, Plaintiff.
vs.
No. —
Mattie May Atwood, Defendant.
To Mattie May Atwood, Defendant, Greeting:
You will hereby take notice that suit has been filed and is now pending in the District Court of Curry County, New Mexico, wherein B. M. Atwood is plaintiff and you, Mattie May Atwood, are defendant, suit No. 1644 on the Civil Docket of said Court.
The general purposes of said suit are for divorce and dissolution of the bonds of matrimony now existing between you and plaintiff. Plaintiff alleges that he is a resident of Curry County, New Mexico, and has been such a bona fide resident of said coun-

ty for more than one year next preceding the filing of his said suit: that you and he were lawfully married in Roswell, Chaves County, New Mexico, on, to-wit, the 6th day of June, A. D. 1910, and lived together as man and wife until on, to-wit, the 17th day of November, A. D. 1916, when you, without cause, abandoned and deserted him, and that since then you have failed and refused and still fail and refuse to return and live with him as his wife; that during the time you lived with him as his wife, he treated you with kindness and affection, and provided for you in every other way in accordance with his means and station in life.

You are notified that plaintiff's Attorney is J. S. Fitzhugh, and his address is Clovis, New Mexico.

You are further notified that, unless you appear and plead in said cause on or before October 15, A. D. 1920, judgment will be entered against you by default, and plaintiff will apply to the Court for the relief prayed for in his complaint.

W. C. ZERWER,
County Clerk.
By RUTH HYATT,
Deputy.

If its news The News wants it. Phone us. No. 97.

COX IS CHOICE OF ORGANIZED LABOR

Possesses Fuller Understanding of Needs of Working People Than Harding, Alleged.

Washington, Aug. 30.—Organized labor's non-partisan political campaign committee, comparing the public records of the republican and democratic presidential nominees, declared in a report made public today that Governor Cox had "shown himself possessed of a fuller understanding of the needs of the working people."

The report signed by Samuel Gompers, president; Matthew Woll, Vice president; and Frank Morrison, secretary of the American Federation of Labor, is the first ever made on presidential candidates by a federation committee.

Taking up the senatorial record of Senator Harding, the committee declared that on 18 measures dealing with labor his score stood: favorable 7; unfavorable 10; paired unfavorable 1.

The republican nominees vote on labor issues during his term in the state senate of Ohio, as reported by the committee, stood: Favorable 6; unfavorable 9. In this connection the report said:

"Senator Harding's record in Washington affords a better opportunity for analysis of his legislative views than does his record in the Ohio senate by reason of the fact that his term of service extended for a long period of time, during which he was called upon to consider a great variety of measures."

Reviewing Governor Cox's record the report said that while Governor of Ohio he had "acted upon 59 measures of interest to labor without acting on a single one adversely to labor." As a member of the 62nd congress, the governor was recorded as voting "favorable" to labor on two measures, the only ones listed.

The committee summarized its findings in this language:

"There can be but one conclusion based upon a careful and impartial survey of the actions and declarations of the candidates. Governor Cox has shown himself possessed of a fuller understanding of the needs of the working people, a readier response to their needs and to their proposals and a broader statesmanship in his public discussions of the problems of the industrial world.

"In addition to his superior understanding, Gov. Cox is a candidate on a platform which labor has declared marks a measure of progress not found in the republican platform, and the planks of which 'more nearly approximate the desired declaration of human rights than do the planks found in the republican platform."

"Not only in the specific utterances relating directly to questions held paramount by labor in the comparison favorable to Governor Cox. His progressive and constructive view-point of public questions, though he slips at

or were bills providing for an eight hour day on public works; regulating the hours of employment of women; women's compensation act, prohibiting the employers of labor from interfering with political activities of their employes; relating to safety appliances upon railway locomotives and cars; providing for the prevention of occupational diseases and providing for the creation of an industrial commission to have supervision over all state departments relating to labor.

The Kentucky Iron Works, blacksmithing and general repair work. We make a specialty of re-boring cylinders and lathe work. 5-6-tfc

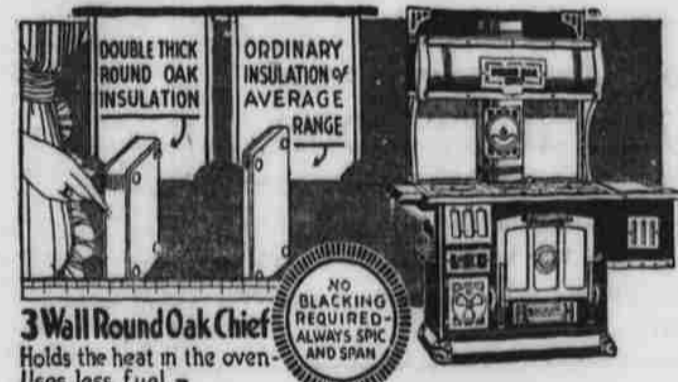

For wooden, tile or marble floors use RUB-NO-MORE WASHING POWDER.

MAY PASS BUILDING ORDINANCE NEXT MEETING

The City Council has under consideration the passage of an ordinance that would prohibit the building of residences and facing them the wrong way of the lot. In order to avoid having west front homes it has been the custom during the past year to take two corner lots and face the buildings south or north. This causes some of the other lots in the block to be undesirable, those wanting the ordinance passed, claim. The matter will likely be passed upon at the next meeting of the council.

If you want bright windows and sparkling glassware, use RUB-NO-MORE WASHING POWDER.

A Range That Will Save Your Money and Your Disposition

Round Oak Chief Range

THE WALLS TO THE ROUND OAK CHIEF BOILER IRON RANGE ARE 3 THICKNESSES

Inner Wall: Copper-lined Boiler Iron.
Middle Wall: Asbestos (mineral wool)
Outer Wall: Wellsville Polished Steel, which requires no blacking

HOLDS HEAT IN THE OVEN

The purpose of the asbestos or mineral wool is to retain the heat in the oven, WHERE YOU WANT IT. We know there is twice as much of this mineral wool used in the Boiler Iron Chief as in any other high grade range on the market.

Remember, there are six other equally important and distinctive features we would like to explain to you which would favorably influence your decision to have one of these Genuine Chief Ranges.

We would like to show you the advantages of this range by having your personal inspection.

Barry Hardware Co
THE STORE THAT STAYS

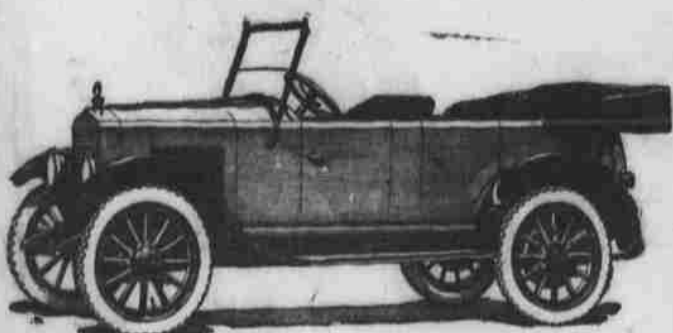

We close our store all day Monday, Sept. 6th, observing Labor Day

Just a few days ago newspapers throughout the country announced that an automobile had reached New York City from San Francisco in the remarkable record-breaking time of four days, 14 hours and 43 minutes.

This car was an Essex,—no other car ever crossed America in such time. The Essex beat all previous records.

WHERE THERE ARE RECORDS TO BE BROKEN, ESSEX WILL BREAK THEM.

Clovis Hudson-Essex Company
208 North Main Street

LOCAL MENTION

Watch us grow
Clovis Filling Station—Gas and Oil.

Mrs. G. W. Singleton, who has been sick for several weeks, is able to be up.

W. H. Taylor, general car foreman, who has been quite sick of typhoid fever, is improving.

Walter Stalcup, book-keeper at Barry Hardware Co., is home from a vacation trip to Colorado.

A. W. Freeman, who has recently moved to Clovis from Tennessee, has accepted a position with the Farmers State Bank.

Mrs. Bess McClendon returned early this week from an extended visit in Washington, D. C., and other points in the east.

Work has been started on the erection of the new St. James Episcopal Church to be erected on North Mitchell street.

Mrs. S. A. Jones and daughters, returned the latter part of last week from a two weeks' stay at Mineral Wells, Texas.

J. S. Fuller and family returned this week from a visit with relatives at Carthage, Mo. They were accompanied home by Mr. Fuller's nephew, Arthur Fuller, who will make his home here.

D. I. Barnett, who was principal of the Ranchvale school last year, is moving to Claude, Texas, where he will soon commence the erection of a grain elevator.

Messrs. Walker and Glenn Brickey, of Wellington, Kansas, motored to Clovis this week for a short visit with friends.

Prof. Fred Reusser, who spent the summer at his home in Elgin, Iowa, has returned to take up his work as head of the mathematics department in the Clovis High School.

Misses Ora and Belle Sadler, Bertha Broome, Mrs. Pearl Powell and Aaron Sadler motored to Delphos Sunday afternoon and returned with a load of watermelons.

Mr. and Mrs. H. J. Denton, of Hollis, Okla., are here for a visit at the home of Mrs. Denton's father, J. E. Adams. They will make a visit to Colorado before returning home.

Mr. and Mrs. C. W. Harrison and son Wayne, and Mr. and Mrs. Walter Mayes returned this week from an outing trip in the mountains near Las Vegas.

Miss Nola Owen will leave this week for Silver City where she will resume her work in the state normal there. As an award of merit, Miss Owen will also have the position of librarian of the school.

Rev. R. B. Freeman returned Monday from Rochester, Minn., where he went for a consultation with Mayo Brothers.

E. W. Reagan and daughter, Mary Lillian, left Tuesday for Midland, Texas, where Miss Reagan will enroll in Midland College.

Dr. G. K. Maynard and family returned this week from an outing trip to Las Vegas, Santa Fe and Taos. The doctor says they had a fine time and left a few fish for others who may visit that section.

Carl A. Hatch spent two or three days in Albuquerque this week transferring the records of the office of Collector of Internal Revenue to his successor, James A. Hall. Mr. Hall formally took charge of the office Wednesday morning.

A group of Clovis young people enjoyed a picnic at the grove south of town, Friday evening. Those present were: Misses Coy Reeves, Grace Wicks, Bessie Bouchelle and Nellie Cooke; Messrs. Ovid Jernigan, Charles Stone, Sam Shaw and C. R. McDaniels.

Mrs. J. C. Heard and Mrs. J. C. Hardison and children returned this week from a two weeks' trip to points of interest in the west. They visited the Grand Canyon, Los Angeles, Long Beach, Catalina Islands and other points. Mrs. Heard says that California has plenty of beautiful scenery but that it has nothing on Curry county when it comes to opportunities for the future.

The Holiness revival meeting that is being conducted in the tent on North Mitchell Street is drawing extra large crowds. The tent has not near enough seating capacity for the congregations that are attending.

Fall Gingham For Every Purpose

It would be difficult to find fabrics of more all around utility than these gingham. They offer a wide range of patterns in plaids, stripes and checks. The qualities provide for fine school dresses, practical garments for house wear, and even the sturdy grades for kitchen aprons.

You will want yards and yards of them for they make such inexpensive and practical things.

School Days

To send the children neatly clothed to school, five days a week, requires a substantial supply of apparel. Those who have boys and girls going to school will find our assortment of childrens apparel excellently planned for their needs.

Girls' Dresses that are Practical for School Wear

You will find here everything you need to outfit the young folks, whether it be their first year in kindergarten or whether they start the season in eighth grade.

These are serviceable dresses of gingham and of wool, fashioned in a delightfully simple way. Mothers will select a generous supply, first because a liberal quantity is necessary and second because the values are of such a worthy character that it is more satisfactory to get them than to make them at home.

Boys' School Suits of Durable Quality

Although dressy and becoming these suits anticipate the strenuous hours of play that punctuate the boy's school days.

They are of dependable materials and strongly made in every detail, to minimize the necessity of frequent sewing and mending.

One Will

Almost Want To Live

AMONG THESE FALL FABRICS

To look upon these beautiful Autumn stuffs is like opening up a treasure chest, for one finds here an unexpected wealth of rich, precious-looking materials, fascinating in weave and color.

Above the horizon of choice silks and woollens you will quickly see visions of smart blouses, dresses, suits and wraps.

Home sewing will lose every semblance of drudgery when your fingers can fondle weaves and fabrics of such exquisite beauty.

W. I. Luikart & Company

CLASS CONTEST CLOSSES

An interesting membership contest between the Boys' and Girls' classes of the Baptist Church, has just closed with the Boys' class victorious. Attendance last Sunday in the two classes was 54, with 31 in the Boys' Class and 23 in the Girls' class. Miss Ollie Sears, teacher, and Sam Jones led the winners, and Miss Blakeley and Nellie Cooke superintended the girls in their membership drive. The losers will entertain the winners in the near future.

MR. SHIPLEY ENTERTAINED SUNDAY SCHOOL CLASS

Mr. Alex Shipley was host to his Sunday School class and their "better halves" at a beautifully arranged lawn party at his home on North Mitchell street last Monday evening. The lawn was brilliantly lighted, and about fifty guests made merry on the "grassy green." The guests were highly favored with humorous selections by Mrs. Cornell, Mr. Jack Rawlings and Mrs. Stevenson, vocal selections by Emmett Tagader, and last but not least with two selections by Johnson's Band. Dainty refreshments were served and the guest favors were La France roses. Mr. and Mrs. Shipley, of Floydada, were out-of-town guests.

METHODIST CHURCH

At the Methodist Church, Sunday, September 15, 1920. Sunday School at 9:45 a. m., classes for all. Preaching by the Pastor, Rev. R. B. Freeman, morning and evening, 11 a. m. and 7:30 p. m. Epworth League, 6:30 p. m.

A welcome awaits you to all these services. Come to the Friendly Church.

Many Clovis Masons are in Amarillo this week attending the Khiva Shrine Ceremonial. About 300 novices will be taken over the hot sands and a big time is expected.

GIGANTIC WHEAT POOL IS SUBJECT BEFORE MEETING

Columbus, Ohio, Sept. 1.—Formation of a gigantic wheat pool in the United States, whereby the farmers will virtually control marketing and selling the grain, is one of the more important subjects to be planned here by farmers who are here attending a three-day session of the National Board of Farm organizations. More than 150 farmers, representing, it was said, practically every agricultural state in the union, are in attendance.

The board of farm organizations now controls 1500 grain elevators in the country, and does a yearly co-operative farm business of \$2,000,000, according to officials.

Plans are to take over, or build, grain elevators at every point where wheat is shipped. It will be possible, it was said, to control forty percent of the country's wheat output.

"Profits will be stabilized and prices to the consumer greatly reduced," said Charles Bardett, president of the organization.

C. L. Pritchard recently sold his beautiful home on North Connelly street to Mr. Foreman. Mrs. Pritchard and children will spend the winter in Fond du Lac, Wisconsin, where the children will attend school, and where Misses Marian and Charlotte have enrolled in Grafton Hall.

To the Praetorians of Clovis

The Praetorians are on a 4% base and will never have to raise their rates and they have \$80.00 per capita reserve, which is double the amount required by the stringent laws of Texas. This makes every contract they write "Gilt-edge". For further information, see Geo. R. Ray, Genl. Deputy, or J. O. Coleman, District Deputy, 101 1/2 Main St., Clovis, N. M.

FORDSON CLINIC HERE THURSDAY AND FRIDAY

The Ford Motor Company, with the assistance of Jones & Lindley, local dealers, will hold a Fordson Clinic here Thursday and Friday for the benefit of distributors in this vicinity. Dealers will be on hand from Tucumcari, Albuquerque, Roswell, Vaughn, Melrose, Portales, Encino, Fort Sumner and other points.

Mr. Afton, manager of the Denver branch of the Ford Motor Company, will have charge of the clinic and give demonstrations with the Fordson tractor on the ten-acre tract at the north end of Main street. The clinic is held especially for the instruction of dealers and distributors.

Mr. Afton will give a dinner for the visiting distributors Thursday evening.

Phone 97 for your Job Printing. Phone no. No. 97.

HAVENER ITEMS

Another nice shower Thursday, keeps corn growing, and makes the kaffir and maze feel headier.

A large crowd attended the S. L. Willis sale last Tuesday. Everything sold well. The Willis family will visit among friends and relatives a few days before starting back to Kansas. They will make the trip in a Dodge car.

J. F. Mitchell and family have moved to the Ranchvale neighborhood. They have rented a farm there and will go into the wheat raising business.

Wilmon Bros., are threshing Mr. Elliott's wheat this week. Though not a making a big yield, the wheat is of fine qua'y.

J. B. Woods is one of the latest of our old timers to sell out. He hasn't decided yet; whether to leave the country or not.

O. L. McCormick made a sighseeing trip to Muleshoe, Texas, last week.

Nels Anderson is again working in Clovis, at his old trade, carpenter, while the boys are running the ranch.

See Mr. Leeper if you have an old jitney to sell or trade. Leeper is a Ford fancier.

Mr. Hankhouse has purchased a new seven H. P. gas engine, to run his feed grinder and thresher with.

The "cold" epidemic hasn't abated to any great extent yet.

Prof. H. M. Pile was in St. Vrain Sunday, taking an inventory of the scene of his future operations, as

principal of the school there.

The Shoup family and Prof. Pile attended the Adventist meeting in Clovis Sunday night.

The wheat belt has been extended from the north into the Havener country. Mr. Elliot already has quite an acreage sowed, Mr. Hurley has his ground nearly ready, and others are planning to sow in the row crop.

Actual news items are scarce. We could condense all the news into one short squib—the farmers are all busy. Going to sales is their one only diversion. Free lunches have large drawing capacity.

TOM MIX IN "THE TERROR"

There are numerous reasons why you should forget the supper dishes and see "Tom Mix in 'The Terror'" at the Lyceum Theatre, Saturday night, September 3rd. Chief among them is the fact that this is the swiftest, most thrilling and entertaining picture that this dare-devil actor has

made. Another reason is that MIX does more stunts and gets more thrills than ever before while playing the part of a U. S. Deputy Marshal in the West. If you like thrills and action we'll guarantee that you'll like "The Terror." Also showing a two reel Sunshine Comedy and Mutt and Jeff Cartoon. At the Lyceum, Saturday night, September 3rd. Try to get in.

NEW MEXICO'S RESOURCES.

Nature has been kind to New Mexico. It has natural resources, wonderfully varied and numerous. The topography ranges from lofty mountains to fertile valleys, high mesas, and plains. The climate varies with altitude. New Mexico is adapted to every form of agriculture and the live stock industry. Its mountains are storehouses of gold, silver, copper, iron, lead, zinc, and many rarer metals, also precious stones. The coal deposits equal those of Pennsylvania. Great forests cover many thousand square miles. Great rivers make possible vast irrigation and power development. Big transcontinental railroads give direct access to primary markets east and west. New Mexico, in short, is a land of big opportunities.—A. M. Hove in "The Earth."

Our idea of a good citizen, and we are glad there are many in Curry county, is one always ready to give, according to his means, to community enterprises. He takes stock in them all, and doesn't lose his faith if an occasional venture proves bad. He is not afraid to buy real estate and pay what it is worth. He talks up Clovis at home and abroad, thinks it is the best place on earth, believing it to be destined to be the biggest city in its section and wants to be buried here when he dies. And he's worth a whole regiment of the luke warm kind.

Do you love Clovis? Do you have any concern for its future? Would you like to see it grow, prosper and extend its trade and influence? If you do, then ask yourself these questions: "Do I help support and maintain its institutions? Do I encourage every movement looking to the upbuilding of the town? Do I speak a good word for the town and the people at every opportunity? Do I lend assistance to its industries? Do I patronize them? Do I fully understand the duties devolving upon a citizen?" If you cannot answer these questions in the affirmative then you are not only a stumbling block but a detriment to any community.

FLOODTIDE OF IMMIGRANTS

Seven hundred thousand immigrants have entered the United States since the war ended, and they are coming now at the rate of 5,000 a day, according to a dispatch from New York which The News printed the other day. Even a larger influx is expected. Shortly, it was said, the number of daily arrivals at the port of New York will rise to 10,000, and, it was added, the steamship companies have all their immigrant space bespoken for the next year. To seven hundred thousand who came in during the last fiscal year, we may thus expect an addition of at least a million and a half during the present fiscal year.

There is a shortage of labor. That fact will make this heavy immigration seem altogether desirable to many. But it is only to the superficial view that that fact could yield any satisfaction. Even if one could assume that all of these immigrants are of the desirable sort, we cannot assimilate this mass of foreigners as rapidly as it is being dumped on us. When to this million and a half of immigrants that are to come this year we add the birth increase of foreign parentage that has not yet been Americanized, one has reason for thinking that we may be infusing more alien than native blood into the veins of the Nation. That there is any process of "naturalization" or "Americanization" by which this great infusion of alien blood can be prevented from having the consequence of impairing our national individuality could hardly be believed by the most sanguine.

It is not enough that our immigration laws should be designed to segregate the fit from the unfit and enable only the fit to come in. Imperative as it is that we should more effectively exclude the unfit than we have been or are doing, it is also necessary that our immigration laws should take cognizance of the fact that there is a limit even to the number of desirable foreigners that we can admit without making of ourselves a mongrel Nation. A nation can be conquered by another force than that of arms, and we are in danger of achieving commercial triumphs at the cost of our national culture and institutions.—Dallas News.

TO PLANT KANRED WHEAT.

The superwheat known as Kanred, developed by the Kansas Agricultural College, through fourteen years of careful experiment from a single head brought from Russia, will be in high favor this fall. About 10,000,000 bushels of the 1920 yield was Kanred. The College authorities estimate that a fourth of the acreage for 1921 will be of that variety. Judging by the best returns available, Kansas will plant nine or ten million acres of wheat this fall.—The Earth, published by the Santa Fe Ry. Co.

BURIED TEN DAYS AFTER DEATH OF WIFE

T. J. Welch died last Saturday at his home on the Jno. F. Taylor place six miles south of Clovis after an illness of several weeks. Mr. Taylor was a member of the Masonic lodge and the funeral service was conducted Sunday afternoon at the Clovis cemetery by that order. He was 77 years of age and his wife died only ten days before his death.

DOOMED!

L. P. Loomis, editor of the Canadian Record, has received the Republican nomination for Congress from the Eighteenth congressional district. We are inclined to believe that in this rock ribbed Democratic district it can do no harm to wish Mr. Loomis well, in a very general sort of way, and express with delight the conviction that the majority against him will be about 999 to 1.—Amarillo Daily News.

Mr. Loomis was editor of the Texico Trumpet in the early days and is known to many of the old timers in the county.

SEVEN STATES PLAN RECLAIMING OF LANDS

Denver, Colo., Aug. 31.—Projects for bringing under cultivation 244,000 square miles of territory in Wyoming, Colorado, Utah, Nevada, New Mexico, Arizona, California and the republic of Mexico, will be discussed tomorrow at a meeting of members of the League of the Southwest, an organization created to develop the lands of the Colorado river basin.

Governors of seven western states or their representatives, are here for the meeting which will open formally with an address of welcome from Mayor Dewey C. Bailey of Denver, and Governor Oliver H. Shoup of Colorado, and Governor Thomas E. Campbell of Arizona will respond on behalf of the league.

On September 9th Austioneer Forbes will sell a 480 acre farm for Mrs. Julia Meyers near Ima, 90 miles northwest of Clovis.

Real Service!

We are now feeding more people than at any time we have been in the restaurant business in Clovis. There is a reason for this. We are giving our patrons the very best possible service and plenty of good things to eat.

OPEN ALL NIGHT

We have adopted a new policy of keeping our restaurant open all night. This will give the wheat haulers a chance to get something to eat no matter how late they are in getting in at night or how early they want to get out in the morning.

LAST WILL AND TESTAMENT OF BENJAMIN F. VIERS, DECEASED

Notice is hereby given to all persons interested in the estate of Benjamin F. Viers, deceased, that on the 14th day of August, 1920, Amanda Viers, filed with the County Clerk of Curry County, New Mexico, an instrument in writing purporting to be the last will and testament of Benjamin F. Viers, deceased, and also filed in the Probate Court of Curry County, New Mexico, her petition praying for the probate of said will and that Letters Testamentary issue herein to her as Executrix herein.

Pursuant to an order of the Probate Court of Curry County, New Mexico, made on the 14th day of August, 1920, notice is hereby given that on the 1st day of November, 1920, at the hour of 10 o'clock a. m. of said day, that being a day of the regular November, 1920, term of said court, at the court room of the Probate Court at Clovis, Curry County, New Mexico, have been appointed and fixed as the time and place for hearing said petition and proving said will, when and where all persons interested may appear and contest the same.

In witness whereof, I have hereunto set my hand and affixed my official seal this the 14th day of August, 1920.

CLOVIS MARBLE WORKS CONTINUES TO GROW

Dad Dwight of the Clovis Marble Works on Grand Ave., ships his marble direct into Clovis from the quarries of the New England States. He cuts it, polishes and letters it right here and sells it direct to the customer. There are no middle man's profits and it is not hard to see how he can save you money on your monuments. Not only this, he is a citizen of Clovis, has his home here and when you patronize him you are helping to build up the town and the county. He hires no salesmen and no agents and when you buy one of Dad Dwight's monuments you have to deal direct with him at his marble works on Grand Avenue, but if you can save from 20 to 40 per cent on your monuments isn't it worth while? He has had 38 years experience in the monument business. If you need anything in his line it will pay you to see him. 6-17-tfc

When The Day Is Over

When the household cares and the worries of everyday life have dragged you down, made you unhappy, and there is nothing in life but headache, backache and worry, turn to the right prescription, one gotten up by Dr. Pierce fifty years ago.

Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening, bearing-down pains, irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it, in liquid or tablet form.

France is looking around for a surplus of 4,000,000 women.

The Canadian Government has gone into the business of raising reindeer in the Hudson Bay country to increase both the motive power and meat supply of the country.

Cotton has often been called King. Recent statistics show that he has a powerful realm. It was estimated that more than 8,000,000 persons were engaged in the production, manufacture and distribution of cotton and more than thirty billion dollars of capital invested.

We Believe In Clovis

We believe in the future of Clovis and Curry County. That's why we are spending thousands of dollars enlarging our plant and installing new and up-to-date machinery.

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

- 30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread... \$23.50
- 30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread... \$21.50
- Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50
- 30 x 3½ size in waterproof bag

A spirited companion for a wonderful girl and a wonderful boy

The Jordan Playboy

The Jordan Playboy is ready.

A spirited companion for a wonderful girl and a wonderful boy.

It's a shame to call it a roadster, so full is this brawny, graceful thing with the vigor of boyhood and morning.

It carries two passengers—three if they're friendly—to the place you have always longed to go.

It revels along with the wandering wind and roars like a Caproni biplane.

It's a car for a man's man—that's certain. Or for a girl who loves the out-of-doors.

It's true—there's some of the tang of that rare old English ale that was brewed from

the smiles of youth and old boxing gloves. How did we happen to think of it?

Why a girl who can swim and paddle and shoot described it to a boy who loves the roar of the cut-out.

We built one and slipped away from the quiet zone.

And stepped on it.

And the dogs barked—and boys stopped to cheer.

And people we passed stopped and looked back—and we were boys again.

The Playboy is built in limited numbers—frankly, because we love to do it.

NAPKINS NOT JUST SUITABLE

But Man Meant Well, and Fortunately the Teachers Had a Sense of Humor.

The parents of the pupils of a large Indiana ward school decided to give the teachers a surprise dinner party. Accordingly they took charge of the building one evening, herded the teachers in one room and made ready the table for the dinner. But just as everybody was about ready they found that they had forgotten napkins. One of the hostesses accordingly telephoned her husband who worked in a department store. "The colors are pink and white so bring something appropriate," she told him.

He bought them—pink and white. But when they were opened they displayed stockings holding in their mouths the time-honored new babies. The hostesses were horror stricken but the teachers, ready to grasp the awkwardness of the situation, led in laughter. But that man says that he will move out of that school district before there is another banquet for teachers.—Indianapolis News.

MINE OWNER WAS FORCED TO QUIT

Moves to Coast Seeking Health—Takes Tanlac and Will Return Home a Well Man.

"I was forced to give up my mining business and move to Los Angeles seeking health, but thanks to Tanlac I am going back a well man," said William H. Hart, who owns the Vindicator-Divjdo mine in Tonopah, Nevada.

"For nine years," he continued, "I suffered terribly from indigestion, my appetite was poor and everything I ate would cause so much gas in my stomach that I would be drawn almost double with pain. I got so nervous I couldn't write a letter and even the wind blowing around the house at night would upset me so I couldn't sleep. I lost forty pounds in weight and finally had such bad attacks that I couldn't stay on the job

any other day. I just gave up and came out here, but the change, like all the treatments I had taken, seemed to do me no good at all.

"One day a friend recommended Tanlac to me and I will never be able to thank him enough, for now after taking four bottles I feel like a new man. I eat three hearty meals a day, my nerves are as steady as a rock, I sleep like a child at night and I am going back to my mines feeling and fine in every way. I am glad to have a chance to tell other people what a great medicine Tanlac is."

Tanlac is sold in Clovis by City Drug Co., in Texico by Red Cross Pharmacy, and in Mesrose by Irwin & Pool. (Advertisement)
