THE AMERICAN PRESS ASSOCIATION

The Republicans nominated their state ticket this week. The Democrats put theirs out two weeks ago. The campaign in this state will be short but it is going to be one of the most interesting the voters have ever taken part in.

Very little is being heard from Senator Harding's running mate, which may be accounted for by the fact that when the head of the ticket is put on the tail end he doesn't know exactly what to do or say.—House Pioneer.

Democratic success in New Mexico this fall will depend on the vote of the party in the east side counties not staying away from the polls at election time. Enough voters stayed away from the polls two years ago in the counties on the east side to have changed the results of the state election.

The schools of Clovis have been directly responsible for many new citizens moving here during the past year. It costs money to maintain good schools but every piece of property in Clovis has advanced in value during the past year from direct result of our school system.

Clovis is not only growing faster than any other town in New Mexico but there is more building going on here now than there is in any other town on the plains. This is not a boom growth either. Curry County has the resources to support twice as big a town as Clovis is now.

Clovis must solve the house problem. We have said this before, but it is such a serious problem that it needs repeating. Dozens of families leave Clovis every month because they can not find homes to live in. The fact of the matter is that there are now very few residences in Clovis that are rented—this is a town of home-owners. It is safe to say that at least eighty percent of the residents of Clovis own their own homes.

What a year it has been! Two old masters went down before the political throne and were brushed aside as so much chaff. Bryan, the champion of prohibition and all modern (and some were unkind enough to say ultra-modern) political and social reforms and innovations was cast into the discard at San Francisco. And 'hen Joe Bailey, the very antithesis of everything Bryan championed, took a hunch from Bryan's defeat and hurried home to run for governor. And Texas quietly but firmly sat down on Joseph Weldon, and his political sun has set.—Canadian (Texas) Record.

Ty Cobb and Hugh Jennings, of the Detroit baseballers, have come out in support of Governor Cox for President. The Harding committee is said to be on Babe Ruth's trail for his support, but the Babe comes from Baltimore, and it looks doubtful.

The term "wood naphtha" instead of "wood alcohol" has been proposed by chemists to prevent persons from drinking it in mistake for ordinary alcohol.

The car-owner who reads of the diminishing gas supply hardly knows whether to speed up before it is all

gone or sell out before all cars become useless.

Plans are afoot for sending General Pershing on a visit to the republics of South America, nominally to return the visit of the President of Brazil to this country, but in reality to cement the friendship being established between North and South America. Prior to the World War, the United States had proceeded in a rather desultory way to encourage a better feeling, maintaining in Washington the Bureau of American Republics and presenting to exporters and merchants, scientists and scholars the openings afforded for each in the several countries. But, having no merchant marine and being owners of no cable and telegraph lines running to and from South America, these being largely in the hands of the British, South American countries were served largely by ships flying the British flag principally and the German flag to a large extent, and did their communicating with this country almost exclusively over cables that run direct to Europe or by ships flying foreign flags. Our part in the World War disclosed to the people south of us that European nations were exploiting them to their probable detriment and at least weaning them from the great nation to the north which has always assumed to be the big brother. Step by step we have begun to get into closer touch with these republics. We are beginning to install American steamship lines from our ports to South American ports. We are beginning to look at South American lands as probable oil fields. We are beginning to study the cable and telegraph situation with a view of installing systems of our own. We are beginning to hear about American boys going from our agricultural colleges to teach Brazilians and others how to raise fine cattle and cotton and other products. Our church missionaries are working in these lands. We are beginning to discover that some of the finest sight-seeing in the world lies in the continent to the south of us. Before the war Secretary Elihu Root made a tour of that country, and now it is proposed to send a military figure whose name is doubtless a household word down there as it is here, thus touching the hearts of the common people as well as of those higher up in the affairs of the world. It looks as if it might be a productive idea.—Amarillo Tribune.

WHY DO WE SAY?

Peanut Politics.—A queer denizen of the vegetable world is the peanut plant, for it buries its pods underground after they have flowered. The fruit, they concealed, matures in darkness. Politics that is not open and aboveboard has therefore been often compared to the peanut.

Stump the State.—In the early days, when our country was still a fledgling, political campaigners did not speak from Pullman cars or from automobiles of the high-powered type, or of any kind. Instead they traveled from town to town, from crossroads to crossroads, and usually addressed the crowds out in the open. They did not care what sort of a stage or platform might be provided for them; frequently the stump of a tree that had been felled served admirably as a substitute.

Of course, the way to "stump the state" was to make a lot of oratorical flights which the people dubbed "stumped speeches." Now the stumps are no more, but the phrase has survived. This year, 1920, "stumping" is done from auditorium or halls, railroad cars, and autos. Even the soap box exhorter may come back.

Political Machine.—A machine does not think; when the power is applied, it acts. A political machine is an organization of partisans that distributes "the pie" to those on the "inside" and to those persons who will take orders without asking too many questions; it controls dishonestly and grinds without heed to groans. The

term was coined long ago by Aaron Burr who, believing himself a victim, fiercely denounced "the machinery of the party."

For those who can take advantage of the difference in rates of exchange of various nations, this appears to be a favorable time to pay old debts. Borrowing \$10,000,000 from banks in the United States, Bolivia has been enabled to liquidate an obligation to France of 56,608,000 francs. She canceled the debt by the payment of approximately \$6,000,000. At the normal rate of exchange 56,608,000 francs equal \$10,924,379 in United States money. By this financial operation, Bolivia is reported to have saved \$4,000,000, which will, it is announced, be used for national improvements.

EXPENSIVE LUXURY

It takes a lot of money to enforce the Volstead law, and it takes a lot of money to break it.—Columbia Record.

If you knew you were going to die tonight, would you be proud of everything you did yesterday?

LUKE McLUKE SAYS

You may not believe it, but you can be a mighty useful citizen even if your ties do not harmonize with your socks.

And what has become of the o. f. girl who used to play the piano with her hands?

Why is it that a girl isn't ashamed of a dirty powder rag the way she is ashamed of a dirty handkerchief?

The taste for Olives and Virtue has to be cultivated. But the taste for Candy and Vice seem to be inborn.

A woman will cheerfully buy \$100 worth of useless junk from an agent if she doesn't have to pay anything down.

If the Lord answered all of our prayers we would all have blisters on our knees and none on our hands.

A chronic rheumatic can't see what the hek the government needs with a Weather Forecaster.

There was a time when people stopped to laugh at a drunk. But nowadays they stop to envy him.

Two women can love a man without

causing any excitement. But when a man loves two women there is bound to be a scandal in the papers.
A man will go out with a painted chicken. But you can bet that he won't come home to one.

Samuel Gompers has been president of the American Federation of Labor for 39 years, 1904 being the only time in forty years that he has not been chosen as head of this powerful organization.

POWER, sturdiness and dependability have been qualities of Buick Valve-in-Head Motor Cars from the time that the name Buick first became linked with the automobile industry. Today, in equal measure as in the past, the Buick Motor Company is dedicated to a continuance of the policy that has caused the Buick car to occupy the position it holds in the public mind.

To all that the name Buick has meant in twenty years of automobile history, the new Nineteen Twenty One Buick brings that grace of movement, that refinement of every line and feature, that sheer beauty of design which inspire a pride of ownership in a fine motor car.

The new Buick line comprises seven models, one for every possible demand. Each has the famed Buick Valve-in-Head Motor, as rugged and powerful as ever, yet refined into a mechanism of unusual quietness.

The improved radiator, hood and cowl lines give a finished touch of trimness to the body, yet without any sacrifice of Buick individuality.

A more resilient spring suspension gives these new Buick models a riding comfort as delightful as their exterior appearance is pleasing.

Each of the seven models has its own value particularly adapted to a distinct class of service. All possess those inherent Buick qualities that assure the owner the uninterrupted use of his investment.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

RANCHVALE NEWS

It has been quite a while since "Shu Fly" has told you of the happenings in this part of the world. But you see she is back again.

Nice rains have been gladly excepted through all this part.

Ninety-nine were present at Sunday School Sunday. After Sunday School Bro. Belcher preached a good sermon to the crowd.

as our new school building lacks some of being finished, but all the pupils will be busy next week with their school work, as school will begin Monday 13th. Three trucks will carry all the children of this district who do not live within three miles of school.

Ranchvale is growing all the time. Come and be with us on Sunday afternoon at 2 o'clock for Sunday School, and singing Sunday evenings at 8:00. Every one should feel welcome to Ranchvale.

Mr. Ross Cherry's sister who has been here on a visit for seven weeks,

has now returned to her home in Oklahoma.

The Bell family are making quite a stay while visiting in Arkansas, as they haven't yet returned.

The party at Walter Simpson's was rained out. No one there on account of mud and rain.

Mouser family spent the day with Mr. and Mrs. Smith Sunday. They were out for singing Sunday night.

Miss Gladys Mathews left Sunday afternoon for Havener where she will begin teaching in the Havener school.

Mr. and Mrs. D. I. Barnett have gone for points in Missouri, where they are visiting their relatives.

Mr. and Mrs. Buie spent Sunday with Mr. and Mrs. Mathews.

Miss Mary Belle Bohannon is planning on leaving next week for Las Vegas, where she will enter school again.

Miss Curtis made the Ranchvale folks a call Sunday by being here for Sunday School.

Wonder why Mr. Lee Beaver looks so lonesome? Cheer up Lee she will soon be back.

Sunday School next Sunday will be held in the new school building. Every body welcome to Ranchvale.

SHU FLY.

EXPERTS ON THE JOB

At a meeting of the Macon, Ga., branch of the club the following committees were appointed:

Poker Committee—H. K. Deale, J. M. Chance, Mrs. Fred Deck, W. A. Gamble.

Entertainment Committee—W. W. Merriman, J. I. Lively, H. T. Jolly.

Price Hertz was authorized to appoint a committee to investigate the High Cost of Living.—Luke McLuke.

Now that the dear ladies are about to vote we may presently expect a constitutional amendment to suppress pipes and carpet slippers.

You may not be able to go to heaven in an automobile, but if you get to speeding and have lived the right kind of a life, it will help you along some.

The feature of prime importance in the purchase of a MONUMENT is the quality of marble or granite—this should be of the highest grade if the memorial is to be lasting.

The quality of monuments we make, in this respect, will stand every test known—it is as high and as excellent as we can possibly obtain.

This feature plus designing, perfect lettering and moderate prices should cause you to place the order with us. A card will bring full information.

Rapp Monument Co.
210 W. Grand Clovis, N. M.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

"Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr. Pierce, which is "keep the kidneys in good order." "Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late. Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.

Business Is Good

PLANES CARRY MAIL FROM COAST TO COAST

Washington, Sept. 5.—The trans-continental air mail service between New York and San Francisco was inaugurated at 5:30 a. m. Wednesday.

Metal monoplanes, with a cruising radius of ten hours at ninety miles an hour, will be used between New York and Omaha, with a single stop for gas at Chicago. De Havillands will be used between Omaha and San Francisco, with fuel stations 200 miles apart. The latter machines carry four hours' supplies of fuel and oil.

Detailed schedules for mail have been worked out which utilize trains in part. For instance, a plane leaving New York will carry 16,000 letters to Chicago overtaking a trans-continental mail train there, which will carry the letters part of the remaining distance. Time between New York and San Francisco is cut forty-two hours, or nearly half.

The army is watching the air mail developments with interest. What is said to be the greatest system of regularly maintained landing flying fields in the world is available for use of the military forces, which will

enable the movement of air fleets from ocean to ocean.

The flying project is the most difficult yet undertaken by the Post-office Department. The 3,000-mile route has been minutely laid out and in some sections flying will be under the most unfavorable conditions.

At Cheyenne, Salt Lake City and Reno the machines will fly at altitudes of 12,000 to 14,000 feet and intensely cold weather and snow will be encountered. Radio stations have been established at Reno, Salt Lake City, Cheyenne and Omaha for communication.

BROOME-MORGAN

Darrell W. Morgan of Amarillo and Miss Jessie T. Broome were married here Monday, Judge J. P. Noble performing the ceremony. Miss Broome is the daughter of Mr. and Mrs. W. G. Broome of this city. The young couple will make their home in Amarillo.

The Sing Sing Bulletin, convict newspaper, recently suspended by the prison authorities of New York, will resume publication. There was some objection to the fact that a murderer was editor of the paper, but he will keep his job, and the paper will start on its twenty-second year.

ONLY 3 STATES MAY DENY WOMEN BALLOT AT COMING ELECTION

Louisiana, New Jersey and Mississippi are the only states in which women may find themselves unable to vote in the coming general elections, according to suffrage leaders. All other states were said to have either officially held that adequate provisions for this purpose already were on their statute books or to have arranged for passage of enabling legislation.

Attorney General Roberson of Mississippi has written the National Woman party headquarters that the state constitution requirement of registration at least four months prior to an election precluded any hope of women voting in that state.

MARRIED AT FARWELL

Miss Queen Maddox and R. M. Polard of this place were married last Thursday at Farwell, Judge J. D. Hamlin performing the ceremony. They left immediately for a trip to Denver, Colo., after which they will return to Clovis and make their home here.

When a man brags about how well behaved his children are, it is a sign that his wife trained them.

WHY NOT LET SOCIETY REPORTERS WRITE UP THE DIVORCES?

The divorce-to-be was beautifully gowned in a going-away suit of black and blue in memory of the groom's handy presents to her. She entered the room on the arm of her father and seated herself opposite the maid who had given her away to the husband. The divorce complaint was read by her attorney to the soft strains of "You'd Be Surprised," which were wafted into the room from a hand organ on the sidewalk below. During this part of the service every ear was strained to catch each word. Judge Breaktheknot then read the divorce decree in a sweetly solemn tone of voice and smiled benignly upon the ex-wife. Following the service both ex-wife and ex-husband were recipients of many congratulations from their friends. The divorce is one of the most important of the local season, untying as it does, the representatives of two of the city's pioneer families. The affair was perfect in all its appointments, and much praise for this feature has been showered upon Bailiff Smith, who had entire charge of the arrangements. After short trips the ex-wife will be at home, while the ex-husband will take up quarters at the Bachelor's Club.—Life.

ADVENTIST CAMP-MEETING HAS CLOSED

The Adventists closed their camp meeting last Sunday night and the delegates have returned to their respective homes. All the officers as well as all the members of the conference committee were reelected by the delegates.

Mrs. Bertie C. Richards of Clovis was elected secretary of the Sabbath school, young people's and educational departments of the conference. W. W. Bricker of Clovis was elected secretary of the Home Missionary department, N. C. Young was elected field secretary of the department, and Pastor H. M. J. Richards was elected secretary of the religious liberty department.

Notwithstanding the rains which prevailed the camp meeting was a complete success. The business was promptly attended to and plans for the coming session were laid. Nearly four thousand dollars was contributed for foreign missions, about two thousand dollars for home missions, and over three hundred dollars was contributed at the two sessions of the Sabbath school.

The following resolution was pas-

sed by the delegates in meeting assembled: "Whereas the citizens of Clovis have shown us many courtesies we hereby express our appreciation and offer our sincere thanks for the same, and the secretary is hereby instructed to publish this resolution in both the city papers."

MARRIED THIS WEEK

Mr. Jack Willard of Fort Worth, Texas, and Miss Jessie Lee Wade of Houston, Texas, were married Tuesday by Judge J. P. Noble.

Henry M. Jenson, of McLain, Texas, and Miss Wayne Allison of Nowata, Okla., were united in marriage Saturday by Rev. R. B. Freeman.

John C. Wilson and Miss Emma C. Box, both of Grady, were married in Clovis Tuesday by Judge J. P. Noble.

This is a strange world: Nobody is competent to discuss the Versailles Treaty until he has read it, and nobody who would take the time to read it would be competent to discuss it.

Senator Harding will have to attend the Ohio State fair, at Columbus, in person if he wishes to address the crowd there, the committee having rejected a plan to use "canned" speeches of the Republican presidential candidate.

Distinctive Fall Styles Now Displayed

FALL SUITS FOR MEN AND YOUNG MEN WHO WEAR GOOD CLOTHES.

You will find our display of these new fall suits very interesting. You will be interested in their styles. They are a happy departure from the styles of the past seasons. They are built rather loose, hang somewhat freely with the coats a trifle longer and the pockets low. The fabrics are of pronounced quality; some of the best goods made. Tailored by manufacturers who make fine clothes and nothing else. Every detail finished like it ought to be and really a splendid lot of patterns to choose from, all in correct weights for fall and winter.

BETTER LOOKING HATS; FALL STYLES

These new shapes with their slightly narrower brims and smaller crowns are unusually attractive. Really better looking than the hats of previous seasons. You are sure to like them. Brown is one color that is going to "go big." There are a number of other shades here. Take your choice. Better have a look at our cloth hats, too. They're mighty fine.

Copyright Hart Schaffner & Marx

FALL SHIRTS WITH THE RIGHT TOUCH OF COLOR.

Now that a man goes back to wearing a vest he wants a little dash of color in his shirts and these new patterns give it to him. You will want a half a dozen of them—maybe more. The patterns and colorings are refreshingly new. See them; they're good.

PERHAPS YOU HAVE BEEN THINKING ABOUT HOSIERY AND UNDERWEAR.

Now that the world has settled down to business after a season of summer vacations, it is a good time for every man to equip himself with new Underwear and Hosiery for Fall. We are ready to help you do it. Our present stock includes Underwear of high grade character, in all fall and winter weights, and fine fitting Hosiery in wanted colors, including wool hose for wear with oxfords.

YOUNG MEN ARE GOING TO WEAR CAPS

Men too, for that matter. Even if you do not wear a cap any other time of the year you will want one far fall. It's just the thing for motoring; just the thing for outings; just the thing for dozens of occasions when you'd rather not wear a hat. These new styles are becoming. The top is made in one piece. The patterns are very snappy.

A NEW SHIPMENT OF NECKWEAR—JUST WHEN MEN WANT NEW TIES

Every so often a man wants new neckwear to freshen up his appearance. This is a great chance to get some. We have just received a choice selection of knitted and silk ties! Beautiful colorings. You will pick out one after another, they are such choice goods.

RUGS USED IN ALL AGES

Ancient Chroniclers Have Left Accounts of Various Remarkable Products of the Loom.

In all ages rugs have been used for religious purposes. Up to the present time each member of the Persian and Mohammedan family carries a small rug for prayer. The Mohammedan, by means of a small compass, places the rug where the niche points toward Mecca, where the body of Mohammed lies. He then strips himself of all his jewels, combs his beard carefully, and then, with hands outstretched on either side, he prostrates himself and, with head on the earth, performs his devotions.

In Egypt Cleopatra had looms set up in her palaces for the weaving of beautifully designed tapestries. When Cleopatra wished audience with Caesar, she had a bale of rugs shipped via Mediterranean. When this was opened before the Roman emperor, a most superb rug was unrolled, and to the astonishment of the court, the renowned Egyptian queen rolled out with it.

Virgil makes mention of wonderful rugs woven by women, rugs to be spread under the thrones of kings and under the knees of courtiers, and laid under the backs of horses and in the chariots of conquerors and generals.

The Roman Sestertius.

Sestertius is the Latin name for a Roman coin meaning half of the third, that is, two and half, from "semi" meaning half and "tertius" meaning third.

When silver coinage was introduced in Rome in 268 B. C., with the copper as a unit, the silver sestertius was valued at 2½ asses. The standard as retained only one-fourth of its original weight. The sestertius was equivalent to the original libral as; and, as accounts had formerly been made in terms of the libral as, they were now made in terms of the sestertius. After the first Punic war, which ended 241 B. C., the sestertius ceased to be coined. The weight of the as was many times reduced. In 217 B. C. the denarius was made equal to 16 asses and the sestertius to 4 asses. With the reorganization of the coinage system under Augustus (63 B. C. to 14 A. D.) a copper sestertius of 4 asses was coined under the control of the senate. This was about 4 cents in United States money.

A Rainy Day.

A rainy day in Switzerland puts a sudden stop to many diversions. The coachman may drive to the tavern, and then back to the stable; but go farther. The sunburnt guide may sit at the door, and welcome; and the boatman whistle . . . at his own sweet will—but no foot stirr abroad for all that; no traveler moves, if he has time to stay. The rainy day gives him time for reflection. He has leisure now to take cognizance of his impressions, and make up his account with the mountains. He remembers, too, that he has friends at home; and writes up the journal, neglected for a week or more, and letters neglected longer; or finishes the rough pencil-sketch begun yesterday in the open air. On the whole, he is not sorry it rains—though disappointed.—Henry W. Longfellow.

Varying Opinions.

Deacon Gildrow says that if a man loves a woman well enough to cheerfully write a check in payment for her new suit, though he knows it means that he will have to make his old overcoat do another winter, it is safe to marry her.

And Mrs. Deacon Gildrow says that if you love a man well enough to think you would like to see the floor of the closet littered up with his old shoes it will be perfectly safe to marry him.

Proving It.

"Smith is a live wire."
"I know it. He touched me this morning for twenty dollars and I was shocked."

this city, was discussed at a conference between representatives of south Texas farmers and Mexican officials. The aim of the proposed labor bureau is to furnish Mexican labor for seasonal employment in Texas and also to regulate the influx of Mexican laborers in such manner that employ-

ment may be secured for the greatest number.

Mexico was represented at the conference by Arturo de Zaracho, Consul-General at Laredo, and it was explained that the Mexican Government is lending support to the plan. The Mexican Government, it was explained,

wishes to arrive at some arrangement whereby Mexican laborers entering the United States will not be exploited by employment agencies. The movement was given indorsement by all concerned and there remain only a few details to be worked out before the bureau is put in operation.

KIRSCHBAUM CLOTHES

IN THE NEW FALL AND WINTER DESIGNS

From the very first touch of the designer's chalk to the very last touch of the presser's iron—the guiding thought in the making of Kirschbaum Clothes for young men is style. Style, yes, and with it, quality and value!

\$30 to \$60

All-Wool—
100 Percent And
No Compromise

This fall—as always—the famous Kirschbaum standard of all-wool is rigidly upheld. Before a fabric is passed as suitable for use in a Kirschbaum garment, it is minutely inspected for its all-wool purity, its color fastness, its wearing strength.

Copyright, 1910, A. B. Kirschbaum Company

HOW MUCH LIQUOR IS THE COUNTRY DRINKING

There are only three sources of liquor supply in the United States at the present time—(1) liquor manufactured prior to prohibition, held in bond and which can issue from bond under provisions of the prohibition law, chiefly by the efforts of persons holding permits for the handling of alcohol for non-beverage purposes; (2) illicit distillation of liquor; (3) illicit manufacture of beer and wine.

Federal Prohibition Commissioner Kramer has recently announced that there has been removed from bond 19,000,000 gallons since January 16th, at which time the Constitutional amendment went into effect. If this entire quantity of liquor had been consumed in the meanwhile it would have meant almost an infinitesimal per capita consumption compared with pre-prohibition days. A great deal of this however, has been legitimately used and a great deal of it is still held unconsumed.

The confusion attending the organization of prohibition enforcement accounts for the securing of "permits" by persons who are not entitled to them. These permits are being recalled rapidly and the new policy of the Commissioner's office will, undoubtedly,

check upon the consumption of alcoholic beverages.

The manufacture and drinking of moonshine is almost a negligible factor. "Moonshine" liquor is so raw and strong as to be almost non-potable. Drinking it is almost like drinking ammonia, and it takes a practiced hand to down it. Also, the efforts of a few to manufacture beer have proven far from successful. The product is unpalatable in the extreme, not to say loathesome.

OBSOLETE

A little girl walked into a confectionery, placed a nickel on the counter and called for an ice cream cone.

"Ice cream cones are 7 cents, little girl," the clerk announced.

"Well, then gimme a soda pop."

"Ten cents."

"Got any root beer?"

"Yep, ten cents, too."

The little girl sighed disappointedly and started out, leaving the nickel on the counter.

"Here, little girl, you're leaving your nickel," the clerk called to her.

"Oh, that's all right," the child shouted back. "It's no good to me—it won't buy anything."

We don't seem to recall any arguments offered by Germany in 1871 about mercy to the vanquished.

AID TO THE PUBLIC

Railroad executives, in session Friday at Chicago, worked out some of the plans which will be put into effect as quickly as possible to relieve congestion on the various lines of the country. The speedy manufacture of thousands of additional freight cars and locomotives is part of the scheme.

It has also been determined that more service must be gotten out of the cars which are now being used, the mileage goal for these being now set at 30 miles per hour.

It will be impossible for the roads to carry out the latter part of the plan unless they can have the fullest co-operation upon the part of the shippers of the nation in the matter of loading and unloading cars. And every shipper is interested in better service.—Amarillo News.

Don't be too swift about advising others to give the devil his due. They may hand you over.

Optimism is the faith that leads to achievement; nothing can be done without hope.—Helen Keller.

RUB-NO-MORE WASHING POWDER cuts grease instantly and makes the dishes bright and clean.

So Much Depends on Your Coat!

Your clothes may be just as pretty as can be underneath your coat—but it's the coat that is noticed first, you know. So of course you want a coat that is not only comfortable, but that will make that first impression all in your favor.

Choose a Classic Coat

"Stylishly Distinctive"

There is one thing you are sure to like about a Classic coat. That is that the styles are all so individual. You can feel that your coat is your very own—not duplicated by other coats here and there among your friends.

Then, too, Classic coats are such good coats. Every yard of material is the kind that is made for wear. These coats have been put together by men tailors—who are experts in their work. And so, of course, your coat will keep its good lines until the last day of its use.

Prices are genuinely attractive, too. Why not come a-shopping now for your coat while the racks here are full of beauties?

CARRIAGE MAKERS BUILD AUTOMOBILES

Chicago, Sept. 8.—Progress has played havoc with the old fashioned livery stable, the horse shoe smith and courting.

The horse and buggy in which our forefathers used to ride to church and in which their children went courting, is so obsolete now that it is only the rich who can afford to maintain one. The automobile has driven the horse and buggy off the road.

According to manufacturers of buggies here, they only make them to special order.

The big firms which made a specialty of turning them out quit making them two years ago. They make automobiles now.

C. D. Wilman, manager of the Chicago branch of the Studebaker Company, which was the leading buggy manufacturing plant in the world said they quit making them several years ago.

"The automobile eliminated it," he said.

The horse and buggy in the hands of young blood who go courting is a rarity, Wilman said.

The only people who ride in buggies nowadays are grandpa, grandma, and conservative folks' he said.

WHEN THE FUEL IS GONE

Now when everybody is more or less concerned about the fuel supply for winter—with an official warning against a natural gas shortage and coal selling, when it is for sale, at a price twice as great as it was two years ago—it is interesting to note what Svante August Arrhenius, director of the physical laboratory of the Nobel Institute of Sweden, predicts for those who will live after us.

Here in the United States we are particularly happy, if his estimate that the coal supply will last for two thousand years is correct. Canada, he estimates, will consume all of hers in fifteen hundred years, France and Germany theirs in one thousand years. The production of oil in the United States will end in 90 years. When fossil fuel and oil are gone, what then? Well there is sunshine, but it will chiefly be used for warmth only by migration, and so we find him saying:

"It seems very probable that when fossil fuel has been consumed, civilization and culture will return to its

NEVER INTENDS SO BE WITHOUT IT

Ball Restored To Health Four Years Ago By Taking Tanlac—Good Effects Continue.

"I was entirely relieved of my troubles four years ago by Tanlac and have enjoyed the best of health ever since," said Edward Ball, a well-known farmer who lives on Route 2, Box 8, Duluth, Minn.

"For two years I had the worst of stomach trouble and rheumatism," continued Mr. Ball, "what little I managed to eat would sour on my stomach and I was so nauseated after nearly every meal I could not retain a thing. I would suffer terribly from gas and, to add to my other troubles, I was taken with the rheumatism in my legs and knee joints and got in such a bad fix I could hardly get up and down.

"After trying a lot of other things, which did me no good I started taking Tanlac and, believe me, I soon felt like a new man. My appetite came back and I could eat anything I wanted without it hurting me the least bit. The rheumatism left me entirely and, as I stated before, although this was four years ago I haven't had a trace of bad health since. I always keep Tanlac in the house and once in a while take a little, for I believe it will keep anybody in fine shape and I am always recommending it to some one."

Tanlac is sold in Clovis by City Drug Co., in Texico by Red Cross Pharmacy, and in Melrose by Irwin & Pool. (Advertisement)

For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—light, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's-Black-Draught," is on the package. At all druggists.

MISSIONARY SOCIETY MEETING

The Missionary meeting was held at the home of Mrs. Andrew Crane, Wednesday, September 1st, at 3 p. m. Mrs. Fisher had charge of the program. The subject being "The Stewardship of Money." A lively discussion of which was given by Mrs. McCary. Mrs. Howard and Mrs. Shepard, all brought out the thought of God's ownership and man's stewardship as being a worthier plan than the questionable and often belittling methods frequently resorted to, of "raising money" to finance the Kingdom. The Book says "They brought their tithe—not their pies—into the store house." The spirit of the meeting was fine, the circle of prayer being almost complete. Fourteen members were present. During the social hour refreshments were served by the hostess.

CAMERON NEWS

Albert Leach and son, Chilton made a trip to Clovis the last of the week.

A. W. Cameron, Sr., purchased a new lister last week.

Quite a number of the residents of this place made a trip to Clovis the last of the week and had a very bad time getting home through the mud. Robert Lowe and family were among the number.

Mrs. Lizzie Wilkinson helped Mrs. A. W. Cameron cook for thresher hands last week.

Elmer Locknane arrived Monday from Blair, Okla., to spend an indefinite time with his grandma Locknane.

A. W. Cameron, Sr., and his daughter, Mrs. Conway, made a trip to Clovis Friday returning Sunday afternoon.

Rev. Worthy Cameron purchased a Jersey cow and calf from Sam Jennings, consideration \$100.00.

Professor Conway and family who have been visiting at the home of A. W. Cameron, moved Monday to Holene where they will teach in the school there beginning October 1st.

A. A. Dethrage and family visited the Atkinson home at Texico Saturday evening and night, and spent Labor Day at Clovis.

A. W. Cameron, Jr., began a series of meetings at Pleasant Hill Sept. 5.

Mrs. Edna Johnston was the organist at New Hope Sunday school Sunday morning.

Paul Mote brought out a new Case engine Saturday which J. Z. Isler bought at Clovis. He is plowing wheat

land with it.

Several of the patrons of the Boney school district met at the school house Monday and did some work on the school grounds.

Jesse Wilkinson and Mr. Terry returned to Mineral Wells last week.

HOUSEHOLD WORDS

"Don't talk any more about it, please. I know perfectly well what you meant to say."

"Oh, I don't mind you reading the papers. But I certainly wish you'd learn to fold it up properly when you're through with it."

"Look at your cup! You've left the whole bottom of it just covered with sugar!"

"I'm sure I don't see how you managed to get along before you had somebody to pick up after you."

"You won't get any sympathy out of me—trying to squeeze your feet into shoes like that."

"Yes, I did marry you. But I didn't marry your whole family."

"Johnny, I should think you'd hang your head. I'm going to tell your father the minute he gets home."

"Good Lord—do I have to do all the spanking in the house?"

"Why, I've never even spoke to the woman."

Don't blow up a storm when the wife asks you for ten bucks to spend, brother. Like ours, if she hadn't married she might have money of her own.

Farmer, Look, Read and Ponder

Coming to us, full car of farm implements, not the cheap trashy kind, but the best that good money can buy. The kind that we let you take and try before you buy, we know of no better guarantee. In this shipment we have some light tractor, and horse, Clark Cutaway Harrows. There is no better disc harrow on earth to prepare your seed bed for wheat. Also have coming in this shipment some of the famous Milwaukee Row Binders. By January 1st, 1921 we expect to have our implement house completed, and by early spring we expect to have the largest implement stock in New Mexico. We are not new beginners in this business, we know how, when and from whom to buy, which insures our customers the best that can be had for the least money. Later we expect to add Coal to our grain and implement business. We are here to stay and serve you. Remember our Motto: "The price is the thing."

Your friends,
LANE & SONS GRAIN CO.

Transfer and Service Car

PHONE 450

\$100 Only to Each Person

I am arranging to incorporate under the laws of Texas, the most stringent in the country, THE BUIE OIL CORPORATION of Texas, which will be a subsidiary of the BUIE OIL CORPORATION of Delaware, a \$5,000,000.00 Corporation which has paid 16% already this year on the amount invested. The Texas Corporation will have a capital stock of

ONLY \$1,000.00

with a par value of one cent per share. The sale price of shares will be \$100.00 and I positively will not accept more than \$100.00 from any one person.

The funds derived from the sale of these shares will be used to develop 102 acres of land in Eastland County Texas, proven territory. The title has been passed upon favorably by several good law firms, and pronounced good. It is all paid for and the derriek is erected and tools on the ground ready to "spud in."

I am going to raise the money to drill it out and will do it quick. I am going to run this ad in several southwestern papers and believe the readers will oversubscribe the stock from the first days advertisement.

The plan is novel—it is of my own origin. For every \$100.00 received, \$99.99 goes to the surplus. 10 cents will pay

1,000 PER CENT DIVIDENDS

on the par value. Therefore this corporation will have the reputation of paying the greatest dividends and having the largest surplus of any corporation in existence. It should thusly receive world wide publicity and on account of the confinement of only one share to any one person and with the large dividends and surplus account, the stock should meet with a demand that will send the selling price to

\$1,000.00 PER SHARE

This ad will not appear in any other paper prior to September the 10th, and I believe that it will be unnecessary to have it appear again anywhere. A well should be in within 60 days and proceeds from production will go to dividend account.

I have thousands of satisfied investors who have been with me for a long period of time. Not one, who has followed my advice, has ever lost a dollar.

This is not a

"CHAS. PONZI SCHEME"

but one of the best speculations that has come under my observation. There is no promotion; no agents commissions and no salaried men on this corporation's pay roll, except those necessary in development and operating.

I have no literature. I have no agents. I have no time to answer foolish questions. The proposition is fully stated in this ad. If you want it send your money and "DO IT NOW." No reservations will be made except by wire, money to follow immediately. I will give you 15 days to investigate me and this property after you send your money. Write the Texas State Bank of Fort Worth, Texas, about me. If you are dissatisfied when you receive their reply, I will return your money.

Send check, bank draft or money order and do it today—tomorrow never comes. If your remittance reaches me after the allotment is gone I will return same at once.

Remember this is a pre-organization offer, subject to withdrawal without notice.

Make all remittances payable to

ESSEX MOTOR CARS

Nearly 50,000 Owners Know

Why Essex in 4 Trips Across America
4 Times Broke the Record

Men at first accepted Essex endurance on faith. They wanted its fine car speed, power and riding luxury. These were self-evident. But there was no way to judge the durability of an unproved car.

Yet the performance appeal of Essex was so dynamic that it set a world's sales record.

Now Essex has given the greatest endurance proof ever offered by any car. Four Essex cars, carrying the first U. S. trans-continental motor mails have each broken the trans continental records that had stood for four years. These tests imposed more punishment and abuse than a lifetime of ordinary service inflicts. Another Essex record—its 3037 miles in 50 hours, averaging above a mile a minute for the entire distance, was never equalled.

For cars its size it holds all world speed and endurance records from 1 to 50 hours. And another Essex stock touring car set the world's 24-hour road record of 1061 miles over snow covered Iowa country roads.

Do not these marks, coupled with the satisfaction of nearly 50,000 owners, settle the light car question?

"The majority of divorce cases show cruel treatment as the main charge," said Judge Young. "I am absolutely in favor of publicly whipping the man who beats his wife."

Idaho has several mountains, each more than 12,000 feet high, that have never been named.

birthplace about the Mediterranean and Mesopotamia in the old world, and to Central America and the land of the Incas."

As a means of conserving fuel, there may be a resort to the wind, to running water and to sunshine. Windmills have been in use for nearly a thousand years, but are objectionable because of the variability of the wind. Water power is abundant in the United States and may be generally used. The radiation of the sun may be concentrated by means of mirrors on a boiler connected with a steam engine. The solar engine, he thinks, is likely to play an important role in opening up for cultivation great arid districts in tropical countries, such as the Sahara and the Arabian and Syrian deserts, once "the seat of flourishing culture, but now the home of wandering tribes."

We of today think we have troubles

enough, but what will be the troubles of the generations that come after the present fuel has been consumed? Or will somebody in the meantime find a new and inexpensive fuel?—Columbus Dispatch.

You're taking the right step when you switch to Spurs

YOU can't do better. After you've smoked through a pack of Spurs, you won't want to go back to other cigarettes. You'll find your old kind sort of flat and uninteresting, like last year's politics.

For Spur's good tobacco taste can't help but win you for keeps. There's rich, mellow Turkish, flavorful Burley and other home-grown tobaccos blended in a new way that brings out to the full the all-'round goodness of this top-notch cigarette.

And Spurs top all—all ways. They're crimped. That means slow burn, smooth taste—no paste. The smart "brown-and-silver" package is three-fold to keep Spurs fresh and fragrant.

Twentycents will prove that Spurs are your kind of cigarettes—top-notch quality at rock-bottom price. The sooner you try them the gladder you'll be.

C. C. Dorris' and R. F. Spees'

LAND SALES

Monday, Oct. 4 and Wednesday, Oct. 6, 1920

Mr. C. C. Dorris will on Monday, Oct. 4th sell his 320 acre farm located 4 1-2 miles south and 1 mile east of Clovis in Curry county N. M. and 14 miles North and 1 mile east of Portales, N. M., 1 east of Postal Highway, and Mr. R. F. Spees will on Wednesday, Oct. 6, sell his 578 1-4 acre farm located 2 miles north and 6 miles east of Bellview, N. M., in Deaf Smith county, Texas, 36 miles west and 6 miles north of Hereford, Texas, 30 miles northwest of Friona, Texas, and 40 miles north of Texico-Farwell on state line, and 18 miles south of Rock Island on the Rock Island Ry. This land to be sold at public auction under terms and conditions set forth below:

898 1-4 ACRES

C. C. DORRIS' SALE

Monday, October 4th

Starting at 11 A. M., Mr. Dorris will sell his choice 320 acre farm located 4 1/2 miles south of Clovis, and 1 mile east of the Highway. Sale will be held on the farm. This land is all level with the exception of a small lake of about one half acre in the northwest corner, where stock water stands nearly all the time. Has only been dry one time in 5 years.

320 ACRES

This land is the W 1/2 of Section 9, Township 1 North, Range 36 East.

On R. F. D. Mail is delivered every day. One mile from Point Enterprise School. Telephone in house; only seven phones on party line. Has good three room boxed house, weatherboarded on outside, and wall board inside, which makes a good warm house. Two small rooms upstairs.

This farm has good barn with hallway and stalls for 10 horses and 12 cattle, 2 high board corrals; grainery in barn. Garage.

Land is mixed sandy loam. All mesquite grass,—no bunch grass. Has 175 acres of the best crop in the county, which all goes with the land. 160 acres of corn that will make about 40 bushels to the acre, or 6,400 bushels. 10 acres in cane. 5 acres in broom corn will be put in the stack.

No better well in Curry County. Plenty of good cool water. Well is 212 feet deep and water stands about 36 feet deep. Can't pump it down. Wind mill and pipe all new, has never had sucker rod pulled. 30 barrel water tank. Garden paled in. Land well fenced and two cross fences. 4 miles of 2 and 3 wire fence.

There are always good crops in this part of the country, and this is said to be one of the best farms in this locality.

Possession any time after sale to suit purchaser. In case purchaser does not want possession till January 1st, Dorris will furnish twine and put cane in shock for \$75. Corn can stand in field till that time.

There is a federal loan of \$600 on land bearing 5 1/2% interest that may run 36 years or be paid on any interest paying date.

TERMS:—\$5,000 upon approval of deed and abstract, and \$5,000 to be paid out of crop January 1st, 1921. Balance may be made in 3 equal annual payments at 8% interest, or 2% discount on all over \$10,000 paid by January 1st, 1921.

BIG FREE LUNCH AT NOON.

\$100 up with the clerk says land will be sold as stated above.

C. C. DORRIS, Owner

HAMLIN OVERSTREET, Clerk.

R. F. SPEES' SALE

Wednesday, October 6th, at 11 a. m.

Sale to be held on farm 2 miles North and 6 miles East of Bellview, N. M., 36 miles west and 6 miles north of Hereford, Texas, and 50 miles northeast of Clovis, N. M.

578 1-4 Acres

All of Section 30, Township 4, Range 1 in Deaf Smith County, Texas. Has 1 mile of 5 wire fence, 1 mile of 4 wire fence, and 3 miles of 3 wire fence with good cedar post. Land is all level tight and tillable land. No better wheat land on the plains. Will grow any other kind of crops, except cotton, that can be raised most anywhere. And cotton can be raised here, but not recommended because of the cool nights and the short seasons. Farm has small house, barn 20x20 feet with feed loft. Reasonably good well will water 75 head of cattle. Good windmill and 2 stock tanks. Excellent water. 8x12 granary holds 500 bushels. Garden fenced in. Barn lot and stack lot.

Every foot of this land is the best of wheat land. 100 acres in one field ready for wheat for 1921 to pay share rent of 1/4 to be delivered to elevator at Friona. This rent goes with land. 18 acres broken out in other field may be sowed to wheat or planted to row crop. Land produced 20 bushels to the acre first year on sod. Ground broken out for orchard.

37 CATTLE

35 Good grade yearling heifers and steers, most all white face.

1 Good Red Durham Milk Cow, with calf by side.

1 6-yr. old Bay Horse, well broke.

1 7-yr. old Bay Mare, well broke, mule colt by side and with foal again. Season paid.

1 8-yr. old Bay Mare, well broke, bred to jack.

1 9-yr. old Bay Mare. Good work mare and saddle animal.

3 70-lb. Shoats.

8 Plymouth Rock Hens.

1 3 1/4 inch Climax Wagon.

1 John Deere Lister.

2 sets Chain Harness and some good bridles.

1 bundle frame.

TERMS:—\$2,550 Government loan may be paid any interest paying date, or may run 32 years at 5 1/2% interest. Balance on land payable as follows. One third cash upon approval of deed and abstract, and remainder may be paid in 9 equal annual payments bearing 6% interest.

Terms on Cattle, etc.—6 Months time on sums over \$10.00 at 10% interest, or 5% discount for cash.

\$100 forfeit up with Clerk as guarantee land will be sold.

FREE LUNCH.

R. F. SPEES, Owner

FIRST NAT. BANK, HEREFORD, TEXAS, Clerk.

You will make no mistake by attending these sales as this land may go at a real bargain. This is your opportunity as both places are choice homes and on easy terms. Keep this bill for both sales. Don't forget dates and places—Monday, October 4th, southeast of Clovis, and Wednesday, October 6th, northeast of Bellview.

LAST WILL AND TESTAMENT OF BENJAMIN F. VIERS, DECEASED

Notice is hereby given to all persons interested in the estate of Benjamin F. Viers, deceased, that on the 14th day of August, 1920, Amanda Viers, filed with the County Clerk of Curry County, New Mexico, an instrument in writing purporting to be the last will and testament of Benjamin F. Viers, deceased, and also filed in the Probate Court of Curry County, New Mexico, her petition praying for the probate of said will and that Letters Testamentary issue herein to her as Executrix herein.

Pursuant to an order of the Probate Court of Curry County, New Mexico, made on the 14th day of August, 1920, notice is hereby given that on the 1st day of November, 1920, at the hour of 10 o'clock a. m. of said day, that being a day of the regular November, 1920, term of said court, at the court room of the Probate Court at Clovis, Curry County, New Mexico, have been appointed and fixed as the time and place for hearing said petition and proving said will, when and where all persons interested may appear and contest the same.

In witness whereof, I have hereunto set my hand and affixed my official seal this the 14th day of August, 1920.

(Seal) **W. C. ZERWER,**
County Clerk,
Curry County, N. M.

HAVENER ITEMS

Mr. and Mrs. J. W. Elliott visited in Melrose, Saturday and Sunday.

O. C. Tefertiller received a telegram Tuesday morning, announcing the death of his mother. He and his brother left immediately for their old home in Missouri to attend the funeral. They will be back this week.

J. E. Ledbetter and family will move into their new house this week. The school ma'ams, Misses Boydston and Matthews, will board with them through the coming school year.

The tank at the school house well was put in position Friday by a number of patrons assisted by the Board of Directors.

We had a shower Thursday night, and a heavy rain Friday evening. We actually need some sunny weather now, to ripen the grain.

Mr. Leeper is gradually recovering from a very painful injury received some weeks ago, while assisting a box of soap out of the cellar at the store. He says he is pleased to see soap or any other commodity come down, but doesn't like to be "in under," when it "hits the bottom."

School began Tuesday, Monday being Labor Day.

Quite a crowd, by invitation, gathered at James Hines Thursday evening to spend a social time and eat watermelon. The storm brought the festivities to an abrupt close, but all

had a good time anyway, and greatly enjoyed the melons.

S. L. Willis and wife and daughter Clovis, and Hazel Winn spent Sunday with C. J. Shoup's. The Willis's will soon be on their way to Iola, Kansas, to make their future home.

Messrs. Powell and Hall, who bought the Mitchell farm, are breaking ground for wheat, running a tractor and teams.

A. R. Dees has decided to sell out and go on west. He expects to go to Oregon, but will see California and other states first.

Henry Eshelman is beginning to pull his broom corn. He has about the only broom corn crop in this immediate vicinity this year.

Mr. Hankhouse has freshly painted his house, thereby very greatly improving the appearance of the house and premises.

R. C. Ruckman has been carrying the mail the past two weeks while Dewey Mitchell was taking his vacation.

Catarrrhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrrh, which is an inflamed condition of the mucous surface. Hall's Catarrrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrrhal Deafness that cannot be cured by Hall's Catarrrh Medicine. Circulars free. All Druggists, 75c.

TIPS FROM TEXAS

(Dallas News)

Our idea of a chump is a candidate who hasn't got gumption enough to stop sneering at pink tea politics.

Don't be unjust—merely because some poor fellow has lost his mind and doesn't control his whiskers is no sign that he is a Bolshevik.

Another bad thing about women being in politics is that when a man makes a fool election bet his wife is liable to find it out.

Of course we may be too sensitive, but the reason we don't wear diamonds in our silk shirt is because we don't want folks to think our wealth is a novelty to us.

Probably the worst thing about it is that it does no good for a girl to have kiss snatchers arrested when she knows she can't identify her property.

And if it took as long to hatch eggs as it takes for our oil stock to pay dividends, chickens would sell for a thousand dollars per cackle.

As a general thing, those who are loudest in demanding a return to normalcy are better dressed than they used to be.

Personally, we don't claim to be braver than the average, but if we were a society editor in Mexico we wouldn't give Villa a write-up every time he married.

The 28-year-old Napoleon who was said to be commanding the Russian armies against Warsaw has lost his job. He was too young for a Napoleon and too old for a drummer boy, so the Bolshevik probably will make a statesman of him.

There are pictures going the rounds which show Hon. Warren G. Harding making "o" the forms in the printing office of the Marion Star, while the regular printers gather around and watch him. We take it from that he carries a union card.

MR. FARMER

If you want to sell your farm make the price and terms right and we can sell it. We have buyers waiting for bargains.

Gus M. Bryan & Co.,
with Union Mtg. Co.

HIS PLATE WAS FULL

"Will you have a chicken?" tenderly asked the Leap Year girl, who had taken Freddie to dinner.

"Er—I thank you," he blushing replied. "The honor is appreciated. But I am already engaged."

Don't Experiment

If these remedies do not prove satisfactory, your money will be refunded.

CLOVIS MARBLE WORKS CONTINUES TO GROW

Dad Dwight of the Clovis Marble Works on Grand Ave., ships his marble direct into Clovis from the quarries of the New England States. He cuts it, polishes and letters it right here and sells it direct to the customer. There are no middle man's profits and it is not hard to see how he can save you money on your monuments. Not only this, he is a citizen of Clovis, has his home here and when you patronize him you are helping to build up the town and the county. He hires no salesmen and no agents and when you buy one of Dad Dwight's monuments you have to deal direct with him at his marble works on Grand Avenue, but if you can save from 20 to 40 per cent on your monuments isn't it worth while? He has had 38 years experience in the monument business. If you need anything in his line it will pay you to see him.

Here's the Secret Of that wonderful "round" tone

On hearing The Brunswick for the first time every music lover exclaims at its wonderful full, round, life-like tones. Back of the grill is the secret—an oval horn built entirely of wood on the violin principle. Sound waves are amplified and sent out to the listener in correct acoustical "circles." No metal touches them. That's the secret!

Come in—a demonstration will convince you why The Brunswick is the superior phonograph.

SCHOOL NOTES

A comparative statement of the growth for the past five years shows a steady gain for first day enrollments. They are as follows:

- 1916—Total enrollment 682. High School enrollment 100.
- 1917—Total enrollment 855. High School enrollment 148.
- 1918—Total enrollment 970. High School enrollment 159.
- 1919—Total enrollment 1073. High School enrollment 193.
- 1920—Total enrollment 1229. High School enrollment 250.

In 1916 the school year began with eighteen teachers. There are thirty-nine this year.

Owing to the incomplete condition of the new school building half-day sessions are being resorted to for all children who are later to enroll in it. A half-day session is always to be avoided, but it was either half-day sessions or over three thousand dollars invested in temporary quarters. The three thousand dollars were not available, and even should it have been advisable to have built the temporary quarters they would have been used only for a few months.

Many parents probably feel that there has been unjust discrimination when their children living within a stone's throw of one building are sent to another, but such is not the case. There were ninety-nine in the first grade at the La Casita school Tuesday. Forty-eight of these had to be transferred. To do this children had to be moved who lived very close to the west school. As soon as the new building is completed the country children who come in the school trucks will be transferred to it, and those living near the west side school may again send their children to the La Casita school.

Parents have made requests to have transfers made from morning classes to afternoon classes, and from afternoon to morning. These requests will be favorably considered beginning Monday of next week. Eight o'clock is early to go to school, but the morning is really the time when the best work can be done. Unless it seems impossible for very good reasons, parents will please try to let their children remain where they are assigned.

The High School is considerably handicapped this week as Miss Julian and Mr. Underwood are at the bedside of their parents. Miss Julian's father and Mr. Underwood's mother are reported very low.

Miss Cora Cruse from the coyote hills of Wyoming felt the call so insistent that she returned after spending only a brief time in Clovis. She felt she would never like the good old sand storms of the plains. Miss Maud Pinson of Yesso has succeeded her.

Miss Marie Fischer of the Columbia School of Music will arrive Saturday to take charge of the music. She is described as being the favorite pupil of the 1920 class, and in every way most capable.

Foot ball season is on and Mr. Higgins of Georgia fame All American is teaching the boys new tricks.

CARD OF THANKS

On behalf of the Labor Unions of Clovis, we wish to thank the merchants for their interest and co-operation in the Labor Day program which was so successfully held, and we especially wish to thank the following for the substantial financial assistance which they gave:

EPISCOPAL CHURCH

The subject for the Sunday morning service is the "Burning Bush." The night service will be resumed. The subject will be "Opportunity." Holy Communion 7:30 a. m. Sunday School 9:45 a. m. Morning prayer 11:00 a. m. Evening Prayer 7:30 p. m. W. W. Brander, Rector.

W. K. Hollifield, who has been conducting a general mercantile business at St. Vrain, has sold out and moved to Clovis. Mr. Hollifield says he has moved here to take advantage of our schools.

Newest Fall Suits

Don't Guess Value, KNOW

This is a time, more than ever before, to buy "known" clothes—clothes backed by maker and retailer as well.

This is a time to patronize a retailer with an established reputation for integrity—a retailer whose guarantee of satisfaction goes with every purchase.

True Economy and Real Satisfaction are found in buying clothing you know. YOU DON'T HAVE TO GUESS ABOUT THE QUALITY OR STYLE WHEN YOU COME TO KENDALL'S, for our fall showing is from the best makers such as

Kuppenheimer, Campus Togs

And others whose names are stamps of superiority recognized by every class of buyers. You will be able to choose a suit from a number of newest patterns and latest Fall models most beautifully tailored, at prices you will be pleased to pay.

\$30 to \$80

New Fall Hats and Caps

In all the new shapes and wanted colors.

To complete the genteel appearance of a man's dress, he must be topped with the PROPER HAT OR CAP.

It is a pleasure to us to assist you in selecting the hat best suited to your particular build from so complete a stock as you will find here. Come in and give us the opportunity to show them to you.

Fall Shirts

The Patterns are Exclusive! The makers of Eagle shirts design their own patterns, dye their yarns, weave their fabrics to be sure they are original. When you get an Eagle Shirt, you know its pattern can't be duplicated except in another of the same make. That's a big advantage of wearing Eagle Shirts.

Of course, the cut and tailoring are fine enough to do justice to the originality of the pattern.

The new styles for Fall are on display in our store.

\$3.00 to \$16.50

Introducing Fall Footwear Pumps, Oxfords, Boots

Our new Fall arrivals show the new Pumps and Dress Boots, as well as the Walking Shoes.

The smartly gowned woman regards her shoes as the "Piece de Resistance" of her costume. Always they must be a fitting compliment which comes by close attention to the essentials.

Kendall's styles of finely selected leathers, modeled on the popular new lines of the season.

Prices are attractively moderate for shoes of finest character. See the new Fall styles by

"The Home of Kuppenheimer Clothes"

WOMAN'S CLUB

The Woman's Club will open their years program with a one o'clock luncheon, Tuesday, September 14th, at the home of Mrs. Geo. Roberts 520 North Lane. Any member who cannot attend please notify Mrs. Hightower. —Reporter.

Miss Addie Chenworth returned Wednesday from a vacation trip to St. Louis, Washington, D. C., and other eastern points.

CLOVIS FANS FAIL TO APPRECIATE BALL GAMES

Enthusiastic base ball fans were not so enthusiastic about the results of the two games played here Sunday and Monday between Ft. Sumner and the Clovis Elks.

The game Sunday afternoon was called off after the seventh inning on account of rain, after the locals had piled up a score of 10 to 3. Turner's home run was a feature of the game.

The second game Monday afternoon, was even more lousy than the first, the score being 14 to 8 in favor of Clovis.

Batteries for the first game: Clovis, Denise and Carlisle. Fort Sumner, Carter and Crawford. For the second game: Clovis, Craft and Turner; Fort Sumner, Johnson and Crawford.

The Women's Christian Temperance Union will meet at the home of Mrs. J. W. Stewart, 505 North Con-

nally, next Monday afternoon at three o'clock. All members are requested to be present.

L. M. DeForde with Luikart & Co. is taking a two weeks vacation. Mr. DeForde will likely take a trip to points in Texas.

Miss Cleo Thomas, who has been spending some months in the Hawaiian Islands, has been here the past week visiting at the home of her parents, Mr. and Mrs. D. F. Thomas.

She left this week for El Paso, Texas, where she is employed as stenographer.

ATTENDING CONVENTION

W. A. Havener, R. E. Rowells, Mr. and Mrs. G. W. Singleton, Douglas Fitzhugh, W. E. Marsh, Mr. and Mrs. George McLean and others are among those attending the Republican State Convention at Albuquerque this week.
