U. S. DELEGATION READY TO RESIST ANY ATTEMPT TO CHANGE NAVAL RATIO

PLAIN TALK ACROSS CONFERENCE COUNCIL TABLE IS PREDICTED

Japan's Request for An Increase in the Proportional Strength of Her Fleet Will Be Disputed Stubbornly; Conference Will Be Altered Without Upsetting a Fundamental Principle of the Whole Plan, Authorities Say.

Washington, Nov. 18. (By The Associated Press).—Japan's request for an increase in the proportional strength of her navy may lead speedily to some plain talk across the council table of the arms conference.

The American delegation stands ready to dispute stubbornly any material change from the ratio set forth in the American plan. That ratio, it was emphasized by highest authorities today, reflects existing proportional strength and so cannot be altered without upsetting a fundamental principle of the whole plan.

In effect, the American figure is a warning for no further statement, but say they will be glad to answer questions and explain their interpretation of their proposals.

A formal call was issued today for the third public session of the conference, which is to be held Monday. Premier Briand, of France, is expected to speak to the delegates on land armaments, in which France is vitally interested. In the meantime, a formula that will become the basis of discussion later.

If it turns out that the "slightly greater" naval force suggested for Japan by Admiral Baron Kato amounts only to the addition of one battle cruiser to the Japanese fleet, then the committee's objections of the American delegates may not be deemed necessary. But if the suggestion comprehends a real change in proportion, it is declared on authority that a determined diplomatic struggle will result.

Conference Didn't Meet. The clear delineation of the American position on this subject served to turn attention to the naval armaments today while the Far Eastern negotiations were at a standstill to permit the powers to work out details of their policy. Neither the conference nor any of its committees met during the day, but the nine delegations will assemble tomorrow in executive session to resume their discussions of the Far East.

Coinciding with the disclosure of the American viewpoint on naval reductions, it was revealed today that the administration does not propose to limit the armament agreement. If there is one, to the nations represented in the Washington conference. Whether a treaty or simply an "understanding" would come out of the negotiations, the administration officials would not predict, but it was said that whatever the form of agreement the other interested nations would be asked to participate.

Should by treaty resulting in a definite confirmation result, it was said to be the belief of the administration that the whole armament reduction program could be put into effect. "International" understandings of policy do not require the approval of congress, and officials say the proposed scrapping of warships could be accomplished under general authority already possessed by the executive.

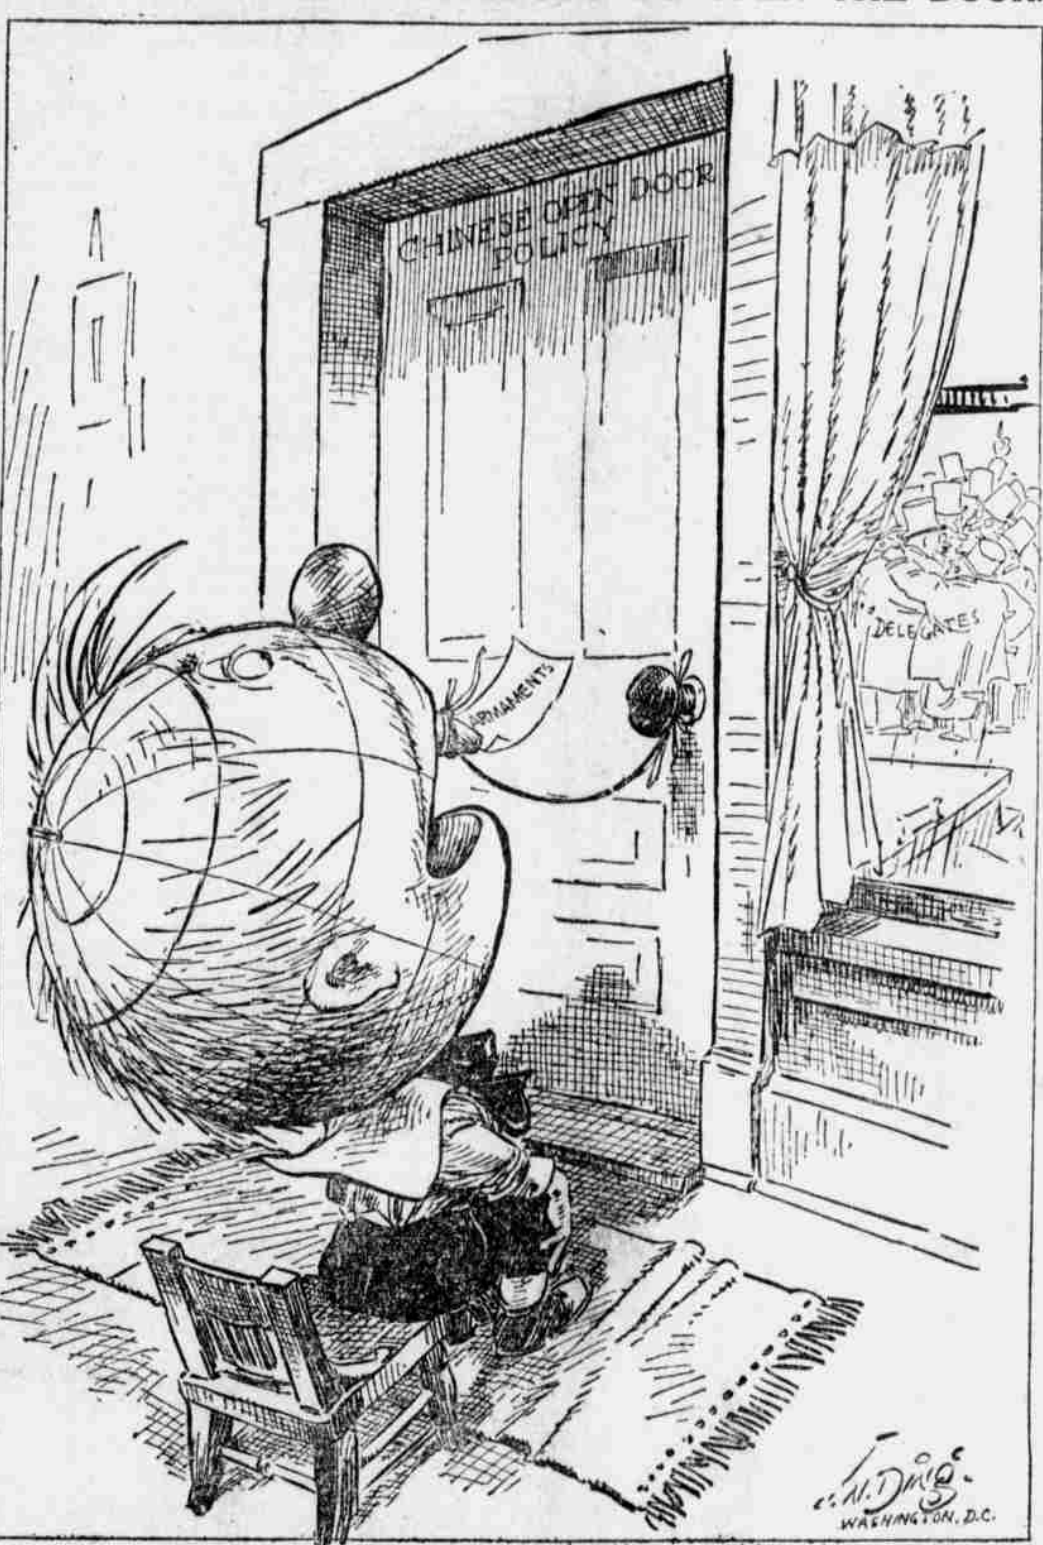

Far Eastern Conference. There was every indication tonight that all the powers would step into tomorrow's Far Eastern conference fully prepared to express their views on the plan presented as a basis of discussion by China. During the two-day session, the foreign delegations have been in touch with their governments, and although not all may desire to make detailed statements of their views at this stage of the negotiations, there is a general expectation that some progress will be possible.

The Japanese, in particular, indicated that they preferred to have their policies developed step by step as the negotiations continue. They were prepared to ask for an interpretation of some of the Chinese "ten points" and seemed especially interested in the proposal for the re-examination of all compacts affecting China. Should China desire to re-open what Japan regards as "closed incidents," the step will be opposed determinedly.

General support of China's aspirations for national development, free from the restrictions that hitherto have surrounded her, was expressed today among the British delegates who declared their government was ready to give up the extra territorial privileges as soon as Chinese courts were sufficiently developed to guarantee justice. A similar attitude already had been indicated by France and the United States.

The Chinese delegates themselves will go into tomorrow's meeting with the attitude that, having laid down their declaration of rights, it is some one else's move. They are

JUST WAITING FOR SOMEBODY TO OPEN THE DOOR.

CHINA DESIRES TO MANAGE OWN AFFAIRS, SAYS

President Says the Republic Does Not Want Interference From Other Countries; Country Solvent.

(By The Associated Press.) Peking, Nov. 18.—China's desire to manage her own affairs without interference from other countries was voiced in interviews granted today to Lord Northcliffe, noted British publicist, by President Hsu Shih-chang and Premier Chin Yun-peng. Both emphasized their nation's need of money and both likewise asserted that China was solvent and able to win her way through if given the opportunity. Premier Chin declared that China was looking for the Washington conference to give her tariff autonomy.

The president, who received Lord Northcliffe at his palace, said: "The opening of the Washington conference has been marked by the many suggestions advocating foreign control in China but such procedure would only cause further difficulties and trouble. The Chinese people should be allowed to solve their own internal problems. China's present troubles are not only peculiar to China but as the natural step in the evolution of the government established when the monarchy was overthrown after having been endured for centuries. Similar difficulties were experienced in France after the revolution and England and the United States also had long periods of serious unrest before stable administrations were completed.

"China would like foreign nations to proceed with understanding and sympathy. The interests of foreign powers in China are chiefly commercial and helpful criticism of China and a determination on the part of the powers to give her fair play will aid materially in the development of the country and create opportunities of importance. "China's present financial difficulties are aggravated by the conditions which have obtained since the termination of the war. During the war, foreign buyers operated largely in the China market and were large purchasers of Chinese products. Since the war these purchases have materially diminished and China has not yet been able to make up the deficiency. She has not contracted any foreign loans during the last three years of any considerable amount. Also there has been no particular investment here of foreign capital and this coupled with the decrease in trade of such staples as silk, tea and the like, is responsible for little capital coming into the country.

"China is in financial difficulties but they are not insurmountable, and steps are now being taken by the government which will enable the country to return to its normal state within a reasonable time despite the troubles during the north and south. These are expected to be adjusted in due course.

"Some foreign newspapers have pointed out that the differences between the north and south are not differences of religion but of political sections, but between persons desiring to serve their own ends, and this view is correct. The people of China are sound."

SUGGEST GUARDS AT CONFERENCE ABOLISH GUNS AND BAYONETS

Washington, Nov. 18. (By The Associated Press).—Since the arms conference was called primarily for the purpose of reducing armaments, it was suggested today by some of the lesser dignitaries attending that it might be a good plan to have marines and soldiers on duty around all conference meetings. "Abolish their guns and bayonets."

Through the entire area from which delegates come and go, marines and soldiers, armed in detail, are armed for action. Those on guard inside the navy building carry only side arms.

There has not been the least disturbance around the meeting place and the statesmen have been absolutely free from annoyance by the curious.

CALL FOR BIDS FOR PAVING ROAD SOUTH FROM BARELAS BRIDGE

Santa Fe, Nov. 18.—The highway department today called for bids for the concrete paving of seven miles of highway No. 1 south from the Barelas bridge, by the west side of the Rio Grande and two other federal aid projects. One of the others is the concrete paving of seven miles of the Las Cruces-Paso highway, from Anthony, on the state line, north toward Las Cruces, and the other is the grading of fourteen miles of the Carlsbad-Longhorn road. The department also asked for bids for grading and gravel surfacing for the road from Madrid to Lampy, for which Santa Fe county made a special levy.

SENATORS PROTEST

Washington, Nov. 18.—A protest against the refusal of eastern and western railway systems to follow up their reduction on steel and iron products to the north Atlantic ports by concuring in similar reductions to southern ports, was filed today with the Interstate Commerce commission by eleven United States senators from the middle west. The signers included Senator Kenyon of Iowa.

NOMINATION CONFIRMED

Washington, Nov. 18.—The nomination of Ellis L. Dresel to be American charge d'affaires at Berlin, was confirmed today by the senate.

LOBO OR WILDCAT?

Which animal is champion of the southwest, Lobo or Wildcat? The state universities of New Mexico and Arizona are clashing at the university field at 2:30 o'clock this afternoon to decide that question.

The Arizona Wildcats have demonstrated their right to their name. The brand of football they have exhibited during the past few seasons is AAAI.

Surely you know that the New Mexico Lobos have their greatest team this year. From end to end, the measures up to any ever seen in action here. The backfield has worked flawlessly and with a sparkle in every game of the year.

PROSPERITY OF KOREA SEEN IN NAVY REDUCTION

(By The Associated Press.) Washington, Nov. 18. (By The Associated Press).—A big naval reduction by Japan will mean much to the prosperity of Korea, Isao Yamagata, proprietor of the Japanese semi-official press agency, said today in discussing the suggested armament curtailment.

"It would mean first of all," he said, "the possibility of reclaiming vast arable land in Korea, capable of supporting 5,000,000 more people. It will bring to us a university so much needed by Koreans and more schools of every kind, especially the institution of music and art. It will give us more roads and better roads."

Mr. Yamagata foresaw also great industrial progress for Korea which, like Japan, would in his opinion develop gradually into a manufacturing country.

Mr. Yamagata added that he had received information indicating the presence of a number of Koreans in Washington, which, he thought, hoped to bring before the conference the question of the independence of Korea. He expressed the opinion that the conference should not take up Japan's relations with Korea as he believed such a step would only needlessly arouse the hostility of the Japanese people.

4 DEER HUNTERS ARE ACCIDENTALLY KILLED

(By The Associated Press.) Madison, Wis., Nov. 18.—Although the deer season was only five days old today, the toll of casualties among deer hunters was already high. Yesterday and today in the Wisconsin and upper Michigan woods four hunters were accidentally shot to death, and another one was seriously wounded.

Two of the victims were mistaken taken for deer and a third for a bear.

SNOW AT AMARILLO.

Amarillo, Tex., Nov. 18.—Flurries of snow fell here today. The temperature dropped to 23 degrees, the lowest of the winter. Fall of the mercury within the next twenty-four hours to from 10 to 15 above zero was predicted.

26,000 PACKING HOUSE WORKERS SEE NECESSITY OF A WAGE CUT

Employees of Armour and Company Agree That a Pay Reduction is Necessary and Fix Amount.

IS THE FIRST CASE OF ITS KIND IN HISTORY

Employees of Three Other Meat Plants, Who Are Holding Conferences, Are Expected to Follow Suit.

(By The Associated Press.) Chicago, Nov. 18. (By The Associated Press).—Employees of Armour & Co., 26,000 in all, today, through their plant governing committee, agreed with officials of the packing house that a wage reduction is necessary, and fixed its amount. The cut is effective November 23.

This is the first time in the history of the industry that a wage reduction has been agreed in such a manner.

Employees of Swift & Co., Wilson & Co., and the Cudahy Packing company, who are holding plant conferences, are expected to accept similar reductions, and Morris & Co. has announced that it will follow the example of the others. All of the big five except Morris & Co. last spring inaugurated the "plant congress" system of employees' participation in the management of the industry.

Question Put to a Vote. The agreement between Armour & Co. and its employees followed a two day conference. Twenty-four employees, representatives of the plant councils in nine cities, met with an equal number of officials, representatives of the company. The books were opened and the financial situation of the company explained. The question was put to a vote, and the following reductions, effective in all plants except that at Fort Worth, Tex., adopted:

For piece workers, 8 per cent. Unskilled 1-bor, getting 45 cents an hour or less, 7 1-2 cents. Semi-skilled labor, getting 45 and 50 cents an hour, 5 cents. Skilled labor, getting over 50 cents an hour, 3 cents. A minimum wage of 25 cents an hour for adult female labor is provided.

These reductions apply to plants in Chicago, St. Paul, Sioux City, Omaha, St. Joseph, Kansas City, St. Louis and Denver.

Cuts at Fort Worth. The reductions at Fort Worth, where wages are gauged by local labor conditions, are:

Unskilled labor, receiving less than 42 1-2 cents an hour, 7 1-2 cents. Semi-skilled labor, receiving from 42 1-2 cents to 47 1-2 cents an hour, 5 cents. Skilled labor, receiving more than 47 1-2 cents an hour, 3 cents. When the reductions are applied to the plants of the big five, 125,000 men and women will be affected. In the final result, a far larger number will be directly concerned, as packing houses are based on the big five scales.

No change is made in working conditions or the forty-hour week guarantee.

A New Departure. Today's netted officials said, marked a new departure in American industry. While the "plant congress" idea has been tried with varying success in other lines, such as the rubber and electrical industries, it was the first time in the history of the meat industry that this method of employee representation in the management.

The final test of the plan will come, officials say, when it is seen whether the body of employees accept the decision of their chosen representatives.

What effect the decision will have on the strike vote recently cast by the Amalgamated Association of Butcher Workmen and Meat Cutters of America may be known tomorrow. Presidents of union locals in eleven packing centers are meeting here with Cordeiro Hayes, international president, to discuss the strike vote.

Open Shop Indicators. The big five plants have always been known as "open shop" industries. Packing officials say the union membership is largely confined to the smaller plants, and that any strike call would not affect them seriously.

Readjustment Necessary. Tonight officials of Swift & Co. announced that after an all day conference, representatives of the Chicago Assembly of Employees had voted that a readjustment of wages was necessary, had extended a vote of confidence in the management and had voted to leave the wage readjustment to the discretion of the management. Swift & Co. tonight announced reductions for various classes of employees of the Chicago assembly corresponding to those fixed by the employees of Armour & Co. and effective on the same date, November 23. Company officials said they expected other sixteen assemblies of employees to take similar action.

Omaha Votes Favorably. Swift & Co. also announced tonight that the Omaha assembly had voted to accept a wage cut but had not specified the amount or how it was to be determined.

Swift & Co.'s employees are holding assembly meetings in the various cities where such organizations exist and these assemblies are acting individually instead of collectively, as was the case with the Armour employees.

Among the cities where such assemblies exist are Denver, Kansas City, Fort Worth, St. Joseph, Mo., Omaha, St. Paul, St. Louis and East St. Louis, Ill.

Officials said tonight that action along the same lines was expected in these assemblies and that they expected the employees would ratify the action of the men appointed to represent them in the assemblies.

ARBUCKLE TRIAL STARTED BEFORE CAPACITY HOUSE

Jury Is Selected and the Introduction of Medical Testimony Is Begun; Describe Bladder Rupture.

(By The Associated Press.) San Francisco, Calif., Nov. 18.—Final selection of the jury and the introduction of expert medical testimony were today's developments in the manslaughter trial of Roscoe C. ("Fatty") Arbuckle in connection with the death of Virginia Rappe. The court room was crowded for the first time, counsel for both sides were present. One juror was selected.

Doctors Shelby P. Stranice, acting city autopsy surgeon, and William Ophuls, who conducted both external and internal examinations of Miss Rappe's body, were the first witnesses. They described the bladder rupture which caused Miss Rappe's death. The prosecution accuses Arbuckle of causing this injury through the application of external force.

A half hour argument was built around a defense question to Dr. Ophuls as to whether Miss Rappe's fatal injury might have been caused by sudden immersion in a tub of cold water. The question, amended several times, was allowed and the doctor said that such an injury was possible from such a cause. He also said the injury was possible from other causes.

Miss Rappe was immersed in a tub of cold water during the party in the Hotel St. Francis, at which it was alleged she was fatally injured.

Some time was passed in discussion as to whether there should be Saturday and night sessions. Gavin McNab, chief counsel for the defense, suggested that no session be held tomorrow on account of the football game between California and Stanford universities. The court said he desired to proceed to tomorrow's court and counsel left the matter to the jury to decide over night.

Five women, four of them married, are on the jury. An alternate juror, Stephen A. Hopkins, a paper merchant, was also sworn in.

The names of the jurors and their occupations follow:

August E. Frieze, cotton goods merchant. John J. Dietz, confectioner. Henry J. Reef, expert accountant. Mrs. Helen M. Hubbard, housewife. Mrs. Ketty L. MacDonald, housewife. William H. Torpey, retired livery stable proprietor. Mrs. Dorothy B. O'Dea, housewife. Miss Louise E. Winterburn, no occupation. Arthur H. Crane, explosive expert. Clarence C. Sayre, contractor. Mrs. Adeline N. Nelson, housewife. Thomas Kilkenny, candy dealer.

RUSSIAN SOVIET REGIME OPENLY FOSTERS TRUSTS

Government Which Recently Denounced All the Processes of Capitalism Advocates Their Adoption.

(By The Associated Press.) Moscow, Nov. 18. (By a Staff Correspondent of the Associated Press).—Trusts and combinations are now openly fostered by the bolshevik government. Every day brings announcements of new combinations of small factories to which the soviet government has granted a concession and there is frank discussion of the necessity for organizing and combining industries to insure their success.

It is difficult to believe that a government which so recently denounced all the processes of capitalism is now openly advocating their adoption.

The great effort of the economic council of the government is to get small industries started which will supply the small manufactured articles required all over Russia, such as household utensils, kitchen equipment, garden tools and small hardware.

Such factories will require large quantities of sheet tin and sheet iron, which many of them hope to get from America. The present supply in Russia is practically nil.

In cities like Moscow and Petrograd the government will supply these small industries with electrical power.

Seven tanneries capable of employing 1,500 persons have formed a trust at Nimi Norvograd and been granted a concession by the government to resume work as a co-operative organization.

The government has granted a concession to a combination of small knitting factories in Petrograd which will resume work on the condition that 12 per cent of their output will be paid to the government in tax.

Four chemical factories at Petrograd have also been granted a six-year lease and will pay 15 per cent of their output to the government. Saccharine will be one of their chief products.

STORM KILLS EIGHT PERSONS. Mena, Ark., Nov. 18.—Eight members of the family of R. E. Weems at Wickes, Ark., twenty-eight miles south of here, were killed last night when the Weems home collapsed during a violent storm. All wires to Wickes are down, but it is understood little damage was done except on the Weems farm.

FILM STAR RECOVERING. New York, Nov. 18.—Marion Davies, film star, who contracted pneumonia several days ago and was reported in a critical condition, is "on the road to recovery," her physician announced today.

STEEL INDUSTRY BACKS MOVE TO END WARS, SAYS BETHLEHEM MAN

Manufacturers of Naval Vessels and Munitions Do Not Fan Flame of Strife, Is Schwab's Claim

IS WILLING TO SINK MACHINERY IN OCEAN

Elimination of Armed Conflicts Will Mean the Permanent Prosperity and Happiness of the World.

(By The Associated Press.) New York, Nov. 18.—Emphatic assurance that the iron and steel manufacturers of the United States are solidly aligned with delegates to the arms conference in their efforts to end wars, was given by Charles M. Schwab, in an address tonight at a dinner of the American Iron and Steel Institute in honor of Marshal Foch.

After paying high tribute to the man and telling him that in the language of the greatest of poets, he had been "grappled to our souls with hoops of steel," Mr. Schwab, who is head of the Bethlehem Steel corporation, said: "I would like to take advantage of this occasion to say something which has long been upon my heart, and which at this significant moment, it is clearly my duty to say."

"It was stated at some of the sessions of the recent league of nations meeting in Geneva—it has often been carelessly suggested in the press—that the industry of war is in great measure kept alive by those interested in the private building of munitions of war. I can, of course, speak only for myself, but I believe I know and express the sentiments of others placed in similar positions to mine when I say:

"I am at the head of the largest war materials manufacturing works in the world. The shipyards of my company build more naval ships than are built in any other yards in the United States. But I have been thrilled beyond expression, as has every good American, by that brilliant and statesmanlike speech which was made at the conference at Washington by Secretary Hughes. The carrying out of that plan, may involve great monetary losses in equipment, but such a thing as financial loss can be of no consideration when compared to the inestimable boon to mankind which would be involved in the permanent peace of that magnificent plan."

Mr. Schwab declared that should the statesmen now assembled in Washington find it possible to bring about a permanent peace, he would gladly be one of the "war making machinery of the Bethlehem Steel corporation" sunk to the bottom of the ocean.

"Nothing could contribute more to the ultimate and permanent prosperity and happiness of the world," he added, "than the conclusion of agreements between the great nations of the world which would eliminate war and the causes of war and so let us say to the men gathered at Washington let it go out from this meeting of men of the last and greatest quality that we are solidly behind every effort they can make which will hasten the coming of the time when war shall be no more."

BLANTON WOULD MAKE A "GAS ATTACK ON" DEFENSELESS TEXANS

(By The Associated Press.) Washington, Nov. 18.—Representative Blanton, democrat, Tex., who was recently censured by the house for inserting objectionable language in the Congressional Record, today challenged the seven Texas congressional delegation "singly and collectively" to debate in the Texas cities after adjournment of the present session.

Mr. Blanton, in his formal challenge, charged that his colleagues "abused" in introducing and passing the resolution of censure causing him to be "publicly insulted on the floor—a punishment worse than expulsion."

ROADS CAN'T COMPETE WITH OCEAN RATES

(By The Associated Press.) Chicago, Nov. 18.—Steamship rates from Atlantic coast points via the Panama canal to the Pacific coast are so much lower than railroad freight rates that the roads cannot compete with the ocean rates unless the Interstate Commerce commission grants the petition for reduced land tariffs, Paul D. Hastings, of the rate committee of the transcontinental freight bureau, told the commission's examiners today.

He pointed out, as did yesterday's witnesses, that the proposed free tolls for coastwise shipping via the Panama canal would make competition still more impossible. The present rate on canal goods from Chicago to the coast is \$1.50 per hundred pounds. Mr. Hastings said, while the steamship rate from New York is 75 cents, the railroad is asking a rate of \$1.15 from Chicago.

Our front page box is given over today to help the University football game. We are glad to extend this courtesy.

However a study of the important situation is pending with the cattle and sheep industries. Every reader should take careful note of our special editorial at the bottom of page two today.

WEATHER

WEATHER.

Denver, Colo., Nov. 18.—New Mexico: Generally fair Saturday, warmer north portion. Sunday fair; warmer southeast portion. Arizona: Fair, Saturday and Sunday; slightly rising temperature.

LOCAL REPORT.

Conditions for the twenty-four hours ended at 6 p. m. yesterday, recorded by the university: Highest temperature..... 38 Lowest..... 23 Range..... 15 Mean..... 32 Humidity at 6 a. m..... 28 at 3 p. m..... 26 Precipitation..... None Maximum wind velocity..... 32 Direction of wind..... Northwest Character of day..... Partly cloudy

'MEDICAL' BEER BILL'S LIFE OF SHORT DURATION

Senate Adopts Conference Report on the "Anti-Measure" and It Is Sent to Harding for Signature.

(By The Associated Press.) Washington, Nov. 18.—The brief days of "medical" beer were numbered today when the senate, by a vote of 55 to 22, finally adopted the conference report on the anti-beer bill.

With legislative action concluded the bill fought over for months, goes to the president, who is expected to give his approval within the ten-day period in which he can act. It was thought possible, however, that there might be a few days delay while an opinion as to the constitutionality of the measure was received from the attorney general.

Until the president's pen goes on the bill, manufacture and sale by physicians' prescriptions will continue, the treasury department announced, but in all quarters the lease on life for "medical" beer was not placed beyond ten days, although the beer has won down only a few weeks ago with the issuance of the treasury's beer regulations.

Only an hour's debate, but of extra fervid character, preceded the senate vote today. Prohibition advocates and opponents clashed sharply during the final discussion, limited by agreement. The lineup of the bill's opponents included twenty-three republicans and twenty-three democrats supported the measure.

TAXICABS FRIGHTENED AWAY BY U. S. MARINES

New York, Nov. 18.—Two taxicabs twice swung near a mail truck in a suspicious manner last night, but were frightened away by armed marines guarding the truck, with threats to shoot, it was said, today by postoffice inspectors. After a second warning the taxis disappeared up a side street of the midtown city hall station to railway tracks.

Friedman at Madison Square Garden, Tex Rickard says he will give Champion Benny Leonard \$40,000 to box either Tendler, Kansas, or Friedman at Madison Square Garden.

SLOAN'S EASES PAIN RELIEVES THE ACHE

TORMENTING, agonizing rheumatic aches are quickly relieved by Sloan's Liniment. Apply it freely and enjoy a comforting sense of warmth. It penetrates without rubbing. Good also for sciatica, lumbago, neuralgia, over-exerted muscles, stiff joints, external aches and pains, backaches, strains and sprains.

Don't let pain lay you up. Keep Sloan's Liniment handy and at the first sign of an ache or pain, use it, for it certainly does produce results. At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

THE GROWERS PROBLEM.

The cattle and sheep growers of the state are in a deplorable financial predicament. The present price of their product is ruinously low. It will be difficult to save many worthy growers without careful nursing and great leniency. That much is admitted. These growers are to have a meeting, probably at Roswell, in the near future, to discuss the situation of those who have purchased or leased public lands. They intend to formulate a plan for relief through the land office.

The growers argue that they over-leased or over-bought lands during the high prices and in response to the government's urging that they produce to the maximum, for war purposes. Now these contracts are ruining them, they assert.

The Journal agrees in principle with the contention that these industries must not be destroyed. It would be a bad thing for the state, for our educational system and for the growers for such a thing to happen. We are willing to help all we can by publicity in solving the problem. Our attitude is sympathetic.

However, the growers should not ask to pass upon their own cases. The land office should not undertake to dicker with them as individuals. If this is done dissatisfaction and misunderstanding is certain to result.

In the judgment of the Journal the growers should ask the land commission and the governor to appoint a disinterested and impartial board of three citizens to hear evidence and recommend a fixed policy, applicable to all growers falling within the classification—such a board should be admonished that it equally represents the educational system, the growers and the public and is to do what is just and best for all in the circumstances.

Co-operation, understanding and an impartial adjustment is what is needed. By such a route the public can be reconciled and its co-operation secured. This should not be a test as to who is sufficiently powerful to put something over at the expense of the rest of the people but a friendly negotiation for an intelligent and equitable solution.

Whatever is done should be a fixed policy, applicable to the weak and influential alike and not an effort to dicker with each individual, granting more relief to the persistent or powerful than can be secured by those less favorably situated. There is a sensible and fair way to arrive at an agreeable solution.

JAPS' ATTITUDE TOWARD CHINA'S PLAN OUTLINED

Washington, Nov. 18 (By The Associated Press).—Japan's position on China's proposals is being authoritatively outlined this way: Japan would like to see the conference adopt a set of principles which if guaranteeing Japan's "right of existence," would generally and especially insure for China her territorial and, in so far as possible, her complete administrative integrity. At the same time these principles could affirm the doctrine of equal opportunity for all.

Japan, for the moment, has no program to apply to China, believing that if she sought to impose a broad platform it would lay her open to suspicion as possibly concealing some hidden purpose. As Japan and China are members of the league of nations, and have subscribed to making public all treaties, she is ready to refrain from secret treaties but doubts the practicability of having China participate in new treaties concerning territory and geographical conditions. Japan, however, is agreeable to submitting conclusions to China for an opportunity to register disapproval should she so desire.

Japan would subscribe to a declaration for the neutrality of China but would point out that during the Russo-Japanese war, owing to territorial and geographical conditions, both Russia and Japan were obliged to combat on Chinese territory, and that it might be necessary to traverse her soil again.

Japanese spokesmen argue that there may, therefore, be a difference of degree between the economic activity of Japanese and that of other nations, more particularly in Manchuria and Mongolia, but they contend it does not imply that the Japan has any intention of excluding other nations from the commerce of China.

LOYD GEORGE'S DAUGHTER DRIVES HER OWN MACHINE

Miss Megan Lloyd George driving her car, accompanied by a girl friend.

Miss Megan Lloyd George, the daughter of Great Britain's premier, set a precedent in London recently by driving her own car, a small two-seater. The car was given to her by Mrs. Lloyd George. Miss Megan recently drove her distinguished father from Chequers to London in her "bus."

FAVORS BAN ON SUBMARINES AND OVERSEAS FLEET

Briton Hopes That Nations Will Become Less Suspicious of One Another So Both Can Be Abandoned.

(By The Associated Press.) Washington, Nov. 18 (By The Associated Press).—British spokesmen regard the Washington conference, so far as it concerns limitation of naval armament, distinctly as a "success" and will expect today to receive only details to be ironed out.

"I have never been present at a more remarkable conference," said one of them today, speaking for publication. "Six conferences ever started under happier auspices and with a greater promise of success."

"But," he added, when the question of submarine tonnage was mentioned, "in this conference merely results in the substitution of the submarine for the overseas fleet, it would be barren of result. I very strongly hope that the result will be that nations will become less suspicious of one another and eventually render unnecessary both the overseas fleet and the submarine."

"So far as working out a workable plan goes, I should not do credit the British suggestions for modification of the American plan as a vital issue to the program."

COAL MINERS IN THE CANON CITY ZONE ON STRIKE

C. F. & I. Company Reports Decrease in Number of Strikers in Huerfano and Las Animas Counties.

(By The Associated Press.) Denver, Colo., Nov. 18.—Decrease in the number of strikers in Huerfano and Las Animas counties and a sympathetic strike in the Canon City district were reported by the Colorado Fuel and Iron company as the principal developments in the second day of the strike against the C. F. & I. company in thirteen of its coal mines.

While the total number of idle miners is larger than yesterday, the company's statement said that the situation was reported as quiet, with no disturbances of any kind.

The striking miners were to hold a meeting at Walsenburg tonight, Attorney General Victor E. Kefauver informed of the Canon City walkout, declared that this step was contrary to provisions of the state industrial law which requires a thirty-day strike before a strike can be effective.

Adjutant General Hamrock is in charge of Walsenburg and tonight the situation was reported as quiet, with no disturbances of any kind.

The striking miners were to hold a meeting at Walsenburg tonight, Attorney General Victor E. Kefauver informed of the Canon City walkout, declared that this step was contrary to provisions of the state industrial law which requires a thirty-day strike before a strike can be effective.

COCHRANE RUNS 384 AT BILLIARDS: SETS NEW WORLD'S RECORD

(By The Associated Press.) Chicago, Nov. 18.—Melker Cochrane of San Francisco today broke the world's record for 15.2 ball line billiards when he made a run of 384 in the fourth inning of his game with George Sutton, in the world's championship tournament. Cochrane won the match in the fifth inning, 400 to 67.

ROSWELL HIGH SCHOOL BLANKS ARTESIA TEAM

(SPECIAL DISPATCH TO MORNING JOURNAL) Roswell, N. M., Nov. 18.—Roswell High school maintained its record of not being scored on today when the team defeated Artesia High school, 29 to 0. The Artesia team held the local team scoreless in the first half. The contest started in the early part of the second half and the rest of them was easy for Roswell.

FIRST VOTE COUNT IN CAMPAIGN WILL APPEAR IN SUNDAY'S PAPER

Candidates Should Have All Credits Possible in the Campaign Department by 6:00 O'clock Tonight So As to Appear in the First Published Count, in Tomorrow's Issue of The Journal; Watch for This List and Boost for Your Favorite.

The first vote count in The Albuquerque Morning Journal's \$8,000 Salesmanship "EVERY-BODY WINS" Campaign will be made this evening and will appear in these columns tomorrow morning.

Candidates should get all votes into this office before 6 o'clock tonight to appear in the first published count to appear tomorrow.

First List of Candidates. With the publication Friday of the names of the men and women who have been nominated for the campaign, the first big campaign, voting in the great race will begin in earnest.

The race is on, and those who devote themselves diligently to the gathering of votes will be the ones to receive the handsome prizes that are to be awarded.

A perusal of the list, however, shows that very few persons have entered the campaign—and when the first published list of vote stand-

COPELAND TELLS WHAT TO EAT TO REDUCE WEIGHT

New York Health Commissioner Has a "Reducing Squad" of Fifty Fat Men and Fifty Fat Women.

(By The Associated Press.) New York, Nov. 18.—A great many fat people in the United States avowedly want to become thin, but don't know how. By the hundreds they have been confessing this desire in letters to City Health Commissioner Copeland. Their selection of him as the person who might take a great weight off their shoulders was suggested by a recent report of a reduction of a reducing squad of fifty fat men and fifty fat women in New York.

These hundred heavyweights have been shrinking daily and the letters from outside New York inquire how Dr. Copeland does it. Its simple, he says. Proper diet, regular exercise and proper living habits are all that is necessary.

"You cannot be happy unless your stomach is full," the doctor tells the fat folks. Then he explains what foods they should eat to keep happy, eliminating all those which produce fat. Some of the foods they may eat in abundance are celery, buttermilk, radishes, endive, lettuce, watercress, clams, whites of eggs, chicken without the skin, and white meat of lobster, codfish, peaches, apples, grapefruit, lemons, oranges, rhubarb, lean meat and skinned milk.

"The greatest mistake people make is in the selection of the food," Dr. Copeland contends. "The average meal is poorly balanced. This is particularly so of breakfast. Imagine wanting to get thin on a breakfast like this: cereal and cream, hot muffins with butter and honey, sausage and possibly some fruit covered with sugar. This entire meal is made up of starches and sugar, which add flesh and very often as an added offense it is washed down with tea, coffee or cocoa saturated with sugar."

Dr. Copeland lets his sound eat fruit for breakfast, except bananas. He has, however, plenty of white bread, and opposes the drinking of water with meals because that makes the room and inclination for more food. Cereals are all right, he says, if a tablespoon of bran is added instead of sugar.

He recommends Swedish exercises. But if the ambitious heavyweights on his list hesitate to begin 100 per cent American the United States army setting up exercises are just as good as any other. These can be practiced within the privacy of the home provided the home is of sound construction and the neighbors pleasant. One of Dr. Copeland's soundest notified that every time she began bending and limping there came complaints from the occupant of this apartment below.

Football teams of Harvard and Princeton met for the first time in 1877 at Cambridge. Harvard making two touchdowns and one goal from a field down to Princeton's one touchdown.

French armies crossed the Rhine more than 20 times in the last 120 years.

A standard treatment with thousand who know how quickly it heals sick skins. Ask anyone who has tried it.

2 ARE REPORTED DEAD IN ARKANSAS TORNADO

Hot Springs, Ark., Nov. 18.—Two deaths are reported in a tornado which swept the rural sections twenty miles east of Hot Springs last night. Mrs. Jennie Walls, aged 79, and a justice of the peace of Hot Springs county by the name of Lawrence, were killed when the twister struck near Magnet Cove and Lonsdale. Several children of Ed. Walls, son of the woman killed, were injured.

WAR PREVENTED BY FRENCH ARMY BRIAND ASSERTS

"We Must, As We Are Alone, Secure Ourselves," Says Premier in Discussing Proposed Reduction.

(By The Associated Press.)
Washington, Nov. 18.—(By the Associated Press.)—War was broken out in Europe three or four times since the signing of the armistice, had it not been for the French army, Premier Briand declared today in conversation with American newspaper correspondents. The French premier was discussing his forthcoming third plenary session of the armistice conference, which he said would not be an oration but rather an explanation.

"I shall ask the American people," said he, "to place themselves in the position of the French people for three quarters of an hour, and survey the European situation as we see it and feel it."

"France does not want a large army any more than you do. We wish it were possible to reduce it below the minimum that we now have in mind, but we must, as we are alone, secure ourselves. France is not asking for any guarantee; she is not asking for anything. If it were possible for Great Britain, the United States and Italy to say 'If you are attacked, we will be with you,' then it would be possible for us to disarm. But if you simply say 'do not be afraid; tranquilize yourselves; no one is going to attack you,' that is not sufficient."

"There is the Russian army of one million and a half. You may say 'Why do you mention that? Russia is not attacking you.' Poland is the only barrier. If France had not had a strong army last year the barrier would have fallen. The Soviet troops would have been in Germany. There would have been an anarchy in central Europe. No, we must have an army to secure ourselves and maintain order."

M. Briand turned to other subjects. "We cannot look upon the submarine question in the same way as Mr. Balfour," he continued. "France must defend herself on three seas and we have possessions remote from our country. Mr. Balfour said nothing respecting maintaining the armistice. The armistice must not apply to us. France abandoned her construction program of 1912 when the war came, and nearly all of our light vessels were destroyed during the war. They have not been replaced. The French navy today cannot be taken as a proportional standard."

"I believe the principles of settlement of Far Eastern questions and naval restrictions will have been settled by the time I must leave," Mr. Briand said. "These settlements will give us peace; but not only peace in the ordinary sense, but, I hope, peace of mind—the atmosphere of peace. Neither Great Britain, the United States, Japan, nor France have imperialistic designs on China. We shall, I trust, be able to form an entente on Far Eastern questions, so that China shall have territorial integrity and political independence."

COUNTERFEITING PLANT IS RAIDED IN CHICAGO

(By The Associated Press.)
Chicago, Nov. 18.—Operation of a counterfeiting plant was halted today when federal agents raided a basement shop and arrested Henry J. Brechong, said to be an ex-convict. Photographic plates of \$1, \$5, and \$10 federal reserve notes and other documents were seized. Brechong was held to the grand jury in \$2,000 bond.

The success of the Piggly-Wiggly is no miracle, it is simply the outcome of eliminating extravagances and unnecessary service and expecting of each customer the service of serving themselves, a sensible practical system. We now have two stores in your city, located at 205 North First Street and 330 North Third Street. The prices are the same at both stores.

13 MEXICAN REBELS KILLED IN BATTLE; 4 OTHERS EXECUTED

(By The Associated Press.)
Mexico, Lower California, Nov. 18.—Thirteen Mexican revolutionaries were killed today in battle and four more were executed after a summary court martial near Algodones, twenty miles west of Mexicali, capital of the northern district of Lower California, it was announced here tonight by Gen. Abelardo Rodriguez, commander of federal troops here.

The clash was between federal troops under Colonel Armenta and a body of insurgents which came arriving at El Centro, Calif., earlier today had reported was awaiting reinforcements. The action, the cattlemen said, was expected to come from hands scattered by the federalists in two clashes earlier this week. They said the insurgents informed them a move would be made against Mexicali as soon as the reinforcements had come in.

The scene of today's clash is about twenty miles nearer Mexicali than the point where the cattlemen met the insurgents. General Rodriguez said he expected the execution of the prisoners taken would serve to stop the revolutionary movement. Earlier today Mexican officials had described the movement as broken up.

CREW COMPELLED TO EXIST ON BEANS AND BOILED SEA WATER

(By The Associated Press.)
Madrid, Nov. 18.—Dispatches from Las Palmas, Canary Islands, today report the terrible experience of the crew of the Portuguese schooner Trovador, which left Havana September 1 for Las Palmas and finally reached its destination after a voyage of sixty-two days. Driven out of her course by storms, her provisions and water became virtually exhausted after she had been at sea for a month, and the crew was forced to exist on beans and boiled sea water, supplemented by the small amount of rain-water that was caught by spreading sails.

INCIDENTAL REVOLT IS REPORTED SQUELCHED

(By The Associated Press.)
San Diego, Calif., Nov. 18.—Lower California officials today announced that the incident of a revolt that resulted in the capture of federal troops and bands of rebels Sunday and yesterday, has been squelched and that conditions are again normal.

General Rodriguez ordered all border restrictions removed. Colonel Armenta, commander of the federal troops in the clashes Sunday and yesterday, returned to Tijuana and reported that the rebel band had been completely scattered.

During the fighting yesterday afternoon and in the pursuit that followed a number of prisoners were captured and they were brought to Tijuana. Just how many prisoners were taken was not announced, but they are reported to number more than a score.

KANSAS-MENDELSON BOAT IS POSTPONED

Milwaukee, Wis., Nov. 18.—The Rocky Kansas-Mendelson boat, scheduled to be staged here Monday night, has been postponed one day. Kansas violated the state law and as a result the boat was set back until Tuesday night by the state boxing commission.

WORK FOR 1,000 MEN

Pueblo, Colo., Nov. 18.—One thousand men will be added next week to the number of workmen in the mills of Colorado Fuel and Iron company here, according to an announcement made by the company today.

WILDCATS AND LOBOS THIRST FOR CONFLICT

Arizonians to Arrive at 7:25 This Morning; Calkins to Be Back in Lobos' Line-up This Afternoon.

This morning a Santa Fe train will unload a pack of twenty-five Wildcats, brought up on raw meat and thirsting for the taste of Lobo blood.

And at 2:30 o'clock this afternoon a similarly bloodthirsty bunch of loose Lobos will meet them on university field and offer them the opportunity for the greatest fight of their lives.

According to information received here, Arizona is bringing a squad of between twenty and twenty-five husky warriors for this afternoon's fight for the title of southwestern champions. The team left Tucson yesterday morning, coming by way of Winslow, and will arrive here at 7:25 o'clock this morning.

A squad of freshmen will be set to work early this morning lining the field, and the Wildcats will be given a clear field for a light workout in the latter part of the morning, after they have rested somewhat from their trip.

The U. N. M. variety held its last practice last night, spending about an hour in light signal practice, and in polishing up the new plays which will be exhibited today. Spectators were highly pleased by the variety of the regularity with which the teams went through the new tactics.

The variety line-up will evidently have every position filled by a regular, with Calkins in the line, and Popely has also recovered from the illness which kept him out of last Saturday's game, and will probably be in left tackle when the clockwork of the game begins.

A rally at which the spirit "Beat Arizona" was unmasked with any element of doubt of the outcome was held in Rodey hall last night, under the direction of Ed Hogan, variety cheer leader. Virtually every student in the school was present to tell the world that U. N. M. was going to "Beat Arizona."

Bruno Dieckman, alumnus treasurer, gave a man-eating lobo wolf to the school yesterday, and the grizzled warrior will lead the pack onto the field this afternoon. Ticket sales for the game are exceedingly well, according to the football manager, and the new bleachers will probably be packed when the whistle sounds for the first kick-off at 2:30 o'clock.

\$335,000 FOR ROADS IN FOREST LANDS OF STATE IS APPORTIONED

In a letter to Senator Holm O. Bursum, from the forest service department of the United States, dated November 18, 1921, the secretary of agriculture has announced the apportionment of road building funds is announced. The letter is signed by E. E. Carter, district forester, and reads as follows:

Hon. Holm O. Bursum, United States Senate, Dear sir: The first apportionment of the \$2,500,000 of the \$15,000,000 appropriation for the construction of forest roads and trails has been made by the secretary of agriculture on the basis of area and value of national forest land. As a result of this apportionment \$1,928,000 has been set aside for expenditure in New Mexico under the terms of the law.

Seven million dollars of the appropriation for the fiscal year 1922 will be apportioned about January 1, 1922. From the data now available New Mexico's apportionment will be about \$335,000.

The remaining \$4,500,000 of the terms of the act, to be distributed by the secretary of agriculture upon the basis of fire hazard, value of resources and other similar factors. The apportionment has not yet been made but you will be advised promptly as soon as the secretary approves the further distribution.

WASHINGTON MEN ARE OUSTED FROM GRANGE

(By The Associated Press.)
Portland, Ore., Nov. 18.—William Bouck of Sedro Woolley, Wash., former master of the Washington state grange; C. R. Cottrell, J. R. Vrage and R. A. Briggs, all of Washington state, were expelled from the national grange at its convention here today and forever barred from re-entering the order. Bouck and his associates were accused of radical and disloyal actions. Bouck was tried before the national grange at Boston last year and was ordered reprimanded by the national master. At the Washington grange meeting in Colville last July Bouck delivered an address which resulted in his suspension from office. Bouck and his associates then organized another body which they declared was the state grange, but were enjoined by court action from assuming any grange functions.

The vote on expulsion, which was unanimous, was taken in executive session today and made public tonight when parliamentary developments brought the subject to the fore unexpectedly.

KNIGHT F. FLANDERS IS CALLED BY DEATH

Knight F. Flanders died last night at his home, 419 South Seventh street. He was a veteran of the Spanish-American war, a graduate of the University of Chicago and had spent three years as a student at the University of Paris. He was also a prominent member of the Phi Delta Theta fraternity. He was one of the fourteen men who, several years ago conceived the idea of issuing the "Kill Gloom Gazette," which later became the Herald of the Well Country. The Gazette was first issued on a mimeograph. He is survived by his widow and one child. Funeral arrangements will be announced. C. T. French is in charge.

CADETS IN EL PASO.
El Paso, Tex., Nov. 18.—The football team representing the New Mexico Military Institute of Roswell, N. M., is in El Paso tonight and in high hopes of defeating the Texas school of Mines in a game to be played in the mines stadium tomorrow afternoon.

"BILKED" PERSONS BY POSING AS AGENT OF THE P. O. DEPARTMENT

(By The Associated Press.)
Pueblo, Colo., Nov. 18.—Postal authorities are searching for a man who, posing as an agent of the post-office department, has bilked half a dozen persons of \$10 or \$15 each here during the last few days.

According to reports given to Postmaster S. S. Belfield, the fake agent, who said his name was Lane, has "engaged" several men to carry a rural mail route out of Moffat, Colo., which does not exist.

According to the complaints, Lane asked a deposit of \$10 or \$15 from each victim, the money supposedly to be a payment on a uniform and later to be refunded.

SENATE CANDIDATES DON'T HAVE TO FILE EXPENSE STATEMENTS

Washington, Nov. 18.—The surprise of the election in the Newberry case makes it unnecessary for candidates for the United States senate to file statements of receipts and expenditures in connection with either the primaries or elections. Attorney General Daugherty today informed Representative Luce, republican, Massachusetts, chairman of a house committee investigating a contested election case.

PASSION PLAY CAN'T BE FILMED, DECISION

Oberammergau, Bavaria, Nov. 18.—The passion play committee, which recently has been bombarded by proposals from American motion picture concerns for the privilege of filming the production of the Ammergau play, has decided that the play will not be performed, is standing firm in its refusal "to play Judas to our traditions, despite our poverty," as it puts it.

The committee, it is stated, has refused offers running as high as 70,000,000 marks, representing a huge fortune to the villagers.

The play, last produced in 1910, was not given in 1920, the regular date, because of a military campaign among the performers and musicians caused by the war.

HIGH LIVING WOULD BE PUNISHED IN BAVARIA

(By The Associated Press.)
Munich, Nov. 18.—"Drunkness, gluttony and other manifestations of high living," would be punished by heavy fine and imprisonment under a proposed Bavarian statute. A first offense would be punished by a fine up to 100,000 marks, while for a second offense the punishment would be a maximum fine of 200,000 marks, with a loss of citizenship.

ACADEMY MEMBERS CHOSEN

New York, Nov. 18.—Henry Bacon, architect; Charles Dana Gibson, artist; and Joseph Pennell, etcher, have been selected members of the Academy of Arts and Letters, taking the places left vacant by the deaths this year of John Burroughs, Abbott H. Thayer and Barrett Wendell.

ALLEGED SMUGGLER HELD

Nogales, Ariz., Nov. 18.—Alfredo Nunez was arrested at the international boundary today by United States customs officers on a charge of attempting to smuggle 1,000 rounds of ammunition into Mexico. The officials claim Nunez was taking the ammunition across the border in a small automobile truck.

TESTS SUCCESSFUL

Washington, Nov. 18.—Secretary Denby announced today that the superdrumnaught, Maryland successfully completed the production tests conducted off the Maine coast, exceeding her designed speed of 21 knots by one and a half knots.

COOGAN SHADES TAIT

Minneapolis, Minn., Nov. 18.—Mel Coogan, Brooklyn lightweight, had a shade over Clonie Tait, Minneapolis, in their ten-round, no-decision bout here tonight, according to sporting writers. Some newspaper men called the contest a draw.

KEELING APPOINTED

Austin, Tex., Nov. 18.—Governor Neff today announced the appointment of First Assistant Attorney General W. A. Keeling as attorney general to succeed C. M. Carleton, who was appointed chief justice of the supreme court last night.

FELT WORN OUT IN EVERY WAY

Tennessee Lady Says She Was Greatly Relieved By Taking Cardui and Recommended It to Daughter.

Fountain City, Tenn.—Mrs. Jett Weaver, wife of a substantial, well-to-do farmer on Route 2, this place, says she has known of Cardui for many years. She gave the following statement of her experience with this well-known, purely vegetable remedy:

"I was in a run-down, weakened condition. I was thin, with poor appetite, and in every way worn out; could hardly go; would be miserable and dizzy."

"Many mornings I sat down in a chair to make my bed, and wonder what my troubles were, and where they would end."

"I had known of Cardui for years, and I began using it as a last resort. I took one bottle and felt some better. Continued using until I had used three or four bottles. The result was marvelous. I felt altogether different—in fact, felt so much relieved, that when my daughter wrote she wasn't well, I wrote her to go to the store and get some Cardui."

"She did, and it certainly benefited her."

"Since then, I have tried to scatter the good news that would help others."

"My present health is very good. If you suffer as many women do, you need a tonic, try Cardui. Thousands of women who have suffered have written that Cardui helped them."

Take Cardui! Your druggist sells it.

FORD-NEWBERRY ROW FLARES UP IN THE SENATE

Pomerene Charges Committee Has Blocked All Efforts to Gather Testimony in the Contest Case.

(By The Associated Press.)
Washington, Nov. 18.—Declaration by Senator Pomerene, democrat, Ohio, that he would render evidence such as that submitted against Senator Newberry were added against him, marked further consideration by the senate today of Henry Ford's contest of Mr. Newberry's seat as senator from Michigan.

Asked by Senator Walsh, democrat, Montana, what his action would be if he had violated no laws, the Ohio senator replied:

"If I were innocent I'd fight the battle of life for my rights; I would not remain silent."

Mr. Pomerene charged that majority members of the senate elections committee, presided over by Senator Spencer, republican, Missouri, had blocked all efforts to gather pertinent testimony in its investigation of the case. He asserted that if the committee had wished to be "fair" it would have subpoenaed Mr. Newberry and allowed him to have attempted to get facts about the Newberry case. He said that if the committee had wished to be "fair" it would have subpoenaed Mr. Newberry and allowed him to have attempted to get facts about the Newberry case.

GRID GAME A TIE

Las Cruces, N. M., Nov. 18.—El Paso high school and Las Cruces high school football teams played a 0-0 tie here this afternoon.

REQUEST PARDONS FOR WAR LAW VIOLATORS NOW IN U. S. PRISONS

(By The Associated Press.)
Washington, Nov. 18.—Another plea for the immediate pardon of Eugene V. Debs, and other persons now in federal penitentiaries for violation of war-time laws, was made today in a memorial to President Harding today by a delegation headed by William Allen White, of Kansas, and including Oswald Garrison Villard, of New York, Father John Ryan, of Washington, Miss Julia Lathrop, Mrs. Charles Edward Russell, William F. Cochran, of Baltimore, George M. Lamotte, of New Jersey, and a number of others.

"Only in the United States are such political prisoners still confined," the memorial left at the White House said.

IOWA-NORTHWESTERN GAME TO BE PLAYED IN MUD ANKLE DEEP

Chicago, Nov. 18.—Indications tonight were the Iowa-Northwestern football game tomorrow will be played in mud ankle deep. A hard rain fell throughout the afternoon and evening. Northwestern's eleven was put through light signal practice today. There will be no change in the lineup, except that Lane, a new 200-pounder, is expected to replace Putnam at right tackle. The Iowa team will arrive at Evanston tomorrow morning.

PIKE SPEEDER DRAWS \$10 FINE AND COSTS

Joe M. Sanchez was fined \$10 and costs by Justice of the Peace Desiderio Montoya yesterday on a charge of violation of the traffic ordinance on the North Fourth street pike. Sanchez was arrested Thursday evening by County Motor Officer Holcomb on charges of driving over thirty-five miles an hour, not observing the headlight laws and driving in a reckless manner.

This is the fifteenth arrest made on the pike during the three days the new motorcycle deputy has been on duty.

SAYS AMERICANS SHOULD KEEP UP WORK OF RELIEF

Humanitarian Program in the Near East Should Be Continued, Says Vanderbilt, N. Y. Financier.

(By The Associated Press.)
Constantinople, Nov. 18.—Americans should continue their humanitarian work in the Near East, said Frank A. Vanderbilt, New York financier, when he visited this city in the course of an economic survey of Europe.

"We may be charged with shrinking our political responsibilities in the Near East and with desertion of our associates in the late war when they came here to administer an exceedingly awkward and difficult situation," he continued. "But there is nothing but praise for America for her wonderful relief work here."

Mr. Vanderbilt said Americans had signally distinguished themselves in their work in behalf of the 500,000 Russian, Armenian and Turkish refugees who fled to Constantinople. He continued:

"The American Red Cross has furnished these unfortunate refugees with \$10,000,000 in supplies and transportation. They have been the chief instrument in moving refugees to where they could have an economic life. Their work has just ceased. There are still tens of thousands of refugees. There are 15,000 utterly without means of support."

"Every American here feels the Red Cross work should be continued for a short time until these remaining refugees are able to secure subsistence for themselves."

The American banker closed the interview with a warm commendation of the activities of the other American relief organizations and educational bodies in Constantinople and a plea that the people at home would continue to support their work.

"The Near East relief committee," he said, "is feeding more than 50,000 children in Asia Minor and the Caucasus. The Y. M. C. A. and the Y. W. C. A. are doing a great, efficient and noble work. The Menonites have made a splendid contribution to assuage misery. The international Christian students' relief is doing one of the most valuable tasks of all. It is of vast importance for the future of Europe that the torch of higher learning shall be passed on."

"There is a passion in this part of the world for education; the means are pitifully lacking. No contributions are better placed than these for student relief. The influence of the old American colleges here for good is beyond measure."

"All these efforts to help humanity in a pitiful plight, but still a humanity that is tremendously well worth helping, give America a unique prestige. I believe we should go on with our efforts and continue to deserve that prestige."

"America is the hope of the world, and nowhere more so than in this part of the world. Let us redeem that hope and bring it to a living realization among these needy and distracted people of the Near East. Let us carry on."

RUNS HAVE STARTED ON BANKS IN CHINA

(By The Associated Press.)
Washington, Nov. 18.—Runs have started on the Bank of Communications and the Bank of China in Peking, Tientsin and Shanghai, according to a Peking cable to the commerce department today.

These banks, the cable said, have suspended redemption of notes in Peking in excess of ten Mexican dollars per person, but are paying depositors' checks in silver. Railroads, telegraph offices and post offices still are accepting notes, the cable said, but some depositors are transferring accounts to foreign banks. The situation is considered serious, the cable stated, but Chinese bankers are striving to save it.

CESSATION OF WORK ON 4 WARSHIPS ORDERED

(By The Associated Press.)
London, Nov. 18.—The admiralty announces today that it had ordered the cessation of all work on the four warships of the Hood type. The shipbuilding firms were notified yesterday not to incur any further liabilities on new warship construction until further notice from the admiralty.

These contracts were awarded only two weeks ago. Officials explained that the practical effect of the admiralty's order would be the absolute cessation of all warship work pending the outcome of the Washington conference.

Moving Picture Funnies
OH, FID! FATHER IS KICKING POOR MR. SOFTIE OUT BECAUSE HE HEARD HIM KISSING ME IN THE DARK. THERE IS A MISTAKE SOMEWHERE.

For an Impaired Appetite. Loss of appetite always results from faulty digestion. As a general rule, all that is needed is a few doses of Chamberlain's Tablets. They will strengthen the stomach, improve the digestion and give you a good appetite. They also cause a gentle movement of the bowels.

WILL YALE ADD TO HARVARD'S SORROW?

Stars of the Harvard and Yale teams. At left, above, is Capt. Aldrich of Yale. Below him are Jordan, fullback, and Cross, guard crouching on the line. In the center above is George Owen, Harvard tackle. At right is Capt. Keith Kane of Harvard and below Charley Buell, Crimson kicker.

Yale and Harvard grid teams are tuning themselves for their annual clash which occurs at Cambridge Nov. 19. Yale has had one of its best seasons of recent years. After going undefeated five years, Harvard fell

before Centre college and Princeton. The Blue team Princeton 13-7. Now college football devotees wonder will Yale cap the climax by trouncing the Crimson after failing for the last two years? The teams have played 39 games Yale leading by a

margin of 1. games having won 23 Harvard has won 10. Five games ended in ties.

EXPECT 1922 TO SHOW INCREASE IN SLAV TRADE

Various Improvements That Have Been Projected Will Bring a Revival, is Belief of Experts.

(By The Associated Press.)
Riga, Nov. 18.—Russian trade, it is expected, will materially benefit next year by the various improvements that have been projected. As announced at Riga, they include the deepening of Windau harbor and the widening of the gauge of some railway lines to permit through shipments from Baltic ports to Moscow.

A group of local financiers is arranging to enlarge the docking, storage and manufacturing facilities at Libau, where a free port will be created.

Consideration is being given to a plan which will permit an English syndicate to rebuild, and enlarge railway equipment shops at Dyvinsk, Riga and elsewhere.

Attempts to interest American capital in various projects to improve Russian trade via Latvia have thus far failed. According to some American financiers who have visited the country, this is principally due to lack of recognition of Latvia by the United States government.

Many Italian, German and English houses are opening branches in Riga and Revel but such evidence of American enterprise are few. One Chicago meat packing plant recently opened a branch, this constituting the only American addition to the rapidly growing colony of traders.

Extremely pessimistic views of the possibility of doing any business with Russia, recently reached Riga, emanating, it is understood,

from the British trade delegation to Moscow. Nevertheless, British, Italian and German traders are hoping for a steady improvement in their business with Russia next year, as new economies get into full swing. Meanwhile they are camping in Riga, content to do little business now, as it is next year's trade they are after.

Theaters Today

"B" Theater—Repeating today for the last time Mary Miles Minter in the Realart picture, "Her Winning Way", also presenting for the last time "Bride and Gloom", the two-reel Monty Banks comedy.

Lyric Theater—"For Those We Love," with Betty Compson as the leading star, is being repeated today for the last time, also repeating "The Desert Wolf" with Tom Santschi as the main character.

Pastime Theater—"Disraeli," the great picture with a great all-star cast, headed by George Arliss, is being repeated today; the Sunshine comedy, "Scandal," is also being repeated.

BOMBAY UNEMPLOYED STAGE DEMONSTRATION

(By The Associated Press.)
Bombay, Nov. 18.—(By the Associated Press.)—The disturbance in the native quarter of the city, which broke out yesterday while a procession was escorting the Prince of Wales through the European section, was caused by a mob of unemployed mill hands, who wrecked and burned a number of tram cars at several points. It was learned today, the mob hurled stones and other missiles at European passersby.

After several police had been killed and wounded in the scuffle which ensued, the police fired on the mob, inflicting a number of casualties.

The tramway service was suspended and the mob was still carrying on sporadic demonstrations today.

2 MEN ARE SHOT BY U. S. MARINES GUARDING MAILS

(By The Associated Press.)
Chicago, Nov. 18.—Two men have been shot during the past six days by marines guarding mails sent from Chicago, Arthur S. Brauer, superintendent of the railway mail service, announced today. One of the men was shot at Sioux City, Iowa, and the other at Gerary, Ill. Both were train riders. Neither was seriously hurt.

Both the men were shot after they persisted in riding on baggage and mail cars after being warned by the mail guards, Mr. Brauer said. The guards have fired on several other occasions without wounding any one, he added.

Orders to the marines direct them to prevent suspicious persons riding the blind baggage or lettering in the vicinity of the mail cars. In 90 per cent of railway mail robberies, according to Mr. Brauer, one or more of the robbers first boards the train, climbs over the tender and overpowers the engineer.

GIVEN LIFE SENTENCE.

Saginaw, Mich., Nov. 18.—Richard Champlain, 22, who last night confessed he had shot and killed his father and step mother, Mr. and Mrs. Adrian B. Champlain, was sentenced to life imprisonment following his plea of guilty in circuit court today.

PEOPLE APPROVE ORDER TO CEASE WORK ON SHIPS

Britain's Decision To Go No Further With Construction of Four War Craft is Highly Commended.

(By The Associated Press.)
London, Nov. 18.—The British admiralty's announcement today that it had ordered the cessation of all work on the four warships of the super-Hood type evoked a chorus of approval by prominent authorities throughout England.

Vice Admiral Ballard, in an article published by the Evening News, estimates that it will result in an ultimate saving of \$50,000,000. Moreover, he says, it means the abandonment of a design embodying the experiences of the late war in favor of a design to be adopted

a decade hence, and that it is conceivable that the decision may lead to the entire disappearance of capital ships. He thinks, however, that if the armor plate mills are idle for a decade it will be difficult to re-start them, especially as regards their personnel.

Admiral Sir Percy Scott, who warmly approves of the admiralty's announcement, places the saving at \$100,000,000. He thinks no country will scrap its submarines, except possibly the long range ones, because, he says, they are primary weapons of defense.

W. L. Hitchens, chairman of the shipbuilding firm of Cammell, Laird & Co. Limited, thinks that although it is very disagreeable to armament firms, it is unwise to continue spending money while the outlook favors disarmament. He believes that temporary allowances to the staffs would solve the employment problem.

RIDDLE CONFIRMED.
Washington, Nov. 18.—The nomination of John W. Riddle, of Connecticut, to be ambassador to Argentina, was confirmed today by the senate.

The United States air service ranks third of the world aeronautical fighting units.

NEW WORKING RULES FOR SHOP CRAFTS TO BE EFFECTIVE DEC. 1

(By The Associated Press.)
Chicago, Nov. 18.—(By the Associated Press.)—The United States railroad labor board announced tonight that new working rules for the six shop crafts probably will be completed and issued in time to become effective December 1.

Issuance of the rules, under a recent decision of the board, paves the way for consideration of requests which may be filed by the roads for revision of the popular craft wage schedule.

MEXICO PREPARED TO PROTECT CONSULATES

(By The Associated Press.)
Mexico City, Nov. 18.—The Mexican government is prepared to protect the United States consulates in the event of any disorders arising from the Sacco-Vanzetti case, according to information given out at the foreign office today, where it was denied that the reported disturbances at Tampico last Sunday were of any importance.

CUTICURA HEALS RED PIMPLES

Itched and Burned. Face a Sight. Could Hardly Work.

"The pores in my skin were clogged up for some time. Shortly afterwards large, red pimples broke out and itched and burned so that I could hardly sleep at night. My face was a sight for a year and a half, and my clothing aggravated the breaking out on my limbs so that I could hardly work."

"A friend advised me to try Cuticura Soap and Ointment. After a couple of weeks' use I was relieved, and now I am completely healed." (Signed) Ned Thornton, 834 Pierpont Ave., Salt Lake City, Utah.

Use Cuticura for all toilet purposes. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Malden St., Boston, Mass." or "Cuticura, Dept. B, Malden St., Boston, Mass." where Soap, Ointment and Lotion are sold. Cuticura Soap shaves without mug.

CLOTHES THAT SATISFY

114 W. Central Ave.

Woman's Daily Magazine Page

BEAUTY CHATS

By Edna Kent Forbes.

SLENDER ANKLES.

There are various artificial methods which claim to make the ankles slender. Personally I do

Silk stockings need not be an extravagant habit.

not think much of them. One method is to buy the ankles the idea being that the extreme heat

melts the surplus flesh. I have seen very serious-minded women sit with their ankles in some sort of electrically heated oven looking for all the world like caricatures of seventeenth century people sitting with their feet in the stocks. However, this idea didn't occur to any of them and they went on having their ankles baked thin and being frightfully serious about it.

The woman who wants to make her ankles more slender does not have to go in for anything as elaborate as this. She can massage her ankles every vigorously morning and night, rolling off by the friction of her hands a great deal of surplus flesh.

She can wear high shoes in the cold weather, which, by their constant friction, reduce the size of the ankles. She can wear dark-colored silk stockings, which, by shadowing the ankle, make them more slender looking than they are. She can choose shoes which give a proper support for her heels so that the ankles are not under a constant strain. All these things help in making the ankle shapely.

Incidentally, wool stockings, though thick in themselves, do not make the ankles seem thicker. Wool stockings and low broad-heeled oxfords are the most sensible type of footwear for this season.

Mabel: It is not unusual for one breast to be larger than the other. The muscles in your face seem to tighten up when you grow excited simply because you are very nervous. If you will remember this, you can make yourself relax all over by a slight effort of your will—even when you are excited or upset.

Ignorant: Your shoulder blades stand out in back because you are too thin—you are about 15 pounds underweight. Build yourself up by eating more, by drinking milk, or taking olive oil.

Social Calendar

Saturday.
Miss Margaret Bee will give luncheon at Alvarado for Miss Anne Harris at 1 p. m.
Luncheon at Country club for governor and university regents.
Dance at Country club for Miss Dorothy Fleisch at 9 p. m.

SLEEVES MAKE THE FROCK THIS YEAR

The sleeve is the all-important feature of the new gowns for winter. They were a very negligible item on the summer and early fall frocks, but winter and early spring will find some gowns which are practically nothing but sleeves. Novel lines, odd cuts of great dimensions, long flowing affairs, graceful bishop sleeves and other oddities make the new gowns something more than "just a dress".

Here is one frock which shows in admirable fashion the way of a sleeve with a gown. It is a Paris creation made of gray Roman crepe. The loose bodice is gathered in at the hips with a broad sash-like girdle. The Chinese sleeves which are the distinctive feature of the frock are heavily embroidered in gold and silver. The design is repeated on the blouse and girdle.

Note the uneven skirt hem which is another of the necessary features of an up-to-the-minute mode.

Leach Cross and Shamus O'Brien have been matched for a battle to take place before one of the New York clubs the latter part of November.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

HELPFUL LETTERS FROM READERS.

Mrs. B.: "I like to make chocolate cream candies and when I dip the fondant into the chocolate, I always use a toothpick stuck into the candy. After the chocolate sets on the candy, I dip the toothpick back into the chocolate and fill in the little hole made in the candy by the toothpick in dipping. I also make the little extra cut over the top of each coated candy with a toothpick; I dip the toothpick back into the chocolate, put a little dab on top of each chocolate-covered candy and twist slightly."

Reader: "Here is my recipe for Nut Jolly: 6 tablespoons granulated tapioca, 3 cups hot water, 2 cups of brown sugar, 1 teaspoon vanilla, 1 cup English walnut meats broken, 1-2 teaspoon salt. Place the hot water and the salt in a double boiler and stir in the tapioca and brown sugar. Cook until clear, stirring frequently. Pour the weak acid to apply (wearing gloves on my hands) and then I rubbed the carpet briskly with a rough towel to dry and freshen. This acid is dangerous to use in the raw state, so have a druggist weaken it for you."

PRICE OF SILVER IS RAISED BY DEALERS

(By The Associated Press.)
New York, Nov. 18.—Bullion dealers today raised their price of domestic bar silver from 99 1/4 to 99 5/8 cents an ounce, 999 fine. The former price was fixed on April 23, last, when the Philadelphia mint stopped receiving bullion and it had been sent to either the San Francisco or Denver mint.

This involved increased transportation charges and dealers lowered their prices to the mines to meet the additional cost.

The resumption of silver coinage at the Philadelphia mint today does away with the long haul and the dealers have accordingly raised their prices to the mines.

LITTLE BENNY'S NOTE BOOK

By Lee Pope

Last Sunday me and Puds Simkins was taking a walk jest for the walk, and we came to a place where a lot of awtun leaves had fell off and was laying all around, me thinking G. Mary Watkins is crazy about awtun leaves. she thinks theyre wonderfull. I wai Puds wasent with me and id pick some up and take them eround to her.

Which jest then I had a good idea, sayin, Well, I think I wawked enuff. I think ill go home. I think I will too, my legs is all out of breth, sed Puds. And we started to wawk home a different directions and wen I got eround the corner I waited there about 10 minutes and then I went back to pick up some leaves and who was there allready picking them up but Puds, me sayin, Heck, I thawt you was going home.

I thawt you was, sed Puds, and I sed, So I was, and Puds sed, So was I. And he kep on pickin up awtun leaves, me sayin, Wai you going to do with the leaves.

My mother likes them, I thawt id pick some up and take them home for a decoration, sed Puds.

G thats a pritty good of a idea. I think I will too, I sed. Which I did, pickin up a big handful and sayin, Well, Im going home now and Puds sed, So am I ony I think ill wawk home with you first. I think I need the exercise.

Good, I thawt you was so tired, I sed, and Puds sed, I was but I aint. And he started to wawk alongside of me, so I had to wawk home, and I started to go in the house, sayin, Are you going home now?

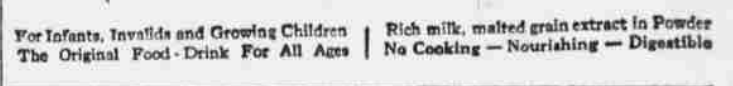

Yes, sed Puds. And I went in and quick ran and looked out the parlor window and saw Puds terning eround the corner tods Mary Watkins house insted of his, me thinking, The darn story teller, ill never trust that guy agen.

Which jest then na came in the parlor, sayin, O, the lovely awtun leaves, Wy Benny, it was real thawtful of you to bring them home, thank you very much, Youre welcome, I sed.

Proving youre libel to get credit wen you least expect it.

AFTER 4 DAYS of the most sensational buying New Mexico has ever seen. Our mammoth \$400,000 stock shows no signs of depletion. There's Plenty for All

\$400,000 Worth of Merchandise is a Great Deal. It will take days and days of even the most hectic kind of buying to deplete it. Although the shelves and racks are emptied many times a day and although we are displaying everything we can on our more than one acre of floor space, great reserve stocks are being brought from the basement between each buying period. There is plenty of merchandise for all, plenty of the things you need on sale every day. So far we have completely run out of nothing. The buyer who attends the sale today will have the same opportunity as the buyer who attended the first day. The main thing is to attend the sale as soon as you can. There are things here you need. A modern department store stock comprises everything from groceries to phonographs. This sale is the saving opportunity of a life time. Remember this Fire Sale is an absolute disposal, selling every item of every line at prices you know represent an enormous sacrifice to us and a saving to you that no buyer can afford to over look.

Rosenwald's Fire Sale

THE NEW GENERATION

By JANE PHELPS

MARGARET CONFIDES IN HANNAH.

CHAPTER 17.
Margaret had not the heart to wear the gray dress with the touch of rose color which she had worn for a time anyway. Joan had shown so plainly the effect of her weeping, the tearing sobb—hollow-eyed, pale and listless she was as unlike the usual Joan who welcomed the new day and her mother with joyful cries as could be imagined.

"I never dreamed she would take anything so to heart," Margaret said to herself, feeling very guilty as she looked at the small, pale face framed in its golden glory.

She had intended to do her hair as she had the preceding day, but after a look at Joan she drew it back into the same uncompromising plainness as had been her custom. Joan said nothing, but a little smile wreathed her lips, and a glance of satisfaction gleamed from her eyes—that she would not too easily forgive Margaret's offense was evident. She was un-

FILM ACTRESS OF DENMARK IS STAR

Asta Nielsen.

About a year ago, some writer heralded Asta Nielsen as the "Mary Pickford" of Denmark. Miss Nielsen was far underrated by that comparison. As an actress she is far superior to any curly-haired blond who plays Pollyanna parts. Miss Nielsen recently completed "Hamlet" for the Danish screen and the picture is now being given its first American showing in New York. The picture version of "Hamlet" works on the premise that Hamlet was, as some scholars held, a woman. Walter Hampden may have to look to his laurels with Miss Nielsen playing the part of the mad Dane.

The rise of the Danish film diva from obscurity to her present position reads like romance. She was born of very poor parents and grew up in a poor suburb of Copenhagen. Her father died when she was very young, leaving the mother the sole provider for the family. Asta saved the pennies and starved, and those who can see deep can read traces of it in her face today. It is said, Her mother in despair got Asta a position in a small shop, but all the time Asta was dreaming of the stage. She studied the roles in secret, such as Agnes in "Brand." She did not learn the words but just interpreted it by gesture. Later on Nielsen gave promise of becoming one of the greatest interpreters of Ibsen and Strindberg on the stage, but the films claimed her. Thomas Krag, the Norwegian man of letters, discovered her and journeyed after her to Copenhagen and told her she was born for the film, and she was immediately engaged.

usually quiet at breakfast, and afterward, when getting ready for school, she went about in a subdued way. But when she left she kissed her mother and said:

"Good-bye, Mumsie!"

"That 'Mumsie' meant that she had taken her mother back into her love again—that she felt 'acquainted'."

Margaret had always made all Joan's clothes. She sewed daintily and loved the task. Joan's dresses she designed as well as made, so there was always an individuality about them.

After Joan left for school Margaret sat down with a yellow line on her face, making Joan's dresses while her trained fingers flew fast, her thoughts flew still faster.

What should she do? If she gave into Joan now, all her desire for freedom, for independence would be lost almost before she had realized its birth.

"I can't make her unhappy—I can't," she muttered. Then: "But why should she be unhappy because I have realized I am not really old; that life still holds something beside motherhood for me? Not that anything could ever mean what she does, the dear, but that I somehow seem to feel different."

Suddenly she sat erect. A thought shot through her mind: Some day Joan will go away from you—you will marry!

Margaret began to figure. If Joan married, say at 20, she, Margaret, would be 40. Of course it was natural to suppose that Joan's husband—whoever he might be—would be willing to either go on living with her, or that she should live with them. But suppose he shouldn't be willing? Or suppose she would not care to make either arrangement, what then?

"Forty isn't old," she muttered. Then throwing aside the slip upon which she had been so industriously working, she went up to her room. "No, 40 is not old!" she said, then added: "unless one allows it to be."

She seated herself before her dressing table mirror. Slowly she examined herself, each feature, looked for signs of wrinkles, and found none. Save for a little crinkling at the corners of her eyes, her face was as smooth as Joan's own. And that crinkling might well have been caused by laughter instead of age.

Some day she would take a trip into Boston and replenish her small stock of cosmetics. She had a good complexion, but a bit of rouge, a tiny line to extend her eyebrows, some good powder would make a difference.

Margaret Hayden longed to talk with someone and no one but old Hannah being available, she decided to go to her.

"You see, Hannah, Joan isn't accustomed to seeing me wear anything but sober clothes, plainly made. I never have cared. But somehow I seem to have commenced to care lately," she blushed vividly at her naive confession, "and Joan resents it. That was why she cried so the other night. She said she had lost her Mumsie."

"You sure looked fine. And Mrs. Hayden, ma'am, please don't stop because of her—Joan. You ain't nothin' but a young thing yourself. Why, your ma wasn't married 'till she was older than what you are this mornin'. Just go on making yo'self look fine like the other night. Miss Joan she's going to git used to it. Don't you fear."

"I want—to—to—Hannah, but—" "Don't have no buts about it, ma'am. You sure is old enough to know your own mind, same as you lets Joan know hers. You lets her do what she wants to, because you think it is right. Why ain't it right for you too? That's what I want to know."

"Thank you, Hannah."

Hannah returned to her work mumbled to herself and wondering what her mistress had thanked her for.

Despondency.
When you feel blue and that everything goes wrong, take a dose of Chamberlain's Tablets. They will cleanse and invigorate your stomach, regulate your liver and bowels and make you feel that this old world is a good place to live in.

\$8,200 In Prizes Free

Including Five 1922 Model Automobiles

10

**PER CENT CASH
COMMISSION**

**Guaranteed To All
Non-Prize Winners**

In Yesterday's Issue of the Journal was published the first list of club members entered thus far in the Journal's \$8,000 Salesmanship Club in which Five Automobiles and hundreds of dollars in cash are to be distributed among home folks absolutely free.

The short list of candidates shows that there is plenty of room for live workers—there are plenty of prizes for all. The opportunity is actually calling aloud for real "live wire" workers to enter the campaign and make themselves important factors and winners of the big prizes.

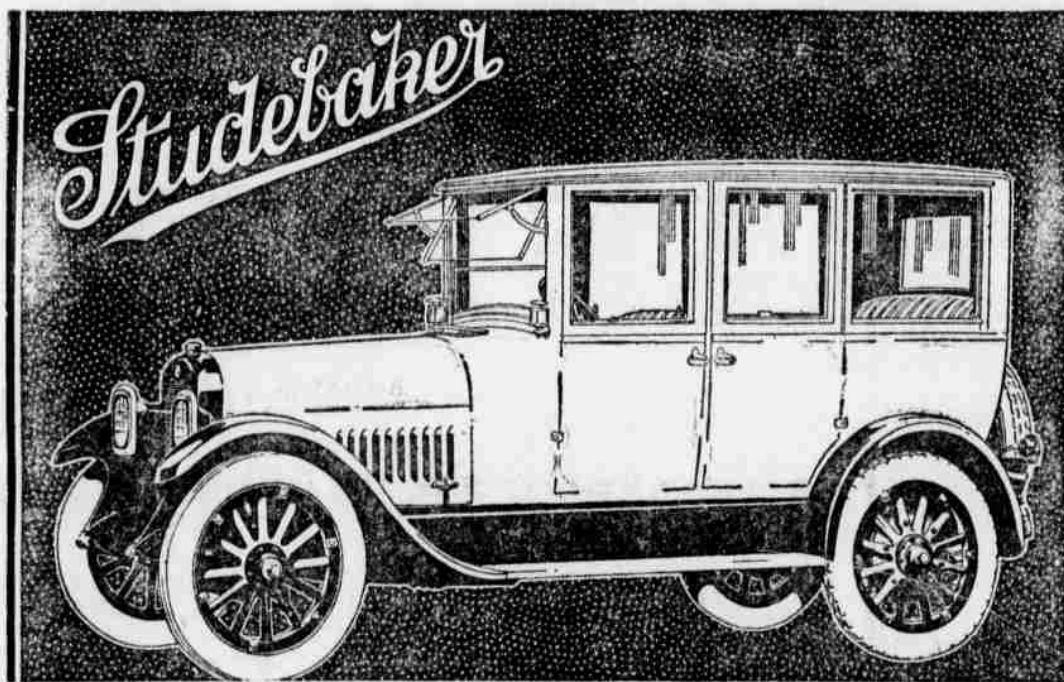

\$8,000.00 is actually going begging for lack of active workers.

Send or bring the nomination coupon in this paper to The Journal office. That makes you a club member—starts you off with 5,000 FREE CREDITS. A few subscriptions to The Journal, while the big credit schedule is in force, credits you with thousands of votes toward capturing one of the big awards—and WITHOUT A SINGLE PENNY OF COST.

**Everybody
Wins
Something**

**There Will Be
No Losers**

GRAND CAPITAL PRIZE

1922 MODEL STUDEBAKER SIX SEDAN, VALUE \$2,295.

PURCHASED FROM AND ON DISPLAY AT
COOPER MOTOR CO., Albuquerque, N. M.

**FIVE
AUTOS
to be
Given Away
FREE**

**Campaign
Ends
Thursday
December
22nd**

ARE YOU AWAKE OR ASLEEP?

Candidates who have been nominated in The Morning Journal's election are urged to wake up to the credit value of subscriptions these next three weeks. Thus far very few of those nominated have made any effort whatsoever in the way of securing subscriptions or renewals to The Journal—in fact, more subscribers have come to The Journal office voluntarily and paid up their accounts, giving the credits to some contestant whom they happened to know, than most of the candidates have brought in.

Credits accumulate very fast during this part of the campaign when the credit schedule is the highest. Wake up, candidates, don't expect your

friends to do it all; make some effort yourself and you will be surprised at how easy you can pile up a big credit total—and go "over the top" for a car.

Don't be one of those who will "wish I had" when the election is over and the big prizes distributed—start an active campaign NOW. It is doubtful if you ever had or ever will have such an opportunity for making BIG MONEY without investing one cent.

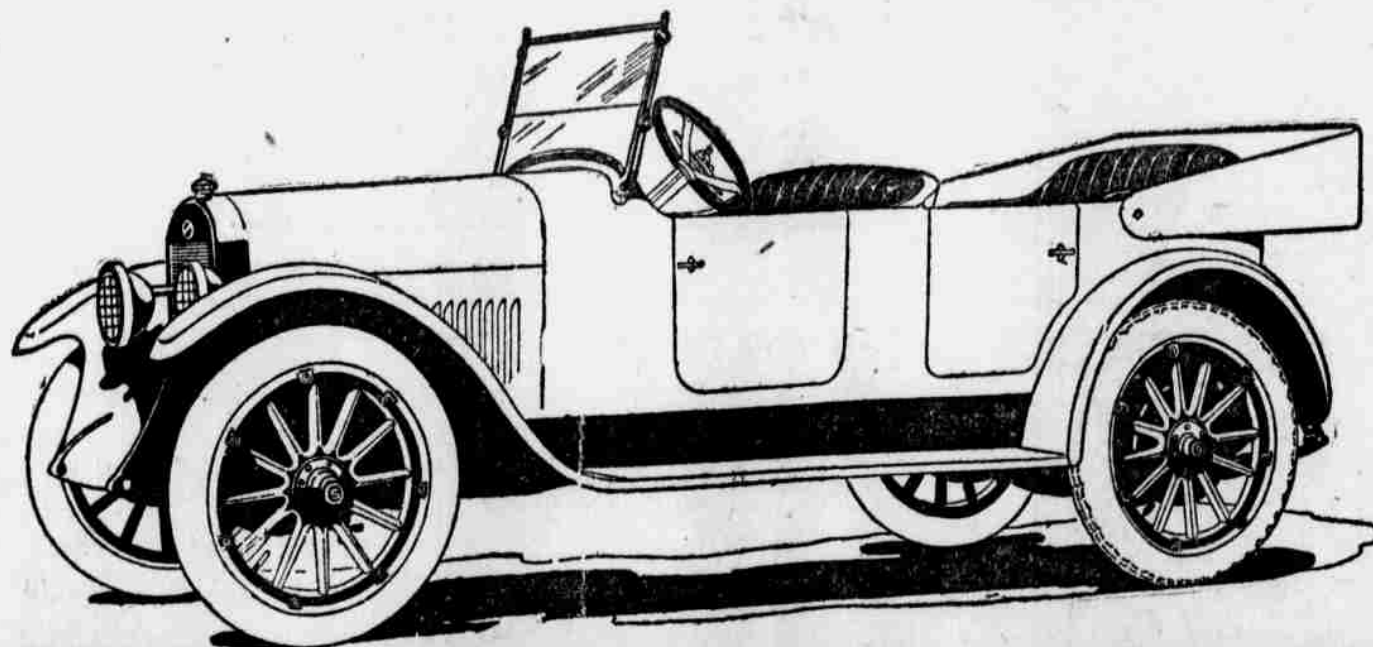

If your name is not on the list of participants among whom the gigantic distribution will be made, send in your nomination blank and get busy. It will pay you bigger in the short period of time than anything you have ever done in your life. Are you awake or asleep?

Credit Schedule of the Albuquerque Morning Journal

FIRST CREDIT PERIOD		
Up to Wednesday, December 7th		
	Price	Credits
6 Months	\$ 4.75	5,000
1 Year	9.00	12,000
2 Years	18.00	30,000
3 Years	27.00	60,000
4 Years	36.00	120,000
5 Years	45.00	240,000
6 Years	54.00	360,000
SECOND CREDIT PERIOD		
December 8th to December 17		
	Price	Credits
6 Months	\$ 4.75	4,000
1 Year	9.00	9,000
2 Years	18.00	22,500
3 Years	27.00	45,000
4 Years	36.00	90,000
5 Years	45.00	180,000
6 Years	54.00	270,000
THIRD CREDIT PERIOD		
December 18 to December 22nd		
	Price	Credits
6 Months	\$ 4.75	2,500
1 Year	9.00	6,000
2 Years	18.00	15,000

One	25.00 in cash

Hundreds of dollars in cash commissions to be distributed to non-prize winners on a salary basis of 10% ten per cent on all subscription collections turned in according to the rules of the campaign.

STOCKMEN WILL DISCUSS LOWER LAND RENTALS

Many Important Questions to Be Considered By State Cattle Association Board at Roswell Meeting.

Reduction of the rate on state land leases and purchase prices will be one of the main subjects to be discussed at the meeting of the executive board of the New Mexico Cattle and Horse Growers' association to be held at Roswell December 5. The subject is an important one affecting the stock interests of the state and it is possible that resolutions covering suggestions to the state government will be passed.

A proposed reduction in taxes, both in values of livestock and grazing lands, will also be discussed before the board for discussion. The co-operative meat marketing agency and the proposition of the packers going into the retail business will also be brought up before the meeting, as well as a proposed plan for getting the western states more firmly bound together in a co-operative policy of action.

The date and tentative arrangements for the annual convention at Las Vegas next spring will also be decided at the Roswell meeting. Indications are that a number of the members of the executive board from this vicinity will attend the meeting. Miss Bertha Benson, secretary of the association, will leave for Roswell about December 3.

HOPE FOR SUCCESS OF ARMS LIMIT MEETING EXPRESSED BY POPE

(By The Associated Press.)

Washington, Nov. 19 (By The Associated Press.)—Pope Benedict, in a cablegram to President Harding has expressed the hope that Almighty God may grant a happy issue to the initiative taken by the chief magistrate of the great American republic to tranquillize the trepidation of humanity.

The message of the pope, together with communications from a dozen rulers and officials of various governments received by President Harding, were made public today at the state department.

The cablegram from Pope Benedict as received in Washington read: "On the eve of the conference assembled for the purpose of settling the grave international question connected with the Far East and of thus arriving at disarmament, earnestly Almighty God grant a happy issue to the initiative taken by the chief magistrate of the great American republic to tranquillize the trepidation of humanity."

Department officials were of the opinion that the papal message had been slightly garbled in translation. Among others were messages from King George of England, King Albert of Belgium, President Millerand of France, Emperor Yoshihito of Japan and President Hsu Shi-Chang of China.

ESCAPED CONVICT TO BE RETURNED TO THE UTAH PENITENTIARY

Oscar Robert Blaney, escaped convict from the Utah penitentiary at Salt Lake, who was caught by Special Officer G. E. Wyatt last Wednesday, will be kept in the county jail until he is turned over to Salt Lake City officials who will come for him, according to an announcement made at the sheriff's office yesterday.

Blaney was serving a term of from five years to life imprisonment when he escaped. He was convicted of robbery and manslaughter following the robbery of a safe in Salt Lake City and the killing of one officer while the robber was attempting to get away. A reward was posted a few days ago by Sheriff C. F. Emery, of Salt Lake City, for the arrest of the escaped convict.

Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging-down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 188 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject. I will always have a good word for your medicine."

—Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

LITTLE ROUMANIAN PRINCESS ARRIVES FOR VISIT IN U. S.

Princess Princella Alexander Bibesco and her mother, Princess Antoine Bibesco, photographed on their arrival in New York.

Princess Antoine Bibesco, wife of the Roumanian ambassador to the U. S., has returned to Washington after spending the summer with her parents, ex-premier and Mrs. Herbert Asquith of England. With her came her little daughter, Princess Princella Alexandra.

U. N. M. GIVEN LARGE SUM BY COL. BREECE

Provides Fund of \$600, Proceeds to Be Used As Prizes for Excellence in Engineering Subjects.

A gift from Colonel George E. Breece of \$600 to the state university was announced by Dr. David Spence Hill yesterday morning at the university assembly.

The proceeds of the gift will be used to provide prizes for excellence in engineering studies. The prize will be awarded annually to the student in the engineering department, in the opinion of the faculty, who made the best scholastic record during the year. The award will be made on Honor day, in connection with the commencement ceremonies.

Three separate funds for the maintenance of scholarship have recently been made to the university, the other two having been contributed by C. T. French and A. G. Simms. All of the awards will be made on the annual honor day.

President Hill's announcement of Colonel Breece's gift was greeted by the students with a burst of applause, and the student body immediately passed resolutions in appreciation of the generous gift, and appointed a committee to thank the donor.

RETAIL LIQUOR MEN STILL BRING TAXES TO REVENUE OFFICE

Contrary to the general opinion, the government is collecting more taxes from the retail liquor business now than it did in any prohibition days, according to B. C. Hernandez, collector of internal revenue here.

The increase in revenue from this source is brought about by the fact that all bootleggers now caught are required to pay for the same retail liquor dealer's license as formerly, and in addition to pay a heavy penalty for having failed to make application for this license. There is also a fine which is levied in many cases.

Since January 1, the government has collected more than \$75,000 for licenses in this state alone. Of this amount, \$20,000 was levied in the month of October.

The comparison between the government's revenue now and formerly does not include the wholesale liquor dealer's licenses, which more than equaled the retail licenses.

Meyer and Meyer, clothing tailors and merchants of 114 West Central avenue, have announced that their special sale on ready-to-wear suits and overcoats will close today.

The firm has been offering their complete stock of ready-to-wear clothing at a single price, which has been proving attractive to a large number of buyers. The special sale is intended to raise cash immediately and the members of the firm declare that it is meeting with success.

ELECTRICAL MEN TO HOLD ANNUAL MEET HERE FEBRUARY 13

The Southwestern Electrical association will hold its 1922 convention in Albuquerque, according to a wire received yesterday by the chamber of commerce from Arthur Prager, president of the association, who is attending the meeting of the executive board at El Paso.

D. B. McKee, secretary of the chamber, wired the executive board an invitation to again make this city the location of their convention. Mr. Prager's wire stated that the association would accept the invitation and would meet here February 13 and 14.

DEATHS AND FUNERALS

SEDLILLO—Juanita Sedillo died yesterday afternoon at her residence. She is survived by one sister besides her mother. Funeral arrangements are still pending. Crollott is in charge.

NEGRO IS LYNCHED. Helena, Ark., Nov. 18.—Will Turner, a negro, charged with assault upon a young white woman today, was taken by a mob from a sheriff's posse while being removed to Mariano for safe-keeping. After being shot to death, his body was brought back here and burned in the city park.

EXECUTIVES OF TEACHERS ASS'N. TO MEET TODAY

Routine Business of the Executive Board to Be Transacted and Several Addresses and Reports.

The pre-convention meeting of the executive board of the New Mexico Educational association will start this morning at 9 o'clock at the high school auditorium. Aside from routine business the board will hear a number of addresses and reports of committees. The report of the association reorganization committee will be read at the morning session by Edwin D. Martin.

A large number of the members of the executive board arrived in the city yesterday and it is expected that all general business will be completed before the first regular meeting of the convention on Monday.

The chamber of commerce arrangements for the accommodation of the teachers and for their entertainment have been completed. The information and rooming bureau will be established at the "Y" this morning and will be in charge of a chamber of commerce official throughout the convention. A special telephone for the bureau has been installed and the bureau office can be reached by asking telephone central for "teachers' information bureau."

But few teachers will arrive today and only a few of the reception committee will meet the trains to greet possible arrivals. The committee will be out in force with a number of cars starting Sunday morning. All teachers will be met at the trains and taken to the rooms which have been assigned them by the chamber of commerce. The committee will need considerable assistance in this work, and Albuquerque boosters are urged to report to the committee with their cars at all possible times.

Auto windshield tags are being distributed among automobile owners and each Albuquerquean is expected to wear one of the "Ask me—I live here" tags. The teachers will be instructed to seek necessary information from any person wearing the tags instead of going to the regular information bureau.

Y MEMBERSHIP DRIVE IS TO START DEC. 6

A two-day membership drive to be staged by the Y. M. C. A., starting December 5, is expected to add at least 200 members to the organization. Instead of the general working teams, the drive will be worked on the order of a competitive salesmanship campaign under the direction of a sales manager and four assistants, each of whom will have charge of a crew of salesmen. The committee to have charge of the drive will be announced within a few days by the Y. M. C. A. activities board.

COAL THROWN BY HOBO CUTS TRAIN FLAGMAN

A painful injury was suffered by G. J. Miller, flagman on the California Limited, when he was hit Thursday afternoon by a piece of coal thrown at him by a tramp, who was on a passing train. Miller had fixed a switch near Grants, on train number 4, when the tramp, who was on the front of number 7, threw the coal at him, which struck him on the head. The injured man was met by a physician when number 4 pulled into Albuquerque.

IVES GREENHOUSES OPEN FOR BUSINESS

TEN YEAR OLD GIRL TRY TO RUN AWAY

A young girl, 10 years old, with a "diamond" ring and a small grip containing a few clothes, was foiled in her attempt to go out of the Duke City and set sail for Fort Worth, Thursday night. Miss Beulah Clement, traveler's aid of the Y. W. C. A., was the agent of fate who arrested the girl's runaway trip. She questioned the traveler and found that because she was angry at her sisters who was going to exchange her "diamond" for a ticket. Station Master C. N. Draper was consulted, and finding that the child was running away from home here, it was decided to send her back to her mother. In a short time the girl was on her way home.

Rheumatism Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

As the blood circulates, it has two functions to perform. First: to carry nourishment to all parts of the body. Second: to take up the waste products and cast them out through the proper channels.

When waste products accumulate in the system, they are a menace to life. They cause a lowered vitality, many forms of skin disorders and rheumatism.

There is no disease more painful; nor a disease that will lead to as much serious trouble as rheumatism. Genuine relief can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 64 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 130 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

WILLIE'S COMMERCIAL BATTERING RAM SPOILS A BIG SALE

DEAR TOMMY: There's such a business boom at Papa's store that they can't show the goods fast enough. I tried to help out by making a contraption like this. Papa was delighted with it, but he got so excited while making a big sale that he let Mr. Cohen, from St. Louis, get knocked over by a roll of cloth and then blamed me because Mr. Cohen cancelled his order. Yours,—WILLIE.

PROPOSED BOOST OF INHERITANCE TAX VOTED DOWN

Senate Amendment Increasing the Rate is Knocked Out of Bill by Senate and House Conferees.

(By The Associated Press.) Washington, Nov. 18.—The senate amendment proposing to increase the maximum inheritance tax rate from the present 25 per cent on estates valued at \$10,000 or more, to 50 per cent on those of \$100,000 or more, was knocked out of the tax revision bill today by senate and house conferees. This amendment formed a part of the compromise revision program brought forward by the senate agricultural bloc and agreed to by republican leaders.

This was the only one of the remaining "high spots" in the bill on which the conferees came to an agreement today. But the house managers, in conformity with instructions voted yesterday by the house, accepted the senate income surtax maximum rate of 50 per cent. At the White House today it was said President Harding was frankly disappointed by the house action on the surtax amendment, and this disappointment was reflected in other administration and congressional circles.

Insurance Companies. The house managers accepted today the senate plan for taxing insurance companies. This plan provides that life insurance companies shall pay an income tax on investment income at the rate yet to be fixed for corporations. Mutual insurance companies, other than life will be taxed at the same rate on the net income as computed under existing law, while all other insurance companies will pay the corporation tax rate on their net income as shown in statements required to be furnished on standard forms to state tax collectors. Other agreements reached by the conferees included these:

Struck out the LaFollette amendment requiring taxpayers in making their returns to list the tax free securities held by them. Accepted a compromise amendment exempting from taxation the first \$300 of income received by individuals from investments in building and loan associations, the exemption to run five years from next January 1.

Gifts to Charity. Accepted the senate amendment striking out an original house provision allowing corporations to deduct from their income gifts to charitable organizations, provided the total did not exceed five per cent of the net income of the contributing corporation.

Accepted senate amendments providing that where banks and corporations pay taxes for their stockholders, they may deduct the amount so paid in making their income tax returns. The stockholders for whom taxes were so paid would not be permitted, however, to make a similar deduction in making their returns.

Accepted a senate amendment exempting from taxation the rental value of dwellings furnished to a minister of the gospel as part of his compensation. Accepted a senate amendment exempting receipts received by individuals from ship owners' mutual protection and indemnity associations, not organized for profit. Chairman Penrose of the senate managers, said the conferees expected to finish their work tomorrow, but the amended bill with the conference report probably could not be made ready for presentation to the house and senate before late Monday.

Final action on the report might be taken by Wednesday evening, Senator Penrose said, but he added that this now looked doubtful.

21 APPLICANTS FOR CITIZENSHIP TO BE CONSIDERED TODAY

Hearings on twenty-one applications for United States citizenship will be held this morning at 9 o'clock by the district court. This is the largest class of citizenship applicants which has ever been held in the county. The applicants represent several foreign countries. Naturalization papers were granted in two cases yesterday at Bernalillo.

"TAKE YOUR TIME," IS COACH'S ADVICE, BUT PUNTER FINDS TIME IS PRECIOUS

Vangerbig, Princeton punter, getting punt away in nick of time.

Football is replete with tense moments. One of these comes when the kicker is called back for a punt or try for a field goal. "Take all the time you need," is the constant cry of the coach in practice. But time is precious when eleven men are fighting to pierce the kicker's line and block him. The photo, a remarkable closeup of one of these tense moments, shows Vangerbig, Princeton half and punter, barely getting off a long punt in a recent game. One rival player has leaped just too late to block the ball. A Princeton player has thrown himself before another opposing player to block him.

SHERIFF STARTS ACTION AGAINST 'CENTRAL BAR'

Proprietor and Owner of Property Cited to Appear in Court This Noon to Answer Injunction.

Upon the complaint of the sheriff, Judge M. E. Hickey of the district court to appear before the court this noon and show cause why the 'Central bar, in Old Town, should not be enjoined from continuing business as a bawdy house, as it is so charged in the district attorney's information and the sheriff's complaint.

Billie Brown is the proprietor of the Central bar and Mattheucci is said to be the owner of the property. It is alleged in the complaint that the Central bar is being used as a bawdy house and that it is frequented by persons for immoral purposes.

The request by the sheriff for the injunction against the Central bar is one of the first steps taken in the campaign by Sheriff Tony Ortiz to close several places alleged to be operating in violation of the state law.

FEDERAL AND STATE BUREAU EXHIBITS TO BE SHOWN AT ARMORY

Arrangements have been made by the Chamber of Commerce to have the armory open on Thanksgiving day from 9 o'clock in the morning until 2 o'clock in the afternoon. In order that the public may have an opportunity to see the exhibits which have been placed in the armory balcony by federal and state bureaus for the New Mexico Educational association convention.

RED CROSS ROLL CALL WILL CONTINUE TODAY

The Red Cross roll call drive will continue today. Scores of young ladies will sell memberships on the streets, using all of their most successful blandishments. Motor cars are to be stopped and tagged, also. Those who do not buy a Red Cross poster for their windshields on Armistice day are expected to do so today.

There was no Red Cross luncheon yesterday, so a report of the teams was not made.

SCHUMANN-HEINK WILL VISIT DAUGHTER HERE

The daughter of Mme. Ernestine Schumann-Heink, celebrated prima donna, is living in Albuquerque at 1329 East Silver avenue. Her name is Mrs. Guy, and her husband is at present in one of the local sanitariums.

Mme. Schumann-Heink is expected to be in Albuquerque around Christmas for a week or two, for a visit with her son-in-law and her daughter.

CEMENT WORK IS COMPLETED FOR CENTRAL AVENUE

Bitulithic Surface Will Be Laid in Few Days; Cold Weather Would Not Delay Completion of Work.

The New Mexico Construction company completed laying the concrete base for the East Central avenue paving yesterday morning. All danger of the paving being stopped on account of freezing weather is now passed, as the bitulithic surface can be laid even in extreme cold weather, although possibly a smoother job can be done under weather conditions which do not include freezing temperatures.

The concrete on the south side of the street is now about hard enough to start surfacing, but the work will probably not be started for a few days as the workmen would be ready to start surfacing the north side before it is hard enough. It is expected that, although the company was granted an additional thirty days from November 15 in which to finish the work, it will be completed by about December 1 and the street opened to traffic.

MARSHALL APPOINTED

Washington, Nov. 18.—Appointment of John P. Marshall of Juneau, federal prohibition director for the territory of Alaska, was announced today at the internal revenue bureau. He is the first to be appointed for the territory.

YALE FOOTBALL WARRIORS MEET HARVARD TODAY

(By The Associated Press.) New York, Nov. 18 (by The Associated Press).—Although the waning of the eastern football season is indicated by the shorter list of contests for tomorrow, the gridiron battles involve no lessening of interest. Surmounting all other games of the day is the Yale-Harvard clash at Cambridge. For the first time in a decade, the Eli eleven will enter the scrimmage an odds-on favorite in the wagering.

With wealth of material in both lines, backfield and reserve strength, the Blue, in certain quarters, is definitely selected to defeat the Crimson. The chief basis for this prediction is the defeat of both Princeton and Brown by Yale as compared with the overthrow of Harvard by the Tigers and the extremely close contest between Brown and the Cambridge team last Saturday.

The power and ability of the two teams, however, does not indicate any great preponderance of strength or playing skill for either. The game will be played upon a wet field and this is expected to militate to some extent against Yale's running and rushing attack. In the other more important games of tomorrow afternoon, Syracuse is thought to have a slight advantage over Dartmouth due to a stronger line and a more diversified attack; Lafayette appears to have greater all round strength than Lehigh, and Brown

and Colgate should prove evenly matched. Several of the teams which have contests scheduled for Thanksgiving day or the day following will not play tomorrow.

STEP TOWARDS PEACE

Washington, Nov. 18 (by The Associated Press).—Japanese business men see in limitation of armament a step towards realization of international peace as well as an alleviation of the tax burdens of the nations according to a radio message received by the chamber of commerce of the United States today from the chambers of commerce of Japan meeting at Osaka.

CHANEY DISQUALIFIED FOR AN ALLEGED FOUL IN BOUT WITH DUNDEE

New York, Nov. 18.—George Chaney of Baltimore was disqualified for an alleged foul in the fifth round of his bout with Johnny Dundee tonight for the junior lightweight championship. The referee awarded the bout to Dundee.

SATURDAY, November 19, 1921

THE SATISFACTORY WAY.

The satisfactory way for a merchant to make more money is to have more buyers for his goods. A larger turnover at a less margin of profit makes merchandising pleasant.

The desirable way to have a bank grow and pay dividends is to have more customers to deposit and borrow at legitimate and current rates. Political deposits, with or without interest, may be a temporary advantage, but they never did and never will make a sound, solvent bank of continuous and permanent growth. Bankers who "get into politics" in order to control public deposits, fool themselves in the long run. The same energy spent in banking lines would produce more satisfactory results.

The coal dealer or lumber dealer who seeks an undue profit through combinations in restraint of trade fools himself. He retards growth and development in his community and decreases the volume as he unduly increases the margin of profit in his business. His methods are temporary; are certain to arouse public hostility, and in the course of a business are bound to prove unpleasant and less profitable.

Great merchandising establishments, great banking institutions and great basic supply companies are built up through community growth. The unselfish course of so ordering a business as to aid in city and state growth proves ultimately to be the wisest course for personal profit.

When merchandising establishments make the costs of living too burdensome; when banks become "three-bill" shops; when materials are made prohibitive in price, city growth is inhibited and the desire for momentary advantage proves the cause of a failure of an ultimate larger success.

The route to wealth in any line of business endeavor is in community development and expansion. A fixed and very liberal amount of time and money should be devoted to community growth as a part of the business policy of every business institution, and the same intelligence and thought should be devoted to that growth as is devoted to handling the present business in hand.

A chamber of commerce should be for the equal advantage of every one in the city. Its energies should all be expended for the common benefit. The instant a selfish purpose is made to control its conduct, it is doomed to failure.

There is certain to be diverging views as to what subjects should absorb the activities of a chamber of commerce. A fixed program should be decided upon by the consensus of the opinion of a majority in the business community. Then all earnestly into carrying out that pre-determined policy.

A chamber of commerce makes a fixed policy as imperatively as a private business needs it. To say that such an institution is unnecessary is to speak in the face of the experience of every city which has thrived. A body which speaks and acts for the commercial community as a whole is as imperative as a president who speaks and acts for a bank, or a mayor who represents a municipal government.

Power comes from concerted action. For ten men to alternately push against a rock will not move it. If the ten men push, all at one time and in the same direction, it will move.

The reorganization plans for the Chamber of Commerce contemplate equal voting power for all. They contemplate the selection of a board of directors through a popular ballot of the members by mail. They include the determination of a policy for the next year by a majority decision of the members and then a concentrated effort to put that policy across.

Whole-hearted, unselfish community effort should be given to these plans. It will not require one year of such effort to make the benefits apparent in the private business of the individuals who cooperate.

These observations carry no implication of selfish policies by the business men of Albuquerque. Our effort is to stimulate a line of thinking which will increase community effort and not to carp at anyone. Albuquerque has a great opportunity to go ahead. In going ahead we will all be more prosperous in the reflex.

UNEMPLOYMENT LOSSES.

How easily people get to taking for granted very serious matters. Time was when smallpox ravaged whole communities and most of the surviving population had faces disfigured, people thought it had to be that way.

Unemployment is conceded to be very bad but necessary. Nobody knows why, but every once in a while a period must come in which business can't make profits. Then some of it quits. Men refuse to risk their capital. They discharge their workers and wait for better times.

But isn't it time to stop taking this situation for granted as necessary? It is more serious than most people think. How much money was raised in a Liberty loan drive? Three billion dollars. Everybody stood aghast when it was first announced that the government was going to raise money in such colossal sums. But conservative estimates put the loss in wages alone caused by unemployment in this country this year at more than twice that amount. The workers who could not work have lost six and a half billion dollars.

There is no way of estimating all the losses that follow from this. Industries that would have employed these men and paid the wages have lost profits and perhaps capital. Farmers who would have sold raw materials and foodstuffs have lost millions because of falling prices and decreased demand. Merchants, railroaders, every interest that serves the public has shared in the losses incurred by this business stagnation. In addition, and perhaps even more serious, damage has been done of incalculable extent to public health, morals and the general welfare.

THE WORLD'S WHEAT CROP.

Leaving Russia out of the calculation the world's wheat crop this year is, according to government estimates, just 4,000,000 bushels less than the five-year annual average production before the war began.

gan. In that peaceful time Russia supplied her own needs and had a surplus of 160,000,000 bushels for export. Apparently, then, there is a world shortage this year of approximately 164,000,000 bushels, without allowing for any supplies going to Russia, which will have to look abroad for wheat.

The pre-war five-year average of our wheat production was 686,000,000 bushels. Last year we had a crop totaling 787,000,000 bushels and this year it is estimated American fields yielded 754,000,000 bushels of wheat. Government statisticians figure that our own population requires for food and seed approximately 650,000,000 bushels, or 636,000,000 bushels. It would seem we should have about 118,000,000 bushels for export. But in July and August this year our exports of wheat and flour amounted to 97,000,000 bushels, so that there is not much of a surplus left from the estimated crop of 1921.

The apparent world shortage, exclusive of Russia, is accentuated this year by a seeming return to normal consumption of wheat in all the countries. The enormous drain from this country during the last summer indicated the purpose to have wheat. The demand continuing, prices naturally would be bid up, even though we kept the usual surplus within our borders. In another year or two, however, there is apt to be a heavy over-production of wheat unless there be crop failures, and this without allowing anything for Russia's return to the ranks of producing countries. Some of the European nations have made astonishing progress toward restoration of normal production, a few exceeding it, but others are still below their pre-war average. When they catch up there will be plenty of wheat and that will affect prices.

A Colorado professor says gasoline can be distilled in enormous quantities from shale rock for 16 cents a gallon. All right, professor, go ahead. Who's a hinderer? you?

VERSE OF TODAY

MESSENGER AT DUSK.

Against the warm green reflection
Of dusk, the drowsy parlaments
Of leaves, a fragile spirit brings
His voice, his wings.

The purport of the stars is in
His breast; he is their paladin;
His lonely cadence flashes white
Before the night.

No stealthy shadows can suppress
That bird's triumphant wisdom;
He has the starlight to rejoice
His wings, his voice.

—The Measure.

Anyhow, the defeated candidates can't roll their eyes and say that their downfall was due to "the baneful influence of the saloon."—New York Telegraph.

EDITORIAL OF THE DAY

SPARE THE BATH ROOM!

(From the Detroit Free Press.)
Another tried and true custom handed down by the fathers is for it. We refer to the Saturday night bath. The United States bureau of education has "launched a nation-wide drive" to stamp out the notion that the end-of-the-week scrub is enough. The campaign, say the papers, is to be only suggestive in the beginning and will be directed at school children and teachers, though it is hoped to reach the public through them.

That announcement has an ominous sound. We can trace the history of American restrictive movements. We know how they develop. First, someone with a mission decides the stupid, blundering public needs to be enlightened. A government bureau or a reform society is interested, or if there is not one already organized, a new one is created. In the case of the latter a paid secretary, office staff and a field force are provided for. Then the endorsement of prominent citizens is obtained. A week is set aside for national publicity, pastors are urged to preach on the subject on a special Sunday, ushers are asked to pass out literature as the worshippers file out, the editors are furnished material for articles and editorials, "Make America Healthy" can be visualized. "Make America Healthy" would be a good general slogan. Posters depicting a rosy business man grinning under the needles of the shower or some such illuminating text could be drawn. Percy Mackaye could set up a peasant showing the rise of man from the sodden state of the Saturday night ablutions in the wash tub to the advanced state of two baths per week in a tiled vessel.

Perhaps two baths a week are necessary to health. Who knows? By what sort of deductive or inductive reasoning did the United States board of health arrive at its conclusions that two immersions weekly are healthful where one isn't? The habits of individuals vary from the traditional Saturday night standard to the two baths a day affected by some of the little rascals. The Eskimos are said to have been extraordinarily healthy in their bathless state until the missionaries persuaded them to wash up, thus inducing lung trouble.

The government's interference in the manners and habits of the individual has gone far. We hope it does not invade the bathroom.

"REG'LAR FELLERS"

OF COURSE WE'VE ALL HEARD OF MT. VESUVIUS. NOW CAN ANY BOY TELL ME THE NAME OF THE SUBSTANCE THIS VOLCANO THROWS OFF WHEN IN ERUPTION?

AS THE PEOPLE VIEW IT

LACK OF CO-OPERATION.

WASTE OR EFFICIENCY???

Owing to the fact that the county and city school boards did not confine themselves in the matter of expenditures to their budget estimates for the past year, both of these departmental heads find themselves broke at this period of the year and forced to secure a loan to tide themselves over until tax paying time again arrives.

The fact is the city schools spent about \$35,000 more than the budget estimate, and the county some \$10,000 or a total shortage of \$45,000.

The city school board have already made a loan of \$16,000 and expect to make a further loan of \$20,000 in a day or two; the county school superintendent is also contemplating a loan of \$10,000 to finance her through the balance of the year.

This I am advised is permissible under the state law, and an opinion handed down by Attorney General Harry Bowman, but why not protect the taxpayers' interest in the matter?

The county now has or had on November 1 the following balance sheet (and the amount today is about the same) at the various banks in the city on which daily balances the banks pay the county 3 per cent interest:

First National \$29,100
First Savings 10,100
State National 19,200
State Savings 7,100
Citizens 5,000

In addition the county owns \$40,000 in Liberty bonds. The school boards ask the banks to loan them \$45,000 to finance them temporarily, and the good bankers comply but ask 5 per cent for a loan of taxpayers' money held by them on a 3 per cent basis. Would any business man in this city manage his affairs in the manner the taxpayers' money is managed in this county and city?

Don't let them confuse you with the cry of "this money belongs to various and distinct funds and cannot be used for other purposes" for which it was collected. The fact remains that it is absolutely at the disposal of the county officials to loan to the school board if they simply exert proper business tactics.

Furthermore we hear so much of the "sacredness of the school funds" but our banker friends seem to ignore this feature entirely when they hold \$30,000 of the taxpayers' money at 5 per cent and which they ask 5 per cent for when they are short at the end of the year or otherwise must be made up by the taxpayer in increased rates the following year.

A little co-operation all around. A little more attention to keeping within the budget estimates. A little more patriotism on the part of bankers in this city.

A little more of business principles.

RIPPLING RHYMES

By WAIT MASON.

BOOTLEG BOOZE.

He bought a half pint in a wynd where bootleg booze is dear, he looked before, he looked behind, to see no cops were near; then took his drink—it made him blind, and he's been blind a year. He was a large and stately man, an athlete, trim and strong, bulk up along the Milo plan, no pistons also ran, he toils and groans along. He really didn't care for drink, he had no costly thirst; but he was a haughty gink, his motto, "Freedom first," "I'll sell the scarlet ink, though all the states burst. My fathers fought at Bunker Hill that people might be free, and no outrageous Volstead bill can come and hodge me; so mark my curves and watch me swell a bowl of graveyard tea." He poured the dandy bitters down, and then fell on the floor, and had a fit, and rent his gown, and his long whiskers tore; and though he hobbles through our town, he'll see it never more. The bootlegger's boot the tomb, and the death-cart root; they kill the young men in their bloom, and do not care a hoot; the stuff they sell is liquid doom, distilled from Dead Sea fruit. It's more than a substitute for rye; its victims fill ten thousand graves, and hundreds daily die, and over them the willow waves, the sexton heaves a sigh.

Bedtime Stories For Little Ones

By Howard B. Garis

Copyright, 1921, by McClure Newspaper Syndicate.

UNCLE WIGGLY AND GILLY GLIDER.

"Bang!" All of a sudden one day, as Uncle Wiggly was hopping through the woods, that's the way his tail silk was knocked off.

"Bang!" The hat fell to the ground, amid the dried leaves of autumn, and the rabbit gentleman felt a little queer, with a tingling in his head, which seemed to spin around like a top as his hat was knocked off.

"For my hat certainly was knocked off," said Uncle Wiggly to himself as he looked at it on the ground. "My hat didn't fall off by itself—it was knocked off. I wonder what did it?"

The rabbit gentleman looked down amid the fallen leaves around his paws and saw something, a little lighter brown in color than any of the leaves, moving about. It did not move as the leaves did—only when the wind blew—but seemed to be crawling

in the management of county affairs would avoid unfavorable comment.

STEPHEN E. ROEHL.

'Main Street' As Viewed By Another.

It would seem that persons who sweepingly condemn "Main Street" as untrue and grossly overdrawn, are failing to read into it, as the author had intended they should, the view point plainly given in every page of the long volume. Sinclair Lewis is not depicting the business man's view, the doctor's view, or the minister's view, but solely and entirely the viewpoint of Carol Kennesville, a newcomer, perhaps a great deal or a snob, and surely visionary and impractical as to ways and means for improvement. Still the fact remains that she is certain to find a way to correct them by the only means that seem open to her. We do not see all of Gopher Prairie, but I think we do see the side of it which would most of us find even more repulsive than the side of it which is quite likely that she, the avowed reformer, would miss the many good things, the simple good-byes to the old, the reasonable provincial of small communities and emphasize the most glaring, outstanding wants and needs, all unknown and unheeded by the natives.

The strength of the book lies not in plot or action, but mainly in characterization. Mrs. Bonart, with her perfect venom, is a fact in many small communities. The town celebrity, who years before shook the village dust from his feet, became successful in larger fields and, upon return visits, is the garden spot of the earth, a perfect model of a small town, convinces the flattered villagers and easily becomes the town idol as well. His figure is familiar enough to us all. Far from being a "weak sister," Dr. Kennicott seems to me a strong, unflinching village doctor, possessing possibilities and traits which he has not been able to develop by commonplace routine. He is not a "molly coddle," but mainly in his self-restraint, and at times almost noble in his conscientious efforts to improve his conditions; but I imagine to me, is nevertheless an exceedingly well drawn character. Realism is the note struck in characterization as well as in atmosphere and situation.

The fact that it is a subject so well known, in every smallest detail, to the average person has probably made it a best seller. It is not a new subject, but it is a new presentation of it. The fact that it is a subject so well known, in every smallest detail, to the average person has probably made it a best seller. It is not a new subject, but it is a new presentation of it.

Uncle Wiggly, who was a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw.

"Oh, wow! Who hit me?" squeaked the Weasel.

"I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

Glider. "But I didn't intend to. I was practicing a new glide, out of the top of that pine tree, to this cedar tree, lower down, and I slipped and bumped into your hat."

"Oh, it doesn't matter in the least," spoke the bunny rabbit gentleman. "It is my oldest hat and it needed knocking about to get off some of the dust. But you surely are a fine little chap! Have you wings?"

"Oh, no," answered Gilly Glider. "I don't really fly, you know. I have a covering of loose skin down both sides, and when I spread out my four legs I'm sort of like a sheet of paper. In fact, I glide from tree to tree just as a piece of paper glides to the floor off the table. I'll show you!"

Quickly Gilly climbed up a tree, just as Johnnie or Billie Bushytail might have done, though of course Johnnie and Billie were not flying; or, gliding squirrels.

"Here, come!" chattered Gilly, for he talked as do regular squirrels.

Down out of the tall tree he slid, almost like a sled on an invisible, fairy hill of air. Over first to one side Gilly started, and then to the other, so close that he

almost touched Uncle Wiggly's hat, and the bunny dodged. "I won't bang into you again!" laughed Gilly as he alighted on a spruce tree near by. "How was that?"

"Fine!" exclaimed Mr. Longears. "It was almost like flying."

"I'll do it again," offered Gilly. And as he climbed the tree, and as Uncle Wiggly watched, along came a bad old Weasel, who was eager to nibble the bunny's ears. Uncle Wiggly did not see the Weasel, as the rabbit's back was turned. But Gilly, up in the tree, saw the hungry animal.

"Ha! I'll spoil his game!" thought Gilly. His bright eyes sparkling. "Here I come!" he chattered. Down he glided, and as close to the ground he went that Uncle Wiggly thought Gilly would surely hit the earth and be hurt. But the little flying squirrel dashed over the back of the Weasel, and as he did so, Gilly hit the hungry, bad animal on the head with a stick which the flying squirrel carried in one paw.

"Oh, wow! Who hit me?" squeaked the Weasel.

"I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."

"Oh, wow! Who hit me?" squeaked the Weasel. "I did," answered Gilly, gliding upward and alighting on a stump near the bunny. "I hit you! You want to be hit again?"

"Oh, no!" howled the Weasel. "Once is enough!" and away he sped, while Uncle Wiggly said: "Thank you very much for saving me, Gilly. You surely are a good glider and I'll give you some hickory nuts if you come to my hollow stump bunsalaw."
