FAVORABLE TURN TAKEN IN NEGOTIATIONS OVER NAVAL RATIO QUESTION

NEW STAGE REACHED AT NIGHT MEETING OF THE 'BIG THREE'

"No Comment on the Interview Can Be Made At This Time," Says Communique, But Immediately After the Conference the Japanese Delegates Begin Communicating With Tokio.

Washington, Dec. 2. (By the Associated Press).—A new stage in the negotiations over the question of naval ratio, described as "very favorable" is understood to have been reached at tonight's conference between representatives of the United States, Great Britain and Japan.

After the conference between Secretary Hughes, Admiral Kato, and Balfour was concluded, the Japanese delegation began communicating with Tokio.

This communique was issued: "Arthur J. Balfour, Admiral Baron Kato and Secretary Hughes met at the state department this afternoon and had an extended interview with respect to the naval proposals. No comment on the interview can be made at this time."

Conference Lasts Two Hours. The conference lasted about two hours and intimations were given that basis existed for some optimism. One delegation spokesman referred to it as one of the most important discussions yet held which would mean much to the success of the conference as a whole. The result was "most favorable," he added.

An authorized spokesman of the British delegation revealed clearly the purpose of his government: to use its best efforts for a solution. "Great Britain," he said, "has tried to do everything within her power to bring about a settlement of disputed questions between other powers. I have no doubt that Mr. Balfour has used his best efforts to find a plan which will meet the views of both America and Japan."

Will Require Time. In many quarters there was a disposition to regard tonight's conference of the "Big Three" as bearing a close relation to the conversation yesterday between Arthur J. Balfour of Great Britain and Baron Kato. There were indications that Japan's attitude had not yet been fully defined by the exchanges proceeding between the Japanese delegation and Tokio. However, one Japanese spokesman said after the "Big Three" conference that it would "take some time" to bring the ratio question to a solution.

Debate Fruitless. The Far Eastern committee today debated without result withdrawal of the foreign troops from China and the Chinese and Japanese got down to business in their new effort to settle the Shantung controversy. A broadly drawn declaration of general policy on the troops question may be adopted on the far eastern committee tomorrow, but the Shantung discussions were adjourned until Monday after the two sides had set forth the general outlines of their positions.

Both Sides Indications Being Constructed to Mean that the Japanese viewpoint on naval ratio was being brought more into harmony with the American. It was

SINN FEIN NOT OPTIMISTIC AS TO SUCCESS OF LONDON PARLEY

Delegates Leave London for Dublin to Place Britain's Latest Proposal Before the Dail Eireann.

MAY ADJOURN FOR A CERTAIN PERIOD

Conferences May Be Dispensed With for a Time to Give Lloyd George a Chance to Visit America.

Dublin, Dec. 2.—Commenting on discussions in the British press over the possibility of a renewal of warfare in Ireland, the Irish Bulletin says: "The people of Ireland do not want war and are not likely to be forced into war. If their liberties are attacked they will resist passively and a passive resistance becomes impossible they will resist actively. But they will not be easily compelled to surrender their right to freedom."

(By The Associated Press.) London, Dec. 2. (By the Associated Press).—Byes of all those interested in Ireland are fixed on Dublin, seat of the dail eireann. All Sinn Fein delegates have left London to meet with the dail tomorrow to consider the government's latest proposals for settlement of the strife between England and Ulster and southern Ireland.

It is also possible that the delegates will ask the dail eireann to adjournment of the negotiations for a certain period in the hope that time might bring the two sides closer together and incidentally permit Premier Lloyd George to attend the Washington conference. The Sinn Fein delegates regarding the decision of their cabinet. There is some difference of opinion respecting renewal of armed strife should the dail eireann declare that it would not be possible to keep the Irish republican army and crown forces from clashing. On the other hand, business and professional men in Irish towns, and land owners and merchants in the country cannot bring themselves to believe the government will risk the possibility of civil war by starting a "clear up" Ireland, or that the men of the republican army, who have had six months' comfort, voluntarily would go back to the hills.

30-FOOT YAWL LEAVES FOR A 3-YEAR CRUISE

(By The Associated Press.) Los Angeles, Calif., Dec. 2.—The "Islander," a thirty-foot yawl, manned, built and owned by Harry Mann, left Los Angeles harbor bound on a three-year cruise to Samoa and the Marquesas Islands in the South Seas, more than 4,000 miles from home. "I expect to reach the Marquesas group in forty days, and will remain there until the passing of the typhoon season before continuing on," said Mr. Mann. The yawl will then be due south for 2,000 miles, and then southwest across the equator to the islands.

Mr. Mann laughed at the suggestion made to him before sailing that he was risking his life venturing across the Pacific alone in such a small craft, and on such a long journey. "When I think of pleasure and experience are the motives, which have prompted my voyage," Mann stated. Mann, who had not been at sea until three years ago, built the "Islander" without assistance, it is said. When the boat was completed, Mann and a companion in the summer of 1920 sailed to the Hawaiian Islands, reaching Honolulu in twenty-six days.

WILL BE HELD VALID. Santa Fe, Dec. 2.—The supreme court today held valid the will of William Rhodes Rowley, who died early in 1920. The will was attacked on a bequest of Rhodes' library, manuscripts and half of his residuary estate for the publication of his manuscripts and spreading of the same. The bequest was made to Dr. C. H. Yater, Charles McMain and C. E. Nicholas, trustees.

FLORIDANS ARE EXONERATED ON MURDER CHARGE

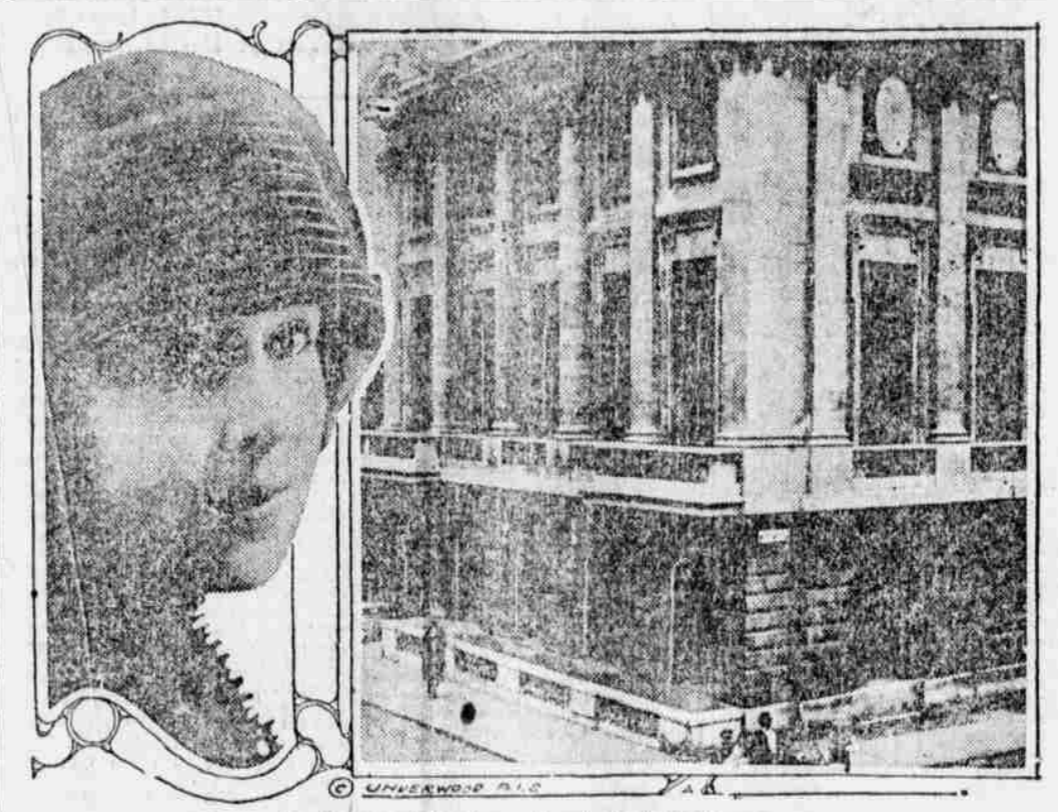

Orlando, Fla., Dec. 2.—Len M. Clarke was found not guilty because of insanity today on a charge of killing P. A. Millmore, Orlando restaurateur. Baxter H. Patterson, jointly indicted with Miss Clarke, was acquitted without reservation as to sanity. The jury was out about two hours.

TYPHUS FEVER ON THE INCREASE IN RUSSIA

Moscow, Dec. 2. (By the Associated Press).—Typhus fever is sweeping Russia with increasing violence, especially in the Odesa, Baku, Turkistan and Volga regions where the famine is especially severe. There are more than 2,000 typhus cases in the hospitals of Moscow.

Walter L. Bell, a member of the American relief administration's staff in the Ufa district, is ill.

American Duchess to Dispose of Million Dollar London Palace

Ex-Duchess of Marlborough and Sunderland house.

London, Dec. 2.—(Special.)—Sunderland house, one of the wonder palaces of Mayfair, which was built by W. K. Vanderbilt for his daughter Consuelo, then Duchess of Marlborough, is in the market. Its original cost was in the neighborhood of a million dollars, and its present value is much in excess of that figure. Behind a massive and somewhat forbidding exterior, Sunderland house conceals salons and apartments of great splendor. The grand staircase of marble and brass, the huge ballroom and priceless tapestries are hardly rivaled among the palaces of Europe.

With all this magnificence, however, there was little doing in the strictly social sense under Duchess Consuelo's regime. Estranged from the duke, whom she eventually divorced, she lived for public welfare and good works, and the sumptuous apartments of Sunderland house were more often thronged with charity organizers than with social butterflies.

When the duchess was a candidate in London's municipal election she held her committee meetings at Sunderland house.

During the war the mansion was commandeered by the government for departmental offices, and after the armistice it became the London headquarters of the league of nations.

Nowadays the ex-duchess is plain Mme. de Balsan and lives in Paris since her marriage last July to a wealthy French manufacturer. The new duchess, who has no title to Sunderland house, seems to be absorbed in agricultural pursuits at Plenheim, the vast Marlborough estate in Oxfordshire.

17,000 ORPHANS ARE ADOPTED BY TWO AMERICANS

(By The Associated Press.) Alexandropol, Armenian Soviet Republic, Dec. 2.—Two Americans have become fathers by adoption of 17,000 homeless Armenian orphans in this far-off city. Milton D. Brown, of Malden, Mass., and William Martin, of New York, have adopted the waifs on behalf of the American Near East relief committee. The young men, who have been carrying on relief work in Armenia for many months, plan to take some of the children to America and to have them educated in American schools.

In a report to his organization at Constantinople, Brown declares that Armenia faces the worst winter within its history. He says famine prevails everywhere and that there is a serious shortage of food and fuel. He declares that up to now the bolsheviks have taken good care of the Armenians, but that their resources are running low and the Armenians must turn to others for aid.

Brown says that peace and order prevail throughout Armenia, and that the soviet government undoubtedly saved the country. It is protecting the Armenians from the aggressions of their ancient masters, the Turks, and the people are allowed to pursue their chosen callings unmolested. Unharrassed by war, the people appear to be more content than at any time in recent history. For more than a year now the population has been spared massacres at the hands of the Turks, and the country appears to have entered upon a new era of peace and quiet.

When additional help is needed in the way of legal counsel, or the co-operation of state or federal officers to appeal to the state Anti-Saloon league office. Report evidence of law violations in the way of legal counsel, or the co-operation of state or federal officers to appeal to the state Anti-Saloon league office.

SHANTUNG ROW FORMS SUBJECT OF CONFERENCE

Delegates of China and Japan Hold Conversations in an Effort to Settle Far Eastern Dispute.

(By The Associated Press.) Washington, Dec. 2.—(By the Associated Press).—Delegates of China and Japan in their conversations brought about by the Hughes-Balfour offer of good offices for the settlement of the Shantung controversy, went to the heart of the dispute today, each nation resuming positions taken in the four recent notes exchanged between Tokio and Peking with particular reference to the Tsing-Tai-Nan-Fu railroad.

The Chinese delegates made clear that in entering this informal conference for the settlement of the Shantung dispute they had "no desire to have it inferred" that China had receded from its known attitude with reference to the treaties and statutes which are in dispute between the two countries relative to the Kiau-Chow leasehold.

The Japanese delegates presented the Japanese position concerning control of the Tsing-Tai-Nan-Fu railroad on the basis of the Japanese note of September 1, looking to joint control.

Delegates participating in the meeting today made it known that the conversations were conducted in a frank and friendly spirit. Conversations will be resumed Monday.

LEADER OF LEAGUE FOR BIRTH CONTROL RELEASED BY JUDGE

(By The Associated Press.) New York, Dec. 2.—The American Birth Control league scored the second victory over the police today when Mrs. Juliet Barrett Rublee, society woman and vice president of the league, was discharged by Magistrate Hattling a few hours after she had been arrested on charges of violating the law prohibiting advertisement of birth control information.

Mrs. Rublee was arrested while testifying at a hearing into the charges that led police to break up a recent birth control meeting.

Will Ask For Relief For The Unemployed (By The Associated Press.) Detroit, Mich., Dec. 2.—A plea to the government for relief for the unemployed will be voiced here tomorrow at a conference of leaders in the labor movement with men and women out of employment. The meeting will continue through Sunday.

Two proposed relief measures, one providing for nationalization of a basic industry and another for government aid in the form of credit for unemployed will be discussed and resolutions drafted for presentation to congress, it has been announced.

WAGNER CLAIMS AUDITOR COULD NOT SPARE A MAN TO GO OVER HIS BOOKS

FORMER STATE SUPERINTENDENT OF EDUCATION DEFENDS RECORD

Claims Discretion Never Was Thrown to the Winds in the Handling of Department Funds; Claims He Has \$657.32 Due Him From the Certification Fund and \$212.32 as Traveling Expenses.

(SPECIAL DISPATCH TO MORNING JOURNAL) Santa Fe, Dec. 2.—That discretion never was thrown to the winds in the handling of department of education funds; that this traveling expenses exceeds but little, if any his assistant's and they were limited by law; that the traveling expenses of sub-officials of his staff were charged against him; that he repeatedly asked for an audit, but the traveling auditor could not spare an assistant for it; and that he is not willing to admit his records were carelessly kept—these are some of the claims set forth by Jonathan H. Wagner, former state school superintendent, in his reply to Traveling Auditor Whittier's report on the department for the four years he was in charge.

The charges by Whittier that he failed properly to account for more than \$6,000 disbursements are given first place by Wagner in his reply and, he says, he not only accounts for these but has \$657.32 coming from the certification fund and \$212.32 as in traveling expenses.

Bank deposits to the credit of the certification fund, he says, for the four years exceeded by \$669.55 the receipts admitted by Whittier, plus \$137.43 "disputed items" and \$212.32 as in traveling expenses.

Amount he turned over to State School Superintendent Conway when he took charge, was \$10.67 more than the book balance. Explanations of the disputed items then are given. Certification fund receipts and disbursements are admitted as listed by Whittier, he says except the \$1,000 item which he denies is a proper charge against him for the reason that the receipt is attached to the voucher.

Nine hundred dollars salary as executive officer of the state board for vocational education is claimed. Whittier disallowed this. The board's budget is cited in support of Wagner's claim.

All receipts and payments from the fund for the past three years, he says, he could not find the settlement sheet in the department's office. He has the carbon copy of the settlement sheet which, he says, should be in the office.

Traveling Expenses. Turning to his traveling expenses, Wagner says these totaled \$3,227.75 for the last three years and his credits, which, he says, include all mileage purchased, totaled \$3,020.02. He claims the difference, which, he says, was paid out for cash fares and smaller expenses, passed by the auditor, was \$207.73. As to the \$100 interest charge against him on a loan obtained for the certification fund, he says he is willing to accept the attorney general's opinion as to whether this is a proper charge against him personally and paying his assistant was allowed \$25.00 per year traveling expenses, he points out those charged against him were not but little more. If any, and furnishes statements by trips of his expenses.

TUG SEA EAGLE SINKS DURING STORM; FATE OF CREW IS UNKNOWN

Marshall, Ore., Dec. 2.—The wireless station here reported today that the fishing schooner Eccla was spoken thirty miles off Grays Harbor. The schooner reported the tug Sea Eagle, of San Francisco, founded in the storm, which swept the coast last week. No particulars were given as to the fate of the Sea Eagle's crew of nine.

The Sea Eagle had the Eccla in tow for Coos bay when overtaken by the storm.

NIXON CASE TO JURY

Great Bend, Kans., Dec. 2. (By the Associated Press).—The case of Dr. W. A. Nixon, charged with the murder of Arthur C. Burch, local attorney, went to the jury tonight following long arguments in which Nixon was painted as a Dr. Jeckyl by day and a Mr. Hyde by night by the attorneys for the state.

RIOTING IN VIENNA RESULTS IN PROPERTY DAMAGE ESTIMATED AT MANY BILLIONS OF CROWNS

Virtually All Business Is Suspended; Streets Present a Desolate Expense of Iron-Shuttered or Boarded Up Shops; Misery and Despair Cause of Uprising, Is Claim.

(BY THE ASSOCIATED PRESS.) Vienna, Dec. 2.—Virtually all business was suspended today as a consequence of the serious rioting which raged here yesterday. Damage is estimated by the newspapers at many billions of crowns. The plate glass losses alone are said to be more than 600,000,000 crowns.

The business streets presented a desolate expense of iron-shuttered or boarded-up shops, interspersed with broken glass doors and windows, disclosing wrecked and looted interiors. In addition to the attacks on the fashionable hotels and shops many persons were dragged from showy automobiles and beaten. Among those who were roughly handled was Sir W. A. M. Goode of the Austrian section of the reparations commission, who occupied the state suite of the Old Bristol hotel. His apartment was destroyed and many of his personal effects were stolen.

Presenting the views of workers, the Arbeiter Zeitung says the riot came as a result of misery and despair and warns the government and the mounted classes.

FIND PRIEST GUILTY ON ASSAULT CHARGE

(By The Associated Press.) Lemars, Iowa, Dec. 2.—The Rev. Father Francis Wrenn, of a parochial school at Akron, Iowa, was found guilty of assault on a 15-year-old girl student at the school, by a district court jury here this afternoon. The maximum penalty for such an offense in Iowa is twenty years. Father Wrenn is fifty years of age.

JOHN ERVIE SHOT AND KILLED AT GALLUP; NEGRO IS ARRESTED IN CONNECTION WITH THE CASE

Son of Former State Land Commissioner, a Zuni Mountain Farmer, Meets Death in Carben City; Tragedy Occurs at a House in the West Part of Town About 11 O'Clock at Night.

(SPECIAL DISPATCH TO MORNING JOURNAL) Gallup, N. M., Dec. 2.—John Ervian, son of the late Robert Ervian, for many years state land commissioner, was shot and killed last night about 11 o'clock. C. M. Foster, colored, who is known as the name of Cook, was arrested on Santa Fe train No. 21 at Winslow today in connection with the crime. Ervian, George Williams, John Evans and William Rush are said to have come to a house in the west part of town last night and ordered a chicken supper. They were in the waiting room waiting for the supper to be prepared. After they had been there a short

Highest temperature 48. Lowest 34. Range 14. Mean 41. Humidity at 9 a. m. 45. Humidity at 6 p. m. 45. Precipitation None. Wind velocity 53. Direction of wind West. Character of day Cloudy.

BANKER, AFTER ESCAPING FROM VAULT, CHASES AND ASSISTS IN NABBING TWO ALLEGED BANDITS

Sim McFarland of Logan, N. M., Engages in Exciting Race in Automobiles, on Foot and Astride Old Dobbin; Men are Arrested and Lodged in the Quay County Jail.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Tucuman, N. M., Dec. 2.—Louis de Baca and Joe Duran, who are alleged to have robbed the bank of McFarland Brothers at Logan Wednesday afternoon and who were later taken into custody at Mosquito Creek by Sheriff George Spivey of Mosquito, Harding county and held in the Harding county jail, were brought here last night by Sheriff Simpson, of Quay county, and deputies and lodged in jail.

De Baca and Duran are each 19 years old, well educated and are both members of prominent families in this part of the state.

They are said to have visited McFarland Brothers' bank several times Wednesday. The last time was about 4 p. m., when Sim McFarland, a member of the firm, was counting the money preparatory to closing the bank for the day. The alleged bandits are said to have appeared at the window and Duran, it is charged, leveled a .45 caliber revolver at McFarland, demanding that he throw up his hands. McFarland obeyed, and asked "What do you want?"

"Everything here," one of the men is said to have replied.

"All right, take it," was McFarland's rejoinder.

Mrs. McFarland, who was in the bank and who had become hysterical, was commanded to "shut up," while \$1,500 in bills and silver was

LEADERS' VIEWS ON WALKOUT IN PACKING PLANTS ARE FAR APART

Ninety to 95 Per Cent Strike Is Forecast By Union Chiefs; Packers' Representatives Optimistic.

KANSAS TAKES STEPS TO PREVENT TIE-UP

Attorney General Files a Complaint in Court of Industrial Relations Against Both Factions.

(By The Associated Press.)
Chicago, Dec. 2.—Conflicting reports from the unions and packers in various parts of the country today showed a wide divergence of opinion regarding the effectiveness of the strike called for Monday in the nation's packing plants by the representatives of the packers.

Union officials asserted that between 90 and 95 per cent of their men would walk out on Monday. Representatives of the packers were inclined not to take the strike seriously, asserting that the plants would continue to operate, while some even expressed doubt that the strike would occur.

Kansas today took measures to prevent the strike when the state's attorney general filed a complaint in the Kansas court of industrial relations against both unions and packers.

Strike Means Loss of Jobs.
Resolutions declaring that all employees of Armour & Co. who go on strike would lose their jobs and that themselves beyond the protection of the plant conference board and divisional committees were adopted today by the Chicago plant conference board and divisional committees of the Armour plant. Similar resolutions were adopted by Armour plants conferences in other cities, it was stated.

The plant conference board and divisional committees are composed of representatives of the workmen and the packers and is the organization recently adopted by the packing plants to handle matters affecting the employees.

Armour officials denied charges of the unions that the plant conferences were composed of foremen, superintendents and other officials who were compelled to follow the wishes of the packers. On the contrary, the officials asserted, most of the representatives of the workmen were union men. Of the 200,000 Armour employees all but 400 are participating in the plant conferences, it was asserted.

GENERAL SHAKE-UP OCCURS IN BATTLE ROYAL FOR FIVE AUTOS IN JOURNAL CAMPAIGN

Big Race Which Has Developed Into a Pretty Tug-of-War Is Lead by Mrs. Margaret F. Barnes of Albuquerque. With Mrs. R. E. Hathcox a Close Second—Miss Ada Philbrick and Miss Virgie Hidalgo are Close Behind the Leaders and It Is Anybody's Race at This Time—Arizona Candidates Who Only Entered Last Week Are Climbing Towards the Top of the List and Will Bear Watching.

With four of The Morning Journal's club members over the 400,000 mark, and a number of others within a stone's throw of the leaders, interest in the big Interstate Marathon is increasing daily.

Mrs. Margaret F. Barnes who yesterday was second in the list today takes leadership in the entire campaign, while Mrs. R. E. Hathcox together with Miss Ada Philbrick and Miss Virgie Hidalgo of Gallup, now lead with a rush. Mrs. C. Martinez of Gallup and Mrs. Florence Saul of Dawson also make enough of a move to let their friends know they are right in the running.

Others in District 2 remain about the same but are "awakening" nevertheless.

In District No. 3—Miss Lupita Garcia of St. Johns, one of the best known and popular little ladies in that section jumps from \$2,300 to well over the 300,000 mark and is right at the heels of the leaders. Miss Lupita is a late entry in the campaign and is demonstrating that it is never too late to enter and make a real showing providing ambition is coupled with desire to own and ride in one's very own automobile.

In district Margaret Radcliff and T. H. Bowland—both representing Helen in the battle of ballots are the only club members to show a gain this morning.

Others however, in this district are "out among 'em" and it reports are to be credited, will soon start something that will be well worth watching.

THE FIRST PERIOD.
Never \$27.00 "Club" earns 100,000 extra credits to the regular credits on the subscriptions and it will be a wise entrant who gets every Club possible while the credits are in the hands of the subscribers at its zenith.

The race is on a mighty even basis—No one has anything like a lead that cannot easily be overcome—and those who make the most of the first credit period are more than likely to be the winners of those FIVE half-cent automobiles and the cash prize.

WHICH ONE FOR YOU.
Every \$27.00 "Club" earns 100,000 extra credits to the regular credits on the subscriptions and it will be a wise entrant who gets every Club possible while the credits are in the hands of the subscribers at its zenith.

The race is on a mighty even basis—No one has anything like a lead that cannot easily be overcome—and those who make the most of the first credit period are more than likely to be the winners of those FIVE half-cent automobiles and the cash prize.

RATON HIGH SCHOOL IS HIGHLY RATED IN INTELLIGENCE TESTS

(Special Correspondence to The Journal.)
Raton, N. M., Dec. 2.—In a report made by Dean Frank Carmon, of the Las Vegas normal university, of the results of the Binet intelligence tests which he conducted in many of the high schools of the state, Raton heads the list with a score of 105 out of a possible score of 120. The nearest competitor, Alamogordo with a score of 102. The other schools range from Raton's score of 105 to below 90. These tests were conducted during March and April of the present year. The score made is the general average of all students taking the tests, which include practically all the students in the high school. It was pointed out by Dean Carmon that the final score revealed that the high school students at Raton consisted of highly selected groups due to the fact that teachers in the eighth grade, as well as from grade to grade, were strict in their requirements for promotion. This strictness is undoubtedly due to the high grade of teachers employed in the Raton schools. All the new and most efficient methods of teaching are employed by the teachers in the Raton schools and pupils are carefully selected for promotion from grade to grade. Intelligence tests are given the children from time to time to properly place them in the right grade where they can get the greatest amount of instruction. This wise selection, close grading and good teaching are probably responsible for the excellent score made by the pupils in the Colfax county high school.

The high school teachers are able to do unusually high-grade work in the class room because of the superior intelligence. This means that the efficiency of the schools in Raton has been increased and that the taxpayers are getting a maximum return on their money in education.

The score of the seven highest schools are as follows:

Raton	105
Alamogordo	102
Roswell	100
Carrizozo	99
Normal high school	98
Dawson	94
Santa Rosa	93

According to one beauty expert, the finest complexion in the world are nearly always found on red-haired girls.

By payment of a lump sum of approximately \$100,000 the American army has recently cleared up all outstanding war contracts with Great Britain.

REPORT UNREST AMONG LABOR IN WESTERN JAPAN

(By The Associated Press.)
Tokyo, Nov. 8.—Industrial disputes and land troubles are churning western Japan into a spirit of unrest and discontent, according to the Asahi.

Rumors that three thousand workmen would be dismissed by the Kawasaki dockyards in Kobe following the launching of the superdreadnaught Kaga early this month greatly excited the laborers. However, officers of the company met the report with a statement that such work would be supplied by the construction of the Atago, a still larger vessel than the Kaga.

Assertions that the plant of a foreign soap company at Amagasaki would be sold to a Kobe concern started one of the most serious agitations of the past week, which culminated with the workmen, who feared dismissal if the plant changed hands, asking the owners to fix a definite allowance.

Agrarian disputes have come to a head in the Hirota district near Kobe. In this section 300 farmers, following the launching of the vessel, demanded on the local landowners for a 25 per cent reduction in ground rent. The farmers' ultimatum gave the owners the alternative of according to their request or of seeing their crops at the height of the harvesting season left to rot. The agrarian agitation also is spreading to neighboring districts.

FAVORABLE TURN TAKEN IN NEGOTIATIONS OVER NAVAL RATIO QUESTION

(Continued from Page One.)
that it would be wiser to permit continuous building of at least one capital ship by each power in order that the art of battleship building should be retained and developed as the years bring developments in shipbuilding lines generally.

See Many Obstacles.
Other officials see too many obstacles to such a modification to warrant its adoption. It is pointed out that Japan has two ships in addition to the Mutsu now building and the United States fifteen to be scrapped. Twelve of the American fleet, however, and two of the Japanese are beyond the 35,000 ton capacity ship maximum, the limit proposed. They must be scrapped in any event. That would leave the United States with the Colorado, Washington and West Virginia still afloat and running at 50 per cent complete on their hands and Japan with the Mutsu, should that vessel finally be excluded from the retained fleet, and one other well advanced toward completion.

Work Is Already Done.
If these ships were put in "cold storage" until they could be brought out to replace twenty years old vessels in the United States fleet, it was argued there would be no value to naval engineering or the shipbuilding art in the modification of the ten-year holiday plan. The work is already done and there would be virtually no capital shipbuilding in Japan and the United States during the ten-year period. It is not to be expected, it was said, that either nation could scrap these new and unused ships and then begin building practical duplicates to keep up shipbuilding. The situation is wholly different with Great Britain, which has no capital ships actually under construction and could begin replacement building at once. It was pointed out, on a modification of the holiday plan, it would be year before actual construction work began, however, while plans were prepared for a ship within the 35,000 ton limit.

That brings up the question in the minds of experts as to how much improved in type the new British ship would be as compared to the American Maryland class and the Japanese Mutsu class.

In view of all these considerations some officers believe it would be wise to return to the Hughes plan of cutting down all building for a decade.

The 272nd United States Infantry, composed of negroes, contributed a large sum of money before leaving France to erect a monument to their comrades who had fallen in battle.

Chamberlain's Cough Remedy the Mother's Favorite.
The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and effectual cures have made it a favorite with people everywhere. It is especially prized by mothers of young children for colds, croup and whooping cough, as it always affords quick relief and is free from opium and other harmful drugs.

CALIFORNIA VARSITY WON'T MEET CENTRE

(By The Associated Press.)
Berkeley, Calif., Dec. 2.—The executive committee of the University of California student body today reached a definite decision not to play Centre College of Kentucky in a football contest at San Diego, December 26. This action, they conveyed at once to a delegation of promoters who came to the institution today from San Diego, headed by E. B. Gould, president of the chamber of commerce of that city.

The reason given was that Christmas examinations at the University of California came so late that after participating in them the football players would not have sufficient time for training before the game.

The executive committee also considered today the proposal of playing Washington and Jefferson College January 2 at Pasadena. Unable to reach a decision, however, adjournment was taken until tomorrow, when definite announcement of the course to be taken probably will be announced, it was said.

Danville, Ky., Dec. 2.—The Centre football team will play the winner of Saturday's game between the University of Washington and the University of Southern California eleven on December 26 and will not play any other games while in the Pacific conference declared Dr. F. T. Rainey, chairman of the Centre College committee on athletics, when informed tonight that Arizona university officials expected the winner of the Arizona-Whittier College contest to play the Colonels on New Year's.

Today-The Last Day of the RED STAR Demonstration

There are scores of Red Star users in Albuquerque who boost the Red Star because of its great economy and because it is as efficient and easy to use as a city gas range. Today is the last day of the Red Star demonstration at Raabe & Mauger. Remember the Red Star is the stove that burns 19 to 23 hours on one gallon of kerosene, the stove that bakes angel food cake in forty-five minutes, roasts a 3 lb. pound chicken in seventy minutes and bakes flaky baking powder biscuits in less than ten minutes. For your own information whether you need a cook stove or not you should see the demonstration today of this peer of all oil stoves. Why just think of it! It is so economical that people who live right in natural gas fields are replacing their gas stoves with Red Star Oil Stoves because of their economy.

The Last Day to Get the Five-Piece "Mirro" Aluminum Set Free

Today is the last day that a five-piece set of the famous "Mirro" aluminum still be given with each Red Star stove sold. Remember that the Red Star prices have been reduced.

Special Demonstration Terms

A small deposit will place the Red Star in any home in Albuquerque. The balance is distributed over a period of time so generous that it makes Red Star ownership easy.

The Red Star is the Oil Stove that:

- Uses No Wick or Substitutes
- Burns 19 hours on 1 gallon of Fuel
- Produces more heat
- Costs less to operate
- Cooks and Bakes Perfectly
- Requires less attention
- Produces the best results

Here are Five Points of superiority that every one should know about.

- (1)—The durable 8½-pound burner is without wicks or wick substitutes. Is more economical than coal, wood, gas or electricity. The heat is directly under the cooking utensil.
- (2)—Positive valve control regulates heat like city gas. A quick, hot fire or a slow, steady fire by simply turning the valve.
- (3)—Double fire oven bakes perfectly as fast as a gas range. Linings are rust resisting. Glass door. Handle always cool.
- (4)—Convenient, full length high shelf. Fuel supply back of stove. Double tank makes refilling easy.
- (5)—Black enamel finish requires no blacking. Easily cleaned with a dry cloth. All nickel parts highly polished. Looks like a gas stove.

ARBUCKLE CASE IS GIVEN INTO HANDS OF JURY

Friday Taken Up With Final Arguments, Instructions and Deliberations; Court Room Is Crowded.

San Francisco, Calif., Dec. 2.—The jury in the case of (Fatty) Arbuckle, on a charge of manslaughter, failed to agree on a verdict after four hours and fifteen minutes' deliberation today and was sent back to the court at 11 p. m. with the announcement that it would continue its deliberations at 10 a. m. tomorrow.

(By The Associated Press.) San Francisco, Calif., Dec. 2.—The manslaughter case of Roscoe C. (Fatty) Arbuckle went to the jury at 4:15 p. m.

Arbuckle is accused of having fatally injured Miss Virginia Rappe, a motion picture actress, during a party in his rooms in the Hotel St. Francis September 5.

The case has occupied the court for approximately three weeks. The jury's entire session was taken up with final arguments, instructions to the jury and jury deliberation.

Gavin McNab, chief defense counsel, opened the session today with a constitutional argument. He was followed by Milton U'Ren, assistant district attorney, whose summation lasted nearly an hour.

The court room was crowded throughout the day and the adjoining corridors also held an anxious, crushing crowd that taxed the ability and good nature of the augmented police guard.

Arbuckle appeared to show deep interest in the arguments, especially that of McNab, who characterized him as "a great artist who has sweetened the lives of millions of little children."

McNab attacked what he termed the "imprisonment" of two prosecution witnesses, Miss Zey Provost and Miss Alice Blake, show girls, by the district attorney in order to coerce them into giving testimony beneficial to the prosecution's case.

He said that the "forces of law and order should not assume the leadership of a mob," adding that "had Arbuckle told at the time of his arrest the simple story that he told on the stand, God knows what would have happened to him."

U'Ren referred to Arbuckle as a "Balaazar sitting on his throne and pouring wine" during the party in the Hotel St. Francis.

"Thank God, he has been told, as Balaazar was told, that his kingdom is divided and his reign is over," U'Ren said.

Asked at the cessation of final arguments what his future plans were, Arbuckle said he would make no statement "until the thing is out of the way."

He remarked that the final argument of Gavin McNab, or "the old man," as he characterized him, had not been answered adequately by U'Ren. The prosecution reiterated its hope for a speedy conviction.

Alternate Juror Hopkins said that the jury had been watched closer than any other in San Francisco for twenty-five years.

They censured our mail, both incoming and outgoing," he said. "We each had a separate room at the hotel where we stayed and were watched like hawks by the four deputy sheriffs who guarded us. They certainly did their duty well."

"The newspapers were carefully kept from us. I have no idea of what has happened in the world for two weeks."

Hopkins told a representative of the San Francisco Call that in his opinion the prosecution had failed to prove its case and that the jury would be four or five hours in reaching a verdict.

At 6 p. m. the jury was given a dinner recess until 8:30 p. m. The jurors, heavily guarded, were taken to their hotel.

EASTERN STAR NAMES OFFICERS FOR YEAR

Officers of the Eastern Star for the coming year were elected last night at the Masonic temple.

Following are the names of the officers: Mrs. C. D. Clark, worthy matron; Arthur Culver, worthy patron; Mrs. Samuel Livingston, associate matron; Mrs. Thomas Morris, conductress; Mrs. Mary Shuffelbarger, associate conductress; Mrs. C. W. Potter, secretary; and Mrs. Catherine Harsch, treasurer.

The appointive officers will be announced later.

SPANISH DRAMA TO BE STAGED ON DECEMBER 4

Club Progresista Will Present "Juan Jose" for Benefit of Heating Plant of New Church.

Juan Jose, a Spanish drama by Joaquin Dicenta, a well known playwright, will be the crystal theater under the auspices of the "Club Progresista" and the League of the Sacred Heart church. The proceeds of the entertainment will be contributed to the heating fund of the new church.

The performance will begin at 8 o'clock and will be presented entirely in Spanish. The story of the play is the struggle of Juan Jose, a poor laborer, against the machinations of the wealthy Peco for the love of Rosa, Juan's wife.

The play is in three acts, the first taking place in a bar room, the second at Jose's home and the third in two scenes, one in a prison yard and another at Peco's home.

The organizations which are presenting the play are composed of a group of people of the Sacred Heart congregation who have given several Spanish plays for the benefit of the new church recently completed.

The present undertaking is to raise money to install a heating plant in the building. All of the actors had considerable experience in home talent Spanish productions.

The cast is as follows: Rosa, Mrs. Juanita G. de Gonzales; Tenuela, Miss Melita Sedillo; Sena Ialdr, Miss Silvana Vigil; Juan Jose, Guadalupe A. Contreras; Peco, Jose Ramon Andres; Antonio Huguera; El Cano, Alfredo Baca; Ignacio, Alfredo Baca; Perico, Pablo Garcia; Tabernero, Magdalena; Gonzales, Un cabo de presidio; on mas de taberna, Feliciano Chavez; G. A. Contreras, is directing the play and Manuel C. Garcia will act as prompter.

GOVERNOR'S DAY CELEBRATED AT LIVESTOCK SHOW

Illinois Cleans Up in the Suffolk Horse Division; Record Price is Paid for Champion Barrow.

Chicago, Dec. 2.—Governor's day was celebrated today with several state executives from leading livestock and agricultural states, attending the International Livestock Show. Judging of livestock was concluded today. In the Suffolk horse division the Hawthorne Farm of Lake county, Illinois, made a grand clean up, getting the champion stallion award, the champion mare, and a host of lower prizes.

B. F. Davidson, of Menlo, Iowa, won five of the six principal awards in the large Yorkshire swine class. J. F. Brethour and nephew of Burford, Ont., winning one of the titles.

The University of Minnesota today received 33 1/2 cents a pound for its grand champion barrow of the International Livestock Exposition. This was said to be the highest price ever paid.

The first ten prize Hereford bulls went for an average of \$148. Top prize of \$280 was paid for the junior yearling bull, Good Donald 37th to W. and E. G. Good, of Grandview, Missouri.

Among the prize winners in livestock were:

Breeding short horn cattle: Young herd entry of Allen Cattle company, Colorado Springs, Colo.

Large Yorkshire swine: Age group—Entry of B. F. Davidson, Menlo, Iowa.

Senior boar pig—Entry of B. F. Davidson.

Aged sow—Entry of B. F. Davidson.

Young herd—Entry of B. F. Davidson.

Senior champion boar—Entry of B. F. Davidson.

Junior champion sow—Entry of B. F. Davidson.

Grand champion boar—Entry of B. F. Davidson.

Grand champion sow—Entry of B. F. Davidson.

Breeding Percheron horses: Three mares, any age—Entry of J. O. Singmaster and Sons, Keota, Iowa.

Milwaukee, Wis., Dec. 2.—Mel. Coogan, Brooklyn, outpointed Tony Dennis, Milwaukee, and Eddie Boehme, Milwaukee, ahead of Tony Carter, El Paso, Tex., in ten round no-decision bouts tonight, sporting writers agreed. All boxers are lightweights.

Buy her a Red Star for Christmas—See it at the demonstration sale. Last day today at Raabe & Mauger.

MAY BECOME U. S. ENVOY TO AUSTRIA

Dr. Emanuel Baruch.

The name of Dr. Emanuel Baruch, prominent New York doctor, has been presented to President Harding as a possibility for the post of American ambassador to Austria. The suggestion was made by a delegation representing the United Societies of American Citizens of German Ancestry. Dr. Baruch was born in San Francisco. He was educated abroad and is well known in Europe through his visits there as U. S. representative at various medical conferences.

MORSE TOLD TO TAKE THE FIRST BOAT FOR HOME

Probe of His Transactions With the Shipping Board May Have to Await His Return From Havre.

(By The Associated Press.) Washington, Dec. 2.—Attorney General Daugherty tonight called C. W. Morse of New York, now at Havre, France, to take the first back.

"Desired you return immediately," the cable read. "Take first boat back."

The cable was sent in reply to one from Mr. Morse, saying: "Come here to consult my physician regarding operation. Written, be glad to return when you desire."

GOVERNMENT'S NEXT MOVE NOT DISCLOSED

Washington, Dec. 2.—Developments in the case of C. W. Morse of New York, whose transactions with the shipping board are under federal investigation, appeared tonight to await his return from France.

While it was announced at the shipping board that Morse had been stopped at Havre after having "fled the country" on learning of the board's investigations, the government's next move was not disclosed.

However, Elmer Schlesinger, general counsel of the board, said that with the co-operation of Attorney General Daugherty and the state department such developments had been taken as in their opinion were necessary to secure the return of Mr. Morse.

Morse's reported willingness to come back was met by department of justice officials to simplify matters, although officials discussed the possibility of a warrant being obtained against him on which his extradition could be asked of France.

The department's action was as yet undetermined, it was said tonight.

Charges that "a deliberate effort had been made to persecute and defame Mr. Morse" were made in a statement tonight by his attorney, W. J. Lambeth.

Microzone cures roup; it has been very dry this fall and the disease is worse than usual. It is easily cured with microzone. Plain, simple directions on every bottle, 25c, 50c and \$1.25. Telephone 16. Delivered any part of the city.—E. W. FEE

MORSE SAYS HE IS WILLING TO RETURN TO U. S.

If Arrested, Will Fight Extradition; Otherwise He Will Come Home Voluntarily, He Declares.

Havre, Dec. 2 (By The Associated Press.)—Charles W. Morse, American shipbuilder and financier, arrived today from New York on the steamer Paris, but was detained for a time aboard the vessel by request of the American consulate. He was released docked, Mr. Morse, who had heard that his presence was desired in the United States, declared he was willing to return voluntarily. He made it clear that if arrested he would fight extradition, but if allowed to return of his own free will, he was ready to start at once.

Permission for him to leave the steamer came after a conference with the police officials had with American Consul General Ingram.

Mr. Morse went to a hotel where he is understood to will remain until the steamer Paris sails.

Mr. Morse has been "requested" to return to America as an undesirable alien "was the official explanation made by the French police officials tonight."

"They are trying to convert a civil case into a criminal charge," Mr. Morse told the Associated Press correspondent. "This so-called investigation has been going on in Washington since July. I have been in Washington twice since, but this case must come out of a clear sky by wireline while I am 1,500 miles away from home."

"There is no mystery about my trip. I have come here to consult Professor Machiavelli, of Rome, a famous physician to the pope. An X-ray taken a few months ago showed that my left kidney is full of stones. An operation was decided upon to remove the organ."

Mr. Morse said he had been told by Chief Nampel of Roukili, who has given him food, clothing and medicine.

"Chief Nampel has American blood in him, speaks English well, and is a man of sterling integrity," said Dr. Hobbs. Howard's case was laid by Dr. Hobbs before Acting Governor Charles E. Yeater of the Philippines.

Switzerland has fewer beggars than any other civilized country.

FIVE INCHES OF SNOW AT COLORADO SPRINGS

(By The Associated Press.) Colorado Springs, Colo., Dec. 2.—Snow which started falling at 11 o'clock this morning and continued intermittently through the day, was estimated at five inches deep at 10 o'clock tonight.

SPARE NO COST TO PROVIDE FOR BLOODY BATTLE

The annual battle-royal between the lounge bards and the tea-hounds of the university will take place this afternoon when the Yankigans meet the Hooligans in a football game which the management hopes and expects, will prove the bloodiest and most ferocious game ever seen on university field.

No expense has been spared, it is said, to make this afternoon's spectacle the most awful slaughter ever seen outside a Roman arena. A corps of trained physicians with a small army of nurses will be stationed near the sidelines to give first aid to sprained ears and broken collar buttons.

The public, or that part of it which does not fear to behold the ferocious clash of infuriated tea-hounds, will be present at the game, and to prevent the crowd from becoming too large and breaking down the bleachers, the management will charge a fee to go for the purchase of cigarettes and the hospital bills of the injured.

The game will start at 2:30 o'clock.

MARONED 20 YEARS ON LONELY ISLAND IS AN AMERICAN'S FATE

(By The Associated Press.) Manila, P. I., Dec. 2.—Shipwrecked and marooned for 20 years on one of the Caroline islands is the experience of an American, James Howard, a survivor of the American bark, Horatio, which went on the shoals of Kunal Island in 1901.

In 1921, the island of Howard's condition was brought here by Dr. William H. Hobbs of the University of Michigan, who has been engaged in scientific research work in the Caroline group.

Dr. Hobbs said Howard was marooned for the natives and finally became agent at Panope for a German trading concern, which place he held until the Japanese took over the island, under the mandate from the league of nations.

A year and a half ago, a stroke of paralysis made Howard almost helpless and unable to work. Since that time he has been taken care of by Chief Nampel of Roukili, who has given him food, clothing and medicine.

"Chief Nampel has American blood in him, speaks English well, and is a man of sterling integrity," said Dr. Hobbs. Howard's case was laid by Dr. Hobbs before Acting Governor Charles E. Yeater of the Philippines.

Switzerland has fewer beggars than any other civilized country.

GENERAL STRIKE OF COAL MINERS IS THREATENED

Independent Mines in Colorado Must Reduce Wages to Compete With the C. F. & I Co., Is Claim.

(By The Associated Press.) Walsenburg, Colo., Dec. 2 (by the Associated Press.)—Interest in the coal miners' strike in Huerfano county shifted today to the so-called independent mines not owned by the Colorado Fuel and Iron company, following posting of notices of wage reductions at four of these mines yesterday.

Mine operators here said tonight fifteen other independent mines must reduce the wages of miners in order to allow them to compete with the Colorado Fuel and Iron company which this week cut its prices on certain grades of nut and lump coal one dollar a ton, following a reduction in wages of 30 per cent. This wage reduction by the Colorado Fuel and Iron company resulted in a strike in the mines of the company in southern Colorado and the closing down of eight company properties in other parts of the state.

Miners employed at the four independent properties will not accept the reductions put into effect yesterday without a strike, Robert Foster, international organizer for the United Mine Workers of America, announced tonight.

He predicted a general strike of coal mine workers in Colorado if posting of notices of reductions continue.

BRIDGE MATERIAL IS SENT BY PARCEL POST

(By The Associated Press.) Walsenburg, Colo., Dec. 2.—Parcel post was used recently to bring to Walsenburg material for a cable suspension bridge across the Trinity river near here.

The bridge is 240 feet long and seven feet wide and nearly all the construction is of steel. All the material, except the flooring, which was cut here, was shipped from Sacramento in the mail. The bridge is destined for pedestrians and saddle horses.

COLORADO RANCHER IS CONVICTED OF MURDER

(By The Associated Press.) Julesburg, Colo., Dec. 2.—J. J. Baker, a rancher, was convicted of murder in the first degree by a jury in the district court here today for the killing of Ralph Rozell, prominent clothing merchant, last July. The jury was out eleven minutes. Judge L. C. Stephenson sentenced Baker to life imprisonment.

Baker was alleged to have shot and killed Rozell in the law offices of Rawlins & Trerick here last July 13. The defense plea was temporary insanity. The prosecution attempted to prove the murder was cold blooded and premeditated and denied charges of the defense of clandestine relations between the slain man and the defendant's wife.

Baker has four children. Out of a total of 548 army officers in a recent firing test at Camp Benning, in Georgia, 383 qualified as experts, 99 as sharpshooters and 53 as marksmen.

BRITISH PRIME MINISTER WILL VISIT AMERICA

Lloyd George Plans to Leave England Dec. 12 to Attend the Armament Conference at Washington.

(By The Associated Press.) London, Dec. 2.—(By The Associated Press.)—Prime Minister Lloyd George, it was learned this afternoon, is definitely planning to leave England for the United States December 12 to attend the Washington armament conference.

It is understood Mr. Lloyd George is planning to go to Washington in the belief that the apparent impasse in the Irish negotiations is one which time may help to solve. An eventually which might conceivably offer greater obstacles to the premier's early trip is the necessity for France and Great Britain to formulate a clearer and more unified policy regarding German reparations.

Government officials pointed out that neither Ulster nor Sinn Féin were likely to be willing to take the consequences should Mr. Lloyd George be prevented from being present at the Washington conference on their account.

The reported plans of the British delegates attending the Washington conference to go to New York Monday are interpreted as indicating their reluctance to make final decisions, so far tentatively reached in Washington, because of the possibility of Mr. Lloyd George's participation. There was an impression in official circles today that the conference proceedings were being "soft pedaled" upon the receipt of word from London that the premier might soon join in the deliberations.

"MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is As Bright and Cheery and Her Cheeks Are As Rosy As Ever.

SHE CAN NOW KEEP UP IN HER CLASSES

"Only a Mother Can Understand What I Suffered When I Saw My Daughter Slowly Wasting Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Tanlac," said Mrs. Mary Smith, of Providence, R. I., a suburb of Providence, recently.

"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very yellow color, her tongue coated over, she complained of a bad taste in her mouth, dull headaches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor.

"She had always stood high in her studies, but now her reports were so bad that her teacher called

HUNGARIAN CROWN IS WORTH THE STRUGGLE MADE BY EX-EMPEROR

(By The Associated Press.) London, Dec. 2.—The crown of Hungary is undoubtedly worth the struggle made by former Emperor Charles of Austria-Hungary to obtain it, being one of the most ancient and most curious of the royal diadems now in existence.

It is made up of two parts. The first crown was offered by the pope to Duke Stephen in the year 1000; the second was given by the Emperor Michael to Duke Geisa in 1072.

This latter crown bore a curious inscription which spoke of the duke as the king of the Turks.

Duke Geisa had the two diadems welded together, the papal crown forming the lower part and the Byzantine jewel the upper part.

The dual crown was jealously guarded in the royal museum at Budapest, and was only taken from its case for coronation ceremonies.

In 1849, in the course of the rising, when Kossuth endeavored to obtain the independence of his country, he came into possession of the royal crown which he buried at Orsova when he was obliged to seek safety in flight.

The secret, however, was not well kept and the Austrian government finally discovered the crown in its hiding place.

Delegates to the Older Boys' conference held at Las Cruces reported the meeting at the noon luncheon of the H-Y club at the Y. M. C. A. yesterday. All ten of the delegates returned from the meeting with enthusiasm for the higher type of high school life and with many suggestions for increased high school activity. The delegates returned Monday evening.

"A challenge of service" was the general theme of the conference and many addresses were given showing how students can get more benefit from their high school life.

On me find out why she had gone back so in her lessons. When I asked her why she had failed so in her school work she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her.

"Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live, and have shed many a tear over her condition. In fact, my husband and myself, both, were downright sick from worry over her, and yet, nothing did her any good.

"One day my husband said, 'Why not have Mary try Tanlac?' Each morning I have read in the papers of someone being helped by it and it may be what she needs."

"Well, I had tried everything else, so as a last resort I had Mary try Tanlac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been wanting to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as round and rosy as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Tanlac is unbounded."

Tanlac is sold in Albuquerque by the Alvarado Pharmacy and all other leading druggists everywhere.

Adv.

DEMOCRATS MAY HAVE ABUNDANCE OF CANDIDATES

"State Makers" Are Busy With Suggestions for Possible Nominees in the State in 1922 Campaign.

If the political prophets at Santa Fe have the correct information, there will be no dearth of democratic candidates for congressional seats at the next year's election.

According to the New Mexican, some of them have announced, some are in a "receptive mood," while others have been favorably mentioned.

Anyhow, here's the list: United States senator—A. A. Jones, Las Vegas; A. H. Hudspeth, Carrizozo; O. N. Marron, Albuquerque; John W. Poe, Roswell.

Representative in congress—F. C. de Baca, Las Vegas; John F. Simms, Albuquerque; D. K. B. Sellers, Albuquerque; Paz Val Verde, Clayton; H. M. Dow, Carlsbad; T. D. Leib, Elton; H. A. Kiker, Elton.

Governor—Arthur Seligman, Santa Fe; John Morrow, Elton; H. J. Hall, Chama; W. J. Lucas, Las Vegas; J. D. Atwood, Roswell; Walter M. Connell, Albuquerque.

Supreme court—Judge Samuel G. Branton, Clovis; C. R. Brice, Roswell; Sam Stevens, Carlsbad; R. R. Ryan, Silver City; Summers Burkhardt, Albuquerque; H. L. Patton, Clovis.

Secretary of state—A. P. Hill, Santa Fe; Rafael Garcia, Albuquerque; Mrs. Tom Doran, Santa Fe; Eugenio Romero, Mora.

Attorney general—J. S. Vaughn, Deming; E. B. Glarea, Albuquerque; Dillard Wyatt, Roswell; L. H. Taylor, Clayton; A. T. Hannett, Gallup.

Treasurer—Mrs. Emily LaBelle, Albuquerque; E. M. Bricker, Carrizozo; W. W. Nicholas, Clovis; Juan Vigil, Taos; J. G. Bryant, Portales; A. G. Simms, Albuquerque; Jackson Agee, Silver City.

Land commissioner—Jim Hinkle, Roswell; Coe Howard, Portales; A. L. Zinn, Tucuman; H. B. Gerhart, Stanley; Charles Dennis, Clovis; John W. Turner, Silver City.

Auditor—Mrs. W. F. Kirby, Tucuman; Ed Tafey, Santa Fe; Tony Ortiz, Albuquerque; C. C. Crenshaw, Tularosa.

Leutenant governor—Mrs. Frances Nixon, Fort Sumner; F. G. Hartall, Artesia.

School superintendent—Mrs. Anna W. Strunquist, Albuquerque; Miss Isabel Eckles, Silver City; E. L. Lusk, Elkins.

Corporation commissioner—Borlacio Montoya, Bernalillo; J. J. Heaney, Albuquerque; E. E. Swope, Albuquerque.

A reception committee composed of representatives of civic organizations has been appointed by Walter M. Connell, chairman of the city commission, to meet John T. Pratt of New York city, on the occasion of his visit here.

Mr. Pratt is chairman of the national budget committee, representing Charles D. Dawes, director of budgets. He is making a rapid tour of the country, visiting forty-eight states in less than thirty-two days. He will speak in Albuquerque on Thursday evening, December 8, at the high school auditorium.

The committee appointed by Mr. Connell is composed of members of the city and county commission, Dr. David Spence Hill, president of the state university; Dr. David Ross Boyd, president of the Rotary club; Henry G. Coors, Jr., president of the Kiwanis club; G. E. Breece, president of the chamber of commerce; J. B. Herndon, president of the State National bank; J. M. Reynolds, president of the First National bank; A. G. Simms, president of the Citizens National bank; Mrs. J. G. Gould, president of the Woman's club; Mrs. E. J. Sison, president of the Business and Professional Woman's club; John Milne, superintendent of city schools; city school board; Miss Irene Burke, superintendent of county schools; county school board; state senators and representatives.

Plans are being made for a large meeting at the high school when Mr. Pratt is to speak. The subject of his talk will be the national budget system and the necessity of such a check upon the government expenditures.

EXECUTIVE BOARD OF CATTLE ASSOCIATION TO MEET AT ROSWELL

Albuquerque members of the executive board of the New Mexico Cattle and Horse Growers' association will leave today for Roswell to attend the board meeting to start there December 4.

A number of important questions will come before the meeting, including the discussion of the proposed reduction of state land prices and leasing fees.

A reduction in land taxes will also be discussed and more definite plans for the establishment of co-operative marketing will probably be made. Miss Bertha Benson, secretary of the association, will leave for Roswell this evening.

VACCINATION OF ALL PERSONS IS URGED BY BOARD

State and County Health Departments Are Active in Keeping Down Number of Smallpox Cases.

"With black smallpox, the most malignant form of the disease, again invading the country, every man, woman and child should take steps to keep it from New Mexico and Albuquerque," Dr. J. F. Docherty, county health officer, declared yesterday. "Every person in the county should be vaccinated as that is the one accepted precautionary measure."

After an absence of several years black smallpox has again appeared in the United States and in some states many deaths have been reported from this disease, according to a report issued by the state health department.

"In the face of the general increase of prevalence of the disease, New Mexico has made an enviable record," the report states. "There has been a marked decline following the organization of the health department and the general vaccination of school children in the state."

"Last summer there was a stretch of fourteen weeks when the disease was absent from the state entirely, which was a reversal of conditions prevailing in former years. At no time has the number of cases reported in any one week risen above eight since the middle of 1920. Before that time about twenty to thirty cases a week were reported in the state."

"This condition has been due entirely to the co-operation of teachers and parents in having all school children vaccinated, for the decrease in cases paralleled closely the adoption of this preventive measure in the schools."

The Bernalillo county health department pays regular visits to the various schools, giving general physical examinations and vaccinations. Dr. Docherty is assisted in this work by a corps of competent nurses.

Provision has been made by the health department for the vaccination of indigents and the preventive measure is available to all at the lowest possible cost.

PAVING ON CENTRAL AVENUE WILL NOT BE FINISHED THIS WEEK

Surfacing of the paving on East Central avenue has been progressing rapidly during the last several days, but the work will probably not be completed today, as was expected. It was planned by the contractors to start surfacing Monday, but an accident to the machinery delayed the work for more than a day and engineers in charge of the contract stated last night that the street would probably not be open to traffic until Wednesday.

BOYS' SECRETARY TO TAKE LADS ON HIKE

Albuquerque boys over ten years of age will enjoy a hike today under the direction of L. E. Wilton, Y. M. C. A. boys' secretary. The boys will meet at the "Y" at 9 o'clock with their lunches and will hike down the river. Any boy in the city who is more than ten years old is invited to enjoy the outing. The party will return about 4 o'clock this afternoon.

Theaters Today

"B" Theater—"Across the Divide," with Rosemary Theby and Rex Ballard as the leading stars, is being repeated today at the "B" for the last time; also repeating the two-act Monty Banks comedy, "The Kidnapper's Revenge."

Lyric Theater—Corinne Griffith, as the leading star in "Single Track," is being repeated today for the last time; also repeating "Beyond the Trail," with Tom Santschi as the star.

Pastime Theater—For the last time today, Dustin Farnum as the main character in "The Devil Within," will be seen at the Pastime; also repeating the Sunshine comedy, "Who's Who."

"IT PAYS TO SMILE" WITH MAY ROBSON, AT CRYSTAL, DECEMBER 8

Financial worries are almost obliged to come sooner or later even in the best regulated families and there are sure to cause more discussion in the home than all the rest put together.

Picture if you can a woman who has been raised in the old puritanical atmosphere, whose blue blood dates back to the nobility, whose life has been spent in the shadows of her ancestors, the hustle and bustle of the outside world never touching her, and at the age of fifty being forced to earn her living.

Her entrance into the world of workers is so full of real honesty and good principles that she wins everyone's heart.

May Robson, the most charming of American actresses, is adding another star to her crown of successes and the public is thoroughly enjoying "It Pays to Smile."

The cast has been selected very carefully and includes several well known names. "It Pays to Smile" will be seen at the Crystal Opera House, Thursday night, December 8.

Buy her a Red Star for Christmas—See it at the demonstration sale. Last day today at Raabe & Mauger.

RHEUMATIC ACHES QUICKLY RELIEVED

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches. It penetrates without rubbing.

You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, rheumatism and sprains.

At all druggists—35c, 70c, \$1.40.

FIVE DIVISIONS ANNOUNCED FOR Y. M. C. A. DRIVE

200 Minute Drive to Start Tuesday Morning; Activities Board Plans the General Campaign.

Members of the Y. M. C. A. activities board completed general plans last night for the "200 minutes in 200 minutes" drive which starts Tuesday morning.

The drive will be in the form of a sales campaign, J. B. Herndon,

being sales manager in charge of the operations of the various divisions. Plans will be completed at the dinner to be held by the salesmen at the "Y" Monday evening at 6 o'clock.

There will be five divisions of salesmen, including industry, banks and retail, professional, wholesale and jobbing, and federal employees.

Representation in the divisions will be as follows: Industrial—Railroad employees; craftsmen of all industries; men not classed as above, but who properly belong in the industrial division.

Banks and retail—Bankers and bank employees; insurance agents and solicitors; realtors; every line of merchandising.

Professional—Doctors, lawyers, teachers, clergymen, dentists, university and business college students; employees of these branches.

Wholesale and jobbers—Wholesalers of coal; groceries, dry goods,

lumber, machinery, auto dealers, brokers, etc.

Federal employees—All persons employed by the federal or state government.

The time limit on the drive is 200 minutes, divided equally on Tuesday and Wednesday mornings. Regardless of the number of members secured, the drive will close at the expiration of the 200 minutes.

Philadelphia, boxing experts are picking Bobby Barrett as the most likely candidate for Benny Leonard's lightweight crown. Barrett is only 19 years old and has had just seven battles to date, winning all of them by the K. O. wallop.

Oyster shell, Charcoal, Granite grit. And everything else fowls should have.

ROSENWALD'S

GROCE-TOTE

'HELP YOURSELF TO SAVE'

OPENS TODAY

With A Complete New Stock of

GROCERIES

Rosenwald's Groce-Tote, which has been closed the last two days for re-stocking will re-open today with a complete new stock of staple and fancy groceries.

Rosenwald's Groce-Tote has always lead Albuquerque in consistently low prices. The slogan, "Everything costs less every day," really meant something.

It will continue to mean something.

There are several good reasons for Groce-Tote prices being lower than others in Albuquerque. First, it is charged no rent. Second, lights, heat, executive salaries and other items of overhead, which are reflected in the selling prices at other grocery stores, are not charged against the Groce-Tote.

There is no trick in the lower prices. Any store able to entirely eliminate the items of overhead could sell for less. Visit the Groce-Tote today. Inspect the new, fresh stock—and remember, you'll need two days' supply of groceries today to carry you over Sunday.

BEAUTY CHATS

By Edna Kent Forbes.

ANOTHER CHAT ON HAIR TONICS.

I have talked a great deal about this new Pilocarpine Hair Tonic. One reason is that it is such a splendid tonic. I want every one

Different heads need different sorts of tonics.

of my readers to know about it. It is unfortunately expensive. Readers tell me they pay anywhere from \$1.50 to \$2.50 per bottle. This is because both the pilocarpine and the extra quality of coloring are expensive items. But it is surely

worth its price. Some readers say they don't like the odor. That comes from the cresol-like, which is an antiseptic, and which, I think, too valuable to leave out. After all, the odor is clean and evaporates quickly.

Different heads need different tonics. This pilocarpine tonic is a good general one because it contains something to stimulate the growth, to stimulate the color cells and to overcome dandruff. It can be used by anyone, but a very dry scalp needs either an oil tonic or an oil treatment combined with this. I usually advise a crude oil massage or a massage with sulphur ointment.

There are various treatments that are tonics. A shampoo with an antiseptic soap is a tonic because it cleanses the scalp so thoroughly. An egg shampoo is a tonic because the sulphur in the egg yolk is good for the hair. A thorough sunning whenever the weather permits is one of the best possible tonics, because there is something vitalizing in the warmth of the sun's rays. And a gently stimulating massage of the scalp every day using only the finger tips is a tonic because it brings up the blood to the roots of the hair. Sage tea is a tonic, but is difficult to use. Even the henna shampoo is a splendid tonic for the hair, to be considered a tonic.

Betty L.: For the small warts on the palms of the hands, try gentle friction each day by using either powdered pumice or a pumice stone. This is a white salt that is around the base of the larger one and it will drop off itself in a few days. Very large warts, or those on the face, should be cared for by a dermatologist.

S. B. V. R.: The daily use of buttermilk on the face will not fatten it, since this product has had all the fats removed from it in the process of making butter.

Hopewell: A girl of 15 years, height five feet three and a half inches, should weigh about 125 pounds. The condition of your skin shows that you need the doctor's prescription for you.

Social Calendar

Saturday.
Luncheon of City Pan-Hellenic at Alvarado at 12:30 p. m.
Miss Florence Waller will entertain at bridge for Miss Lorna Lester at 12:30 p. m.

Kappa Kappa Gamma dance at Woman's club at 8:30 p. m.
Dulcinea club will meet with Miss Mollie Chavez at 2 p. m.

THREE-PIECE SUIT HAS ODD TRIMMING

The three-piece suit comes to the fore every now and then, and when it does there is always something new and fascinating about it which makes it stand out among the numerous two-piece styles. This three-piece suit of French design is fashioned of lovely, soft wool velour. Unlike many of our American three-piece suits, the blouse is of an entirely different material. In this instance it is of a tomato shade of silk crepe made up in the long waisted effect and gathered into a band at the hips. The skirt, however, is the really noteworthy feature of the suit, for it is not the ordinary plain model. It is trimmed with an unusual knitted band which resembles fringe. The skirt is made in a wrapped style. It has the effect of a shawl wrapped about the hips. The trimming is tomato and gray and the coat is a full swaggar affair with a high collar that ties and loose, full sleeves. Large pockets are edged with the same trimming which appears on the skirt. Such a costume is suitable for wear as a gown or a street outfit.

EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

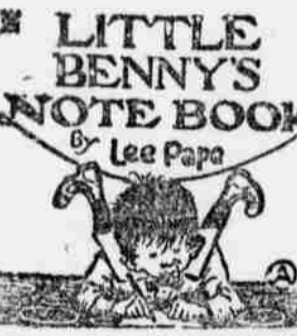

HELPFUL LETTERS FROM READERS.

R. L.: "Here is a recipe I discovered the other day. I call it 'Vegetable Pie.' Peel and cut into small pieces 4 or 5 potatoes, 2 large onions, 4 or 5 carrots, and 1-2 head of solid white cabbage. Put these ingredients into a sauce pan with water to cover and 1 tablespoon of salt and let cook until the potatoes have become mushy. Then take 2-4 cup of flour and mix it well with 1 cup sweet milk, piece of butter size of an egg, melted, and a dash of pepper and stir this paste gradually into the cooked vegetables. Let boil up until it thickens, then pour it

into a baking dish. Cover with a crust made from any baking powder biscuit recipe, and bake in a moderate oven from 20 to 30 minutes. This can be varied by the addition of 1-2 can of tomatoes. Turnips may be added if liked. I find it delicious and thought some of your other readers might like to have it."

Old Housekeeper: "With a family consisting of a husband and seven children, I don't have much time for anything but 'short-cut' ways of running my home. Here is one little discovery of mine that has saved me lots of work: I keep my paper bags from grocer, butcher and other tradesfolk and put one of these in every scrap basket in the home. Large bags are of course best to use in this way. The members of my family are instructed to throw their scraps and trash into the bag, not into the basket or into it. Then, when the bag is full, it is so much easier for me just to lift it up and take it down cellar than it would be to bundle up a basketful of loose scraps and take them. Try it!"

Semi-invalid: "I am not strong and do not go out much, as every year at Christmas time I enjoy making gifts that my entire family is to give to their friends. One thing I like particularly to make is this: Buy pillow tubing by the yard, cut it the size desired for fancy pillowcase, sew up one end of the tube, and mark out a large scalloped edge on the other end of the pillowcase by placing a butter 'pat' down and marking around it, then placing it down again—and so on until you go around the entire edge. Now turn under the raw edge of these large scallops, hem neatly, and crochet a simple edge over the flap hem. Then enclose the initial of the person who is to receive the gift, just

Ma was imbrodering imbroder in the setting room after supper, saying all of a sudden, 'This velvet is full of cheeks and grater! I never trust another person as long as I live.'

O. there must be one or 2 honest souls somewhere between head and China, way, wait it all about! See, pop.

It is about the biggest robber and cheat I ever came across in all my life, a person like that who is put in jail for the rest of his life and nobody's awt to associate with him, so me.

Well, if he was in jail his associations would be rather limited anyway, sed pop.

And so they awt to be, the big chest. I don't see how decent people can look him in the face without blushing, sed me, well I know he'll never get the chance to cheat me again, its a shame such people are allowed to live, much less go around cheating people.

Who is this Josey James, wat did he do to you? sed pop, and ma sed, Hec a auctioneer, the contemptable robber, I saw a red flag outside a house and a sine saying everything was going to be auctioned off by order of somebody or other for some reason or other, and I went in more out of curiosity than from any real interest, and people were bidding on a bedspread and it certainly looked beautiful the way the man held it up and I bid 15 dollars more out of excitement than because I really wanted it, and everybody stood round like a pack of fools without saying anything else and the auctioneer sed 'Sold for 15 dollars. And after I paid for it I noticed it was all three bars in spots and wasn't worth 5 dollars much less 15 and I made quite a scene but the auctioneer wouldn't take it back, the chest, but anyway I told him wat I thought of him for not saying it was three bars before he sold it. Its positively enuff to make a person lose their faith in human nature.

O well, you had your lewin and maybe the experience was cheap at 15 dollars, sed me, and ma sed, Well, as it happened, it didn't cost me that much after all because I sold it to Mrs. Hec for 20 dollars, luckily for me.

Help, watter, I feel faint, give me air, sed pop, and he got up and went out to take a wawk for some.

CARRIES WOMEN'S PLEA TO DISARM

Miss Kate Manicom, of London, has arrived in Washington as the representative of the International Federation of Working Women. She was appointed at the recent conference in Geneva and carries to the arms conference the plea of the women of forty-eight nations to bring about total disarmament as a guarantee of permanent peace.

RIPPLING RHYMES

By WALT MASON.

THE PEDDLER.

The peddler greets me at the door, and he has things to sell, some dope to stain a kitchen floor, a patent dinner bell; but I can buy them at the store from J. Augustus Snell. The peddler has no interests here, he doesn't pay the freight; he doesn't chip in every year to keep the tax list straight; and so I say, "Please disappear," and shoo him from the gate. It may be he sells better junk than Snell does at the store; but if I spend with him a plunk, I'll never see him more, and if I find his goods are punk, I'll be no use to him. But if at J. Augustus Snell's I buy a quilting frame, and find it

isn't wearing bells, its workmanship to blame, I seek that merchant where he dwells, and climb upon his frame. And he'll produce another frame, or else refund the cash; he can't afford to win a fame for selling worthless trash; it's up to him to play the game or see his business smash. And J. Augustus nobly stands when boosting schemes abound, and J. Augustus pays his tax without a doleful sound, and joins the boys who spin their backs to make the wheels go round. The peddlers to our village trek and then they disappear, and little, little do they rock what problems we may fear, but J. Augustus is on deck all through the fateful year.

above the scalloping. In the exact center of one side of the pillowcase, I make many pairs of these cases each year and they are greatly appreciated by the housekeepers who receive them.

"Another pretty gift I have been making this year are the new twine shopping bags in various colors. I wrote to Miss Kirkman to ask her the name of a firm that would sell me by mail the colored jute twine to crochet these bags, and she told me the name of a Boston firm that would sell them by mail—35c a ball. The colors are black, red, old blue, yellow, green, cream white, navy blue, cream straw, and a sort of cream pink. There! Please forgive a garrulous invalid if she has taken up too much column space but I do hope to see this printed, for I know it will help other women."

When You Are Constipated. To insure a healthy action of the bowels and correct disorders of the liver, take two of Chamberlain's Tablets immediately after supper. They will not only cause a gentle movement of the bowels, without unpleasant effects, but banish that dull, stupid feeling that often accompanies constipation.

HOW WOMEN OF MIDDLE AGE

May Escape the Dreaded Sufferings of That Period by Taking Mrs. Block's Advice

Hopkins, Minn.—"During Change of Life I had hot flashes and suffered for two years. I saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and got good results from taking it. I recommend your medicine to my friends and you may publish this fact as a testimonial."—Mrs. Robert Blocks.

Box 542, Hopkins, Minn. It has been said that not one woman in a thousand passes this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, sinking spells, nervousness, the eyes, dizzy spells, nervousness, are only a few of the symptoms. Every woman at this age should profit by Mrs. Block's experience and try Lydia E. Pinkham's Vegetable Compound.

TUBERCULOSIS

Dr. Glass has positive proof he is able to cure tuberculosis by inhalation in any climate. For further information address T. T. F. GLASS, INHALANT CO., MARION BUILDING, LOS ANGELES, CALIFORNIA.

THE NEW GENERATION

By JANE PHELPS

MARGARET ASSESTS HERSELF

CHAPTER 23.
"I must not evade the issue if I am to have any success asserting myself," Margaret said to herself, then smiled as she added: "I'll take the bull by the horns," as father used to say. So she asked: "What in the world made you compare my new dress with a ghost, Joan? Don't you think it is pretty?"

"It's an awfully silly dress, and—anyway, where can you wear it?" suspiciously.

"Anywhere I might be asked to the evening. My wardrobe is hopeless for going anywhere. I shall get it replected as quickly as possible. We will want to go somewhere this vacation, and I must have suitable clothes."

"I don't like you in such things." The decision in the young voice would have been laughable in anyone but Joan.

"I'm sorry, dear. I prefer you should like what I wear. But I allow you to select your own colors and I make your things to please you. I surely shall take the same privilege for myself."

"But what I can't understand is why you want to look and dress young all of a sudden." Again suspicion tinged her voice.

"Perhaps I have just wakened to the fact that I am young." "Why, you're old. You're my mother, and I'm almost 15."

"Yes, dear, I am your mother. But I was married very young. I am nearly 35, still a young woman, too young to be put upon a shelf." She smiled engagingly at her daughter, whose face were bent resentfully upon her. "It isn't only in my clothes that I am going to pick up a part of my youth—make the most of the next few years. I am going to have some fun out of life."

"Fun!" Joan fairly gasped. Was this her quiet middle-aged mother talking of having fun? She didn't even say 'good times' but fun! She must have suddenly gone out of her right mind.

"Why do you look at me like that?" Margaret reproached a smile. "Because—oh, never mind." And

as she had done once before, Joan threw herself on the couch and cried bitterly.

Before Margaret had given in to Joan's grief, given up all her plans. Now, although she asked to comfort the sobbing girl, she went quietly on with her sewing—a duty frock she was making for Joan.

For a long time Joan sobbed indistinctly. Then Margaret paid not the slightest attention, the sobs gradually grew less in violence, then ceased altogether, although the girl continued to weep softly.

Finally she jerked herself upright. "Wipe your eyes and get ready for dinner. It is nearly time," Margaret remarked without looking up.

"You aren't a bit like my Mumsie anymore," Joan pouted as she rose from the couch.

"I don't want to be, dear. I don't intend to be. I have been a stupid, stay-at-home just as long as I mean to be. From now on I expect to enjoy myself. With you if possible, without you if I must—because of your actions. I never shall compel you to do for me, or with me, anything to which you object; neither shall I allow your foolish objections to influence me. Now run along, Hannah has something you like to dinner."

With laughing steps Joan left the room. This was, in truth, a new Mumsie, this woman who talked to her in that way. But Joan had learned, among other self-acquired truths, to be fair. For the first time she dimly realized that perhaps her mother was right; perhaps her mother was how she dressed, what she did. But it was dimly—the resentment was still uppermost.

"She talked about having fun just like Hortense and all the girls talk," Joan soliloquized as she went slowly up the stairs to her room. "She doesn't like a kid, and she's—35!" Her tone was awe-struck.

But while she brushed the golden halo about her face she thought tinged that perhaps she had been unfair.

"I'd hate to have anyone unfair to me. I wouldn't stand it! Maybe—I wonder—if I knew she didn't want that Forrester man around! But perhaps she thought the dress I put on for him to see her look young in—if I thought that I would tear it up!" Joan declared violently just as Margaret called: "Coming, Joan!"

"Yes, Mumsie."

SANTA CLAUS' STORE FOR SICK SOLDIERS' CHILDREN INCREASES

A number of contributions have been made recently to the collection of Christmas presents and sweets which the state organization of the American legion auxiliary will distribute to the children of disabled soldiers at the holiday season.

A large talking doll was donated by Mandell Dreyfuss company, candy by the Woodworth drug store and the Candy Kitchen, flannel shirts by the Guaranty Clothing company and by Washburn toys by the Woolworth store and money by A. E. Nye. Any other donations will be gladly received.

Dozens of Christmas letters have been received already from the children of the sick soldiers of the Albuquerque branch postoffice of Santa Claus at 1116 South Broadway. Children all over the state will be taken care of at Christmas by Santa Claus with the auxiliary's help. Other state organizations are sending contributions to the Christmas work in New Mexico.

PURE WHOLE CLARIFIED PASTEURIZED

ONLY FIVE DAYS!!

But 5 days remain in which candidates in The Journal's great campaign may hustle for the winning votes and subscriptions. Those contestants who accomplish the most during the next 5 days will very likely place themselves in the "car class"—the owners of the big, beautiful motor cars awaiting them. Who will be the five fortunate ones?

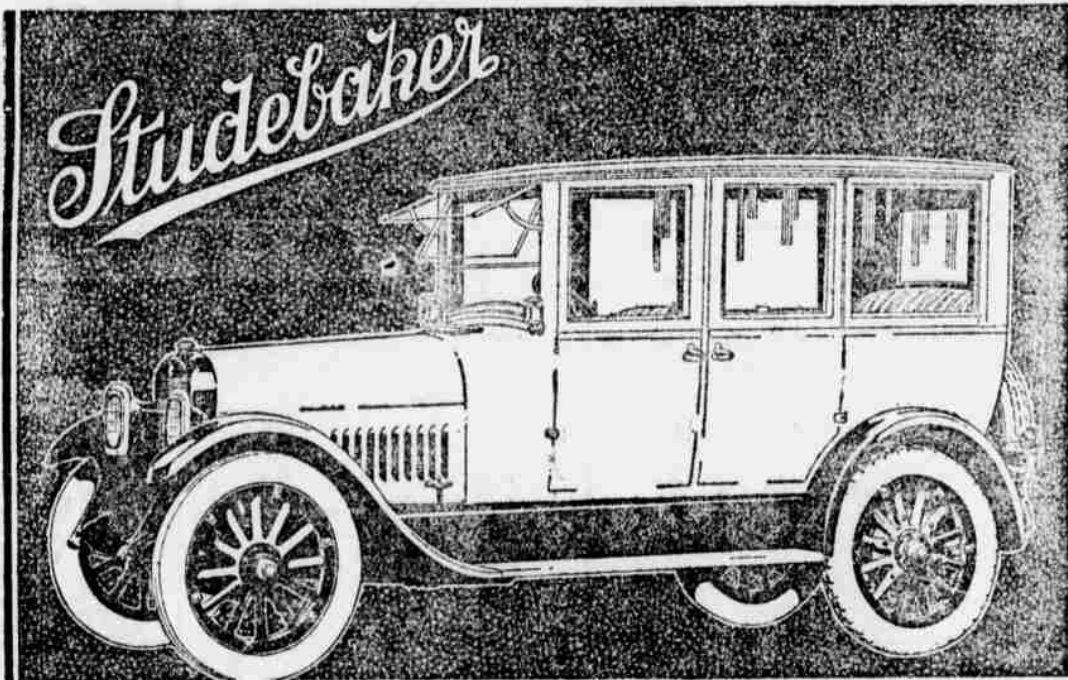

**THE BIG VOTE SCHEDULE IS REDUCED PROMPTLY
AT TEN O'CLOCK WEDNESDAY NIGHT**

To Contestants

Those contestants, if any, in The Journal office at that hour will be waited upon and permitted to turn in their subscriptions on the big vote schedule, but no one will allowed to enter the office after that hour to take advantage of the big votes.

Any subscription mailed in any postoffice anywhere before 10 o'clock Wednesday night, however, will be counted and given the benefit of the big votes even though they do not reach the Journal office till later.

GRAND CAPITAL PRIZE

1922 MODEL STUDEBAKER SIX SEDAN, VALUE \$2,295.
OR WINNER MAY SELECT BIG "6" 7-PASS. STUDEBAKER TOURING CAR
PURCHASED FROM AND ON DISPLAY AT
COOPER MOTOR CO., Albuquerque, N. M.

Here's How to Jump in the Lead

On two three-year subscriptions to The Journal 120,000 credits are allowed—a four-year subscription gives you 120,000—a five-year subscription credits you with 240,000 credits, and a six-year payment counts 360,000 credits, providing you secure the subscriptions NOW during the big credit period.

In addition to that, 100,000 special extra credits are allowed on every \$27.00 in subscriptions you turn in. Two six-year subscriptions gives you a total of 1,120,000 credits.

A glance at the credit totals will show that a few such subscriptions for any candidate would do wonders. In fact, an entirely new candidate could, by a little enthusiastic effort, climb to the top of the list and acquire leadership for one of the big cars.

MECHEM STATES VALLEY DRAINAGE IS POSSIBILITY

Returns From Meeting of
Western States Reclama-
tion Association With
Hopes for Action in State

Believing that the proper reclamation and drainage of the middle Rio Grande valley is more of a possibility than ever before, Governor Merritt C. Mechem talked optimistically of future work in the valley when in Albuquerque last night on his way to Las Cruces to attend the national park meeting. The governor was just returning from Salt Lake City where he attended the meeting of the Western States Reclamation Association.

"The gathering at Salt Lake City was a splendid one," stated the governor. "There were fourteen states represented, New Mexico having eight delegates. The purpose of the meeting was to discuss the Smith-McNary bill as amended to include the Bankhead bill. The bill now has two purposes: to provide a revolving fund of \$250,000 for the reclamation of the middle Rio Grande valley and to establish a fund of \$100,000,000 to apply on the reclamation of swamp and overflow lands."

"I am all in favor of the bill," stated the governor. "I believe it is the only way to save the middle Rio Grande river project from being abandoned. The middle Rio Grande river project is a complete plan, it would be in the \$250,000,000 division and he stated emphatically that it would be."

"Director Davis spoke very favorably of the scheme and especially of Secretary Fall's great interest in the development of the middle Rio Grande valley. He claimed the secretary considered the most feasible of the projects not yet initiated. He said that Secretary Fall had been insisting upon the early examination of the situation here as soon as conditions would permit."

"Capt. W. C. Reid of Albuquerque and C. T. Brown of Socorro, members of the Rio Grande drainage committee, were present. A cooperative plan will be worked out between the drainage committee and the reclamation service so that there will be no duplication of work and in order that the work done by the committee may be accepted by the reclamation service."

"Among other New Mexico representatives were Miss Effie V. Hart of Carlsbad, who was the only woman delegate, Francis G. Tracy of Carlsbad, who has been active in all irrigation work there; Judge Roberts of Carlsbad, H. R. Parsons of Fort Sumner and State Engineer Charles A. May, who represented the whole state and particularly the Elephant Butte Water Users' association. San Juan county was not represented, but no particular projects were discussed, the entire attention being given to the Smith-McNary bill."

"The governor stated that he did not think he would go to the Washington meeting and that he also doubted if he would attend the meeting of the League of the Southwest at Riverside, Calif."

W. C. T. U. NIGHT SCHOOL IS AT SANTA BARBARA

The W. C. T. U. opened its night school last night in Santa Barbara with seventy-five people from Santa Barbara and San Ignacio present. Several of the W. C. T. U. ladies went to the school and interesting and practical talks were made on learning English, proper nutrition, and other subjects. About thirty of those in attendance cannot speak English and the instruction in that subject will be stressed.

The night school will be held weekly, and next week, in the Santa Barbara society hall, in the rear of the school. Miss Whittington, Mrs. Platt, and Mrs. Strumquist were among the women who went to the opening of the school.

Perfect Shoulders and Arms

Garbed in his night clothing and a derby hat, Monsieur Columbine, French artist, was putting up a valiant fight to save his home at the charity bureau colony from flames yesterday morning when the firemen arrived and succeeded in putting out the fire.

Monsieur Columbine, who claims he does not sleep well at night, left his candle burning Thursday night. He awakened to find the canvas roof of his cottage in flames. The roof will be repaired at once.

16 KOREANS GIVEN PRISON SENTENCES

(By The Associated Press.) Seoul, Korea, Nov. 15.—Sixteen Koreans, accused of having formed an abortive plot against Japanese authority, whose climax was timed to synchronize with the anniversary here a year ago of the American congressional party which toured the Far East, were sentenced to prison terms ranging up to ten years.

Officials who frustrated the conspiracy alleged that the Koreans had planned to assassinate distinguished persons, bomb government buildings, threaten millionaires and raise a fund for the Korean independence movement.

Cut alfalfa for chickens and fowls of all kinds. One of the great needs of poultry kept under fence is green feed. Make cut alfalfa supplies the required green feed. Sold in large sacks, 75 cents. Put small amount in pan, pour water over in short time it's as green as growing alfalfa. Does not without green feed will not lay well.—E. W. FEE.

BURSUM FAVORS NATIONAL PARKS IN NEW MEXICO

Urges That Chambers of
Commerce in State Unite
Upon Definite Program;
Natural Qualities Needed

United States Senator Holm O. Bursum has wired to the Las Cruces chamber of commerce, his views on the creation of a national park in the state and his willingness to sponsor proper legislation to that end. His wire follows:

"I have your telegram communicated by your chairman, Frank T. French, indicating desiring that I present at your proposed state-wide meeting to be held at Las Cruces, December 3 to discuss creation of national park embracing Elephant Butte lake, portions of White Sands, Malpais and Mesquero reservation. It is doubtful whether I can arrange to be in New Mexico at that time. However, am strongly in favor of creation of national parks, and will be very glad to co-operate toward securing establishment of same and introduce and push any bill required to promote such legislation. Suggest it advisable that the several chambers of commerce throughout the state as far as possible should be united in support of whatever program is agreed upon. Should the areas agreed upon should be such as are possessed of natural conditions essential to creation of parks which can be developed to serve not only the people of the state but without the state. Should I be enabled to be in New Mexico at the time of your meeting will be glad to attend."

Mr. French had previously wired Senator Bursum as follows:

"Senator Holm O. Bursum, D. C."

"A state-wide meeting will be held at Las Cruces, December 3 to 5, to discuss the creation of a national park embracing the Elephant Butte lake, parts of the White Sands and Malpais and the Mesquero reservation. We are strongly in favor of the project and should attend if possible and give us the benefit of your advice and assistance in forming plans. This being a congressional matter, you will, of course, be asked to introduce this important movement if found feasible and would like you to be present at its inception."

"Las Cruces Chamber of Commerce has received the following explanation of the senator's attitude in a letter from him:

"I herewith enclose copy of telegram and my reply thereto with reference to the creation of a national park in New Mexico. I am strongly in favor of national parks wherever they can be created to advantage, which will be useful to the people generally of the country. The creation of a national park in New Mexico is not only a constructive health promoting project, but indirectly will greatly benefit the state financially. I am anxious to see the whole state and the desires of New Mexico in this regard."

"The plans should be carefully studied, considered and worked out through the agencies of representatives of all sections of the state and including, especially, the representatives of the several chambers of commerce. In this connection I hope that due regard will be given to the natural physical conditions susceptible of development in conformity with the purposes and intended uses to be served by the agency of a national park. The consideration should be given existing grazing permits and use; fishing privileges at the Elephant Butte lake should always be preserved for the use of the public. I hope the state, as a whole, will take a lively interest in this matter in formulating a program which deliberations may determine to be desirable."

"Very truly yours,"

"H. O. BURSUM."

ARCHIBEQUE IS BURIED THIS MORNING AT NINE

The funeral of Julian Archibeque will be held this morning at 9 o'clock from the residence, 444 West Santa Fe avenue, will be held this morning at 9 o'clock from the residence to the Sacred Heart church, where high mass will be said by Father J. N. Cordova. The remains of the late Archibeque will be taken to the Foreign Wars hall where a service of the funeral, as he was a soldier and served overseas. The acting pallbearers will be Ramon Kowalski, Edna Vigil, Pablo Salazar, Tribiano Armijo, Jose Sanchez and Delino Montoya. Burial will be in San Jose cemetery. Crollot will be in charge.

DEATHS AND FUNERALS

ARCHIBEQUE—Funeral of Julian Archibeque, who died at his residence, 444 West Santa Fe avenue, will be held this morning at 9 o'clock from the residence to the Sacred Heart church, where high mass will be said by Father J. N. Cordova. The remains of the late Archibeque will be taken to the Foreign Wars hall where a service of the funeral, as he was a soldier and served overseas. The acting pallbearers will be Ramon Kowalski, Edna Vigil, Pablo Salazar, Tribiano Armijo, Jose Sanchez and Delino Montoya. Burial will be in San Jose cemetery. Crollot will be in charge.

LUTTRELL—Mrs. Margaret Luttrell died at her home on South Arno street last night at the age of 20 years. Her husband was here with her. The remains were taken to Strong Brothers mortuary. Funeral announcements will be made later.

CRANE—Mr. Earl E. Crane, 23 years of age, died at his home, 322 South Fifth street at 9 o'clock Friday evening. Mr. Crane came here thirteen months ago from Antigo, Wisconsin. Two months ago he was married to Miss Ethel Maples of Albuquerque. Besides his wife, he is survived by his mother, father, three brothers and one sister. Brief funeral services will be held at 7 o'clock this evening at French's chapel, Rev. F. E. McGuire officiating. The body will be shipped to Antigo, Wis.

C. OF C. DRIVE IS CONTINUED TO NEXT WEEK

With a membership of 1,037 members the Albuquerque Chamber of Commerce is rapidly approaching the goal set by the re-juvenation committee. The workers, who have diligently pursued the work of awakening the rank and file of the community to a united effort under a definite plan to advance the city's development during 1922, temporarily stopped their activities at the week-end with pledges to renew their efforts beginning early Monday morning and to continue until every available member has been procured.

The Chamber of Commerce telephone was kept busy during the day with requests by citizens, who had not been solicited and who had found it impossible to come to the chamber rooms, asking that some one be sent to them with an application blank to sign. These requests had to be answered by mail and when returned will materially swell the membership list. The committee in charge estimated last night that there are approximately 100 school teachers yet to be seen and that more than 100 signed applications that have not yet been turned in by solicitors. The plan of cleaning up the city by trades and locations is still being pursued and is effectually increasing the membership. The committee requests that all workers who can assist in Monday's collection telephone the Chamber of Commerce, No. 43, today so that their work may be assigned without delay.

HIGH BASKETBALL TEAM LOSES FIRST GAME TO HARWOOD

In a game filled with fouls and loosely played basketball, the Albuquerque college, better known as Harwood school, defeated Albuquerque high in the first game of the season. The game was played at the Harwood school and was generally uninteresting and the high school did not threaten to take the lead. The industrial school boys showed much more practice but were poor at making goals as the high school.

The game was played in the new gymnasium at the college and the floor proved to be one of the best near Albuquerque.

Harwood took the first tries at the basket but failed to score even with a free throw. Nathan Glassman started the scoring with a long field goal and a double foul was called. Harwood missed its toss and Wilson connected with the ring for one more point.

Several more fouls were called and Wilson made one of them. He stepped over the foul line and neither team scored for a few minutes. Costales and Madrid opened the scoring again with a field goal each, each of them. Johnson made a field goal and Harwood tied the score with a free throw.

Campa made two points for his team and Madrid followed with two more field goals. Each team was playing late towards the end of the half and the first period ended with the score 7-12 against the high school squad.

In the second half Albuquerque high braced slightly and Hammond brought the score up one point from a foul. Hogrefe started for Romero and Glassman went to guard. The high school teachers made the first goal. The score was raised to 10-21 and after he had missed a foul and failed at an attempt to make a field goal, Rodgers dropped one through the net, then again each team made a free toss and Glassman scored two more points. Hogrefe and Madrid made field goals for each team and the score stood at 17-24. When each team had scored again and raised the score to 25-20, the final whistle blew.

High. Lineups. College. Hammond. Costales. Campa. Glassman. Madrid. Romero. Hogrefe. Rodgers. Field goals: Albuquerque H—Glassman, 2; Benjamin, 2; Rodgers, 2; Hogrefe, 1; Harwood—Campa, 2; Costales (center), 2; Madrid, 2; Costales, 1. Fouls: Madrid, 2; Campa, 6; Hammond, 3; Rodgers, 2; Wilson, 1. Wilton, referee.

GOVERNOR PLANS AUDIT OF FIVE STATE OFFICIALS

Governor Merritt C. Mechem announced while in Albuquerque last evening that he had made plans to have the five state officers who are under bond checked out at the end of their terms in order that there might be no complaint over an inability to get an audit. The officers involved will be the state treasurer, state auditor, secretary of state, superintendent of education and commissioner of public lands.

"I expect to have audits of the state institutions as rapidly as possible," declared the governor. "The five state officers named will follow in order that the incumbents of office may be checked out and their successors checked in when complete my term next December, a year from now."

CANDLE STARTS FIRE AT "COLONY" HERE

Garbed in his night clothing and a derby hat, Monsieur Columbine, French artist, was putting up a valiant fight to save his home at the charity bureau colony from flames yesterday morning when the firemen arrived and succeeded in putting out the fire.

Monsieur Columbine, who claims he does not sleep well at night, left his candle burning Thursday night. He awakened to find the canvas roof of his cottage in flames. The roof will be repaired at once.

NATIONAL PARK IN N. M. IS TO BE CONSIDERED

Several Local Men Leave
for Las Cruces to Attend
the Meeting Called to
Discuss Park Plans.

Among those who left here last night to attend the state wide meeting to be held at Las Cruces to consider plans for the establishment of a national park in southern New Mexico are Dr. J. McKee, secretary of the local chamber of commerce; Col. G. E. Breese, president of the chamber; Kenneth Halbridge and Carl C. Magee, A. M. Love, assistant editor of The Earth, the official industrial publication of the Santa Fe Railway company, stopped here en route to the conference from Amarillo, Tex. Dr. Danburg of the Santa Fe chamber of commerce also joined the party here.

WILDCATS TAKE A SNAPPY GAME FROM WHITTIER

Arizona University Football
Eleven Wins from California
College By the Close
Score of 7 to 0.

(By The Associated Press.) Tucson, Ariz., Dec. 2.—In a close, hard fought game in which victory was anybody's until the final quarter, when the winning tally was made, the University of Arizona defeated Whittier college of California yesterday afternoon by the close score of 7 to 0. The only score of the game came in the middle of the fourth period, when Sloaner, Arizona quarter, passed to Wolford, Arizona right end, for twenty yards, who ran twelve yards for a touchdown. The Whittier crew tried gamely to put over a field goal but the end of the game, Sloaner, Arizona right end, tried to gain the yard and half, but failed. In vain several passes in an endeavor to invade Arizona territory and put the ball over but all of his passes were broken up by the Arizona defense. The only pass completed in the entire game was that which won the game for Arizona.

Straight football was employed by both teams throughout the contest. The only pass in Arizona territory was completed by Sloaner, Arizona right end, for a kicking duel in the first half. Whittier, with the aid of the wind, however, was able to outpace their rivals and the ball was in Arizona territory the greater part of the first three quarters.

Whittier came near scoring near the end of the first quarter when they carried the ball to the Arizona two-yard line and with four downs yet to go were held by the powerful Arizona line. With the exception of the third quarter, when Whittier broke through the Arizona line several times, the Whittier line was outplayed by the Arizona line.

The first quarter opened up with Arizona receiving the ball. Whittier kicked off and by alternating the ball on end runs and line bucks between the two halves, Menzo and Marshall succeeded to march for the Whittier goal line. They advanced the ball to their opponents' thirty-seven yard line, where they were held by downs. For the remainder of the quarter the ball lurched back and forth over the field, neither team showing a marked advantage until the close of the quarter, when Whittier rushed the ball to the Arizona two-yard line, where they were held for downs.

The second and third quarters found the teams resorting to a kicking game, with Whittier able to outpace their rivals and place the ball in Arizona territory most of the time. Several times the Quakers showed indications of carrying the ball within striking distance of the Arizona goal line. The Arizona line never seriously menaced the Arizona goal line. The end of the third quarter found Arizona starting a rampage with the ball on their forty-seven-yard line. Sloaner, Arizona right end, carried the ball into the end zone of the last quarter the Arizona players by a series of line bucks and end runs were able to advance the ball to the Whittier twenty-four-yard line. At this point Sloaner hurried his pass to Wolford, who ran across the goal line with the winning tally. McClellan, Arizona right end, kicked goal.

INDIAN SCOUT WILL TALK AT FELLOWSHIP LUNCHEON AT THE Y

"Dad" McGhee, one of the last of the old time Indian scouts, will be here from El Paso Sunday and will talk at the fellowship luncheon to be held at the "Y" Sunday evening at 5:15 o'clock. It is planned to make the following luncheon one of the largest held this season. All men and boys who are in the city away from their homes and families are invited to attend.

LEGAL NOTICE

NOTICE FOR PUBLICATION. Department of the Interior, U. S. Land Office at Santa Fe, N. M., November 2, 1921.

Notice is hereby given that Julian Garcia, of Barton, N. M., who, on December 12, 1914, made a Homestead entry, No. 025238, for 32 1/2 NW 1/4, W 1/2 SW 1/4 NW 1/4, and E 1/2 SW 1/4, Section 13, Township 2 N., Range 6 E., N. M. P. Meridian, has filed notice of intention to move and above described, before the U. S. Commissioner at Albuquerque, N. M., on the 15th day of December, 1921.

You are hereby notified that the alleged last Will and Testament of Cresencio Torres, deceased, late of the County of Bernalillo and State of New Mexico, was produced and read in the Probate Court of the County of Bernalillo, State of New Mexico, the 15th day of November, 1921, and the day of the proving of said alleged last Will and Testament was thereupon fixed for Monday, the 2nd day of January, A. D. 1922, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of this court, this 23rd day of November, A. D. 1921.

(Seal) FRED CROLLOTT, County Clerk.

DECEMBER 4-10 IS DEVOTED TO EDUCATION WORK

National Educational Association and American Legion Are Behind National-wide Movement.

December 4 to 10 is set aside throughout the United States as National Education week. The activities of the country during the week are under the auspices of the National Educational Association and the American Legion. There have been many suggestions for the success of the movement, and the communities and states are planning special observances to make more significant the work of education.

WILDCATS TAKE A SNAPPY GAME FROM WHITTIER

Arizona University Football
Eleven Wins from California
College By the Close
Score of 7 to 0.

(By The Associated Press.) Tucson, Ariz., Dec. 2.—In a close, hard fought game in which victory was anybody's until the final quarter, when the winning tally was made, the University of Arizona defeated Whittier college of California yesterday afternoon by the close score of 7 to 0. The only score of the game came in the middle of the fourth period, when Sloaner, Arizona quarter, passed to Wolford, Arizona right end, for twenty yards, who ran twelve yards for a touchdown. The Whittier crew tried gamely to put over a field goal but the end of the game, Sloaner, Arizona right end, tried to gain the yard and half, but failed. In vain several passes in an endeavor to invade Arizona territory and put the ball over but all of his passes were broken up by the Arizona defense. The only pass completed in the entire game was that which won the game for Arizona.

Straight football was employed by both teams throughout the contest. The only pass in Arizona territory was completed by Sloaner, Arizona right end, for a kicking duel in the first half. Whittier, with the aid of the wind, however, was able to outpace their rivals and the ball was in Arizona territory the greater part of the first three quarters.

Whittier came near scoring near the end of the first quarter when they carried the ball to the Arizona two-yard line and with four downs yet to go were held by the powerful Arizona line. With the exception of the third quarter, when Whittier broke through the Arizona line several times, the Whittier line was outplayed by the Arizona line.

The first quarter opened up with Arizona receiving the ball. Whittier kicked off and by alternating the ball on end runs and line bucks between the two halves, Menzo and Marshall succeeded to march for the Whittier goal line. They advanced the ball to their opponents' thirty-seven yard line, where they were held by downs. For the remainder of the quarter the ball lurched back and forth over the field, neither team showing a marked advantage until the close of the quarter, when Whittier rushed the ball to the Arizona two-yard line, where they were held for downs.

VETERANS OF FOREIGN WARS STAGE BENEFIT

A wild western benefit show, "Slippery Gulch and High Jinks," will be given by the Veterans of Foreign Wars at the army four evenings beginning December 12. It was announced yesterday. The proceeds of the entertainment will be used to assist disabled and down and out former service men.

The show will be open each evening at 7:30 o'clock. There will be dancing in the "Slippery Gulch" and "High Jinks" and a dance with music by the dead-eyed Dick orchestra and a number of side shows and bazaar features. The whole "gosh darned" community is invited.

Taking Desperate Chances.

It is true that many contract severe colds and recover from them without taking any precaution or treatment, making a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

LEGAL NOTICE

NOTICE FOR PUBLICATION. Department of the Interior, U. S. Land Office at Santa Fe, N. M., November 2, 1921.

Notice is hereby given that Julian Garcia, of Barton, N. M., who, on December 12, 1914, made a Homestead entry, No. 025238, for 32 1/2 NW 1/4, W 1/2 SW 1/4 NW 1/4, and E 1/2 SW 1/4, Section 13, Township 2 N., Range 6 E., N. M. P. Meridian, has filed notice of intention to move and above described, before the U. S. Commissioner at Albuquerque, N. M., on the 15th day of December, 1921.

Claimant names as witnesses: William McClellan, of Uruu, N. M.; Jesse Maria Garcia, of Barton, N. M.; Demento McGinnis, of Tular, N. M.; Solom Chavez, of Moriarty, N. M.

A. M. BERGERE, Register.

NOTICE

Last Will and Testament of Cresencio Torres, deceased. To Severa Armanita de Torres and Sofia Torres, and To All Whom It May Concern:

You are hereby notified that the alleged last Will and Testament of Cresencio Torres, deceased, late of the County of Bernalillo and State of New Mexico, was produced and read in the Probate Court of the County of Bernalillo, State of New Mexico, the 15th day of November, 1921, and the day of the proving of said alleged last Will and Testament was thereupon fixed for Monday, the 2nd day of January, A. D. 1922, at 10 o'clock in the forenoon of said day.

Given under my hand and the seal of this court, this 23rd day of November, A. D. 1921.

(Seal) FRED CROLLOTT, County Clerk.
