TWENTY-EIGHTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, JULY 9, 1920.

NUMBER 28.

PLATFORM AS REPORTED TO DEM. CONVENTION

San Francisco, July 2.—The platform submitted to the Democratic national convention by the resolutions committee was placed before that body by Chairman Glass.

The platform was completed shortly after midnight after prolonged wrangling by the committee over the various contending questions, prohibition, the league of nations and the Irish question.

As submitted to the convention the platform is silent on the wet and dry question. It endorses the league of nations covenant, with a demand for its prompt ratification, but expresses a willingness to accept clarifying reservations with respect to American obligations. It expresses sympathy for Ireland's aspirations but makes no reference to American recognition of the Irish republic.

The platform rejects the administration plank recommending acceptance of the Armenian mandate.

It pledges support in aiding the veterans of the recent war to acquire farms and homes but gives no promise of any money bonus.

There are strong planks on labor agriculture, women's interests and woman suffrage.

The labor plank was virtually written by Samuel Gompers, of the American Federation of Labor.

The decision of the resolutions committee to remain silent on the liquor issue was made by a vote of thirty to twelve. Both the demand for the wet and dry planks were defeated by the same vote.

Bryan is expected to carry the liquor fight to the floor of the convention.

The platform opens with greetings to President Wilson and "hails with patriotic pride the great achievements for country and the world wrought by the Democratic administration under his leadership."

The railroad plank advocates a "fair test of the Esch-Cummings law until careful action by congress may cure its defects and insure effective transportation under private ownership without government subsidy at the taxpayers' expense."

The platform pledges the Democratic party to strict government economy and the enactment and enforcement of anti-profiteering legislation is promised as the most effective means of dealing with the high cost of living.

"The plank on Mexico declares the policy of President Wilson towards Mexico is being vindicated through the restoration of order and said that when Mexico has fully demonstrated its ability to govern itself and meet its international obligations full recognition and sympathetic assistance should be given her. Until then, the platform said, 'Mexico must realize the propriety of a policy that asserts the right of the United States to demand full protection for its citizens.'"

Scathing denunciation of the lavish use of money in the republican pre-convention campaign and specific reference was made to Senator Newberry, of Michigan as an instance of "republican corruption."

Other points in the platform praised the federal reserve system as a preventive of panics, endorsed the federal trade commission, favored legislation for government supervision of livestock markets, urged the acquisition by Americans of additional sources of petroleum and other mineral supplies.

The Palace Cafe is specializing on Sunday dinner; you can't match it in a hundred miles for 75 cents.

CARLSBAD GETS TWO GAMES IN A ROW FROM DEXTER.

The fast Carlsbad baseball team took Dexter into camp last Sunday and Monday by taking two games from that aggregation. The score of the Sunday game was 2 to 0 but the one Monday developed into a swatfest in which the locals made a racetrack out of the diamond, winning by a large margin.

As usual, the feature of the game was the pretty pitching of Brown who had the opposing batsmen at his mercy when a hit meant runs. Rowe clinched the game when he knocked a home run and the fans tipped him liberally for the feat.

The game Sunday was a league game but the one Monday was only an exhibition. The local team will play at Roswell next Sunday and a large crowd will go from here to see the game. After the winning streak developed by the local players it will be hard for Roswell to stop them even though they will be playing on their home ground.

The score by innings is as follows for the game Sunday:

First inning: Whitman was up for Dexter and hit a pop up fly to right field for a safe hit. This was the first ball thrown. Ogle fanned. Whitman out trying to steal second. E. Lattimer was hit by pitcher, advancing to first and taking second on passed ball. Dudley then fanned retiring the side. In Carlsbad's half of this inning three fanned in a row: G. Fessler, H. Moore and F. Fessler.

Second inning: Wilcox hit pop up to short who dropped the ball. Coffall out pitcher to first. Flanders fanned as also did E. A. Lattimer, Wilcox dying on second. For Carlsbad Rowe whiffed the breeze. Farrell out on grounder and Brown struck out.

Third inning: Wonsetter fanned as also did Whitman. Ogle then grounded to third for an out, retiring the side. Monty for Carlsbad fanned. Stewart got a clean hit over third base and took second on a passed ball. Spencer sacrificed Stewart to third by grounder down first base line. G. Fessler hit pop up over first bringing in Stewart for first score of the game. G. Fessler out trying to steal second and got hurt, retiring the side.

Fourth inning: E. Lattimer hit a pop fly to pitcher for out. Dudley hit by pitcher and took first. Wilcox grounded to second, both runners being safe. Coffall sacrificed runners to second and third. Two out. Flanders grounded to pitcher for easy out, Dexter missing a fine chance to score. Moore then at bat for locals and hit by pitched ball, stealing second later. F. Fessler fanned then Moore stole third base also and was out trying to steal home. Rowe was the third out by fanning.

Fifth inning: E. A. Lattimer out on fly to right field. Wonsetter hit clean one to center. Whitman grounded to third who threw to second and putting out runner. Whitman then stole second on wide throw by catcher. Ogle fanned, making the third out. Farrell, first up, fanned. Brown fanned. Monty grounded to second who fumbled ball. Stewart sent grounder to first for third out.

Sixth inning: E. Lattimer hit safely to center. Dudley sacrificed runner to second. Wilcox also sacrificed runner to third. Then Coffall sent one down the first base line, retiring the side. Spencer out on liner to third. G. Fessler safe on fly hit to center and took second base on sacrifice by Moore, then was put out on a good try for the home plate.

Seventh inning: E. A. Lattimer out on grounder to second. Wonsetter hit high fly to center which Farrell caught but took a fall in doing it. Whitman then sent up a high foul which either Fessler or Rowe could have easily caught but were afraid of running together. Then Whitman bunted and beat out Brown's throw to first. Ogle

KILLING IN JAIL COMMUNITY.

Word was received in Lovington late last night of the killing yesterday afternoon of Walter Norwood, by Jordon Wooten, deputy sheriff, at the Norwood ranch near Jal.

From the information available at this time it seems that Norwood rode over to Wooten's place shortly after dinner yesterday afternoon, and severely abused and cursed Mr. Wooten. We are told that Norwood was armed at the time but Wooten was not. Wooten was ignorant of the reason for the outburst and shortly after Norwood left he rode over to Norwood's place which adjoins his own, to see what the trouble was. It is generally supposed that the reason of Norwood's abuse was the arrest of his brother-in-law, Lee Winchester, last week by Wooten.

Thad Pippin, cattle sanitary inspector for that district, was at Wooten's during the first trouble but Wooten went to Norwood's alone. On arriving there he was unable to find anyone in the house and started out the back way when some one commenced shooting at him from some bushes near the tank dam. Whereupon, Wooten retreated to the house. He then called to Norwood to come out, and surrender but without result. Shortly afterward Norwood exposed himself and Wooten shot him twice with a Winchester killing him instantly. Wooten then came to Monument and telephoned to the sheriff's office.

Deputy Sheriff Frank Vosburg, Dr. A. A. McDaniel and Justice of the Peace, P. S. Eaves left about nine o'clock last night to hold the inquest. The inquest was held this morning and the coroner's jury returned a verdict that Norwood came to his death by gunshot wounds at the hands of W. J. Wooten.

Deputy Sheriff Vosburg brought Wooten to Lovington and placed him in jail pending preliminary hearing which will be held tomorrow morning—Lovington Leader.

Among the Carlsbad visitors for the Elks Fourth of July Jazz were Mr. and Mrs. J. D. Hudgins and Dorothy, who were guests of Mr. and Mrs. W. S. Jolly, Mr. and Mrs. McIlvann, Mr. and Mrs. Elbert Smith, Miss Lillian Crawford, Miss Toffelmire, Miss Bates and Miss Henrietta Dilley, who was the guest of Mr. and Mrs. Don Gillispie.—Roswell Record.

fanned, retiring the side. F. Fessler fanned. Rowe knocked a home run, the ball going over the fence and the crowd gave him a noisy applause. Farrell grounded to second the short stop dropping the ball and throwing to first too late. Farrell then got put out off first and Brown fanned.

Eighth inning: E. Lattimer sent a hot liner to Brown who knocked it down and got man at first. Dudley fanned. Wilcox hit pop up over short. Farrell taking it running backward and fell down for second time, retiring side. Monty for the locals fanned. Stewart fanned and Spencer got clean hit through pitcher and second baseman. He then stole second and third and G. Fessler fanned.

Ninth inning: In Dexter's half of this inning they were unable to score the first man up fanning, the second out on grounder to first and the third, a pinch hitter, striking out, ending the game. Score 2 to 0.

DEMOCRATS NAME COX CANDIDATE FOR PRESIDENT

San Francisco, July 6.—James M. Cox, governor of Ohio, was nominated for president of the United States in the Democratic national convention on the 44th ballot.

The nomination came at 1:40 o'clock a. m., at the conclusion of a forty-four ballot struggle in which he had steadily beaten down the forces of William G. McAdoo, former secretary of the treasury and President Wilson's son-in-law.

When the balloting on the 44th vote had gotten to a point where Cox had 702 votes and was rapidly approaching the necessary two-thirds, or 729, Sam B. Amidon of Kansas, manager of the McAdoo forces and vice chairman of the Democratic national committee, took the platform and moved that the nomination be made unanimous.

Immediately there was a roar from the tired and worn delegates which lasted for a full four minutes before Chairman Robinson could put the question on a motion to suspend the rules and nominate Cox by acclamation.

At 1:43 o'clock this morning the motion was formally voted over with a rolling chorus of ayes and a crashing of the brass bands. State standards which had surged back and forth in the desperate battles of the deadlock raced to the front of the hall and to a place before the platform.

In the confusion and excitement of a nomination after the strenuous and hard sessions of the convention, almost everybody forgot about a nomination for vice-president, but the leaders, who were figuring on a list which prominently included Franklin D. Roosevelt of New York, assistant secretary of the navy. While the crowd was demonstrating its release from the deadlock the leaders arranged an adjournment until noon today to canvass the question of second place in the meantime and meet again prepared to complete the ticket.

The Cox band wagon movement really started late in the afternoon before the recess for dinner. During the interval both sides of the fight made desperate appeals to Tammany. Throughout the evening New York's vote stood the same, 20 for McAdoo and 79 for Cox. On the third ballot of the evening session the slide to Cox started and before the leaders of the opposition could realize it, the votes were flopping over in twos and threes and four in a fashion which sent him over the majority mark and put him at a new level.

After that the going was easy. Georgia went into the Cox column with her entire 28, the withdrawal of Attorney General Palmer had released not only the Pennsylvania delegation, but other delegates who wanted to slide to the Cox column.

The accessions grew into blocks and four soon grew into twos and threes and the 44th ballot was well on its way the votes were tumbling into the Cox column so fast that his nomination seemed an assured fact beyond all doubt. The coming development was obvious to the McAdoo men and Amidon of Kansas, rushing to the platform, secured recognition from Chairman Robinson. Everybody who recognized Amidon knew what he was up to there for and the several minutes before the motion was put. With the nomination of relaxed energy. After dancing and hopping about the auditorium for five minutes or more, the delegates cleared out, leaving the big hall abysmal and dark, a litter of torn papers, banners, ribbons, flags and other abandoned campaign paraphernalia and a mass of disarranged chairs.

Wilson Congratulates Cox. Dayton, Ohio, July 6.—"Please accept my heartiest congratulations and cordial best wishes," wired President Wilson to Governor Cox. A torrent of congratulatory messages are arriving.

Gov. Cox was at his newspaper office when he received word of his nomination. He had been close to the press wire from the convention throughout the convention sessions. His employees carried him on their shoulders to the front office where Mrs. Cox had been waiting all night. Tears ran from the eyes of both after a copy of the extra edition of Cox's newspaper was handed to them.

After Cox had rested a few hours at his home, he went alone to the cemetery and prayed at his mother's grave.

Gov. Cox's mother was at a New Year's reception given by President Cleveland in the White House in 1895. She said to Cleveland then: "I have a son who will be here where you are now some day."

The Governor told the story for the first time today.

Fred Schermayer is in town this week from his home in the mountains west.

JUDGMENT REVERSED IN TAX TITLE CASE.

Word was received late last week that the tax title case of Crawford vs. Dillard was reversed and remanded with instructions to dismiss the complaint. This definitely decides that the tax title to eighty acres of the farm in controversy is no good but the other eighty will probably be fought out in the courts before the matter is dropped.

The legal description of the case was A. J. Crawford and Minnie May Crawford, appellants, vs. Mrs. W. K. Dillard, appellee. No. 2351. Appeal from district court, Eddy county.

Statement of Facts.
The action was to quiet title to 160 acres of land claimed by the appellees through certain tax proceedings. Judgment for appellee quieting her title to said lands, in the court below.

Syllabus.
1. (Redemption laws construed and held that redemption from tax sale, held in 1912 for 1910 taxes, where certificate was issued and recorded in 1918, is governed by chapter 84, laws 1913, neither the laws of 1915 or 1917 having any application.)

Opinion by Parker, Chief Justice, Roberts and Reynolds, J. J., concurring. Judgment reversed and cause remanded with instructions to dismiss the complaint.

CONVENTION PICKS VICE PRESIDENT.

Assistant Secretary of Navy is Unanimously Agreed Upon.

Auditorium, San Francisco, July 6.—Franklin D. Roosevelt, of New York, assistant secretary of the navy and relative of the president who bore that name, was chosen by the democratic national convention today as its candidate for vice president and running mate for Governor Cox.

A CARLSBAD BOY PROMOTED.

Carlsbad people always retain an interest in the boys and young men who go out from among us to take up the various avocations of life, consequently the following letter from Lieut. E. W. Sheppard, of the United States training station in regard to William Wheeler will be read with interest. Wheeler is the son of Mr. and Mrs. Jess Wheeler, and before his enlistment in the Navy was employed by the Public Utilities company, of Carlsbad. Under date of June 15th the lieutenant writes:

"Your son, Wm. Axtell Wheeler, having successfully completed the course of instruction in the Aviation Mechanics School at this station, has been advanced in rating to Machinist's Mate 2nd class, (Aviation) U. S. Navy, and is available for transfer to N. A. S. Rockaway Beach, L. I.

"It is requested that you write to this young man and compliment him upon his success as the schooling which he has received has caused him many hours of study and hard work.

"Give this boy a boost; let him know you have his welfare at heart, and give him all the encouragement possible in order that he may enter upon his new work fully determined to make good.

"The U. S. Naval service offers unlimited possibilities in every line of endeavor and it is desired to give all men full advantage of same. Therefore the support, cooperation and encouragement of men in this service, by parents and those closely related, is earnestly solicited in order that we may continue to develop a type of manhood second to none—The American Sailor.

"E. W. SHEPPARD,
"Lieut. U. S. N. R. F."

"THE COPPERHEAD" TIMELY.

At this time when 4,000,000 Americans have but recently offered their lives for their country, the gripping story of a man's sacrifice for his native land, one of the most unselfish and pathetic in the world, as told in the great film version of "The Copperhead", comes with especially telling force and interest. The story, which scored a tremendous success as a stage play, will be seen on the screen of the Air-dome Tuesday and Wednesday. Lionel Barrymore, who scored emphatically in the original play, also appears in the leading role in the picture, which is a Paramount Art-craft production.

A splendid bit of character interpretation is depicted by Lionel Barrymore in "The Copperhead", a drama of the Civil war.

FINE QUALITY OIL IS FOUND IN DAYTON WELL

Considerable excitement prevails here and in the lower valley because of an oil find in the Illinois Producers well No. 2 at Dayton, N. M. While no estimate has been made as to the quantity of the oil—such an estimate being impossible at this time—it is known that there is considerable oil in the well and the drillers and those in charge of operations at this well are highly elated over the prospect and firmly believe that this well will be a real producer.

The oil is of a very high grade. It has a paraffine base and samples taken from the well and tested show it to be a grade seldom, if ever, found in the crude state and to be of a value running up to \$18.00 a barrel.

This well at the present time is down to a depth of 2800 feet. The hole is in excellent condition and the drillers expect to find the pay sand immediately below the oil saturated formation in which the big drill is now pounding.

This well has again demonstrated the fact that oil lies beneath the ground in this section and the only thing left is to discover the pool.

Oil men of the lower valley who have visited this well and have kept a close record of the log are certain that the well will be a producer and will prove the Pecos valley a real oil field.—Roswell Record.

100,000 ELKS ATTEND CONCLAVE

Chicago, July 5.—The Elks opened their annual convention here today. Delegates and visitors began to arrive Saturday and today it is estimated the number of visitors is more than 100,000.

Elaborate arrangements were made for the convention. The visitors were dazzled by lanes of purple and white, the glare of a score of bands which escorted the delegates from the railroad stations to their hotels and a huge electrical display which set Michigan boulevard ablaze with light.

There is no opportunity for any one to miss knowing that the Elks are here. Ten thousand posters announce the fact from street posts and from the tops of skyscrapers. Buildings were decorated in the Elks' colors in celebration of the occasion.

There are all sorts of amusements and in the great parade it is expected 100,000 Elks will appear, grouped by states and garbed in fancy costumes.

BOY HAS LEG BROKEN IN AUTO ACCIDENT.

Wilson Simpson, the eight-year-old son of W. W. Simpson, had his left leg broken last Saturday in a rather peculiar manner. He was crossing the street in the rear of an automobile driven by Harry Hubbard, when the driver suddenly reversed the machine and it ran over the little fellow, breaking his leg and tearing the flesh badly. Harry was trying to avoid running over two little children who were crossing in front of the car and did not see the little fellow in the rear. The accident occurred at the crossing east of the Roberts-Dearborne hardware store at about five o'clock when the street was full of pedestrians. No blame attaches to any one it being one of those deplorable accidents which seem unavoidable.

CITY DADS HOLD MEETING.

The town council held its regular monthly meeting Tuesday night of this week instead of Monday, as usual, that being a holiday. Much routine business was transacted, the interest centering especially on the question of finding a market for the municipal bonds which were recently voted for the building of a new city hall. The city attorney was instructed to make every effort to effect a sale of said bonds.

People Cannot Take More Out of a Community Than They Put In.

COLLAPSE IS INEVITABLE

Town Will Not Survive Long If Its Commercial Structure Is Torn Down Faster Than It Can Be Built Up.

(Copyright, 1917, Western Newspaper Union.)
He who dances must pay the fiddler. That is an old saying which is full of truth. The primary idea in this saying, of course, is that one cannot have any pleasure without paying for it in some way, but this is not the only sense in which it may be construed. It means that we cannot pursue any foolish policy indefinitely without paying for it in the end.

No man can overtax his physical strength indefinitely without risking ultimate disaster. Dissipation or overwork may be continued for a time without any noticeable results, but if continued for a sufficiently long time the inevitable comes to pass. The laws of nature cannot be violated with impunity. If one takes out of life more than he puts in, if he tears down his physical strength faster than he builds it up, he must eventually pay the fiddler.

What is true of the laws of nature is equally true of economic laws. The people of a community may for a time tear down the commercial structure of a town faster than they build it up without meeting disaster, but it cannot be continued indefinitely. In the end they must pay the fiddler.

Exhaust Resources of Community.

The person who makes his living in a community, receiving the money of the community for his labor or the products of his labor, and then spends his income outside of his community is helping to exhaust the resources of the community just as the man who expends his energy through dissipation or overexertion faster than he builds it up is exhausting his physical resources. One man may do this, of course, without noticeably affecting the economic strength of the community, but when a dozen men or women do it the effect becomes noticeable and when a hundred do it the resources of the community become exhausted to the point where collapse is inevitable. Those who are responsible for this situation may think that they have prof-

ed individually by their actions, but they have not realized that in the end they must pay the fiddler.

There are some persons who seem to be able to get through life without much effort. There are some who proceed on the theory that the world owes them a living and they proceed to collect it. They take what they can get and give nothing in return. Such persons, however, are not very numerous. Most of us must pay for everything that we get. Some may have to pay more than their share and these are carrying the burden of those who get more than they pay for. The fact remains that, as a general rule, one cannot have much worth while without paying for it.

The merchants of any community are the backbone of that community, so far as its prosperity and progress are concerned. Individually there may be some of them who do not exert themselves to boost their community, but collectively they are the men upon whom the living of every person in the community depends. The success or failure of an individual merchant may not be of particular concern to the people of a community, but the success or failure of the merchants as a whole is a matter of the very greatest concern.

Provide Market for Farmers.

The merchants of a town, in the first place, provide a market for a large part of the products of the farmers in the territory surrounding the town. They buy the produce of the farmers in small quantities, in accordance with their need, and some of them buy in larger quantities for shipment to foreign markets. If the merchants could not do this there would be no market at least for the small quantities except at ruinous prices. If the farmers could not realize a reasonable profit from their products, there would be no money for them to spend and there could be no money to pay for your products or to pay for your labor. It is therefore, of the greatest importance to every member of the community, whether a resident of the town or a farmer in the country surrounding the town, that the merchants be enabled to provide this market for at least a part of the farmer's products.

Every dollar sent away from a town to a mail order house helps to diminish the ability of the local merchants to provide a market for the farmer's products or to do any of the many other things which the merchants of every town do for their community.

Business in a community cannot be conducted on a one-sided basis. A man cannot take out of his community a good living for himself and family and give nothing in return. He may do so for a short time and get away with it; but in the end he must pay the fiddler.

The Best Policy.
It is better to be parsimonious than dishonest.

Flock Objects to Pastor's Embracing One of Ewe Lambs.

Lexington, Ky., June.—Refusal of Thomas J. Taylor, negro pastor of the Bland Street Baptist church at Carlsbad, Ky., a few miles north of this city, to heed the admonition of his congregation not to "tarry with his lambs" has resulted in his wife, Mary L. Taylor, seeking for a divorce, and she has filed with her petition praying for a separation from her ministerial spouse a copy of a resolution adopted by his congregation at a recent church meeting.

The alleged misconduct on the part of the pastor was discovered by "observing members" of the congregation, and at the conclusion of the investigation which followed, this resolution, which is cited by the wife as grounds for her plea for divorce, was adopted and ordered spread on the minutes.

"Whereas, Our beloved pastor has been seen by several of the observing members of this congregation holding in his arms one of the ewe lambs thereof, and,

"Whereas, He has sought to justify his action upon the scriptures, saying that the bible says that it is perfectly proper for the shepherd of the flock to take and hold in his arms the lambs thereof; now, therefore, be it

"Resolved, In order to promote the best moral interests of this congregation and the best interests of all kinds, whatsoever, and wherefore, that the next time he feels constrained to grab a lamb, that it be a ram lamb."

W. W. Smith was in town Saturday from his ranch southeast of the city about thirty-five miles.

LICENSE ISSUED TO A YOUNG COUPLE

License was issued last Saturday afternoon to perhaps the youngest couple in Lea county, these being Mr. Otis Hight age 17, and Miss Vista Duncan, age 14, both of Tatum, N. M. The fathers of the young couple came along to give their permission to the issuance of the license. The wedding, we are told, was to have taken place that evening at eight o'clock at Tatum.

Of course many comments were made upon the child-like appearance of the bride-elect, but friends told us that although now she had a step-mother, her own mother having been dead for some time, she had become an excellent little housekeeper and could do all her own sewing nicely, which is more than many other brides older than she can say.—Lovington Leader.

RATTLE BITES A CHILD EXPLORING PRAIRIE DOG'S HOLE AFTER AN OWL

Mills, June.—The little 5-year-old son of Mr. and Mrs. Frank Loftin was bitten by a rattlesnake this week when he reached into a prairie dog's hole to get an owl which had gone into the hole. Mr. Loftin, who is a section foreman, was sent for at once and the little fellow was hurried to the office of Dr. Gibbs for medical attention. The hand was swollen and the wound was very painful, but according to the attending physician is not serious. Late reports state that the boy is recovering rapidly.—State Record.

Ward Lackey was a business visitor to the Beautiful from his home in the lower valley Tuesday.

Mrs. Love and Chaytor motored down to Loving Tuesday, guests for the day of Mrs. T. O. Wyman.

Fred Rindskopf, wife and daughter came down from Roswell Monday, but later in the week returned to the upper valley city, where they are working in the interest of the Brotherhood of American Yoemen with excellent success. This order is one of the strongest, numerically, in Carlsbad.

Fred Dearborne, of the Roberts-Dearborne hardware company, is spending the week in Clovis on business for his firm, going up Tuesday evening.

LOCAL NEWS

J. L. Williams was up from his home in Malaga the first of the week and transacted business of various kinds while in town.

Milton Forke, of Hutchinson, Kansas, came to the valley last Thursday and is at the home of his brother, Julius Forke, in Lovington. He has taken work with his brother and will likely remain there throughout the summer.

Mrs. Rosale Tucker, who has been a house guest at the home of Mrs. Holley Benson, for two weeks past, left Saturday night for Artesia, on a visit to friends there. During her stay in this city, Mrs. Tucker was honor guest at a number of social affairs. Mrs. Tucker's home is in Tulsa, Texas.

Mrs. Hargrave, of Pecos, was registered at the Palace Saturday. Mrs. Hargrave is a sister of Mrs. J. D. Rackley, formerly of Carlsbad but now living in Kendrick, Colo., and the supposition is that she was on the way to visit her sister at that place.

Mrs. Sam Moskin and daughter, Jane, are in Roswell at this time where they went to spend the Fourth.

James M. Wood and wife, Mrs. W. T. Scott and H. C. Holcomb, all of Lakewood, were in town Saturday, coming to get medical advice for Mrs. Wood, who has been ill for some time. Mr. Wood made a brief visit to the Current office while they were in town, where he is always most welcome.

Several auto loads of people went out to the country place of the Hardy's after the ball game Sunday afternoon and enjoyed a picnic supper under the beautiful trees at that place. A fried chicken supper, a congenial crowd and the cool, pleasant evening, made the hours pass swiftly by.

Rufus Madera made a flying trip to town Saturday from his ranch seventy-five miles southwest of town, but he was in such a hurry that we didn't get to find out what he came in for.

Mrs. Lee Middleton was able to return to her home Monday of this week from Sister's hospital where she had been under a physician's care for some weeks, and is improving as rapidly as the serious nature of her illness will permit.

Mr. and Mrs. Aud Lusk spent the Fourth with relatives on the plains where Aud showed the boys he had not forgotten how to work branding calves.

MRS. CHAS WEIR IS CALLED BY DEATH.

—From Lovington Leader, July 2. This morning as we go to press we received the sad news of the death of Mrs. Chas. Weir of Monument, N. M. Late yesterday afternoon a necessary operation was performed which resulted in her death. Mrs. Weir is survived by her husband, Chas. Weir, merchant at Monument, her father and mother, Mr. and Mrs. Williams, and a brother of Monument, N. M. and two sisters, Mrs. B. V. Culp, of Monument, and Mrs. Wagoner Harding of Knowles, N. M. The community was shocked by the news of her sudden and untimely death and extends to the bereaved ones their heartfelt sympathy in their hour of sorrow.

The funeral services will be held this afternoon and burial will be made in the Lovington cemetery.

Henry Reed, publisher and proprietor of the Glendale, Arizona, News, was in town over Sunday, a visitor at the home of his mother, Mrs. Maggie Reed, at the Metropolitan hotel, and his sister, Mrs. Harlan Thomas. Mr. Reed was accompanied by his little daughter, Retta, who will remain in Carlsbad for a short visit with her relatives. Mrs. Burnia McCaw, the youngest sister of Mr. Reed, accompanied him to his home and will take employment in his office, learning to operate the linotype. Her little girls will go to the home of their grandmother, in Artesia, for the present.

Rev. and Mrs. T. C. Mahan will celebrate the Thirtieth anniversary of their marriage tomorrow with the members of their congregation at the Baptist pastor's home, from 5:30 until 9 o'clock. These good folk occupy a warm place in the hearts of their parishioners and all wish them many returns of the happy day and no doubt a pleasant time awaits both pastor and people.

Roy Dickson and wife, Ben Dickson and family, Henry Dickson's family and Mr. and Mrs. Dearborne had a picnic on Black River last Sunday at which they report a splendid time.

Miss Lily Kelton, of San Antonio, Texas, was in town between crains Monday enroute to Roswell for a visit with Carlsbad's former resident and Miss Kelton's sister, Mrs. Myrtle Kelton Lowe.

NEFF-MANDA.

Miss Golden Neff, accompanied by her brother, Mr. Este Neff, left last night for Albuquerque, where she will be married tomorrow to Mr. Harry Manda, who comes to meet her there from Gallup, where he is employed in the office of a big mining corporation. Following the nuptial ceremony the bride couple will leave with the president of the company and his wife for a trip to the mountains. And after their honeymoon trip they will be at home in Gallup. The marriage of Miss Neff and Mr. Manda unites two of Artesia's most excellent young people. Miss Neff has been for several years a teacher in our schools and Mr. Manda is one of the boys the town delighted to honor as one of its representatives in the war. Congratulations and best wishes are extended by a large circle of friends.—Artesia Advocate.

The Airdome was fairly well filled Sunday night, for the union services despite the fact that a great many of our people were spending the day away from town. The band failed to be present, the manager stating that it was impossible to line the members up for the same reason. Judge Armstrong was taken sick Sunday afternoon and was unable to give his talk, but Judge F. E. Wilson was present and made a fine address, as did Rev. Lowry. The meetings will be held in the Airdome during July and August.

Louis G. Anderson, an old resident of Pecos about twenty years ago, is back this week looking over his land interests here. He is now in the machinery business in Chicago. He was formerly in the real estate business here and at Carlsbad, N. M.—Pecos Times.

Wm. Leck, J. B. Leck and family, went out to the ranch of Willoughby Hegler last Sunday morning, returning Monday night. While a hard trip, they were amply repaid by seeing the beautiful angora goats in which Mr. Hegler specializes, and which he raises on his well stocked ranch.

Sam Lusk and wife left Friday night for a visit to Roswell where Mrs. Lusk's parents reside and where they remained until Monday afternoon.

FISHES FOR BIRDS WITH ROD AND LINE

Boston Curator Thus Catches Rare Specimens for Aviary.

The way to catch birds, according to the beliefs and practices of George Morse, curator of the Franklin Park zoo, Boston, is to fish for them. A bamboo fish pole with a small fish line noose and snow shoes completes the curator's outfit for "bird fishing."

Nor is this a fish story. A reporter saw him catch three birds in this manner. Since February 4, when he sighted his first two birds and caught them, he has "landed" a full dozen of rare little feathered songsters from the far north.

This included four pine grosbeaks, two evening grosbeaks, which are birds especially rare in this section; five purple finches and one red top. It is Mr. Morse's opinion that the deep snows farther north have completely covered all possible food and that the low fruited bushes of the park have attracted the birds.

Curator Morse spends all his spare time tramping over the snowy miles of park expanse in search of these rare birds. He knows that the first thaw will send them north again and he is eager to capture as many as possible to put on exhibit in the aviary with the other costly and rare specimens.

Curator Morse always tries to work up upon the bird from the rear. He pushes his pole into such a position that the noose is just over the bird's head. Then he drops it gently. There is a flutter of wings, a surprised protest and the little creature is fairly caught.

Then the curator hauls in gently and the bird is soon in captivity.

400-ACRE AREA NEAR COW SPRINGS SWEEP BY HAIL STORM THAT MOWED DOWN WHEAT.

The farming country south of Cow Springs, N. M., in Santa Fe county, suffered heavy damage in one of the most terrific hail storms in the history of the county. The storm, which lasted probably two hours, swept an area of 400 acres. In that area the destruction was almost unbelievable. The wheat, oats, beans and other crops were beaten down and, it was said, the farmers would save little if any of their crops. The farmers were hit hard and it was reported their families wept like children as they looked from their windows and saw the hail sweeping through their fields like gigantic mowers. The hail stones were the size of large marbles.

NO PROFITTEERING IN COAL IN NEW MEXICO.

Santa Fe, N. M., July 8.—The investigation of prices charged for coal began by the United States attorney's office at the direction of Attorney General Palmer, so far has not brought to light any evidence of profiteering at any place in the state, United States Attorney Summers Burkhardt stated here.

The investigation has not been completed. Mr. Burkhardt said that the prices charged at the mines at Madrid and Gallup had been found to be within the fuel administration's limits. He had not received any report from the Dawson field so far.

The probe will be carried into every town in the state, Mr. Burkhardt said, as the attorney general's instructions called for investigation of the retail dealers' prices as well as mine prices. The probe has been finished in Albuquerque and no profiteering was unearthed on the part of retail dealers.

STATE CLUB LEADER WEDS COLLEGE TEACHER.

Robert B. Foster, Jr., and Miss Luella Madsen were united in marriage in Ames, Iowa, this week, the ceremony being performed at the bride's home. They left for Raton immediately after the wedding and will make their home there. Mr. Foster is state leader of the boys' and girls' clubs for New Mexico and is connected with the state college at Las Cruces. The bride for sometime has been a member of the faculty of the State College of Agriculture in the domestic science department. After spending a day or two in Raton, they left for a honeymoon trip to Denver and other Colorado points.—New Mexican.

RECORD COTTON CROP EXPECTED THIS YEAR.

Washington, July 8.—A cotton crop of 11,450,000 bales, was forecast today by the department of agriculture as a result of the material improvement in the condition of the crop since May 25. On that date the condition of the crop was the worst on record.

Edgar Williams, who ranches near the cap rock, had his collar bone broken last Saturday by a horse falling with him. He was taken to Artesia for treatment.—Lovington Leader.

A writer in the American Magazine says that one-third of those killed by automobiles are children under ten years of age, the vast majority of these fatalities being due to being run down in the streets. Just how many of these accidents are chargeable to drivers of automobiles is a matter of conjecture, but it is reasonable to believe that the large majority of them are due to carelessness of parents in allowing children to play in the streets and failure to warn children of the dangers in crossing streets. Of course, something should be done with the reckless automobile driver. He is a menace to the lives of the community, but a big reduction in the number of fatalities to children can be effected by instructing them in the dangers of playing in the streets. Such a course should be a part of the instruction in every public school. Ninety-five per cent of the accidents are due to carelessness and are therefore preventable.

Austin, Texas.—State health officer C. W. Goddard today issued to health officers in Texas general rules for plague prevention, and announced that there will be no restrictions on personal travel across the state borders. Following is the text of the notice sent to health officers:

"Until further notice all health officers are instructed to enforce the general rules and regulations promulgated by this department relative to bubonic plague prevention. A copy of the governor's proclamation and the general rules pertaining to same, are being forwarded to you under separate cover.

"All towns in the prescribed area must start rat extermination measures at once. Additional specific regulations will be issued to each community as the occasion and developments may warrant. No restrictions have been made on personal travel."

Developments at the San Francisco convention demonstrate that William Jennings Bryan is the "grand old man" of the democratic party. As "the boy orator" he stamped a convention into nomination for president in 1896. Since that time his star has encountered many eclipses but they have proved to be only partial and temporary. Throughout his career of a quarter of a century he has

held a position of leadership and influence that no other man in American history ever enjoyed to the degree that he has for so long a period. Though lacking in many of the qualifications of a statesman history will give him a big place. Perhaps no other man in the past twenty-five years has exerted the influence he has, though he has held office only a few months and then only in a capacity that removed him from the field of legislation.

"Dinky Moore's Filling Station" is having an addition built on the north, which will add greatly when completed to the convenience of the establishment. The present dining room is to be enlarged by the removal of a partition on the north more room being required for the rapidly increasing business of the firm.

LAKEWOOD LOCALS.

Herrah for Cox and Roosevelt.—It's a winning ticket—an easy winner. Not only so, it's a "sweeper", a land-slide producer. We can now rest assured that the country is safe for another four years. But listen to the roars from the camp of the enemy; being entirely without an issue, hear them shouting, "wet", "liquor interests," and any thing along this line that they think will stir up the women voters against the ticket, but they are too late. If the women vote this fall it will be because the Democrats made it possible, in spite of Republican opposition, and the women know it, and will vote accordingly. So there will be a big Democratic victory next November.

Lewis Howell and Will Howell returned Wednesday from Flagstaff, Arizona, where they attended the big celebration and roping contests. Lewis won three prizes, as follows: He and Lee Robinson, of Kingman, Arizona, took second money in bull roping, \$800.00, this of course was divided; then Mr. Howell took third money in "steer breakaway", \$250.00, also \$50.00 day money, or fast time money.

Mr. and Mrs. A. McNeill and children are at home again after a month's visit with relatives and friends in Texas. While away, Mr. McNeill visited Ranger, Eastland, Breckenridge and several other oil towns in that part of the Lone Star state.

On account of the high cost of shoe leather, H. C. Holcomb, keeper of McMillan dam, has bought himself a jitne, and now rides over after his mail.

Mrs. Mae Webb and little son "Pete", returned one day last week from a visit of some week's duration with relatives and friends in Clovis and Portales.

Barney Hopkins and Will Murrill went to Wynona, Oklahoma, to attend a wild west show and roping contests on the Fourth.

Miss Annie Hardesty is visiting with her sister, Mrs. Geo. Spencer, at Carlsbad.

Mrs. Lewis Howell and children returned Saturday from Roswell where they have been visiting with relatives.

Whicher Angel and family have moved to the Angel ranch in Dagger Draw, near Globe.

Mrs. Silas Hogg, daughter, Miss Elizabeth, Miss Alline Baker; Rudolph Wilcox, all of Carlsbad, and Elmer Baker, of Loving, spent the Fourth in Lakewood.

Mrs. L. W. Howell and daughter, Miss Tenle, spent Tuesday visiting with relatives and friends at Globe. Master Lee DeAutremont returned Wednesday from a visit of more than a month with friends at Snyder, Texas, and Clovis, N. Mexico. Miss Carrie Truitt visited with friends at Globe Sunday, returning home Tuesday.

Tom Howell spent the Fourth with relatives and friends in Roswell.

Verne DeAutremont, who has been on a Santa Fe work train since last winter, returned to his home here about a week ago.

Mrs. Ole Gossett, and Mrs. J. E. Howell came in from their ranch home thirty miles southwest of Lakewood Wednesday and visited with relatives and friends until Thursday.

Lewis Lindsay returned on the 4th from a business trip to Magdalena and other points northwest of here.

Mr. and Mrs. John Murrill, Mr. and Mrs. J. M. Stroud and George McGonagill motored to Artesia on business Wednesday.

Muriel Bales, of Carlsbad, visited his parents here this week.

T. G. Low went out to the Howell-Gossett ranch on the head of Rocky, Thursday, where he will drill a well. He expects to be absent from town about two months.

Ernest McGonagill, of Artesia, spent several days, including the Fourth, here during the week.

Mrs. S. E. Fanning and family John Fanning and family spent the Fourth on Rocky, and report a most splendid time.

Mrs. Barney Hopkins and her mother, Mrs. Jane Kirkland celebrated the Fourth with relatives and friends on Rocky.

Lakewood celebrated the Fourth by going to preaching in the morning, eating a splendid dinner served on the lawn in J. M. Stroud's yard, listening to a good program rendered by the Sunday school children in the afternoon and going to preaching again in the evening.

There was a barbecue given by W. T. Arnold and J. M. Mann, at the latter's residence, five miles west of town on the Fourth, which was attended by a number of Lakewoodites.

J. H. Garrett and wife came in from their home at Lovington yesterday, accompanied by Harris Garrett, who comes for medical treatment. They will probably remain until the first of the week.

**AMERICAN LEGION
 TO HOLD STREET
 CARNIVAL**

Beginning August 16th and continuing five days, the local American Legion will hold a street carnival. The lot opposite the Armory will be utilized that being a central location and the usual concessions and shows will be in evidence. The plans as now laid call for a wild west show, a ball game and a street dance, among other attractions; the proceeds to go to the Legion for fitting up its club rooms in the basement of the Armory and that it will be successful in every way is evident from the start. Further particulars will be given from time to time as the plans mature.

**New State College
 Board is Appointed
 By Governor Except
 Democratic Member**

The appointment of four of the five members of the state college board of regents have been announced by Governor Larrasola. The men appointed are: Walter M. Connell, Albuquerque, democrat, George Curry, Socorro, republican.

William A. Sutherland, Las Cruces, republican.
 Albert J. Fountain, Mesilla, republican.

The fifth member will be a democrat, and the governor said that he had a man under consideration to name in a few days.

Mr. Connell is chairman of the city commission of Albuquerque, and a highly successful business man. Mr. Sutherland is an attorney. Mr. Fountain is a merchant, and former governor Curry is in the hotel business at Socorro. Mr. Sutherland and also his wife, are both graduates of the State College.

The governor announced also that he has asked former Governor Herbert J. Hagerman, as head of the Tax Payers' association, to detail an accountant to make an audit of the State Colleges jointly with A. C. Whittier, traveling auditor, "for the purpose of showing it was not a one-sided affair." He added that he wanted "the tax payers to know that the thing was done in all good faith."

The charge that he was "playing politics" in the removal of the former regents, which came to the governor's ears, amused him, he said, his friends never sought his political counsel, he remarked laughingly; he "was not a politician." He then pointed out that it would hardly be playing politics to oust "politically strong men."

He made no attempt to dictate to the ousted regents who they should elect president of the college, following the resignation of Dr. Austin D. Crile, he said. He merely made a recommendation, he said, because he believed the man was by far the best fitted man for the job.

"I can say further," said the governor, "that I had it in my power to place that man in the president's office, but I didn't wish to."

FARMER INJURED IN WIND STORM

J. A. Tedley, a farmer living some miles southwest of Shamrock, was severely but not dangerously hurt on Thursday of last week, during the storm of that afternoon which had much of the nature of a cyclone. Mr. Tedley started from the barn to the house and had gone about fifty feet when the plank roof of a shed was lifted from its moorings by the wind and it struck Mr. Tedley, knocking him to the ground and severely hurting him.—Shamrock Texan.

LOCAL NEWS.

Mrs. John Snow, nee Miss Helen Wallace, is in town, coming Saturday from her home in Denver, for a fortnight's stay with her parents in Carlsbad.

Mrs. M. C. Stewart and son, Hugh, returned Monday night from their visit to Mr. and Mrs. Ed Nye, at Clovis. The latter couple accompanied them to Carlsbad in an automobile and left on the evening train for their home.

Roy Dickson and wife were up from their home at Loving Tuesday on a business trip.

George Scheiddegger, who with his brother, Harry, has been living in one of the Dishman Cottages, left Monday morning for Sweetwater, Texas, where he intends to remain, should he secure suitable employment. The Scheiddegger brothers came here some months ago from Missouri, for the younger brother's health, which is rapidly improving at this time.

The new home of Lee Hanson, north of the J. S. Oliver residence on Alameda street, is nearing completion, under Contractor McKibbin, and will be ready for occupancy by the 25th of this month.

Miss Fannie Wallace, sister of Mrs. R. M. Thorne, who has been spending some time in Carlsbad, left Wednesday morning for Paris, Texas, and will visit a brother before going on to her home at Nashville, Tennessee.

Mrs. T. A. Sacra, and two sons, of Roswell, were in town overnight from there where they have lived for three years past, en route to Midland, Texas. Mrs. Sacra goes to the Texas town to dispose of her property there, having recently purchased a home in Roswell.

S. E. McMahon, of Artesia, came down from there Tuesday afternoon and continued on to Queen for a visit at the home of his sister, Mrs. Scott.

The Beach family, the F. E. Little family and the George Williams family joined forces and all visited at the Blue Springs ranch on Black river to spend the glorious fourth of July. They left Saturday and remained in that delightful spot until late Monday and had a happy time.

The nation's birthday was celebrated by the Episcopal Sunday school with a picnic in the grove south of town, Monday night. All present enjoyed the outing and the picnic supper prepared for the occasion.

BAPTIST CHURCH.

Sunday school at 9:45 a. m.
B. Y. P. U., at 7 p. m.
Preaching, 11 a. m. and 8 p. m.
A cordial invitation is extended to the general public.

T. C. MAHAN, Pastor.

Albert Area was in from the ranch Monday on a business trip, returning after a day's stay in town.

Mr. and Mrs. N. T. Daugherty and little granddaughter, Lillian Lee Bumbach, finally started on their vacation trip last Wednesday after numerous delays. Mr. Daugherty has an annual vacation of 20 days and proposes to spend it in the cool mountain region near Ruidoso. He is an enthusiastic angler and goes well equipped for indulgence in his favorite sport.

FOR RENT.—Nicely furnished four room house, close in, all modern conveniences. Phone 536.
PAUL MAHAN.

C. C. Sikes and R. C. Dow spent a couple of days and nights this week fishing, with what success we have not learned.

Mrs. Hamlin, of Salina, Kansas, left this morning for her home after a pleasant visit with relatives here and in Artesia.

J. E. Alston left last night for Roswell and after a short stop there will go on to New York. Mr. Alston is buyer for the Joyce-Fruit company and will visit the markets in the interest of his firm, expecting to be gone about six weeks.

Mr. Mercer and daughter, came in last night from Little Rock, Arkansas, and are at the Palace hotel. Mr. Mercer is a farmer and looking after a location in the valley.

N. L. Randolph, of the Peoples Mercantile company will leave some time today for the eastern markets to buy goods for his firm for the fall and winter trade.

John Reed and family and Mr. and Mrs. J. D. Forehand, of Black river, were in town yesterday on their way home from El Paso, where they spent ten days.

Mrs. Geo. M. Brinton returned the first of the week from a visit to her parents and other friends in Artesia.

Charles W. Bozarth and wife and H. W. Bozarth and wife were registered at the Palace, coming from Snyder, Texas. The ladies were, until their marriage, Misses Wilmoth, daughters of a former resident and property owner in Carlsbad. Mrs. Wilmoth, their mother, was killed in an automobile accident in Texas about a year ago. The party was enroute to Cloudcroft for the summer.

"The Copperhead" wanted to face the cannon, but Abraham Lincoln told him to LIVE for his country.

COMMUNITY WORSHIP.

Rev. H. W. Lowry will have charge of the song service at the Airdome Sunday evening. Special music will be a feature of the occasion. Sermon, songs and the entire program will be along evangelistic lines. The Airdome is a most delightful place these hot evenings, and all the people of Carlsbad and community are most cordially invited to spend one hour here in the worship of their Lord. Meetings open at eight o'clock.

Peoples Mercantile Co.

Why the McCormick Mower is Dependable

A BREAKDOWN during the rush time of the haying season often means considerable loss to you. It may delay your cutting so that your hay becomes over-ripe and loses part of its nourishment, or it may prolong the haying season until wet weather destroys a part of its feeding value.

There's mighty little danger of breakdowns when you buy a McCormick mower. It has no unnecessary parts to wear out and give trouble. It has less parts than any other mower. For years and years the McCormick has been celebrated for its simplicity and durability. It has given satisfaction to thousands of hay growers. What it has done for others it will do for you. Come in and let's talk it over.

LOCAL NEWS

Miss June Carter is spending the week with her grandparents, Mr. and Mrs. J. N. Nevenger, southwest of town.

Mrs. Will Ward came in from the ranch in the mountains the middle of the week. She tells us they have had plenty of rain there and everything is pretty and green while the cattle are in splendid condition.

Several carloads of Artesia people are expected down from there tonight to be in attendance at the weekly band concert. Here's hoping the townspeople will continue to manifest an interest in the concerts and also in the well-being of the band, that being one of the best assets of any town.

Mr. and Mrs. L. G. Ryan and Mrs. C. C. Cassingham and two children came in Sunday afternoon from San Francisco. Her many friends and schoolmates in Carlsbad will be glad to know that Mrs. Cassingham is improving in health and with her mother's loving care she will likely soon regain her strength. Mr. Cassingham is still in San Francisco but may come to Carlsbad at a later date.

Under date of May 21, 1930, the Current last week received a postcard from the editor's friend, Joseph Wertheim, one of the proprietors of the Boston Store who is now visiting at his old home in Germany. Mr. Wertheim says he had a good trip and is enjoying himself in his old home but will be mighty glad when he gets back to the good old U. S. A.

Word was received Wednesday of this week that Mrs. J. L. McCaleb, a sister of Mrs. Wm. H. Mullane, was seriously ill at her home in Carlsbad, Texas, of pneumonia. Mrs. McCaleb visited in Carlsbad about three years ago and made friends of all with whom she came in contact by her simple unaffected goodness and many friends will anxiously await news from her sickroom.

Mrs. J. S. Johnson returned Friday from a visit to the home of her daughter, Mrs. M. R. Kirkley, at Pecos. She pronounces the new grandson all that could be desired in a baby and the entire family is enthusiastic over the youngster.

Oscar Ussery was registered at a local rooming house the first of the week, coming from the ranch southwest of town where he is employed.

Mrs. Cooke, of the M. L. ranch, is spending the week in town a guest of Mrs. Martha Livingston.

John D. Lucas left yesterday for his ranch, expecting to spend the remainder of the summer at that place.

Mr. and Mrs. James Simpson are in town this week from their ranch on Chalk Bluff, east of Artesia, this being their first visit here for quite awhile. Mrs. Simpson says she has a wonderfully fine garden and lots of frying sized chickens at her ranch home.

Mr. and Mrs. Will Ed Carter and Mr. and Mrs. Coley Jones were camping in the Guadalupe west of town this week.

SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1920, Western Newspaper Union.)

LESSON FOR JULY 11

JONATHAN BEFRIENDS DAVID.

LESSON TEXT—1 Sam. 18.
GOLDEN TEXT—A friend loveth at all times; and a brother is born for adversity.—Prov. 17:17.
ADDITIONAL MATERIAL—1 Sam. 18: 1-4, 17-30; 19:1-34.
PRIMARY TOPIC—A Story of Two Friends.
JUNIOR TOPIC—David and His Friend.
INTERMEDIATE AND SENIOR TOPIC—Friendships That Are Worth While.
YOUNG PEOPLE AND ADULT TOPIC—Friendship: What It Is and What It Does.

The friendship between Jonathan and David is peculiar in that it occurred between two men of rival worldly interests. Jonathan was the crown prince, the heir to the throne. David was the heir according to divine choice and arrangement. Jonathan knew this and magnanimously waived his natural personal rights to the one whom he knew that God had chosen.

Following the interview of Saul and David after the victory over Goliath, Jonathan's soul was knit with that of David. He loved him as his own soul. While there was mutual love, yet this pleasing trait stands out more in Jonathan than in David, because it meant great loss to him—the loss of the throne, but immense gain to David—the acquisition of the throne to which he had no natural right. The genuine friendship was shown:

I. By Giving to David His Court Robe and Equipment (18:4).

These belonged to Jonathan as the crown prince. Following the love-covenant between them (18:3) Jonathan stripped himself of these and gave them to David. This act was virtual abdication in favor of David. "Love seeketh not her own" (1 Cor. 13:5).

II. By Defending David Against the Frenzy of Saul (1 Sam. 19:1-6).

According to oriental custom, the women met David and his soldiers as they were returning from their victory over the Philistines, and with singing and dancing they ascribed more praise to David than to Saul. This stirred up the murderous envy of Saul and moved him to his third attempt to kill David. In his third attempt Jonathan defended David before his father and evoked from him the oath that David should not be slain (19:6). Thus he exposed himself to the anger of his infuriated father, for David's sake. When one is willing to lay down his life for another he proves that his friendship is real. "Greater love hath no man than this that a man lay down his life for his friends" (John 15:13).

III. By Revealing to David Saul's Murderous Intent (1 Sam. 20:30-40).

The beginning of a new moon was celebrated by sacrifices and feasting, at which all the members of the family were expected to be present (v. 5). David's excuse for absence was to go home to attend the yearly sacrifice of the entire family. This annual feast was more important than the monthly feast.

Matters were now so serious that they renewed the covenant between themselves. In its renewal the terms were projected beyond the life of Jonathan (vv. 14, 15). Saul's anger was now so fierce that for Jonathan to be found in company with David was a dangerous thing, so he cleverly plans to give David a sign by which he could know Saul's purpose. We prove our friendship by warning those who are exposed to danger. David's heart responded to Jonathan's love by pledging himself to deal faithfully with Jonathan and his seed forever. Later history proves that this was faithfully carried out (II Sam. 9:7, 8).

Some Observations on Friendship:

1. Friendships should be made while the parties are young—while the hearts are capable of being knit together.

2. Real friends are few; therefore be careful in the formation of the ties of friendship. Friends should be selected. We should love everybody, but we can have but few friends.

3. There should be some variations in the temperaments in those who would be friends. Friendships should be formed for the purpose of mutually helping each other. Both parties, however, must possess real merit.

4. Both parties must be God-fearing. David and Jonathan both recognized their obligation to the Lord and that his help was essential to the welfare of both. Without a deep religious life there can be no friendship. There are times when one party must absolutely renounce his interests in behalf of the other. Genuine love is the basis of all friendship.

Good Impulses.
Few good impulses live long unless they are put to work.

The Glory of Life.
To do the things that can't be done is the glory of life.

Greatest Losses.
The greatest losses are the losses we never observe.

Being Rich or Poor.
We are as rich or as poor as our minds make us.

Character.
Character is a growth from the soil of purpose.

Five Minute Chats on Our Presidents

By JAMES MORGAN

(Copyright, 1920, by James Morgan.)
FIRST IN WAR AND PEACE

1775—June 15, appointed commander in chief.

1781—Oct. 15, received the surrender of Cornwallis at Yorktown.

1788—Dec. 23, surrendered his commission to congress.

1789—April 30, inaugurated first president, aged fifty-seven.

1793—March 4, inaugurated a second time.

1796—September, Farewell address.

1797—March 4, retired.

1799—Dec. 14, died.

THE choice of Washington to be commander in chief of the Revolution is one of the mysterious but happy accidents of history. Nothing in the deeds of this militia colonel, who had lost every fight that he had fought, pointed him out as the one and only man to meet the armies of the greatest empire in the world. Nothing in the words of this farmer, who never made a speech, inspired the congress at Philadelphia to turn to him by unanimous consent as the leader of the young nation. Yet Patrick Henry testified that this silent member was "the greatest man" in an assemblage which Lord Chat-

George Washington.

ham declared never had its superior anywhere in history.

As he went to the front, he met a courier on a lathered horse, bearing the dreadful news of Bunker Hill. "Did the militia fight?" was all he wished to know. "Yes." "Then the liberties of the country are safe." Although it is said that Washington never in his life read but one book on the art of war, he knew that if the people would only stand up to the king's regulars, they could lose every battle and still defeat an enemy who was 3,000 miles from his base.

The Revolution was not won by the sword of Washington, but by his indomitable character. It was his character, slowly built up by poverty and struggle, which had given him from the start the leadership over men who talked more; yes, and who knew more.

The invincible fortitude of a people, heroically embodied in him, overthrew the king's army and navy and his Hessians. The unconquerable spirit of the 3,000 hunted, hungering, shivering, ragged Continentals of Valley Forge wrested from the British crown an empire greater than all the conquests made by Napoleon's grand army.

At the last, as the Americans leaped those last hurdles to independence, the British redoubts at Yorktown, Washington only said: "The work is done and well done. Bring up my horse." The war was over, but the noblest victory was yet to come. Having received the surrender sword of Cornwallis, Washington surrendered his own, unstained by personal ambition, to the people who had entrusted it to him and went back to his farm, from which he was called to become the first president of the republic.

No president has been more bitterly abused than the first. His cabinet quarreled until Jefferson, his secretary of state, resigned, and his next secretary, Edmund Randolph, basely betrayed him. His vice president, John Adams, called him "an old mutton head," who had "not been found out only because he kept his mouth shut." "Trencherous in private friendship and a hypocrite in public life," Thomas Paine pronounced him. Because he refused to take the side of revolutionary France, "10,000 persons in the streets of Philadelphia"—then the capital—"threatened to drag Washington out of his house," John Adams tells us.

Notwithstanding the outbursts of partisanship, he retained the confidence of the country to the last, when the people at the inauguration of his successor followed the retiring president into the street and left the new president all but deserted. The long task of the homesick exile from Mount Vernon was done. He had found the Union a theory and he had left it a fact. He had found the United States paper and he had left it a rock.

"SERVICE THAT PLEASES"

More Oil Wells to be Drilled at Irabell, Texas.

The Ira J. Bell interests announce that they have let two more fifty-acre contracts for drilling. One was to Birmingham, Vestal & Co., of Fort Worth, on the north-east of the Irabell townsite on the Santa Fe railroad, 23 miles north-west of Pecos. Mr. Bell stated that the contractors will have a rig on the ground in the next few days.—Pecos Times.

PICNIC DINNER AT THE DAVIS HOME.

Forty-two persons partook of a picnic dinner at the M. L. Davis home Sunday noon. The cloth was spread under the trees in front of the house and everybody present enjoyed the fried chicken, salads, baked beans, pickles, olives, deviled eggs, boiled ham, pumpkin pie and all the other good things prepared by these old friends and neighbors. Ice cream and cake finished the menu and in spite of the large crowd there were more than the scriptural amount of fragments taken up at the close of the meal. After dinner those who wished came to town to attend the ball game, but many of the ladies remained and spent the afternoon in neighborly and social conversation, several of the families having been friends for years.

Persons who may doubt the ability of Carlsbad ladies to raise flowers are invited to visit the Palace hotel flower garden and view the beautiful specimens of dahlias and verbenas which Mrs. Chaytor has growing in front of that hostelry. Eight varieties of the first mentioned flower may be seen ranging in color from pure white to a dark crimson, almost a black, and each as perfect as a flower can be. There are about the same number of varieties of verbenas. Then, too, Mrs. Chaytor has beautiful and fragrant sweet peas of different colors, but all surpassingly beautiful. If this city followed the example of other near-by cities and towns and offered prizes for the most beautiful specimens of different blooms and plants, the growing of flowers would be greatly increased and a more beautiful and attractive city would result.

Mrs. John Lucas and daughter, Miss Gladys Bush, left this week for Berkeley, California, where Miss Gladys will enter college in the early fall. Mrs. Lucas remaining with her until that time. Miss Bush has had the benefit of a year at the well known Mary Baldwin school, in the east, and is desirous of a year in the extreme west. She has a host of friends here who are interested in her welfare.

Reasons!

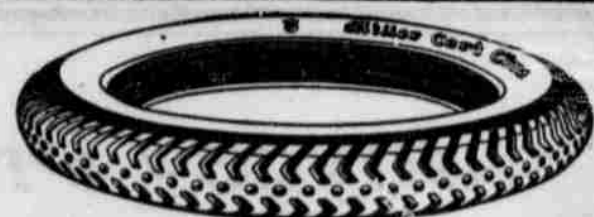

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

Take

CARDUI

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr. for Cardui . . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80

Tire Treads Improved 25%

The latest Miller triumph is a super-grade tread. It excels the best rival treads today by an average of 25 per cent. This has been proved, under careful watch, by many road comparisons.

The Miller Tire mileage is the talk of the day. But these new-grade treads outwear the balance of the tire.

Not one Miller Tire, built with this new tread, has ever come back with the tread gone.

These treads do not vary. Every day the Miller tread stock is vulcanized and tested in the laboratory. It must prove up to these new standards before a tread is made.

Miller Cord Tires, in the factory tests, now average 15,000 miles. Miller Fabrics from 8,000 to 9,000 miles. And these factory tests are extreme.

Watch your mileage on one Miller Tire. Compare it with any other and it will win you. You owe that to yourself in view of Miller records.

Tread Patented

Center tread smooth, with section cups to firmly grasp wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

CRITICISM OF WAR IS NOT POPULAR WITH PUBLIC.

Washington, D. C.—There is growing doubt that the Republican leaders will attempt to make criticism of conduct of the war one of the campaign issues, their discovery that the country has not approved of the activities of the "smelling committees" authorized by the G. O. P. Congress.

There has been very little response to the reports of these investigating committees, and even a portion of the Republican press has condemned dragnet investigations designed merely to find political capital and try to find fraud. So far none of the "smelling committees" has named a single person guilty of fraud in connection with the letting of thousands of war contracts, involving millions of dollars.

While the committees have found that war is expensive and that high prices had to be paid for many things because of the emergency of the orders, no misappropriation of funds or willful and deliberate extravagance was found.

The fact that America won the war is sufficient for the public, and that is believed to be the reason that the public has taken so little interest in the post-mortems

of the Republican investigating committees.

W. C. Hamilton left Wednesday morning on the return trip to Texas, after spending a week here on business. Mr. and Mrs. Hamilton have been living at Desdemona, Texas, until recently when they moved to Dublin. He contemplates a return to Carlsbad in the coming fall.

F. G. Snow left yesterday morning for California, Missouri, where Mrs. Snow and Marjorie have been visiting for some weeks, and will spend his vacation there and at other places in that vicinity, the family returning together after a month's rest.

E. B. Guthrie, of Dallas, Texas, recently purchased the three Church cottages in the northern part of the city. The little houses are among the prettiest buildings in town and are considered very valuable property, being well located and always kept in splendid condition.

Mrs. Rex Freeman came in Saturday night from her home in Dallas and is spending the week with her parents, Mr. and Mrs. J. N. Nevensen at their ranch home southwest of the city.

MILLIONS FOR SERVICE.

Some idea of the amount of new capital required to enable an electric power and light company to keep pace with constant expansion of business and industries is gained from figures recently published by the Pacific Gas and Electric Co. of San Francisco.

This company alone in the past 14 years has been required to expend \$81,274,370 in order to keep pace with the demand of its customers.

Community growth is dependent today on the ability of its public utilities to supply the needed service, and for this reason the public is vitally interested in the successful operation of these companies.

The foregoing figures are typical of the expenditures that are required of utility companies in all parts of the west to meet the needs of the people.

The Misses Matilda and Kathryn Gerlach recently purchased the two lots south of their residence on Guadalupe street, and will hold them for a building site.

There will be morning worship next Sunday at the Presbyterian church, and the topic of the sermon will be "A Missionary From God." At eight o'clock in the evening the people will attend the meeting in the Alhambra.

Reeves brothers are in the city from their home at Upton, N. M., for a short stay.

Walter Glover spent part of this week in town from his ranch southwest of here.

W. E. Smith and family attended the Elks entertainment at Roswell and enjoyed it very much as well as a visit with old friends in that city.

Does the New Edison make you feel the presence of the living singer? Does it RE-CREATE the efforts of famous instrumentalists,—of great bands and orchestras?

The Realism Test enables you to determine for yourself.

STAR PHARMACY

W. E. Smith, of the Pratt-Smith hardware company, had letters from A. N. Pratt, who with his sister, Miss Pratt, left recently for Columbus, Ohio. Mr. Pratt stood the trip well as far as Cincinnati, but on reaching that city, had a very serious heart spell from which he recovered nicely, however. He has since consulted specialists and had an X-Ray examination, but the results are not known at this time. In Carlsbad, where Mr. Pratt is so well known, where he has lived so long, and is so universally esteemed, his health is a matter of keen interest and all unite in hoping for his return with his health and strength completely restored.

The families of Will Purdy and T. C. Horne were among many others who motored from here to Roswell to spend the Fourth.

Mr. and Mrs. Harry McKim have taken the John Lucas house for the remainder of the summer, during the absence of Mrs. Lucas and daughter in California.

Miss Thornton, of Denver, is in the city this week, stopping at the Crawford and looking after business for her firm.

C. O. Merrifield returned Tuesday afternoon from Roswell where he had spent several days.

Miss Julia Clarke, eldest daughter of Mr. and Mrs. Hardin Clarke, has been quite ill from an injury to her foot received several days ago. The little girl stepped on a bone in the yard at their home, with very disastrous results, and has been confined to bed since. The family having another very sick child, Mrs. Grantham, with real neighborliness, is caring for Julia at her home.

The Current is glad to be able to announce the improvement in the condition of the nine-months old baby boy of Mr. and Mrs. Henry Bulman, who has been dangerously ill at the home of his parents, on Greene Heights, for a week past. Physicians are greatly encouraged today over his condition.

Dr. and Mrs. A. A. Bearup and children, Cecil and Miss Grace, spent the Fourth in Roswell. The Bearup family lived in that city many years ago and still have a host of friends there.

Mrs. E. T. Carter returned from a business and pleasure trip combined, the latter part of last week, having spent several days in Roswell.

Rev. D. F. Sellards gave two interesting lectures, illustrated by the stereopticon at Malaga schoolhouse Thursday and Friday nights of last week to a good sized audience both nights. The pictures were appreciated, the illustrated songs being especially enjoyed. Miss Hatfield was the soloist, rendering the songs in a beautiful manner.

Miss Charline Grant of Jackson, Mississippi, Miss Janet Holmes, of Yazoo, Mississippi, and Miss Ethel Grant, who formerly resided in Carlsbad, but is now of Roswell, were Sunday afternoon visitors in Carlsbad. Miss Holmes is a cousin and Miss Grant a sister of Miss Ethel Grant. The young ladies are on their way to Colorado Springs, Denver and other western points. They left Monday for Hope, N. M., to visit with relatives there and from there will continue their journey. Miss Ethel will accompany them to Colorado.

Mayor J. D. Hudgins spent several days in Roswell the last of last week and the first of this returning from there Monday afternoon.

NOTICE
To my friends and patrons: I am due my vacation the coming week and I ask you to kick in by the 13th. Instant. I thank you.
W. G. BROWN.

Miss Hatfield, of the lower valley, was up from there yesterday, shopping with our merchants; the young lady is the very successful primary teacher in the Malaga schools.

Miss Ruth Roach of the women's ready-to-wear department of Joyce-Pruit company, is enjoying her vacation a part of which she is planning to spend with home-folk in Hope.

Mrs. J. C. Queen, Mrs. M. J. Queen and Mrs. A. R. Plowman are visiting and shopping in the city this week.

J. A. Cooke, of New Orleans, has leased the laundry machinery belonging to the Carlsbad Light & Power Company, and has ordered other equipment and will engage in the laundry business as soon as it arrives. The gentleman is an experienced laundry man and as Carlsbad has been needing a laundry for some time, will no doubt meet with success.

Mr. and Mrs. Albert Johnson and Robert Lapeley and wife left Sunday for Roswell where they spent the Fourth of July, returning Monday.

H. Chapman and family left Monday to make their home in Sweetwater, Texas, where they are followed by the best wishes of a large circle of friends.

Mrs. Oscar Weaver, of Loving, was a business visitor to the city Wednesday.

Dr. and Mrs. Robert Foster came in from Nocona, Texas, Tuesday night, making the trip overland. They are neither of them in the best of health and they expect to spend the time between this and September 1st looking about and visiting at the homes of their various kinsfolks. Dr. Foster is a brother of Mrs. Maggie Reed, of this city.

Lincoln gave to Milt Shanks. The Flag that Flew Over Vicksburg. Yet his neighbors called him "The Copperhead"

I. O. O. F. INSTALL OFFICERS.

Eddy Lodge No. 21, I. O. O. F., was out in full force Tuesday evening last to observe the ceremony of the semi-annual installation of officers for the term July 1 to December 31, 1920. The new officers were installed by Past Grand Master Victor L. Minter as follows:

Noble Grand, John P. Prickett.
Vice Grand, Geo. M. Brinton.
Secretary, Victor L. Minter.
Treasurer, William A. Craig.

Warden, J. Bert Leck.
Conductor, Sam J. Lusk.
Chaplain, J. F. Flowers.
Outside Guardian, L. E. Regnier.
Inside Guardian, Jas. W. Stevenson.

R. S. S., T. C. Horne.
L. S. S., Milton R. Smith.
R. S. N. G., Edward S. Kirkpatrick.
L. S. N. G., Leon H. Mudgett.
R. S. V. G., Robert M. Gorley.
The secretary of the lodge is serving his twelfth consecutive term while the treasurer has entered upon his twentieth term as keeper of the funds of the lodge.

The semi-annual report to the Grand Lodge shows the local organization to be in good condition financially and numerically. The total membership is 123 or a gain of 3 members during the past six months. There was one death during the term, Brother John Raymond Livingston, and eleven weeks sick benefits were paid to members. The lodge owns its own building which produces a good revenue from rents, and also owns one of the best sets of lodge regalia to be found in the state. The term closed with a neat sum in bank to the credit of the lodge. The degree work is under the direction of J. B. Leck and equals the work done by the lodges in the larger cities.

The Palace Cafe gives you service, attractive surroundings and best of food, at minimum prices. Try a regular meal at 75 cents and judge for yourself.

George Marlar, a brother of William Marlar, is a newcomer to this city, from Arizona, coming to try the benefit of the climate on an advanced case of lung trouble.

VALUABLE HORSE SAVED

Expected Horse Would Die—Now
Sleek and Healthy.

In reporting his experience, Mr. J. C. Huste, of Rock Bridge Bath, Va., stated: "My horse is the best advertisement you would want for Dr. LeGear's Stock Powders. He was in a run down fix and poor and I thought he would die soon. I got some of Dr. LeGear's Stock Powders—and today he is as fine a looking horse as you can see in this section. I only used a few boxes of Dr. LeGear's Stock Powders."

Mr. Huste benefited by the advice of Dr. LeGear. By following the Doctor's advice you can also keep your stock sleek and healthy. Get Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs and sheep as per directions. Satisfaction or money back.—Dr. L. D. LeGear Med., Co., St. Louis, Mo.

W. W. White and daughter are up from the big Coad ranch at Red Bluff today. They tell us their crops are in splendid condition and they are liking their home very much. The White family came to this county last fall from Oklahoma.

"The Copperhead" in its film version is one of the best mediums for the fostering of American ideals that the theater has ever had.

W. E. Washington spent a few days in Roswell this week on business.

Mr. and Mrs. John Hartshorn came in from Enid, Oklahoma, Wednesday of this week, making the trip overland.

Miss Hattie Eaker is working as operator on the Texas & Pacific railroad near Fort Worth.

The county commissioners were in session Monday morning but after a short meeting adjourned to a later date. All the members of the board were present at the meeting.
