JOS. WERTHEIM RETURNS FROM TRIP TO GERMANY

Joseph W. Wertheim, the popular proprietor and manager of the Boston Store of this city, has just returned from a fifteen month's trip to Europe and his old home in Germany. He seemed very glad to be home again and has many interesting things to say about the trip and war-torn Europe.

Mr. Wertheim left here last April and sailed from the harbor of New York on a boat which he described as very wobbly and which he thought would go under before completing the voyage, so he was sea sick most of the way over, and the voyage was anything but pleasant. He went first to Paris where he stayed about two days, then started for Germany. Passing over the line from France into that country was not so very difficult; he being asked many questions and pretending that he did not understand, was passed up as a hopeless case. He then went to Frankfurt to get his bearings and information as to how to reach his home town. He tipped a German soldier fifty marks for securing this data for him and says it was worth the money to see the expression on the German's face at receiving so much money. His people were sent a telegram informing them he would arrive at the old home town in the evening. A good portion of the town turned out to meet him at the station and the greetings were hearty although Joe remembered very few of them as he left that country when only seventeen years of age. He found his home decorated especially for the occasion and everywhere there were signs of glad welcome. The only thing which marred this glad home coming was the fact that his sister was critically sick and his aged mother was in bad health. It seems the people of that country believe that when anyone is sick the proper thing to do is to put on a long face and hope for the best, and it was with some difficulty that Joe persuaded his sister to let him get a trained nurse and the services of one of the best doctors in Germany. After proper medical attention his sister was much improved when he left there this year. He had many interesting things told him about the war by his brother-in-law who was in it the entire time and two months during retreat of the German army.

The people of Germany are about one hundred years behind the times and they fully realize that they made a big mistake—that they lost the war and must pay the price, and that they were made fools of by the Kaiser who wanted to gain six kingdoms for his six sons. One illustration of this feeling towards their former ruler was vivid when a school boy showed Joe his history which he studied in school. It was an old one because paper is so scarce there now one has not been printed since the war. Many of the pages relating to the Kaiser and his royal household had been torn out and thrown away, but his picture was still in this particular book with the face all scratched out and underneath the words: "You d—s b—s."

The lack of food in the small towns is particularly noticeable and children and aged persons are undernourished. The people are rationed by the government and can not live on the amount of food allowed, only one-fifth of a pound of meat per week being permitted each person and it must be sold at a certain price which is below the market price. This has led to the producers of live stock privately selling their stuff, which is secretly butchered and sold on the quiet at a price far in advance of that allowed by the government. So in that way plenty of food may be

secured if a person has the price. Mr. Wertheim was in Germany during the recent elections and saw many things amusing to an American. The political gatherings and speakings were attended by men, women and children, and the orators could hardly speak for being interrupted by first one and then another butting in with some question. The meeting would invariably wind up with the speaker opposing the views of a majority of the crowd present getting a good licking. At the election the old regime got quite a few votes but the socialists won, which he says are same as radical democrats in this country. He believes such a thing as return to the old form of government in Germany is now out of the question and will never occur. The people realize it was a blessing to lose the war and as they are hard at work will come out all right in the end and meet their obligations. There seems to be no bad feeling in that country against anyone except the French, but that is to be expected and was engendered long before the war. The German army is small and the old time strict military discipline is lacking which is hard for the old Germans to understand. The soldiers only salute their officers while on duty.

Mr. Wertheim visited the army of occupation and inquired for soldiers from New Mexico. There were none to be found from this state but several were from Texas. A good many of the American boys there now have married German girls and seem quite content. From here the coal regions of the Ruhr district were visited and there was much evidence of the recent disturbances in that section. From there Joe again went to Paris for a thorough inspection of that city and liked it so well he stayed a week. He says he saw diamonds there almost as large as hen eggs and when he attempted to buy anything the French would ask several prices for it, and when he would protest that it was too high they would shrug their shoulders and explain that he was an American. They think all Americans are millionaires.

The people of Europe cannot understand prohibition and water-drinking Americans. They wanted to know what we drank over here. They only drink mineral waters and think pure water is only made to wash in. According to Joe, it will be several years before Europe votes for prohibition. The trip homeward was started from Paris on the third day of July and passage was taken on a magnificent steamer four stories high and three under water. This voyage was exceedingly pleasant as the boat was a floating palace with any thing to drink that might be desired, but of course that part did not appeal to Joe. He says the feeling experienced when land was sighted outside New York harbor and later when the Statue of Liberty came into view is simply indescribable and an American has to see Europe to fully appreciate what a privilege it is to be an American citizen and every one of us should thank God we live in the land of the free and the home of the brave.

But before we end this story mention should be made of the souvenirs Joe secured and is now showing his friends here. One of interest is a piece of underwear made entirely of paper. They are slightly brown in color but otherwise look very much like those made of cotton and would probably be very comfortable to wear. A German coin bearing the date of 1699 was secured for fifty cents and is worth several hundred dollars. A pair of shoe soles worn by the common people of Germany was brought back and they are made of strips of leather tacked over one another and are made from the scraps considered in this country worthless. A good bunch of paper money was brought back. Practically all the money in Europe is currency. A few pocket-knives and pipes for his friends completed the collection.

Needless to say Mr. Wertheim was given a hearty welcome on his return to Carlshad and has been

WILSON AND COX OF ONE MIND ON NATIONS LEAGUE

Washington, July 18.—James W. Cox announced today that if elected president he "would endeavor with all my strength to give what President Wilson promised to those who sacrificed in the great war."

His statement followed an hour conference with the president at the White House at which Franklin D. Roosevelt, the democratic vice-presidential nominee, was present.

The president in a formal statement, after the conference, declared that he and the governor "were absolutely at one with regard to the great issue of the league of nations," and the governor was ready to be champion in every respect of the honor of the nation and the secure peace of the world. Franklin D. Roosevelt issued this statement:

"I wish that every American could have been a silent witness to the meeting between these two great men. Their splendid accord and their high purpose are an inspiration. I need only add that my regret in leaving my post under President Wilson is softened by the knowledge that my new commander in chief will be his wholly worthy successor."

"We are agreed as to the meaning and sufficiency of the democratic platform," declared Governor Cox "and the duty of the party in the face of threatened bad faith to the world in the name of America."

PECOS OIL AND GAS SPEED IN NEW WELL

Roswell, July 17.—Oil interests in this part of the state received a new impetus when the Pecos River Oil and Gas company spudded in its first well south of here Wednesday afternoon. The company is made up of Artesia men, and all the material is on the ground for the completion of the well.

The location is slightly west of sure that oil will be found at a depth of about 2,000 feet, as most of the oil bearing sand in this section is at that depth.

Officials of the company say the big drill will be kept going both night and day till the required depth is reached.

ROMANTIC WEDDING

Marriage license were issued to Miss Myrtle Mercer, age 19, and Henry Hopper, age 21, both from Briggsville, Arkansas.

Miss Mercer and her father arrived in Carlshad Saturday and were guests at the Palace Hotel Mr. Hopper coming in on the next train, finding Miss Mercer, they were not long in locating the office and getting the license to wed.

The father raised no further objections, as Cupid had been busy for the past two months, and every one seemed to be getting the fever, so Mr. Mercer gave his consent and they were married and left for home on the next train.

Before coming here Mr. Wertheim went to Wagon Mound, N. M., where his wife stayed with her father and mother while Joe was visiting in Europe. A week was spent here before they returned home.

BIG CROP YIELD IN SOUTHWEST FOR THIS YEAR

GETTING PRODUCTS TO MARKET ONE OF BIG PROBLEMS

The harvest throughout the entire southwest is bountiful, according to A. M. Hove of Amarillo, assistant editor of The Earth, the Santa Fe railway agricultural publication, who was here yesterday. Mr. Hove has spent the last ten days on western lines in Texas, Oklahoma, Kansas, Colorado and New Mexico.

The wheat crop in this entire section is good. New Mexico has not finished harvesting the wheat except on the east side and in the south part. The estimate for the New Mexico crop is over 5,000,000 bushels of exceptional high grade.

The problem today is to move this big crop to market. Kansas alone has over 100,000,000 bushels of new wheat and considerable of last year's crop still on hand. So many causes have led to the piling up of crops in the east and also at Gulf ports. This has caused a very acute shortage of box cars for grain. The box cars of western roads were built especially for the grain business. Nearly all of this good equipment has gone east and in its place the western roads have on their lines foreign cars not suited for grain in the first place and in addition they are badly out of repair, less than 10 per cent being tight enough for grain.

Every repair track is full of bad order cars. Help is also short which delays the repair work. R. J. Parker, general manager of the Western lines, is making every effort to obtain cars to move the crops in this territory.

In Kansas the farmers have stacked their grain in the meantime for lack of other storage. The elevators at many places are full and so are the granaries on the farms.

This was the first trip that Mr. Hove has made over the Santa Fe lines west of Newton since 1894. The contrast between now and then is striking, he finds. In 1894 towns in the west part of Kansas were deserted and many farms were abandoned. Today busy cities are located along the lines and wheat stacks and growing crops cover the landscape as far as the eye can see.

In New Mexico conditions are excellent, Mr. Hove finds. A little damage has been done in localities by hail, but the total damage is not great. The most serious damage was caused by high water in the Rio Grande in May and June. It is estimated that 20,000 acres of crops were destroyed. But the farmers are now busy planting crops where the crops were damaged.

The state is making remarkable progress in dairying. High grade and registered dairy cattle have been shipped in during the last few months in many localities. Colfax county alone has shipped in 1,200 head since December 1, 1919.

In a number of localities attention is being given to growing high priced crops under irrigation. Mesilla valley expects to ship 1,200 cars of cantaloupes in addition to cabbage and other truck crops.

Cotton is being grown for the first time commercially in the Mesilla valley and around Roswell this year. Below Las Cruces the cotton is growing nicely and some fields are nearly ready to bloom.

The only crop that is short this year in New Mexico is fruit. Mesilla valley has a good crop of apples and pears, but only a small amount of peaches and apricots.

BARBEQUE AND BRANDING AT E. H. PRICE RANCH

Last Tuesday the branding of this year's calf crop numbering about five hundred head, at the E. H. Price ranch twenty-five miles east of Lovington, was celebrated by a number of invited guests and a barbecue feast. A splendid cook from the Rom Holt ranch had been secured for the occasion and the barbecued meat, roast beef, chicken and salads, with ice cream, cakes and pies for dessert, were served in true western style and needed no further proof of their delicious qualities than to see the spectators and workmen who had been out at the vats that morning where the branding took place and who had just come in for dinner, enjoying it.

Those present were Mrs. W. E. Nutt, Mrs. M. E. Sewall and little daughter, Marjory, Mrs. Ellis and daughter, Miss Mildred, Mr. and Mrs. Weldon Best, Mr. and Mrs. P. S. Bennett, Mr. and Mrs. Flanagan, Mrs. Chas. Miller and daughter, Geneva, Little Miss Blanche Morris, Miss Mary Lee Graham and Edna Graham, and Messrs. Allen and Jack Heard of Knowles, together with the whole E. H. Price family from town. There were also a number of other gentlemen whose names we did not learn.

The main sport of the young people was horseback riding at the round-up, and swimming in the tank.—Lovington Leader.

HARRISON—TINNIN

Miss Omega Tinnin, daughter of Mr. and Mrs. E. L. Tinnin, was married to D. P. Harrison, Friday evening at 8:30, by Rev. T. C. Mahan at the home of the bride. The happy couple are at home at 217 North Main street.

Both the bride and groom are popular here and are with the Western Union telegraph company.

Mrs. Harrison came here from Missouri a few years ago and has been with the Western Union for a number of months. Mr. Harrison is operator at the same place and was with the Santa Fe railroad company before coming here to take charge of the Western Union up town office in this city.

The host of friends of Mr. and Mrs. Harrison wish for them along and happy life.

The Carlshad Blues, the negro baseball champions of that city, defeated the Roswell Giants in a game yesterday afternoon at the Thorne park on East Second street by a score of 9 to 4.

equipment by the Santa Fe, Mr. Hove states that an order was placed some time ago to the amount of \$18,000,000. In this order are included fifty locomotives, 500 gondola coal cars and 2,500 refrigerator cars. In Santa Fe territory there is a remarkable increase in the production of fruit, vegetables and perishable crops generally. This tendency is marked in Arizona and is also making a start in New Mexico.

New Mexico is not well known as a summer resort, Mr. Hove finds. New Mexico should be able to furnish the right sort of playground for its neighbors like Texas, Oklahoma and Kansas.

POULTRY DEMONSTRATIONS.

A series of four meetings of poultry demonstrations were held this week under the supervision of County Agent A. Z. Smith who acted as demonstrator in the absence of R. B. Thompson, of State College, who was scheduled to be here for that purpose.

The first demonstration was held at the Worley farm at Otis Tuesday morning, twenty or more interested chicken fanciers being present. The next meeting was at the C. P. Pardue place in the afternoon of the same day, about the same number of poultry raisers of the Loving community being present.

Wednesday afternoon an exceptionally interesting demonstration was held at Mrs. A. L. Turpen's place near Artesia. Fifty or more poultrymen were present. Mrs. Turpen's flock of seventy-five pure bred Single Comb Rhode Island Reds were culled. A good per cent of this flock proved to be good layers. Thursday afternoon a demonstration was held at Mrs. J. M. Puckett's farm near Hope and her flock of over 100 White Leghorns were used in the demonstration. Thirty-five persons were present at this meeting.

County Agent A. Z. Smith is a good poultry demonstrator and handled the work to the satisfaction of all. The different owners of flocks were well pleased with the high percentage of good layers found among their fowls.

J. W. Tulk and wife are spending a few days in Carlshad, coming from their ranch Friday of last week. They have finished shearing and have a large clip of wool to dispose of. Mrs. Tulk has been on the ranch for three months and expects to be at home now for a few weeks anyway. They say the grass is fine and stock in good condition.

GOVERNOR ISSUES PARDONS.

Two boys, serving sentences in the reform school at Springer, were pardoned by Governor Larrazolo, at the request of Z. Z. Johnson, their foster father, who stated that he would take care of them and put them in school.

The boys are Robert Avant, 15 years old, and Charles Thomas, 14 years, who were sentenced in the district court in Lincoln county to serve from eighteen months to two years on July 10, 1919.

The pardons are conditional until July 20, 1921. If the boys conduct themselves as good, dutiful and obedient sons until that date their pardons will automatically become complete.

Their conduct since their entrance at the reform school was reported to the governor as good.

Governor Larrazolo has issued three pardons as follows: Minor Deering, sent up from Colfax county for larceny on March 20, 1919, and sentenced to from two to two and a half years in the state reform school at Springer. He was 14 years of age and has been afflicted with trachoma, a disease that is contagious and disabling. The parents of the boy asked to have him returned to them under the circumstances and they would take him to their home outside the state. Inasmuch as there was danger of others in the institution catching this disease and the parents would take the child, it was deemed best to give pardon. The second pardon came to Damacio Chaves of San Miguel county, who was sentenced for robbery in December, 1899, for a period of ten years. The sentence has expired and the man is restored to citizenship. The third pardon is to Eugenio Martinez convicted of assault to commit rape, on July 24, 1919, and sentenced to from two to three years. The testimony in this case showed an act which only came within the strict construction of the law but as a matter of fact did not sustain the charge. The pardon is conditioned on good behavior up to July 24, 1922, when restoration to citizenship may be applied for.

JUNIOR LEAGUE SOCIAL.

The Junior League was entertained with refreshments and games at the League rooms Friday from four until six o'clock. Mrs. John Prickett and Mrs. F. E. Little were the hostesses. Thirty or more children were present and after playing various games and thoroughly enjoying the afternoon the refreshment committee consisting of Lucile Morris, Annalee Thomas and Nannie Irvin Little served each guest with delicious sandwiches, lemonade and cake.

Born to Mr. and Mrs. William Hoague Saturday, July 17th, a son. The young man being the first boy in this family will be known as William Hoague, Jr., and he tips the scales at ten pounds. They are from Reserve, New Mexico, and with Mr. and Mrs. Sifford, west of town.

SCOTTISH RITE MASONS HOLD THIRTY-THIRD REUNION.

The Scottish Rite Masons of New Mexico held their thirty-third Reunion last week at their Cathedral in Santa Fe.

The class was a large one, including eighty three candidates from all parts of the state, and the attendance of members from outside of Santa Fe is the largest on record.

There are also more ladies, wives and daughters of members, in attendance than on any previous occasion.

The entertainment features have been well looked after including a grand ball and musical. The visiting ladies were looked after by a committee of ladies, who provided several social events in their honor. As usual, the ladies of the Santa Fe Eastern Star chapter proved themselves to be admirable at the noon day luncheons which were served every day during the Reunion, and at which 271 persons were present on Thursday, which number was exceeded Friday and Saturday.

The Reunion closed Saturday. The candidates and their places of residence are as follows:

FALSE ECONOMY HAS NO VALUE

Buying Cheap Goods Just Because They Are Cheap Does Not Pay.

QUALITY OFTEN OVERLOOKED

Instance Seen in Case of Mail Order Houses Which Make Their Appeal Solely on Basis of Price.

(Copyright, 1917, Western Newspaper Union.)

Economy is one of the greatest of virtues but false economy is no more a virtue than anything else that is false. To be able to economize wisely is one of the greatest blessings that one can have, for it is the prerequisite to thrift and well-being. Too many persons, however, who think they have found the secret of true economy are practicing a false economy which is worse than wilful waste.

For instance, the man who buys a stove from a mail order house for \$9 because he thinks he would have to pay \$10 for one if he purchased it from his home merchant, is practicing a false economy, for the chances are that he would save more than \$1 in the end if he purchased the \$10 stove from the local hardware leader.

There are several reasons why this is false economy. The first one is that dollar for dollar, the greater part of the merchandise sold by the mail order houses is of less value than that sold by the retail merchants of the smaller communities. The mail order business, as a whole is built upon cheapness. In order to attract customers the catalogue houses must sell goods cheaply and in order to do that they must sell cheap goods. Their business is built up on price and not on quality. The retail hardware dealer, like retail dealers in other lines, probably can match the prices of the mail order houses. He probably has a \$9 stove which he can sell to the man who wants to get a stove for \$9. The trouble is that the man who buys from the mail order house does not distinguish between price and quality.

Thinks He Is Economizing.

The man who buys the \$9 stove from the mail order house probably would not buy a \$9 stove from his local merchant for in the latter case he would see just what he was buying and might realize that the \$9 stove would not meet his needs. He orders a \$9 stove from the mail order house, however, just because the price is \$9

and not because he has any assurance that the stove will meet his needs. He thinks he is saving a dollar or two by buying this stove instead of paying \$10 or \$11 to the home merchant for one that he has seen and knows will give him satisfaction. The chances are that when the stove arrives and he has used it for a short time he will realize that he has practiced false economy—that it would have been more economical in the end for him to pay a dollar or two more to his home merchant and get an article that was guaranteed by the dealer.

The patron of the mail order house, also, often fails to take the matter of transportation charges into consideration when making his purchase. He sees only the price of the article as listed in the mail order catalogue and does not think of the express or freight charges, which with the cost of a money order and postage often make the total cost of the article greater than the price at which the same thing could have been purchased at the local store. Another case of false economy.

Buying merchandise of poor quality because the price is low is often false economy when the purchase is made at the home stores but it is doubly so when the merchandise is bought from a mail order house. When buying at home one can be reasonably sure that the article purchased at a low price, while there is no such assurance when it is bought by mail on the "sight unseen" plan.

Idea Is Exploded.

The idea that the mail order houses sell the same quality of goods at lower prices than the home merchants is quickly exploded when one learns of the large profits that are made by the majority of the mail order houses and the large selling expense to which they are subjected. The large mail order houses spend hundreds of thousands of dollars annually for advertising and the selling expenses of the smaller concerns are proportionately as large. Their other expenses, such as freight, taxes and labor, are also higher than those of the local retail merchants, in proportion to the business which they do. In spite of these heavy expenses, the mail order houses distribute millions of dollars in dividends among their stockholders. In one large mail order concern the profits of the stockholders, in cash and stock dividends, have aggregated as much as 1,000 percent on the capital invested in the short period of nine years. This does not indicate that the mail order houses are in business for their health and are giving away merchandise to their customers.

The mail order houses have capitalized the desire to economize that is inherent in almost every one. By placing price above quality and making cheapness the fundamental element in their business they have inculcated in the minds of their patrons the idea that they are economizing when they buy cheap goods at cheap prices.

Mr. and Mrs. Harry Christian returned Friday of last week from a ten day's motor trip to the beautiful and delightful Ruidoso country, where they fished and took a much needed rest.

Wilson Simpson, who is better known as "son", who is confined at home with a broken leg is doing nicely. The physician says the bandages can be removed Sunday and the little fellow allowed more freedom.

Mr. and Mrs. Iron Rowe accompanied Mr. and Mrs. Joe Cunningham and William to the plains ranch for a few days, the party going Monday morning and returning Thursday. They report cattle fat and grass good. No complaint about the roads or the hot weather.

HAY TRADE CONDITIONS

Hay markets are easy and lower this week under supplies that are ample for the present slack demand. The rush to get old hay out of the barns before harvest has loaded the markets with a full supply of medium and low grade stock, and a reaction is being experienced in consequence.

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui. E-71

MEDIUM GRADE GOODS.

A review of business conditions prevailing during June, issued by one of the federal reserve regional banks, urges that woolen manufacturers turn out goods mostly of medium and low priced grade.

If stores are all filled up with costly goods, consumers get the idea that they must pay high prices. Medium priced goods would not take so much capital and labor to produce them.

When the public seems willing to pay very high prices, the tendency is to make up goods in the most costly way. Producers put on extras that make goods look a little better and seem to justify the high prices, but which don't add much real value.

Millions of people, according to commercial reports, have been unwilling through the past year to take anything less than the very best. If the person who felt he could buy only second grade stuff when prices of everything were low will now take only first grade when prices are away up, it is no wonder that he finds an enlarged income inadequate.

People who are good buyers rarely pay top prices for anything. They look over goods and find lots

of stuff at a medium figure that are practically as good as the highest priced lines, except for extra touches and fancy finish.

Producers of all kinds of merchandising should understand that the public has struck on the extremely high prices, and the time has come when economies must be introduced and goods sold on close margins. If people buy of the substantial stores advertised in the Current they can be sure that they are getting full value for their money.

NEW BOOK BY STOCK AND POULTRY EXPERT.

A new book entitled "Care and Treatment of Stock and Poultry" has just been issued by Dr. L. D. LeGear, notable Veterinary Surgeon, who graduated from the Toronto, Ontario, Veterinary College 27 years ago, and has since devoted his entire life to Veterinary Science and Poultry Husbandry. This book contains 128 pages of up-to-the-minute data on the care, symptoms and treatment of stock and poultry. It is divided into departments—horses, cattle, hogs, sheep and poultry being taken up. It is very complete with charts and illustrations, and is a book that should be in the home of every live stock and poultry raiser in the country. The price is only 10 cents. Get it from your dealer, or send a dime to Dr. L. D. LeGear, 1700 North Broadway, St. Louis, Mo., stating that you are a subscriber to this paper, and he will send you a copy direct.

WORLD COTTON SUPPLIES

The warning is given that the world is on the verge of a serious cotton shortage, but this comes at a moment when our own cotton

prospects are perceptibly improved. While the last condition report was extremely favorable, the fact that replanting was extensive and the plant was yet young, and that purchases of fertilizer this season has been uncommonly large, offered grounds for hope, and the later news from the cotton belt has been good enough to affect quotations perceptibly. The crop will not be large, but it may be considerably better than was promised—or threatened—a month ago.

STORM WRECKS CAMPER'S TENT NEAR CANYON

The M. B. Files family had a very narrow escape Tuesday evening during the high wind when the tent in which they were living in the canyon east of Six-Mile crossing was crushed by the fall of a big cottonwood tree.

The tree fell after the wind had been blowing for a few minutes, striking the tent squarely and crushing it to the ground. Mrs. Files was struck over the head and rendered unconscious. The lights were extinguished and in the darkness Mr. Files searched for considerable time before she was located. Her head and back were badly bruised by the fall.

One of the small boys had a bad scalp wound and Mr. Files was considerably bruised, but after a long search located the members of the family, hunted out matches from the wrecked tent and got a fire started.

A bed was made in the open, after considerable difficulty in extracting the clothing from under the tree, and Mrs. Files was made a place to rest.

Very fortunately very little rain fell in that section of the country or the family would have suffered a great deal.

Mr. Files got the family settled

and was able to reach the doctor by phone from the Jennings home a little before midnight. Mrs. Files was still unconscious when the doctor arrived. By this time Mr. Files' injuries were aggravated until he was suffering considerably. It is believed all of the members of the family will recover without permanent injury, but their escape was very close.—Canyon News.

CHRISTIAN SUNDAY SCHOOL

One of the delightful events of the week was the outing the Christian Sunday school planned for the children. They stormed the solitude of the woods known as Ohnemus grove one hundred and fifty strong, going in cars about two o'clock in the afternoon and a busy and delightful time followed. Swings were made, race tracks cleared for the little feet, hammock strung up, cots and folding chairs were brought into use. A barrel of ice cold lemonade was in evidence and individual drinking cups were filled and refilled. A program was rendered, but who has time for a program when swings are empty and the wading good? Six o'clock came none too soon, for oh! my, Pies. Yes, a hundred of them. Fried chicken? no thank you, we have chicken at home. Just give me pies, cake, ice cold lemonade, ice cream and a few things like that which appeal to boys when they are in a hurry. One little fellow said to his dad, who didn't get to go: "Why, we had over a hundred pies and every one was good."

The Crawford Cafe was closed Thursday morning, on account of Mrs. Sam Brown, who was leasing the dining room, leaving town the evening before, leaving numerous unpaid bills, it is said.

SHEPHERD BECAME A PRINCE

Emir Faisal of Arabia Seemed an Altogether Negligible Object in His Early Life.

Emir Faisal of Arabia began life as a dirty little shepherd boy. His mother was an Arabian girl of Mecca and a cousin of his father. When Faisal was still a baby Shereef Hussein sent him into the desert to live with a Bedouin tribe, because it is considered more wholesome for a boy to grow up in the open desert country than in a city or village. In Constantinople Faisal contracted consumption, writes Lowell Thomas in Asia, but since then the desert has taken it out of him, although he is still very thin and has a waist only 21 inches in circumference. He smokes cigarettes day and night and eats sparingly. Among the tribes he is celebrated as an unusually fine shot and a good horseman and camel rider. Faisal is enlightened and thoroughly modern in his views. His people follow him, not through fear, but because they love him. He is much too kind and liberal-minded to rule as an oriental despot of the old school and he may be depended upon to usher in an entirely new order of things for his people.

JONES - SMITH

A wire was received here by home folk stating that Leonard Jones and Miss Hattie Smith, both of Carlsbad, were married in DeLeon, Texas, the home of the bride's sister, Mrs. V. S. Unruh. No exact date or information was given. These young people are the youngest members of two of the oldest and best known families of the Pecos valley, they coming here in the early days and building up a name and wealth with it. If this has anything to do with happiness we say that Mr. and Mrs. Leonard Jones should be the happiest young married couple in the whole world. With youth and health there should not be a cloud to mar their start on the journey of life. They have been sweethearts even while little boy and girl in school and they count their friends by all who know them or their "dads".

Mrs. Leonard Jones is the youngest daughter of Mr. and Mrs. Julian Smith who resided on Black river in the early days when this was Eddy and the cattle and sheep roamed over the valley as they pleased. Later this family bought a home in the city and also made other investments in town property. Leonard, better known as "Pat" is the only son of Mr. and Mrs. Wm. Jones of Rocky, where they own ranches and cattle, a beautiful home and a residence on Greene Highlands. Mr. and Mrs. Leonard Jones have spent their lives here happy and without a care and may they continue to be thus blest. They are popular with old and young alike and have the congratulations of all who know them.

Mr. and Mrs. J. R. Means returned Sunday from a very pleasant stay of a few weeks in Llanito, Texas, where they spent their childhood and where they have some very dear relatives. They have been planning this trip for a number of years, but have been delayed by first one thing then another. They went down by auto with a friend and came back by train. They spent the fourth of July in that vicinity. Speaking of pleasant times, this worthy couple is deserving of the best. They have been in this county since '92 and have endeared themselves to all who chanced to come their way. When the call for chuck is sounded none are turned away. Their greatest pleasure is "home, sweet home" and the kiddies. Here's wishing them many more pleasure trips.

They found the highways in good condition and many fine fields of grain and cotton along the way. The last stop was at Hope with Mrs. Forehand's brother, Wesley Lockhart. SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
(Copyright, 1926, Western Newspaper Union.)

LESSON FOR JULY 25

DAVID SUCCEEDS SAUL AS KING.

LESSON TEXT—II Sam. 2:1-7; 3:1-5.
GOLDEN TEXT—Trust in the Lord with all thy heart, and lean not upon thine understanding.—Prov. 3:5.
ADDITIONAL MATERIAL—I Sam. 21:1-12; II Sam. 1:27; 3:34-35.
PRIMARY TOPIC—The Shepherd Boy Becomes a King.
JUNIOR TOPIC—How David Became a King.
INTERMEDIATE AND SENIOR TOPIC—The Secret of David's Success.
YOUNG PEOPLE AND ADULT TOPIC—True Success and How to Win It.

The death of Saul lay open to David the path to the throne. This would have rejoiced the heart of many, but David was sad. Instead of reward being given to the slayer of Saul, quick vengeance was executed upon him.

I. David Made King Over Judah (2:1-4).

He knew full well that the Lord by the hand of Samuel had anointed him to be the successor of Saul. He had learned the essential lesson which the School of Providence was designed to teach, namely, that the position now open to him was no easy one to fill. His exile and sufferings gave him self-control. He had the good sense to know that promotion to the throne did but bring "harder duties and multiplied perplexities." He threw himself upon God and asked for guidance. He rendered instant obedience to the Lord's answer. If we are to enjoy God's fellowship and blessing we must render quick obedience. He made a right beginning, therefore God prospered him. When he reached Hebron the men of Judah came and anointed him king over them. Thus a part of the nation recognized him as king and ratified the work which Samuel did many years before. When David went up he took with him all who had been with him in exile and suffering. They are now sharers with him in the kingdom. When David's great son, Christ, shall enter upon his glorious reign, those who have been faithful to him in his rejection shall reign with him. "If we suffer we shall also reign with him." (II Tim. 2:12); "To him that overcometh will I grant to sit with me in my throne, even as I also overcame, and am set down with my father in his throne." (Rev. 3:21).

II. David's Behavior Toward the Men of Jabesh-Gilead (2:4-7).

The men of Jabesh owed much to Saul (I Sam. 11), and they showed this recognition of debt by making a daring dash to rescue his body from the ignominious exposure at Bethshehem. David's act of sending men to Jabesh with a message of good will for their affectionate remembrance of Saul is an exhibition of his noble generosity. His love for the unfortunate king survived all the injuries which he suffered at his hands. He forgave and forgot them all. This was an act of political shrewdness as well as a generous one. In fact the only policy which proves effective is that which proceeds from a generous heart. He deftly follows this generous commendation with a solicitude for the men of Jabesh to transfer their loyalty to himself, since he is now their legal king. Since Saul is now dead, he urges them to be valiant for him. In view of the civil war which was to follow he knew it would require valiant men to stand by God's king. This appeal to be valiant is needed now, for we are all called upon to take sides between God's appointed king, Jesus Christ, and Satan, the pretender to the throne. May Christ's appeal result in making us faithful and valiant for him.

III. The Dual Kingdom—War Between the House of Saul and the House of David (2:8-4:12).

This period of civil war lasted seven and a half years. Most of the tribes of Israel clung to Ishbosheth, Saul's son, whom Abner had proclaimed king at Mahanaim. Feuds continued between the rival generals. David's power increased while that of Ishbosheth's waned.

IV. David Crowned King Over United Israel (5:1-5).

Though the struggle for supremacy lasted long and was a bitter one, Abner's death and Ishbosheth's assassination put an end to David's opposition. David's behavior during this time gradually won for him the confidence of the tribes so that they all came to him at Hebron and anointed him as their king. They accepted his divine right to rule (v. 3). The reasons for anointing him their king were:

1. He is their brother (v. 1). This is true of Christ our King. Through the incarnation he has become one with us.
2. He was their true leader in war, even in Saul's time (v. 2).
3. He was the Lord's choice (v. 2).

Procrastination.

Procrastination is helping the devil in retarding righteousness in the world. Remember that legend of how he summoned his imperial staff and offered a reward to the member who would suggest the best way to destroy a human soul. One said, Convince him there is no God. Another said, Prove there is no immortality and no truth in the Bible. But still another suggested, Convince him that there is no hurry about his carrying out his good resolutions. And the devil gave that one the prize.—Bishop Talbot.

CARLSBAD CATTLEMEN LIKED THE REUNION.

W. C. Bates, a prominent cattleman of Carlsbad, with his wife and two daughters, were guests at the home of Mrs. L. E. Trainor and family during the Reunion at Las Vegas. This was Mr. Bates' first visit to this part of New Mexico and he said he was much pleased with it. He said he had attended round-ups in many places, including Fort Worth, but he had never seen one that he enjoyed as much as the Las Vegas show. Next year Mr. Bates says, he expects to send a large number of Pecos valley people up here for a good time during Reunion week. The Current is pleased to tell the many friends of Bill Foote that he has been promoted to manager for the Singer sewing machine company, which means a larger salary. Bill's headquarters are in Roswell but he may have occasion to check things up around here where he will receive a hearty welcome.

STATE WILL HAVE AT LEAST ONE TEAM AT CAMP PERRY RIFLE MATCHES IN AUGUST

New Mexico will be represented at the national rifle matches, which will be held at Camp Perry, Ohio, this year, by at least one civilian team of eighteen members. The matches begin in August.

Making of arrangements for the state's representation has already been begun. J. C. McConvey of Santa Fe has been appointed captain of the team and Elmer E. Feemster, also of Santa Fe, has been named as coach, and they and the adjutant general will be in charge of selecting the riflemen who will represent the state in the shooting.

The selection of the riflemen has not been begun, but those in charge will start making up the personnel before long as under regulations announced for this year the team must report at Camp Perry by July 30. For that reason they announced that those who wished to make the team should make the fact known at once to the adjutant general the captain or the coach.

The government furnishes transportation and sustenance to one civilian team from each state and it is hoped by the adjutant general that the state will take advantage of this offer by sending the strongest team it is possible to collect within its boundaries to the matches.

Dave McCollium was in town from his ranch in the Guadalupe mountains Saturday. Dave says goats and cattle out their way are fat and doing fine. They have had fine rains and grass is good everywhere.

"GRANDPA" DAVIS DIES AT THE AGE OF 94.

Allen Russell Mercer died at the home of his daughter, Mrs. Sam Davis, west of town, Wednesday afternoon of last week and was laid to rest Thursday afternoon at 5 o'clock. He had been failing for some time and the end was not unexpected owing to his great age. He was the father of nine children, five of whom are living, and had twenty-two grandchildren and fourteen great-grandchildren. The funeral was largely attended, the pall bearers being Messrs. Flowers, J. B. Leck, Horne, Leon Mudgett, George Price and D. G. Grantham. A choir of singers rendered the old familiar hymns which sounded sweetly on the evening air.

There is no sorrow in the death of a man like Grandpa Davis; his peace had been made with God for many years and the only sorrow felt is that the separation divides the two who have been life partners for so many years. Much sympathy is expressed for the children, whose loving care and attention prolonged the life of their father far beyond the allotted years of man. The family is undergoing deep affliction at this time, the daughter in Colorado Springs being in the hospital and the son in San Francisco undergoing an operation at the same hour as the father's form was laid to rest.

Rev. D. P. Sellards had charge of the funeral services, assisted by Rev. G. H. Glivan and the following obituary was read:

Allen Russell Mercer was born in Kentucky October 12, 1825, died in Carlsbad, N. M., July 14, 1920. Aged 94 years, nine months and 2 days; a concrete example of a clean, upright, unadorned life.

In 1860 he was united in marriage to Miss Louisa Shepherd. This union was blessed by the advent of nine children, five boys and four girls. Four of the children preceded the father into the great beyond. Four with the aged mother, 85 years old next December, survive the father, not to weep as those who have no hope. O. P. Mercer, Mrs. Sam Davis, with whom he made his home the past three or four years, and Mrs. M. L. Davis are residents of Carlsbad; Mrs. Lula Whitney of Colorado Springs, Colorado, and Sylvester Mercer of San Francisco, Calif.

He confessed his faith in the Saviour and united with the church of Christ at Phillipsburg, Kansas. His has been a long, useful life and he now rests from his labors.

Rev. Sellards took for his text that verse from Samuel: "There is but a step between me and death," and spoke briefly of the

certainty of death and the necessity of being prepared for the great change which comes to all.

The casket was covered with beautiful flowers attesting the esteem in which the family is held, they being among our foremost workers in all charitable and philanthropic endeavor.

Of "Grandpa Davis" it may be truly said:

"Life's labor done;
Life's race well run;
Now comes rest."

Andrew Bindel and wife who have been camping in the White mountains for the benefit of Andrew's health, returned the first of the week. Andrew became overheated while working in the field and was advised by his physician to spend a few weeks in a cooler climate. They made the trip in their big car and seemed to thoroughly enjoy the outing.

Chas. Walter and family made the trip to Terre Haute, Indiana, in seven and one-half days, which is a distance of 2165 miles. They had no car trouble and expect to have a very pleasant visit.

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3 1/2- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread.....\$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread.....\$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag.....\$4.50

LAW AND ORDER PLANK LEFT OUT OF PRINTED REPUB- LICAN PLATFORM.

Chicago, July.—The law and order plank adopted by the republican national convention has been left out of the platform printed for distribution and issued from republican headquarters here, Virgil G. Hinshaw, chairman of the prohibition national committee said this week.

"Prohibitionists," said Mr. Hinshaw, "are thunderstruck by the failure of the republican platform committee to embody the law enforcement plank adopted with other planks by unanimous vote of the republican national convention."

TWO PLEAD GUILTY OF BOOT- LEGGING.

Two offenders against the prohibition law were arraigned in the United States district court and entered pleas of guilty.

Atejenosa Duran, was sentenced to pay a fine of \$500 and the costs for transporting 36 pints of whiskey and 9 quarts of tequila. He was arrested on a train coming into Albuquerque. The arrests were made by A. L. Gregg, federal prohibition officer. Duran was remanded to the federal jail in Santa Fe, pending payment of the fine and costs.

Ora James, of Fort Sumner, was sentenced to serve 30 days in the Bernalillo county jail, and to pay the costs, for manufacturing whiskey.

BIG COW BOY RE-UNION AT HOPE, N. M., AUG. 17.

Every old top hand and expert will be allowed to show the wide eyed Easterner and average apple picker just how to ride a horse, bull, burro, or how to rope a steer, calf, goat, or anything loose at both ends. And there will be bulldogging, racing, sprinting and many other features that usually go with the doings. An expert, who has spent the greater part of his life practicing roping, riding and bulldogging, will be in charge of the entertainment, and it will be some doings.

Open to the wide, wide world. If you think you have any new stunts in trick roping or dodging a wild steer you are especially invited. Look for further explanation next week. You and your folks will be welcome.—Penasco Valley Press.

DEATH OF A LITTLE CHILD.

The nineteen months old son of Mrs. Collins who resides with her parents near the syphon, Mr. and Mrs. Foster, died Friday night and was buried in City cemetery Saturday morning, Rev. T. C. Mahan officiating.

The little one had been ill many months; in fact had never been strong and its limbs and feet were perishing away. God in His mercy has said: "Suffer little children to come unto Me," so He transplanted it from earth to heaven and may the loved ones on earth receive comfort from the giver of every good and perfect gift.

The new addition will be 40x50 feet and three stories high. This will add many more rooms to the already commodious and well equipped hotel which is now considered the best in the state.

Mr. and Mrs. Lane, her sister, Miss Kirkpatrick, and niece, from the Harroun ranch near Malaga, are guests at the Crawford hotel for a few days the first of the week. Mrs. Lane was ill while in the city.

Howard Moore is enjoying the comforts of a new Dodge car these lovely evenings.

Mrs. Lige Merchant has for her guests her nieces, Misses Eldred and Marjory Halbert of Iowa, and Laurence Barr is visiting her son, Laurence.

J. T. Garrett, of Lovington, was a guest at the Palace Monday.

Mrs. A. E. Stephenson and the children are at the home of her mother, Mrs. Collins. Mr. Stephenson has sold out his business at Breckenridge, Texas, and will join the family here in the near future.

ROSWELL WINS BASEBALL GAME.

Roswell won the game of baseball here last Sunday by the score of 10 to 2. It was a swat-fest and free for all after the sixth inning. Up until this time Brown held the hard hitting team scoreless. He was rather wild at times and it seemed as though he and Rowe could not get to working together just right. Rusty Eitz, who was playing second got hurt in the sixth which seemed to dishearten the local players and which changed the line up. Carlsbad was playing five men from Lake Arthur which fact many of our fans say was the cause of the loss of the game. In the sixth Rowe thrilled the crowd by hitting a home run with no one on bases. Several chances to score were lost by the locals on account of poor judgment in base running. Our catcher has the Roswell boys buffaloed on trying to steal bases and it is seldom they will take a chance. Our regular second baseman, Chas. McMontgomery, was missed and an error by Eitz, who was playing that position helped to swell Roswell's scores. Roswell got 11 hits off Brown and Carlsbad gleaned 8. Brown secured two more strikeouts than Oberlin and when he is working right can easily hold the Roswell batters down. Hail, the base umpire was a big factor in the score getting for Roswell, his decisions being plainly made in favor of that team.

The box score:

OFF FOR A REST.

Mrs. Ashury Moore left for a visit and much needed rest Saturday morning. She notified her friends here that her daughters, Mrs. Ake Kircher, and children who now live at Ranger, Texas, and Mrs. Spence of Dallas, were going to have a reunion and invited her to join them in Dallas. There is only one fear that her visit with the grand babies will not be one of pleasure and that is she may find it too warm. It is expected she will return next week.

Mrs. H. E. Robb and her mother Mrs. Reiff, both now of Tyrone, New Mexico, are welcome visitors in Carlsbad. They arrived Saturday and are spending a week with friends and old neighbors.

Mrs. Frank Kindel was badly hurt Sunday while riding with her husband on his motorcycle. They were going for a ride when her foot became entangled in the wheel twisting and fracturing the bone between the ankle and the foot. A physician was summoned and the limb carefully looked after. The lady is now a prisoner at her home where she is receiving the best of care, and the injured member is doing nicely.

Mrs. Bill Jones and daughter, Mrs. Earnest Shafer of Rocky, were in Carlsbad Wednesday. The friends of Mr. Jones will be glad to know his health is improving.

L. E. Alexander, who has been resting and visiting in various resorts in Texas, was in Carlsbad Tuesday.

Miss Ruth Parsons will come in on the afternoon train today for a visit with Miss Lorene Powell.

Harry Thorne, brother of our townsman, Dick Thorne, visited his brother here Sunday.

Mrs. F. R. Carter and two children, Robert and Agnes, left for Albuquerque Wednesday evening where they will make their new home. Mr. Carter is with the Santa Fe and makes it convenient to go where the company thinks he can serve them best. They are a fine family and have resided here three or four years. They own their own home and Mrs. Carter has proven her ability as a milliner and owned the Little White Hat Shop. The Current and friends wish them prosperity in the Duke city.
