## Biomedical Informatics Seminar Series Begins Its 15th Season

by Sally Bowler-Hill on September 20th, 2018 | [0 Comments](#)

The Biomedical Informatics Seminar Series (BioMISS) provides the HSC community with a forum for discussion on salient topics in biomedical informatics and fosters collaboration among those interested in the field. Presentations take place the first and third Thursdays of every month from 10-11:00 am in the library's 228 conference room. Seminars are free and open to everyone in the UNM community. For a schedule of this season's talks, please check out the [2018-2019 BioMISS schedule](#) in the UNM Digital Repository.
