TWENTY-EIGHTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, SEPTEMBER 3, 1920.

NUMBER 42.

LABOR DAY PROCLAMATION MADE

Executive Offices, Santa Fe, N. M., a proclamation by the governor:

The first Monday in the month of September of each year has been designated by our laws as "Labor day." Long before such recognition had been given by law to labor, it already had found an honored and respected place in the hearts and minds of the great masses of the people of our country. The benefactors of our race should always find respectful consideration at the hands of the people, and certainly nothing has contributed nearly so much to uplift and dignify mankind as labor; labor sustains the world, and makes man worthy of himself and of his Maker. It is, then, fitting and proper that we should devote one day in the year to pay our respectful homage of esteem, of admiration and gratitude to the laborers among us, and to a nation to an enviable position among labor itself. As labor has raised us as the peoples of the earth, it is a happy coincidence that the day fixed by our laws for the purpose of rendering homage to labor falls upon the anniversary of a man who contributed largely in securing our national independence and who, by reason of that noble contribution, has eternally endeared himself in the heart of every true American. I refer to the immortal Lafayette, who, as we all know, fought side by side with the great Washington for American independence, until Cornwallis surrendered the sword of despotism into the hands of the soldiers of liberty. Still another incident of great significance to the land of Lafayette and to the civilized world at large was the crushing defeat of the German arms upon the banks of the Marne on the 6th day of September, 1914. These circumstances and momentous events all occurring on that day, concur in making the coming of Labor day in the United States one to be most devoutly kept and long to be remembered.

In obedience, therefore, to the mandate of our law, I consider it a great privilege to designate the first Monday in the month of September, next, being the 6th day of said month, as "LABOR DAY" and do hereby further direct that all public state offices throughout the state be closed on that day; that our flag be raised on all public state buildings, including school houses, all over the state. I respectfully invite the ministers of the gospel in all churches in New Mexico to hold special services on that day, as a fitting and deserved honor and tribute to labor, and in remembrance, as well, of the great citizen of France who so nobly and disinterestedly assisted so materially in securing our national independence; and further, that on that day thankful acknowledgements be given to Almighty God for the successful efforts of the French armies in effectually stopping the onward march of the Germans upon the soil of the country to which we justly owe a debt of gratitude. I invite the people of our state to devote that day to rest, and to the holding of such public exercises as should properly be held as a tribute of love and respect to labor.

Done at the executive office in the city of Santa Fe, state of New Mexico.

Witness my hand and the great seal this 27th day of August, A. D., 1920.

O. A. LARRAZOLO, Governor.
Attest: MANUEL MARTINEZ, Secretary of State.

Mrs. Faulke, the mother of J. U. Faulke, daughter, granddaughter will leave tomorrow night for their home in Kansas City, Missouri. They have spent much of the summer here and at Blue Springs ranch, their visit being shortened by an accident to a daughter in their home city.

LABOR DAY.

Labor Day, September 6th, will be observed in Carlsbad for the first time next Monday, and elaborate preparations looking to the proper observance of the day are under way and the day will be fittingly celebrated. At a mass meeting called for that purpose the following committees were appointed: H. M. Chilcoat in the chair.

Committee on Parade: H. M. Chilcoat, H. H. Dilley, George V. Price, M. E. Riley, Homer King, Lee Bloxom, John Prickett and S. L. Perry.

The line of march to be led by the Carlsbad band on foot, followed by the school children, from the fifth grade up and including the High school. Next the clerks of the city, carpenters, plumbers, painters, railroad men, auto mechanics, barbers, sinners, and workers of every description followed by the decorated automobiles. The boys' scouts will also be in the parade and carry large flags. Ice water will also be furnished by the same organization. Cars and vehicles of every description are asked to join in the parade.

Citizens are requested to meet at the courthouse lawn at 12:30, the parade forming at the Crawford hotel. The line of march will be two blocks north, one block east, three blocks south to the Smith block, thence west one block and north to the place of beginning.

Speeches will be made by Major E. P. Bujac and perhaps a speaker from Roswell and it is likely that a ball team from out of the city can be secured for the occasion. This being the first celebration of the kind ever held in Carlsbad, it behooves every citizen of the city and county to attend and help to make the day a success.

Captain Fred West has been chosen as marshal of the day.

NEFF'S LEAD OVER BAILEY IS 77,383 VOTES.

In the run-off primary for the governorship of Texas the totals from 226 counties (out of 246) give:

For governor: Bailey 167,062; Neff 244,445.

For Lieutenant-Governor: Davidson, 177,996; Johnson 154,221.

W. C. T. U. CONVENTION WILL BE HELD AT BELEN.

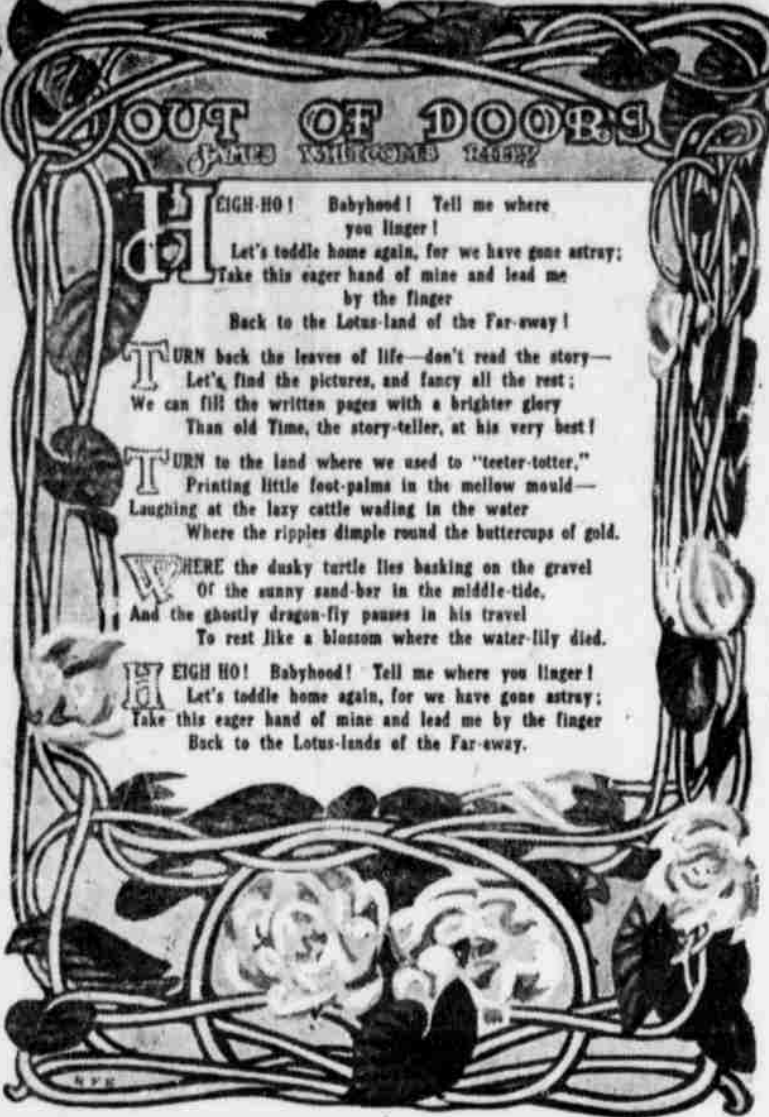

A call has been issued for the state convention of the Women's Christian Temperance Union at Belen on September 17, 18 and 19. The convention will be notable for a jubilation over the ratification of the federal suffrage amendment. Another feature will be an all day picnic on the 20-acre farm of the new industrial home of the W. C. T. U.

DELEGATES TO REPUBLICAN CONVENTION.

At the convention Saturday the following delegates were elected from this county for the Republican convention to be held at Albuquerque: From Artesia, J. W. Turknett; Fred Spencer, S. E. Ferree, George Frisch, Mrs. Stroup, Mrs. Alice Harvey, J. D. Hill, of Cottonwood; J. W. Dauron, of Lakewood; from Carlsbad, W. F. Melvin, R. L. Halley, J. U. Faulke, Mrs. E. H. Hemenway; W. E. Rose, of Loving.

At the meeting of the Woman's missionary society of the Methodist church, held yesterday, much discussion was indulged in relative to the "Miscellaneous bazaar" which is to be given in November. The proceeds of the affair are to be devoted to a sinking fund for the new church, which is sadly needed at this place. Women usually take the lead in matters of this nature, and the Carlsbad ladies are not behind in this or any other movement, either religious or philanthropic.

There will be a special communication of Carlsbad Lodge No. 21, A. F. & A. M., tonight at the usual hour for work in the Fellowship degree.

DOVE SEASON OPEN WEDNESDAY

Hunters Warned Not to Shoot Before Sunrise or After Sunset.

The season for dove started Wednesday and many hunters are preparing to take advantage of the early hunting.

Federal game warden today issued a warning to hunters not to do any shooting before 30 minutes before sunrise and none after sunset. The limit is 25 doves, he said.

He has prepared a circular on the provision of the migratory bird law which he is mailing out. He also has received copies of the federal and state laws which he is prepared to give hunters. The circular says:

It is unlawful to kill, hunt, attempt to kill or possess at any time, any wood ducks, swans, elder ducks, band-tailed pigeons, little brown sandhill and whoping cranes, curlew, upland plover, willet, snipe, plover, and all shore birds, except the blackbellied and golden plovers, greater and lesser yellowlegs, Wilson snipe or Jacksnipe and woodcock.

It is unlawful to kill any migratory insectivorous or song birds at any time.

It is unlawful to hunt, pursue or take any migratory game birds from an airplane, powerboat, sailboat, any boat under sail, or any floating device towed by powerboat or sailboat.

It is unlawful to hunt, pursue or take any migratory game bird between sunset and one-half hour before sunrise.

It is unlawful to sell any migratory bird, except under proper permits for scientific and propagating purposes.

Migratory game birds may be taken only with a gun not larger than a ten-gauge, fired from the shoulder and may be possessed only during the open season and for five days following the open season. The federal law allows ten days but the law of New Mexico allows only five days and inasmuch as the state law gives additional protection, the five-day limit prevails.

In New Mexico—the open seasons are as follows, and the dates mentioned are inclusive:

For waterfowl (except wood duck, elder duck swan) coot, gallinules, and Wilson snipe or Jacksnipe, October 16 to January 31.

For rails (other than coot and gallinules), September 1 to November 30.

For black-bellied and golden plovers and greater and lesser yellow legs, September 1 to December 15.

For mourning doves, September 1 to December 15.

Bag Limits—Ducks (except wood ducks and elder ducks), twenty-five in the aggregate of all kinds.

Geese—Eight in the aggregate of all kinds.

Brant—Eight.

Rails, coot and gallinules (except snipe), twenty-five in the aggregate of all kinds.

Sora—Fifty.

Black-bellied and golden plovers and greater and lesser yellow-legs. Fifteen in the aggregate of all kinds.

Wilson snipe or Jacksnipe—Twenty-five.

Woodcock—Six.

Doves (mourning)—Twenty-five.

Any person convicted of violating any of the provisions of the migratory bird treaty act shall be fined not more than \$500 or be imprisoned not more than six months or both.

It is unlawful to ship or transport any game out of the state without a permit secured from the state game warden.

It is unlawful to ship any game within the state without having a permit from the state game department.

MARRIED. Mahan—McFadden.

Paul R. Mahan and Miss Catherine McFadden were married at the home of the bride's parents in Roswell Wednesday morning at 10:30. Rev. T. C. Mahan of this city, father of the groom, performing the ceremony, using the full ring service.

Luncheon was served at the close of the ceremony, which was attended by the families of the young couple. Mr. and Mrs. Mahan came to Carlsbad Wednesday afternoon and are already established in their cozy home on Main street, which had been ready for their occupancy for some time and where they will receive the congratulations and best wishes of a host of friends. Mrs. Mahan will be a decided acquisition to musical and church society in Carlsbad, as she has been for some time pipe organist for the Presbyterian church in Roswell. A charming little lady, we predict for her as many friends in Carlsbad as she leaves behind in her home town.

Mr. Mahan has a large acquaintance in Carlsbad and surrounding country and is one of Carlsbad's most worthy young men, honorable in all his ways which is the highest praise one can offer.

The Current joins other friends in wishing them all the good life has in store for industrious, high minded young people, such as are Mr. and Mrs. Paul Mahan.

A DEPLORABLE ACCIDENT.

During the roping at Hope last Friday one of the ropers, Charles Weir, of Monument, was seriously injured by his horse falling on him. Weir had roped his animal and in some manner the loop was drawn around the horse's foot, throwing him to the ground and causing him to roll entirely over Mr. Weir. Physicians were summoned at once and the injured man was taken to a nearby house. Later, physicians from Carlsbad and Roswell were called in consultation. Mr. Weir remained unconscious until yesterday when he began to improve and hopes are now entertained of his complete recovery. His brother, Bert, was wired and came in Monday from Kansas City and is with the sick man at this time. Many friends from all over the country are anxiously waiting for news from this widely known and popular cowboy.

The young society set of the city had a fine time at their hay ride and weiner roast last Tuesday night. They went by float to the six-mile dam and had a fine time while there as well as while going and coming. They will probably be the last outing the young folk will have before school opens and it was especially enjoyable in view of that fact.

Mrs. Annie Livingston has returned to Carlsbad after a pleasant summer spent on the west coast.

LEAVES WIFE IN INDIANA AND LIVES WITH ANOTHER WOMAN IN CARLSBAD—MONTH BEFORE BEING ARRESTED.

Charles Harvey Johns, and Mrs. Nyland, both from some place in Indiana, were arrested here charged with violation of the Mann act. They have been in town since the first of August. They waived examination and are both confined in jail to await the action of the grand jury at the next session of that body.

Mr. Johns was in the employ of the Public Utilities company while in Carlsbad and he was a good worker and was not even suspected of living with another man's wife. It is said that his wife in Indiana had the officers trail him here and make the arrest.

HAY TRADE CONDITIONS OF THE WEEK.

Shipments have been light for several weeks, which has given markets an opportunity to reduce their accumulations. Spot supplies are moderate at present and a steady to firm feeling prevails. Stability in the future is uncertain, however, as it is the general opinion that there is enough old hay held over at shipping points to supply the trade for some time. And as this is readily available, it will move forward under favorable market conditions as fast as cars can be obtained. Farmers are not inclined to sell the new crop, as they expect the high range of values of last year to prevail or to be increased and it is hard to get cars at this time while, on the other hand, dealers feel that hay prices, along with other commodities, must work lower and are therefore keeping out of the game entirely for the present. The hay crop this year is large enough to supply any possible trade requirement, but the shortage of wire and the lack of adequate transportation facilities will be more than ever the price governing factors this year.—Hay Journal.

SUNDAY SCHOOL PICNIC.

One hundred and ten persons attended the annual picnic of the Methodist Sunday school Wednesday afternoon. The picnic was held east of the river and cars and trucks a-plenty were furnished to convey the children and their parents to the grounds where they romped and played to their hearts' content. Some of the boys went in swimming and others indulged in the great American game, while still others enjoyed friendly conversation and so passed the hours away. An elegant supper was spread of everything good that could be imagined, and all appetites were satisfied with the delightful menu. After the supper a watermelon feast was enjoyed at which nice ripe melons, cooled to the proper degree by the kindness of F. E. Hubert, manager of the Carlsbad Light & Power Co., who also furnished free ice for the occasion. Mr. Small furnished transportation on his truck for the little folk and all in all, the picnic of 1920 will be long remembered.

DO YOU DANCE?

There will be an informal dance at the Palace Cafe Friday evening, Sept. 10th, at 8:30. Bring your wife, mother, or sweetheart, and enjoy a pleasant evening. Admission \$1.00 per couple with a moderate charge for light refreshments.

DIED.

The Rightway hotel was closed this week for thirty-six hours, following the receipt of the following telegram:

Topeka, Kans., Sept. 1, 1920. Mrs. Xury White, Carlsbad, N. M. Edna passed away at 12 A. M. today.

JENNIE BLEVINS.

The lady referred to was Miss Edna Morgan, a sister of Mrs. Blevins, and a sufferer for the past year with cancer, which finally caused her death after untold agony. The faithful sister, Mrs. Blevins, has been constantly at her bedside for the past six months and was unremitting in her attentions, leaving here for the purpose of making the way as easy as possible, physicians giving her no hope from the start. The sympathy of those similarly bereaved is with Mrs. Blevins and her mother.

CARLSBAD PUBLIC SCHOOLS.

The Carlsbad schools will open Monday, September 6th, all students will report to the various buildings at 9:00 o'clock, where lists of books and assignment of rooms will be made.

Children who have not attended the Carlsbad schools during the past session should report to the Principal of the building for classification. The session on Monday will extend through the morning only, as it is Labor Day.

All children between the ages of six and seventeen are required by law to commence attending school on the opening date or have a permit issued by the City Superintendent. Parents should see to it that their children begin at this time and are supplied with books by Tuesday.

Children who are six years old and are entering school for the first time should be accompanied by their parents if possible. No kindergarten will be conducted this year.

A school for the Spanish-Americans will be established in La Huerta as soon as the building can be completed. The school in San Jose will open on Monday, and all Spanish American children who have previously attended are expected to begin that day.

HARRISON—HAYS.

At Grace church at 7:30 A. M., yesterday occurred the marriage of Miss Carrie Harrison and Claude N. Hays, Rev. F. W. Pratt officiating. The wedding was strictly private, only immediate relatives and friends of the bride and groom being present. The marriage of this popular young couple came as a surprise to their friends in this city, although their engagement was well known.

The bride is the second daughter of Mr. and Mrs. Harrison, who has spent her life here, having many friends and a smile for everyone and making a successful business girl.

Claude Hays is the youngest son of Mr. and Mrs. John Hays of Carlsbad and ranches on Black river and is a very popular young man. He came here six years ago, was in the navy six months, is an industrious and capable young man and is well worthy of the wife he has chosen.

Mr. and Mrs. Hays left immediately after the ceremony for the bride's sisters' ranch home, Mrs. Barney Beach, where a lovely six o'clock dinner was waiting them. They went from there on to the Rattle-Snake Spring ranch to spend their honeymoon. Both have the best wishes of their many friends for a long and happy life.

BAPTIST CHURCH SERVICES.

Sunday school at 9:45 A. M.; Sunbeams 3 P. M.; B. Y. P. U's. both at 6:30 P. M.

Note the change in the evening hours, coming 30 minutes earlier. You are cordially invited to all of these services. We are planning a special series of meetings beginning either the 19th or 26th of this month. We shall have a special evangelistic singer with us and the public can count on a treat in song service. We extend the most cordial invitation to the pastors of the several churches and congregations of Carlsbad to all these services and trust they may arrange their plans and work so as to be with us as much as possible throughout the meeting. We especially urge the non-church goers to attend these meetings.

PASTOR AND CHURCH.

A pleasant social gathering at the A. D. Poteet home in the Otis section gave great pleasure to a number of friends and neighbors last Monday afternoon. Cheerful conversation and fancy work made the hours pass rapidly and at the close of the afternoon all expressed great pleasure at again being permitted to be with their hosts in her pleasant home. Ice cream and cake were the refreshments served. Those present were Mrs. Wilson and Miss Mollie Wilson; Mrs. M. L. and Ray Davis; Mesdames Mercer, Worley, Lloyd Poteet, Gorley, Allen Tipton, Moberley, Slease, and Rawley.

Miss Ruth Roach, one of the very efficient salesladies at the Joyce-Fruit store, having resigned her position with that firm, left for the paternal home at Hope, the first of the month.

PECOS VALLEY LIVE STOCK AND CROP PRODUCTS LARGE.

A. M. Hove, special representative of the Santa Fe railroad, was a visitor to the capital city the first part of the present week. Mr. Hove is well known in Carlsbad, where he lived for many years.

Mr. Hove says that Eddy and Chaves counties had already shipped over 1200 cars of alfalfa hay between May 1st and August 11th and that the total shipment of the year will reach over 5,000 cars, according to the present estimate.

Roosevelt county, which has heretofore fed practically all of its crops to live stock, made its first shipment of a car of wheat last week from Portales. The first car of grain ever shipped from Fort Sumner also went out last week.

Mr. Hove estimates that the total shipment of wheat from points along the Santa Fe between Fort Sumner and the Oklahoma line of which Curry county is the heaviest producing section, will aggregate 6,000 cars of 2,000 bushels each for the season. Thirteen hundred cars have already been shipped from points along this line.

The cotton crop in Eddy county and in Chaves, where planting has extended north almost to Roswell, is beginning to bloom and the prospects are that the production will be very large and the quality first class.

The range has been good up to the present time and cattle are in fine condition all over New Mexico and Western Texas, but in many places rain is beginning to be needed in order to insure grain for winter grazing. The past week most of these sections were visited by heavy showers which makes the range in better condition than for years past. The Indian corn, kafir and milo maize forage crops will be the largest ever produced in this section of the west. Fields of Indian corn this year will rival in appearance and will excel in quantity per acre the usual production of Iowa and other corn belt states. —State Record.

BOY BITTEN BY SNAKE.

A little six-year-old boy, whose parents have lately moved near the caprock, was trying to dig a rabbit out of its den below a hill, when he was bitten by a snake three times, on the foot. The father saw the child when he fell but being in very poor health himself, he was unable to be of any assistance to the little fellow and therefore had to call to him to jump up and come to him. The child did so and was taken to the mother and with what kind neighbors could do, and messages to the doctor over the phone, from last account, on Thursday, the child seemed to be recovering. We did not learn the names. —Livingston Leader.

REPUBLICAN COUNTY CONVENTION.

The republican county convention held in the court house last Saturday was well attended, delegates from various parts of the county being present, about half of them being women.

W. A. Craig was elected temporary chairman and Mrs. Stroup, of Artesia, temporary secretary. Later the temporary organization was made permanent. A committee on organization was named by the chair consisting of J. U. Faulke, F. E. Hubert, and A. D. Hill. A committee on resolutions was also appointed consisting of R. L. Halley, Carlsbad; Wallace, of Dayton; Rose, of Loving; Turknett, of Artesia; and Mrs. Hemenway of Carlsbad. Resolutions were read and adopted unanimously by the convention. A nominating committee was appointed to nominate delegates to the state convention which will be held in Albuquerque September 7. This committee was composed of Joe Wertheim, of Carlsbad; A. D. Hill, of Cottonwood; Judge Dauron, of Lakewood; Mrs. Dilley, of Carlsbad; and F. M. Hatfield, of Malaga. The following were elected as such delegates:

Mrs. Hugh Dale and Miss Willie Lee Walters, sisters of Mrs. Musick, who resides with her family at the flume, have been visiting here for six weeks past, and left for their respective homes last Saturday morning. Mrs. Dale's home is at Lorraine, Texas, and Miss Walters is a teacher of music in the schools of Waco, Texas.

Prof. Warren Weaver came on Friday night from Pasadena, California, where he was a teacher in Throop school, and together with Mrs. Weaver and her brother, Robert Hemenway, left Sunday night for Madison, Wisconsin. Robert will enter the state university at that place and Mr. and Mrs. Weaver will visit there and at other places enroute.

The total of the rain here was between four and five inches, which insures plenty of grass for stock and in fact is worth a million dollars to the plains and ought to make everybody feel better and forget the drouth. —Livingston Leader.

Miss Laura Breeding left Wednesday morning for Hanover, this state, where she will teach one of the schools of that city. Miss Laura has been in attendance at school at Silver City this summer, and is one of the girls whom we know will make good in her chosen profession.

Miss Inez Mylius, daughter of Mrs. Hattie Carrell, of this city, has taken a position as teacher in the schools of Cliff, New Mexico, and left for that place Wednesday. This is the young lady's first venture in the teaching profession and she has many good friends here to wish her success.

C. C. Cargill, of Toyah, Texas, and his sister, Mrs. W. H. Askew, of Baileyville, Texas, were in town a couple of days this week on a visit to relatives.

L. E. Alexander is in town, coming from Pecos, Texas, last Monday. Mrs. Alexander is expected to arrive the latter part of the week.

Charles Hume, of the Spokane-Carlsbad Oil Company, left town Monday for the site of the company's well, on the Harkey ranch, where they will begin development work at once.

The family of J. B. Creighton moved to Pecos this week in order that they may be near the husband and father, who has a position with an oil company at that place.

G. H. Sellmeyer, cashier of the Lakewood National Bank, was in town Wednesday of this week on a business visit.

These two sketches are from photographs of Signor Friscoe's amazing act, now being billed over the Keith and Affiliated vaudeville circuits. Signor Friscoe comes onto the stage and plays. Suddenly he stops playing. His xylophone performance continues.

Then the curtains of the back-drop part. The New Edison is revealed. It has taken up Signor Friscoe's performance and is RE-CREATING it alone.

You can hear it in our store

—the phonograph that is featured in Vaudeville's strangest act

Perhaps you've seen it—Signor Friscoe's "Magic" Xylophone Act.

It's the hit of vaudeville's "Big-Time."

Signor Friscoe's "magic" is an Official Laboratory Model of the New Edison. We have one exactly like it.

Signor Friscoe's instrument is an exact duplicate of the original Official Laboratory Model, which cost Mr. Edison three

million dollars to perfect. Our instrument is also an exact duplicate of this famous three million dollar original. We guarantee it to be able to give the same marvelous RE-CREATIONS of music, which Signor Friscoe's Official Laboratory Model gives in vaudeville.

Come in and test the astonishing realism of this instrument for yourself—in Mr. Edison's Realism Test.

The NEW EDISON

"The Phonograph with a Soul"

You've read how the New Edison has proved its perfect realism. Four thousand tests have been given, in which more than 50 different artists compared their art with its RE-CREATION by the New Edison. Leading newspapers conceded that there was no difference between the two.

Has any one suggested to you that these comparison tests are "faked"—that the artist imitates the New Edison?

Signor Friscoe's performance makes such an assertion positively ridiculous. Every week, 20,000 people see his hammers ripple over the xylophone keys. Suddenly he holds them aloft—still.

The rippling music continues.

Slowly, the gorgeous curtains of the back-drop part. The audience gasps. The New Edison stands revealed. It has taken up Signor Friscoe's performance, and is now RE-CREATING it alone. The effect of this extraordinary magic can rest upon only one fact: No one can distinguish any difference between Signor Friscoe's performance and its RE-CREATION by the New Edison. Signor Friscoe could not possibly imitate the New

Edison, because the xylophone can not be made to imitate any other instrument, so as to deceive its hearers.

Signor Friscoe's act is not an Edison enterprise. He has simply been clever enough to use the New Edison for what it is worth. Why don't you?

PRICES

The price of the New Edison has increased less than 15% since 1914. This includes the War Tax.

Mr. Edison has staved off price advances by personally absorbing more than half of the increased cost of manufacture.

Because of the exceptionally high quality of materials and workmanship demanded by the Edison Laboratories, and the continued scarcity of both, it may be necessary to advance prices. But rest assured that this will not occur, unless Mr. Edison is forced to it.

Our Budget Plan—the thrift way of spending—will help you buy now. Let us tell you about it.

BAPTIST B. Y. P. U. AT ARTESIA VERY INTERESTING.

The meeting of the Baptist Young People's Union, at Artesia last Sunday evening, was well attended and helpful. The meeting was held in connection with an all day church meeting, such as is usually held on every fifth Sunday. Various phases of the work were discussed by ministers and laymen from Carlsbad, Lovington, Roswell and Artesia, and much good was accomplished by the mutual interchange of thoughts and ideas.

The following were in attendance from this city: Rev. T. C. Mahan and wife and two daughters; Mr. and Mrs. Archie Nelson; Mrs. Albert Hamus; J. B. Leck and daughter, Wardie; Misses Oma

White and Madge Brown; Messrs. Fred Hedland, Wilmer White, Harold Erickson and J. Wersell.

Carlsbad friends of Miss Gladys Brice, daughter of Judge and Mrs. C. R. Brice, of Roswell, will be pleased to know of her engagement to Dillard Wyatt, which has been formally announced and the date set for the wedding, which will occur Wednesday, September 8th. Mr. Wyatt, it will be remembered, is the democratic nominee for the office of district attorney for the fifth judicial district and Miss Brice is also a graduate of a law school.

Francis C. Tracy and family will arrive in the city next Saturday from the eastern cities, where they have been since last May.

Dr. Foster and wife and son, Jack, and family, came to grief while on their way home from a visit to Carlsbad, from Nocona, Texas. They ran into mud and water and had to have their car pulled out several times and at last the car had to be abandoned at Stanford, Texas, and they took the train from there home. His son had the new car of the doctor's and met with a like difficulty at Clarendon, Texas, where he had to leave the auto for repairs and also continue the journey by rail. However, they had a delightful visit while here and that compensated for the discomforts of the return trip.

Mrs. Sam Moskin and Miss Jane, returned Saturday from a visit to the Keith family in Roswell.

Listen, good friends, and you shall hear why some Cigarettes are so all-fired dear

SOME cigarettes are packed in pretty boxes that certainly don't grow on trees. Next, they're dolled up—and flavorings are sure getting expensive! And then, they're priced a bit high so they'll seem "exclusive." But read how Spur Cigarettes offer the highest possible quality at the lowest possible price:

If there are any finer tobaccos from the Orient and the good old U. S. A. than those selected for Spurs, they must be a secret that the world has never heard. And when we got these combined in Spur Cigarettes, what do you suppose was the result? Just the best taste and aroma that any cigarette could give, and Willie Doll-up or Freddie Flavoring hadn't a thing to do with it.

Spur is "class" all through—even to the smart "brown-and-silver" package, triple-wrapped, that keeps Spurs fresh and fragrant. Try out a package of Spurs. You'll say "made and priced for popularity."

Mrs. Tom Gray left Monday night in response to a telegram conveying the news of the serious and probably fatal illness of her father at Cherokee, Texas. The father, R. T. Barber, is over 80 years of age and has had two strokes of paralysis, and therefore his condition is very precarious. He is the father of the late W. J. Barber, of this city, and of Tod Barber of the western part of the state and visited here a short time

some years ago. Mr. Gray returned to his ranch Tuesday morning.

Mrs. D. R. Harkey and daughter, Mrs. Sidney Brown, and her young son, were in town from the Harkey ranch on Black river, Monday of this week. Mrs. Brown and son, Harkey, expect to leave for their home in Dallas, Texas, the latter part of the week, after spending a month here.

ROAD BUILDING

WAR MATERIAL DISTRIBUTED

Equipment Turned Over Promises to Be Great Aid in Carrying Out Road Building Plan.

To date the war department has turned over to the United States department of agriculture approximately 24,000 motor vehicles, as provided in congressional legislation empowering the latter department to distribute this war material among the state highway commissioners for use in road building, allotments of the vehicles to be based on the amount of federal aid for roads which the states receive. This is practically all the vehicles which the war department has to release. Of this total 12,000 have been delivered to the states. The remainder will be distributed as fast as railway cars can be secured for their transportation. Representatives of the bureau of public roads, in charge of the matter, believe that within two or three months all of the vehicles will have been delivered to the states. This equipment promises to be a great aid in carrying the large road building program for 1920.

The state highway commissioners are also interested in securing allotments of tractors, steam shovels, locomotive cranes, automotive cranes, industrial railway track, dump cars and industrial locomotives which remain to be disposed of by the war department. A measure known as the Kahn bill, directing the secretary of war to release this material for the state highway commissioners, has passed the senate and has been reported out of committee in the house.

Type of Motor Truck Turned Over to States to Aid in Road Building.

Until the secretary of war has been directed by congress to turn out this equipment it is not likely that it will be available for state distribution.

MAKING ROADS WITH BRAINS

Most of Heavy Work Incident to Highways is Being Done by Machinery—Cost is Less.

As help is scarce, and increasing traffic makes good roads a necessity, more and more of the heavy work incident to highways is being done by machinery.

At one time the work of leveling and road building had to be done largely with the pickaxe in the hands of workmen, and with shovels and teams. Now gasoline engines, motor trucks, and huge power-propelled cranes do all of the heavy work. In the new method the expense is less than by the old method, for machinery is always cheaper than human labor, in that a material saving of time is effected.

Good roads are an economy to any section of the country, as they permit produce to be hauled to market just when it will bring the most, and property is always worth more which borders well-constructed highways. Try to buy a farm along a concrete road and you will find the location makes a big difference in the price asked.

REDUCE COST OF MARKETING

It Can Be Brought About by Farmers Using More Trucks, Trailers and Automobiles.

The high cost of marketing that is such a factor in the cost of living will be reduced when the roads are improved and farmers use more trucks, trailers and automobiles in reaching city markets with their products.

UNPAVED ROADS UNCERTAIN

When Weather is Good They May Be Passable if They Have Been Continuously Dragged.

Unpaved roads vary with the weather—paved roads are constant. When the weather is good, dirt roads may be passable if they have been continuously dragged, but they are not roads for truck and automobile traffic, no characteristic of the highways today when passable.

J. C. Wilson and wife left yesterday for Loving, New Mexico, where he has a situation in a bank. Mr. Wilson has for several years been connected with the office of the Pecos mercantile company, where his work has been most satisfactory. Mr. and Mrs. Wilson are popular with our Pecos people, all of whom will regret to know that they have moved away, and who will wish them much success and happiness in their new home.—Pecos Enterprise.

Mr. and Mrs. Lee Middleton and Lee Junior, were visitors to the picnic and celebration at Hope last week, returning Sunday.

Harlan Thomas has moved his family into the house belonging to Mrs. Maggie Reed, on Alameda St.

"Grandma Mercer" is numbered among the sick of the town and community this week. She is at the home of her daughter, Mrs. M. L. Davis, west of town, where she is receiving every attention, but her advanced age, she being above eighty-five, makes friends and relatives very uneasy about her.

W. W. Dean and family returned Saturday evening from Carlsbad, where they attended the American Legion carnival. Captain Dean states that the carnival was very successful from point of enthusiasm and attendance, although rainy weather interfered considerably. A big four-day roping contest was pulled off in which two or three Reeves county cowmen contended, one being Jim Cooksey, who was "in the money" up to the last day. Floods of rain were encountered on the trip home some twenty

miles out from Pecos, where the Dean car traveled for several miles hub deep in water.—Pecos Enterprise.

Mrs. Kinney Reed and son, Loren, came in Saturday night from a lengthy stay in San Antonio, Texas, where Mrs. Reed was in a hospital for some time, undergoing a serious operation. Carlsbad friends will be glad to know that she is recovering nicely and expects to soon be in better health than for years past. The little boy has grown rapidly while gone and is very well.

Mr. and Mrs. Ned Shattuck and daughter, Miss Margaret, were in Carlsbad from their home in Artesia, the first of the week, coming for the purpose of having the daughter's tonsils removed, which was done by a local surgeon Tuesday morning.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly castings when such sure protection is available? 30 x 3½ size \$4.50 in meterproof bag

Mrs. Annie V. Livingston has returned and again taken up her work of hemstitching and piecing at which she has made such a success heretofore. Thanking the ladies of Carlsbad for past patronage she solicits a continuance of the same. Her telephone number is 210, and all work will be done promptly.

Mr. and Mrs. C. J. Searle, of Minneapolis, Minn., arrived in Carlsbad last week and are making their home, for the present, with Mr. Searle's mother, Mrs. M. Searle. Mr. Searle was formerly assistant city auditor of Minneapolis and has come here to assist in the management of the Palace Cafe.

Mrs. Lee Noah came down from a visit to her sister, Mrs. L. O. Fullen, at Roswell, and spent the night with Mrs. Allen Stewart, leaving yesterday for Pecos, where she will be joined by her husband and they will continue on their journey to El Paso.

THE METHODIST CHURCH.

Sunday school will open at nine forty-five. Preaching by the pastor at eleven. The fourth and last quarterly conference for the current year will be held at seven. At this conference several new officers will be elected for the coming year. The New Mexico annual conference will convene at Las Cruces, Sept. 29, at which time all the pastors will receive appointments for another year. Bishop DuBose, of Berkeley, California, will preside. Presiding Elder J. B. Cochran will preach at the evening hour. A most cordial invitation to all visitors and strangers within the gates.
GEO. H. GIVAN, Pastor.

Mr. and Mrs. J. D. Forehand, of Black river, are moving to town and will spend the winter here for the benefit of the schools, they having charge of their daughter's children, Elliott and Alleen Reed, who will attend school here the coming year.

Bert Rawlins and wife are in Lovington this week with relatives and friends.

HEREFORD BOY SCOUTS IN TOWN.

Twenty-seven Boy Scouts with their scoutmaster, Mr. Bell, and two assistants, all hailing from Hereford, Texas, were in town a few minutes last Wednesday afternoon, while some minor repairs were made on one of their trucks. The party left Hereford ten days ago, having a full equipment of things that the usual boy scout feels is necessary for a pleasurable and profitable outing. They left for Blue Springs, where they made camp Wednesday night and proceeded from there to the Guadalupe, their objective point. As usual in such cases, the boys were in high good humor and were having a big time. Each truck had a flag displayed, which added a note of color to the outfit. They plan to remain two weeks in camp in the Guadalupe.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

Friday of last week, there arrived at the Alfred La Vella home a baby daughter. She was welcomed with open arms by the entire family and has received the name of Julia Elizabeth, honoring her two grandmothers. May health and prosperity attend the little one.

Lula Armandarez, of the lower valley, brought in two stalks of cotton last Saturday which were placed on exhibition at the A. G. Shelby grocery store and attracted a great deal of attention from cotton raisers and others. The stalks were full of bolls and from appearances the time will soon come for picking.

Leon Mudgett left last week for Seagraves, Texas, where he will have charge of the store of the Mercantile company, in whose employ he has been for some months. Mrs. Mudgett and girls left Saturday for the home of a sister, at Las Cruces, where she will visit for a fortnight or more when she will return to this city and later join her husband. While regretting their leaving, Carlsbad people are a unit in wishing for them a happy home in Seagraves.

J. H. Garrett and wife were visitors to the home of that lady's parents, Mr. and Mrs. Robert Breeding, the latter part of last week from their home in Lea county.

Mr. and Mrs. J. H. Hughes and children, of Nadine, were in from there Wednesday of this week. They came principally for the purpose of placing the little daughter in school here for the winter. The little girl will stay at the home of their kinspeople, Judge and Mrs. D. G. Grantham, during school.

Perfection's Price In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superline.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

LOCAL NEWS

Mr. and Mrs. R. F. Madera and three children were in town from their ranch home seventy-five miles southwest in Culberson county, Texas, last Saturday. The twins have grown almost beyond recognition and little Mildred is now old enough to go to school. They will have a private teacher from near Dallas, Texas, this winter.

Mrs. T. E. Rodgers and two children, arrived last Wednesday from Little Rock, Arkansas, and have taken the Dr. Boatman residence for the winter. Mrs. Rodgers will teach one of the grammar grades in our schools the coming school year.

P. L. McNatt, of the United States navy, was in town over Sunday, a guest of the Misses Matney, east of the river.

Mrs. John Garrett was a visitor to the home of her parents, Mr. and Mrs. Robert Breeding, the latter part of last week from her home in Lea county.

Miss Ida Breeding left Monday morning for El Paso, where she has been attached to the teaching corps of the schools for some years. Her visit was very brief this year and her friends and old schoolmates regret that fact.

L. N. Hoag, old-timer from the lower valley, was a business visitor to the county seat from his home last Saturday. Mr. Hoag is always interested in the schools and other public institutions in Eddy county.

Mrs. Frank Miser and children are visiting at the home of the lady's sister, Mrs. Fred E. Wilson, of Carlsbad. Mrs. Miser will be here about another week before returning to her home at Mineral Wells, Texas, where her husband is in business. Miss Bunn, as her friends love to call her, has many here who are glad of a visit from her.

Little Opal Irvin, a niece of Mrs. Claude DeMoss, who had been visiting her aunt in Carlsbad for a month left for her home in Big Springs, Texas, last Monday.

Mrs. C. H. Price was an overnight visitor to the city from Roswell Sunday enroute to her home at Odessa, Texas. The lady lived here some twenty years ago and was impressed with the changes in the city and people that had taken place during that time. Mrs. Price expects to move to the valley as soon as she can dispose of her property in Odessa. She left Monday morning.

Mr. and Mrs. A. L. Sutton, after a pleasant visit with kinsfolk in Carlsbad, left Monday morning for their home in Menard, Texas. They had been visiting relatives at Tucson, Arizona, previous to coming to this city and have been gone from their home at Menard for four months and expressed themselves as anxious to be at home again.

Miss Mildred Walter left last night for Magdalena, New Mexico, where she will teach school the coming school year. Miss Walter is one of Eddy county's most successful teachers and has taught in the same school for a number of terms.

Reverend Mahan and wife and Misses Mahan, motored to Roswell Wednesday where they were in attendance at the wedding of Paul Mahan and Miss Catherine McFadden. Reverend Mahan reading the marriage ceremony.

J. D. and Billy Merchant and Fancher and Luther Bell will leave the middle of this month for Los Angeles, where they will enter the branch of Harvard preparatory school.

Mr. and Mrs. John Hartshorn came in Monday night from Mexico, and have taken light house-keeping rooms at the Metropolitan hotel for the time of their stay the length of which is uncertain.

H. I. Braden was among many others in attendance at the ball games played in Roswell, the latter part of last week, and the first of this.

Walter Pendleton and wife came down from the celebration at Hope last Sunday and left for their home near Lovington, Monday morning.

Hon. Robert C. Dow and his stenographer, Miss Gladys Nevenger, left Sunday for Lovington, where a short session of district court will be held.

The Rev. F. W. Pratt, formerly minister in charge of the church of the Holy Faith in this city and rector of the Protestant Episcopal church in Carlsbad, was much interested in calling on his old friend and former parishioner, Harry H. Dorman, to ascertain that it was a meeting of chaplains. The Rev. Mr. Pratt is chaplain of the Bryan Mudgett post, American Legion, at Carlsbad, and Mr. Dorman is chaplain of the Montoya y Montoya post of Santa Fe. Chaplain Pratt has found many changes in Santa Fe since he lived here a decade ago.—New Mexican.

Mrs. D. F. Sellards, her son, David, Misses Catherine and Elizabeth Purdy and Marynet Reed, and Floyd Childress, were passengers to Roswell Friday. They returned Sunday with the exception of Floyd whose home is in Roswell, but who will leave soon for Phillip's University at Enid, Oklahoma, a school under the control of the Christian church.

Carlsbad people in attendance at the picnic and celebration at Hope last week were Mrs. B. B. Polk, Messrs. Denton, Hewitt, Carl Gordon, Geo. Batton, and Misses Matney, Mamie Polk, Myrtle Ward, and many others. All speak in glowing terms of the hospitality shown them by the good people of that part of the county.

Mr. and Mrs. Baxter Culp, of the Monument section, were in town over Sunday leaving for their home late Sunday evening.

Five Minute Chats on Our Presidents

By JAMES MORGAN

LAST OF THE VIRGINIANS

1817—James Monroe, inaugurated fifth president, aged fifty-eight.
1831—July 4, died in New York, aged seventy-three.

MONROE'S administration was the most serene and yet one of the most important periods in the life of the nation. It was an eight years crowded with glorious and lasting victories of peace, such victories as swords never can win.

By a mere exchange of notes between the United States and England, those two jealous neighbors pledged themselves to disarm forever on the great lakes. By a common-sense business transaction, Florida, which was of little use to Spain, but of much use to the United States, was bought over the counter in 1820, a peaceable conquest that ranks only second to the Louisiana purchase. By a civil notice to the old world, in 1823, the whole new world was set aside under the Monroe doctrine as an immense preserve of international peace. By give-and-take in the Missouri compromise in 1820, North and South were bound together anew, though with false ties.

Monroe's two terms cover what is known as the "era of good feelings." The old Federalist party having given up the ghost, he succeeded to the presidency as the last of the Virginia dynasty almost as easily as an heir apparent receives the crown of his father. Washington's second election would have been entirely unanimous had not a New Hampshire elector cast one dissenting ballot.

Yet that "era of good feeling" really was filled with many bitter feelings aroused by personal ambitions and the quarrels of factions. But Monroe formed one of the strongest cabinets in history, and, with John Quincy Adams, William H. Crawford, John C. Calhoun and William Wirt

Elizabeth Kortright Monroe.

among its members, he succeeded in reconciling to his administration the most divergent elements. In his desire for harmony, he would also have included Henry Clay and Andrew Jackson, but they declined.

One day the British minister glared across the White House dinner table and shouted to the French minister: "Are you biting your nails at me, sir?" The Frenchman responded by drawing his sword, and the two diplomats rushed at each other. But as they were about to clash, the president drew his own sword between them and stopped the fight.

That little incident gives us a picture of the spirit of Monroe and his administration. While he was in the White House, men and factions had to leave their quarrels at the door.

The quiet, modest president was not so successful in keeping the peace among the women of the official circle, and their disputes over social rank and precedence brewed many squalls.

Although Jim Monroe, as he was familiarly called, was the last president to cling to the ancient knee breeches, cockade and sword, he was as plain and easy as an old shoe. When a newly arrived European diplomat saw a bald-headed, watery-eyed man in a striped seersucker coat, a dirty waistcoat spotted with ink and with slippers down at the heel writing at a White House desk, he wondered that the president would have such a slovenly clerk until he was dumfounded to find that he was in the presence of the president himself.

In the six years that remained to Monroe after retiring from the presidency, he set himself, as an ex-president, a high standard of conduct. Having received the supreme honor at the hands of all the people, he felt that his name belonged to them and he refused to lend it to any candidate or any party.

Feeble and alone after the death of his wife, Monroe sold Oak Hill, his Virginia farm, in the closing months of his life. With the feeling of an exile, the last of the Virginians left his native state to live with a son-in-law in New York city, where he died on July 4, 1831.

DEATH OF MARY FLETCHER.

Saturday night at 10:15 at the home of Mr. and Mrs. R. M. Fletcher of this city, a great sadness came upon the family when the grim reaper of death came and took with him their eldest daughter, Mary.

Mary Laura Fletcher was born at Carlsbad, New Mexico, May 4, 1901 and died at Artesia, New Mexico, August 21, 1920. She was 19 years, 3 months and 17 days of age.

Her parents being ranch people, Mary spent the greater part of her young life upon the back of a pony. In the saddle she was as care free and happy as any cow boy and no task in a cow boy's line of duty was too great or too hazardous for Mary.

On the round up, she could read brands and cut herd or, if one became wily and chose to leave the herd, she could lasso and bring the brute to subjection.

Her first schooling was obtained from a governess upon the ranch, but later the family purchased the home of Mrs. Sallie Roberts and came to Artesia to live for the better educational advantages.

In school, Mary was studious tho from the effect of measles, her eyes were weakened to such an extent as to prevent her following long and continuous study.

She soon came to be a favorite in young society. As with all western people, the smiling broad prairies and soft cool breezes in the care-free land of the cowboy had so tempered her being that she was loved by all who knew her.

Although she suffered untold agonies during the ten days of her illness, she fought bravely and with great patience and endurance. Just before the sad hour came, she talked coolly and deliberately to those about her then lapsed into peaceful sleep—slowly and softly passed away—just turned the leaf, as it was, to a more beautiful page where tear drops never stain the lines or sorrows dim that which is written.

Funeral services were conducted at the Methodist church by Rev. Davis, reading from 1st Cor., chapter XV: "Else what shall they do which are baptized for the dead? If the dead rise not at all? Why are they baptized for the dead?"

Interment was made in the cemetery at this place.

Sleep on in peace, sweet Mary.

In the bosom of the prairie.

Where we frolicked

When we had you with us here.

While in slumber's sweet repose.

You will rest beneath the rose.

In our memory

We will always hold you dear.

—Artesia Advocate.

Mesdames Ernest Dick and J. A. Hardy, Jr., were guests of Mrs. Hugh Gage, at Hope, last week, and were entertained in a lovely manner by that lady at her pleasant home.

Rev. F. W. Pratt, rector of Grace Episcopal church, of this city, has returned from Los Angeles, California, where he spent the summer months teaching at a private school and will again take up his duties here.

Billy Merchant left Monday morning for Abilene, Texas, to be present at the reunion of the Merchant family on the occasion of the birthday anniversary of Colonel Merchant, his paternal grandfather, which was held last Tuesday. Other members of the family left Saturday for Abilene.

The family of Dr. T. B. Quirey returned to Carlsbad Thursday of last week from Denver, where they had spent the summer, and will be again residents of our little city for the benefit of the fine climate and excellent schools.

THE railroads were partly responsible. But it wasn't until the automobile reached its present state of development that the old barriers against travel were finally broken down.

II

More people own automobiles today than ever thought of owning a horse and buggy in the old days.

That's because the cost of motoring has been brought within reach of the average citizen's pocketbook.

We look upon it as part of our job to keep it there. If it weren't for the trade of the man with the medium priced car there wouldn't be

much in this tire business for us.

III

The less a man has to spend on motoring, the more important it is that his tires should be of first quality.

Any tire is not good enough for the small car owner. He wants a tire that will give him just as much for his money in the small size as the big car man gets for his money in the large size.

IV

In thinking over what kind of tires we would represent in this community we tried to put ourselves in the place of the car owner. And we believe we hit it exactly when we selected U. S. Tires.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.

LOYALTY BASIS OF ALL CIVILIZATION

Every Citizen Owes Moral and
Legal Obligation to His
Government.

SAME IN COMMUNITY LIFE

People Have Duty to Their Home
Town Which is No Less Binding
Because it is Not
Fixed by Law.

(Copyright, 1917, Western Newspaper Union.)
Loyalty is the foundation upon which the whole structure of civilization rests. Loyalty to one's country, loyalty to one's state, loyalty to one's city, loyalty to one's business associates, loyalty to one's friends! Loyalty is essential to the ordinary progress of the world. Without it the world must be chaos.

There would be no stable government in the world were it not for the loyalty of the people to their government. There would be no successful business enterprise on the face of the globe were it not for the loyalty of the men and women who are connected with it. No church could exist for a month were it not for the loyalty of its members. The sacredness of the home would be a myth were it not for the loyalty of the members of the family group.

The loyalty of a people to its government is based partly upon sentiment and partly upon the recognition of an obligation that a people owes to its government. A people that has the benefit of good government owes a duty to that government. Those who do not recognize this duty and perform it voluntarily are compelled by law to do so. The man or woman who is protected by the government in the pursuit of life and happiness, must contribute in money and service toward the support of the government. The man or woman who, under the protection of his government which preserves law and order, is able to accumulate property, must pay taxes on that property to help maintain the government which has protected him or her. In time of war the government has the right to call upon its citizens to take up arms in its defense.

Loyalty Moral Obligation.
In governmental affairs these things are regulated by law, and the man who receives the benefit of orderly government is required to fulfill the obligation which that entails, but in the

ordinary affairs of life, loyalty is a moral rather than a legal obligation. There are laws which prevent a man from stealing from his employer or his business associates, but there is no law that requires him to be loyal to them. The success of a business institution, however, depends more upon the loyalty of its employees than upon the laws which prevent them from stealing its money. Likewise the stability of a government depends more upon the loyalty of its people than upon the laws which compel them to fulfill their obligation to the government.

It is equally true that the prosperity and growth of every individual community is dependent upon the loyalty of the people who live in it. Every citizen owes an obligation to his community, and the obligation is a moral as well as a legal one. The good citizen pays his taxes cheerfully and willingly. He serves upon the juries which administer the laws of the community. He fulfills every legal obligation that is imposed upon him by his government, but there is a moral obligation which is of still greater importance to the community. This moral obligation consists in doing everything that is in his power to promote the prosperity and happiness of his community. The man who is enabled to make his living in any community is under a moral obligation to spend his money in such a way as to help his community.

Prosperity Worth Protecting.
Anything worth having is worth protecting, and if the prosperity of a community is worth anything to the people living in it it is worth protecting. If the chance for a man to earn a good living, to live well, to give his children a good education, is worth anything, it is worth protecting.

There is just one way to protect the prosperity of a community, and that is to keep the community from being drained of its cash-working capital. The only way to do that is for the people of the community to keep their money at home. Every time the citizen of a community sends money away from home to a mail order house instead of spending it in his home stores he is disloyal to his community. It is disloyalty to the merchants only indirectly. It is disloyalty to the community of which the merchants are only a small but a very important part.

This is the moral obligation that every citizen owes to his community, just as the payment of taxes and the loyal support of his government are his legal obligations. Disloyalty is a large body of the citizens spells disaster to any government and disloyalty of any large part of the people to their community is followed inevitably by the downfall of the community. Self-interest, if nothing else, should convince every citizen of the advisability of fulfilling his moral obligation to his community.

Mexico, August 14, 1920.

To Albert M. Childers, of Carlsbad, N. M., Contestee:

You are hereby notified that Antonio Hernandez, who gives Carlsbad, New Mexico, as his post-office address, did on July 24, 1920, file in this office his duly corroborated application to contest and secure the cancellation of your homestead Entry No. 041445 made Aug. 24, 1917, for W $\frac{1}{2}$ Section 5, Township 16-S, Range 23-E, N. M. P. Meridian, and as grounds for his contest he alleges you have wholly abandoned said land for more than six months last past; that such absence from said land was not due to your service in the army, navy or Marine Corps of the United States or in any National Guard or in any other organization for offense or defense authorized by Congress during any war in which the United States was then engaged.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be cancelled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant, either in person or by registered mail.

You should state in your answer the name of the post-office to which you desire future notices to be sent to you.

ALL DAY MEETING AT LOVING.

About one hundred persons attended the all day meeting and Sunday school convention at Loving last Sunday from Carlsbad and were royally entertained by the good people of that city. A protracted meeting began at that time conducted by Reverend Terry which is still in progress and will continue over next Sunday. The sermon at the morning hour was delivered by the Reverend Geo. H. Givan, of this city. Reverend Jenkins, of Hope, preaching at the afternoon meeting. A splendid Sunday school service was conducted by the united schools of Loving and Carlsbad at the usual Sunday school hour. At the noon hour the Loving people entertained the large crowd that was present, with an elaborate dinner, served on the lawn at the home of Mr. and Mrs. W. E. Rose, where all were made welcome and enjoyed the feast provided for their pleasure. Dinner was served cafeteria style, all present receiving liberal helpings of delicious fried chicken, ham, sandwiches, pie, cake and watermelon.

The meetings are being held each evening this week and Saturday night Rev. J. B. Cochran, of Roswell, will preach. All the services have been of a deeply spiritual character and no doubt will result in great good to the congregations who attend.

Mrs. Oscar Mercer received word Monday night of the death of a favorite sister, Mrs. Clark Pierce, at Mankato, Kansas. No particulars were given and Mrs. Mercer was greatly shocked by the news, as her sister was in ordinary health when she last saw her in June. This is the third bereavement in the family the last few months. Mrs. Mercer's father passing away here last Saturday. Among others we noticed Mr. and Mrs. Turpening and daughter, Miss Maurine; Mr. and Mrs. Manda, Mr. and Mrs. McClay, Messrs. Stroup, and Welch, and Messrs. Harvey, Ferree, Spencer and Jones.

years old. She leaves of her immediate family, her husband and four children; one of the daughters is married, another has just finished high school and had prepared to teach, only recently receiving a state certificate. May the God of the motherless be theirs.

Artesia sent quite a number of her citizens from there to the republican county convention held here last Saturday. Among others we noticed Mr. and Mrs. Turpening and daughter, Miss Maurine; Mr. and Mrs. Manda, Mr. and Mrs. McClay, Messrs. Stroup, and Welch, and Messrs. Harvey, Ferree, Spencer and Jones.

A meeting of the Pecos Valley Water Users Association will be held Tuesday, September 7th, at which time the committee of the Hi-Line Canal Association will be present and the matter of the third reservoir will be taken up. The committee is composed of Messrs. W. H. Merchant, F. H. Ryan, Burch, Tracy, John Plowman, and Dow. Any others interested may attend the meeting. The time of the meeting is set for 10 A. M.

LESSON FOR SEPTEMBER 5

THE BUILDING OF THE TEMPLE.

LESSON TEXT—1 Kings 6:1; 8:6.
GOLDEN TEXT—Mine house shall be called a house of prayer for all people.—Isa. 56:7.

ADDITIONAL MATERIAL—II Chron. 3:1-11.
PRIMARY TOPIC—God's House.
JUNIOR TOPIC—Solomon Builds the Temple.

INTERMEDIATE AND SENIOR TOPIC—Putting Our Best into the House of God.
YOUNG PEOPLE AND ADULT TOPIC—The Value of a House of Worship.

I. Solomon's Preparation (5:1-18).

He secured from King Hiram:

1. Wood for beams, ceilings, sheeting, and chambers around the holy house.

2. Stones for the great foundation. These were secured from the Phoenician quarries and also from the mountain upon which the temple was built. They were so shaped that when the temple was erected there was no sound of a hammer heard.

3. Skilled workmen. Among the Israelites were not to be found men skilled in this kind of work, so the king arranged with Hiram to furnish capable men.

II. Solomon Building the Temple (6:1-38).

1. The location—Mount Moriah (II Chron. 3:1). This was a suitable location, as it was here that the Lord appeared to Solomon's father, David.

2. The dimensions and materials. "If a cubit was 18 inches, the temple proper was 30 feet long, 30 feet wide and 45 feet high."

3. The contents: (1) Brazen altar; (2) laver; (3) golden candlestick; (4) cherubim.

III. The Dedication of the Temple (8:1-66).

The dedication of the temple was arranged to take place at a very favorable time. The success of an undertaking is largely determined by the time in which it is held. This was arranged to take place at the most joyous of the several representative gatherings of the Jews. The dedicatory services consisted of the following:

1. Bringing up the ark (vv. 1-11). The ark was God's dwelling place. The ark with the two tables of stone under the mercy seat shows God manifesting himself with his people on the ground of a law perfectly kept and sins atoned for by the shedding of blood. Following the completion of the sacrifice, the temple was filled with the glory of Jehovah.

2. Solomon's address to the people (vv. 2-11). He pointed out to the people that God had chosen David to be king, yet for certain reasons did not allow him to build the temple, but promised that his son should do the work. Now that the work was done, the temple was built, and the ark of the covenant was in its place, they could be assured that God had raised him up in the room of his father.

3. Solomon's dedicatory prayer (vv. 22-53). The ark having been placed in a most holy place, and the address to the people having been ended, the king pours out his soul to God in prayer. In this prayer Solomon gratefully acknowledges God's goodness in the past, giving glory to him, and pleads that his promise to his father be verified (vv. 22-26). He prays that God's eyes may continually be opened towards the temple which he had now taken possession of (vv. 27-33), so that (1) in case of contention between parties he would judge between them (vv. 31-32); (2) in case of being smitten by the enemy, even though they had sinned, upon confession of the sin, God would forgive and restore (vv. 33, 34); (3) in case of famine as chastisement for sin, upon confession and prayer before the temple, God would forgive and send rain (vv. 35, 36); (4) in case of pestilence and sickness, if they prayed to God toward the temple, God would hear and forgive (vv. 37-40); (5) in case of the coming of the foreigner, who comes at the news of God's greatness, praying toward Jerusalem, his prayer should be heard (vv. 41-45); (6) in case of going out to battle, their cause should be maintained (vv. 44-45); (7) in case of being in captivity because of sin, God would hear their prayers and restore (vv. 46-53).

4. Solomon blesses the people (vv. 54-61). On the strength of the covenant promises, he invokes God's presence always to be with them and to keep them faithful, and exhorts the people to have their hearts perfect before God, walking in his commandments and statutes.

5. Solomon and the people offer sacrifices of thanksgiving (vv. 62-66). The joy of the people was full; they blessed God and the king.

The little girls of West Carlsbad, who have been in the habit of gathering at the big swing at the Kiercher home to play, were treated to ice cream and wafers last Tuesday afternoon at the Sweet Shop, (that boon to busy mothers, where they can send their little folk with the assurance that they will be well cared for. In the party were Nettie and Ursula Clark, Evelyn and Mary Kathryn Kiercher, Fern Witham, Frances Jones, May Dishman, Jessie Hatcher, Myrdell Jordan and Ola May Montgomery. After the children had enjoyed their refreshments, they returned to the big swing to continue their play. Inexpensive souvenirs of the occasion were bestowed upon the happy guests.

Mrs. Melva Bearup and two children left Tuesday for their home in the mountains, going up on the mail car. We are glad to note that the little girl is much improved in health since her recent operation.

Schlitz Is Not a 2-Day Drink—It Is Aged

In these days of "rapid-transit" beverages—turned out in a trifle over 24 hours, Schlitz purity is a matter of interest to your stomach.

We admit to being over particular about the purity of Schlitz. Some people call us finical.

Where Schlitz is made, time is a matter of no importance, in comparison with aging and purity. Vessels are both chemically and mechanically cleansed. Every receptacle into which the pure yeast culture enters is sterile. Every tub, keg, barrel—every pipe and pump—is scalded every time it is used.

Schlitz is thoroughly aged, to save you biliousness. We believe that fermentation should be concluded before Schlitz reaches your stomach.

Then Schlitz is filtered through white wood pulp. It is put into sterilized bottles. Every bottle is washed four times by machinery. And these bottles are Brown Glass, to protect the drink from subsequent deterioration by ultra-violet rays of light.

When we say that Schlitz is pure—we mean free from germs; free from bacilli. Schlitz cannot ferment in your stomach. Its effect is as good as its taste. Test it today.

"WHERE THINGS ARE NEW"

LAKEWOOD LOCALS.

H. C. Holcomb, caretaker of McMillan dam, is about the happiest man here this week, because Joe Bailey was "downed" and his friend, Pat M. Neff, was elected governor of Texas; and there are a lot of us in this balliwick who feel the same way about it.

The school building is being repaired, the grounds cleaned up and cleared of burrs and obnoxious weeds, and all necessary preparations are being made for the beginning of what we hope to be the best school term Lakewood has ever had.

Miss Mildred Adams departed Wednesday night for Greenville, Union county, New Mexico, where she has been employed to teach the coming school term. A number of her friends gathered at the depot to say good bye, and wish for her every degree of success.

R. H. Epperson and family, of Elk City, Oklahoma, have been visiting with relatives and friends here this week. Mr. Epperson was formerly in the drug business here and Mrs. Epperson was formerly Miss Hettie Fanning, and apart from their many relatives they both have hosts of friends here and elsewhere in the valley who were glad to meet them again.

Mrs. Allen Nelson, and three children, of Clovis, came down Wednesday for a visit with relatives and friends. Mrs. Nelson, formerly Miss Marie Wilcox, was reared here and has many friends in this part of the valley. They went first to the Arnold ranch, Mrs. Arnold being Mrs. Nelson's grandmother.

Miss Sallie Truitt returned Saturday night from a visit with her brother, George, and friends in El Paso, Texas. She had a delightful visit, and enjoyed the trip very much.

The family of W. L. McDonald have moved back from Globe to be ready for the beginning of our school.

Willis Pierson departed one day this week for Lake Arthur where he is employed to drill for oil.

Ernest McGonagill was down from Artesia this week visiting with homefolk and friends.

Charles O. Abernathy and family, who formerly lived here, but now reside near Altus, Oklahoma, came in Tuesday for a visit with relatives and friends. They will remain two weeks or longer.

Mrs. L. W. Howell returned one day this week from a visit with her son, Will, and family at the T. X. ranch.

J. A. Wilburn, a former citizen of Lakewood, now living near Abilene, Texas, was visiting with relatives and old friends here last week.

Taylor Ross and family departed Saturday for Hot Springs, New Mexico, to spend a month for the benefit of Mrs. Ross' health. They went overland in a car.

Mrs. L. W. Howell received the sad news of the death of a dear brother, Will Lackey, at Phoenix, Arizona, who died from the effects of an operation for appendicitis Wednesday of this week. He leaves a wife and nine children.

J. D. Millman came in from his ranch east of the Pecos and visited with homefolk and friends part of the past week.

J. H. Smart, section foreman, with his family motored to Carlsbad Saturday evening.

Mrs. Charles Nelson, of Portales, with her little son, are visiting with D. E. Webb and family this week.

Miss Laura Fanning has returned to Elk City, Oklahoma, where she attended school last year. She accompanied the family of her sister, Mrs. R. H. Epperson, who de-

parted for their home Wednesday. Lewis Lindsay departed Thursday of last week for Brady, Texas, with a car of horses. He will visit his old home at Mason, Texas, before returning to Lakewood.

Judge J. W. Dauron attended the republican county convention at Carlsbad last Saturday.

T. G. Low, who is drilling a well for Jim Howell about thirty miles southwest of town, visited his home several days during the past week.

Ole Gossett, of El Paso, Texas, visited his family and friends here

during the past week.

Miss Cleo Adams, of Carlsbad, visited with homefolk and friends here this week.

Mrs. E. E. Bales, Mrs. J. H. Baker, Mrs. B. L. McAleer and daughter, Miss Mabel, visited at Carlsbad and Loving this week.

W. T. Scott, J. L. Standard and Marion Butler, who are with a work train up the road, spent Saturday night and Sunday with homefolks and friends here.

Rudolph Wilcox, of the Joyce-Pruit company, Carlsbad, made his regular weekly visit here Saturday

night and Sunday.

D. E. Webb and wife, accompanied by Walter Anson, went to Carlsbad Tuesday taking their little son, "Pete", for medical attention.

Mrs. W. E. Knowles and some friends were up from Globe visiting and shopping Thursday.
