TWENTY-EIGHTH YEAR.

CARLSBAD, NEW MEXICO. FRIDAY, SEPT. 24, 1929.

NUMBER 45.

PECOS VALLEY "WORLD'S SERIES" BASEBALL GAMES

A study of the number of games won and lost by Carlshad and our ancient rivals in baseball to the north (Roswell) shows that they have each won and lost four games this season. Another interesting fact in this connection is that there has been four extra inning games played this season between these two teams, running from 10 to 13 inclusive.

In no one game has there been more than 4 scores made by a team, and there were two games where the score was 1 to 0.

The following is the score of the games won and lost between Carlshad and Roswell:

Won by Carlshad
Carlshad 1, Roswell 0. (13 innings)
Carlshad 1, Roswell 1. (12 innings, forfeited to Carlshad)
Carlshad 1, Roswell 0.
Carlshad 3, Roswell 0.

Won by Roswell.
Roswell 4, Carlshad 2.
Roswell 3, Carlshad 2. (10 innings)
Roswell 2, Carlshad 0.
Roswell 2, Carlshad 1. (11 innings)

The above summary goes to show that this season has provided for the fans of the Pecos valley the highest class of baseball ever witnessed in this section of the country. Many have been heard to remark that it was like living in one of the northern cities and attending games in the American or National leagues. This condition is directly attributable as far as the local team is concerned to the pitching ability of Pitcher Brown, who has any twister in this section outclassed. And then also the business interests of the town have showed a desire to take hold and support the team.

In order to decide the championship of the Pecos Valley there will be played at Pecos park next Sunday a double header between Carlshad and Roswell, the games starting at 2:30. It is expected there will be a large crowd present from towns up the valley and the baseball fans of this section will be out in force as these will be the last games of the season for Carlshad.

Just before going to press a phone message from Roswell informs us that they cannot come here for these games so the local team will play at Roswell next Sunday under the same conditions for the championship of the Pecos valley.

FROM REAL LIFE.

It may interest those who see Mary Pickford in her next United Artists Corporation production, "Suds," at the Crawford Theatre, Thursday and Friday, Sept. 30th and Oct. 1st, to know that the wonderful visions of broad meadows deep with grass, and the life of luxury and ease which Miss Pickford as Amanda Allick, the little laundry slavery, promises Lavender, actually happened to Lavender in real life.

During the filming of "Suds," Lavender adapted himself so readily to the screen work and acted so well, permitting so many indignities to his person, that when the picture was finished Miss Pickford sent him to a large ranch near her Beverly Hills home, and there Lavender will spend his few declining years with nothing to do but take life easy and brag of his film experiences to his thoroughbred companions.

The case of the state of New Mexico vs. Webster, who was under trial before Judge Sam G. Bratton yesterday, charged with stealing a car, resulted in the defendant being bound over to the grand jury in the sum of \$500.00. At the time of going to press he was endeavoring to make bond.

A COMMUNITY GATHERING.

The picnic and community supper at the H. D. Hubbard home last night deserves more than a passing notice. The beautifully lighted grounds, the hearty welcome bestowed on each guest, the long tables filled with everything that could tempt the appetite of the most fastidious, the fine music, all taken together are something new and unique in the annals of Carlshad gatherings.

Electric light wires had been strung across the lawn and with an electric light every few feet, the grounds were illuminated as bright as day and made a fairy like scene as the many guests in their cars arrived from the city and various parts of the lower valley. As one car full approached the gate a little two-year-old girl was heard to exclaim as she clapped her tiny hands in glee, "It's a carnival, it's a carnival!"

Mr. and Mrs. Hubbard met each car and personally extended to their guests a welcome so hearty that it seemed as if the entire affair had been planned for that individual alone. They proved themselves ideal hosts always looking after the pleasures of their guests and striving to make all feel at home. After all had gathered Judge Grantham made a short talk in which he emphasized the desirability of one more cultivating the habit of neighborliness which in the hurry and stress of life we are apt to forget. He said that when he was a boy (some years ago, by the way) his parents thought nothing of leading the children into a cart drawn by oxen, perhaps, and later by horses, and going a number of miles to visit friends; in these days of automobiles, visiting with friends is fast dropping out of date. The judge pled for a revival of neighborliness which will work wonders in a community. At the close of his remarks the judge was roundly applauded, showing that the majority of his hearers were with him in sentiment.

The supper was beyond description; enough to say that if the over 200 persons did not each have a fine meal of chicken, salad, pickles, sandwiches, pie and cake, it was that individual's own fault. Ten gallons of delicious ice cream was served the guests.

Dreamy music from a Mexican orchestra made even Methodist feet step lively and the young folk and some of the older ones adjourned to the pleasant and commodious rooms and tripped the light fantastic in the most approved fashion. Later, the old fashioned quadrilles were danced by the older people and were a delight to the young folk who had, many of them, no idea of the beauty in those stately dances of long ago.

Everybody was happy and none more so than Mr. and Mrs. Hubbard and it will be surprising if a single last night at their home does not mark the commencement of a new era of friendliness and neighborliness among the good people of Carlshad.

SCHOOL CENSUS COMPLETED.

Rev. D. F. Sellards has finished his enumeration of the school children in Carlshad and the result is as follows: In all 1012 names have been received, an increase of 65 over last year. Of these among the whites are 385 boys and 391 girls; 229 Spanish-Americans, the ratio between the sexes being about the same as among the whites, with a slight preponderance of girls over boys. There are five negro children of school age in the city.

Mrs. J. F. Joyce gave a small informal party the first of the week honoring Mrs. A. Z. Smith, who left Wednesday for Mesa, Arizona, and Mrs. Fern Albright, who is in the city from Washington, D. C. The guests were mostly the intimate personal friends of the honored ladies, and a pleasant afternoon was enjoyed, with light refreshments at the close. What was the amusement at which game Mrs. Wertheim made high score and received a piece of Hawaiian embroidery for her skill; guest prizes were also given the honor guests; 20 ladies were present.

SIMPLICITY

Power were mine to
wield control
Of Time within my heart
and soul,
Saving from ruin and decay
What I hold dearest, I should pray:
That I may never cease to be
Wooded daily by Expectancy;
That evening shadows in mine eyes
Dim not the light of new surprise;
That I may feel, till life be spent,
Each day the sweet bewilderment
Of fresh delight in simple things—
In snowy winters, golden springs,
And quicker heartbeats at the thought
Of all the good that man has wrought.
But may I never face a dawn
With all the awe and wonder gone,
Or in late twilight fail to see
Charm in the stars' old sorcery.

MEREDITH NICHOLSON.

PECOS BELL WELL G.O.P. PAPERS OP- PRODUCING OIL POSE TICKET

The bringing back of the Bell discovery well at Pecos, Texas, after being shut down for months on account of the breaking in of water from above the oil sand has revived the oil enthusiasm in the Pecos field.

Many had grave fears that the well would be lost, but at last the water has been successfully cased off and the pump, while still bringing up a mixture of oil and water, is exceeding the expectations of everyone. It is now said to be pumping 100 barrels of oil per day mixed with about the same quantity of water, and each day the pump is run the quantity of oil increases and quantity of water decreases. It looks as if in a very short time this well will be producing as much oil as when it first came in.

The water stood in this well for months and the great wonder to oil men is that the well could be brought back at all, and since it has come back almost as good as at first, oil men declare that the outlook is better now than when the well was first brought in.—Pecos Enterprise.

B. Y. M. U.

The ladies of the Baptist church held a meeting at the church parlors yesterday afternoon to elect officers of the above named society for the coming year. The meeting was held earlier in the year than is usually the case in order that their yearly report might be sent in to the State Convention which is to be held the 12th, 13th, and 14th of October at Roswell. The election resulted in the following ladies being chosen for the various offices:

President—Mrs. J. B. Leck.
Vice-president—Mrs. A. E. Barrons.
Secretary—Mrs. R. E. Platt.
Treasurer—Mrs. Nellie White.
Personal Service Committee—Mesdames Platt, Wheeler, Mahan, Barnes, and Boyd.

The ladies are working hard for the success of their annual bazaar which is to be held the first Saturday in December and which they are desirous of making even more of a success than to heretofore, as they hope to be able to lift the indebtedness of the church by their efforts assisted by the men of the congregation, and there is little doubt of their doing so with the above named consecrated women among their officers.

They have been studying the B. Y. M. U. manual as a mission study this year and have found it intensely interesting and profitable and hope to finish the book before the convention at Roswell. Mrs. Platt is in charge of that work also.

A congenial crowd visited the McKittick caves last Sunday and spent the day in that picturesque and interesting locality, enjoying a beautiful picnic spread among the beauties of nature. In the crowd were Dr. L. B. Cunningham and wife, J. Floyd Hart and Mrs. Hart, Mr. Simmons and son, Roy and Misses Onal and Naomi Matney and Rube Nelson.

The boss-named Republican state ticket is facing certain defeat at the polls November 2, as a result of a bitter fight within the ranks of the party.

This is indicated by the stand taken the past week by the Santa Fe New Mexican, the oldest republican daily in New Mexico, which openly declares it will exert every effort to prevent the election of a single candidate on the republican ticket.

Strong disapproval to the G. O. P. ticket and the methods by which the candidates were "put over" is likewise voiced editorially by the Albuquerque Morning Journal, which is far from satisfied with some of the candidates named and heartily disapproves the "strong-arm" methods by which the slate of candidates was chosen.

Between now and election day, the people of New Mexico are to be given an insight into G. O. P. gang politics that will be extremely interesting, judging from the stand taken by the two dailies above mentioned.

FAREWELL TO MRS. SMITH.

As a farewell to Mrs. A. Z. Smith who left Thursday for her new home in Mesa, Arizona, a dozen of her young friends were entertained at the home of Miss Grace Cooke, on North Halaguena street last Tuesday afternoon. The young ladies had their fancy work and passed the hours with that and pleasant conversation until time to leave for their homes. All regret parting from their friend but wish her all kinds of success and happiness in her new home. A shower of dainty handmade articles of feminine adornment was given the honor guest as mementos of her Carlshad friends. Delicious refreshments were served.

The beautiful picture of the "Yucca" which is now on exhibition at the R. E. Dick drug store, is the work of Mrs. Lucius Anderson and is attracting a great deal of attention and much favorable comment. The fine picture is destined to hang in the library of the Bujac home and is especially fitting for that position as it is characteristic of this state as well as of Colorado, the native state of Mrs. Bujac. There are few plants more attractive than the yucca when in full bloom and the artist has faithfully reproduced the stark and flower in life size. When we remember that "Grandma" Anderson is over 70 years of age, her skill in coloring and painting is nothing short of wonderful and her industry and perseverance are worthy the emulation of all, and, in short, Carlshad is exceedingly proud of her.

Carlshad people will be interested to learn of the marriage of W. A. Poore, formerly a resident here and at one time, superintendent of Carlshad schools and later county superintendent. He was united in marriage at Nashville, Tennessee, the early part of last week to Miss Acuff, of Knoxville. Mr. Poore's present home is in Hobbsville, Tennessee.

HAY TRADE CONDITIONS OF THE WEEK.

Offerings of hay are larger at nearly all terminal markets and the situation is growing easier, although average values are above last week. With the recent advance in prices, country buyers began to operate, and the new crop is moving from some sections at figures that will show red book balances unless the operator happens to strike a market short of spot stocks. Shippers this year must study the railroad situation carefully, for it is not a matter of farm supplies but one of transportation and primary market holdings. If hay could move forward in normal amounts, market values would not be within 40 per cent of what they are now, or will average for the coming crop year. Just at present the best grades are the only kinds sought for. Low grade and damaged stock is not wanted and is turned to only when the lack of higher qualities necessitates it.—Hay Journal.

ALFALFA SEED CROP BETTER THAN IN 1919.

An increase of 10 to 15 per cent in the crop of alfalfa seed for 1929 over that of 1919, and a production of sweet clover seed equal to or slightly in excess of that of 1919, are indicated by reports received by the United States Bureau of Agriculture. The alfalfa seed crop, Sept. 15th, a somewhat larger acreage and yield per acre in some of the most important alfalfa seed producing sections are expected to bring about a 10 or 15 per cent increase in production.

The 1929 production in Kansas, Oklahoma, Idaho and Montana probably will be considerably larger than that of last year, whereas the production in South Dakota, Nebraska, and portions of Utah is expected to be smaller than last year. In the Black Hills of South Dakota only 45 per cent of last year's large production of 60 to 80 carloads is indicated.

REBEKAHS AND ODD FELLOWS ENTERTAIN.

The celebration of the 69th anniversary of the founding of the order of Rebekahs was held at the Odd Fellows hall last Tuesday night and was a very happy occasion. Over 100 members of the two orders were present and the program as printed in last week's paper was substantially carried out. The degree team put on a drill for the pleasure of the visitors, which reflected great credit on their drill leader, Professor Brinton, under whose instructions the work was started. The speeches, music and readings were all encores and responded to and at the close of the evening a social hour was enjoyed with refreshments of ice cream and cake. Several visitors were present from the lower valley as well as from other parts of the county and all expressed themselves as delighted with the good time shown them.

OF INTEREST TO STOCKMEN.

Each Saturday the C. R. I. & P. Ry. runs a special live stock train to connect at Tucumcari with E. P. & S. W. from west and at Amarillo with F. W. & D. C. and Santa Fe scheduled to make Oklahoma City within 36-hour limit. This train loads shipments at all stations between Tucumcari and Sayre then runs through to Oklahoma City without loading other shipments. The fast service has been arranged to meet the demand for better time from the Panhandle of Texas and New Mexico and affords an opportunity to reach Oklahoma City market in time for ample rest before offering cattle for sale.

Mrs. M. F. Chaytor, who with her niece, Miss Lucille McKendree, left her home here on a vacation trip to points in Arkansas and Texas, has been quite ill since leaving. She has been suffering from a spell of auto-infection but is better at this time.

NOTICE.

We are now open for business in a temporary quarters in the office building of Mr. C. F. Pardue, and solicit the patronage of everyone living in Lovington and surrounding country.

Come in and get acquainted whether you transfer your banking account or not.

PERMIT FOR USE OF PECOS WATERS DENIED BY STATE

Santa Fe, N. M., Sept. 23.—An application filed a year ago by C. W. Thorpe and others to appropriate by diversion 500 second feet continuously and by storage 175,000 acre feet of waters of the Pecos river has been refused by State Engineer Leslie Gillett who says the real purpose is not to provide water power but to irrigate lands in Texas.

Protest against the application was filed by the Pecos Water Users' association, Pecos Irrigation company, people of the Pecos valley in Texas and a number of private individuals. A hearing was held at Carlshad July 26 and a further hearing at the office of the state engineer on August 2.

MARRIED.

Collins—Edmonson.

The marriage of Miss Pearl Edmonson and William F. Collins, both well known and popular young people of Carlshad, took place Wednesday afternoon in the parlors of Hotel Gilder at Roswell, Rev. Allison, of the Methodist church of that city officiating and Mr. and Mrs. Henry Collins and the bride's sister, Mrs. Ben Barnett, of this city, witnessing the ceremony.

Seldom has a wedding occurred of Carlshad young people which has created such interest among all classes of society, as has the marriage of this popular young couple. Mr. Collins has grown up among us and by his industry and his kindness and care of his widowed mother and the younger members of her family, has earned the respect and esteem of all our people and we are glad that he has taken this important step in a young man's life.

The little bride, who came here over a year ago, from Snyder, Tex., is a beautiful brunette, and has been until a few days ago a valued employee at the central telephone exchange where she made many friends by her strict attention to business and her unfailing courtesy to all patrons of the company.

The young folk will return soon from a short stay in Roswell and will go to housekeeping in this city and will receive the best wishes and congratulations of many friends made by their sterling worth, the Current joining the list.

A Splendid Recommendation.

Our readers will remember Miss Tera Holcomb, daughter of Mr. and Mrs. H. C. Holcomb, for years a year past engaged in government service in Washington. Recently Miss Tera applied for a transfer to Fort Bliss, El Paso, in order that she might be nearer to her sister and other relatives, who reside at that place as well as her father who is holding a responsible position with the Reclamation Company here. She received the following recommendation, which speaks for itself as regards her faithfulness to duty and her qualifications for service in the responsible position she has been holding. Miss Tera is just nineteen years of age and we are proud of her and with good reason:

"To Whom It May Concern:—"

"Washington, D. C., Sept. 4, 1929
"Miss Holcomb has asked me for recommendations quite awhile before she is leaving in the help of getting her a transfer. Perhaps it is as well, because she will know how much we think of her and how much we hate to lose her. Miss Holcomb has been under my observation for six months now and has done some very difficult and technical work, not only for me but for several other offices as well. In fact we have quite a little difficulty in keeping her from being borrowed. Without exaggeration she is the best typist I ever saw in my life and a stenographer of average ability, trustworthy and reliable. She has had charge of all secret files ever since I have been in office and has been a witness to many confidential matters. Her cheerful tirelessness in working many hours over time has ever been a source of admiration and she has shown her true worth in being on hand whenever needed.

"Perhaps the above may serve to show in what high regard Miss Holcomb is held by not only one officer but by all for whom she has labored so loyally."

(Signed)
"W. C. Neville,
"Major General U. S. M. C."
"Chief of Staff."

Morgan Harding, of Lovington, spent a part of the week in the city.

John Hartshorne and wife are in the city for a short time preparatory to leaving for El Paso, Texas, where they expect to make their home in the future. Their daughters, Misses Fern and Ruth, are both employed by the govern-

ment in Washington, at clerical work and may be transferred to El Paso and so be at home. Their household goods which have been in storage here for three years past, were shipped last week by Will Purdy to the Pass City.

POPULATION OF NEW MEXICO IS 435,901.

The Census Bureau at Washington, has announced an estimate of the population of the various states based on the 1920 census. The estimate for New Mexico is 435,901, compared with 327,396 the official census figures for 1910. Thus, New Mexico in 10 years has shown an increase of 108,505 in population, a very gratifying growth.

New Mexico has more people than Vermont, Wyoming, Arizona and Nevada, and its increase in population since the last decennial census has been much larger than any of the states named. It is predicted that the next 10 years will give this state a population of at least 600,000, this claim being based on the rate of increase during the past 10 years.

OCTOBER TEACHERS' EXAMINATION.

The last teachers' examination for the year 1920 will be held in the office of the County Superintendent of Schools of Eddy county on October 15th and 16th.

Any teachers intending to write at this examination should notify the superintendent without delay.
GEO. M. BRINTON,
County Superintendent.

C. C. Sikes and Myron K. Clark left Sunday night for Excelsior Springs, Missouri, to attend a meeting of what is known as the "100,000 Club of the New York Life Insurance Company". Each year the company gives its agents who have written that amount of insurance, a trip to some point and this year Excelsior Springs was named as the place. Prominent insurance men from the southwestern and Gulf states will be present and many matters of interest will be discussed, it really being a school of instruction in the business of life insurance. The Carlsbad gentlemen expect to be gone over Sunday.

H. H. Dilley has been in Clovis most of the week auditing the books of the Roberts-Dearborne hardware company, leaving here last Friday night.

The Mexican population of the southern part of the county had a celebration on the hills near Loving Wednesday and Thursday nights of last week, celebrating their independence day. A pavilion had been erected and speeches were made by various men and music, both vocal and instrumental, was enjoyed. The dancing continued all night and until daybreak. These affairs were formerly attended by more or less disturbance owing to the fact of a too liberal indulgence in the cup that cheers and inebriates, but since the prohibition law has gone into effect very little disturbance, if any, has resulted and the crowds have been well behaved and orderly.

ARTICLES OF INCORPORATION.

with the endorsements thereon, as same appears on file and of record in the office of the State Corporation Commission.

IN TESTIMONY WHEREOF, the State Corporation Commission of the State of New Mexico has caused this certificate to be signed by its Chairman and the seal of said Commission, to be affixed at the City of Santa Fe on this 9th day of September, A. D. 1920.

HUGH H. WILLIAMS,
Chairman.
Attest:
A. L. MORRISON,
Clerk.

ARTICLES OF INCORPORATION.
We, the undersigned, in order to form a corporation for the purposes hereinafter stated under and by virtue of the laws of the State of New Mexico, do hereby certify as follows:

ARTICLE 1.
The name of this corporation shall be The Pecos Valley Hide and Fur Company. (No Stockholders' Liability).

ARTICLE 2.
The location of the principal office of this corporation in the State of New Mexico shall be at Carlsbad, Eddy County, New Mexico, and the name of the agent in charge thereof and upon whom process against this corporation may be served is M. Nornhauser, of Carlsbad, Eddy County, New Mexico.

ARTICLE 3.
The objects for which this corporation is established, are:
1. To buy, sell and deal in and with hides, furs, pelts and all kinds of wool, salvage, poultry and country produce, and the rendering of tallow and grease and other rendering plant products.
2. To buy, sell and deal in real estate.

3. To draw, make, accept, endorse, discount, execute and issue notes, bills of exchange, warrants and other negotiable or transferable instruments.
4. To issue bonds, debentures and obligations of this corporation from time to time for any of the objects or purposes of the corporation and secure same by mortgage, deed of trust or otherwise, and in general to carry on any other business in connection with the foregoing, whether manufacturing or otherwise, and execute all the powers conferred by the laws of the State of New Mexico upon corporations and the foregoing clauses enumerating specified powers and objects shall not be held to hinder or restrict in any way the powers of this corporation otherwise granted under the laws of the State of New Mexico.

ARTICLE 4.
The total authorized capital stock of this corporation is fixed at Twenty-five Thousand (\$25,000.00) Dollars divided into 50 shares, the par value of each share being Five Hundred (\$500.00) Dollars, fully paid and non-assessable.

ARTICLE 5.
The names and post office addresses of the incorporators and the number of shares subscribed for by each are as follows:
M. Nornhauser, Carlsbad, New Mexico, 5 shares, \$2500.00;
Wm. Nornhauser, Carlsbad, New Mexico, 5 shares, \$2500.00;
J. G. Munson, Garnett, Kansas, 2 shares, \$1000.00;
S. L. Perry, Carlsbad, New Mexico, 1 share, \$500.00;

ARTICLE 6.
The period of time for which this corporation shall exist shall be 50 years.

ARTICLE 7.
The offices and business of this corporation shall be conducted by a Board of Directors, the names and those who shall manage the affairs of the corporation for the first three months of its corporate existence or until their successors are elected and qualified are:
M. Nornhauser, Carlsbad, New Mexico;
Wm. Nornhauser, Carlsbad, New Mexico;
S. L. Perry, Carlsbad, New Mexico;
J. G. Munson, Garnett, Kansas.

ARTICLE 8.
The Board of Directors are empowered to make, alter and amend by-laws for the government of this corporation by a majority vote but not in conflict with the laws of the State of New Mexico.

ARTICLE 9.
To do all and everything necessary and convenient for the accomplishment of any of the purposes or objects of this corporation.
IN WITNESS WHEREOF, We have hereunto set our hands and

East Nashville, Tenn.—The efficiency of Theodor's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theodor's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theodor's.

CERTIFICATE OF STOCKHOLDERS' NON LIABILITY of THE PECOS VALLEY HIDE AND FUR COMPANY (No Stockholders' Liability)

This is to certify that the undersigned, being all the original incorporators who have filed the certificate of incorporation of the above named corporation, for and on behalf of themselves, all other stockholders who may become associated with them and said corporation, do hereby declare that there shall be no stockholders' liability on account of any stock issued by the said corporation, and that all liabilities on account of any stock issued or held by them, except such liability for the amount of the capital stock certified to have been paid, in property or cash, at the time of the commencement of business.

That the location of the principal office of the above named corporation shall be at Carlsbad, Eddy County, New Mexico, and the name of the agent in charge thereof and upon whom process against said corporation may be served is M. Nornhauser of Carlsbad, Eddy County, New Mexico.

IN WITNESS WHEREOF, We, the said incorporators, have hereunto set our hands and seals on this 21st day of August, A. D. 1920.

"Spurs are There"

All you men folks who have tired of cigarettes that lack snap and go—cigarettes that are like flat tires on the road to smoke-enjoyment—

listen to this:—

—AWAY out in the Orient grow rich aromatic tobaccos. A long buying arm reached over and brought them to the U. S. A.—then combined them with our home-grown full-bodied tobaccos. Out of the blend was born Spur Cigarettes.

That rare, rich old-time tobacco taste and aroma is winning right and left. Besides, Spur Cigarettes have imported paper, rolled without paste. The crimped seam makes Spurs burn slower, draw easier, and taste better.

And that smart brown and silver package is three-fold to keep Spurs right. You just can't stay on the fence once you have "met up" with Spur's good tobacco taste.

LIGGETT & MYERS TOBACCO CO.

Republicans deny Governor Cox's charge of a plan to raise fifteen million dollars to buy the election. But the assessment against Albuquerque was six thousand dollars, and it was more than paid. Albuquerque has less than 16,000 people. The same proportion over the United States would raise thirty-five million dollars.

The YOUNG SPENDEL

Marriage is a great stabilizer. Many people feel that the worst of the extravagance that has unsettled economic conditions so badly, has been due to reckless spending by unmarried young people, particularly young men.

With the scarcity of factory labor, many fellows scarcely of age have earned much more than most heads of families used to get. Having no responsibilities, they have thrown money right and left. All this spending where saving is necessary, upsets the business of the country.

As soon as these young fellows get married, a lot of them begin to see the necessity of thrift and settle down to business. If they had only been able to see beyond their noses, they would have begun the practice of thrift during the

time when money came easy, with so little demanded of them in the way of necessities.

A DIRECT PRIMARY NECESSARY

The republican state convention demonstrated the necessity for a primary law by which the voter may express his or her will as to who shall be a candidate for office. When there is a direct primary there can be no such thing as a boss. The people will rule. Also there should be a Corrupt-Practices Act that has teeth in it to grip and punish those who give bribes and those who use any sort of intimidation for the purpose of thwarting the will of the voter.

Judge Hanna, the democratic candidate for governor, not only endorses the democratic platform, but goes a step further saying that it may be necessary to nominate all state and national candidates by direct primary.

DON'T KICK YOUR TOWN

There is no better evidence of a commendable community spirit than that of loyalty to a town in which a person lives.

If a town is worth living in it is worth defending and supporting in its efforts to advance with the rest of the world.

Yet in almost every community you will find people who can see nothing good in their surroundings. They can not recognize the fact that though it may be humble, it yet is home—that it has clothed them, and fed them, and cared for them in sickness and in health, and has furnished them friends who have been steadfast and true.

They magnify its imperfections and spread clouds wherever they go.

They often make life miserable

for others and invariably make it a reproach to themselves.

But there is a brighter side to this story.

The abuse these short-sighted people heap upon their place of abode generally falls upon unsympathetic ears.

Their neighbors and friends know them as they are—as people who might have been valuable citizens capable of constructive work, but whose dispositions have been warped in younger days, possibly through no fault of their own.

Their criticisms are listened to with good-natured patience, but are forgotten about as soon as uttered. The views of the chronic kicker and fault-finder have less weight than those of any other adult element of the human race.

When he thinks he is kicking his town he generally finds that he is kicking himself instead.

THE COUNTRY NEWSPAPER

In commenting on the attack of a metropolitan daily which attempted to belittle the political influence of the country weekly and daily over the land, Harry Hammond, editor of the Byron, California, Times, one of the liveliest and most progressive papers in the country, says:

"While the country paper is doing just as much, in its way, for the progress and development of the section it serves as any of the larger papers, and in some cases a great deal more, because, as a rule, the bigger the paper the more its opinions are dominated from the counting room, something never thought of by the country weekly, which boasts its locality all the time without thought of receiving pay for such service.

"The people of the community swear by it and not at their local paper. It carries far greater weight, politically and otherwise, with them than does the paper of metropolitan pretensions. The country weekly is closer to the hearts of its readers than is the case with the larger newspapers."

Clay Beckett has enlisted in the regular army, and has been assigned to the Twenty-fourth infantry, now stationed at Columbus, N. M., his commission as second lieutenant being received several days ago. Clay had the rank of second lieutenant in the late war and has always had a liking for army life. His friends here regret his intention to leave them but expect him to make still higher rank in the army, and extend best wishes to that end.

The Board of Education entertained the teachers of the different schools of the city at the High School Building last Friday. The ministers of the city were honored guests of the same affair. A luncheon was served and a get together meeting which was very enjoyable, was held.

Mrs. Leon Mudgett and daughters, Nellie Isabelle and Lucille, returned from a visit to Las Cruces where, at the home of Mrs. Mudgett's sister, a pleasant two weeks visit was enjoyed. They will remain here a few days before leaving for their homes at Seagraves, Texas, where Mr. Mudgett has charge of the Peoples Mercantile business. May they have a happy home and enjoy life in Seagraves.

RUB-NO-MORE WASHING POWDER cuts grease instantly and makes the dishes bright and clean. Adv.

G. L. Montgomery and wife left Tuesday night for an extended visit going first to Lansing, Michigan, for a visit to a sister of Mrs. Montgomery and afterwards going to Rochester, New York, and for a visit at Niagara Falls. They expect to be gone about three weeks and many good wishes are theirs for a pleasant journey.

Miss Marilee Wallace, of Barksdale, Texas, a niece of Mrs. William H. Mullane, is visiting at the home of the last named lady, west of the canal, arriving Monday night. The young lady will spend her vacation of a month here she being a bookkeeper in the store of her father at Barksdale.

Will Miller, (Punch), came in last Friday night from Fort Worth where he is now employed by an electrical firm. Will is looking very fit, but says the reports of his early marriage are like Mark Twain said of his death: "Greatly exaggerated".

J. D. Boyd is fixing up the house he recently purchased on South Canyon street, this city, and will put in a small stock of goods, groceries and notions, for sale. The location is a good one and Mr. Boyd will be apt to do well in his business venture.

W. T. Reed is confined to his bed by sickness this week at his home in West Carlsbad. The family seems to be having more than its share of illness lately as Mrs. Reed has only recently become convalescent from a spell of rheumatism.

FREE SCHOOL LAND.
Oil and Gas lease-permits on Texas University and School Lands.

DIRECT TO YOU
You can secure from 5 to 50 acres of these School Land Oil and Gas rights, with assignment made and recorded in your name to be held, sold or let on drilling contract or do with as you would your own property.

\$10 FOR \$1000.00
Ten Dollars will do for you the thing it may take a thousand to do 60 days from now, which would mean immense quick profits to you. School Lands are limited. There will never be any more. You will never have the opportunity again. Your last great opportunity to grasp a fortune by investing a few dollars in a going concern with a Free Bonus of School Land Oil Rights that alone may make you independent for life.

BONUS
This will be your last opportunity to share in the distribution of these School Land Lease-Permit Oil Rights with me with chance to win quickly through big interest in developments by company co-operating in drilling and extensions.

\$10.00 cash payment secures \$100 membership on terms of \$10.00 per month with reservation of \$1,000 interest to be paid up out of profits if you prefer. There is no forfeiture—no assessments.

Millions have been made by many people from very small leases and thousands of poor people have reaped riches from few acres of lease holdings without expense or effort on their part through development by other companies. The Marathon Field is Southwest Texas geologically reported on by the University of Texas traverses the trans-Pecos-Rio Grande district, where these School Lands are located.

MEMIT \$10.00 OR MORE
Make your reservation now and after full ten days investigation if for any reason you are not satisfied your money will be cheerfully returned without question or delay.

Your membership shares in oil wells, refineries, leases and all present property and all extensions in the future for dividends to be earned for you.

Your Bonus of from 5 to 50 acres of Oil Rights is free and in addition to your profit-sharing membership.

When this Bonus offering is taken in all remittances will be returned.

"WHERE THINGS ARE NEW"

Five Minute Chats on Our Presidents

By JAMES MORGAN

JOHN QUINCY ADAMS

1825—John Quincy Adams inaugurated sixth president, aged fifty-seven.
1830-48—In congress.
1831—Presented first petition against slavery.
1846—February 23, death of Adams at the capitol. Aged eighty.

THE chieftainship of every great nation still passed from father to son until the presidency of the United States was created, when the first free-for-all race and an even start for the highest prize was opened to the sons of men regardless of the accidents of birth. In this fair test, new blood has won every time with only two exceptions in a century and a quarter. Even John Quincy Adams did not win the race, but was outrun at the polls by Andrew Jackson, the son of an immigrant. Political parties having disappeared in 1824, four men entered the contest and deadlocked the electoral college, which left the house of representatives to choose from among the three highest candidates. This eliminated the fourth man—Henry Clay—who aided in the election of Adams and who received from the new president the appointment of secretary of state.

The only non-partisan administration the country ever has had was not a shining example of success. Uncompromising, alone, John Quincy Adams stalked his solitary way, never once turning to the right or to the left from the strait and narrow path of independence. With no sense of humor to relieve his sense of self-righteousness, to light up his view of his fellows or to thaw his own icy virtues, it was impossible for his supporters to feel any enthusiasm for him.

John Quincy Adams led the simple life in the White House. Getting up at 5, he built his fire, read his daily portion of the Bible and while the

John Quincy Adams.

government clerks still slept, he took his walk or swim.

John Quincy Adams alone has solved the problem of ex-presidents. He forgot that he had been president at all and went to work like any other citizen.

With his houses in Quincy and Boston mortgaged and the income from his estate too slender for the support of his family, John Quincy Adams heard the bark of the wolf at his door as in his gloomy fancy he closed it upon public life in his sixty-second year. When some neighbors ventured to ask the next year if it would be beneath his dignity to represent the old Plymouth Rock district in congress, this great American, who had been a senator, a minister at the courts of The Hague, Berlin, St. Petersburg and London, a secretary of state and a president, replied that he was not above serving the people as one of the selectmen of his town.

Washington was aghast at the sight of an ex-president taking his seat in the hurly-burly of the lower house only two years after leaving the White House. Without joining the Democrats or the Whigs, with no faction about him, John Quincy Adams faced alone the Jackson administration which had supplanted his own and alone he met a swarm of his old-time critics on a level. Under his incessant pounding, the majority against the right of petition fell session by session until it disappeared entirely in 1844. He had won his long fight against the gag rule and his diary is lit up with his rejoicing in victory.

His life was crowned. His work was done. Still he labored on. Although he fell in a Boston street under a stroke of paralysis, he insisted upon returning to his duties in congress, where the members stood as he entered the hall and cheered him on his way to his seat. A year afterward, as he seemed about to rise to address the speaker, he suddenly pitched forward upon the floor.

The veteran had been mortally stricken on the field. Although he lingered two days, he was not removed from the capitol, but remained in a little room off the old hall of the house. There, still at his post, died this old and devoted servant of his country.

LOCAL NEWS.

Mrs. Love returned home to Carlsbad from a pleasant trip to El Paso, getting in Monday night.

H. B. McGhee and D. R. Harkey were business visitors to the Upper Valley last week.

Mrs. Jim Simpson returned to her home last Saturday after a pleasant though brief stay with friends and relatives in the city. Mrs. Simpson's home is at Chalk Bluff ranch east of Artesia.

Frank Rarey and wife came in last Saturday for a visit at the home of Mr. Rarey's parents in this city. Frank has a very responsible position with one of the oil companies at Ranger, Texas, and was spending his vacation. They left on the return trip Wednesday morning.

Mrs. Frazer and little granddaughter, Lillian Phillips, came in Saturday from their home at Austin, Texas. The little girl has grown almost beyond recognition but she remembers a number of her friends altho she says they don't look like they used to. People will get old, you know. This is Mrs. Frazer's first visit to the city and she is well pleased with the town and its people.

Mr. and Mrs. A. C. Heard and Mrs. Heard's mother, Mrs. Newcomer, came in from their ranch home near Lovington last Friday, and on their return were accompanied by Mrs. Frank Miser and children, who had been in Carlsbad for some weeks. Mrs. Miser and little folks will stay a few days at the ranch and then take the train at Seagraves, Texas, for their home at Mineral Wells where their husband and father waits their return.

Mrs. R. B. Knowles and two sons came in from their ranch near Artesia last Friday. Mr. Knowles being in Colorado, selling some stock, Mrs. Knowles was obliged to see after getting their son Walter, the blind boy, off to school at Alamogordo, for which place he left Saturday morning. Walter is an unusually bright boy in his studies despite the fact that he was born blind. He is fitting himself for an expert piano tuner and his achievements along that line and others would shame many boys who have not had his handicap to contend with. We are watching his efforts with interest and are sure he will make good.

THOMPSON—MERCHANT

On last Saturday, Sept. 11th, occurred the marriage of Denver Thompson and Miss Bee Merchant at the home of the groom's parents, Mr. and Mrs. Oscar Thompson. The Rev. Chas. Musick officiated. The ceremony was followed by a wedding dinner.

Those present were Mr. and Mrs. Denver Thompson, Mr. and Mrs. Oscar Thompson, Mr. and Mrs. W. B. Montgomery, Mesdames W. B. McBride, Hattie Montgomery, Wm. Beauchamp and Florence Love and Misses Jewel Merchant, Pauline Sams and Bruce Montgomery. Their many friends wish them much happiness during their married life.—Lovington Leader.

Dennis Duncan has just returned from a stay at Artesia at the home of his nephew, Charles Rascoe where he was called by the serious illness of his sister, Mrs. Jesse Rascoe.

L. S. Meyers is having a new cement sidewalk put down in front of his residence on North Alameda street, which will prove a boon to the pedestrians who pass that way this winter and add very materially to the value of the property.

Miss Inez Jones returned Monday night from a visit to El Paso and vicinity where she spent a few days and enjoyed a fine time altho her stay was of necessity a short one.

Major and Mrs. E. P. Bujac returned Saturday night from a week spent in El Paso where they went to put their daughter, Miss Adelle, in school for the winter.

Rev. J. J. Golden, field agent for the Childrens Home and Hospital of this state, after completing his work in Carlsbad and vicinity, left Wednesday for Artesia on a similar mission. His work here was quite satisfactory and people responding liberally to this worthy cause.

GRAMA GRASS.

We understand that there is a fine crop of grama grass all over the fenced pastures of the range lands this season and it listens like old times. The condition applies of course only to the protected areas that have not been grazed down and this brings us to the fact that we now have more native grama than stock to eat it. It means that the much needed seeding back is going on for better conditions in the future. Of course we all understand that the homesteads which are being put under plow can never be reseeded with native grasses—not at any rate under ten years. Whatever may be the outcome of dry farming, the grasses natural to the west—of small but of great nutritive value—must be eventually doomed for a great transformation is coming on gradually despite poor settlement and worse farming in the dry belt. A series of dry years always drives out many settlers. Their trail is covered with weeds and the work of such destruction can never be effaced. It was for a long time held by men competent to judge that the big cattle outfits would be replaced by a number of small stock raisers whose aggregate production would exceed that of the previous occupiers, but this hypothesis was based on a sufficient amount of grazing remaining for summer use to be only so far supplemented by husbandry as to furnish winter feed. But this is not at all what has occurred when the flood of settlers rushed over the far west previously considered too dry for farming.

Mrs. T. Baker and son are visiting at the Ira Taylor place south west of town this week. This is Mother Baker's first outing since she came to town some years ago and her friends join in best wishes that it may prove pleasant and restful.

Low-Cost Mileage—in Goodyear Tires for Small Cars

There is no economy in buying so-called bargains in tires offered at sensationally cheap prices when a well-made tire delivers mileage at a considerably lower rate of cost.

Add the time and trouble occasioned by frequent replacements and it is fully apparent why tire users, seeking real mileage economy, are not attracted to very cheaply priced tires.

The popularity of Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, is based on the fact that they are built to deliver exceptional mileage at low cost and consistently do so.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for true Goodyear mileage, value, economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such safe protection is available? \$4.50

Wesley Class Entertains
In accordance with its usual custom the members of the Wesley Bible class held a meeting Monday for the purpose of observing the birthday of one of their members, Mrs. A. Moore, who was sixty-four years old on that day. The meeting was held in the Sunday School room and was attended by a majority of the class. Songs were sung and addresses made and a solo appropriate to the occasion was sung by the Sunday school superintendent, Mr. Stephenson, and an original poem was read by the pastor of the local church. Many expressions of esteem were spoken, the policy of the class being the one alluded to in the poem, "The boquet while I'm living, the brickbats when I'm dead". After many had voiced their esteem for the lady, one little girl turned and in a soft, childish voice said: "I love you, Grandma Moore," which tribute of affection from a little child was touching in the extreme. A two course luncheon closed the afternoon's pleasures if we do not except the many pretty presents received and for which the recipient hereby returns her grateful thanks.

ANOTHER COMPLIMENT.
The Philanthropia class of the Methodist Sunday school gave their teacher a surprise at the home of Mr. and Mrs. Robert Gorley, west of the city last Monday night. The teacher proved very glib, and no difficulty was experienced in fooling her. A delicious luncheon was served cafeteria style and consisted of everything good that could be prepared to tempt the appetite and that coupled with the hearty welcome one is always assured of at this lovely home, made the hours pass pleasantly by and the time for the return to town came all too soon. Those present were the honor guest, Mrs. A. Moore, Mr. and Mrs. Ray Davis, Mrs. Belle McCord, Mrs. Annie V. Livingston, Mrs. Fred Moss, Mrs. Casper Fosmark, Mrs. Sadie Cheatem, Miss Minerva Barr, Miss Zada Mudgett, Miss Cora Smith, Mr. and Mrs. Gorley, the hosts of the happy affair. Mrs. Moore received a handkerchief shower in addition to all the other attentions given her.

Mrs. William Hannah was a clever hostess at her home at noon Tuesday, to a number of old friends and neighbors. The affair was designed primarily in honor of Mrs. A. Moore, whose birthday occurred the day previous, and a delightful fried chicken dinner was served and all present enjoyed it to the fullest extent. The lingering reluctance with which the guests departed was a flattering compliment to the genial hospitality shown by Mrs. Hannah, who entertains for Mrs. Moore each year. Covers were laid for eight.

LOCAL NEWS.

Aleck Rawlins, a brother of Bert Rawlins, our fellow townsman, came in Saturday night for an over Sunday visit at the home of his brother where his wife was already visiting. The home of the Aleck Rawlins is in Weatherford, Texas.

Rev. W. E. Lyons, of Lubbock, Texas, was in town over Sunday and preached at the Methodist church at the morning hour. The gentleman is an old time friend and associate of Rev. Givao, and like him, hails from the land of the Blue Grass.

Willie Mercer is nursing a very badly lacerated finger. He was trying to catch a mule at his father's place west of town last Monday and caught his finger in a chain that was used on the harness with the result that the flesh was ripped to the bone and he has since been suffering from the hurt.

Mrs. W. C. Bates returned Monday night from her trip to Buffalo Gap, Texas, where she went to be present at the burial of her father who died there suddenly several days ago. Mrs. Bates' mother, Mrs. Bell, returned to Carlsbad with her daughter, and will likely spend much of the winter here.

Judge Sam G. Bratton and stenographer, came down from Clovis yesterday to hold a short term of civil court and hear a number of cases, among them the case of one Webster, who is charged with stealing a car and which case has attracted a great deal of attention for various reasons.

Mrs. Jesse Rascoe, an old resident of this county and known to almost every one who has lived for any length of time in this part of the state, is very ill at the home of her son, Charley, in Artesia. Her condition is regarded as critical in the extreme. She has with her a sister who also is well known to the old timers of Eddy county, Mrs. William Anderson, of Phoenix, Arizona. Many friends are anxiously awaiting news from the sick room of this estimable lady.

GOLDEN RULE HAS
PLACE IN TRADE

Has Been Found to Be Good
Business Policy Both for
Buyer and Seller.

OBLIGATION NOT ONE-SIDED

Consumer Gains As Much By Being
Fair With Merchant As Latter
Does By Being Square
and Honest.

(Copyright.)
Some cynical persons have remarked that the Golden Rule has no place in business. They have taken the position that instead of doing unto others as you would have them do unto you, the only safe and sane plan is to do others before they have a chance to do you.

Fortunately for business and for the world at large, however, these persons are few and far between. The great majority of people are honest. It has been proven repeatedly that even in business it pays to practice the Golden Rule, just as it has been proven repeatedly that "honesty is the best policy." It not only makes a man feel better down in his heart when he employs the principle of the Golden Rule, but he finds that it is good business. This applies not only to the man who stands behind the counter and gives a full pound of sugar to the man who asks for a pound, but also to the man who stands on the other side of the counter and pays his money for the pound of sugar.

Does Consumer Do His Part?

The consumer expects the merchant to be honest and square and give him his money's worth for every penny that he spends with him, but how often does the consumer stop and ask himself the question, "Am I being as fair and honest with the merchant as he is being with me?" The consumer not only expects the merchant to give him the lowest possible price, but he expects a world of other things at the same time. Nine times out of ten he expects the merchant to give him credit, and nine times out of ten the merchant does it. Many times he expects the merchant to "carry" him for three or four months before he pays for what he buys, and as many times the merchant does it. He expects the merchant to pay for advertising space in the church program which he is getting up, and the merchant does it. He expects the merchant to "kick in" most liberally when he is raising a fund for the benefit of the town band, and the merchant does it.

He expects the merchant to provide the bonus which is to be paid to obtain a new factory which will benefit the working man, the clerk and everybody else in the town, and the merchant does it. He expects the merchant to "come across" with a donation to help the poor family which otherwise would become a charge upon the common funds of the community, and the merchant does.

Another Side to Picture.
Now, look on the other side of the picture. Mr. Consumer decides that he needs a new suit of clothes, or Mrs. Consumer decides that she wants a new kitchen range, or some of the little Consumers express a desire for a train of cars or a bobbed. Mr. Consumer picks up the big mail-order catalogue which the mail-order house has printed with his money or that of others like him, and he looks it over until he finds a picture that strikes his eye. It's a picture of a "nifty" looking suit of clothes. Of course, he can't feel the picture to see whether the cloth is as good as it looks; he can't look the mail-order man in the eye and ask him whether he will guarantee it to wear for at least a month or six weeks; he can't tell the mail-order man that he will drop in the first of the month and settle for it; he can't tell the mail-order man that he would like to have a little of his business or a chance to do a little carpenter work or painting or plumbing work for him, as long as he is buying his goods from him, for the mail-order man hasn't any business or any work to give him. But the picture is a pretty one, so Mr. Consumer digs out his hard-earned cash, goes down to the postoffice, buys a money-order and sends it to the mail-order man.

After a week or ten days, or possibly two weeks, the suit arrives. It may be nothing like the picture. The cloth may be of poor quality. The chances are that it doesn't fit at all. But there is nothing for Mr. Consumer to do but put the suit on and wear it. He can't get his money back. He might send the suit back and the mail-order man might send another in its place, but the chances are that it wouldn't be any better than the first and Mr. Consumer would only be out the additional express charges.

Found Golden Rule Pays.

Mr. Consumer found that it pays to remember the Golden Rule in business. If he had done unto the merchant as he would like the merchant to do unto him, he would have got more for his money and he would have aided in making it possible for the merchant to help him and his town when they needed help.

The world has discovered that the Golden Rule is not for use only on Sundays, but that it is value on every day of the week.

WHY THE COWBOY CAME—WHY
HE GOES.

The Current has issued from its job room a small booklet, the work of Hon. Carl B. Livingston, entitled, "Why the Cowboy Came—Why He Goes," which was awarded the Gold Medal prize for the best essay contributed to the University of Virginia magazine, for the session of 1911-1912, the writer being a student of the university at that time. This is part of a serial relating to the pioneer days of the cattle country and is a beautiful descriptive history of the Southwest. The article is republished merely as a memento to some of Mr. Livingston's friends and to a few of the old-timers who witnessed and helped to make such history possible.

The essay is a prose-poem and without any straining after effects on the part of the author touches the hearts of the reader with his wonderful "Afterglow" which is given here entire:

The Afterglow.
Little piles of stone scattered here and there over the Great Plains mark the spots where men have fought and fallen in the War of the Wild and have turned into dust that must shift and blow forever. Summers have come, winters have come, and summers have come again, until the grave-stones have been trampled down while the manzanita has grown up and flowered and died; yet the eagle wheels and screams in the great blue, the coyote howls to the still night, and the winds moan plaintive songs—just as they did during the days of long ago. The old emigrant-trails have faded; the minor of yesterday dug his grave in the hills from which he took his gold; the echoes of the bellowsings of the buffalo have died away; even the fleet antelope has gone; and the scream of the panther has hushed. On the hillside where the signal-fire of the Indian used to glow, the night-bird now calls to its mate. The frontier-time has come to the close of its day; all else is gone save the cowboy and the coyote, who follow the rest over the Trail of the Great Divide and are lost to view in the last ray of the setting sun.

Rev. F. W. Pratt, rector of Grace Episcopal church at Carlsbad, left Santa Fe at 7 o'clock this morning homeward bound. Mr. Pratt motored up on Monday to visit his friend, Warren Bratton, and take in the fiesta. Now Mexico.

Rufus Madera was in from his ranch seventy-five miles southeast of town the first of the week. Mrs. A. J. Richmond, the mother of Mrs. Madera, who has been impatiently awaiting his coming, after visiting at different places in Texas, accompanied him to the ranch.

LOCAL NEWS.

Charley and Dewey Hollobeck, from their ranch near Pecos, are in town today on business.

Jim Bradford, who has been in the Texas oil fields for many months, has returned to this city and announced his intention of again locating somewhere in this vicinity in the future.

Y. R. Allen and wife spent a part of the week visiting with friends in Roswell.

Little Elmo Warren was taken to Eddy county hospital last Tuesday suffering from appendicitis, for which he was operated upon the same day and is getting on finely at this time.

Mrs. Corley left Wednesday night for a visit to her mother and other relatives at Newton, Kansas, some of whom she had not seen for several years.

Mrs. Edward Elam is expected today from Round Rock, Texas, join her husband, who has been in Carlsbad for some weeks and they will make their home among in the future.

J. W. Berry, of Melrose, N. M., visiting the Matney family east of the river this week, Mrs. Oran Matney being his daughter.

Mrs. Coley Jones motored to Roswell one day last week and was joined there by her husband Friday night and they returned together Monday after a pleasant visit with relatives.

Milo Rohmer is now attending school at Canyon City, Texas. He is working nights and mornings and in that way will appreciate his education and the current wishes him the best kind of success.

The Grand Encampment of New Mexico Odd Fellows will be held in Gallup October 11, 12 and 13. It is estimated that 400 members of that order and of the Rebekahs will be in attendance. Mrs. J. B. Leck has been chosen by the local lodge of Rebekahs as their representative and Victor L. Minter will represent the Odd Fellows.

Rev. Geo. H. Givan will leave next Monday for Las Cruces, to attend the annual conference which convenes at that place Wednesday, the 29th instant. Mrs. Dibble Clarke will represent the Woman's Missionary Society of the local church at the same meeting.

Mrs. Oscar Mercer requests all persons who have promised to donate any articles to the Frances Willard home at Belen, to please take their donations to the Peoples' dry goods store and she will get them as she must make her preparations to leave the first of the month.

MEASURE YOUR WORDS.

Rev. Geo. H. Givan.

If you're about to say an ugly word,
Stop and think what it means:
For ugly words sometimes create
Most awfully ugly scenes.

If you're about to say an ugly word,
Think awhile before you do;
For there is danger that you'd say
Something you would rue.

If you're about to say a wicked word,
Put on the brakes, hold it back;
If you're about to say a cutting word,
Make your tongue keep the track.

Yes, measure every word you speak,
With that magic Golden Rule;
Then you will never cringe or sneak,
Nor think yourself a fool.

A meeting of the patrons of the schools and all interested in this most vital part of our community life will receive a hearty welcome at the first meeting of the Home and School Association of the year which is to be held at the High school building at 8 o'clock tonight. The program will consist of two minute talks from the different teachers interspersed by music and will be well worth any one's while to attend. The election of officers for the ensuing year will also be held.

The Young Ladies' Guild of the Presbyterian church met at the church Thursday of last week and reorganized for the coming winter by electing Miss Gladys Eakin president and Miss Margaret Gouwens secretary. A supper was served by the patronesses, Mesdames Lowry, Hennessey and Thorne and a social time enjoyed by the twenty who were present.

Rev. J. B. Cochran, of Roswell, came down from there on the afternoon train enroute to Loving and remained a few hours in the city. He leaves Monday for conference at Las Cruces.

Mrs. Bob Richards was taken to Eddy county hospital Monday for an operation which she passed thru successfully Tuesday morning and is getting on nicely at this time. Her children are being cared for by her sister-in-law, Mrs. Walter Pendleton.

Mrs. Ed Marion and little daughter, Fay Dodson, returned Saturday night from a three week's stay in Iowa, at the home of Mrs. Marion's father who died while they were present at the old home. He had been ill a long time and suffered greatly. Mrs. Marion's many friends in Carlsbad and neighbors in La Huerta extend their sympathy.

The Summer Millinery Season Has Flown—and now the

NEW AUTUMN MILLINERY MODES

Are Milady's Crowning Glory

VOGUE HATS

Hand Tailored in New York

Makers of verse have proclaimed milady's hair her crowning glory. Dame Fashion, presiding in the Highest Court of Feminine Appeal, has set aside the verdict and rendered judgment in favor of the New Autumn Hats.

Hand-made in New York, original in concept, exquisitely wrought, the New Autumn Hats at Horne's are truly the first and last word in fine millinery.

T. C. HORNE

"THE STORE FOR QUALITY"

TO MRS. A. MOORE.

(On Her Birthday)

The Wesleys have birthdays galore,
First one, then another, now Moore;
They're feasted and roasted,
They're gifted and toasted,
If, perchance, they are ten and two score,
When children and dear friends unite
To make old folks' birthdays more bright,
They turn back the dials,
They lighten the trials,
The years have less power to affright,
May many more birthdays be thine;
Enough health and contentment combine
To comfort life's sorrow,
Make glad each tomorrow,
Till heaven around thee doth shine.
Margaret C. Pearce

Mrs. Hannah Entertains

At the William Hannah home in West Carlsbad Tuesday afternoon occurred one of the very pleasant parties that make a person reconciled to growing old. Mrs. Moore was honor guest at this gathering of her friends at this hospitable home and all present enjoyed the occasion with her. Cake and fruit gelatins with coffee were the refreshments. Misses Martha Williams and Zeta Willis assisting the hostess in serving. The beautiful birthday cake was an added pleasure and was as good as it was good looking, bearing in raised figures the dates "1856-1920" and the magic numerals "64" while around the sides were the words, "A Happy Birthday" all done in pink and white. The following ladies were present and enjoyed the afternoon's festivities: Mesdames Dishman, Grantham, Zimmerman, Henry Dickson, Kireher, Heisic, Singleton Seavy, Stanford, Green, Hiler, Riley, Williams, Regnier, Miss English and the honor guest, Mrs. Moore, and a number of little folk. The following poem was contributed by a friend who was unable to be present:

The Star Pharmacy this week removed its soda fountain from the front of the store and has used that part of the room for a case in which their large stock of sporting goods and kodaks will be displayed. The goods are to be kept in glass cases which will allow of their display and the installation is in the nature of a decided improvement and convenience to the Rexall store.

Mr. and Mrs. Fred Nymyer came in from their home at Eunice yesterday and brought with them their two children and the two children of Mrs. Bob Leck and will rent a house and put the children in school for the winter in Carlsbad.

BAPTIST CHURCH.

Sunday school 9:45 a. m.; Sun-
beams 3:00 p. m.; both B. Y. P.
U. S. 6:30 p. m.; preaching 11:00 a.
m., and 7:30 p. m.

We hope to continue the services for a number of days, especially if our singer arrives in time. A cordial invitation is extended the general public to attend these meetings and render all the assistance possible.

T. C. MAHAN, Pastor.

Mrs. F. E. Little, who teaches a class of boys in Methodist Sunday school of the ages of 10 to 12 years, and who never tires of doing things for their pleasure, took the entire class, 16 in number, for a swim Wednesday evening after school. They carried their supper which was pronounced the best ever by the boys and enjoyed that and the swim and the ride to and from the river in the truck and all report a splendid time.

The best thing about a birthday anniversary is that it comes every year, or so at least Harold Dickson thinks, after the pleasant celebration of his thirteenth birthday, which was held Wednesday after school at Library park. Two freezers of ice cream melted away after the raid of the boys and girls who also enjoyed the delicious cake prepared by Mrs. Dickson for their pleasure. Games of various kinds were played and all went home happy, the pretty presents Harold received adding to his happiness. Those present were: Irma Linn Grantham, Nadine Hughes, Aileen Reed, Leota Regnier, Lela and Dorothy Dillard, Frances and Kathryn Riley, George Williams, Rex Vest, Jim and William King, Homer Latham, Martin and Delbert Hubbard and Norman Riley.

Let's talk it over. We assure you genuine Ford service with genuine Ford parts.

SOUTHERN AUTO COMPANY

WHAT HAPPENED.

Santa Fe, N. M., Sept. 23.—You have heard of the republican state convention at Albuquerque, but, "raw" as it was on the surface, you probably do not yet know the real "inside".

H. O. Bursum was for the nomination of Larrazolo for governor until he got a tip from A. B. Fall that Senator Fall was likely to be a member of Harding's cabinet, should the republicans win in the nation. Then Bursum got busy, like unto the ambition to rule heaven that entered the brain of Lucifer, an ambition to succeed Fall in the senate took possession of Bursum.

Should Larrazolo be re-elected, he might not name Bursum, twice defeated for the governorship, to the senatorship. Larrazolo was known to have ambitions of his own for the toga. He had his eye on the election of a successor to Hon. A. A. Jones. He might resign the governorship and have the lieutenant governor name him to the vacancy created by Fall's resignation.

Bursum looked over the field. Cahoon, Hernandez, Hughes, Murray, Pankey, Craig, Holloman, Armijo and Leahy were quickly eliminated. None was safe, from the Bursum standpoint.

Judge Mechem, from Bursum's own town of Socorro—Judge Mechem, kept in office by Bursum from term to term—was dependable, reliable from the Bursum viewpoint. Judge Mechem was the man and despite the plain prohibition of the New Mexico constitution, Mechem was nominated by Bursum! He is Bursum's man.

But there were other men in the convention with "axes to grind". Prominent in the delegations were the leaders of the mining interests of New Mexico that are admittedly and quite plainly not paying their just proportion of taxes. There was W. A. Hawkins, of El Paso, delegate from Otero county, representing the Phelps-Dodge interests; Superintendent Sawyer of Tyrone, also of the Phelps-Dodge, was there from Grant county and the "Big

Chief" of the Dawson was there from Colfax county. Of the Chino, there was General Manager John W. Sully, General Attorney Percy Wilson and Chief Surgeon Carrier from Grant county and H. C. Denay of the Gallup-American Fuel Co., another Chino interest, was there from McKinley county. The St. Louis & Rocky Mountain and Maxwell land grant interests generally, were well represented on the Colfax delegation.

Judge Mechem was the favorite of all these men. They wanted him just as much as he was wanted by the "Big Boss" from Socorro, who sees himself as successor to Fall in the United States senate.

Ranged along with Mr. Bursum who headed the convention like a modern Colossus, was F. I. Otero with 63 delegates from Valencia county in his vest pocket, and Secundino Romero who directed without question the votes of 123 delegates from San Miguel.

Then let it be noted that Mr. Bursum took unto himself another office for his own. There was strong opposition to the retention of Nelson Field as commissioner of state lands. But Mr. Bursum wishes to grip that office almost as much as he wants control of the governorship. The state land office is the heaven for republican politicians out of a job. It is the place where political debts are paid at the expense of the people. With Mechem as governor and Nelson Field as Land Commissioner, Bursum is the government of New Mexico, just as he has long been the legislature of New Mexico.

Both republican and democrats of New Mexico are demanding a thorough audit of the books of the state land office. No private bank ever was so "private" as this state office.

New Mexico is due for a change. Each year under republican control taxes become higher and the people get less for their money.

The republicans always carry the state of Maine and the "Victory" is due to the increased vote of the women.

LOCAL NEWS

H. C. Holcomb was in town the middle of the week and transacted business of different kinds in the city, from his home at Lakewood.

James Welpton left for school last week going to Staunton, Virginia to enter the State University.

Rev. Geo. H. Givan says he keeps hearing people say the days are getting shorter, but he knows better for they have been getting longer and longer ever since his wife left for Kentucky, and if they keep on they will be at least a hundred hours before she returns the last of October.

Mrs. S. J. Vaughn, who has been spending some time at the home of her daughter, Mrs. W. D. Scott, in Lakewood, left Wednesday morning for Comanche, Texas, where she will pass the winter. This was her first visit to this part of the country and she was delighted with the country and people.

LET US RECOVER THAT FORD TOP

Stockwell Auto Service Station

"SERVICE THAT PLEASURES"

ROADS STAND TRUCK TRAVEL

Comprehensive Experiments and Tests Now Being Made by Bureau of Public Roads.

State highway departments are vitally interested in the successful outcome of comprehensive experiments and tests now being made by the bureau of public roads of the United States department of agriculture. One state engineer recently declared that millions of dollars in his state are involved in the proper design of road surfaces, which make up one of the problems being investigated by the federal engineers.

The coming into general use of the heavy motor truck has practically revolutionized the science of road building. Big new problems came when loads weighing 10 to 15 tons took the place of vehicles that placed a weight of one-fourth as much or less. The roads built ten years ago were constructed before this fact could be realized.

Constructing Road Sections for Impact Tests.

ized—which is one of the reasons why many "permanent" roads have proved to be impermanent.

One of the testing experiments being made by the federal bureau involves the use of a 40-section roadway in the Arlington farm, owned by the department of agriculture. Each section was built from a different type of material, or with a different method of construction. The same use is given to each section, so that eventually the type of construction best suited to heavy traffic will prove itself.

TREE PLANTING BY ROADSIDE

Shade Is Great Help in Keeping Pavement in Prime Condition—Beauty Is Added.

There is a newly discovered benefit in tree planting by the roadside. It has been learned of late that the shade or partial shade of roadside trees is a great aid in keeping the pavement in prime condition. The authorities tell us that during the hot days of summer improved roadbeds are injured by the direct rays of the sun and that the partial shade of trees planted by the roadside enables the cement or other pavements to stand much longer unimpaired. Roadside trees will far more than pay for themselves by assisting in preserving good roads. Then there is the beauty of shade trees, and if fruit trees are planted think of the abundance of peach, plum, pear, cherry, apple and other fruit trees growing by the roadside which in the aggregate would amount to millions of dollars if generally planted through the fruit growing sections of the United States.

URGE CHANGE IN ROAD RULES

British Columbia Favors Alteration to Encourage Motorists From Other Sections.

Changes in the highway regulations now in force in British Columbia are being urged by local automobile and trade associations as a means of inducing motorists from other parts of Canada, and from the United States, to travel in the province. The present rules which differ considerably from those followed elsewhere on the continent, are declared to deter tourists from including the region in their itineraries. Legislation intended to remedy this condition is being considered by provincial government officials.

INCONSISTENCY IN FARMING

Roadside Often Neglected by Farmer Who Is Provided With Most Modern Equipment.

Often a farm is seen provided with the best of equipment, good fences, fine premises and well painted buildings, yet the roadside is wholly neglected. Such inconsistency is like putting a dirty collar on a clean shirt.

DEPENDENT ON GOOD ROADS

Many Farm Crops Must Be Hauled Some Distance to Railroad Stations and Markets.

Farming is essentially dependent on the condition of country roads; for whatever is not produced on the farm must be hauled to the farm, and many crops of the farm must be hauled away to the railroad stations and local markets.

BIRTHDAY ANNIVERSARY.

Dwight Williamson had a party at the home of his sister, Mrs. Fred West, in Rio Vista, last Saturday at which a number of his boy friends as well as the little boy himself were made very happy. That day was Dwight's tenth birthday anniversary and the boys enjoyed themselves playing boy games and afterward were served delicious tutti frutti ice cream and cake in abundance by the hostess. Dwight received a number of nice presents from his little friends and has the best wishes of all who know him for many pleasant returns of the day, each as happy as the one observed. The guests were: Sam B. Smith, Jack Barnett, Clifford Hiller, Norman Riley, Bill Holt, Howard Johns, Horace Hubert, John Barber, Jr., Perry O'Connor, Lynn Dillard, Wayne Beckett, Howard and Delwin Smith.

Miss Lucille Johnston came in Friday night from Big Springs, Texas, where she has been employed as stenographer in the offices of the T. & P. railroad company. She remained here until Sunday night when she and her friend, Miss Grace Stephenson, left for Boulder, Colorado, to enter college at that place. The girls will stop for a few days in Colorado Springs, for a visit at the home of Clyde Stephenson, a brother of Miss Grace, and will then continue their journey. The young ladies are among our most ambitious, energetic and industrious girls and good wishes are theirs in abundance.

Mrs. John Prickett and daughter, Annie, left Wednesday night in company with Mr. Beckwith, of Pomona, California. Mrs. Prickett's grandfather who has been spending several days here at their home.

Watches

The most complete stock of American Watches since pre-war times

CALL AND SEE FOR YOURSELF

H. A. Gragg JEWELER

Their destination was Wamega, Kansas, where each year a family reunion is held on the grandfather's birthday. He will be ninety years old on the 25th of October, and came from California on purpose to celebrate his natal day with home-folk. He says he expects to be back in California in time to vote at the National elections. He has a pleasant home among the orange groves of that state and recently had the pleasure of a visit from Lurion Anderson, an old friend from Carlsbad who is now in Los Angeles. Mr. Prickett expects to join the relatives in Wamega at a later date.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets, nor patents to hold one back.

WALTER BROTHERS

PRESUMPTUOUS SINS.
Rev. George H. Givan.

King David prayed most earnestly that the good Lord would deliver him from presumptuous sins, and no wonder for presumptuous sins cause a thousand times more trouble, anxiety and sorrow than all the actual sins ever committed. Presumptuous sins lead to jealousy, bloodshed and murder. Many a good woman has drawn on her abnormal imagination and unjustly accused her devoted husband of sins and actions and little indiscretions that he never even dreamed of until she called him down. This same abnormal imagination has led millions of women to such lengths of extreme jealousy that unkind words, quarrels, scandals, separations and divorce have been the inevitable result. And the same may be said of millions upon millions of men.

Presumptuous sins wrinkle the face, whiten the hair and lead to premature death. Millions die young every year and millions more are driven to distraction and insane asylums because the green-eyed monster has poisoned the blood, flushed the arteries and broken the heart. Suspicion gnaws at the very vitals of life and cankers the soul. O who shall deliver us from the bondage and death of presumptuous sins!

Presumptuous sins creep into every line of business and rise up as horrid ghosts and spooky nightmares to clog the avenues of all legitimate transactions. Suspicion and jealousy are the two great beasts that have risen up out of the seas to blight the peace, happiness and prosperity of capital and labor. Anarchy in a hundred forms knuckles to their bidding and as a madman goes forth defying all law and order, laying waste in destruction and death.

Presumptuous sins with a thousand heads and a million horns gouges and digs its way with cloven hoof into the church of the living God. It buries in the hearts of minister and parishioner alike. It

stands in the pulpit and sits in the pew. It vents its spleen through the minister and rankles in the heart and life of the member. Like a dragon belching forth the livid fires of destruction, presumption in the guise of suspicion, vain imaginations, backbiting and tattling destroy the influence and usefulness of a preacher as well as the peace, prosperity and happiness of the parish, and hinders the onward movement of the Kingdom of God. O for a perfect and supreme confidence between husband and wife, capital and labor, minister and parish! And may each one of us constantly pray the prayer of King David: "Keep back thy ser-

vant also from presumptuous sins; let them not have dominion over me."

A \$20,000.00 CATTLE DEAL.

Probably the first calf crop sale of any magnitude this fall was consummated this week when Wm. Weir and sons of Monument sold their calf crop, numbering around 600 head, to Tom Ross of Knowles, N. M. It is said these are very choice cattle, fine and fat on Lea county grass. The grass is long on all the hills and in the draws on the famous Monument Springs ranch as it is known all over Lea county.—Livingston Leader.

Like a Regular Man!

TRAIN your boy to prefer Schlitz to drinks which are apt to ferment in the stomach—and to coffee and tea which may cause nervousness and digestive disorders.

Wise fathers give growing boys all the Schlitz they crave. For Schlitz is a complete food as well as drink—made by a special process from the finest cereals and hops, it contains every element necessary to the human body.

Schlitz is fine to develop muscular energy, and to replace broken down tissue. Boys like Schlitz—like its satisfying "scratchiness" that quenches thirst.

Schlitz is healthful and pure—it is aged for months in glass-lined tanks to preclude biliousness—cooled in filtered air in plate glass rooms—filtered through white wood pulp—every bottle sterilized by the Pasteur process. The Brown Bottle protects Schlitz purity until it reaches your glass.

SUNDAY SCHOOL LESSON

By REV. P. E. FITZWATER, D. D.
Teacher of English Bible in the Moody Bible Institute of Chicago.
(© 1920, Western Newspaper Union.)

LESSON FOR SEPTEMBER 26

REVIEW: SAUL, DAVID AND SOLOMON COMPARED.

SELECTION FOR READING—Psalm 72.
GOLDEN TEXT—Man looketh on the outward appearance, but the Lord looketh on the heart.—1 Sam. 16:7.

PRIMARY TOPIC—Stories About David.
JUNIOR TOPIC—Three Kings and How They Ruled.

INTERMEDIATE AND SENIOR TOPIC—Three Kings and Their Attitude Toward the Lord.

YOUNG PEOPLE AND ADULT TOPIC—Faith and Excellencies of Saul, David and Solomon.

It was the lesson committee's thought that the three kings of the united kingdom should be compared, but that would necessitate going back about half way into the preceding quarter, and since the time for review is so short, it would hardly be wise for any but the adult classes to go back of the present quarter's lessons. If in the adult classes this should be done, the review should be rapid and confined to:

1. The character of the king.
2. The chief events of his reign.
3. His success or failure, as the case may be, and the reason therefor.
4. Lessons taught us.

The better method for most teachers and classes will be to let the lessons center in the two outstanding personalities of David and Solomon, both as a mental discipline and as a spiritual message. A good way is to get the pupil to grasp the main facts of each lesson and then state its leading lesson.

Lesson for July 4. David's zeal for God and faith in God made him courageous to meet Goliath. His good sense caused him to discard Saul's armor and use his own gifts. He went forth in the name of the Lord of hosts that all the world might know that there was a God in Israel.

Lesson for July 11. The friendship between Jonathan and David was based on genuine love. Because of this love Jonathan waived his personal rights to David, as a token of which he gave David his court robe and equipment. Truly "Love seeketh not her own."

Lesson for July 18. David's regard for Saul was due to the fact that God's anointing oil had been placed upon him. The one upon whom God has placed his Spirit should be revered, not because of what he is himself, but because of God's gift upon him.

Lesson for July 25. David's behavior through the period of civil war between the houses of Saul and David won the confidence of all the tribes, so that they came to Hebron and made him their king.

Lesson for August 1. The great lesson needed to be learned by all men is God's holiness. His name and institutions should be revered. Ignorance or thoughtlessness will not save a man from the penalty of violating God's laws.

Lesson for August 8. Justice and judgment were executed unto all the people when David was established king. This is typical of the time when Christ, David's Son, shall reign in righteousness over all the earth.

Lesson for August 15. David's sorrows were occasioned by his sins. "Whatsoever a man soweth that shall he also reap."

Lesson for August 22. Despite the awfulness of our sins, true penitence and confession will bring pardon.

Lesson for August 29. Because Solomon put wisdom to do God's will first, God gave him honor and riches in abundance. "Him that honoreth me, I will honor."

Lesson for September 5. A house is made sacred only as God's presence sanctifies it. It was not Solomon's words or his prayer that dedicated the temple; it was the manifestation of a divine presence.

Lesson for September 12. God's gifts to Solomon made him to be great before the world. His fame gave him an unique opportunity to witness of God to the nations of the world.

Lesson for September 19. Those who heed the advice of a father will escape all the sorrows and miseries of a drunkard.

The Hardest Labor.

Ceasing from labor, as labor, is not the point of Sunday observances; it is ceasing from the labor of the world, to labor for God, to do his work, which is the highest labor and the hardest labor; giving God a tithe of the work, the first fruits of our time, as a mark of respect and allegiance which we owe to him.—W. C. E. Newbolt.

True Gentleness.

True gentleness is founded on a sense of what we owe to him who made us, and to the common nature which we all share. It arises from reflections on our own failings and wants, and from just views of the condition and duty of men. It is native feeling heightened and improved by principle.—Blair.

Politeness.

Politeness has been well defined as benevolence in small things.—Macaulay.

NUTT—NEELEY.

John Nutt, son of Mr. and Mrs. W. E. Nutt, of this place, and Miss Eileen Neeley of San Angelo, Texas, were married at the bride's home in San Angelo, on Sept. 5th. John has been employed by the Public Utility company of San Angelo for the past several months as an electrician. The couple went right to housekeeping.—Livingston Leader.

NOTICE FOR PUBLICATION.

027226

Department of the Interior, U. S. Land Office at Roswell, N. M., Sep. 2, 1920.

NOTICE is hereby given that Elvira L. Jeffers, of Orange, N. M., who on May 1, 1913, made Desert Land Entry No. 027226, for NW 1/4, W 1/2 NE 1/4, SE 1/4 NE 1/4, Section 29, township 26-S, range 18-E, N. M. P. Meridian, has filed notice of intention to make final proof, under the Act of March 4, 1915, by purchase, to establish claim to the land above described, before A. F. Menger, U. S. Commissioner, at Alamogordo, N. M., on the 9th day of October, 1920.

Claimant names as witnesses: Thomas W. Jones, Victor H. Justis, both of Orange, N. M. EMMETT PATTON, Register.

10Sept8Oct

Department of the Interior, United States Land Office, Roswell, N. M., July 28, 1920.

Notice is hereby given that the State of New Mexico, under the provisions of the Acts of Congress approved June 21, 1898, and June 20, 1910, and acts supplementary and amendatory thereto, has filed in this office selection lists for the following described lands:

List No. 8653. Serial No. 047875 SE 1-4 NW 1-4, E 1-2 SW 1-4, SE 1-4, Lots 1, 2, 3, 4, section 18 T. 21-S. R. 31-E, N. M. P. Mer. 425.04 acres.

List No. 8654. Serial No. 047876 SW 1-4 SE 1-4, SW 1-4 section 4; SE 1-4, E 1-2 SW 1-4 Section 5 T. 22-S. R. 32-E; NE 1-4, NE 1-4 NW 1-4 Section 18, T. 21-S, R. 31-E, N. M. P. Mer. 640 acres.

List No. 8655. Serial No. 047877 NW 1-4 NW 1-4, Section 25; NE 1-4, E 1-2 NW 1-4 Section 26 T. 22-S. R. 32-E; SW 1-4 Sec. 3; SE 1-4 SE 1-4 Sec. 4 T. 22-S. R. 32-E, N. M. Mer. 480 acres.

List No. 8658. Serial No. 047878 All of Section 28 T. 21-S. R. 30-E, N. M. Mer. 640 acres.

Protests or contests against any and all of such selections may be filed in this office during the period of publication hereof, or at any time before final certificate.

Ford

THE UNIVERSAL CAR

Reduction in Prices Ford Products

The war is over and War prices must go. Effective at once Ford Cars, Trucks and Tractors will be sold F. O. B. Detroit, at the following prices:

Touring Regular	\$440.00
Touring with Starter	510.00
Roadster, Regular	395.00
Roadster, with Starter	465.00
Chassis	365.00
Coupe, with Starter and Demountable Rims	745.00
Sedan, with Starter and Demountable Rims	795.00
Truck, Pneumatic Tires	545.00
Tractor	790.00

¶ The Ford Motor Company makes this reduction in face of the fact that they have on hand immediate orders for one hundred forty-six thousand, sixty-five cars and tractors. The Company will suffer a temporary loss by using up the material bought at high prices. They are willing to make this sacrifice in order to bring business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country.

¶ Henry Ford says: "The War is over and it is time war prices were over. There is no sense or wisdom in trying to maintain an artificial standard of values. For the best interest of all it is time a real practical effort was made to bring the business of the country, and the life of the country down to regular pre-war standards."

We are at your command with equipment for efficiency in service and eagerness to fill your orders.

Southern Auto Co.

LAKEWOOD LOCALS.

Mrs. Mae Webb received a telegram one day this week announcing the serious illness of her brother's wife, Mrs. Will Nelson, at Portales. Mrs. John Fanning, a sister of Mrs. Nelson, went up Tuesday night to attend her bedside.

Mrs. Ole Gossett and children, who have been visiting her parents, Mr. and Mrs. W. M. Howell, at Roswell, returned Sunday and departed Wednesday for El Paso, Texas, to join Mr. Gossett, who is doing railroad work out of that city.

T. G. Low has returned from the Jim Howell ranch southwest of town, where he has been drilling for water for Mr. Howell. After drilling two dry holes, he at last succeeded in securing an abundance of good water in the third well at a depth of only 80 feet.

Mr. and Mrs. W. M. Howell and daughter, Miss Ruth, who have been visiting with relatives and old friends here, returned to their home at Roswell Wednesday.

Late news from Mrs. J. M. Stroud and Mrs. J. M. Wood, who are at Mineral Wells, Texas, taking treatment, report them both getting along nicely.

Fred Kroeger, late of Holbrook, Arizona, came in last Friday and visited a few days with his mother, Mrs. John Murrah, other relatives

and friends before going to Mexico, where he has employment.

Mrs. P. Morrison returned Sunday from Carlsbad where she was an inmate of the Sister's hospital for a week, and is much improved in health.

Rev. J. J. Golden, representing the Children's Home at Albuquerque, was here Wednesday in the interest of that institution.

J. W. Thompson and bride, of Clovis, returned to their home Wednesday night after spending a week of their honeymoon here.

Misses Sallie Truitt and Cleo Adams spent Wednesday and Thursday attending the carnival at Artesia.

John D. Dedman, of Americus, Georgia, is here enjoying a visit with his sister, Mrs. G. P. Baker, of Hotel Lakewood.

Lewis Howell and family and Judge J. W. Dauron, went to Artesia Thursday to take the sights at the carnival.

Muriel Bales and Ted Taylor were up from Carlsbad Thursday visiting with homefolks and friends.

Archie McDonald, of Globe, was taken sick one day this week with appendicitis. A doctor was summoned, and he will be taken to Carlsbad the latter part of this week for an operation.

School is getting along finely, with a good attendance in each department, and the prospect is promising for the best school in several years.

BIG TURBINE ARRIVES.

The Carlsbad Light & Power Co. received its big turbine which has been in transit for several months. This turbine is being installed in their power house just east of the city and is the second unit. The company has completed its concrete power house and the two units now installed are the latest type of machines, being direct connected to the generators. Upon the completion of the second unit the company will have the latest power plant in the southwest.

The big turbines are manufactured by the S. Morgan Smith Co., of York, Penn., and the generators are made by the Electrical Machinery company. Efficiency and service from this plant is 93 per cent.

F. W. Murphy, an electrical engineer, of Denver, Colorado, will make the installation of the new machinery and also the acceptance test for the purchasing company.

REGISTRATION BOOKS OPEN.

The books for the registry of voters are now open at the Thorne furniture store and all legal voters, both men and women, are advised to take advantage of that fact and register between now and the election. The books are in charge of Messrs. Lavery and L. W. Crawford.

Next Sunday at the Presbyterian church will be observed as "Rally Day". The call is for the entire congregation to attend Sunday school and remain for morning worship. Equally there is appeal for all the young people to attend Endeavor meeting at seven o'clock. At Sunday school there will be demonstration of the opportunity for the church's mission work in Mexico, and at morning worship the sermon will treat the subject of "A Good Recommendation".

Colonel Merchant, of Abilene, Texas, is in the city visiting at the homes of his sons, J. D., Lige and W. H. Merchant and greeting many old time friends who are always glad to have him with them.

While Messrs. Bursum, Fall, Hawkins, Sully and Company were holding their state convention in Albuquerque recently about 1,000 delegates to the State Republican convention paid the city of Albuquerque a social visit. It may be that some of them called at the Bursum convention as a matter of social respect but we have been unable to learn of but few who were recognized by the imperialistic Big Four.

AUTO THROWS ROCK THROUGH PLATE GLASS WINDOW.

A peculiar accident occurred yesterday morning by which one of the large plate glass windows in the J. P. Flowers' store in the James block was broken. A passing car threw a small stone with such force that it struck the window and broke it, the stone bounding back and falling on the sidewalk. The motorist evidently did not know of the breakage, although the crash was heard for quite a distance and sounded as if a fire had blown out. Another argument in favor of paved streets.

Manager Morfeld, of the Joyce-Fruit company's dry goods establishment, went up to Roswell Wednesday night on a business trip for his firm. Since taking over the management of this department of that company, Mr. Morfeld has set a pace which will be hard for his competitors to follow. He is reaching in all directions for the dry goods trade of this territory and uses the methods followed by larger establishments in cities much larger than Carlsbad.

Mrs. A. Z. Smith left yesterday morning for Mesa, Arizona, where her husband is now located and where they will make their home in the future. Mrs. Smith is a Carlsbad product and a lovely girl in every way and will be missed in the social and church circles of the city, but more in the home of her parents, Mr. and Mrs. W. R. Owen.

"VICTORY" THRILLING PICTURE

William Tell, who shot the memorable apple off his son's head, has nothing on Leon Chaney, the motion picture character actor. In "Victory" pictured by Maurice Tourneur from Joseph Conrad's novel and showing at the Crawford Theatre Monday, Sept. 27th, this week, Chaney hurls a large dirk across a room and neatly pins the coat sleeve of a fellow actor to the door. This is only one of the thrills in this popular novel of the South Seas.

A. J. Rader is in town from his ranch home southwest about 75 miles, coming for a visit with his brother, Kade, who is recovering from a broken leg at the home of Green Usery in La Huerta.

Melvin Bearup came in from his home the first of the week and returned after a few hours in town having in charge a crew of shearers who began work at once on their arrival at the ranch in Dog Canyon. Mr. Bearup says he will have some of the nicest fleeces he ever had at this shearing.

Clark A. Walker, of San Diego, Calif., was a visitor here yesterday afternoon enroute to Carlsbad. He will be a teacher in the high school at that place this winter. Santa Fe New Mexican, Sept. 21st.

R. C. Rice and wife arrived in the city from Oklahoma City, last Friday night for a visit at the home of the lady's mother, Mrs. Sophia Blocker. Mr. and Mrs. Rice are both expert linotype operators and are here on their vacation.

THE WORLD'S GREATEST PUMPING ENGINE

THAT'S what users say of the Fuller & Johnson Farm Pump Engine—its remarkable pumping ability and performance under every possible condition have made it famous. The way that the

FULLER & JOHNSON
Farm Pump Engine

has solved the water problem on the farm is wonderful. It makes absolutely certain at a moment's notice an abundant supply of fresh cool water for all purposes regardless of any and all wind and weather conditions. Copes promptly and can be put into service in a few minutes.

Send for Catalog No. 37-A. It's free.
