REPUBLICAN CONVENTION

The County Republicans Met at the Court House This Morning.

ENTHUSIASTIC GATHERING OF DELEGATES

Hon. T. N. Wilkerson Made Temporary, and Hon. E. A. Miera the Permanent Chairman.

DELEGATES APPOINTED TO THE CONVENTION AT RATON

From Friday's Daily.

The county republican convention, which convened at the court house this morning, was one of the largest ever held here, and was equally as enthusiastic.

The big court room was crowded, and every precinct was fully represented.

At 10 o'clock, Hon. F. A. Hubbell, as chairman of the county central committee, called the convention to order, and, in doing so, delivered a few appropriate remarks.

This was followed by the secretary of the county central committee reading the call, both in English and Spanish.

The next order of business was the election of a temporary chairman, and Thos. Hughes nominated Thos. N. Wilkerson for the place. The nomination was seconded and promptly endorsed by the convention. Mr. Hughes and Thos. S. Hubbell being appointed a committee to escort the temporary chairman to the chair.

In his speech introducing Mr. Wilkerson to the convention, Chairman F. A. Hubbell paid the gentleman a high compliment as one of the rising young politicians of the future state of New Mexico, and heartily welcomed him into the ranks of the republican party.

In assuming the temporary chairmanship of the convention, Mr. Wilkerson made the following speech:

Wilkerson's Speech.

Mr. Chairman and Fellow Citizens: It is a little bit of a strange position for a man who has virtually taken no part in politics for about four years, and who has never before acted as a delegate in a republican convention, to be called upon, unexpectedly and without any premonition, to act as a chairman by as large and enthusiastic republican convention as is here today.

As many of you know, I was, as Mr. Hughes has stated, raised and educated as a democrat, even to the point of believing that there was no good outside of the democratic party, but we have the old saying in Missouri "that the proof of a pudding is in the eating," and how any intelligent democratic citizen who lived through the Cleveland administration, and who lives, especially in the west, can remember the distress and calamity that overtook the country during that administration, followed by the prosperity, unexampled and unprecedented in the entire history of the United States, that immediately followed the election and inauguration of President McKinley, (applause) can fail to be convinced that there was something wrong in his logic, is more than I can tell. When on top of that the democratic party abandoned the only strong and safe plank they had, of a safe and honest money, and would have cast this country into an era of fiat money on top of the existing misery and distress, every business man and man of property had to again stop and pause and think, and the administration of President McKinley has absolutely demonstrated that for these United States, and especially for the territory of New Mexico, the principles of the republican party are the principles of success and progress.

You remember, and I remember, when you could not give your sheep away in this territory; and that when the sheriff had an execution to levy upon a man in possession of sheep, the

plaintiff had to put up the value of the sheep with the sheriff to get him to keep them.

In addition, we today have in the presidential chair a man who in the honesty of his purposes, in the integrity and purity of his private life, has never been surpassed, and in his courage in demanding even from his own party, what he believes to be right and just, has never been equaled. No man could blush, nor be afraid to follow the lead, and to advocate the principles of political economy and justice and right that are presented to his party by our beloved president, Theodore Roosevelt. (Applause.) More than that, gentlemen of the convention, I believe, and I believe that all the members of this convention believe, that the people of the territory of New Mexico have sufficient intelligence, have sufficient honor, have sufficient integrity, to be capable of self government and to be worthy of statehood. I believe that we can have statehood only through the election of a republican delegate to congress. I believe more than that—I do not believe in going to the senate and congress of the United States of America and announcing to them that we are capable of self government, that we are fit and prepared for statehood, and in the same breath say to them: but, gentlemen, we are absolutely corrupt, we have so little sense of honesty and honor, that we cannot settle this question of self government locally for ourselves, and unless you incorporate in the statehood bill a provision that virtually says that our elections are corrupt, we are dishonest, we are not capable of self government, then we do not want statehood, and we are not fit for it. It is not justice to the people of this territory for any party or man to say that the people of this territory are so corrupt that they will not have fair and honest elections, unless congress makes us have them. I am opposed, and I believe that every citizen of the territory of New Mexico ought to be opposed to any party that makes such reflections upon the citizens of this territory. (Applause.)

I thank you, gentlemen. J. J. Sheridan was chosen temporary secretary, and like a veteran he took charge of his duties. Thos. S. Hubbell then moved, which motion was seconded, that five be appointed as a committee on credentials. T. S. Hubbell, chairman; Celso Sandoval, E. M. Sandoval, Marcelino Baca, and Manuel Padilla y Chaves were appointed on that committee, but before the committee retired to report the name of Thos. Hughes was substituted for that of T. S. Hubbell.

It was moved, the motion being seconded, that five be appointed as a committee on permanent organization, whereupon the following delegates were appointed to serve on that committee:

J. Felipe Hubbell, chairman; Esquilpulo Baca, Melquiades Martin, G. W. Harrison, G. F. Albright.

E. W. Dobson moved, the motion being seconded, that five be appointed to act as a committee on resolutions, and the chair appointed the following:

E. W. Dobson, chairman; V. S. Miera, D. J. Rankin, J. R. Carpenter, Jesus Romero.

F. A. Hubbell asked that a committee be appointed to find Delegate B. S. Rodey and escort him to the platform that he may address the convention

while the appointed committees are at work on their reports.

The suggestion was promptly acquiesced in by the delegates, and the chair appointed F. A. Hubbell, V. S. Miera, T. S. Hubbell and E. W. Dobson as an escort committee.

When the popular congressional delegate reached the platform, he was given a hearty reception and the cheering fairly shook the court house walls. The speech made by Mr. Rodey was one of the best he has ever delivered, and his review of the work he did while at Washington—his efforts for statehood—brought forth round after round of applause.

The first committee to report was that on credentials and Chairman Hughes made the following report of those entitled to seats in the convention:

Precinct No. 35—Henry Springer, Jose Auto, Garcia.

The report of the committee on permanent organization was submitted by Chairman Hubbell as follows:

Chairman—E. A. Miera. Secretary—J. J. Sheridan. Interpreter—Nestor Montoya.

Dr. J. F. Pearce, G. F. Albright and Alejandro Sandoval were appointed a committee to escort the permanent chairman, Hon. E. A. Miera, to the chair.

On being introduced, Mr. Miera, who is the popular chairman of the board

of county commissioners, made a most appropriate address, in which he eulogized the good work of Delegate Rodey in congress and felt confident that at the Raton convention he will be re-nominated and will succeed himself as New Mexico's delegate to congress.

The chair then called for the report of the committee on resolutions, whereupon E. W. Dobson, chairman of that committee, submitted the following:

The Resolutions.

The republicans of Bernalillo county, New Mexico, in representative convention assembled at Albuquerque, on this 12th day of September, A. D. 1902, for the purpose of electing delegates to a republican convention at Raton, N. M., on the 10th day of October, to select a candidate for the office of delegate to congress from the Territory of New Mexico, hereby endorse and affirm the patriotic and republican principles adopted by the last national republican convention, held in Philadelphia, and likewise endorse the declarations and principles contained in the platform of the last republican territorial convention held in the city of Santa Fe.

We deplore the death of William McKinley, the beloved president, who had twice carried our flag to victory, and with horror the fact that a being exalted in this republic who deliberately and without cause assassinated the chief executive of our nation, and we approve of the legislation of the national congress making more stringent the laws for the protection and preservation of our chief executives; and we declare our confidence in the leadership of President Roosevelt, and our loyalty to his administration, and express our gratification that such a typical American, whose courage in war and brilliant record in peace has given him a place in the hearts of our people, could step forth and carry out the declarations and principles enunciated by the illustrious McKinley.

We most heartily endorse the continued able and successful administration of Hon. Miguel A. Otero, as governor of the Territory of New Mexico, whose administration has been not only satisfactory to our people but has brought our territory into favorable prominence abroad and has materially aided in the development of its many resources.

We most heartily endorse our delegate in congress, Hon. Bernard S. Rodey, and express our appreciation of the able work done by him in the first session of the Fifty-seventh congress; and we likewise most cordially endorse his untiring, persistent and effective efforts in behalf of statehood for the Territory of New Mexico—so long deferred—and congratulate him upon his marked success in passing the omnibus statehood bill through the national house of representatives, and, with renewed zeal, we again pledge our united aid and support to him in procuring the passage of the said bill by the United States senate into a law.

We also express our appreciation of the vigilant manner in which our delegate in congress defended the rights of the people of the Territory of New Mexico against what is known as the "Stephens Bill," through whose efforts in this behalf we believe said iniquitous measure to have been defeated.

We also express our thanks to our delegate for the courteous, efficient, prompt and impartial manner in which he has attended to the many demands of his constituents, and in actively looking after any and all legislation affecting the territory or its people.

We likewise endorse the efficient, practical and economical manner in which our county's affairs have been conducted by the present republican officials, and congratulate the city of Albuquerque upon the election of a republican and a business man as mayor.

We denounce the democratic central committee of this territory for their uncalculated threat to defeat the passage of the omnibus statehood bill in the United States senate, for the reason that said bill does not contain a provision guaranteeing a minority representation on election boards, and other reasons set forth in the resolutions of the democratic central committee passed at a meeting of said committee recently held in the city of Albuquerque, because such subjects should be regulated and such rights reserved by the constitution to be submitted to the people for adoption after the said enabling act shall have become a law.

And the republicans of the county of Bernalillo in convention assembled unanimously pledge the delegates elected at this convention to the territorial republican convention to be held at Raton on the 10th day of October, 1902, for the nomination of a delegate to congress, to use all their efforts and influence in support and aid of the re-nomination of the Hon. Bernard S. Rodey as the republican nominee of said convention to succeed himself as delegate to the Fifty-eighth congress.

ARE DETERMINED

Nothing to Indicate End of the Strike.

CITY OF DUBLIN MAKES PROTEST.

Anglican Church Prohibits Marriage in Certain Cases.

SEVERE FROST IN STATE OF NEBRASKA.

Indianapolis, Ind., Sept. 12.—In response to a message sent by the News, John Mitchell, president of the miners' organization, today replied as follows from Wilkesbarre:

"There is nothing to indicate an early settlement of the anthracite strike."

Miners Pass Resolutions.

Pottsville, Pa., Sept. 12.—Local branches of the United Mine Workers adopted resolutions expressing the intention to remain on strike until ordered back to work by National President Mitchell, or by a convention of mine workers.

Statement by President Mitchell.

Wilkesbarre, Pa., Sept. 12.—The following statement was issued by President Mitchell:

"Milton T. Robinson, Wm. J. Zerby and Geo. W. Coyle, representing the state legislative board of railroad employees, called upon me and we discussed the advisability of forming a joint legislative board to be composed of representatives of the railway men and of the bituminous and anthracite miners. We also discussed the anthracite coal strike, and the representatives of the railroad men assured us of their cooperation in every manner possible in bringing about amicable adjustment or in prosecuting the strike to a successful issue."

Dublin Protests.

Dublin, Sept. 12.—At a meeting of the corporation today, called to deal with the action of the government in proclaiming Dublin under the crimes act, a resolution was adopted protesting against the "outrage and insult offered the citizens of Dublin in proclaiming the city, in which, in proportion to the size of its population, there was less crime than in any other city in the world."

MARRIAGE QUESTION.

Anglican Church Prohibits Marriage in Certain Cases.

St. Johns, N. B., Sept. 12.—Marriage and divorce regulations caused a lively discussion at the session of the general synod of the Anglican church sitting at Montreal.

Several delegates from this section proposed new legislation, but no decided changes were made. The synod, however, voted to prohibit a man marrying his deceased wife's sister, or deceased wife's sister's daughter. This action will be binding upon all priests of the Anglican church in Canada in solemnization of matrimony.

The house of bishops declared in favor of prohibiting the remarriage of divorced persons. The clergy supported the bishops 31 to 7, but the laymen declared against it, 15 to 9. To confirm the measure an affirmative vote was necessary from both orders.

Frost in Nebraska.

Omaha, Neb., Sept. 12.—Twenty-six degrees was the mark registered by the thermometer this morning, and frost is reported throughout the state. It is believed that the corn crop generally is beyond the danger point.

OIL ON FIRE.

Beaumont Oil Wells Blazing and Loss Running in a Big Sum.

Beaumont, Texas, Sept. 7.—The fire which started last night in the Beaumont oil fields is still burning.

Carelessness caused the disaster. A man, whose name can not be learned, went into the settling tank of the Keith-Ward tract on Spindle Top with a lighted lantern and an explosion followed. The man escaped with serious burns, but a moment later the tank burst and the blazing oil spread over the Keith-Ward tract of ten acres. Derivicks burned like tinder. Numerous small w. a. settling tanks also burned away a blazing piece of timber floated

away about 200 feet into the Higgins Oil & Fuel company's tank No. 2. This tank is built of steel and holds 3,750 barrels of oil. The oil is still burning. This morning the fire fighters were organized and succeeded in keeping the blaze confined to the Keith-Ward tract, though other parts of the field was frequently threatened.

Fire in Oil Fields.

Beaumont, Texas, Sept. 12.—Fire in the oil fields is still raging. Higgins' 37,000 gallon tank is burning. The Woods gusher is shooting a column of flame fifty feet high and gas escaping from other wells is burning. The fire has been confined to the Keith-Ward tract, on which all the tanks burned. The damage is estimated at \$100,000.

Work of a Fiend.

Pierce, Neb., Sept. 12.—Last night Gottlieb Niegendfand shot and killed his former wife, Mrs. Anna Peters, shot six times at Albert Breyer, her father, who died this morning, and shot the wife of Breyer in the shoulder, perhaps fatally wounding her. Niegendfand later met Mrs. Peters' sister, Lena Breyer, and attempted a criminal assault.

United States District Judge.

Washington, Sept. 12.—The president appointed Representative George W. Ray, United States district judge of the northern district of New York vice Alfred Cox, who has been appointed United States circuit judge. Ray was Senator Platt's candidate.

Dead.

Litchfield, Conn., Sept. 12.—Chas. B. Andrews, ex-chief justice of the supreme court of Connecticut, died today of heart disease.

POISONOUS FANGS

Of a Rattlesnake Driven Into the Left Leg of W. S. Hopewell.

APPLIED TOBACCO AND WHISKY.

W. S. Hopewell, general manager of the Santa Fe Central, came down from Santa Fe last night and today is talking Albuquerque Eastern with the local stockholders of that road.

Mr. Hopewell is suffering from a rattlesnake bite in the left ankle, received a few days ago while inspecting a coal mine in the San Pedro mining district. Mr. Hopewell, accompanied by Senator Arthur Kennedy, president of the Pennsylvania Development company, were making a trip from the company's field headquarters at Antelope Springs, along the line of the Santa Fe Central railroad to Santa Fe, inspecting various mining properties owned by the company while en route.

At Una de Geto, a small place about eight miles west of San Pedro, the gentleman went into a coal shaft to make a thorough investigation of the property. They had not entered more than ten feet, when Mr. Hopewell was startled by the vigorous rattle of a rattlesnake. As it was very dark and they were bent on the work in hand, the snake's warning was not regarded seriously, and consequently Mr. Hopewell stepped on it and it struck him. As the trousers Mr. Hopewell wore were very heavy, the snake's fangs did not penetrate very deep, making only a slight and not dangerous wound. As medical assistance was not to be had, a cigar stub was temporarily bound over the wound, and with a little whisky proved to be an excellent remedy. On reaching the wagon they drove to San Pedro, where the wound received professional care.

The only inconvenience Mr. Hopewell feels today from his experience is that the ankle joint is a little stiff. The gentleman attributes his quick recovery to the cigar stub and his unusual physical vigor.

Panama Revolution.

Washington, Sept. 12.—Secretary of the Navy Moody has received the following cablegram from Commander Potter, of the Ranger:

"Panama—Received cipher message saying: 'Revolutionists near railroad line. Situation serious. Transit across isthmus still open.'"

Investigating Scandal.

St. Louis, Sept. 12.—The grand jury today resumed the investigation of the city lighting scandal.

Because of the statute regulating bribery in Missouri, the lighting bill will be outlawed in forty-five days. Indictments must be framed within that time to be effective.

Charles F. Myers, mayor of the city, is at San Marcel on business connected with his hardware company.

DIED FROM POISON

Cotton Pickers Inhaled Paris Green Dust.

BOSS SHEPHERD REPORTED DYING.

Haytlen General Tried by Court Martial and Executed.

NEW JERSEY WOOLLEN MILLS BURNED.

Paris, Texas, Sept. 12.—A report has been received here of the wholesale poisoning in the Klamia region, Indian Territory.

A farmer recently applied Paris green to the cotton in his field where the worms were doing damage. Three or four days ago seven cotton pickers, four men and three women, went to work in the patch where poison had been applied. Late in the evening they became sick and during the night all are reported to have died. Their deaths are said to have been caused by inhaling the dust from the poison.

Death of Shepherd.

Washington, Sept. 12.—The condition of Alexander R. Shepherd, former territorial governor of the District of Columbia, is alarming. Telegraphic advices today to Grant Shepherd, a son, in this city, announced that the ex-governor is steadily losing ground.

A private telegram received this afternoon announces the death of Ex-Governor Shepherd at Batopilas, Mexico this morning.

Firminist General Executed.

Port au Prince, Sept. 12.—General Chicoye, of the Firminist forces, who was defeated at Petit Goave, August 8, and set fire to that town before evacuating it and who was subsequently arrested, was executed at Jacmel, September 10, after having been tried by military tribunal.

Mills Burned.

Bridgeport, N. J., Sept. 12.—The Lake Woollen Mills factory, of which J. Edward Adickes, of Delaware, is the head, was destroyed by fire today, entailing a loss of \$100,000. The weavers have been on a strike about a week. Many had, however, returned to work.

COLORADO REPUBLICANS.

Rousing State Convention in Session at Denver.

Denver, Colo., Sept. 12.—The republican state convention met in Coliseum hall with all delegations from all the counties.

There were numerous candidates for the offices, and when the convention was called to order by State Chairman Fairley not even the temporary chairman had been agreed upon. For this place Judge N. Walter Dixon, of Pueblo, and Dr. John Grass, of Trinidad, were placed in nomination, but when the seconding speeches were made the sentiment seemed so strong in favor of Dixon that Dr. Grass withdrew and the selection of Dixon was made by acclamation.

Judge Dixon eulogized the late President McKinley and endorsed the administration of President Roosevelt, but devoted the greater part of his speech to state issues.

A communication was presented from the Colorado Woman's Republican club asking that women be given the office of auditor instead of superintendent of public instruction as formerly.

There being no contests the temporary roll of delegates was made permanent, and after the selection of committees on permanent organization and rules and resolutions, at 1 o'clock the convention took a recess till 3 o'clock.

Fatal Accident.

Denver, Colo., Sept. 12.—Mrs. Clara Banks, aged 26, wife of J. D. Banks, was killed today in a runaway accident. Her husband and his father were bruised but not seriously hurt. They were driving from home to their real estate office when the horse ran away.

[The J. B. Banks above referred to is a brother of C. B. Banks, formerly of this city, when he was employed in the Munsterman shoe store. He is now a partner in the real estate business with the brother who was seriously injured.]

Russian Ambassador Returns.

St. Petersburg, Sept. 12.—The official gazette today publishes a receipt from the czar according to the desire of Baron de Staal to retire from the Russian ambassadorship in London on the ground of impaired health, and appointed him a member of the council of the empire.

WASTED MILLIONS.
One illustration of the expense of militarism has just been demonstrated in Germany. For many years the tax payers have been contributing to the erection of the fortifications at Posen, until in all about \$50,000,000 has been expended. The emperor has now decided that these fortifications are useless, after all, and has ordered that they be dismantled. This will cost a few millions more, but the people will gladly pay it because it restores to them a large area which may be made useful in the increased growth of the city.

AN APT PHRASE.
Secretary Shaw, in a recent speech, coined a phrase which is strikingly apt. He was discussing the fallacy of the democratic position that tariff reduction, as we had it in the Wilson bill, would destroy the trusts. Mr. Shaw remarked that a tariff for revenue would break up the trusts only in the sense that "a fire in a wheat field would destroy Canada thistles." This is a remarkably apt illustration. To destroy the industries of the country would destroy the combinations of industry, as the flames in a wheat field would sweep away both the grain and the thistles. The remedy is worse than the disease. Proper regulation of trusts is what is needed, not the destruction of our industries themselves.

THE PRESIDENT IS RIGHT.
President Roosevelt is a worker. He has always been a worker. Were he a millionaire, with his money invested in government bonds, he would continue to work every day. He believes in work, not only for himself but for all who are able to labor. In one of his New England speeches this week the president was emphatic in the declaration that all boys and girls should be taught to work. For the most part the people agree with him. Tramps and lazy persons will object and butterflies of fashion will think it "awful," but work is needed by every man and woman.

Work is essential to good citizenship, to the building up of character and to the progress of the world. The president sets an example in being busy which is worthy of emulation by all.

FINANCIAL FAILURE.
The Charleston Exposition was not a financial success. The receipts from admissions for the 150 days it was open aggregated only \$148,112, or less than \$1,000 per day. The total receipts from all sources, including government and city appropriations, amounted to \$578,000. The expenditures reached \$1,208,000, leaving a deficit of \$230,000 yet to be made good. Stockholders and bondholders have lost all they invested in the enterprise.

UNPOPULAR AND UNSOUND.
Dr. E. Benjamin Andrews, in a recent address at the University of Chicago, declared that the families of poor people should be limited in number. This attempt to revive in a new form the Malthusian theory seems not to be favorably received by the press and public. Andrews is too sincere a man to be charged with being intentionally sensational, but he succeeds in producing the effect without intention. In this fresh young country wherein practically all the virtue and brains have come from so called poor families Dr. Andrews' suppositions are out of place.

PIN-MAKING INDUSTRY.
One of the secrets of the census of 1900 are being unveiled. Many interesting statistics are now seeing the light of day, especially in trades and industries which have hitherto received but little attention. A recent bulletin gives some very interesting facts with reference to the pin-making industry—an industry which is small in one way but immense in another. No less than nine billions of these useful little articles were manufactured and used during the year 1900, which means an average of 130 pins to every man, woman and child in the nation. The census agent found forty three factories employing 2,350 people. Of the manufactured product 64 per cent came from Connecticut, and the remainder was divided over the rest of the country. The chief mystery, however, will continue to be what becomes of these nine billions of pins that are manufactured year in and year out in this country.

CANNED POTATOES.
Such a potato famine as that of last year will not be repeated, if the news from Charleston, S. C., is true. "Dried potatoes" is the name of a new product evolved by the South Carolina agricultural experimental station. The potatoes are boiled, peeled and evaporated in a can, and will remain in perfect condition for years. The preserved potato becomes fit for eating after being soaked in warm water for an hour. Like many other new ideas, this promises to be a big thing. It will be a help for the farmer and it will, by storage of potatoes, in canned stock, decrease the liability of a total potato famine.

FIGHT ON CATRON.
The New Mexican comes out of the mud and drops into the administration.

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or what is practically the same thing, let him be dyspeptic, and his muscle would soon fall. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength. "I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and hygienic rules. I carried out these as best I could, bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in my stomach, my nose seemed to be running, I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

RAILWAY ACCIDENTS.

The report of the interstate commerce commission, issued a few days ago, shows a low rate of mortality through railway accidents among passengers, but a high one among trainmen. Out of the 607,278,121 passengers carried during the year ending June 30, 282, or one in each 2,153,469, were killed and 49,211 injured. The mortality was thus one in every 136, and the injuries one in every thirteen. However, this record is an improvement on that of the year 1899, when one trainman was killed for each eleven employed. The improvement is undoubtedly due to the enforced adoption of automatic couplings on all railroad cars, which the companies for years endeavored to avoid.

VETERAN CONGRESSMAN.

Congressman Galusha Grow, who has been elected for many years "the father of the house," has announced that he will not again be a candidate for office. He is now 89 years old and his term of service stretches over a much longer period than that of any other member. His public career dates back to historic times. He was first elected in 1851 and served continuously until 1863, having been elected speaker during the troublous days of '61. He retired after the war, but was again elected in 1894 as congressman-at-large and has served ever since. As a result of the reapportionment following the last census, the office of congressman-at-large was abolished in Pennsylvania, and though Mr. Grow might have a particular district of his own he indicates that he will not run again.

PUBLIC DEBT PER CAPITA.

According to a paper just issued by the bureau of statistics of the treasury department the public debt of the United States is now \$12.97 per capita. This is the lowest point it has reached in many years, and is lower than the debt per capita at the beginning of the nineteenth century. During the long period before the civil war, however, the debt was almost wiped out. It was figured at 21 cents per capita in 1840, after which there was an increase to \$2.67 in 1854. The highest point reached was in 1865, when it stood at \$76.98. Considering both its obligations and its resources there can be no doubt that the finances of the United States are in sounder condition than those of any other country. All that is necessary to keep the administration of affairs of the nation in the hands of those who pay debts instead of issuing bonds in time of peace and the debt of the nation will continue to be reduced.

RODEY'S GOOD WORK.

The New Mexican says that 357 members of congress, and 88 United States senators, went home after the adjournment of the first session of the fifty-seventh congress, everyone of them knowing more about New Mexico than they ever knew before. The citizens from New Mexico, Oklahoma and Arizona, who are visiting their former homes in their several states, or who are taking vacations, meet these men all over the land, and everyone of the congressmen and senators admit that there was a great fight made for statehood, and that the battle is virtually won. The delegates did it, and New Mexico's delegate did his share. More power to you Rodey! There won't be

fireworks enough in the territory to celebrate the event when the bill passes next December.

THE EVENING PAPER.

Advance sheets of the second annual report of the new Associated Press, made by the directors to its members, offer an interesting study in respect to the growing popularity of the post meridian newspaper as a business investment. Out of thirty new papers added to the membership roll of the organization in the twelve months elapsing since the previous report only seven are morning dailies, the remaining twenty-three being published in the afternoon.

This large percentage of increase in the evening field over that of the morning argues that the number of people interested in getting the news the day it happens is constantly growing.

The total production of refined lead in 1901 amounted to 381,688 short tons, compared with 377,679 short tons in 1900. Of this total production in 1901, the net American production was 270,700 short tons, almost exactly the same as in 1900.

The total imports of copper in the United States in 1901, from all sources and in all forms, amounted to 124,938,323 pounds, as compared with 103,895,626 pounds in 1900, with 93,172,191 pounds in 1899, and with 50,268,499 pounds in 1898.

At the Union county democratic convention held in Clayton on Monday, the delegates to the territorial convention at Albuquerque, October 13th, were instructed to support Hon. H. B. Ferguson as their first choice for delegate to congress.

The New York tube railways in underground London will operate 1,000 cars, and increase the underground traffic of the British metropolis from 50 to 100 per cent. The underground railways there now carry about 200,000,000 passengers a year.

Porto Rico took from the United States in the fiscal year 1902, merchandise valued at \$10,719,444, compared with \$1,988,585 in 1897, and that the shipments to the United States from Porto Rico in the fiscal year 1902 were \$8,297,422, compared with \$2,181,024 in 1897.

The trusts can no more withstand the power of public opinion than could the Spanish fleet withstand Dewey. It is inevitable that the people must have and retain control of these mighty engines. It is useless for the trusts to "declare war on Roosevelt." Roosevelt is more than a mere individual. He has the masses of the people with him, and the masses of the business interests outside of those centers dominated by the promoters of trusts.

LUNA COUNTY DEMOCRATS.

County Committee Organized and Delegates to the Territorial Democratic Convention Chosen.

The democrats of Luna county have organized by electing the following precinct committeemen: Precinct No. 1, Deming, J. A. Mahoney; No. 2, Lower Mimbres, Drew Gorman; No. 3, Cooke, H. R. Nunn; No. 4, Cambray, John Smyer; No. 5, Columbus, S. S. Buckfield; No. 6, Hermanson, E. W. Faulkner. J. A. Mahoney was chairman of the convention that elected these committeemen and W. H. Glinney, secretary. The convention elected the following as delegates to the democratic territorial convention at Albuquerque: William Cotton, George L. Shakespeare, Frank Thurmond, A. J. Clark and S. Lindauer. The democratic central committee as above, has not as yet met for organization, but pending such meeting, J. A. Mahoney was authorized to act as its chairman.

CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor, for Cancer often runs through several generations. This deadly poison may lay dormant in the blood for years, or until you reach middle life, then the first little sore or ulcer makes its appearance—or a swollen gland in the breast, or some other part of the body, gives the first warning.

To cure Cancer thoroughly and permanently all the poisonous virus must be eliminated from the blood—every vestige of it driven out. This S. S. S. does, and is the only medicine that can reach deep-seated, obdurate blood troubles like this. When all the poison has been forced out of the system the Cancer heals, and the disease never returns.

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows:

"A small lump came on my jaw about an inch below the ear, on the left side of my face. It grew no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and itch; it would bleed a little, then grow hard and began to swell, becoming very painful. The Cancer began to eat and spread, and it was as large as half dollar when I heard of S. S. S. and determined to give it a fair trial, and it was remarkable what a wonderful effect it had from the very beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Cancer, and my general health continues good.—Mrs. S. Shirer, La. Place, Mo."

S. S. S. is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease, and write our physicians about your case. We make no charge for medical advice. Write to Dr. J. C. Smith, St. Louis, Mo.

PAINE'S CELERY COMPOUND

Permanently Cures Sick and Nervous Headaches That Make Life Miserable.

Sick and nervous headaches are amongst the worst ills of life. The man or woman who is subject to headache at irregular intervals, goes through life bearing a load of misery and wretchedness that is terrible to think of.

Headaches as a rule, result from a disordered condition of the nervous system. Mental excitement, loss of sleep, bodily fatigue, and disordered digestion are exciting causes. When the brain becomes tired and debilitated, the whole nervous system is weakened, and headaches result. If the liver is sluggish, the kidneys inactive, and digestion deranged, headaches invariably follow. To cure and prevent headache, the nervous system must be strengthened and vitalized. The most persistent cases of headache, nervous feebleness and sleeplessness, are permanently cured by Paine's Celery Compound; it is the great reconstructant of the nervous system.

Mrs. Henry Westrick, St. Clair, Mich., tells of her release from suffering as follows:

"I have been troubled with dyspepsia and sick headache for a number of years. About every week I would have a bad spell of sick headache, but since I began using Paine's Celery Compound, my dyspepsia is gone, and I do not have any more headaches. I feel better than I have for years."

POLICE COURT.

Justice Crawford Entertained a Fine Lot This Morning.

A native boy who wanted to whip a policeman at a dance hall on South Second street Saturday night was fined \$5. He had the money.

Frank Dowland, a coal miner from the coal fields of Pennsylvania, arrived in the city last night. He collected a few cents and proceeded to get on a jag. He got on a small part of a load and ran into the real thing—a policeman. He will improve the streets for ten days.

T. F. Brown has come two terms of short duration in the big pen at Santa Fe. He finished his last term on last Friday. On being released Brown immediately returned to Albuquerque and swore vengeance against Sheriff Hubbell and City Marshal McMillin. Brown was copped last night in an intoxicated condition by Policeman Rossi. His familiar face appeared before Justice Crawford this morning. The judge gave him his choice between sixty days in the county jail or "fly the town" in two hours. He took the latter.

The Best Prescription for Malaria.
Chills and fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteful form. No cure, no pay. Price, 50c.

Advertising the Fair.

W. T. McCreight, business manager and city editor of the Albuquerque Daily Citizen, accompanied by his wife and sister, Mrs. H. W. Hendricks, and son, Master Hyda, of Shelbyville, Ky., arrived in this city Wednesday on their way to the Grand Canyon, where several days were spent, they expecting to return east today. Mr. McCreight was a pleasant caller at the News office during his stop here Wednesday, and stated that he was surprised, astonished, at the growth of Williams since his visit here some years ago. After visiting our large stores he was extravagant in his praises of them, saying that he had never, in all his travels through the southwest, visited a town anywhere near the size of Williams which could boast business houses carrying such stocks so tastefully arranged as here—to which we say amen! He, however, lost no opportunity to speak a good word for Albuquerque and her coming annual territorial fair, which will occur from the 14th to the 18th of next month. On his return home Mr. McCreight will publish an illustrated article descriptive of his trip and impressions along the way, which will appear in the Citizen early next week.—Williams News.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

Prof. Jones in the Oscuras.

Prof. F. A. Jones, of Albuquerque, who left Socorro a few days ago for the Oscura mountains, writes that he is having both a pleasant and a profitable time, says the Chief Clerk. It seems that rain has been abundant and that grass is fine in the Oscura district. Professor Jones is enthusiastic over

the deposits of hematite iron ore in which he is interested in the Oscuras. He says that the deposits are of such immense extent that they are sure to attract the attention of capitalists. He states that the ore carries 68 per cent of iron, which makes it the best ore he ever analyzed. The theoretical percentage of iron for this class of ore is 70. Professor Jones makes the unqualified statement that these deposits surpass any other west of the Mississippi River.

Typographical Union.
Albuquerque Typographical union No. 304 met in Odd Fellows' hall yesterday afternoon in regular session and initiated J. W. Sullivan and Thos. Hughes, Jr. The following officers were elected:
President—G. L. Hopping.
Vice President—E. J. Barnum.
Secretary—Harman Wynkoop.
Executive Committee—James S. Black, Frank Strouther and H. L. Dunning.
Sergeant-at-Arms—Wm. Vaught.

MISSING MINISTER.

Thought He May Have Come to New Mexico.

A Kansas City wholesale drug firm has sent the following notice to J. H. O'Reilly & Co.:

Rev. Arthur R. Teal, a Presbyterian minister, left his home at Katonah, N. Y., August 12, 1902, and has not since been seen. It is thought that from overwork and study his mind has become unbalanced. He is a gentleman of high character and devoted to his family, who are in the deepest distress on account of his disappearance. He may have gone to New Mexico or Arizona, as he had been talking of missionary work there.

His height is about 5 feet 10½ inches, dark brown eyes and hair, (though quite bald for a young man), quite full under lip. Wore a light Scotch tweed suit and straw hat with dark blue band.

Any information concerning him will be thankfully received by Mrs. Arthur R. Teal, Katonah, N. Y.

Novel Races.

Among the numerous novelties and "events" in a performance of Buffalo Bills' Wild West, amusing and curious races are conspicuous features. Some of them could not possibly be duplicated by any other organization for popular entertainment in the world. Take, for instance, that one between a cowboy, a Cossack, an Arab, a Mexican, a Gaucho and an Indian, mounted on bronco, Russian, Arabian, mustang and Indian horses. And, in this arena, it will be remembered, all is genuine, exactly what it is represented as being. Limitations belong to the circus and theater. Buffalo Bill comes here on October 3.

RAILROAD OFFICIALS.

They Held a Meeting at the Alvarado This Morning.

Quite a large gathering of prominent Santa Fe railroad officials held a consultation at the Alvarado this morning. Among them were Third Vice President J. W. Kendrick; Arthur G. Wells, general manager of Santa Fe coast line; F. J. Shepard, general superintendent of coast line; Division Superintendent J. F. McNally and I. L. Hilbard, and Judge C. M. Sterry, general solicitor for the coast line. All of the gentlemen excepting Judge Sterry arrived yesterday and spent last night here. Judge Sterry arrived on passenger No. 2 this morning, and was present at the meeting, which was held between 9 and 10 o'clock. A few minutes after 10 o'clock a special train went west carrying the visiting officials, excepting Judge Sterry, who will remain in the city a couple of days. The business transacted this morning at the meeting was of such nature that it will not be made public.

Colorado Springs, Sept. 10.—At 1 o'clock Dr. Rice, attending physician of W. S. Stratton, issued a bulletin stating that the patient was in a very critical condition, but heart action was good. The millionaire had his will drawn up this morning.

Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has been spared much of the anguish of childbirth, Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear rating or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

EDITORIAL NOTES.

The republicans of this territory should get all together at the November election.

Governor Otero is doing everything in his power to advance the best interests of New Mexico.

The anti-imperialist party has formally decided to go out of existence, and Boston will try to live it down.

Organization has its unquestioned advantages and will always be the system under which great parties will be conducted.

Let us hope the country is not in so deplorable condition as the writers of the democratic congressional campaign book would have us believe.

The democratic congressional campaign hand-book has made its appearance. It devotes 115 pages to "imperialism," and 125 pages to the trusts.

The new constitution of Alabama has succeeded so well in disfranchising the blacks that this year only 2,500 negroes in the state are qualified voters.

President Palma is philosopher enough to know that any other man in his place would be unable to appease all the Cuban newspapers or even half of them.

It is reported that during the first six months of this year 954,000 foreigners visited the city of Rome and that the revenues derived from them amounted to \$70,000,000.

Three famous league base ball teams will contend for the pennant at the territorial fair. The best ball games ever witnessed in the United States will take place on that occasion.

Delegate B. S. Rodey will be nominated by acclamation at Raton, and his nomination will be made unanimous by Charles A. Spiess, who will make the best speech of his life on that occasion.

Las Vegas having secured a league base ball team for the territorial fair, Rand & McNally have been instructed to place that city again on the map of the United States, with a foot note that it is the second best town in New Mexico, and that Colonel Twitchell could carry Albuquerque for delegate to congress.

The number of Chinese in this country, as the census figures show, is steadily and rapidly declining. Still, the authorities are wise in taking measures to guard the frontiers on our northern and southwestern borders a little better in the future than in the past, in order to keep the Celestials out.

There is not a department of the government which does not show the good results of having a young, wise, fearless and energetic man in the White house.

The government's receipts during the past week have exceeded its expenditures by about \$4,000,000, the largest surplus of any week for the current fiscal year.

When asked the other day to pose for a photograph, J. Pierpont Morgan said he wouldn't do it for \$5,000,000. Any one who has ever seen Morgan's nose will be surprised that he did not say \$10,000,000.

The first country to recognize the political status of the United States by sending a minister to this country was Spain. In 1785 she appointed Diego de Gardoqui minister plenipotentiary to the United States.

The latest proposition is a candy trust. It is not surprising to hear that the scheme is meeting with difficulties. If the trust makers get hold of candy and millinery they will know what real trouble is, for the women will be after them, and then—look out.

This city should hold a meeting and liberally aid the stricken people of the Mimbres valley. Governor Otero has issued a proclamation urging the people of the territory to help the flood sufferers of the Mimbres, who have been left entirely destitute.

Emperor's William's advice to the Germans to lay aside their inherited

tendencies to engage a party arife and to work together for the good of the country might be heeded with profit by Americans. Less politics and more genuine patriotism would not hurt.

We may expect an epidemic of challenges of duels in France since it has been decided that wax bullets may be used by combatants instead of lead ones. The mark left by the bullet will indicate who is to do the apologizing and will show whose honor is a-v-a-n-g-e-d.

At the latest populist convention in Kansas there were seven delegates. They probably considered themselves the seven wise men of the world, but they will be wiser still before long, and succeeding conventions will have the wisdom concentrated on still fewer heads.

These suits against the various trusts do not prevent Mr. Pierpont Morgan from pushing ahead with his scheme to consolidate all the Southern railroads. He knows that the average state's attorney will draw a complaint that can be rattled when it finally gets into court.

Some regard for propriety was manifested a few days ago by a widower in Kansas. Just two weeks after burying his wife he married another, and several of the neighbors came to serenade him with tin horns. The discordant racket brought him to the door and he said: "You ought to be ashamed to make such a noise at a house where a funeral has been so recently held."

A man subject to fits was once picked up on the street in Washington and taken to the emergency hospital. When placed on the operating table the doctors found, tattooed on his breast, the line, "Please don't operate for appendicitis. I have had my appendix removed three times."

It is the snotty nosed little papers that make the most political noise.

"Many people who have a reputation for being contented," says the Atlanta Sage, "are only lazy."

Field Marshal Wolseley sticks to his statement that the United States army surpasses that of any other nation in the world.

The democrats are building upon a hope that prosperity will soon come to an end. Two years ago they were insisting that it was not here.

Congressman Cannon believes in Uncle Sam building instead of renting postoffices. It keeps the flag flying, saves money and pleases every patriotic American, locally and nationally.

The Santa Fe valley this year has produced a large fruit crop. The peaches grown in Santa Fe are the largest and best flavored to be found anywhere.

The public schools of this city are crowded with pupils, clearly showing the rapid growth of the community. More school houses must be built in the near future.

A bunch of anarchists met in New Jersey the other day and resolved that this is a "bum republic." This is an opinion that might possibly be derived from a residence in New Jersey, but if the republic is so bum, why don't the anarchists hike out to some other country?

The republicans of San Miguel county will hold their county convention to select delegates to the republican territorial convention at Raton, at Las Vegas, September 29. The convention for the nomination of a county ticket will, it is understood, be held about the 15th of October.

The United States geological survey has undertaken to determine whether polluted water will purify itself after flowing a given distance. Experiments are being made in the streams of the Mississippi valley. The survey has been prompted to take up the work by the litigation between St. Louis and Chicago, which has grown out of their drainage canal into the Illinois river.

In New Mexico at this season of a political campaign the newspapers assert with a great deal of positiveness that the political parties are torn into small pieces by factional fights. However, when the votes are cast in November it is nearly always found that the reported ruptures existed in the minds of the newspaper writers, and had little solid fact.

From the equator on either hand to the Arctic and the Antarctic the mosquito is irrepressible. In the tropic jungle, as among the icebergs, it is equally pestiferous. In Alaska, as in Las Vegas, the venomous insect makes life a burden to man and beast alike. Cold that stiffens the mercury in the tubes does not put an end to this plague, and the poisonous creatures revel in the extreme heats

Notable Address.

The subject of Rev. Williams' address last night at the Highland Methodist church was "The Young Woman and Her Company." A large audience greeted the evangelist, having learned that anything Mr. Williams has to say is well worth hearing. He took the high ground in beginning his address that a young woman's destiny is largely within her own control. The proper place, said the evangelist, for woman, is where her ability and duty call her. If man can not hold his own, let him go down before her. Why should there be two standards—one for man and one for woman? The Bible recognizes but one standard of right living, and it applies to male and female alike. Woman will never do her full duty until she demands the same standard of purity from men, that men demand of her. In speaking of marriage the evangelist urged the young ladies not to keep company with young men who have a fondness for liquor. Don't imagine you can reform your husband, if as your sweetheart your entreaties go unheeded by him. The young man who does not reform for his best girl will certainly not do so for her when she is his wife. The address was packed full of good advice and will no doubt have a wholesome effect upon his hearers. Hear him tonight on "The Last Invitation." Everybody welcome. Invite your friends and take them with you.

TOWNS OF LAS VEGAS

BY SPECIAL CORRESPONDENT

Las Vegas, N. M., Sept. 10.—John A. Schoen is no more. He passed to his reward yesterday evening at 4:45, surrounded by his wife and children. Mr. Schoen's life just flickered out, he dying easy and without a struggle, succumbing to the disease, tuberculosis, which has had a death grip upon him for years. Many are the friends today mourning the loss of a quiet faithful friend. The deceased came here last November from Chicago, his home, looking for relief from the disease which caused his death. He had been here in 1897, and went home almost well, but like many other advanced cases who find relief in our climate, and return, he grew worse back in Chicago, and when he returned to try the benefits of the climate a second time, he found little or no relief. He had been confined to his bed for several weeks, getting better, then worse. Yesterday, he thought he felt better, but it was only a temporary feeling, and in the evening the wick in life's candle burned fainter and fainter, and finally gave out altogether. Mr. Schoen has been living with his wife in one of the Lowry houses on Sixth street, in this city. He was manager of the Crystal Ice & Cold Storage company, and treasurer of the Columbia Hardware Lumber company, doing business at 65 Southport avenue, at the foot of C street, Chicago. It is the company in which his father and brother are interested, and they have quite an extensive warpage on the Chicago river. Mr. Schoen had not only the tender and loving care of a devoted family, but a Chicago professional nurse. During yesterday afternoon, Father Ferreri, S. J., of the west side, was also with him. Mr. Schoen was 35 years of age, and the remains were shipped by Undertaker Dearth to Chicago this afternoon on No. 2, the bereaved family accompanying the remains.

The stockholders of the Galena Mountain Mining company held their annual meeting in the law office of E. A. Chaffee on Tuesday and the following officers were elected: E. A. Chaffee, president; W. J. McGinnis, vice president and secretary; and W. B. Murphy, treasurer; G. A. Bennett, general manager.

From the Progress.

There is plenty of room for a picnic factory in the Mesilla valley.

Las Cruces, for its size, is the best shipping point on the Santa Fe this side of the Mississippi.

Jose R. Lucero, sheriff, was appointed this week to the regency of the Agricultural college by Governor Otero.

The Las Cruces Amalgamated association of Ping Pongers have some exciting games at their club rooms.

Judge A. B. Fall came up from El Paso Thursday night and Friday morning left for Gold Camp, accompanied by two expert prospectors.

E. K. Sykes, of Loma Parda, a prominent rancher and cattleman, has been visiting Las Cruces this week. His wife gave birth on the 3d to a bouncing boy, weighing eleven pounds. His family will remain in town for a few days.

From the Citizen.

The Rouault cannery factory started up on chili and tomatoes with a force of twenty-four girls.

Some of our citizens are kicking because of the dangerous condition of some of our bridges and threaten to sue the county if they are not repaired.

Miss Edith Davis, teacher of English at the college, after spending her vacation in Topeka, Kan., returned the fore part of the week to resume her duties.

Sister Eulalia returned from El Paso last Sunday night with fourteen young girls, all of whom entered as pupils at the academy. When asked what were the prospects for a good school, Sister replied: "We will have as many, perhaps more, than we can accommodate. We have received many applications from Texas, Arizona, Mexico and New Mexico."

GALLUP.

From the Republican.

The output of the Weaver mine for last Wednesday was 1,760 tons.

Miss Gabriele Zaczynski returned from her visit to Santa Fe on Tuesday last.

R. F. Zahn, the bustling Indian trader, is having a large addition put on to his place of business.

A flat car loaded with Western Union telegraph poles caught fire about 4 o'clock Wednesday morning. The fire alarm was sent in and the Gallup fire department turned out and soon had the fire quenched.

J. S. Bowie, Miss Agnes and Anna Bowie and Miss Blanche Mulholland, who have been spending some weeks at the famous Jemez Hot Springs, returned home last evening, coming in across the country by wagon.

B. Sleyster, the well known insurance man of Albuquerque, was here last Thursday and Friday on a business jaunt. Mr. Sleyster has many warm personal friends here who are always pleased to welcome him to the coal city.

Miss Sarah Dugan returned to Phoenix last Tuesday morning, her brother, Edward, having been pronounced out of immediate danger by the attending physician, Dr. E. D. Harper.

Attorney L. L. Henry, wife and child and Miss Louise Bolton, and Judge and Mrs. J. R. Brown, who had been visiting in the Zuni mountains for a week or so, returned home Tuesday. They were well pleased with their outing.

We learn from reliable sources that a Swede colony will soon be located in the vicinity of Ramah. The trip of Major Clark M. Carr to his land and cattle interests in the Zuni mountains in company with a representative of the proposed colony, is significant. The representative was more than well pleased with the country in and about Ramah.

Mrs. W. F. Kuchenbecker has been on the sick report for several days this week. We are pleased to state the estimable lady is much improved at this writing.

Mr. and Mrs. John D. Boone and children have returned to their mountain home in the Zunis. Their young child has almost recovered from its recent severe spell of sickness.

Gregory Page and wife returned from California on Tuesday's flyer. Mr. Page reports having a fine time while absent. He took in all the sights worth seeing and says he met many ex-Gallupites while there. Mrs. Page, who had been at Point Richmond, the guest of Mr. and Mrs. E. H. Harlow, for the past few months, enjoyed her vacation from Gallup immensely.

We understand the democrats here have made arrangements with H. A. Pease, of the Hollogook Argus, to print a paper for them during the campaign this fall.

SOCORRO.

From the Chieftain.

Andy Cortes is in Santa Fe attending the Catholic school for boys.

J. P. Chase went down to El Paso this morning on business to be gone two or three days.

Prof. P. A. Marcellino has been employed to teach in San Antonio during the next year.

Miss Daisy Wentworth left Tuesday for San Antonio, where she has accepted a position as teacher for the school year about to open.

John Blinn returned to Socorro the first of the week and, it is reported, ex-

pects to attend the School of Mines during the year about to open.

The rainfall for August as recorded at the School of Mines, was three and a half inches. This is more than the total rainfall for the first six months of 1902.

John Dobbin is reported to be about to have a ten-stamp mill installed at his Water Canyon mine. It is to be hoped that he will soon begin to enjoy the fruits of his patient labor.

Rafael Luna has been appointed local operator for the Postal Telegraph company to fill the vacancy caused by the resignation of James Wickham.

Nathan Hall was in town yesterday from his mine in Water Canyon. He reported that L. Strossi was quite severely injured Thursday by the premature explosion of a charge of powder in one of the mines of the Canyon.

It is probable that the republicans and democrats of Socorro county will agree upon a union ticket dividing the offices equally between the two parties. An agreement between party leaders to recommend such a plan to the regular conventions has practically been reached. The idea has much to commend it.

Rev. and Mrs. M. Mathieson have returned from a four months' visit with relatives in Scotland and Germany. Both seem to have been much improved in health by the trip. Mr. Mathieson says it is wonderful how people in Europe make the grass grow, but they cut it and do nearly all their farming with American implements.

Fred Wilson and Miss Bertha Saunders, of this city, were united in marriage Sunday evening. Rev. M. Mathieson officiating at the ceremony. It was expected that these two young people would be married soon, but most of their friends were taken by surprise by the event being celebrated so soon. There is no lack of good wishes for the happy bride and groom.

SAN MARCIAL.

From the Bee.

Harry Jaynes and family are home from an enjoyable visit to Long Beach and neighboring resorts.

The machinery for a thirty-ton concentrator has been ordered for the Cooney mining district in Socorro county.

Mrs. J. W. Broyles and daughter arrived home a few days since and report a delightful tour of California and pleasant visits with friends.

Fred Schey reported for duty early in the week, after a tour of the Pacific coast resorts and a vacation that has added to his weight and knowledge of the outside world.

The probate judge has been petitioned to appoint J. D. Chandler administrator of the estate of Sam Martin, the old Gila ranchman who died in San Marcial last week.

Mrs. Maude Dyer, wife of Dr. Dyer, formerly of San Marcial, has taken charge of the Hotel Montone, at Ridgeway, Colo., and promises the public a strictly first class hotel.

Carleton Post, G. A. R., added three new members to its roll on Saturday night, giving it a membership of sixty comrades in good standing, an increase of six since the beginning of the present year. The new members are William T. Guyer, Wilber B. Glidden and John H. Shufelt.

AT LAS VEGAS.

The "Knight" of the Road for the Territorial Fair.

Supplied with a car load of fair literature, both big and little, and also supplied with a sharp knife and some Faber lead pencils, the genial and petite Scott Knight, is doing some extra fine work for the territorial fair up north. In the Optic of last Saturday the following notice was printed:

The genial and petite Scott Knight, of Albuquerque, who is advance agent of the territorial fair, rides in his private car and puts on as such style as a railway magnate. One end of his car is freighted with big posters in gorgeous colors, and the other end is loaded with a corps of bill stickers to put them up. When he strikes a town he unloads some of his bills and all of his assistants and in a very short time the town looks as though there was a circus headed that way. He pulled into Las Vegas at noon today, and now every dead wall in town not already under contract stares at you in the usual manner of Albuquerque, with announcements in large type and glaring colors of the great things to be seen and heard at the coming fair.

If these bills tell the truth—and they look you straight in the eye—then the fair that begins October 14th is going to be a big thing. General Funston is going to be there, in command of the military; Montezuma is

going to come on the back of an eagle; there will be Indian dancing by 300 Navajos dressed in the well ventilated warm weather style of the reservation; fireworks showing the eruption of Mount Pelee and the destruction of St. Pierre; a baseball contest between professionals; trotting by horses with big records; bronco busting, and—space will not permit of the whole list—and railroad fare only a cent and a half a mile.

Scott says he doesn't take any stock in that theory about things coming to those who wait; on the contrary, he says, if you want things to come your way you must get up and go after them—and that's what he is doing now.

William Bayer, auditor, was here today looking over his work and his reports are favorable.

WILLIAMS.

From the News.

Mrs. William F. Dermont left for an extended visit in the east.

Forest Ranger T. F. Holden was a business visitor at Flagstaff the first of the week.

The Misses Jetty and Alma Rosenwald, of Albuquerque, were the guests of Mrs. A. Tyroler last Tuesday while on their way home from a California outing.

Mrs. Lulu Simms has opened a private school for the instruction of little children not yet ready to attend the public school.

Arthur Case, of Winslow, is a recent arrival in the city, having accepted a position at Phelan's, made vacant by the resignation of J. Seliman.

An important business change will occur next Wednesday when the firm of Twitty & Parker will be dissolved and their entire stock of goods purchased by Polson Bros.

Mr. and Mrs. John Seliman left for Walsenburg, Colo., where they expect to reside in the future, but we should not be surprised to see "Jack" drifting back again before long.

P. D. Berry and R. H. Cameron arrived in the city from Flagstaff. Mr. Berry has been suffering for the past two weeks from a peculiar trouble called "shingles." It appears to be a sort of nervous affection, causing the skin to blister, giving the appearance of a very bad burn, and is very painful.

Bob Kinser came up from Prescott, having returned from Los Angeles about a week ago. He says William Hull and Alex. Radcliff, well known here, have a good prospect about ten miles west of Prescott, on which they have four men employed at present. It is a free gold proposition, assaying over \$100. A shaft has been sunk fifty feet on an eighteen-inch ledge and about 150 feet of tunnel has been run in.

The Williams public schools opened on Wednesday with an attendance of 162 pupils. The delay of a day was caused by the absence of Professor Pilchard, of Flagstaff, to take the necessary examinations. Upon his return Wednesday, Miss Stringfield and Miss Beecher, being already here, the school bell once more called the children to attendance. Of the 162 pupils enrolled they are divided under the three teachers as follows: Professor Pilchard, 28; Miss Stringfield, 48; Miss Beecher, 26. The outlook for a good and prosperous school year is very encouraging.

FLAGSTAFF.

From the Sun.

Forest Supervisor Breen returned from a tour of inspection of the Grand Canyon forest reserve.

Local Happenings

Miss Nellie Haleside, reported as much improved, is expected to leave for the city this morning.

Miss Edith Warren, of the local Indian school, was a passenger for Santa Fe this morning.

W. H. Constable, the El Paso commission broker, is in the city with his samples of coffee and sugar.

Mrs. A. R. Armijo went to Pena Blanca this morning for a few days visit with friends and relatives.

Major Ernest Meyers, of the firm of Meyers-Abel Co., wholesale liquor dealers, was a passenger north this morning.

Department Commander J. W. Edwards went to Las Vegas this morning and will be absent from the city a couple of days.

Dr. G. W. Grove, the oculist, with his wife, will return to the city from Santa Cruz, Cal., tomorrow night. He sends word that his health has greatly improved.

S. T. Vann, director of optics and Santa Fe watch inspector, returned this morning from a business trip of several days' duration down at Deming and Silver City.

Hon. H. O. Bureau, who was down south on business, came in this morning and between trains was a pleasant caller at The Citizen office. He continued north to Santa Fe.

Mrs. Mabel Stevens-Himoe, the pianist of the school of music, is again at home and greeting her old pupils. Her work is well known and promises to be ever better under the new conditions and surroundings.

Miss Flora Hartman, an accomplished young lady of Mansfield, Ohio, arrived last night and will spend the winter in the city. Miss Hartman is a friend of the family of John Gertig, residing on West Coal avenue.

C. F. Waugh, who is now located at Trinidad, Colo., is in the city, and old friends will make his stay pleasant. He was formerly connected with Gross, Blackwell & Co., and is now in the commission brokerage business in Trinidad.

William B. Woods, familiarly known as "Bilby" Woods, who was a resident of Silver City about two years ago, died in El Paso last week. He was at the head of the Silver City base ball club when they entered the tournament at the New Mexico fair in this city two years ago.

Attorney Frank Ackerman closed a deal yesterday afternoon, whereby he becomes the owner of a fifty foot lot on West Railroad avenue, in that district commonly known as the "honey-moon row." The gentleman will erect a neat cottage on the ground which he and his family will occupy.

Those hydraulic automatic chairs at the Oak barber shop are the latest novelties in the city. They were purchased by Proprietor Hahn while in the east, and were sent in advance of his coming. Foreman Switzer says they are just the thing for a lazy man who wants to rest his legs as well as his head.

Special attention is called to the work of Miss Zearing in elementary music at the school of music of the university. She has met with great success and the school commends her to the public. In view of the crowded condition of the public schools this plan of music combined with primary education is especially good for the children.

John B. Smith and family came down from the Jemez hot springs last night and went to Las Vegas this morning. Mr. Smith is a member of the firm of Jones & Smith, flour millers at Los Lunas. The gentleman has been laid up the past two weeks with a severe case of inflammatory rheumatism. He says that he has received much benefit from his visit to the Jemez springs.

Work is progressing on the quarters of the new school of music of the University of New Mexico in the public library building. The school will occupy all of the building except the part now used for library purposes. It will be well furnished, and the university presents a strong faculty for the term commencing September 18. Students will be received for registration September 18. The new building is owned by Ernest Meyers on North Second street and on September 20 will move to Albuquerque to spend the winter.

Mrs. Louis Huning, of Los Lunas, has leased the handsome residence owned by Ernest Meyers on North Second street and on September 20 will move to Albuquerque to spend the winter.

The new house at 1095-1097 South Second street owned by A. Trosello, is being furnished for roomers. It contains twenty-three rooms and is arranged especially for the accommodation of shop employees.

A real estate deal of considerable magnitude was consummated the fore part of this week, when M. P. Stamm became sole owner of a lot of ground 92x159, and buildings thereon, located at the corner of Second street and S. I. ver avenue. The consideration is not named. The property was formerly owned by O. E. Cromwell, of New York, and Mr. Stamm, in partnership.

"Here is an old Kentuckian!" said Attorney Frank Ackerman this morning, and then introduced to The Citizen representative C. C. Harbison. Mr. Harbison arrived here a few days ago from Pleasant Hill, Mo., and will make this city his future home. His family will join him here in about three weeks. Mr. Harbison is a member of the well known Harbison family of

farmers and merchants of Shelbyville and Shelby county, Ky., but has been living in Missouri, the home of the Harbison family, for the past thirty odd years. They will make good citizens of Albuquerque, and The Citizen extends to them the glad hand of fellowship.

Sister Sebastian, of the St. Joseph's convent, announces that Mrs. Charles Winbeck drew "the lucky number," that took the lovely doll, which was raffled off to furnish funds to buy a sewing machine for the sanitarium.

Dr. W. D. Radcliffe and Charles Rankin, prominent people of Belen, were Albuquerque visitors yesterday and returned to the anticipated railroad center last night. They were accompanied by Mrs. Rankin and daughter, who arrived from the east on passenger train No. 1. The young lady is a newcomer to Belen.

Ed. Lavelle and wife returned to the city this morning from Douglas, Ariz., where for the past year Mr. Lavelle has had charge of a grading gang on the new railroad being built to that booming mining camp. They will remain here a short time, after which they will go north to Kennedy, where Mr. Lavelle will accept a position on the Santa Fe Central.

Hon. E. A. Miera, the popular chairman of the board of county commissioners, who was at Santa Fe attending a meeting of the territorial irrigation commission, returned to the city last night and today made a pleasant call at The Citizen office. He will remain over and attend the republican county convention at the court house tomorrow, and in the evening leave for Grants on the Santa Fe Pacific, where he will take his team and drive overland to his sheep ranch in the Nacimiento mountains.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at night. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Bagwell, Mo. This remedy is for sale by all druggists.

Rock Island Reorganization.

New York officials of the Chicago, Rock Island & Pacific railroad said that it was proposed to amend the financial plan of the new company by a waiver of a right to deal in the securities of the corporation, which right was conferred on the directors under the original provisions of the charter. It was announced also that before final application to list the new stocks is made the authorities of the stock exchange will be consulted in the framing of the amendment referred to.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old-fashioned castor oil. However much they may abhor it, it is their best medicine for disorders of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow. For sale by all druggists.

OFFICIAL MATTERS.

Final Homestead Entries.—Maria Estefana Lucero, Lumberton, 138 acres, Rio Arriba county; Antonia Chavez, Santa Rosa, 160 acres, Guadalupe county.

Homestead Entry.—Lewis B. Reynolds, Springer, 160 acres, Colfax county.

Field Notes Received.

Surveyor General Morgan O. Llewellyn has received the field notes of the survey of the Dora No. 1 lode claim in the Bromide district, Rio Arriba county. Also the field notes of the survey of the Pigeon lode claim in the Bromide district, Rio Arriba county. The surveys are numbered 1140 and 1141 respectively, and were made by Duane Wheeler, United States deputy mineral surveyor.

Used for Pneumonia.

Water Cure for Chronic Constipation.

Take two cups of hot water half an hour before each meal and just before going to bed, also a drink of water, hot or cold, about two hours after each meal. Take lots of out-door exercise—walk, ride, drive. Make a regular habit of this and in many cases chronic constipation may be cured without the use of any medicine. When a purgative is required take something mild and gentle like Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Santa Fe County Court.

In the case of the United States vs. Mariano P. Sena, which has been on trial for the past week, the arguments were completed yesterday forenoon, and Judge McFie delivered his instructions and gave the case to the jury at noon.

The United States petit jury panel was called but not completed, owing to the absence of several jurors. A special venire was issued, and the jury was empaneled yesterday afternoon.

The United States grand jury returned an indictment against Maximino Martinez for adultery. He was arrested and bonded in the sum of \$1,000.

O. I. Merrill, James Walsh and A. M. Bigger, surveyors in the employ of the Santa Fe Central, are in the city today.

NEW HAMPSHIRE DEMOCRATS

Henry P. Hollis Named for Governor—Strong Resolutions.

Concord, N. H., Sept. 10.—The democratic state convention adopted a platform which demands immediate abolition of all tariffs upon trust-made articles, and most stringent enforcement of all existing laws against trusts; the passing of new laws to supplement existing statutes of this nature, opposes all subsidies to shipping or other special interests, demands immediate declaration of the purpose of the United States to give the Philippines entire independence and calls for immediate and substantial reduction in tariff on Cuban imports, by reciprocity, treaty or otherwise.

Harry P. Hollis, of Concord, was nominated for governor.

Take Care of the Stomach.

The man or woman whose digestion is perfect and whose stomach performs its every function is never sick. Kodal cleanses, purifies and sweetens the stomach and cures positively and permanently all stomach troubles, indigestion and dyspepsia. It is the wonderful reconstructive tonic that is making so many sick people well and weak people strong by conveying to their bodies all of the nourishment in the food they eat. Rev. J. H. Holladay, of Holladay, Miss., writes: "Kodal has cured me. I consider it the best remedy I ever used for dyspepsia and stomach troubles. I was given up by physicians. Kodal saved my life. Take it after meals. B. H. Briggs & Co. and J. H. O'Reilly & Co."

TEXAS REPUBLICANS.

They Are Holding a Convention at Fort Worth.

Fort Worth, Texas, Sept. 10.—The republican state convention, which was to have met here yesterday, did not convene until this afternoon because of the many contests brought up from various districts. At noon it was announced by the adherents of Cecil Lyon that he would be elected chairman of the state committee by a safe majority. It was also stated National Committee Chairman Hawley had decided to withdraw the name of Henry Terrell, his candidate for chairmanship. E. H. K. Greene still remains in the race. He said he was hopeful of the result.

E. H. K. Greene sent a letter to Chairman Lyon that he had entered the race for the chairmanship in order to bring harmony between Hawley, member national committee of Texas, and Lyon, state chairman, and that having been accomplished he would withdraw. Greene's withdrawal followed a dispatch received from Washington. Contests before the executive committee were settled this afternoon.

WASHINGTON REPUBLICANS.

Approve of President Roosevelt's Policies—State Convention.

Tacoma, Wash., Sept. 10.—The republican state convention, by unanimous vote, sent a telegram to President Roosevelt, approving of his Philippine and domestic policies, expressing sympathy with his "brave stand for the common people," and pledging support in 1904.

In calling the convention to order, Chairman Schively took occasion to caustically criticize the party of his state for causing the defeat of Frink for governor two years ago in the face of 13,000 republican plurality.

According to prearranged combination, F. W. Cushman, of Tacoma, and W. L. Jones, of North Yakima, will be nominated for congress, and W. E. Humphrey, of Seattle, will be named as Third congressional candidate. H. F. Hadley will be nominated for judge of the supreme court.

We sell the greatest blood purifier, Acker's Blood Bitter, under a positive guarantee. It will cure chronic and other blood poisons. If you have eruptions or sores on your body, or are pale, weak or run down, it is just what you need. We refund money if you are not satisfied. 50 cents and \$1. J. H. O'Reilly & Co., and B. H. Briggs & Co.

Old Time Telegraphers.

Salt Lake City, Utah, Sept. 11.—The twenty-second annual convention of the Old Time Telegraphers and Historical Association opened today at the Kenyon Hotel. About 300 delegates are in attendance, including a number of prominent railroad and telegraph officials. The presiding officer is Geo. H. Corse of Ogden. The business sessions are to continue through the remainder of the week and will be interspersed with jaunts to Ogden canyon and other features of pleasure and entertainment.

No Hope of Settlement.

Tamagua, Pa., Sept. 10.—Leaders among mine workers here today said that they had little hope that the efforts of Governor Stone, P. A. Widener and other to bring about a settlement of the strike would be successful.

Day's Son Weds.

Caro, Mich., Sept. 11.—William L. Day, of Canton, Ohio, son of former Secretary of State W. R. Day, was married here today to Miss Estelle McKay, daughter of Hon. William McKay. The ceremony was quietly performed at the home of the bride, the guests including only the relatives and a few friends of the contracting parties.

For a bad taste in the mouth take Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Burlington Advances Wages.

A dispatch from Lincoln, Neb., says: A raise of 10 per cent in the wages of all engineers on the entire Burlington

REGAIN HEALTH

During the past fifty years hundreds of sickly people have been restored to health by the use of Hostetter's Stomach Bitters, and it will do the same for you today. Try a bottle. It will be enough to convince you of its wonderful value as a cure for Bilemness, Indigestion, Dyspepsia, Constipation and General Weakness. The genuine has our Private Stamp over the neck of the bottle.

HOSTETTER'S STOMACH BITTERS.

system was announced by Superintendent of Motive Power Smith. The increase comes as a result of a quiet conference between the officers and the grievance committee of the men and follows close upon a similar raise in the wages of switchmen and trainmen. Engineers on passenger trains receive 40 cents and firemen 65 cents more per trip. Freight men receive a little better increase, from 50 to 80 cents, the sliding scale being based on weight of engines.

The raise becomes effective at once and was secured without friction.

Foley's Honey and Tar is peculiarly adapted for chronic throat troubles and will positively cure bronchitis, hoarseness and all bronchial diseases. Refuse substitutes. Sold by Alvarado Pharmacy.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

WEEKLY CROP BULLETIN.

Santa Fe, N. M., Sept. 9.—The past week has been rather dry in northeastern section, but elsewhere over the territory at least one good rain has fallen. The showers have assured good fall and winter feed on the ranges of central and southern counties, but as a rule the northern ranges are not in good condition, especially the extreme northeast, where the range offers but little subsistence, and where it is expected that little or no prairie hay will be secured. Some heavy rains occurred in southern sections, especially on the 29th of last month, when a flood completely desolated the beautiful Mimbres valley. Crops, trees, and homes were washed away, and many acres of fertile land irreclaimably ruined. The correspondent from that section estimates that the loss of property and the deterioration of lands will exceed \$250,000. As a general thing fall crops are ripening, or are being cut in all but the later valleys of the north. The third and fourth cuttings of alfalfa promises poorly in the more northern sections, but farther south the later cuts will probably be the best of the season. Corn has made a fair growth on irrigated lands, but where dependent upon rainfall only the crop will be very poor. In northern sections corn is in the milk. The late rains changed the prospects for the watermelons, and a fine quality is being shipped from the lower Rio Grande. Without a reported exception, stock is doing well at present, but on some of the northern ranges the prospects are not promising. There seems to be plenty of outside water in all but some scattered sections.

The following remarks are extracted from the reports of correspondents:

Albert—H. M. Hanson: Cooler, and somewhat cloudy during the week and threatening rain, but none came. It looks as though the season throughout will maintain its dry character. No prairie hay has been cut, and it is likely that there will be none, or very little. A moderate fourth crop of alfalfa is ready to cut. Highest temperature, 95; lowest, 54; rain, trace.

Arabela—A. M. Richardson: Everything is growing nicely but the rains have made no surface water. Highest temperature, 88; lowest, 57; rain, 0.41.

Folsom—Jackson Tabor: The past week has been dry and windy. Even where the rains have been most abundant the grass is dried up. The prospect for winter feed is very poor, and there has been no hay put up excepting where irrigated. The third cut of alfalfa will be short. Excepting in the strongest springs all water is dried up. Highest temperature, 85; lowest, 44; rain, 0.10.

Gallinas Springs—James E. Whitmore: Everything growing nicely. Apples are dropping badly, but it is thought that the late rains will help them out. Stock doing finely. All lakes and water holes in this valley are full. Highest temperature, 89; lowest, 54; rain, 0.43.

Mezalla Park—R. H. Hart: The surrounding country is clothed in green, and presents a greatly refreshed appearance. Fine quality of watermelons on the market. Pears, apples and peaches are being shipped in large quantities. Highest temperature, 91; lowest, 59; rain, 0.88.

Mimbres—Charles Dennis: The worst flood that ever visited this section of the country occurred on the 29th of August. Not only were all the crops destroyed, but orchards as well. Thousands of trees were torn up by the roots and washed away. Scores of acres of land were covered with rocks and sand, and it will be impossible to reclaim them. It is believed the prop-

THE CONVENTION

erty destroyed would exceed in value \$250,000. The settlements look desolate.

Ojo Caliente—Antonio Joseph: There have been but four local showers in this section this summer. We are greatly in need of more rain for fall crops and for fall and winter feed for the stock on the ranges. However, the water supply is ample for irrigation. The fruit crop will be only fair. Stock is in fair condition under the circumstances. Highest temperature, 82; lowest, 60.

Santa Fe—United States Weather Bureau: A good, soaking rain all over this section on the 1st, and the prairies are greener than at any previous time during this season. The rains have helped late fruit, and the finest of pears, peaches, and plums are on the market, also green corn and early blackberries.

Since the 1st of March there has been an excess of 250 degrees of heat above the normal season, and a deficiency of 0.42 inch of rain. Highest temperature, 93; lowest, 52; rain, trace.

Shooting at La Luz.

Last Sunday about noon two Mexicans at La Luz got into a scrap and one of them shot the other. The one doing the shooting skipped out and has not been heard of since. His name is Jose Ojinaga. Juan Mez is the fellow who got shot, the ball making a flesh wound over one eye. At first it was thought he was killed, as it was reported that the ball had entered one eye and went through his head. Last reports say that he is doing very well.—Alamogordo News.

Came Near Being a Cripple.

Josh Westhafer, of Logansport, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle for it saved him from being a cripple. No external application is equal to this liniment for stiff and swollen joints, contracted muscles, stiff neck, sprains and rheumatic and muscular pains. It has also cured numerous cases of partial paralysis. It is for sale by all druggists.

Of Local Interest.

W. D. Arrighi, of Albuquerque, has arrived in the city and accepted a position as butcher with the F. S. Davis company.

Hon. E. A. Miera, of Albuquerque, who has been attending a meeting of the territorial commission of irrigation, has returned to his home.

A. R. Gibson, president of the Gibson Development company, and a bustling business man, went to Albuquerque yesterday afternoon on business.

Mrs. M. S. Otero, wife of ex-delegate Otero, and president of the Bank of Commerce, of Albuquerque, came in yesterday. With her was Mrs. G. W. Harrison, wife of the member of the council from Bernalillo county. Both ladies went to Trimble's Springs, Colo., where they will spend some time.—New Mexican.

Group.

Usually begins with the symptoms of a common cold: there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Third Cook Van Endorf left the Casaneda, Las Vegas, to take a position in the Alvarado in this city.

THE CONVENTION

(Concluded from page one.)

of the United States, ask that this convention instruct the delegates elected by this convention to vote as a unit for Hon. Bernard S. Rodey first, last and all the time.

And we therefore ask that this convention instruct the delegates this day elected to vote as a unit for Hon. Bernard S. Rodey as candidate for delegate to the Fifty-eighth congress of the United States, first, last and all the time.

E. S. Stover moved that the territorial convention at Raton be urged to adopt a resolution endorsing Roosevelt's reciprocity with Cuba.

E. W. Dolson submitted the following resolution:

Resolved, That the delegates this day elected to the territorial convention to be held at Raton, N. M., on the 10th day of October, 1902, are hereby instructed to vote as a unit for the nomination of Hon. Bernard S. Rodey as republican candidate for delegate to congress from New Mexico.

The above resolution, before it was adopted by the convention, was amended "to vote and act as a unit on all convention matters."

Delegates Selected.

The following delegates to the territorial convention at Raton were named and unanimously endorsed by the convention:

R. A. Miera, Thos. Hughes, G. W. Harrison, E. W. Dolson, F. A. Hubbell, G. F. Albright, Alejandro Sandoval, E. M. Sandoval, W. E. Dame, C. F. Myers, Jesus Romero, T. S. Hubbell, Esquilapaca, J. M. Sandoval, Ed. Harach, Severo Sanchez, T. N. Wilkerson, Balavid Vigil, H. F. Lee, Nestor Montoya, A. F. Codington, William McIntosh.

The convention then adjourned, and it went down on record as one of the largest and most harmonious republican conventions ever held in the county. The delegates to the Raton convention and the county central committee held a meeting at the office of La Bandera Americana at 4 o'clock this afternoon.

The First Regiment brass band furnished the music at the convention.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Seven Mile Tunnel.

The Southern Pacific surveyors that have been engaged since last spring to find a tunnel route for the Central Pacific road through the Sierra Nevada mountains, are putting the results of their work into shape for submission to President E. H. Harriman.

It is known, says the San Francisco Examiner, that the route laid out by the surveyors provides for a tunnel 34,800 feet long, or nearly seven miles. The estimated cost is \$14,000,000. It will cut down the summit grade 1,500 feet and enable the company to get rid of all but three miles of the forty-two miles of snow sheds. The proposed tunnel will pierce the mountains at an elevation of about 5,300 feet.

The tunnel is part of Harriman's plan to reduce time between Chicago and San Francisco twelve hours, or from three days, as at present, to two days and a half.

Raised from the Dead.

C. W. Landis, "Porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia deed I did, and I got a bottle of Ballard's Snow Liniment and I was raised from the dead. I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I can tell the truth too." 25c, 50c, and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

A Pleasant Surprise.

Last Wednesday evening at the hour when twilight merges into darkness, a party of friends of Misses Lula Bolton and Belle Yancy called and agreeably surprised the young ladies at their home with Mr. and Mrs. Jessie Miller, 530 South Arno street. The occasion was delightful and a pleasant evening was spent with conversation, games and music. Refreshments were served.

21 Years a Dyspeptic.

R. H. Foster, 315 S. 2nd, Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Hehrle. One bottle cured me, I am now tapering off on the second. I have recommended it to my friends; it is curing them too." 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Cold in Colorado.

Denver, Colo., Sept. 12.—The thermometer touched 30 this morning, the coldest September day in twenty years. At Greeley 24 was the record. The potato crop was damaged.

Escaped Convict Returns.

Deer Lodge, Mont., Sept. 12.—Tom O'Brien, who escaped from the penitentiary three weeks ago, has returned and given himself up. While at large he sent several letters to the Butte Miner. His apparent object was to enlist public sentiment on his side.

F. C. Fox, division superintendent, and J. D. Norriss, trainmaster, are in the city today from the north.

TOWNS OF LAS VEGAS

BY SPECIAL CORRESPONDENT

Las Vegas, N. M., Sept. 7.—Mrs. W. G. Haydon and son left Sunday afternoon for a six weeks' sojourn at Milwaukee, Wis., and points in Missouri.

John A. Ross, the Santa Fe's popular traveling engineer, and wife, left Sunday afternoon for a three weeks' visit at Chicago.

Hon. J. S. Duncan left Sunday afternoon for Santa Fe, where he will attend the meeting of the board of equalization tomorrow.

Judge William J. Mills, Hon. Charles A. Spiess, Secundino Romero, L. C. Fort, and W. E. Gortner returned Sunday afternoon from their trip to Clayton, where they held court. Court adjourned Saturday evening, the docket being small and with no very important cases.

Joe Stivers, of Raton, who attended the Normal here last year, passed through here Sunday, en route to Las Cruces, where he will enter the agricultural college.

Prof. F. H. Snow, professor in natural history in the Kansas university at Lawrence, his son, Frank Snow, Dr. C. F. Adams, of Independence, Mo., and Roy Moomie, who have been in Arizona and the Hot Springs for the past month on an insect specimen collecting trip, today returned to their homes. Professor Snow said their trip had been very successful, they having about 25,000 specimens as a result of their trip.

T. G. Merin returned Sunday afternoon from a couple of months' sojourn at Los Angeles. He reports a most delightful time.

Mrs. M. E. Burks and daughters, Misses Mollie and Maggie, and Mrs. R. E. Bryant, left Sunday for Louisville, Ky., and other points. They will make quite an extended stay.

Mrs. O. M. Winkerson, who has been visiting Mrs. J. H. York, her sister-in-law, today returned to her home at Carrington, Kan.

Patricio Sanchez, one of the republican statesmen of Mora, was here Saturday visiting friends. He says 500 republican majority will be the result this fall in his bailiwick. Francisco Trujillo accompanied Mr. Sanchez.

Considerable interest is taken in the Hamilton mine deal which has been going on here for several days. The parties who have bought the mine are said to represent the Cerillos smelter people, and the price paid is given as near \$75,000.

George P. Money and W. G. Koogler took to the country Saturday morning. They headed for Heinlen's ranch, where they will be gone several days communing with nature and guessing on the size of the republican majority next November.

William H. Smith, E. C. Mercer and Walter Pratt returned last evening from a trip out to the Old Blue mine, where they located claims. Will Stuart, who is developing the mine, is in himself today, looking after some pumping apparatus.

Mr. Stuart, who is down about eighty feet in the mine now, has found quite a quantity of free gold and splendid indications. The mine is located on the slope of a mountain from east to west. Where they are working now, there are fourteen inches of water over the loose dirt which has caved in. The entire mine, so far, has had to be re-timbered, and they are not yet to the end of the tunnels.

Mrs. L. C. Butcher and baby arrived Friday evening from Raton. She will remain during the winter with her husband, who is one of the faculty of the Normal.

Miss Margaret Cavanaugh returned Friday from her summer stay at Albuquerque. She will attend the Normal this year.

Hon. F. A. Manzanarez returned Saturday from his visit to Indiana, where he left his son, Manuel, in the Notre Dame university.

William B. Hunker returned Saturday from his visit among the Hoosiers. He looks well, has the usual smile, and is glad to get back to God's country again.

The home of Mrs. C. S. Rogers was the scene of a most unique and delightful gathering Friday afternoon from 2 until 6 o'clock. It was the occasion of a birthday party given by Mesdames C. S. Rogers and P. C. Nissen. There were thirty ladies present, and each lady brought all her children, making a total of about seventy who partook of the delicious refreshments served in honor of the event.

The house was decorated with flowers, and on the tables were sweet peas and pink. The amusement consisted of cards and other games and watching the playful children. As a souvenir of the event, a pink and white badge, fastened with a gold pin, was given to each lady present. Mrs. Brown, the old nurse who attended the ladies when they were babes, twenty-six years ago, dropped in today to wish them many returns of the day.

There has been a young man in the city for the past couple of days looking for a lost sister, he claims. He has been very quiet about the matter, and few learned his name. He said the girl left her home in Denver about eight months ago, after a little disagreement with her parents and they have lost trace of her. He had information that she came to Las Vegas to work in the Harvey house, and he inquired of some of the waiters, but they

knew of no one corresponding to the description and picture which he carried with him. He was directed to some of the other hotels, but did not show up there, and it is not known whether the young man is in earnest or not.

The beautiful home of Hon. Joshua Reynolds was the scene of a brilliant gathering of young people Friday night. The event was a party given by Mr. Reynolds' accomplished daughter, Miss May Reynolds, to a number of her friends. Dancing was the amusement of the evening, the spacious rooms of the residence and hard wood floors affording a splendid place on which to trip the light fantastic. The music began at 8:30, and the merriment held sway until midnight, when dainty refreshments were served.

Col. R. E. Twitchell, the Las Vegas Von der Ahe, has signed Woods, the crack Boston pitcher, and another expert with the sphere, for the tournament game at the Albuquerque fair. On account of this, his expense guarantee will have to be raised, but the colonel says he is going to win that game, if good men will do it, and we believe he will.

It is claimed that the cars for the electric road have been shipped and will arrive in a few days. Rumors are, also, that the company will start the cars shortly on the Hot Springs branch, from Bridge street up, taking power during the day from the hotel plant at the springs until its own power house is completed. About three miles of copper trolley wire have already been strung on the line.

Mrs. Balleet Reynolds gave a most pleasant party Friday afternoon at the home of Mrs. Jefferson Reynolds, in honor of Miss Myrick, of Indiana, who is a guest of Mrs. E. D. Reynolds. Six-handed euchre was enjoyed, five tables being in the game. The prize winners were: Miss Head, first prize, and Mrs. A. B. Smith ten ten-hand prize. Refreshments finished a most delightful afternoon of pleasure.

The E. Romero Hose company had a couple of meetings Friday night, a regular, followed by a special. The boys have decided to keep open house, with refreshments on tap, on Sunday, September 14, when the excursionists come to town. Invitations will be extended to the visiting firemen to call and make themselves at home. An exhibition run will be given in the afternoon, and the entertainment provided during the day, before the ball game.

Miss Marie Douglas entertained thirty-four of her young friends Friday night at the home of her mother, Mrs. Sallie Hume Douglas, in honor of her cousin, Miss Carrie Lewis, of Kansas City, Mo. The feature of the evening was a guessing contest, in which the young folks had to build words. Miss Artless Brown took the first prize for the girls and Harry Hoskins for the boys. Nice refreshments were served and the young people had a most delightful time.

Las Vegas, N. M., Sept. 6.—Col. R. E. Twitchell has had a proposition from one of the managers of an eastern American league ball team to represent Las Vegas at the coming base ball tournament at Albuquerque, during the territorial fair. The offer has practically been accepted, if arrangements can be made with the fair management for dates with the other teams, made up of all star ball players. The team will be composed of five Kansas City league players and six from elsewhere, all cracks. The local management have to guarantee expenses, which is about \$511, and Colonel Twitchell has made the rounds among some of the local fans to raise the guarantee, this morning, and up to the time this was written had about succeeded in raising the guarantee needed. It is the intention also to have a couple of games here in Las Vegas while the star aggregations are out here in God's country.

The wedding invitations are out for the marriage of Miss Bertha Wiser to Guy Gatchel, at Topeka, Kansas, September 24. The wedding will take place at the home of the bride at 981 Jackson avenue. Miss Wiser's many friends here will be happy to know of her approaching marriage to so worthy a young man as Mr. Gatchel, the competent clerk in the Wells, Fargo express company's office here. Miss Wiser was, for some time, stenographer in Superintendent Fox's office here and has been more or less a resident of Las Vegas for some time, though is at present at her home at Topeka.

Misses Eva and Ada Springer will leave about the 12th of the month for Columbia University in New York City, where they will enter school for the winter.

A couple of freight cars were dumped off the track at the bridge below the yards last evening, on account of the cars going over a derailing switch.

Miss Helen McAllen, who is well known here, and who taught last year in the Gallup schools, left here today, after attending the institute, to resume her work at Gallup.

O. A. Sprague, of the well known firm of Sprague, Warner & Co., passed through here today en route to Chicago from a trip to California. He stopped in a minute at the wholesale houses.

W. E. O'Leary returned last evening from his trip to Colorado resorts. While away he met his brother and sister from the east.

Miss Hattie Kalkreuth departed today for her home in Los Angeles after a most pleasant visit with her many friends in the Meadow city.

Mrs. Alfred Walden and son, Russell, left today for Logansport, Indiana, where they will make an extended visit.

Miss Minnie Deterick left today for Boston. A number of friends were at the station to wish her a pleasant trip.

Mrs. Stevens returned today to her home at Ottawa, Oklahoma, after a visit of a couple of months here. Her sister, Miss Petty, will return later.

Las Vegas, N. M., Sept. 8.—Your reporter this morning got an interpreter and interviewed Mr. Samora regarding the shooting at his house last night. His story is as follows:

"I went to play for the table given by the infantry company Saturday night, but as it was postponed, I came home early. I went in the house as usual, and as I did so, some man jumped out from my bed who had been lying there with my wife, and quickly crawled under the bed. My guide, who was with me saw him go under and told me of it. In feeling around I found the policeman's gun, and I went up to the bed and shot three times underneath. My wife ran out, and over to the home of Alejandro Montoya, where she stayed until this morning. Mr. Uilbarri came out from under the bed and asked me to shoot no more, as he was already badly injured, and I let him go out and home. I did not know at the time of the shooting who it was, and I had never suspected my wife of any wrong doing before."

In answer to the reporter's inquiry if he would prosecute, or sue for divorce, he said he would not do anything more to Mr. Uilbarri, as probably not with his wife. Since then the matter has been patched up between the men and neither will take any action, so the matter will probably drop as it is.

Mr. Samora is a tall, thin, fox-marked man and is quite blind. He is a peaceable citizen, and bears a good character.

The driver was to get the reverend gentleman back in time for church, but taking a short cut, he got lost, and the Baptist church was without a minister last night. A telephone message was sent to town in time to refer the congregation to the Presbyterian church.

Mr. Newell, of the surveying corps, and wife have a new girl at their home. She arrived at 9 o'clock this morning.

The euchre party given Saturday night by Mrs. E. D. Reynolds, in honor of Miss Myrick, of Indiana, who is visiting here, was a very delightful affair. There were seven tables in the six handed euchre contest, and Miss Cora Stern took the ladies' first prize and Albert Rogers, Jr., the first prize for the gentlemen. The ten hand prize was won by Miss Charlotte Hayward.

Refreshments were served to the young people, and it was a late hour before the merry party came to an end.

Charles Rosenthal left today for New York and Boston to buy goods for his store. Mrs. Rosenthal also left for Jonesboro, Arkansas, for a visit during Mr. Rosenthal's absence some three weeks.

Miss Lorena Simpson, sister of Mrs. Theodore Chacon, arrived here yesterday from Trinidad for a visit.

About dusk last evening a horse came racing in from the springs' road with a buggy, in which was a lady and four children. The horse was running away and it was a miracle some one was not badly hurt. J. A. Ventz, a one armed man, stopped the rig as it passed the plaza on the west side.

John H. Hinkle, a member of the board of equalization from Roswell, passed through here Sunday evening en route to Santa Fe. On the same train was Charles E. Ballard, a member of the cattle sanitary board, also from Roswell.

Special Correspondence.

Las Vegas, N. M., Sept. 9.—At the meeting last night of the old veterans at the office of Captain L. C. Fort, the reorganization of the Sherman post, No. 1, was perfected and the following officers were elected: Post commander, Dr. C. B. Sargent; senior vice commander, E. W. Wean; junior vice commander, O. L. Gregory; chaplain, S. K. Sydes; quartermaster, John Shank; officer of the day, Jacob Kenestrick; guard, A. B. Stone. The installation of the officers will be held at the Woodman's hall Thursday night, at which time Department Commander J. W. Edwards will be present to assist in the installation.

A. A. Jones and bride are expected to return tomorrow from their honeymoon trip among the glaciers in Alaska.

The fire alarm on the west side this morning about 10:30 o'clock sent the company hurrying down one of the side streets to the place of George Herman. The fire was a small shed in his lot back of the residence of Charles Blanchard. The driver got the hose wagon down the wrong street, so no

water was thrown, but the company went to work and tore down the shed to prevent the fire from spreading. Little damage was done, but had not the work been prompt, the heavy wind might have caused a large conflagration.

Mrs. T. B. Bowen has a brother visiting her here from Galveston.

Mrs. L. H. Wentworth is confined to her bed with rheumatism.

Mrs. H. W. Taylor will leave Thursday for Salina, Kan., to visit her father, Conductor Stimmel, well known here.

The cavalry troopers have evidently been reading the accounts of the "warfare" on the Atlantic coast, for last night they had several battles over the city, and "constructively" captured all kinds of things and buildings.

The linemen for the electric line will string the copper trolley from the ice plant to the power house tonight. This will leave only about half a mile gap in the line on the Springs branch. The stockholders held a meeting in the Crockett building yesterday, and attended to getting some legal matters in shape. Thursday morning they will have another stockholders and directors meeting, at which time they will elect a director to take the place of Max Nordhaus, resigned.

Mrs. Leon Rosenwald, wife of Dr. Leon Rosenwald, formerly of this city, today returned to her home at Kansas City.

Miss Lillie Solt and mother returned today from a trip to Gage, Okla., where they have been making an extended visit.

Miss Mathilda Gallegos, the efficient stenographer in the district clerk's office, returned today from her visit to Clayton.

E. S. Weeks has been visiting here, and today left for Mora with Tom Walton for a visit. Mr. Weeks was formerly a resident of this city, but is now located at Deming, to which point he will return in a few days.

Mrs. G. H. Cornell, mother of Mrs. Charles Hanford, returned to her home in Chicago today, after a stay of three months in the Meadow City.

Hon. Wallace Reynolds, the territorial secretary, came in on No. 8 last night and returned today.

A couple of cars off the track at Coolidge, a station some ninety miles on the other side of La Junta, delayed trains Nos. 5, 1, 7 and 9 for some hours yesterday. No. 1, due at 12:45, did not get in until 5:45.

Oil has been struck at Trincheras, with a good flow of natural gas. The strike was made Sunday afternoon, and everybody thereabouts is happy. The well is situated only about twenty-five miles northeast of Raton, and the Ratonites feel they have a sure thing in their oil well now. The well is no gusher at Trincheras, and the company will go deeper, but it is enough to cause all concerned to feel happy.

The fellow from Upper Town, who was said to have been killed for horse stealing at Watrous a couple of days ago, is Tomas Leyba. He is well known here, having done his trading here.

Born, to Mr. and Mrs. Charles Danziger, yesterday evening, a girl.

The marriage of Herman Ilfeld to Miss Bina Liebstetter at Kansas City is set for October 6. A number of the family will attend from here and Mr. Ilfeld is now visiting with his bride-to-be.

The First National bank has brought suit against Pedro Marcus et al, to recover judgment in the sum of \$250, amount alleged to be due on a promissory note.

Mrs. Earnest Browne entertained the Ladies' Guild of the Episcopal church this afternoon.

C. H. Colville has been given judgment in the sum of \$425, in Union county, against school district No. 3. The suit was on a number of salary vouchers.

Died, yesterday, at Las Gallinas, Francisquita Nieto, a widow, aged 66. Fever was the cause of her death, and she was buried today.

Mrs. Berta Maretti Goffi has tired of being a wife in name only, and she has brought suit in the Colfax county district court to annul her marriage to the man she seemingly took for the worse, Michael Goffi. Michael has not had his feet under the family table for many moons, and has been very negligent in sending back to his wife a check every Saturday night, so she has had to earn her own living. "Mike" seems to have deserted, abandoned and failed to support Berta for a long time, despite the fact Berta says she has been a faithful, loving wife during his absence. Miss Maretti seems to be on the increase, but who can blame Berta Maretti.

Another Contract.

Albuquerque Foundry Will Use Electricity for Motive Power.

The Electric Light company today closed a long time contract with R. P. Hall to furnish all the power required to operate the Albuquerque Foundry and Machine Works. This completes the list of all the big power consumers of the city, all of whom have closed long time contracts for electric power with this company.

The new management have made very good rates to secure these consumers of power, and the fact that they can deliver power to consumers cheaply or than they are able to produce it themselves speaks well for the company and is a great benefit to the city, as this company stands ready to furnish

power to any manufactory or other enterprise that will come to our city at cheaper rates than they can furnish it themselves, thereby making a large saving in operating expense as well as saving a large amount usually invested in boilers, engines, pumps, etc.; also reducing the cost of insurance on their plants, thereby offering inducements to large concerns to come to our city and operate.

The Electric Light company is up to date and pursues an aggressive policy and will be a factor in assisting in the upbuilding of our city.

GALLUP VS. WINSLOW.

The Winslow Ball Boys Defeat the Hey Rubes of Gallup.

"The Mascot," writing for the Gallup Republican, has the following article of the game of base ball played on Labor Day at Winslow between the clubs of Gallup and Winslow:

Upon the solicitation of the Winslow ball team the "Hey Rubes" crossed bats with them Labor Day at Winslow. While the game was one that could not be placed among the professionals nor advertised in the eastern papers it was certainly one round of jolly good fun and pleasure. It seemed our boys got started bad and after the start seemed to lose confidence and the game slipped away from them as an eel slips through your fingers and back into the creek. Manning and Lewis did elegant and praiseworthy work as a battery and had their support been of the ginger nature it should have been the score would not doubt have been much different. However, the first horse in any game is termed the "booby."

As the lads from the "Windy City" are coming very soon to the "Rubes" own hunting grounds a very different decision is expected. In fact it was only a few costly errors in exactly the wrong stage of the game that caused the score to stand 18 to 5.

We also wish here to mention the every courtesy extended the Gallup visitors while in Winslow. The hospitality of its citizens cannot be questioned and their motives, methods and ways of making one feel at home are to be appreciated only by those who were fortunate enough to be with the boys. We wish to here speak especially of Manager Wolff, Tom Hesser, Billy Burke and Jack Brisco as capital entertainers. All we can promise in return is a merry time when they afford us the pleasure of a visit from them.

The only accident of the day to mar the happiness of the occasion was Center Fielder Winton getting hurt. He is now however, O. K., save the bruises he will have to nurse a few weeks.

In the evening a ball was given under the supervision of Mr. Reberger and away until the wee morning hours the light fantastic was tripped, rendering one decision only, "a merry, jolly, good time."

The game resulted thusly:

Innings—	1	2	3	4	5	6	7	8	9
Gallup	0	0	0	0	0	0	0	2	5
Winslow	3	1	4	2	2	0	0	0	18

CHANCE FOR THE FANS.

Post Season Games Between Cleveland and Cincinnati Clubs.

A telegram dated from Cleveland, Ohio, says:

On behalf of the Cleveland base ball players, C. W. Somers, vice president of the American league, has issued a formal challenge to the Cincinnati base ball club of the National league, to a post season series of games for the championship of the state of Ohio. All of the Cleveland players are desirous of participating in such a series, and asking Mr. Somers to issue the challenge. Whether the Cincinnati club will accept it is not known, but it is thought that it will, as the new owners of the Reds are thought to be thorough sportsmen and men that should accept such a proposition with alacrity.

In the minds of the Blues there can be but one outcome to such a series. "We would beat them in a walk," said Captain LaJoie. "At the same time I think the Cincinnati club is the strongest in the National league outside of Pittsburgh. They are playing great ball just now and I think a series between the two clubs should draw huge crowds in both Cincinnati and Cleveland."

DEATH OF HARREBY

Son of a Former Army Officer Well Known in New Mexico Killed by an Electric Shock.

Mrs. J. P. Victory, of Santa Fe, has just received from Mrs. Bennett, widow of the late Major Harry T. Bennett, United States army, the sad news of the death of Harry Bennett, her son and only child, at the Presidio, in San Francisco, Cal. It appears that Harry was an expert electrician and a member of the army signal corps. He had been repairing defective wires on the military reservation, and while at work accidentally grasped a live wire which carries a powerful current of electricity through the fortifications where the big guns are placed overlooking the harbor. For a moment after he received the awful shock young Bennett hung to his position and then fell, striking on his head. He was carried to the hospital unconscious, where everything possible was done for him, but despite all efforts he passed away a few hours afterwards.

Harry was about 22 years old and very popular with his associates. His superiors in the signal corps considered him one of the brightest men in the department. He had been a student of electricity for several years.

The sermon of Rev. W. H. Williams

on the subject, "No Room for Jesus," at the Highland Methodist church last night, was listened to with profound attention by a large congregation. Mr. Williams has an original way of putting the truth that makes his preaching both pleasing and effective. The singing was all that could be desired. Miss Mabel Morehead presides with a master's hand at the organ, and Mrs. Keyes sang in splendid voice the lovely song, "No Room in the Inn." The interest deepens with each service and great good has already been accomplished. The subject for tonight is "The Ministry of Angels," and is of thrilling interest and should be heard by a large crowd. Song service each evening before sermon. Everybody welcome. Bring your friends with you.

Rumor About Harlan.

Railroad Topics

Ambrosio Armijo, of this city, will go to Santa Fe in a few days to enter the employ of the Santa Fe Central railway.

T. J. Helm, general agent of the Denver & Rio Grande railroad, left Santa Fe yesterday for a week's trip through the southern part of the territory in the interest of the road.

On Sunday the main graders' camp on the Santa Fe Central railway was moved across Arroyo Hondo and work on the grade toward Santa Fe is being pushed rapidly. There is some heavy work on the six miles of grade necessary before reaching there. The steel rails for the line will not commence to come in until about October 1, as the Pittsburgh steel mills had so many orders ahead that the order of the Santa Fe Central railway people could not be filled as promptly as was expected.

Machinists in the San Bernardino shops have received a 25 cent raise in wages, making their pay \$3.50 per day. Fireman Larson, of San Marcial, has taken out himself a wife.

Three of four firemen vomited the south division last week and among them was the irrepressible Frank Tipple.

Paul Wilson has a railway clerkship in El Paso and his sisters are to move from Deming to the Pass city.

W. H. Howard, of the Santa Fe, at San Marcial, took a layoff and paid Albuquerque a visit. He also went to Las Vegas.

It was rumored at San Marcial that the brother of Engineer Lee Shellenberger, who was injured in a wreck last week and taken to his home at Mexico, Mo., had died from his injuries.

The San Marcial Bee says: General Manager H. U. Mudge, Superintendent D. E. Cain and Superintendent J. F. McNally journeyed south by special train Thursday. These popular officials of the great Santa Fe system told our citizens that almost immediately work on our new freight and passenger depot will begin, and that it will be a structure creditable to the company and satisfactory to San Marcial.

Fireman W. D. Wiley and a pleasant visit to Kansas and adjoining states Thursday.

John Bowman, engineer on the Magdalena branch, with his family, left Wednesday for Mineral Wells, Texas, for the benefit of his wife's health.

Manager G. W. Hutson, of the Gallup Harvey house is having the house renovated and thoroughly cleaned and put in up to date order in every department.

I. B. Leash, traveling representative for the Griffin Car Wheels works of Denver, spent yesterday in the city.

A. C. Russell, formerly employed in the Winslow shops, is now working in Los Angeles for the Southern Pacific.

Dr. H. A. Armstrong, formerly Santa Fe surgeon at Las Vegas, N. M., is down with typhoid fever at Pueblo, Colo.

Engine No. 485, which has been in the Winslow shops for the last month, is repaired and again ready for work on the road.

Conductor W. A. Osgood has returned to his run on the Santa Fe Pacific from a visit with his family in Los Angeles.

President Ripley, of the Santa Fe says that his road is not to use the Iowa & St. Louis road, now building, into St. Louis.

Miss Hazel Bell, daughter of Brakeman Arch Bell, of Las Vegas, is a patient sufferer from appendicitis and inflammation of the bowels.

Joseph Bay, formerly employed in the local Santa Fe Pacific machine shops, has gone to San Bernardino to accept a similar position.

Four additional engine pits are being constructed by the Rock Island at its Alamogordo round house. This will make its total size sixteen stalls.

H. M. Powell, of Kansas City, Mo., is visiting with his uncle, General Storekeeper N. M. Rice, Mr. Powell is thinking seriously of locating in Albuquerque.

The earnings of the Colorado & Southern for August were \$492,500, compared with \$471,114 for the same month last year and \$484,986 for August, 1900.

Guadalupe Campos and Madalino Baca have returned to Las Vegas from Rocky Ford and La Junta, Colo., where they had been employed by the Santa Fe company.

The strike of helpers in the machine shops of the Missouri, Kansas & Texas at Denison, involving about 250 persons, has been settled. The men returned to work yesterday. A portion of their demands was granted.

The Topeka Journal says: Nearly all the through trains on the Santa Fe have been reported late within the last few days. The rains which have fallen over this part of the system have soaked in so thoroughly that they have rendered the track in a soft condition. Engineers have been instructed exped-

itly not to exceed under any circumstances the schedule as laid down in the time card. This applies principally to the operation of trains when they are behind time and is a preventive against possible accident which might occur from running over "slow" track at a high speed.

Brakeman Lovett fell off the roof of the baggage car on No. 1 Tuesday night while chasing hoboes off the train, and sustained some slight bruises about the head. The accident occurred at a point near Gallup.

George Durand is in charge of the local railway blacksmith shop during the temporary vacancy resulting from the promotion of George Fraser to the foremanship of the department in Topeka.

The roadbed of the St. Louis, Kansas City & Colorado line is completed to Versailles, 177 miles from St. Louis, and trains are running to the Gasconade. The whole line to Kansas City will be completed by September 1 next year.

The action of the Travelers' Protective association convention at Portland, Ore., in endorsing the decided stand taken by the chairman of its railway committee against ticket scalpers is being discussed by the passenger agents of the country. The alliance of the Travelers' Protective association with the railroads is regarded as making a strong combination against the scalpers.

Those who attended the funeral of the late R. J. Duncan, ex-mayor of Yuma, and division trainmaster at Yuma, say that it was the largest ever seen in that city, nearly all the vehicles for miles around being pressed into service.

A. B. Johnson, of Philadelphia, in the employment of the Baldwin locomotive works, passed through here for Mexico, in the Santa Fe private car 220. He was accompanied by Mrs. Johnson and children. Mrs. Johnson is an aunt of W. H. Kelly, of Las Vegas, who had not seen her for sixteen years.

The passenger agents on the Santa Fe railway are inclined to take issue with the agents of the Rock Island system on the claim that the new Rock Island will create a new record for short time between Los Angeles and Chicago. They say that the Santa Fe limited will be able to distance the Rock Island trains anywhere along the line. The Santa Fe company has arranged a new schedule for the limited which materially reduces the running time between Chicago and Los Angeles. This new schedule went into effect Monday.

The Excursion a Go. Members of the fair association and Station Agent F. L. Meyers are around this afternoon selling tickets for the Las Vegas excursion. After a careful canvass the gentlemen estimate that several hundred people will go and that it will be a grand success.

There is little doubt but what all who make the trip will be satisfied and glad they went.

The Italian band has been secured to furnish music for the excursion and a "ping pong" time is expected.

MISS CLAUDE ALBRIGHT.

Appeared Last Night at Colombo Hall

Before Large Audiences.

A GRAND CONCERT.

The attraction at the Colombo hall last night was Miss Claude Albright, and the concert she gave, assisted by Prof. John Douglas Walker and Edward F. Thomas, was exquisitely fine and pronounced by critics the best ever given in this city.

Everybody wanted to hear and see the Albuquerque singer, who for the past four years took lessons from some of the great masters of the old country, and when the curtain was raised for the first number on the program it seemed that everybody in Albuquerque was present, for the big hall was crowded and quite a number were noticed standing in the rear of the hall.

It was indeed a gathering of the music-loving people of the city, and those who did not attend, or rather could not secure a seat and went away grumbling to themselves, missed a grand vocal and musical treat.

Edward F. Thomas opened the program by singing "Robin Hood," and in the second part sang "Gypsy Jan." He has a fine bass voice of unusual depth and richness, and his efforts last night were heartily appreciated by the audience, who cheered him to such an extent that on each occasion he had to respond to an encore.

Prof. John Douglas Walker, who was recently elected director of the school of music of the New Mexico University, appeared solely in several pieces, and demonstrated a powerful tenor voice, very expressive and faultlessly trained.

When Miss Claude appeared on the stage to render her first number on the program, hearty cheering, generously given, greeted the young lady. She sang in French, Italian, German and English languages, and her sweet contralto voice was never in better tune than last night, she proving to her many home friends that her training and cultivation of the voice had not been neglected during her four years' absence in a foreign country.

"The Mariners," sang by the three, was faultlessly produced, and enthusiastically cheered. It was a song that a majority of those present understood, and the prolonged cheering clearly evidenced the fact that such a song was highly appreciated.

"Calm as the Night" was sung as a duet by Miss Albright and Prof. Walker, while the gifted young lady closed the delightful concert by rendering the tambourine song, from Carmen, which was well received and generously applauded.

Mrs. John Douglas Walker accompanied on the piano, and Professor D. Mauro on the violin.

It is understood that Miss Albright, accompanied by her mother, will leave for the east one day next week.

JEMEZ HOT SPRINGS. Jemez Hot Springs, N. M., Sept. 8.—The weather is all that could be desired. Warm sunny days and cool nights. A couple pair of blankets are required to sleep comfortably.

Arrivals at Block's hotel the past few days: John G. Wanzelberger, Gallup; J. V. Smith, wife and son, Waterloo, Iowa; John F. Hynes, A. Matteucci, A. Alessandro, Albuquerque; Mrs. L. B. Prince, William B. Prince, Sarah C. Hart, Santa Fe; Ed Dixon, El Paso; A. B. McMillen, Albuquerque; Stephen White, C. F. Spader, Jemez Pueblo, Mrs. Alice Ribera.

Arrivals at Stone hotel: William Berry, Harry Owens, S. Burkhardt, all of Albuquerque.

J. V. Smith, who arrived a few days ago from far away Iowa with an aggravated case of rheumatism, is so much improved that he is thinking of taking his departure shortly.

September is recognized by the native New Mexicans as the best month in the whole year to bathe in the Hot Springs and truly this is ideal weather for bathers. Several cases of rheumatism here now find treatment are showing wonderful improvement. Why, one fellow gained eight pounds in ten days and he says he feels fifteen years younger, which goes to prove this is the fountain Ponce de Leon was searching for several hundred years ago.

Block's stage went out in two sections the other day: one four-horse and one two-horse stages, carrying in all eleven passengers. His stage line is enjoying a liberal patronage, always on time and quick trips.

We are looking for a party of health seekers from St. Louis in a few days. Slowly the Jemez Hot Springs are becoming known in the far east. If the interested parties here would spend a few dollars in judicious advertising it would bring many persons here who never heard of the place, and the money so expended would return in tenfold ratio.

Last night, David Weinmann and family returned from the southern California resorts, where the latter had been sojourning for the past few months. Mr. Weinmann joining them after his purchasing trip to New York and accompanied them home last night.

EVANGELIST WILLIAMS.

His Meetings in This City are Being Well Attended.

"The Last Invitation" was the subject of Evangelist Williams' sermon at the Highland Methodist church from the text Rev. 22:17, "The spirit and the bride say, come, and let him that heareth say, come, and let him that is athirst come, and whosoever will, let him come, and take of the water of life freely." Although there were other strong attractions in the city last night, the church was filled to hear Mr. Williams' discourse upon the above words; it was the largest audience yet secured for a week night service. The sermon was perhaps the strongest yet delivered during the meetings and made a profound impression upon the large congregation.

The invitation of the text is to all people to come and find pardon and cleansing from sin through the blood of Christ. His Savior. God is determined all shall hear the good news and so His Spirit speaks to you and urges "come."

In the hour of sickness, in your distress, in your sorrow, in your reverses, in your bereavements the Spirit of God has lovingly pleaded with you "come." But few men and women that have not listened to Him and entered into covenant relation with him at some time in life. When you were sick you promised amendment of life if restored to health—have you kept your word? You promised God to become an earnest Christian if He brought you out of that difficult place—have you made your word good? Remember, God is kind and merciful, but He is not to be trifled with. He says "My Spirit shall not always strive with man." The spirit still invites "come." Don't resist God's efforts to save you until He gives you over to hardness of heart and reprobation of life. The church takes up the cry of the Spirit and repeats it in every land, and her bells peal forth everywhere the loving invitation "come." If you are never saved it will be because, in the language of Christ, "Ye will not come unto me that ye may have life." Many hearts were touched as the preacher told of instances in his own ministry of people coming to Christ and finding pardon, purity, and power over sin in its various manifestations. The subject tonight is "The Prodigal."

The half of the meetings are over and gone, and the next week will slip away as quickly. Don't fail to attend the remaining services. "Come thou with me and we will do thee good." Everybody welcome.

UNION COUNTY COURT. Sherman, charged With Being an Accessory to a Murder, Turned Loose.

The session of court at Clayton, Union county, was of short duration, and no very important cases were up for trial. The case of William M. Sherman, an accomplice of Madison Coppenbarger, who escaped while waiting for his trial by the supreme court, for murder, was stricken from the docket with leave to reinstate and he was turned loose and bondsmen released.

In the case of Jose Cornelio Gonzales, charged with larceny of sheep, the jury failed to agree, and Jose will have to await for another term for a trial.

In the civil docket the case of Mary Francis Jarrel vs her husband, James S. Jarrel, the community property was ordered equally divided and an order issued in the case of J. S. Jarrel vs. Thomas P. James, dissolving the injunction which had been awarded and possession of the property restored to Mr. James with direction to sell the same and pay off the mortgage and indebtedness of \$13,000.

In the case of the territory vs. M. C. Alexander et al, suit on a bond which defendant was on, and the criminal, who was charged with larceny, failing to appear, judgment was given in the sum of \$500.

In the case of J. E. Curran vs. the county commissioners, a suit on an old voucher, judgment was given in the sum of \$338.50 with 6 per cent interest.

Mrs. Edith Irwin Dead. This morning, H. J. Trotter received a telegram from J. L. Irwin, announcing that Miss Edith Irwin died at 1:37 o'clock last night, and her funeral took place this (Wednesday) morning. The deceased with her sister, Mrs. H. F. Trotter, left for her old home at Kan-kakee, Ill., a few weeks ago. Her health was extremely bad, and her physician here advised her to go home, where she could pass her few remaining days on earth among her relatives and life long friends. The citizen extends condolence to the bereaved relatives.

Dr. R. H. Briggs, proprietor of the Alvarado Pharmacy, has recovered from a slight illness.

SILVER CITY.

District Court in Session—Ranchman

Commits Suicide.

THE WHITEWATER ACCIDENT.

Special Correspondence.

Silver City, N. M., Sept. 9.—The Third judicial district court is now in session in this city. The juries have been empaneled and the court is down to business. The docket has no very important case on its files for this term and consequently the term will be rather short.

W. B. Walton, editor of the Independent, left on Sunday evening for a trip to Santa Fe.

An accident on the Whitewater branch of the Santa Fe last Sunday morning, by the engine and tender of the train going through a bridge a few miles below Santa Rita, resulted in the death of the engineer and fireman. The bridge had been weakened by the large floods in the past few weeks to such an extent that the entire structure gave way when the engine got on it and dropped it straight down in the arroyo. The tender fell on top of the engine and Engineer Rose and Fireman Snyder, who were both in the cab, were seriously scalded. They were taken to the Fort Bayard hospital, but both died in a few hours after the accident. The bodies were taken to San Marcial on a special train, where they both resided.

The Fort Bayard and Silver City base ball teams will cross bats at Athletic park in this city next Sunday afternoon and the fort boys say they are going to take off the honors of the home team, who have defeated them three out of four games.

Will Mentz and J. H. O'Reilly, two insurance men of Albuquerque, have been spending several days in Silver City rustling business for their company.

Williams Watson, a rancher who resided on the upper Gila, the latter part of last week deliberately placed a six-shooter at his head and pulled the trigger, killing himself instantly. The members of his family were in a different part of the house and when they rushed in after the shot, found him dying. No cause is known for the deed except ill health.

United States Marshal C. M. Foraker and brother came in on Sunday's train and went out to their ranch in the Burros today. Mr. Foraker has sold his entire herd of cattle, which will be gathered and shipped to California.

LOCAL PARAGRAPHS. The Italian band is hard at work practicing rag time for the Las Vegas excursion.

Territorial court opens at Gallup next Friday.

Fred Huning is up from Los Lunas for a couple of days.

W. D. Arrighi was a passenger for Santa Fe this morning.

JOE STINSON DEAD.

For Many Years He Was a Resident of the City of Santa Fe.

A letter just received gives the information that Joseph W. Stinson, for many years a resident of Santa Fe, but of late years an inmate of the United States soldiers' home at Santa Monica, Cal., died at that place on Saturday, the 6th inst., of blood poison.

Stinson was quite a figure in Santa Fe in the wild and woolly days after the war and until about 1883. He amassed a fortune in the saloon business at the territorial capital, but went east and lost everything he had made in speculating.

He was buried on Monday with military honors. He was a native of Maine and went to California in 1849. At La Porte, California, he enlisted in the First California Infantry on August 16, 1861, and made the overland march under General Carleton.

After three years service he was discharged at Los Pinos, August 21, 1864.

Beware of the Knife.

No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. DeWitt's Witch Hazel Salve cures quickly and permanently. Unequaled for cuts, burns, bruises, wounds, skin diseases. Accept no counterfeits. "I was so troubled with bleeding piles that I lost much mood and strength," says J. C. Phillips, Paris, Ill. "DeWitt's Witch Hazel Salve cured me in a short time." Soothe and heal. **B. H. A Certain Cure for Dysentery and Diarrhoea.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses, one before starting and one on the route. I made the trip successfully, and never felt any ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy, and this time one dose cured me." For sale by all druggists.

To Promote Use of Alcohol.

Washington, Sept. 12.—Information has reached the Peruvian legation in this city that the general exposition of the methods, apparatus and machinery for the application of alcohol to the production of motive power, light and heat, which is now in progress in Lima, is meeting with great success. Peru is one of the chief alcohol producing countries in the world, and the object of the exposition is to give alcohol producers an insight into the capabilities of alcohol in the industrial field. It is believed that by encouraging the use of alcohol for industrial purposes, its consumption as a beverage can be very considerably restricted.

A New Jersey Editor's Testimonial. M. T. Lynch, Editor of the Philadelphia N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it. Sold by Alvarado Pharmacy."

THAT EXCURSION.

Superintendent Fox Promises First Class Cars for the Excursionists.

Sept. F. C. Fox, of the New Mexico division, spent last night in Albuquerque and returned to Las Vegas this

morning. Mr. Fox is enthusiastic over the prospects of the excursion, which will go to Las Vegas next Sunday.

"We are going to furnish the best equipment possible to be had for this excursion," said Mr. Fox, this morning. "and cars ample to accommodate the crowd comfortably will be furnished. Las Vegas is preparing to receive a large crowd and if the people of Albuquerque visit the Meadow City next Sunday, the time for burying the hatchet will have come, and Las Vegas people will return the compliment and come to the fair."

All Albuquerque people who go will be given a free trip to the Las Vegas hot springs.

Death of Astor's Daughter.

London, Sept. 12.—William Waldorf Astor's daughter, Gwendolin, died of consumption this morning at Clivedon. Her body will be taken to New York for burial.

Gwendolin Astor was 9 years of age.

Foley's Kidney Cure makes the diseased kidneys sound so they will eliminate the poisons from the blood. Sold by Alvarado Pharmacy.

Electric Fountain Assured.

Work has begun preparatory to the institution of an electric fountain in the front yard of the Alvarado. The excavating has been done and the plumbers are at work doing their part of the job. The basin will be cement and about two feet deep. It will be twenty feet wide, thus giving the fountain, which will be placed in the center, spraying room of ten feet. It will be ready by fair time.

FRIGHT CURES PARALYSIS.

Woman Lame Forty Years Walks All Right After a Scare.

Jhiliadelphia, Sept. 12.—For forty years Mrs. Emily Van Dyke was unable to use her leg, she having met with an accident which partially paralyzed the limb. Today she started to market as lame as ever, with the aid of crutch and cane, accompanied by her pet dog Fido.

They met the city pound wagon and one of the dog catchers made a dash for Fido. The animal ran to his mistress and in his rush knocked her down. She was taken to the hospital, where it was discovered that the shock and fright of the dog catcher's sudden advent had started the circulation in her injured member. Now she walks as easily as ever.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Sold by Alvarado Pharmacy.

WEDS SISTER IN LAW.

He is 75 Years Old and She is 80, and Rhinebeck is Astonished.

Poughkeepsie, Sept. 12.—Robert M. Green, 75 years old, and his dead wife's sister, Mary L. Green, 80 years old, both of Rhinebeck, are receiving congratulations from their friends in that village on their marriage.

The wedding was a complete surprise to the entire village. The bridegroom is a well to do farmer and has five grown up children. His wife died about three years ago, and while he was always friendly with her sister, the village gossips would have it that she would be married to G. V. M. Rapelye, a retired actor, for whom she had been housekeeper for the last ten years.

The bride is yet an active woman, despite her advanced years.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am cured. I cannot say too much for Foley's Kidney Cure." Sold by Alvarado Pharmacy.

KILLED HIMSELF.

Ill Health and Despondency Leads Wm. Watson to Suicide.

Yesterday The Citizen published a brief account of the suicide of William Watson. Fuller facts are found in the following article taken from the Silver City Independent:

William Watson, an old time resident of Grant county, committed suicide at the house of his son in the Upper Gila precinct last Thursday evening.

Mr. Watson has been in ill health for some time past and was very despondent in consequence. Five years ago to a day on the date on which he killed himself his wife died. He grieved so much over her loss that his trouble seemed to affect his mind and it is presumed that the anniversary of the event so vividly recalled his misfortune that he determined to put an end to himself.

He went to the house and securing a six-shooter, shot himself through the head. His aim was deliberate and death was instantaneous, the bullet tearing off the top of his skull. Members of the family who were on the outside and heard the shot rushed in and found him lying on the floor.

Deceased was a man over 60 years of age, and has been a resident of Grant county for many years. At the time of his death he was making his home with his son, Frank Watson. Other surviving children are Mrs. John Craven, Mrs. Frank Fleming, Mrs. Frank Hunter and an unmarried daughter, Lillian.

Your money back

If you are not satisfied

DO YOU SUPPOSE that a company with a capital of \$200,000.00, paid in full, and the proud possession of 25 years of continuous success, would make such an offer and not carry it out to the letter?

EL PASO'S TEAM.

That City Secures a Strong Aggregation from National Leagues.

El Paso News.

Arrangements have come to an abrupt termination in the matter of securing the Pittsburgh base ball team to represent this city in the contest at the Albuquerque fair, as the champions have declined to come unless for a price greatly in advance of any that the local fans could offer.

Manager Frank S. Ryan stated this morning that arrangements have been closed with an aggregation of star players from the two national leagues to come to this city under his management. The players will be from the following teams: Washington, Louisville, St. Louis, Milwaukee and Kansas City. The names of the men are not yet ready to be published as their contracts are on the way to this city and nothing will be considered certain until they are signed and sealed. He stated that every one of the players had a batting average of more than 300 in the records of the National league and that only twenty-five men in the league had such an average.

Among the aggregation is a man who has the reputation of being the slickest run getter on the American diamond. Another of the team is a pitcher who has pitched two ten-inning no hit games this season and is without exception the best pitcher of the season. Another pitcher has an average of .714 per cent.

There will be two right handed pitchers and two south paws in the team and another good feature for the aggregation is that every one of the men is a hard hitter and good all around player. Manager Ryan stated that the team would play a series of ten games on its western tour, visiting the City of Mexico for the wind up.

A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Budlong, of Ashaway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction is guaranteed by all druggists.

SHOOTS TO KILL.

Manuel Hernandez Dead as Result of Quarrel Over Card Game.

A Trinidad, Colo., dispatch, dated September 10, says:

Manuel Hernandez, assistant stable boss at the Engleville coal mine, two miles from Trinidad, was shot and instantly killed by Samuel Jacobs, an Engleville coal miner.

The killing occurred at the top of the tippie at the mine. Jacobs fired two shots, the second shot passing through Hernandez's heart and clear through his body. A large crowd was attracted by the shooting and threats of lynching were freely indulged in. Jacobs' friends hurried him down town and kept the crowds from harming him until officers arrived from Trinidad. Jacobs was brought to Trinidad and placed in the county jail.

Early this morning Jacobs and Hernandez and several others who had been out all night playing cards and drinking had a fight in front of one of the Engleville saloons, which did not result in much harm at the time. Hernandez went to the mine stable and went to work, and Jacobs continued drinking during the forenoon. At noon he secured a six-shooter, went to the mine and killed Hernandez. Trouble between the two men was over a dispute of \$4.50 in a poker game during the night. The dead man was 40 years old and leaves a wife and four children, one child being two weeks old. Jacobs is about 30 years old and unmarried.

CHAVES COUNTY REPUBLICANS.

Their Primaries Will Be Held September 20 and County Convention September 25 at Roswell.

The republican central committee of Chaves county met Saturday night last in Roswell and resolved to put a full county ticket in the field in this democratic county, having come to the conclusion that the best interests of the republican party in the county and in the territory demanded such action. The primaries for the county and legislative nominating conventions will be held at 4 o'clock in the afternoon of September 20, and the county convention will be held September 25 in Roswell. Delegates to the territorial republican convention at Raton will then be nominated as will a full county ticket and a candidate for the legislative assembly from the counties of Lincoln, Chaves and Eddy.

A. J. Nesbit, a well known attorney of Roswell, is being talked of as a probable nominee for member of the house from that district.

A Sad Disappointment.

Ineffective liver medicine is a disappointment, but you don't want to purge, strain and break the glands of the stomach and bowels. DeWitt's Little Early Risers never disappoint. They cleanse the system of all poison and putrid matter and do so gently that one enjoys the pleasant effects. They are a tonic to the liver. Cure biliousness, torpid liver and prevent fever. **B. H. Briggs & Co. and J. H. O'Reilly & Co.**

Flagstaff Normal.

The Northern Arizona Normal opened Tuesday for the 1902-3 session. There were a large number of visitors at the opening, and addresses were made to the students by Rev. J. H. Henry, Rev. Geo. Logie, A. A. Dutton and J. C. Grim, of Flagstaff and John Y. T. Smith of Phoenix. The school had at the opening an attendance of forty-one an increase of ten over last year. The addition of a laboratory this term will be of great advantage to the students and the school. A number of students are expected to enter during the month. The success of the Northern Normal is gratifying to the people of Arizona, and especially to the citizens of Coconino county.—Flagstaff Sun.

Not Doomed for Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnellville, O., "for piles, and fistula, but, when all failed, Bucklen's Aches and Pains cured me in two weeks." Cures burns, bruises, cuts, corns, sores, eruptions, salt rheum, piles or no pay; 25c at all drug stores.

Grant County Indictments.

District court at Silver City has disposed of many cases. The grand jury has been steadily at work, and indictments returned are:

William Waterman, two indictments for forgery.

Browning M. Stewart, larceny by embezzlement.

Juan Rubio, larceny of a horse.

Felix Torres, larceny of horse and mare.

Clarence Van Ness, burglary.

Jung Youce, assault with intent to kill.

Dr. J. C. Bishop, of Agnew, Mich., says, "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." Refuse substitutes. Sold by Alvarado Pharmacy.

\$375 for Letters from Farmers.

The Rock Island system offers \$375, in cash and transportation for letters relative to the territory along its lines in Arkansas, Indian Territory, Oklahoma, Texas and New Mexico.

Letters should deal with the writer's experience in the territory in question. They should tell how much money he brought with him, what he did when he first came and

what measure of success has since rewarded his efforts. Letters should not be less than 300 nor more than 1,000 words in length and will be used for the purpose of advertising the southwest. For circular giving details, write John Sebastian, passenger traffic manager, Rock Island system, Chicago, Ill.

"I had kidney trouble so bad," says J. J. Cox of Valley View, Ky., "that I could not work. My feet were swollen to immense size and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me. Sold by Alvarado Pharmacy."

RAILROAD NOTES.

It is understood that the present system of using time cards in the shops may be discontinued. Instead of the length of time which a job demands being placed on the card it will be entered in a book kept at the office of each foreman.

In the northwest the railroads are experiencing a shortage of cars which may hamper them considerably in their future handling of traffic, that of stock in particular. The cattle movement which already has commenced is largely responsible for this.

The Choctaw Railroad company has commenced the survey of a line from Rush, Okla., to Fair View, an important connection in western Oklahoma. This line was included in the original charter, and it is reported that the construction will commence soon.

During the fruit shipping season just closed the Illinois Central handled the following business into Chicago from the southern states—1,132 car loads of watermelons against 1,029 last year; 152 car loads of cantaloupes, against 75 last year, and 168 car loads of pineapples against 80 last year.

George Fraser, the new foreman of the Topeka railway blacksmith shop, arrived in time to assume his duties Monday morning. Judging from the comments concerning him about the shops he has all the men for his friends to start with, and his past record gives reason to believe that he will lose none of them.

The Kingman Miner says: The preliminary survey of the Congress & Franconia railroad has been made and now the work of cross sectioning is in progress. The road will run across the sink of Date creek, striking the Sandy somewhere near its confluence with the Santa Maria, thence through the break in the Wallapai mountains along Bill Williams Fork. Some grading has already been done at Congress, presumably to hold the right of way. There is now no doubt that the road will be built and that within a year.

Matthews Re-enters Ring.

New York, Sept. 11.—Considerable interest is manifested in sporting circles in the bout between Matty Matthews and Patsy Sweeney, at New Britain, Conn., tonight. The bout is to be a twenty round affair and will be pulled off under the auspices of the Pastime Athletic club. It will be Matthews' first appearance in the ring since he lost the welter weight championship to Martin Duffy, the Chicago fighter, several months ago.

Don't delay a minute. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Business With Mexico.

The treasury department of Mexico has just issued some interesting statistics of the railway traffic between Mexico and the United States for the three fiscal years ending on June 30, 1901, exclusive of passenger traffic. This official report shows that during the fiscal year 1900-01 the number of cars that entered Mexico from the United States was 38,629, carrying 535,540 tons of freight. The number of cars that entered the United States from Mexico during the same period was 20,368, carrying 223,720 tons of freight. The total movement both ways for that year was 58,997 cars, carrying 759,260 tons of freight, upon which duties to the amount of \$6,587,470 was paid.

Fortune Favors a Texan.

"Having distressing pains in head, back and stomach, and being without appetite, I began to use Dr. King's New Life Pills," writes W. P. Whitehead, of Kennedale, Tex., "and soon felt like a new man." Infalible in stomach and liver troubles. Only 25c at all drug stores.

Death of James Kerr.

The sad news has just reached friends in this city that James Kerr, who resided in Albuquerque for a couple of years, died in Denver, Colo., on August 19 last. The remains were shipped to Toronto for interment. The deceased had been associated with a prominent law firm in Toronto and was a gentleman of high attainments. His sterling character made him many friends in this city who deeply regret his death and who extend to the bereaved widow and children sincere sympathy.

A little life may be sacrificed to a sudden attack of croup if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Miners Determined.

Tamqua, Pa., Sept. 12.—Nearly all the "locals" of the United Mine Workers in this vicinity held meetings at which the strikers pledged themselves to stay out until the coal companies grant concessions, no matter how long it may be.

An Abundance of Blood

PAINE'S

Celery Compound

Cleanse the Vital Fluid, Increases Its Supply, Banishes the Seeds of Localized Diseases, and Nourishes Every Important Organ.

The use of Paine's Celery Compound means an abundance of pure, vitalizing blood, a perfect regulating of circulation, and the banishment of localized diseases such as insomnia, neuralgia, rheumatism, eczema, salt rheum, blood diseases, running sores, and eruptions.

If your sleep is not restful and refreshing, if your spirits are low, if you are morose, melancholic, and oppressed with morbid feelings, be assured your blood demands instant attention.

Paine's Celery Compound is the one great and never failing agent for making pure, fresh blood, for nourishing the dominant organs of the body, for recruiting the strength of young and old. Often, very often, a delay of one day proves fatal. Foul and poisoned blood carries death at every beat of the heart. Mrs. C. R. Root, Mansfield, Pa., says:

"When I began taking Paine's Celery Compound I was all run down after a severe attack of the grippe and was almost tired of life. I had salt rheum very badly in my hands, and the doctors told me there was no permanent cure for it when it had got into a person's blood so badly, but I am happy to tell you that Paine's Celery Compound cured me of salt rheum, kidney trouble and other ailments. It is always my doctor."

Player Injured.

During the ball game Labor day Wm. Winton, who was playing center field for Gallup, was severely injured over the right eye. Gillette of Winslow, hit a Lizz fly to center field, and Winton, in his endeavor to catch it, got right under it. The ball passed through his hands and struck him a terrific blow over the right eye, also laying his cheek open, and then continued its flight for thirty or forty yards farther.

Winton was assisted from the field and attended by Dr. Sampson. He suffered severe pain that night, but was more comfortable Tuesday morning and returned to Gallup on No. 8. Later reports from Gallup say that he is improving and no permanent injury was received.—Winslow Mail.

Lingering Summer Colds.

Don't let a cold run at this season. Summer colds are the hardest kind to cure and if neglected may linger along for months. A long siege like this will pull down the strongest constitution. One Minute Cough Cure will break up the attack at once. Safe, sure, acts at once. Cures coughs, colds, croup, bronchitis, all throat and lung troubles. The children like it. **B. H. Briggs & Co. and J. H. O'Reilly & Co.**

Lines Tied Up.

Ottawa, Iowa, Sept. 12.—Every electric line with one exception was tied up today by a strike of motormen and conductors out of sympathy with the linemen of the Ottawa Traction & Light Co.

Surrendering to Revolutionists.

Washington, Sept. 10.—The navy department is in receipt of the following, dated Panama, today from Commander Potter of the United States steamship Ranger: "Two thousand men surrendered to revolutionists at Agua Dulce, Colombia. Revolutionists reported advancing near Panama, Colombia."

Union Veterans of Iowa.

Des Moines, Iowa, Sept. 12.—Thirty-five local societies of the Union Veterans of Iowa are represented at the annual state encampment and reunion which began in Des Moines today. Today was devoted largely to the reception of the delegates and the formal organization of the convention. The sessions will continue until next Tuesday. A successor to Department Commander J. W. Ellis, of Maquoketa, to be chosen and between the business sessions there will be features of entertainment provided by the local veterans.

With family around expecting him to die, and a son riding for life, 18 miles, to get Dr. King's New Discovery for consumption, cough and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at all drug stores.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it:

FIFTY THOUSAND DOLLARS

In development on the ledge and a complete five-stamp mill, with all other necessary machinery ready to run. The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares, (par value \$1 each), fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, references, etc., address,
