Students! You can now print from your own wireless devices at three locations on the HSC campus: Health Sciences Library and Informatics Center (HSLIC) main floor, COP/CON building, and Domenici North Wing Room 2726.

UNM has a new campus-wide student printing service from [Wepa](#), a leader in cloud printing. You can print from a computer in the library, or from anywhere on your own laptop or mobile device – send

your print job to the Wepa cloud, then go to any Wepa print station and print it.

B&W prints the cost only 6 cents each for single-sided page, or 10 cents each for a double-sided page. You can manage your own individual Wepa account with PayPal or a credit card, but GOOD NEWS – HSC will continue to provide all eligible HSC students with a \$10 print credit available the first day of each program’s fall and spring term.

Go to wepanow.com and login with your HSC NetID and password, check to see if your credit has been applied, deposit funds to your account if not, and start printing in HSLIC, COP/CON and Domenici Room 2726!
