December 1, 1997

TO: Faculty Senate
FROM: College of Nursing
RE: Posthumous Degree

The College of Nursing voted on November 21, 1997 to award a BSN degree posthumously to Kevin Nelson. At the time of his death Mr. Nelson was enrolled full time in the College of Nursing. He was within 4 weeks of completing all requirements for the degree and he was in good standing academically.

Thus, the candidate meets all of the necessary criteria for awarding the degree as specified in the UNM Policy, Posthumous Degrees

*Gloria Bukler, RN JD
College of Nursing
Faculty Secretary*

POSTHUMOUS DEGREES

The University of New Mexico recognizes that earning an academic degree is a matter of legitimate pride in achievement not only for the students themselves but also for the family members and friends who provide students with vitally important support and encouragement during the course of their studies. UNM also recognizes that not only the degree, but significant progress in an academic program is, under certain circumstances, an achievement which warrants special recognition.

Accordingly, the University of New Mexico will make available "posthumous degrees" of appropriate type and rank to be bestowed upon a student who dies before he/she is able to complete his/her program.

These degrees may be granted under the following circumstances and terms:

- 1) The student is in degree status.
- 2) The death of the student occurs after the student has successfully completed at least half the credit hours necessary for the degree.
- 3) The student (is currently enrolled) or was enrolled the previous academic year *prior to the student's death.*
- 4) The faculty of the college or department must approve, and also may initiate, the recommendation to award a degree posthumously.
- 5) A request to award a degree posthumously may also be initiated by the student's family, or a UNM administrator, and then approved by the degree department.
- 6) Requests for a posthumous degree should be made within one year of the death of a student.
- 7) Posthumous degrees, after department or college approval, are added to the college degree approvals granted by Faculty Senate.
- 8) The degree and the word "posthumous" will be added to the diploma and transcript as appropriate in each case; i.e., B.A. (posthumous), M.S. (posthumous).
