Albuquerque Weekly Citizen

ALBUQUERQUE, NEW MEXICO, SATURDAY, OCTOBER 11, 1902.

NUMBER 66

Territorial Topics

SANTA FE.

From the New Mexican.

A substantial vitrified brick sidewalk is being constructed along the Griffin property on Washington avenue.

The old corral on the Washington avenue side of the Ft. Marcy reservation is falling to pieces and almost daily a part of the wall falls outward. Yesterday a number of bricks fell from the roof and nearly injured a passer-by.

Vicente Romero, who lived on the south side, died last night at 6 o'clock, aged 25 years. The funeral services will be held at the cathedral tomorrow morning and the interment will be in Rosario cemetery.

Word was received yesterday that the mother of R. C. Garrett, superintendent of the yards at the penitentiary, is seriously ill. She had been visiting her son and left for her home in Alabama on Wednesday, accompanied by Dr. Knapp, and has been ill all the way.

The Capital City band last evening celebrated the first anniversary of its organization at Post hall. The guests of the evening were the members of the Grand Army of the Republic, the Women's Relief Corps and the families of members of the band. A delightful musical program was given, after which an oyster supper was served.

The trustees of the university (the Santa Fe corporation) met last evening and formally adopted the amendment to the by-laws by which the number of trustees is reduced from 13 to 9. The board now consists of L. B. Prince, president; W. M. Berger, secretary; Charles L. Bishop, treasurer; E. L. Bartlett, S. S. Bentley, N. B. Laughlin, George W. Knaebel, Judge McFar and A. Seligman.

The late for the entertainment and music by the Sisters of Loreto has been changed from October 15 to October 17.

Gov. M. A. Otero returned from Las Vegas and is confined to his residence with a bad cold.

J. T. Newhall, who has been at St. Michaels, Alaska, for the past four months, is expected to arrive home this evening.

The county commissioners appointed M. C. Reel as justice of the peace for precinct No. 29 at San Pedro. M. T. Moriarty was appointed justice of the peace for precinct No. 21 at Moriarty.

Solicitor General E. L. Bartlett, who has been quite ill for the past two weeks, has sufficiently recovered to be able to attend to his official duties.

Mr. and Mrs. Albert Gusdorf and child, of Globe, Ariz., who have been in Taos on a visit to Mr. and Mrs. Alexander Gusdorf, arrived and passed through town on their way home.

PORTALES.

From the Herald.

The residences being built for J. R. Hoyer and Mrs. May are nearing completion.

Over half the people who criticize the press for its errors, cannot write ten lines correctly.

A Mr. Williamson, who lives about forty miles from Portales, let the contract this week to J. M. Maloy for a \$500 residence.

William Blackwood, of this county, bought of Martin Chavez, of Pichen, Lincoln county, 1,000 lambs at \$1.25 per head.

J. W. George has six and a half acres of short cotton on new land, on his farm about nine miles from town, which will go a quarter of a bale to the acre.

Scarcely a day passes that at least a half dozen prospectors do not pass through looking for land. The valley for fifteen miles up and down is dotted with homesteads, and filed in a year. Without irrigation the valley has produced remarkably well.

LAS CRUCES.

From the Citizen.

A nice refreshing shower cooled off the atmosphere last Sunday.

Jesus S. Garcia was taken ill with chills last week, and was compelled to put off his trip to Albuquerque.

College will undoubtedly have a good baseball team this year, a thing which has not had for quite a number of years.

The number of children attending schools in Las Cruces at present is: Public and ward school, 219; Convent day school, 40; Mission school, 45, making a total of 304.

Prof. R. R. Larkin, formerly professor of the Agricultural college here, and now of Gallup, is a candidate for the office of school superintendent. If Professor Larkin is elected, the people of that county will have cause to be proud of an energetic and a competent man who will do everything to ad-

vance the cause of education.

A difficulty occurred at the Modoc mill Tuesday. The plumber and engineer, two brothers, were discharged by Superintendent Rogers for disobeying orders, when they asked who would take charge. Mr. Rogers said that he would, when they said: "We would like to see some one take charge of this engine." Mr. Rogers said: "I'll take charge of it," and on stepping into the engine room, one of the brothers drew a pistol and told him that if he made another step forward that he would kill him. Mr. Rogers picked up a piece of iron pipe near at hand and without striking a blow managed to get them out of the engine room. Both men were brought here and placed under \$1,000 bond in default of which they were sent to jail to await the action of the grand jury. The above statement is just as we received it.

CERRILLOS.

From the Register.

J. D. Bridge made a business trip to Magdalena the first of the week.

Born to Mr. and Mrs. C. C. Green last Sunday, a girl. All doing well.

J. A. Jackson and E. B. Ames have moved their families into town for the winter, in order to be near a good school.

Thomas Barcia has nearly finished his new house just east of the residence of Tomas De Lallo, and expects to move into it before cold weather.

Married, at the home of Judge Neis, at 11 a. m. last Tuesday, Miss Gleda Matildi and Giorgio Davide, Judge Neis officiating. The young couple will make their home in Madrid.

These cool nights have started our people to gathering their fruit. Judge Neis began harvesting his lemons last Saturday and exhibited one at this office which weighed nine ounces.

Zenon Sandoval, of Walnut, returned from Pena Blanca, where he lived for many years. He informs us that he never saw the republican sentiment so strong in that part of Bernillo county as it is this year.

The Pennsylvania Mining company, J. D. Bridge president, and W. A. Brown, secretary, have started the work of developing the Weaver and Owl claims, recently purchased by them.

A contract has been let to G. W. Green for 300 feet of work, and to A. Young for the building of a shaft house. George Bailey is now unloading the fifteen horse power hoist which arrived a few days ago for use on his property, from the cars and is hauling it to the mine.

While coming in with a load of wool Teodoro Tenorio met with a serious accident. His team became frightened and ran away, throwing him off of the wagon and breaking his leg just above the ankle. A doctor was summoned from Santa Fe, but owing to the distance he did not arrive until the next evening, by which time the limb had swollen so as to make it very difficult to reduce the fracture properly, and it is feared that Mr. Tenorio will be laid up for some time.

DEMING.

From the Herald.

About all of the pleasure seekers to California points have returned home, and the town looks normal again.

Miss Lillian Lawton and sister, Miss Nora, returned from a ten days' visit with friends in El Paso.

George Monroe, ex-marshal of Santa Rosa, who several months ago was seriously wounded in the leg by the accidental discharging of a pistol at Tulare, was here this week renewing a few old time acquaintances.

Miss Barbara Rathel returned home from California points, where she had been spending about two months enjoying life and visiting a great many friends at the different coast watering places. She is not more glad to return home than her many friends are to have her among them again.

J. N. Ostott, of Cooke's Peak, and a brother of County Commissioner John Ostott, was in town this week. He says the Peak district is the coming camp of the territory, and that while the district, and his predictions will not a great deal is heard of it, a vast amount of work is being done. Mr. Ostott has been about fifteen years in carry considerable weight with all the conservative people of the section.

SOCORRO.

From the Chieftain.

Prof. P. A. Marcellino, who was offered the principalship of the high school of this city, has declined the offer for private considerations.

Mr. Gormley, several years ago a student at the School of Mines, now holds a very desirable position in connection with the great Anaconda mine of Montana.

Mrs. M. G. Armijo and little son, Frank, of Albuquerque, who had been guests of Mr. and Mrs. Frank Aheytia, of this city for several days, left for their home. Mrs. Aheytia will follow them in a few days to visit for some time.

Several friends of Mr. and Mrs. Joe E. Smith gave them a pleasant surprise by gathering at the family residence to help Mr. Smith celebrate his forty-fourth birthday anniversary. The evening was very pleasantly spent and all guests wished at taking their leave that they might help their host celebrate many more such occasions in the future.

Mr. and Mrs. Ross McMillan arrived in Socorro from Santa Fe Thursday. These young people were married in the early summer at the home of the bride in Buffalo, N. Y. The groom is the well known son of Hon. Daniel H. McMillan, judge of the Fifth judicial district, and the bride is a young woman of excellent family and high social standing in Buffalo. They will make their home in this city, where they will of course meet with a cordial welcome.

GALLUP.

From the Republican.

Felipe Zamora has moved with his family to Albuquerque.

Morris Bowie returned to Albuquerque Wednesday to resume his studies in the New Mexico university.

Miss Kate Cunningham returned to Albuquerque last Thursday and will again take up her studies in the New Mexico university at that place.

Walter Johnson, son of Mr. and Mrs. Paul Johnson, has returned to work in the railroad shops in Albuquerque after being away for some weeks on account of a slight accident to one of his eyes.

Foreman Sweet, with his gang of forty men, has commenced replacing the old Western Union telegraph poles from Gallup to Flagstaff. The new poles are of Michigan cedar and are calculated to last fifty years.

H. Neumann, the hustling merchant of Guan, paid a business visit to Gallup yesterday. He reports everything going along nicely in his neighborhood and "no prospects for a large volume of business in the lumber industry in the Zuni mountains within the next few months.

Troop F, of the Fourteenth cavalry, started from Fort Wingate this morning to attend the Territorial fair which commences at Albuquerque on the 14th of this month. Troop G, under command of Capt. C. C. Smith, returned last Sunday from a long practice march in Arizona.

SILVER CITY.

Major Appell Ordered to the Philippines—Local Paragraphs.

Silver City, N. M., Oct. 7.—The Third Battalion band of this city is getting in shape for the territorial fair and are practicing every evening nowadays. They will undoubtedly give a good account of themselves to the people at Albuquerque.

Andy Laird had a very successful operation performed upon him at the Ladies' hospital last week and is out on the streets again.

L. C. Parker, Frank Nichol and Rev. Ruffner left the first part of the week for a camping trip on the Upper Gila. They expect to stay about three weeks.

The democratic primaries were held in the different precincts in Grant county last Saturday evening and delegates were elected from each one to attend the county convention to meet in Silver City Saturday, at which time the county ticket and other matters will be attended to.

The Territorial Normal school of this city has secured from the St. Louis Lyceum people a course of entertainments for the coming winter. Including seven attractions. They consist of first class entertainments of quartettes and several of the prominent lecturers of the country. The proceeds of the entertainments after expenses are paid will go to fitting up the gymnasium of the Normal school.

Major Appell, who has had charge of the United States sanitarium at Fort Bayard since it was established about two years ago, has been ordered to the Philippines by the war department, and will relinquish his duties at the Bayard hospital in a few days, when he will be relieved by one of the prominent surgeons and doctors in the service who has been in the Philippines. Major Appell has been a hard worker for the soldier boys suffering with tuberculosis at the sanitarium and is considered one of the most efficient surgeons in the army, especially on lung troubles. It is with regret that the people of this city hear of his transfer, as he made many friends everywhere.

A base ball game is on the boards to be played at Fort Bayard next Sunday afternoon between the fort team and the Deming club. The last game played resulted in a victory for the Deming nine, but the soldier boys say they are

after Deming's scalp this time.

The political pot is boiling at a good heat nowadays in this county and everywhere you go hopeful candidates are in evidence working for votes in the election next month.

SAN MARCIAL.

From the Bee.

Mrs. Jeannette Woodland, of White Oaks, N. M., is visiting Mrs. L. L. Gladney.

Mrs. J. C. LaMasters expects to remain in San Marcial as long as the health of her husband's mother continues precarious.

The wife of Solomon Sly died here on Wednesday night. The next day the remains were taken to Silver City for interment.

"The Garden of the Gods," a monthly magazine published at Colorado Springs, has a splendid sketch in its September number of Capt. Jack Crawford, from the pen of Dan W. Brown.

S. A. Clark returned to San Marcial from Ohio. Mrs. Clark, whom he married a few weeks since, will come to the southwest before the end of the year.

Rev. O. Gornall, who has been pastor of the Free Methodist church for the past fifteen months, has resigned his charge on account of his wife's health. They start back to Pennsylvania, where her people live, on the Monday morning train.

Celestino Ramirez, aged 26 years, died at his home near San Antonio Monday morning. For over a month he had suffered from intense bleeding at the nose but had gotten the flow checked and was so much better that he had planned to start on Monday to the sheep camp as a shepherd. Sunday the bleeding started anew and at 6 o'clock Monday he had passed to the invisible beyond.

MILITARY DRILL.

Orders Issued to Detail an Army Officer for the Agricultural College.

After a long series of attempts that have been made during the past ten years in the history of the institution, the Agricultural College at Mesilla Park has succeeded in securing the detail of a regular United States military officer for the institution. President Foster has just received word from the authorities at Washington conveying this important information and the way is now clear for the detail of a regular army officer to give instruction in military tactics at the Mesilla Park college.

The adjutant general has sent to the president a list of retired officers who are available for such detail. The college is entitled to the detail of a military officer under the congressional act creating agricultural colleges. In addition to the detail it will receive for the equipment of its military department an ample supply of ordnance including three inch rifle guns, carriages, Springfield cadet rifles for the use of the students, and all necessary accoutrements, as well as ammunition at regular intervals as provided by law.

The success of this last application for a military detail coming after so many failures during the past years, is due largely to the strong presentation of the subject made by President Foster to the adjutant general at Washington. Coming as this detail does on the top of many additions and improvements in the equipment of the college and its courses of study, it is especially important as an indication of the extended field of work that the college is reaching out to do.

DEMING.

Sanitarium Scheme—Luna County Politics—Local Notes.

Special Correspondence.

Deming, N. M., Oct. 10.—J. W. Gill's residence was burned to the ground last Sunday night. Nothing was saved but the insurance.

Nordhaus & Sons' new store is a fine one. Mr. Nordhaus yesterday completed his arrangement of stock, and the store now looks like one of those in a large city.

Mrs. Chadburne, a sister of Mrs. W. H. Greer of this city, is visiting here. The party went to Apache Tejo last week, returning Saturday. Mrs. Chadburne expresses herself charmed with Deming.

Knowles & Kosky have just received a fine new piano for their saloon on Pine street to add to the comfort and enjoyment of their patrons.

Last night Mrs. Byron and Mrs. Beals entertained at whist at the home of Mrs. Beals. A large number of their friends were present and had a good time, as may be supposed.

The big national sanitarium scheme, which has been for some time agitated by eastern philanthropists and physicians, is at length assuming the proportions of a fact instead of a dream. The site has been selected, and the site is Deming. It is the expectation of this organization to treat thousands of patients here by means of the pure air and water of Deming, some of the patients will be pay patients, but they expect to be able to treat those worthy ones who are unable to afford heavy doctors' fees and the expenses of the

trip and living here also. Some of the greatest philanthropists, wealthiest men, and societies, and churches in the United States are behind the movement, and there is little doubt that its success will be tremendous and far reaching. The good Deming will derive from this scheme will be enormous, and it will bring this town, already well known, into a prominence as great as it is deserved. Dr. Mayfield, of St. Louis, is at the head of the movement, and as he has never yet undertaken anything of this nature which has not been an unqualified success the chances of this are exceedingly bright. It is even whispered that Miss Helen Gould and Mr. Rockefeller are charitably interested in the plan. This with the big Phelps-Dodge smelter to be shortly erected here will insure the future of Deming beyond all failure.

Luna county politics are humming, and we may expect a pretty stiff fight on election day, as although the democrats far outnumber the republicans in the county the late appearance of the democratic candidates will give the republicans time to get in some good lies before the others have a chance to do anything.

On and after the first of November Deming will have ten passenger trains daily. The Southern Pacific regular both ways, the Southern Pacific flyer both ways, the Rock island express both ways, two Santa and two El Paso & Southwestern trains. After this no one should complain that they cannot get all sorts of transportation facilities from and to Deming.

HOLBROOK.

From the Argus.

Miss Maggie Jervis has been spending the week with friends at St. Joseph.

C. I. Houck returned from a visit to his mother in Darlington, Wisconsin. He enjoyed his visit very much and says the old state is in prosperous condition this year.

F. A. Zuck has closed his meat market at Winslow and returned to Holbrook. He will remain with us but a short time, having decided to locate in the southern part of the territory.

A number of people from the upper country left here Tuesday night for Salt Lake City, where they will attend the conference. Several couples will be united in marriage while there.

H. S. Knight was here last Sunday with his advertising car for the Albuquerque fair. It will not be Mr. Knight's fault if the fair is not a success, for he is sure doing his part of the work right. The program will be much better than last year and the low rate of \$7.50 for the round trip ought to induce a large number to go from here.

FLAGSTAFF.

From the Gem.

Dwelling houses to rent are scarce in Flagstaff at the present.

A. E. Macomber, of Williams, was a business visitor here the first of the week.

The proposition to enclose and beautify the court house grounds is not materializing very fast. The supervisors should push this matter.

Miss Cecelia Black, who has been employed to teach the public school on Upper Verde will leave this week to take charge of the school.

Miss Mary Punston, who has been employed to teach the public school on Beaver creek, will leave Saturday to assume her duties in the school.

Mrs. F. W. Sisson gave an afternoon party at her residence in Milton Tuesday to a large number of her lady friends. Refreshments were served and a very enjoyable afternoon was held by all the ladies present.

County Recorder H. C. Hübner, for the quarter ending September 30, 1902, turned into the county treasury the sum of \$1,997.20, as receipts of the recorder's office. This is a good showing and the receipts for the next quarter will exceed this amount.

According to the Revised Statutes of Arizona, the season for killing wild turkeys is from the 15th of November to the 15th of December. In publishing the game law last week we got mixed up on the months, especially as to wild turkeys.

From the Sun.

Mrs. P. G. Cornish and little son was here the guest of her brother, George H. Coffin.

Mrs. C. H. Varry returned from an extended visit with friends and relatives in western New York.

J. M. Dennis and wife, of Rhodes, spent Tuesday in Flagstaff. Mr. Dennis says that everything is prospering in the burg with the double name.

Gus Mundersbach brought to town a young bear which he killed near his ranch. There has been plenty of bear meat in the market during the past month.

Miss E. S. Calfee, an employee of the Indian school at Truxton, Ariz., is in town and will remain several days. Miss Calfee has been connected with the Truxton school since its organization.

So far as Flagstaff is concerned the ice cream and soda water season is over. The days are cool and frost falls every night, and fires are needed mornings and evenings to avoid the chilly atmosphere.

Godfrey Sykes returned from Bright Angel creek, on the north bank of the Colorado river in the Grand Canyon, where he has been making a survey for the pipe line for the Grand Canyon Electric Power company.

J. C. Milligan received a telegram from Lawrence, Kas., which conveyed the sad news of the death of Mrs. Mary L. Hopkins, the aged mother of Mrs. Milligan, who has been with her mother during her illness.

E. J. Burke, a Philadelphia wool buyer, was in town this week. It was his intention to have been a witness in a civil case in the district court here last week, but he did not get here until after court adjourned, the case going over until the April term, when he expects to be here on time.

W. A. Switzer died at his home in Los Angeles on Saturday last after an illness of four weeks. Mr. Switzer was for many years a resident of Flagstaff, being one of its progressive business men and influential citizens. He removed to Los Angeles several years ago, where he resided until his death.

His death will be regretted by his many friends here. A son, W. A. Switzer, and two daughters, Mrs. Stanley Sykes and Miss Lulu Switzer, of deceased, are residents of Flagstaff.

Rev. C. Vabre returned from St. Johns Thursday. He was accompanied by Rev. Le Guyader, who has charge of St. John's mission, and who was injured some three weeks ago by being thrown from a buckboard and was broken above the wrist and the vehicle passed over his shoulders and chest, breaking three of his ribs and injuring his spine. The injured priest was taken to St. Mary's hospital, where he can obtain the care needed for his recovery. Rev. C. Vabre accompanied the Rev. Le Guyader to Prescott.

From the News.

Mr. and Mrs. Charles Miller were in the city the first of the week from their ranch.

Mrs. Jas. Kennedy and Mrs. Joseph Johnston left for Albuquerque for a visit.

Mrs. F. H. White and daughter, Winifred, left for Winslow, where they joined the doctor.

C. E. Boyce, proprietor of the Grand Canyon hotel, left for Los Angeles, expecting to be absent for a month.

Mark McDonald, brother of Miss Kitty O'Neill, is now attending St. Vincent's college at Los Angeles. This is the same school at which Jesse Boyce is a student.

Mrs. F. Gilbert, who had been staying at the Douglas homestead, after spending a while with Mrs. M. A. Friend, left for Pasadena, Cal., where she will remain for a time.

Last Saturday evening Miss Mabel Adams treated a large number of her friends to a pleasant "hay ride." Four wagon loads of young people were driven out to Supai siding, where a band of Navajo and Mogul Indians were encamped. The Indians were finally persuaded to go through some of their dances—first the Navajos and then the Moguls. After the dance by each tribe a rivalry sprung up and persuasion was no longer necessary on the part of the whites. To show their red brethren that the paleface could dance a little, a Virginia reel, a quadrille, waltzes, two steps and cake walks were gone through with on the rocky and dusty ground, much to the amusement of the red men. Coffee and lunch were then served, in which the Indians were invited to participate, after which the homeward trip was begun, while most of the party tried to imitate the weird and crooning dance songs en route. The evening was a decided success and was greatly enjoyed.

From the Herald.

The activity of the sheepmen in getting ready for the winter, is remarkable. Town is on a buzz these days.

A. L. Truxon, of the Wabash ranch, was in the city. He came in to file on a ranch which he bought recently from Al Stevenson of Adamana.

Rev. Cipriano Vabre, pastor of the Catholic church at Flagstaff, Arizona, came to look after the interest of the parish here. Rev. Louis Le Guyader was compelled by an accident, in which he received a broken arm, to go to the hospital at Tucson.

At Edgar occurred the marriage of George Winsor and Miss Ellen E. Udall. These two young people are so well known to need any introduction to the people of the county. They both come of prominent and wealthy families.

In Concho occurred a stylish wedding of two of Concho's most prominent young people. Gregorio Romero, a polished son of Don Francisco Romero, was the happy young man. Miss Villa Trujillo, the beautiful and accomplished daughter of Don Crescencio Trujillo, was the bride. A grand feast was indulged in and all the torchlight and lovers tripped the light fantastic.

There occurred in this city a very fashionable wedding. The contracting parties were Solomon Duran and Miss Manuella Chavez. The groom is one of our prominent young men. He is well known and highly esteemed by the population of the entire town. He is a son of Don Miguel Duran. The bride is one of our beautiful and accomplished young ladies. She is the daughter of Don Luis Chavez. A grand feast was spread at the home of the bride's parents. Sweet music floated forth from thence all the forenoon. In the evening a grand ball was given and a host of friends and relatives attended and made merry till the wee small hours.

THE OLD HOME.

Almost every man in this country who has achieved success—in business, financial or commercial; in the sciences or in the professions; in art or in literature; on the stage or in politics—has done so in some field of activity other than the scenes of his boyhood days. This rule holds good, with a minute percentage of exceptions, in relation to the men who are "in the eyes of the public" today.

It is a common thing in these days of financial prosperity, to read of this or that man erecting a fountain, a monument or a public building in the town where he spent his earlier years. No matter what measure of worldly success may come to a man, he never forgets the scenes of his childhood, and he never ceases to have a longing for a touch of the old life. Then, too, there comes to men who have succeeded a frequent feeling of love and affection for the spot where they laid the foundations for their prosperity.

MITCHELL'S STATEMENT.

President Mitchell has issued a statement in defense of his position as president of the United Mine Workers of America. It is the defense of Mr. Mitchell; it is not, except indirectly, the defense of the striking miners. By this statement the president of the union workers announces himself as the storm center around which the controversy rages. He does not in this statement set forth the condition of the workers in the anthracite coal region through figures, through data; he sets forth his own idea of what that condition should be, as an ideal. Starting with the appeal that "the public has rights and interests which cannot be ignored with impunity," and that "the public must be the final arbiter of the coal strike," he closes with a protest against child labor and against the grinding conditions which will confront future generations. The "statement" is on a high plane, as have been all of Mr. Mitchell's public defenses, for the man is a high minded man and not a direct breeder of anarchy as his opponents frequently assert.

TENTH IRRIGATION CONGRESS.

Many notable public gatherings have been held this year and the people have been greatly interested in the pronouncements of state and congressional conventions. But none of these is so important or promises so many benefits to the country at large as does the tenth annual irrigation congress, which convened at Colorado Springs this morning.

Started only ten years ago the movement for the irrigation of the arid land of the west already has accomplished much. Congress at its last session appropriated \$5,000,000 for beginning the work and it is for discussing where and how this money shall be expended that the convention has been called. The national government now being fully committed to the plan of reclaiming the arid wastes of the great west will not turn from a task until millions of acres have been brought under cultivation and made to afford permanent sustenance for a vast population. The Colorado Springs convention will endeavor to stimulate the already active sentiment in favor of national irrigation and suggest plans through which the best results may be obtained.

OLDEST COMMUNITY.

The St. Louis Globe-Democrat says that the society which has just been started in Albuquerque to trace out the earliest facts in the life of New Mexico and Arizona has an excellent object. Recent research has shown that Santa Fe and other settlements in New Mexico are not quite so old as they were formerly supposed to be, but that place and one or two other settlements in New Mexico have had probably a longer continuous life than any other communities in the present United States, except St. Augustine, Fla. There is some uncertainty about the dates at which those places in New Mexico were established, and this is one of the things on which the studies of the new society in Albuquerque may be expected to throw light. That body has a very interesting field in which to work, and it is to be hoped that it will make intelligent use of its opportunities.

Back in the spacious days of Charles V. the region which we call New Mexico, and which the Spaniards centuries ago and the Mexicans of a later time knew by that name, first made its appearance in history. Coronado, in his search for the fabled golden land of the (the Zuni pueblos), passed through New Mexico two-thirds of a century before Newport, Gosnell and Capt. John Smith, at Jamestown, Va., laid the foundations of the first permanent settlement of English speaking people on the American continent. This Spanish conquistador left very little trace of his foray into that region. Another Spaniard, however, Onate, from the base which Cortez established for Spain in Mexico a score of years before Coronado's time, took possession of New Mexico about half a century after Coronado's expedition, or around 1598, and it may be said, from that day to this white settlement in it has been maintained continuously. New Mexico remained Spanish territory until the revolution of 1821 against Ferdinand VII. It was a prov-

ince of Mexico from that time to 1846, when Kearney made his conquest, and it has been United States territory ever since.

New Mexico's history since its annexation more than half a century ago has had many picturesque episodes. The traders, with their headquarters in St. Louis, established, from the Missouri river to New Mexico's capital, the oldest of the trails west of the Mississippi, and Americanized that town and the greater part of the province long before Kearney's army, marching over the Santa Fe trail, entered the territory. A territorial government for New Mexico was one feature in Clay's compromise of 1850, and though attempts were made then and often afterward to let New Mexico into the circle of the states, all of them failed, but the chances are that the admission bill before the present congress will pass. As part of Jefferson Davis' project to make a conquest of California, the confederates, from their base in Texas, occupied New Mexico in the latter part of 1861 and the early part of 1862, but were driven out by the national troops. This is a rather obscure page in the annals of the southwest. Into this, as well as the other dark spots in New Mexico's history, that new society may be relied on to throw the flashlight of modern research.

COLLEGE EXHIBIT.

Ready for Fair—College Foot Ball Team—Interesting Topics. Special Correspondence.

Mesilla Park, Oct. 6.—Considerable attention is being paid to the getting together of the Agricultural College exhibit which is to be sent to the fair. The exhibit will be made ready and shipped in time to reach Albuquerque Sunday night or early Monday morning. The exhibit this year will be more extensive and representative than ever before. A car has been provided by the railroad in which to ship the material and it will contain much that will give those unacquainted with the valley a much broader idea of its resources.

The college will take up several of the highly bred stock which belong to the college herd and which have been imported to the valley. The engineering department will have specimens of the work done in the department and will also have a practical demonstration. A motor, a lathe and carpenter's bench will be in charge of two or three of the engineering students and same will be run during the fair. The other departments of the college are preparing their exhibits, especially the agricultural and horticultural departments which will have a fine exhibit of fruits raised and preserved on the experimental farm.

The college football team will play on Tuesday afternoon against the Indian school and the known abilities of both teams give promise of something well worth seeing.

President Foster left Friday for Atlanta, Georgia, to attend a convention of agricultural colleges.

The ladies of the Improvement association of Las Cruces will hold a bazaar soon. This is an annual affair and the proceeds are used by the ladies in the improvement of Las Cruces.

The detail of a regular United States military officer to the Agricultural College is now assured. The government has sent forth its list of available men from which to choose. As is usual the college will be furnished with three inch guns and cadet Springfield rifles and ammunition with which to carry on the work. The college is entitled to this detail under authority of a congressional act establishing agricultural colleges.

Considerable attention has been given lately by those addressing the students at general assembly to the undue haste young people are making to enter into some business occupation without becoming thoroughly prepared.

Growing Old

Ought not to mean growing weak and feeble. It does not mean weakness or feebleness for those who eat with good appetite and sound digestion. It is of the utmost importance that old people should retain the power to digest and assimilate food which is the sole source of physical strength. When age brings feebleness it is generally because of the failure to assimilate the nutrition contained in food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and enables the perfect digestion and assimilation of food. It invigorates the liver and promotes general physical well being.

"It is with gratitude we acknowledge what Dr. Pierce's medicine has done for grandmother's good, in fact it has cured her," writes Miss Carrie Kater, of Perryburg, Ohio. "she had doctored with several physicians but found no relief until Dr. Pierce advised her what to do. She has taken only three bottles of Golden Medical Discovery and is entirely well. She suffered with pain in kidneys, bladder and liver for ten years, and her limbs were so stiff with dropsy so bad she could hardly walk. My grandmother's name is Mrs. Caroline Heinen, her age is 77 years. I will gladly answer all letters of inquiry."

Old people are invited to consult Dr. R. V. Pierce by letter, free. All correspondence is held as strictly private and is held as strictly confidential.

Dr. Pierce's Pleasant Pellets regulate the bowels.

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometimes there has been upon the market, well-known and recommended by physicians, a liniment called

Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure.

An intelligent mother in Butler, Pa., says: "When I used Mother's Friend again, I would obtain 9 bottles if I had to pay \$5 per bottle for it."

Get Mother's Friend at the drug store, \$1 per bottle.

THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Write for our free illustrated book, "Before Birth is Born."

for it and in not being capable to assume higher and more responsible positions when offered. Sometimes the students are not so much at fault as the parents who almost drive their children out into the business world wholly unprepared for such work and its tasks. The day has passed when one can make his way successfully in the world without a broad and thorough knowledge of whatever line one may choose to follow.

An Anarchist Painter.

Last Saturday an accident occurred in Yuma which demonstrated that the people have not forgotten the cowardly murder of President McKinley one year ago, and, further, that anarchistic acts or talks will not be tolerated. A painter who had been in town only a few weeks went into the Old Plantation saloon, and seeing a large portrait of the lamented president on the wall, went up close to the picture and plunging his knife through it, uttering a curse as he did so, and saying: "You got just what you deserved." In about a few minutes the fellow realized that he was in about the warmest predicament that he ever got into in his life. He was not injured, but he was hustled out of the place and in short order he was escorted to the outskirts of the town, given a bottle of water and some emphatic advice and told to "git."—Yuma Sun.

FOUND DEAD.

J. M. Goodsell, of Otero County, is the Victim.

J. M. Goodsell, a well known citizen of Otero county, was found dead on a load of lumber at the site of a house he was preparing to build in the college addition east of Alamogordo. Mr. Goodsell came down from Cloudford Wednesday with a load of lumber. He left his wagon on his lot and brought his team into town and put it up in the livery stable and returned to unload the lumber. This was the last seen of him alive, and it is supposed that he died from heart disease soon after reaching his wagon, as the body was badly decomposed when found. He had resided near Cloudford for fifteen years and leaves a family.

P. McNara Killed.

P. McNara, a boiler maker of San Bernardino, was found dead along the railroad tracks near Grants Sunday morning. The manner in which Mr. McNara met his death is a mystery. He was on his way to Albuquerque on passenger train No. 2 with two companions, Hugh Carr and J. Kelly, and it is supposed that he had gone to the platform to get some fresh air, when in swinging a curve he was thrown from the train. His companions did not miss him until the next morning. They had no idea that any harm had befallen him, as they were accustomed to traveling life, and the disappearance of one of the party caused no alarm. The dead man's home is in Philadelphia, where he has a wife and several children.

The coroner of San Rafael held an inquest over the body yesterday, taking possession of all the papers, money and other articles the man had upon his person.

O. W. Strong & Sons were notified and went to Grants to take charge of the body last night. It was brought to the city this morning, embalmed and prepared for shipment.

There were no bones broken, his face bearing the only marks of the fall.

McNara was a man about 35 years of age and had been employed at San Bernardino for some time. He was on his way here to work in the Santa Fe shops. He has two cousins in this city. No arrangements have been made for the funeral yet.

Hearing a Delegation.

Harrisburg, Pa., Oct. 7.—Governor Stone gave a hearing this afternoon to a delegation of Chicago citizens, who submitted a proposition to end the coal strike.

EDITORIAL NOTES.

Let's not get excited about politics until after the territorial fair.

The republicans of Socorro county have nominated a winning ticket.

American exports to South Africa this year will reach a total of \$32,000,000, or double that of 1897.

To every man comes at least one opportunity. He who is ready for that opportunity and seizes it is made.

The democratic delegation from Socorro county are reported to be in favor of Antonio Joseph for delegate to congress.

There are no less than 3,262 different species of fish inhabiting the waters of America north of the Isthmus of Panama.

Delegate Rodey is popular in Socorro county, and his course in congress is heartily endorsed by the republicans of that county.

One American soldier was always equal to three of any other nation, but uniformed in olive drab he ought to be equal to about sixteen.

The republicans of Sierra county are holding a convention at Hillsboro today. Senator Andrews and Hon. Frank A. Hubbell are present.

Free schools, free elections and liberty of thought and speech are what the republicans of New York recommend in the case of the Philippines.

The National League of Republican clubs in session this week at Chicago adopted a resolution favoring statehood for New Mexico, Arizona and Oklahoma.

Politics will be somewhat lively in Santa Fe next Monday. The republican county convention will be held, and there is considerable factional feeling prevailing.

Nestor Montoya and Seferino Crolott, of this county, were the interpreters at the Socorro republican convention, and they faithfully performed their arduous duty.

A short attendance at the democratic convention at Socorro yesterday has convinced the editor of this paper that the territorial insane asylum should be enlarged.

The coal operators refuse to arbitrate their differences with the strikers in Pennsylvania, and the great labor struggle must continue. The efforts of President Roosevelt to settle the strike have failed.

Hon. W. S. Hopewell, of Sierra county, is in the city. Yesterday at Socorro he secured a nominee for the legislature for his county in the democratic convention and the endorsement of Senator Andrews for the council.

If you would do anything in the world, young man or young woman, first make yourself equal to the thing you would do. Do not fear that the chance will not come to you. Everything will come to you that you have earned and are ready for.

Socorro is on the up grade and is sure to entirely recover from the depression which has so seriously affected the growth of that city. If that town could secure a branch road to the Rock Island it would become one of the best towns in the territory.

A scientist hopes that the helplessness of the people in regard to the coal situation will lead to an ample supply of fuel and artificial light at comparatively small cost. Unfortunately, the means of escape are not in sight, and the severities of the winter are near at hand.

The Springfield Republican asserts that no ten presidents of the United States combined made as many speeches in the first fourteen months of their term of office as Mr. Roosevelt has done. But Roosevelt has always led a strenuous life, which no other president before him ever did.

If there were no territorial officials in New Mexico it would be possible to build up a strong republican party. The officials at Santa Fe have conceived the idea that they should run things in all the counties, and if they are opposed in this they foment demonstrations and riots. This is notably the case in Santa Fe and Socorro counties.

The republicans of Santa Fe county have no right to quarrel among themselves and disturb the party harmony in the territory. The row at Santa Fe is fomented and kept up by men who are holding office and drawing salaries at the expense of the people. They should be told in emphatic terms to go away back and sit down and keep quiet.

The democrats of this county will hold their convention on the 21st of October and nominate a straight county ticket. The democrats of this county have fused so many times in the past with all sorts of political people, that they have lost their feeling, and will try to get in better shape by putting a straight party ticket in the field.

The ever busy statistician has compiled the following: In the last thirty years the population of the United States has increased by 37,000,000; that of France by 2,000,000; that of the United Kingdom by 10,000,000; that of Germany by 15,000,000. One-fourth of the French people live in town, one-half of the Germans, and in the United States one-third. The drift to the towns has been very rapid in the last thirty years.

Hon. W. H. Andrews, the republican nominee for the legislative council from Socorro and Sierra counties, is one of the ablest men in the territory, and being endorsed by the democrats will have no opposition. He will be a valuable accession to the legislature and will be a great benefit to his district. He is a veteran politician, having served in the Pennsylvania state senate and having served four years as chairman of the republican committee of that state. Senator Andrews re-

sides in Sierra county, where he owns a mine and has a pleasant home.

New Mexico has enough coal to supply the United States.

Over 51,000 patents were issued in the United States last year.

Every lodge in this city will keep open house during fair week.

All the territorial educational institutions report excellent attendance.

Roswell is becoming the garden spot of New Mexico. Artesian wells is the cause.

This city is making ample provision to entertain thousands of visitors during the territorial fair.

Every merchant in the city should be represented in the trades' parade during the territorial fair.

The republican party does things and it will dispose of the trusts to the satisfaction of the people.

There will be much in the air at the territorial fair, four or five bands being engaged for the occasion.

Dr. H. K. Carroll reports the total church membership in the United States in 1901 to be 28,090,637.

General Funston and staff will be the guests of the city of Albuquerque during the territorial fair next week.

Official statistics show that during the year 1901 no less than 8,681 murders were committed in European Russia.

The National Irrigation congress is in session at Colorado Springs. There is a large delegation present from this territory.

Portales has one of the nearest newspapers printed in the territory. The Herald is a credit to that young and growing town. Long may it prosper.

The operation of the national irrigation law will eventually add some 50,000,000 acres to the agriculturally productive lands of the United States.

The citizen during the fair will consist of twenty pages each day, and it will contain full proceedings of the great fair, and will be handsomely illustrated.

Coal, coal everywhere, but not a ton to burn at reasonable prices. The people of the United States propose to find a remedy for these vamped up coal famines.

The El Paso Herald has secured the Associated Press telegraph report, and made many other improvements. The Herald is a good friend of New Mexico and has a large circulation in this territory.

The republicans of Colfax county will make no mistake if they nominate Jerry Leahy for the territorial council. He would make a valuable member, and would do much good work for his district.

Vast numbers of cattle continue to arrive at the principal live stock markets. Ninety thousand head were received at the Kansas City stock yards last week, and the quotations on cattle are lower than they have been at any time this season.

The republicans of this territory are going to march to victory this fall.

The appointed territorial officials should all be placed under the national civil service rules.

Senator Andrews can be counted upon as an important factor in the future politics of New Mexico.

President Roosevelt has apparently not been able to cause a settlement of the coal strike, but everyone must give him credit for a sincere, honest effort to do so; and perhaps he has not played his last card yet.

The Raton Range is now all printed at home, and it is one of the best weekly papers in the territory. The Range has done its full share in the building of Raton, and it deserves the united support of the people of that enterprising city.

The Cubans are looking out for their own by stipulating that no concessions shall be granted in the island unless at least 80 per cent of the labor employed by corporations shall be of native stock. All of which is eminently proper. Those who do not look out for their own are not likely to be looked out for.

At last the base ball season in the east is over, and no more games will be played this year. So far as attendance is concerned the game has been a great success. Probably more people have witnessed ball games this year than ever before in the history of the game, and the gate money taken in has reached very large amounts.

The epidemic of cholera which is ravaging the province of Iloilo, on the island of Panay, and the great number of deaths accompanying it, is the most distressing item of news lately received from the Philippines. The mortality is said to exceed the total of that of Manila, combined with that of all other provinces on the island of Luzon, in which the dreaded disease first made its appearance.

It is possible under irrigation to produce more on forty acres of the average arid lands than can be grown on eighty or a hundred acres in the humid region. Irrigation will give, or is expected to give, just enough moisture, while the humid locality has too much or not enough. Many millions more of inhabitants can be supported in the western half of the United States under national irrigation than would have been possible without it.

What Is the Use

of suffering from indigestion if you eat what you want, or of starving yourself to avoid such distress? Acker's Dyspepsia Tablets taken after eating will digest your food perfectly and free you from all the disagreeable symptoms of indigestion and dyspepsia. Eat what you want at any time and take an Acker's Tablet afterward. Positively guaranteed. Your money will always be refunded if you are not satisfied. Write to us for a free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

CANCEROUS ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antitoxic and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

BEAR STORY.

Dr. Carns and W. Y. Walton are Tree Climbers.

A pretty good story comes over the mountains from Eastview about that recent bear hunt in which W. Y. Walton and Dr. Carns were principals. It seems the gentlemen named went to the mountains with understanding that two young men of the neighborhood were to join them at night. The young men were a little late arriving. Just before their arrival a big black bear, sympathizing with the gentlemen in their futile attempts to locate him, came boldly out of the bushes to the spring, near which they were camped, for a drink.

From this point stories differ but the best authenticated account is to the effect that the doctor went up one tree audibly writing a prescription absentmindedly as he went and Mr. Walton went up another tree to fill it. Bruin, whose knowledge of Latin by reason of his acquaintance with the native tongue, rightly guessed their occupation by their jargon, wisely concluded to vamoose and when the expected young men arrived they heard bruin muttering as he went up the hill that the bullets of city ninnyrods possessed no terrors for him, but the result of a combination between the druggist and a doctor would paralyze even a bear's constitution with which piece of logic he disappeared over the mountain, leaving the bold hunters from the Duke City to wonderingly ask each other the question, "Why are we here?"

Neither of the gentlemen interested denies the story.

The Best Prescription for Malaria. Chills and fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteful form. No cure, no pay. Price, 50c.

ANOTHER ATTRACTION.

Albuquerque to Have an Industrial Indian Village.

An industrial Indian village will be the next interesting addition to Albuquerque. A Citizen reporter was informed by Herman Switzer, manager of the curio department at the Alvarado, that he has just received a letter stating that the Indian blanket weavers and pottery makers, who are to come from north of Guam, are ready to start.

A small tract of land near the city will be purchased for the home of these skilled artists. They will be permitted to build their own homes after their own style. There will be several Navajos, who will build their hogans, and live as is their native custom. The Pueblo Indians, who will make the fancy pottery, will be permitted to build their adobe. The silversmiths and basket weavers will build homes in the village. The weavers, pottery and basket makers will be changed from time to time, each change will be made for more skilled workmen. Some of the Indians will be brought from San Domingo, Acema, and Santa Clara. The Indians from Santa Clara are adept in black pottery making, and those from Acema make the decorated jars. The new arrivals will have assistance in building their homes, and every effort will be put forth to make them as attractive and artistic as possible. It will be an industrial village.

of the highest type, only very valuable curies will be produced. It will greatly add to the fame Albuquerque is acquiring as one of the greatest curio stations in the country. Some of the Indians will arrive before the territorial fair, and the selecting of the site of the village and the erection of the hogans and dobes will be commenced at once.

The Navajos have their summer and winter hogans. The summer hogans are built by erecting poles and covered with branches and leaves, and the winter hogans are more in the nature of a mud dome, being a dugout covered with mud. Each representative will live after the custom of their native village, which will make the village as interesting as the curio, which will be produced.

You Know What You Are Taking. When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure, no pay; 50c.

THE BOYS' BAND.

Named After Hall & Larnard, the Music and Piano Dealers.

"The Hall & Larnard band" will be the name of the Albuquerque boys' band in the future. The organization has received much encouragement from Hall & Larnard, the music dealers, and to show their appreciation of this support they have decided to name the band after the firm. The band was organized by the boys of Albuquerque some six or eight months ago and by hard work have progressed rapidly. Geo. Leo Patterson was the first leader of the band. After Mr. Patterson left the city Prof. Devine accepted the leadership and good, substantial work has been the result. The band has appeared on the streets of Albuquerque a couple of times and everyone speaks very favorably of their showing.

The question of uniforms is being considered by the organization. It is to be regretted that the new uniforms cannot be secured in time for the territorial fair. However, the boys will make their appearance during the fair in uniforms that will present a very pleasing display. The new uniforms, which are under consideration, will be something very fine, as Hall & Larnard have offered their support in securing uniforms that would be the pride of any band. President J. H. O'Reilly, of the fair association, has intimated to the boys that their services would be desirable during the fair. This news has been very gratifying to the boys. It is quite a boost to their ambition and has put much enthusiasm in the work.

There is promise of the band becoming a permanent organization in Albuquerque and the Hall & Larnard band deserves the support of every citizen.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on the box; 25c.

General Postmaster Agent Dobbins, of the southern division of the Santa Fe, accompanied by his wife, passed through the city this morning en route to Atlanta, Ga.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it:

FIFTY THOUSAND DOLLARS

in development on the ledge and a complete five-stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares, (par value \$1 each), fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$250,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, references, etc., address,

OZARK GOLD MINING & MILLING CO., MOSCOW, IDAHO.

Houston Takes a Guess at Deings of Rock Island Officials.

Every newspaper has taken a guess at what the Rock Island officials are doing down there, and the following dispatch from Houston tries to cover the whole range of possibilities: The officials of the Chicago Rock Island & Pacific road spent today in Houston and Galveston. They looked closely into the terminals of the Houston & Texas Central at Houston and of the Gulf, Colorado & Santa Fe at Galveston. Mr. Warren was very inquisitive to all matters pertaining to the properties and closely investigated the business of Houston. All of the gentlemen were seen and asked as to their intentions regarding the building of the Gulf line from Galveston to Houston. Mr. Warren said that they did not know themselves. He could not say what would be done, for the reason that the matter had not been decided. Opinion is greatly divided among those who believe themselves in a position to know. It is said that the Gulf road will be built by the most direct route. Another report is that the Rock Island will absorb the Houston & Texas Central. Another is that it will have a traffic agreement with the Central and the Santa Fe whereby it will operate its own trains over the tracks of those companies, but will not build a new road.

The Central officials express the utmost ignorance as to what will be done about it. Everybody appears to be ignorant, though many are willing to hazard a guess. The Rock Island officials left for the north tonight. The party consists of Messrs. Warren, Leeds, Low, Goddard and Cancey.

Shorter Hours at San Bernardino.

Beginning Monday the employees of the Santa Fe car department and paint shop in San Bernardino quit work at 5 o'clock, or an hour earlier than has been the custom during the summer months. The change is made each year, as the days shorten, forcing the company to either shorten its hours or have its men working in the dark during the last of the afternoon shift. Since last year electric lights have been put into the iron working department and it is probable that the employees of these shops will continue to work until 6 o'clock throughout the winter. The cost of an hour a day will affect about 150 men and will doubtless something like \$300 monthly from the Santa Fe's regular pay roll at that place. With the accommodations made the car shop men by the company recently at a conference held in Topeka, most of the employees have no great objections to a nine-hour day.

RAILROAD NOTES.

Work on the Santa Fe Central railway is progressing rapidly. On Tuesday twenty-seven men were added to the force.

The Santa Fe repair crew for the telegraph lines is working at Ribera. The lines between Las Vegas and Glendale are being repaired.

James Stevens returned to San Marcos from Williams, Ariz., where he had been some time in charge of a construction train on a new road.

J. A. Courtney, day labor agent at the local station, is on the sick list, and W. C. Carpenter, the accommodation night man, is doing double duty.

Frank Conboy, the newly appointed agent to insure railroad men against accident or death, who left Las Vegas last week for El Paso, left \$7,000 worth of business up there on that trip.

Mrs. S. D. Chesebro, delegate to the A. A. of R. T. left Raton for Cleveland to attend the fifth biennial convention of that worthy organization. Mrs. Chesebro was not at that place by Delegate Mrs. Bell from Las Vegas and the delegate from Winslow, Ariz.

A fire of one and one-half has been made by the Santa Fe railway for delegates and others desiring to attend the republican territorial convention at Raton, October 10. This rate is made on the certificate plan, passengers purchasing one-way tickets to Raton, taking receipt for same, which will entitle a return rate of one-third fare.

J. P. Morgan's reported attempt to arrange a deal with the Great Western railway, which is the biggest, although not the wealthiest, line in England, is being heavily discussed. Many traders express the hope that there may be a substantial foundation for the rumor. They do not desire to see Mr. Morgan in control of the railways of that country, but they would welcome anything that would lead to breaking up the so-called railway ring of the United Kingdom.

The United States passenger association has sent out a warning to ticket agents in regard to signatures on tickets for California business. The warning states that in all cases purchasers of tickets should be made to sign them in the office, with the pens and ink used by the ticket agent. Recently purchasers in the east have been insisting on signing the tickets with fountain pens, and investigation has shown that the pens are filled with volatile ink. These inks fade and by the time the passenger has reached the place where he desires to market the ticket the signature has faded and the buyer may sign the ticket with his own name.

Graphic Plant.

In the Graphic mines at Magdalena a concentrating plant will be put up and work will be begun upon the sulphide ores. Mr. Bennett and Capt. A. B. Pite, owners of the mine, have been making some radical changes, and there is prospects of renewed activity at the Graphic mines. C. L. Herack is at the head of the company.

Ons on a property at Cat Mountain, several miles from Magdalena. Prof. Herack is at present in Denver arranging the purchase of a mill for the mine. The company has a good showing of low grade gold ore. The cyanide process is to be made use of and the company expect to make a good thing out of the mine.

OTERO COUNTY DEMOCRATS.

held their convention at Alamogordo and the County Ticket was Nominated.

The democratic county convention of Otero county was held at Alamogordo, N. M., on Tuesday, October 10, 1900. The convention was held in the county home represented. Alfred Harper, of Alamogordo, was elected permanent president, and Frank Hinchman, of Tularosa, secretary.

The following delegates to the Albuquerque convention were elected: William O'Brien, Rosalvo Lopez, O. B. Warren, H. A. Morgan, W. H. Hinchman, A. D. Wallace and J. C. Wharton.

The following were nominated for county officials: County commissioner, second district, Eusebio Prado; county commissioner, third district, J. C. Wharton; sheriff, James Hunter; collector and treasurer, L. N. Jackson; assessor, F. E. Fleming; clerk of probate court, W. K. Stalder; probate judge, Rosalvo Lopez; superintendent of schools, J. C. Hinchman; surveyor, L. A. White.

The following county central committee was elected: A. Hunter, W. J. Cady, F. Hinchman, J. C. Wharton, Augustin Darrell, J. C. Thacker, J. W. Bennett, John Hill, T. R. Houghton and R. K. Chalmers.

In most of the cases the defendants must be anxious for freedom as the plaintiffs, for an answer, have been filed. These suits come counter charges from the defendants and a fierce fight over property and little ones.

Every grade of society partakes of this luxury of divorce.

C. nger in Fall Colds.

Fall colds are liable to hang on all winter leaving the seeds of pneumonia, bronchitis, or consumption. Foley's Honey and Tar cures quickly and prevents serious results, safe and sure, contains no opiates and will not constipate. Alvarado Pharmacy.

Surveying for Canals.

George Butler, general superintendent of irrigation of the Indian office, has arrived at Farmington and will at once make surveys for irrigating canals located along the San Juan river west of Farmington and Farmington. He will cross section as he goes along as his time is limited and this will permit immediate construction work. One stream is available now. The irrigation works will be for the Navajo Indians.

Convicts Escape.

Just before the New Mexican went to press yesterday afternoon the report was brought to the New Mexican headquarters that two of the seventeen convicts working at the stone quarry, two miles northwest of the city, overpowered the two guards at the quarry, took their Winchester away and made their escape. A posse was organized at once to pursue the convicts. A later report has it that not more than two got away.

Hugh Padilla, whose term would have expired April 18, and Cresencio Carilla, who had one year yet, disarmed a guard and escaped. The others refused to go. Padilla was from Luna and Carilla was from Lincoln county and was highly recommended by Sheriff Gonzalez as trustworthy.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. Alvarado Pharmacy.

SETS FIRE TO CHURCH.

Janitor Leaves Letter Confessing to Crime of Arson.

A Phoenix dispatch dated October 6, says: A letter was found in the temporary quarters of the Baptist church here containing an alleged confession of Chas. L. Limes, that he had set fire to the Baptist church, which was completely destroyed, two weeks ago Friday.

Limes is an 18-year-old son of a minister, well known as a colporteur of the American Baptist Publication society and a resident of this city. The boy was janitor of the church and was retained, even in the few quarters of the congregation, being under no suspicion. The letter was dated October 3, and was pinned to the wall. No one has ever seen him since, or knows where he has gone. He says he joined the church eight years ago and has found it impossible to live a moral, much less a Christian life.

A Dozen Times a Night.

Mr. Owen Dunn, of Benton Ferry, W. Va., writes: "I have had kidney and bladder trouble for years, and it became so bad that I was obliged to get up at least a dozen times a night. I never received any permanent benefit from any medicine until I tried Foley's Kidney Cure. After using two bottles, I am cured." Alvarado Pharmacy.

GARRETT SOLD MOOR CATTLE.

Lee Moor Bought 1,248 Head of Stock for \$15,000.

Col. P. F. Garrett returned to El Paso from the Jarilla ranch of Fitzgerald Moor, where he, as receiver of the Moor estate, sold the ranch. The property was bought in by Lee Moor, the son, who was judgment creditor, for \$15,000. It consisted of 1,200 head of cattle, eight saddle horses and forty stock horses.

With Their New Big Show at Albuquerque, October 16.

Norris & Rowe's new big shows will appear in Albuquerque Thursday, October 16, under their enormous tents which will be located at the corner of Railroad Avenue and Sixth Street. Two performances will be given daily at 2 and 8 p. m. Norris & Rowe's big shows are more than twice the size of last season, and many new features have been added. Among this season's

special features are the only riding lions, the performing horses, educated buffaloes, which are new never before seen in this country. Kangaroos, Dingo and Hare, the smart elephants, have been taught several new acts which are wonderful, and the clowning acts are appearing in new and novel form of skill. Two Ethiopian families and two trained Zebras, with their circus trunks, are performers of fine circus stunts. These combined with animals that have been with the show in past years make more than an interesting entertainment. A bulls' head and a large hippopotamus trunk, upon which all kinds of races and Olympic games and pastimes take place, are also new, special features. The animal free department has been improved and elaborated upon. A grand free street carnival and children's fair parade will be given at 11 o'clock on the morning of the exhibition, at which time the entire company of over 500 animals will be seen.

HUNDRED DIVORCES.

Evidently "Something Doing" in the City of El Paso.

It is strange a divorce in El Paso? With divorce cases coming in the district court for the city of El Paso, which opened yesterday, and one that was filed and tried yesterday making an even hundred, marriage ought to be considered a great success, for two hundred people will be turned out on the world to get married again, says the El Paso Herald.

"Intervista" Ready?

These 100 cases make some interesting reading. There are all the changes that can be imagined made against 100 new defendants—they can have no case of divorce while the 100 plaintiffs have always been faithful to every obligation of the marriage state. They have always been blameless, good mothers, honest, abundant, and dutiful.

Some of the grounds set forth in the petitions are amusing. One wife, among other things, says that her husband deceived her about the number of children he had, he having told her he had only one daughter fourteen years old and when he took her home she found four, and from her description they must have been the four members "bonds" that ever breathed. And then she further says the husband and father would let them abuse and maltreat their poor stepmother until she could bear it no longer and left.

One poor unfortunate is a minor and brings his action by his next friend to be relieved of the galling yoke.

There, too, are many pathetic stories of drunken husbands and fathers and defenseless children, where the freedom of divorce is the only relief, if it can be so called.

ON ANOTHER ROUND.

Advertising Car of Territorial Fair Reaches Las Vegas Again.

The advertising car that has been on the move for the past thirty days announcing to the world that there is going to be a big territorial fair at Albuquerque, N. M., landed in this city again Saturday morning. The crew was busy distributing all kinds and varieties of advertising matter to the thousands of people that were in attendance at Buffalo Bill's big show. Albuquerque is bound to have a crowd at the great territorial exposition that will undoubtedly surpass anything and everything on record.

From the 14th to the 18th of October is the time when the fair association will have the biggest success thus far organization, twenty-two years ago, and people from every part of New Mexico are going to pour into Albuquerque by the thousands to see the best fair in the history of the territory, and the finest ever held in the southwest.

Las Vegas will send an enthusiastic delegation to our neighbor city and help to make the great event a red letter day in the territory of New Mexico.

There will be "things doing" worth seeing across the continent to see and The Optic believes that the untiring efforts of the management are to be rewarded by the attendance of an immense crowd of sightseers. Neither time, money or expense is being spared to make each day's program a splendid one and those from the neighboring states who attend the fair of 1902 and need no further argument to convince them that New

Mexico is a get-up-and-go-to place which will utilize her to become a sovereign state of the union.—Las Vegas Optic.

Origin of "St. and Plains."

That part of the elevation within Texas and New Mexico received long ago the designation of "Iano Estaca, or Staked Plains" and the origin of the name is thus given by one well versed in the lore of the uplander.

An ancient feud existed between the Pueblo and other mountain tribes of the plains. Ancient warfare on the border of the hunting ground kept the tribes mutually hating and hostile blood flowed.

One long and so fatal to the Pueblos had been the conflict that a legendary legend was cherished by the mountain men of the desertance to come about by the advent of a great chief from beyond the mountain plains.

Each year the mountain tribes would journey to the western limit of the plains and thence further out on the plateau until prodded by a passing eagle, there with solemn rites and superstitious ceremony the chief would be burned the sacred fire brought from the temple at prayer for the coming of the great chief.

This ever the tribe renewed, setting up stakes along the way to guide the great deliverer to their mountain home. These stakes and the Pueblo land were found by the explorers of the plains, and hence the name of the "Staked Plains."

POSTMASTER UNDER ARREST.

Former Official Accused at Roswell by Inspector Smithers.

United States Deputy Marshal F. D. McKelvey, of Albuquerque, was in El Paso Tuesday morning en route for Las Cruces where he goes to attend the session of the court which convenes there today. He stated that United States Deputy Marshal Parsons, of Albuquerque, who passed through this city several days ago in company with Postoffice Inspector Baithers, of Denver, and whose mission was then a secret, was here for the purpose of going to Roswell to arrest an alleged embezzler of postoffice funds. The man wanted was Earl Holland, a former postmaster at Capitan, N. M., who he said to have embezzled \$150 while acting in that capacity about a year ago. Holland was arrested at Roswell, and was released on bond to appear before the United States court at El Paso, N. M., in November.—El Paso News.

ROW AMONG REPUBLICANS.

The Alamogordo Convention Divides Squared as Putting Up a County Ticket.

A telegram from Alamogordo, published in the El Paso Herald, says: The republican county convention, called for the purpose of naming delegates to the territorial convention at Raton and placing a county ticket in the field, was held at the county court house, Alamogordo, N. M., last night, and O. C. Hyatt was named as delegate to Raton.

The proceedings were very hasty, owing to the question of placing a county ticket in the field came before the convention. On this question the delegates split wide open. The delegates from Alamogordo, Tularosa, two from Chisnolito and one from Jarilla—eleven in all—banded together for the purpose of preventing a ticket being nominated, and as they represented two-thirds of the votes in the convention, the eight delegates from the county were routed after a strenuous effort to carry their point.

When the motion not to place a ticket in the field carried the convention lost all semblance of order, and broke and adjourned.

The action taken is generally believed to be due to the action of a corporation attorney who has legislative ambitions and who believes he can carry his banner to victory by trading with the democrats. His calculations are likely to miscarry, however, for the murmuring of discontent and dissatisfaction are being heard already and plans are now under way for a monster mass meeting to be held here next Thursday, when it is more than probable a complete republican ticket will be placed in the field.

It is not unlikely that if this program carries, the democratic nominees for the legislature will be endorsed in success if securing the nomination for the legislature.

Dies of Heart Failure.

Perry M. Starr, republican nominee for sheriff of San Juan county, died of heart failure Tuesday. He, with some other parties, were driving some sheep to Pueblo Bonito, and while crossing the San Juan river part of the sheep stopped on a sand bar. He started to wade in to steer them off and struck a place in the water that came up to his waist. He was overbalanced and the cold water caused congestion of the heart. He fell backward into the water and was asphyxiated for shortly by the republican convention on Saturday. He was 25 years old and very popular.

Death in a Well.

Additional details have been received of the death of Leandro Medina, who was killed while digging a well at Calistoga last Friday. Medina had been at work for some time on the well for the Santa Fe Central Railway company and it was quite deep. The earth around the edge was loosened by men chopping wood nearby which caused it to cave in when Medina resumed work. The funeral services were held

at his home and was himself a member of one of the most prominent families of that section.

BASE BALL RECORDS.

Eddie Delehanty Leads American League Batters.

Eddie Delehanty has his heart's desire. He has pulled out the American league batting championship as a reward for his first year's work in that organization, and winds up the season with a record of .355. The official count may vary this a little, but hardly enough to shake Eddie off his pedestal.

Napoleon Lajoie finishes second and Charley Hickman third. Thirty men batted .300 or better on the year. Of these, Fultz was the best hitter and Cross made the greatest number of hits and stole the most bases.

In the charmed thirty-two Cleveland had four men, Baltimore six, Boston four, the Athletics six, Washington four, Chicago four, St. Louis two and Detroit two.

The champion Athletics went out by consistent batting, as they lead the league in the final team percentages. Buck Freeman, the mighty Bostonian, is the star individual batter of the organization.

Official Western League Standing.

President Sexton has issued the official standing of clubs in the Western league. It shows how the teams stand at the close of the late season and is as follows:

Club	Won	Lost	Pc.
Albuquerque City	82	54	.602
Omaha	84	56	.600
Minneapolis	89	55	.614
Denver	81	64	.561
St. Joseph	71	67	.514
Colorado Springs	68	75	.476
Des Moines	54	83	.394
Pueblo	45	104	.292

WANT BALL TEAMS.

American Colony Wish to Make Arrangements for Professional Ball Clubs to Go to the City of Mexico.

A gentleman who returned last evening from the City of Mexico reports that the American colony at that place is yearning for some genuine sport. They are exceedingly anxious a subscription for the purpose of sending the Albuquerque and El Paso ball teams, after their games in this city, to play a series in the Mexican capital.

It is understood that the managers of both the clubs referred to have been communicated with in relation to the matter and will make the trip, providing satisfactory terms can be made. There are about 5,000 Americans in the City of Mexico and a ball game there would doubtless be very handsomely attended. The gentleman said that there was no doubt but that a purse satisfactory to the Albuquerque and El Paso clubs would be raised and that one of the latest times in the history of the colony is present when the game comes off.—El Paso Times.

Spent More Than \$1,000.

W. W. Baker, of Plainville, N. H., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1,000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and, thanks to this great remedy, it saved her life. She enjoys better health than she has known in ten years." Home substitutes. Alvarado Pharmacy.

SULTAN.

A Smart Lion With Norris & Rowe's Big Show.

Sultan, one of the lions with the Norris & Rowe's big trained animal show, has hit upon a pleasure so novel in animal society that it deserves recording. Sultan is the young lion who rides at full speed around the ring upon a pony's back, performing numerous difficult feats. When he is not in the ring, he is allowed to romp and play outside his cage. A favorite place for Sultan was upon an old rug which he would invariably pull out into the sunlight. He trained himself one day by rubbing the rug until he received an electric spark or considerable snap, and then discharge it upon the nose of his pet. Not long after this the lion was observed to roll upon the blanket or rug, entirely of his own accord, and then to run to the lion stables that support the main tents, and obtain a spark. This he continued to do, and his own observation seems to have taught him that he must approach metal in order to receive the spark. Sometimes he runs to a heavy electric wagon and other times uses the chains which limit his freedom. As he feels his nose after the pricking of the spark, he never fails to wag his tail, and his face assumes a decided expression of pleasure. Sultan will be seen with the Norris & Rowe's big shows which are to appear in Albuquerque for one day only next Thursday, October 16.

Bronchitis For Twenty Years.

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Contains no opiates. Alvarado Pharmacy.

Will Go to Arizona.

Rev. George Selby, rector of St. Paul's Episcopal church, in this city, has received a very flattering call from Grace church at Tucson, Arizona, and in view of the fact that his estimable wife suffers very much from poor cir-

culation in this attitude, it is probable that he will accept.

The news of Mr. Selby's contemplated departure from Las Vegas will cause general and sincere regret in this city. He is a highly educated gentleman, a profound thinker, a logical reasoner and displays superior ability as a talented and devoted servant of the Master. And with all his brilliant attributes, natural and acquired, Mr. Selby is one of the most genial and companionable of gentlemen. His magnetism attracts friendship, while his pronounced worth as an earnest christian minister and broad minded gentleman retains it. His popularity is not confined to the members of his own church, for all who know him admire and honor his estimable qualities of mind and heart.

Such merits congratulations on leaving Mr. Selby and his charming wife as citizens, and Grace church is especially fortunate.—Las Vegas Record.

Never Ask Advice.

When you have a cough or cold don't ask what a good for it and get more medicine with little or no merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy. It cures coughs and colds quickly. Alvarado Pharmacy.

Rev. Health Dead.

This morning, at 8 o'clock, Dr. L. H. Chamberlain received a telegram from Murfreesboro, Ind., conveying to him the sad intelligence of the death of his father-in-law, Rev. J. W. Heath, at Murfreesboro, at 4 o'clock this morning. Mrs. Chamberlain, the bereaved daughter, left for Murfreesboro yesterday morning in the hope of reaching the sad home before the death of her father, but is now on her way and will not know of her father's death until a telegram intercepts her on route. The deceased was about 70 years old, and for years, long before his present illness, he was a well known and popular Methodist Episcopal church minister. He suffered from pneumonia and a general breaking down of his entire system, which finally resulted in his death.

Foley's Honey and Tar cures coughs and colds and prevents pneumonia. Take no substitutes. Alvarado Pharmacy.

Cocaine Shows Sold.

One hundred shares of Cocaine Gold Mining company stock were sold at the Boston mining exchange last week at 50 cents a share. Of Santa Fe Gold and Copper company stock 100 shares were sold at from \$1.00 to \$1.50 a share.

Legal Notice.

In the District Court of the County of Bernalillo, Territory of New Mexico. M. W. Flournoy, plaintiff vs. J. C. Gage, defendant. No. 5774.

The above named defendant is hereby notified that he has been held by the above named plaintiff in the above named cause and defendant in further notice that the effect of said suit is to recover the sum of \$25,745.75 with interest from April 1, 1900, and \$500.00 attorney's fees as provided in a certain award described in the complaint; defendant is further notified that his property has been attached and that unless he enters his appearance in said cause on or before the 23d day of November, 1900, judgment will be rendered against him by default and his property sold to satisfy the same; defendant is further notified that A. H. McKillen, whose postoffice address is Albuquerque, New Mexico, is the attorney for plaintiff.

WM. E. DAME.

Clerk of said Court.

A. B. McILLEN.

Attorney for Plaintiff.

Government Investigating.

Ralph Nutting, an agent of the census department at Washington, and Louis Mosser, an expert from the department of soils, are at Calistoga. Mr. Nutting is gathering data on irrigation development for the census bureau as the work done in that line in 1900 was very incomplete. Mr. Mosser will examine the soils of the county and will make a complete report. S. M. Tracy, of the department of agriculture, is expected soon to examine the general farming situation of the valley.

"Watch the Kidneys."

"When they are affected, life is in danger," says Dr. Abernathy, the great English physician. Foley's Kidney Cure makes sound kidneys.

The Worst Form.

Multitudes are singing the praises of Kodak, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by eliminating and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: "For a number of years I was troubled with digestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodak and after using four bottles I am entirely cured. I heartily recommend Kodak to all sufferers from indigestion and dyspepsia." Take a dose after meals. It digests what you eat. B. H. Briggs & Co.—J. H. O'Reilly & Co.

The White Ribbons.

The annual convention of the territorial Woman's Christian Temperance Union will be held in this city on Tuesday, October 14. The business session at 9:30 and at 1:30 will be held in the Lead Avenue Methodist Episcopal church. At the Congregational church Tuesday night a gold medal contest will be held wherein young ladies from

all over the territory will contest. The medal is of gold and of a unique and beautiful pattern. A temperance rally will be held at Lead Avenue Methodist Episcopal church Monday night, October 13. Everybody urged to come out.

Forty Years Torture.

To be relieved from a torturing disease after 40 years' torture might well cause the gratitude of anyone. That is what Dr. Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "Dr. Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. B. H. Briggs & Co.—J. H. O'Reilly & Co.

POLICE COURT.

Business is flourishing in police court again. There were four young men up, three of which received pronounced fustings of ten days each.

Frank Morgan, a man of all trades, traveling for his living, was to have been immediately arrested for ten days.

Edgar Wilson, a would be rider of Buffalo William's show, and George Brown, a has been cook for the same outfit, will engage in work for the city for several days. They missed their train out of El Paso several minutes and Buffalo Bill refused to wait for them.

Ernest Cahill, a crack rider of a race horse troupe of Trinidad, so he says, was the third who will be in the city ten days. He is the traveling advance agent of the troupe, but for unknown reasons they failed to supply him with the necessary to keep his system in working order.

Dick Hayward did a turn in court this morning. He is quite an actor, but his wife not being pleased with his acting, had him run in. As she failed to appear against him, he was discharged after he told a painful, pathetic story of a cruel life of a married man. It was a case of "Open that door and let me in."

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. Its attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquidates the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, croup, bronchitis, all throat and lung trouble. F. S. McMahon, Hampton, Ga., "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but One Minute Cough Cure. It restored my voice in time to win the medal." B. H. Briggs & Co.—J. H. O'Reilly & Co.

The Chicago Great Western made another dash in freight rates, bringing about about 10 per cent on steel and iron articles in various lines from Chicago to Missouri river points. The rate reduction in effect was 21 cents. The new rate is 15 cents and became effective October 2.

A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by all druggists.

Passenger agents are just now receiving a very useful little book from General Passenger Agent Jackson, of the Mexican International. The book is entitled, "What one may bring out of Mexico without paying duty." The book gives all the instructions issued by the customs department covering the subject of free importation of goods, etc., and is very useful for tourists going in and out of Mexico.

When you wake up with a bad taste in your mouth, go at once to a drugist and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure indigestion, sick headache and constipation.

Furnace Workers.

Buffalo, N. Y., Oct. 11.—The national association of blast furnace workers and smelters has elected James McMahon of Truaders, Ohio, president. Resolutions were adopted favoring and urging the movement for an eight-hour day in the ore trade.

Out of Death's Jaws.

"When health seemed

TOWNS OF AS VEGAS

BY SPECIAL CORRESPONDENT

LAS VEGAS.

Miss Reynolds' Marriage—San Miguel Demarcation—Short Items.

Las Vegas, N. M., Oct. 8.—George P. Money left yesterday evening for Las Cruces to attend court. He has several Chinese cases on hand.

Gov. M. A. Otero returned yesterday evening to the territorial capital. Mrs. Otero and son, Miguel, remained over for a visit.

J. F. Sullivan left this evening for Mexico, where he will conduct himself in some mines as superintendent.

H. E. Blake will leave tomorrow for the Pecos country, taking along a couple of miners. Mr. Blake will do the assessment work on his four claims there and cast his eye around for some more valuable claims. Mr. Blake says the Pecos country is a Paradise for prospectors and the outlook there is particularly alluring.

Mrs. Lizette Brocklin returned yesterday afternoon from her trip to Chihuahua, where she was several weeks.

Mrs. Paulita G. de Utharri was appointed administratrix of the estate of Atanacio P. Utharri, deceased, yesterday, by the probate court. The appointment of the estate was made and the bond of the administratrix approved. This was all the business before the court, and it adjourned then until November 24.

The county commissioners held a long session yesterday and transacted a lot of routine business. The quarterly report of the assessor was approved, and a couple of judges of election appointed to take the place of the two who were appointed who did not reside in the precinct where appointed.

The commissioners did not appoint any delegates to the irrigation congress, on account of it being too late. A petition signed by over a hundred citizens of Pecos asking for a bridge over the Pecos river was presented and held over for consideration.

Tomorrow at high noon will occur the marriage of Miss Ruth Reynolds, daughter of Hon. Joshua Reynolds, to Prof. James McNary, one of the most popular members of the Normal faculty. The marriage will take place at the Reynolds' home on National avenue. Rev. McNary, father of the groom, officiating, assisted by Rev. Norman Skinner. The wedding will be private for members of the family, excepting a few intimate friends, among whom will be Governor and Mrs. Otero. The bride and groom will take a honeymoon trip, though it is not yet known just which way they will go.

Rev. A. P. Morrison, of El Paso, arrived here yesterday from Raton and will be present at the Methodist conference this week.

The Spanish Methodist conference will begin tomorrow and last two days. It will be presided over by Rev. Harwood of Albuquerque, and will be followed by the English conference, also lasting two days.

The nearer the time comes for the democratic county convention next Saturday, the more nervous the members of that faith have become. No delegates have as yet been chosen on the east side to the county convention, and at this writing no call has been made public. Interest seems to be lagging. Appropos of the territorial convention at Albuquerque a number of the democrats here are talking of various names for the nomination for delegate. It seems to be the opinion of the leaders in that party that the military post question will play a decidedly important part in the nomination for delegates. They assume the Albuquerque democrats and republicans, too, of playing that game, and that they will try and have no one but an Albuquerque nominee, so no matter who carries the territory, Albuquerque will have a firm supporter of that city at Washington. To counteract this tendency the local democrats will oppose with all their strength the nomination of an Albuquerque man and have all decided upon the man they will support and throw their strength anywhere except to Ferguson and Morrow. They are mentioning the name of Col. John Morrow, of Raton, as their candidate, hoping to gain the support of all the northern counties at least. The name of Antonio Joseph, of Ojo Caliente, is also mentioned, and it is believed a good strong combination could be worked. With him as leader, the endorsement at the county convention will be watched with interest, if they decide to instruct at all, and a hard fight may be looked for at Albuquerque if the leaders here hold to the opinions they now have, and it is believed they will.

Mrs. Secundino Polanco, wife of the employee at Belden's dairy, died last night at her home of Bright's disease, with other complications.

Juan Jose Herrera is very sick at his home with typhoid fever.

Felipe Delgado is convalescing nicely from his bad sickness.

The wedding of Frank E. Dearth to Miss Ollie W. Gatchel, daughter of Conductor Gatchel, will take place tomorrow evening at the home of the bride on Railroad avenue. The wedding will be private, only members of the family and immediate friends being present. The couple will reside here a short time and then leave for Ohio, where they will settle down and try life in the country, on one of the farms of the father of the groom.

Bond Bros. of Wagon Mound, will begin dipping 12,000 sheep at the Santa Fe dipping vat south of this city to-

morrow. They drove the animals overland from their several ranches.

J. K. Williamson and wife left today for Denver, where they will make their future home, day to join her husband during the conference.

Mrs. A. P. Morrison arrived here to J. Council, one of the Santa Fe brakemen, returned today from his trip to Topeka.

Mrs. J. C. Armstrong arrived here today to attend the Methodist conference. Mrs. Armstrong is the wife of the proprietor of the El Paso steam laundry.

Mrs. H. H. Funk, who has been visiting Mrs. James Robbins, left today for her home at Beverly, Ohio, after a visit of three weeks here. She will also stop in Kansas City.

Miss Agnes McInerney left this afternoon for Ash Park, where she has employment in the Harvey home.

Rev. J. S. Martinez, of El Paso, one of the Methodist ministers, arrived here today to attend the conference as did Rev. Santiago Chavez, of Socorro, of the stone quarries at Mitchell, Ind., arrived here this afternoon for a visit with his mother.

The Ladies' Aid society of the Presbyterian church met this afternoon with Mrs. P. E. Copey at their ranch, two miles north of the city.

E. C. Herlow left this afternoon for Santa Fe to combine a little business with a week's pleasure.

Not Parker, the pen man, left today for greener fields in the Ancient capital. Santa Feans had better see up their pocket books.

Edward Grunfeldt went on the road this afternoon after a couple of days here.

Mrs. A. H. Comstock left today for her home in Los Angeles after a two months' visit with her daughter, Mrs. R. C. Hamblin.

Ben Williams, special officer, or detective, for the Santa Fe, passed through today en route to La Junta.

Prof. Woodford and wife returned to their home at Clayton this afternoon after a visit with Mr. and Mrs. Morris, the parents of Mrs. Woodford.

Miss Mildred Brown is on the list of indisposed today.

P. A. Manuarez, Jr., will leave tomorrow for Alamogordo in search of a good range for his sheep also on a trading expedition.

Ranito Diaz will leave tomorrow morning for Tucuman, after a stay of a couple of weeks in the city.

Mrs. Ella G. Clark left this afternoon for Pecos on a vacation trip. He will visit some friends from Denver and he goes several days.

C. C. Gile returned last night from his lecture at the Sulphur springs.

Cecil Browne, the son of C. W. Browne, yesterday afternoon had the misfortune to fall off a saw-log and break his arm. One of the menil bones at the elbow was broken, though the boy only fell about three feet.

An order was issued today turning over the remains of Mrs. Josie Carson to Chaplain Lodge, A. P. and A. Masons, of this city, and that fraternality will give the remains a respectful burial. Undertaker Lewis has not yet announced when the funeral will be, but it will probably take place tomorrow, the interment being in the Masonic cemetery. There will be no procession, only half a dozen with a few flowers out of respect to their old fellow member, Kit Carson. The Masons will later erect a neat head stone to the memory of Mrs. Squires.

The Masonic fraternity deserve considerable praise for their generosity in this case and the interest they have taken in caring for one who was only a child of a former Mason.

Mrs. John Mackay is on the sick list today.

LAS VEGAS.

A Very Pretty Marriage—Two Girls Robbed a House of Some Preserves.

Las Vegas, N. M., Oct. 8.—Today at high noon at the beautiful Reynolds' home on National avenue, occurred the wedding of Miss Ruth Reynolds, daughter of Hon. Joshua Reynolds, president of the First National bank of Albuquerque, and one of the territory's foremost citizens, to Professor James G. McNary, one of the most popular of the faculty of the Normal university here. The wedding was a quiet one, solemn and impressive, and was performed by Rev. W. P. McNary, D. D., of Pittsburg, Pa., father of the groom, and assisted by Rev. Norman Skinner, of this city. The Lutheran wedding march was played by Mrs. Dudley S. Dean, sister of the bride, there being no attendants. Immediately after the ceremony, a wedding breakfast was served, and a reception followed, during which delicate strains of music were wafted through the spacious mansion. The bride was attired in white crepe net with white lace, carrying bride's roses.

Those present from afar were Governor and Mrs. M. A. Otero, and son, Miguel; Rev. W. M. McNary, D. D., of Tarkio, Mo.; Secretary and Mrs. James W. Reynolds, Santa Fe; Mr. and Mrs. P. A. Reynolds, Miss Reynolds and Lawrence Reynolds, of Canon City, Colo.; Mrs. Dudley S. Dean, of Boston; Herbert F. Reynolds, of Albuquerque; John M. Reynolds, of El Paso. From Las Vegas were Rev. and Mrs. Norman Skinner, Mr. and Mrs. Jefferson Reynolds, Mr. and Mrs. E. D. and Hallett Reynolds, Mr. and Mrs. James and John Robbins, Miss Esther Robbins,

John M. Robbins, Miss D. Wilson, Mr. and Mrs. J. A. La Rue and the Misses La Rue, Mr. and Mrs. E. L. Hewett, Mr. and Mrs. Henry W. Green, Mr. and Mrs. J. D. Cockerell, Mr. and Mrs. James A. Dick, and Messrs. Hugh London, Stephen B. Davis and Richard H. Powell.

The happy couple left on No. 2 for the east, their destination not being given out. Mr. and Mrs. McNary are two of Las Vegas' most estimable and popular young people, and hosts of good wishes go with them in their trip through life. Mr. and Mrs. McNary will be at home after November 1st, in one of the flats at lower end of Douglas avenue.

"Robbers! robbers! robbers!" some "hunger" came yelling as he ran down Seventh street last night about dusk. He came up out of breath and reported that somebody had stolen a lot of preserves and things from Mrs. Combs' at 418 Seventh street. The facts in the case are that while Mrs. Combs was away yesterday evening, a couple of young girls came to the room in the house and said that Mrs. Combs sent them there to wash the dishes. The fellow let the girls in, and instead of washing the dishes, they took the dishes with them, helping themselves to everything in sight. Mrs. Combs reported the loss of one-half gallon of preserves, two glasses of jelly (evidently had a sweet tooth), \$2 in money, a sack of tobacco and a thirty-cent beef-tongue. The girls were seen going away with one thing in a basket and were identified as Lucinda and Luella Aragon. The goods were returned this morning and the case was not prosecuted.

Bishop Isaac W. Joyce, of Minneapolis, arrived here today from the coast to attend the Methodist conference. Bishop Joyce has the reputation of being one of the finest preachers in the country, and will favor our citizens with one or two sermons.

Rev. Thomas Harwood, superintendent of Spanish missions, arrived here today from Albuquerque to be present at the conference.

Jaime Bacharach left this afternoon for El Paso on a business trip of a couple of days.

Rev. J. V. Watson, Methodist minister for Santa Rosa and Tucuman, arrived here last night to attend the conference.

C. R. Henderson, of Topeka, superintendent of motive power, and family, and C. M. Taylor, mechanical superintendent of La Junta, passed through here today en route to Albuquerque. They took in the local shops during the wait here.

A. M. Berzosa, Hon. Wallace Reynolds and Governor Otero arrived at Las Vegas last night with Hon. J. S. Clark, from Santa Fe.

Jose D. Serna, of Santa Fe, passed through last night en route to Trinidad and will be on hand at the convention at Raton.

The delegates to the territorial convention at Raton will leave tomorrow.

A. A. Ferguson, the undertaker, went up to Springs this afternoon to repair to a message, having a six-footer bad and, and that he should come up and prepare the body for shipment to Kingston, Kan.

W. H. Johnston left today for Rich Hill, Mo., for a vacation trip and to attend his brother, who is quite sick.

Mrs. J. D. Bruce returned last night from her trip to the east.

Twenty-one cars of sheep, 3,000 head, fed here yesterday in the yards. They were en route from Hackberry, Ariz., to Chicago.

Zacarias Valdez, Encarnacion Lucero and Felix Garcia, of Chaperito, returned yesterday from a trip around the county feeling the political pulse of the citizens on the non-re-election movement. They come here exceedingly well pleased with the outlook for the winning of the regular organization. Word continues to come in from other outlying precincts of the same cheering nature, and it is believed by election time that the sorehead movement will be confined to the corners of disgruntled looking for office by bolting the regular party and its old line republican principles.

Benigno Romero has sold his interest in the shoe company on the west side to Mario Romero. The firm name will remain the same.

Julio H. L. Waldo went over to Santa Fe yesterday evening on a business trip.

Mrs. Charles Hild, Arthur and Louis Hild will leave tomorrow for Kansas City to attend the wedding there of the 15th of Herman Hild to Miss Nina Leibelatter.

Suit has been entered in the district court by A. D. Higgins and son Ralph, against Dr. E. L. Esperson, to secure judgment in the sum of \$250, balance alleged due on a \$300 contract which was entered into by the above parties. The amount alleged due is for assistance in getting the street railway franchise, and from performing certain assistance according to a contract of February 6, 1901. The plaintiffs claim the work has been performed according to contract, and the defendant says not. The suit is a personal one against Dr. E. L. Esperson, and has nothing to do with the company back of the electric road.

Jose D. Duran and wife have transferred to Walter W. Lyman, for the sum of \$500, 160 acres of land at Cedrito.

Mrs. Nicolaus Harrison has received a patent on 160 acres of land in township 10, this county.

E. L. Heublich left last evening with his sample grips for Albuquerque to stock that town up for fair week.

Miss Sina Englebright left yesterday evening for Deming after a short sojourn here.

Mrs. F. D. McCormick left today for

New York, where she goes to visit her parents. She will be joined at Kansas City by her husband, who has been there with some stock.

Miguel Romero came in yesterday from Leon to see his father, Trinidad Romero, who is very low with fever.

Benigno Romero went over to Santa Fe yesterday evening. He will also stop at Albuquerque.

Mrs. W. A. Givens left yesterday evening for Santa Fe, from which point she will take the train for Denver.

There was a business meeting at the Methodist church last night at which arrangements were made for the entertainment of the visiting preachers during the conference. The minister's salary and other accounts were ordered paid, and affairs generally straightened up.

The ladies having in charge the Ladies' home here are circulating a petition to the city council to get them to add the home to the duties of the city physician. This has been done heretofore, but it seems there is a little feeling on account of a Christian Scientist having been allowed to practice in the home, and the city physician has ceased his visits.

There was a little scrap yesterday between a man named Lewis, who formerly ran a milk wagon here, and Ben Romero, of the Exchange saloon. Mr. Romero got a bad bruise on the face, and Judge Bena is hearing the case today.

The students at the high school yesterday afternoon organized the High School Athletic association, with W. L. Gilliam as president and coach. The students propose to lay out a gridiron for foot ball on the commons and have a first and second team. They have already begun practicing and expect to have a good team. The young ladies will be taken in the association as associate members, and will probably organize a basket ball team this winter.

Mr. and Mrs. John Mackay are the proud parents of a fine boy. He arrived yesterday evening.

LAS VEGAS.

Spanish Methodist Conference—Mining for Copper.

Las Vegas, N. M., Oct. 9.—The conference this morning at the Spanish Methodist church on the west side was well attended, and the report made by Superintendent Harwood was a most flattering one. The missionary work in the territory is going forward nicely, and shows a splendid increase. Superintendent Harwood spoke quite feelingly of the action of the members of the Woman's Home Missionary society who come out here from the east as friends, and when they go back, spread discouraging reports. He also spoke of the tendency of the native girls educated by the society in going into English associations instead of back among their own people, where they might do good for the cause. This he deplored. Bishop Joyce presided over the conference and the meetings are proving enthusiastic ones.

There was a good meeting of the republican club on the west side last night in the school house of district No. 4. There were a number of enthusiastic speeches and a number were added to the membership roll. There were four additions from the unionists, prominent members, and there are more to follow.

Sebo Borrell has transferred to P. J. Laumach, 160 acres of land in township 18, in the northern part of the Montoya grant. Consideration, \$1,200.

The deed of Turner A. Akers to D. J. Osborne, for land at the chicken ranch, has just been recorded. The consideration was given at \$1,627.75.

The newspaper outfit of Patricio Gonzalez was packed up today and will be shipped to Wagon Mound, where Diego Chacon will have charge of a newspaper published in the interest of republican principles, and for Mr. Gonzalez. Mr. Gonzalez will have his El Sol del Mayo published at one of the other offices in the city.

J. C. Hayes returned to his mines at Guadalupe today. Mr. Hayes says the mine there, in which a couple of our citizens are interested, is down about 125 feet. They are drifting and sinking and have a large amount of ore on the dump. They are not shipping the ore, though the ore is of high enough percentage to do so, some running as high as 40 per cent copper, though it has an average of only about 10 per cent. It is the intention of the owners of the mine to later erect a mill, if the ore holds out, and they are waiting for developments before they put in the mill, so as to know which process is best adapted for that particular kind of ore. There is a force of twenty men at work on the mine now.

Miss Lillian Mackay yesterday entertained the Young Ladies' Whist club.

Mrs. J. W. Reynolds and family will leave tomorrow for Omaha, where they will make a visit with relatives.

Mrs. Louisa Redding, of Louisiana, Mo., mother of J. T. Redding of this city, arrived here yesterday evening to spend the winter with her son.

Dr. S. W. Gamble, quite a noted evangelist, arrived here yesterday evening and will take quite an active part in the conference here.

Walter Benjamin went up to Trinidad yesterday evening on a business trip. He expects to return this evening.

Hon. Eugenio Romero and Gregorio Varella returned yesterday evening from Pecos and other points, where they were taking a squint at things in general and politics in particular.

In every town and village may be had, the

Mica Axle Grease

that makes your horses glad.

Charles E. Sahp, an electrical supply man from St. Louis, was here yesterday conferring with Dr. Esperson, of the street railway.

The funeral of Mrs. Josie Carson Squire was held this afternoon at 3 o'clock from Lewis' undertaking parlor, Rev. George Selby officiating. The remains were interred in the Masonic cemetery, Messrs. Gregory, Garard, Blood, Wagner, Coors and Spoford acting as pall bearers.

Miss Ollie W. Gatchel, the accomplished daughter of Conductor Gatchel, last night became the wife of Frank E. Dearth at the home of the bride at 517 Seventh street. Rev. A. M. Lumpkin performed the marriage ceremony at 8 o'clock which made this popular couple one. There were about twenty present, members of the two families. The couple will remain here for about two weeks, at the home of the bride, and will then leave for Ohio, where they will make their future home.

During the evening a crowd started up a charivari, which awakened the neighborhood and brought forth the remonstrance of the groom. This couple are two of our well known young people, and a host of good wishes accompany them in their journey through life as man and wife.

Mrs. B. S. Rodey arrived here this afternoon from Albuquerque to visit with Mrs. C. C. Gile while Mr. Rodey is being recuperated at Raton.

George Langenberg is threatened with typhoid fever. He has been illing for several days, and has at last taken to bed.

Hon. Solomon Luna is here today from Los Lunas making with the politicians, en route to Raton.

There seems to be a scarcity of people here who want to borrow money. Money seems to be going a begging. The associations here have their coffers full, but cannot place the money.

Work at the Porvenir coal mines is progressing steadily. They have their tunnel in thirty-six feet now, and six tons of coal on the dump. They are making twenty tons for the first time under the electric line boilers.

Las Vegas, N. M., Oct. 10.—There was a coroner's grand jury of democrats present last night at the city hall to attend the primaries called for the purpose of selecting delegates to the democratic convention tomorrow at the court house. The meeting was called to order by W. H. Bunker, and he was made permanent chairman. Pat McElroy was made secretary. George Hunter, Charles Tamme, E. V. Long and Robert Calien were appointed a committee to select a slate of twenty-six delegates, each to have a half vote in the convention, thirteen full votes being the quota from precinct 29. The committee reported back the following names for delegates, which were adopted: Petrolino Sandoval, Jose R. Martinez, Vidal Salazar, Robert Culbertson, George Hunter, W. B. Bunker, very George T. Gould, A. A. Jones, G. P. very Money, P. A. Manuarez, Jr., J. P. very McElroy, H. T. Guseh, Charles Tamme, E. V. Long, Jack Laumach, S. A. D. A. Otero, A. J. Wertz, James O'Brien, P. H. Murphy, L. R. Allen, Otto Grimm, who Fred Briefeld, W. M. Lewis, Felipe Sandoval and J. Barton. A committee consisting of E. V. Long, George Hunter and Charles Tamme were appointed to force of initiate a call and circulate a petition to get a few victims for a democratic club Monday night next at the city hall. A committee composed of A. J. had Wertz, in the first ward; Felipe Sandoval, in the second ward; Robert Culbertson, in the third ward; and W. B. Bunker, in the fourth ward, to look after the registration. George Hunter said that he had eight bags of "literature" but was pretty good for making fires, but he would turn it loose among the democrats if they would get somebody to distribute the matter. The meeting adjourned at 9 o'clock, and the few lonehairs, discouraged democrats went out whistling to keep up courage.

Today it was ascertained that four delegates were allowed from precinct 29 and the names of H. S. Wells and H. A. Buckley were added to the list of delegates.

Mrs. J. T. Downing left this afternoon for Deming to visit with Mrs. Gertrude Hewett for a few days.

The Methodist conference opened this morning at 8:30 by the administration of the sacrament of the Lord's Supper by Bishop Joyce. The organization for the business session was next perfected by electing Rev. W. A. Cooper, of Santa Fe, secretary, and Rev. Van Valkenburg, of Pinos Altos, assistant secretary. Rev. Harshaw, of Clayton, was made statistical secretary, with Rev. Burbank, of Elizabethtown, as his assistant.

Superintendent of Missions Rev. A. P. Morrison next read a very flattering report of the work done in the terri-

tory. A new church at Santa Rosa and Tucumari had been dedicated, and one at Santa Fe which would soon be ready for dedication. The various ministers present next read reports of their churches, showing a large advance particularly in the lines of benevolent collections for mission work and church extension.

Bishop Joyce next made a short address, encouraging the ministers, especially to evangelical work. The conference then adjourned until 8:30 to-morrow morning.

At 2 o'clock this afternoon the Woman's Home Missionary society held their anniversary meeting, and at 3:30 Dr. C. A. Umiker delivered a lecture on "The Bible and the Missions," which was a splendid effort and well appreciated by the audience. At 4:30 Perseverant service was conducted by Dr. Gamble.

The program for tonight has been changed and instead of the address on the church extension the entire evening, beginning at 8 o'clock, will be given to Dr. Gamble to present "The Salt with Due Question." In connection with this address Bishop Joyce announced that "Dr. Gamble has the entire endorsement of the board of bishops in this address, which is very unusual, and a good crowd should greet his efforts."

The reception last night by the bishop of the English and Spanish missions drew a fair crowd, and the addresses made were unusually good. W. G. Hayden made the address on welcome in his usual good form, which was responded to in an able manner by Rev. W. A. Cooper, of Santa Fe. Dr. Harwood, superintendent of Spanish missions, next made a good address, which was followed by Bishop Joyce in a forty-five minute address, to the ministers of the laity. Many praises are heard today of the bishop's address.

passed, endorsing the national territorial administrations, and approving of the course of Delegate Rodey in congress and declaring for his renomination.

Another convention of republicans was held, headed by R. L. Bena, and this convention also selected delegates to the territorial convention at Raton.

Dona Ana Republicans.

Last Saturday the Republicans of Dona Ana county met at Las Cruces, every precinct in the county being represented, save three. H. B. Holt was elected chairman and Ildoro Armijo secretary. The following delegates to the Raton convention were elected: M. Valdez, H. B. Holt, J. A. Russell, M. Lohman, Jose R. Lucero and W. H. H. Llewellyn. Strong resolutions were adopted endorsing the national administration, the territorial administration of Gov. M. A. Otero and Delegate B. S. Rodey.

Valencia County Republicans.

Yesterday, the republicans of Valencia county, where there are no sore heads or contested delegations, met at Los Lunas in convention, and organized by the election of J. Francisco Chaves as temporary chairman, with Boleslo Romero temporary secretary.

Committees were appointed and their reports read and adopted.

The temporary officers were made the permanent officers of the convention.

Resolutions were adopted heartily endorsing the national and territorial administrations and recommending to the Raton convention the renomination of B. S. Rodey for delegate to congress.

The following delegates were elected to go to the Raton convention: Solomon Luna, Jacobo Chas, S. Narciso Pino, Juan C. Jaramillo, R. Garcia, Carlos Baca, Simon Bibb, Carl A. Dales, J. Francisco Chaves, Nabo Mirabel, Victor Sals, Juan C. Sanchez.

San Juan Republicans.

The delegates to the republican convention of San Juan county assembled at Aztec Saturday, and after the election of chairman and secretary, adopted a platform endorsing President Roosevelt and the territorial administration of Governor Otero, after which Chas. V. Safford and Granville Pendleton were selected as delegates to the republican territorial convention to be held at Raton on the 10th.

A strong ticket for county officers was then placed in the field, headed by Judge Granville Pendleton for member of the thirty-fifth legislative assembly.

Santa Fe Democrats.

The democratic primaries of Santa Fe county were held Saturday night to select delegates to the county convention which will be held in Santa on Thursday.

The primary in precinct 3 was held in the school house and was called to order by the precinct chairman, Francisco Delgado. He announced the object of the meeting and then asked to be excused on account of sickness in his family. A. A. Dettelbach was chosen permanent chairman, Bernardino B. Baca secretary and Joaquin Martin interpreter.

The delegates chosen were John P. Victory, Francisco Delgado, Juan Delgado, A. M. Dettelbach, Rafael Trujillo, Camilo Padilla, Nestor Sena, Jose Martinez and Luis Lujan.

In precinct No. 4 the delegates are N. B. Laughlin, Marcelino Garcia, Matias Dominguez, Juan Pablo Delgado, Julian Baca and Charles F. Easley.

In precinct No. 7 the delegates are J. S. Candelario, Jose Segura, John L. Zimmerman and Genovevo Sandoval.

In precinct No. 18 the delegates are A. R. Gibson, D. C. Allard, Nicolas Baca, Juan Simeros and Anastacio Gonzales.

Dr. S. W. Gamble, who is with Bishop Joyce on his round of Methodist conferences, will lecture this evening in the Lead Avenue Methodist church on the Sabbath questions. He will show conclusively that the first

You Can't Begin Too Early.

PAINE'S CELERY COMPOUND

AFFORDS HAPPY AND MARVELOUS RESULTS TO RHEUMATIC SUFFERERS.

The autumn season, with its changeable weather is a time of dread to all rheumatic sufferers. Chilling winds, cold rains and heavy, impure atmosphere, aggravate every condition of rheumatism, and bring many sufferers desperately near the grave.

Are you a victim of rheumatism in its acute or chronic forms? If so, you can't begin too early to get rid of this baneful disease, to purify the blood and strengthen the system. The marvelous virtues of Paine's Celery Compound wrought in the past for rheumatic sufferers, justifies you in giving this wonderful medicine an immediate trial. It has given to agonized, helpless, and crippled men and women a new and happy life—freedom from all pains and sufferings. It has produced amazing cures after the failure of able physicians. At this season, Paine's Celery Compound will do the same good work for you, dear reader. G. W. Webber, Janesville, Wis., says:

"I was advised by a friend to try Paine's Celery Compound for rheumatism and nervousness. I had previously tried other remedies for these complaints without getting relief. I am pleased to say that the very first bottle of the Compound relieved me. I have now taken six bottles of the Compound in all and am cured. I feel younger and better, and have a good appetite."

have been manufactured. They give fast, beautiful colors and are prepared for home use. Simply follow directions.

Direction Book and 45 dyed samples free.

DIAMOND DYES, Burlington, Vt.

day of the week is the New Testament Sunday, and not Saturday, as the adventists want us to believe. Dr. Gamble is beyond question an acknowledged authority on this question. His arguments have never been refuted.

Kodol Dyspepsia Cure

Digests what you eat!

This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspepsias have been cured after everything else failed. It is unexcelled for the stomach. Children with weak stomachs thrive on it. First dose relieves. A diet unnecessary.

Cures all stomach troubles

Prepared only by E. O. Sawyer & Co., Chicago. The 51c bottle contains 51c times the 10c.

FERRY'S SEEDS

Ferry's seeds make good

"It was almost a miracle, Burdock Blood Bitters cured me of a terrible headache on all over my body. I am very grateful." Miss Julia Filbridge, West Conwell, Conn.

The Raton Range says: F. C. Farquharson, foreman of the back shop, who was sick and then able to be out again, took a relapse and was very bad, but the doctor thinks he is now out of danger.

Miss Booth Sick.
Word was received from Kansas City this morning that Miss Nellie Booth was very sick with typhoid fever. Miss Booth accompanied by her mother have been visiting in Kansas City for some time. The young lady has many friends in the city who will be sorry to learn of her illness.

For Over Sixty Years.
An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

MISSION WORK.

The American Board to Meet Next Week at Oberlin, Ohio.

Oberlin, Ohio, Oct. 11.—The American board of foreign missions of the Congregational church will hold its annual meeting here next week, and elaborate plans have been completed for the reception and entertainment of the visitors.

Oberlin has always been noted for its interest in missionary work, having fitted and dispatched to foreign fields large numbers of men and women. Many of these were martyrs in China, and for this act, and for the prominence that Oberlin has always held in missionary matters, the board voted to meet here this year.

Preparations have been going on all summer to accommodate the large number of board members who will be present. One thousand visitors are expected to be present. The American Congregational board is the oldest and largest missionary organization in the world, and has furnished many missionaries. Hon. Samuel B. Caben, of Boston, will preside over the sessions and the annual sermon will be preached by Dr. Newell Dwight Hillis, of Brooklyn.

Get a free sample of Chamberlain's Stomach and Liver Tablets at all druggists. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25c per box at all druggists.

Suspect Discharged.

The supposed car thief, James A. Madden, who was captured at Isleta yesterday afternoon by Officers Cooper and Barton was discharged this morning as no charge could be brought against him. The officers did the right thing by arresting him, as they were out looking up suspicious characters, and Madden's actions were very suspicious. There was no proof that he had broken any car seals, although he had placed his luggage in a car that evidently had been sealed. When he saw the officers he began making a rapid retreat for the train, which aroused the suspicions of the officers. He evidently was a working man beating his way to save expenses. When captured he had about \$20 in money, a watch and some clothing. He gave the officers a run for their money and was ready to fight notwithstanding the odds.

Beautiful Complexions.

Are spoiled by using any kind of preparation that fills the pores of the skin. The best way to secure a clear complexion, free from pimples, blotches, etc., is to keep the liver in good order. An occasional dose of Herbine will cleanse the bowels, regulate the liver, and so establish a clear, healthy complexion. 50 cents at Cosmopolitan Pharmacy—B. Ruppe.

Conference Closed.

The conference of mechanical men which has been in session at the Alvarado the past few days closed last night.

"The business transacted was of a private nature," said Superintendent of Motive Power George H. Henderson, as he stepped into his private car last night. "The only thing I can say to the public is that we inspected the local shops and found them in excellent shape."

Mr. Henderson's car was attached to No. 4, which left last night bound for Tropic. The other gentlemen who were here for the conference have gone to their respective homes, with the exception of E. C. Harlow, of Point Richmond, who will stay a couple of

days longer in the city and visit with old friends. Mr. Harlow reports that the meeting was very successful from certain points of view.

Nonparel over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

VALUABLE PRIZES.

Fair Association Offers Cash Prizes for Best Floats in Flower and Trade Display Parade.

The fair association met this afternoon and discussed the best manner by which public interest could be aroused in the providing of floats and decorated vehicles for Thursday's parade. It was finally decided that cash prizes should be offered for the best floats and turnouts.

It is said five days before the parade will occur and persons caring to try for the prizes will have ample time to decorate their wagons or carriages. J. H. Barclay, an expert decorator, is here from Kansas City, for the purpose of giving pointers on decorations. The prizes offered are as follows: Best float or display, \$50. Best decorated private turnout, \$30. Second best private turnout, \$20. The money will be paid by the fair association.

America's Famous Beauties.

Look with horror on Skin Eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore lips, chapped hands, chilblains. Infallible. 5 cents at all druggists.

Case of Miss Reed.

Her inspiring music. The decorations of a beautiful and ar-

such as will only add to the pleasure of a merry dancer. After several hours of enjoyment the party dissolved.

Want to Yawn?

Yawning, aching in the energy, headache, and a? These symptoms are caused by a disease called Herbine. It before the disease though it will work a cure. J. A. Hopkins, Manufacturer: "I have used Herbine for several years. It is nothing better than a cure for headache, and for a blood-purifier is nothing as good." Cosmopolitan Pharmacy—B. Ruppe.

IL CLERKS.

Basket Ball Match.

Two promising fast basket ball teams have been quietly organized in the city and will give an exhibition at Columbus hall Tuesday evening of fair week. They are designated the "Stars" and the "Minors." The first named team is a lively aggregation, being composed of some of the best old time basket ball players of the city. The latter team, the "Minors," is composed of a picked number of athletic young men of the university and high school teams. Both teams have been going hard practice the past few weeks and the game next week promises to be a hot one. The lineup will be as follows: Stars—Louis and Harry Benjamin, guards; Ralph Hunt and Sebo Allers, forwards; Roy Strong, center.

Minors—Beale and Strumquist, forwards; C. Hoffman and F. Meyers, guards; Anderson, center. A social dance will follow the game.

Mothers.

Who keep their children in good health, should watch for the first symptoms of worms, and remove them with White's Cream Vermifuge. It is the children's best tonic. It gets digestion at work so that their food does them good, and they grow up healthy and strong. 25 cents at Cosmopolitan Pharmacy.—B. Ruppe.

Celebration at Oxford.

London, Oct. 8.—Eminent educators and savants from many parts of the world are gathered at Oxford university for the celebration of the three hundredth anniversary of the establishment of the Bodleian library. The celebration commenced today and will continue through the remainder of the week. Prominent among those in attendance are James H. Canfield, of Columbia university, and Andrew D. White, the United States ambassador to Germany, who is present as the representative of Yale university.

Goes Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "Dr. King's New Discovery of Consumption, Coughs and Colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and all druggists guarantee satisfaction or refund price. Trial bottles free. Regular sizes, 50c and \$1.

Honor St. Andrew.

Mass., Oct. 8.—The seventh annual convention of the Brotherhood of St. Andrew began with a prayer service this afternoon. Rev. Floyd W. Tompkins, the regular service tomorrow by expected 1,500 delegates. Bishop Rainford, John R. A. Kelly and James H. are among the dis-

Only one remedy in the world that will at once stop itching of the skin in any part of the body. Doan's Ointment. At any drug store, 50 cents.

Death of Mrs. McMahon.

Mrs. Mae Ida McMahon, wife of T. H. McMahon, died at her home on West Copper avenue this morning at 5:20 o'clock of typhoid pneumonia. Mrs. McMahon was 29 years of age and had only been confined to her bed for about two weeks. She was born in Centerville, Iowa, where she spent her girlhood days. In 1892 she was married to T. H. McMahon at Como, Colo., where they lived for many years. She is the mother of two boys, Charles Bryant McMahon and William Elliott McMahon, both of whom survive their mother.

Mrs. McMahon's mother has been living with the family here for some time. Her brother, Charles Gray, a druggist at Denver, was telegraphed this morning.

The funeral will take place from the undertaking chapel of O. W. Strong & Sons at 2:30 tomorrow afternoon. Rev. T. C. Beattie, of the Presbyterian church, will conduct the funeral services.

The W. R. C. members are requested to meet tomorrow afternoon at 2 o'clock at Mrs. L. H. Shoemaker's on Gold avenue, so as to attend the funeral of Mrs. McMahon.

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by an Albuquerque Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, A lame, weak or aching one, Would you experiment on it?

You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony. Home endorsement is the proof that backs every box of Doan's Kidney Pills.

Read this case:

W. R. Tripp, engineer at the Hotel Alvarado, residence 511 South Broadway, says: "I have backache had been my only symptom of kidney trouble my case would probably have been very simple, but when there was added to it trouble with the kidney secretions the complications did not respond to medicine as readily as I expected. About once every year I had these attacks and the use of Doan's Kidney Pills procured at the Albuquerque Pharmacy did me over one which was only a successor of similar predecessors. For six months I have had immunity from the annoyance and if Doan's Kidney Pills can be depended upon to act as they did when they first came to my notice, I know what to use should an attack recur in the future."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

DISTRICT COURT.

The case of the territory against John Mann, charged with failure to obey the summons of a road supervisor to contribute his part of road work was up for trial in district court this morning. There was a motion to quash it on the grounds of lack of jurisdiction, because the case was not instructed before the justice of the peace of the proper jurisdiction. The court held the motion good, and the defendant signified his intention to meet the requirements of the road supervisor without institution of new action.

The court this morning stated that for good and sufficient reasons the sentencing of the defendants convicted at the present term of court would be postponed until Saturday, the 18th day of October, at 9 o'clock a. m.

A Typical South African Store.

O. R. Larson of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

GOVERNMENT POSITIONS.

A Few Fat Jobs for Worthy American Boys.

The United States civil service commission announces that on November 11 an examination will be held at the regular appointed places for the position of interpreter Hungarian, Bohemian, Slavak and Polish (including all dialects such as Croatian, Servian and Lithuanian) and German, in the immigration service at Ellis Island, N. Y., at a salary of \$1,200 per annum; on November 11, for the position of

DO YOU EAT

Heartily and enjoy it, or does your food lay heavy in the stomach, causing Nausea, Belching, Heartburn and Sick Headaches? If it does, try a dose of Hostetter's Stomach Bitters before each meal. It will tone up the stomach, stimulate the digestive forces and cure these ailments, which if allowed to continue will develop into chronic dyspepsia. Try it today and notice the improvement.

HOSTETTER'S STOMACH BITTERS.

canceling machine expert and electrician in the general postoffice department at a salary of from \$1,200 to \$1,600 per annum; on November 11, 12 and 13, for the position of mechanical draftsman in the ordinance department at large, war department, at a salary of \$1,200 per annum; on November 11, 12 and 13, for the position of deck officer in the coast and geodetic survey. The civil service commission also calls attention to the scientific technical examinations which will be held at various places throughout the United States, beginning October 21, 1902.

As the result of these examinations it is expected that certification will be made to fill positions in the departmental and Philippine services.

A request has been received from the Philippine civil service board for architectural draftsmen for positions paying \$1,400 to \$1,600 per annum, and for electrical engineers at the same salaries. The latter positions, it is expected, will be filled from the civil and electrical engineer or the mechanical and electrical engineer examinations.

Information concerning the subjects and scope of these examinations may be found in the Manual of Examinations, which will be furnished to all applicants who apply to the United States civil service commission at Washington, D. C.

Postmaster Hopkins and the secretary of the local board of examiners can furnish blanks to prospective applicants for government positions.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Texas, "illness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at all druggists.

ABOUT ALKALI.

Bulletin issued by New Mexico College of Agriculture.

The New Mexico experiment station at Mesilla Park has recently published two bulletins on alkali which should prove interesting to many people in the territory.

Bulletin 42 on alkali aims to answer some of the principal questions as to the composition of alkali; differences between black and white alkali; source of alkali; why it tends to accumulate more rapidly in some places than in others; methods of preventing its accumulation; effects of manure on alkali land; various methods which have been tried for removing alkali from the soil and amount injurious to crops. At the end of the bulletin there is a list of the publications bearing on the subject.

Bulletin 43 on drainage and flooding for the removal of alkali, discusses in detail an experiment which has begun near Roswell, N.M., for the purpose of improving a piece of alkali land by this method and at the same time of learning something of the cost of the method. The cost of drainage depends mainly on the depths of the drains and their distances apart; and both of these points have to be found by actual trial, because they vary considerably with different kinds and conditions of soil.

The results show that in that soil, a ditch less than three feet deep is practically of no value; and that an eight foot ditch lowers the water to three feet or below, for a distance of about 300 feet on either side.

The flooding was found to wash out the salts more slowly than it was expected to do; but, ten floodings on the native salt grass sod were found to remove about one-seventh of the salt from the first two feet of soil. Covered drains are cheaper in the end than open ones, although their first cost is greater. The present cost of tile makes it probable that a combination of open and covered drains will be most satisfactory and economical. Such a combination of open and tile drains will probably cost from \$20 to \$30 per acre.

Chamberlain's Cough Remedy Saved His Boy's Life.

"I believe I saved my (nine year old) boy's life this winter with Chamberlain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

CAUGHT A BURGLAR.

Stranger Who Coveted Goods in Haspelmath's Store Arrested by Marshal Yesterday.

About 4 o'clock yesterday morning the night watchman at the Claire hotel, Santa Fe, telephoned City Marshal

Cleora Weldner that someone was trying to burglarize the shoe store of Charles Haspelmath on the plaza. The city marshal proceeded to the store and found a man, who said his name was Joseph Wafford and who claimed to hail from the Cherokee nation in the store. The fellow was then and there engaged in packing up a quantity of goods to take with him. The city marshal immediately arrested and jailed him. The burglar gained admittance to the store by breaking a large pane of glass in the front door and crawling through it into the establishment. Wafford was given a hearing before Police Judge Charles M. Conklin and was bound over in the sum of \$500 to appear before the grand jury upon a charge of burglary. District Attorney E. C. Abbott represented the territory in the case.
