Albuquerque Weekly Citizen

VOLUME 1

ALBUQUERQUE, NEW MEXICO, SATURDAY, NOVEMBER 1, 1902.

NUMBER 668

Territorial Topics

LAS CRUCES.

From the Republican.
The two Albuquerque dailies gave the public splendid editions during fair. The papers published would be a credit to any of the large cities of the country.

Mr. and Mrs. D. A. Tyng, were arrivals here from Chicago. Mr. Tyng was the first superintendent of the Motoc mine under the present management, and rumor has it that he may again become interested in Organ mining properties.

Roline E. Banner was here from Capitan and Alamogordo visiting his wife and child, who have for some time been here visiting relatives.
At the Southern Methodist church Rev Ryland addressed a good sized audience, his chosen theme for the evening being the life and work of Sydney Linear, musician and poet. The discourse proved most interesting and selections taken from poems of Sydney Linear were greatly enjoyed by those present. This is the second time that Mr. Ryland has visited Las Cruces as lecturer, and his return will always be warmly greeted by those fond of fine oratory, a good stage presence and earnestness of delivery.

TUCUMCARI.

From the Pathfinder.
The ring of the hammer is heard in the land and Tucumcari continues to grow right along. New houses going up everywhere. In fact, the surrounding country is growing faster than the town—all of which is a good sign for Tucumcari's future permanency.

About thirty of the young people were entertained at the home of Mrs. Berry last Tuesday night. Games were indulged in which were a pleasure to all. One of the most delightful features of the evening was the music rendered by Mr. Preston and other members of the Choctaw surveyors corps. Delicious refreshments were served.

Mr. McLaughlin, the brickmaker, who came here to make brick for the new bank building, has made a thorough test of the clay found here and says he has found it excellent for making brick. He is clearing off the ground for a brick yard and will proceed at once to burn a kiln. The yard will be located on Mr. Buchanan's claim on the other side of the railroad track.

LORDSBURG.

From the Liberal.
C. J. Kelly, better known as Joe Kelly, treasurer and one of the prominent republican politicians of Luna county, was married last week at Terrell, Texas, to Miss Goolsby, a niece of Mrs. Seaman Field, of Deming.

Last Saturday George Gaskell, cashier of the Detroit Copper company, came down from Morenci to meet his wife, who came in from California. While en route to Morenci Mr. Gaskell was taken sick, the trouble being some brain affection. As soon as he reached Morenci he was taken to the hospital, and died in a short time. The body returned on Monday's train.

J. A. Lowe, who thought he had a big thing in the bat guano business, in the Chiricahua, found he could not get quite so high a price for the material as he expected. He has discovered there is a guano trust, and as he objects to feeding the trusts he has concluded to retire temporarily from the business. He will open an office in Lordsburg and practice his profession, treating the sick according to the science of osteopathy, at which he is very successful.

CARLSBAD.

From the Argus.
Miss Effie Moore, who has been an inmate of St. Francis' hospital, of Wichita, Kansas, for the past six months, returned home Tuesday. While in the hospital an operation of a most delicate nature was performed on her, and while not entirely successful, her many friends hope for an improvement now that she is home.

Dick Wicker, game warden for Eddy county, offers a reward of \$50 for the arrest and conviction of the miscreants who dynamited Lake Avalon on September 26 last. It is sincerely to be hoped that some one with positive knowledge of the crime will come forward with the necessary testimony to convict, and if it so happens, the \$50 will be well spent.

A journalistic curiosity of considerable interest is in the possession of W. P. Lucas, of this city. It is a well-preserved copy of the New York Herald of date of April 15, 1866, containing a full account of the commission of President Lincoln and the wounding of Secretary Seward. The paper also

contains an account of the Confederate evacuation of Richmond, the surrender of Lee's army at Appomattox, and many other minor details of historic moment. To lovers of history it is intensely interesting reading, and Mr. Lucas, who received it from his father, treasures the paper as highly as it deserves. It is, indeed, a treasure.

LAS CRUCES.

From the Citizen.
Jose Navarro, who was accused of killing a man named Celso Lopez, of Colorado, this county, about six months ago, was tried last week and found not guilty.

A quiet wedding took place here last week, only relatives and intimate friends being present. The contracting parties were Robert Steeves and Miss Eliza Strain, both of El Paso, Texas.
The football boys are now training for a game which will soon take place at the college grounds between them and the Albuquerque Indians. Coach Miller is getting the team in fine trim and if the Indians expect to win they will have to play a good deal better than they did on their home grounds.

From the Progress.
A. M. Forrester, who has been confined to his room for the past week, is improving and will be around in a day or two.

Chas. Kircher, of St. Louis, a nephew of Numa Raymond, and well known in Las Cruces, is the president of a company which has just purchased the Fair in El Paso.

J. B. Larrazolo, Jr., who returned to his home at Las Vegas to have an operation performed for appendicitis, has returned to continue his studies at the college, it being not necessary to have the operation performed.

Robert Metcalfe and Walter Miller spent a week at the fair in Albuquerque telling the people what we have here and demonstrating to them by actual work some of the things we do at the college. The college exhibit is said to be the best of any kind there and received the only premium offered for out cattle which Mr. Bouts had in charge.

WILLIAMS.

From the News.
H. F. Ashurst left for Flagstaff, expecting to be absent for several days.
Mrs. C. O. Hackley was the lucky winner of the music box raffled off at the Curio by Mrs. William Ergman, her number was 28.

Mrs. R. Postle, who for some time has been at Point Richmond, Cal., for the benefit of her health, returned home much improved.

The old wells and pools throughout the town have all been fitted up with good and substantial coverings, thus doing away with possible accidents in the future.

A horse race for \$50 a side was run last Thursday afternoon. The horses belonged to C. M. Wolf and James Wade. Wolf's horse won by much daylight, it is said. A large crowd was at the track to witness the event.

Mrs. G. H. Barney entertained a party of friends with a Dutch lunch last Monday evening. Anyone who has ever been fortunate enough to partake of the hospitality of Mr. and Mrs. Barney knows that a royal good time was given the guests.

Lyle Button had a narrow escape from a serious accident Thursday. The family horse was hitched near the carpenter shop, and as Lyle passed in front of him, the horse bit him in the face, inflicting painful, but fortunately, not serious injuries. Dr. Tyroler dressed the wounds.

Sheriff James A. Johnson has been doing a little rustling in these parts the past week. He spent a few days at Bright Angel—as he said to rest up—but from the number of votes he will get out there and the confident smile he wore we don't think he did much resting. Jim wants the office again. He is making a hard fight for it. He is entitled to it and will have it.

William Thomborg, a native of Sweden and a resident of South Bend, Ind., died on passenger train No. 1 last Sunday, just as the train was pulling into Williams. He was a sufferer from tuberculosis, and was on his way to Los Angeles, accompanied by his wife and baby. The body was placed in charge of Undertaker Button and prepared for shipment to the home of his parents in South Bend. The bereaved wife was taken to the home of Mrs. Nagiller during her two days' stay here, and everything possible was done to lessen the sadness of being a stranger in a strange land and suddenly bereft of a husband whose health it was expected would be restored by going to California.

ALAMOGORDO.

From the News.
Special Officer Billy Smith has been looking up something to do in Alamogordo during the week.

Frank Rolland returned with his bride last Saturday, and went immediately to the hospital sick with typhoid fever. We are glad to note that he is doing very well and the chances are favorable for his early recovery.

F. D. Mayo, the bass player for the Alamogordo band, is back from Nogal to remain, and the band boys are all smiles and ready for another rehearsal.

Charles K. Sisler came in Thursday morning from Denver. Mr. Sisler has been employed in the Baldwin Locomotive works, Philadelphia, for two years past as a machinist. He has accepted a position in the machine shops at this place.

J. W. Stewart, of Alamogordo, N. M., has filed suit for his wife, Fletcher Stewart, against the Postal Telegraph and Cable company for damages for alleged negligent failure on the part of the telegraph company to deliver a message calling her to see her dying mother at Granbury, Texas.

Last Saturday, the 15th, during the noon hour, John Olsen was working the knives of a planer at the saw mill and in some way the machinery started and his right hand was caught, taking it entirely off with a portion of the forearm. Dr. Bryan dressed the arm and it is reported that he is doing very well.

KINGMAN.

From the Miner.
Sheriff Lovin departed for Yuma having in charge J. A. Cleveland and H. C. Graham, who have been sentenced to terms of five years each in the penitentiary. The young men held up and robbed a Jap last week near Hackberry. They plead guilty and received the minimum sentence.

A report comes from Phoenix that an estate of \$40,000 awaits the heirs of the late Gideon Cornell. The estate is in Ohio and a search has been made to find Cornell for some time past. It will be remembered that Mr. Cornell died in Kingman about two years ago. We hope his widow may come in for her share of the estate.

George Harold Smith, an attorney of Minneapolis, Minn., and a member of the Salt Springs and Arizona & Minnesota mining companies, was in Kingman a few days ago straightening out some legal entanglements of the Salt Springs company. The judgment against the mining plant, recently purchased by the company, has been paid off and now there will be smooth sailing. The mill is running and doing good work. Mr. Smith will visit the mines controlled by the two companies before returning home.

Rev. Isaac Montfort, father of Mrs. E. T. Loy and Mrs. William Miller, died at the Commercial last Sunday morning. Deceased was 85 years of age at the time of his death and during all that long period had been an earnest and active worker in the church. During the civil war he had been entrusted with several important missions by the government, which he carried out in an able and conscientious manner. He was a noble, kindly man, who made the world better by his years on earth. Funeral services were held in the church Monday afternoon and the body taken to Independence, Kan., the following day, Mr. and Mrs. William Miller accompanying the remains.

The grand jury this week wrestled with many hard criminal problems, among which was the Mexican murder case from Peach Springs. The jury concluded that the man held for the crime was not the guilty party and ignored the charge against him. The fact of the matter is that the crime laid against the Mexican could hardly have been committed by him and the jury did the right thing in ordering him discharged. At the time he was held for the crime it was thought that something might develop that would fix the murder on some of the other Mexicans, but so far nothing has been discovered. The jury also investigated several other criminal charges and found several indictments. The work done was very thorough in the short space of time allotted.

BERNALILLO PRECINCT.

The republican party in this territory was organized at the town of Bernalillo after the close of the civil war. It was the banner republican precinct of the county at every election until two years ago, when on account of a factional wrangle Mr. Rodey lost the precinct by seventeen votes. This year everything is harmonious at Bernalillo, and the republicans have united and will give the usual old-time majority. The republicans of the whole territory feel kindly toward the republicans of the town of Bernalillo, and are pleased to know that hereafter that precinct will head the list of republican towns.

SOCORRO.

From the Chieftain.
Candidates for public office in Socorro county are hustling as they never hustled before.

James Patterson arrived in town from his ranch and will remain several days.
Col. J. S. Hutchison was down from Magdalena shaking hands with Socorro friends.

C. Hazletine left for his home in Boston after a sojourn of six weeks in Socorro.

W. P. Sanders and wife passed through Socorro on their way home from a visit at the fair.

Frank Sickles has been hunting quail in the vicinity of Socorro recently and says that the birds are quite abundant in some localities.

Capt. M. Cooney was here de combat the first of the week with an attack of fever but is again hustling for election to the office of assessor.

Mrs. R. C. Dougherty and daughter, Mrs. Bent, and family, are now at Redondo, Cal., and expect to spend the winter on the coast.

Miss S. M. Rowe, who passed a highly creditable examination at the last teacher's examination held in Socorro, is now teaching in Kelly and is reported as giving good satisfaction.

J. A. Beal, of Albuquerque, has represented the interests of the Citizen in Socorro and has done a good business, despite the fact that everybody's attention is absorbed in politics.

New Cases Filed.

New cases have recently been filed in the office of District Clerk John E. Griffith as follows:

In the matter of the estate of Juan Jose Lopez, deceased; appeal from probate court.

Julia Patterson Guan vs. Patrick Guan; divorce.

Juana Gonzales de Burns vs. Roques Burns; divorce.

Samuel G. Hanna vs. S. N. Bunce; injunction.

Jasper N. Broyles vs. School District No. 13 of the County of Socorro, New Mexico; to recover judgment on school warrants.

Letitia F. Jones vs. Fillmore Jones; divorce.

ST. JOHNS.

From the Snipe.
Juan Gonzales was thrown from a horse on Sunday and sustained a broken leg. He is quite old and his friends fear that the injury may result fatally.

Ambrosio Candelaria, cashier of the Apache county bank, is having the finishing touch of the artist placed on his beautiful residence. It is indeed a pretty residence and a pleasant home.

B. Schuster has returned from shipping a large consignment of wool. He visited the Albuquerque fair and other towns along the railroad. He reports a successful business trip and a good time. He was absent from the county convention, but says the republican ticket is good enough for him.

Fred Huning, a prominent sheepman of New Mexico, came in last week and took a company of sheep buyers out to look at his flocks. The buyers wanted fat sheep for their Los Angeles butchers and as Mr. Huning's sheep were not quite fat enough for the Los Angeles men, he brought them back to St. Johns on Sunday.

HOLBROOK.

From the Argus.
Mrs. S. H. Fine was down from Flagstaff to attend the wedding of her brother, F. A. Zuck.

W. B. Cross and family came in from Utah and will make their future home in Navajo county.

E. H. Rose, of Riverside, Cal., who has the plumbing contract for the new buildings at Whitewater agency, came in from the west.

Ed Canet, of Los Angeles, was here with about 650 head of cattle which he purchased in the Springerville country. They were shipped to California.

Charles Testerman and family returned from Defiance Saturday. Mr. Testerman has gone to Keam's canyon to work on the new buildings, but the family will remain here so the children can go to school.

County Recorder McAllister is to be congratulated on his style of getting up the copy for the great register this year. It is in alphabetical form and each precinct by itself, a great convenience for the printer and very handy for reference.
Married, at the residence of the groom's parents, Mr. and Mrs. F. M. Zuck, Wednesday evening, October 22, 1902, Frank A. Zuck to Mary Mahoney, Rev. S. Smith, of Winslow, officiating. Only immediate relations of the contracting parties were present. Mr. and Mrs. Zuck, who have lived here for many years, are well and favorably known and are held in the highest esteem by everyone. The newly married couple left for Keam's Canyon, where Mr. Zuck has employment on the new government buildings.

PORTALES.

From the Herald.
The house of ill fame which was recently built across the main railroad track was set on fire and burned to the ground early Monday morning. Kerosene was splashed on the outside and the match applied.

Marion Smith's horse fell with him while he was out from camp and alone. He was rendered unconscious and how long he was in that condition he does not know, but when he recovered consciousness his horse was near him. He is still in a critical condition.

On last Monday morning as Laverna Hopping and Della Barnes were coming to school on horseback their horses became frightened and threw them. Laverna's hip was badly bruised, and she is not yet able to walk. Della fell on her head but was slightly hurt. She was out of school only one day.

Last Saturday, while herding cattle near the stock pens, Jimmy Cagley's horse stepped in a prairie dog hole and threw him. His collar bone was broken and he received many other painful injuries, which have caused him a great deal of suffering. His mother, Mrs. J. M. Daugherty, is expected from Abilene, Texas, to nurse him during his illness.

FARMINGTON.

From the Hustler.
The evaporator was closed down a couple of days this week on account of shortage of help.

Little Bonnie Brown got two fingers badly pinched the other day by putting them between the cogs of a washing machine.

J. E. Ross, who came here with his family from Oklahoma, about a year ago, died Monday morning from consumption, and was buried Tuesday afternoon in Greenlawn cemetery. He leaves a wife and three children to mourn his loss.

George Butler, government surveyor, assisted by S. E. Shoemaker and Woolman Waggoner, are progressing finely on the surveys for the large irrigating canal on the Navajo reservation, just west of Farmington. Not only are they surveying the grade, but are doing all retail work preparatory to construction.

The First National bank of Farmington have been placed in their vault a section of fifty of the latest improved safety deposit boxes. They are made of the best hard chilled steel one-half inch thick, the door to each box has a lock that requires two keys to open it, one held by the bank and the other by the customer. Cashier Amsden informs us the rental charge is \$3 per year, and that most of them are already spoken for.

ATZEC.

From the Index.
Lawyers have been plentifully in evidence during this week.

The foundation for John Green's new building in Atzac is fast nearing completion.

The little black bear that has been raiding the crops on the McIntosh and Canby ranches was killed last week by Frank Cooper on the ranch of A. R. Springer.

Mrs. F. T. Hickman and daughter, Lillie, will accompany Mrs. Logan and Miss Beattie Hickman on their return to their home at Shelbyville, Ky., for a visit during the winter and where Miss Lillie will be placed in school. This will be Mrs. Hickman's first visit to her old home in fourteen years and she will no doubt enjoy the visit and vacation very much. They will start next Monday.

The bazaar and supper given at the Presbyterian church in Atzac Thursday evening was a decided success, financially, and a large sum was raised to be applied toward sealing the church and thereby making it more comfortable for winter. A large crowd was present from various parts of the county. A splendid program of music and songs by visiting and home talent was rendered.

DEMING.

From the Headlight.
Work on the Mahoney building is being pushed rapidly to completion. Mr. Mahoney has decided to make this a handsome store room, which will add much to the attractiveness of this part of Gold avenue.

E. E. Burdick raised this year some of the largest guineas ever seen in this section of New Mexico. We were shown a dozen fine specimens of the fruit raised on a small tree in his yard here, and one of the guineas measured 16 inches in circumference and weighed 1 1/2 pounds.

M. A. Freeland just returned from service in the Philippines, tarried in town en route to Fort Bayard. The eastern trip didn't benefit his health and it is now necessary to try Fort Bayard for a few months. Mr. Freeland is an ex-typo and paid this office a

very pleasant call.

Word was received here announced the death of Mrs. H. H. Olcott, at the home of her daughter, Mrs. A. E. Bent, at Lamar, Colo., on Thursday night of paralysis. Mrs. Olcott was a former resident of Deming and was well known here. Mrs. J. H. Blackford and Miss Norma Krouse are both nieces of the deceased lady.

While escaping in her bare feet from her burning house Monday morning, Mrs. J. W. Potter ran a silver in one of her toes, which caused her much pain until it was removed.

Judge Seamon Field, the receiver of the Deming ore mill and adjoining buildings, sold the property under order of the district court. It was purchased by John Corbett for \$1,500.

Charles Mehan, formerly Ch'ne'se inspector in this district, but now holding an important position in the service at Boston, was in Deming closing up some business here, and left for the east Friday.

Mrs. George Shepard, who will be remembered as having lived in a tent behind the Methodist Episcopal church with her husband and three children a year ago, died at Hicksville, Ohio, October 12, 1902. Her many friends here condole with the family.

George Snyder returned this week from Baton Rouge, La., where he went with two cars of horses for market—one car belonging to J. N. Upton and the other to himself. The horses sold rapidly and well. Mr. Snyder will take a few more cars of the animals to the same market shortly.

Saturday, October 18, Henry Meyers, a prominent stockman of Grafton, N. M., was married to Miss Belle Laphue of Fairview, in the parlor of Mrs. J. E. Ayres, at Hermosa by Judge Taylor. "The groom looked happy and contented," writes our correspondent, "while the bride wore radiant with maidenly beauty."

We are informed that Prof. Joseph Merk, the well known horticulturist and florist, has commenced suit for \$5,000 damages for alleged assault against Michael M. McGeeney, sole heir to the \$35,000 estate of the late Patrick McGeeney, of Deming. S. M. Ashenfelter, Esq., is Professor Merk's attorney in the case. The assault is alleged to have been committed in April last, while Merk and McGeeney were returning from attending Merton Smith's gospel tent. On this occasion Professor Merk claims to have received injuries to his right leg that have crippled him more or less ever since. He is at present under the care of Dr. Cassels.

Between 2 and 3 o'clock Monday morning the frame building on Silver avenue owned by Mrs. Judge Bristol

and occupied by W. F. Potter and family and Mrs. W. F. Smith, caught fire from unknown cause and was entirely consumed. The Potters lost about everything and have no insurance. Mrs. Smith lost nearly everything, but has an insurance of \$400 in the Field agency. The Burnside agency had an insurance of \$450 on the house. The McGeeney residences close by were damaged about \$200 from the flames. They are insured. The Hendrick residence was slightly damaged and was also insured in the Field agency. The fire company, with the aid of a hastily organized and heroic bucket brigade, saved them.

WINSLOW.

From the Mail.
"Farmer" Lee is in town from his ranch this week.

Dr. Brown was in Pinta on professional business.

A new flooring has been laid in the postoffice this week, and adds to the already neat appearance of that institution.

Ted Isherwood was among the duck hunters along the river on Thursday. The Navajo restaurant has been closed on account of lack of patronage.

Mrs. Frank Soler won the lunch cloth which was raffled by Mrs. J. F. Murray Wednesday afternoon.

Mr. McNeil, of Emporia, Kan., stopped over in town Wednesday while on his way west, and visited his sister, Mrs. Reilly Wolcott.

George F. Schaaf, the jeweler, went to Holbrook last week and returned imbued with all the rights and privileges of an American citizen. He was

admitted to full citizenship by Judge Sloan.

Rapid headway has been made in the construction of the new storage building east of the depot and it is now nearly ready for use. It will be used principally for coal storage, but a small portion will be used for ice for the train service.

Mrs. C. R. Hayman left for San Francisco, where she will join her husband. Mr. Hayman is now employed on the Southern Pacific railroad in that city, and they will in the future reside there.

Diphtheria is very prevalent at Snowflake. On Wednesday Dr. Sampson, as county physician, visited the town and placed it under a strict quarantine, so that there is now no traffic in or out of the place. There are no reports of contagious diseases from other parts up the county.

Severe illness is prevalent in the family of Frank Wallace at St. Joseph. Mrs. Wallace is reported very low at present, but the chances seem fair for her recovery. Mr. Wallace's little daughter is sick with acute Bright's disease and little hopes are entertained of any improvement in her condition.

FLAGSTAFF.

From the Sun.
The family of Fred Kendrick left this week for Prescott, where they expect to reside in the future. Mr. Kendrick has employment at his trade at Mayer.

Hugh Anderson will enter the medical department of the University of Michigan in Ann Arbor. He is now at Butte, Mont., and will leave there for Ann Arbor November 1.

Percival Lowell has commenced the building of a large residence on Observatory Hill. The work is in charge of Godfrey Sykes. Mr. Lowell will also force the city water to the observatory. Mr. Lowell expects to spend the greater part of the coming year here.

Ex-Gov. C. S. Page, of Hyde Park, Vt.; F. A. Day, of Boston, Mass., and William R. Page, of Burlington, Vt., are visiting the Grand Canyon of Arizona and incidentally the Grand Canyon Copper company. The visitors are all prominent citizens of their respective communities.

The town council, at a meeting on Wednesday, passed a curfew ordinance making it unlawful for any person under the age of 17 years to be on the streets after 8 o'clock at night. Flagstaff men who shave their little boys—off their little boys—they might look like

The following pupils of the intermediate department of the Emerson high school were neither tardy nor absent during the last school month: Ruth Baker, Mary Black, Clara Mohlenpach, Cecil Schulz, Myrtle Pulliam, Ella Vail, Ruby Bayless, Marvinne Francis, Paul Keller, Paul Aubineau, Harry Hibdon, Jr., and Raymond Kraus.

W. D. Powell was in from the Black Rock mines the first of the week, having returned with a party who had been visiting the properties. Mr. Powell says that he has opened up a five-foot vein of rich ore, which is getting larger as he goes down. He has started a drift at the eighty-five foot level, expecting to open the main body of ore in a short distance in the mountain.

SANTA FE DEMOCRATS.

They Put in the Field Candidates for County Offices.

The democratic committee of Santa Fe county, as finally arranged by the executive county committee is as follows:

For delegate to congress—H. B. Ferguson.
For member of the council—A. B. Renchan.

For members of the house—Liberto Vigil and J. H. Jackson.
For county commissioner second district—Ramon Sandoval.

For county commissioner third district—Herbert T. Conger.
For probate judge—Jose Segura.

For probate clerk—Nicanor Baca.
For sheriff—Marcelino Garcia.
For treasurer and collector—George W. Knaebel.

For assessor—Eugenio Sena.
For superintendent of schools—Jose Ortiz y Blaca.
For surveyor—John L. Zimmerman.

REPUBLICAN NOMINEES.

The republican county convention assembled at 10 o'clock this morning at the court house. The ticket nominated is an exceptionally strong one, and everyone of the nominees will be elected by a large majority.

For the council, from the counties of Bernalillo and McKinley, Thomas Hughes was nominated.

G. F. Albright, business manager of the Journal-Democrat is the republican nominee for the council from Bernalillo county. He will make an excellent legislator and a good record. The Citizen will put in its very best work for the election of Mr. Albright, and he is sure of about 2,000 majority.

Hon. Alex. Bowie, of Gallup, is the choice of the republicans of McKinley county for representative from that county and Bernalillo county. He will be endorsed by the republicans of this county.

Nestor Montoya will represent this county in a most acceptable way in the territorial house of representatives. He is one of the best speakers in the territory and a true and trusted leader of the republican party. He is the interpreter of the district court, a position he has held for many years. He is in favor of progress, and there is no more public spirited citizen in the territory. He will be one of the leaders in the house and will make a good record. He is the accomplished editor of La Bandera Americana.

Celso Sandoval, of Nacimiento, is one of the intelligent and respected republicans of this county. He has faithfully served his party for twenty-four years and deserves every republican vote in the county for representation.

The people all know the excellent qualities of Sheriff Thos. S. Hubbell. He will serve the ensuing two years, and will preserve the peace and uphold the law as he has done in the past.

J. M. Sandoval, of Corralen, is the republican nominee for county assessor. He is well qualified to discharge the duties of the office, and is a true and tried friend. He will receive the solid vote of his precinct, showing the esteem in which he is held by his neighbors. He is certain of election by a large majority.

Frank A. Hubbell is the recognized leader of the republican party in this county. His nomination for collector and treasurer is a deserved recognition of his services to the people. He deserves the solid vote of the republicans in every precinct. He is an honored citizen of Albuquerque, and is always found at the front in any enterprise that will benefit Albuquerque.

James A. Summers is the unanimous choice of the people of this county for probate clerk. He has filled the position with eminent credit to himself and satisfaction to the people. During the past four years no word of fault has been heard in his conduct of that office. He is competent, faithful and obliging. He will have several thousands of majority.

Manuel Baca, of Pena Blanca, is the republican nominee for probate judge. He is a reliable business man, and will faithfully discharge the duties of the office of probate judge. This is one of the most important offices in the county, and in Mr. Baca the people repose the utmost confidence that probate affairs will be honestly conducted.

Belavio Vigil, nominee for county school superintendent, is a respected and intelligent citizen of Bernalillo, a suburb of this city. He will do everything in his power to advance the interests of the public schools of the county.

Ignacio Gutierrez is the nominee of the republicans for county commissioner. He is a friend of this city, having interests here, and at all times can be depended upon to do everything in his power to build up Albuquerque.

A. Harsch, of this city, was the unanimous choice of the convention for this, the third commissioner district. Mr. Harsch was appointed to the position by Governor Otero to fill a vacancy. He has faithfully discharged the duties of the office, and deserves the united vote of the people of this city. He is one of the oldest and most respected citizens of Albuquerque.

Don J. Rankin, the republican nominee for surveyor, is a graduate of the Kansas University. He is a trained surveyor, and a well known citizen, and will discharge the duties of his office with fidelity.

WHO WANTS A CHANGE.

"Well, gentlemen, what do you want?" asks the Chicago Tribune, as it concludes the reading of a recent trade review disclosing a condition of general prosperity in the United States unexampled in its history. "A change? Nominate your poison! State your remedy!"

The only "gentlemen" likely to respond are the calamity hunters, the "trust" scalpers, statesmen out of jobs and the inevitable and obnoxious tar reformers. The rank and file of our seventy-six millions of people are satisfied. They want nothing but that well enough be let alone. Most of them recall only too well what happened after the last loud cry for a "change" about a decade ago. They got the "change" fast enough. So, who nominates his poison? Now is only suggesting a "remedy" for good things—in only telling the people—to come from the Tribune again—how to

cial world, how to stop the hum of machinery, how to reduce the demand for products of all sorts, how to increase wants and diminish the means of satisfying them, how to kill industry, to grow paupers, to fill charitable institutions and to empty workshops."

TRAITOR TO HIS TOWN.

The Las Vegas Record says: "When Mr. Fergusson was in Las Vegas he tried to make political capital out of the proposed military post, and appealed to our people for their votes on the ground that Mr. Rodey is in favor of locating it at Albuquerque; but he was as dumb as an oyster in regard to the fact that he, himself, has been the leading champion of the Albuquerque location, and made three trips to Washington on this business, being selected for that special purpose by the Commercial club of Albuquerque, because he was the active champion of the cause in that town. Neither does he say a word about the fact that when he was a candidate the first time, nearly one-half the republicans in Albuquerque voted for him, because he was pledged, if elected, to secure the post for Albuquerque."

NOT A DEMOCRAT.

The democratic party of this county are disrupted and cannot maintain a party organization. They tried to get organized a few days ago, but have made a signal failure. The following letter explains itself:

Tajique, N. M., Oct. 21.
Albuquerque Citizen, Albuquerque, N. M.

Dear Sir:—I see the democrats have my name as chairman of the central committee of this precinct, which is a mistake, as I am and have always been a republican, except one campaign on the silver question I was a democrat, but like many others have seen my mistake, and now I am a firmer believer in the republican doctrine than ever.

Yours truly,
E. A. DOW.

PROGRESS OF MEXICO.

The volume of statistics recently issued by the Mexican government shows that a greater degree of prosperity prevails in that country than has been generally supposed. From the digest of the figures as made by the New York Tribune, it appears that in the first nine months of the present year, as compared with corresponding months of last year, imports decreased by nearly \$3,700,000. There was a decrease in every important class of goods save only mineral products, in which there was an increase of about \$300,000. There was a decrease also in imports from every continent of the world save South America, which showed an increase of less than \$19,000. There was an increase also in imports from every important country of Europe save Belgium. There was, on the other hand, an increase from every important South American country save Venezuela and Colombia, the reasons for a decrease from them being obvious. There was a decrease from all Central America save Guatemala. Finally, there was a small increase from Canada and a large decrease from the United States.

OVERCAME DIFFICULTIES.

In his speech at Las Vegas Mr. Fergusson went into considerable detail about his efforts for statehood for New Mexico when he was delegate, and why, because the speaker was against him, he did not succeed. The Record pertinently asks, had the conditions changed any when Delegate Rodey was elected? No, the conditions had not changed for the better. Mr. Rodey found the speaker and all the leading members of the house against statehood. But he did not let a little thing like that stop him. He went to work, and the result of his labor is well known to the people of New Mexico. What New Mexico wants is a man in congress who does not get discouraged because a few members of congress, including the speaker of the house of representatives, are opposed to any measure favoring the territory; but one who goes ahead and gets what he wants. No matter who helped Delegate Rodey, or how he got his help, the fact remains that the omnibus statehood bill has passed the house and is now in the senate ready for passage in December, through his efforts in securing the help he did. The people of New Mexico want statehood, and the only way to get statehood is to send a republican delegate to congress this fall. Let us return Delegate Rodey to represent New Mexico as it should be represented. The territory has had more advertising since his term than it has had for twenty years, and the people of the east realize that there is such a thing.

PERMANENCY OF THE CHURCH.

The slow growth of the churches is occasionally remarked upon. But when all the circumstances are considered the wonder is not that they grow slowly, but that they are able to hold their own at all. Their continued existence in the midst of hostile or indifferent surroundings testifies to their wonderful vitality. The unsettled state of theological controversy has tended to make men indifferent to their

CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the cure of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if unsatisfied. Write for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., B. H. Briggs & Co.

Best for medicinal uses

Your physician will tell you that you should always have some good whiskey in the house. For accidents, fainting spells, exhaustion, and other emergency uses, it relieves and revives. But you must have good whiskey, pure whiskey, for poor whiskey, adulterated whiskey, may do decided harm. HAYNER WHISKY is just what you need for it goes direct from our own distillery to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE and saving the dealers' enormous profits. We have over a quarter of a million satisfied customers, exclusively family trade, who know it is best for medicinal purposes and prefer it for other uses. That's why YOU should try it. Your money back if you are not satisfied.

Direct from our distillery to YOU
Saves Dealers' Profits! Prevents Adulteration!

HAYNER WHISKY

PURE SEVEN-YEAR-OLD RYE

4 FULL \$4.00 EXPRESS
QUARTS PREPAID

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$4.00, and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. Shipment made in a plain sealed case with no marks to show what's inside.

If you can use 20 Quarts or can get some of your friends to join you, we will send you 20 Quarts for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 30 years and have paid-up capital of \$50,000.00 so you run no risk.

Write our nearest office and do it NOW.

claims. The multiplication of books and magazines and other sources of amusement has set up powerful rivals to the church service. Yet Sunday after Sunday men and women resist the temptation to lounge about at home. At considerable inconvenience to themselves millions of people are in their pews regularly every Sunday morning.

NEAUMONT OIL FIELD.

The total production of crude petroleum in the Neaumont Spindle Top field, including the oil wasted from wild gushers and from other wells, the local consumption, the oil held in tanks, and the oil shipped away, from the beginning of 1901 up to May 31, 1902, is estimated at 11,688,000 barrels. The value of well material, tanks, tank cars, pipe lines, pumping stations, refineries, and wells producing, drilling, and abandoned, is estimated at about \$7,640,000. On December 31, 1901, the number of wells abandoned was 28; of producing wells, 131; and of wells drilling, 46; a total of 205. On May 1, 1902, there were 52 abandoned wells, 240 producing wells, and 60 wells drilling; a total of 352—an increase on May 1, 1902, over December 31, 1901, of 21 abandoned wells, 109 producing wells, and 14 drilling wells; a total of 147.

THE OFFICES.

Here is the hope the New Mexican extends to those who yearn to draw salaries or fees from the public treasury: "There are about 225 county offices and thirty-six legislative offices to be filled this fall in New Mexico. This means that there about 1,000 men who have been or are working hard to secure nominations and that some 520 men will be hustling to get votes during the next two weeks. It also means that 260 of these candidates are bound to be disappointed. There are something like 5,000 precinct, municipal, county, territorial, legislative and federal officials in New Mexico not counting jury duty, and considering that there are only 60,000 voters, the average man with an ambition for office has a pretty good chance of getting something in that line either by election or appointment, at some period in his life."

EDITORIAL NOTES.

This is surely a republican year in New Mexico.

The democratic ticket will not carry a precinct in this county.

The republican nominees are holding meetings all over the county.

If the statehood bill passes Gallup will get a north and south railroad.

The socialists insist that they will poll more votes in the city and county than the democrats.

The Socorro Chieftain appears to be in favor of all three of the political tickets in that county.

Mr. Fergusson should explain whether he is for Albuquerque or Las Vegas in the military post location.

The annual report of the United States bureau of Indian affairs shows that the Indian population in 1900 was 270,544.

The republicans of McKinley county have nominated a splendid ticket, and will carry the county by a large majority.

Every citizen of Albuquerque who has the good of the city and territory at heart will vote for the re-election of Delegate Rodey.

The daily newspapers of Albuquerque have worked hard for the best interests of the city, and will continue to do so in the future.

Eslavio Vigil is a well educated gentleman, and is a fluent speaker of both the English and Spanish languages. He will make a good county school superintendent.

The republicans of Socorro county are making a strong fight and the indications are the whole county ticket will be elected. It is important to So-

corro in many ways that the republican ticket has a good majority.

A vote for Rodey is a reward for a faithful representative.

The best thing the democrats of this county could do would be to endorse Rodey.

Delegate Rodey is in southeastern New Mexico, making a most active campaign.

Within a few years this city will be lighted by electricity generated on the Pecos river.

The city council should also include water in its ordinance creating the office of milk, weights and measures inspector.

Hon. W. B. Childers will make several speeches next week in different parts of the territory for the republican ticket.

The territorial land board call upon Mr. Fergusson to make good the charges that he made in a speech at Las Vegas. Mr. Fergusson has been sour, sore and bitter ever since Bryan was beaten, and his temper gets away with his good sense.

Hon. E. A. Miera has spent several days in the city working manfully for his friends. He is one of the trusted leaders of the republican party of this county, and stands high in the councils of the party in the territory. His section of the country will give a solid republican majority of several hundred votes.

H. B. Fergusson expects to carry Las Vegas by telling the people of that city that he will not help Albuquerque get the military post. The people of Albuquerque hardly expected this of Mr. Fergusson, but that gentleman is willing to do anything to secure votes. Four years ago he traded off Albuquerque to get a few votes at Santa Fe. Mr. Fergusson is a traitor to Albuquerque.

Why should workmen in this country insist on good wages and an American standard of living, and oppose those influences which tend to make wages lower and weaken their labor organizations, if they are going to turn right around and vote against the tariffs that protect American labor from the flood of underpaid labor and its products in all the countries of the globe?

There was a contest for the council between George F. Albright and Dr. Geo. W. Harrison, and the matter by mutual consent was left to the delegation from precinct twelve, where the gentlemen reside. At a caucus last evening the contest was decided in favor of Mr. Albright. Dr. Harrison made an excellent record in the council two years ago, and his friends regret his defeat. The doctor cheerfully accepts the decision of the caucus and will do his whole duty in helping elect Mr. Albright.

Every man on the republican ticket is worthy of support.

Santa Fe county can be put in the republican column with at least 500 majority.

The total volume of business done in a year by the mail order houses of Chicago is estimated at \$40,000,000.

La Bandera Americana this week is an illustrated paper, containing excellent portraits of the republican nominees.

Interests of workmen are also together with the republican party. This is proved not only by the design and plan of the republican policy but by hard earned experience.

The prosperity which the policy of the republican party has been instrumental in giving to the country has enabled the people to carry the national debt and relieve them from the clutches of the foreign bondholders.

All laws that tend to curtail the liberty of man in his rights to a personal use of himself and the gratification of his tastes and appetites will fail from the moment that they conflict with his inalienable rights.

The right of life, to liberty, to the pursuit of happiness, to eat and drink what the palate relishes, or craves, are inalienable rights. Therefore, the laws

ly, or artificially, requires, or desires, are in direct violation of the letter, spirit and intent of the constitution of the United States, and will fall on that account.

Half a million miles is the latest estimate of the length of the world's railways.

Since the war with Spain the interest paid on the public debt of the United States has been reduced a million dollars a month. Some bonds have been paid and others refunded at a lower rate.

The republicans of Valencia county held a harmonious convention at Los Lunas today and nominated a county ticket. Valencia is the banner republican county of New Mexico, giving its entire vote to the republican nominees.

The Santa Fe New Mexican is strictly inside the political crib. Its editor is secretary of the bureau of immigration; one of the employees is postmaster; its business manager is territorial printer and a candidate for county collector.

In all its long career of usefulness it is doubtful if the newspapers ever rendered a greater service to the public than they did during the recent anthracite coal strike. They also demonstrated the long stride taken in the fairness and fullness in which events are chronicled and treated by the newspapers. No labor trouble was ever reported so fully or criticized so fairly as the recent coal strike, and as a consequence the public knew exactly what was occurring, what the merits of each side of the controversy were and how it ought to be settled. This service of the newspapers should not be ignored in apportioning the credit for bringing in sight a happy end to the great coal strike of 1902.

SAN MARCIAL.

From the Bee.

Mrs. J. W. Crawford is afflicted with a very serious attack of pneumonia.

J. N. Broyles visited Socorro to close up his duties as administrator of the late Pat McMenemy's estate.

J. A. Beal was here in the interest of the Albuquerque Daily Citizen Wednesday. Mr. Beal represents a splendid newspaper and in no locality does he meet with discouragement.

J. D. Chandler has taken E. Grandjean as a partner in the butcher business. Mr. Grandjean will attend to the buying and Mr. Chandler is giving the shop his personal attention. This arrangement enables the firm to give their patrons the very best of service.

An old landmark, so to speak, disappeared from San Marcial Thursday night, when "Old Pat," one of the most faithful and intelligent of dogs, died of old age. Sixteen to seventeen years ago he was brought here by W. B. Dawson, and of recent years he has been kindly cared for by the Armstrong brothers.

As a rule Dr. C. G. Cruickshank is a good natured man, but his patience has been severely tried of late in connection with the work of plastering his new house. A man named W. K. Lawrence, from down Rincon way, was recommended as a good plasterer and he was given the job. He spent a whole month trying to get plaster to stick on the laths, and after spoiling a lot of material and drawing over a hundred dollars in wages, he was politely requested to vacate the premises and make room for a mechanic. A plasterer who worked on the Alvarado hotel now has the job, and the result is proving satisfactory to the doctor and a credit to the gentleman from Albuquerque.

FARMINGTON.

From the Times.

L. W. Dannels has gone to Kansas with his sheep which he is shipping there to feed this winter. High priced hay and short range has made this step necessary.

Frank B. Allen was the first of the Albuquerque visitors to arrive and was quickly followed by G. L. Cooper. The rest came in at succeeding periods, the last arriving this morning.

The republican committee to fill vacancies met at Aztec on Wednesday, and decided to leave the position of probate clerk vacant on the ticket. It will be remembered that this is the place from which L. O. Ward resigned.

NOTICE OF SPECIAL MEETING

Of the Stockholders of the Montezuma Savings, Loan and Building Association of Albuquerque, New Mexico.

Notice is hereby given that a meeting of the stockholders of the Montezuma Savings, Loan and Building Association will be held at the office of said association in the city of Albuquerque on the 10th day of November, 1902, at 2 o'clock in the afternoon of said day.

The object of said meeting is to vote upon the proposition to increase the capital stock of said association from \$1,000,000.00 to \$1,500,000.00.

A copy of the proposed amendment is as follows:

"Be it resolved by the stockholders of the Montezuma Savings, Loan and Building Association in a meeting duly called and assembled that the articles of incorporation of said association be amended by striking out the second paragraph of said articles of incorporation, which reads as follows: 'The authorized capital of the association is one million dollars (\$1,000,000.00) and shall be divided into ten thousand shares of the par value of one hundred dollars each,' and inserting in

is one million five hundred thousand dollars (\$1,500,000.00) and shall be divided into fifteen thousand shares of the par value of one hundred dollars each."

Dated this 27th day of September, 1902.

A. B. McMILLEN,
FRANK A. HUBBELL,
M. W. FLOURNOY,
J. C. BALDRIDGE,
W. H. GILLENWATER,
Directors.

Territory of New Mexico, County of Bernalillo—ss.

I, W. H. Gillenwater, secretary of the above named association, do solemnly swear that the above statement is true to the best of my knowledge and belief.

W. H. GILLENWATER,
Secretary.

Subscribed and sworn to before me, this, the first day of October, 1902.

W. MOORE CLAYTON,
Notary Public.

Legal Notice.

In the District Court of the County of Bernalillo, Territory of New Mexico. M. W. Flournoy, plaintiff, vs. J. C. Osgood, defendant; No. 5774.

The above named defendant is hereby notified that he has been sued by the above named plaintiff in the above named cause; said defendant is further notified that the object of said suit is to recover the sum of \$2,776.37 with interest from April 1, 1900, and \$300.00 arbitrator's fees as provided in a certain award described in the complaint; defendant is further notified that his property has been attached and that unless he enters his appearance in said cause on or before the 22d day of November, 1902, judgment will be rendered against him by default and his property sold to satisfy the same; defendant is further notified that A. B. McMILLEN, whose postoffice address is Albuquerque, New Mexico, is the attorney for plaintiff.

WM. E. DAME,
Clerk of Said Court.

A. B. McMILLEN,
Attorney for Plaintiff.

SPECIAL MASTER'S SALE.

(No. 1465.)

In the District Court of the Second Judicial District, Valencia County, Territory of New Mexico.

Charles E. Newcomer, receiver New Mexico Savings Bank and Trust Company, complainants, vs. James Sanchez, et al., defendants.

Whereas, in decree rendered in the above entitled cause and filed in the district clerk's office June 14, 1902, it was ordered adjudged and decreed that the complainants had a first lien on the premises hereinafter described to secure the payment of the indebtedness by said decree found to be due the complainants from Nicolas J. Sanchez and Cosiana M. Sanchez, deceased, of whom said James Sanchez is the only surviving heir, the sum of principal and interest, three thousand four hundred and forty-eight dollars and sixty cents (\$3,448.60), with interest at the rate of twelve per cent per annum from the date of this decree, with ten per cent additional of the amount found due as attorney fees, that the said defendant, James Sanchez, pay the same to the plaintiff, Charles E. Newcomer, receiver of the New Mexico Savings Bank and Trust Company within thirty days after the entry of said judgment and decree and that in default of such payment that the said premises or so much thereof as may be sufficient to raise the amount due by said decree aforesaid, principal, interest and attorney fees and the cost of suit in this case, be sold by and under direction of W. E. Dame, who is appointed special master for that purpose, at the front door of the postoffice in the city of Albuquerque in the county of Bernalillo, at public auction to the highest bidder for cash, first giving four weeks public notice of the time, terms and place of sale and of the property to be sold by advertisement in some newspaper published in the city of Albuquerque; and that upon such sale he make, execute and deliver to the purchaser a good and sufficient deed of conveyance for the premises sold; and

Whereas, said James Sanchez has failed to pay any part of said sum adjudged to be paid by him to said Charles E. Newcomer, receiver of said New Mexico Savings Bank and Trust company of Albuquerque.

Now the undersigned, therefore, by the authority vested in me by the said decree will, on the 8th day of November, at the front door of the postoffice in the city of Albuquerque at the hour of 10 o'clock in the forenoon of said day offer for sale and sell the premises hereinafter described to the highest bidder for cash all the right, title and

or tapping to satisfy said indebtedness by said decree decreed.

The premises to be sold are situated in the county of Valencia, territory of New Mexico, and described as follows:

The description, and particular boundaries of the property to be sold under this judgment, so far as the same can be ascertained from the complaint and the deeds therein referred to is as follows:

All those lots, pieces and parcels of land situated in the County of Valencia and the Territory of New Mexico as follows: The southwest quarter of the northwest quarter of section twenty-one, and the south half of the north-east quarter, and south half of the northwest quarter, and the northwest quarter of the southeast quarter in section twenty in Township six, north of range two, east of New Mexico meridian in New Mexico Territory, containing one hundred and fifty-seven acres and thirty-six hundredths of an acre, also the following land in the

Acra de Sandoval y Manzanares Grant, beginning at a point where the section lines between sections twenty and twenty-one in township six, north, range two east, intersects the south boundary line of the Ana de Sandoval y Manzanares Grant, thence running west seventeen hundred and twenty-six and eighty-one hundred (1,726.81) feet along said south boundary of said Ana de Sandoval y Manzanares Grant to the right of way of the New Mexico and Southern Pacific Railway Company; thence north, ten degrees and one minute east along the east side of said right of way, fourteen hundred and nineteen and ten one-hundredths (1,419.10) feet; thence south, eighty-five degrees and two minutes east, eleven hundred and sixty-six feet to a post; thence north, ten degrees and ten minutes east, five hundred and fifty-one feet to a post; thence eighty-four degrees, thirteen minutes east, nine hundred and thirty-six and twenty-five one-hundredths (936.25) feet to a post on the west bank of the Rio Grande; thence south, twenty-three degrees eight minutes east, along the west bank of the Rio Grande, eight hundred and ninety-six (896) feet to a post; thence south, six degrees, thirty-four minutes east, along the west bank of the Rio Grande, nine hundred and twenty-six and seventy one-hundredths (926.70) feet to a post at the intersection of the south boundary line of the Ana de Sandoval y Manzanares Grant; thence west along the south boundary line of said grant, eleven hundred and sixty-eight and twenty one-hundredths (1,168.20)

SANTA FE CENTRAL.

Contract for Thirty-nine Miles of Grading Let to Mulligan Bros.

It is rumored that a contract for grading of thirty-nine miles on the Santa Fe Central, a highway from Torrance northwest has just been entered into between the railroad officials and Mulligan Brothers, a contracting firm at El Paso. The contractors are to place at work immediately 100 teams and 150 men on the grade and this will commence before the first of the month. The heavy work on the road is about finished. The long and difficult cut near Moriarty station will be done by the first of the month and work is progressing rapidly and satisfactorily on the last serious cut, at La Jara, two miles south of Moriarty. All the bridging and heavy bridge work is completed with the exception of two Howe trusses for the Galisteo river bridge, which are expected to arrive from the east any day and which as soon as they are received will be placed in position. Steel rails will commence to arrive at Torrance on the 15th of November, and putting down the track will be commenced on December 1. Track laying machines have been leased and will do the work. It is expected that two miles of track will be laid per day and that everything will be completed and trains will run from Torrance to Santa Fe by February 1, 1903. One grader's camp is situated about half a mile from Santa Fe near the government Indian school; two camps are at Clarke, thirty-five miles south; one camp at Moriarty station, and two camps are now being moved to Torrance and will reach there tomorrow.

Plenty of good engine water has been found along the route and the water service is now being inaugurated by Chief Engineer A. G. Kennedy, plans for which have been drawn and actual work on the ground is already in progress. A branch line to San Pedro will start at Stanley station, going westward about thirteen miles.

INTERESTING STATISTICS.

The Advertising Department of the Santa Fe Presents Figures.

The official statistician of the Santa Fe, who digs up interesting facts about the road for newspapers to print, has made a comparison of the annual reports of the Santa Fe for 1915 and 1902. This comparison is being circulated by W. H. Simpson, the Chicago advertising agent, and is attracting much attention.

For example, in 1875 the gross earnings of the Santa Fe were \$1,500,000 operating expenses \$700,000, and net earnings \$800,000; while in 1902 the gross earnings were \$59,100,000, operating expenses \$33,900,000, and net earnings \$25,200,000—in other words, the computations now are by millions instead of hundreds of thousands.

As to mileage, the growth has been equally rapid. In 1875 the road only extended from Kansas City and Atchison to Wichita and Pueblo, 711 miles. On June 30, 1902, the main track mileage operated was nearly 7,900, which has since been added to considerably by acquisitions of new lines.

Twenty-six years ago the rolling stock consisted of thirty-eight locomotives and 1,028 cars, including two Pullmans; this year the footings are 1,312 locomotives and 36,370 cars.

Then the car mileage was 11,164,000 and the engine mileage 1,100,000; now it is 519,000,000 and 40,700,000 miles, respectively.

Under the items of operating expenses we find that while only 13,000 pounds of fuel was used in 1875, the requirements for 1902 were 460,000 pounds; coal in 1875, 34,000 tons, and in 1902, 2,340,000 tons; wages of engineers, firemen and helpers in 1875, \$77,000, and in 1902, \$3,550,000; locomotive repairs were \$60,000 in the early period and \$3,700,000 in the present.

Passenger and freight traffic show a remarkable increase, viz: 6,380,000 passengers as against 73,000, and 4,230,000,000 tons of freight carried one mile as compared with 46,250,000. Grain shipments back in 1875 were 28,400 tons, which had increased in 1901 to 1,550,000 tons. Live stock jumped from 87,500 head to 870,000 head.

It is interesting to note that in Superintendent Morse's 1875 report he attributes the increase of passenger earnings that year to an excursion of editors from the east to Kansas, their letters influencing large numbers to visit the state. That was the beginning of an advertising crusade that has never ceased, the yearly expenses of that branch of the service being today

Some Reasons

Why You Should Insist on Having

Standard Oil Company.

nearly \$200,000, an increase of \$198,000 over a quarter of a century ago.

Where the Cattle Grow.

A recent local item in a Kansas City paper mentioned the receipt in one day of 30,000 cattle at the Kansas City stock yards. "It beats me," a railroad agent remarked, "how Kansas can afford to send in so many cattle." He had forgotten the vast territory which has been made tributary to Kansas City within the last few years by extensions of the Santa Fe lines in Oklahoma, the Panhandle country of western Texas and New Mexico. Not all of the cattle come from Kansas, though that prolific state has fine herds. The ranges are well stocked and the business of cattle raising is less hazardous than formerly; hence a larger percentage of the natural increase reach the market. The Santa Fe's lines cover the southwest like a network, and its live stock business increases annually. The vast ranges south and west of Kansas contribute the raw material as "stockers," and passing through Kansas they are turned out as the "finished product" corn-fed calves.

What the Track Costs.

Few persons know that on a railway line like the Santa Fe it costs as much to renew ties and rails (\$915,000 yearly) as is paid to station agents and station clerks; that the general repairs of roadway and track (\$2,400,000) about equal the salaries of trainmen and traffic clerks; that the renewal of rails (\$400,000) costs twice as much as the advertising expenses; that watchmen and trackwalkers draw as much money (\$148,000) as is paid out for stationery and printing; that the item of rail fastenings (\$255,000 a year) exceeds the item of legal service. But it pays to have the track just right.

The regulation of the wage scale for apprentices, announced to go into effect in the Santa Fe shops in San Bernardino on November 1, will apply in the local shops, where the same conditions have existed. When the regulation in the wage scale for machinists went into effect on September 1, the apprentice boys entered in the shops in this city and San Bernardino prior to that time, did not participate in the benefits. They are now, however, placed on the same basis as the machinists.

General Manager W. S. Hopewell, of the Santa Fe Central railway, who has been on a business trip to Denver, returned to Santa Fe Saturday night.

E. L. Bartlett and wife, who visited Missouri relatives and friends, have returned to the city, and Mr. Bartlett was at his desk in the master mechanic's office of the local shops today.

R. L. McCance, treasurer of the Santa Fe Central railway, left Saturday morning for a trip along the line of the road and will get back to headquarters this evening.

H. C. Cray and William Lane returned to White Oaks from Alamogordo and El Paso last week, where they concluded the sale of their Ancho well to the Rock Island Railway company. Lane has secured another contract from the company to sink a second well at Ancho.

A dispatch from Topeka, Kan., says: "E. O. Faulkner, of Topeka, has been appointed assistant manager of the Santa Fe in matters relating to joint facility contracts and such other matters as may be assigned to him." Mr. Faulkner is well known to many Carlsbad people, says the Carlsbad Argus, as he was at one time manager of the Irrigation company and receiver of the Pecos Valley railway lines.

WANT A RAISE.

Chicago & Alton Employees Ask Management for More Pay.

The employees of the Chicago & Alton shops in Bloomington, Ill., almost without exception have asked the management for an advance in wages to what they term the standard scale.

As they are many thousands of men employed, to grant the demand would greatly increase the cost of operation, and there is a doubt as to the course which will be pursued. It is understood that it is asked that the increase take effect on November 1. The machinists have been drawing 29 cents an hour; they ask for 31 cents. The helpers ask for a proportionate advance. The boilermakers, foundrymen, blacksmiths, painters and carshop attaches are also asking a similar advance.

Rev. S. E. Bussler, in charge of the Santa Fe reading rooms, was here yesterday.

F. H. Mudge, resident engineer of the Santa Fe, was here yesterday from Las Vegas.

The Santa Fe Central railway management is being urged to build a mountain line from Santa Fe to Las Vegas across the Pecos forest reserve and to establish Chautauqua grounds and mountain resorts along this line, which would be one of the most scenic routes in the southwest.

The San Marcial Bee says: Yesterday morning W. D. Hitchcock left for Raion to take the foremanship of the Santa Fe round house. This is promotion, and Mr. Hitchcock's many friends are satisfied that it is but one step toward a better recognition of his fitness as a mechanic.

Train No. 2 of the El Paso-Northwestern has changed time, in the rearrangement of the schedule to accommodate the Golden State Limited, which makes its initial run this week. The regular train will run on the following schedule, effective November 2: Leave Santa Rosa 8:05 p. m., leave Pastura 8:59 p. m., leave Marino 10:34 p. m., leave Torrance 11:01 p. m., leave Corona 11:24 p. m., leave Ancho 12:18 a. m., arrive Carrizozo 1:00 a. m.; leave Carrizozo 1:05 a. m., leave Tularosa 2:21 a. m.; arrive Alamogordo 2:50 a. m.; leave Alamogordo 3:00 a. m., leave Jarilla Junction 4:05 a. m., leave Hereford 4:55 a. m., leave Fort Bliss 5:20 a. m., leave El Paso 5:35 a. m.

H. H. Ward, who visited relatives and friends in Ohio and Michigan, has returned to the city, and resumes his position as chief clerk to Agent Myers at the local Santa Fe depot.

On November 1, Division Superintendent Hibbard will have a new clerk. Fred Annable will succeed C. C. Hammond.

On November 26, the Brotherhood of Railroad Trainmen will give a grand ball at Winslow, and a good crowd from Albuquerque will attend.

Going to California to Marry.

Miss Mabel Gibson, of Santa Fe, daughter of Mr. and Mrs. A. R. Gibson, of that city, passed through Albuquerque on Saturday on her way to San Francisco, Cal., where she will arrive Monday evening at 6 o'clock. An hour later Miss Gibson will be married to Albert Vellier, a prominent young business man of the city at the Golden Gate.

The groom enjoys an enviable social position besides being well and favorably known in business circles. The young couple have been engaged for four months. The wedding was to have taken place in Santa Fe at the Gibson residence, but important business, which absolutely demanded Mr. Vellier's presence in his home city at the time prevented the ceremony taking place in Santa Fe. As the wedding hour and date had been fixed, Miss Gibson graciously consented to have the ceremony performed in San Francisco.

The many friends of the young lady and her parents in Santa Fe extend their congratulations to the bride and groom and wish them a life full of happiness and prosperity.

Judge Crumacker III.

Judge J. W. Crumacker, so well and favorably known in New Mexico as associate justice of the supreme court and presiding justice of the Second judicial district, with residence at Albuquerque, was on Tuesday night stricken with paralysis and heart disease, at his home in La Porte, Ind. But little hope was had of his recovery. Judge Crumacker stood very high in New Mexico as a judge who thought that law and equity should be the same, and whose decisions were on the justice of the case rather than on legal technicalities. Hundreds in New Mexico will regret to hear of his dangerous illness.—Optic.

Later information from La Porte, Ind., is to the effect that the judge is considerably better, and hopes are now entertained that he will survive his present illness.

The El Paso & Rock Island system is now using Dawson coal instead of Capitlan coal, which they had been using previously.

A new steam heating system has been installed in the Winslow round house. Foreman Muchmore will try to keep warm this winter.

Switch Engineer Frank Bailey was caught by a chain of a water pipe while taking water at the Gallup tank last Monday and had his arm thrown out of place. He was able to be out the next day but will not return to work for a few days.

Fergusson's False Charges

Open Letter From Board of Public Lands

To the People of New Mexico:—The undersigned, comprising the board of public lands of the territory, deem that the time has come to nail the lies and slanders that have been circulated about us for ulterior objects and in the hope of political and partisan advantage. So long as these lies and slanders were made by irresponsible newspapers and petty politicians we paid no attention to them, knowing that they would have no weight with the people; but when a lawyer of standing, a former member of congress who procured the act of congress to be passed under which this board was created and who is now the democratic nominee for delegate to congress, in a public speech at Las Vegas on the 17th day of October, deliberately charged us with malfeasance and corruption in office and asked the stenographer to have it taken down, we feel that the time has come for us to speak and to denounce each and every one of his statements as deliberate falsehoods, planned and uttered for the purpose of injuring the board as such and each member as a citizen, solely for the purpose of making a little political capital for himself. This board has had public sessions on the first Monday of each month ever since its organization under the act of the territorial legislature. Its books, papers and records are public archives, available for the inspection of any citizen. The office was inspected by a joint committee of the council and house of the 34th legislative assembly, upon which were several democrats, which committee found nothing to report unfavorably, but on the contrary praised the manner in which the work of the board was done and the methods of the commissioner of public lands. It has sold timber lands to the amount of \$71,075.16, at the price of \$3 per acre, the minimum amount fixed by the legislature; while the act of congress prepared by Mr. Fergusson permitted all land to be sold at \$1.25 per acre without regard to its character. The money has been distributed to the credit of the various territorial institutions as follows:

Normal schools	\$22,316.95
Institute for blind	360.00
Military institute	6,840.00
School of mines	13,696.32
Penitentiary	14,874.32
Deaf and dumb asylum	13,014.57
	\$71,075.16

And with it they are enlarging and improving their buildings without any drain upon the treasury. Most of the lands selected by the United States commission for the institutions were timber lands, it believing that this class of land was more valuable and would find more ready sale than arid pasture land. But the board so far has only been able to sell 23,691 acres in the Sacramento mountains, which sale has resulted in the receipt of the money price therefor, but has largely contributed to the building of the El Paso Northeastern railroad, and Alamogordo & Sacramento Mountain railroad, the flourishing cities of Alamogordo and Clouderoft, and was one of factors in bringing the Rock Island to the territory. The board has strenuously tried to sell other timber lands at the same price, but without avail, the nearest approach to it being an agreement to sell some lands for the building of the Albuquerque Eastern extension of the Santa Fe Central, but this sale is hampered by the restriction of Mr. Fergusson's act to 160 acres to any one person, association or corporation, as 160 acres of timber land situated as it all is, at a distance from the railroad and markets would be of no value. The only way in which the land can be sold in large tracts, not less than 25,000 acres to persons of capital and experience who can put in the necessary mills and machinery and construct railroads to connect with main lines so as to market the product. The board has received only three applications to purchase lands for small amounts, altogether amounting to 160 acres, while it has had several to buy large tracts, which it could not accept on account of the restriction in the Fergusson bill, although Mr. Fergusson is not to be blamed for this restriction, as he did his best to leave it out of the bill, knowing full well as he did the folly of placing the limit of 160 acres upon any class of lands in the territory, but he was told by the eastern members of congress that his bill could not pass without it, and he reluctantly consented. He is an old resident of the territory and none knew better than he the utter lack of sense in restricting any class of lands in this territory to 160 acres. He has stated this publicly a number of times since he left congress and has given as a reason for it being retained that he had to do it or the bill would not have passed at all; and now he attempts in a public speech to take credit for it as a sagacious measure for the benefit of posterity.

It is true that we urged Mr. Rodey to have this bill amended so that 25,000 acres of land might be sold to any one person, association or corporation, and the commissioner of public lands in his last report to the legislature urged that it be done, and anybody who knows anything about New Mexico lands must see the necessity of it, as well as taking off the restriction of one section, being the limit which any one person, association or corporation may lease.

Mr. Fergusson's statement that this board or any member was to profit in any manner by the sale of these lands

is so absurd on its face as to hardly require refutation. Why should any one pay more than the minimum price of \$3 per acre when the law gives him the right to purchase at that price? Why should a syndicate or anyone else pay the members of the board 25 cents an acre for selling these lands while the law says they can have at \$3? If the lands were worth \$4 an acre and the board should sell at \$3 then there might be some plausibility in this statement. But the board, as its records will show, has never asked more than \$3 per acre.

This charge of malfeasance in office has been made against the governor, who is a member of this board, to two presidents of the United States, to one secretary of the interior and to two senate committees, each and all of whom exonerated him from the charges, although they were presented and urged against him with all the venom that bitter jealousy and hate could engender. The charges against the other members of the board have not been investigated except by the legislative committee of 1901, but they court and demand the fullest investigation now before the election, of all their acts and doings as members of this board, and will submit their actions to a committee of three democrats to consist of the chairman and secretary, and one to be selected by them, of the territorial democratic committee, and will cheerfully abide by the result of their investigation. It is a pity that a man of Mr. Fergusson's ability, who has done so much for the territory in obtaining its splendid land grant from congress should fall so low as to deliberately lie and besmirch the names of all the members of this board as well as the reputation of the territory which he once so ably represented in congress, and sink his reputation as a man of honor and a gentleman in the hope of gaining a few votes for himself by false pretenses.

Very respectfully,
MIGUEL A. OTERO,
EDWARD L. BARTLETT,
ALPHEUS A. KEEN.

Board of Public Lands of N. M.
Dated October 22, 1902.

Knight and Ladies.

A lodge of Select Knights and Ladies was organized recently in Gallup by M. Sorenson. The following officers were elected to serve the ensuing year:

Past President—W. G. Hutson.
President—Emil Willmunder.
Vice President—William McSparron.
Second Vice President—Mrs. J. A. Wells.
Recorder—H. R. Hunter.
Recording Treasurer—C. R. Palmer.
Treasurer—Mrs. L. L. Warren.
Conductor—Robert Dolan.
Inner Guard—Edward Tammany.
Outer Guard—J. A. Wells.
Medical Examiner—Dr. Edmund Clayton.
Trustees—J. J. Jiles, C. R. Palmer and Dr. Edmund Clayton.

OFFICIAL MATTERS.

Final Homestead—Gandelario Ortiz, Watrous, 160 acres, San Miguel county.

Resignation of Rev. Selby.

Rev. George Selby, of East Las Vegas, has tendered to Governor Otero his resignation as a member of the board of regents of the Normal University in that town, as he and family will soon leave to locate on the Pacific coast.

Articles of Incorporation. Articles were filed in the territorial secretary's office for the incorporation of the Aragon-Moeller company, of

"I wrote to Dr. Pierce for advice though I thought surely I would die."

"After my baby came in January, 1900," writes Mrs. Nancy Abner, of St. Paul, Ark., "I suffered severely from all sorts of aches and pains, until the following May, when I read one of your pamphlets, treating on female diseases. I wrote Dr. Pierce for advice, although I thought surely I would die, as our physician told me I was more liable to die than to get well; your fatherly advice caused my health to be restored, and three vials of 'Dr. Pierce's Favorite Prescription' cured me. I feel like a new woman, and I am now able to do all my work."

Weak and sick women are invited to consult Dr. Pierce, by letter, free, and so obtain without charge or fee the advice of a specialist upon diseases peculiar to women. All correspondence is held as strictly private and is absolutely confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

The invitation to consult Dr. Pierce, by letter, free, is not to be confused with offers of "free medical advice" made by irresponsible persons who are not physicians and are professionally and legally disqualified for the practice of medicine.

Dr. Pierce's Favorite Prescription is a safe and reliable remedy for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Frank Dr. Pierce's Common Sense Medical Advice is sent free on receipt of stamps to pay expense of mailing only. Send at once—post stamps for the back in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Keeley Cure

For Drunkenness, Opium, Morphine and Other Drug Using, the Tobacco Habit and Neurasthenia.

THE KEELEY INSTITUTE, Dwight, Ill.

Lincoln county. The incorporators are Manuel Aragon, R. H. Moeller and Joseph Hall. The directors are incorporators and J. J. Aragon. The organization is formed for conducting a wholesale and retail mercantile business, dealing in real and personal property, including live stock, to irrigate lands, borrow and loan money, etc. The capital stock is \$25,000, fully paid up and non-assessable, and divided into 500 shares. The principal place of business is at Lincoln, N. M.

A PEN PICTURE.

Of the Man One Meets on the Street Every Day.

"I have come to regard the dead beat as a part of fate," said the man who takes the world as he finds it without much kicking. "I do not love the dead beat. I do not even admire him. Yet I can safely set aside so much of my income in apportioning my expenditures as dead beat money. I waste my income locating them. I never spend money twice on the same biller. If he gets me once that's all. And anybody can get me that often. I take it for granted that every man is honest until he is proved otherwise. No matter how much a stinker a man may look to be, I'll give him a little lift whenever he can. A dollar or so isn't much, especially a week or so after it is gone. When I let a chap have something in the way of coin that he asks for, I give him something worth far more, and that is my confidence. I pay him the compliment of calling him an honest man. It is up to him to say whether he will live up to that title. If he doesn't, he won't get any more from me. If he is the genuine dealer he will never tackle the same man twice. However, there is a brand of dead beat that figures thus, psychologically: 'If I bone him for more he will take that as an indication that I have merely forgotten the old score and that I am not a genuine article of biller.' Then he gets his nerve in fine fettle and makes a touch."

"Bad as I hate to be beaten, I should hate far more to feel that I had given any human being reason to feel that I had been unkind or unjust to him. I had rather be beaten by twenty dead ones than to turn one man away without giving him a chance of proving whether he was straight. Of course, if a fellow is up against it right, and is honest, he will go to the lender and tell him frankly the situation. Also, if a man who has done me once and comes again for help, if I see free lunch crumbs sticking to his lips and his collar too dirty to be tolerated under normal conditions, I'll help him again; but I always inform him, under the circumstances, that it is not a loan, but a gift. That is, provided I am sure the previous experience was a straight out 'do.' But—well, what difference will it make a hundred years from now?"

THE READY REVOLVER.

Had it not been for the presence of mind and courage of Charles Brown, who, with W. A. Taylor, runs the Roswell second hand store at the corner of Main and First streets, there is hardly a question that the Roswell Register would have been called upon to record a murder, or at least a most serious injury.

On Thursday of last week a son of Tom Livingston, a cow puncher well known in the Valley, called at the store of Mr. Brown and offered for sale a saddle. A deal was made and the saddle changed hands. When Livingston learned what his son had done, he hurried to the Brown store, stated that the saddle was his property and demanded its immediate return. He used some vile language, and made threatening remarks. Mr. Brown endeavored to reason with the man, and assured him, that, although the saddle had passed from his hands he would have it returned if it really belonged to Livingston. Livingston then left the store, and returned the following day. Mr. Brown was in the rear of the store at the time and was called to the front. Livingston hastened toward him. Pulling a gun from his pocket and pointing it toward Mr. Brown, he said: "Now, I've got you —" using a vile imprecation. Before he could pull the trigger of the firearm, however, Mr. Brown struck him and the men grappled, moving in their scuffle to the front of the store, when the gun discharged, the bullet boring a hole through the floor. Mr. Brown here knocked his assailant down, his head striking the iron threshold of the door.

Livingston was arrested and taken before Judge Lea. He waived a hearing and was placed under bonds in the sum of \$600 for the grand jury.

On his way to the jail Livingston is said to have expressed his regret that he had failed to kill Mr. Brown.

Mr. Taylor was the only witness to the affray.

The ladies of the Grand International Auxiliary of the Brotherhood of Locomotive Engineers will give a grand ball at Needles on Halloween, October 31.

Frank Lady, with a crew of thirty-five men, who are placing the new telegraph poles for the Western Union company, have been making headquarters at Holbrook for some time. New poles will be placed from Gallup to

ACCIDENTAL SHOOTING.

Ventura Cordero, a Cochiti Pueblo Indian, Was the Victim.

Superintendent C. J. Crandall, of the government Indian school in Santa Fe received information that a Cochiti Indian by the name of Ventura Cordero, 21 years of age, who was hauling wood, accidentally shot himself and died from the effects of the gunshot then and there received. He was reaching for his rifle which became entangled in the wood and in some manner was discharged, the bullet hitting him in the breast. He was buried at the pueblo on Thursday.

A Substitute for Coal.

This is the latest idea in the fuel line, and it is said to be a success. Place a soft brick in a receptacle containing kerosene, and when it has absorbed a sufficient quantity of the liquid you have a fuel that will burn in a stove for a long time. One "brickful" will cook a dinner. An experiment made to show the exact cost proves that one brick will absorb in a half hour three-fourths of a pint of oil. That ignited will make a hot fire for twenty minutes. At the beginning the combustion is rapid. The conclusion is that 2 cents worth of oil will cook an ordinary dinner, and a stock of bricks soaked in oil will heat a room or do all ordinary work.

SANTA FE POLITICS.

The Republicans Put a Ticket in the Field for County Officers.

Every delegate to the regular Santa Fe county convention elected last week from the twenty-one precincts in the county was up bright and early yesterday morning and much caucusing took place during the forenoon, says the New Mexican. There were sixty-four delegates in the convention and every man was present at his post. There were two caucuses held. One in the office of David M. White, presided over by General E. L. Bartlett, consisting of thirty-eight delegates, and one in the office of T. B. Catron, presided over by him. There were twenty-five delegates at that gathering.

In the first caucus the following nominations were made: Amado Chaves for the legislative council; William Kilpatrick for the house of representatives; H. C. Kinsell, sheriff; J. D. Hughes, treasurer and ex-officio collector; Marcelino Ortiz, assessor; J. V. Conway, superintendent of schools.

In the Catron caucus the nominations were as follows: R. L. Baca for the house of representatives; A. L. Kendall, county commissioner second district; Nicolas Quintana, county commissioner third district; Marcus Castillo, probate judge; Ceiso Lopez, clerk of the probate court; Arthur J. Griffin, surveyor.

The republican county central committee met and prepared a list of delegates regularly and duly elected to the county convention to be used in calling the roll of the convention. There were no contests.

The following committee on resolutions was appointed: R. J. Pales, chairman; E. L. Bartlett, J. M. Gonzales, D. M. White and L. M. English.

A joint committee of the two caucuses reported the following ticket, which was nominated: For delegate to the Fifty-eighth congress, B. S. Rodey; for member of the legislative council, Amado Chaves; for members of the house of representatives, William Kilpatrick and R. L. Baca; for the second district, A. L. Kendall; for county commissioner from the third district, Nicolas Quintana; for sheriff, H. C. Kinsell; probate judge, Marcus Castillo; probate clerk, Ceiso Lopez; treasurer and ex-officio collector, J. D. Hughes; assessor, Marcelino Ortiz; superintendent of schools, J. V. Conway; surveyor, Arthur J. Griffin.

The convention then took a recess in order to allow time for the committee on resolutions to prepare its report and submit the same to the convention for adoption.

GALLUP.

From the Republican. The Manuella Oil company will be ready to commence drilling in about two weeks.

Alexander Robinson and wife will leave shortly for Los Angeles, where Mr. Robinson is obliged to go for his health.

Alfred Goodrich left last Friday for San Francisco for a few days visit. He will return accompanied by his wife.

A fire at Fort Wingate destroyed three buildings. One was occupied by Mrs. Stearns, one by Mrs. Rensselder and the other by one of the pikemen.

The Albuquerque orchestra will furnish the music for the ball to be given here on Thanksgiving night. They will also play at Winslow for the ball Thanksgiving eve.

Jeff Lane, at one time a resident of Gallup, but for the past several years living at Kingman, Arizona, has sold out all his interests there and removed to San Diego, Cal. He is in poor health and has gone to the coast to take life easy.

At

AGRICULTURAL COLLEGE.

News of interest from a Good Territorial Institution.

Special Correspondence.
Mesilla Park, N. M., Oct. 26.—The exhibition of fine cattle made by the Agricultural college at the Albuquerque fair recently was awarded the only premium for livestock. The cattle attracted a good deal of attention from the lovers of well bred stock.

The foot ball game between the teams of the Agricultural college at Mesilla Park and the Albuquerque Indian school which was played during the fair week before a large attendance of visitors on the Albuquerque fair grounds, resulted in no score for either side. Arrangements are being made to bring these two teams together again early in November on the grounds of the Mesilla Park college and much interest is being aroused in the outcome of this second contest between the two strongest football teams of the territory.

The practical demonstration of actual mechanical engineering work being done at the fair attracted a large crowd of visitors. Two students from the college at Mesilla Park were present with the carload of exhibit material which the college sent up to the fair and were working at carpenter's benches and drawing tables. Another feature of the college exhibit that attracted much attention was its display of results accomplished in its work of pumping for irrigation. The college had also a fine display of fresh and preserved fruits from Dona Ana county as well as work from nearly all departments of the institution.

A number of the young men who have been trained in stenography in the Mesilla Park college and most of whom have been born and raised in this territory, have gone out to fill lucrative and responsible positions. The rapid rise made by some of these young men is striking and illustrates forcibly the value of a practical education. One of these is now in the Philippines engaged in a prosperous commercial enterprise; another who left the college only six years ago is secretary of one of the largest business enterprises of northern Mexico; still another is cashier of a strong bank in Chihuahua, and another is filling a desirable position for the government in Porto Rico. If it was generally realized by the young people of New Mexico what the value of a practical education is, the attendance in our higher institutions of learning would be much greater than it is.

The total bona fide enrollment of students at Mesilla Park college is now 186. This is materially greater than ever before at this time of the year. One of the attractive features of the work offered by the college is that of the work in domestic science. The college has this year for the first time offered a complete four years' course in domestic science for young women. It has been taken by a large number of the young women of our territory who evidently find in it what they have waited for a long time. The course includes complete instruction in cooking, sewing, hygiene, dressmaking and similar work. For the young women especially a sewing department has this year been nicely equipped with necessary machines, furniture and other equipment. The work of this course is along the line of what the college is doing for young men and young women in the way of a practical training for life.

The results of education as a means to success in life for the native young men and women of our territory is well illustrated in the case of those who have been educated at the Agricultural college at Mesilla Park. A particularly striking illustration is that of A. M. Sanchez. Mr. Sanchez was raised in the little town of Mesilla and had no special educational advantages beyond those of the ordinary Mexican boy when he entered the preparatory department of the Agricultural college. Instead of dropping out of school after one or two years' work, he persisted in completing the full college course, graduating in 1901. His record for careful and intelligent work secured him an appointment to a scholarship in the college for the following year, but before the close of that year the government at Washington had appointed him to an excellent position in connection with its division of soils. Since last May Mr. Sanchez has been traveling in the west with a government soil survey party and his future success in life is practically assured.

DESERTING THE NATIONAL.

American League Gets Many of the Old Association Stars.

Barring the wholesale jumping of ironclad contracts—which now seems altogether unlikely—the American league will be stronger in playing strength next year than ever. New York has passed from a possibility to a stern reality as a member of next year's circuit, and the team which has been signed promises to give Gotham the best ball they have seen in years.

Nineteen of the National league's most brilliant stars have gone over to the Johnson forces for next year, and the champion Pittsburgh team has been completely riddled to form the club which will represent New York in the American league circuit.

Pitchers—Chesbro and Tannehill, Catchers—O'Connor and Harry Smith, Infielders—Leach and Conroy, Outfielders—Laffey, Davis have all left Pittsburgh for the American league ranks, and the entire seven are booked for months in the Gotham line. The great "Cannon" Kneiss, of Brooklyn, together with Steve Peltz, the star outfielder of

the Philadelphia Athletics, and Davis, completes the outfield for the New Yorkers.

"Doc" Newton, of Brooklyn, Wiltse, of Baltimore; Howell, of Baltimore; Adkins, of Milwaukee, and Owen, of Omaha, will help Chesbro and Tannehill in the slab work.

In the infield John Gangel, formerly of the Chicago and New York National league teams, and who last season headed the batters in the American association on the Louisville club will be at first base; "Jimmy" Williams, formerly of Pittsburgh, and last year of Baltimore, will be on second; Herman Long, captain of last year's Boston team in the National league, is scheduled for short stop, and "Tommy" Leach, the star third baseman of Baltimore; Shortstop Conroy, of Pittsburgh, and Gus Dundon, a star from the Denver team, will be extra men for the infield positions, while Herman McFarland, the ex-White Sox and Baltimore outfielder, will be the extra man for the outer gardens.

Clark Griffith is still a probability for the position of field manager of the new Gotham team. He is signed with Comiskey, and in the appended list—which is the first official announcement of the make up of the American league clubs—he is allotted to the White Sox. Certain deals are now on, however, by which the transfer of "Griff" to New York may be accomplished.

New York has been the objective point of the American league for two years. Desirable grounds are already secured, although the announcement is still withheld.

Aside from the wholesale raid on Pittsburgh several of the other National clubs have suffered. Brooklyn has lost Pitchers Newton, Donovan and Kilson, besides Keeler, of the Boston club. Herman Long, Demottville and Pitcher Wiltse have signed with the opposition; Philadelphia loses Pitcher White and Infielder Hulsitt, and New York loses Matthewson and Bowerman, and Cincinnati loses Sam Crawford.

The American league teams announced by President Johnson as signed to date and as they will start the season next summer follows:

New York.
Pitchers—Chesbro, Pittsburgh; Tannehill, Pittsburgh; Newton, Brooklyn; Owen, Omaha; Wiltse, Baltimore; Howell, Baltimore; Adkins, Milwaukee.
Catchers—O'Connor, Pittsburgh; H. Smith, Pittsburgh.
First base—Gangel, Louisville.
Second base—Williams, Baltimore.
Short stop—Long, Boston.
Third base—Leach, Pittsburgh.
Extra Infielders—Jones, Baltimore; Conroy, Pittsburgh; Dundon, Denver.
Outfielders—Davis, Pittsburgh; Fultz, Philadelphia Athletics; Keeler, Brooklyn; H. McFarland, Baltimore.

Philadelphia.
Pitchers—Plank, Waddell, Wilson, Atwood, Hastings.
Catchers—Powers, Schreckengost.
First base—H. Davis.
Second base—Murphy.
Short stop—M. Cross.
Third base—L. Cross.
Outfielders—Hartzel, Pickering, Seybold.

Detroit.
Pitchers—Donovan, Brooklyn; Kilson, Brooklyn; Willis, Boston; Mulen, Mercer, Yeager.
First base—Turner, Toledo.
Second base—Gleason.
Short stop—Elberfeld.
Third base—Hulsitt, Philadelphia.
Outfielders—Crawford, Cincinnati; Barrett and another.

Chicago.
Pitchers—Patterson, Callahan, Griffith, White, Philadelphia; Dunkle, Louisville; Flaherty, Louisville.
Catchers—Sullivan, McFarland.
First base—Isbell.
Second base—Daly.
Short stop—Lee Tannehill, Louisville.
Third base—Davis.
Outfielders—Green, Fielder Jones, E. Jones, Denver; Odwell, Louisville; Hallman, Milwaukee.

Boston.
Pitchers—Young, Dineen, Winters, Hughes, Altrock, Gibson, of Kansas City.
Catchers—Warner, Criger.
First base—La Chance.
Second base—Farris.
Short stop—Parent.
Third base—Collins.
Outfielders—Dougherty, Stahl, Freeman, Stone, of Omaha.

St. Louis.
Pitchers—Powell, Donovan, Sudhoff, Kelly, Matthewson, of New York.
Catchers—Kahoe, Sugden, Bowerman, of New York.
First base—Anderson.
Second base—Padden.
Short stop—Wallace.
Third base—McCormick.
Outfielders—Hemphill, Heidrick, Friel, Burkett.

Cleveland.
Pitchers—Bernhard, Joss, Wright, Moore.
Catchers—Bemis, Abbott of New Orleans.
First base—Hickman.
Second base—La Joie.
Short stop—Gochnaur.
Third base—Bradley.
Outfielders—McCarthy, Bey, Flick, Washington.

Pitchers—Orth, Townsend, Lee, Patton, Smith, of Birmingham.
Catchers—Clarke, Drill.
First base—Carey.
Second base—Demottville, of Boston.
Short stop—Robinson, of Kansas City.
Third base—Coughlin.

OUTFIELDERS—DELEHANTY, STANLEY, OF NEW ORLEANS, AND ANOTHER.

Among the players on the above list are several that are claimed by the National as well as the American league. Elberfeld is said to have signed with McGraw's New York club, but he had previously signed a two year contract with Detroit. George Davis is also claimed by McGraw, but he is under a strict two year contract with Comiskey, and he has repeatedly stated that he would not turn down the Chicago agreement.

Bowerman and the Great Christy Matthewson were signed for St. Louis by McAber in midsummer. Later reports from National league forces state that McGraw will have these men, but the American leaguers are confident that the men will stick to their contracts and play with the St. Louis Browns. Burkett is also claimed by McGraw, but he has signed with the Browns.

Pitcher Willis has signed with Detroit, but is reported to have jumped to the National league. Crawford signed with Detroit also, afterward being induced to return his advance money and sign a second contract with Cincinnati. The Reds claim that they will retain the great outfielder, but the American leaguers think that Crawford will stand by his first contract.

Catcher Warner signed a two year contract with the Boston American league last year, but is reported to have jumped to New York.

DISTRICT COURT.

Case of W. H. Shoat Decided in Favor of Jacob Korber & Co.

In district court yesterday the case of W. H. Shoat against Jacob Korber & Co. was heard by Judge Baker. Shoat asked for \$5,000 damages for injuries received by falling into an excavation, and the accident was alleged to be due to the negligence of the defendants.

The plaintiff's case showed that he was on his way down town on Copper avenue, that he passed a building under construction by contractors for the defendants, that he fell into an excavation in the sidewalk made by the contractors, broke his wrist and sustained other injuries which caused damage to himself and his business to the amount of \$5,000.

The case of the defendants was to the effect that the hole was properly covered, guarded and lighted, and they attempted to show that if plaintiff fell in the excavation and injured himself it was due to his own carelessness.

The plaintiff's case rested almost entirely on his own testimony, while the defendants introduced a number of witnesses to sustain their plea.

The defendants' attorneys moved that the jury be instructed to return a verdict in favor of Korber & Co., and in view of the preponderance of the evidence introduced in the defendants' favor, the court so instructed.

In district court, this morning the docket for the settling of civil cases was called.

TEACHERS' RECITAL.

Held at the School of Music, Public Library Building, Yesterday Afternoon.

The first recital of the teachers of the new school of music of the University of New Mexico was well attended by the music lovers of Albuquerque yesterday afternoon from 4 to 5 o'clock in the hall, public library building.

The recital was entirely informal and the program given by the three teachers participating was received with much enthusiasm.

The program was opened by Mrs. Mabel Himee, with a prelude by Rochmannoff and "Ni Tensilla," by Carretero. This number brought forth many comments. Her second number, the very beautiful "Ballade," was well received.

A number of critics present yesterday declared that the "Ballade," which is one of the most difficult and most beautiful of the Chopin writings, was well rendered by Mrs. Himee.

The readings of Miss Chapin were received in a gratifying manner. Miss Chapin showed versatility and power in her rendering of the "Beatrice," Holmes; "To a Usurper," Field; "L'Envol," Kipling, a trio of selections which were received with hearty enthusiasm.

Prof. John Douglas Walker, who has won much popularity as a talented singer, delighted his audience yesterday by singing "Song of the Morn," Young; "Love is a Sickness," Parker; "Life and Death," Neldinger; "The Rosary," Nevins; "Diamonds Hast Thou and Pearls," Allaire, and "The Silver Ring," Chammadi.

That the school of music has a faculty of unusual musical ability was shown by the recital and undoubtedly made a very favorable impression with the pleased audience.

MOTHERS' CONGRESS.

Pittsburg, Oct. 30.—The National Congress of Mothers meets in Pittsburg this evening for a session that will continue several days. More than 300 delegates, including most of the officers and advisory council, have arrived, and entertainment has been arranged for many more. Convention headquarters have been opened at the Hotel Lincoln and the sessions will be held in the auditorium of the First Presbyterian church. An interesting program of papers, addresses and discussions has been arranged for the meeting.

A neat, serviceable cement walk is being laid in front of W. V. Futrell's furniture store on South Second street.

FOR TELEGRAPH POLES.

Railway Review Discovers a New Use for Catalpa.

The Railway and Engineering Review should get a new catalpa editor. In the last issue of that valuable publication the Illinois Central is reported to be raising catalpas for "telegraph poles." Catalpas are said to be excellent for ties, but their use as telegraph poles is a discovery which must have been made only by a man who never saw a catalpa. The Review says:

"Twenty-five thousand catalpa trees are to be planted in southern Illinois by J. P. Brown, secretary of the International Society of Agriculture. The trees are to be grown for the purpose of supplying telegraph poles, and the society has a contract with twenty different railroads to plant small orchards. An orchard has been established near Duquoin, Ill., which will be for the use of the Illinois Central railroad. The latter road is arranging to plant 200,000 trees in Louisiana."

WIRELESS TELEGRAPHY.

G. P. A. Excursionists Talked From a Fast Moving Train.

During the run of the general passenger and ticket agents' special train between Toronto and Montreal an interesting feat was performed in wireless telegraphy. A number of experiments were shown by Mrs. Rutherford, Wilson, Boney and Prof. McLean of McGill university. They succeeded in establishing wireless communication between the train, which was running at the rate of sixty miles per hour, and St. Dominick station. This is the first time, it is said, that wireless telegraphy has ever been attempted from a fast moving train and the experiment was a complete success. Communication was opened eight miles before reaching the station and was continued for some distance beyond.

STOREY AT ST. LOUIS.

Attends Meeting to Discuss Subject of Track Ballasting.

W. B. Storey, chief engineer of the Santa Fe, has recently been in St. Louis, where he attended the meeting of the committee on ballasting of the engineering and maintenance of way association. Those present were the chairman, Vice Chairman Molitor, S. B. Fisher and W. B. Storey, Jr. The subject as to "What Constitutes Ballasted Track" was discussed and the following definition drafted: "Ballasted track is track laid in line with the surface by selected material placed above the roadbed in which cross-ties are imbedded. The object of such material being to obtain a solid and uniform bearing for the cross-ties to distribute the applied load and to provide suitable drainage." The question as to what material could be used for ballast was also discussed, and it was agreed that the materials named in the last annual report, namely, broken stone, gravel, burnt clay, partially disintegrated rock, chatts and cinders could be used. A rough draft was formulated for specifications for stone. It was decided that no specifications could be drawn up for gravel, as in each case any particular deposit would have to be passed upon as to whether it was of practicable value. The question of cinder ballast was discussed, and it was found that the experience of the members present has been that they have had very poor success with engine cinders. The question arises as to whether the increased wheel loading has placed too great a burden on cinders. It was the desire of the members of the committee present that each member formulate specifications for each of the various kinds of ballast promptly and send to the chairman.

THE SCHMIDTS.

A Las Vegas Family Who Vamooseed Their Home.

The railroad boys who have been rooming at the Santa Fe house seem to be without a proprietress. Mrs. Schmidt, who is the wife of the fellow who went crazy here a few months ago and shot up the town, together with her daughter, vamooseed Sunday, or, at least, so it seems. The daughters said they were going to Albuquerque, when seen Sunday at the station, but the mother was, apparently, no where to be seen.

It has since developed that the female who gave the name of Miss Emma Blake to the reporter, was no other than the mother in disguise, wearing goggles and disguised otherwise. The reporter thought he recognized her, but the name and disguise temporarily misled him. It seems that they have jumped the town, at least so the boys who have been boarding at the hotel think. Some one ought to ask their creditors.—Record.

GUADALUPE INDEPENDENTS.

Place a County Ticket in the Field and Indorse Some Democrats.

The so-called independent republicans of Guadalupe county have put the following ticket in the field: For the council, Manuel C. D. de Baca; for the house, Salome Martinez; for county commissioners, E. L. Cooper and Jose P. Sandoval; for collector and treasurer, Leopoldo Sanchez, also on the democratic ticket; assessor, Juan Clancy; superintendent of schools, Miller Rudolph, also on the democratic ticket; probate clerk, Manuel B. Baca; sheriff, Harry N. Russey; probate judge, Florencio Garcia.

Needles Hospital Improvements. There have been many improvements in the local railway hospital during the recent months, says the Needles Eye. It has been re-floored and painted and the sanitary conditions mod-

ernized. A library for the use of patients has been added. Wiring for electric lights has been made. The linen has been renewed and six new beds added, and a hot water heater installed. Besides the credit system has been adopted which allows the workman in straightened circumstances to be examined. The more serious cases will be taken either to Albuquerque or Los Angeles. Pay patients will also be admitted under the care of the local surgeon when the admission will not interfere or inconvenience the service of railroad employees.

COMBINE AT SANTA FE.

A Ticket Nominated for Legislative and County Offices.

The independent republican executive committee of Santa Fe county completed a legislative and county ticket and the following is the result: For member of the council, William M. Berger; for member of the house of representatives, Canuto Alarid and Juan R. Ortiz; county commissioner from second district, A. L. Kendall; from third district, Manuel Romero y Dominguez; sheriff, Antonio J. Ortiz; treasurer and ex-officio collector, George W. Knaebel; assessor, Prisco Garcia; probate judge, Ramon S. Trujillo; probate clerk, Manuel E. Ortiz; county surveyor, Frederick W. Thayer; superintendent of schools, Antonio C. de Baca.

It is understood that several of the above candidates have withdrawn their names.

ARIZONA ELECTION LAW.

The attorney general of Arizona has given an interpretation of the election law and holds that voters must reside in a precinct thirty days before election and cannot vote outside the precinct in which he is registered. This will be rather hard on the men who have been migrating from camp to camp and have no fixed habitation. It is said that the law will be enforced in every county in the territory.—Flag staff Sun.

FAIR TO FERGUSSON.

The republican press of this territory has been unusually kind to Mr. Fergusson. It is well known that he has no possible chance of election and on that account no serious campaign has been waged against the gentleman. Last night he complained that he had no audience at Columbus hall on account of the unfairness of the two daily newspapers of the city toward him. The dailies of this city have shown every possible courtesy to Mr. Fergusson. Full publicity has been given to all his movements. A double head free notice of his meeting was published in yesterday's Citizen. The democratic nominee started into his campaign with a flourish of charges. He was called down by the governor and territorial land board. His paper organ at Las Vegas asserted that he was the champion and friend of the laboring man, and The Citizen mildly corrected that paper by pointing to the fact that Mr. Fergusson was the extra prosecuting attorney against the railroad strikers in 1894. He signed the legal papers causing the arrest of one Wagg, who proved to be the most contemptible man who ever went to jail in a good cause. In the campaign of 1896 Mr. Fergusson used him by getting him reinstated on the Atlantic & Pacific road, Wagg agreeing to go over the territory in Mr. Fergusson's interest. At that time Judge Collier practically owned the Atlantic & Pacific road, the line being in the hands of a receiver, and the judge and his friends rode in private cars. The court reinstated Wagg on the road providing that he would vote and work for Fergusson. This Wagg did to the very best of his feeble ability. Yes, indeed, the press of this city have treated Mr. Fergusson with unusual fairness. A Las Vegas paper recently asserted that he was pledged to help that city get the proposed military post, which the army board have located at Albuquerque. The papers of this city mentioned this and asked Mr. Fergusson to explain. Last night he told his handful of hearers that he was first, last and all the time for Albuquerque. The press of Las Vegas will please publish that Mr. Fergusson is not for that town on the military post location and set the gentleman right before that community.

A correspondent telegraphed from San Marcial yesterday that Mr. Fergusson intimated that the territory was not ready for statehood. This Mr. Fergusson denies. It is a question of veracity between Mr. Fergusson and the correspondent, and The Citizen is willing to give the gentleman the benefit of the doubt.

The Topeka State Journal says: Henry Auge of the blacksmith shop will give up his position here and go to Albuquerque to work in the shops there. Otto Larson, who formerly worked in the blacksmith shop, will take his place.

William A. Deuel, superintendent of the Colorado division of the Union Pacific railroad with headquarters in Denver, is said to be slated for the position of general manager of the Union Pacific system to succeed E. E. Dickinson, the present general manager who, on November 15 will assume similar duties with the Stilwell road in Mexico.

The Mexican government, according to a report to the state department of J. Gonzalez Pages, United States vice consul at Vera Cruz, has purchased the major part of the recent issue of the Inter-oceanic Railroad company's bonds, thus obtaining a controlling interest in the road. The Mexican officials in effecting the purchase were actuated not so much by a desire to seek a profitable investment of government funds as by a determination to prevent, if possible, the formation of "pools" and "trusts."

Journal of Commerce Says There Won't Be Enough Cars.

Railroad officials declare that the indications of a serious car shortage throughout the country are becoming more and more pronounced, and the outlook is causing no little apprehension. The movement of general freight, both east and west bound, is reported to be unusually heavy. Under normal conditions the principal lines would find

Deputy United States Marshal F. M. Hall has moved into his beautiful brick residence on Marquette avenue, between Fifth and Sixth streets.

DAY OF THANKS.

President Issues His Proclamation, Naming Thursday, November 27.

Washington, D. C., Oct. 29.—President Roosevelt today issued his proclamation designating Thursday, November 27, as a day of Thanksgiving.

The proclamation is as follows: "According to yearly custom of our people, it falls upon the president at this season to appoint a day of festival and thanksgiving to God."

"Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crisis and each has known years of grim trial when the country was menaced by malice, domestic or foreign; when the hand of the Lord was heavy upon it in drought or flood or pestilence; when in bodily distress and anguish of soul it paid the penalty of folly and forward heart. Nevertheless, decade by decade, we have struggled onward and upward; we now abundantly enjoy material well being, and under favor of the most high we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good; we seek to praise Him not by words only, but by deeds, by the way in which we do our duty to ourselves and to our fellow men.

"Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving, Thursday, the twenty-seventh of the coming November, and recommend that throughout the land the people cease from their ordinary occupations, and in their homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this twenty-ninth day of October, in the year of our Lord, one thousand nine hundred and two, and of the independence of the United States the one hundred and twenty-seventh.

(Signed)
"THEODORE ROOSEVELT,
President United States.
By the president:
"JOHN HAY,
Secretary of State."

RAILROAD NOTES.

The Arizona Lumber & Timber company is building a branch railroad to Rogers' Lake and will begin logging in that section.

Miss Rosa Connolly, of Deming, left for Hachita, N. M., where she will take charge of the section house for her father who has that section.

Mr. Findlow, who for the past few months has held the position of chief clerk in the roadmaster's office at Williams, was moved to Winslow to the office of the division superintendent.

Charles G. Fluhr and Miss Helen Van Lew were married at Los Angeles last Monday. Mr. Fluhr is chief clerk for Superintendent Denair, at Needles, and Miss Van Lew is one of Needles popular young ladies.

The El Paso & Southwestern carpenter gang are busy these days erecting section houses along the line of railroad from Hermanos east. The house at Columbus is finished and the one at the Steve Birchfield siding will be this week.

C. A. Sluss, the popular and obliging cashier of the Santa Fe, at Williams, left for a month's well earned vacation to his home in Wichita, Kan. During his absence the duties of his position will be ably looked after by Joe Atwood.

The Topeka State Journal says: Henry Auge of the blacksmith shop will give up his position here and go to Albuquerque to work in the shops there. Otto Larson, who formerly worked in the blacksmith shop, will take his place.

William A. Deuel, superintendent of the Colorado division of the Union Pacific railroad with headquarters in Denver, is said to be slated for the position of general manager of the Union Pacific system to succeed E. E. Dickinson, the present general manager who, on November 15 will assume similar duties with the Stilwell road in Mexico.

The Mexican government, according to a report to the state department of J. Gonzalez Pages, United States vice consul at Vera Cruz, has purchased the major part of the recent issue of the Inter-oceanic Railroad company's bonds, thus obtaining a controlling interest in the road. The Mexican officials in effecting the purchase were actuated not so much by a desire to seek a profitable investment of government funds as by a determination to prevent, if possible, the formation of "pools" and "trusts."

SHORTAGE IS IMMINENT.

Railroad officials declare that the indications of a serious car shortage throughout the country are becoming more and more pronounced, and the outlook is causing no little apprehension. The movement of general freight, both east and west bound, is reported to be unusually heavy. Under normal conditions the principal lines would find

their facilities heavily taxed. The termination of the coal strike, however, and the resumption of mining has resulted in an abnormal demand for cars of all kinds suitable to carry coal by the anthracite roads, and the heavy coal shipments are expected to severely tax the hauling power of these lines. All-rail grain has not yet started to come forward to any great extent, but will begin to move in large quantities next month and then, judging from all present indications, the officials declare, the lines will witness one of the greatest car shortages on record. All the trunk lines are using their utmost endeavors to enforce the per diem agreement to hurry the return of their cars.

A Violent Attack of Croup Cured.
"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

NEW MEXICO BAPTISTS.

Their Annual Meeting Here on November 14-16, 1902.

The third annual meeting of the New Mexico Baptist church will be held in the First Baptist church in this city November 14-16. Delegates will be here from all over the southwest. The program for the convention is as follows:

Friday Morning, Nov. 14.
New Mexico Baptists at work in territorial missions.
9:30—Devotional meeting.
O. A. Williams, D. D., Minneapolis.
10:00—Enrollment.
Election of officers.
Report of program committee.
10:30—Report of treasurer.
10:40—Report of board of managers.
To move adoption of report.
J. O. Willett, of Raton.
To second report.
Milton Reese, Weed.
11:30—General discussion of report.
Appointment of committees.

Friday Afternoon.
New Mexico Baptists at work in America.
2:00—Devotional service.
I. N. Clark, D. D., Kansas City.
2:20—Sermon, J. C. Chapin, Clayton.
3:00—Report of committee on home missions.
Miss Everett, Las Vegas.
3:10—Address.
N. B. Bairden, D. D., Omaha.
3:40—General discussion opened by C. A. Woody, D. D., Portland, Oregon.
4:00—Presentation of Mexican work and needs.
Remarks by the secretary and others.
4:30—Our Navajo mission.
R. B. Wright, Missionary.
Dedication of Navajo mission wagon.

Friday Evening.
7:30—Devotional service.
C. A. Woody, D. D., Portland.
8:00—"Our Country and the Kingdom." O. A. Williams, D. D., Minneapolis.
Saturday Morning, Nov. 15.
New Mexico Baptists at work in school.
9:30—Song and praise service.
Mrs. W. H. Rishel, Velarde.
10:00—Report of committee on Sunday school work.
F. W. Spencer, Albuquerque.
Informal discussion opened by Prof. J. A. Wood, Santa Fe.
10:45—"Education and the Kingdom." Prof. T. H. Claypool, Alamogordo.
Discussion.

Saturday Afternoon.
New Mexico Baptists at work in world wide missions.
2:00—Devotional service.
A. A. Heeman, Carlsbad.
2:15—Report of committee on systematic beneficence, R. H. Carter, Raton.
2:25—"Finances and the Kingdom." R. A. Willett, Silver City.
2:50—Report of committee on foreign missions, Mrs. W. K. Preston, Albuquerque.
3:30—"The World Field."
H. B. Gibbons, Carlsbad.
General discussion.
3:40—Closing business.
4:00—Early adjournment for visiting points of interest in and around Albuquerque.

Saturday Evening.
New Mexico Baptist young people at work.
7:00—Business meeting for organizing territorial B. Y. P. U.
7:30—Young People's prayer meeting.
C. R. Taylor, Alamogordo.
8:00—Address, R. B. Smith, D. D., El Paso.
Sunday Morning, Nov. 16.
9:45—Sunday school session.
11:00—Missionary sermon, A. A. Williams, D. D.
Sunday Afternoon.
New Mexico Baptist women at work in missions.
3:00—Presentation of women's work.
Special program, in charge of Miss Mina S. Everett, of East Las Vegas, N. M.
Sunday Evening.
7:30—Devotional meeting.
C. V. Brockway, Prescott.
8:00—Sermon, I. N. Clark, D. D., Kansas City.

As Old Age Creeps On

MEN AND WOMEN CAN KEEP THEMSELVES HEALTHY, VIGOROUS AND HAPPY BY USING

PAINE'S CELERY COMPOUND

The human system in old age must have a sufficient store of nervous energy, and rich, nourishing blood, so that the liver and kidneys may be kept in perfect action, and the body free from pain. Paine's Celery Compound is the true invigorator when old age creeps on and the vital powers commence to fail. Paine's Celery Compound gives the needed stimulus to digestion and assimilation that the system requires; it maintains a regular supply of pure blood, and removes such troubles as rheumatism, neuralgia, nervous weakness, heart palpitation, liver complaint and digestive disturbances, that make the lives of old people miserable. Rev. John Rice, Scotch Grove, Iowa, says:

"My wife and I have used two bottles of Paine's Celery Compound with great advantage to our general health. It cured her rheumatism and proved a good regulator of the system in general and a tonic for the nerves. In my own case I have found it a cure for kidney trouble arising from old age, as I am now in my 75th year. In this trouble it has given me almost instant relief."

DIAMOND DYES

Do not throw away old clothes. Make them look like new with DIAMOND DYES Burlington, Vt.

SMUGGLING CHINESE.

Railroaders Charged With Extensive Smuggling of Coolies in Box Cars.

What appears to be a gigantic smuggling conspiracy for conveying contraband Chinese from Mexico to California has just come to light at El Paso. For the past six months a half dozen United States marshals and secret service men have been working on the case, but the facts only became public yesterday. It seems that the Chinese have been stowed away in box cars of outgoing freight trains and carried as far west as the California line.

For these services the Chinese agent is said to have paid \$100 for each man smuggled to Tucson, and \$150 for each one carried to Yuma. It was reported that certain trainmen had been discharged for participation in the conspiracy, but this report has not been verified.

Startling, But True.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempseytown, Pa., "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

OFFICIAL MATTERS.

Territorial Treasurer J. H. Vaughn has received of A. E. Burnam, collector of Colfax county, the following taxes: For 1900, \$49; for 1901, \$456.84; for 1902, \$109.34.

Certificate Filed.

The Treasure Mining & Reduction company, incorporated under the laws of Colorado, has filed in the territorial secretary's office a certificate designating Graham, Socorro county, as the principal office of the company for the transaction of their New Mexico business and E. H. Cullom agent.

Land Office Business.

Homestead Entries—Espiridon Duran, Duran, 167 acres, Valencia county; Ramon Mena, Duran, 158 acres, Valencia county.

Entries for Mineral Lands—T. B. Catron, Santa Fe, lot 1,334, township 12 north, range 6 east, 73 acres, situated in New Placer district, Santa Fe county, and comprising the Good group consisting of Mountain King, Summit Lodge, Good Hope and Good Hope No. 2; M. K. Long, Red River, lot 1,133, township 29 north, range 15 east, 10 acres, situated in the Keystone district, Taos county, and comprising the Edison Lodge.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

ONION CULTURE.

Bulletin issued by Experimental Station of Agricultural College.

Onion culture can not be considered to be in an experimental stage. Long ago it was demonstrated by many of our Mexican farmers that onions of large size and excellent quality could be grown in this section. The cultivation of onions is practiced less now than formerly. The production is so small that a large part of the onions consumed, even in the best onion growing districts of the territory, are brought in from other states. This state of affairs should not exist when such good onions as the old "El Paso" variety can be grown here.

Some of the more important points to be considered in onion growing are improved methods of culture, time of planting, cost of production, yield per acre, and merits of the different varieties. To obtain information on these points the experiment station has

started a series of experiments with onions and as a result of last season's work a few timely hints can now be given.

It is better to start the seed in a seed bed or cold frame and transplant the onions to the field than to start the seed in the field where the onions are to grow. The results at the station show that it is just as cheap to grow an acre of onions by transplanting, as to sow and thin out, transplanting in the vacant spots. A more uniform stand and a more even growth can be obtained by transplanting the onions from a seed bed. The young seedlings should be transplanted when about the size of lead pencil and as early as possible; about the last of February is a good time. The onion is one of those plants that delights in a cool season. It should get most of its growth before the hot and dry months of June and July come. In order to have the plants large enough for transplanting early, they must be started in the fall—some time in September or October.

Four ounces of good seed will plant a seed bed six feet wide and from fifteen to twenty-four feet long, making ninety to 114 square feet. The seed should be sown in drills three to four inches apart.

Of the thirty varieties tested last season the following are among the most promising, viz.: Red and white Victoria, red Bermuda, brown Australian, gigante Gibraltar, and early white Queen. For general attractiveness and uniformity of size the gigante Gibraltar may be mentioned first. The brown Australian, while only of medium size, is keeping the best. This variety has a wide reputation as a good keeper. The early white Queen is the earliest to ripen. It is very mild and an excellent variety for table use.

Transplanting, distance apart to plant, cost of production, yield, etc., will be discussed later in another press bulletin.

FABIAN GARCIA.

Best Liniment on Earth.

L. M. McManis, Greenville, Texas, writes, Nov. 2, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatism, sciatic or neuralgic pains, rub in Ballard's Snow Liniment; you will not suffer long, but will be gratified with its speedy and effective cure. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

COURT AT ROSWELL.

Bond of Thomas Longacre, Accused of Murder, is Declared Forfeited.

District court convened at Roswell last week with Judge Daniel H. McMillan on the bench. The docket was cleared by dismissing many cases or striking them from the docket and settling those cases which are to be tried this term. The grand jury brought in ten indictments, two of them against Jacinto Reyes for carrying deadly weapons, one against John M. Rousch for larceny; one against Charles Tonn for larceny; four against Archibald Mitchell for larceny; one against Samuel Hall and Roy Davis for larceny, and one against John McGuire, for carrying instruments into the Roswell jail with which to help prisoners to escape.

The bond of Thomas Longacre, accused of murder, was declared forfeited. The bond is for \$5,000, and ten Portales citizens are bondsmen. The bond of Edgar Hemphill was also declared forfeited. It is for \$400, and Charles W. Walker and M. D. Minter are the bondsmen. In the case of George H. McDowell vs. D. H. Clark, the jury brought in a verdict of \$125 damages for a false survey made by Clark several years ago in locating a lot for McDowell. John Freeman plead guilty to petty larceny and was fined \$25. A final decree of divorce was granted in the case of Sadie Jones vs. Wesley J. Jones. In the case of Blackenship and Woodcock vs. Eli Schwalbe et al. judgment was entered for the plaintiff in the sum of \$144. In the case of Fred Roth vs. Matthew Nock, judgment was rendered for the plaintiff for \$200. Hans Olson, a former subject of Sweden, was admitted to citizenship.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting, its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

Death of Ramon Baca.

News has just been received in this city that Ramon Baca, an old and respected citizen of Pena Blanca, this county, died yesterday at the age of 67 years. He is the father of Equipula Baca, probate judge of Bernalillo county; Marcelino Baca, member of the house four years ago; Manuel Baca, the present candidate for probate judge of this county, and of Jose Baca, proprietor of the Moro saloon, Santa Fe. He also has a daughter living.

W. J. Hanna, water service man on the Rio Grande division, came up from Sabinal, this morning.

APPLES IN ABUNDANCE

J. J. Hagerman Starts Fourteen Car Load! Chicago From Roswell.

THE CARS DAILY DECORATED

The following article, taken from the Roswell Register, will show to the eastern people that apples, the best in the world, can be raised in New Mexico, and will prove a great advertisement, not only for the Pecos valley country, but for the entire territory. The article in question is as follows: It was a train load—fourteen cars—of apples from J. J. Hagerman's big 500 acre orchard on his South Spring ranch. The shipment was consigned to Porter Bros., of Chicago, and was billed at 45c tons. Each car had a large banner on each side and several small ones and a flag at each corner. The banners read: "Irrigation did it at Roswell, N. M." "From J. J. Hagerman's South Spring Ranch." "Apples from Roswell, N. M." "500,000 acres awaiting development at Roswell, N. M." "No drought with irrigation at Roswell, N. M." "300 artesian wells, 500 gallons each." "From Roswell, the orchard of the southwest." "9,000,000 pounds of apples from nine year old trees."

The banners and flags were furnished by the Roswell chamber of commerce, and J. A. Graham was busy naming the flags on the cars while the train stood on the side track at the depot yesterday from 11 to 12 o'clock.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. Alvarado Pharmacy.

Trinchera Oil Well.

At Trinchera, Colfax county, work on the oil well has been suspended for the past two weeks by the caving in of the well. Work of casing the portions where needed has been going on for some days and drilling is expected to be resumed shortly. Considerable flow of oil has been encountered and it is the intention of the operating company to sink about 200 feet deeper and then put in a "shot" if necessary.

Foley's Honey and Tar for coughs and colds; reliable, tried and tested, safe and sure. Alvarado Pharmacy.

E. E. Hunter, representing the Wolf company, manufacturers, located at Chambersburg, Pa., who has been spending a couple of days in Albuquerque transacting business, left this morning for the east. While in the city Mr. Hunter sold the Maudslayi flouring mills a quantity of new machinery. The Maudslayi mills have lately been equipped with electricity for motive power and with the new machinery, it will be numbered among the best and largest in the valley.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. Alvarado Pharmacy.

Railroad men from the south report large numbers of ducks on the lakes south of La Jota.

United States Marshal Foraker returned from Silver City this morning. Fred Hunsing is up from Los Lunas visiting with his mother.

W. A. Herren of Finch, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." Alvarado Pharmacy.

The Gallup Republican says: United States Deputy Marshal McKeehan, of Albuquerque, was here this week on business. He met with a mishap at the asphalt while chasing about with Marshal Winters for some fellows.

Physicians Prescribe It.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Alvarado Pharmacy.

Darby E. Day, general manager of the Mutual Life Insurance company of New York for New Mexico, has returned from Chicago, where he has been on official business.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or poisons it can be safely given. Alvarado Pharmacy.

The room to be occupied by the Jaffa Grocery company is being fitted with new shelving and counters, in fact the whole interior, is new. They will occupy their new quarters about the 10th of next month.

Worm Destroyer.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. 25c at Cosmopolitan Pharmacy, B. Ruppe.

John Mitchell, who recently led the striking anthracite coal miners to victory, served his apprenticeship as a miner in the Carthage soft coal mines near San Antonio on the Rio Grande division of the Santa Fe. For several months in the year of 1890 he worked with pick and shovel for A. H. Hilton, proprietor of the Carthage mines.

THE GUARDS.

Held a Lively Meeting Last Night and Discussed Football.

The guards held their usual Tuesday night drill last night. The prize which is offered for the best drilled squad will be given at the next drill. At the business meeting following the drill the report of the committee on the last dance was read and adopted.

The question of organizing a football team was then discussed, but no definite action will be taken until Thursday night. The prospects are that there will be no difficulty in organizing a good team which will make a good game with any team in the territory. They have the material and weight, and will have to do some hard practicing, before they appear as stars.

A challenge was received from the pigskin chasers of the university, which is under consideration. A practice game will be played this week for two purposes of selecting a lineup and other necessary arrangements. If all the guards turn out and help along there is no reason to doubt a good showing.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

The Optic says: Howard C. Bromberg has returned from Albuquerque, where he filed his final examination papers, tending to an appointment in the printing department at Washington, D. C., or in the Philippines.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Alvarado Pharmacy.

Secretary McCanna, of the recent territorial fair, has his financial report almost ready to be published. He is now waiting to hear from Richard Wetherill, who was here in charge of the Navajo Indians, and as soon as he makes his report, the fair report will be given to the public.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Fildon, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, Improve digestion and give perfect health. Try them. Only 50c at all drug stores.

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

The average resort hotel proprietor can usually be depended upon to let tourists know what he has to offer. There is a limit, however, to individual efforts in that direction. Believing that after carrying a man and his family half way across the continent in comfort the duty still remains of pointing out the places where comfortable accommodations may be had at the journey's end, the Santa Fe is preparing to issue a profusely illustrated booklet which will tell all about the better class hotels at the principal California resorts. It will be ready for distribution the latter part of October.

Cut this out and take it to any druggist and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c per box.

H. H. Everett has been appointed private secretary to General Manager Nixon of the Gulf, Colorado & Santa Fe. He was previously identified with the legal and claim department of the Texas Midland.

Beautiful Clear Skies.

Herbine exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at Cosmopolitan Pharmacy, B. Ruppe.

Traveling Engineer John Rose, with headquarters at Las Vegas, was an Albuquerque visitor yesterday.

On account of the increased business at the local shops, additional mechanics are being employed daily. The

force was increased six in number yesterday. Santa Fe Claim Agent Zimmerman returned this morning from a business trip south.

Trainmaster L. U. Morris, of San Marcial, transacted business in the city yesterday.

Engineer Mert Williams arrived from San Marcial this morning on passenger No. 22.

Engines 419 and 369, which have been undergoing extensive repairs in the back shops, made trial trips to Jelesta yesterday.

Charles Hurd, son of A. A. Hurd, legal solicitor for the Santa Fe in Kansas and Nebraska, is now braving out of this city.

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

GEORGE DE HAVEN CHOSEN.

Will Be at the Head of the Southwest ern Colonization Movement.

The sub-committee of the southwestern lines to arrange for the colonization of the southwest held a meeting in Chicago Saturday, those present being: John Sebastian, Rock Island; Bryan Snyder, St. Louis & San Francisco, and George T. Nicholson, Santa Fe. It was decided to recommend that George De Haven, formerly general passenger agent of the Chicago & West Michigan railroad, be made general emigration agent of the southwestern emigration bureau. He was present at the meeting and suggested that agencies be established in all eastern states and in Europe. The rate probably will be fixed at one fare plus \$2 for the round trip, though at lower rates are being made to Texas points, owing to a war between the Southern Pacific and the Missouri, Kansas & Texas. Heretofore, emigrants have been going to the north-west, owing to the low rates offered by the northwestern lines. Much of this business, it is believed, can be diverted to the southwest.

Jumped on a Ten Penny Nail. The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

RAILROAD CASUALTIES.

Commission Reports 10,136 in Month of April, May and June.

The number of persons killed in train accidents during the months of April, May and June last, as shown by a bulletin issued by the interstate commerce commission, giving the reports made by the railroad companies, was 140 and the injured 1,810. Accidents of other kinds, including those sustained by employees while at work and by passengers getting on or off cars, etc., swells the aggregate to 616 killed and 9,520 injured, or a total of 10,136 casualties.

The total number of collisions and derailments was 2,010, of which 1,094 were collisions. Of these 157 collisions and 101 derailments affected passenger trains. The damage resulting to cars, engines and roadway by these accidents aggregated \$1,813,833. The average loss by each collision was approximately \$824, and by each derailment \$995. The total casualties during the fiscal year ended June 30 last, including the above figures, was 2,819 killed and 39,800 injured. The number of employees killed shows a diminution of 68 per cent since 1893, when the safety appliance act was passed, and this decrease has occurred notwithstanding the much larger number of men employed.

To the Public. Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirty-seventh St., Wheeling, W. Va. For sale by all druggists.

SANTA FE DIRECTORS.

Joining into one company, the various lines comprising the Atchison, Topeka & Santa Fe system will be a project the stockholders will be asked to approve at their annual meeting in Topeka on December 11.

President Ripley, in a circular to the stockholders, gives details of the proposed amalgamation, and says the meeting will be one of the greatest importance to the company. Four directors, whose terms have expired, are

also to be elected at this meeting. President Ripley in his circular says the main objects of the annual meeting will be:

"To approve of and confirm the purchase of the railroad and other property, rights, powers, privileges, grants, and franchises of the Santa Fe Pacific Railroad company, all the stock and bonds of which are owned by the Atchison, Topeka & Santa Fe Railway company. At the last session of congress an act was passed authorizing the sale or lease by the Santa Fe Pacific Railroad company of its railroad and other property to the Atchison, Topeka & Santa Fe Railway company, and it is proposed to execute a conveyance under this act. No new obligations will be created and the proposed action is in pursuance of the policy heretofore followed of consolidating and unifying the system and its bookkeeping by vesting in this company, so far as practicable, the legal title to the various lines embraced in its system.

"To approve of and confirm the purchase by this company of the stocks and bonds of the Eastern Oklahoma Railway company, the Kiowa, Chickasha & Fort Smith Railway company, the Guthrie & Western Railway company, and the Eastern Railway company of New Mexico and the construction of the railroads of these companies. The Eastern Oklahoma Railway company, the Kiowa, Chickasha & Fort Smith Railway company, and the Guthrie & Western Railway company were organized to construct the extensions in Oklahoma referred to in the annual reports of 1900 and 1901. They have constructed or in course of construction about 300 miles of railroad, of which a substantial part has been completed. The Eastern Railway company of New Mexico is to construct a line extending from a point on the present line between Albuquerque and El Paso, in an easterly direction to the Pecos Valley & Northeastern railway. This new line when constructed will provide a cut off, shortening the transcontinental line of your company and obviating the difficult grades of the Glorieta and Raton passes.

"To approve of and ratify the purchase of the several railroads and properties of other companies and the stocks and bonds issued by other companies that have been purchased by this company under authority of the board of directors. The object is to ratify and confirm the several acquisitions of the character stated that have been referred to in the annual reports heretofore issued to the stockholders." The directors whose terms expire this year are Howell Jones, Topeka; Edward P. Ripley, Chicago; Byron L. Smith, Chicago; Charles Steele, New York.

The Best Remedy for Diarrhoea. "Some years ago, while at Martinsburg, W. V., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well. G. A. Morris, Embreeville, Pa. Sold by all druggists.

Wolves in Otero County.

Cattlemen in Otero county are experiencing heavy losses from the ravages of wolves. These animals usually kill calves, but will attack anything up to a 2-year-old. Sculpas are worth \$20, and hunters have been active, but their efforts to exterminate the wolves have so far been unsuccessful.

DEMING.

Special Correspondence. Deming, Oct. 28.—Last Sunday the base ball game scheduled to take place in Deming between the Deming boys and the Fort Bayard team, failed to materialize because the Santa Fe refused to give any excursion rates to the visiting team and a number of their friends who wished to accompany them.

At about 2 a. m. Monday Mrs. Warren Bristol's frame property on Silver avenue, between Spruce and Hemlock streets, was burned to the ground—nothing being saved. Expressman Potter who was living in the house at the time lost pretty much everything he had there. By great good fortune there was no wind at all and the flames going straight up made it possible for the firemen to save the houses near by.

Monday morning George Shakespear, Mr. Pollard and P. R. Smith, Jr., went to Silver City on various business and political calls, returning the same evening.

Monday evening H. B. Fergusson, the democratic nominee for congress came down on the Santa Fe from Silver City, and made good use of the time while the Santa Fe train was waiting for the delayed Southern Pacific train, to speak fully and freely to the large crowd which had gathered to hear him.

Monday evening Mr. and Mrs. Thos. Campbell arrived on the delayed Southern Pacific train. Miss Campbell is on a visit to her old school friend, Miss Lillian Smith, whom she has not seen for several years, and Mr. Campbell accompanied her to see her well settled before returning to campaign work in Arizona.

MISS ANTOINETTE HEIMBECK.

She is a Member of the Musical Heimbeck Family.

The following article, which appeared in last Sunday's Chicago Tribune, in regard to Miss Antoinette Heimbeck, sister of Miss Katherine Heimbeck, the talented soprano of this city, may be of considerable interest to the musical inclined people of Albuquerque:

"A clever girl is Miss Antoinette Heimbeck, of Chicago. Gifted with a promising degree of musical talent, she is so charming and attractive in the matter of personal appearance that a most unique and pleasant way of causing her pretty face to help out her education in music has been found for her. Five hours a day this handsome girl spends in valiantly working away at the violin practice that her soul delights in. Between times she poses for the art photographs and posters that are rapidly earning wide if anonymous fame for her attractive countenance. 'Gibson Girls,' 'Christy Girls,' 'Society Girls' and other beauties of similarly high and haughty character, all these Miss Heimbeck impersonates before the camera to perfection. Not for long does Miss Heimbeck expect to pose, however, even for the art photographs and the dainty, delicate posters so dear to many beauty loving hearts. This, her second year of violin study in Chicago, will terminate a long course of similar training, and next year the clever and charming musician will take to the concert stage. Already overtures of this kind have been made to her, but she is loath to leave her prescribed term of study unfinished, and will stick to violin practice and the art posing a little longer."

Miss Catherine Heimbeck, sister of the young lady referred to in the above, has established a reputation in this city as a talented soprano. Her sweet and charming voice has pleased many an audience. However, she is not appearing in public so much this year, but is devoting her time and musical education to teaching at her studio in the Commercial club building.

The entire Heimbeck family are musical inclined and all have occupied and are occupying prominent positions in the musical world.

Mr. Alfred Heimbeck, whose death occurred in this city some time ago, was an accomplished singer and he was well known and popular in the society circles of this city.

Death at City Hall.

Thomas G. Gallagher died at the city building this morning at 11:30 o'clock from consumption. From appearances the deceased was about 35 years old and in destitute circumstances. He came to Albuquerque last week from Las Vegas in a pitiful condition and has since been wandering around the streets most of the time under the influence of liquor, and it was for being drunk that he was taken to the city building night before last.

Letters were found on his person from Las Vegas, Rock Springs, Wyo., and Coal Hill, Ark. The first named letter was signed by Mrs. S. Patty, president of the Ladies' home of Las Vegas, and stated that the bearer had been an inmate of that institution for four months and depending on charity. It also stated that he was in poor health and wanted to go farther south. It shows that a subscription of some dollars was taken up around the Meadow City and that the deceased left that place with some money. The other letters are from friends. The one from Rock Springs shows the deceased to be in destitute circumstances and states that the writer enclosed \$5 before sending it. It is not as yet known what disposition will be made of the body.

POLICE COURT.

Daniel Monte, a vagrant, was locked up for ten days, charged with being disorderly.

Santiago Baca, charged with being drunk and disorderly, was sent up for five days.

Ballista Martola was brought before the judge this morning charged with disturbing the peace. He was arrested on a warrant sworn out by his wife last night. She failed to appear against him, but the evidence was strong enough to cost him \$10. For the next offense he will go to the county jail.

While court was in session another drunk was brought in by Officer Salazar. He will have his trial later.

New Street Car Line.

"Sandy" Wardwell, the well known hackman, is contemplating putting on a regular passenger conveyance line on Second street, to run from Glorieta hall on the south to Marble avenue on the north, and the fare will be the same as the street car line—five cents. He thinks the scheme would pay, and there are others in the city who believe likewise. The conveyances will start in accordance with a prepared time card, and passengers will be picked up and dropped off along the route as they desire. Push it along.

Mrs. Teats Here.

Mrs. Mary A. Teats, evangelist, is in the city to deliver a course of lectures under the auspices of the local Woman's Christian Temperance union. Her lectures will be on temperance and reform. The first lecture was given Wednesday afternoon at 3 o'clock at the Lead Avenue Methodist church. The subject was "The Ideal Home." A large number of ladies interested in the work attended.

Wednesday evening a public meeting will be held in the Lead Avenue church, upon "The New Home of the New Century," to which all are invited.

On Thursday afternoon Mrs

THE ODD PENNIES.

For the sake of saving odd pennies don't buy an inferior emulsion when you really need Scott's Emulsion.

The difference in price is pennies. The difference in results is pounds—pounds of new flesh—and days of strength and comfort.

Those who have lost flesh can regain it more quickly by means of Scott's Emulsion than in any other way.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

FOOT BALLISTS.

Are Practicing So as to Select Regular Players.

The university football players will have another preliminary pig skin contest for selecting a line up this evening.

The material to select from is mostly new, yet with practice they will soon be converted into good football players. Another of last year's men, Frank Myers, who has signed for this year, will play left half.

Prof. John Douglas Walker, of the University of Chicago, will coach the team through the season. Prof. Walker has all the necessary qualifications for a coach. A good coach is the most important ingredient in the make up of a team. A team may have weight and strength, yet if they lack the training for fast and systematic work, which is the result of good coaching, they are powerless to do effective work.

The average of the university team will be light. It is doubted if it will pass 140, but the weight will make little difference if they have the proper training in team work.

Captain Bowie is putting a great deal of energy into the work, and inspiring confidence among the boys.

Several games are in prospect for this month with the Agricultural college, Santa Fe Indians and the local government Indian team.

The boys have confidence of a good showing on the gridiron this year and are working for results.

Change in Legislative Ticket.

Zacharias Valdez, having resigned as candidate for the legislative assembly from the county of San Miguel, the republican county committee filled the vacancy by substituting the name of Pedro Romero as such candidate, who was the opponent of Mr. Valdez in the convention.

McKINLEY DEMOCRATS.

They Name Candidates for Various County Offices.

Gallup, N. M., Oct. 27.—The democrats of McKinley county placed in nomination the following ticket:

For councilman, Bernalillo and McKinley counties—Horton Moore.

For representative, Bernalillo and McKinley counties—Theodore A. Faheo.

For commissioner, second district—W. F. Kuchenbecker.

For commissioner, third district—Oliver Acord.

For Sheriff—James B. Smith.

For probate judge—Henry L. Penton.

For probate clerk—N. J. Reid.

For assessor—C. S. McIntire.

For treasurer and collector—Murray B. Johnson.

For superintendent county schools—E. Mills Clayton.

For county surveyor—John Sharp.

Rally of Endeavorers.

Troy, N. Y., Oct. 28.—Today witnessed the arrival of scores of delegates and visitors to the seventeenth annual state convention of Christian Endeavorers, which will be in session here until next Thursday. The formal opening takes place tonight.

The Territorial Fair.

The territorial fair at Albuquerque was a great success. It was attended by larger crowds than ever before and the exhibits and entertainments better than at any previous time. San Juan county, thanks to George H. Browne and the Hyde Exploring Expedition, made a fine showing. This county had twenty-three teams in the parade and considering the distance to be covered in getting there, made as fine a showing as any county in the territory. Our display was admired by several thousand people and our resources advertised in a manner that is sure to bring results.—Farmington Times.

Floored the Conductor.

A well known cattleman of advanced years got onto a Pecos Valley & Northern train last week with a shipper's ticket, which had really been issued to another party, a much younger man. When the conductor took the ticket and read the description on it of the party to whom it had been issued, he looked at the elderly cattleman and said:

"This ticket describes a much younger man than you are. I can't let you ride on it."

"I can explain the matter," said the old man, "very easily. That ticket was issued to me at the time I ordered a new one in which to ship my cattle to Kansas City."—Glasgow Register.

Mr. J. H. Jones, who has charge of the building department, surveyed the Santa Fe city hall, and says yesterday.

DISTRICT COURT.

The case of Wallace Douglas against the administrator of the estate of Charles W. Lewis, on trial since last Wednesday, was terminated this morning, on the court instructing the jury to find for the plaintiff in the sum of \$7,000. The case has been pending since 1884, and has been to the supreme court of the United States and remanded to the district court for a new trial, and it is probable that the case will again be taken to the court of last resort. Upon motion of the plaintiff, all evidence of the defendants, tending to show their occupation of the land in question from time immemorial and perfect title in the defendant vendor was ruled out, upon the ground that the court had no jurisdiction to entertain that defense, the defendants having failed to present their claims to the surveyor general, congress or to the court of private land claims, they were now precluded from setting it up in the courts.

The next case called for trial was that of Jacobo Samora et al. vs. Atchison, Topeka & Santa Fe Railroad company, in which plaintiff claims \$5,000 damages for death of infant child occasioned by its being run over by a train of cars of the company on April 8, 1898, in the yards of the company at Albuquerque.

At Alamogordo Tonight.

Governor M. A. Otero and Surveyor General Morgan O. Llewellyn stopped over in Albuquerque a couple of hours Saturday night en route from Santa Fe to Alamogordo.

Governor Otero will address the citizens of Otero county tonight. Several of the other small towns will be visited before returning to the capital.

Mr. Llewellyn will spend several days at his home in Dona Ana county, while on his brief leave of absence.

The governor met a number of prominent republicans during his short stay here.

WHITE OAKS.

From the Eagle.

The Old Abe has had the first pay day under the new company the 15th inst.

There is a big rush of business in the freighting line here now. The Ludlum Oil company is getting in a car load of machinery this week. John Lee is also getting in a car of freight, John A. Brown is expecting a car of furniture, besides a number of cars coming to the merchants.

E. G. Ludlum and J. D. Brotherton went to Carrizozo Tuesday to receive the big oil drill which is now at the station. This is the finest and most complete piece of machinery, so we have been told, of the kind ever shipped into this country. It will now soon be in operation two miles east of town, where any one who desires, can take a look at it.

A. O. U. W. OFFICERS.

Elected at a Recent Session of Grand Lodge for New Mexico and Arizona.

The grand lodge of United Workmen of New Mexico and Arizona, at Prescott, Arizona, elected the following officers:

H. B. St. Clair, Phoenix, grand master; J. W. Shuffelbarger, Albuquerque, grand foreman; Alfred Godfrey, Bismarck, grand overseer; J. A. Kohlen, Congress, grand guide; G. M. V. Carvill, Silver City, grand inside watchman; A. J. Wertz, Las Vegas, grand outside watchman; Dr. W. S. Harroun, Santa Fe, grand medical examiner; E. J. Trippel, Tucson, grand recorder; Augustus A. Hoff, Tucson, grand receiver; J. K. Martin, Las Vegas, grand trustee for the six year term.

The next session of the grand lodge will be held at Tucson in November, 1904.

A comparison of death rates from the records of the order shows that New Mexico has a remarkably low death rate, in fact, insurance experts say that in no part of the world is the death rate so low as in New Mexico.

A Widow's Home Robbed.

While Mrs. Mary Peake and daughter, Miss Lotta, were in Alamogordo a few days ago some unknown party or parties entered her home in Russian Canyon, two miles above Smith's Mill, and completely ransacked the house, says the Alamogordo News.

Mrs. Peake lost all of her clothing, bedding, a watch and all of the kitchen effects, and some of the furniture was carried off and part of it was found up in one of the canyons broken up. Attempts have been made recently to acquire her right to the homestead by some unknown parties, and the fact of a right of way being graded through her place in her absence may lend some color to treachery or some kind being tried to ruin the widow and her daughter simply to acquire a timber claim that would not cost them much to buy.

Mrs. Peake has complied with the law to the letter as to her right, and she is at a loss to know why any one should injure her. A clue is being followed.

Vanderbilt Touring.

New York, Oct. 28.—Mr. and Mrs. Alfred G. Vanderbilt, Jr., Reginald Vanderbilt and his fiancée, Miss Cathleen Neilson, left Hempstead, L. I., today for an extensive automobile trip.

To Improve London's Port.

London, Oct. 28.—The first step toward remedying the glaring deficiencies of the antiquated port of London was taken today when representatives of the dock companies, the shipping interests and the city of London assembled in conference at Mansion house, with Sir Joseph Dimsdale, the lord mayor, presiding.

STORK TIME

to most women is a term of anxiety, serious thought and sweet anticipation. With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositions and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and your country.

All Druggists sell Mother's Friend at 40c. Write for our free book "Motherhood" THE BRADFIELD REGULATOR CO., Atlanta, Ga.

Comrade Jackson's Funeral.

The funeral services of Isaac Jackson were held at the African Methodist Episcopal church yesterday afternoon. The religious services were conducted by Rev. Jones assisted by Rev. Harwood. After this the ritualistic services of the Grand Army of the Republic were conducted, ending with reading the military record of the deceased.

The funeral was largely attended. The members of G. K. Warren post, Grand Army of the Republic, and the ladies of the Woman's Relief Corps attended in a body to Fairview cemetery, where the remainder of the Grand Army services were held, taps were sounded, a salute was fired and the body of Comrade Jackson was laid to rest.

The following pall bearers, representing the Grand Army of the Republic, officiated: Messrs. Clark, Moore, Warner, Caldwell, Delaney and Smith. The honorary pall bearers were members of his old company as follows: J. T. Taylor, H. Company, Tenth United States cavalry; Jerry Brabham, E. Company, Twenty-fourth United States Infantry.

The old Kit Carson flag, carried so often by Comrade Jackson, now dead, will be draped and carried in the future by Comrade Denham.

Soldiers Returning Home.

Two cars, carrying seventy-five of Uncle Sam's discharged soldiers were on No. 8 Saturday night. The uniforms were of all sorts and descriptions, ranging from the soiled khaki to the well worn blue. Collected in groups, they seemed to delight in telling of their experiences.

Jim Wilson, a typical soldier, who had a past full of experiences, whose home is in Fort Wayne, Ind., was inclined to talk of the United States. He said he was trying to forget the Philippines and all the trials and hardships connected with them.

"I saw some real American hoboes up the road here," said Wilson, "and I'll tell you I was glad to see them. Up here at a little town named Gallup there were four of them riding the rods and they stopped the train to throw them off. They are thicker here than soldiers in the Philippines, and the farther east we get the more we see. After we left San Francisco the first one we saw we got him in the car between the backs of two seats and carried him all day."

"Why, we appreciate a man who has sense enough to stay in his own country, even if he is a bum. I would rather be a hobo than enlist again. You see, he may have to serve five or ten days, but then he has a great many furloughs, while we have to serve three years. The only difference between me and a hobo is that we serve our country and our country serves them. Then he has a chance of handling gold coin once in a while, but we get nothing but silver, which is very low."

"You bet I'm glad to get back," said Wilson. It is pretty hard work. A soldier's life looks good from the gallery but it is a whole lot different when you get behind the curtain."

"Oh, yes, everything is getting quiet over there now and I am glad of it." He evidently had not lost the faculty of long winded talk for he was telling about the great times as he swung on the step as the train was pulling out.

Section Foreman J. H. Morrison has been transferred from Gallup to Rio Puerco. He left for that place on Thursday.

John A. Ross, the traveling engineer of the Santa Fe, with headquarters at Las Vegas, is in the city on one of his regular trips.

Winslow is to have a new reading room, to be erected at a cost of \$20,000. Estimates have already been called for. It is reported that estimates are now in for the new reading room at Gallup and the bid will soon be awarded.

LAS VEGAS.

Special Correspondence.

Las Vegas, N. M., Oct. 26.—It has been suggested by one of our prominent citizens that the territory make a request for a government appropriation for the building of a fine driveway over the forest reserve and mountains to Santa Fe, a distance of about forty miles. The government maintains a road 160 miles long through the Yellowstone park at a cost of \$250,000 a year, and it is believed if the matter were brought before the government, it might be possible for New Mexico to receive such a road. The road would give the large tourist travel to Las Vegas and Santa Fe somewhere to go, and would bring thousands of people here every year. Inns would spring up along the way and help develop the country, besides furnishing recreation for everybody and adding to the attraction of the grand climate with which New Mexico is blessed. A territory, like an individual, seldom receives anything without asking for it. So, why not have our delegate to congress ask for it?

It will be with some surprise that the marriage of Mrs. A. C. Whitford, the wife of the conductor who was killed near here about four months ago, is learned. She was married Wednesday, in Kansas City, to Dr. A. F. Gill, who has been attached to the Santa Fe hospital at Topeka. Mrs. Whitford left Newton Tuesday morning on No. 2, she was joined at Topeka by her future husband and the two proceeded to Kansas City, where they were married. Immediately after the ceremony, Dr. and Mrs. Gill left for New York, where the doctor will take a post-graduate course in a medical school.

Mr. and Mrs. E. L. Browne gave a complimentary dinner to a number of friends last night, in honor of Rev. and Mrs. George Selby.

Encouraging reports continue to come in from the country precincts, regarding the success of the republican ticket in San Miguel county.

Fred Marshall, stenographer to Superintendent Fox, had to leave the car at Raton Saturday morning and return here. He is suffering with tonsillitis.

The "most respected citizens," who will be delivered to the democratic party by Ezekiel, were fined \$10 and costs, each, yesterday, and made to pay for repairing the doors they broke.

After attending the demo-union-pop primary in precinct 26, Louis Guerin, Eugenio Baca and Hernan Ortiz were the pilgrims who took Judge Baca's medicine yesterday.

The demo-pops held meetings in precincts 5 and 64 Friday night and selected delegates to their county convention. There was a fair crowd out and they had quite a rousing time, for a speckled combination of that kind. The two crowds joined together about 10 o'clock and, with music, paraded around the plaza and kept everybody awake. The meetings were somewhat different from the one at Los Alamos. Eh, Margarito!

The dance given by the Las Vegas Military band Friday night at the Montezuma Casino was one of the most enjoyable social affairs of the season. Two coaches were comfortably filled and a number had gone up early in the evening. The music was excellent, it being furnished by the full band, and every one reports a royal time. The crowd did not get back until the wee sma' hours, weary, but contented. The boys realized a nice sum from their dance, and thank the citizens for the generous patronage.

Rev. Dr. Selby preached his farewell sermon at St. Paul's Episcopal church this morning at 11 o'clock. The capacity of the church was tested by those who listened to the parting address of one who is held in such warm esteem in the city.

Mr. and Mrs. W. H. Rhodes and Miss Edna and Charlie Rhodes arrived Friday evening from their extended trip to Caney, Kan., where they visited Mrs. Rhodes' parents. They visited in other parts of Kansas, also, and Mr. Rhodes enjoyed a big hunt down in Indian Territory.

Mrs. Louie Varella swore out a warrant for her hubby yesterday morning, charging him with threatening to beat her and otherwise abusing her. She says that hubby has been traveling around after other women, also, and she does not like that, either. The police are after Louis, the naughty, naughty man.

Little Edith Kingsley, daughter of Mrs. Grace Kingsley, tripped and fell on a barbed wire fence Saturday morning, lacerating her face quite severely, making several stitches necessary.

George W. Wright, of Golden, who had been in the city for several days and exhibited some valuable specimens of gold ore, left Friday evening for Santa Fe. He had one bar of solid gold he had smelted which weighed several ounces.

Mrs. N. B. Roseberry and daughter, Miss Grace, returned Saturday afternoon from their extended journey in Chicago and points in Indiana.

Mrs. Frank Boomer, grand worthy matron of the Eastern Star, who had been visiting Mrs. Gus Peterson, returned yesterday afternoon to her home at Raton.

Hon. Zacharias Valdez having resigned as candidate for the legislative assembly, the republican county committee filled the vacancy with Pedro Romero, who was the opponent of Mr. Valdez in the convention.

Mrs. Leandro Sandoval, who has been visiting the family here of E. B. Gallegos, returned Sunday afternoon to her home at Albuquerque.

Mrs. J. H. Van Houten after a week's visit here with friends, returned Sunday afternoon to her home at Raton.

D. Benjamin, accompanied by S. H. Brown, is in the city from Kansas City and Chicago. Mr. Benjamin is the general manager of the Fred Harvey canteen system.

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the Stomach and are distributed by the blood to every nook and corner of the system; the Stomach and Kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various inhaling mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S. which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints.

S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cases apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

OFFICIAL MATTERS.

There have been no incorporations of companies to do business in New Mexico during the past week. As a general thing investors wait until after election before engaging in new business ventures.

Governor Otero has received nearly all of the proof from Washington for his annual report, and it is likely to be out earlier than customary.

Superintendent of Public Instruction Colonel J. Francisco Chavez has received the annual reports for 1902 of all county superintendents excepting seven. These reports show great progress in educational matters, the building of many new school houses and gratifying increase in the attendance at the public schools.

Notary Public Appointed. Governor Otero appointed Cefelio Rosendwald, of Las Vegas, a notary public for San Miguel county.

Territorial Funds. Territorial Treasurer J. H. Vaughn has received the following remittances: From Romualdo Martinez, collector and treasurer of Union county, \$226.24 of 1902 taxes; \$35.40 of 1901 taxes; from Joseph Prewitt, collector and treasurer of San Juan county, \$603.44 of 1902 taxes, and \$58.99 of 1901 taxes; from H. O. Bureau, superintendent of the penitentiary, \$2,293.78 convicts' earnings; from Secundino Romero, clerk of the Fourth judicial district, \$436.45 fees for the quarter ending September 30; from the sale of compiled laws, \$8.50.

Territorial Auditor W. G. Sargent states that all appropriations and just claims for this year will be paid in full, by December 1, excepting perhaps the claims of sheriffs' transportation which may be found to be too small as it was difficult to estimate beforehand how much would be needed during the year. In many of the funds there will be a handsome surplus. Thus far about 72 per cent have been paid of all appropriations.

Postoffice Established. A postoffice has been established at Hachita, Grant county, the service to be from Deming, a distance of fifty-six miles. Carl F. Dunnegan has been appointed postmaster.

Land Office Business. The Aztec Land & Cattle company (Limited), through its attorney in fact, George W. Gillespie, of Springer, have selected 1,120 acres of government land in the vicinity of that town in lieu of land relinquished to the government of the United States situated on the Gila forest reserve in Arizona.

Club Reorganized. A reorganization has been effected in the St. Cecilia club. Several years ago this club, which is composed of a society of musical inclined ladies, was a very active organization. Mrs. Mabel Stevens Himoe will have charge of the management.

The election of officers at the first meeting held Saturday afternoon was as follows: President, Mrs. B. Spitz; secretary, Mrs. R. W. D. Bryan; treasurer, Mrs. E. L. Medler.

Woodmen Organize at Raton. The Woodmen of the World have organized a camp at Raton with a membership of sixty. The following officers were elected for the ensuing year: Past council commander, Harper Spruill; council commander, H. P. Roseberry; advisor, Lieutenant, J. R. Gaines; banker, Charles Mack; clerk, Samuel Ruffner; escort, R. A. Fullinwider; physicians, Dr. J. J. Shuler and W. S. Consett; watchman, W. M. Caldwell; sentry, R. J. Boyle; managers, A. H. Officer, James Cook and W. D. Fleischman.

FLAGSTAFF FIRE.

The McCabe Dwelling and Lodging House Destroyed.

Tuesday night at about 9:15 o'clock the streets of Flagstaff presented an almost abandoned condition as far as people were concerned. In less than five minutes from the above stated time the streets and alleys were filled with men, women and children. The reason for this sudden change was caused by a fire alarm being given.

It was soon learned that a dwelling and lodging house of Mrs. Nora McCabe's on San Francisco street was on fire. The hose companies and citizens were soon at the place of the fire and all went to work manfully to save the household goods and other property.

The fire caught in the north building and was under such headway that it was impossible to save only the household goods in the front part of the same. The fire companies prevented the building from burning down but it is almost worthless and would not pay to have it repaired of the town authorities would allow it.

The damage is at least \$1,000 and only a small insurance to cover it. The loss is heavy on Mrs. McCabe, as she is a widow and depended upon this lodging house in a measure for a living. Her clothing and her daughter's, Miss Anna, were burned, except what they were wearing at the time, which, as it always happens, was not the best or most valuable. The origin of the fire is unknown unless it caught from a hot stove pipe in one of the rooms of the building.

Were Amazed.

The Silver City Independent says: S. Jacoby, of this city, who sent to the Albuquerque fair samples of cotton grown in the yard of B. Rosenfeld, of this city, received the following letter from the fair management:

Albuquerque, N. M., Oct. 21, 1902. Mr. S. Jacoby, Silver City, N. M.

Dear Sir:—Your shipment of cotton was duly received and placed in a most conspicuous place in our exhibition hall. It was viewed by thousands of people and all expressed amazement that such an article could be grown in this territory. On behalf of the fair association I wish to thank you for your thoughtfulness in sending this here.

Yours very truly,

P. F. McCANNA, Secretary.

October 30—Souza's band, Colombo hall, Albuquerque, N. M.

Kodol Dyspepsia Cure

Digests what you eat. This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It is unequalled for the stomach. Children with weak stomachs thrive on it. First dose relieves. Admit unnecessary.

Cures all stomach troubles. Prepared only by E. C. R. W. & Co., Chicago. The 51 bottles contain 112 tablets each.

PATENTS

CAVEATS, TRADE MARKS, COPYRIGHTS AND DESIGNS. Send your business direct to Washington, save time, costs less, better service. We often close to U. S. Patent Office. FREE preliminary examination. No money paid until patent is secured. PERSONAL ATTENTION GIVEN TO YOUR CASE. E. C. SIGGERS, 916 F ST., N. W., WASHINGTON, D. C.

INVENTIVE AGE

Let us of C. A. Sigsbee & Co., E. C. SIGGERS, 916 F ST., N. W., WASHINGTON, D. C.

FERRY'S

Ferry's seeds make good crops, good crops make more money—so each year the crops and customers have grown greater. That's the secret of the Ferry fame. Grow Ferry's seeds and sell them at any dealer. Sold by all dealers. Lowest Annual Price: \$1.00. E. C. SIGGERS & Co., Detroit, Mich.

PATENTS

TRADE MARKS, DESIGNS, CAVEATS AND COPYRIGHTS. Anyone needing a sketch and description may quickly obtain our opinion free of charge. We inventors' patent attorneys. E. C. SIGGERS, 916 F ST., N. W., WASHINGTON, D. C.

They Finally Succeeded in Nominating County Ticket.

The democrats of Rio Arriba county after much labor, trouble and distraction finally managed to put the following legislative and county ticket in the field: For member of the council, J. H. Crist, of Monero; the other candidate for second member of the legislative council allowed the district is to be named by the San Juan county democrats; for the house of representatives of the legislative assembly from Rio Arriba county, Tobias Espinosa, of Tierra Aramilla; for representative of the seventh district, composed of the counties of Taos, Rio Arriba and San Juan, Ricardo Archuleta, of Largo; for representative for the district composed of the counties of Taos, and Rio Arriba, Juan D. J. Duran, of Abiqui; county commissioner second district, Epifanio Jaramillo, of Abiqui; county commissioner third district, Charles Daggett, of Chama; sheriff, Francisco Sanchez y Sandoval, of Velarde; superintendent of schools, Juan Rafael Largo, of Plaza del Alcalde.

They are still skirmishing for the rest of the ticket and may succeed in finding candidates and may not.

John Olsen Loses Arm.

John Olsen, foreman of the Alamogordo planing mill, at Alamogordo, was placing a knife in the big planer when the machinery started and his left hand and fore arm were ground to pieces. The arm was amputated below the elbow and no bad results are now anticipated.

Inspecting Sulphur.

F. J. Otero, of this city, was at Santa Fe and left via the Denver & Rio Grande for the Sulphur springs. He was accompanied by E. F. Porter, of Pittsburgh, Kansas, a mining expert who will examine the sulphur deposits there. They go by rail to Buckman's and thence by stage.

A Bold Hold Up.

The roulette table at the Aquarium saloon, Deming, was held up the other night by a little man with a black stubby beard who secured \$25 and made his escape. He was playing at the table and suddenly reached over and grabbing the dealer with one hand seized the money with the other and then skipped out.

GUARDS' DANCE.

It was last night and was a pleasant affair.

The Albuquerque guards very pleasantly entertained their friends by an evening of dancing last night at Orchestra hall.

A large and select crowd were in attendance and the enchanting music furnished by the Berry and Devine orchestra was the means of an enjoyable and pleasant evening for the gay dancers.

Mrs. Rose Berry delighted the crowd by several vocal solos which were greatly appreciated.

The guards' dances are gaining a reputation for a good social time, and larger crowds are in evidence every dance.

The boys are taking much interest in the organization and predict a good future in the way of a permanent organization of high standing.

THE REGULAR THING.

More Strike Rumors Heard at San Bernardino Shops.

The periodical strike report for the Santa Fe shops has bobbed up again, says the San Bernardino Transcript. This time the machinists are said to be mad at the discharge of one of their number and will demand his reinstatement or the discharge of the foreman who fired him. It is not at all likely that there is any truth in the report as they have only recently received an increase in their pay which was purely voluntary on the part of the company and the men seem entirely satisfied with their treatment. Another reason that can be given for doubting the truth of the report is that an agreement exists between the company and the employees that in case of dissatisfaction of any kind an employee has the privilege of asking for an investigation by the company's officials. This has not been done, although it would probably be the first move if any friction existed.

Notaries Appointed—Land Office Business—Bond Approved.

Governor Otero appointed John S. Rodgers and Minor McCracken, of Farmington, San Juan county, notaries public.

The Burlington was reported to have served notice on the Rock Island system that the latter must cease operating its track between Minneapolis and St. Paul and St. Louis over the rails of the St. Louis, Keokuk & Western part of the Burlington system, from Burlington, Iowa, to St. Louis, says a dispatch from St. Paul. The arrangement has long been effective. The Minneapolis & St. Louis and Burlington, Cedar Rapids & Northern using that route, with the absorption of the Cedar Rapids route by the Rock Island, the cancellation of the Minneapolis and St. Louis running arrangement and extension of the Rock Island

ACKER'S DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians every where. Sold by all druggists. No cure, no pay. 25 cents. Trial package free by writing to W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and B. H. Briggs & Co.

der 1, the Rock Island becomes the Burlington's strongest competitor between here and St. Louis. This is believed to have led to the cancellation of arrangements.

All Day Long

you may have comparative comfort until laughter, reading aloud or nervous excitement brings on the fit of coughing which racks you until you very bones ache. Do not suffer needlessly. Even when a cold on the lungs seems to have you fast in its dreadful power, Allen's Lung Balsam will loosen the mucus, allay the inflammation, heal the aching throat and finally overcome the enemy completely.

Soassa's band travels on a special train, and will make fast time on its return trip from California. It will play at Albuquerque on the afternoon of the 20th, leaving at 4:45 and arriving at Santa Fe at 6:45. It will give an evening concert at the capital town and leave at midnight for Trinidad, Colo., where it will give a concert at 11 o'clock on the morning of the 31st, and that evening will entertain at La Junta, Colo.

While the Short Hand

of the clock travels toward the dial Perry Davis' Painkiller will cure a cold; will ease the tightness across the chest and hence will banish the fear of pneumonia. "Just a little cold" does not become a misery that clings until roses bloom if you have recourse to this never-failing help. There is but one Painkiller, Perry Davis'.

The Topeka Journal says: There should be a warning read good and strong to the man who is about to go into a Santa Fe oil tank car. The experience of Richard Bancroft two days ago is only a reminder of the dreadful fate of two experienced water service men a year ago last summer, who went in and never again came out alive. Bancroft, luckily, came out and was quickly revived. But the fumes from the oil are so deadly and seem to stay in the big reservoirs so persistently that they may be considered dangerous, if not fatal, to the man going in.

The Best Prescription for Malaria.

Chills and fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteful form. No cure; no pay. Price, 50c.

George Fraser, formerly of the Albuquerque railroad shops, now foreman of the blacksmiths of the Topeka shops, has devised a set of dies to be used in the manufacture of brake-jaw pins. They have been tested and are found equal to what was desired. With them it is possible to make at about three ticks that which has required previously about five minutes.

Mrs. H. A. Armstrong, wife of the dead Santa Fe surgeon, who formerly was stationed in Las Vegas, leaves La Junta, Colo., for Akron, Ohio, to visit relatives and friends for several months. The lady recently purchased residence property in the Colorado city, for which she paid \$5,150.

William A. Bayer, auditor of the Pennsylvania Development company, left for a business trip along the line of the Santa Fe Central railway, and to visit the several stores of the company along the route.

Joseph E. Saint, of the Santa Fe Central Railway company, left for El Paso, where he will take the Rock Island train for Torrance, the terminus of the Santa Fe Central railway. He goes on business for the company.

Senator W. H. Andrews, president of the Albuquerque Eastern railroad, left Chicago on the flyer and is expected to reach town tonight.

Baby Son Dead.

Wayne Werning, the baby son of Mr. and Mrs. A. R. Werning, of 700 West Lead avenue, died this morning at 10 o'clock.

The funeral will take place from the residence tomorrow afternoon at 2:30 o'clock. The Rev. T. C. Beattie will officiate. Interment in Fairview cemetery.

The family have had more than their share of trouble and sorrow in the past week Mrs. Werning's father, David W. Hutzler, was buried Tuesday of this week, the funeral taking place from her home.

They have the deepest sympathy of the community in their dark hour of trouble.

The leaves have all changed their hue to that ripened gold so in keeping with the season. The frosts, however, have been very light so far and sweet peas and many other flowers of the kind continue to bloom. This has been an ideal fall in the territorial metropolis, the weather remaining so mild that no fire except occasionally in the evening has been needed.

Rev. E. T. Ryland, of El Paso, was here yesterday, and was the guest of Rev. Hodgson, pastor of the Highland Methodist church. The reverend gentlemen left last night for Los Angeles, where he will take charge of the Trinity Methodist church.

Edward W. Smith is in the city, and will remain a few days. He is an extensive lumber merchant of Bangor, Maine, and stopped over on his return from a trip to the Pacific coast.

The spectacle of a small boy, probably 10 or 12 years old, being drunk was a sight seen by several people yesterday afternoon. Constable Smith saw the lad reeling under the influence of intoxicants, and will endeavor to find from whom or where the boy got the liquor.

Gems Gleaned From the Teachings of All Denominations.

The gospel of Jesus Christ only can renovate the world.—Rev. Dr. A. T. Fowler, Baptist, Chicago.

Intellectual Assent Insufficient.—Our intellectual assent to given truths cannot protect.—Rev. Dr. Clappett, Episcopalian, San Francisco.

A Man for Every Cause.—God has a man for every cause. We still hear the voice of God, "do forward."—W. R. Griffin, Reformer, Cincinnati.

The Fundamental Element.—True happiness consists in spiritual blessings. It is the fundamental element of Christianity.—Rev. Dr. Charles W. Byrd, Methodist, Atlanta, Ga.

Righteousness the Foundation.—The foundation of all stable prosperity are laid in righteousness. Honest hands are doing the world's work.—Rev. Dr. Raymond, Schenectady, N. Y.

Solution of Life's Problem.—It is God's power making man's peace, God's fatherhood making men brothers, God's voice settling all disputes, sweetening all bitterness, reconciling all enemies, and when it shall cover the earth as the waters cover the sea then shall be solved all the social and industrial problems that make the world a military parade ground, for the world is not yet conquered, and there is still work for the conquering gospel.—Rev. Dr. Willey, Methodist, Brooklyn.

The Forbidden Fruit.—The very fact that forbidden fruit may open our eyes to new and strange enjoyments has always been a temptation to me.—Rev. V. W. Tevis, Methodist, Indianapolis, Ind.

Standing by Convictions.—A deep seated courage enables a man to live a strong, Christian life every day and stand by his convictions in small as well as great things.—Rev. E. McHose, Evangelical, Harborton, Ohio.

Religion and Patriotism.—In the Hebrew nation religion and patriotism were nearly akin, and so it ought to be with every nation that has the right idea of God and government. It brings a higher standard of civilization.—Rev. Dr. Woods, Baptist, San Francisco.

The Standard of Measurement.—It is right to measure men only by what they do under circumstances. Some grovel amid earthly things, while others turn their thoughts toward the skies. Education enables us to do what others will look upon with delight. Think of education as being what God would have us be.—Professor Faust, Dayton, Ohio.

Keeping Pace with God.—I think I see evidence that points to the fact that we are keeping pace with God. The future is bright with hope. The forces that are most essential to the growth and prosperity of national life are characterized by energy and expansion instead of weakness and decay. A spirit of unselfishness prevails.—Rev. Dr. Swift, Methodist, Chicago.

Hope More Than Desire.—Hope is more than desire. Desire may be born of indolence. Hope is the result of calculation, of evidence, of promise. All life finds expression in aspiration. Its progress depends on hope. Where there is no hope there can be no life. The power that gave us life is the power that bids us push upward and on.—Rev. Dr. A. T. Fowler, Baptist, Chicago.

Giving Up All to God.—We are taught to prayerfully acknowledge our need of God's pardon, love and guidance that we may not only give our silver and gold, but ourselves, our all, to him who for us has made a way to heaven. Investments in the evangelization of the world pay the best dividends and are not exposed to the trickery of men.—Rev. Dr. Adams, Methodist, Brooklyn.

Christian Buoyancy.—Hope is Christian buoyancy as well as the means of salvation. It abides when faith has been finally crushed. Its ministry is always gentle and kind. It has brought luster to many an eye dimmed with tears and gladness to hearts that have been crushed and broken. It is possible for one to lose faith in another and yet remain hopeful of his final destiny.—Rev. George Lloyd, Congregational, St. Louis.

Man's Dual Obligation.—Every man, whether he will or no, is under inexorable obligation to God and man. The old preachers used to argue that we all belong to God by right of creation, by right of redemption and by right of preservation. One greater than they, St. Paul, declared that "we are not our own, we are bought with a price," and therefore expects us to glorify God in our bodies and in our spirits, which are God's.—Rev. Dr. Alonzo Monk, Methodist, Atlanta, Ga.

Whom Shall We Reverence.—Now, what man shall we reverence? The perfect man. I admire the theology of Paul, the logic of Aristotle, the precepts of Moses, the code of Napoleon, the wisdom of Plato; I thrill to the eloquence of Pericles, the courage of John, the devotion of Stephen; I marvel at the brilliancy of Newton, the erudition of Darwin; I love the music of Beethoven, the poetry of Shakespeare; I stand in awe before the sphinx and the pyramids, "Transfiguration," the Dome of St. Peter's; I revere but one man, and that is the Man so endowed with all the virtues we love to see in men and women that it is no empty title to call him Master, Savior, Lord; aye, through nature to me, through man to the Man Jesus Christ, through him to God.—Rev. Cyrus Townsend Brady, Episcopalian, Philadelphia.

Surveyor's Bond Approved.

Surveyor General Morgan O. Llewellyn has received notice of approval by the department of the bond of Will-

deputy mineral surveyor.

Land Office Business. Homestead Entries—Miguel Valdez, 160 acres, San Miguel county; F. Aragon, Antonchico, 119 acres, Guadalupe county.

Final Homestead Entry—Jesus Ma. Abeytia, Senna, 160 acres, Bernalillo county.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on the box; 25c.

A. W. Smith, who for a number of years worked as a machinist in the Topeka shops, resigning only a few days ago to accept a position with the Mexican Central, left for the City of Mexico. Thence Superintendent of Machinery Ben Johnson will send him to Aguas Calientes to take charge of a tea-treating plant for the company.

Among the sick at the Las Vegas hospital are ten cases of typhoid fever, mostly from Raton, there being one each from El Paso, Deming and Glorita.

ITEMS FROM SAN MARCIAL.

A Fretty Town—Perry Gall's Chicken Thief—Other Notes.

When San Marcial gets a new depot, with the improved and beautiful condition of the railroad park, there will not be very many towns in the territory more pleasant to live in. Business on the Rio Grande division has been unusually good this summer, and of course the people and merchants of the central division point are receiving the benefit derived thereof. There is not a prettier little city in the Rio Grande valley. The farmers and ranchmen of the surrounding country, who do their trading there, have had good crops in grain and fruit this year, and the winter prospects are quite flattering.

Perry Gall caught a chicken thief the other night and the feathered residents of the ranches of that vicinity will likely enjoy a period of undisturbed rest. The captured thief was a lynx of unusually large proportions, and from the appearance of his sleek coat and well filled jowls, had been living pretty well. This lynx must have had chicken on the brain. His appetite must have got the better of his sagacity, or else he would have not been so easily captured. Mr. Gall has an adobe chicken house with one opening in it besides the door. This opening is a small air hole above the door and is left open at all times. It was through this hole that the cat went after the chickens, and probably his deprecations would have never been discovered had he not taken an old rooster and pet of Mr. Gall's family. The rooster was taken on Monday night. He was missed and the chickens were counted with the result that others were found missing. A steel trap was placed in the opening over the door Tuesday night and the next morning the thief was found waiting to be dispatched. It was about three feet long and had a very beautiful brown and spotted skin. Mr. Gall is preserving the skin to show where he tells the story.

Dr. McCrory has a number of new electric machines placed in his office on Front street. Among them is the wonderful X-ray machine, which has revolutionized the surgical world. He also has static and baking machines of scientific character.

Miss Polita Romero, the young lady who had a leg amputated a couple of weeks ago on account of gangrene, by Dr. Cruickshank, assisted by Mr. Nesbitt, is getting along nicely. Her ultimate recovery is expected.

YOU KNOW WHAT YOU ARE TAKING

When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure; no pay; 50c.

DEMOCRATIC CANDIDATES.

Democrats Met Saturday Night and Placed County Nominees in the Field.

A mass meeting of democrats was held last Saturday night at the city building, and the following candidates for county offices were nominated:

For the Council—From Bernalillo and McKinley counties, Horton Moore; from Bernalillo county, S. B. Gillett.

For the House—Miguel Martinez, C. E. Burg. Third to be named by McKinley county.

Sheriff—Leonardo Hunick. Assessor—Jose Vidal Mora. Treasurer and Collector—John S. Beaven.

Probate Judge—Ambrosio Zamora. County Commissioners—Second district, Florencio V. Montano; third district, Edward Dodd.

Probate Clerk—W. W. McClellan. School Superintendent—Trinidad A. Lucero.

County Surveyor—Pitt Ross. River Commissioners—T. F. Moran, Ireneo Gurule, Francisco Sabedra, Jose X. Lucero, Henrique Chaves.

The county central committee for the coming two years is as follows: Chairman, Sumners Burkhardt; secretary-treasurer, A. B. McMillen; Samuel Neustadt, Frank McKee, P. F. McCanna, O. N. Marron, J. H. McCutcheon, Jose A. Montoya, Eugenio V. Chavez, B. Tartaglio, Jose M. Gutierrez, Frank Galalidon, Modesto Montoya, A. A. Trimble, J. A. Smith, G. F. Pitts, Jack Martin, L. S. Trimble, Maximino Martin, F. Sabedra, Charles Scherrick.

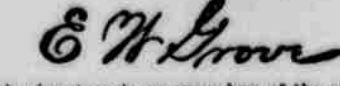

Route Agent A. E. Powell, of the Wells, Fargo Express company, came in from El Paso this morning.

Col. John Van R. Hoff, Assistant Surgeon General U. S. A., in-pects the Fort.

Colonel John Van R. Hoff, assistant surgeon general of the United States army, spent several days at Fort Bayard last week inspecting the United States general hospital for tuberculosis. Colonel Hoff expressed himself as impressed with what he saw. It is understood that in his report he will recommend the installation of an electric light plant, stone sidewalks, theater and chapel, together with other improvements outside of those already called for in the \$40,000 appropriation.

Acker's Blood Elixir positively cures chronic blood poisoning and all scrofulous affections. At all times a matching system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and B. H. Briggs & Co.

William Crook, of the railroad construction company of Orman & Crook, left El Paso for Tombstone, Ariz., to look after the work his firm is doing on the Tombstone branch of the El Paso & Southwestern.

 This signature is on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in one day.

WILL BUILD A RAILWAY.

Uncle Sam to Construct Trolley Line in the Philippines.

The Philippine commission has passed a bill providing for the construction of a standard gauge electric railroad and for a lighting and power plant. The bill provides that advertisements for tenders shall be inserted in two New York papers, one in Chicago, one in Washington, one in Manila, and in the Engineering Journal. Maps and specifications will be exhibited in Manila and in Washington at the bureau of insular affairs. The bids will be opened at Manila on March 5.

Stops the Cough and Works Off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure; no pay. Price, 25 cents.

STRONG TICKET.

The republicans of Bernalillo county met in convention at the court house this morning at 10 o'clock, being called to order by Hon. Frank A. Hubbell, chairman of the republican county central committee. After a short address the chairman read the following report:

I have been instructed by the central committee of the county to report the following persons for the temporary organization, subject to your approval:

G. W. Harrison, chairman; Harry Lee, secretary; Nestor Montoya, interpreter; T. C. Montoya, interpreter for floor.

The convention ratified the report, after which the following committees were appointed:

Credentials—N. M. Rice, chairman; J. E. Romero, Nestor Montoya, J. B. Archuleta, L. H. Chamberlin, Francisco Hernandez, N. E. Stevens.

Permanent Organization—C. F. Myers, Nicolas Herrera, J. R. Carpenter, Esquipula Baca, Luis Garcia, H. P. Owen, Geo. W. Metzgar.

Rules and Order—O. D. Buzzell, Juan Dominguez, J. B. Lucero, F. W. Fisher, Vidal Chaves, Epimenio Tafaya, Jose Chaves y Chaves.

Resolutions—E. W. Dobson, Jesus Romero, Geo. W. Harrison, Maximo Chaves, Daniel Martinez, Conrado Gonzales, W. E. Dame, Leandro Sandoval.

After the appointment of the above committees, Nestor Montoya made a short speech in Spanish.

This was followed by the report of the committee on credentials, which was unanimously adopted.

Permanent Officers.

The committee on permanent organization reported as follows, which was promptly adopted:

For permanent chairman, E. A. Miera; secretary, G. V. Crosby; interpreter, Nestor Montoya; floor interpreter, S. Crollott; vice presidents, George W. Harrison, Herculan Garcia, L. Grad, Rafael Armijo, M. E. Hickey, Ignacio Perea, J. L. Miller, Marcelino Baca, Panteleon Mora, J. H. Bramlett.

In taking the chair Mr. Miera made a fine political speech. It is true it was short, but strictly to the point.

The committee on rules and order then reported, which was adopted.

Resolutions.

E. W. Dobson, chairman of the committee, submitted the following resolutions, which were unanimously accepted:

We, your committee on resolutions, beg leave to report as follows:

The republicans of the county of Bernalillo, in convention assembled, do hereby endorse the patriotic principles adopted by the national convention held in the city of Philadelphia, and we likewise heartily endorse the declaration of principles contained in the platform of the territorial republicans, adopted at the convention held in the city of Raton on the 10th day of October, 1902.

We deplore the death of our late president, William McKinley, who was the greatest exponent of American and republican principles in the last decade, and who as a citizen was a model of integrity and honesty and the deeds accomplished by him for the American people will forever remain as monu-

We most heartily endorse President Roosevelt and recognize in him an able successor to President McKinley for faithfully carrying out the policies inaugurated, and meeting new emergencies constantly arising and especially do we congratulate the American people in having an executive of such ability who arises when occasion demands, and protects their interests, as has been demonstrated by President Roosevelt in bringing about a settlement of the great coal strike in the anthracite region.

We likewise endorse the wise, conservative and patriotic administration of territorial affairs given us by Governor Miguel A. Otero, whose administration has not only been a credit at home but has resulted in improving our conditions abroad, especially do we endorse his personal and official efforts to improve the financial condition of our territory and improve the methods of assessment and taxation and thereby inducing capital to come to our territory for investment.

We earnestly and sincerely endorse our delegate to congress, Hon. Bernard S. Rodey, for the able manner in which he has represented all the people of New Mexico in the Fifty-seventh congress, and we point with pride to his untiring and earnest devotion and efforts to securing statehood for the people of New Mexico, and through whose persistent and tireless efforts the enabling act has been passed by the house of representatives and now is pending before the senate of the United States, and we earnestly hope that at the next session of the United States congress the same will become a law and New Mexico will receive that boon which she has so long sought.

We also extend our thanks to our delegate in congress for his work in so far defeating the what is known as the Stephens' bill and congratulate him upon his efforts and assistance rendered in procuring the passage of the irrigation law which we consider to be of paramount importance to New Mexico.

We congratulate the people of the county of Bernalillo upon the able and economical administration of the county affairs during the past two years, especially do we call attention to the financial condition of the county, and the refunding of \$184,200 of the county debt at 4 per cent interest, thereby saving to the taxpayers of this county \$2,383.99 per annum or \$71,519.70 during the period of the bonds; and for the paying of all debts of the said county with warrants worth par.

We are in favor of such changes in our assessment and revenue laws as will result in a fair, equitable and uniform assessment of all of the property in the territory, and we urge our representatives in the next legislature to use their earnest endeavors to bring about reform legislation in this respect.

We also direct our representatives in the legislature to work for liberal appropriations for all territorial and public institutions.

Nominations.

N. M. Rice nominated Thos. Hughes for the council from the counties of Bernalillo and McKinley.

F. A. Hubbell nominated G. F. Albright for the council for Bernalillo county.

E. Tafaya nominated Nestor Montoya for the house.

Tomas Montoya nominated Celso Sandoval for the house.

O. P. Hovey nominated Ignacio Gutierrez for commissioner for the second district.

R. W. Hopkins nominated A. Harsch for commissioner for the third district.

Thos. Hughes nominated F. A. Hubbell for treasurer and collector.

L. H. Chamberlin nominated T. S. Hubbell for sheriff.

G. W. Harrison nominated J. M. Sandoval for assessor.

Nestor Montoya nominated Manuel Baca for probate judge.

N. E. Stevens nominated J. A. Summers for probate clerk.

T. S. Hubbell nominated Esclavo Vigil for superintendent of county public schools.

C. F. Myers nominated D. J. Rankin for county surveyor.

J. M. Sandoval nominated the river commissioners as follows: Epimenio Tafaya, Apolonio Gutierrez, Geronimo Pacheco, Rafael Chaves, Edward Ellisworth.

All the nominees were unanimously ratified by the convention.

The flag was adopted as the emblem of the republican party of Bernalillo county.

The following gentlemen were named as the county republican central committee to serve for the next two years and until the next republican county convention convenes for the nomination of county officers:

Frank A. Hubbell, chairman; Nestor Montoya, secretary; J. M. Sandoval, treasurer; Thomas Hughes, E. A. Miera, Vidal Chaves, Esquipula Baca, Esclavo Vigil, R. W. Hopkins, T. S. Hubbell, Pablo Crespin.

This was followed by adjournment, and thus another grand, harmonious republican convention has come and gone.

The central committee met this afternoon, and agreed upon a most vigorous county campaign.

The way they treat policemen in Topeka is here told by the State Journal: Someone must have malicious intent toward J. C. Wilmet, special police on the west side of the shop plant. The other day both legs were tied together and he was administered a hasty dose of cold water in the region of the face. He suffered no further harm.

His Arrest the Result of a Misunderstanding—Matter Amicably Settled.

The matter of the complaint against the governor of the pueblo de Santa Ana, in this county, in which he was charged with having obstructed the public highways by fencing the same, Judge A. J. Abbott, of Santa Fe, attorney for the Pueblo Indians, received a message which brings the information that a compromise has been effected and that the governor was not incarcerated in jail for non-payment of fines and costs as was at first reported. It seems that the governor had been authorized by the road authorities to open a new road across some of the lands of the pueblo which he finally did and thereafter fenced the old roads and the arrest and proceeding followed. It was the result of a misunderstanding of his duty in the matter, all of which has been amicably adjusted.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded, 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and B. H. Briggs & Co.

LAS VEGAS.

Special Correspondence.

Las Vegas, N. M., Oct. 24.—Darryl A. Day, of Albuquerque, territorial manager of the Mutual Life Insurance company is here and has preferred embolism charges against W. B. Fonville, who was local agent here, and the marshal has telegraphed the Chicago chief of police to cause his arrest if he does not return forthwith, \$349.60, amount alleged due by Mr. Day for premiums collected and not turned over.

Warrants were served on John Doe and Joe Ender, cooks at the Montezuma hotel, for their "celebration" here the other night in which they "rough housed" in one of the saloons.

The democratic-populist combine held a meeting in Gonzales' hall last night and elected delegates from precinct 26 to the union convention called for the 27th in the court house. The following were elected as delegates: J. M. Tafaya, Hipolito Romero, Antonio Lucero, Carlos Rubio, Juan Paililla, Santos Garcia, E. C. de Baca, Morenciano Baca, Adelaido Tafaya, Abel Tafaya, Filadelfo Baca, Tito Ortiz, Manuel Armijo and Sabino Rome. Precinct 26 is entitled to eight votes in the convention, but they selected sixteen delegates with a half vote, so as to be able to give every democrat in the precinct some recognition.

Knowlton & Bollen have brought suit in the Colfax county district court against George S. Good & Co. to foreclose a lien to recover \$2,

CYANIDE PLANT A SUCCESS.

Extensive Market for Low Grade Ores at Silver City.

The cyanide plant recently installed by the Last Chance company at Mogolion is a big success, and 1,200 tons of ore are being treated monthly with flattering results, says a writer from Silver City in the Denver News.

B. W. Berger, a cyanide man of experience in the Transvaal and other foreign countries, is in charge of the plant and highly elated over its success. Several other companies are now figuring on using a cyanide process similar to that used by the Last Chance.

A large shipment of ore was made to the El Paso smelter Monday by J. C. Woodward, of the Casino mine, at Bald mountain. The ore runs high in gold and silver, and the mine is showing up better with every shipment.

A new shaft has been sunk by Theodore Carter near the Colwell group of mines, in the Burro mountains, and will be connected with the main shaft by a drift as soon as the proper depth is reached.

A mining property that is attracting considerable attention is the Constock No. 1, owned by C. Yeager, and located near Lordsburg, in the Shoshone district. The shaft is down eighty feet and recent assays expose values of \$28 in gold, six ounces of silver and 21 per cent lead.

A consignment of copper ores as well as the hematite iron and lead, silver and gold ore of the Stein's pass district, was shipped last week to B. L. Berkey, manager of the Lordsburg reduction works. Mr. Berkey will make a test for values.

Several Montana men have been prospecting and outfitting in the Lordsburg district, in search of mineral ledges of gold and silver. They were directed here through friends at Albuquerque.

Capt. A. B. Fitch has leased the famous Graphic mine at Magdalena from the recent purchaser, and an additional plant will be put in to handle the zinc-lead sulphide ores of which the Graphic has a large supply. This mine is one of the most celebrated lead producers in the southwest and adjoins the famous Kelly mine, which, twenty years ago, yielded millions of dollars in lead and silver.

The force employed by the Colorado Fuel and Iron company at Fierro has been increased to 200 men and the tonnage also to 600 or 700 tons per day.

OTERO COUNTY KILLING.

Shooting at a Logging Camp Near Cloudercroft Sunday Night.

As a result of a drunken row Saturday night at Swanson's log camp located six miles southeast of Cloudercroft, Otero county, Bud Clayton was shot and killed by a man named Tally, and a cousin of the man who did the shooting, also named Tally, was accidentally shot through the left lung and is in a precarious condition.

The trouble, it is claimed, was precipitated by Clayton in applying a vile epithet to Tally.

Tally is under arrest and is having his hearing at Cloudercroft. Tally, the cousin, is at Alamogordo in the hospital. Clayton's remains are at Alamogordo waiting directions as to burial from his father, who resides in Texas.

COMPANY BRANCHING OUT.

Porto Rico Gold Placers the Inducement—Preliminary Work to Commence Immediately.

A. R. Gibson has just received from Porto Rico twenty ounces of coarse placer gold which assays 22 carat fine. Several consignments have been received since his return from that country in March. Last winter, Mr. Gibson spent some time on the island examining the possibilities for mineral development, and returned convinced that thorough prospecting will result in the location of the source from which the placer gold comes. New Haven, Conn., and San Juan, Porto Rico, parties are interested with Mr. Gibson, in the project, and arrangements have been made to send a prospector and chemist to that country. W. M. H. Woodward, of Silver City, has been engaged and will leave for San Juan within ten days taking with him a complete outfit for assaying. Mr. Woodward will have charge of the necessary preliminary work which will be vigorously prosecuted. His knowledge as a metallurgist and chemist especially fits him for the duties he has assumed.

Trinidad Postmaster Dead.

C. L. Doran, the postoffice inspector for this district, is in the city. This morning, he received a telegraphic message announcing the death of Joseph R. Miller, the postmaster of Trinidad, Colo., but giving no further information regarding his death. Mr. Doran says that the deceased was one of the best known Republicans of that section of Colorado.

THE GREAT SOUSA.

With His Band of Musicians He Appeared at Colombo Hall.

John Philip Sousa and his famous band of players held the filled house at Colombo hall spell-bound this afternoon by the wonderful achievements of this organization. Their tone and balance are truly wonderful, and so delicately poised is the caliber of the various wood, wind and brass instruments, that the absence of string is not felt, or, if it is, the ear never tries

of listening to the rich, luscious tone of the clarinets, flutes and oboes, or the broad mellow sounds of the cornets, the saxophones and the trombones that fill out the general harmonic design. Equally marvelous are the precision with which these performers obey the slightest indication of their conductor, the crispness of their execution, the beauty of the pianissimos, the extraordinary delicacy of the nuances of light and shade. In short, no musical organization of the kind could possibly attain a higher degree of perfection.

The party left the city this afternoon on a special train for Santa Fe, where they will appear tonight.

Cured of Piles After 40 Years.

Mr. C. Maney, of Geneva, Ohio, had the piles for forty years. Doctors and doctors could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name Dr. Witt on the package—all others are cheap, worthless counterfeits. J. H. O'Reilly & Co., B. H. Briggs & Co.

Coming Wedding.

The wedding of Miss Katherine Stephan and Alfonso Kobell has been announced to take place Monday afternoon at 2:30 o'clock, at the home of Mr. and Mrs. George Burrus, on Cromwell avenue. Miss Stephan came to Albuquerque about a year ago from St. Louis to make her home with her brother, Karl Stephan. Mr. Kobell, who is foreman of the tank builders in the Santa Fe shops, has lived here a number of years.

For Over Sixty Years.

An old and well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste, sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

FERGUSON TALKED.

He Addressed a Small Crowd at Colombo Hall Wednesday Night.

Hon. Harvey B. Ferguson, democratic candidate for delegate to congress from New Mexico, delivered an address in Colombo hall last night.

The national issues were touched on briefly by the speaker, declaring himself in no uncertain terms a follower of the Bryan democracy. Mr. Ferguson's speech was not of the violent nature as they were in the early part of the campaign.

Comparing this speech with the one delivered at Las Vegas, those familiar with both are inclined to believe that Mr. Ferguson is changing his campaign tactics on the territorial administration.

Mr. Ferguson was very emphatic in his denial of the statements made by San Marcial correspondents that in his speech Tuesday night he had declared himself doubtful of the fitness of New Mexico for statehood. With much earnestness he claimed that he had been misquoted and called attention to his faithful efforts while in congress to secure statehood for the territory.

The speech was admittedly good and deserved a larger audience than was present.

Mr. Ferguson is an eloquent speaker, his presence is pleasing and his speaking last night to a handful of faithful ones, is to be commended.

An indirect reference to the small ball could not be resisted even by the speaker, but he covered the issues of the campaign in the same manner he would to a large house.

Mr. Ferguson left last night for Gallup, where he speaks tonight.

"A dose in time saves lives." Dr. Wood's Norway Pine Syrup, nature's remedy for coughs, colds, pulmonary diseases of every sort.

Robert T. Blair, of Emporia, Kansas, has accepted a position as instructor of violin and stringed instruments with the school of music and will arrive next Wednesday to assume his duties. Mr. Blair comes from the Normal college of Emporia highly recommended.

Notice of Special Master's Sale.

Territory of New Mexico.—In the District Court of Bernalillo County. George K. Neher, plaintiff, vs. Ambrosio Armijo and Anita Armijo, defendants.

Notice is hereby given that the undersigned, special master, duly appointed for that purpose with in pursuance of the decree of the district court of the county of Bernalillo aforesaid, made and entered on the first day of December, 1906, in the above entitled cause, set at public auction to the highest bidder for cash at the front door of the court house of the county of Bernalillo aforesaid, at Albuquerque, on Monday, the first day of December, 1907, the following described real estate, to-wit: Lot number seven in block number fifteen of the New Mexico Town Company addition to the town (now city) of Albuquerque as designated and described upon the map and plat made by M. J. Mack, C. E., and filed in the office of the probate clerk and ex-officio recorder of Bernalillo county, on the 29th day of December, 1902. Said sale is made for the purpose of carrying into effect the decree in partition in the above entitled cause and upon confirmation of said sale the purchaser will be let into the possession of the premises sold.

GOUGH MURDER CASE.

Judge Parker Postpones Decision in Habeas Corpus Proceedings.

In the habeas corpus proceedings before Judge Parker at Silver City in the case of J. B. Gough charged with the murder of J. B. Rosen, no decision has as yet been rendered, the same being withheld until a topographical map of the ground where the tragedy occurred can be made, as one of the most important points in the case hangs upon the exact location of the pitchfork after the shooting. At the preliminary trial Gough was held without bail to await the action of the grand jury, and habeas corpus proceedings were immediately applied for but Judge Parker was away and only returned to Silver City a few days ago. The principal

HOSTETTER'S
At the first symptoms of a disordered stomach or liver you should take a few doses of the Bitters. It will tone up the stomach and liver and cure Nausea, Heartburn, Indigestion, Dyspepsia and Liver Complaint. Give it a trial.

witnesses in the case are Alexander McKee, Otto Heuchling, Arthur White, Archibald McGregor and Mr. Turner.

The foot ball players of the guards lined up last night for the first time. There was a good turnout, all the boys manifesting a great interest in the organization of a team. Captain Albers was not present but the players did some effective work nevertheless. They realize their time is limited for a game on Thanksgiving and consequently are working hard to get plenty of practice. The regular line up has not been selected, but the players will be selected according to their merit from the practice games.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels.

One Minute Cough Cure

Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, la grippe, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Fenner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

ASKS STATEHOOD.

Arizona's Governor Renews Plea in Annual Report to Secretary of the Interior.

Governor Brodie, of Arizona, in his annual report to the secretary of the interior, renews the plea for statehood and makes the following recommendations:

That under the Newlands-Hansbrough act the claims of Arizona for government aid in irrigation be fairly and carefully considered and extended, so as to inaugurate in the territory the first of the great irrigation systems under that act; action to rejuvenate the depleted forest area; increases in Indian school facilities; in the salary of the governor and in the appropriation for the Arizona national guard; a proposition to improve the Colorado river and to construct a levee from Yuma to the Mexican line to prevent the overflow of cultivated land by the annual freshets; and appropriations for purchasing sites and erecting public buildings in Arizona cities. The report places the taxable property of the territory at \$39,083,178.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, exposes the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Subscribe for The Daily Citizen.

The receipts for fines in Judge Crawford's court for the month of October are \$652—the largest collection of fines ever known in Albuquerque police court. This is the kind of an interesting report City Marshal McMillan will make to the city council at the next regular meeting.

Notice of Special Master's Sale.

Territory of New Mexico.—In the District Court of Bernalillo County. George K. Neher, plaintiff, vs. Ambrosio Armijo and Anita Armijo, defendants.

Notice is hereby given that the undersigned, special master, duly appointed for that purpose with in pursuance of the decree of the district court of the county of Bernalillo aforesaid, made and entered on the first day of December, 1906, in the above entitled cause, set at public auction to the highest bidder for cash at the front door of the court house of the county of Bernalillo aforesaid, at Albuquerque, on Monday, the first day of December, 1907, the following described real estate, to-wit: Lot number seven in block number fifteen of the New Mexico Town Company addition to the town (now city) of Albuquerque as designated and described upon the map and plat made by M. Scald head is an eczema of the scalp—very severe sometimes, but it can be cured. Doan's Ointment, quick and permanent in its results. At any drug store, 50 cents.

FALLS HEIR TO \$5 BILL.

Treasury Note No. 1 of Series "A" Be-queathed to A. D. Milhouse.

An old treasury note, yellow with age and use, the first of its kind ever issued by the United States government is the heirloom left by his father to A. D. Milhouse of Carbondale, Ill. It is a \$5 greenback and is No. 1 of series A. It was printed May 10, 1862, by an act of congress in February in the same year. It is signed by L. E. Chittendon, registrar of the treasury. The note has been in the Milhouse family since 1864, when John Milhouse, father of the present owner, came into possession of it.

POLICE COURT.

Colored Society on North Third Street in an Uproar.

Colored society, by means of all talking at once, telling the story of their lives and giving vent to tears, begging and beseeching the judge that they had done nothing and didn't want to leave town, gave a star performance in police court this morning.

The scene of the first act was at Dora Browne's place on North Third street last night.

Andrew Dillard, an accomplished goosener and pay ladies man, tried to make love to Pearl Springs, a new arrival in colored society. Pearl refused his attentions and a bad complicated mix up was the result.

Dillard appeared in police court this morning with his collar and necktie in a dilapidated and soiled condition; Pearl wore a lovely black eye.

Pearl made several attempts to tell her life's history, but the court would not listen to it. But notwithstanding all protestations she continued to talk. She told of being a lone woman in the world, no home, no mother, no nothing, and that she was a lunger here for her health, but for a woman with one lung she could handle a large amount of smutty talk.

Dillard had a scratch on his neck, said to be the result of a knife used by Pearl, but there was no evidence to prove that the woman cut him or that a knife had been used.

It was a case of catch as catch can. One would claim one thing and the other an entirely different story. The judge told them that this climate was not good for their health, especially the atmosphere around police court. Then began the flow of pitiful tears, but the judge was not to be touched and gave Dillard notice to vacate, and Pearl thirty days suspended sentence.

Several witnesses gave testimony that would lead one to believe the rough house occurred in different places altogether.

Osan Maria Candelaria was fined \$10 for creating a disturbance in a saloon and pulling a young fellow over the floor, breaking his little finger.

FAIR COMMITTEE.

Held a Meeting Last Night—Funds Enough to Meet All Accounts.

A majority of the members of the executive committee of the New Mexico Territorial Fair association met last night at the office of the secretary, P. F. McCanna, and discussed the finances in the treasury.

The secretary stated that the only bill, as far as he knew, yet unaccounted for was that of Richard and Win Wetherell, who were here in charge of the Navajo Indians, and that, on the subject of this bill, he had that day received a communication from Richard Wetherell. The letter, inclosing bill, was read, and the secretary was instructed by the committee to make a settlement with the Wetherells, after which there will yet be a small balance in the treasury.

It was reported that there remains \$125 in the base ball fund, and as the fair association helped out this fund when a deficiency existed last year, it was moved, seconded and carried that

the \$125 be transferred to the fair association, and with this amount added to the receipts, and after all bills are paid, there will remain between \$25 and \$50 in the fair treasury—just a nice nest egg to commence business on next year.

It was then moved, seconded and carried that the same auditing committee of last year—Messrs. Frank McKee, C. E. Myers and R. B. Putney—be asked to officiate again for the fair, hence these three gentlemen were appointed, and are now going over the receipts and expenditures of the recent fair. After the completion of their work, the fair financial report will be ready for the public.

Although work on the recent fair was commenced several months earlier than on previous fairs, it was thought advisable by the executive committee last night that a much earlier start should be made on the 1903 fair, hence it was moved and seconded that a mass meeting of the people, for the purpose of electing new fair officers, be held up stairs over Zeigler's Cafe on Wednesday, November 12.

NO HUMBBUG HERE.

Albuquerque Endorsement is What Counts with the Albuquerque Public. You can't fool the public all the time. They will find you out at last.

Every time a man is fooled. Another skeptic is made. Many the remedy that makes the skeptic.

Because it fails to keep its promises. Doan's Kidney Pills bring renewed reward.

They cure the skeptic. Plenty of proof of this at home; Albuquerque proof for Albuquerque people.

Here's a case of it: C. G. Lott, for ten years stationmaster in Albuquerque, now retired from active care of life, residence 315 North Arno street, says: "I had attacks
