Weekly Albuquerque Citizen

VOLUME 11

ALBUQUERQUE, NEW MEXICO, SATURDAY, NOVEMBER 15, 1902.

NUMBER 669

Territorial Topics

LAS CRUCES.

From the Citizen.
Captain Smith, who was ill, is able to be about again.

A man was caught by a belt at the Modoc mill and was badly hurt.

Archbishop Pedro Bourgade, of Santa Fe, was here on a visit to Father Lassaigue.

Mrs. Tracy, of Deming, spent a very pleasant day with her little daughter, Mary, who is a pupil at the academy. Harry Lane, the popular custom house official of El Paso, was here on a visit to his brother, Dr. B. E. Lane. Mrs. Lillie Ward, wife of Pedro G. de la Lama, died in Phoenix, Arizona. Mrs. de la Lama was a native of La Mesilla and a member of the Ruelles family.

From the Progress.
A. M. Forrester, who has been on the sick list for some time, is again able to be around.

Basket ball girls are practicing faithfully and hard for the game with the Albuquerque High school on Thanksgiving. Our girls are going to have a hard fight and should have loyal and earnest support.

D. J. McCann, who was through the valley here in the interest of Fairbanks & Morse, of Denver, Colo., was so well pleased that he bought a tract of 133 acres of land here. He evidently believes in the future of this valley, as do all thinking men. The purchase was made from F. E. Lester.

George M. Bailey left for Chicago. He expects to return in about a month and will no doubt become interested in irrigation and sanitarium enterprises here. Mr. Bailey was here a month or so last fall, then left for California, where he spent the winter. Mr. Bailey says that in his opinion no place has the future that the Mesilla valley has, and that our climate is superior to any in the world.

SAN MARCIAL.

From the Bee.
Mr. and Mrs. Caleb Anderson returned last week from a visit with friends in Oklahoma.

The stockmen in the vicinity of Paraje are gathering cattle and expect to ship from 2,000 to 3,000 head from Engle about November 15.

For two or three years we have not been able to have school term longer than three months at a time. Thursday, Engineer John K. De Hart was around interviewing our citizens in regard to subscriptions to have school six and possibly eight months each year. He received considerable encouragement in that line.

W. B. Lamkin completed the plastering of the new residence of Dr. C. G. Cruickshank last Tuesday and returned to Albuquerque. Mr. Lamkin has demonstrated by this piece of work that he is a thorough mechanic and Dr. Cruickshank is of the opinion that the \$6 a day and traveling expenses he allowed Mr. Lamkin is a good investment. The finish, curves and angles are perfect and every detail in the direction of perfection appears to be above criticism.

Thursday Contractor W. G. Lane commenced to put on the hard finish on the interior of Dr. C. G. Cruickshank's progressing new residence on Railroad avenue near Second street, that was commenced about a year ago and that it is expected will be completed and ready for occupancy in about sixty days hence. It has six rooms on the lower floor and four above. The building is adobe, very smoothly plastered outside, and with a fine hard finish on the inside. The outside dimensions are 36x46 feet, and the whole property covers two lots. The building will cost about \$3,500 when completed.

HILLSBORO.

From the Advocate.
It is said that the Philadelphia Mining and Milling company will soon resume work on their valuable mines at Andrews.

Dr. Given was called to Kingston to attend John Baldeheimer, who is seriously ill with apoplexy. He was found

on the ore dump at his mine where he had evidently laid for several hours in an unconscious condition. At last accounts he was in a precarious state. Austin Crawford, one of Chloride's old time citizens, now a resident of Albuquerque, is stopping in Chloride for a few weeks.

R. B. Wood, general manager for the Oliver Mining company, is back from a trip to Magdalena and Socorro.

Dr. F. I. Given received word this week that his son, Guy, who is at the Agricultural and Mechanical college at Mesilla Park, had a fall from a tree and was quite severely injured.

The American-Spanish balle given by the republicans last Friday, under the management of Col. A. W. Harris, Major Mariot and J. W. Honsinger, was well attended by both the Spanish and Americans of this place. The music was good and the enchilada supper a decided success.

CARLSBAD.

From the Argus.
Work is progressing rapidly on the new Smith block, the walls being already up and the roof being put on. It will be ready for occupancy about December 1.

Moody Harworth and wife left for a visit to the former's old home in east Tennessee. They will be gone about a month. This is the first time Moody has been home since 1896 and his wife's first visit to his people.

Major L. Martini Mancini, the well known and popular Military Institute instructor, foreswore allegiance to the King of Italy last week before Judge McMillan, and is now a full fledged American citizen. His past record is a sufficient guarantee that he will make a useful, loyal one.

Owing to delicate health A. A. Beaman has resigned his place in the First National bank, and his place is taken by Frank Bell, who has been here some months with his mother for her health. Mr. Beaman will spend most of his time in out-of-door work hereafter. He left for Albuquerque to attend the convention of New Mexico Baptists, and he is slated for an address.

A wire from C. B. Eddy to C. H. McLenathan announced the death, in New York City, of his mother, Mrs. Sarah M. Eddy. Mrs. Eddy was of advanced age, and a woman of great culture and attainments. She was well known throughout central New York, being interested in various educational and philanthropic work. Many friends at Carlsbad offer their heartfelt sympathy to the Eddy brothers and Mrs. M. A. Fox, the surviving children.

LORDSBURG.

From the Liberal.
Miss Lillie Wilson, of Llano, Texas, is visiting her sister, Mrs. John McCabe.

E. W. Ulmer, who had charge of the dry goods department of the Eagle Drug Mercantile company, and left for Tombstone a few months ago, returned the first of the week and again took charge of the dry goods department.

Thomas A. Lister, president of the North American Mining company, writes the Liberal that he expects to arrive in Lordsburg in a few weeks and spend the winter here pushing work on the company's properties south of town.

John McCabe and family came in from the Animas last week. Mr. McCabe stayed to vote, and then left for the northern part of the territory to buy a few dozen bulls to put on his ranch.

Harry Hawley, who was here a few weeks ago, visiting his sister, Mrs. M. Kedzie, went from here to Los Angeles, where he was taken sick. He went to the hospital. The disease proved to be typhoid fever, and Wednesday came the word that he was dead. He was a bright young man about 19 years old, and his untimely death was sad.

The independent reports that School Superintendent White has reestablished the school at Hachita. There have been so few school children in the district no school was kept and the dis-

trict abolished. A petition for the re-establishment of the district was signed by every man at Hachita. The school will be held at the new town of Hachita, and will commence as soon as a building can be procured for its use.

FARMINGTON.

From the Hustler.

Mrs. and Mrs. Charles F. Boettcher, of Albuquerque, arrived here Monday via McKenzie's overland, and expect to make this their permanent home. Mr. Boettcher will be employed in the fruit evaporator. His wife is a daughter of Thomas Neville, the upper San Juan rancher.

The Dayton, Ohio, colony will be pained to learn of the serious accident that befell Howard I. Williams, son of Chas. I. Williams, the well known architect of that city. While superintending the construction of a new brick block, the concert floor caved in on him and severely crushed his leg below the hip. The chances are good, however, for a speedy and permanent recovery.

The surveying corps under charge of Mr. Carpenter, engaged in locating the line between Colorado and New Mexico, made camp recently at the Elliott dinner station, where they will remain for several weeks. The outfit consists of eighteen men, thirty-five head of stock. Buks Maupin is a member of the party and expects to be with them all winter. The new line is about two chains north of the old line.

From the Times.

Ex-Sheriff A. H. Dunning and wife from above Aztec were in town on business with the Hyde company.

Mrs. M. L. Steward, who recently came here from Durango, died at her home in the south part of town Saturday night from consumption. Her remains were taken to Durango for burial.

Mrs. Florence Ecclefield left on the stage for Paola, Kan., where she will join her husband and make her future home. She came here with her parents, Mr. and Mrs. Crovating, about a month ago.

Harley Kight traded one of his spans of mules for the Homer Hays residence in the Ross addition the first of the week. It is a nice piece of property and will be further beautified and improved by Mr. Kight.

DEMING.

From the Headlight.

C. A. Ament has returned to Fairbanks, Arizona, after a pleasant sojourn with his family here last week. Work has been resumed on the new Clark building, and the carpenters are busily engaged on the second story of this handsome structure.

Mrs. J. H. Blackford left for Naco, Arizona, at which place she will in the future reside. Mr. Blackford is chief clerk for the railroad on the American side.

Pinney Burdick came in from the Gila ranch with a bunch of cattle. He reports conditions in that section flourishing, plenty of calves being branded and the stock generally in fine condition.

Billy Sprague, the popular prescription clerk at the Aquarium saloon, received a very flattering offer from Col. W. F. Cody to accompany the great Wild West show on its coming tour of Europe as one of its crack marksmen.

Clements & Givens will now be the name by which the lumber business of W. C. Wallis will be known, these gentlemen having bought the entire stock of lumber, hardware and building material of Mr. Wallis.

At the dance given in the opera house the Deming Social club was organized for the season, and the following officers were elected: President, Frank L. Nordhaus; vice president, T. A. Keith; secretary and treasurer, Wright Lawhon. Fortnightly dances will be given, notice of which will appear later.

Work on the foundation for an extension of the present quarters of the Adelphi club was commenced, and when the building is completed an addition to date gymnasium and bowling alley will be added, thus making the club one of the best equipped and most modern club houses in the territory.

PORTALES.

From the Herald.

On last Sunday, at the Hogling ranch, about forty miles west of Portales, C. W. Morris performed the marriage ceremony which united the lives of C. C. Goats and Miss Mary Myers.

Mrs. John Hopper has resigned her position as teacher of the primary department in the school, and Miss Winn has been elected to fill the vacancy.

Mrs. Hopper's health would not permit her to remain longer in the position. A number of ladies met with Mrs. Pearce last Saturday afternoon and organized a Baptist Ladies' Aid society with eight charter members. The fol-

lowing officers were elected: Mrs. Puckett, president; Mrs. Humphrey, vice president; Mrs. Ellis, secretary and treasurer.

Rev. T. F. Medlin, who has been called to the pastorate of the Baptist church in this place, arrived Wednesday. Yesterday he bought a five-acre tract from T. A. Kerr, in the east part of town for \$200 and will soon erect a dwelling. His family is expected in about two weeks.

SANTA FE.

From the New Mexican.

Born to Mr. and Mrs. W. C. Murney, a boy baby on yesterday. Mother and child doing well.

Another consignment of water pipe has been received by Gibson & Mitchell for the Steamboat addition.

Mrs. Thomas Gaines-Smith, who spent some time in this city this summer, and has been seriously ill in Raton, will soon return here for the winter.

A suit has been filed in this county by the Leonard-Schock Saddlery company against Joseph Granito for goods sold and for which the amount alleged to be due is \$311.76.

The foot ball teams of the government Indian school here, better known as "The Papago Tigers," will leave next Friday for Las Cruces, where a game will be played with the team of the College of Agriculture and Mechanic Arts. Superintendent Crandall will go with the team and it is probable Judge McFie will also see the game.

The communion services at the Presbyterian church Sunday were also the fifth anniversary of the beginning of the pastorate of Rev. W. Hayes Moore.

Mrs. Kirkwood, wife of Mr. Kirkwood, members were admitted at the services, swelling the communicant membership to 145, it having been sixty-four five years ago when Mr. Moore came to Santa Fe. The church is a great influence for good in the city.

RATON NOTES.

Epworth League New Officers—Suits Settled—School Teacher Married.

From the Gazette.
Mrs. Davis, of Topeka, left for her home after a pleasant visit with her mother, Mrs. M. A. Dukejand.

Little George Henning had his right hand badly crushed by a horse stepping on it, several of the bones being broken and the flesh badly lacerated.

Mrs. Lon Cochran and baby returned from a three months' visit to relatives in Topeka, Kansas. Mrs. Cochran was accompanied by her little sister, Maude Craig, who will spend the winter in Raton.

At their annual meeting the Epworth league elected the following officers for the ensuing year: S. E. Leeman, president; Frank Bellamy, first vice president; Miss Warner, second vice president; Mrs. Leeman, third vice president; Miss McAbee, fourth vice president; Miss Armstrong, secretary; S. W. Clarke, treasurer; Miss White, organist. The league has done good work in the past year and hopes for greater success this year.

In the suit of the San Miguel National Bank et al vs. Moses E. Dane et al, a suit to partition the Horseshoe pasture in Colfax county, the commissioners, W. E. Gortner, C. J. Gavin and M. W. Dawson, reported that they were unable to do so fairly to all parties concerned. The court then ordered the land sold and appointed W. E. Gortner to make the sale. This sale was made recently and has just been approved by the court. Charles Springer bought the pasture for \$20,000.

At the home of Mr. and Mrs. W. J. Linwood, east of Raton, Wednesday morning, November 6, occurred the marriage of Hugh McKee and Miss Laura Linwood. The ceremony was performed by Rev. S. Magill. The bride was elegantly gowned; the groom wore conventional black. After the ceremony the bridal party and guests partook of a sumptuous repast that had been prepared. The bride has been one of our most successful teachers for a number of years. She is a young lady of much personal charm and of lovely disposition and estimable qualities. The groom is one of Raton's leading business men. The popularity of the couple is attested by many elegant and useful gifts and sincere, cordial expression of warm wishes to Mr. and Mrs. McKee. The happy couple left on No. 7 for Los Angeles and other California points where they will spend the winter.

From the Range.
In the congregation. Nineteen new wood, who was recently employed at Ruffner's store, has gone to join her husband in Los Angeles, Cal.

Last Saturday night, while making a run to the fire near the round house, George Berlinger exclaimed to a companion: "Step high and carefully and follow me!" At that moment he stepped into a ten-foot ash pit and disappeared. When he scrambled out it

was with a sprained knee and a skinned leg.

Miss Laura Linwood and Hugh McKee were married by Rev. Samuel Magill at the home of the bride's parents. After the ceremony a dainty luncheon was served and the couple left on No. 7 for California, where they will spend the winter.

At the John Jay banquet to be given at Kansas City on the 19th inst., C. J. Gavin, of Raton, will deliver an address on "Statehood for New Mexico." This banquet will be attended by prominent men from all portions of the union and will be an auspicious occasion for speaking a good word for New Mexico, and Mr. Gavin, who is about as much of an enthusiast on the subject as is B. S. Rodey, will make the most of his opportunity for presenting the claims of this territory for self government.

GALLUP.

From the Republican.

The Odd Fellows have purchased a fine safe from Russell & Elsie.

The Daughters of Rebekah gave an enjoyable dance and supper to the members and a few invited guests.

The ladies of St. Agnes Guild are making elaborate preparations for a sale and supper to be held the first week in December in I. O. O. F. hall.

The ladies of the Methodist church will serve dinner and supper Thanksgiving day in the kitchen restaurant on Railroad avenue.

The county commissioners accepted the resignation of Probate Clerk and Recorder D. C. Russell, and appointed Fred W. Meyers in his place. L. L. Henry is Mr. Meyers' deputy.

C. S. McIntire has received word that eastern capitalists who have been contemplating the purchase of his gold mines near the Needles, Cal., will meet him there November 15 for the purpose of examining the property. Mr. McIntire expects to leave for the Needles next Tuesday.

SANTA ROSA.

From La Voz Publica.

The public school in this town has at present an actual attendance of fifty-four children, equally divided between the two sexes.

Bishop Pitaval will visit this chapel and Puerto de Luna church on or about the 18th of this month. He will come for the purpose of administering the sacrament of confirmation.

Frank Roy, expert accountant, after a few days' stay in Puerto de Luna examining the books of the county clerk, took the stage for his home at Las Vegas last Saturday morning.

There are many parents in this district that have as yet failed to send their children to school. This is an opportunity which should not be neglected. A good and competent teacher has been engaged for the term and parents should not forget that it is their imperative duty to send their children to school, as a good education is the best heritage which can be left them to fight the battles of life.

AZTEC.

From the Index.

The cattlemen and sheepmen are getting home from the mountains.

The Aztec school is progressing nicely, the enrollment now approximating 140, the actual attendance being about 132.

The Arcade saloon, in Aztec has changed hands, C. S. Boyd having sold to Messrs. Frank Baker and W. E. Lenfestey.

Epifanio Espinosa, son of Miguel Espinosa, and a brother-in-law of J. E. Manzanares, died at Largo of typhoid fever.

The government surveying corps which is locating the line between Colorado and New Mexico, is in camp above Cedar Hill and will remain for several weeks.

SOCORRO.

From the Chieftain.

A dramatic society has been organized in the city for the purpose of raising money for a Christmas tree for the children at the Episcopal church. The best dramatic talent of the city is engaged in the preparation of the high class comedy, "Mister Bob," which will soon be presented to the public. A rare treat is promised.

Ross McMillan left for a visit to his sheep ranches east of San Antonio.

District Clerk John E. Griffith left Socorro to enter upon his duties at the session of the district court for Lincoln county. Mr. Griffith expects to be absent from home about three weeks.

Col. Nat Straw, the champion bear hunter of the Rocky mountains, arrived in the city from the Mogollon region in company with W. E. Redding. Colonel Straw has been engaged in his favorite occupation in the Mogollons for several months and brought in enough bear and lion scalps to bankrupt the county in the payment of the bounties.

ARIZONA TOWNS

WINSLOW.

From the Mail.

Miss Leon McCann is visiting in Albuquerque.

Miss Hazel Comstock is visiting Mrs. S. F. Dickerson.

Work on the new water system will begin the latter part of the month.

E. A. Sawyer and N. S. Uly, the well known sheepmen, have been in town this week enjoying the excitement incident to election.

W. A. Parr left for Phoenix to attend the sessions of the grand lodge of Arizona, F. & A. M., which convened in that city Tuesday. Mr. Parr goes as delegate from the Winslow lodge, and he has also been appointed to represent the grand lodge of Vermont at the Arizona gathering.

Father Connolly left for Flagstaff to take charge of the Catholic church in that place during the absence of Father Vahre, who is attending a retreat at Tucson. Mr. Connolly does not expect to return for a week or ten days.

Two parties of hunters are making arrangements to leave Winslow next week for a trip to the mountains after big game. Conductor Moore, G. R. Bauerbach and Arthur Flickinger will form one party and are going after bear. Messrs. Krentz, Hanks and Reeder and a gentleman from Los Angeles will go in the second party and will devote their attention to the lions in the mountain fastnesses.

FLAGSTAFF.

From the Gem.

The court house grounds should be fenced and improved.

H. C. Lockett, a prominent sheep grower of this county, left for the Salt River valley, where he will remain for the next six months.

William F. Falder, one of the most skillful tonsorial artists in northern Arizona, returned from a business visit to Prescott.

M. J. Kennedy and J. C. Grim, who have a government contract for some buildings at Fort Apache in Apache county, came in to visit their families.

The 6-months-old infant of Mr. and Mrs. G. W. Black, of Flagstaff, died on Monday. The community sympathized with the parents in their loss.

The 2-months-old infant of Mr. and Mrs. Dan Kinney, living three miles south of town, died Wednesday. They have the sympathy of the community in the death of their first born child.

County Treasurer George Hoxworth remitted to the territorial treasurer nearly \$17,000 in taxes for the quarter ending September 30, 1902. This is a good showing for this county.

From the Sun.

Sheriff J. A. Johnson left for northern California, and will be absent about two weeks.

Mrs. Harry Fulton is visiting the family of J. B. Tappan on the Bill Williams Fork in the northeastern part of Yuma county.

E. S. Clark is in town from Prescott. The many friends of Mr. Clark will be pleased to know that he has been elected district attorney of Yavapai by a handsome majority.

F. C. Reid, probate judge, returned from Council Grove, Kan., where he has been for the past two weeks on account of the serious illness of his father, but whose health is much improved.

Mr. Owen, inspector of government surveys, is here for the purpose of inspecting and reporting upon the surveys recently made in the San Francisco mountains forest reserve. Mr. Owen is accompanied by his wife and they expect to remain here for several months.

Joseph Dent and Gus Madersbach left for the Excelsior Gold & Copper Mining company's mines in the Pima district in Yuma county. They will continue development work during the winter on the most promising claims of the company. The properties of this company are making an excellent showing.

At the Methodist church, the funeral services of Othe Bache were held by J. H. Henry. The deceased was a soldier in the civil war and was a member of the Sixteenth Kansas cavalry. He was quite young when he enlisted, served his country well and was honorably discharged at the close of the war. He was only 57 years of age at the time of his death and leaves a wife and six children to mourn the loss of husband and father.

KINGMAN.

From the Miner.

The Elks initiated several new candidates. Kingman lodge is one of the largest in Arizona and is growing faster than any of the others. It is understood that steps will soon be taken

toward the building of a new hall.

Alta, the young daughter of Mr. and Mrs. O. M. Enlow, was severely burned by the explosion of gas in the oven of a gasoline stove, while doing cooking at the home of her parents, a few days ago, in Berkeley. The young lady is well known in Kingman.

A Mr. Hawley is about to construct a boat at Needles for the purpose of navigating the Colorado river to upper river points. He believes that a passenger and freight steamer will pay well, especially if made to run during the low stages of water. The boat will not draw over eight inches of water and can be run in the lowest stage of the river.

Two miners at the Leland camp had a scrap and one of the men named James Breen was struck on the head and for a time it was thought his injuries would prove fatal, but he came around all right. Deputies Brown and Templeman went out and arrested the man charged with the assault and brought him to town. Breen refused to prosecute and the prisoner was discharged.

Erin Sherman, one of the oldest inhabitants of Mohave county, died at the hospital in Kingman. He had been stopping at the hospital and becoming homesick was sent over to Mineral Park, and in getting off the train at the crossing beyond Mineral fell and was slightly injured. He was taken to the Park, but became ill and soon passed into unconsciousness. Sheriff Lovin sent over to the Park and had him removed to Kingman, where he died without again recovering consciousness. He was buried in the Kingman cemetery.

A man giving the name of C. E. Jacobs was arrested on the charge of impersonating another man and voting at the general election. He was taken before Commissioner Blakely and given a hearing and was bound over to the United States grand jury. He was taken to Prescott. It is the first case of the kind ever brought up in this county. Jacobs, or rather the man who impersonated Jacobs, is not over 18 years of age.

WILLIAMS.

From the News.

Mr. and Mrs. J. Cauffman returned from Seligman, where they have been for some weeks.

Mrs. G. W. Martin returned home from Ash Fork, where she has been visiting Mrs. J. E. Brown.

Mrs. A. Tyroler returned home from Albuquerque, where she had been visiting because of the sickness of her sister.

Mrs. William Poole departed for Prescott to join her husband, who has secured a good position in that thriving burg.

Mrs. Pilchard, wife of the principal of our public schools, was called to the bedside of her mother at Pomeroy, Ohio, by a message stating that she was very low.

The little Lane boy who makes his home with Mrs. Burke, was kicked by a horse at the race track on election day, but was not seriously hurt.

Mrs. George U. Young arrived home from Phoenix. Mr. and Mrs. Young have been making that city their headquarters during the campaign. Mr. Young occupying the position of secretary of the republican territorial committee.

Mrs. E. Dickinson, accompanied by her son and daughter, of near New Haven, Conn., stopped over last Sunday for a few days' visit with her nieces, Mesdames Phelan and Neal, while en route to California, where they expect to make their home.

Another party left for the pine woods of northern California this week and was composed of the following: Mesdames A. R. Kilgore, H. F. Adams, Scott, Kearney, Fanshew, Messrs. A. F. Polson and Charles Adams. The party was headed for Alturas, Modoc county, which appears to be the only county that escaped the recent reserve edict. Mrs. Scott expects to remain there till she has secured her title to the land. Mrs. Adams and Mrs. Kilgore will visit for a time in San Francisco, while the other members expect to remain various lengths of time.

Constable Andrews arrested Antonio Lopez and placed Pedro Gurule in charge of Dr. Tyroler, as a result of a fight between the two men. Gurule had his arm badly cut with a knife, requiring eight stitches to close the wound. Thursday they were brought before Judge Johnston, who gave each fifty days or \$50, with an admonition to keep out of his presence in the future. In default of the money they were taken to jail at Flagstaff. Another stabbing match took place Monday, when Pablo Griego was severely cut by Amado Sandoval. Tom also engaged the latter.

Work of years
The famous experiment has made Levi Strauss,
the strongest
best made
most durable garment
the world has ever seen

NATIONAL PROSPERITY.

The annual report of the treasurer of the United States is a great showing of our national prosperity. The report of the treasurer does not, like the report of the secretary of the treasury, deal specially with the fiscal policies of the nation. It merely tells what money has been taken in and paid out and its sources, with a description of the forms of the currency handled. The treasury during the last fiscal year received the enormous sum of \$1,062,124,093.7, and disbursed \$969,637,041. The available cash balance at the close of the fiscal year was \$362,157,261. In spite of our substantial protective duties, the increase of receipts from the customs was \$15,859,252 and the decrease of internal revenue receipts of \$25,207,104 was much more than made good by a decrease in expenditures of \$38,776,459.

A CLASSIC PHRASE FROM IOWA.

With returns indicating a republican plurality of 50,000 or more in Iowa, Chairman Jackson of the democratic state committee gave out this brave statement: "We are making no claims, but concede nothing." Here is a man to delight one's soul, says the Kansas City Star. You might search for days and fail to find his equal. The ordinary manager would have been claiming the state by a "safe" majority, or would have been admitting its loss with fierce outbursts against fraud. But Mr. Jackson is no ordinary politician. With fine tact, dignity and courage he makes no claims, but concedes nothing.

Possibly he had in mind the blunder of 1876 by which the democratic chairman revealed to the republican editor his doubt as to the four southern states that until that time had been conceded to Tilden. That one indiscretion suggested to the Hayes organization a line of attack which was followed out successfully. Mr. Jackson was not to be caught showing possible weak spots in his case to the enemy by failing to claim the right things. Nor was he going to give the apparent victors a chance to overwhelm him with ridicule on any specific assertions of democratic success in districts that might prove republican strongholds. So he rose to the occasion with the valiant statement: "We are making no claims, but concede nothing."

DIVIDENDS FROM MINES.

According to the compilation published by the New York Engineering and Mining Journal, dividend payments in October by American mining and metallurgical companies were not as satisfactory as in previous months this year. The falling off is most marked in the industrial section. In all, fifty-four concerns paid \$4,926,501, of which a considerable part is credited to the combinations. Since January the dividends distributed by 154 companies amount to the large total of \$120,628,979. Of this amount the gold, silver, lead, copper, zinc and quicksilver properties furnished \$23,197,633, or 19.3 per cent, and the industrial companies associated with the mineral industry, \$97,431,346, or 80.6 per cent. Owing to lower quotations for refined copper in this country and London and to the desire of leading producers to keep in check the output of raw copper, dividends on copper stocks have been cut severely this year. These properties paid \$9,371,481, which is equal to 40.4 per cent of the total dividends declared by all metal mines.

The gold, silver and lead properties, which include the smelting and refining combinations, paid \$12,859,185 this year. The majority of these companies pay dividends monthly or quarterly. Few zinc and quicksilver companies paid dividends.

TO VISIT THE TERRITORIES.

Senator Beveridge, chairman of the senate committee on territories, and the other members of the committee who may desire to do so, will soon make a tour of Oklahoma, New Mexico and Arizona for the purpose of inquiring into their condition and its relation to their application for statehood. This tour will give the committee an excellent opportunity to obtain valuable information about these territories and every member should go. But if none of them have ever been in the southwest they should avoid forming a wrong impression from the arid condition of the country, says the Denver Republican.

To one not informed in regard to the fertility of its soil under irrigation and its wealth in iron, coal and precious metals, the arid region at first looks unable to support a large population. But fuller information reveals the contrary.

Statistics of population, industrial production and natural wealth are the chief matters to consider, and of these there is abundant evidence that all three of the territories named are fully entitled to statehood. They are able to support state governments, and their people desire to erect governments of that kind. They are also qualified to govern themselves, maintaining order and advancing in step with the existing members of the union. To deny statehood to these territories is to violate a fundamental principle of the American union, for the right of the people to govern themselves is the cornerstone of American government.

be prepared to receive the members of the committee and supply them with full information in regard to all matters bearing upon the question of admission. They should get ready at once to do this, so that there may be no delay in the presentation of the case of each territory when the committee arrives.

PASSING OF PATTISON.

Another man of destiny has been knocked out. This is ex-Governor Pattison, of Pennsylvania. When he carried that state in 1882 it seemed to his friends that he would be the logical candidate for 1884 for president. Unfortunately for him, Cleveland carried New York in 1882 by that big plurality of 193,000, and carried off the prize in 1884. When Pattison in 1890 again carried Pennsylvania, Cleveland was once more ahead of him as a presidential aspirant, and got the nomination in 1892. If Pattison had won Pennsylvania this year there would have been no formidable aspirant in his way for the big nomination two years hence. Pennsylvania, however, is the man who carried Pennsylvania in 1902, and this sends the Pennsylvania man of destiny to St. Helena.

ABOUT THANKSGIVING.

During the heat of the political campaign but little heed was paid to the president's proclamation designating November 27 as a day of national thanksgiving. Now that the elections are over even to the shouting it will be well for the public to take up the subject of Thanksgiving as a basis for the restoration of old time friendships among the members of the contending parties. Win or lose, Americans always have many things for which to give thanks, and this year they are exceptionally numerous and widespread. Despite the heaviness of the burdens and the grimness of the trials we have had more to be thankful for than any other people, and the president reminds us: "Decade by decade we have struggled onward and upward; we now abundantly enjoy material well being, and under the favor of the Most High are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of Good, and we seek to praise Him, not by words only, but by deeds, by the way in which we do our duty to ourselves and to our fellow men."

PLEA OF THE TERRITORIES.

The people of the three territories applying for statehood—Oklahoma, New Mexico and Arizona—are to have a hearing before the senate committee on territories. The chairman, Senator Beveridge, was in Washington arranging for a series of meetings of the committee at the territorial capitals, to be held before the opening of congress in December. The eleven senators constituting the committee will have an opportunity, through these meetings, of coming in direct contact with the people of each territory and hearing from their own lips the reasons they have to offer in support of their plea for self-governing statehood.

The San Francisco Chronicle says that it hopes that the result of these popular hearings will be favorable to the territories—that the committee will be influenced by what it learns to recommend their immediate admission.

The Chronicle has frequently pointed out the fact that in the matter of population, natural resources and the magnitude of wealth of developed industries, New Mexico and Arizona are unquestionably entitled to admission to statehood. No territory was ever granted the boon of statehood that was better qualified to receive it than these two territories are now and have been for many years past. Their people are enterprising and ambitious; their natural resources are among the richest in the country; their industries are adding enormously to the aggregate wealth of the Union; capital is pouring into them from all quarters, and their prospects are as bright as those of any state in the west. There is absolutely no good reason for their exclusion. Given the rights of self governing states, they will be able to reach the fullest degree of industrial development and it will encourage a growth of population which will put them on an equal footing with many of the more populous states in the mid-west and on the Pacific slope of the continent.

John N. Lamberton died at his home in Santa Fe Sunday night of pneumonia. He had been a resident of that city for twenty years and has been engaged in the transfer business. He was a prominent member of Carleton post, G. A. R., and was born in Tompkins county, New York, in 1840. He enlisted in October, 1861, in company C, Seventy-sixth New York volunteers, commanded by Capt. G. D. Crittenden, now superintendent of the National cemetery at Santa Fe, and was discharged October 29, 1862, on account of disability. He joined Carleton post, G. A. R., November 18, 1886, and at the time of his death was its junior vice commander. He was drawing a pension of \$8 per month. He leaves a widow and four children. James E. Lamberton, a brother of the deceased, who served in company I, One Hundred and Forty-third New York volunteers, was also a member of Carleton post, and died in Santa Fe September 7, 1896. The two brothers will be laid side by side in the United States National cemetery at the territorial capital.

EDITORIAL NOTES.

Bryanism is dead in all the western states.

Denver is the banner city for democratic election frauds.

The republican majority in Oklahoma is only about 300.

The republican plurality for governor of Colorado is 5,284.

How to make the vacant town lot pay its proportion of taxes is a vital question in this city.

In the last fiscal year there were 57,513 accidental deaths, and of these 43,414 were males and 15,099 females.

The commissioners of this county will meet next Monday and canvass the vote cast at the election last Tuesday.

It will take the official count and possibly a contest in the courts to decide the result on the county offices in Socorro county.

The revised figures for governor of New York are as follows: Odell, 133,836; Cole, 123,038. Odell's plurality, 10,798.

The senate committee on territories will visit New Mexico, Oklahoma and Arizona before the convening of congress in December.

The census bureau having counted everything else is now "counting the cost," and finds that the expense of the census was \$11,854,818.

Five times in succession New York has elected a republican governor. One of the pleasing results is that the state tax has almost entirely disappeared.

The people of San Miguel county paid no attention whatever to the utterances of the Las Vegas Optic and gave increased republican majorities. The Optic as a prophet is a signal failure.

As one result of the financial management of the republican party the annual interest on the national debt is \$5,000,000 less than it was before the war with Spain, notwithstanding the issue of a war loan of \$200,000,000.

The largest office building in the world is the Broad Exchange, on the southeast corner of Broad and Exchange Place, New York. It rises twenty stories high over 27,000 square feet of ground, and cost \$7,500,000, although it has no ornamentation.

The introduction of one American spinning machine which reduces the necessary employees by two-thirds, has led 80,000 workers in the Yorkshire and Lancashire cotton spinning mills to threaten to strike unless the manufacturers agree not to import the American machine.

The Bernalillo delegation in the territorial assembly will present the name of Nestor Montoya for speaker of the house. He is a native of the territory, is well qualified, and will make a most excellent presiding officer. He is one of the best parliamentarians in the territory, and will be fair in his rulings.

The clean newspaper is once more resuming the place in popularity that the yellow journals usurped for awhile. Sewer news and anatomical details make men on the streets buy papers for a little while, but the paper that goes into the household is the one that is clean. And it is in the paper that goes to the household, that shrewd business men advertise.

The number 17 is fateful in Santa Fe county. Two years ago Thomas B. Catron was beaten by that number and this year J. D. Hughes was beaten by 17 votes. The singular part of the coincidence is that the defeat of Mr. Catron was brought about by the friends of Hughes and in turn Catron's friends scratched Hughes. In getting "even" in politics there are many boomerangs.

There are in the United States 135 cities having a population of more than 30,000. The income from property tax in these cities aggregate \$260,000,000, while the income from franchises gives the comparatively minute total of \$2,350,000. Of these 135 towns only five have public gas works, and but twelve own electric light plants. The investment in public cemeteries is \$9,000,000 and in markets \$19,000,000. There is an investment of \$36,000,000 in buildings for police and penal purposes, and an annual expenditure of \$35,700,000 for 29,000 police officers, who make nearly a million arrests.

This is an "off year" for the democrats.

The socialist vote in this territory should be referred to the referendum. It will take some time for the socialists to wipe out the democrats in this city.

The various countries of the world are said to use 13,400 different kinds of postage stamps.

The populists have entirely disappeared from the state and national offices in Kansas.

Las Vegas has nearly all the territorial officials, and yet the town is not politically happy.

Delegate Flynn thinks the small republican vote in Oklahoma will defeat the statehood bill.

The Santa Fe company could win golden opinions by improving the train service from Lamy to Santa Fe.

Las Vegas is coming to the first New Mexico state fair. The big exhibition will be held in Albuquerque next October.

The Socorro Chieftain supported all three of the tickets in the recent campaign, and now wants to know where it is at.

Oklahoma polled 85,000 votes at the recent election. That territory is making rapid growth and certainly is entitled to statehood.

The republicans having elected all the members of the territorial council, the services of a chaplain for that body will not be necessary.

This city will have eastern railway connections next year, and can make the next annual fair twice as big as

the one held this year. Let's do it.

Tom Johnson's political circus has gone into winter quarters in Ohio. The season was disastrous to the manager, he having lost the state by a big majority.

The people of this city should make all necessary arrangements for the reception of the senate committee on territories, who will visit New Mexico in a few days.

There are several "dons" in San Miguel county who are one year republican and the next year democratic, who should be relegated to the Las Vegas political grave yard.

The rose is the emblem of secrecy in Greece, and was formerly hung over the table where guests were entertained in token that nothing heard there was to be repeated.

Los Angeles calls El Paso a way station. The California town may soon realize that the Texas city is growing and that in a few years it will be a larger city than Los Angeles.

A parliamentary paper recently issued in London gives complete statistics concerning the Boer war. A total of 286,081 troops were recruited there. The casualties were: Killed, 5,744; wounded, 53,020; died of wounds or disease, 16,168. It is estimated that the war cost the British government more than \$1,000,000 a day to carry it on.

The Mineral Wealth at Kingman says that booze is a better vetter in Arizona than printer's ink.

Virginia's new constitution is said to be highly successful. The test of success for the latter day constitution in all the southern states is its service ability in extinguishing the negro vote.

Capt. A. B. Fall had a close run for the territorial council in the "shoe-string" district, but the latest returns show that he is elected by a small majority. He will be one of the ablest members of the legislative council, and will do good work for New Mexico.

Santa Fe is waking up, caused by the building of the Santa Fe Central railroad. The old town is building new sidewalks and cleaning up. Several elegant new buildings are in process of construction. Santa Fe has the best climate in the United States, and it is destined to be a city of pleasant homes.

One of the unexpected results of the extension of the rural free delivery service is the discontinuance of post-offices in the smaller rural communities. As a result of the extensions of the service last year 1,906 post-offices were discontinued, effecting a saving in the salaries of postmasters aggregating \$116,507.

Gov. Otero has declined to use the contingent fund appropriated to the executive office by the last legislature. This expense is not necessary, and Gov. Otero deserves credit for declining to use this fund. This will, it is hoped, effectually dispose of the legislative habit of appropriating money for the use of the governor's office.

The next Arizona legislature will be almost solidly democratic.

This city will give the senate committee on territories a big reception.

The Las Vegas Optic should pull itself together and quit crying over the recent democratic defeat.

McKinley county deserves the miners' hospital, Gallup being in the center of a vast coal mining region.

The republicans of this city are in a most cheerful humor with all creation, and will favor the erection of a government building at Las Vegas.

The Phoenix Republican says: "Pessimists who have refused to believe in the coming of statehood should remember that never before were we able to persuade a committee from congress to visit us in a body for the purpose of looking into our claims."

Major W. H. H. Llewellyn, of Las Cruces, is in the city. The major was elected a member of the territorial legislature, at the recent election, and is being urged for speaker of the house by his many friends. He has filled the position a term and makes an excellent presiding officer.

It is officially stated that Chicago has lost more than \$10,000,000 by tax frauds in the last ten years, or an average of \$2,000,000 a year, besides hundreds of thousands of dollars in personal taxes, which never have been collected, or if they have been the treasury failed to get the funds.

The result of the election in Socorro is now in the courts, the commissioners of that county having been enjoined and mandamus from counting the votes cast for the independent ticket in that county. The case will be heard by Judge Benjamin S. Baker, of this district, on change of venue from Judge McMillan's district.

The republicans of Bernalillo county have had in the past very few of the territorial offices. At the present time this county has only one territorial position—the commissioner of the land board. The party desires to honor Nestor Montoya by making him speaker of the house. This is not much to ask of the republicans of the territory.

Victoria falls of the River Zambesi, South Africa, correspond in height and volume of water to Niagara, and a company has been organized to employ them in the generation of electric power for the opening of adjacent coal and copper mines and for manufacturing purposes. The company has contracted for a plant to cost \$3,000,000 to be in running order in three years.

Sheep Grazing Permits.

The following notice to sheepmen was sent out last week by F. A. Breen, superintendent of the San Francisco Grand Canyon and Black Mesa forest reserve, in Arizona:

"A decided change has been made in the method of handling applications for sheep grazing permits the coming year. Last year the division of range and the number of sheep each owner was allowed to graze was decided upon by the Wool Growers' association, with a reservation that the interior department could readjust same if it saw fit. By an order of the honorable secretary of the interior, dated October 24, 1902, the Wool Growers' association are now eliminated from the matter of allotments and other control, and the grazing is placed directly in the hands of the forest supervisors, under the same rules as heretofore existing, imposing the same penalties and obligations as last year."

"When the sheep grazing question is settled for 1903, and the supervisor has been advised of the number of sheep to be admitted, applications should be submitted to him direct."

"It is expected, however, that sheepmen will use good judgment in making their applications so as to cover range which they have certain rights to and avoid conflicts with their neighbors, as well as in the necessary reduction of sheep to keep within the limited number set for each reserve or division."

"Sheepmen should see that the applications are sent in as early as possible that they may be acted upon, for no sheep will be allowed to come onto reserves until they have been granted a permit; and if they are kept out because owners have failed to make application in time, no one is to blame but themselves."

The first spike in the Phoenix & Eastern was driven at Phoenix Monday morning. The first tangible result from this road as just announced in the form of the assurance that a large smelting plant will be erected on this line in Pinal county by the Arizona Mining company.

FIRE AT LAS VEGAS.

Henry Goke's Residence Scorched—Late Miguel County Returns.

Las Vegas, N. M., Nov. 9.—The fine large two-story house belonging to Henry Goke, on North Sixth street, opposite the Montezuma park, occupied by Dr. J. M. Cunningham, was badly damaged by fire yesterday afternoon.

The fire was caused by a pile of leaves being burned in the alley, the fire communicating to the barn, which was soon enveloped in flames. From the barn to the house was a lattice work, along which the flames, fanned by the wind, reached the residence and soon the whole rear of the house, barn and lattice work was a seething mass of flames.

The fire company was slow in getting to the scene, and the garden hose which was played against the barn when the flames were just breaking out availed nothing.

The furniture was carried out of the house, when it was seen that it could not be saved and almost everything of value was removed by willing hands. Express wagons then carted the goods to a place of safety and the principal loss will be in the house itself, which is badly damaged.

The west side company was not called at first, as the fire was not thought serious, and when they arrived it was too late to save the house from catching fire, despite the fact that three lines of hose were playing on the fire. Good work was done by the companies when they did arrive and the fine home of H. W. Kelly, only a few feet away, was saved, with only some of the paint being blistered.

The fire broke out about 2:20 and it was a long, hard fight for the companies, which deserve praise for their work.

Ed. McWenle received quite a bad injury by a slab of marble falling downstairs and striking him in the head, knocking him senseless for a short time. A large gash was cut, and a surgeon sewed the wound in his scalp.

Returns have been received from every precinct in the county, and the following shows the vote reported for each candidate:

For Delegate—Rodey, 2,794; Ferguson, 1,984.

For the Council—Spleas, 2,420; Duncan, 2,367; Gallegos, 2,320; Olney, 2,366.

For Sheriff—Romero, 2,470; Rudolph, 2,272.

Probate Clerk—Jaramillo, 2,297; Sena, 2,454.

For County Commissioner—Second district, Gallegos, 2,395; Pate, 2,356. Third district, Rogers, 2,445; Glise, 2,293.

For Treasurer and Collector—Eugenio Romero, 2,439; Benigno Romero, 2,306.

For Assessor—Esquibel, 2,286; Chavez, 2,436.

For Probate Judge—Boca, 2,428; Pena, 2,314.

For County Superintendent of Schools—Quintana, 2,423; Gallegos, 2,328.

For Representatives—Coleman, 2,346; Gutierrez, 2,411; Romero, 2,389; Ortiz, 2,313; Jiminez, 2,334; Lucero, 2,430.

For Surveyor—Fresquez, 2,401; Rice, 2,354.

From the above it can be seen that the fusionists have elected three of their candidates—assessor, clerk and one representative—on the face of the returns, but the official count may show different results.

Miss Martha Owen arrived here yesterday afternoon from Springer, to be the guest of Miss Dove Wilson. Nate Leivy left Friday evening for El Paso, where he has a position in one

of the Harvey system lunch rooms. R. C. Rankin has returned from his trip to Kansas, where he buried a brother, who died in the Philippines.

C. J. Gavin left Saturday afternoon for El Paso, and will return home in the morning. Mr. Gavin is very enthusiastic about the outlook for New Mexico, and predicts that there will be more development in this territory in the next five years than in any other point in the southwest. On November 19 he will address the Kansas City Commercial club at its annual banquet, on statehood. Admiral Schley will be present also.

W. P. Althoff, a Denver machinery man, arrived here yesterday afternoon to look after his business interests. He intimated that there is another artificial ice plant contemplated here.

Gus Krabbe, the drug clerk in the Center Block pharmacy, will leave Monday for Keokuk, Iowa, to take a course in dentistry.

Col. R. E. Twitchell returned Saturday evening from his trip down the road.

M. Greenberger returned Saturday evening from his sojourn of a couple of days at Albuquerque.

Mrs. Philip Holzman arrived Saturday evening from Albuquerque and will remain here some time.

Mrs. Julius Linde and son returned Saturday evening from her trip to Trinidad to visit with friends and take in a big wedding there.

C. C. Brawner, local chairman of the protection board of the B. I. E., and Thomas B. Bowen, chairman of the same committee for the B. I. E., left Saturday evening for Topeka, where they will meet with the general board on the 10th to adjust the wage question.

It is rumored here, quietly, that a new spur of the Santa Fe from Azul to Taos is being contemplated and that the surveyor expects orders to run the line at any time.

The E. Romero Hose company wagon, yesterday evening, when returning from the Cunningham fire, in turning the corner at Sixth and Douglas, smashed one of their wheels by making too quick and short a turn.

A line of sheds over the depot platform with extensive enlargements of the Castaneda is one of the improvements to be made in the near future by the Santa Fe here.

Hon. J. W. Reynolds came over Saturday night from Santa Fe and returned Sunday afternoon.

Thomas Hubbell, large and jovial as ever, came in Sunday afternoon from Albuquerque.

Mrs. J. B. Floyd left Sunday afternoon for St. Louis for a visit with relatives and friends.

Capt. W. C. Reid has returned from his business trip to Roswell.

Santiago Ortiz, deputy sheriff, came down from Clayton Saturday evening on a business trip to Meadow town.

Levi A. Hughes came over Sunday afternoon from the territorial capital.

Deputy United States Marshal Fred Fornoff and R. E. Leatherman arrived here Sunday afternoon with Will Nell and Sam Bass, two of the Fort Sumner postoffice robbers who have been in jail at Albuquerque for several months. George Masabee and George Cook are in jail here and the four of them will have their trial this week before the United States court.

Here From His Mine.

J. M. Wilson has returned from San Acacio, Socorro county, where he and a number of associates are opening up some promising copper mining properties. Mr. Wilson says that a shaft has been sunk about forty feet, from which they have run a cross cut tunnel sixty feet in length. The tunnel pierces a rich body of ore, which runs about 65 to 90 per cent copper and carries with it enough gold and silver to pay for the taking out. He thinks that they have struck the mother vein and that it is the richest strike ever made in the territory. A steam hoist is being installed and ore will be taken from the mines in a few days in car load quantities. The strike has created considerable excitement and a rush of mining men to that vicinity is in progress. A townsite has been laid off and lots are being sold at good prices. A store and several houses are already in course of construction.

Saltng Mines Not a Lost Art.

The "saltng" of mines has not yet passed into "innocuous desuetude," not at least in Alaska. A report from there, telegraphed from Tacoma, Wash., gives some details of a "salter" who was nabbed and indicted by the grand jury at Nome, charged with having committed this most reprehensible act. It speaks well for the moral tone of Nome that the gentleman in question should have been permitted to make an appearance before a grand jury; the time was, and not so far remote when, in some camps, the grand jury before whom the culprit would have been brought, would have consisted of the stout limb of a tree, not too high up, and a strong hempen cord; but "tempora mutantur," so let it go at that.

Roswell Will Have Better Postoffice.

As a result of Postoffice Inspector Doran's visit last week, Roswell is now assured of greatly improved postoffice facilities by the first of the year. For the past eighteen months the present postoffice furniture has been entirely inadequate to accommodate properly the business of the office. In fact, if Postmaster Mathews had been able to give boxes to all who desired them, the receipts would already be large enough to justify free mail delivery. In this and many other ways has the postoffice force been hampered in the transaction of the large postal business handled in Roswell. New fixtures to cost

\$4,500 are to be put in by the first of January.

Death of Danna Wingate Cobb.

The Los Angeles Times gives a brief account of the death of Danna Wingate Cobb, which occurred in Los Angeles a few days ago. He was about 48 years of age, and was from Muscatine, Iowa. In the early days of Albuquerque Mr. Cobb was the local agent of the Wells-Fargo Express company, and resided in a nice frame cottage on South Broadway near the Congregational church. The deceased, with his wife, was a good citizen while a resident of this city, and many friends will condole with Mrs. Cobb over the death of her husband.

POLICE COURT.

The usual Monday morning visitors of police court were the occasion of a short session, endowed the police funds with a small amount of the necessary.

Lucas Chaves was fined \$5 for being drunk on the streets last night.

Three offenders of public decency were run in last night and each paid a fine of \$5 for the offense.

The police are keeping a close eye on men who have not respect enough for the public to refrain from committing public nuisance, and the violators of the law are receiving their just dues.

A BREATHING SPELL.

If the consumptive could only keep from getting worse it would be some encouragement.

Scott's Emulsion at least gives tired nature a breathing spell. The nourishment and strength obtained from Scott's Emulsion are a great relief to the exhausted system.

This treatment alone often enables the consumptive to gather force enough to throw off the disease altogether.

Scott's Emulsion brings strength to the lungs and flesh to the body.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 609 Pearl St., N. Y.

RAILROAD NOTES.

Engineer Patterson is back at work again after a short lay off.

Conductor W. C. Hurt has returned from a brief sojourn at Kansas City and other eastern cities.

Mrs. Thomas Stewart, wife of the well known engineer on the Arizona & New Mexico road, died in El Paso the other day, where she had been in the hospital.

Mrs. Kennedy, wife of Chief Engineer Kennedy, of the Santa Fe Central, arrived at Hillsboro. She is the guest of Mrs. W. S. Hopewell at the Animas ranch.

Senator W. H. Andrews and Hon. W. S. Hopewell, prominent officials of the Santa Fe Central and Albuquerque Eastern railroads, went to Santa Fe Saturday night.

The new time cards have arrived and will soon be distributed among the railroad men entitled to them. There are few changes except that the California limited will be in daily service after the 16th.

H. B. Miller, an old time Santa Fe conductor, who left New Mexico in 1893 and had not been back since 1895, when he passed through on his way to Mexico, is now in Las Vegas for a few days, shaking hands with old friends.

The Brotherhood of Railroad Trainmen will give a masquerade ball on New Year's eve at Needles. They are making elaborate preparations for the event and it will undoubtedly be one of the events of the season. A large assortment of costumes will be on hand for rent for several days previous to the ball.

The Santa Fe railway reading room is availed of by many outside of employees of the company. Of course the room and its appearances are much restricted since the fire but still it is a neat and cozy place. The number of volumes in the library is between 400 and 500. This literature embraces fiction, history, science, arts, etc. There are papers there received daily from New York, Chicago, Kansas City, Topeka, Albuquerque and other important cities. These papers are not donated but are subscribed for regularly. A pack of cards grace the center table showing that the "boys" are educated in the art of the four suits and indulge in a social game occasionally without the use of chips.

The proposition to increase the 2,000 mile interchangeable mileage ticket now in use by the Western Passenger association roads to 3,000 miles has been voted down by the mileage bureau, and the Western Passenger association struck the subject from the docket.

Rock Island officials announce the coming of the crown prince of Siam, Maha Vajiravudh, who passed through Topeka yesterday afternoon at 2:10 o'clock on his transcontinental trip. He travels by special train and will be handled by the Rock Island from Kansas City to Colorado Springs, thence over the Santa Fe to Pueblo, thence via Albuquerque to the coast.

The following item from the Chicago Record-Herald, describing the incidents of General Manager P. S. Blodgett's death, will interest many Carlisle friends: "Before he died, and conscious that the end was near, P. S. Blodgett, general manager of the Lake Shore railroad, made all arrangements for his own funeral. He selected the passages from the Bible to be read and the songs for the service. The funeral was held at Calvary Presbyterian church on Thursday afternoon at 2 o'clock. Telegrams of condolence have come to his family in large numbers and a large gathering of prominent railroad men attended the obsequies."

BUDDHISTS WANT RATES.

Pagan Missionaries Desire to Travel on Clergy Permits.

At the regular meeting of the Transcontinental Passenger association to be held in Topeka November 18, the passenger representatives will have to decide the status of Buddhist missionaries when traveling in the United States. The question to be determined is, are Buddhist missionaries entitled to half-rate privileges on the railroads on the ground that they are ministers of the gospel, clergymen, Christian missionaries or religious workers? Ap-

ACKER'S

DYSPEPSIA TABLETS

cure dyspepsia and all disorders arising from indigestion. Endorsed by physicians everywhere. Sold by all druggists. No cure, no pay. 35 cents. Trial package free by writing to W. H. Hooper & Co., Buffalo, N. Y. J. H. O'Reilly & Co., and E. H. Briggs & Co.

plication has been made, it is understood, by several of the Buddhist missionaries for clergy certificates, and the employees of the clergy bureau did not know what to do with the applications. Some of the passenger men to whom an appeal was made asserted that the Buddhists are heathens, and instead of being advance guards of civilization are representatives of the dark ages, and therefore not entitled to any consideration.

It is likely that the coming meeting will decide to make the aggregate annual gatherings of the association three in number instead of four, and provide that the places of meeting shall be selected by a two-thirds vote. Clergy arrangements for 1903 will be under consideration, together with several important matters.

E. F. Cost, freight traffic manager of the Big Four road, has resigned and the office abolished. George H. Ingalls, the son of President M. E. Ingalls, has been appointed general freight agent and will have charge of the traffic affairs of the road. There is some criticism of President Ingalls for promoting his son over the heads of other traffic men on the line. George Ingalls has been assistant general freight agent for only a year.

IN ABSOLUTE CONTROL.

Power to Control Rock Island Vested in Four Men.

With the issuance of the new Rock Island company stock now going on four men have absolutely fixed their control of the Rock Island system, one of the largest and most promising in the country and the west. The four men are W. H. and J. H. Moore, William Leeds, and D. G. Reid.

This control is fixed through the terms printed on the stock certificates, which are being issued by the Central Trust company and accepted by shareholders. They provide in plain language that the control of the board of directors of the company, being a majority, shall be elected by votes of the preferred stockholders. The preferred stock is principally owned by these four men. In response to criticism, the provision that the management of the company might buy and sell its own securities was eliminated. But the control of the board through the preferred stock has not been changed, as the certificates show.

Out of the old capitalization 95 per cent has been deposited to exchange for the new securities, and it would appear that the stockholders are not dissatisfied with the provisions of the new issue. The acceptance of stock has finally settled the matter.

An American railway engineer who has just been placed on the pension list has one of the most remarkable records of any locomotive engineer in the world. For forty-two consecutive years he has kept an account of the miles he has traveled. The total amount is 1,492,297 miles. Had his engine always headed in the same direction he would have circumnavigated the globe fifty-six and a half times.

WOULD NOT BE BLUFFED.

The Santa Fe Refuses to Yield to Beef Trust's Threats.

The Southern Pacific has renewed its contract with Armour & Co. to use Armour refrigerators for another three years. The Santa Fe declares it will not renew its contract and is proceeding with plans to get all the refrigerator cars it can. These two roads recently announced they would not renew their contracts with Armour & Co. because they said the packing companies held a practical monopoly over railroads in the refrigerator car service. The packing house merger would make the monopoly absolute, and place the railroads at the mercy of the packers. When the declaration was made Armour & Co. said they would organize a company for the buying and transportation of California fruit, so that their cars would not have to be idle. This announcement brought the Southern Pacific to terms.

RAILROAD TIME TABLES.

Genius Who Can Arrange to Be Understood by Public Yet to Be Born.

The genius to arrange a railroad time card, or time table, so that it may be readily, easily and accurately understood by the occasional traveler is not yet born, says the New York Press. Perhaps he will be made. But no matter how much the patron of a road may be mystified the management takes particular pains to supply a special card "for the government and information of employees only." This table is so simple that a child can understand it. The second page usually contains a table showing the rate of speed required per mile for a train to travel a given number of miles in an hour. It starts at fifteen miles an hour, which is four minutes to the mile, and goes as high as 100 miles an hour, or a mile in thirty-six seconds, and shows 200 subdivisions.

This card gives locations of regular water stations, yard limits, situations of standard clocks, maximum speed of freight trains between different towns, what days are holidays, speeds at which trains may cross bridges at various hours and a list of all stations and trains. It is likely, of course, that were similar cards furnished to the traveling public there would be no abatement of fool questions. Besides, it is not to the interest of a railroad company to take the public too entirely into its confidence.

E. M. Quilan, wife and child were visitors for a few hours this morning in the city. They were on their way to Helper, Utah, after a pleasant visit with relatives in San Marcel. Mr. Quilan is a conductor on the Rio Grande Western, and was formerly a conductor on the Santa Fe. He has many friends in the city, who were glad to shake hands with the popular conductor that once made Albuquerque his headquarters.

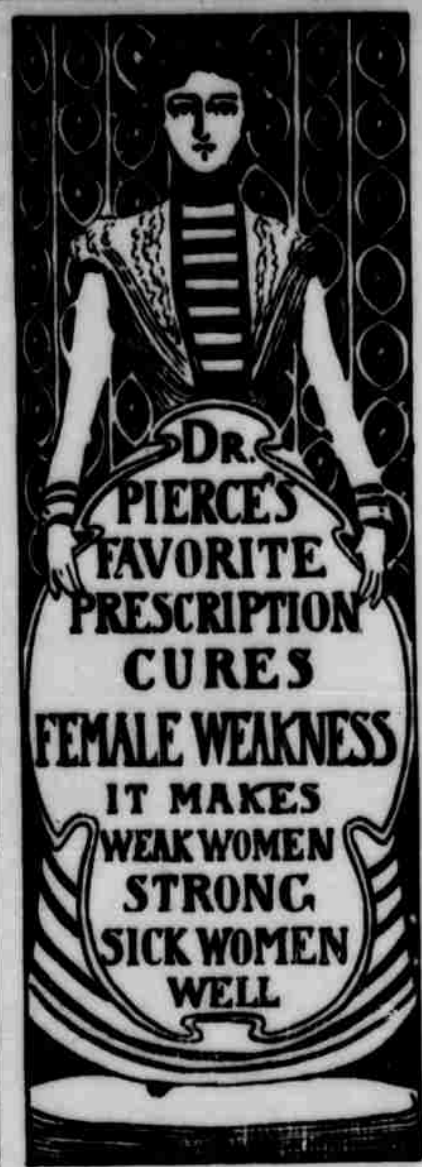

PAUL MORTON PRESIDENT.

Harriman Said to Want Him for Southern Pacific.

Since it became known that President Harriman, of the Southern Pacific intended to resign, there has been much speculation as to who the new president would be. Several prominent railroad men in the west have been mentioned in this connection, but who the new man will be cannot be said for certain until the chairman of the board officially announces Mr. Harriman's successor.

In talking to an El Paso Herald man a prominent El Paso man who is in a position to know a good deal on the subject, said:

"I am certain Paul Morton, vice president of the Santa Fe, stands as good a show as any man to get the presidency of the Southern Pacific system, if he wants it. He is in very close touch with Mr. Harriman, both personally and in a business way, and I believe Mr. Harriman has asked him if he would accept the position."

A Dangerous Month.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night. Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West Fifth St., Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know its best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c and \$1.00 at Cosmopolitan Pharmacy, B. Ruppe.

TRUNKS LEFT BEHIND.

Rush to California Too Big for Santa Fe to Handle.

Last Wednesday about 100 trunks belonging to passengers who had gone through on numerous excursion trains to California were put off at Emporia, Kan., and remained until the next day. In the meantime passengers have wired for their baggage until the wires almost melted. The fact is, none of the baggage cars would take the trunks because the cars were already filled, so there was nothing to do but leave the trunks there (ill) a baggage car happened along that would take them. The trunks were sent west last Friday. The owners of them reached their destination some time ago. Such a thing seldom ever happens on the Santa Fe, and the situation but demonstrates how many passengers are going west to California to spend the winter.

OFFICERS ELECTED.

Leads President of the Rock Island's St. Louis Line.

The board of directors of the St. Louis, Kansas City & Colorado railroad, the Rock Island's St. Louis-Kansas City line, have held their annual election of officers. The old officers were elected with the following exceptions:

William B. Leeds, president, was selected to succeed David R. Francis, as chairman of the board. Mr. Francis is still a director.

Robert Mather, second vice president and general counsel, was elected to succeed George L. Sands, as vice president. Mr. Sands was general manager of the Colorado, which office has been abolished for the office of general superintendent, now filled by W. E. Morse. P. H. Haynes was elected treasurer and George H. Crosby, assistant secretary.

ORIENT OFFICERS.

Elected at a Meeting Held in Kansas City.

Edward Dickinson, the new general manager of the Kansas City, Mexico & Orient railroad, was elected third vice president of the Orient at a meeting of the board of directors held in the company's offices in Kansas City. The meeting was the annual one held for the purpose of electing officers of the Orient company.

With Mr. Dickinson as third vice president the new officers of the Orient are as follows:

President—A. E. Stilwell, Kansas City.

First Vice President—Enrique C. Creel, Chihuahua, Mexico.

Second Vice President—W. W. Sylvester, Kansas City.

Third Vice President—Edward Dickinson, Kansas City.

Fourth Vice President—H. H. Melville, Boston.

Secretary—Neal S. Doran, Kansas City.

Assistant Secretary—J. Crosland Taylor, London.

Treasurer—W. A. Rule, Kansas City.

General Counsel—Judge J. McD. Trimble.

Members of the executive committee were chosen as follows:

E. L. Martin, chairman; Edward Dickinson, W. S. Woods, W. A. Rule, A. E. Stilwell and W. W. Sylvester.

The election and the transaction of routine business occupied the entire time of the meeting.

Mr. C. G. Mitchell, general purchasing agent for the Orient railway, arrived at the Quince house from St. Louis. He came to confer with Mr. Stilwell.

"The Orient railway is buying rails and locomotives in both Europe and America," said Mr. Mitchell. "There have been few delays in shipping during the last few months. We are buying some rails in England, but there is very little difference in cost between American and foreign made rails."

Worm Destroyer.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist; 25c at Cosmopolitan Pharmacy, B. Ruppe.

JOE GARDNER WON.

Clay McGonagill Claims Foul in San Antonio Roping Contest.

The big roping contest in San Antonio, last week, for a purse of \$1,000, was won by Joe Gardner, of San Angelo, in 35 1/2 seconds. There were sixty entries. Clay McGonagill, the Pecos Valley champion, who was here at the recent territorial fair, was entered, and the following from the San Antonio Light probably explains why he did not get a chance at the big prize, as he is capable of making much better time than did the winner:

"Clay McGonagill, of Carlsbad, N. M., who holds the world's championship for roping and tying a steer, his record being 23 seconds, showed his two lariats he used in yesterday's roping contest, at the Light office. It is plain to be seen why he missed first prize, as both of his ropes broke. He had his steer caught in 4 seconds and then his rope broke. He tried again with a second rope, and it broke and he gave it up. He picked up the broken ends of the ropes and closely examined them and found the inner strands of both ropes had been cut partially with a small penknife. The ropes bear the evidence and it looks greatly like very foul play to him. His friends lost lots of money on him on this account and Clay feels very bad about it. It is probable he will challenge the entire crowd for the contest on the 25th with a thoroughly tested and carefully examined rope."

Later—Another match was arranged for a purse of \$1,000, each one to rope and tie three steers. Clay McGonagill won, tying his three animals in 2:09 1/2 seconds. His best time on a single steer was 34 seconds. Jim Hopkins won second money and Ellison Carroll, third.

Beautiful Clear Skies.

Herbine exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, greasy skin, and more or less of pimples, blotches and blackheads. 50c at Cosmopolitan Pharmacy, B. Ruppe.

OFFICIAL MATTERS.

Dr. Kilmer & Co. recorded the trade mark "Swamp Root" for a liquid patent medicine preparation. The proper papers were filed in the office of Territorial Secretary J. W. Reynolds.

Martin Hertsog and Elias D. Fair, of Wapello county, Iowa, and Benjamin S. Phillips, of Sierra county, New Mexico, filed incorporation papers for the Black Range Tunnel and Mining company. The capital is \$1,000,000 divided into 1,000,000 shares, and the New Mexico headquarters are at Chloride, Sierra county. The main office is at Ottumwa, Iowa. The incorporators are Elias D. Fair, O. L. Stafford and Benjamin S. Phillips.

Land Office Business.

Homestead Entries—Jose Veners Padilla, Ocate, 155.75 acres, Mora county; Walter Sverdfeger, Raton, 160 acres, Chispa county.

Pinal Homestead Entries—Mannasah Gallagher, Ramah, 158.18 acres, Valencia county; John Balok, Guan, 160 acres, McKinley county.

Mineral Applications—Lottie M. Ashton, of 150 Manhattan avenue, New York City, Dora No. 1 lode, Bromide

district, Rio Arriba county; same, Pigeon lode, same district and same county; James P. Hinker, Tres Piedras, is attorney in fact.

Civil Service Positions.

The United States civil service commission announces that on December 9 an examination will be held for the position of chemical clerk in the bureau of chemistry, department of agriculture, salary \$900 per annum; on December 9, for the position of medical interne, government hospital for the insane, Washington, D. C., salary \$600 per annum; on December 9 and 10, for position of department assistant. As the result of the examination to be held on December 9 and 10 it is expected that appointments will be made especially of eligibles qualified in book-keeping, finance, chemistry, civil engineering, electrical engineering, agriculture, and the Spanish language, at salaries of \$1,200 to \$1,400 per annum. The time allowed for this examination is two days of seven hours each.

WEALTHY LADY.

Mrs. Williams, of New York, and Party Here Today.

Mrs. Lawrence Williams, an elderly lady of immense wealth, whose home is in New York, arrived from the west this morning, accompanied by her niece, Miss Marguerite Peters, and Messrs. James L. Woods and W. H. Deal. The latter gentleman is the Albany superintendent for the Pullman company. Mrs. Williams and her party travel in the luxurious private car "Colonial" and are touring the west for pleasure. They have been to the Grand Canyon of Arizona and after spending the day in Albuquerque will go to Santa Fe tonight and thence north through Colorado to New York.

Mrs. Williams was seen by a Citizen reporter this morning and said that she was enjoying her trip very much and was sure she would be pleased with her visit to Albuquerque. She is very wealthy and has gained much notoriety through the west for her liberality.

The "Colonial" is sidetracked near the Alvarado.

FIRE AT ALVARADO.

Discovered in Time to Prevent a Big Blaze.

A small blaze was discovered in the basement of the Alvarado yesterday morning, which was extinguished before any damage was done. It is supposed to have originated from a match which was among the rubbish dumped through the trap, and a rat in its ravaging ignited it, causing the small blaze. Had it not been for Mr. Walker, the night clerk, making his time investigation, the result might have been disastrous.

A stream from a small hose did its effective work in a short time. A few lessons of this kind will teach that rubbish of very small lots may cause quite a conflagration.

Several complaints have been made that the people of the city are very careless in the storing of inflammable matter in cellars and outhouses. Here comes the urgent need of a fire warden to inspect the business houses, stores and other places where boxes and packing are stored in large piles. All precautions should be used to guard against fire which is cruel and inconsiderate when it once has a start. All though the Alvarado and many stores of the city are equipped with good fire appliances, yet this is not to be considered when dry boxes and packing material are thrown loosely about as to encourage fire. A fire, like all trouble, always comes unexpected and everyone knows the result. This is proved by the fact that the fire yesterday morning originated in a locality entirely separate from anything connected with the lighting and heating apparatus and at such an inopportune time, that only a fortunate discovery thwarted its purpose.

Anxious Moments.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given. Alvarado Pharmacy.

OUR BOYS VICTORIOUS.

They Vanquished the Old Town Foot Ball Team.

A fiercely contested pigskin battle took place yesterday afternoon between The Citizen and Old Town teams. It was a game of skill matched against weight, but the Citizens, who lack the former but have an enormous quantity of skill and nerve scored five while their heavy opponents were not able to make a single goal.

The game was noted for its roughness and a few fights would no doubt have been on the program had not the leading players of The Citizen team been true and respectful to their game.

As the gladiators emerged from the arena, covered with dirt, faces blood black eyes, hair torn and ragged and their usual neat appearance in a dilapidated condition, it was a sight to be held.

The Old Town eleven were all large and husky fellows, but the little fellows full of fire and knowing no defeat were not afraid of the avoidpups of their contestants.

The Citizens have never been defeated since their entrance into the athletic world. They are willing to play any team that will come within reasonable bounds of their weight.

STORK
TIME

to most women is a term of anxiety, serious thought and sweet anticipation.

With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

MOTHER'S
FRIEND

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs, are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin. By lessening the mother's agony of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humbly, remaining a blessing ever to you and its country. All Druggists sell Mother's Friend at \$1.00. Write for our free book "Motherhood" THE BRADFIELD REGULATOR CO., Atlanta, Ga.

LOCAL PARAGRAPHS.

C. J. Gavin, of Raton, spent yesterday in the city.

Sheriff T. S. Hubbell has gone to Santa Fe on business.

Dr. W. D. Radcliffe, of Belen, is in the city today on business.

A. Faber, the carpet merchant, visited at Bernalillo yesterday.

Clifton Hill, the postmaster and general merchant of Isleta, is here today.

George Moore, the salesman of Marshall Field & Co., of Chicago, went north this morning.

Dr. Y. Davila Valle, of San Mateo, Valencia county, is in the city today on professional duties.

Mr. and Mrs. A. J. Peterson, after spending a pleasant Sunday with friends in El Paso, returned home this morning.

Street Commissioner Martin S. Tierney is doing a good work building a new bridge over the big dry arroyo on North Walter street.

Leon Hertzog, formerly with S. Benjamin & Co., has opened a general store in the new W. C. Leonard building on North First street.

R. B. Thomas, general manager of the Consolidated Mining & Smelting company of Cerrillos, came down from that place Saturday night.

A special meeting of the Ladies' Aid society will be held at the Lend Avenue Methodist Episcopal church, Tuesday afternoon at 3 o'clock.

Mrs. C. E. Cramer has gone to Los Angeles, in response to a message that her husband, the well known Santa Fe Pacific engineer, is quite ill.

N. E. Stevens, traveling representative for the Montezuma Building and Loan association, who was up north on business, has returned to the city.

The W. R. C. will meet at K. of P. hall Tuesday, November 11, promptly at 2:30 p. m. Initiation. By order of president, T. A. Whitcomb, secretary.

Henry Loeb, one of the proprietors of the Southwestern Brewery & Ice company, hunted ducks near Bernalillo yesterday. He reports having had fair luck.

A. J. Frank and T. G. Utley, of New York, were passengers for Algodones this morning. They expect to remain at the new smelter camp several weeks.

Mrs. W. Graham, L. Rawlins and H. Graham will entertain the G. A. R. W. R. C. and families at a camp fire in K. of P. hall Tuesday evening, November 11.

Col. and Mrs. J. Francisco Chaves passed through the city this morning en route from Los Lunas, where they visited friends over Sunday, to their home at Santa Fe.

Miss Jessie Hild returned to her home at Las Vegas this morning after spending a couple of weeks in the city visiting with her uncle, Noa Hild, the big wool merchant.

The home of Mr. and Mrs. George Shade, 709 South Third street, was brightened Friday night by the arrival of a little girl. The Citizen is pleased to say that all concerned are doing nicely.

The Albuquerque Gas, Electric Light & Power company have closed a contract to furnish electrical power for the new wool and cloth mill, which is under erection north of the city. This is the first woolen mill in the west to use electrical power.

At Matson's beginning Tuesday, reserved seats for Miss Mary Menaul's concert at Colomby hall next Friday evening, will be sold. Popular prices will prevail. Tickets \$1.75 cents and 50 cents will secure seats in different parts of the house.

Prof. C. E. Hodgins is in receipt of a letter from Attorney Karl A. Snyder, of Roswell, formerly of this city, which gives the announcement of the arrival at his home of a fine baby boy. Attorney Snyder is one of New Mexico's staunchest republicans and says that he will train the heir in the right line.

There will be a regular meeting of G. K. Warren post No. 5, tomorrow evening, November 11, at 7:30 o'clock prompt, in Knights of Pythias hall.

Prisoner Taken to Kansas.

Sheriff E. E. Meyers, of Lawrence, Kansas, arrived last night to take charge of Duff Rice, the negro who was arrested here Friday by Marshal McMillin.

Sheriff Meyers stated to a Citizen last night that Rice was wanted in Lawrence for breaking into a drug store about three weeks ago. He was suspected of the robbery, but disappeared before the arrest could be made. Telegrams of his description were sent east and west, and Marshal McMillin's quick and watchful eye with one glance decided Rice was the man and he was locked up. Mr. Meyers said that if Rice was found guilty he would serve seven years digging coal several hundred feet down into the bowels of the earth, where he will have no chance to play with fire works. Rice had been in this city several days in

NEWS OF THE CHURCHES

Something new in religious benevolence, soon to be announced, is a true A. It is not a combine, but a financial institution to have most of the functions of the trust company. It will be a middle corporation, in that it will act with equal interest for the giver and the receiver. People decline, it is said, to deal directly with the mission and other benevolent organizations of the churches because such organizations represent themselves only. The proposed benevolent trust will be one step removed from these missionary societies. It will give expert and accurate information concerning all benevolent causes, and perhaps advice concerning them, but will not be committed to any of them, and the inquirer will be shielded by it from coming into contact with them unless the giver finally decides to disclose his or her identity. The project is to empower the benevolent trust to receive and administer funds for all benevolent purposes, educational and charitable as well as missionary, but to have it administer them through existing missionary and other benevolent agencies, and not create new distributive machinery. Some men of large money interest are connected with the plan, which is wholly new in benevolent administration.

Baptist Evangelists.
Baptists are to take pattern after Presbyterians in organized evangelism. They go a step farther than Presbyterians, however, in endeavoring to provide a distinct place in Baptist economy for the professional evangelist. At Winona, where many Baptist leaders assembled this season, a committee was named to set the matter before the churches. That committee has issued a statement, in which it sets forth three things. One of these asks each state convention to provide in the program of its next meeting for a discussion of the scriptural sphere and present need of trained evangelists. The second asks these conventions to appoint delegates to represent them in the denominational meeting already provided for in connection with the anniversaries in Buffalo next May. And the third recommendation is that state conventions appoint evangelistic committees, which shall promote conferences and revival services this winter. It is not expected that a national evangelistic committee can be named until the meeting at Buffalo next May. Some objection has been already heard among Baptists. One objection is the number of committees now at work. Another is the multiplication of agencies in the same fields. And a third is to evangelists themselves. In spite of these objections, however, Baptist leaders receive the recommendations as a whole, and show an inclination to comply with them.

General Booth's Work.
Gen. William Booth has been having large meetings in Canada and has held conferences with field officers. He began his tour in the United States on the 9th inst., to terminate the same in Boston early next February. He has suffered some during the trip in Canada from over-fatigue, due to advanced age, but for the most part is said to have shown his old time fire and enthusiasm. He expects to visit Columbus, Ohio, next Thursday, and begins in Chicago on November 15 a series of meetings that will cover six days. He goes to Minneapolis for Sunday, November 23, and spends the following week in the northwest. After that his tour takes him to Kansas City and to Denver, to Los Angeles and to San Francisco, where he concludes the calendar year. Early in January he expects to reach St. Joseph, Mo., and St. Louis, and winds up the month in Cincinnati, Cleveland, Pittsburgh and Washington, going to Boston by the way of Baltimore and Philadelphia. He is said to have declared often since his arrival a month ago that the Salvation Army in the United States and Canada is in better shape than he had expected to find it.

Work Among Cannibals.
The proposed sale of the Micronesian mission of the American board is not receiving unqualified approval of Congregationalists. At the recent meeting of the board the prudential committee was empowered to sell it if thought fit. The Caroline and Gilbert Islands in the Pacific, near the equator, belong to German and English flags respectively, and the proposition is to transfer the Caroline work to a German Lutheran society and the Gilbert island work to the London Missionary society. One reason for the proposed sale is the difficulty of communication with the islands. At present the board is obliged to charter a vessel to reach them. Congregational pride is making itself felt, but this pride is pardonable, for work begun almost exactly fifty years ago in a region where cannibalism was common has resulted in forty-nine churches with above 5,000 members, and the occupation of more than thirty islands. The savage people have been tamed. On many islands cannibalism cannot be found. Christian books are sold in large numbers and native ministers are in charge of more than 100 congregations. Even hospitals and orphan asylums are beginning to be common.

More Money for Episcopal Missions.
The Episcopal board of missions has just closed its financial year. During nine months of that year the appro-

priation plan has been under experiment, and has resulted in an increase of offerings of about \$140,000, and of the number of parishes and missions contributing about 1,000. This church resolved officially to undertake the raising of \$1,000,000 for missions, home and foreign, or about double the amount it had been raising. In carrying out of the instructions the managers of missions decided to make the stint, for the first year, \$750,000, or an increase of \$250,000. There are 6,500 parishes and missions, but until this last year never more than 2,000 have ever sent any money to the board in any one twelve-months. Children in Episcopal Sunday schools contribute during Lent a little more than \$100,000, and women of the church another \$100,000. The result of the experiment during the first year is an increase of \$78,000 on the general fund, \$22,000 from the children and the women, and \$40,000 from general sources, making a total of \$650,000, or about \$100,000 short of the goal. This does not mean that debt has been incurred, merely that not all has been raised that was hoped for. Some criticism has been heard, but not much, and some dioceses, especially western ones, have given all and more than asked for. Inequalities are to be adjusted and another attempt made next year.

Brotherhood of St. Andrew.
The Brotherhood of St. Andrew, which has long been burdened with debt, succeeded last year in squaring up everything and at its session just held in Boston it raised \$10,000 with which to map out work for the year beginning in November. It is proposed to add to the present force of one traveling secretary, four district secretaries and one secretary who shall give his entire time to the junior department, which department is developing rapidly. One of the two secretaries already selected is to work on the Pacific coast, coming as far east as Denver, and the other will look after New England. Efforts are to be made greatly to increase the number of chapters, only about one in four Episcopal parishes in the country now having chapters. The slight change will, it is said, retain in membership the middle-aged men already in the ranks, and may result in bringing in elderly men who have heretofore declined to undertake the specific task of getting one young man to attend religious service with them on a given Sunday. The brotherhood will meet next year in Denver.

Easy Money for Missions.
Rev. C. H. Daniels, one of the secretaries of the American board, gives as one reason among others why religious conditions are improving, and why there is larger interest in missions than formerly, the fact that during the past year, when appeals have had to be made to secure contributions large enough to keep the board's income at its old level, in spite of the paying off of \$100,000 indebtedness, grumbling has been heard less than ever before. The experience of those who mail out 25,000 letters, or even 50,000, to as many people known to be able to give something for the missionary cause, say anything from \$1 to \$1,000, is usually to receive in reply as soon as the mail will bring them, letters of a more or less abusive character. Hardly any such letters have been received by the American board this year, either in response to appeals or to notices of debt subscriptions due. Rev. Daniels says he counts it remarkable that he cannot recall a single rebuff. The debt subscriptions were not only all paid, but the amount subscribed was exceeded in actual cash by \$1,000.

Immense Charity Funds.
The benevolent crop is growing as rapidly as is the wheat or the corn crop. That is, the total of all gifts to benevolence increases in this country by leaps and bounds. America has not yet reached the level of England, because not yet the financial center, but it is in fact overtaking it. No records of benevolence that are at all adequate are kept. Those that are kept are of gifts above \$5,000, and they are recorded by private persons. Some place the total annual benevolence at \$60,000,000, others at \$80,000,000, for last returns. That those figures are mere guesses is shown by their variance. It is to be one of the tasks of the new benevolent trust to keep an accurate record of all gifts, made through it or otherwise, and to publish the same. Missionary benevolence is rapidly increasing, and is likely, so experts say, to supplant for a time the wave of educational benevolence that has, for the last ten years, been sweeping over the country. The tendency is now toward missionary causes rather than educational ones. Faith is larger in missionary sanctness than it was ten years ago.

Round the World Trip.
It has been settled that the North German Lloyd S. S. Grosser Kurfurst will take the round-the-world Sunday school commission, and the date of departure from New York is definitely fixed at March 9, 1904. The party will number, it is estimated, about 800 persons, and the trip will cover seventy-one days. Seventeen days will be spent in Palestine, part of them in attendance upon the world's Sunday school convention in Jerusalem. Constantinople, Athens, Rome, Algiers and Smyrna are in the route. Plans are

now making to merge at Gibraltar the European section coming from Scotland and England, and which it is expected will number as many as the American party. A part of the trip, and that the essential part, will be afforded, it is said, for about \$300.

Adopt Advanced Courses.
Presbyterians take the initiative in an effort to provide their Sunday schools with courses of study for advanced scholars. The recent Sunday school convention in Denver undertook to provide in the international series advanced courses, but at the last moment were prevented by a conservative element, which some have gone so far as to pronounce reactionary. Some friction has developed, and in part because of it one old member of the Sunday school committee failed of re-election. Now the Presbyterians, in their recent alliance, direct the selection of an advanced course. In doing so they are quick to say that they have no particular opposition to the international series, but feel that the series having failed to meet a clear demand, they are compelled to act on their own account.

MARCHED AT PISTOL'S POINT.
How a Roswell Woman Treated Her Tormentor.

Mrs. Kate Vanstan, who runs a rooming house and clothes-repairing establishment on Second street, had an exciting time with an intruder in the early hours of Monday morning, says the Roswell Register. Mrs. Vanstan was at work on some clothing when a rap at the door startled her, for it was in the neighborhood of 2 o'clock. She found a man at the door when she opened it in answer to the summons, and he informed the lady that he wanted a room for the night. As the office for the rooming house is in the next room Mrs. Vanstan told the man to go to that door and she would show him to a room.

She went into the office and opened the door but the man was then nowhere to be seen. She had just returned to her task, when her door was again rapped. Again she told the man to go to the other door and again she failed to find him when she went to the office. This time she did a little reconnoitering, walking about the street in an endeavor to locate the fellow, but to no avail.

When she returned to her room for the second time, and was standing at the ironing board, a rock was thrown through the window, barely missing her head.

This aroused Mrs. Vanstan's ire and she rushed up the stairs to a porch on the floor above. Armed with a five-shooter she meant to wing her tormentor if she could get a bead on him. But he was invisible. She returned to the room and then to the street, where she found him. Pointing the gun at him she ordered him to march, her intention being to take him to some officer, if she could find one; if not, to turn him over to some one else for safe keeping. When the Pecos Valley drug store was reached, the man backed a little and tripped his guard, who fell against the building. He then fell into a lively trot and, although Mrs. Vanstan emptied the contents of her revolver in his direction, he escaped. She thinks she could recognize him on sight and intends to keep a weather eye open.

OFFICIAL MATTERS.
Land Office Business—Bureau of Immigration.

Homestead Entries—Boleslo Romero, of Los Lunas, 160 acres of land in Valencia county; Cornelio Montoya, of Golden, 160 acres of land in Santa Fe county.

Many Questions Answered.

The Bureau of Immigration yesterday answered inquiries from the following places:

Chicago, Ill.; Cleveland, Ohio; El Paso, Texas; Joplin, Mo.; Oklahoma City, Okla.; Benton, Iowa; New York City; Des Moines, Iowa; Knoxville, Tenn.; Watrous, N. M.; Kansas City, Mo.; Springfield, Tenn.; Boston; Santa Rosa, N. M.; Dover, N. D.; Albuquerque, N. M.; Sioux Falls, S. D. The questions answered were many and at times quite difficult. In each case bulletins on the several counties of the territory were furnished the inquirers and in several cases copies of the report of Governor Otero for the year 1901 were sent. It is found that the business of the bureau and its correspondence is constantly on the increase and that literature concerning New Mexico is greatly in demand, more so than ever before in the history of the territory.

DEATH FROM PNEUMONIA.

James Hill Succumbs at His Home in Gila Hot Springs.

Word was received in Silver City Saturday evening that James Hill, one of the best known citizens of this section, had died that morning at his home at the Gila hot springs, says the Independent. He had returned a few days before from a prospecting trip, during which he contracted a severe cold, which developed into pneumonia.

When his serious condition became apparent, a physician was summoned from Silver City, but death ensued before medical aid reached him.

Deceased was aged about 40 years, and was an old timer in this country, having spent the last twenty years in mining and stock raising. He is also an owner with his brother of the celebrated Gila hot springs. His brother, Spencer, is at present in the east. Mr. Hill was unmarried, his relatives living in Kansas.

Mr. Hill was a quiet, unassuming

man, who attended strictly to his own affairs, and who was scrupulously honest in all his dealings. He was highly respected and esteemed, and the news of his sudden death will be sad tidings to his many friends throughout southwestern New Mexico.

Pretty Child Dead.
Word comes from Santa Fe that the only child of Col. and Mrs. Max Frost—a bright little cherub of a boy—is dead, and in consequence that happy home, which the little fellow made so bright and cheerful, is now desolate and cheerless. The Citizen has no particulars of his death, but offers its condolence to the bereaved parents.

MINING MEN.

Capt. A. B. Fitch and C. T. Brown in the City.

Capt. A. B. Fitch, lessee of the Graphic mine in the Magdalena mountains and general manager of the Graphic smelter at Magdalena, and C. T. Brown, the big Socorro county mining man, are in the city on matters connected with the Socorro county election contest case, which is being tried in the district court here today. Tonight the gentlemen will go to Denver, where they will have some zinc-sulphate ores assayed, and if the assays prove satisfactory they will immediately buy machinery for a plant to reduce them.

The Graphic and other Socorro county mining properties owned by these gentlemen and their associates are rich in these ores and if a process to reduce them can be found the good times for the Gem city and Magdalena are not yet over.

Capt. Fitch is accompanied by his son, Max, who is acting superintendent of the Graphic. Max Fitch will not go to Denver tonight but will return to his home at Magdalena.

LETTER LIST.

Following is the list of letters remaining uncalled for in the postoffice at Albuquerque, New Mexico, for the week ending November 15, 1902:

Ladies' List.
Arnold, Mrs. Crosby, Mrs. S. Aguilar, Mrs. Guadalupe, Senorita Allope. Romero, Delina A. Green, Rafaela B. de Martinez, Miss Juanita. Barnes, Mrs. A. C. Blagg, Mrs. Pearl Martinez, Dolores Bruno, Miss Clara Newkerk, Mrs. P. M. Brennan, Mrs. Jose Phillips, Miss R. Castillo, Victoriano. Clements, Mrs. Sisneros, Beatrice Mary. Gilbert, Miss Eliza-Thorn, Mrs. Beth.

Men's List.
Aragon, Donaciano Hetherington, Joe Armijo, Jose P. Hartsfield, O. F. Ashford, John Johnson, Sam Apodaca, Daniel Jones, Alex J. Luna, Santos Lyons, Will Briggs, Carl Morrison, Dr. A. J. Rowe, Oscar Moorhead, James Boatright, Jas. W. Means, C. H. Bell, Edward Neumes, Pablo Neal, W. W. Cordova, Bernard Neville, Thos. Neilsen, Nella O'Neal, C. D. Cobb, W. N. Pallasio, Senor Don Papin, H. Percongevoa, C. L. Parker, Fred M. Powell, Harvey Roymer, Ed J. Sides, Geo. Townsend, J. F. Ullendorf, Mr. May Watts, Jas G. Wallace, R. N. Wallace, E. H. Wright, E. E.

Firms.
Collection and Adj. Assn. Persons calling for the above named letters will please say "Advertised," and give the date of publication.

Bread War Is Over.

Ottawa, Kan., Nov. 12.—The bread war in Ottawa is over. It has been declared off. All the bakers will charge 5 cents a loaf, the price before the cut rate war began a month or more ago. For over a month now the people of Ottawa have secured their bread at 2 cents a loaf on account of a bakers' fight. This was so much cheaper than home made bread that the women of the town all quit making bread and bought of the bakers. The only losers were the bakers.

For the officer, or any one else, who will ferret out and cause to be arrested the person or persons who fired the Kempoien general store at Alameda, the New York Fire Underwriters offer a reward of \$500. The insurance companies, carrying insurance on the store and stock, are positively certain from all facts obtained that the building was fired, and they are anxious to help the authorities to put a stop to arson.

WILL FILE DEMAND.

President Ripley Says Men Will Soon Ask More Pay.

Discussing the demand for increased wages among the railway brotherhoods in the employ of western lines, President Ripley of the Santa Fe railroad said:

"So far as the Santa Fe is concerned we have had it intimated the subject soon will be submitted. Up to this time no formal request has been made. What the new schedules are as proposed I don't know, and knowing the general conservatism of railroad brotherhoods, I am convinced both sides in any controversy that may arise will settle their affairs amicably. I will not say there will be no trouble, for the statement might be misconstrued, but I am convinced that what differences come up will be adjusted by the

reasonable stand of all parties to the controversy."

It is likely that the engineers and firemen, when their wage schedule is presented, will have it arranged so that it will make proper allowance for additional work occasioned by the size of the new large locomotives. There is every reason to believe that not only will they be submitted, but that the company will show a favorable disposition toward granting them.

SALE OF UNCLAIMED EXPRESS MATTER.

Office of Superintendent, Colorado and New Mexico Division. Denver, Colo., November 3, 1902. To Whom It May Concern:

Notice is hereby given that matter as per list below now remaining unclaimed, or otherwise, in the offices of Wells Fargo & Company Express, at different points in the Territory of New Mexico, will be sold at public auction, to the highest bidder, at Albuquerque, New Mexico, on the tenth day of December next, unless the same shall be called for and all charges paid thereon.

Nasal CATARRH
In all its stages, Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents. ELY BROTHERS, 36 Warren Street, New York

Legal Notice.

In the District Court of the County of Bernalillo, Territory of New Mexico. M. W. Flournoy, plaintiff, vs. J. C. Osgood, defendant; No. 5774.

The above named defendant is hereby notified that he has been sued by the above named plaintiff in the above named cause; said defendant is further notified that the object of said suit is to recover the sum of \$2,774.37 with interest from April 1, 1900, and \$300.00 arbitrator's fees as provided in a certain award described in the complaint; defendant is further notified that his property has been attached and that unless he enters his appearance in said cause on or before the 22d day of November, 1902, judgment will be rendered against him by default and his property sold to satisfy the same; defendant is further notified that A. B. McMillen, whose postoffice address is Albuquerque, New Mexico, is the attorney for plaintiff.

WM. E. DAME, Clerk of said Court.

A. B. McMILLEN, Attorney for Plaintiff.

SPECIAL MASTER'S SALE.

(No. 1165.)

In the District Court of the Second Judicial District, Valencia County, Territory of New Mexico.

Charles E. Newcomer, receiver New Mexico Savings Bank and Trust Company, complainants, vs. James Sanchez, et al., defendants.

Whereas, In a decree rendered in the above entitled cause and filed in the district clerk's office June 14, 1902, it was ordered adjudged and decreed that the complainants had a first lien on the premises hereinafter described to secure the payment of the indebtedness by said decree found to be due the complainants from Nicolas J. Sanchez and Cosiana M. Sanchez, deceased, of whom said James Sanchez is the only surviving heir, the sum of principal and interest, three thousand four hundred and forty-eight dollars and sixty cents (\$3,448.60), with interest at the rate of twelve per cent per annum from the date of this decree, with ten per cent additional of the amount found due as attorney fees; that the said defendant, James Sanchez, pay the same to the plaintiff, Charles E. Newcomer, receiver of the New Mexico Savings Bank and Trust company within thirty days after the entry of said judgment and decree and that in default of such payment that the said premises or so much thereof as may be sufficient to raise the amount due by said decree aforesaid, principal, interest and attorney fees and the cost of suit in this case, be sold by and under direction of W. E. Dame, who is appointed special master for that purpose, at the front door of the post-office in the city of Albuquerque in the county of Bernalillo, at public auction to the highest bidder for cash, first giving four weeks public notice of the time, terms and place of sale and of the property to be sold by advertisement in some newspaper published in the city of Albuquerque; and that upon such sale he make, execute and deliver to the purchaser a good and sufficient deed of conveyance for the premises sold; and

Whereas, Said James Sanchez has failed to pay any part of said sum adjudged to be paid by him to said Charles E. Newcomer, receiver of said New Mexico Savings Bank and Trust company of Albuquerque.

Now the undersigned, therefore, by the authority vested in me by the said decree will, on the 8th day of November, at the front door of the postoffice in the city of Albuquerque at the hour of 10 o'clock in the forenoon of said day offer for sale and sell the premises hereinafter described to the highest bidder for cash all the right, title and

Interest of the said James Sanchez therein, for the purpose of satisfying or tending to satisfy said indebtedness by said decree decreed.

The premises to be sold are situated in the county of Valen la, territory of New Mexico, and described as follows: The description, and particular boundaries of the property to be sold under this judgment, so far as the same can be ascertained from the complaint and the decree therein referred to is as follows:

Sleeping Volcanoes

A thin, vapory smoke, lazily ascending from its crater may be the only visible sign of life in the sleeping volcano, but within is a raging sea of fire, molten rock and sulphurous gases. Those who make their homes in the peaceful valleys below know the danger and, though frequently warned by the rumblings and quakings, these signs of impending eruption go unheeded. They are living in fancied security when the giant awakes with deafening roars and they are lost beneath a downpour of heated rock and scalding ashes.

Thousands of blood poison sufferers are living upon a sleeping volcano and are taking desperate chances, for under the Mercury and Potash treatment the external symptoms of the disease disappear, and the deluded victim is happy in the belief of a complete cure, but the fires of contagion have only been smothered in the system, and as soon as these minerals are left off will blaze up again. Occasional sores break out in the mouth, a red rash appears on the body, and these warning symptoms, if not heeded, are soon followed by fearful eruptions, sores, copper colored spots, swollen glands, loss of hair and other sickening symptoms.

Mercury and Potash not only fail to cure blood poison, but cause Mercurial Rheumatism, necrosis of the bones, offensive ulcers and inflammation of the Stomach and Bowels.

The use of S. S. S. is never followed by any bad results. It cures without the slightest injury to the system. We offer \$1,000.00 for proof that it contains a mineral of any description. S. S. S. is an antidote for contagious blood poison, and the only radical and permanent cure known. It destroys every atom of the virus and purifies and strengthens the blood and builds up the general health.

SSS

We will mail free our special book on Contagious Blood Poison, which gives all the symptoms of the disease with full directions for home treatment. Medical advice is furnished by our physicians without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

LAS VEGAS.

Special Correspondence.

Las Vegas, N. M., Nov. 11.—United States court convened this morning at 10 o'clock and the panels of the grand and petit juries were completed.

The following persons complete the panel for the grand jury: N. P. Sund, Leonardo Montoya, C. F. Mueller, David M. Salazar, Francisco A. Lopez and Ezequiel Baca, and T. W. Hayward was made the foreman of the jury.

The court addressed the grand jury and they retired and adjourned until 2 o'clock this afternoon, when they will begin their regular session. Ben Romero was also made interpreter for the grand jury.

For the petit jury the following completed the panel which was sworn in this morning: Eugenio Martinez, Albino Baca, Juan Casados, Agapito Herrera, Federico D. Baca, Higinio Lucero and Juan Gonzales.

The Fort Sumner postoffice robbers were next brought into court securely handcuffed. They were all smiling and seemed to feel quite at home. Smith and Cook had their hair parted in the middle and all looked neat. Massague and Cook had been previously arraigned and had pleaded guilty. Smith, or Bass, and Neil were arraigned and Smith pleaded guilty, which, with Massague's confession, practically assures the guilt of the lot. Neil, who is a wicked looking, stubborn individual, spoke up, and said he plead not guilty and had a lawyer engaged in the person of Attorney Hancock, of Albuquerque. The others had no lawyer so the court appointed W. B. Bunker to defend Massague and Cook and the trial was set for tomorrow morning at 10 o'clock. The prisoners were again handcuffed, joking with Deputy United States Marshal Fornoff as the bracelets were snapped on their wrists, locking Massague and Cook together and Neil and Smith together. They were then marched from the room and after a few cases were set as to placing them on the calendar, United States court adjourned until tomorrow morning and territorial court adjourned until Friday morning at 10 o'clock.

Charles Jacobson, who with his wife a few months ago had charge of the Atkins' house, died last night at the Ladies' home of tuberculosis. His wife left about two months ago for Chicago and it is not known yet what disposition will be made of the remains.

Mr. Jacobson's death settles the question of Christian Science in the Ladies' home, as Mr. Jacobson was the man whom all the rumpus was about between the city physician and the home managers and his death removes the cause of the friction.

Mrs. P. B. Toombs is packing her household goods preparatory to removing to El Paso.

Joe Williams, of Rociada; R. J. Ewing, of Glorieta; T. R. Stewart, of Cleveland, are here as witnesses in several sheep trespassing cases which are now before the grand jury.

Hons. J. S. Clark and Charles A. Spiess left this afternoon for Santa Fe. E. Boyle and family left this afternoon for Albuquerque, where they will spend the winter.

Governor M. A. Otero and Secretary J. W. Reynolds came over from Santa Fe this afternoon and will return this evening on No. 7.

Miss Grace Brown left this afternoon for Deming, where she will remain during the winter. Mrs. E. J. Gilbert accompanied her.

H. A. Buckley went up to Raton this afternoon for a couple of days.

Mrs. S. M. Kennedy, who has been visiting her son here, this afternoon

returned to her home at New Orleans. Miss Edna Chaffin, who has been visiting her father here, M. N. Chaffin, this afternoon returned to her home at Salt Lake City.

It looks as if the Carnegie library proposition will now come to a focus. A special committee consisting of Aldermen Elwood, Martin and Robbin were appointed from the council and the committee had a meeting last night with the library trustees and a plan of operation was agreed upon as to the site, and figures made on plans for raising the yearly maintenance money. The plan, which will probably be recommended to the council at their meeting tomorrow, is the acceptance of the twenty-four-foot lot back of the city hall donated by George Ward, and they to add enough to that from the city lots back of the city hall to make the total frontage seventy feet and there erect the Carnegie building. This is not as good a location as it might be, and will hardly show a fine building off to advantage, but it seems it is the best that can be done, as some residents of the west side have threatened to bring an injunction suit against the library trustees if they locate the library in the city park where it should be, and the board desires to engage in no controversies.

Las Vegas, N. M., Nov. 12.—A large number of the business men of the city met last night in Judge Wooster's office and perfected the organization of the Business Men's Protective association of Las Vegas. The constitution and by laws were adopted and a board of directors of nine members were elected as follows, to elect the officers of the association: J. A. Dick, T. O'Byrne, J. H. Stearns, T. Y. Hayward, C. D. Boucher, Ike Davis, O. G. Schaefer, J. D. Osborne and Charles Sporleder. The object of the association is to protect the members in various ways, principally by keeping each other posted as to the people of the city who are bad pay. The association is intended to be not only local, but territorial, the association to be formed all over the territory and the list of dead beats are to be exchanged so as to make it impossible for swindling customers to get their victims in this territory.

W. B. Twitchell has made a rich strike down in one of his Chicago mining claims near the Hamilton mines. At a depth of thirty feet some fine ore has already been taken out and the prospects are very flattering. Mr. Twitchell is interested with some eastern parties in his nine claims there and they have a force of eight men at work on the mines and plenty of capital to back the development work. If the mines turn out as it is believed they will, a mill will be erected there and a regular mining camp inaugurated.

There are six new brakemen in town waiting for runs, and there is plenty of business on the Santa Fe to give nearly all men work.

Darby A. Day, the Albuquerque insurance man, left yesterday for St. Louis.

H. D. Hallet was down from Watrous yesterday.

W. F. Degner, who has been visiting his daughter and son here, yesterday returned to his home at Raton.

Rev. Jacob Kaplan will occupy the pulpit at the synagogue on Friday night. Rev. Kaplan is from Albuquerque and promises the congregation a good discourse.

W. B. Childers, United States attorney, came up last night from Albuquerque to be present at the trial of the Fort Sumner postoffice robbers.

Frank J. Buck, the engineer for the

Tecolote Mill company, arrived last night from Denver and will go out to the mines tomorrow to look over the ground and get things ready for the erection of the mill.

Mrs. A. J. Gilbert and daughter, Miss Grace, left yesterday for Deming.

Robert Hayward left today for Santa Rosa on a sheep deal.

Mrs. William Hunter and family came up last evening from Santa Rosa for a visit here with friends.

H. C. Williams left this afternoon for Santa Rosa to buy some sheep.

Alfred Sena came down from Trinidad yesterday to visit with friends.

The remains of Charles Jacobson, who died in the Ladies' home, were this afternoon shipped to Chicago to his wife. Mr. Jacobson carried \$1,000 insurance, which paid his funeral expenses.

United States court convened this morning at 10:15, with Judge Mills on the bench.

The matter of the petition for bankruptcy in the case of A. A. Seneca was brought up and the court issued an order denying the petition and the case was dismissed. Mr. Seneca had skipped the country, he being in Canada.

The Fort Sumner robbers were next brought in and W. B. Bunker, as attorney for Massague, made a request for a separate trial, which was allowed by the court.

As Attorney Hancock, of Albuquerque, had failed to put in an appearance for the defense of Witt Neil, G. P. Money took charge of his case, and the attorneys took Cook and Neil to a side room, with the deputies on guard at the door, to confer with their clients. Extraordinary precautions are taken to prevent the escape of the prisoners, as it is realized the fellows are a desperate lot, Cook especially being cunning and a good planner for escape. The deputies will not breathe easy until they see the whole lot in the penitentiary.

As the attorneys were not ready to proceed with the defense, and there were no other cases ready for trial until the grand jury reported, court adjourned until tomorrow morning at 10 o'clock.

The first quarterly conference will be held tomorrow at the Methodist church. Superintendent Morrison will arrive this week to conduct the services.

Mrs. H. L. Monroe left this afternoon for Albuquerque.

W. A. Althoff, the machinery agent, did not get off to Santa Fe until this afternoon.

Judge H. L. Waldo returned this afternoon from his trip to Santa Fe.

B. F. Knight left this afternoon for Santa Fe.

Hon. Eugenio Romero left this afternoon for Santa Fe on a business trip.

A. J. Loomis is over from Santa Fe.

M. G. Vincent, sheriff of one of Kansas' good counties, left today with his wife for home, she having spent several months at the Montezuma.

D. S. Cook and his two sons, D. S., Jr., and H. S., left this afternoon for Albuquerque. The young men have been staying at Pond's ranch.

Mrs. Williams, of New York, reported to be one of the richest women in the country, arrived here this morning in her private car "Colonial" on No. 8 and went to the springs. She went east on No. 2.

The sub-committee on territories of the United States senate arrived here this afternoon and were met at the depot by the Las Vegas military band and a large assemblage of Las Vegas' citizens. Delegate Rodey and J. Leahy, of Raton, accompanied the senators down from Raton, Mr. Rodey having gone through last night to meet the senators.

In the party are Senators A. J. Beveridge, of Indiana; H. E. Burnham, of New Hampshire; Henry Heitfeld, of Idaho, and N. P. Dillingham, of Vermont. The rest of the party will join the committee later, they being unable to join the committee on the start. With the senators are L. G. Rothschild, a friend of Senator Beveridge, and lieutenant to the commission; Thomas P. Ship, private secretary to Senator Beveridge and secretary of the commission; State Senator Osborn, of Indiana, official reporter; S. A. Henshaw, messenger, and J. Simon, of Washington, interpreter.

The senators and party took dinner at the Castaneda and then went up stairs to a room where they held a consultation and got down to business for a short time.

At this session the United States court officials were examined on various matters and this afternoon a large number of the court dockets were brought over for inspection.

After this short session, the senators, accompanied by several citizens, were driven over the city, and tonight at 7 o'clock there will be another session of the committee, at which a number of prominent citizens have been asked to be present to give testimony.

Just what the testimony is is not given out, the commission making that part of their business secret. The senators are going at their work in a systematic manner and have a well formulated plan of operation.

The party will leave here tonight in their private car Chiff for Santa Fe, running as a special, and will take in that town tomorrow. Albuquerque is billed for about Friday, and possibly Socorro will get the next day. The senators are not traveling on any schedule, but will have to be back by the time congress convenes.

Passenger No. 2 was two hours late this morning on account of overloaded train.

At the Boston market exchange last week, 1,157 shares of Santa Fe Gold & Copper company stock were sold at \$1.58 a share, par value \$10.

L. D. Ward and wife, parents of Mrs. L. M. Fee, arrived last night from Springfield, Ill., and will probably remain here during the winter.

Col. E. W. Eaton, who was the independent candidate for the legislative house down in Socorro county, is in the city today, being subpoenaed as a

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Total size by mail, 10 cents. Test it and you will be satisfied with the treatment.

Announcement.
To account for the fact that we are parties to the use of membership in supplying liquors into the market for exportation from the territory, the proprietors of Ely's Cream Balm, Liquid Cream Balm, and Ely's Cream Balm, are hereby notified that the spraying tube is for sale, Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Another Handsome Building.

Bachschl & Gloml, the first street wholesale liquor merchants, will, in the next few months, have a fine three story building of their own to occupy. As previously stated they purchased two fine business lots at the corner of First street and Silver avenue. Today they let the contract to B. Bernardino to do the excavation and the stone foundation work, and the contractor hopes to be able to start at his work in a few days. The building will be three stories high, with cellar, and will cost in the neighborhood of \$30,000.

LOCAL PARAGRAPHS.

Mrs. Solomon Luna is in the city from Los Lunas.

Miss Ephemia Nelson returned last night from a three months' visit to New York, Long Island and Bob's Ferry.

B. F. Giltner, a prominent mining man of Cerillos, who has been spending a couple of days attending to important business matters, returned home this morning.

Messrs. Thomas Moore and George E. Toomey, representatives of the National Life & Trust company, left this morning on a canvassing trip to the northern part of the territory.

The injured eye of Gregorio Romero, one of the Los Lunas boys who was injured by the explosion of a muzzle loading shotgun, was removed yesterday morning by Dr. Grove, the oculist.

C. B. Allaire, of the firm of Allaire, Miera & Co., merchants and coal mine operators of San Antonio, N. M., is in the city in connection with the Socorro county election contest case.

Col. W. M. Berger, the editor and publisher of the Santa Fe Capital, has returned to the capital city. The colonel ran on the independent republican ticket at the recent election for legislative representative, and received 196 votes all told. He was not elected.

Mrs. M. Salazar y Otero returned last night from Capulin, Colo., where she had been for a month, visiting her aunt, Mrs. Rómulo Ortiz, wife of the general merchant of that town. Mrs. Ortiz is the guest of her sister, Mrs. A. E. De Baca, of this city, she arriving last night with Mrs. Salazar.

The official returns of Santa Fe county shows that James D. Hughes, business manager of the New Mexican and the territorial printer, was defeated for the office of treasurer and ex-officio collector of Santa Fe county by George W. Knaebel, democrat, by 29 votes. It was a very close race.

Grosvonor Blaine Clarkson, a son of Gen. J. S. Clarkson, a prominent Iowa republican politician, is in the city and will remain indefinitely. Young Clarkson is connected in a reporting capacity with the New York Mail and Express, and he is here to recuperate. He expects his distinguished father to arrive from the east tonight.

R. J. Turnbull came in from Gallup yesterday and will leave tonight for Denver, where he will secure the services of a first class well driller. Mr. Turnbull is a member of the Manueltito Oil company and is convinced that oil exists in unknown quantities in that vicinity. In any event, he will at once inaugurate active work on his company's well and hopes to "strike it rich" in a big flow of oil very soon.

E. Barola, deputy sheriff of Valencia county, from San Rafael, is in the city today on official business. He reports a heavy rain in his section, followed by a light snow storm, the other evening.

Jose G. Chaves, the well known live stock adjuster for the Rio Grande division of the Santa Fe road, is in the city, settling up several stock claims against the company.

Street Commissioner Martin Tierney is doing good work putting gravel on the street crossing.

W. J. Tompkins, machinist in the local shops, is enjoying a few days' lay off.

Dr. J. Saylin, formerly in the Grant block, is now to be found at 410 South Edith street.

The tops of the Jandia mountains, east of this city, are pretty well covered with snow.

Rev. R. Renison commences a series of lectures on St. John's gospel on the afternoons of Friday.

Eddie L. Price, a popular young gentleman of Socorro, is here on a visit to his sister, Mrs. L. B. Stern.

Mrs. Charles Redmer, of Paris, Ky., arrived last night, and will probably remain some time in this fine winter climate.

Mrs. G. D. Burgess, of Jefferson City, Mo., has arrived and will be the guest of her relative, Col. A. A. Trimble, for a few days.

At the Boston market exchange last week, 1,157 shares of Santa Fe Gold & Copper company stock were sold at \$1.58 a share, par value \$10.

L. D. Ward and wife, parents of Mrs. L. M. Fee, arrived last night from Springfield, Ill., and will probably remain here during the winter.

Col. E. W. Eaton, who was the independent candidate for the legislative house down in Socorro county, is in the city today, being subpoenaed as a

witness in the Socorro county election contest case.

John Greenwald, the big four miller of Socorro, and J. F. Cook, the well known cattleman, are here today. They are witnesses in the Socorro county election contest case now pending before Judge Baker.

Harry F. Lee, clerk of the city of Albuquerque and secretary of the territorial sheep sanitary board, will be pushed by the Bernalillo county delegation for the position of chief clerk of the territorial council, so says an item in the New Mexican of yesterday.

Miss Heimbeck has a pure sweet high soprano voice, which, with her careful interpretation of songs, makes her singing most delightful. She will sing several German Lieder at her concert on Thanksgiving night, also the great Verdi aria, "Fanciullini Involami."

Postmaster Hopkins has received a circular stating that on December 9 and 10 an examination will be held by the United States civil service commission for the position of assistant (piece work computer) in the nautical almanac office at Washington, at a salary (piece rate) not exceeding \$1,900 per annum.

A car loaded with the following fast New York and Chicago race horses passed through the city last night: Double six, Archuleta, Marmaine, Love Fisher, Snort, Gilie and Lord Badger. All have made remarkable records on eastern tracks and are on their way now to be pitted against horses on the coast.

K. K. Scott, the popular town clerk of the town of Gallup, came in from the west this morning, and is trying to explain to the local democratic politicians the reason why the hitherto democratic precincts of McKinley county this election turns in republican majorities. Mr. Scott will probably return to Gallup tonight.

The ladies of the city are invited to meet Mrs. Anna Kent, of East Orange, N. J., the national secretary of the Spanish work of the Woman's Home Missionary society of the Methodist Episcopal church at the Lead Avenue Methodist Episcopal church, Third and Lead avenue, on Friday, at 2 p. m. Mrs. Kent will speak on her great work.

Quite a large number of local Elks had arranged to go to El Paso for the purpose of attending the Elks' carnival now on in that city, but remained at home so as to help the good people of this city to properly entertain the senate committee on territories. The local Elks say they will be in evidence at the midwinter carnival to be held in El Paso in January, 19-3.

John S. Mactavish, of Magdalena, where he is the popular manager of the big business carried on by Becker Blackwell company, is in the city, coming up as a witness in the Socorro county election contest case. Mrs. Mactavish has been here the past few weeks visiting her relative, Mrs. William Fraser, and when he returns to Magdalena his wife will accompany him.

A. E. Baird, of Winfield, Kan., was introduced at The Citizen office this morning by W. R. Whitney, president of Whitney company. Mr. Baird and Mr. Whitney were old friends back in Kansas, and are particularly glad to see each other. Mr. Baird is the western representative of a large wholesale dry goods company of New York city and is on one of his regular western trips. He goes west tonight, and hopes to put in a day in Phoenix, Ariz., thence to California.

Capt. M. Cooney, one of Socorro county's oldest and most respected citizens, is in the city today as a witness in the Socorro county election contest case. Captain Cooney is one of statehood's staunchest friends. He says that he has lived in New Mexico twenty-six years and has not had a single vote toward the election of a United States president. The captain has just returned from a trip to the Mogollon country, where he has some valuable mining properties. He says that a thirty-ton concentrating plant is being put in on the old Cooney mine and that twelve months' work is in sight for it. Thomas F. Cooney is acting millwright for the institution of the new plant.

The Eagles will hold a regular meeting this evening. All members are urged to be present.

Capt. William French, the well known cattle raiser, is in the territorial metropolis today, arriving last night from the north.

C. H. Elmendorf, of the American Cattle company, down in Socorro county, is in the city and expected to meet here this evening the senate committee on territories. The latter will not arrive until tomorrow night.

Hon. William Kilpatrick, of Madrid, is in the city. Mr. Kilpatrick was recently elected to represent Santa Fe county in the lower house of the next territorial legislature. He defied his democratic opponent by 249 votes.

Hon. H. M. Dougherty and Hon. James G. Pritch, democratic attorneys of Socorro, are here today. They represent the independent republicans in the Socorro county election contest case now before Judge Baker on a charge of venue from Socorro county.

A Policeman's Testimony.
J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

FAVORS STATEHOOD.

The Administration Wants All Three Territories Admitted as States.

WOULD STRENGTHEN REPUBLICANS.

A special dispatch from the Washington correspondent of the St. Louis Globe-Democrat contains the following regarding statehood for the territories:

Washington, Nov. 9.—There is much speculation and wide difference of opinion among politicians and officials here as to the prospects for the passage of the bill admitting Oklahoma, Arizona and New Mexico to statehood at the coming session of congress.

The sentiment seems to be that the bill will be passed by the senate practically as it was passed by the house at the last term, although there are propositions looking to various amendments.

One of these is to leave New Mexico out of the bill, admitting Oklahoma and Arizona. Another is, drop both New Mexico and Arizona and to admit Oklahoma.

The president is known to favor the admission of all three of the territories.

To the argument that they may turn democratic he replies that he has no fear of his ability to carry Oklahoma and New Mexico, and is confident that Arizona will go republican in the national campaign.

The senate committee on territories has wisely planned a trip of investigation, so its report will presumably be in readiness for the senate on its opening day, or perhaps may be made public before. The president's message usually absorbs attention on the first day, and the report of the secretary with the book of estimates, on the second.

Since the voting must take place on the 10th day of December, unless that agreement be vacated, by unanimous consent, it might be well for the committee to get its findings before the public in some form before the assembling of congress, and so give the country a chance to express itself on the question. The committee of investigation, to start out from Chicago on Monday, will consist of Senators Beveridge, of Indiana; Dillingham, of Vermont; Burnham, of New Hampshire; Nelson, of Minnesota, and Bard, of California, republicans; with Bate, of Tennessee, and Heitfeld, of Idaho, democrats. This committee, only a part of the committee on territories, professes to start out with an open mind, ready to be influenced by what it finds as to the material and moral resources of these territories, and their guarantees of permanence. Several arguments favor the admission of these territories. Under our system they will have to be admitted sooner or later, and a few years, one way or the other, would make little difference in the life of a nation.

The first democratic administration that comes along would surely admit them, and from a republican point of view the now dominant party might just as well gain the favor in these communities by conferring upon them the great boon of statehood as to leave this advantage to its ever-resourceful opponent.

New Mexico was practically promised admission to the Union at the time of the Mexican cession; it has for more than half a century urged its claims upon congress. Oklahoma is abundantly large for a state, and no one objects to its admission, especially if the Indian Territory complication could be adjusted. Arizona must come in, if at all, to make a clean job of it.

Without doubt, any community prospers more under statehood than under remaining in a territorial condition. Securities and investments would be strengthened by the change.

The objections to the admission of three or four new states in the southwest relate chiefly to the balance of national power between the small states and the large ones.

If our small states were scattered through the Union, just as Rhode Island, Delaware and Florida are in the east, no harm would be done by the admission of three more.

But where a dozen or more states which will always be small are grouped it gives to the interests which they have in common a very disproportionate strength in the senate, and that body today controls very largely the government of the United States, having encroached somewhat on the powers of the executive and subordinated the house of representatives.

It is easy to compute that with these four territories admitted to the Union, a very small fraction of the country's population, wealth and business power might constitute a senate majority.

The combination of the south and Rocky mountain west, made by Mr. Bryan's first canvass and likely to be repeated from time to time in our history, so the statehood opponents appear to fear, is dangerous to the substantial interests of the great block of states from Bangor to Des Moines.

MUST HAVE CERTIFICATES.
Invalids in Colorado Likely to Be Put Under Regulations.

The passenger agents of the Terminal association voted unanimously at their meeting in Denver for the adoption of a law requiring all invalid passengers to have certificates from physicians, giving the kind of disease they have before boarding trains.

The secretary of the association was instructed to confer with the city.

HOSTETTER'S
STOMACH BITTERS

This medicine by strengthening the stomach enables it to do its work properly. It will purify the blood, promote assimilation and restore health. It also cures Nausea, Sick Headache, Indigestion, Dyspepsia, Inertia and Malaria. Try it.

county and state health officials in regard to the form of certificates that is best adapted for the purpose and as soon as it is done plans will be laid for putting the new agreement into effect. The plan was proposed by T. E. Fisher, general passenger agent of the Colorado & Southern railway.

IT IS A BLUFF.

Railroad Car Shortage Said to Be Largely Imaginary.

There are no indications at present of a serious shortage of cars on any of the railroads centering in Chicago, says a dispatch from that city. A great deal of talk is being indulged in that when the corn begins to move in great volumes the roads will be swamped with business and cannot begin to supply enough cars, but the east bound shipments last week were far below expectations and unless a decided boom sets in soon there will be no great danger of a serious freight blockade.

Business is but little heavier now than it was at the same time last year, and as most of the roads have added large numbers of new locomotives to their equipments since then they can take care of a great deal more traffic than they are now handling.

The opinion prevails that the railroad officials are anxious to create the impression that a shortage of cars exists in order to give them a good excuse for making another advance in the freight rates. It is generally expected that grain rates will be advanced to 20 cents a hundred pounds as soon as navigation closes.

SANTA FE OFFICIAL TALKS.

Says Increase in Traffic Beats All Previous Records.

In speaking of the present traffic conditions, an official of the Santa Fe said:

"In all my connection with the Santa Fe road, and indeed in all the history of the property, there has never been such an increase in traffic as has come about during the last thirty days. The business is coming from all divisions and is of all kinds—cattle, grain and merchandise. And what is more, there is not as yet a single sign in sight of any let up in this phenomenal gain. Indeed, if the increase in traffic continues at the present rate, we shall not be able, even with all the new equipment placed in service, to satisfactorily handle the same. The business offering at the present time is far in excess of the most sanguine estimates of all our officials, and it seems likely to continue so throughout the winter."

PRaised the Santa Fe.

Druggists Passed Complimentary Resolutions About Railroad.

Resolutions commending the Santa Fe were passed by the National Wholesale Druggists' association at their recent convention at Del Monte, Cal. The resolutions were as follows:

"Be It Resolved, That it is the sense of this association that a public expression of appreciation is due the management of the A. T. & S. F. R. R. for the perfect special train service provided our members in their journey tribute to the well-being of the party. We wish especially to acknowledge our indebtedness to George W. Hagenbuch, general agent, passenger department, who accompanied the party as far as Williams, Ariz. He was attentive to every detail and his charming courtesy was at all times unflinching. To W. H. Matson, Jr., of the western division, our thanks are also due. He spared no effort to add to the pleasures of the trip and continued his good offices until our journey terminated at Del Monte.

"Along the entire line we felt we were under the watchful supervision from Chicago to Los Angeles on route to Monterey. The train itself was of unsurpassed elegance and equipped with every modern device for the comfort of travelers. The employees of the road omitted nothing that would convey of loyal, competent men. The dining car service under the Fred Harvey management was beyond praise. The cuisine would have done credit to the best metropolitan hotel. No body of travelers ever crossed mountain and plain under conditions more pleasing, hence we unite in saying 'To the Santa Fe, all praise.'"

"National Wholesale Druggists' Association.

"WM. WALDING, President.
"J. E. TOMS, Secretary."

THE VOTES COUNTED.

County Commissioners Went Through the Ballots Today.

The county commissioners, with Chairman Miera at the head of the table, met at the court house this morning, and counted the votes cast at the election held in this county last Tuesday. Chairman Miera called at the Citizen office at 4 o'clock this afternoon and stated that the total votes for the various candidates, with the majorities, were found to be practically the same as those published as unofficial in The Citizen last Saturday afternoon, except in a few instances, where the majorities of certain republican candidates were increased a few votes. The commissioners adjourned after the count, and Chairman Miera left immediately for his home in the Nacimiento country.

Foley's Honey and Tar always stops the cough and heals the lungs. Refuse substitutes. Alvarado Pharmacy.

THE "QUICK CON."

New Confidence Game Which Sharpens Work on Strangers on Trains.

"While I was down in San Antonio," said Detective Riley yesterday, "I met a crack named 'Rocky' Murphy, who put me on to a new bunco game. He called it the 'quick con.'"

"What's the 'quick con'?" Well, I'll tell you. It's worked on a railroad train. The con man goes through the car and picks out a sucker. Finally he takes a seat beside the sucker, on the outside and engages him in conversation. He finds out where the man is going, his financial status and all about him.

"After a time the con man gets sleepy. He yawns and stretches out his feet upon the opposite seat so the sucker can't get out without him knowing it. Then he tells the sucker that there are so many suspicious characters in the car and so many dangers to be guarded against in traveling that he is afraid to sleep with his money in his pocket. He asks the sucker to hold his wallet while he sleeps and hands it over to him, so that it will not be stolen. Then he relapses into profound slumber. He sleeps or pretends to sleep perhaps fifteen minutes and wakes greatly refreshed. He tells the sucker that he feels a hundred per cent better and asks the sucker if he would like to take a little nap. The sucker hands over his own pocketbook and in perfect confidence asks the con man to hold it while he sleeps. He is soon in the land of dreams and the confidence man alights at the next station with all the money."

Physicians Prescribe It.

Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Alvarado Pharmacy.

BAPTIST MINISTERS.

They Own a Gold Producer in Socorro County.

Frank H. Brewer, brother of the Rev. George H. Brewer, arrived from central Illinois last night. He is a director of the Socorro Gold Mining company, and accompanied by his brother left for the Cat mountain district last night. The board of directors will meet there today.

Dr. N. J. Ralston arrived from the south.

Chaplain Scott and other members of the board are on the ground.

The operation of the Socorro Gold Mining company are under the supervision of Dr. C. L. Herrick.

The mine, belonging mostly to Baptist ministers, has made a good start and the property promises to yield fortunes to the promoters. New and modern machinery is to be installed at once.

About fifty people are now in this camp, and every day brings new arrivals.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure. Alvarado Pharmacy.

TOO MANY TICKETS.

Denver Brokers Have Over 1,200 on Hand Unsold.

It is said by the various ticket brokers of Denver that over 1,200 tourists' tickets expiring will leave numbers of people stranded in Denver with no means of paying board bills and other necessities.

The people had left their tickets to be sold and counted on using the money resulting from the sales, but on account of the over supply of tickets, the 1,200 were not disposed of, leaving the owners with neither tickets or money.

Fair Meeting Thursday Night.

A general meeting of citizens will be held in the rooms over Zeigler's Cafe on Thursday night for the purpose of electing officers and directors for the 1903 territorial fair association. The early election of officers will add to the success of next year's fair, as it will give them plenty of time and afford them better opportunities to form their plans and make preparations. The territorial fair is becoming a very important annual event of the southwest and it is thought that a permanent organization of some kind will be made and a regular fund established for its promotion.

Mr. Cletcher, formerly of Albuquerque, but recently of southern Arizona, spent yesterday in the city and left last night for San Francisco.

Soft Harness

You can make your harness as soft as a glove and as durable as steel by using **EUKEKA Harness Oil**. You can preserve its life—make it last twice as long as it ordinarily would.

It makes a poor looking harness look like a new one. It keeps the harness from becoming stiff and brittle. It is specially prepared to withstand the weather.

Sold everywhere in cans—all sizes.

Made by STANDARD OIL CO.

Another Killing.

The cook of the V Cross T killed Bob McManse in a quarrel at Magdalena. Bob McManse was a cow-puncher in the employ of the V Cross T company. The cook went under the name of Bud Green and was a quarrelsome fellow; he took a horse and headed for the ranch after the shooting occurred, where he got a fresh horse. Bud Green is in the mountains and has sent word that he would kill several of the boys before he left. He is now considered crazy.—Sierra County Advocate.

He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Alvarado Pharmacy.

The plumbing and heating of the handsome Joe Barnett's three-story business building was secured by Whittey company, who also secured the plumbing for the pretty residence being erected by Justice of the Peace Crawford. The tinning and roofing for the Barnett building was let to E. J. Post & Co.

The Children's Friend.

There is no use trying to persuade American mothers that a substitute exists for Perry Davis' Painkiller. They know how it relieves the troubles of childhood, from sprained arms and legs to stomachache. Other preparations may do good, Painkiller is certain to. A big difference, and one that has been recognized for sixty years. There is but one Painkiller, Perry Davis'.

Yesterday the court tried the case of Silver Creek Mining company against F. M. Logan, of Las Cruces, a suit upon a promissory note for \$500. The defendant alleged an offset for goods alleged to have been furnished the plaintiff; but the court held the offset was not legally established, and rendered judgment for plaintiff for \$500 and interest.

ORDER IS REVOKED.

Wool Growers' Association Cannot Allot Lands in Forest Reserve.

The following order has been received by Supervisor McClure, of the Gila Forest Reserve, from Hon. Ringer Hermann, commissioner of the general land office:

R. C. McClure, Forest Supervisor, Silver City, N. M.: Washington, D. C., Oct. 20, 1902.—Sir: On page nine of the Forest Reserve Manual it is stated that when the secretary of the interior has allowed sheep grazing in a forest reservation the application for the privilege are handled in two ways:

"(a). Where a wool growers' association exists, which includes a majority of the persons who are interested in the use of the reserve, the association may allot the range and sheep among the applicants."

"(b). Where such an association does not exist, or does not care to assume the responsibility, all applications are made to the supervisor direct, who acts upon and forwards same to the commissioner of the general land office, with his approval or other recommendation."

The said rules were established by the honorable secretary's order of February 8, 1902.

You are now advised that on October 25, 1902, the honorable secretary of the interior decided that in the future the "wool growers' association" will be eliminated from the matter of allotment or other control, and that the grazing be placed directly in the hands of the forest supervisors, under existing rules, and that all penalties and obligations imposed by department order of February 8, 1902, remain in force against all permit holders."

When sheep grazing is allowed for 1903, and the supervisor has been advised of the number of sheep to be admitted, applications should be submitted to him direct. Please obtain through the newspapers, as a matter of news, without expense, as wide publicity of this order as possible.

RINGER HERMANN,

Commissioner.

CONSUMPTION

the most dreaded and deadly of all diseases, as well as pneumonia, and all lung troubles are relieved at once and cured by Ackers English Remedy "the king of all cough cures." Cures coughs and colds in a day 25 cents. Your money back if dissatisfied. Write for free sample. W. H. Hooker & Co., Buffalo N. Y. J. H. O'Reilly & Co., and E. H. Briggs & Co.

HUBBELL AS MANAGER.

Chairman of the Republican Central Committee is Happy.

Nobody in New Mexico, and especially in Bernalillo county, probably feels any better over the result of last Tuesday's election than

He is the efficient chairman of the territorial and county republican central committees, and the victory, with its immense majority for delegate to congress and the big majorities for legislative and county officers in this county, really exceeded his expectations.

HON. FRANK A. HUBBELL.
The Man Who Led the Republican Forces to Victory.

The highest estimate he made during the last week before election was between 4,000 and 5,000 on the delegateship and now the returns show a majority of over 9,000, while in the county he placed the majorities at from 1,500 to 2,000, and the returns, now in, show majorities from 3,000 to 3,500. Mr. Hubbell was particularly fortunate in his estimates, although placing them at low figures, and the republicans are pleased at his thorough work as an organizer and the personal attention he paid to all the details of the campaign. He is familiar with every precinct in this county and with all the large outside precincts, and as a result has never been fooled the wrong way on his estimates since being at the head of the two central committees. He is receiving many congratulations from leading politicians of the territory over his good work, and The Citizen joins them in their praises.

The Best Prescription for Malaria, Chills and fever is a bottle of Grove's Tasteless Chill Tonic. It is simply iron and quinine in a tasteful form. No cure; no pay. Price, 50c.

History Club meeting.

The New Mexico History club met with Attorney A. B. McMillen last night, but owing to the absence of some of the members the prearranged program was only partly carried out. H. E. Fox directed the class study and read interesting sketches from Bancroft's Arizona and New Mexico, which deals with Coronado's expedition in the territory.

Dr. James Wroth was elected to membership in the club to fill the vacancy caused by the resignation of S. E. Newcomer. The program for the next meeting will be as follows:

Coronado's Line of March—A. B. McMillen.

Prior Niza—M. E. Hickey.

The Enchanted Mesa—Dr. W. G. Hope.

Class Study Chapter IV, Bancroft—H. B. Stroup.

Acker's Blood Elixir positively cures chronic blood poisoning and all scrofulous affections. At all times a matchless system tonic purifier. Money refunded if you are not satisfied. 50c and \$1. J. H. O'Reilly & Co. and E. H. Briggs & Co.

DISTRICT COURT.

The case of the city of Albuquerque, for the use of Hayden & McClure, vs. A. M. Gentile, owner of a certain lot on South Third street, came up in the district court yesterday and a decision was rendered in favor of the defendant. Over two years ago the city by resolution ordered the construction of a sidewalk abutting the property of the defendant, a non-resident of the city of Albuquerque, and personally served a copy of the resolution on him. Mr. Gentile, failing to obey the order, the city council gave Hayden & McClure the contract to build the sidewalk; and, as provided by law, issued a tax bill in their favor. Upon the refusal of Mr. Gentile to pay the amount of the tax, suit was entered to foreclose the tax lien. The decision was rendered as above for the reason that improper notice had been given the defendant, the notice having been personally served instead of by posting on a conspicuous place on the lot as required by law in cases where the owner is a non-resident of the city. This is the only case of the kind pending, being a relic of a former administration, and as the present city council is by ordinance ordering the construction of all sidewalks and giving notice to owners as above required, there will doubtless be no further contests.

W. A. Herren of Finch, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." Alvarado Pharmacy.

The fame of the "Cavalier" cigar, made and sold by Fleisher & Rosenwald, tobacco and cigar merchants, is known far and wide, as is shown by an order received by the firm from a gentleman at Seattle, Washington.

For Bronchitis, Croup, Whooping Cough, Sore Throat, and all other Druggists. THE KEELEY INSTITUTE, Dwight, Ill.

Constitutional Strengthening

HISTORICAL SOCIETY MEETING.

Resignation of Solomon Spiegelberg Who Has Been Treasurer Since 1883, Was Accepted.

A special meeting of the Historical society of New Mexico was held at the residence of the president, Hon. L. B. Prince, Santa Fe, at which the resignation of Solomon Spiegelberg, as treasurer, was accepted. The resignation was tendered because of Mr. Spiegelberg's removal from the territory and a resolution was adopted expressive of the appreciation by the society of his long and faithful services. He was first elected treasurer in 1883, and has served eighteen terms. W. W. Mills, United States consul at Chihuahua, Mexico, and the author of a recent book of reminiscences of El Paso was elected to honorary membership. Arrangements were made for the purchase of various articles of historic interest and for improving the rooms of the society. Cards are being prepared for the systematic marking of articles belonging to the society.

TO CURE A COLD IN ONE DAY. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on the box; 25c.

SANTA FE NOTES.

Election Contests Rumors—Cavalry Band Dance—City Marshal Resigns.

There are 232 convicts in the penitentiary at present, six of them being women.

Cleora Weldner, city marshal, has resigned, and Mayor Sparks has temporarily appointed Seferino Alarid to serve until the council meets to take action.

George F. Ellis contemplates the erection of four modern 6-room brick cottages on lots he has recently purchased near the Denver & Rio Grande railroad depot. Plans and specifications for these new buildings are now being drawn.

The street has it that there is some talk of a contest to be inaugurated for the office of sheriff, for which, upon the face of the returns, H. C. Kinsey, republican candidate, has a small majority. If this is done it is very likely that a contest will be made for the office of treasurer and collector, for which George W. Knaebel received a small majority upon the face of the returns.

The first cavalry band will give a dance at Armory hall on Thanksgiving night to raise money to pay the necessary expenses of the band, such as rent, etc., and to buy new music. No part of the money received will be divided among the members, but all will be in the band treasury. The amount collected for the Sunday concerts is small and does not meet the current expenses and the band hopes that those who have enjoyed its music weekly will come to the front and help it out. Music for dancing will be furnished by Professor Perez's orchestra.—New Mexican.

Worse Than a Blow from a hard fist is the buffet of cold wind upon a pair of improperly protected lungs. A few minutes exposure to cold may be the beginning of consumption. Lose neither time nor courage. Fortify yourself against pulmonary troubles, including consumption, with Allen's Lung Balm. A few doses will loosen the cough and enable you to get rid of the phlegm that produces it. Cure soon follows.

Negro Burglar Arrested.

Durf Rice, a negro, was arrested by City Marshal McMillen yesterday afternoon on North Third street and lodged in jail. The arrest was made through a telegram received from the city marshal of Lawrence, Kan., yesterday morning asking to keep on the lookout for a negro answering Rice's description. It was stated that Rice was headed for Albuquerque. The marshal played a sleuth act until about 4 o'clock, when he located his man. Rice denied his guilt and said he wouldn't go back, but the marshal told his prisoner in those kind, soothing words that they would believe him guilty if he refused to return. The authorities at Lawrence were notified and late last evening a telegram was received from Sheriff E. E. Myers, stating that he would start immediately for Albuquerque.

Stops the Cough and Works Off the Cold.

Laxative Bromo Quinine Tablets cure a cold in one day. No cure; no pay. Price, 25 cents.

ONE FARE FOR CHRISTMAS.

Santa Fe Announces Low Rate for Holiday Travel.

It is announced by the Santa Fe passenger department that a one fare rate will be made to all points within 200 miles for the Christmas holidays. The tickets will go on sale December 24 and 25. They will also be on sale December 31 and January 1. The final return limit on all these tickets is January 2.

Last year the railroads made a one fare rate for holiday travel and it proved to be a successful venture. Usually the rates are slightly higher than one fare.

LAS VEGAS LACONICS.

Batch of Interesting Topics From Up the Country.

Special Correspondence.

Las Vegas, N. M., Nov. 7.—J. B. Penbody has arrived from the east and is taking instructions as hotel cashier in the Castaneda hotel here to be ready for assignment.

Ribera had quite a few election scraps. Don Sandoval, the section boss there, and an ardent republican, had a couple of rows himself. Nestor Sena and he took a fall out of each other Wednesday, and beat each other up about the face.

C. J. Gavin came down last evening from Raton to take part in the frolic of the Elks last night.

Mrs. J. J. Schmidt, who came down from here a few days ago from Denver to attend to some business matters, left last night for Denver and home.

Mrs. Curran has arrived here from Ohio and will spend the winter with her son, who is here for his health.

W. H. Jobe has transferred to Mollie F. Schmidt the row of flats on the lower end of Douglas avenue, and all the curtains, ranges and fittings therein. Consideration, \$5,000.

W. B. Twitchell has assigned five-sixths of all his mining claims to F. C. Smith. Legal consideration, \$1. The Hamilton Mining company, composed of O'Connor Roberts, C. C. Robbins, M. F. Murphy and O. B. Erickson, have recorded the Roberts extension lode Nos. 1, 2 and 3, the Hamilton lode, No. 1, and five acres for a mill site, all in the Cooper or Hamilton mining district.

United States court will open Monday here.

J. F. Flagg returned today on No. 2 from an extended trip all over the continent and will remain here for the winter. It will be remembered Mr. Flagg is the gentleman who lost his only daughter here a few months ago.

In precinct 26, oldtown, there were three times as much scratching done on the fusion ticket, as on the republican ticket, most of the latter voting her straight.

Mr. Herman, the painter, is the proud father of a new girl. The baby arrived yesterday.

Max Nordhaus returned last evening from Santa Rosa, where he has been several weeks. Mr. Nordhaus said there has been about 200 families of Texans—and Texans means democrats—moved into Gualadupa county, and that accounts for that county going wrong this election.

Frank Chavez, the fusion ticket candidate for assessor, came in yesterday evening from El Cuervo to find just "where he is at." His father, George Chavez, is at this afternoon.

Jacob Wertheim, one of Tucuman's prosperous merchants, came up yesterday evening to attend to a little business here and talk about the election.

The cavalry troopers will dance tonight.

Mrs. Jacob Gold, who is making her home here now, left today for Santa Fe for a few days' stay on business at her former home.

J. Newton, wife and baby have arrived here from Albuquerque and will make the city of health their home. Mr. Newton comes for his health, he having spent some time in one of the sanitariums in the southern part of the territory.

The father of Judson Davis, the drug clerk, arrived last evening from Chicago to see his son, who is quite sick.

A. J. Byersdorf, the clothing man from Chicago, arrived this afternoon and is canvassing the trade.

Capt. E. G. Austen and Col. R. G. Head are loading a lot of cattle purchased of John Whitmore, of Gallinas Springs. The loading is being done at the stock yards and the cattle will go south.

W. B. Fonville, the insurance man who is accused of making away with over \$300 worth of premiums paid in here, and who is now in Chicago, has not yet made good, and it is said by those pushing the claims of the company, that he will get acquainted with the grand jury.

Dispatcher King, of the Santa Fe force, has resigned and will leave for California.

Dr. William P. Mills, returned today from his extended trip to Washington and other points east.

Elmer E. Veeder left this afternoon for Albuquerque on a business trip.

E. B. Wheeler returned last night from his trip to Santa Fe.

At the election last night at the Company K, infantry, armory, for captain, Bonifacio Lucero was elected captain from second lieutenant. Adjutant General Whitman, of Santa Fe, was present and assisted in the election. For the place of second lieutenant, Louis Guerin ran highest, and Antonio Sena next, but the adjutant general has not yet made the appointment, though it is thought it will go to Sena. The company is now up to its full quota, and it was with considerable regret that the company accepted the resignation of Capt. A. R. Da Costa, who organized the company and brought it to its present state of perfection.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it:

FIFTY THOUSAND DOLLARS

in development on the ledge and a complete five-stamp mill, with all other necessary machinery ready to run. The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares, (par value \$1 each), fully paid and non-assessable, to further develop and put the property on a paying basis. A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public. Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, references, etc., address,

OZARK GOLD MINING & MILLING CO.,
MOSCOW, IDAHO.

as they can get relieved. Willard Spate returned this afternoon to Chicago, after a visit here of several weeks with his wife and family.

E. W. Grove

This signature is on every box of the genuine **Laxative Bromo-Quinine Tablets** the remedy that cures a cold in one day.

NEW MEXICO APPLES.

Wonderful Crop Produced This Year at Hagerman's Orchard by Eight Year Old Trees.

The managers of Hagerman's big apple orchard at Roswell have figured up the output now that the big crop has been marketed. In the winter of 1894 and 1895, J. J. Hagerman planted 30,000 trees on 450 acres of land. Last year it had the first crop of about 15,000 bushels of apples. This year the orchard was slightly injured by hail but the shipments of apples were 69,800 bushels. A part of the apples were shipped in barrels but about 40,000 bushels were shipped in one bushel boxes. In addition to the shipments a part of the crop was made into cider and worked up into evaporated apples. The management estimates that the 40,000 trees bore 120,000 bushels. There are about 20,000 trees that are yet too young to bear and it is expected that about 10,000 of them will bear next year. Edwin Greene, superintendent of the orchard, estimates that in four years it will annually produce from 200,000 to 250,000 bushels of commercial apples. Every box and barrel of apples is assorted by hand. The cider plant has a capacity of 3,600 gallons a day while the evaporating plant has a capacity of 200 bushels a day. The Hagerman orchard paid to the Santa Fe Railway company this year for freight and box material in apples out, over \$25,000. The orchard of Richard Barnett, in the same vicinity, has twenty-five acres of trees eight years old. It was not injured by the hail and produced 6,200 bushels of apples.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion or money refunded. 25c and 50c. Write to us for free sample. W. H. Hooker & Co., Buffalo, N. Y. J. H. O'Reilly & Co. and E. H. Briggs & Co.

CERRILLOS CULLINGS.

Several Cases of Sickness—Smelter Company Officials.

Master Earl Turner, who has been quite sick for some time, is very little improved.

The little son of Mr. and Mrs. G. P. Hyde has been very sick but is reported some better.

The family of Felix Murphy have arrived from Kansas and expect to make this their home.

The two children of Mr. and Mrs. W. A. Brown have been confined to the house this week with scarlet fever.

Mr. H. C. Yontz has returned home from San Pedro, where she had been teaching school a few days for Miss Fannie McNulty, who was sick.

Messrs. Bridge and Galbraith, of Franklin, Pa., who are interested in the smelter company, and also have other extensive mining interests in this region, are here on business this week.

W. H. Coleman and son have moved their blacksmith shop into the building recently vacated by Abe Reid, and intend moving their old building across the street, after which they will run a double shop, in order to accommodate their constantly growing business.—Register.

You Know What You Are Taking When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure; no pay; 50c.

OFFICIAL MATTERS.

Governor Otero has appointed the following notaries public: Otto Dieckmann, Albuquerque; Carl Harberg, Cleveland, Mora county, and Simon F. Reuther, Las Vegas, San Miguel county.

Regent Appointed.

Governor Otero has appointed Dr. W. R. Tipton, of Las Vegas, San Miguel county, a member of the board of regents of the New Mexico Normal University at Las Vegas, vice Rev. George Selby, resigned.

Notice of Special Master's Sale.

Territory of New Mexico.—In the District Court of Bernalillo County.

George K. Neher, plaintiff, vs. Ambrosio Armijo and Anita Armijo, defendants.

Notice is hereby given that the undersigned, special master, duly appointed for that purpose in pursuance of the decree of the district court of the county of Bernalillo aforesaid, made and entered on the first day of December, 1900, in the above entitled cause, will at public auction to the highest bidder for cash at the front door of the court house of the county of Bernalillo aforesaid, at Albuquerque, on Monday, the first day of December, 1902, at about 10 o'clock a. m., the following described real estate, to-wit: Lot number seven in block number fifteen of the New Mexico Town Company addition to the town (now city) of Albuquerque as designated and described upon the map and plat made by M. J. Mack, C. E., and filed in the office of the probate clerk and ex-officio recorder of Bernalillo county, on the 29th day of December, 1882. Said sale is made for the purpose of carrying into effect the decree in partition in the above entitled cause and upon confirmation of said sale the purchaser will be let into the possession of the premises sold.

T. S. HUBBELL,
Special Master.

Kodol

Dyspepsia Cure

Digests what you eat.

This preparation contains all of the digestants and digests all kinds of food. It gives instant relief and never fails to cure. It allows you to eat all the food you want. The most sensitive stomachs can take it. By its use many thousands of dyspeptics have been cured after everything else failed. It is unequaled for the stomach. Children with weak stomachs thrive on it. First dose relieves. A diet unnecessary.

Cures all stomach troubles.

1859-1892.

Lively Election Times Forty Odd Years Ago in New Mexico.

SHOTS FIRED IN A DUEL.

In the early days of this territory political campaigns were not conducted in as quiet and peaceful manner as they are now or have been of late years, nor were the majorities obtained very large. The following interesting episode of the delegate campaign in 1859, when Miguel A. Otero, of Albuquerque, father of the present governor, was the democratic candidate for that office and John S. Watts, a Santa Fe lawyer, was the republican candidate, is published to show the difference in times, men and manners between 1859 and 1902.

In an issue of the New York Evening Journal in 1859, under the heading "Thirty-fifth congress, appears the following: "New Mexico has one territorial delegate. It has lately been democratic, and is represented by Miguel A. Otero, of Albuquerque, Bernalillo county. Mr. Otero is a lawyer and has been the delegate in congress from his territory since 1855. He is a democrat."

In this connection the following from the editorial page of the Missouri Republican of September 27, 1859, will be found of great interest:

"From Arizona. "Mesilla, Arizona Territory, September 12, 1859.—In a speech made in our plaza on Sunday, the 4th instant, Judge Watts charged Mr. M. A. Otero with neglect of duty towards his constituents, and stated that on the night of the 2nd of March, 1859, during the pending of a certain appropriation bill, before the senate, Mr. Otero was absent at a ball with his family. This Mr. Otero resented by giving Judge Watts the lie, both in English and in Spanish, in such a manner that it was impossible for Judge Watts to overlook it. A challenge ensued, which Mr. Otero, through his friend, Colonel Samuel J. Jones (Sheriff Jones) late of Kansas, and now United States customs collector at this place, promptly accepted; Frank Green, of Santa Fe, acting as friend of Judge Watts. The weapons selected were Colt's navy six-shooters, one barrel loaded, distance fifteen paces. The parties met at sunrise on the 7th near the Mexican line. Mr. Green won the choice of position, also the word. After the first shot the friends of the parties endeavored to effect a reconciliation between them, which failed. The second and third shots were then fired, without effect, when, after a consultation with his principal, and other friends, Mr. Green declared himself satisfied and the parties were withdrawn from the field, the difficulty remaining unsettled.

"Both parties were brave and cool, and Mr. Otero won for himself the golden opinions of all who witnessed the affair by his bravery and gallantry."

A Liberal Offer.

The undersigned will give a free sample of Chamberlain's Stomach and Liver Tablets to any one wanting a reliable remedy for disorders of the stomach, biliousness or constipation. This is a new remedy and a good one. All druggists.

Thursday night "Shorty" Swartz, a tailor, who had been employed for a short time in Raton, while attempting to board a freight train with the intention of stealing a ride to La Junta, Colorado, fell between two cars in motion and his leg was crushed, necessitating its amputation above the knee. The unfortunate young man is being taken care of at the Raton infirmary.

The Best Remedy for Diarrhoea.

"Some years ago, while at Martinsburg, W. V., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well. G. A. Morris, Embreeville, Pa. Sold by all druggists.

A. R. Quick, the Raton agent of the Santa Fe railroad, received a telegram last Saturday announcing the death of his mother, Mrs. E. B. Quick, at Milford, Pa., that day. She was 84 years of age and up to the time of her death maintained her faculties and vigorous health. Mr. Quick comes from a long lived family, most of his ancestors on both sides living to be almost centenarians.

Jumped on a Ten Penny Nail.

The little daughter of J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by all druggists.

Work on the grade of the Santa Fe Central railway between Santa Fe and Torrance is progressing very satisfactorily and rapidly. The grade is completed between that city and Kennedy and also eighteen miles south of that point. Six miles of grade from Torrance north have been constructed during

the past few days. It is believed that the grading camps from the north and south will meet about the middle of December. Steel track laying will commence on the first of December from the southern end and the road will be in running operation to Santa Fe by February 1, 1903.

Cut this out and take it to any druggist and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size 25c per box.

The Santa Fe railway is building a heavy barb wire fence on both sides of the track at Kennedy to prevent the Santa Fe Central railway from effecting a crossing at that point.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I can recommend it with the utmost confidence. It has done good work for me and will do the same for others. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health, Ralph S. Meyers, 64 Thirtieth Street, Wheeling, W. Va. For sale by all druggists.

The new time cars on the Santa Fe railway will go into effect next Sunday and there will be no change in the arrival or departure of trains from Santa Fe, but there will be no direct connections with the California limited from the territorial capital.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by all druggists.

C. M. Secrist, chief clerk for the Meridian railroad system, Chicago, and nephew, H. A. Roe, will arrive at Holbrook from Chicago on Thursday. In company with Sheriff Secrist, who is a brother of C. M. Secrist, and family, they will go to the mountains on a ten day hunt.

Luck in Thirteen.

By sending 13 miles Wm. Spirey, of Walton Furnace, Vt., got a box of Bucklen's Arnica Salve, that wholly cured a horrible Fever Sore on his leg. Nothing else could. Positively cures Bruises, Felons, Ulcers, Eruptions, Boils, Burns, Corns and Piles. Only 25c. Guaranteed by all druggists.

The race for fast time between the Santa Fe and Rock Island from Chicago to the coast promises to develop the fastest time ever made over that distance. The Rock Island runs from Chicago to Los Angeles in sixty-six hours. The Santa Fe will make its first run on the 15th inst.

A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from Rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters. "Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure Rheumatism, Neuralgia, Nervousness, improve digestion and give perfect health. Try them. Only 50c at all drug stores.

The Farmington Times says: The railroad surveyors are now near the mouth of Largo canyon. They are working slowly, but are making an accurate survey. Several of the party were in town Sunday and were shown over the town and surrounding country by some of our public spirited citizens. They hold their intentions very much to themselves and, as far as we know, have given no indication as to the intentions of their employers. Their route after striking the river's being anxiously awaited by the people of this vicinity.

Asleep Amid Flames.

Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death and doctor's bills. A teaspoonful stops a late cough, persistent use and most stubborn. Harmless and nice tasting. Its guaranteed to satisfy by all druggists. Price 50c and \$1.00. Trial bottles free.

The Las Cruces Progress says: C. N. Small, civil engineer, of Boston, Mass., arrived here Wednesday from St. Genevieve, Mo. Mr. Small, so it is understood, will make the preliminary survey of the proposed California cut-off from Alamosa to Deming.

Starting, But Tiring.

"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Demingtown, Pa. "you'd sell all you have in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at all drug stores.

Subscribe for the Daily Citizen.

BAPTISTS TO MEET.

Territorial Delegates to Convention Here Will Soon Arrive.

TO CONVENE ON FRIDAY.

Beginning on Friday of this week and continuing for three days the New Mexico Baptists will hold a conference in this city, meeting in the Baptist church on South Broadway in the Highlands. The printed program, which has been sent to the Baptists of the territory, is as follows:

Friday Morning, November 14.
9:30—Devotional meeting, A. O. Williams, J. D. Minneapolis.
10:00—Enrollment of officers; report of program committee.
10:30—Report of treasurer.
11:00—Report of board of managers.
To move adoption of report, J. O. Williams, of Raton; to second report, Milton Reece, Weed.
11:30—General discussion of report. Appointment of committees.

Friday Afternoon.
New Mexico Baptists at work in America.
2:00—Devotional service, I. N. Clark, Kansas City.
2:30—Sermon, J. C. Chapin, of C. y. ton.
3:00—Report of committee on home missions, Miss Everett, East Las Vegas.
3:10—Address, N. B. Ralston, D. D., Omaha.
3:40—General discussion opened by C. S. Woody, D. D., Portland, Oregon.
4:00—Presentation of Mexican work and needs. Remarks by secretary and others.
4:30—"Our Navajo Mission," R. B. Wright, missionary. Dedication of Navajo missionary wagon.

Friday Evening.
7:30—Devotional service, C. A. Woody, D. D., Portland, Oregon.
8:00—"Our Country and the Kingdom," O. A. Williams, D. D., Minneapolis.

Saturday Morning, November 15.
New Mexico Baptists at work in school.
9:30—Song and praise service, Mrs. W. H. Rishel, Velarde.
10:00—Report of committee on Sunday school work, F. W. Spencer, Albuquerque.

Informal discussion opened by Prof. J. A. Wood, Santa Fe.
10:45—"Education and the Kingdom," Prof. T. H. Claypool, Alamogordo, N. M.
Discussion.

Saturday Afternoon.
New Mexico Baptists at work in world wide missions.
2:00—Devotional service, A. A. Beerman, Carlsbad.
2:14—Report of committee on systematic beneficence, R. H. Carter, Raton.
2:25—"Finance and the Kingdom," Mrs. W. K. Preston, Albuquerque.
3:00—"The World Field," H. B. Gibbons, Carlsbad.
General discussion.
3:40—Closing business.
4:00—Early adjournment for visiting points of interest in and about Albuquerque.

Saturday Evening.
New Mexico Baptist young people at work.
7:00—Business meeting for organizing territorial Baptist Young People's Union.
7:30—Young people's prayer meeting, C. R. Taylor, Alamogordo.
8:00—Address, R. B. Smith, D. D., El Paso, Texas.

Sunday Morning, November 16.
9:45—Sunday school session.
11:00—Missionary sermon, O. A. Williams, D. D., Minneapolis.

Sunday Afternoon.
New Mexico Baptist women at work in missions.
3:00—Presentation of women's work. Special program in charge of Miss Mina S. Everett, of East Las Vegas, N. M.

Sunday Evening.
7:30—Devotional meeting, C. V. Brockway, Prescott, Arizona.
8:00—Sermon, I. N. Clark, D. D., Kansas City.

One Minute Cough Cure
Is the only harmless cough cure that gives quick relief. Cures coughs, colds, croup, bronchitis, whooping cough, pneumonia, asthma, hiccups, and all throat, chest and lung troubles. I got soaked by rain, says Gertrude E. Fennor, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 lbs. My druggist recommended One Minute Cough Cure. The first bottle brought relief; several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children. J. H. O'Reilly & Co.; B. H. Briggs & Co.

The Aztec Index says: With two broad gauge railroads heading this way San Juan county would appear to be in the track of an area of prosperity never dreamed of heretofore.

Delaware District Attorney.

Washington, Nov. 11.—The president has appointed William Buchanan Byrne to be United States district attorney for Delaware. Byrne resigned this position last October and was a candidate for congress in the recent election as a union republican. He was defeated and now has been given back his old place.

Switchmen Will Not Strike.

Chicago, Nov. 11.—"The Chicago switchmen will not strike," said Grand Master Lee, of the Brotherhood of Railway Trainmen, who has been conducting negotiations with the railway company. "Conferences began yesterday are continuing today," he added, "and there is every prospect of settlement."

Judge N. B. Laughlin, a well known attorney of Santa Fe, is in the territorial metropolis on legal matters.

WOMAN'S WEALTH IS HEALTH

PAINE'S Celery Compound

GIVES VITALITY, VIGOR AND STRENGTH TO DEBILITATED AND RUNDOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those which do not imply a rapid and unequal exhaustion of those powers by which life is maintained. While we assert that the women of our land stand peerless for beauty and the virtues that make them lovable, we cannot hide the fact that there are thousands in our midst who, owing to overwork, worry, household cares, and an unequal exhaustion of life power, have become weak, nervous, sleepless, and debilitated.

We bring to the attention of all weary, despondent, hopeless, and sickly women earth's great restorer and health-bringer, Paine's Celery Compound. Thousands of healthy women around us owe their present vigor, activity, and robustness to Paine's Celery Compound. Mrs. Stephen Smith, St. Paul, Minn., tells how she was snatched from the grave. She says: "I had a bad attack of la grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that as soon as they brought me out of one faint I was in another. I could not take any nourishment, and doctors' medicines did me no good. A friend advised my husband to get me a bottle of Paine's Celery Compound, which he did, but had no faith in it. The second day after taking the Compound, I began to get real hungry and took an interest in things. I had everything that money and loving care could supply, and with that and Paine's Celery Compound, I am now doing my own work, while three months ago I was almost in the grave. I know that I owe my health and strength to Paine's Celery Compound, and shall always recommend it."

There are many ways to economize, but none is so simple, entertaining, and satisfactory as the use of

DIAMOND DYES

in making pretty and practical objects for the home.

Direction book and 45 dyed samples free.

DIAMOND DYES, Burlington, Vt.

For the Christmas holidays the El Paso & Northeastern railroad has put on sale round trip tickets at the rate of one-third fare from all stations to all stations, which tickets will be sold from December 23 to January 3, inclusive, good to return January 3.

A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, expose the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. J. H. O'Reilly & Co.; B. H. Briggs & Co.

COMING MARRIAGE.

Miss Anita Palladino and Elia Gradi to marry.

The Citizen has received an invitation to the marriage of Miss Anita Palladino to Elia Gradi, which happy event will occur at the Church of the Immaculate Conception, El Paso, Texas, on Wednesday morning, November 19, 1902, at 9 o'clock. For years the prospective bride resided in this city, and at the street fair and carnival of 1900 was the pretty queen of that event. About a year ago the family moved to the Pass City. Mr. Gradi, who will soon become a benedict, is a brother of L. Gradi, the North Third street general merchant, and is well known and popular in the Italian colony of this city. This paper extends congratulations in advance.

If you are bilious and seeking advice, take Dr. Witt's Little Early Risers. Just before going to bed, you will find on the morrow, You are rid of your sorrow—That's all; just enough said.

These famous pills do not gripe, but move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. J. H. O'Reilly & Co.; B. H. Briggs & Co.

Switchmen Will Not Strike.

Chicago, Nov. 11.—"The Chicago switchmen will not strike," said Grand Master Lee, of the Brotherhood of Railway Trainmen, who has been conducting negotiations with the railway company. "Conferences began yesterday are continuing today," he added, "and there is every prospect of settlement."

OFFICIAL COUNT

Showing the Total Votes and Majorities in This County.

BANNER REPUBLICAN COUNTY.

Yesterday afternoon the board of county commissioners concluded its labors of counting the votes cast at the recent general election, and The Citizen here reproduces the total votes cast in the precincts, with the majorities obtained by the successful republican candidates:

For Delegate—Rodey, rep., 3,818; Ferguson, dem., 421. Rodey's majority, 3,397.
For Council—Hughes, rep., 3,859; Moore, dem., 251. Hughes' majority, 3,607.
For Council—Albright, rep., 3,753; Gillett, dem., 263. Albright's majority, 3,490.
For Representative—Bowie, rep., 3,855; Fabbro, dem., 261. Bowie's majority, 3,594.

For Representative—Montoya, rep., 3,815; Martinez, dem., 324. Montoya's majority, 3,491.
For Representative—Sandoval, rep., 3,823; Berg, dem., 286. Sandoval's majority, 3,537.
For Commissioner—Gutierrez, rep., 3,842; Montano, dem., 268. Gutierrez' majority, 3,574.
For Commissioner—Harsch, rep., 3,845; Dold, dem., 285. Harsch's majority, 3,560.

For Sheriff—Thos. S. Hubbell, rep., 3,898; Hunick, dem., 219. Hubbell's majority, 3,679.
For Assessor—Sandoval, rep., 3,847; Mora, dem., 257. Sandoval's majority, 3,590.

For Treasurer and Collector—Frank A. Hubbell, rep., 3,783; Beaven, dem., 374. Hubbell's majority, 3,409.
For County School Superintendent—Vigil, rep., 3,728; Lucero, dem., 374. Vigil's majority, 3,354.

For Probate Judge—Baca, rep., 3,791; Samora, dem., 318. Baca's majority, 3,473.
For Probate Clerk—Summers, rep., 3,880; McClellan, dem., 248. Summers' majority, 3,632.

For Surveyor—Rankin, rep., 3,841; Ross, dem., 329. Rankin's majority, 3,512.

Socialist Vote.

Precinct 12, City of Albuquerque: For Council, W. P. Metcalf and William Bryce received respectively 34 and 36 votes; for representatives, J. W. Weir, Alexander Craig and Joseph T. Johnston, 35, 35 and 36 votes respectively; for county commissioners, C. E. Gleckler and R. W. Loudon, 36 and 32 votes; for probate judge, F. W. Heyn, 37; for probate clerk, Gus Gustafson, 3; for sheriff, Felipe O'Bannon, 32; for assessor, J. S. McClure, 37; for treasurer and collector, A. E. Staehlin, 35; for superintendent of schools, O. S. Pillsbury, 44.

Precinct 13, Old Albuquerque—Two votes were cast for each of the socialist candidates.

Precinct 26, City of Albuquerque: For council, Metcalf and Bryce, 101 and 107 votes respectively; for representatives, Weir, Craig and Johnston, 107, 108 and 108 votes; for county commissioners, Gleckler and Loudon, 110 and 95; for probate judge, F. W. Heyn, 105; for probate clerk, Gustafson, 104; for assessor, McClure, 108; for treasurer and collector, A. L. Staehlin, 75; for superintendent of schools, O. S. Pillsbury, 119.

Cured of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for 40 years. Doctors and dollars could do him no lasting good. Dr. Witt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sores, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name Dr. Witt on the package. If others are cheap, worthless counterfeits. J. H. O'Reilly & Co.; B. H. Briggs & Co.

HE RETIRES.

A. D. Whitson Out of the Music and Piano Business.

A. D. Whitson, of the Whitson Music company—one of the oldest piano dealers in New Mexico—has this day sold out all of his interest in said company, and expects to retire from the music business entirely, in a retail way, at least for the present. Mr. Whitson came to this territory in March, 1882, and has been a resident almost continuously of this city since that date, with the exception of an absence of several years in California. The gentleman has been actively identified with the upbuilding of this city, and his retirement will be regretted. He expects to leave for Chicago in a few days, and perhaps may associate himself with some wholesale house in his line in that city.

THE GUN EXPLODED.

Several Severely Injured While Duck Hunting Near Los Lunas.

An accident occurred near Los Lunas late yesterday afternoon that will be remembered by those present for a long time to come. Bencoselo and Gregorio Romero, and another young man were duck hunting on the Huning farm a few miles south of that place. In firing the gun of Bencoselo Romero exploded, tearing his hands to pieces, one so badly that it had to be amputated above the wrist. The second Romero was standing near and was struck in the eye by flying steel. He will probably lose the sight of one eye. Dr. Wittwer, of Los Lunas, dressed the

wounds, but owing to the fact that the wounds were very severe and that accommodations were limited at Los Lunas, he recommended that the injured boys be brought to Albuquerque for further treatment.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and kidneys strong and active. Burdock Blood Bitters does it.

DISTRICT COURT.

The court today tried the case of Germania Life Insurance company vs. J. B. Chrette, of Colfax county, suit on a promissory note for \$300 given on account of an alleged policy of insurance. The defense moved to find the issues for defendant, on the ground that the plaintiff had not shown compliance with the territorial laws permitting plaintiff to carry on its business in this territory, and therefore unable to maintain the suit. The court found the law with the defendant and dismissed the suit. A number of cases in like situation went over to abide the decision of the supreme court on the law of the case.

For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Warning to Bicycle Riders.

A young man was arrested on the Highlands last night for riding a bicycle on the sidewalk. The trial was set for tomorrow morning. The violating of the bicycle ordinance has reached measures that will receive the attention. A fine of from \$5 to \$20 is imposed on the offenders of this ordinance. Many complaints have been received from all parts of the city, and especially from the Highlands, that the sidewalk riding has become extremely dangerous. Many owners of bicycles have not been content with the violating of the city ordinance, but have become very insulting to the pedestrian who failed to give them the entire sidewalk. The police authorities have been instructed to arrest everyone caught riding the sidewalks of the city, and they will be fined to the extent of the law.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

MORMON U. S. SENATOR.

Apostle Smoot Will Represent Latter Day Saints.

Salt Lake, Utah, Nov. 11.—The Salt Lake Telegram prints the following interview with Apostle Reed Smoot, of the Mormon church, candidate for the United States senate to succeed Senator Rawlins, democrat.

"Is it true," was asked Mr. Smoot, "that you have secured permission of the church to make the race for the senatorship?"

"I have secured the individual permission of my associates. The church has nothing to do with it."

"What are your views on polygamy?"

"The church is living strictly in accordance with the manifesto and I voted for and approved the same."

"Have you ever practiced or countenanced polygamy?"

"I never practiced polygamy."

"Did you believe in polygamy before the manifesto was issued?"

"As an American citizen I claim the right to believe as I please, so long as it does not interfere with the rights of any other citizen."

"Are not some of the apostles still practicing polygamy?"

"That is a matter of which I know nothing."

"What are your views on the action of congress in refusing to seat B. H. Roberts?"

"I think Mr. Roberts should have been seated first and tried later."

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

East River Bridge Damaged.

New York, Nov. 11.—After a careful inspection today the new East River bridge structure, which was burned last night, the contractors now place the loss at not less than \$55,000. None of the great cable was harmed. All the men supposed to have been lost have been accounted for.

"Little colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds, too, down to the very verge of consumption.

Boer Generals.

London, Nov. 11.—Generals Botha and Delarey had a private interview today with Colonial Secretary Chamberlain at the latter's office.

Miss Isabelle Spencer, daughter of Mr. and Mrs. E. W. Spencer, who is a nurse at the Colorado Fuel and Iron company's hospital at Pueblo, Colo., is here recuperating from a sickness with pneumonia. The young lady has been seriously ill and will doubtless remain here for several months.

Frank A. Benkart, of New York City, traveling representative for the Equitable Life Assurance society, is a guest of Edward Grunsfeld, New Mexico manager for that society.

Final Homestead Entry—Martin Serr

..A Lurking Danger..

DANGER lurks in every ache of the back. Don't be deceived by backache. Don't mistake it's meaning. Don't fail to realize the serious side of the "bad back."

The pains and aches of a "bad back" are many and varied--sharp stitches--severe twitches--acute twinges of pain--slow exhaustive aches. The back is tired, is lame and weak.

The "danger in it" comes from the kidneys, for most backache pains are but kidney ills. Backache tells of a kidney blockade. The delicate little kidney filters are clogged and warn you through the back. Go to the assistance of the kidneys when they "cry for help." Doan's Kidney Pills relieve the ache and cure the cause.

DOAN'S KIDNEY PILLS

ARE ENDORSED BY

..Albuquerque People..

COAL AVENUE.

J. W. Gertig, bookkeeper, residence 468 West Coal avenue, says: "When I lived in Mansfield, Ohio, several years ago I had an attack of lumbago. Doan's Kidney Pills were highly recommended by residents of Mansfield in the papers of that city and I went to the drug store kept by a friend of mine, named W. Barton, for a box and commenced the treatment. A continuation of it for some time stopped the attack and for several years there was no recurrence. Some six months ago I noticed pain in my back and knowing what Doan's Kidney Pills had performed when they first came to my notice, I went to the Alvarado drug store for a box. The treatment was just as effective as it was when I first used it in Ohio. This to me positively proves that Doan's Kidney Pills can be depended upon."

SOUTH BROADWAY.

W. R. Tripp, engineer at the Hotel Alvarado, residence 511 South Broadway, says: "If backache had been my only symptom of kidney trouble my case would probably have been very simple, but when there was added to it trouble with the kidney secretions the complications did not respond to medicine as readily as I expected. About once every year I had these attacks and the use of Doan's Kidney Pills procured at the Alvarado Pharmacy tided me over one which was only a successor of similar predecessors. For six months I have had immunity from the annoyance and if Doan's Kidney Pills can be depended upon to act as they did when they first came to my notice, I know what to use should an attack recur in the future."

Get what you ask for. Get DOAN'S. Don't accept something just as good. Most druggists sell Doan's Kidney Pills and will give you what you call for. Some may endeavor to substitute an article they make more profit on. Insist on having the genuine. Price 50c. Manufactured by Foster-Milburn Co., Buffalo, N. Y.

DANGER is near at hand when the kidneys are sick. The urinary discharges tell the kidneys' condition "A brickdust" like deposit in the urine, or when too highly colored too frequent in passage, in any way; neglect is serious.

Disorders of the kidneys and bladder call for prompt attention. The early symptoms are but forerunners of dangerous diabetes, hard to shake off--dropsy, which makes an invalid of the most vigorous constitution--Bright's disease, dread destroyer, incurable in advanced stages.

Doan's Kidney Pills act quickly--cure quickly. Don't wait until too late.

DOAN'S KIDNEY PILLS

ARE ENDORSED BY

..Albuquerque People..

HUNING AVENUE.

Mrs. J. H. Smith, of 115 Huning avenue, (J. H. Smith, deputy sheriff,) says: "Every woman who has had backache for a month so severe that every movement she made hurt and she never knew the moment but the slightest strain on the muscles of the back brought a twinge which could only be described as excruciating, is more than pleased when she finds a means to at first check such attacks and then radically dispose of them. When suffering from backache I went to the Alvarado Pharmacy for Doan's Kidney Pills and took a course of the treatment, it stopped the annoyance. Since then I have had no necessity to use Doan's Kidney Pills nor any other medicine for aching across the small of the back."

EAST STREET.

Mrs. M. J. Butler, (M. J. Butler, night watchman in the Santa Fe shops), residence, 717 East street, says: "When I went to the Alvarado Pharmacy for Doan's Kidney Pills I had an attack of backache. It was only one of many which had annoyed me for two or three years. At first they were mild and I expected they would leave just as mysteriously as they came, but with the passing of time the attacks were more frequent and of longer duration. I used three boxes of Doan's Kidney Pills and was rewarded with an entire cessation of the aching. Up to date, and it is considerably over six months since I stopped the treatment, there has not been a sign of any recurrence."

CRUSHED TO DEATH.

Fatal Accident at a Turquoise Mine in the Burro Mountains.

The turquoise camp of the Azure Mining company, in the Burro mountains, about fifteen miles from Silver City, was the scene of a fatal accident Saturday afternoon. Pedro Perea, a miner in the employ of the company, being crushed to death by falling rock.

The accident occurred in the large open cut out of which the turquoise is taken. Perea and some companions were at work in the bottom, when, without an instant's warning, a large mass of rock and dirt caved in from the top, burying Perea beneath it, and narrowly escaped catching two other men, Ricardo Barola and Teodoro Solis.

The alarm was at once given and willing hands started to extricate the unfortunate man. When found half an hour later, life was extinct, having been crushed out when the landslide took place. The body was badly cut and bruised, but death had undoubtedly been caused by suffocation. Barola was bruised about the left leg and shoulder, but his injuries are not serious. Those sustained by Solis are of even less consequence.

Perea came to Grant county from Dona Ana county and has been here about a year, his family, consisting of a wife and four children, living at Silver City. He was a hard working and industrious fellow and is well spoken of by those who knew him. Silver City Independent.

NOT A PIPE DREAM.

Was Warnack's Story of His Love Affair and Subsequent Marriage.

In the parlors of the Windsor hotel, late yesterday afternoon, Henry C. Warnack and Mrs. Marguerite O'Connor-Elliott were married. The Rev. Henry A. Wood performed the ceremony. The marriage is one in which there are one or two unusual features. Mr. Warnack is employed on the editorial staff of the Rocky Mountain News and in Sunday morning's issue of that paper appeared the pictures of the couple and the story, written by Mr. Warnack, of their love affairs. In it Mr. Warnack intimated that his bride-to-be was then on her way to Denver from her home in Phoenix, Arizona, and that she was closely pursued by an irate father, who was strenuously opposed to the match.

Mrs. Elliott, who was divorced in Phoenix some time within the year,

according to the marriage license issued yesterday, reached here in the morning and the ceremony proceeded without interruption. The father evidently decided to remain in Phoenix. Denver Republican, Nov. 11.

Warnack a few months ago was city editor and poetry writer on the Las Vegas Optic. He passed through here three weeks ago from Phoenix for Denver, to accept a position as special writer on the Rocky Mountain News. Just before election, he was detailed to accompany Bryan in his tour of Colorado as the News representative.

MEN CLAIM DISCRIMINATION.

Some Trouble Among Employees of the Raton Coal and Coke Company.

There is a strike among the miners of the Raton Coal and Coke company. The men organized and became affiliated with the United Mine Workers of America, and a couple of weeks ago one of the mines at Blossburg was closed. It has again been opened and the men were told they might return to work. The men have remained out as they claim discrimination will be made in taking them back.

NEARING THE SANDSTONE.

Drilling for Oil at Raton is Being Pushed by Day and Night.

The drill of the Raton Oil and Gas company is now being kept at work day and night and the well is down about 2,620 feet. From 15 to 20 feet a day is being made. After examining the drillings taken at 2,600 feet, Professor Arthur Locke, a Colorado geologist, says the drill is passing through the shale just above the Dakota sandstone. The layer is estimated to be between 50 and 60 feet thick. The Dakota sandstone is the proven oil reservoir of Wyoming and of Trinchera, Colo., 16 miles from Raton.

Peculiar Minerals for St. Louis Fair.

Dr. W. S. Ward, field commissioner of the St. Louis World's fair mineral exhibit, has produced some beautiful specimens that will be placed in the display. Among these are some slabs of onyx from the San Luis Obispo quarries, which offer fine samples of natural photography in their figure work. One of these represents a mountain cascade tumbling among the boulders the background being the face of a crag. Another brings out the face of Pope Leo XIII, hidden in a cowl, and still another seems to be the picture of two babies rolling about in the clouds.

Hagerman's Big Apple Orchard.

A resume of the facts and figures of the big Hagerman apple orchard is as follows: There are 40,000 trees on 450 acres. The trees are about seven years old. Last year's crop was the first, and 15,000 bushels were harvested. This year the output of the

shipping appler was 69,800 bushels, while about 45,000 bushels of seconds and damaged fruit were evaporated and made into cider and vinegar. About \$25,000 was paid the railroad for marketing the fruit. There is a total of 60,000 trees on the place, but 20,000 are too young to bear. Besides this big orchard there are numerous small ones about Roswell, the Barnett in particular, yielding 6,200 bushels of fine apples from a 25-acre tract.

Many additional acres are being planted to apples, this year, both about Roswell and Carlsbad, and in a few years this Pecos valley will be the biggest apple country in the world. Carlsbad Argus.

BELEN BREVITIES.

Interesting Local Items from a Pretty Valley Town.

Special Correspondence.

Belen, N. M., Nov. 12.—After the election the thriving village of Belen dons its every day clothes and resumes its normal conditions, but your correspondent could not help but be impressed at this visit to the embryo metropolis with its activity, both commercially and socially, truly the changes are coming rapidly. The writer remembers the little village of Belen fifteen years ago, and today to see business houses and residences equaling those of the large city of the territory one can safely say the great boom for so long prevailing in the east has finally overflowed towards the west.

John Becker's great flouring mill is now undergoing extensive overhauling in every way, from foundation to ceiling. The building is to be enlarged by the addition of another story, machinery is to be renovated and otherwise improved. Thousands of dollars are to be spent toward making these mills second to none in the territory.

The Hey Day club tendered a general reception Sunday afternoon to all friends of the members in celebration of the admittance of new members, three being initiated at one meeting. The club is very prosperous, both in finances and membership. Presents of articles as additional to the paraphernalia are continuously being received. The last was a door sent by an honorary member, of polished California redwood, with the wording in old English style gilt letters, "Hey Day Club."

At the reception Sunday afternoon there were an unusually large number of visitors from other towns and eastern cities.

Mrs. W. Heyerford has returned from her three months' visit to her parents in Wisconsin. Her sister, Mrs. H. Glesson, is expected to arrive this week from the same place to her residence in the Duke City.

The writer had the pleasure of meeting Carl Hunsing, who has returned

from his trip to Germany, accompanied by an estimable lady who is to share his fortune for better or for worse. Mr. Hunsing has taken up his former position in the great house of John Becker, and also occupies one of the new cottages recently erected in Belen by Mr. Becker.

Among the old familiar faces the writer has met on the street is that of our newly elected member of the territorial legislature, Carl Dalies. He exhibits a rather smiling countenance, and no wonder, it is enough to make one feel proud. It is a hard proposition in the first place to secure a nomination for a public office, but after that to run ahead of your ticket with only one exception would surely indicate that quite a flight was already achieved in ascending the stairway of public service.

A most enjoyable public dinner was given by Mr. Didier Saturday evening at his dancing tent on Main street. Mr. Didier, not to be outdone in courteous attention to outside visitors, fitted up special quarters for the entertainment of his visiting friends, when refreshments were served and the general political results were fully discussed and commented upon.

Painters Union.

At a special meeting of the painters last night the following temporary officers were elected:

President—H. Beaubien.
Vice President—A. Keavy.
Financial Secretary—H. M. Munn.
Recording Secretary—F. Jackels.
Treasurer—L. Van.
Conductor—J. Cosgrove.
Warden—E. Lampman.
Delegates to Trades' Council—H. M. Munn, C. Lampman, H. Beaubien.
Business Agent—H. M. Munn.

Forty Prisoners Escape.

Forty prisoners confined in the jail at Cananea, Mexico, overpowered the jailers and escaped in daylight. The men were charged with different offenses, ranging from petty larceny to murder. This is the second jail delivery in a month and a new prison is being cut out of the side of the mountain, where escape will be well nigh an impossibility.

BANDITS AT WORK.

They Hold Up Mining Men and Compel Them to Give Up.

Reports of a daring hold up perpetrated Saturday near Cananea have just reached this place, says a dispatch from Tucson, Arizona.

Three masked men broke into the offices of the Sierra de Cobre Mining company and at the point of rifles compelled M. E. Cassidy, store manager and F. A. Privo, general mine superintendent, to hand over all the money in the safe, which amounted to a little over \$2,000 in silver. About 9 o'clock

at night the robbers rode into camp and knocking on the door of the general offices of the company demanded admittance. When this was refused they began to shoot up the building forcing those within to open up, as they were too poorly armed to make any defense. Once inside the robbers compelled the store manager to hand over the money and then commanded Messrs. Privo and Cassidy and two clerks to turn their faces to the wall and hold up their hands. When this command was obeyed the robbers went out, mounted their horses and rode away. A general alarm was given, and a posse organized in pursuit, but the night was so dark and the country so broken that the chase had to be abandoned. A large reward has been offered.

Sierra de Cobre officials have a complete description of the outlaws and it is believed that they are not novices but bandits who had taken refuge in the mountains back of the camp and were perfectly familiar with the situation.

OFFICIAL MATTERS.

Incorporations.
The Honest John company filed incorporation papers in the territorial secretary's office. The incorporators and directors are Clarence Ullery, John C. Duff, Charles J. Francks and Otto Banner. The company's headquarters are at Roswell, Chaves county, where it will carry on a general mercantile business. The capital is \$25,000, divided into 25,000 shares.

The Copper Queen Consolidated Mining company, of New York, filed incorporation papers. The incorporators and directors are Horace K. Thurber, William H. Martin, William E. Dodge, Jr., D. Willis James and Edward Smith, of New York; Chas. C. Martin, Clarence E. Birdseye, of Brooklyn. The capital is \$1,400,000, divided into 140,000 shares. The headquarters are at Bisbee, Arizona, principal offices at New York and New Mexico offices at El Paso, Grant county, C. P. Cramer, of that place having been appointed New Mexico agent.

John F. Alard, of Deming, was granted a pension of \$10. Maria Garcia de Gallegos, of Las Vegas, a widow's pension of \$8.

Notary Public Appointed.

Governor Otero appointed Charles M. Bayne, of Raton, Colfax county, a notary public.

Trade Marks Recorded.

The Danforth Manufacturing company, with headquarters at St. Louis, Mo., recorded in the office of the territorial secretary the trade marks "Rialston" and "Purina."

Territorial Funds.

Territorial Treasurer J. H. Vaughn received from H. O. Bursum, superin-

tendent of the penitentiary \$162, to be credited to the convicts' earnings, and from J. A. Lattie, secretary of the cattle sanitary board \$1,000.

"BLEST BE THE TIE

"That Binds Our Hearts in Christian Love."

I.
There was an unparalleled juxtaposition and union of the "Blue" and the "Gray" at the Sisters' hospital, in Albuquerque, recently. A young man from Eastland, Texas, had left a comfortable home and gone off up north hobnobbing. He was beating his way back on a freight train when his foot slipped and he fell off. Both legs had to be amputated near the knee joint. The boy's father came on and attended to him carefully. He is a Mason and was in the Confederate service during the war of the rebellion.

II.
Prone on another bed in the same ward of the hospital lay a young man sick of typhoid fever. He was being attended by his father, a badly crippled old man who had been in the Union service and was wounded at the battle of Shiloh. He wears the G. A. R. badge. (The ex-Confederate displays only the Masonic emblem.)

III.
When the time came to remove the young man with both legs off, at 10 o'clock at night, to a Pullman, to take him to his home in Texas, there was no one about to lift the stretcher. So those two old soldiers, who years before had met in deadly conflict, did the work, the one at the head and the other at the foot; an unparalleled scene, since when, some times, after great battles, in the south, details from the opposing forces went out under flag of truce to assist each other in burying the dead.—San Marcial Bee.

Second Annual Tour.

"The Grand opera house was packed last night with an appreciative audience that thoroughly enjoyed an excellent production of the latest farce comedy, 'A Wise Member.' Witty lines, humorous scenes and novel specialties combine to hold the attention of the auditor, making the entertainment unusually pleasing, and well worthy of more than passing notice."—St. Louis Republic.

This attraction may be seen for one performance only at Colombo hall on Thursday, November 20.

COMMERCIAL CLUB.

Organized at Silver City—Elected Officers—Rules Adopted.
The Silver City commercial club was made an assured fact at the meeting of the business men of that city, held the other evening at the San Vicente hotel. A prior meeting had been held at the same place a few evenings before, at which time the preliminaries were ar-

ranged and an adjournment taken until Monday evening in order to allow the committee appointed to draft the constitution and by laws time to report. Both gatherings were large and were composed of the most prominent representative business men and citizens.

After the reading and adoption of the constitution and by laws, the following officers were elected: President, Dr. E. L. Woods; vice president, C. C. Shoemaker; secretary, H. H. Betts; treasurer, W. F. Lorenz; committee on membership, one year, Sam Lindauer and C. W. Bayne; two years, H. G. Burgess and W. B. Walton; three years, M. W. Porterfield and T. L. Lowe. The membership of the new organization numbers nearly 150.

New Freight Depot.

Next Monday morning the officers and clerks of the local freight and telegraphic departments of the Santa Fe will begin business in their comfortable and handsome quarters in the new freight house. After many days waiting the building has been finished and next Sunday the moving from the old house will be done. The new offices are elegant at every appointment. The exterior is of the Spanish stucco architecture followed in the building of the Alvarado and the interior is finished and furnished with oiled oak. The offices of Agent F. L. Myers, his chief clerk, cashier and all the officers that will be seen by the public, will be located on the second floor. The telegraph offices and the desks of clerks are not to be seen by the public.

An attractive feature about the exterior of the building that has not been mentioned by the press, is "Santa Fe" in bold faced gilded letters. The freight sheds and platforms are ample to accommodate comfortably all the business the Santa Fe will do in Albuquerque for many years to come.

BAPTIZED IN BLOOD.

Golden State Limited Killed a Bull on First Trip.

The first east bound Golden State Limited, the Rock Island's new transcontinental train, came to grief near Lordsburg, N. M., last week, while speeding away to El Paso. There was a big red bull that hadn't heard of the new rolling palace. So the big beast planted himself in the center of the track and when the engineer sounded a loudly warning, the bull didn't seem to hear at all. It was over in an instant with the bull; but his fragments got badly tangled up in the running gear and it was necessary for the engine crew to perform a few surgical operations to get the spinal column untangled from the driving rods.

Mr. and Mrs. John Schroeder left last night for St. Louis, where Mrs. Schroeder will be placed under the care of an eye specialist.
