## Bursum Elected to Senate by big Majority

### DEMOCRATS GAIN IN CURRY

This County Goes More Solidly For Party Than Ever Before in Its History.

While they lost in the state election local Democrats are jubilant over the vote received in Curry County.

The total vote gave Hanna a majority of 1639 as compared to his majority over Mechem last fall of 1184. This remarkable majority was in the face of the fact that at the Tuesday election nearly four hundred less votes were cast than at the general election. The total vote of the county shows a majority of over four to one for Hanna, whereas his majority over Mechem last fall was not quite three to one.

**Thorough Organization.** While the Democrats fell short of their vote in the county they had a good working organization under Chairman A. W. Hockenull and not only got the party vote out but many voted for Hanna who did not support the ticket last fall. Every precinct in the county was carried by the Democrats.

**Texico Goes 9 to 1** Texico is the champion Democratic box in the county, Hanna received 245 votes there while Bursum only received 27, the vote being about 9 to 1. This box polled more votes than it did in the election last fall.

**Claud Returns to Fold.** Claud precinct voted Republican at the election last fall by a majority of 13. This was the first and only time a voting precinct has ever gone Republican in the county. In the election Tuesday the Claud precinct returned to the Democratic fold and gave a Democratic majority of eleven.

**Grady Went Democratic.** Early reports from Grady caused a few Democrats to be a little downcast. It said that Bursum carried that box. Later reports showed it landed in the Democratic column by about two to one. The mistake was caused by a misunderstanding over the telephone.

**Socialist Vote Light** The Socialist vote was exceptionally light at the election Tuesday, the nominee of that party only polling 59 votes in the entire county.

The tabulated results on this page give the vote by precincts for each candidate.

### THREE BOYS BURNED TO DEATH AT HEREFORD

Arol Combs, age 20; Albert Combs, age 10; and W. B. Wallace, age 10, were burned to death at Hereford, Texas, Tuesday, September 20th, when the engine of a tractor on which they were riding exploded. Funeral services for Arol and Albert Combs were held at Hereford Wednesday at 3:00 p. m. and the funeral of W. B. Wallace was held at Canyon, Texas, at the same time.

### WORLD'S SERIES MAY START OCTOBER 4

Ban Johnson, president of the American League, declared himself in favor of a return to normalcy in world's series prices and said that he was in favor of restoring the 50c world series bleacher seats.

With the major league season ending October 2, Mr. Johnson said he thought the world's series might be gotten under way on October 4, and if the New York teams are the league champions, the series might be inaugurated a day earlier.

D. W. Jones, secretary of the Chamber of Commerce, has been on the sick list this week.

N. Austin is here for a visit at the home of his son, A. B. Austin. He is accompanied by his niece, Miss Inez McClain, of Lexington, Ky. Mr. Austin has spent several months visiting in Kentucky and at Springfield, Mo.

### FARM BUREAU EXECUTIVE COMMITTEE MEETING

The executive committee of the Curry County Farm Bureau will hold its regular meeting on Saturday, Sept. 24th, at 1:00 p. m. Every bureau member is requested to bring any matters for the consideration of the Farm Bureau before the executive committee at any of its regular meetings.

The executive committee meets regularly on the last Saturday afternoon of each month.

### Enrollment Shows Decided Increase

The person who figures Clovis has not grown during the past year has but to consult Clovis' school enrollment records to be convinced of the growth the city is making.

City Superintendent Bieckley reports the total enrollment of Clovis schools this year to be 1566 as compared to 1234 last year. This gives a total of 332 more pupils than last year or an increase of nearly twenty-five per cent in the scholastic population of Clovis. The high school last year had a total enrollment of 250, while this term the enrollment has already reached 300.

### WHITING-BAILEY

Mr. Clarence Whiting and Miss Wilma Bailey were married last Friday afternoon, September 16th, at Farwell by Rev. Thurston of that place. The young couple returned to Clovis and went to Amarillo where they will spend about a week. Mr. and Mrs. Whiting will be at home in Clovis after September 25th. The bride is well known in Clovis and is the daughter of Mr. and Mrs. J. D. Bailey of this place. Mr. Whiting is the son of Mr. and Mrs. A. J. Whiting and is a young business man of the city, being connected with the Buick Service Station. The News joins the many friends of the young couple in wishing them much happiness.

### AMARILLO FAIR NOT TO BE HELD THIS YEAR

The Tri-State Fair which was to have been held in October at Amarillo, has been called off. It was impossible to make all preparations in time for the event, so no fair will be held until the fall of 1922.

### Hockenull Made Good Chairman

A. W. Hockenull, who is chairman of the Democratic forces in the counties of the Fifth and Ninth Judicial districts, reports the following Democratic majorities in the counties in the district:

Eddy	1100
Len	500
Chaves	900
Roosevelt	1000
Curry	1639
Quay	900
DeBaca	355
Total	6394

These same seven counties last fall only gave 4915 majority for Hanna, thus the district organization under Mr. Hockenull at Clovis has made a gain of almost 1500 Democratic majority in the seven counties on the east side. The Democrats of this section are pleased with the wonderful showing that has been made under the new plan of having a district chairman of the party forces working to get the vote out on the east side.

### JACQLYN CAROLYN BORN SEPTEMBER 16th

Mr. and Mrs. A. Mandell are the happy parents of an eight pound baby girl, born Friday, September 16th. Jacquelyn Carolyn is the young lady's name.

### WESTERN UNION MOVING

The Western Union Telegraph office is moving this week to the building next door to the Clovis National Bank, where new equipment is being installed.

### Booster Talks Made at Kiwanis Club

Rev. R. B. Freeman presided over the Kiwanis Club Wednesday. "Clovis' Past, Present and Future" was the subject for the day's program. Dr. A. L. Dillon spoke on "Clovis Ten Years Ago;" C. A. Hatch on "Clovis at Present;" and C. W. Harrison on "Clovis Ten Years From Now." Their talks were boosts for the city and were interesting.

The club voted to send the Kiwanis base ball team to the Kiwanis Convention at Albuquerque next month.

### WOULD MAKE CLUB GROUNDS AT HEREFORD

Judge L. Gough of Hereford was a Clovis visitor the latter part of last week. Judge Gough is one of the oldest settlers in this section of the plains country and has lived at Hereford since the town first started. He is now interested in forming a stock company which would take over Sulphur Park near Hereford and turn it into a country club. Sulphur Park contains about two sections of land and the best fishing ground on the creek near Hereford. Judge Gough says that this point is the only real fishing ground within a radius of many miles of Hereford and when the company is incorporated Sulphur Park will be beautified and will be the play ground of this entire section of the country. The company will be made up of stockholders from all sections of the plains country within seventy-five miles of Hereford and will be organized and operating before the fishing season next spring.

### Community Fairs Are Big Success

The first fair of the season was held Wednesday, Sept. 14th, at Havener. Mr. and Mrs. D. V. Winn gave over their home for the day and with an abundance of shade and plenty of water a very successful day marked the opening of the community activities.

Prof. Pile and Miss Edith Melton dismissed school at noon and came for three hours. A bounteous dinner was spread under the shade of the locusts. The speakers for the day were Prof. Pile, Judge Hall, E. C. Hollinger and Ralph R. Will. Mr. E. L. Kempf acted as chairman.

Mr. Ralph R. Will, county agent of Roosevelt County, judged the pigs for boys interested in stock judging. The winning members are as follows: Cecil Horne, 1st; Clyde Horne, 2nd; Bertram Kempf, 3rd.

The Moyle-Hill McDaniel fair was a most decided success in every way. The exhibits, the dinner, the program,

### DIED OF TYPHOID

Evelyn Cain died Saturday of typhoid fever and was buried Monday afternoon. The deceased was eleven years of age and the daughter of C. O. Cain.

### Foot Ball Season Opens Next Week

Clovis High School will play the first foot ball game of the season on Friday, September 30th, with the Santa Fe shop team, the game commencing at 3:00 p. m. The line-up of the high school team this year will be:

- Captain—William Jones.
- Coach—Mr. Earl Morgan.
- Yell Leader—Leonard Jernigan.
- Quarter-back—Billie Jones.
- Full Back—Jerry Miser.
- Half Back—Wilbur Anderson.
- Half Back—Burrett Fitzhugh.
- Guard—Raymond Weisinger.
- Guard—Lamar Walker.
- End—Billie Greuer.
- End—Jenn Walton.

### ENJOYABLE PICNIC AT J. FRANK NEEL RANCH

A party of three car loads motored to J. Frank Neel's ranch thirty miles from Clovis last Sunday. Those in the party were Mr. and Mrs. Geo. Hook, Mr. Ned Lowder, Mr. and Mrs. Ned Hook, Mrs. Minnie Neff and daughter, Miss Carrie Neff, Mr. and Mrs. Harry Highfill and family. The visit was a pleasant surprise to Mr. and Mrs. Neel, especially as the motorists brought their lunch, which was eaten picnic fashion. The party returned to Clovis late in the evening, all voting the day a delightful success.

Mrs. R. E. Bouchelle has opened a studio at the home of W. H. Harris near the high school building where she will teach oil, china and water colors.

### HUNTER PEEVED OVER RESULT AT TEXICO

S. C. Hunter of Texico was in town Tuesday night getting election returns. Mr. Hunter is a strong Democrat and was a little peeved over the vote the Republicans got at the state line town. The vote was 245 for Hanna and 27 for Bursum. He says his organization had twenty-five Republican votes accounted for the day before the election, but that the opposition put two by them some way on election day.

### To Co-Operate with Club Fair Movement

At a meeting held at the Chamber of Commerce Wednesday night it was decided not to have a County fair this fall but rather to co-operate with the Boys' and Girls' Club Fair to be held here Oct. 6, 7, and 8. The decision was reached on account of the lack of preparations that have been made and the short time yet before the fair dates to make arrangements. The Curry County Fair Association remains in tact and the officers and the committees appointed by them will lend co-operation toward making the Club Fair a success, the details of which are being worked out by Mrs. Edna Hume Durand, County Club Leader, and County Agent Hollinger.

**A General Exhibit** Plans are being made for a general farm exhibit, gathered from all parts of the county, to be shown in addition to the Boys' and Girls' displays. This general exhibit will be sent to the Dallas Fair at Dallas, Texas, and will be shown in connection with a display from Roosevelt County.

### RANCHVALE FAIR

The Ranchvale community Fair will be held on Friday, Sept. 23rd. A cordial invitation is extended to all to attend.

### MARRIED LAST FRIDAY

Mr. E. B. Younger of Oklahoma City and Miss Roberta Henderson of Roswell were quietly married last Friday at 10:30 a. m. at the home of the bride's sister, Mrs. Whatley, 620 North Axtell St. The happy couple left immediately for the home of the groom, where they will live. Rev. C. W. Stumph officiated.

### County Vote on the Amendments

Following is the complete vote of the different amendments in this county. The state results on the amendments will not be available for several days:

- Amendment No. 1, Women Holding Office—For, 1297; against, 630.
- Amendment No. 2, Aliens Acquiring Land—For, 1231; against, 585.

- Amendment No. 7, Public Land Commission—For, 804; against, 824.
- Amendment No. 8, School Amendment—For, 362; against, 1991.
- Amendment No. 9, Municipal Indebtedness—For, 825; against, 732.
- Amendment No. 10, Term of School Superintendent—For, 768; against, 855.
- Amendment No. 11, Road Bond Issue—For, 1008; against, 996.

### BUILDING HOME

R. G. Peipelman, who recently moved to Clovis from Denton County, Texas, has commenced the erection of a new home in the northeast part of Clovis.

### WEST SIDE VOTE HEAVY

Majorities on East Side Are Wiped Out by Vote in Heavy Republican Counties of the State.

Senator H. O. Bursum has evidently been elected over Judge Hanna by a plurality of around seven thousand, according to claims from Republican headquarters, while Democratic headquarters concede the election of Bursum, they are not willing to admit that the plurality will be this large.

Eastern New Mexico gave a strong Democratic majority than last fall but the heavy vote for Bursum in the western counties made majorities on this side of the state fade away. It is giving east side Democrats a great deal of consolation that Democratic majorities were increased in this part of the state and that the party was successful in getting a good majority of its vote to the polls.

### SELIGMAN CONCEDES ELECTION OF BURSUM

(Special to News) Albuquerque, N. M., Sept. 22. State Democratic Chairman, Arthur Seligman has conceded the election to Bursum although he doubts if total will reach 7000 majority for the Socorro man. Latest figures show that the possible plurality will exceed seven thousand and may reach nine thousand. President Harding has wired congratulations to Mr. Bursum.

### F. O. GRIFFITH AND MISS AILEEN REED MARRIED

F. O. Griffith and Miss Aileen Lucille Reed, both of this place, were married last Saturday evening at six o'clock at Farwell. The young folks made a trip to Roswell for a few days and are now at home in Clovis.

The bride is the daughter of Mr. and Mrs. Clayton Reed who live northwest of town and graduated last year from Clovis High School. The groom is the son of Mr. and Mrs. M. O. Griffith of this city and is an employe at the Santa Fe shops. He is an ex-service man and spent several months overseas during the war.

### PASSED AWAY AFTER LINGERING ILLNESS

Tom Roberts died Friday after a lingering illness of several years. The funeral services were conducted at the Church of Christ on Sunday afternoon. He was a member of the Masonic lodge, that order having charge of the services at the grave. Before his health broke down Mr. Roberts ran a service car here. He is survived by his wife and two brothers.

### CITY CUTS SALARIES

The City Council at its meeting Monday night voted to discontinue the salary of the Police Judge. He has been drawing a salary of \$50 per month but the new order only allows him the fees of the office. The city peace officers, according to a resolution that carried, will receive only the salaries of their office and the fees for arrests will go to the city.

### CURRY IS BANNER DEMOCRATIC COUNTY

Curry is the banner Democratic county of the state, having not only increased the Democratic majority over last fall's election, but also having given a bigger majority for Hanna than any other county in the state.

**FOUR THINGS MONEY CAN NOT BUY**  
 A group of successful men were discussing over the luncheon table the purchasing power of money. "There is nothing that money will not buy!" declared one of the men. The others pondered this statement in silence, but one voiced an exception. "Money will not buy health," he asserted.

"You are wrong," replied the champion of wealth. "There are many invalids who could regain their health if they had the means of employing specialists, or taking treatments at expensive sanitariums, or living in more sanitary surroundings. In many instances money will buy health."

"But money will not buy happiness," continued the dissenter. "You are wrong again. Ask the average person what he needs to make him happy. He will tell you that all he wants is to be wealthy enough to work or rest when he pleases, to enjoy all the amusements that give him pleasure, and perhaps to travel or study. Money will buy happiness for millions of men and women."

So elated was this man at the ease with which he disposed of his opponent's exceptions that he leaned across the table and said triumphantly: "I tell you what I'll do. Write down four things really worth having that money can not buy and for

each one I'll give my check for a thousand dollars!"  
 The next day the same group met again at the luncheon table. The man who had been challenged handed the challenger a slip of paper. He read it in silence. Then he read it again slowly and thoughtfully, the rest of the party looking on with keen but mute interest. When he finally laid it down he took out his check book, wrote out a check for four thousand dollars and passed it across the table. This is what was written on the paper:

1.—A baby's smile: You can not purchase a baby's smile with coin or currency, stocks or bonds. To the soul that has so recently come from paradise, the most coveted things in this world have no appeal. A mother's kiss, a father's caress, a flower, a pretty trinket, may win a baby's smile, but you can not bargain for it with gold.

2.—Youth, when it has gone: The mill will never grind again with water that has passed. All the wealth in the world can not buy back the zest and joyousness of youth or the carefree happiness of maidenhood when maturity has blotted them out.

3.—The love of a good woman: Her love, like a baby's smile, can not be bought with gold. Men may barter silver and gold and precious stones for a base counterfeit, but true love that lasts eternally is the most precious gift a woman can bestow. No man is rich enough to buy it; no man is too poor to possess it.

4.—Entrance into heaven: Money will buy every material thing there is to be found in this world, but not a penny of it can be taken into the next, and used to gain admission into a state of immortal bliss. The keeper of the heavenly gate is not susceptible to bribes. There, at least, money has no value.—*Jeffrey C. Dunn.*

**IT'S YOUR BANK, HELP IT**  
 Low interest rates available thru the Federal Land Loan Banks and the safety of the banks themselves are absolutely dependent on whether borrowers meet their interest payments promptly. The Land Banks borrow money they lend farmers through the sale of bonds. These bonds are popular with investors now. But if one interest payment is defaulted they will depreciate materially. That would mean higher interest rates to the borrowing farmers.

When a farmer defaults in paying interest his local association must make good within 30 days and he is required to pay 8 per cent interest on the face of the loan. The law provides that on failure to pay interest the entire loan becomes due and requires the Federal Land Loan Bank to foreclose the mortgage in order to protect the bonds. The Federal Land Loan Bank has no option in the matter.

The Federal Land Loan Banks have no money of their own and no Government money. All funds are obtained from the sale of bonds. They lend money to farmers at actual cost. If they cannot collect interest when due the system eventually will fail

**Yes**  
 it's toasted, of course. To seal in the flavor—

**LUCKY STRIKE CIGARETTE**

and the farmer will lose the machinery which he has struggled so long to obtain. It behooves every borrower from a Federal Land Loan Bank to pay his interest promptly in order to insure his ability to borrow as usually in the future. He can't afford not to do so because his failure to pay menaces the stability of the entire Federal Land Loan Bank System. There are outside interests that would like to see the system fail and those interests are not friendly to agriculture. Don't play their game. Keep the Federal Land Loan Bank on top.—*Mail and Breeze.*

**PLAY MORE**  
 Mr. Office Worker, how many more years have you got to live?

If you are more than 35 years old, you are living longer than the law of averages allows you.

Statistics of one of the greatest life insurance organizations in the world, based on the mortality of thousands of office workers show the startling fact that American indoor workers die at an average age of 35 years, just when they should be in the highest prime of their lives.

You've only one life to live and there's lots to be gotten out of life in happiness and accomplishment before the last page of the chapter is turned. Why cut your span in half? Play more. Those two words sum up the root of the whole problem of vitality and health for the man who must work indoors. The average man has at least 1,400 hours a year in which he can play. Recreation and play sets up a barrage against disease, strengthens the system, makes life more worth while.

Stop chasing the dollar after office hours. Forget your worries in the evening and get out of doors. See how it feels to throw your pole out once more into the old swimming hole, take a plunge in the river or swimming pools of your city; get out on the golf links or the tennis courts, challenge your neighbor for a game of horseshoes, see if you still remember how to throw a baseball, try out your batting eye again.

There's some kind of play for every kind of men. And play is the best kind of insurance you can buy. It's about the only thing that's "good for you" that also is lots of fun.

Play hard and you'll be alive and enjoying "business as usual" long after the other fellow chased the dollar and the high cost of living into the cemetery. Santa Fe New Mexican.

**TEXICO NEWS BRIEFS**

All is well with us. Our part of this old world is moving in perfect harmony. We'll do our bit; you fellows of other realms keep busy.

C. W. Hill & Son Mercantile Co., of our city, are busy on their new building. They hope to better serve their patrons for they will have more room.

H. L. Hills of Farwell has traded his farm near Pleasant Hill for property in Clovis. We will miss our old time friend, but trust Clovis welcomes their coming.

Mr. Macon, a grain buyer of our city, is building a new modern residence of the adobe type in north Texico. Looks a bit suspicious.

We regret the loss of Bob Vinyard's residence which was burned some ten days ago. This property formerly was known as the K. K. Rannels home, and was one of the most beautiful residences in our town. The property was partially covered by insurance.

The Buick Service Station has changed hands. Mr. Lindsey, former owner, sold to J. B. Coltharp and Jim Dudley. Mr. Lindsey and family moved to Oklahoma. We will miss such an expert mechanic.

Mrs. W. W. Vinyard, who has been visiting for the past few weeks at Plainview and Lockney, Texas, is at home again.

Prof. B. H. Hewitt, formerly of Texico but now superintendent of schools at House, N. M., for this year, was visiting in our town last weekend.

Mrs. C. H. Haber is away for an extended visit with relatives in various points of Oklahoma.

The free picture, consisting of practical demonstrations in agriculture and domestic science, also some scenes and two illustrations of the Moose organization, given at the Farwell court house Tuesday night by the Royal Order of Moose in behalf of a membership campaign, was well attended and heartily enjoyed by all. Especially did the children enjoy the movies.

**AGE IN NEW MEXICO**

Washington, D. C., Sept. 20.—According to the census of 1920, 37.1 per cent or almost two-fifths of the people of the state of New Mexico are either infants or children under 15 years of age; 9.6 are young people 15 to 19 years of age, 36.0 per cent, over one-third, are men and women in the prime of life, being from 20 to 44 years old; while 17.1, being 45 years of age and over, are well along in middle life if they have not reached old age.

Over one-half of the population, 51.4 per cent, are old enough to vote, being 21 or over; and in this class the men outnumber the women in the ratio of 124 to 100. The males of military or fighting age, 18 to 44, constitute 42.2 of the male population and 21.2 per cent of the total population.

**HURRAH! TOM MIX IS COMING IN HIS NEW PLAY**

Tom Mix, daredevil, will be presented in "A Ridin' Romeo" at the Lyceum Saturday night, in which he does many new stunts that will make you laugh while giving you a thrill. Tom wrote the play himself, so you can realize that he has put into it all the things he likes to do, and besides, Mix would just naturally write into a story more deviltry than an ordinary writer might imagine he could do. You see, Tom has probably had bigger thrills on the range when he was a cowboy and when no one was watching him than he has ever put on the screen. He has written himself into all

kinds of mischievous trouble in "A Ridin' Romeo." Everybody but his sweetheart is crying him down until they find he hasn't done half the things charged against him, and nothing really criminal. Then, crowd-like, everybody turns out to cheer him, and you will cheer also when you see Tom Mix in "A Ridin' Romeo" at the Lyceum Saturday night.

**Extension Office Notes**

**Seeds that Cross-Fertilize Should Be Selected With Care.**

Seeds that cross-fertilize should be selected carefully if the seed is to be kept pure. This is especially true of crops like corn and the sorghums. When selecting seed corn, it is best to get out into the field some distance, especially when the seed is near another field of corn.

One should go thru the field or breeding plot row by row, and select good ears of medium size, from prolific stalks which have had no advantage in surroundings, say specialists of the Agricultural College. Select the ears that are uniform in height from the ground, preferably about four feet, and that come from the most vigorous plants that have stood up well. Several times the quantity of seed needed should be selected, so that a second selection can be made by comparing the ears. The husks should be removed and the ears strung and hung up to dry in a safe place in such a way that the air can circulate freely around each ear.

The same principles should be followed in selecting seed milo and kafir. The sorghum plants readily cross fertilize when fields of the different sorghums are near each other, and the blooming period is the same. They also mix with broom corn, so seed should not be selected near a broom corn field.

The main stem in kafir heads should not be over three-fourths the length of the head. The main stem in milo and fetecita runs almost the full length of the head. Heads should be selected that are compact, with side branches short and well filled at the base. The shape, structure and color of the head shows the purity. The heads of milo and fetecita are more tapering at both ends than those of kafir. These characteristics should be carefully observed in order to keep the selection uniform.

**Carbon Best for Destroying Prairie Dogs.**

Where there are very large areas of prairie dogs to destroy, poison grain is much the cheapest method of eradicating them but where they are in small numbers, carbon bisulfide is the best method.

When carefully followed out the carbon bisulfide treatment will destroy all the dogs at one treatment. Where the carbon bisulfide method is used the entire patch of prairie dog holes should be treated at one time for it will otherwise be very difficult to find the holes that are occupied. Where some of the dogs are left it is the habit of the dogs to dig out all of the holes that have been covered up and they even inhabit the holes where the dogs have been destroyed. Thorough work in the first application is essential.

Prairie dogs should be destroyed before November 1st for after that time many of the dogs will be inactive and it will be hard to tell which holes are inhabited.

**Thoroughness is Essential in Treating Grain for Smut.**

Precautions to be taken: First, be sure you have a 40% solution of Formaldehyde. Second: use one pint of this to 40 gallons of water, soak the grain for 10 minutes in this preparation. Third: where grain has trash or smut grains, the most thorough method is to soak the grain loose in the liquid in this way the grain can be stirred and the trash and smut balls skimmed off. Fourth: be sure that all sacks, wagon or drill with which the treated grain comes in contact is washed with the same preparation used in soaking the grain.

Woman's lot is a weary one at best. But with backache and other distressing kidney ills, life indeed becomes a burden. Doan's Kidney pills have made life brighter for thousands of women. Read what Mrs. John P. Pyeatt, Box 113, Portales, N. Mex., says: "My back certainly bothered me a great deal. I felt all run down and miserable and never seemed to have ambition enough to do my housework. When I tried to bend over sharp pains caught me in my back, my kidneys bothered me also, and many times I had dizzy spells. I read of Doan's Kidney Pills and tried them. I found immediate relief and felt like myself again. I still use Doan's Kidney Pills occasionally to regulate my kidneys and they keep these organs strong and healthy."

## Veteran of Civil War Still Hale and Hearty

GEORGE D. SHAW, Springfield, Mass.

"To say that I feel twenty-five years younger, twenty-five years healthier and twenty-five years stronger express what Tanlac has done for me better than any other way I can put it," said George D. Shaw, veteran of the Civil War, who now lives at 321 Walnut Street, Springfield, Mass.

"I am now seventy-eight years old and I don't hesitate to say I have never known a medicine to equal Tanlac. For fifteen years I was subject to attacks of indigestion that were so bad at times I would have to lay up for a week or two. For a long time I lived on crackers and milk alone as nothing else agreed with me. "When I started on Tanlac I weighed only one hundred and seventeen pounds and my days were thought to

be numbered. I have been so wonderfully built up I now weigh one hundred and forty-three pounds and my stomach is as sound as a dollar. In fact, I believe I could eat the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and I would like to urge the boys of the 'Sixties' who are not feeling right to give a trial, for I am sure it would put them in line again just as it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago, is certainly something to be thankful for and there is nothing too good I can say for Tanlac.

Tanlac is sold by leading druggists everywhere. (Adv.)

## A Small Case Thresher and Tractor

This is the ideal outfit for the man who wants to be independent and do his own threshing, and other belt and drawbar work, exactly when he wants to, without waiting.

We picture a Case 10-18 Kerosene Tractor and a Case 20x28 Thresher. The tractor will handle all farm machinery requiring belt power up to its rated capacity.

It will pull easily a 2-bottom plow 7 to 8 inches deep, or an 8-foot

binder, a 22-shoe grain drill, a 5-section spike tooth harrow, an 8-foot double-action disc harrow or a large manure spreader.

For belt and field work, this small Case Tractor cannot be equalled. A Case Thresher is equally superior. Case Machinery has been famous for 75 years.

## TOM MIX COMING WITH STUNTS, HUMOR, THRILLS

Stunts, humor and thrills are on the program Saturday night at the Lyceum, when Tom Mix's latest photo play, "A Ridin' Romeo," will be shown. Mix, as a cowboy, invents many comforts in this photoplay, such as starting the fire, cooking the coffee or feeding the horses by merely touching a button or pulling a string while he lies comfortably in bed on cold mornings. But he can not think of anything that will keep him out of trouble. He loves excitement, but he fails to see the humor of excitement pursuing him.

His big heart opens wide when he finds a baby on a rock. He thinks it has been abandoned. He takes it home to his cabin. The next thing he knows the sheriff is after him for kidnaping.

Many other big, thrilling, laugh-provoking scenes are promised in "A Ridin' Romeo" of which Tom Mix, himself, is the author.

## SCHOOL ATTENDANCE IN NEW MEXICO

Washington, D. C., September 20.—According to the census of 1920, there are 60,430 children 7 to 13 years of age in the state of New Mexico and of this number 52,829 or 87.4 per cent were reported as attending school. In 1910 the percentage attending school was 77.4

thus indicating a decided improvement as regards school attendance between 1910 and 1920. Of the children 14 and 15 years of age in 1920, 80.4 per cent were attending school and of those 16 and 17 years of age 59.6 per cent.

There is considerable more illiteracy in the rural districts of the state than in the cities, the percentage being 17.6 for the rural population and 7.1 for the urban.

By counties the percentage of illiteracy ranges from 39.8 in McKinley County to 4.2 in Chaves County.

## WATERMELON PARTY

Mrs. Pearl Smith entertained the Kendall clerks and a few other invited friends to a very delightful watermelon party last Monday night at her home. Those who enjoyed the feast were: Mrs. Cook of Tulsa, Oklahoma, and Misses Fannie Boyle, Marie Kiley, Helen Rought, Lettie Graham and Mrs. Lynn. Messrs Frank Lannan and Otho Slaton. Various games were played throughout the evening, the guests departing at a late hour, each one declaring the evening's entertainment a delightful success.

## UNION LABOR AGAIN GAINS BIG VICTORY

Chicago, Sept. 20.—Collective bargaining by labor unions with railroads had been approved by the United States Railroad Labor Board today.

In a decision handed down by the board on a petition filed by the Pennsylvania system, it was declared the railroad must deal with labor unions as organizations. The Pennsylvania in its petition insisted that it be granted the right to call directly with its employes instead of outside labor representatives.

The road was handed a sharp rebuke by the board which charged that a "campaign of misstatements had been waged" against the judicial body.

In labor circles, the decision was viewed as a partial victory for organized labor and as a blow against the "open shop."

## CLAUD NOTES

Mr. S. E. Bennett is around again after a serious illness.

Mr. John Westfall was the guest of Mr. John Johnson Sunday.

Mrs. Rose and Miss B. Johnson were the guests of Mrs. Krietzberg and daughter, Lola, Sunday.

Mesdames John and Willie Westfall were callers in Ranchvale Wednesday.

Miss Mabel Westfall is on the sick list this week.

Miss Alleorn of Clovis was at Claud Sunday School Sunday.

There was a community singing at Claud Sunday afternoon to organize a choir.

The Outlook Club is a little over one year old and has placed 125 books in the Claud library. They are all of good class. Prof. Rose says we have the best and most educational library in the county. He has been very kind in giving assistance to the club ladies. The club is now holding a health campaign and trying to raise money for the work. There will be an ice cream supper at Mrs. Walter Smith's of Pleasant Hill Saturday evening for the purpose.

## POULTRY TALK

By the "Barn Man"

What's the use to decide which came first, the egg or the hen—it doesn't really matter.

Better put your time in on this one: "Which is the better way to do—build the poultry house first and then get the hens, or get the hens and trust to luck until a hen house can be built?"

It seems to us the safe, sensible way to proceed is to build a hen house first and give the flock good care and protection right from the start.

However, we don't put our judgment in such matters against yours—but whether you build before or after, be sure to examine our newest plans for poultry houses. We are interested in getting you equipped with just the right kind and size of poultry house that you need. Come in and talk it over, examine our plans and get prices.

**Boys' and Girls' Clubs Work on Adult Problems.**

Very important improvements in farm practices are frequently introduced into a county through the medium of the boys' and girls' dairy, beef, poultry or pig clubs, specialists in club work in the United States Department of Agriculture point out. In one county in California purebred swine have been developed by the boys and sold to over 80 per cent of the farms of the county. Farmers who are doubtful concerning the wisdom of any innovation suggested by the county agent often approve when they see the results obtained by the boys. "We can think of the boys under 20 in a community as either the 'ins' or the 'outs.'" the specialists say. "Those from 6 to 14, who are still in school, are the 'ins.' Our work is more directly with the 'outs'—from 14 to 20—the 600,000 boys in the 33 Northern and Western states should have some sort of instruction and stimulus to accomplishment, because they have dropped out of school. Our theory can be illustrated by these apparently equivalent statements:

20 plus 50 equals What?  
50 plus 20 equals What?  
"The 20-year-old boy, helped and guided to good practices, has some likelihood of using what he learns for the ensuing fifty years of normal life expectancy; but if work is begun first with the 50-year-old father, even if he is equally capable of adapting himself to new ideas—which is seldom true—he can have but twenty years or less, according to expectancy calculations, in which to use what he has acquired."

**All Members Complete Their Work in Idaho Clothing Club.**

The band turned out recently in Twin Falls County, Idaho, to lead a procession of 180 girls who didn't change their minds. They were clothing club girls organized by the county club agent of the United States Department of Agriculture and the State Agricultural College. The original enrollment of the club was 180 members, and each one completed all the work assigned. No wonder everyone could appear for the "achievement day" celebration in honor of their 100 per cent completion record.

These girls not only made garments but put their clothing work on a business basis. Each one began by making an inventory of her wardrobe. She listed what she should add to it, estimated the cost, planned what would be best for her club program. The girls proved to their families that their work was an important factor in extending the family income, and they demonstrated to all the other girls of the county how to dress well at small cost.

**High School Girl Shows Ability With Dairy Herd.**

Elizabeth Farley is a 17-year-old club girl, a senior next fall in the high school at Amherst, Mass. About four years ago, after experimenting with the 4-H garden and poultry clubs of the United States Department of Agriculture for several years, she decided to purchase a cow. Her father attempted to discourage her, saying she had no knowledge of

milking and no place to house an animal. Her father went away for a week-end trip, however, and when he returned he found that Elizabeth was the owner of a registered Jersey cow which she had learned to milk, and for which she had rented a stall in a neighbor's barn. Profits from previous poultry supplied the funds for this venture.

Elizabeth remained in club work and because of the demand for milk purchased other registered cows and calves. For two years the cattle had to be staked out every day in a pasture 10 minutes' walk from the house, and as the pasture brook dried up she had also to carry water to them. On cow nearly died of sickness. Until a year ago Elizabeth did all her own work, including delivering the milk.

Her next livestock venture was a bred registered Chester-White sow. This sow had a litter of thirteen pigs, 10 of which lived, although the sow became sick and died later. Then Elizabeth purchased 200 day-old chicks. As they grew she sold the cockerels and some of the pullets, reserving the others for winter laying. A year ago she found that she needed pasture and hay land and so she bought 12 acres of land, for which the cows are paying.

At the present time this high school girl has 9 pure-bred Jersey cows and 4 calves valued by specialists in the Agricultural College at \$3,000. She hires two boys to help care for the herd and milk the cows. She delivers 80 quarts of milk daily in an old milk wagon which she bought this summer for \$5 and repaired herself. She grows her own feed on her own land.

In addition to her dairy herd she has a large flock of chickens, a number of pure-bred pigs, and a horse. Her entire indebtedness is one note for \$300. Elizabeth is planning to go to the Massachusetts Agricultural College as soon as she has finished high school.

The Ranchvale fair will be held Friday, September 23rd. Prof. Jackson and the teachers are assisting the community to make a real day of it and it promises to be even bigger than last year's display which was one of the best in the county.

The West Chapel clubs had a program and dinner at the school house Friday the 16th. Mr. E. A. Douglas gave an excellent talk on how to select and prepare exhibits for the county fair and Mr. Adams spoke on the contrast between these school days and the kind he knew back in the sixties.

Melrose is working on a "better one yet" for this year. Melrose is the trading center for a farming community that has been especially blessed this year and the harvest exhibits will be somewhat worth while. Then the women of the community take a very active interest in their displays of handwork and cooked foods.

Some towns are as fond of slogans as the Socialists are of phrases.

## Interests of Bank and Depositors

Officers and directors of this bank recognize that the interests of this bank and its depositors are the same. When the resources of the patrons and depositors of the bank increase the volume of business increases. It is therefore wise and prudent for the bank to assist the people of this vicinity to increase their money and property.

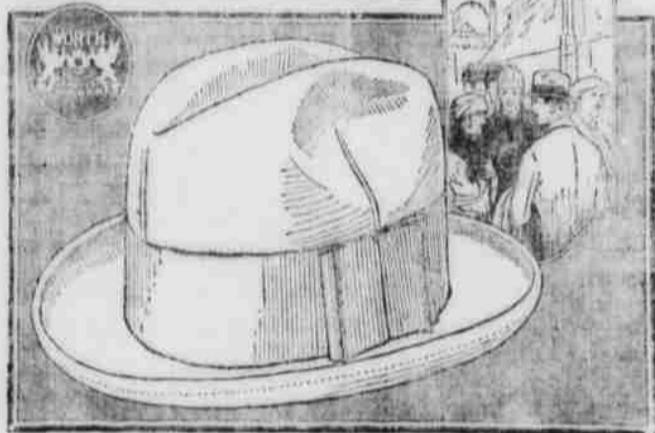

To this end the most cordial relations between the officers of this bank and its depositors are encouraged. Any service that we can render is always cheerfully given in all financial matters.

### GRADY SCHOOL NOTES

The Grady school began Monday, September 12th. There were one hundred and fifty-five pupils present and all were anxious for the school works to begin. Four school trucks furnished conveyances for a large number of pupils to the Grady school. Rev. Garrett conducted the chapel exercises. The members of the school board and a number of patrons were present.

The grade pupils have been given a period for daily physical training which is under the supervision of Mr. Hobbs.

Mrs. Durand, County Club Agent, and Mr. Trentman, State Club Leader, were visitors of our school last Tuesday. Mr. Trentman made an interesting and beneficial talk to the pupils. We were indeed glad to have them with us and they are invited to come again.

The two literary societies, Curry and Claxton, met Friday afternoon for reorganization, but the election of new officers was postponed until the new members have joined.

Basket ball practice, under the supervision of Mr. Hobbs and Mrs. Williams, has already begun. Each pupil is taking great interest in the daily practice.

A Baptist revival will begin here Saturday night. Rev. Maddox of Tucuman will conduct the services.

### MOYE-SUNRISE NEWS

We are still having showers in the part of the country.

Thursday, September 15th was our community fair. The day was well spent in speaking and sports. In the morning the first speaker was Mr. Fleming; next Mr. McCauley. Every one brought lots of exhibits from Hill McDaniel and Moye, too. All enjoyed the dinner and after dinner the speakers were Dr. Miller and Mr. Hollinger, and the county agent of Roosevelt County, Mr. Will. The music was enjoyed by everyone, especially Uncle John. The music had very much effect on his feet because he had to show the boys and girls how he could move them around. We also had a nice talk from our County Superintendent, Mrs. Steed. The boys and girls were all well pleased with their prizes.

Arabelle Akers has been very ill with typhoid fever but is improving nicely.

Mr. Dodson entertained some of the people of this community with an ice cream supper Monday night, everyone reporting the evening well spent.

Mrs. Packnet is visiting her father, Mr. Dodson.

Mrs. Means of Portales spent a few days last week with Miss Corn Willoughby.

Mr. Dodson and Mr. Craig are hauling hay for Mr. Hopper.

Mr. Joe Roberts was called to Clovis Friday morning on account of the sudden death of his brother, Mr. Tom Roberts.

Miss Ava Montgomery of this community and Mr. Zelma Tribble of Clovis were married Thursday afternoon. Miss Montgomery is the beautiful and accomplished daughter of Mr. and Mrs. M. L. Montgomery. We wish the young couple a very prosperous and happy journey through life.

Mr. and Mrs. E. L. Kempf and family and Mrs. Hollman of Haverer attended the community fair.

Mr. and Mrs. E. A. Douglas attended the fair at West Chapel Friday. Slim.

### NOTICE OF COMMISSIONER'S SALE

Notice is hereby given that under and by virtue of the authority conferred on me by a certain judgment and decree of the District Court of Curry County, New Mexico, rendered August 29, 1921, in favor of plaintiff and against defendant in the case of the First National Bank of Clovis, New Mexico, against H. S. Lightower, case No. 1833, for the sum of \$2,167.50, and for the foreclosure of a certain chattel mortgage executed by defendant, and for the sale of one Coleman tractor, No. 1193, 16-30 horse-power, to satisfy said judgment, I will, on Thursday, September 29, 1921, at 2 o'clock p. m., at the Highway Garage in the city of Clovis, County and State aforesaid, sell the above described tractor at public auction to the highest and best bidder for cash in hand, to satisfy said judgment and decree, and the costs of suit and expense of sale.

Dated at Clovis, New Mexico, this August 29th, 1921.

W. H. SULLIVAN,  
Special Commissioner.

### WEST CHAPEL SAYINGS

West Chapel school started last Monday morning the 12th with about forty pupils and more are expected this week. We are going to have another real good school. Prof. Chilton of Elida is our principal and Miss Bledsoe of Clovis is our primary teacher. Grades run up to and include the 10th.

H. G. Cosby has returned from a visit to Texas. I'll bet he is satisfied with New Mexico now.

S. S. Aileen and family have moved to Clovis.

Will Boucher is on the sick list. Hurry up Bill and get well for we have got to have you to play ball.

Louis Chapman, Gordon Chilton, and S. D. Chapman went to Forrest Saturday eve.

Lula, Lily and Nora Gies called at the Chapman home Sunday eve. Mrs. Durand was with us and gave us a talk on club work.

**Catarhal Deafness Cannot Be Cured** by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running discharge or perfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing will be destroyed forever. Many catarhal deafnesses are caused by catarrh, which is an inflamed condition of the mucous surfaces. HALL'S CATARRH MEDICINE acts upon the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. Circulars free. All Druggists, etc. F. J. CHERRY & CO., TOLSON, D.

from THE HOUSE OF YOUTH

**TOMORROW** begins an event historic—the first inauguration of tailored fashions for the Fall; models just completed by the House of Youth, New York, Paris. The very exuberance of Youth—happy hearted, carefree—is enveiled in their vivid colorings, their jaunty air, their alluring lines.

Each costume sounds an advance note of fashion for Fall. Each holds for some demure little lady a golden promise of enjoyment. And you must remember that House of Youth Suits, Frocks and Coats are the very latest,

most authentic styles especially created and adapted for the debutante type and the woman small in stature. They are by no means women's clothes reduced to misses' sizes.

We, of all stores in this city, have been selected to bring to you this wonderful source of fashion inspiration, House of Youth. We are truly as proud of the privilege as you should be eager of the opportunity now afforded.

Prices of marked moderation characterize this showing. Accept this as your invitation to attend.
