## FEATURES SENATE PARTY WRANGLING SESSION IN N. M.

Santa Fe, N. M., Feb. 24.—A slightly acrimonious tilt between Republicans and Democrats over the carrying out of Republican majority platform pledges enlivened the session of the state senate this afternoon when Colonel Sellers, Democratic floor leader, introduced a bill to carry out the revenue commission's code, with the statement that after six weeks' delay it seemed improbable that the Republicans were going to make good on this pledge. With no taxation revision measures in sight, he said, it was not likely that the Republicans "were going to do anything about the mine tax law."

Senator Phillips responded that the Republicans were able to carry out their pledges without depending on the Democrats. "I want to say that the party always has kept its pledges," he declared. He said a series of conferences were being held with the governor to adjust conflicts between the revenue code and the constitution, and that shortly a substitute for the house revenue code bill would be introduced in the senate. "The senator from San Juan," as he dubbed the "ahoe string" member from Bernalillo, had been misquoting the Republicans constantly, Phillips alleged, and he added, that he didn't believe Sellers knew what was in the Republican platform.

Grantham, democrat, interjected that if the Republican party had always kept its pledges the state wouldn't be in its present financial muddle. Lee, Democrat, also challenged the statement that pledges had been fulfilled. Phillips said that if there was "more work and less talk" the senate would make faster progress.

The senate passed the Tom Catron county bill, providing for a new county in western Socorro, with the name "Tom" amended out. The house concurred and the bill creating Catron county goes to the governor for his signature.

The senate also passed the bill to work state convicts on the streets of Santa Fe. The house passed the bill to aid in marking ballons and the Clancy bill penalizing bootleggers found armed. Griego and A. L. Otero from McKinley introduced a bill to transfer McKinley county from the second to the seventh judicial district.

The house passed the bill giving the state corporation commission power to fix public utility rates and issue permits to public utilities to do business which should supersede city and county franchises. The house went on record against holding legislative sessions in June and reconvened the senate budget resolution to have this feature eliminated. On an unfavorable committee report the house killed the anti-Japanese land ownership house bill when the Reinburg senate bill was favorably reported.

The house also killed the senate measure abolishing the grand jury and the house short ballot resolution. The house passed an anti-speeding bill restricting autos to

## REPUBLICANS SEEK WEAK PRIMARY ACT.

Santa Fe, N. M.—The republican majority in the senate decided that the party pledge for a primary to select delegates to county, district and state conventions was not likely to result in conventions which bosses might dominate. They decided to dodge rather than face the results of a wide-open state convention.

Accordingly the majority primary bill has made its appearance, sponsored by Wright, Quintana and Phillips. It provides for primaries to pick delegates to county conventions, but permits the old boss system after that.

Governor Mechem, supposed to be head of the republican party, sought a state-wide primary; but Boss Bursum said "no," and the "noes" had it.

## FISH HATCHERIES GET ROAD MONEY.

Santa Fe, N. M.—The house of representatives, where the republican is strongest, has been performing queer tricks. In passing committee substituted for house bill one, an excise tax on gasoline, it provided that \$30,000 of the road money produced by the 1919 gasoline tax should go for the construction of one of Tom Gable's fish hatcheries.

The democrats opposed the transfer, insisting that they could not see the connection between "gasoline" and "fish" unless the republicans were trying to infer that the people of the state were "suckers" to allow their road money to be diverted.

Mr. and Mrs. Corbett Harkey are the parents of a boy baby born Monday morning. The little one weighed eight and three-quarter pounds and is a very welcome addition to the family which consisted of two little girls. This boy will have a pretty nice time having so many to love him and the Current heartily joins them in best wishes for his future health and happiness.

39 miles an hour on public highways.

Plans for the consolidation of the state educational institutions are outlined in a report to the special revenue commission by Prof. William C. Bagley of Columbia University. He recommends consolidating all the institutions at Albuquerque as one plan; consolidating the three normal schools and all other institutions into two, located at Las Cruces and Albuquerque; dividing the state university into a northern college at Las Vegas, a central college at Albuquerque and a southern college at Las Cruces, these three embracing all present schools. All plans contemplate eliminating the Socorro School of Mines and El Rito and Silver City normal school. The Military Institute at Roswell is not affected. Prof. Bagley says the three-college plan would effect the biggest immediate saving largely by reason of the retention of the plants at Albuquerque, Las Cruces and Las Vegas, but the upkeep and overhead expenses would be higher than for a single institution. He favors a central governing board of seven to nine persons elected by the people.

## SCHOOL DAYS

## Hay Trade Conditions of the Week.

Trade continues slow and markets weak. However, the amount of hay, at terminals and moving forward, is small and there is a feeling that prices are nearing a normal level. Producers are very backward about parting with their hay at present prices and shippers are not endeavoring to buy, owing to the uncertainty of future values. In consequence there has been a reduction in offerings and a consequent reduction in market accumulations. This is creating a healthier undertone although consumers are still buying sparingly. No impetus can be looked for in the hay trade until a general business revival begins, although if it were to begin now it would find the hay market in excellent shape to show a quick reaction. At present, however, there is little real demand or need for hay in amounts that will strengthen values permanently. — Hay Trade Journal.

## Kansas City Hay Market.

Receipts this week are a great deal in excess of a week ago and the market shows a weaker tendency with reductions of from \$2 to \$2.50 all along the line. The supply of alfalfa is far too heavy for the demand and trade is dull and lifeless with values down about \$3 on choice. There have been many cars of common and damaged stuff on track, but this failed to attract any bids. Tame hay shows sympathy with other grades, with the demand confined to the better grades. The receipts of hay for the week were 13,957 tons, against 9,680 tons last week.

Alfalfa	
Choice .....	20.00@21.50
No. 1 .....	18.00@19.50
Standard .....	14.50@17.50
No. 2 .....	11.00@14.00
No. 3 .....	7.00@10.50

Alfalfa hay made up about two-thirds of the total hay receipts of Kansas City in January and offerings of tame hay were more or less limited.

The hay production in 1919 totaled 91,326,000 tons, the state of New York leading all other states with an output of 6,579,000 tons. Iowa was next with a production of 5,181,000 tons. Illinois, Wisconsin and Kansas ranked third, fourth and fifth, respectively.

Dr. A. A. Bearup and wife are having their home on the corner of Alameda street remodeled in various ways that will add greatly to its value and beauty. Hardwood floors are being laid in the downstairs rooms, and the crowning improvement is the installing of a wide open staircase, which leads to the upper floor from the reception hall. The work is being done under the direction of Mr. Sturgis, of Detroit, Michigan, who is first class in his line.

Ben Williams and wife are in town stopping with friends and relatives for a few days.

## VISITORS FROM HOPE.

The Basket Ball teams of the Hope school, both boys and girls, were down from there last Saturday night and engaged the teams of the Carlsbad High School at some splendidly fought games at the Armory. The girls' team was victorious, winning over the Hope team by a good margin, in one of the hardest fought games ever played in the Armory. The boys' team made a tie and in the playoff the Hope team won. Bert Rawlins refereed all games.

Upon arriving in town after their long ride through the bracing air, the teams from the Upper valley and their chaperones enjoyed the supper prepared for them at the Victor hotel, especially the hot chocolate which seemed to strengthen them for their play. The girls registering at the Victor were Misses Nora Prude, Elma Watts, Birdie Riley, Tennie Prude, Rachael Lewis, Kate Smith, Nettie Richard, Ruth Burley, Fannie Cone, Lois Watts; the boys were Hanson Fite, Robert Seoggin, Eddie Weddige, Ray Trimble, Loyd Blakeney, Floyd Blakeney, Bert Weddige, Calvin Wilhelm, Francis Reagan and Mark Brewer, Raymond Jones, Dick Carson, Parker Gage, Stape Wilhelm, Tom Blakeney, S. J. Wilburn; E.A. Haukins, Mr. Goodwin, Mrs. Ed. Watts and Mrs. John Prude and others accompanied the crowd.

## LOCAL SCOUTS TAKE HIKE.

Last Tuesday being Washington's birthday and a legal holiday, twenty scouts of local Troop Two with their scoutmaster and his assistant had a very enjoyable hike to the Lost Cave, west of the Dark Canyon Wells. The distance is four miles or more, and the troop covered it in good time. Some three hours were spent in exploring the different passages of the cave, signalling and taking tests, several of the scouts qualifying for advancement. The troop returned in the middle of the afternoon, pronouncing the hike a great success. It is understood that a hike takes the place of the regular meeting for the week during which the hike is taken, so therefore Troop Two will not meet tonight.

Frank Coe, an old timer from the Ruidoso country, and a friend of years standing of Dr. A. A. Bearup and family, is visiting at the home of the latter this week, arriving Monday night. Mr. Coe has lived in the Ruidoso country for many years, in fact, since the days of "Billy the Kid" and was there all through the Lincoln county war and has many interesting reminiscences to relate about those strenuous days. He has a fine large farm and orchard in that part of the country and is a successful farmer and orchardist. Many of the old citizens are acquainted with Mr. Coe and are pleased at the opportunity of again meeting him and discussing old times.

Roy Waller and Rom Holt were visitors to Roswell last Saturday.

## WILSON TO DEVOTE HIS FUTURE LIFE AS WORLD PEACE MAKER.

Washington, Feb. 24.—President Wilson expressed the determination today to devote himself on retirement to private life to a continuation of his efforts toward world peace. In his first public utterance since the election, the president in receiving a delegation from the Woodrow Wilson club of Harvard university, declared he had no intention of writing a history of the Paris peace conference. After their visit the delegation stated they were "deeply touched by the president's faith in the ultimate accomplishment of his efforts towards peace and by the almost brilliant good humor with which he is leaving the White House."

## Community Revival Services to Continue Over Sunday.

The meetings which have been held in the Armory for the past two weeks, will close Sunday night, the evangelistic party going from here to Roswell where they will conduct a similar meeting, leaving Monday evening.

During their three weeks stay among us, Rev. John Andrews has preached twice a day to large congregations and the interest has never flagged on the part of the attendants. While not as many conversions have resulted as was hoped for, the church has been greatly strengthened and built up and a spirit of unity prevails that is very gratifying. The exact number of additions to the four churches participating in the revival can not be given at this time, but it is estimated to be in the neighborhood of 150.

Preaching at the Armory tonight at 7:30 and Sunday services as follows, all services for that day to be held in the Armory, except when otherwise stated:

Sunday school at 9:45.

Preaching at 10:45 o'clock.

A meeting for men only will be held in the afternoon at 3 o'clock and one for women only at the same hour at the Baptist church. Dr. Andrews will preach to the men at the Armory at that hour, his subject being "Children Come Home to Rest." The ladies meeting will be addressed by Miss Andrews.

The services in the evening will begin at 7 o'clock, with a song service conducted by Rev. Ed. Phillips whose singing and leadership of the music has been one of the successful features of the meeting and one enjoyed by all. Reverend Nance, Sunday school man and personal worker, has been of great assistance all through the meeting; making a house to house canvass of the town, praying and conversing with every one with whom he came in contact and endeavoring to lead men and women, boys and girls, to a higher life. Rev. Nance will remain here over Sunday, leaving Monday morning for Sierra Blanca where a meeting is in progress and where he will do a similar work.

Miss Andrews, daughter of the evangelist, has been at work early and late, day in and day out, holding meetings each morning at 9 o'clock for Bible study, and each afternoon for the children and High school girls; furnishing solos whenever desired and part of the time playing the piano. A devout Christian since her early childhood, she has become so dear to Carlsbad people that it will be many years before Miss Annie Andrews will be forgotten in Carlsbad.

Cottage prayer meetings have been held at different homes during the week and much good has resulted from these informal meetings. A prayer meeting for the men of the town has also been conducted in the business section each afternoon this week.

An all day "Get-Together Meeting" has been planned for next Monday the exercises to take the form of a dinner at the church at which the pastors and members of the evangelistic party will be honored guests. The plans for this are not yet completed but will be announced at the different services between this and Sunday. A great day is looked for on Sunday and a most cordial invitation extended to all to be present at the services.

Miss Mary Weddige was brought down from Hope Tuesday to Eddy county hospital where she will undergo an operation the latter part of the week.

## REQUEST THAT TAX PENALTIES BE DEFERRED

That the burden of taxes this year is getting almost unbearable and that the majority of the citizens of Eddy county will be unable to pay the same this year before July 1st, is evidenced by the fact that this week four prominent organizations of heavy tax payers sent a message yesterday to each of Eddy county's representatives in the state legislature requesting them to try and secure the enactment of laws which will defer penalties from being placed on those who fail to pay their 1920 taxes by March 1st. These four organizations are the Eddy County Tax Payers' Committee, the Eddy-Lea Live Stock Association, the Carlsbad Commercial Club, and the Pecos Water Users' Association.

A majority of the citizens of this county are unable to pay their taxes at this time and if market conditions don't improve they will not be in a position to pay before or by July 1st, but it is expected that the live stock market will at least have rallied by that time, giving the ranchmen a chance to realize on their cattle.

The fact that the penalty will be placed on the taxpayers by March 1st will not cause any more taxes to be collected in this county and will only add to the already heavy burden. A law passed by the legislature deferring penalties until July 1st will meet with approval from all parts of the state and in Eddy county it is expected that something will be done by the legislature in the next few days.

Telegrams were sent to Senator D. G. Grantham, and Representatives A. C. Heard and F. G. Hartell, and read as follows:

"We earnestly request you to immediately introduce and support legislation deferring penalties upon all taxes for 1920 until July first. This would afford great and necessary uniform relief throughout the state. No money available for payment of taxes until live stock and farm products can be sold. Markets for live stock should open before July first and farmers will have best crop of hay. Consult immediately all influential members of both houses and wire us feeling."

## WOODMAN CIRCLE OFFICIAL HERE.

An interesting meeting of the Woodman Circle was held last Monday afternoon on the occasion of the visit of Mrs. Kate Ferguson, state manager of that organization and also chairman of the supreme law committee, who came in Sunday night, and as she was unable to remain over until the regular meeting of the Circle, had the meeting called. The ladies turned out well and arrangements were formulated looking to the State Convention which is to be held in Clovis in April, and to which Mesdames John Hewitt and Dock Vest, of the local Circle, are to attend as delegates. The local lodge is honored by having two Supreme officers among its members; Mesdames J. B. Leck and Robert Toffelmaier, who will also attend the convention. Mrs. Ferguson left Monday night for Clovis and from there will return to her headquarters in Albuquerque.

The Baptist Ladies' Auxiliary met with Mother Minter last week, Thursday, for their regular meeting and a splendid program had been prepared which was very much enjoyed by all and especially by Mrs. Minter, who is not getting out very much this winter. Fourteen ladies were present.

Rev. B. L. Nance, conference secretary of Sunday school work for this conference of the Methodist church, south, spent much of last week at Hagerman, engaged in Sunday school work. He returned to this city Sunday afternoon and has been assisting in the meetings held at the Armory since then.

### LESSON FOR FEBRUARY 27

#### REWARDS OF FAITHFULNESS.

LESSON TEXT—Matt. 24:45-51.  
GOLDEN TEXT—Well done, good and faithful servant; thou hast been faithful over a few things, I will make thee ruler over many things—Matt. 25:23.

REFERENCE MATERIAL—Matt. 25:14-30; Luke 19:12-27; Rom. 12:1-8; 1 Pet. 4:10.  
PRIMARY TOPIC—Doing Our Best.  
JUNIOR TOPIC—Obedience and Rewards.  
INTERMEDIATE AND SENIOR TOPIC—Faithful Use of Our Abilities.  
YOUNG PEOPLE AND ADULT TOPIC—The Use or Neglect of Our Resources.

This parable, like that of the ten virgins, is associated with the Second Coming of Christ. In both instances the unpreparedness for His coming on the part of the people is exhibited. In that of the ten virgins their unpreparedness consisted in their failure of inward life—absence of the Holy Ghost. In this of the talents it consisted in their failure to properly use the gifts which had been intrusted to them. The first was failure to watch; the second, failure to work.

I. The Distribution of the Talents (vv. 14, 15).

1. It was a sovereign act. He called His own servants and distributed to them His own money. The Lord did not consult us as to our gifts.

2. It was an intelligent act. "According to his several ability." The God who made us knows our ability to use gifts, therefore has made the distribution upon that basis. The reason some have greater gifts than others is due to the fact that they possess the ability to use them.

3. It was a purposeful act. The talents were given to be traded with. They were not given to be used for one's own gain and profit, but as stock in trade for the enrichment and glory of the Master.

II. The Employment of the Talents (vv. 16-18).

1. All the servants recognized that the talents were not their own—that they were responsible to the Lord for the use made of them. We are not responsible for the creation of gifts, but for the employment of such gifts as have been given to us.

2. Two servants used their talents. The five talented man put his to use and gained five more. The two talented man put his to use and gained two more. This shows that God's gifts can be increased. The exercise of any gift increases it. The faithful use of what we have in the place we are will prepare us for greater usefulness and honor.

3. The one hid his talent. The fact that one possesses but one talent should not discourage him, but should make him strive harder. God sees no reward according to what we possess, but according to our faithfulness. The crime of the one talented man was not that he had but one talent, but that he hid the talent which the Lord gave him.

III. The Accounting for the Talents (vv. 19-30).

1. Its certainty. There is a day coming when all must give an account of our stewardship.

2. The time. This will be at the coming of the Lord. If we have done well we shall then have praise. If we have been unfaithful we shall then be cast out from the presence of the Lord. Watchfulness is not idleness.

3. The judgments announced. (1) Reward of the faithful. (a) Praise—"Well done." We all like to be praised. How blessed will it be to hear from the very lips of the Lord the word "well done." (b) Promotion—"Thou ruler over many things." Promotion is desirable to all. Much of that to which we look forward in life is the passing from lower to higher privileges and positions. (c) Entrance upon the joy of the Lord. The five-talented man and the two-talented man received the same praise and same promotion. (2) Punishment of the faithless. The one-talented man lied when brought to account. The talent when dug up was not the same as when it was buried—it was not of the same weight. Gifts unused are lost. The natural eyes lose their power if we live continually in darkness. This is true spiritually. The one who ceases to grow in knowledge and grace loses the capacity to grow. (a) Reproach—he was called slothful and wicked. To be called lazy is a reproach which even the lazy man dislikes. (b) Stripped. The talent which was given to him was taken from him. (c) Cast out. He was condemned on his own ground. The very fact that he knew the character of the Lord should have been an incentive for him to have exerted himself. His condition was his own fault. In the day of accounts there will be no excuse to be made.

Fountain of Gladness.

A kind heart is a fountain of gladness, making everything in its vicinity to freshen into smiles.—Washington Irving.

The Sower and Reaper.

Miss Johnston's music class gave another of their delightful recitals last Saturday, at the home of the Albertsons on North Halaguena street, this city. These affairs are always well attended by the pupils and parents as well and the benefits derived from them can hardly be over estimated. They give the children and young people who take part an opportunity to get rid of self consciousness and to secure that control that is needful for a successful performer on the piano. Carlsbad people are fortunate in having a teacher so painstaking and apt with her pupils and with such a wonderful musician.

### "SON" RODDEN'S BIRTHDAY PARTY.

Twenty little boys and girls were entertained at the home of Mrs. Rodden, on North Canyon street, Tuesday afternoon from 2:00 until 4:30 in honor of her son's birthday.

It being such a nice, sunshiny day, many outdoor games such as "Cat and Mouse", "London Bridge is Falling Down", "Drop the Handkerchief", etc., were played.

After the games were over the children were called into the dining room. All their eyes danced when they spied on the dining table a beautiful birthday cake, which was lit by seven candles, telling the guests their host, "Son Rodden" was seven years old. After the candles were blown out, "Son" cut the cake. The cake was yellow and pink and iced in pink and white frosting, decorated by seven yellow candles. Then, of course, "Son" had to take his seven paddles several times. Refreshments of pink and white brick ice cream and cake and candy were served and enjoyed by all. "Son's" little friends showed their appreciation by bringing him many nice presents such as ties, books, marbles, handkerchiefs, etc. Although he is only seven years old he feels like quite a big man, his parents having given him a wrist watch. He says he wouldn't even trade watches with his father. The guests were each given a souvenir picture of "Son" taken with a hatchet, carrying out the idea of February 22. All the boys and girls had a fine time and it is hard to say which had the best. Mrs. Rodden was assisted by Mrs. Meyer, Mrs. Tullius and Mrs. M. Nornhauser. The following guests were present: "Son" Rodden, Edna Hayes, Otis Astor Alston, Attie Lea Horne, Virginia Yates, Louise Noel, Evelyn Tullius, Isabelle Judkins, Daymond Bond, Leona Rodden, Amy Williams, Francis Marion Graves, Elizabeth Noel, John Leslie Kindel, Ralph Lee Zimmerman, Dorothy Dee Hiler, Guy Vest, Helen Bond, Luther Zimmerman and Jeannie McLean Stennis.

Rev. Fred B. Faust, of Pecos, spent several days in Carlsbad, this week, assisting at the meetings in the Armory, leaving for his home at Pecos Wednesday morning.

A. L. Allinger, of Loving, is in El Paso, this week and will probably return tomorrow.

## ARMENIAN GIRL PLEADS FOR SISTERS

Tragic Tale of Harem Victims' Sufferings.

More than ten thousand Armenian girls have been rescued from Turkish harems through the help and generosity of America. This is the statement given out by the Near East Relief, which is making the saving of these tragic victims of Turkish cruelty one of the most important features of its work.

That it is a work which in itself justifies the millions that America has spent in this stricken land is testified to by little Miss Eliza Dodurian, a twenty-year-old Armenian girl recently arrived in this country. Miss Dodurian, through the intervention of American missionaries, was herself rescued

ELIZA DODURIAN.

the sufferings of exile and the horrors of slavery; but she knows all too well the terrible fate of her sisters and friends. It is for them—the soft-eyed little girls of fifteen and sixteen whom last she saw being torn from their mothers' arms and carried off on the saddle bows of the Turkish soldiers—that she makes her plea.

What their lives have been since then may be guessed by a look into the faces of any of the ten thousand who have passed through the Rescue Homes of the Near East Relief. Their heads bowed in shame, they creep into the American relief stations, trying vainly to hide the tattoo marks which proclaim to the world their story.

Thousands of these girls have been brought back to life and hope through the work of the Near East Relief. It is to rescue the one hundred thousand more still held captive that the Near East Relief is making its appeal this year.

### ALL RECEIVE SOME BENEFIT

Good Roads Are Advantageous Alike to Producer and Consumer—Storage Charges Less.

When the roads of the great producing zones of this country are improved, benefits will accrue not only to producers, but to consumers. When marketing is distributed throughout the year, storage charges must decline. This country is paying at present large storage prices on foodstuffs. The disadvantages of freight congestion in the fall cannot be entirely eliminated in many places, but good roads will certainly have a marked tendency to distribute hauling over longer periods.

It is reasonable to say, therefore, that good roads mean that diversified farming will be encouraged, the area of profitable production increased, the opportunity for favorable marketing improved, and more uniform distribution of farm products secured.

### MUCH DEPENDS ON HIGHWAYS

Prospective Purchaser of Farm Is Concerned About Many Things, More Especially Roads.

A prospective purchaser of a farm is concerned about the adaptability of the soil to specific agricultural activities such as general farming, stock raising, dairying or market gardening, and must inquire into conditions affecting such industries. He is also concerned about suitable home life for his family, schools, churches and community social life, all of which are very much dependent upon roads.

### AS TO THE GALLERY.

I care not if they say of me  
I play unto the gallery,  
For in those places up on high  
Where wealth and fashion seldom  
fly,  
I find that many a fellow sits  
With solid mind and nimble wits,  
Who hath a soul as full of glow  
As any sitting down below,  
While 'mongst the more exclusive  
of  
I've found a head that's mighty  
soft,  
With naught for its location fit  
Except the cash to pay for it.

## Armenian President Asks American Aid

Dr. H. Ohandjanian  
Armenian President

Erivan, Armenia: Dr. H. Ohandjanian, President of the Armenian Republic, has sent an urgent cablegram to Charles V. Vickrey, General Secretary of the Near East Relief, 1 Madison Ave., New York City, requesting immediate assistance to prevent the starvation of the Armenian people before the next harvest can be gathered. President Ohandjanian's message reads:

"Owing to hail, rain and field mice, the harvest in Armenia fell below expectations. Standing crops appeared well, but owing to poor seed, returns were not as good as was expected. Maximum returns 140,000 tons, only sufficient for eight months for one and a half million people. Food crisis critical and intensified by new Turkish invasion of Armenia. It is estimated that 100,000 peaceful inhabitants of Sarikamish and Kars region have been forced to renew the life of refugees and flee towards the interior of Armenia. There are also large numbers fleeing from Bolsheviks in Azerbaijan and Southern Russia, and coming to Armenia. Farmers, fearing famine, are unwilling to sell crops, thus leaving the cities foodless. In addition to the Armenian crops, ten thousand tons have been purchased from neighboring countries.

"In order to save Armenia it is necessary to secure flour from America, 50,000 tons, maximum requirement. In the name of the Armenian Government and the Armenian People, I beg that you use your wide influence in order that the Near East Relief may secure and ship the flour needed. I am sure that in this serious crisis the Near East Relief will not fail to continue its aid to Armenia in her struggle for existence.

"H. OHANDJANIAN,  
"President of Armenia."

## GOB DESCRIBES ARMENIAN HORRORS

"You can't realize what a sight it is to see the refugee camp at Batum," Petty Officer George Porter, of Racine, Wis., writes his family, telling of the work of the Near East Relief in the ports along the Black Sea.

"The people are dying off little by little. There are workers of the relief organization here, but they don't seem to be able to take care of them all. They were the ones that made the camp. The families all live in grass huts, just high enough to sit up in, and

GEORGE PORTER.

they are covered with blankets. There is disease everywhere and the smell is terrible. I'm glad we didn't stay long, as I couldn't stand it, and you know when I can't stand anything there are few that can. I am sorry for those refugees, but we can't help any. They don't want money though they would sell their lives for some clothes and food. They don't stop praising the Americans.

"Trebizonde was another Armenian town, but it was completely wiped out by the Turks, who are now in control of it. The Turks massacred all the Armenians over fifteen years of age and kept all under that age to bring them up as Turks. The city looked as if it was shot to pieces. Samsoun is the same as Trebizonde, so you can see what kind of country we are travelling through. I am sure glad that we are leaving Russia and Armenia because I am sick of what I have seen. I think that these tourists who are trying to see ravished Armenia will be sorry they ever came over. These relief workers are nearly dead from work. They are the people who can tell the U. S. something about this country."

The Near East Relief, 1 Madison Ave., New York, is now appealing for funds to continue the work so graphically described by the young American sailor.

Rest is not idleness, and to lie sometimes on the grass under the trees on a summer's day, listening to the murmur of water, or watching the clouds float across the sky, is by no means waste of time.—Lord Avesbury.

### EVERYDAY FOOD.

IT IS not a difficult problem to arrange a meal for some occasion and have it both good and unusual; but the daily meal preparation does become a burden sometimes when economy, variety, wholesomeness and digestibility all enter into the problem.

### Leftover Salt Mackerel With Potato Balls.

Cut enough pared potatoes into quarters to fill a pint cup. Turn into a saucepan, cover with boiling water and one cupful of flaked leftover mackerel in the center of the potato dish, above the water in dish or steamer. Let cook until the potatoes are tender, drain and press them through a ricer, heap over the fish, add a teaspoonful of butter, a few dashes of black pepper, one egg beaten light and shape into balls. Try at once in deep fat. Serve with lettuce or cabbage salad.

### Pacific Salad.

One cupful of spaghetti broken in bits and boiled; one good sized stalk of celery cut in bits, two green peppers cut fine from which the seeds and white membrane have been removed; two sweet cucumber pickles, cut in thin slices, and plenty of good soiled salad dressing.

## INVESTIGATOR INDORSES NEAR EAST RELIEF

During the Peace Conference in Paris the American Commission to Negotiate Peace, appreciating the importance of accurate, first hand information about the Armenian situation, sent Capt. Benjamin Burges Moore of the American Red Cross as head of a special mission to study and report on conditions. Captain Moore's findings as to the value of the work done by the Near East Relief form part of his official report.

"Armenians are sincerely grateful to us," Captain Moore states, "since it is no exaggeration to say that they would have disappeared as a nation had it not been for this splendid help given them by the Near East Relief and the American Food Administration. The best that sympathetic Americans can do is to continue and enlarge the present admirable work of the Near East Relief."

**RAILROAD WORKERS  
GET SQUARE SHOW.**

Santa Fe, N. M.—Railroad workers of New Mexico are getting a good break through the introduction by democrats of bills designed to improve their working conditions. Hall, democrat of Curry, proposed a senate bill requiring shelter for railroad car repairers and one for the payment of back salaries to discharged employes. Zinn, democrat of Quay, introduced one relative to safety appliances on railroads and Garcia, democrat of Bernalillo, introduced with Clancy, a bill to limit the length of trains in order that passengers and trainmen might enjoy greater safety.

The bills, however, will possibly receive the unfavorable treatment from the republican majority that former labor bills have received.

Mr. and Mrs. H. C. Kerr went up to Roswell Tuesday for a few days' visit with friends.

Mrs. Bouvia, of Hot Springs, Arkansas, is in the city, coming with the intention of purchasing property here and locating if she finds things to her taste.

Mrs. Allen Tipton entertained the Coterie Sewing Club at her home in the Otis section last Thursday. A pleasant afternoon was spent by the ladies with fancy work and sewing of various kinds. The hostess served refreshments to her guests at the close of the afternoon.

**WARNING!**

Cotton Farmers, Attention.

No short staple cotton will be ginned at the CARLSBAD GIN during the season 1921 to 1922 until after all the Durango cotton has been run for the season.

This is to protect our Durango cotton industry which can not be done under present practice of promiscuous planting and ginning of different varieties as has been proven by the disastrous results of the past season.

Our Durango cotton is now selling at a premium of thirty-five per cent over short cotton on the New Orleans market.

Stick to Durango cotton and be sure of a profit even on a low market. Don't be deceived by the low yield from mixed or poor seed. Good Durango seed will out yield any other variety in this locality. This has been proven repeatedly by the La Huerta growers and by others who have had the pure seed.

Buy your planting seed at home from heavy yielding crops grading not less than an inch and one-eighth full to inch and three sixteenths. Insist on seeing the grades and proving the yield. If you don't know where to go, come to us and we will see that you get proper seed for planting. They will cost you four cents per pound. By order of the Board of Directors, CARLSBAD MILLING & GIN CO.

**THE COMPLETE LETTER  
WRITER.**

Here is a letter from a small cotton planter of North Carolina to a fertilizer shipper, which succinctly expresses the spirit of the times: "I received your letter about what I owe you. Now be patient. I ain't forgot you. As soon as folks pay me, I'll pay you. If this was Judgment Day and you no more prepared to meet your God than I am to meet your account, you sho going to hell."

The fire department was called out Monday morning to fight a fire in the west part of town near the residence of Frank Jones. In some unexplained way the grass caught fire, and as there was a high wind blowing at the time, matters looked serious for a while. The fire department worked hard to subdue the flames, fighting them with wet sacks and also with the chemical engine, the fire being in the extreme west end and no fire plugs near enough to be of any advantage. Quite a number of volunteer fighters assisted in subduing the flames.

Mr. and Mrs. John Boeglin had ground broken for their new home on the corner of Halagueno and Greene streets this week. They will build a five-room house finished in good style and with the usual conveniences, and their friends here wish they may have many happy years in the new home they are now erecting.

We learn that Mrs. J. M. Robb has been quite ill at her home in Big Springs, Texas. The Robb family formerly resided in Carlsbad and still have many friends here who are interested in their welfare and are glad to learn of Mrs. Robb's convalescence, from what seemed a severe illness.

### OTIS ITEMS.

Carl Smith left Sunday on a business trip to El Paso. During his absence Mrs. Smith is stopping with Mrs. Allen Tipton.

Mrs. Fred McMickiel and family have left for Oklahoma City after a pleasant stay at their brother's home.

## The Genie of To-Day is MAN

MOST OF US remember the story of Aladdin and his wonderful lamp as recounted in "The Arabian Nights Entertainment." A rub of the lamp and a powerful genie appeared, ready to do the whimsiest bidding of the diminutive Aladdin.

¶In the story-book days the wonders we are so prone to take for granted would have been considered magical — superhuman.

¶Today you press a button and summon to your aid the mighty forces of **Electricity—Light, Heat and Power**—they are yours to command.

¶There is no "magic" about the operation of your Central Power Station. The ceaseless service which you expect from Electricity is yours because of the brains, the perseverance and foresight of men.

¶These men who labor to provide you with every comfort which Electricity makes possible are human sort of folks who need and appreciate the forbearance and good will which you can give.

Both the girls' and boys' teams made a trip last Saturday, the boys playing Hope in the afternoon and both teams playing Carlsbad that night. Hope was victorious over the boys but Hagerman won both games that night. The Carlsbad boys have improved about 100 per cent since they came to Hagerman. The game was fast and both teams put up a game fight. The Hagerman girls played the best game of the season and no other way of playing would have defeated the team they played. The games were played on a dance floor and put us

to a slight disadvantage. The Carlsbad boys and girls certainly treated us nice and it was a pleasure to meet such an agreeable lot of young people.—Hagerman Messenger.

#### DEATH OF A MOTHER.

Josephine Lattimore Haynes was born in Macon, Mississippi, December 11th, 1860, and died in Carlsbad Monday, Feb. 21st, at 2:15 P. M. At 20 years of age she was united in marriage to H. C. Haynes at Milford, Texas, and to them were born eight children, three of whom preceded their mother to the better land while five remain to mourn her loss. The children living are Mrs. M. E. Collier, of Cap Rock; Mrs. J. H. Sommerfruchte, of Clovis; Mrs. D. E. Allen, H. C. and S. S. Haynes, of Carlsbad. She also leaves one sister, Mrs. J. B. Morrow, of Milford, Texas. For the past five years Mrs. Haynes has made her home with her daughter, Mrs. D. E. Allen, in Carlsbad, where she was most tenderly loved and cared for. Her last illness was brief and her death unexpected, although she had not been in the best of health for some time and the end was sudden and painless. Her husband passed away February 19, 1902, and was buried at Milford, Texas, just nineteen years to the day before her. Mrs. Haynes had been a Christian since her early teens, having her membership at Milford, Texas, in the Baptist church of that place.

The remains were laid to rest Tuesday morning at 10 o'clock, in City cemetery, with funeral services conducted by Rev. T. C. Mahan, all five of her children being present at the funeral. Surrounded by beautiful flowers, the gift of loving friends and sorrowing children, she now rests safe and secure from all of life's woes. The pall bearers were selected from the railroad employees and personal friends and were: Messrs. Bloxom, Holsie, McFarland, Hart, West and James. "There remaineth therefore, a rest for the people of God."

#### CARD OF THANKS.

We wish to express our thanks to the kind friends and neighbors who assisted us during the last illness of our mother and also to the railroad employees for their beautiful floral offering.

MRS. J. H. SOMMERFRUCHTE

#### MATINEE AT CRAWFORD TOMORROW.

Interest now is centered in the playlet to be given at the Crawford theatre tomorrow afternoon by the pupils of Miss Witt and Mrs. Rodgers, and music for which is exceptionally good in "The Quest of the Pink Parasol". The children in this play have been drilled by Miss Witt and Miss Smith, supervisor of music in the Carlsbad schools.

"Mother Goose's Festival" will be given first and these pupils have been instructed by Mesdames Kaiser and Rodgers. Aside from the object for which the entertainment is given, patrons will receive their money's worth in the playlets, which are said to be quite the prettiest production given here for some time, if at all.

#### REAL PRIMARY LAW IS BEFORE SENATE.

Santa Fe, N. M.—While the senate has before it the Wright-Quintana-Phillips excuse for not keeping the republican party pledge of a primary for county, district and state conventions, Senator D. K. B. Sellers, democrat, of Bernalillo county, has placed before the senate a genuine primary bill, state-wide in scope and honest in purpose.

The democratic bill follows the democratic platform, conforms to the expressed wishes of Governor Mechem and accords with his campaign promises to the people of the state. The democrats have now placed before both senate and house a state-wide primary bill and will try to "smoke out" those republicans who are seeking to defeat the wishes of their governor.

Mrs. M. N. Cunningham, of La Huerta, received a fine Barred Plymouth Rock rooster from the pens of Harry Onstott, of Braman, Oklahoma, which is one of the finest birds to be found in this part of the country. He is from a pen which took several prizes at the Oklahoma state fair last fall, and with her pure bred hens, Mrs. Cunningham expects to furnish eggs for hatching to as many as wish to raise these beautiful fowls.

The warm weather of the last few days has brought out the apricot trees on Rocky Arroya, from where we get most of our apricots and they are now in full bloom. The same condition prevails with the Elberta peach trees, although they are not quite so forward. Should we have a cold spell about Easter as is frequently the case, the fruit will probably suffer. However, it is too soon to make predictions about the fruit crop.

Get a bag full of our Bulk Candles for the kiddies. Save the price of fancy packing.  
THE SWEET SHOP.

The date for the benefit play to be given for the Cemetery and Boy Scouts has been set for March 12th. The rehearsals are moving on finely and everything points to a successful presentation. The play selected is said to be one of the best ever given in Carlsbad, the actors are among our best amateurs, and no one doubts the needs of the two organizations that are to benefit by its production. So we anticipate a large audience at the Opera House on the date mentioned above.

In spite of the low price of cotton during the year, the farmers of the vicinity around Carlsbad are now preparing for the planting of a large crop this spring. Some of the growers are having trouble in getting select seed.

Construction of the new highway from Carlsbad east of the Lea county line will be completed by spring. This highway opens a large trade territory in Southeastern New Mexico.

M. Noronhauser and his uncle, J. T. Munson, proprietors of the Pecos Valley Hide & Fur Company, spent part of the week in Roswell on business.

Posters have been placed in the windows advertising the children's playlet which is to be given tomorrow afternoon. The posters are worthy of note from the fact that they are the work of two Grammar school girls, Barbara Smith and Gertrude Hartley and a young boy. The girls are both quite young and certainly show an artistic taste that many an older person would be proud to possess. The lettering on the posters was done by McKinnis Tinnin, and speaks well for his artistic work. Taken all together they are as fine a set of posters as we have seen in many a day.

## LOCAL NEWS.

Mrs. Edd Allen and daughter and Mrs. Cooke and son, of Roswell, personal friends of the late Mrs. Haynes, were in attendance at her funeral last Monday.

T. F. Simons, father of Mrs. Roy Waller, is in the city and will spend a fortnight here at the home of his daughter, and with other friends, coming from his home at Chicago.

Tom Wood and sister, Mrs. Graves, and the latter's little son, Francis, made a visit to Lovington last Sunday and were accompanied home by Mrs. E. H. Wood, who will visit with her son and daughter for a few days.

C. C. Covington, representing the Graham paper company with headquarters in El Paso, was in town last week, Friday and Saturday. This is the first visit of Mr. Covington to the Beautiful in about a year, and he noticed several very substantial improvements in the buildings of the town which have been completed in that time.

### NOTICE.

Notice is hereby given that on the 11th day of February, A. D. 1921, the Santa Fe Pacific Railroad Company, made application at the United States Land Office at Roswell, New Mexico, to select under the Act of April 28th, 1904, (33 Stat. 556) the following described land, to-wit:

The North one half of Northwest quarter (N½ of NW¼) of section Twenty-three (23) in township Twenty-four (24) South of Range Thirty-One (31) East, of the New Mexico Meridian, in the State of New Mexico, containing Eighty (80) acres.

The purpose of this notice is to allow all persons claiming the land adversely, or desiring to show it to be mineral in character, an opportunity to file objection to such location or selection with the local officers for the land district in which the land is situated, to-wit: at the land office aforesaid, and to establish their interest therein, or the mineral character thereof.

## Home and School Association This Afternoon at High School.

The regular monthly meeting of the Home and School Association will be held this afternoon at the High school study hall beginning at 3:15. The following program will be given:

Invocation.  
Piano Duet, "Bridal Chorus" from Lohengrin, Evelyn McIntosh and Helen Benson.

Solo, Miss Andrews.

Recitation, Harold Dickson.

Address, "How to Cultivate a Habit of Truth Telling Among Children," Rev. Andrews.

General discussion, led by Miss Henderson.

Talk on "Health" by Mrs. John Lucas, matron of Eddy County Hospital.

Reading, "Tom Sawyer's Courtship," by Laura Louise Barnett.

Piano solo, Annie Prickett.

Unfinished business. New business. Dismissal.

Tuesday was the anniversary of Washington's birth and was fittingly observed at the Grammar schools by the pupils on the Monday previous. Programs were rendered, in the different grades and Tuesday was given the children as a holiday. The banks were closed for the day, and the postoffice observed Sunday hours.

## MEETING OF WOMAN'S CLUB.

A large attendance marked the meeting of the Woman's Club last Tuesday afternoon at the regular meeting, Mrs. Hemenway, the president, presiding. The members were favored by a beautiful vocal solo from Miss Marie Purdy, with Mrs. Jackson accompanying at the piano; "Hear's Delight" the selection, was received with such pleasure by the ladies that an encore was called for to which Miss Purdy responded.

Mr. Bell, cashier of the First National bank, gave a very interesting and enlightening talk on "Our Currency and the Reserve Banking System." The ladies present were not backward about asking questions, many of them admitting ignorance of banking affairs and being desirous of keeping themselves informed on financial matters, especially during this period of financial depression. Mr. Bell answered all questions asked him and many things that were not understood by different ladies were cleared up by his explanations. In reply to a question, Mr. Bell stated that in his opinion economy in national, state, municipal and individual affairs, was the only thing that would help out in this crisis.

Following his talk came the reading of "Drinkwater's Abraham Lincoln" which was most delightful to all present. Mrs. Lee Hanson, who gave the reading, is an accomplished elocutionist and her wonderful talent was given wide scope in the dramatic scenes with which the book abounds. Although lengthy, she held her hearers spellbound until the end scarcely a move being made from the beginning of the reading until Stanton's words: "He now belongs to the Ages" fell on their ears. As the reading required some time, business before the club was postponed until the next meeting, which will be the eighth of March.

Carl B. Livingston left Tuesday for their ranch east of the city, intending to be gone two weeks looking after his cattle. Mr. Livingston tells us that a good rain fell on part of their ranch in the month of January, but the entire ranch has not had rain since the fall but indications are that rain will come soon.
