VOLUME 11

ALBUQUERQUE, NEW MEXICO, SATURDAY, MARCH 21, 1903.

NUMBER 83

## Territorial Topics

### SANTA FE.

From the New Mexican.

J. B. Saint, of Albuquerque, connected with the commercial department of the Pennsylvania Development company, is in the city on business.

Dr. C. H. Connor, of Albuquerque, who takes rank as a leading practitioner of the Duke City, is in the capital working for the passage of a bill authorizing and allowing the practice of osteopathy in the territory.

A full grown mare owned by Octaviano Rodriguez was killed on Saturday by mountain lions near his ranch on the Canjoncito del Tesque and partly devoured by these animals. They were evidently large and hungry.

John C. Sears, of the local office force of the Santa Fe railway, returned last evening from San Antonio, Texas, which place he had visited as a delegate from the local lodge of the Woodmen of the World to the district convention of the order held there last week. There were 775 delegates from lodges in the district comprising Texas, New Mexico and Arizona present at the convention. A very enjoyable and good time was had by the delegates. The national convention of the Woodmen of the World will be held at Minneapolis in May.

C. R. Huber is enclosing a lot on the south bank of the Rio Santa Fe for the purpose of turning his five deer into it. George Berleth, the tinsmith, whose left limb was amputated on Thursday last by Dr. Diaz, assisted by Dr. Knapp, and Dr. Popplewell, is reported as getting along much better than was expected. There are strong hopes of his recovery.

The Santa Fe postoffice, owing to increase in business the past few months, has been granted an increase of \$700 a year for clerk salaries beginning July 1. This will make the regular disbursements of the postoffice for salaries \$25,000 a year, which will be increased to \$19,000 when the letter carriers are employed, which will probably be by the end of the year.

After an absence from the city of five years, Bernard Hanley has returned to Santa Fe and opened a saloon on lower San Francisco street. The room and building have been repainted and handsome new fixtures have been put in and a complete stock of the best wines, liquors and cigars placed on sale. Mr. Hanley commenced business here in 1881 and was continuously in business until five years ago when he went east. The five years he regards as a vacation and he is once more in the harness.

Hos. Antonio Joseph, former delegate to congress, arrived from Ojo Caliente, and is attending to business matters here.

I. W. Dwyer, of Taos, who spent a few days in town on official business with Superintendent Clinton J. Crandall, of the Government Indian school, left for home. He is the farmer at the Taos pueblo and reports everything progressing nicely at that point.

S. H. Elkins, postmaster at Columbia, Mo., and brother to Senator Elkins, is in Santa Fe to recuperate from an attack of illness and to look after his mining interests in southern Santa Fe county. Mr. Elkins figures on giving the cyanide process a trial at the famous Otis mine and if he succeeds in making the process pay, it will be quite a benefit to the mining interests of that section. Mr. Elkins expects to be home again at Columbia on March 31. Although having no greater population than Santa Fe, Colorado has free delivery of mail and its postoffice has sixteen employees.

### CARLSBAD.

From the Argus.

Miss Della DeArcy is acting as assistant operator at the local station. She is an old Carlsbad girl, sister to Mrs. C. W. Moore, and many friends hope her appointment here is a permanent one.

Dave Horton bought from John Mifflord the latter's place near Otis, this week, paying therefor \$2,250. The farm comprises eighty acres of good land, over half of which is in alfalfa. Allison & Hancher made the deal.

Work is being rushed on the new flume in order to make up for the time lost by the inclement weather a, two weeks ago. It is still thought that water will be turned into the big canal some time about April 1.

The 7-year-old daughter of Superintendent Barney Campbell is hovering between life and death, this week, suffering from peritonitis. At last accounts she was slightly better, but very low.

Mrs. M. C. Westcott, of Otis, whose husband died several weeks ago, and who accompanied the latter's remains to Chicago for burial, returned last week from her sad errand. Her mother,

er, Mrs. T. Guillaume, returned with her and will make a long visit at her daughter's farm home near Otis.

J. J. Draper, the cowman recently here from Midland, began work last week on his new \$5,000 residence, to be built on the ten-acre lot just north of town, bought a few weeks ago from Joseph S. Stevens.

### DEMING.

From the Headlight.

Gilbert M. Clute, who for a number of years has been a resident of this city, left for Prescott, Ariz., where he will in the future make his home.

Arthur Lee, who is interested in the canistra farm on the Mimbres and for the past four years has spent a portion of his time in this country, left for San Francisco, Cal., where he will remain in the future.

Baker Bros. bought of Anderson, of Colorado City, Texas, twenty-six head of fine Hereford bulls and Durham breeds. The bulls will be placed on their ranches on the Animas.

Last Wednesday, March 11, our justice of the peace, Edward Pennington, celebrated the sixtieth anniversary of his birth, and on that day Ed. said he never felt better in his life. He certainly does not look to be anywhere near that old, and from present appearances ought to live to be a hundred.

### FARMINGTON.

From the Hunter.

Work has been renewed on the Presbyterian parsonage, and if the weather permits will be rushed to completion. A large force of brick layers are now engaged laying the walls.

The last of the machinery for the new flour mill is now here and being set in place. A few days more and Mr. Pitrat will be ready to grind meal. Those having any corn to be ground are requested to bring it in.

W. F. Hunter and wife departed for Cabezon, Bernalillo county, this territory, where they will make their future home. Mr. Hunter having accepted a position as clerk in the store of Julius Wolff of that place.

W. N. Knight has discovered a new industry. Last fall he planted a row of antichokes 100 feet long, and yesterday dug up over 600 pounds of the vegetable. An acre planted and turned over to hogs would be a regular mint.

### LAS VEGAS.

From the Record.

Ellen, the infant daughter of Adolfo and Mrs. Gonzales, is quite sick of a fever.

A. O. Malice has accepted a position in the office at the tie preserving works.

The postoffice authorities in Washington have announced an increase in clerk hire at the east side office for two clerks of \$100 per annum, taking effect July 1.

R. E. Leatherman, deputy United States marshal, came up from Albuquerque, and served a subpoena upon Jose Albino Baca, in the land case of the United States against Manuel Maria Martin.

Mrs. Charles Clay was a competitor for a prize offered by an eastern house for the best reference to the city of Washington, D. C., condensed into an even twenty words. She is now in receipt of a complimentary letter stating that the prize will be sent to her address upon receipt of \$2!

Mt. Moriah has been selected as the name of the local lodge of colored Masons. Th. officers so far elected are: Josse Clements, worshipful master; Thos. Dorsey, senior warden; T. J. Dunlap, junior warden; John Smith, treasurer; W. H. Brown, secretary; Andrew Ransom, tyler; Ralph Huston, senior deacon; Arthur Childs, junior deacon. Other officers will be appointed later.

A very interesting game of chess was played on Saturday over the wires with several crack El Paso players, the game at this end being handled by Charles Colby with others in consultation. At the twenty-third move the Las Vegas players made a brilliant sortie and the wires passed word over from El Paso that they had thrown up the sponge, the game concluding with the twenty-fourth move.

Jesus M. H. Alarid left for Galisteo, at which place he will teach school.

Arthur Ifield was celebrating his twenty-first anniversary today. Among the various birthday presents he received was one of \$500 from his mother for abstaining from smoking until he was of age.

The woman's federation met in the city hall yesterday, a goodly number being present and seven new members being received. Several plans of work were discussed, one seeming most needful being spring house cleaning. Superintendents of departments were

elected, who will be assisted by able assistants. Mrs. Rapp was named to be superintendent of the social department, Mrs. J. G. McNary, musical department, and Mrs. J. M. Cunningham, civic department.

James Kennedy, route agent of the American Express company for the Iowa-Nebraska division, with headquarters at Norfolk, Neb., is in the city on a pleasure trip and expresses himself as highly pleased with New Mexico in general and Las Vegas in particular.

Mrs. J. H. Swallow is reported very sick with a threatened attack of pneumonia.

Francis M. Clute, who has been in the city some weeks for the purpose of reorganizing the Redmen, is about again after some days of illness.

Edward Moore and wife have sold to R. Davidson the property north of the city known as the old Harkness ranch, for the sum of \$9,500.

Alex McLenore, the colored fellow who was formerly employed on the road here as a porter, was arrested at La Junta, and will be taken back to Topeka, where there is a charge of assault with a deadly weapon hanging over his head. McLenore was on his way back to this city when arrested and would have fared no better had he arrived here, as the officers here were waiting for him.

From the Optic.

A letter to his parents in this city states that Boaz Long sailed from Vera Cruz, Mex., for Yucatan on the 3d inst.

D. D. Harkness and Charles P. Hammond will sow 100 acres of wheat and sorghum on their new farm near Romeroville this year.

Miss Maud Ellis has entirely recovered from her case of measles, and today went down to her home in Bernalillo. Her school at the springs has been closed indefinitely on account of diphtheria.

Charles Russell's cow fell through the platform of the Russell well. The well is some twelve feet deep and the poor animal laid in the cold water for about two hours before she was finally rescued. The McShooler Transfer company hauled her to the surface a very stiff and bruised cow, but fortunately with no bones broken.

Just before No. 2 arrived this afternoon quite an excitement was created at the depot. A tramp went into the Castaneda buffet, and asked for a drink. Upon being refused he became abusive. The manager was informed, and ordered him off the premises, whereupon his trampade began hurling epithets at the manager. That gentleman proceeded to enforce his demands with the toe of his boot, kicking the tramp into the street, where he was taken in charge by the police. Onlookers who had not seen the beginning of the trouble were somewhat incensed at the rough treatment the tramp received, but when the thing was traced up it appeared that he received his deserts.

James O'Byrne, wife and daughter left yesterday for Colorado Springs. They were called up there by the serious illness of Mr. O'Byrne's father.

Margarito Romero presented the board of trade with a sample load of El Porvenir coal. The coal comes from a vein eighteen inches thick and is taken from a depth of fifteen feet.

Lester Jameson, brother of V. H. Jameson, of this city, has left San Luis Potosi, Mexico, where he has been engaged in electrical work, and gone to Ciudad, Mexico, where he will remain a few days before continuing his journey to this city.

The district court officials and local attorneys departed on an early train for Raton, where district court was convened today. Among those who went up were Judge W. J. Mills, Clerk Secundino Romero, Stenographer W. E. Gortner and Attorneys Long and Fort.

Mose Kifford, colored, was arraigned before Justice Otero on the west side, charged with assault with words on Barbarita Varela de Harrison. He pleaded guilty to the charge and was fined \$10 for allowing his tongue too free use of indecent language.

Rafael Romero, a freighter between this city and Los Alamos, had his feet frosted during the last snow storm while hauling freight for Wm. Frank at Los Alamos. His pedal extremities were so badly nipped that he is yet unable to wear shoes, going around with his feet wrapped in gunny sacks.

The Hot Springs train was held up for a few minutes by an electric car which tried to follow both tracks at once on the Bridge street crossing. The accident caused traffic to congest on the bridge for a little while, and a large crowd gathered to see the car placed back on the track. It was done by the assistance of the Hot Springs engine after delaying traffic on the railroad and bridge for about twenty minutes.

### ALONZO AVILA.

He Plead Guilty to Adultery and Fornication.

#### GOES TO THE PENITENTIARY.

Alonzo Avilla, the masher, was indicted by the United States grand jury this morning on two counts, being charged with adultery and fornication. He was taken before Judge Baker this afternoon at 3 o'clock and pleaded guilty to both offenses. The maximum sentence under the Edmunds act for adultery is three years and for fornication is two years and nine months.

This is one of the most important cases to come up before this sitting of the United States grand jury. The crimes were perpetrated in Albuquerque and at the time of the arrest and preliminary trial, attracted widespread attention. Readers of The Citizen are acquainted with all the circumstances.

Alonzo Avilla had a wife and family living at Winslow, Ariz., but not satisfied with one wife, he met on a train, courted, and betrayed a young lady to leave her home in the east to come here and live with him, under the pretense of a false marriage. He also used the mails to accomplish his purposes. He not only betrayed the girl, but after living with her for two months, deserted her.

Avilla was a passenger brakeman running between here and Winslow at the time, but when it began to get too warm for him here he moved to the next division west of Winslow. He was arrested at Gallup.

### ALAMOGORDO.

From the News.

Two more manufacturing concerns are being talked of for early construction that will add materially to Alamogordo pay rolls and to the railroad company's outgoing tonnage.

Christ Yeager stopped over for a few hours Wednesday on his way to Lordsburg, where he has some valuable mining prospects. He reports success in all of his properties.

S. E. Polphrey was the lowest bidder, at \$8,800, for the erection of the Knights of Pythias hall and store building, which is to be built on a corner facing the pierce store. The plans may be changed to reduce the cost somewhat.

The Alamogordo Improvement company will soon institute a system of experimental wells about Alamogordo for the purpose of developing water for irrigation, being warranted in so doing by investigation of the subject during the past few months.

### SILVER CITY.

From the Independent.

Capt. H. M. Powell is reported convalescent from an attack of la grippe. The epidemic of la grippe is slowly disappearing, most of those unfortunately afflicted with same having nearly recovered.

At the Navajo blanket raffle conducted by Mrs. Gilbert the four prizes were won as follows: First prize, J. T. Wright, of Wichita, Kan.; second prize, W. B. Walton; third prize, Adolf Witzel; fourth prize, R. W. Grabe.

Mr. and Mrs. J. R. Johnston, from Indiana, were new arrivals at the San Vicente last week. Mrs. Johnston will remain in Silver City an extended length of time for the benefit of her health.

Mr. and Mrs. J. S. Brown left overland for Lordsburg. Mr. Brown has been serving as a member of the petit jury during the week and brought Mrs. Brown with him to the county seat.

Dell Cobb, who formerly edited the Silver City Enterprise, arrived last week to visit his brother-in-law, Ed. Young. He is at present the editor of the Fort Worth Morning Register. He has numerous friends in Silver City who have welcomed him back again with great cordiality.

Charles Smith, of this city, has received notice of his selection as superintendent of the Wilson Mining & Milling company at Stein's Pass. Mr. Smith will enter upon his duties as such in a few days. He is a thoroughly experienced mining man and may be depended upon to make the operations of the company a success.

### ROOSEVELT'S VISIT.

A Program Will Be Arranged for His Reception.

Although very little has been said concerning the reception to be tendered President Roosevelt during his few hours' visit to this city, a great many thoughts and ideas have been brought up for consideration.

Mayor C. F. Myers received a telegram from Delegate B. S. Rodey, stating that he had arranged with President Roosevelt's secretary for a certain program to be carried out, which

would speak well for Albuquerque's sentiments. Delegate Rodey will be in the city soon and will complete all arrangements. It is early yet and there is plenty of time to consider this loyal step.

### Pleasant Birthday Party.

At the home of Mr. and Mrs. John Spellacy, 501 Atlantic avenue, a merry party of children held away yesterday afternoon. The party was given in honor of their daughter, Nellie, the occasion being her ninth birthday anniversary. A large number of the little girl's friends were present in response to invitations and their anticipations of a good time were fully realized. Games were played, a nice lunch was served and everything was done to give the little folks an enjoyable afternoon.

### LADIES' DAY.

The Openings at the Millinery Stores Today.

The ladies of Albuquerque are greeted today by three millinery openings; all are fine, and many new and beautiful millinery creations are shown.

The Gilbert Millinery Company. The Gilbert Millinery company's parlors, 119 West Gold avenue, were thrown open today to the millinery shoppers. The Misses Gilbert have made special effort in their opening and are showing a fine display of very pretty hats. They are very pleasant, entertaining ladies and are well acquainted with the millinery business. The window display is especially pleasing to the eye.

The O'Brien Sisters. The O'Brien sisters, located at 304 West Railroad avenue, will continue their opening until Saturday. They are showing a very commendable assortment of spring millinery. Quite a large number of ladies have called during the day. The O'Brien sisters have a nice and original idea in showing their first hats. Among them will be found the Alice Roosevelt hat. Other hats are christened after prominent actresses. The hats shown are very pretty and neatly arranged.

The Parker-Fleming Millinery Co. Mrs. Parker and Mrs. Fleming, 210 South Second street, have made a worthy effort in arranging for their opening. The decorations by B. Frank Fillmore are tastefully arranged. The parlors were darkened by green cloth over the windows and lighted by electricity. It gives the scene of beautiful and varied colored millinery and the crowd of lady shoppers and hat admirers, a very striking effect. Piano music was rendered for the visitors during the afternoon. Mrs. Parker and Miss Fleming were assisted by Misses Maude and Ida Summers, Miss Mary Stingle and Miss Olive Fleming.

### MRS. H. JAY STONE.

Her Death Occurred at Residence This Afternoon.

Death came to Mrs. H. Jay Stone this afternoon not entirely unexpected but with all the sadness that such a parting brings.

Mrs. Stone, who is the wife of H. Jay Stone, who was formerly bookkeeper at The Citizen, has been sick with pneumonia for some time, and all through her sickness hopes were entertained for her recovery.

Deceased leaves a good husband and two small daughters to mourn her untimely and sad death.

Mrs. Stone was a dear and kind mother, and a lady that bore the highest respect and esteem of all who knew her. Friends will be grieved to hear of the death of the good woman. The funeral has not been arranged for at this hour, but will undoubtedly be held day after tomorrow at the residence on North Fourth street.

Death of Mrs. Beebe. Mrs. Mary Belle Beebe died at the sanitarium yesterday morning of Septic peritonitis. Mrs. Beebe and her 14 year old son, Ford, who survives her, resided at the home of her father and mother, Mr. and Mrs. S. Inglesby.

The funeral will be held from the undertaking parlors of J. W. Edwards, 307 West Railroad avenue, Friday afternoon, at 3 o'clock. Rev. Beattie, of the Presbyterian church, will conduct the services. Interment at Fairview cemetery.

### Gift of a Pen.

Santa Fe, March 18. Dr. C. H. Connor, Albuquerque, N. M. Dear Sir:—By request of Governor Otero I am today sending you by express the pen which the governor used in signing the bill passed by the present legislature which authorizes the practice of osteopathy in New Mexico. Very respectfully, CLARA H. OLSEN, Private Secretary.

C. M. Taylor, mechanical superintendent of the western grand division of the Santa Fe, is on a visit to Topeka and was a visitor at the shops there.

## ARIZONA TOWNS

### WILLIAMS.

From the News.

J. S. Buiton returned the latter part of last week from Los Angeles, where he had gone on a business matter.

Dr. A. G. Rouseville has arrived home from Chicago, where he had been called by the death of his brother's wife. The doctor says the weather back east is very severe, and he was glad to get back.

Mrs. G. W. Mathews, after an absence of several weeks at her old home in Medina, Tenn., has returned to Williams. She greatly enjoyed her trip east, and regretted that her husband's threatened illness hurried her home-coming.

J. E. DeRosier, for a couple of years past manager for the Postal Telegraph company here, and at present our postmaster, was relieved last Sunday by Glen Hancock, of Riverside, Cal. Mr. DeRosier has been offered a more lucrative position in California with the company, but as yet has not decided to accept.

Bright Angel will be deserted by most of its home folks this week. Mrs. Buggeln intends going to Los Angeles to visit her daughters; Mr. and Mrs. Ferral are going into the canyon for a month's recreation; Mr. Lumsden, the engineer, and his wife, leave shortly for Los Angeles, to remain about two weeks, and Miss Alice, their daughter, who has been there since the middle of January, expects to return with them; Mr. Teed, who has been agent at Bright Angel for the past year, has resigned, and will go with his family to his old home in Kansas. G. S. Kyle will succeed Mr. Teed as agent.

### HOLBROOK.

From the Argus.

County Recorder McAllister is kept busy these days filing off claims for the Winslow district.

Harvey Colcord has returned from Denver and left for Tonto Basin. He reports having had a pleasant time.

Mr. and Mrs. A. L. Gravelly came down from Whittier and are visiting with their many friends here. Mr. Gravelly has severed his connection with Woosters' store at Whittier and will locate somewhere in the southern part of the territory.

F. D. Preston, of the United States geodetic survey, was here two days observing the variations, dip and horizontal intensity of the magnetic needle. Mr. Preston has made like observations all over Arizona. It is the intention of the government to establish a magnetic station in Arizona, either at Phoenix or Flagstaff. These places have been tested, but it is not known yet which will be chosen. Mr. Preston left for Navajo Springs.

James O'Brien, who has held the position as government operator here for nearly two years, and has been in the signal service a quarter of a century, will leave some time next week for San Francisco. From there he will sail April 1 for Manila and will then be assigned to some station on the island of Luzon, where he will remain for two years, providing his health will permit him to do so. W. B. Woods, the present manager of the Postal telegraph office, will have charge of the government office hereafter.

### KINGMAN.

From the Miner.

Robert Steen, at one time sheriff of this county, is tool sharpener for the San Jose Mining company, at the camp of that company across the river from Parker. Mr. Steen for some time past was storekeeper for Ben Blanchard, at his camp near Aubrey.

W. W. Ross took out a large lot of supplies to his mines in the Wallapai mountain and will commence active mining. The snow has nearly disappeared from the east side of the mountain and the weather permits of work outdoors. The mines upon which work will be done show good values in gold.

The big hoisting engine for the Gold Road mine is to be installed on that property at once. In shooting out for the hoist site the engine in use on the shaft was so badly disabled that it

could not be used further, thereby compelling a cessation of work in the mine until the new hoist has been installed, which will not be before twenty or thirty days. Work on the mill and the Billy Bryan tunnel is being carried on with all rapidity. The mill is getting in its big machinery and will be in running order in about six weeks.

While going down the shaft of the Queen Bee mine at Mineral Park, George Altken, the foreman, slipped and fell a distance of ten feet. He was brought into Chloride on a stretcher and is bruised considerably and skinned up about the head and shoulders, but his injuries are not considered serious. Mr. Altken has been mining in this territory for more than twenty years, and this is his first accident.

Sam Butler came up from the Bill Williams Fork country a few days ago and reports that the recently discovered mines of that section are opening up nicely. While they are not rich they carry good values. The mines are within a half mile of Planet and lie close to the creek. Wood can be had in large quantities along the stream and at a small cost. Several of the small veins carry values high enough to pay for shipment to the smelters. The veins carry copper, but not enough to prevent amalgamation by the pan process.

### ST. JOHNS.

From the Snips.

Mrs. Candelaria Apodaca and the children have gone to Springville to visit with Mrs. J. R. Armijo, who is there visiting with her parents.

Monico Garcia and wife have left for Concho, Ariz., where they will live for the future. Mr. Garcia has a lucrative position with the Schuster Mercantile company of that place.

Pedro Montano and family have left for Albuquerque, N. M., where Mrs. Montano will remain for the future, while Don Pedro will make frequent visits to the country to look after his sheep interests.

The big reservoir sprung a leak last Friday forenoon. If it had not been for the prompt action of Conrad Overson, David Overson, Joel Mineer, W. W. Berry, August Mineers, Joe Stradling and others, who happened to be on the site at work, a great deal of damage would have resulted. And it was lucky that these parties were at work there or else the work of months would have been lost.

### WINSLOW.

From the Mail.

Miss Julia Mahoney, the popular postmistress, has had her bond approved and received her commission. Miss Mahoney is a good postmistress and obliging and faithful. No complaint is ever heard. When President Roosevelt sent her name to the senate he made a wise selection.

Frank Gasser died at Joseph La Pointe's Peoria lodging house. He was suffering from consumption, and came here from Los Angeles about two months ago. He was a native of Switzerland and a butcher by occupation. Every effort was made to find the whereabouts of the dead man's relatives or friends, but without success.

Mrs. W. H. Burbage and Mrs. J. E. Embury gave an afternoon card party in honor of the Misses Vandermarks. Cards were the principal feature of the afternoon. The first prize was won by Miss Belle Vandermarks, one of the guests of honor, while the second prize fell to Mrs. F. P. Secriest as the next best player. The ladies present were Mesdames F. W. Nelson, George P. Sampson, Lane, Grimshaw, J. X. Woods, Secrist, Messrs. Charles Daze, Krentz and William Daze; Miss Belle Vandermarks and sister.

Thoma. D. Bennett, ex-assistant United States district attorney, and S. Holsinger have located Coon mountain and adjacent land, containing meteoric iron, which is valuable. This mountain could have been located by local people. There is money in it. Meteoric iron has an alloy in some cases amounting to nearly 20 per cent nickel, and occasionally a percentage of tin, copper and manganese.

## Some Legislative Bills.

**Relative to Municipal Corporations.**  
House bill No. 195, introduced by Mr. Montoya, (by request of city council of Albuquerque,) read first and second time by title, ordered translated and printed, and referred to committee on judiciary.

An act amending and modifying the thirteenth, twenty-first, twenty-second and thirty-seventh paragraphs, and article XI, of the seventh paragraph of section 2462, sections 2413, 2463 and 2465 of the compiled laws of 1897, and sections 1 and 5 of chapter 54, of the session laws of 1897, relative to municipal corporations.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That paragraphs thirteenth, twenty-first, twenty-second and thirty-seventh of section 2462, of the compiled laws of 1897, be hereby amended by inserting the words "mortgage or loan broker" after the word "pawnbroker," in the second line thereof.

Sec. 2. That paragraphs twenty-first and twenty-second of section 2462 of the compiled laws of 1897, be hereby amended by inserting the words "and license" after the word "regulate" in each of the first lines thereof.

Sec. 3. That article XI, of paragraph seventh, of section 2462, of the compiled laws of 1897, be hereby amended by inserting the word "balconies," after the words "awning posts," in the third line thereof.

Sec. 4. That section 2413 of the compiled laws of 1897, from the beginning thereof to any including the word "corporation" in the seventh line thereof, is hereby repealed and the following substituted in lieu thereof: "All ordinances and by-laws shall as soon as may be after their passage, be recorded in a book kept for that purpose, and be published at least one time in some newspaper of general circulation in the municipality."

Sec. 5. That section 2463, of the compiled laws of 1897, from the beginning thereof to and including the word "but" in the seventh line thereof, is hereby repealed.

Sec. 6. That the last sentence of section 2465 and paragraph eighty-seventh, of section 2462, of the compiled laws of 1897, be hereby amended to read as follows: "Any vacancy in any city council or board of trustees, and any vacancy in the office of any elective officer other than members of the city council or board of trustees of any incorporated city, town or village may be filled by appointment of such council or board, the person so appointed to hold the office until the election any qualification of his successor at the next succeeding election of municipal officers."

Sec. 7. That section 1, of chapter 54, of the session laws of 1899, is hereby amended by striking out the word "ordinance" in the sixth line thereof, and that section 5, of said chapter is hereby amended by adding thereto the following: "Provided, however, that personal service of said notice shall be always deemed sufficient."

### Regarding Licenses.

House bill No. 199, introduced by Mr. A. D. Vargas; read first and second time by title, ordered translated, printed and referred to committee on territorial affairs.

An act in regard to licenses and for other purposes.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That hereafter all county and territorial licenses for gambling and for retail liquor dealers and retail merchants, shall be paid quarterly. Provided, That this act shall not affect the amount of licenses as fixed by law to be paid annually.

Sec. 2. All acts and parts of acts in conflict herewith are hereby repealed, and this act shall take effect and be in force from and after its passage.

### To Provide for Salaries.

House bill No. 174, introduced by Mr. W. H. Coleman, of San Miguel county, March 9, 1903; read first and second time by title, ordered translated, printed and referred to committee on judiciary.

An act to abolish fees and to provide salaries for county officers.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. That for the purposes of this act the counties of the territory of New Mexico are divided into the first and second classes of which the counties of Bernalillo, Socorro, Grant, Dona Ana, Mora, San Miguel, Colfax and Santa Fe shall belong to the first class, and the counties of Roosevelt, McKinley, Otero, San Juan, Chavez, Eddy, Lincoln, Taos, Sierra, Valencia, Guadalupe and Rio Arriba shall belong to the second class.

Sec. 2. In counties of the first class, the officers named shall receive the salaries mentioned each year, payable in quarterly installments as other bills are paid, to-wit: Sheriff, \$5,000; assessor, \$1,500; collector, \$1,500; superintendent of schools, \$1,000; county clerk, \$1,000; probate judge, \$250; county commissioners, each, \$200; surveyor, \$600; and in counties of the second class the same officers shall receive, payable in the same manner, as follows: Sheriff, \$2,000; assessor, \$1,000; collector, \$800; county clerk, \$1,000; probate judge, \$200; county commissioners, each, \$200; surveyor, \$400; school superintendent, \$750; but where the collector is also treasurer he shall be paid, as aforesaid, in addition \$1,000 per annum in counties of

the first class and \$700 per annum in counties of the second class.

Sec. 3. The salaries hereinbefore appointed shall be in full of all services in the said offices respectively, and all fees and per diem are hereby abolished as to such officers.

Sec. 4. Where in the performance of the duty of any of said offices the incumbent is required to travel or to incur any expense, he shall be paid his actual traveling expenses and his reasonable expenses, where the same have been necessarily incurred, upon rendering an account therefor to the county commissioners, when the same shall have been approved and allowed by them.

Sec. 5. All acts and parts of acts in conflict with this act are hereby repealed and this act shall be in full force and effect from and after its passage.

### Erection of Armories.

Council bill No. 114, introduced by Hon. J. S. Duncan, of San Miguel county, March 10, 1903; read first time in full, and under suspension of rules read second time by title, ordered translated and printed and referred to committee on militia.

An act creating two armory boards of control and providing for the construction of armories in the cities of Las Vegas and Albuquerque, and authorizing the issue of bonds therefor.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. For the purpose of providing suitable buildings for the use of the national guard organizations located at the cities of Las Vegas and Albuquerque, there are hereby created two armory boards of control; to be appointed by the governor of the territory as hereinafter provided.

Sec. 2. It shall be the duty of said boards of control to contract for and to superintend the erection of said armory buildings, and thereafter administer the affairs pertaining to such buildings for their respective cities.

Sec. 3. The adjutant general of the territory and four commissioned officers of the national guard, stationed at Las Vegas, shall constitute the board having supervision of the armory located at Las Vegas; and the adjutant general of the territory and four commissioned officers of the national guard, stationed at Albuquerque, shall constitute the board having supervision of the armory located at Albuquerque.

Sec. 4. Within thirty days after the passage of this act the four commissioned officers of each board as herein provided for, shall be appointed to serve as follows: One to serve one year, one to serve two years, one to serve three years, one to serve four years, and thereafter one appointment shall be made annually for the term of four years.

Sec. 5. Each board of control and its successors in office shall constitute a body corporate under the name of armory board of control, with name of city, where located as a prefix, and shall have all the privileges of a body corporate.

Sec. 6. Each board of control shall meet in its respective city and organize not later than the second Tuesday in May, 1903. The officers of each board shall be a president, who shall be the ranking officer of the national guard in his respective city, and a secretary and a treasurer, who shall be elected by the board from its members. The board shall adopt such rules and regulations as may be necessary to accomplish the objects for which it is organized. Each board shall meet quarterly and special meetings may be held as provided for in the rules. Three members shall constitute a quorum for the transaction of business. The members and officers of said boards, as such, shall serve without compensation.

Sec. 7. The treasurer of each board of control shall, before entering upon the duties of his office, execute a good and sufficient bond to the territory of New Mexico, in the sum of two thousand dollars conditioned upon the faithful discharge of his duties, which said bond shall be approved by the governor of the territory, and shall be filed with the secretary of the territory.

Sec. 8. For the purpose of providing funds for the erection of said armory buildings in the cities of Las Vegas and Albuquerque, an issue of coupon bonds of the territory of New Mexico is hereby authorized, to the amount of fifteen thousand dollars, to be known as "armory building bonds of the territory of New Mexico." Such bonds shall be in the usual form of coupon bonds, payable to bearer, and in the denomination of one thousand dollars each; shall be dated April first, 1904; shall bear interest at the rate of four per centum per annum, payable semi-annually, on the first days of April and October; principal and interest shall be payable at the National Bank of Commerce, in the City of New York; such bonds shall be payable in thirty years from their date, with the right to the territory, to pay them at any time after twenty years from their date. Such bonds shall be signed by the governor and treasurer and countersigned by the auditor of public accounts of the territory of New Mexico, and the coupons may have the lithographed or engraved facsimile signature of the territorial treasurer, and the secretary shall affix the great seal of the territory to the bonds, and the bonds shall duly be registered in the territorial bond registers in the offices.

The bonds shall be duly advertised,

and sold by the territorial treasurer to the highest and best bidder, for not less than their par value and the proceeds of such sale shall be turned into the territorial treasury. The necessary expense of the printing, advertising and selling the bonds shall be paid out of the proceeds of the sale of the bonds. The proceeds of the sale of the bonds shall be dispersed as follows: One-half upon the order of the Las Vegas armory board of control and one-half upon the order of the Albuquerque armory board of control, for the construction of the armory buildings herein provided for.

Sec. 9. To provide for the semi-annual interest of the bonds authorized in section 8, the auditor shall levy annually, at the time of levying other territorial taxes, beginning with the year 1904, such a tax on all taxable property in the territory of New Mexico, as may be necessary to produce the amount of such interest; and for the payment of the interest accruing October 1st, 1904, the sum of \$3,000 is hereby appropriated, payable out of the funds appropriated for armory rent for 1904.

To provide for the payment of the bonds, the auditor shall levy annually, beginning with the year 1924, such tax, on all the taxable property in the territory of New Mexico, as will be sufficient to pay all the bonds at or before their maturity, such levy to be made at the same time and in the same manner as other territorial tax levies are made, and duly certified to the proper authorities charged with the levy of taxes in the several counties of the territory of New Mexico, whose duty it shall be to see that said levies are duly made, assessed and collected. Provided, that upon default in the payment of the interest coupons of the bonds herein authorized, that the said defaulted coupons shall be received in payment of any taxes due the territory, upon presentation to the tax collector of any county in the territory.

Sec. 10. No action for the preparation or sale of the bonds provided for in section 8 shall be taken until deeds for sites, not less than fifty feet by one hundred and forty-two feet in each city and located satisfactorily to the board of control of their respective cities, the title to which has been approved by the attorney general, shall have been delivered to the secretary of the territory, and which said sites shall be delivered to the secretary of the territory of New Mexico, nor until this act has been duly approved or authorized by the congress of the United States of America.

Sec. 11. This act shall be in force and effect from and after its passage, and all acts or parts of acts in conflict with the provisions of this act are hereby repealed.

### Relative to Sale of Liquors.

House bill No. 178, introduced by Mr. Llewellyn, March 9, 1903; read first and second time by title, ordered translated and printed and referred to committee on judiciary.

An act relating to the sale of liquors and gambling in the territory of New Mexico.

Be it enacted by the legislative assembly of the territory of New Mexico:

Section 1. Hereafter all licenses authorizing the sale of liquors, wines and beer and the running of gambling tables or games of chance shall not be construed as authorizing the sale of liquors, wines or beer or gambling, or the running of gambling tables or gambling places on Sunday.

Sec. 2. The sale of liquors, wines and beer and the running of gambling places or gaming tables and gambling on Sunday shall be held to be the doing of such acts without license and shall be punishable as provided by law for doing the same without license.

Sec. 3. It shall be the duty of all district attorneys in the territory of New Mexico whenever he shall receive information under his official oath and diligently prosecute the person or persons so charged with the violation of this act. Any failure of a district attorney to discharge the duties imposed upon him by this act shall be sufficient grounds for his summary removal by the governor and upon the proof of such failure it shall be the duty of the governor to remove such district attorney and appoint his successor forthwith.

Sec. 4. All laws and parts of laws in conflict herewith are hereby repealed and this act shall be in force from and after its passage.

### They Were at Santa Fe.

Dr. G. W. Harrison, of Albuquerque, attended legislative proceedings closely during the week. He was doing so in order that no harm should befall the medical profession.

Miss Elizabeth Hughes, daughter of Councilman Thomas Hughes, of Albuquerque, arrived last night on a visit to her father and her two sisters, Mrs. O. C. Watson and Miss Lou Hughes.

Mr. and Mrs. Harry F. Lee, of Albuquerque spent the week in the capital. Mr. Lee is secretary of the sheep sanitary board and attended the meeting of the board here. He also looked after legislative matters.

Mr. and Mrs. E. L. Medler, of Albuquerque, arrived on Monday and remained here during the major part of the week. Mr. Medler is one of the assistant United States attorneys for New Mexico. He attended to legal business while here.

Judge and Mrs. McPhee entertained at dinner on Friday evening. Those invited were Hon. and Mrs. W. A. Hawkins, of Alamogordo; Hon. Granville Pendleton and Miss Pendleton, of Astec; Senator W. H. Andrews, Mrs. W. H. Whitman, Mr. and Mrs. E. L. Medler, of Albuquerque, and Mr. and Mrs. Harry F. Lee, of Albuquerque. The round

## SEEKST THOU FOR A NEW AND BETTER LIFE POOR SUFFERER? Paine's Celery Compound

Will Give You that Health that Leads to True Earthly Happiness.

Who dare deny the assertion that Paine's Celery Compound makes sick people well and happy? Physicians and the tens of thousands saved from the perils of disease and plucked from the grave, have given proof that the wonder working medicine is a life saver. Today, Paine's Celery Compound is the one true and specific recognized and prescribed for all diseases arising from a debilitated nervous system. It is a positive cure for insomnia, dyspepsia, wasting strength, neuralgia, rheumatism, liver and kidney troubles. For all such complaints Paine's Celery Compound has done marvelous things and triumphed when all other means failed. Mr. J. G. Lawson, Prairie View, Ill., gratefully writes about his restoration to health as follows:

"I am nearly seventy-five years old, and have put off going to the grave yard and gone to farming again. Paine's Celery Compound is my life and strength. It has raised me from a low condition of life to the best of health. When I first commenced with the Compound, I weighed one hundred pounds, but now I weigh one hundred and twenty pounds. I am well and feel well, and my neighbors all congratulate me upon my good healthy looks."

table was beautifully decorated in pink carnations and smilax. The light of the candelabra reflected through pink shades upon the cut glass and silver which the table was laid for an eight course dinner.—New Mexican.

### ABOUT BACTERIA.

Their Nature and the Ways of Getting Rid of Them.

Bacteria are jelly like cells, of microscopic size, and of various shapes and species, which produce disease. These cells vary in size from one-fiftieth of an inch to as small as one-hundredth of an inch. Bacteria belong to the vegetable kingdom, and multiply with great rapidity; the method being by dividing into two equal parts. This division is said to sometimes occur as often as an hour. It is only lack of sustenance that prevents their assuming enormous proportions. These bacteria exist in almost everything; in the air, in the water, in the earth, in our food, on the surface of our bodies, in the cavities thereof,—in fact almost everywhere.

Perhaps there is no way, or place, that these bacteria may do more constant and daily harm to health than upon the surface of the human body. The bacteria thrive best and multiply faster in dirt and heat and moisture. Almost twenty per cent of the total excretion of the body is through the skin. The skin itself is constantly renewed from underneath, and the epidermis, or outer skin, is constantly being cast off. These two facts, together with the inevitable external accumulation, supply a fertile field for the bacteria, while the heat and moisture are furnished by the body itself.

Unless the skin is persistently and constantly cleansed, all kinds of troublesome diseases result. This cleansing is largely mechanical. Rubbing with water produces much of the needed elimination. The use of soap makes cleansing more easy and more effective, because soap is a solvent, and loosens the accumulation on the skin so that they may be more thoroughly removed.

Medication, in soap, is of small value, because the progress of the excreta is outward, the work of the soap is only to remove debris, and it is difficult to impregnate a stream from mouth to source. The remedy, therefore, for such human ills as come from the surface of the body, is soap and water, applied with considerable energetic rubbing.

For the purpose of thoroughly removing the obstructions and accumulations from the surface of the skin, a pure soap should be employed, because such soap is an easy and perfect solvent to dirt. It has been found also that the purest soap the stronger its antiseptic properties. By antiseptic properties, we mean its power to destroy bacteria.

With good public sanitation and careful personal cleanliness, the chances for bacterial disease getting a hold upon the individual is materially lessened, and serious epidemics made impossible.

### Boston Wool Market.

Boston, March 17.—The volume of trade in wool this week is pronounced fair, with many inquiries received from manufacturers. Prices are generally steady with indications that there will be no immediate break. Fine territory wools are fully as firm as previous quotations with a very fair demand. Fine staple, 52¢55; fine medium, 48¢50; medium, 45¢46.

### New Census Director.

Washington, March 17.—The president has tendered the position of director of the census to S. N. D. North, formerly chief statistician of manufactures of the census bureau, to succeed Director Merriam, resigned. Mr. North has accepted and will enter upon his duties some time in May.

Mr. and Mrs. Louis Trauer have returned to the city from Los Lunas. Mr. Trauer is still quite sick with typhoid fever.

### MEETING LACKED FIRE.

There was No Enthusiasm and Only a Few Speakers.

The usual Saturday night crowd on the streets were given a surprise last Saturday night by a few speeches made by several politicians, who became indignant because both houses of the legislature saw fit to pass a bill without their consent.

The music furnished by the First Regiment band, announcing Mrs. Berry's opening dance, brought many people on the streets, who otherwise would have never been a spectator at the alleged mass meeting.

Three large drays had been placed in front of the Bank of Commerce, sixty-four chairs were placed on the drays, but only a few chairs were occupied. On the first dray sat the chairman of the meeting, H. E. Fox, and with him E. S. Stover, T. J. Curran and R. H. Greenleaf.

On another dray was Hon. D. A. Macpherson, president of the Journal-Democrat, the greatest political newspaper flogger in the southwest, and a few boys who sell The Citizen every afternoon. These little fellows were present to keep Macpherson's company, for they noticed his loneliness and desired to be near to cheer him up until the people called on him for a speech. Danny, however, did not take to the cheering very well, and when his name went thundering out in the open air he was noticed to sneak off to the dray and set on the hub of the wagon, out of view of the people.

Hon. Neill B. Field and Hon. O. N. Marron, both democrats, were the principal speakers. Both speakers protested against the recent action of the legislature and the governor of the territory in passing a bill appointing republican officers not the choice of the opposite party. They advised the people not to pay their taxes.

Governor Stover was called upon, and at first positively refused to speak, but the call was so persistent he was obliged to speak. After making his speech and after Mr. Marron had concluded, Governor Stover arose again and threw a hammer over the alleged "big indignation meeting" by stating that the newly appointed county commissioners, whose appointment had brought about agitation movement, were old friends of his. Personally he had no objection against the new county officers, and would have voted for them had there been an election. It was their appointment by the legislature and governor without the consent of some of Albuquerque's citizens, that he objected to.

Those that had been notified of the contemplated mass meeting expected to see a rousing meeting, but they were disappointed. The men who did speak had to be urged many times before they responded.

Hon. D. A. Macpherson was called upon, but although one of the agitators, refused to express his sentiments.

Hon. J. S. Reynolds was not in a mood to tell the people what he thought of the legislature of New Mexico, although called upon.

A few of the speakers tried to mix a joke or two in their terms of indignation, and the jokes were so old they were really funny, especially the one told by Marron. George K. Neher told the same joke in Hahn's barber shop two years ago.

The meeting lacked the spirit necessary for a body knowing they are in the right.

At an early hour the crowd dispersed. A committee was appointed to form a taxpayers' league to pay no taxes until the "terrible wrongs" of the people had been redressed.

The committee named to call upon the people and ask them to pay no taxes for the next two years is composed of the following gentlemen: Messrs. J. S. Reynolds, M. S. Otero, E. S. Stover, T. J. Curran and F. G. Pratt.

Several practical minded business men have stated that they will not enter any scheme of this kind, as it would ruin the business of the city, which would be a foolish act over a fight of the politicians.

### RED MEN REORGANIZE.

Navajo Tribe No. 3, Improved Order of Redmen, reorganized, met last night in Knights of Pythias hall and besides electing to membership and initiating several new candidates the following officers were elected to serve for the term ending June 30, 1903:

Sachem—Arthur J. Mitchell.

Senior Sagamore—Geo. W. Deutschman.

Junior Sagamore—Arthur Hobbs.

Chief of Records—Coral F. Roberts.

Chief of Wampum—John S. Beaven.

Prophet—Benjamin F. Adams.

Trustees—Charles L. Keppeler, twelve months; Walter J. Taylor, six months.

On Monday evening, March 30, the newly elected officers will be raised to office by the great inchoance, assisted by the organizer, Chief Hermann, after which a banquet will be served in the banquet room of the Knights of Pythias hall. The initiation for charter members is very low, and to enable those who wish to take advantage of it an opportunity to join, the charter will be kept open until the next meeting.

### PRESIDENT ROOSEVELT.

From New Mexican.

President Roosevelt will be in Santa Fe on May 5. He will arrive over the Santa Fe railway at 9 o'clock in the

## OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandchild may be as bright and the complexion as fair as any of his younger and more vigorous companions.

**Good Blood is the secret of healthy old age,** for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

**SSS** S. S. S. being purely vegetable, is the safest and best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help you. This will cost you nothing, and we will mail free our book on blood and skin diseases.

THE SWIFT SPECIFIC COMPANY, Atlanta, Ga.

forenoon and will leave again at noon. He will make a stop of two or three hours that same afternoon at Albuquerque. No other stops are scheduled for New Mexico as far as known. The train will pass Las Vegas at 5 o'clock in the morning and is to stop only long enough to take water, but the Meadow city will extend an urgent invitation to the president to stop longer.

Extensive preparations will be made by Santa Fe to receive the president and his party, which will include Secretary of War Root and Secretary to the President Wm. Loebe. The president will be asked to make an address from the capitol steps. He will be shown the points of interest in Santa Fe and as by May 5 orchards will be in full bloom and the weather ought to be delightful, Santa Fe will undoubtedly make a good impression. Luncheon, may be served at the Palace hotel to which representative citizens, officials and members of the press will probably be invited. The visiting party may take breakfast at the executive mansion. Of course this is the outline of a probable program, as the wishes of the visitors will be paramount. Governor Otero and a reception committee will probably meet the presidential train as it enters the territory and will accompany it to the border of Arizona.

Last evening, Governor Otero, Major W. H. H. Llewellyn, who will be chief marshal of the day in connection with the festivities, Mayor Sparks and others interested met at the executive mansion to discuss the plans for the president's reception. These will be made public very soon so that arrangements can be made for excursion trains and the gathering and entertainment of a vast crowd in the Capital city on May 5.

The president has completed his itinerary for his contemplated trip to California. Major W. H. H. Llewellyn received a telegram from Delegate Bernard S. Rodey yesterday announcing this fact and stating that the president's schedule includes a visit to the historic old city of Santa Fe on May 5, and that the intention is to spend three hours in the forenoon here, and also a visit to Albuquerque. Other telegrams were received, including messages to Governor Otero, but these were of a personal nature and therefore cannot be made public. The telegrams were answered immediately and expressed the joy of New Mexico and of Santa Fe at being honored in this manner and extending a hearty welcome.

Fortunately, there will be plenty of time to place Santa Fe in its best light and to make the reception notable and memorable in the annals of the oldest city in the United States.

### RAILROAD CHANGES.

F. J. Easley, recently transferred from superintendent of the middle division of the Santa Fe, with headquarters at Newton, Kan., to superintendent of the New Mexico division of the Santa Fe, with headquarters at Las Vegas, came down over this end of the latter division last evening for the first time in his official capacity. He was accompanied by F. C. Fox, the retiring superintendent, and was met here by Superintendent J. F. McNally, of the Rio Grande division. The gentlemen from the north arrived about 6 o'clock on a special. Mr. McNally joined them in Mr. Easley's private car and a consultation was held.

Mr. Easley and Mr. McNally needed no introduction, as they were for a number of years brother employees of the Rio Grande division under H. U. Mudge, now general manager of the entire Santa Fe system, then superintendent of that division.

In fact Superintendent Easley, as did Superintendent McNally, began his railroad career on the Rio Grande division. He worked on that division as operator, train dispatcher, train master, conductor and several other capacities. As conductor he was known as "Crying Nana" and bore the brunt of a great many jokes. But always a favorite, he gradually climbed the railroad ladder. He is a protégé of Mr. Mudge, as is Sweet, McNally and a number of other prominent Santa Fe officials. Superintendent Easley has a large number of friends in New Mexico who are glad to welcome him, yet a great many of these same people are sorry to see Mr. Fox leave.

The consultation lasted several hours. Superintendent Easley and Mr. Fox returned north in a car attached to passenger train No. 8, and

Superintendent McNally returned to his headquarters at San Marcial on passenger train No. 27.

In the rumor that preceded the transfer of Superintendent Easley it was stated that Mr. Fox would go to the middle division. This has not been confirmed, although Mr. Fox was recently shown over that division. It was stated here last night that Mr. Fox would not go to the middle division, but would leave the service of the Santa Fe. It was only a rumor, and as to whether or not it is true has not as yet been substantiated, although it was investigated vigorously.

Mr. Fox left Las Vegas this morning for Topeka, where he is to report to General Manager Mudge.

### Arizona Legislation.

Phoenix, Ariz., March 17.—The house measure known as the Cowan bill, passed the legislative council. The bill was the chief political feature of the session. It takes the business of incorporating foreign corporations from the office of the secretary and puts it in the office of the auditor, converting heavy fees of the secretary of the interior treasury. The laws of this territory are more lenient than those of New Jersey towards corporations and business is increasing so rapidly that it promises to provide revenue enough to defray most of the expense of the government.

**You Know What You Are Taking**  
When you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle showing that it is simply iron and quinine in a tasteless form. No cure; no pay; 50c.

Jacob Korber, of Korber & Co., was a passenger for the capital this morning.

Mrs. J. G. Albright went to Santa Fe this morning. She expects to return this evening.

### TO CURE A COLD IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on the box; 25c.

C. O. Young, one of the most popular employees of the local shops, is enjoying a visit from George J. Besnah and D. D. Sherwood, conductors of the Wisconsin Central railway, old friends of his. The visitors are enjoying a thirty-day lay off.

**PROPOSALS FOR BEEF AND MUTTON**  
—Office Chief Commissary, Denver, Colo., March 4, 1903.—Sealed proposals for furnishing and delivering fresh beef and mutton on block during fiscal year commencing July 1, 1903, will be received here and at offices of commissioners at following posts until 11 A. M., standard mountain time, April 4, 1903, and then opened: Forts Apache, Grand Huachuca and Whipple Barracks, Arizona; Hays and Wingate, N. M. Proposals will be received and opened at same time for fresh beef and mutton, to be delivered at these posts at temperature not greater than 50 degrees Fahrenheit. Information furnished on application. Envelopes containing proposals should be marked, "Proposals for fresh beef and mutton," and addressed to undersigned or to Commissary at post to be supplied. George B. Davis, Major, Com'y, Chief Com'y.

### Assignee's Notice.

Territory of New Mexico, County of Bernalillo, in the District Court.

In re: Assignment of Spitz Bros., No. 4110.

Assignee's notice of application for discharge.

To whom it may concern:  
Notice is hereby given that the undersigned assignee in the above entitled cause will, on the 31st day of March, A. D. 1903, at 10 A. M., of said day, apply to the court for a discharge from his said trust.

M. W. FLOURNOY.

## RUMOR OF A CHANGE.

Have Superintendents Easley and Fox, of the Santa Fe, Made an Exchange.

For the last few days there has been a rumor circulating among local railroad people to the effect that F. J. Easley, superintendent of the western Kansas division, and F. C. Fox, superintendent of the New Mexico division, have exchanged divisions. The following report, which comes from Newton, serves to confirm the general belief in the rumor:

"F. C. Fox, the new west end superintendent from La Junta, was shown over the division yesterday. He and the former Newton superintendent, F. J. Easley, have changed places."

It is thought here by some that there is nothing in the rumor. It was given out this morning at the general superintendent's office that no such change has occurred so far as is known here, and it was further stated that if such a change was made it would be known here as soon as at any other place.

Although there are some who think that there is nothing in the report, there are a greater number who are of the opinion that the report is true and that something authentic regarding the change will turn up in a few days.

—Topska State Journal.

## THE STOMACH IS THE MAN.

A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia Cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia and all stomach troubles. B. H. Briggs & Co., S. Vann & Son.

## Probate Clerks Interested.

J. P. Brackett, county clerk of Colfax county, is a hustler and a ruster. He is working for the passage of council bill No. 14, providing for modern and complete county indexes and also for the passage of the marriage license bill. He is fully pointed upon needs for enacting these and talks mightily and convincingly and energetically upon the subject. If the bills pass, and it is believed that they will, a good deal of credit ought to be given him. He is ably assisted by Thomas C. Hall, assistant clerk of Sierra county. Isidor Armijo, county clerk of Dona Ana county, has also rendered efficient service. In this connection, it is well to say that the county of Bernalillo, of which J. A. Summers is probate clerk, has the most complete and best system of indexes of real property of any county in the territory, and as near records as can be well kept.—New Mexican.

## More Riots.

Disturbances of individuals are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all-around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c, and satisfaction guaranteed by all druggists.

## School Houses for Indians.

The passage of council bill No. 1 means the additional expenditure of at least \$25,000 in the erection of suitable school houses in the pueblos of the territory. Under the present regime, many of the Indian pueblos have refused to send their children to school, and it has been necessary to abolish and discontinue the day schools.

## After La Grippe—What?

Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time. Take no substitutes. Alvarado Pharmacy.

## ROCK ISLAND UNDERBID.

Southern Pacific and Union Pacific Secure Government Business.

A Chicago dispatch says: After sharp competition between the transcontinental lines the government contract for carrying United States naval officers and men to and from San Francisco was awarded today to the Union Pacific and Southern Pacific railroads west of the Missouri river. Their bid, which was submitted by the Southern Pacific, amounts to about one-quarter of a cent a mile for each passenger to be carried under the contract.

The Rock Island has offered a bid somewhat higher. The advantage of the Southern Pacific's bid is compared with the offer of the Rock Island was principally in the fact that the Pacific road under the law yields a certain percentage on account of the subsidies and bond endorsements for which they are indebted to the government. The amount of this credit on the newly made contracts will be about \$16 for each passenger from Ogden to San Francisco, and as the naval appropriation is not charged with this rebate and the department gets the benefit of the transportation, the arrangement is regarded as highly satisfactory to the navy.

Under the bids of the Union Pacific and Southern Pacific the rate is to be \$5 for each man from Chicago to Ogden, and \$18 in cash and credits from Ogden to San Francisco. This is a reduction from about \$32, the rate made

## FOUND AS A DOLLAR

That is the result of a course of treatment with Scott's Emulsion. We have special reference to persons with weak lungs and sensitive throats.

Scott's Emulsion does some things better than others. This is one of them. It has a peculiar action on the throat and lungs which gives them strength and makes them tough.

That's how Scott's Emulsion drives out coughs, colds and bronchitis. It keeps them out, too.

Well, send your children to the Scott's Emulsion store. The bid of the successful roads amounts to \$23 from Chicago to the coast, and that of the Rock Island would have amounted to about \$28.

**Pneumonia Follows a Cold.** but never follows the use of Foley's Honey and Tar. It stops the cough, breaks and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. Alvarado Pharmacy.

## CUT HER THROAT.

Mexican Finds Wife Entertaining Former Sweetheart and Murderer Follows.

Enrardo Valdez, at 2:30 o'clock this afternoon cut his wife's throat with a razor at Delagua, a coal camp about twenty miles from Trinidad, Colo., dated March 12.

She lived but a few minutes. Valdez is a Mexican miner living at Delagua and is about 25 years old. His wife was about 20 years old and a very handsome woman. They had been married five or six months.

Valdez went to his home unexpectedly this afternoon and found his wife entertaining a former sweetheart, who on the arrival of the husband left the premises.

Valdez and his wife quarreled over the affair and he pulled a razor and cut her throat, nearly severing her head from her body. The dead woman's parents reside at Hastings, three miles from Delagua, and are prominent in that neighborhood. Valdez is also well known among his people.

The culprit was arrested shortly after the killing and is in the Hastings jail. He will be brought to Trinidad and placed in the county jail for safe keeping. There is considerable excitement in the little camp. The coroner has gone to investigate the killing.

## Tragedy Averted.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in. Besides, doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for cough, colds and all lung diseases. Guaranteed by all druggists. Price 50c and \$1.00. Trial bottles free.

## Should Be Repealed.

The exemption laws on the statute books of New Mexico should be repealed. They were put there to serve no other purpose than to buy votes. They have no foundation in either right or reason. Every man shares in the benefits of government in proportion to the value of the property he owns, be it much or little, and he should contribute to the support of government accordingly. Let the law be repealed.—Socorro Chieftain.

## Cough Settled on Her Lungs.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes.—Alvarado Pharmacy.

## Won More Laurels.

Senator James S. Duncan won additional laurels at Santa Fe yesterday by having the item of \$5,000 for the building of the scenic road from Santa Fe to Las Vegas incorporated in the general appropriation bill.—Las Vegas Record.

## It Saved His Leg.

P. A. Denforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by all druggists.

## District Court.

The district court opened up today, but nothing was done further than impaneling both juries.

The grand jury will undoubtedly begin work tomorrow and continue the remainder of the week.

The best pill neath the stars and stripes;

It cleanses the system and never grieves.

Little Early Risers of worldly repute—

Ask for DeWitt's and take no substitute.

A small pill, easy to buy, easy to take

and easy to act, but never failing in results.

DeWitt's Little Early Risers arouse the secretions and act as a tonic to the liver, curing permanently.

B. H. Briggs & Co.; S. Vann & Son.

Hon. W. B. Childers, United States attorney for New Mexico, was a passenger for the capital this morning.

## HISTORICAL SOCIETY.

An Interesting Meeting Held in the House of Representatives.

From New Mexican, March 14. The meeting of the Historical society held last evening in the representative chamber of the capitol was the largest of its character ever held in the territory.

Every chair and sofa that could be obtained was brought for the accommodation of the members and audience and the gallery was entirely filled.

Hon. L. Bradford Prince presided, and Secretary Berger and Treasurer Knaebel were at their desks.

Eight or ten members were elected and a number were proposed, and the president then introduced Prof. E. L. Hewitt, president of the Normal University at Las Vegas, who spoke in a very interesting manner on "The Mission Churches of New Mexico." He spoke of the great interest manifested in the California missions, and then showed that a number in New Mexico were over a century old before any were built in California. He described in turn the churches at Pecos, Jemez, Quivira, Santa Fe, San Ildefonso, Santa Clara and Acoma, and laid special stress on the remarkable ruins of the first two and the existing edifices at the last.

Hon. Pedro Sanchez was introduced to narrate reminiscences of Padre Martinez, but owing to the absence of his favorite interpreter, asked to postpone his remarks until a future meeting when he should be present.

Col. R. E. Twitchell then made an address of "The Archives," and the great importance of preserving all antiquities as objects of value within the boundaries of New Mexico. His emphatic declarations against allowing any article or document to leave the territory were enthusiastically applauded.

At this point the president announced the reception of a valuable historic document from Hon. M. H. Davis, once secretary and United States attorney of New Mexico, and a vote of thanks was returned to General Davis.

This was followed by a carefully prepared and scholarly paper by Prof. R. J. Barnes, of the United States Indian school, on "Coronado's March," with special reference to the antiquity of Santa Fe.

The Albuquerque History club had expected to send Professor Stroup to represent it; but official duties prevented, and therefore C. W. Ward, the versatile journalist, who is soon going to Las Vegas, sent a communication giving an interesting account of the work of the club and recommending the formation of similar societies.

The president made a report of progress of the committees appointed to confer with the legislature as to the preservation of the ancient Spanish archives; and also drew attention to the importance of taking steps to protect the Garita at Santa Fe, which is the only specimen of a Spanish fort now existing.

Interesting remarks were made by Hon. Eduardo Martinez, of Anton Chico; Meyer Hirsch, of Dona Ana county, and by Professor Wood, and the meeting at a late hour adjourned after passing a resolution of thanks to the members of the house of representatives for their kindness in allowing the use of their chamber for the meeting.

## A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 145 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." B. H. Briggs & Co.; S. Vann & Son.

## All Good Names.

The name selected for the new counties made by the assembly are good and timely. They will improve the appearance of the map of New Mexico and will also convince the people of the country that New Mexico is more of an American commonwealth than they imagine. Roosevelt, Quay, Leonard Wood and Torrance are certainly good American names, and of which any citizen may well be proud.—New Mexican.

## What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered, some years ago, how to make a salve on Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. B. H. Briggs & Co.; S. Vann & Son.

## Largest Gold Nugget.

The largest gold nugget ever found in California was known as the Oliver Martin nugget. It was unearthed by a disappointed young man, little better than a tramp, while digging a grave in which to bury his comrade, who had been drowned while lying drunk in the bottom of a narrow canyon. Martin had been caught in the same flood which brought death to his companion, but he escaped. Later, securing a pick and shovel, he selected a sandy spot at the base of a cliff and started to dig a grave. He had not dug down two feet when he came upon the nugget.

Martin considered that his find and the peculiar circumstances attending it was an act of Providence and he never touched liquor afterward. Later he went to Yucatan, where he made

The burnished plumage of the peacock owes its brilliancy and splendor to a healthful condition. Let the bird be sickly, and the plumage droops and grows dull. There is no exception in nature to the rule that beauty depends on health.

Women who see their beauty waning rarely associate the external change with failure of the womanly health. They do not understand the close relation of the general physical health to the health of the delicate womanly organism, until after being cured of womanly diseases by the use of Dr. Pierce's Favorite Prescription they find the color returning to the cheek and the flesh to the body.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Several years ago I was very poorly," writes Mrs. May Kelley, of Sylva, Ga., "and I could hardly walk across the floor, and at times suffered severely. I took two bottles of Pierce's Favorite Prescription and got well and hardly gained twelve pounds in two months. I am now as healthy as ever and my children are cured. I most say, 'You look so much better than you have for several years, you look well now.'"

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are a lady's laxative. Nothing equals them for gentleness and thoroughness.

more than \$500,000 in quartz mining. The nugget itself sold for \$22,700, after it had earned \$10,000 from its exhibition in various parts of the country.

## Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia, which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Alvarado Pharmacy.

## Meritorious Law.

Representative Turner has introduced an educational bill providing for the qualifications of teachers in the territory which is meritorious and should become a law.—Silver City Enterprise.

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. Alvarado Pharmacy.

The electric fountain in front of the Alvarado was started going last evening for the first time this spring.

## Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel trouble. Easy, pleasant, safe, sure. Only 25c at all druggists.

## Fares Well.

The School of Mines fares quite well in the provisions of the general appropriation bill. The institution may confidently be expected to increase its usefulness to the territory for every additional dollar appropriated for its maintenance and support.—Socorro Chieftain.

## Foley's Honey and Tar.

Cures coughs and colds. Cures bronchitis and asthma. Cures croup and whooping cough. Cures hoarseness and bronchial troubles.

Cures pneumonia and la grippe. Alvarado Pharmacy.

## Legislators Improving.

That the present legislature of this territory is a better and more intelligent body than we have been able to elect for the same purpose before, is shown by the one fact that the Thirty-fifth legislature has already created three new counties in New Mexico and so far there has been no mention of boodle in any of these transactions. It took sixteen years and—well, we won't say anything about the rest, to create Luna county. Hence we say that we are improving in the selection of our legislators.—Deming Headlight.

## La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." Alvarado Pharmacy.

## DRURY-BORDEN.

T. Bert Drury and Miss Elizabeth Borden Married.

Sunday morning, at the home of the bride's parents, Mr. and Mrs. B. B. Borden, 401 South Edith street, occurred the marriage of Miss Elizabeth Borden and T. Bert Drury. The usual pretty ring service was performed by Rev. W. J. Marsa, of the Congregational church. The Borden home was neatly arranged for the occasion with cut carnations and snailax. After the ceremony the wedding party consisting of a few close friends of the family, partook of a fine breakfast.

Both young people are well known in the city and have the esteem of a large number of friends. They expect to reside in Albuquerque.

## Raw or Inflamed Lungs.

Yield quickly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a bad cold settled on the lungs. Alvarado Pharmacy.

# Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not even use a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURITY and AGE, and saving the dealers' enormous profits. That's why other users. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

## Direct from our distillery to YOU

Saves Dealers' Profits! Prevents Adulteration!

# HAYNER WHISKEY

PURE SEVEN-YEAR-OLD RYE

4 FULL \$4.00 EXPRESS PREPAID QUARTS

We will send you FOUR FULL QUART BOTTLES of HAYNER'S SEVEN-YEAR-OLD RYE for \$16.00 by Freight Prepaid. Try it and if you don't find it all right, send it back at our expense, and your \$16.00 will be returned to you by next mail. Just think that after over 70 years of experience, how could it be better? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. If you don't want four quarts yourself, get a friend to join you. We ship in a plain sealed case, no marks to show what's inside.

If you can use 20 QUARTS or can get some of your friends to join you, we will send you 20 QUARTS for \$16.00 by Freight Prepaid, thus saving you \$4.00. We have been in business over 70 years and have a paid-up capital of \$500,000.00 so you run no risk.

Write our nearest office and do it NOW.

### THE HAYNER DISTILLING COMPANY

ST. LOUIS, MO. DAYTON, OHIO ST. PAUL, MINN.

69 DISTILLERY, TRUY, O. ESTABLISHED 1860

## STRIKE SITUATION.

Denver, March 17.—At 4 o'clock this afternoon, 1,500 miners working on Cripple Creek properties which ship to the Standard mill at Colorado City, will probably strike. A committee of business men headed by Mayor Franklin of Victor, are now in conference with the leading men of Colorado Springs, urging that Manager McNeill be induced to accept the union's proposition looking to arbitration. The general sentiment is that the mediators will fail and that McNeill will insist that those properties which are under contract to ship to his mill carry out their agreements. Manager Peck, of the Portland mill, who signed an agreement with the union, made an appeal to the county commissioners for protection, alleging the union men made threats against the non-union co-laborers. This is denied by union men, but the governor has decided to keep the troops at Colorado City. He said today:

"I have taken the position that the peace of the state must be preserved and I will hold to it if it takes every able bodied man in the state to do so. The newspapers can roast me as much as they please. It will not cause me to alter my determination to uphold the law at all hazards."

**Tom Johnson Renominated.**  
Cleveland, March 17.—Tom L. Johnson was renominated for mayor by acclamation at the democratic convention today.

## UNITED STATES SENATE.

Washington, March 17.—The senate met at 11 o'clock today and went into executive session after the journal was read and approved.

Shortly after the doors were closed, Mr. Money offered a substitute for the fourth article of the treaty which disavows any intention on the part of the United States to increase its territory at the expense of South or Central America. His is one of the two amendments on which the democrats have decided to agree to a unit.

The amendment was supported by Senators Bacon, Teller, Daniel, Morgan, Bailey and others. Spooner and Hoar opposed. At 3 o'clock the vote was taken on the Money amendment and it was defeated by a party vote.

## Discussing Questions.

Columbus, Ohio, March 17.—Prominent business men from all parts of the state were present today and took part in the discussions of the annual meeting of the Ohio State Board of Commerce. The discussions covered a wide range of subjects, but all aimed at improving the welfare of the state and its people. Good roads, the uniformity of public accounting laws, and the want of a uniform law for warehouse receipts were discussed at considerable length, and the three constitutional amendments to be voted on at the state election next November also came in for much attention.

## LIVELY TIMES.

Mayor and City Council at Parkersburg at War with Each Other.

Parkersburg, W. Va., March 17.—The Baltimore & Ohio railroad, claiming the right under an ordinance adopted in 1852, brought a force of men into town before daylight today and began to lay a track for five blocks over one of the principal streets of the city.

The fire department was called out and poured such a stream of water on the men that they had to abandon the work.

A clash occurred between Mayor Vandervoort, who is attorney for the Baltimore & Ohio, and the city council.

The mayor had directed the police and fire department not to interfere with building of the track, but the council countermanded his orders. The city council held a special meeting at 10 o'clock, at which impeachment proceedings were begun against the mayor. He was suspended from office and injunction proceedings were begun. Calls have been issued for men to protect the street from any further interference and hundreds are responding.

## W. C. T. U. Medal Contest.

Mrs. Marshall, territorial president of the Woman's Christian Temperance union, has been invited to attend the oratorical contest here next week and make the presentation address to the successful speaker. During the recent agitation in Santa Fe over the Sunday closing and local option bill, she has been in the legislative halls striving to influence eminent voters to advocate law enforcement.

Chief Engineer Davis of the American Lumber company will leave tonight for the timber lands out west. He will be absent several days.

Miss Isabelle Harper has gone to Denver to visit with relatives a few days. She will go to Nebraska and be married.

Mrs. Elizabeth Babbler, of Juda, Wis., is the guest of Mrs. John Legler and daughter, Wilhelmina, of South Walter street.

John Legler, of Juda, Wis., is visiting his wife and daughter, Wilhelmina, who have been residents of Albuquerque since last fall.

F. H. Mitchell, who has been seriously ill the past few weeks, is reported much improved and his ultimate recovery is expected.

Prof. J. A. Miller, who succeeded Prof. J. P. Connolly, as principal at the Central schools, began his duties in that position yesterday.

Mr. and Mrs. Ivan Grunfeld are now settled in the Frank Strong house, Twelfth and Tijeras avenues.

# Railroad Topics

Passenger engine 861 has been put in the back shops for a siege of repairs.

Palto Montoya, a worthy employee of the local shops, is spending a few days' vacation on the coast.

H. S. Lutz, station agent for the Santa Fe at the capital, has gone to the coast to enjoy a vacation.

Twelve engineers and fifteen firemen are chafed up on the extra board. Business is rushing on the local division.

Trains arriving from the west this morning were covered with snow, showing that it stormed on the divide last night.

Santa Fe Claim Agent Jose G. Chavez, whose duties are along the line of the Rio Grande division, was an Albuquerque visitor yesterday.

Mrs. W. C. Carpenter, wife of Day Ticket Clerk Carpenter, of the local station, left this morning for Newton, Kan., where she will visit several months with her parents.

The usual delightful Tuesday night concert was given at the Alvarado last night and was well attended. This feature of entertainment, original with Manager Chetani, is duly appreciated by the hotel guests.

James Dun, chief engineer of the Santa Fe, and Charles Lantry, of B. Lantry Sons, passed through the city last night going to Belen. Mr. Dun was accompanied here by Mrs. Dun and her son, W. J. Rucker, who are stopping in the city.

A modern up-to-date and comfortable passenger coach has been put on the Lamy branch and the old jaunting car which has done service on the line for time immemorial has been sent to the shops where it should have been years ago. The new car is a great improvement and quite comfortable.

W. R. Stubbs & Co. and J. A. Ware, Chickasha contractors, have been awarded a part of the contract for building an extension of the Rock Island railroad from Amarillo, Texas, to Tucuman, N. M., a distance of 112 miles. With this extension the Rock Island will have a through line from Memphis to California.

Every effort is being made by the Santa Fe to increase the amount of equipment for taking care of its vast business. Already orders have been placed for the manufacture of about 3,000 more freight cars. But locomotives are being turned out at the rate of one a week for the Santa Fe, and all the system shops are working at full capacity to keep the equipment in repair.

While Sheriff Romero, of San Miguel county, was in Trinidad Saturday, he got wind of the whereabouts of the man Smith, who robbed the Fulton ticket office some time ago. The man was located at Dalhart, Texas, and Sheriff Romero turned the warrants for his arrest over to Special Officer Rusk, who went down there from Trinidad and captured him. The prisoner will probably be brought to Las Vegas to await trial.

The Las Vegas Record says: Orrin W. Blood, of Topeka, the guard in an express car who was dangerously hurt in the Rock Island collision at Dwight, Kan., Saturday morning, is an uncle of Postmaster F. O. Blood, of this city. The latter gentleman is in receipt of a telegram from his aunt stating that both legs were broken and the condition of her husband is critical. Mr. Blood is about 60 years of age and has three children. He is well known here, having spent two months at the local railroad hospital last spring.

## SANTA FE PLANS.

Will Have a Coast Line in California Some Day.

Paul Morton, vice president of the Santa Fe road, arrived from Santa Barbara Saturday, says a dispatch from San Francisco, dated March 16.

Speaking of the recent purchase by the Santa Fe of the Eureka, Eel River road and its extensions in Humboldt county, Mr. Morton said:

"The company has bought these roads with a view of using them as a nucleus for a coast line at some future date. It is not true, however, that the Santa Fe has purchased the California Northwestern road. There will be a time, and it is not far off, when the Santa Fe will find it necessary to extend its lines to the north to meet the requirements of business. There is a great lot of timber in that particular section of California and there is a great demand for the material at the eastern end of our road, consequently we have good reasons for availing ourselves of the supply and meeting the demand."

Mr. Morton admitted that a syndicate had made the purchase for the company and have been acquiring large timber tracts on the coast side of California. Among those in the syndicate are Mr. Cheney, one of the directors of the road, and several close friends or the Santa Fe company.

Asked if there were any prospects of the Santa Fe entering Sacramento and San Jose in the near future Mr. Morton answered:

"Well, I cannot say as to the near future, but I am satisfied that we will eventually connect with these cities. At present, however, we are using all our money for new rolling stock. Business demands it."

## GOAT ATE THE TICKET.

Agent Issues Another and Asks That His Action Be Ratified.

The auditing department of a railroad has some queer cases submitted

and one was a recent statement made by a ticket agent in support of his demand that an official act of his be ratified. The ticket agent, who is employed on one of the roads running between Detroit and Buffalo, sent the statement to the Chicago office yesterday. He had sold a ticket to a passenger who wanted to go to Buffalo. In his report he said:

"The holder of the ticket, a vaudeville actor, had two performing goats, whose act upon the stage is to eat what is supposed to be United States currency. As the ticket was being handed to the baggage man by the owner one of the goats jumped for it and before the owner realized the situation had eaten the Detroit-Buffalo coupon."

Ratification is asked of the act of the agent in issuing another ticket to the unfortunate passenger.—Chicago Record-Herald.

## SUIT FOR \$100,000.

Nelson Construction Company Seeks to Secure Money Alleged to Be Due From Southern Pacific.

A sensational suit is being prepared by the members of the Nelson Construction company against the Southern Pacific railroad for the recovery of \$100,000, which is alleged to be due the company for work done, says the El Paso News.

Dan Carr, one of the directors, and an officer of the company, last week returned from California, where he attempted to secure a settlement of the claims. He was not successful.

As a result the attorneys for the Nelson Construction company are preparing to file the suit. The petition will be ready in a few days. It is claimed that the sums demanded by the petitioners are alleged to be due on a balance for some constructive work which was done by the Nelson Construction company on the Southern Pacific cut off at Strauss station.

It is stated by the company that the Southern Pacific engineers ordered a certain kind of construction in the building of cuts and grades. The Nelson company placed them in position, and when it had been done at a great expense, the railroad engineers, it is alleged, repudiated the order, and said that the cheaper work had been specified in the contracts.

The difference in the price of this work, together with other balances, makes the total amount which it is alleged is due the Nelson people, to be \$100,000.

The Williams News says: It is no uncommon occurrence to hear of one train running into the rear end of another on a down grade, and it is easily explained; but the freight wreck which occurred at Davenport, seven miles east of here, last Monday, occurred on an up-grade. From reports, the first "34" was rolling along serenely when the second "34," which, evidently, was following too closely crashed into the caboose, completely telescoping it and derailed another car. It is miraculous how the conductor, who was sitting in the caboose, escaped with only a few scratches. Traffic was suspended for several hours while the track was being cleared.

## UP THEY GO.

Paul Morton Says That There Must Be an Increase in Freight Rates.

In speaking of the real situation in the west, Paul Morton, second vice president of the Atchison, says that an increase in freight rates is absolutely necessary. "There has been a great deal of talk about advancing the rates," said Mr. Morton, "but in the main it has ended in talk. The so-called increases which are alleged to have been made in various tariffs are not increases at all but are merely restorations to rates that formerly were in force. There must be a general advance in freight rates if the roads expect to show a fair margin of profit. During the last few years the price of nearly everything has advanced. Equipment, rails, labor, are much higher, but the freight rate situation has remained about the same. Speaking in a general way, if the rates on the Atchison during the last year had kept pace with the mileage increase and had been proportional to the cost of equipment and maintenance, the Atchison would have shown more earnings by several million dollars. The territory along the Atchison in the west and southwest was never in as prosperous condition as it is today, and there is no use of freight being carried at a rate that is too low to show a profit. In a great many instances new institutions, new lines of trade, have been favored on the line of not only the Atchison, but of all the big western roads, and it is high time that the railroad rates be at least getting their rights in the matter of rates."

"There is a great deal of corn to be moved along the line of the Atchison, but it will not be rushed to the market owing to the fact that it is in good condition and will find ready sale when it is not true."

George R. Henderson Denies Report of His Resignation.

The following is from San Bernardino:

"It is rumored that Superintendent of Motive Power Henderson, of Topeka, has tendered his resignation."

According to the replies to inquiries made here there is nothing whatever in the rumor, says the Topeka State Journal.

Mr. Henderson was seen and when

asked about the matter denied it positively.

"There is nothing at all in the report," said Mr. Henderson. "It is not worth noticing. Several months ago the rumor that I was going to resign was circulated, in which there was no more truth than there is in this one. Newspaper men in San Bernardino seem to have a fondness for fakes of this kind."

The Needles Eye says: The can and torch which belonged to Engineer Charles Hayward, who was killed in the Stam wreck, are in the show window of the Needles drug store. The Needles division of Locomotive Engineers has had them nickel plated and engraved and will present them to the father and mother of the deceased.

## Engineer Eames Dead.

A. F. Eames, engineer on the Lamy branch, died at Santa Fe Tuesday night after a short illness of abdominal trouble. He was 76 years of age and a locomotive engineer by trade. He leaves three sons and two daughters. He was a member of Chapman lodge, No. 2, A. F. & A. M., at Las Vegas, to which place the remains will be shipped for interment. Deceased was a good man and an efficient engineer. He bore a very good reputation and his many friends in the territory will regret greatly to hear of his demise.

## DEATH OF A MINER.

Fred Pomeroy Falls Down Shaft of the Enterprise Mine.

Last Monday morning while descending the ladder to work in the Enterprise shaft, Fred A. Pomeroy was suddenly seized by an attack of heart failure, or lost his hold on the ladders and was precipitated to the bottom of the shaft over 100 feet below. At a depth of eighty feet he went through an open trap in a platform, his body striking the door and closing it after him. The unfortunate man's head was crushed in a terrible manner, the whole force of contact with the bottom of the shaft evidently being on the head. His partner, Tim Harrington, was going down the ladder below Pomeroy and when about fifteen feet from the surface the latter laughing said: "If I fall, catch me, Tim," and almost instantly fell backward from the ladder. Harrington descended to the bottom as fast as possible and found Fred struggling to get upon his feet. There was a small amount of water in the bottom and his face was in the water. Harrington raised him up and rang for the bucket. He tied the injured man in the bucket and ascended the shaft with it. On the surface the injured man made a terrible struggle to get on his feet, but was unable to do so. He lived one hour and fifteen minutes and just before breathing his last raised both hands and pressed them to his forehead, took a long breath and was dead. Cal. Wilson, who had charge of the mine, hearing of the injury of Pomeroy saddled his horse and came to town for a doctor. The distance of twenty miles was made in a little over an hour. Dr. Ealy was called up and within ten minutes they were on their way back. Fred was dead when they arrived and they took the body back to Kingman, where it was taken in charge by the Knights of Pythias. It was found that his skull was fractured in three places and below the right shoulder was a great bruise, where he had evidently struck against the trap door.—Kingman (Ariz.) Miner.

General Superintendent Starr, of the Pennsylvania lines west of Pittsburgh states that the amount of freight waiting transportation from the various yards of the lines is but slightly in excess of what is normal. He says the only Pennsylvania yards in the Pittsburgh district where the congestion has not been entirely removed is a few out of Pittsburgh on the Pittsburgh, Fort Wayne & Chicago. At Chicago the Pennsylvania has a surplus of empty cars.

## ACCIDENTALLY KILLED.

Paul Maguire Loses His Life by the Accidental Explosion of Powder Into Which He Drilled.

On Tuesday afternoon a telephone message was received in Kingman from Maguire's ranch about three miles west of town, announcing that Paul Maguire had met with an accident in a mine, and asking for a doctor. It was first reported that he had fallen down a shaft, and later that he had been hit on the head by a rock falling down the shaft, and not until the coroner's jury investigated the accident was the true facts brought to light. In drilling a hole in the shaft of the Bi-Metal mine his drill struck some powder which had failed to explode when the last charge was fired and being right over the hole when the drill struck the powder and the explosion occurred he was instantly killed.—Kingman Mineral View.

It is unofficially announced that the Chicago division of the Atchison, Topeka & Santa Fe, comprising the main line from Chicago to Kansas City, will be divided into two divisions, with Fort Madison as the dividing point. Supt. T. F. Dolan, of Fort Madison, will move his offices and force to Chillicothe, Ill., and the Kansas City division will be under an assistant, with headquarters at Marceline, Mo. The change, it is said, will take effect on April 1.

Albuquerqueans at Santa Fe. Mrs. Harry Benjamin, of Albuquerque, arrived this noon to visit relatives.

A. B. McMillen, Esq., of Albuquerque, spent today in the city on legal business.

T. N. Wilkinson, Esq., who has a law

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue its treatment.

To accommodate those who are partial to the use of atomizers in applying liquids to the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

office in Albuquerque, is in the capital taking in legislative doings.

J. H. McCutchen, of the Albuquerque Industrial-Advertiser, is making his weekly rounds in town.

W. B. Childers, Esq., United States attorney for New Mexico, arrived last evening from Albuquerque. He is here on legal business.

B. A. Sleyter, of Albuquerque, insurance agent, was among yesterday's arrivals and is watching legislative proceedings today.

Hugh Murray, of Sulphur Hot Springs, Bernalillo county, is here on business. Mr. Murray was for many years a resident of this city and is well known here.

Dr. G. W. Harrison, of Albuquerque, has been here attending to legislative matters during the past few days. He is the representative of the medical profession of New Mexico in legislative affairs.

Darby A. Day, of Albuquerque, New Mexico manager for a life insurance company, is a visitor at the capital today. He is greatly gratified to know that the insurance companies were severely let alone by the assembly.—New Mexican.

Necktie with a History. Patrick Sena, the pleasant and affable salesman at the Romero Mercantile Co.'s store, was wearing a neat green tie today that has somewhat of a history.

It was brought from Old Mexico by Mr. Sena's grandfather, Miguel Romero, in the year 1835, which makes it over sixty-eight years old.

It was presented to Mr. Sena on his 12th birthday, March 17, 1876, and he has worn it every time St. Patrick's day has rolled around up to the present day, when he is celebrating his 35th birthday. The tie is still in excellent condition and good for many more birthday celebrations.—Las Vegas Record.

## The County Assessorship.

J. M. Sandoval, of Albuquerque, the assessor, who was elected last November for Bernalillo county, proposes to remain in office and to hold on to it with a strong and tight grip. He claims to be a citizen of Bernalillo county, and not of the new county of Sandoval. Several of the best lawyers of the territory have declared his title to the office to be absolutely good. This will be tough on Councilman Geo. E. Albright, who expected this official plum to fall into his mouth at any time. "The best laid plans of mice and men gang aft a' glee."—New Mexican.

## Still a Good Talker.

Hon. Pedro Sanchez, representative from Taos county, has fully demonstrated that his mind is as clear as daylight. His speeches on the irrigation bill yesterday and the Louisiana purchase exposition bill this morning were the most logical, forceful and brilliant speeches delivered up on the subject. He kept his hearers spell-bound easily and time flew without being felt. Mr. Sanchez has always been recognized as an eloquent orator and he seems to lose none of his vigor although a man well advanced in years.—New Mexican.

## MARKET LETTER.

Special Correspondence.

Kansas City, Mo., March 16.—Cattle receipts last week amounted to 30,071 head as compared with 23,616 head the corresponding week last year. The general market was steady on everything except heavy corn cattle, more of which arrived than could be readily taken, causing them to lose 10 to 20 cents. The premium on heavyweight was almost wiped out, and steers well fattened, under 1,200 pounds, made a small advance.

Range beef steers sold from \$4.25 to \$4.60 during last week. Cows and heifers made a slight gain, owing to continued scarcity, but the excitement of previous week's market was absent. Some 998 pound western cows and heifers mixed sold at \$4.40 the first of the week, and other sales of westerns were from \$3.80 to \$4.25. Best cows held up well but canners and medium cows were 10 cents cheaper Friday. Stockers and feeders sold at much the same prices, but the volume of business nearly doubled in these. Colorado stockers sold from \$3.75 to \$4.10 and feeders up to \$4.25. Springlike weather is starting the grass, a stimulating feature to the market on country kinds.

Cattle run today is moderate at 6,000 head, and market is steady on cows, stockers and feeders and light steers, but dull on heavyweights, a repetition of last week's markets. Range stuff is scarce on native side, and a light run is on quarantine side. Sheep receipts contained large proportion of lambs, almost no yearlings, and light quantity of muttons. Matton prices advanced 10 to 25 cents, and all lambs except the best showed a corresponding weakness. Some eighty-five pound Colorado lambs sold at \$6.85 Thursday, disclosing the fact that good lambs are no lower. Ewes sold at \$5.25 and wethers at \$5.75, best price of the winter. Large proportions

of lambs are poorly finished and light weights. Run today amounts to 5,000 head, but contains no choice lambs. G. W. Riley, Lamar, sold 440 Colorado lambs this morning, 71 pounds at \$6.50. Other sales were from \$6.35 to \$6.50. Ninety pound ewes brought \$5.15 and eighty-nine pound Mexican wethers sold at \$5.90 today. The market is strong on the good stuff, but inferior stock is discriminated against more or less.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Doan's Ointment. At any drug store, 50 cents.

## 10 PER CENT INCREASE.

Burlington Road Raises Wages of Employees.

A dispatch to the Chicago Record-Herald from Burlington, Iowa, says:

The officials of the Burlington system have authorized the announcement of an increase of 10 per cent in the pay of station agents, telegraph operators, station employees, bridgemen, pumpmen, round house men, water service men, car repairers and others who have not yet been given an increase. Last fall the road increased the wages of the trainmen, the engine men and the switchmen. The present increase which is effective April 1, is entirely voluntary on the part of the road.

Every family should have its household medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

## HE FORESAW DANGER.

Love Was Superstitious About Friday and 13th of the Month.

In regard to the death of W. H. Love, the Rock Island engineer who was killed Saturday in the wreck at Dwight, Kan., the Salina Journal says:

"W. H. Love, the engineer who was killed in the Rock Island wreck at Herington Saturday morning, lived at Kansas City, Kan. This was not his regular run, but he was called in place of a sick engineer. When Love got the summons he turned to his wife and said that he did not like to get a run out of his regular turn on Friday, the 13th of the month. His wife tried to pass the remark off and talked her husband into a lighter frame of mind as he changed his clothing to go out on the run."

"When Love was ready to start, Mrs. Love accompanied him part of the way. The round house is only a short distance from their home. Mrs. Love walked to the brow of the hill with her husband and there bade him good by. This was the last she saw of her husband alive. An investigation of the cause of the wreck will begin today."

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains. Monarch over pain.

## INDIAN SCHOOL NOTES.

Our industrial teacher has been observing Arbor Day for the past few days and the result is that a goodly number of nice trees have been planted on the grounds.

Supervisor Wright is taking hold of the business with energy and is pushing a number of improvements. He is improving the appearance of the grounds, and is providing for games and recreations for the pupils and employees.

Our carpenter is drawing plans for a new laundry which we hope to have erected during the present fiscal year. A goodly number from the school attended the entertainment given at Colombo hall last evening, and they say they were highly entertained.

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

## Miners Expect an Increase.

Wellston, Ohio, March 20.—With the arrival here today of several of the state officers of the United Mine Workers the question of the day wage scale in the mines of sub-district No. 2 of district No. 6, which includes Jackson, Lawrence and Vinton counties, has increased in interest. April 1 is the time set for the annual settlement. Last year it was well known that the miners' organization had too many other and larger difficulties on hand to inaugurate a strike in this district on the wage question, and the operators settled on their own terms, paying \$1.65 for inside day work, while operators in other parts of the country were paying \$2.10. The affairs of the miners' organization are in better condition this year and it is rumored that a strenuous effort will be made to bring the scale up near that paid in other districts.

Hall & Leonard are agents for Chickering Bros' pianos, not the Chickering piano, as pointed on the Eagles program of last night, through an oversight of the proofreader.

## YOU FEEL SICK

And you wonder what's the matter. Your headaches, you feel tired and nervous, have no appetite and can't sleep. The trouble lies in the stomach. It has become weak, and cannot, therefore, do its work properly. Take a dose of Hostetter's Stomach Bitters before each meal. It will restore the appetite, insure perfect digestion and sound sleep and make you feel better. No other Spring medicine is as good. Try a bottle.

## HOSTETTER'S

## STOMACH BITTERS

# Grand Canyon of Arizona

.....ON THE SANTA FE.....

This Titan of chasms lies in northern Arizona. The canyon proper is 217 miles long, thirteen miles wide and more than a mile deep. The portion most frequented by tourists is known as the "granite gorge," extending from Grand View, sixty miles west to Mystic Spring trail. Bright Angel trail is midway. Here one may look up and down the mighty gorge for miles and miles. The profound depths, the marvelous forms, the brilliant colors by day and the soft witchery by night, the silence of it all—these play upon the emotions in a strenuous way. It is too only scene on the globe that does not disappoint—the only one that comes up to its brag. Whether viewed from the rim, from the precipitous trail, or from the improvised river—it is always in truth "the greatest thing in the world." It contains thousands of peaks and buttes, pinnacles and towers. A great river has cut a narrow way through the labyrinth. The whole is bathed in a sea of vivid colors. The waters of Niagara, if hurled over a Grand Canyon cliff, would be a mere detail in the landscape. All the armies in the world could be marshaled unnoticed in the canyon's depths. Mt. Washington, if placed on the river's edge, would be only one of the many peaks aspiring to reach the rim above.

Santa Fe trains now run daily to the rim of Grand Canyon at Bright Angel. It is only a three hours' ride from the main transcontinental line at Williams. Stop-overs granted on through railroad and Pullman tickets. Round trip rate, Williams to Grand Canyon and return, \$6.50. Excellent hotels at Bright Angel and Grand View. Reasonable prices for meals and lodging, also for saddle stock and guides. Arrange to spend at least two days at the Canyon—a week is better. You can make the trip any day in the year.

The Santa Fe issues an illustrated pamphlet entitled "Titan of Chasms," briefly descriptive of the Grand Canyon and accommodations there for travelers; mailed free for the asking. Also on sale at 50 cents, a beautiful illustrated souvenir book of the Canyon, 124 pages and map, containing articles specially contributed by noted artists, scientists, travelers, and authors; cover in colors. Early in 1903 will have on sale a small colored view of the Grand Canyon, uniquely mounted and illuminated, price 25 cents. Address, General Passenger Office, Atchison, Topeka & Santa Fe Railway, Chicago.

## GALLUP.

Special Correspondence.

Gallup, N. M., March 17.—"St. Patrick's day in the morning" was raw and windy, in the afternoon rain, toward evening snow.

About the first of April C. M. Sabin will open a gent's furnishing store in the rooms vacated by the Russell & Elsie firm. Charley deserves, and will probably get, a fair amount of patronage.

The resignation of B. Holmes from the Santa Fe service, and their consequent departure from Gallup is a subject of regret to their many friends.

Mr. Wolff and wife are planning a trip to Chicago; will leave about the middle of April; to be gone a few months.

Miss Barbara Cotton is expected home toward the last of March for a two weeks' vacation.

Miss Jennie Corretti received the diamond ring offered by the Peterson Entertainment company to the prettiest and most popular young lady in Gallup, the choice to rest with the patrons of their show. Miss Corretti received 19,700 votes, proving that her many friends voted early and often. Jennie is a nice girl, and worthy of the compliment paid her. Miss Edith Bayless was a close second.

Miss Helen Hogan entertained Miss Marcella Rison and Miss Elsie Piny at dinner on Thursday, in honor of her 15th birthday.

This term of our city schools is nearing its close and the graduating class are doing hard work in preparation for commencement. This year's class is larger than for several terms past.

Next Sunday evening's sermon at the Methodist Episcopal church is to be rendered most attractive by means of moving pictures illustrating the subject chosen.

Hodgson Bros. are doing some good work in their studio. By the way they have a remarkable collection of views, beautiful scenes along the coast of California, places of historical interest, many fine bits of western scenery and that most difficult subject of all, the western Indian—difficult to obtain because of the Navajos' unreasonable superstition. In some manner they have overcome the prejudice, for they have some excellent negatives of groups typical of Navajo life and occupation.

The burden of entertaining seems to rest with the younger set just at present in Gallup. A short time since Miss Maeve Malone gave a card party and supper, more recently Miss Elsie Piny gave an evening party to about thirty of her young friends. Games, guessing contests, conversation and an abundant lunch furnished an enjoyable evening.

Tonight, the 17th, the base ball club give a masquerade ball at the opera house, the object being to raise funds in anticipation of the coming season.

The Gibsons and the round house boys crossed bats on the local diamond last Sunday.

The Petersons were here all last

week and the Kitties are to be here the 27th with the drum major who weighs three tons, or so he said.

A very pleasant evening is given those who attend the Thursday evening sessions of the dancing club.

On Friday evening at the Peterson dance, the prize for the best waltzers were awarded to Mr. Thurston and Mrs. J. H. Young by the judges appointed.

Miss Marcella Rison gave a matinee party to a group of girl friends at the opera house on the afternoon of the 14th, followed by a luncheon at home.

A "special" stopped at Gallup the other day and the company purchased a number of Navajo blankets, which will no doubt be used to decorate "Indian rooms" in the east. There are quantities of the loveliest rugs, blankets, couch covers and sample looms in the Californian store and at Cotton's, Weldmeyer's, Zohn's and Sampson's trading stores. Many unique specimens of the Navajo silversmith's work, head chains of the Moquis, pottery of the Zunis, besides other curious dear to the hearts of the tenderfoot from the "states."

March 18.—The masquerade ball of last night was well attended despite the miniature blizzard which raged all the evening. The prize offered for the best fancy costume worn by a gentleman was awarded to Mr. Winton, who was attired as Romeo. The prize for the best fancy costume for lady was captured by Miss Beatrice Mulholland as "Shamrock."

Mrs. Rittenhouse, as a darky girl received the prize for the most comical personation and Leo Lannigan, as a typical Irishman won the corresponding premium.

## LAS VEGAS.

From the Record.

Miss Adelaide Ramirez, who came here from Corazon for medical treatment, is reported very sick.

Ed. Donovan, who was the conductor on the first electric car to run to the springs last night, is far from being a green hand at the business, having put in fifteen years at that work in the city of Washington, D. C.

La Voz del Pueblo is in receipt of a letter from Judge James O'Brien, ex-chief justice of this territory, written in Spanish, which Spanish scholars of this city declare to be as good Spanish as any Castilian ever wrote.

J. W. Phillips, wife and niece, Lillie Martin, of Loveland, Colo., on their way to California, came in on No. 1, and will remain over a day with J. K. Martin. Mrs. Phillips being a sister whom he had not seen for twenty-one years.

In the suit of R. J. Matthews against J. F. Williams and Effie I. Williams to foreclose a mortgage given to secure a debt of \$779.50, and for which amount judgment was rendered in favor of the plaintiff, the court has approved the sale of the mortgaged property as made by W. G. Haydon, master.

From the Optic.

Maria Rita de Rivera died at the ripe age of 68 years, down at the town of Rivera.

Mrs. L. C. Long has gone to St. Anthony's sanitarium to recuperate. She has been suffering with stomach trouble for some time, and has sought relief through rest.

Announcements are out for the marriage of Amos F. Lewis, a former Las Vegas, to a popular society lady of St. Louis, where Mr. Lewis has a promising future as a dentist.

Marcelo Gallegos was down from Mora with 2,000 pounds of the finest apples on earth, which he is trying to dispose of in the local market. Mr. Gallegos raised 10,000 pounds of apples last year and not one of them was specked.

A dispatch was received in the city stating that the wife of John Rogers was dead in Dakota. Mr. Rogers is in the La Cueva country buying cattle, and up to the present writing it has been impossible to communicate to him the sad news.

Measles are spreading. Mrs. Charles Dunn and babe have recovered from the spotted affection, but three other children have been attacked. Mrs. Jeff Keen and children are also confined to their beds with the same complaint, little Arthur Keen breaking out before reaching home from school yesterday

# THE CASE AS WE SEE IT.

A great furor is being stirred up in this community, because the legislature has amended the act creating the county of Sandoval, and by that amendment naming the county commissioners for the county of Bernalillo.

This action of the legislature is unquestionably valid, and fully sustained by precedent.

When the county of Guadalupe was organized in 1891, the legislature named Roman Dodge, Matilde Chavez and Placido Baca y Baca as county commissioners of the new county.

The socialists and democrats were not so rampant in San Miguel county (from which Guadalupe county was carved) at that time as they now seem to be in this section of Bernalillo county, and no such ranting and raving as we have heard for the past two days disturbed the peace and quiet of the citizens of East Las Vegas.

The fact is the disgruntled democrats and socialists have been making use of the laughing stock of the whole territory since the new county proposition was heard of.

It is to be expected that the republican party of New Mexico, with every member of the legislature a republican, except two in the lower house, is to be "worked" by a few howling democrats and socialists in Albuquerque?

The Citizen does not expect to placate democrats and socialists. If that could be done, we have no assurance that they would long remain placated.

We are especially appealing to republicans and we urge them to take the second thought.

Again, we say, this action of the legislature was valid.

In 1899 the legislature appointed every district attorney in the territory by naming them in the law defining the districts in which they were to serve.

This act was declared valid by the courts.

The organic act, as it is called—a law of congress—which is our constitution, vests the governor with the power to appoint all territorial officers by and with the advice and consent of the legislature. All county or district officers, it provides, shall be elected or appointed as provided by law. The power to make the law is vested in the legislature. It has done so by an unanimous vote.

We submit there is nothing in the situation to cause republicans to stay awake at night on account of the disappointment of the hopes the democrats and socialists had of getting a general mix up of the republicans in the counties of Bernalillo and Sandoval, and thereby possibly securing some of the offices for themselves.

The Citizen favored county division, and in this matter will not allow itself to be dragged into the belief, by the howls of democrats and socialists, that the legislature and republican party were wrong.

This paper is a republican paper—in strict harmony with the party, and therefore sustains the action of the legislature.

## WILL NOT WORK.

The Journal-Democrat, now the organ of the socialists and democrats, together with several weak-kneed republicans, is advocating organized resistance to the collection of taxes in this county.

This is a fine scheme, but it will not work. The laws of the territory are superior to us all. It will be the duty of the district attorney to see that the law is enforced. He will undoubtedly do his duty. It would be a fine thing, indeed, for the business interests of this city if Bernalillo county should default on its interests. All this because a few disgruntled people have not had their own way and are mad. Such a scheme as this, however, has never worked successfully anywhere.

## THE FEAST OF PURIM.

The recurrence of one of the most joyful feasts in the Jewish calendar set in Thursday night, being the fourteenth day of the twelfth month "Adar." The historic accounts date back as far as 465 B. C., when a Persian monarch, whose feasting, revels and extraordinary magnificence, all of which are recorded in the book of Esther in the Bible, caused him to give the Jews of his land into the hand of his prime minister, Haman, "to do with them as may seem good in his eyes." Haman, being an arch enemy of the Jews, obtained the king's consent to have all Jews slain in the empire of Persia. Somewhat previous to this decree, Esther, a Jewish orphan, a maid of extraordinary beauty, had become the wife of King Ahasuerus and she, with the assistance of her uncle, Mordecai, succeeded in frustrating the evil machinations of that wicked Haman, who, with his many confederates, was hung, and the Jews were given full power to defend themselves against their enemies. Ahasuerus in the same monarch whom the Greeks called Artaxerxes Longimanus. In the Bible he is named Ahasuerus. In keeping this feast, the Jews all over the world remember God's assistance in the time of distress.

The name Purim is derived from the Persian "Pur"—lot—originating from the fact that Haman cast lots to obtain a lucky day—on which he might be enabled to carry out his evil devices successfully. In all Jew-

ish congregations services are held on that night, during which the book of Esther is read to the congregation so that all may remember that the guardian of Israel neither sleepeth nor slumbereth.

## THE BOSTON TEA PARTY.

"A man in the gallery painted and dressed like an Indian gave a war-whoop, which was answered by others and instantly a rush was made for Griffin's wharf. The 'Mohawks' seemed to spring from the ground and running to the pier swarmed aboard the ships. In the space of three hours 342 chests of tea were hurled open and their contents emptied into the bay."—History of the United States.

One hundred and twenty years have passed, and under the leadership of Head Chief Burke, the war-whoop of anti-taxation, is again raised away out in New Mexico.

Wampum Keeper Stover, wrapped in the folds of his Navajo toga, joins in the refrain, while Big Medicine, Yon Fields and Tammany Sachem Maroon are also heard from, the latter shouting "to hell with your tea, I want home rule for Ireland."

Islets were on hand with its governor, clothed in a somewhat dilapidated serape, as an example of one of the carnot, if not the latest, specimens of a socialistic community.

Why all this noise? The Boston tea party was making a protest against taxation without representation. There was no proposition to divide the tax—it was a flat refusal to pay any of it.

The constitution has survived the crisis of the "greatest rebellion" the world ever saw, commenced by another lot of "Mohawks" at Charleston, S. C.

It will still survive this tea party, and the legislature of New Mexico will continue to hold its biennial sessions under the laws of congress until that body is pleased to permit the good people of New Mexico to adopt their own constitution, and define for themselves the powers of its legislature and accord to the people of New Mexico the right to select representatives to stand for them in the national legislature.

It is only against congress for refusing us representation that a "tea party" can legitimately be had to protest upon the same principles as our Boston ancestors did when they massed in the trappings of the stalwart "Mohawks."

Let us possess our souls in peace until the next regular election, and then let the majority rule and the best man win.

## RIDICULOUSLY FUNNY.

Head Chief Burke, of the Boston tea party, grew excessively humorous last night in his sanctum at the Journal-Democrat office, while President Macpherson was spitting fire-water, and penned the following ridiculous editorial:

"That report from Santa Fe to the effect that the legislature had repealed the city charter of Albuquerque and appointed Frank Hubbell, Tom Hughes and George Albright a committee to run things for us until we promise to be good, is not true—or more properly we should say, it is premature, for the legislature still has three days to live, and no authority short of divine providence would dare to predict what it may do during those three days. But we shall not be surprised at anything."

## MERCHANTS AND NEWSPAPERS.

A newspaper reflects the business interests of a town in its advertising columns. A business man looking for a location always examines newspapers to see him his particular line is represented. If he is a druggist and sees no advertisement by druggists he concludes there are none, or if there are, they are all dull. If he is a doctor or a lawyer, he looks over the professional cards to see if his profession is represented. Prospective buyers like an invitation to come and trade with merchants. A card of the professional man is just as essential as the sign in front of his door. It is not a question of being able to get along without it. A hardware man need not heat his store to keep things from freezing. He might have a booth out on the street or at a skating rink, and do a lot of business, instead of paying rent at his store and buying fuel to heat it with, but it might not be economy to do so. Advertising is not a luxury, but rather an economic proposition recognized by all the best and most successful business men the world over.

## ATTACKS UPON FUNSTON.

Nothing reflects less credit on certain yellow journals of Denver than the attacks they are constantly making on General Funston. They are now busy airing the statements of an unknown soldier to the effect that the general is a coward.

General Funston's record is public property. He has risen from the ranks through an unvarying exhibition of bravery and resourcefulness, supported by the recommendations of his superior officers. When he was made a brigadier general, the entire nation approved. Even the sworn enemies of the McKinley administration accepted his elevation as a sign that officers other than West Pointers could secure deserved recognition. The attacks upon him are only a part of the dishonorable attempt on the part of petty politicians who control the Denver News and Times, and the Post, to discredit the American army in the eyes of the people.

These attacks always act as boomerangs. So long as the American people value patriotism, they will continue to honor a hero of Funston's caliber.

liber and to condemn malicious attacks upon brave and deserving soldiers.

## INJUSTICE OF NAVAL PRIZE LAWS.

According to a decision of the supreme court, under the present laws, no prize money can be paid in naval warfare for vessels destroyed or sunk.

Under the decision, the officers and men of the fleet that fought the battle of Manila Bay receive prize money for the three or four small and obsolete gunboats which they captured, but none for the warships which they destroyed. The officers and men who made the splendid flight off Santiago will receive practically nothing. This seems an unreasonable law. When orders are given to capture or destroy the enemy's ships, duty and patriotism compel the officers and men to do their best to injure them, in order to induce a surrender. The more they injure the enemy, the less prize money they will receive. Instead, therefore, of operating as an additional incentive for the men to defeat the enemy in battle, it forces them to suffer pecuniary loss as a reward for good fighting and marksmanship.

The law should either be abolished or changed so it will reward the officers and men for efficient fighting.

## ARBOR DAY PROCLAMATION.

Friday, April 3, Named by Governor Otero for Tree Planting.

Executive Office, Santa Fe, N. M., March 14, 1903: proclamation for Arbor Day.

Whereas, the laws of the territory provide that annually at the proper season the governor shall issue a proclamation designating a day to be set apart and observed by the people as Arbor day, and that the same shall be a holiday in all the public schools of the territory, and school officers and teachers to have the schools under their charge celebrate the same by planting trees and shrubs for either ornament or use.

Now, therefore, I, Miguel A. Otero, governor of the Territory of New Mexico, in pursuance of the law and by virtue of the authority in me vested, do hereby designate and proclaim Friday, April 3, 1903, as Arbor Day, and urge that the same be observed as a holiday in our public schools of our territory and that the officers and teachers in charge of the same are admonished to require their pupils to observe the same by the planting of trees or shrubbery for the beautifying and adornment of the public school grounds and places, or in the streets or at their homes, and that such teachers prepare suitable exercises for the observance of the day, and I also urge that all territorial institutions and their regents or other governing boards take special care to observe this proclamation, particularly with reference to public exercises to be devoted expressly to the necessity and beauty of the custom of each person planting a tree, shrub or vine, in memory of some great man deceased, or some great man or woman now living. And as it grows and its narrow shade widens, so will the veneration of this day become more potent for good, and in this arid region prove a lasting benefit to the people, as well as a living and permanent monument to the person who plants.

Done at the executive office this, the 14th day of March, A. D. 1903.

Witness my hand and the great seal of the Territory of New Mexico.

(Seal) MIGUEL A. OTERO, Governor of New Mexico.

By the governor: J. W. RAYNOLDS, Secretary of New Mexico.

Perish the Thought.

New Mexico started the present legislative assembly with twenty-one counties and its close will see it with twenty-six. The people are the gainers. Some evil disposed persons also say that some individual legislators benefited by the making of new counties. Perish the thought.—New Mexican.

## INDIAN SCHOOL NOTES.

Superintendent Collins turned over the property yesterday to Supervisor Wright, who assumed charge today.

Mr. Collins and family expect to leave tomorrow morning for Rocky Ford, Colo., their future home. It is Mr. Collins' intention to engage quite extensively in farming and stock raising. Mrs. Collins has also resigned her position as teacher, and the position will be supplied temporarily by Miss Schach, who recently arrived from Phoenix.

Mrs. Mahaffey has been quite sick for the past few days, but is now convalescing.

The farmer and his force of boys are busily engaged in the spring farm work.

The band gave another delightful concert last Sunday afternoon.

Greig an Aide for World's Fair.

Col. A. S. Greig has been designated by the governor of New Mexico to act as an aide on the staff of United States Adjutant General Corbin, grand marshal of the parade that is to mark the dedication of the world's fair in April next, Mr. Greig being a colonel on the staff of the governor of the territory.

Injured Brakeman.

Robert Ambura was brought in from the west this morning on passenger No. 2, suffering from a severe scalp wound, and placed in the St. Joseph's sanitarium. Ambura is a Santa Fe Pacific brakeman and has been working on the division west of Winslow. While working on a train passing Ash Fork yesterday afternoon he was struck on the head by a watering tank spout. His injury is not thought serious.

## EDITORIAL NOTES.

Burning people in effigy, as has been publicly suggested by certain people here, and personal abuse by mass meetings may yet lose us the appropriations for the New Mexico university, the armory and hospitals. The legislature has several days left. Most of the members have no business interests to be boycotted by certain residents of Albuquerque.

Joshua S. Reynolds, in the role of a reformer, is a spectacle to amuse all who know his past connection with politics. His attacks on Frank A. and Thomas S. Hubbell would probably have not been heard of if the deposits of county funds had not been changed from the First National bank to the Bank of Commerce.

M. S. Otero has claimed to be a republican, but has fought the republican ticket at every election since he lost control of the county—that was soon after he ignored the wishes of this city and carried the court house to be built in the old town. When he was in the saddle, he was not recognized as very much of a reformer.

We have seen people burned in effigy by mobs in Albuquerque many years ago. We also recall the fact that, in spite of the burning, they held county offices for several terms afterwards, and at the elections received the votes of the members of the mobs that did the burning.

A few people, who are howling the loudest about their taxes, pay less, in proportion, to that of their neighbors. The assessment books show up some startling figures and a nice list will probably be published in The Citizen in a few days.

A socialist of this city, who is known for his rabid talk at times, sends a postal card to The Citizen, with the following written thereon: "I honor the Hubbells. They retaliated for the abuse they were receiving from the Journal-Democrat and some kickers, and did nothing more than what the democrats or socialists would have done had they been in power."

Was it not Governor Stover who, as a member of the territorial legislative council a few years ago, voted for the act naming the district attorneys in every district of New Mexico and for taking away the power of the governor to appoint them—a power which had been exercised ever since the territory was organized? This law also provided for their election by the legislature for one term. Afterwards they were to be appointed by the governor as they had been ever since the territory was organized, and are now appointed.

The republican party is still on top, thanks to the territorial legislature and the signature of Governor Otero.

The farmers' institute will be held in the court house of Las Cruces on Saturday, March 21. Interesting papers will be read on the raising of live stock.

Have the republicans forgotten how the democrats, when in power at Santa Fe, threw out Don J. Rankin as a house representative from this city, with his 750 majority? No, you bet.

Regardless of the alleged "big indignation meeting" last Saturday night, those who awoke Sunday morning found Albuquerque standing where it did before the "big guns" at the meeting exploded.

More taxes were paid at the collector's office at the court house, this morning, than has been collected for the past fifteen days. This shows the people intend to pay their taxes, regardless of the fact that certain democrats and socialists have advised them not to pay taxes for the next two years.

A few weak-kneed republicans, pushed on by democrats and socialists, are still talking loud. As soon as they cool off and begin to investigate, they will find that the legislature and Governor Otero have only blocked the scheme of the democrats and socialists to create dissensions in the republican party. It failed to work.

A New York preacher is building what he calls an "up to date" church. In the basement will be a gymnasium, a dining hall, a banquet hall, and above a dressing room for brides to be. If he meets with proper encouragement he may later add a billiard room, a ten pin alley, ice cream parlor and a saloon to dispense soft beverages.

The democrats, once upon a time, were in charge of the territorial legislature. They regarded it as part of their program to throw out republicans elected by several hundred majority. Now they are howling, because the Hubbells, the legislature and Governor Otero nipped in the bud their scheme to create dissensions in the republican party of Bernalillo county.

Every good republican in this city should applaud the Hubbells for proving themselves a little more "foxy" than the democrats and socialists; should commend the legislature for passing the amendment to the act creating Sandoval county, and should respect the governor for affixing his signature. It blocked the scheme of the democrats and socialists to create a division in the republican party.

At the alleged "big indignation meeting" held last night, at the request of Hon. Nell B. Field, a democrat, Chairman H. E. Fox appointed the following gentlemen to go around among the people, asking them to repudiate the payment of their just taxes: Messrs. J. S. Reynolds, M. S. Otero, E. S. Stover, T. J. Curran and F. G. Pratt. "Will the committee act?" is the question being propounded on all sides by republicans today.

Considering the amount of talk indulged in the past few days, by the publication of incendiary articles in the great political paper, the Journal-

Democrat, and by curbstone crowds, the meeting last Saturday night was a dismal failure. There was no burning in effigy, the meeting lacked enthusiasm and the speakers—well, three responded, but there were others who had agreed to talk. For reasons, best known to themselves, they failed to participate. Their courage, in the opening, evidently failed them.

A Missouri debating club is to make a heroic effort to discover which causes the most divorces, infidelity or dyspepsia.

A Chicago clergyman is busy proving that St. Patrick was a Baptist. We shall expect soon to hear that Martin Tormey is a Dutchman.

The Citizen is a straight out and out republican paper—is independent policy hereabouts, and is in strict harmony with the principles of the republican party.

The securing a Smith family reunion at the St. Louis world's fair is thus far the management's most brilliant coup. There is now no danger of there being more exhibits than spectators.

A man in Pennsylvania has recently been forced to drop a heavy fine in the police court slot for swearing at the hired girl for not getting up early enough. He should have been rewarded in some way for the nerve he displayed.

The committee to go around and ask people to refuse to pay their taxes has not shown up yet on the thoroughfares. It is a safe bet that the gentlemen on that committee will not present such a petition to the people for their signatures.

The values of lead, silver and zinc are rapidly increasing, and the outlook for hundreds of low-grade mines in this territory is correspondingly bright. The increase means great additional prosperity for New Mexico, and is itself a reflection of the general prosperity of the country.

Hon. James M. Sandoval, who was elected assessor of Bernalillo county, will probably contest the right to hold that office regardless of the recent action of the legislature. He says that he is a resident of Bernalillo county (not of the new county of Sandoval), and has consulted attorneys in regard to prosecuting his claims, provided he is deposed.

The democrats are rallying around their organ—the Journal-Democrat, and are howling about the injustice done them by the legislature, the governor, the Hubbells and the council representatives from this city. Good and true republicans should commend the action of the legislature and Governor Otero for nipping in the bud the scheme of the non-progressive party to create discord in the ranks of the republican party in this city and county.

In an editorial yesterday, The Citizen asked if it was not Governor Stover, who, a few years ago, as a member of the territorial legislative council, voted for an act naming the district attorneys in every district of New Mexico, and for taking away the power of the governor of the territory to appoint them? The Citizen now understands, by looking up the law, that Governor Stover was not in the legislature until two years after, when that law was repealed.

Rev. J. A. Picard, of Belen, passed through the city this morning en route to Santa Fe. He will return home tonight.

Mrs. Al Davidson, wife of the engineer, is numbered among the sick.

Jefferson Reynolds has completely recovered from his recent indisposition.

S. B. Davis, whose prospects are good for the appointment as district attorney of this district, arrived in the city from Santa Fe.

Mrs. Charles F. Jones and sister, Miss Kelly, who have been here for some time, coming from St. Louis, left for El Paso, where Mr. Jones preceded them a few days ago.

The commission of the Tecolote grant sent a letter to Messrs. Quinly, Baker and Greenberger, asking those gentlemen to immediately have their mining properties surveyed. The holdings of these gentlemen comprise 210 acres, and the grant trustees request the survey because they have propositions from eastern Colorado parties to lease the mineral lands of the grant. They wish to have the lines of the occupied lands thoroughly defined in order to close what may be a big deal.

New Commissioners Organized.

A meeting of the county commissioners, the old members and newly appointed, was held last night at which T. C. Gutierrez was appointed chairman.

Another meeting was held by the same body this morning at which Jesus Romero, of Old Albuquerque, was appointed probate judge of the county of Bernalillo.

The meeting then adjourned subject to the call of the chairman.

## SANTA FE.

From the New Mexican.

The territorial board of pharmacy has completed its work and adjourned. Those who successfully passed the examination were Messrs. Wehrly, of Albuquerque, and Pratt and C. W. Meade, of Las Vegas. The remainder of the business transacted was routine.

Rudolf Sparks, a brother of Mayor Sparks, and an employee of the telephone company, is hobbling around on crutches as the result of a fall. He was painting a telephone pole in front of the Catron block, when he slipped and fell almost the height of the pole. His ankle was sprained and he was bruised.

The Mohegan base ball club was organized Monday, March 12, 1903, with the following officers: Manager, J. S. Candelario; captain, O. Dignoe; secretary, L. M. Baca; treasurer, P. Samosa; members, A. Brittin, J. Brittain, C. Yanni, A. Dignoe, E. Delgado and J. Ortiz. This club is ready to cross bats with any other base ball club in the city.

## He Will Sue.

A. F. Stone, of Gallup, is in town on his way to New York. Some three months ago J. C. Maloney had Stone arrested in Bisbee, Ariz., under false charges. Mr. Stone has proved his innocence in the whole matter and has been honorably exonerated by the district court. Mr. Stone is going to commence action against all parties concerned in this matter and has papers in his possession exonerating him from everything, showing a personal persecution by said Maloney and an interesting law suit is promised.

## LAS VEGAS.

From the Record.

Mrs. R. G. McDonald, who has been seriously ill for some time past, was able to be out for the first time.

Dr. M. M. Milligan, as superintendent of the New Mexico Mining and Development company, composed of Chicago people and organized under the laws of South Dakota, is developing some promising gold properties about six miles west of this city.

Ira Robinson and Miss Essie Steele, of Benham, N. M., were quietly married by Rev. A. C. Geyer in the Methodist parsonage. The wedding was a very quiet affair, only the participating parties being present. The groom is a cattleman from the northern part of the territory.

The condition of the road between Las Vegas and the town of Mora is said to be frightful. In many places it is dangerous to travel the road in day time and with the safest of teams. There is a movement on foot to ask Las Vegas business men to aid toward repairing this thoroughfare, which is the most important reaching Las Vegas, connection, as it does, this city with the populous and productive Mora valley.

From the Optic.

Mrs. Al Davidson, wife of the engineer, is numbered among the sick.

Jefferson Reynolds has completely recovered from his recent indisposition.

S. B. Davis, whose prospects are good for the appointment as district attorney of this district, arrived in the city from Santa Fe.

Mrs. Charles F. Jones and sister, Miss Kelly, who have been here for some time, coming from St. Louis, left for El Paso, where Mr. Jones preceded them a few days ago.

The commission of the Tecolote grant sent a letter to Messrs. Quinly, Baker and Greenberger, asking those gentlemen to immediately have their mining properties surveyed. The holdings of these gentlemen comprise 210 acres, and the grant trustees request the survey because they have propositions from eastern Colorado parties to lease the mineral lands of the grant. They wish to have the lines of the occupied lands thoroughly defined in order to close what may be a big deal.

New Commissioners Organized.

A meeting of the county commissioners, the old members and newly appointed, was held last night at which T. C. Gutierrez was appointed chairman.

Another meeting was held by the same body this morning at which Jesus Romero, of Old Albuquerque, was appointed probate judge of the county of Bernalillo.

The meeting then adjourned subject to the call of the chairman.

## TOO HANDY WITH A GUN.

Young Man Makes a Bad Break While in His Cups.

A young man indulged a little too freely in the cup that cheers last night and this morning about 6 o'clock created considerable excitement by shooting through the partition between the wine room of the Headquarters saloon and Thos. E. Blauvelt's barber shop, narrowly missing the proprietor of the latter, says the Las Vegas Record.

The facts in the case, as nearly as can be learned, are about as follows: He was in the saloon drinking and suddenly took a notion he wanted to go out into the back yard, but became mixed in his directions and finally found himself in the wine room, where he was nailed up for some time past. He endeavored to open this door and the noise attracted the attention of Thos. Blauvelt, who was standing in the barber shop, honing a razor, and he, thinking it was the Headquarters porter, with whom he is well acquainted and frequently jokes, called out: "Don't try to break into the shop in daylight, but wait until night." The man on the other side answered with

an oath and the next instant fired a shot through the door in the direction whence came the sound of Blauvelt's voice. Blauvelt got out into the street immediately and going to the barroom notified Bartender Post what had occurred and they repaired to the wine room and were just in time to see the man leave by the side door and make for the railroad yards where it was presumed he would catch a freight train that was just leaving and leave town.

The ball that he fired through the door struck a nail, by a lucky chance, and was thus diverted from its course and lodged in the opposite wall near the ceiling. Had it continued in its original it is very probable that it would have struck Mr. Blauvelt, as the course was on a direct line to the spot where he was standing and it was very fortunate that the ball was diverted.

The young man was reared in this city, but has been absent several years, during which time he has passed through the China war. He returned here only the other day on a visit to his mother, brother and sister, and it is a very deplorable affair, especially on their account, as they are highly respected in the community.

His arrest was effected at Mackel's place this afternoon and he was placed in jail.

## Praising Faywood Springs.

Hon. Charles L. Kurtz, of Columbus, Ohio, is a guest at the Faywood Hot springs hotel, and during his sojourn there, has grown enthusiastic over the place. Mr. Kurtz was for several years chairman of the republican state central committee of Ohio and came with in one vote of being elected a United States senator, his opponent being Hon. Marcus Hanna.

Hon. Harvey B. Ferguson, the well known democratic statesman of Albuquerque, was in town Friday, coming up to spend the day from Faywood, where he has been for the past ten days, recuperating from an attack of congestion of the liver. Mr. Ferguson is loud in his praises of the Faywood hot springs, whose waters, he declares, work marvels with the human system. Mr. Ferguson says emphatically that he has quit politics for good, but those who know the gentleman know that he takes to politics like a duck takes to water and that, while he may be sincere in his statement now, he will have changed his mind by the time the next campaign rolls around.—Silver City Enterprise.

## An Impossible Story.

The Albuquerque Journal-Democrat insinuates that the saloonkeepers of Albuquerque have bought the legislative assembly twice in the Sunday law question. This insinuation cannot be substantiated in any manner. It may, however, be a fact that money has been collected from Albuquerque saloonkeepers for distribution among members of the assembly, but as to the members of the legislative assembly having received any of this money that is another story, as Rudyard Kipling would say. It is not possible that the parties who did the collecting did some buying and selling of votes "in their mind's eye." In the meantime it can safely be asserted that the present Sunday law will stand as it is, and an effort is being made to supplement it by the passage of a measure which will compel a more strict observance of it by the people and enforcement by district attorneys and sheriffs.—New Mexican.

## Bound Over to Court.

## NEW MEXICO TOWNS

### GALLUP.

From the Republican.  
W. B. Bretherton, of Cerrillos, visited relatives at Clarkville several days.  
Father Julliard took Annie and Clara Marshall to the orphan asylum at Santa Fe.  
Sheriff Smith is subpoenaed to appear at Albuquerque on the 15th, as a witness in the case of a man he arrested some time ago for robbing a car at Isleta.

K. K. Scott left for St. John, where he will act as attorney for J. D. Boone, who will have a preliminary hearing for the killing of Lyne Parker.

Some casing belonging to the Bernadillo Oil company was sold by Sheriff Smith to satisfy a judgment of W. A. Van Moll. K. K. Scott and E. F. Kennedy were the purchasers.

Carman's store was robbed Friday night. Entrance was made through the back door. About \$10 in money was taken, but more damage was done in prying open doors and drawers in the desk. No clue as to who did the job has been found, but it was very likely some of the string of hobos who are continually making their way over the road.

**You Bet, We are Proud.**  
Albuquerque is mighty proud of its new woolen mill. It has reason to be. The woolen mill is worth more to that town than a military post, or even the capital would be. Santa Fe, too, should get down to securing an industry or two rather than chasing after phantoms which never realize.—New Mexican.

### SOCORRO.

From the Chieftain.  
Miss Stella Ramsey has been visiting friends in El Paso.

Mrs. J. W. Bridgeman, of Buffalo, N. Y., is the guest of her daughter, Mrs. Rosa McMillan, of this city.

The Magdalena train brought down a carload of sheep for Charles Chadwick, the Albuquerque buyer.

There is a move on foot among the School of Mines students to organize a base ball team—a move that should be encouraged.

Mrs. John E. Griffith, who has been very sick for about a week, is reported much better today, to the joy of her family and friends.

About a dozen wires of the telephone system were cut Saturday night. It is reported that the guilty party confessed the act and that the damage has been paid for.

L. V. Medley and H. C. Medley were in the city on their way to their home near Magdalena from an attendance of several months at a business college in Houston, Texas.

Word was received in Socorro early in the week that A. H. Hilton, of San Antonio, was suffering from blood poisoning in one of his feet. It is gratifying to know that Mr. Hilton is well again.

The hearts of Mr. and Mrs. Ross McMillan were made glad by the birth of a bright son and heir. The father is receiving the congratulations of his friends with as much equanimity as could be expected.

Professor Herrick, who was in the city the first of the week, stated that the Cat Mountain mining camp is now giving employment to about 200 men. All reports indicate prosperous times and bright prospects for the camp.

P. N. Yunker was offered \$7,000 for his farm a few miles north of Socorro. His price is \$7,500. Mr. Yunker says that the farm produced last year 25,000 pounds of as fine prunes as ever grew.

Those who have tried the prunes will verify the statement as to the quality of the fruit.

### Glad He is Back.

The people of Socorro and Sierra counties will be interested in knowing that Senator W. A. Andrews returned to his duties in the legislative council last week. He says most emphatically that New Mexico will be granted statehood by the present congress at its winter session, but New Mexico and Arizona will be admitted as one state with the capital at Santa Fe.—New Mexican.

### SAN MARCIAL.

From the Bee.

Mrs. J. E. Nichols is numbered among the sick this week.

Rev. George Ray informs us that his family has been slightly indisposed this week.

Mrs. Sam Ruffner and Misses Helen Ray and Lucile O'Brien returned to town from a visit in Trinidad.

W. G. Lane has received the contract for the erection of the new corner block, and the work will begin as soon as the material is ready.

Mrs. W. H. Howard expects to start a trip to Iowa. She will stop off in Lawton, Kan., to visit her son, Will, who is employed in the shops there.

Protracted meetings will begin in the Methodist church on Wednesday evening, March 18. Two eloquent evangelists, Revs. R. T. Wilsey and J. R. Russell, will have charge of the services and everyone is earnestly urged to hear them.

Dr. C. G. Cruickshank, in spite of being delayed by the snow, had very satisfactory trip to Capitan last week. He organized an Odd Fellows lodge there of fifty charter members, fifteen or twenty more to go in immediately. Our people have long been acquainted with the doctor's ways of persuasion, and will be glad to learn that he is exercising them so

successfully on the citizens of other towns, to the upbuilding of one of the best fraternal orders in existence today.

### Page Stated.

Page Otero, brother of the governor, is slated for the office of game and fish warden. Page has many friends in Silver City who will be glad to hear of his good fortune.—Silver City Enterprise.

### LAS VEGAS.

From the Record.

The last will and testament of the late Mrs. Sophie E. Hamilton will be proved in the probate court on March 23.

Some miscreants entered the yard of J. Minium and amputated the tail of his pony which was in the yard. It is presumed that they wanted the hair for the manufacture of hair brushes and chains and other novelties.

Solomon Coan, the old soldier residing on the west side of town, has placed on exhibition at Phil H. Doll's establishment a gun and a sword which he captured at Huntsville, Ala., during the Mexican war. The weapons of warfare have the initials of the former owners engraved on them and are rare relics that he will part with for the price. Mr. Coan also has in his possession an old flint lock gun which he put in prime condition for a hunt.

A lodge of Colored Masons was instituted at the O. U. W. hall last night by Grand Master Robinson, of Colorado Springs, of the jurisdiction covering the Rocky Mountain region. Those initiated were John Smith, A. H. Ransom, Arthur Childs, Ralph Huston, Cupid Douglas, W. H. Brown. Three others, who had been made Masons at other places, were also present.

T. J. Dunlap, Thomas Dorsey, Jesse Clements, a lodge had previously been instituted at Albuquerque. Some members were initiated at Santa Fe, but they will have to hold membership in the Las Vegas lodge, as they were not sufficiently numerous to form a lodge of their own. The lodge, at its next meeting, will select its name and elect officers. At present it will work under dispensation.

From the Optic.

John Rogers, son of Mr. and Mrs. A. T. Rogers, of this city, has resigned his position in the office of the general passenger agent at Topeka, and will accept a position with the White Brokerage company, at Trinidad.

A horse is slowly dying of poverty on the flat near the Agua Pura company's stables. It is supposed the poor beast got down and his owner, a freighter, left him to starve. The city authorities should either nurse him back to life, or shoot him and relieve his misery.

William S. Standish has been testing his lixiolating process on copper and iron pyrites ores. He is highly elated over the percentage of values recovered by the mill, and says the successful treatment of this class of ores will materially broaden the field of usefulness of his mill. One of this kind that gave assay values of 21 per cent copper, returned over 20 per cent copper through his mill.

### He is Appreciative.

Representative Howard having appointed J. M. Harlan a cadet to the Roswell Military Institute, Jock wrote a neat letter of thanks in which he said: "I shall try to conduct myself so that you will have no regrets as to your selection."

If Mr. Harlan passes the examination, and it is the belief of his many friends that he will do so with flying colors, he will be the first representative from San Marcial to this excellent educational institution.—New Mexican.

### SILVER CITY.

From the Enterprise.

Dr. W. H. White is out of town for a few days, on a short trip.

Mrs. John L. Burnside is spending the week in El Paso, the guest of friends.

Adolf Witzel is expected home in a few days from Denver, accompanied by Mrs. Witzel.

L. W. Gales, of the Indian Life Insurance company, with headquarters in Albuquerque, is in the city.

Miss Florence Hutzel, of Albuquerque, is acting as court stenographer during the present term of court in Grant county.

John Brockman, the wealthy mine owner of Los Angeles, and former Grant county citizen, arrived in the city Wednesday on important business.

Robert Golding and George Cundiff are spending the week in El Paso on business. Harry Cline has Mr. Cundiff's place at the Club House during the latter's absence.

Oliver Lazure returned home this week from a visit with his wife, who is spending the winter in Clifton with her sister, Miss Bunker, who is teaching in the public schools in that place. He left Mrs. Lazure much improved in health.

Deputy United States Marshal Forbes, of Albuquerque, arrived in the city on official business connected with the prosecution of the case of Juan Madrano, charged with breaking in a bonded car at Lordsburg, the night of January 16 or 17, and stealing about \$100 worth of goods.

### Has Some Regrets.

Your correspondent has some regrets as to the session is drawing to a close. The better he becomes acquainted

## YOU FEEL SICK

And you wonder what's the matter. Your head aches, you feel tired and nervous, have no appetite and can't sleep. The trouble lies in the stomach. It has become weak, and cannot, therefore, do its work properly. Take a dose of Hostetter's Stomach Bitters before each meal. It will restore the appetite, insure perfect digestion and sound sleep and make you feel better. No other Spring medicine is as good. Try a bottle.

## HOSTETTER'S STOMACH BITTERS

ed with the members of the house and council, he finds them to be an extremely genial, wise and courageous body of men, always anxious to pass legislation that will justify the election of a republican legislature two years hence and encourage the granting of statehood to New Mexico at the earliest possible moment.—New Mexican.

### Land Office Business.

Homestead Entries—Cornelia Martinez, of Maxwell City, 160 acres of land in Colfax county; Matias Chaves, of Burley, 160 acres of land in Socorro county; Procopio Montoya, of Puerto de Luna, 40 acres in Guadalupe county; Leandro Carillo, of Sena, 160 acres in San Miguel county; Matias Carillo, of Sena, 160 acres in San Miguel county.

Final Homestead Entries—Joseph Davis, of Gallateo, 160 acres of land in Santa Fe county; George Davis, of Gallateo, 160 acres in Santa Fe county.

Cures Sciatic Rheumatism. Mrs. A. E. Simpson, 509 Craig street, Knoxville, Tenn., writes, June 18, 1899: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Cosmopolitan Pharmacy—B. Ruppe.

### Only a Little Fun.

Representative Ortega developed into a great obstructionist last Monday during the discussion of the Fall ditch bill, and Representative Martin Sanchez created a great laugh by moving that a committee of three be appointed to escort the gentleman from Socorro to the Las Vegas insane asylum.—New Mexican.

### For Over Sixty Years.

An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

### THE GREAT FLOPPER.

The Journal-Democrat Not Even Liked by the Democrats.

The Albuquerque Journal-Democrat is recalcitrant, hot and asphyx, white with warmth, over the recent division of the territorial printing crib, and has announced its intentions of becoming an independent republican paper, and expects to say things in the future about people and doings. All right, Journal; you have been subject to these pretors in the past, so go after them all and be any old thing, just so you don't again attempt to be democratic, that would not only spoil the business relations under your present management, but might injure the democratic party.—White Oaks Eagle.

Children's Coughs and Colds. Mrs. Joe McGrath, 327 East First street, Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c and \$1.00 at Cosmopolitan Pharmacy—B. Ruppe.

Board of Pharmacy Appointments. The following appointments have been confirmed by the council: E. G. Murphy, of Las Vegas, to be a member of the territorial board of pharmacy from March 19, 1902 to March 19, 1907; B. Ruppe, of Albuquerque, to be a member of the territorial board of pharmacy from March 19, 1903, to March 19, 1908.

So Sweet and Pleasing in Taste! Mrs. C. Peterson, 625 Lake street, Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and so pleasing in taste." 25c, 50c and \$1.00 bottle at Cosmopolitan Pharmacy—B. Ruppe.

### A Big Man Now.

The governor of the territory will be the biggest part of the legislative assembly from now on. He can veto any bill presented to him by simply putting it in his pocket and having it remain there. Here is hoping that he will do so should improper or injurious measures be presented to him.—New Mexican.

Attorney A. B. McMillen and family have returned from a several weeks' visit with friends at New Orleans. They were there doing the Mardi Gras.

### BILLS SIGNED.

Governor Otero Affixes His Signature—Bills to Be Disposed Of.

Last Friday, March 13, Governor Otero affixed his signature to the following bills:

An act giving to cities the authority to appropriate property by condemnation.

An act authorizing the grading and improvement of streets and assessing the cost on abutting property.

An act relating to acequias.

An act to provide for the printing of rules of the supreme and district courts.

An act creating district attorney districts.

An act providing for the management of the Las Vegas grant.

An act creating the office of game and fish warden.

An act to create Sandoval county.

A resolution to accept Cecil Rhodes scholarships.

An act granting the Woman's Board of Trade at Santa Fe a site for a public library.

An act creating armory boards for Las Vegas and Albuquerque.

An act relating to trust companies.

An act to amend the law relating to administrators and executors.

An act providing for the building of public school houses in rural districts.

The house Friday passed the following bills:

An act authorizing the treasurer of Luna county to pay the treasurer of Grant county certain moneys.

An act limiting the fees to be charged by notaries public.

An act authorizing county commissioners to have certain lands surveyed.

The bill was killed, however, in the council.

An act providing for the continuance of the work of the United States land commissioner.

An act authorizing the facilities at county jails to be increased.

An act to provide for the registration of trade marks.

An act relating to corporations and incorporation fees.

An act requiring bond and surety companies to deposit bonds or other surety with the auditor of the territory.

An act to amend the laws on community ditches and acequias.

An act to amend the act creating Sandoval county.

The council passed the following bills:

An act providing that the adjutant general shall turn over to the Veterans' associations the flags of the Spanish-American war.

An act amending the recently passed trust company bill.

An act to punish offenses against private property.

An act to prevent county officials from becoming sureties for others.

An act relating to the use of emblems on ballots.

An act to prevent the destruction of highways.

The council killed the bill passed by the house and authorizing surveys of property for assessing purposes and the bill providing for the compulsory education of Indian children. It confirmed the nomination by Governor Otero of A. B. Fitch, of Socorro, and J. J. Baca, of Socorro, to be regents of the New Mexico School of Mines at Socorro.

A Physician Writes. "I am desirous of knowing if the profession can obtain Herbine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected, to their healthful activity." 50c bottle at Cosmopolitan Pharmacy—B. Ruppe.

### STOREKEEPER RICE.

Arrived Sunday Morning from the West.

N. M. Rice, general storekeeper of the Santa Fe, whose appointment to that position was mentioned in The Citizen of last Friday, arrived from the west Sunday morning accompanied by O. W. Youngquist, who succeeds him here as storekeeper of the coast lines.

The announcement of the promotion of Mr. Rice to his new and desirable position has brought forth a deluge of the past year's jealousy the morning paper has felt toward The Citizen the past several weeks on account of the numerous scoops.

On Saturday morning the Democrat, in referring to the storekeeper scoop, used the name of Chief Clerk Smith, much to the displeasure of that gentleman, who denies having called at the office of that paper.

The use of a railroad man's name in connection with any article of the kind has been the cause of more than one railroad employee losing his job.

**Keeley Cure**  
For Drunkenness, Opium, Morphine and other Drug Habits and Neurasthenia.  
THE KEELEY INSTITUTE, Dwight, Ill.  
Correspondence Strictly Confidential.

The box cars were almost totally demolished and the engine was badly wrecked. The passengers on the limited were shaken up but none were seriously injured.

### SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, of Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

### Shared Dunbar Thompson.

Last Saturday, Shared Dunbar Thompson died of pneumonia, aged 42 years. He was a native of Tennessee and lately came to Needles from Albuquerque, N. M., where he leaves a wife, son and two daughters, as well as a son who was with him at his death. The deceased was employed in the local railroad shops and was taken sick the latter part of the week, being confined to his bed only three days. He was buried in the cemetery on the hill, the funeral service being held at the Methodist church.—Needles, Cal. Eye.

Route Agent A. E. Powell of the Wells-Fargo Express company, arrived in the city Saturday night.

George E. Brewer, the insurance agent, went to Santa Fe this morning.

### Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case resulting in pneumonia, which shows conclusively that it is a certain preventative of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

### INDIAN SCHOOL NOTES.

Superintendent R. P. Collins turned over the government property last evening and Supervisor Wright assumed charge of the same this morning.

Superintendent Wright will have charge of the school until a superintendent has been appointed.

Superintendent Collins leaves the service and goes to Rocky Ford, Colo., where he will engage in farming and stock raising.

Mrs. Collins has also resigned her position as teacher and her position will be filled by Miss A. Schach, from Phoenix, Arizona.

Our farmer is busy planting and teaching his boys how to do it in the most approved manner.

Mrs. Mahaffey has been on the sick list for a few days, but is now recovering.

At the Price of Suffering.

Woman on her way to semi-invalidism caused by pregnancy suffers much pain. Ignorance prompts her to suffer alone in silence and remain in the dark as to the true cause.—motherhood.

Mother's Friend takes the doctor's place and she has no cause for an interview. She is her own doctor, and her modesty is protected. Daily application to the breast and abdomen throughout pregnancy will enable her to undergo the period of gestation in a cheerful mood and rest undisturbed.

Limited Slightly Wrecked.

The Chicago Limited, No. 4, due here at 12 o'clock Saturday night, met with an accident in the east Gallup yards and did not arrive until 7 o'clock Sunday morning. No. 4 was going in to Gallup about on time, when it met four runaway box cars traveling at about twenty miles an hour. The engineer discovered the runaways in time to slow up considerably before the collision. The engineer and fireman saved themselves by jumping.

## Railroad Topics

### FREIGHT CARS LACKING.

Santa Fe Needs More Cars for Freight Traffic.

The shortage of cars for freight traffic is the great problem which now harasses the traffic department of the western railways. The Santa Fe is no exception to the rule, and the demands of shippers for cars are greatly in excess of the supply.

Many Santa Fe cars are out on foreign lines, but at the same time, many foreign cars are on the Santa Fe lines. The situation in this respect is said to be about a stand off. Down at the various shipping points along the Santa Fe lines in Kansas, people are, figuratively speaking, lined up along the track waiting for cars to come. No sooner does a car come into town than it is pounced on by the first man who sees it, and loaded. There is no delay. Traffic like this ought to pile up the revenue in the Santa Fe treasury.

Every effort is being made by the Santa Fe to increase the amount of equipment for taking care of this vast business. Already orders have been placed for the manufacture of about 3,000 more freight cars. But locomotives are being turned out at the rate of one a week for the Santa Fe, and all the system shops are working at full capacity to keep the equipment in repair.

### A Poor Depot.

Take the depot, for instance, one very small waiting room for a town like Gallup: Adamanna, Navajo Springs, and in fact all of the stations on the line have much better accommodations than Gallup, for the amount of business transacted. This station is probably the best for the company on the line, as we are informed that the revenue derived therefrom for the month of February was something over \$110,000. Just a slice from one month would build a real nice depot. The company is making substantial improvements all along their line, and in all probability will get around to Gallup in the near future.—Gallup Republican.

### NEW PACIFIC COAST WIRE.

Postal Company will String Wire Along Union Pacific Right of Way.

The Union Pacific Railroad company and Postal Telegraph company have come to an agreement by which the postal company will build a line of wire on the Union Pacific right of way from Omaha to the Pacific coast. The poles and wire have been stored at Omaha for some time and work of construction will begin at once. The line will carry six wires, and the total cost of construction will be \$1,500,000. The object of the new line is to connect the Postal company's system directly with the Pacific cable now being constructed by the Mackay interests.

The New Mexican says: General Manager W. S. Hopewell, of the Santa Fe Central railway, went to Albuquerque during the week to attend to business connected with terminal facilities of the Albuquerque Eastern railway. Mrs. Hopewell and two sons who returned with Mr. Hopewell from Chicago on Monday are still here and expect to remain for some weeks.

Gallup's Agent Resigns.

B. L. Holmes has resigned the position of agent for the Santa Fe at this place, to take effect on the 15th, or as soon thereafter as the transfer can be made. Mr. Holmes has been with the Santa Fe company for eighteen years, the first three years in the train service and fifteen years as agent. Mr. Holmes is considered one of the most competent men on the system, and it is with regret we note his resignation. As soon as he is relieved Mr. Holmes with his wife will go to Los Angeles, and after a short vacation, will probably enter railroad work again, but with another company. In a social way Mr. and Mrs. Holmes will be greatly missed in Gallup. We wish them happiness and prosperity in their future undertakings.—Republican.

Ford Harvey, who is known from the Atlantic to the Pacific, because of the excellent meals served by the Harvey system of eating houses, has sold his fine ranch in Lyon county, Kansas. The ranch was one of the best equipped and stocked in Kansas and consisted of about 600 acres. The property was sold to Wright Bros., cattlemen, and it is reported that the consideration was near \$20,000. Mr. Harvey spent Saturday here and left for the coast Saturday night.

###

## THE HOME.

Although it is generally supposed that all well-bred people know that in using the knife and fork a movement of the wrist and not of the elbow is the proper thing, we occasionally see folks using their elbows vigorously. The handle of the knife should repose in the center of the hand, and no part of the hand should touch the knife above the handle. In using a fork only the half of a handle is covered by the hand.

For sponge cake ad pound cake have the oven sufficiently heated to turn a piece of white paper yellow in five minutes. For all kinds of cup cakes use an oven that in minutes will turn a piece of white paper a dark yellow. For bread and pastry have an oven that in five minutes will turn a piece of white paper dark brown. When the oven is too hot at first a crust forms on the bread or cake, which prevents it rising. It is better when baking bread and cake to have the oven a little slow at first and increase it gradually.

Potato Chowder: Pare and cut into dice five good-sized potatoes and throw into cold water. Cut a quarter pound slice of fat ham into shreds and put it in a frying pan with a minced onion and fry a light brown. Put a layer of potato dice in a kettle, sprinkle in ham, salt, onion, pepper and minced onion, then add more potatoes, pork, onion, etc., until all are used. Add the fat in which the onions were fried and a pint of cold water. Cover and cook gently until the potatoes are nearly done, about twenty minutes. Rub a tablespoonful of butter and the same of flour to a smooth paste and stir into the chowder, then when it begins to thicken add a pint of hot milk, stir carefully together so as not to break the potato dice. Try the seasoning and if right let the chowder boil up a few minutes and serve at once.

Chocolate is healthful and nutritious and might well be used frequently. To make five cups of custard, allow one pint of milk, two eggs, one ounce of unsweetened chocolate, five tablespoonfuls of sugar, one-fourth of a tablespoonful of salt and a piece of stick cinnamon about one inch in length. Put the milk and the cinnamon in a double boiler and cook for ten minutes. Scrape the chocolate and put it in a bowl with three tablespoonfuls of sugar and one tablespoonful of boiling water. Stand the bowl over a kettle of boiling water and stir until the chocolate becomes smooth and glossy. Then stir it into the hot milk and remove the mixture from the fire, standing aside to become cool. Beat the eggs without separating until light then add the salt and the remaining two tablespoonfuls of sugar. Stir into the cool milk and strain. Pour into custard cups. Stand the cups in a deep pan, fill the pan with water for two-thirds the depth of the cups and bake in a moderate oven until firm. Serve very cold in the cups.

### HINTS ABOUT VEGETABLES.

#### Some Few Facts the Housewives Should Know.

When peeling potatoes always leave the potatoes in water, and you will find that the hands are kept free from stain, which is very disagreeable.

While cooking cauliflower keep the head down in the pot, well covered with water, and it will come out much whiter than when exposed to the air.

Peel an egg plant and cut in slices one-half an inch thick. Immerse in salt water an hour, drain and dip each slice in between egg and bread crumbs and fry brown.

The tender leaves and small ends of the stalks of celery should never be thrown away. If dried they will be found excellent for flavoring soups.

Do not throw away the water of asparagus in season, or if canned, as it will make a very nice cream soup.

Lettuce may be kept fresh by covering the roots with damp paper or cloth, also celery and parsley.

If celery is frozen cover with cold water.

To give green corn a more delicious flavor allow the thin husks that cling to the cob to remain until serving. Boil fifteen minutes in salted water, wrap in clean napkins and serve immediately.

You will also improve the taste of fresh shelled peas by boiling with the peas a few of the pods thoroughly washed. Remove when the peas are done.

In order to give your vegetable soup a rich color and more exquisite flavor grate a large carrot and a quarter of a yellow turnip into it. Add also one-half cup finely chopped cabbage. It improves the soup wonderfully.

When cooking cabbage sprouts or greens of any kind put in the pot a piece of washing (not baking) soda about the size of a small hazel nut. This makes them more digestible, improves taste, preserves color and prevents their getting soggy, thus making a healthful as well as more attractive dish.

To make sure there are no insects in cauliflower or cabbage lay in cold water for some time before using.

Every housekeeper doesn't know that apples cored, sliced with the skins on and fried are delicious used as a vegetable and very healthful.

A little soda put into boiling spinach or any kind of greens greatly im-

proves the color.

A cut onion should never be exposed to the air, as it quickly absorbs impurities and is unfit for further use.

Celery is valuable as food for those suffering from rheumatism. Watercress and turnips are a remedy for eczema.

Onions are almost the best nerve known in cases of nervous prostration or to relieve and tone up a worn-out system.

Asparagus is good to induce perspiration.

Carrots are good for one suffering from asthma.

Remember the remedy which will cure disease may not be the best for a steady diet.

I find the best way to keep vegetables all winter and have as fresh as when taken from the garden is to pack in wooden boxes and completely cover with damp sawdust. This applies to warm, dry cellars.

#### To Overcome Insomnia.

For those women who suffer from insomnia and thus dread the coming of the night, with its wretched, sleepless state, a few suggestions are made. Disrobe in the dark, for its blackness is supposed to produce a drowsiness, whereas light stimulates and arouses the activities.

Just before going to bed take a sponge bath in tepid water, and, after lying down, relax each and every muscle. The legs and arms should be stretched out over the bed, and the best way to lie is on the face. This is the manner in which babies sleep, and their methods in this particular cannot well be improved upon.

An excellent panacea for sleeplessness is a bag of ice. This should be chopped fine and put in a rubber bag and then placed at the end of the spine. This treatment is particularly quieting to the nerves.

An empty stomach is apt to cause sleeplessness. It is a good thing to partake of some light food when preparing for bed, and for the woman who is suffering from insomnia nothing is better than a big, raw Bermuda onion with bread and butter. A French dressing helps to make it palatable. In regard to the time required for sleep, eight hours may generally be considered sufficient—that is, for the healthy woman who leads a normal life, with plenty of activity, both mental and physical.

#### ITINERARY OF TRIP.

Where President Roosevelt Will Stop En Route to California.

April 1—Leave Washington.

April 2—Chicago.

April 3—Madison, Wis.; Milwaukee, Wis.

April 4—La Crosse, Wis.; St. Paul, Minn.; Minneapolis, Minn.

April 5—Sioux Falls, S. D.; Yankton, S. D.

April 6—Aberdeen, S. D.; Edgley, N. D.

April 8—Livingstone, Mont.

April 9—Yellowstone park; Billings, Mont.

April 25—Alliance, Neb.

April 26 (Sunday)—Grand Island, Neb.; Fremont, Neb.; Omaha, Neb.

April 28—Des Moines, Iowa; Oskaloosa, Iowa; Ottumwa, Iowa.

April 29—Keokuk, Iowa; Quincy, Ill.; Hannibal, Mo.; St. Louis.

April 30—St. Louis.

May 1—Kansas City, Mo.; Topeka, Kas.

May 2—Manhattan, Kas.; Abilene, Kas.; Hays, Sharon Springs, Kas.

May 3 (Sunday)—Sharon Springs, Kas.

May 4—Denver, Colorado Springs, Pueblo, Trinidad, Colo.

May 5—Santa Fe, Albuquerque, N. M.

May 6—Grand Canyon, Ariz.

May 7—Barstow, Cal.; Redlands, Cal.; Riverside, Cal.

May 8—Pasadena, Cal.; Los Angeles, Cal.

May 9—Ventura, Cal.; Santa Barbara, Cal.

May 10 (Sunday)—Monterey, Cal.

May 11—Santa Cruz, Cal.; San Jose, Cal.

May 12—Palo Alto, Cal.; San Francisco.

May 13—San Francisco.

May 14—San Francisco; Berkeley, Cal.

May 15 to 18 (inclusive)—Yosemite valley.

May 19—Reno, Nev.; Carson, Nev.; Sacramento, Cal.

May 20—Redding, Cal.; Ashland, Ore.

May 21—Salem, Ore.; Portland, Ore.

May 22—Chehalis, Wash.; Olympia, Wash.; Tacoma, Wash.

May 23—On steamer to Seattle.

May 24 (Sunday)—Seattle, Wash.

May 25—North Yakima, Wash.; Walla Walla, Wash.

May 26—Spokane, Wash.; Idaho City, Idaho; Wallace, Idaho.

May 27—Helena, Mont.; Butte, Mont.

May 28—Pocatello, Idaho; Shoshone, Idaho.

May 29—Salt Lake City, Ogden, Utah; Evanston, Wyo.

May 30—Laramie, Wyo.; ride horse back to Cheyenne.

May 31 (Sunday)—Cheyenne, Wyo.

June 1—North Platte, Neb.

June 2—Council Bluffs, Iowa; Dubuque, Iowa.

June 3—Rockford, Ill.; Joliet, Ill.

June 4—Springfield, Ill.; Indianapolis, Ind.

June 4—Washington.

#### Remembered St. Patrick.

Representative Howard presented to each member of the house a bow of green ribbon in honor of St. Patrick.—New Mexican.

#### AT CONGREGATIONAL CHURCH.

##### An Entertainment on St. Patrick's Day.

A large gathering fittingly observed the anniversary of St. Patrick at the parlors of the Congregational church last night.

Decorations of evergreen and green trimmings were artistically arranged, so as to give the rooms a beautiful appearance. A most appropriate program was rendered and games of a merry nature were the pleasure of the evening. Misses Daisy Huntzinger and Mata Tway delivered well selected recitations, and the piano solos by Misses Rose Huntzinger and Anna Sampson were greatly enjoyed.

Mrs. Carl Hopping read a most interesting "Letter from Ireland." The prize St. Patrick essay, read by Mrs. Carey, was prepared by a number of guests. This essay was extremely interesting and amusing. The potato race and kissing the blarney stone were other amusing features of the evening.

#### Make Haste Slowly.

The council and house should now make haste slowly in passing measures introduced. There is always great danger in any legislative body that injurious, ill-advised or injudicious measures may slip through during and about this time.—New Mexican.

#### AT THE VANN HOME.

##### Miss Katie Vann Entertained a Few Friends.

Miss Katie Vann was a charming hostess to about a dozen friends at the Vann home, North Third street, last night. The affair was in the nature of a St. Patrick's party and green was very much in evidence in the costumes worn by those present and the house decorations. The games were also appropriate for the occasion. Of course "the pig in the parlor" was one of the features. For progressive peanuts and a few other contest games played, a number of appreciative presents were tendered the fortunate ones. A delightful repast was served.

#### Making a Good Record.

Gov. M. A. Otero's record in the present legislature is unassailable and the people of New Mexico are with him in the firm and decided stand he has taken for the right. Right is right, and will certainly prevail in the end.—Las Vegas Record.

#### ST. PATRICK ENTERTAINMENT.

##### Held at St. Mary's New Hall Under Auspices of Harry McKay.

The specialty entertainment given by Harry McKay at St. Mary's new hall last night in honor of Ireland's patron saint was attended by a large and pleased audience.

The harp solos by Madam De Wolfe were delightful, her selections being very appropriate. The mother and son, by means of the harp, xylophone and drums, produced harmonies that made them favorites with the large audience. The young boy proved himself to be an artist with a promising future.

Billy Grimmer in a character sketch was all there and kept things busy for some time.

Miss Ethel Gattila rendered a piano solo, "Spring Flowers," which spoke in the highest terms of the young lady's musical talent.

A vocal solo by Miss Belle Armijo, with an appropriate name, "My Wild Irish Rose," was a gentle surprise to those who had never heard Miss Armijo's sweet voice.

Miss Louise Harris sang a delightful solo.

The people seemed to never get enough of Harry McKay's methods of entertainment. Mr. McKay is very clever, his selections being of a nature that won the admiration and highest respect of the audience.

The rich and strong voice of Edward Thomas, which never fails to captivate, was one of the appreciative numbers of the program.

The evening of rare entertainment closed with a piano solo by Miss Stella Boatright.

#### True Facts.

The republicans at Santa Fe are doing nothing more—in fact, not half so much, as the democrats and pops would do, had they but the reins of government in their willing hands. But they haven't, neither will they have. Stick a pin here, so that you may know and remember.—Las Vegas Record.

#### GOOD INTENT LODGE.

##### Members Held Forth at Colombo Hall Last Night.

Dancers merry and gay held forth at the third annual ball given by Good Intent lodge No. 76, Boiler-makers and Iron Ship Builders, at Colombo hall last night and until the midnight hour had long since passed.

The hall was crowded, in fact was crowded to such an extent that the dancers would bump and tread on others feet at almost every step, but no one seemed to mind it in the least and all danced to their heart's content.

The hall was decorated in an appropriate manner and with artistic taste. Long streamers of red, white and streamers of green, adorned the walls and were hung throughout the hall. Across the front of the stage on a white banner were the large green letters, "B. of B. M. and I. S. B. Good Intent Lodge 76."

A program of twenty-four dances and four extras were danced before "Home, Sweet Home."

Mrs. Berry's and Mr. Devine's full orchestra furnished the most delightful dancing music that could be desired. Here was nothing lacking in the way of harmony and enlivened spirits.

The ball was a grand success and everyone had a most enjoyable time. Mrs. Berry was presented with a large bouquet of flowers by the lodge.

The committees in charge, who deserve high praise for their work and interest in the order, are:

Floor—Ben Gruetke, W. G. Smith, E. W. Cooper, O. Anderson, W. L. Johnson.

Reception—C. E. Newman, W. J. Taylor, P. Riley, A. Gerardi, L. Hustis, C. McDonald, A. Abel, W. Develin, Jas. Boyce, P. J. Murphy.

Arrangement—D. J. Murphy, C. E. Newman, O. Anderson, E. W. Cooper, P. Zugenbein, N. Doherty, G. Woods.

#### DISTRICT COURT.

The United States grand jury, after being in session Monday and Tuesday, adjourned today at noon until tomorrow morning. A few indictments have been made, and more than likely the jury will have some important work before the court tomorrow.

The territorial grand jury is in session today working on a few minor cases. It is thought that several cases will be ready for trial the latter part of the week.

Appointments of court officials for this term of court are as follows: J. R. Rivera, United States grand jury bailiff; Juan Anaya, interpreter; Gregorio Coulter and Thomas Werner, bailiffs; E. M. Sandoval, foreman of grand jury; N. B. Stevens, foreman of territorial grand jury; Seferino Crolott, interpreter of territorial grand jury; Juan Anaya, Vincente Armijo, and Solomon Arimjo, bailiffs territorial grand jury.

#### Omens in Jewels.

In all gems a certain witchery is supposed to lie. Some have been blessed by good fairies, while others have been touched by the hands of unique little sprites. So when maids and maidens adorn their loveliness with sparkling jewels oftentimes they are unconsciously bringing good or evil omens to themselves. Here are some of the things that gems do:

Garnets preserve health and joy.

The topaz is a preventative to lung trouble, imparts strength and promotes digestion.

Emeralds insure friendship and constancy.

Cat's-eye is a charm against witchcraft.

Amethyst banishes the desire for drink.

Sapphires impel the wearers to all good works.

Amber is a cure for sore throat and glandular swellings.

Diamonds produce somnambulism and spiritual ecstasy.

Coral is a talisman against thunder and evils by flood and field.

Opals are fatal to love and bring discord to giver and receiver.

The sonyx is apt to cause terror to the wearer, as well as ugly dreams.

The agate quenches thirst, and it put in the mouth allays fever.

#### BELEN CELEBRATES.

##### The Busy Town Has Exciting Contests in Honor of St. Patrick.

The industrial, active town of Belen was the scene of a big celebration of the sacred day of the Irish yesterday. The people of the town turned themselves loose for a good time and they certainly had it. The sports of the day were horse races, bicycle races, foot races and an exciting ball game.

The afternoon between the Fats and Leans, resulting in a tie score of 11 to 11.

The greatest events took place in the evening. Two glove contests furnished exhilarating excitement for the railroad men. The contestants were all amateurs working on the grading outfits, but they had plenty of fight in them and were very skillful.

The second contest was a fifteen-round bout, which ended in a draw. Large crowds attended all the events, especially the glove contests.

To a hard working railroad man a day of this kind of sport is greatly relished.

Harry Sonier, who for the past year has been in the employ of the Wool Scouring Mills, left last night for Peoria, Ill., where he was called by the serious illness of his father. Harry had been suffering for the past two years with rheumatism, and has so far recovered as to make him feel as though he could again make good as a pitcher, and has affixed his signature to a Des Moines contract to play in the Western league.

#### DEATH OF MRS. McDONALD.

##### Her Funeral and Burial This Afternoon—A Sad Story.

The funeral of Mrs. Clara McDonald, whose sad death occurred yesterday, took place from the undertaking parlors of A. Borders this afternoon.

The circumstances connected with the death of Mrs. McDonald are sad to relate. It is a tale of a cruel husband's neglect and mistreatment. Never before in the history of the city has so sorrowful a death occurred.

The husband, in a drunken condition, was taken from the bedside of the dying wife and locked up, and when thought to be sufficiently sober he was released and sent home, only to find that his wife had passed to the beyond.

McDonald came here some time ago, having kept a saloon along the new railroads. His wife was taken sick with pneumonia several days ago, and it was only after the neighbors took up the matter that a doctor was summoned. McDonald had been drinking very hard Monday and came home in such a condition. He annoyed his sick wife in many tantalizing ways, until the nurse, who had been placed in

charge, sent for the marshal. McDonald was locked up over night and turned loose in the morning, when he had sobered up. He arrived home about a quarter of an hour after the death of the poor woman.

#### OFFICIAL MATTERS.

##### Maps Filed.

Maps of right of way of the Eastern Railway of New Mexico, showing the seventh and eighth sections in Valencia and Guadalupe counties, were filed in the land office on March 19, 1903.

##### Lands Selected.

The Santa Fe Pacific Railroad company has selected 200 acres of land in San Miguel county, in lieu of lands in the San Francisco mountain forest reserve in Arizona.

##### Notaries Appointed.

The following notaries have been appointed by Governor Otero: Louis E. Nohl, Espanola, Rio Arriba county; C. E. Burg, Albuquerque, Bernalillo county; Theodore W. Heman, Tucuman, Quay county; Jose R. Lucero, Las Cruces, Dona Ana county.

##### Homestead Contest.

In the contest case of Graham Hart vs. Jose Ramon Cordova, involving a homestead entry for 160 acres in the vicinity of Lumberton, N. M., the commissioner of the general land office reversed the decision of the local office, dismissed the contest and left the entry of Cordova intact.

##### Land Office Business.

Final Homestead Entries—Alejo Montana, Cubero, 159 acres, Valencia county.

March 11—Felipe Santiago Mares, Wagon Mound, 160 acres, Mora county; George H. Buck, Wagon Mound, 160 acres, Mora county.

The following homestead entries have been made:

March 11—Camilo Lucero, 160 acres, Pena Blanca, Bernalillo county; Juan Alderete, San Rafael, 160 acres, Valencia county; Mattie H. McQuire, 160 acres, Willow, New Mexico, Mora county.

March 12—Emerson P. McQuire, Willow, New Mexico, 160 acres, Mora county; Ascension Salazar, Sanchez, N. M., 160 acres, San Miguel county.

##### Land Court.

The United States court of private land claims was called to order yesterday forenoon at 10 a. m. Chief Justice J. R. Reed, presiding, and Associate Justice Henry C. Sluss, Associate Justice Wilbur F. Stone, United States Attorney M. G. Reynolds and court officers present. The case of the Manuel Maria Martin del Galvan grant et al. vs. United States, No. 282, was called and set for hearing at the coming term of court. No other business was had. The court adjourned until today.

##### Land Office Business.

The following business has been transacted at the United States land office this week:

Vanderkloot, of Chicago.

##### FPANK SULLIVAN DEAD.

##### His Funeral at Church of Immaculate Conception Tomorrow Morning.

Frank Sullivan, one of Albuquerque's old timers, passed away today. He was at one time owner and proprietor of the old Sullivan place on South First street. Deceased had reached the age of 65 years, and up until six weeks ago was in good health. His sickness and death were caused by general debility and old age. He is a brother of Hugh Sullivan, of Toronto, Can., who owns considerable property in Albuquerque. The latter was a resident of this city for several years and is now engaged in the hotel business at Toronto.

The funeral will take place from the church of Immaculate Conception tomorrow morning at 9 o'clock, burial in Santa Barbara cemetery.

#### COURT OF PRIVATE LAND CLAIMS.

##### Surveys Approved—Galvan Grant No. 282 Set for Trial Today.

The court of private land claims met at Santa Fe yesterday morning. Those present were Hon. Joseph J. Reed, chief justice; Hon. Henry C
