The Carlsbad Current

TWENTY-NINTH YEAR.

THE CARLSBAD CURRENT, FRIDAY, MAY 6, 1921.

NUMBER 25.

WANT LOWER FREIGHT RATE ON ALFALFA HAY

A meeting of the directors of the Carlsbad Chamber of Commerce was called by President F. E. Hubert at the request of the Traffic committee chairman J. B. Morris, which meeting was held Wednesday evening in the Chamber of Commerce rooms.

The main purpose of this meeting was to hear proposals from the Traffic committee as to the advisability of sending a representative from the Chamber of Commerce who would go with a like representative from the Water Users' Association to Amarillo, Texas, to interview railroad officials of the Santa Fe relative to lowering the freight rate on hay shipped from the Pecos valley.

Chairman Morris presented the matter to the directors in a clear and forceful manner, stressing the necessity of getting favorable action before the hay crop is harvested and citing the fact that live stock interests have secured relief from high or excessive rates on stock being shipped to other ranges. Representatives from the Water Users Association failed to put in their appearance at the meeting as well as the other members of the Traffic committee, so it was decided to defer the matter until the regular meeting of the directors which will be on May 10th.

President Hubert had the secretary read the names of those appointed on the various committees for the coming year and the approval of the directors was heartily given to all these appointments. The different committees are given below:

Traffic Committee: J. B. Morris, chairman, Geo. V. Price, C. F. Montgomery, H. F. Christian, L. H. Pate. Publicity Committee: W. F. McIlvain, chairman, F. G. Tracy, C. C. Sikes.

Good Roads Committee: R. M. Thorne, chairman, S. I. Roberts, E. H. Weaver, W. F. McIlvain, J. E. Yates.

Membership Committee: H. H. Dilley, chairman, H. A. Gragg, Howard Prater.

New Enterprises Committee: W. A. Craig, chairman, Joseph Wertheim, J. U. Faulke.

Agricultural Committee: Joseph Wertheim, chairman, L. E. Foster, J. A. Hardy, Jr.

House Committee: E. A. Roberts, chairman, W. E. Smith, Frank Kindel.

Civics Committee: Milton Smith, chairman, John W. Wells, S. L. Perry.

Social Committee: J. D. Hudgins, chairman, D. M. Jackson, Harry McKim.

Budget Committee: Clarence Bell, chairman, H. I. Braden, F. H. Ryan, Joseph Wertheim, Tom Williams.

Free Camp Ground and Recreation Committee: R. M. Thorne, chairman, F. L. Dearborne, E. H. Weaver, W. F. McIlvain, F. E. Hubert.

A report from Chairman A. E. Roberts, of the House committee, was heard and the directors agreed with that committee that the best thing to do now in view of the fact that a lot of new members will be coming into the club soon, is to have the rooms cleaned and put into shape for their comfort. The pool

A BAD RUNAWAY.

Yesterday at noon one of the horses belonging to the service transfer, became frightened as it was being unhitched and ran away, dragging the float by one trace. The animal ran from the stable on Fox street, north on Canyon street, and into the courtyard. T. C. Horne, who was going to his home, was walking along the street at the corner of the courtyard and was run down by the animal and seriously injured, the tongue of the wagon striking him in the back and knocking him down, and the wagon going over him. He was at once taken to a local surgeon, where it was found that his right wrist was broken, his ankle dislocated and a number of minor bruises inflicted on head and body. His escape from instant death is remarkable. While suffering considerably we are glad to state that it looks now as though he would soon be about again.

For your Sunday Dinner order Sweet Shop Ice Cream or Sherbet. It will please the whole family.

and billiard tables will be recovered and chairs repaired as well as many other things done to improve the appearance of the rooms. It was decided to subscribe for one daily paper for the benefit of the members of the club, have a magazine delivered regularly and have stationery on hand for writing letters. The employment of the janitor as well as all other matters pertaining to the rooms was turned over to the House committee, with the suggestion that a new lock and keys be put on the door and those who are not members of the Chamber of Commerce excluded from going to the club rooms.

Chairman Melvain of the publicity committee reported that they are now having printed two sets of blotters for distribution with a large picture of the Pecos river from the bridge below the dam to the gume. This picture has been reduced in size and will be printed in at least two colors on the blotter together with appropriate advertising matter.

It was called to the attention of the directors that Francis G. Tracy, who represented the local Chamber of Commerce in Albuquerque at the meeting of the secretaries of the state, had been elected as vice-president of the state organization.

Chairman Bell, of the Budget committee, reported that they were not quite ready to submit a budget for the coming year, but were going to follow the plan of securing pledges for the year from business and professional men. The different amounts to be given will be determined largely by the committee.

The question of putting on a drive for funds in Carlsbad for the Salvation Army was put up to the directors by E. A. Roberts, who handled that matter last year and turned \$750 over to that organization. It was the consensus of opinion of those present that at this time money for charitable purposes should be spent at home and there will be no drive this year in Carlsbad for the Salvation Army.

It was decided the Chamber of Commerce would have an auto in the parade next Monday to be decorated by the publicity committee, W. F. McIlvain, chairman.

The next regular semi-monthly luncheon of the club was announced to be held at the Palace Hotel next Thursday, May 12th. Every member is urged to be present at this luncheon as important matters will be discussed, as well as the enjoyment of a social good time.

NOTICE TO WATER USERS.

The attention of all water users is hereby directed to the provisions of Chapter 100, Session Laws of 1917, providing a penalty for allowing irrigation or drainage waters to flow upon public highways. Complaints are being made to the County Commissioners that this law is being violated, and in order to protect our roads it will be necessary that this law be strictly enforced from now on. Knowing the conditions in the irrigated districts, we feel that before filing complaints in the courts, all should be given this information as to the provisions of the law so as to prevent any violation of it in the future. The provisions of the law are as follows:

"Section 1. Any farmer, mayor, or other person having charge of irrigation or drainage waters, who, through neglect, oversight, carelessness or design, shall allow irrigation or drainage waters to flow upon any public highway so as to hinder, delay or obstruct travel, or any person, who, through neglect, oversight, carelessness or design, shall allow water to flow from any reservoir, tank or watering trough upon any public highway, so as to hinder, delay or obstruct travel, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not to exceed twenty-five dollars (\$25.00)."

"Sec. 2. Any farmer, mayor, or other person having charge of irrigation or drainage waters, who, through neglect, oversight, carelessness or design, shall allow irrigation or drainage waters to flow upon any public highway, so as to hinder, delay or obstruct travel, or any person, who, through neglect, oversight, carelessness or design, shall allow water to flow from any reservoir, tank or watering trough upon any public highway, so as to hinder, delay or obstruct travel, shall be liable to any person, corporation or co-partnership for any delay, deterioration or damage to any field, beast of burden, freight or commodity caused by reason of such water flowing upon the public highway."

BOARD OF COUNTY COMMISSIONERS.

ENTERTAINED IN HONOR OF ARCHBISHOP DAEGER.

C. E. Smyer, Santa Fe Superintendent of this division, was host at a special dinner served at the Harvey House last Sunday evening, the occasion being given in honor of Archbishop Daeger of Santa Fe who spent last Saturday and Sunday in Clovis. Covers were laid for twelve. The out of town guests were Rev. Edgar Casey of Roswell, Rev. Raymond Mulligan, of Carlsbad and Rev. A. Esteve of Tucuman and the guest of honor who were here to attend the confirmation service Sunday at the Catholic church. After the dinner a smoker was given at the home of John Barry.—Clovis News.

LOVINGTON MAN HELD ON SHOOTING CHARGE.

Lovington, May 2.—Dr. A. A. Dearduff is being held by the local authorities charged with shooting at his former wife, Anemone Dearduff, with a shotgun. Mrs. Dearduff was granted a divorce from her husband some time ago and the couple recently applied to the county clerk for a marriage license to be remarried. No magistrates being in town the couple failed to get married and an argument followed which led to the alleged shooting. The shot however, did not take effect and no one was injured.

A SAD ACCIDENT.

Monday morning at Hope, N. M., Mr. and Mrs. John Tomlinson and five months old baby were on their way to the country in a wagon, when the team became frightened at a motor truck. Mr. Tomlinson got out and held the lines but to no avail. The team ran away and dragged him four hundred yards before they stopped, in the meanwhile throwing Mrs. Tomlinson and the baby out, killing the baby instantly. Mrs. Tomlinson is severely bruised and her ankles sprained.

Judge Reed Holloman, who has been holding court here for Judge Brice, left for his home at Santa Fe, Sunday night. The judge was a guest of honor at a function given at the home of Major and Mrs. E. P. Bujac, at their home "Armanline", in La Huerta, the Thursday night before his departure. The following guests were bidden to meet Judge Holloman at that time, Mr. and Mrs. C. C. Sikes, Mr. and Mrs. Holly Benson, Mr. and Mrs. L. E. Foster, Dr. and Mrs. William Glasier, Mr. and Mrs. D. M. Jackson, Mr. and Mrs. H. C. Dilley, and Miss Howell.

BURGLARY SATURDAY NIGHT

The store of Roberts-Deaborne Hardware Company, on the corner of Fox and Canyon street, this city, was entered by burglars sometime Saturday night and goods to the amount of five or six hundred dollars were taken. The burglars effected an entrance to the building by using a "jimmy" on the back door, and when it had sprung sufficiently for the purpose, a pipe was used to force the door open. The goods taken were in the main guns and ammunition, with a fine saddle and two pairs of handmade bits and spurs, and some pocket knives with corkscrews. The burglary was discovered when Mr. Nabors, salesman for the firm, entered the door Sunday morning.

The firm has offered a reward of \$100 for the arrest and conviction of the guilty parties. It is thought that there were at least two concerned in the robbery. Sheriff Batton is working on the case and he has a way of unraveling any crime that is possible of solving and bringing the guilty parties into court, but he had no clue in this case until Wednesday night when a slight clue was discovered. It is thought and hoped that an arrest may be made before very long.

AN IMPORTANT CONFERENCE.

The Secretary of Agriculture has called a conference on May 16th, 1921, in Washington, D. C., of representatives from all states interested in cotton production to consider how best to protect the cotton industry against the Pink Poliovirus.

Already one million dollars have been expended by the Federal Government, but owing to the lack of co-operation on the part of the states of Texas and New Mexico, the danger has been increased rather than diminished.

The condition is serious, and the Department is now considering quarantine measures to check the invasion, and this consultation is called before taking definite and drastic action.

It is important that the Carlsbad project be represented at this meeting, and a request for such representation has been received from the Hon. Henry C. Wallace, secretary of Agriculture.

"Sittin' Pritty" at the Armory last night did not receive the patronage deserved, from the merits of the play as well as the object for which it was staged. The threatening weather the early part of the evening is partly responsible for the meager attendance and the nearness of time to the Chautauqua is to blame for the rest. Those who were present were pleased as was evidenced by the hearty applause which greeted each number and all who participated were at their best.

Loving people are pretty busy at this time with social affairs. Aside from the play at the Methodist church which is to be given tonight by the Sunbeam Band, will be the supper to be given tomorrow by the townspeople, regardless of church affiliations honoring the family of Dr. C. A. Miller, residents of that village. Dr. Miller expects to leave as soon as school closes for Las Vegas, where his son will enter the Normal for a four-year course. The entire valley regrets the determination of this fine family to make their home elsewhere.

The long drought was broken last night by a nice little shower of rain which laid the dust and gave the gardens and flowers a fresh look which no amount of artificial irrigation can do. From indications, more rain will fall in the near future, but it will not do to prophesy just when it may be expected.

The Campfire Girls had a hike last week going to the flume with their dinner and having their usual good time. This closes their activities until the close of school when they will be again taken up with renewed interest during the summer months.

Mrs. W. E. Smith returned the first of the week from Roswell where she had been taking treatment from a specialist for an injured eye. The Current is highly gratified to learn that she is recovering nicely and that the sight of the eye is not destroyed as was at first feared.

Mrs. Emerine Berry, night operator at the Central Telephone office is taking a much needed vacation of two weeks at El Paso, Texas, where she has relatives. Mrs. Meyer is filling her place during her absence.

Mrs. Henry Dickson, Mr. and Mrs. John Dickson, Hugh Dickson and Miss Emma Willie Lucas were business visitors to Roswell, Wednesday.

Mrs. D. R. Harkey spent the day in Roswell, Tuesday on business. Mr. and Mrs. George O'Connor went up to Roswell Tuesday of this week and spent a few days there on business and visiting with friends.

CHAUTAUQUA PARADE WILL BE HELD MONDAY

It has been decided by the Chautauqua committee to follow the idea suggested by Mr. Wildman, who was sent here by the Redpath-Horner chautauqua to help in the selling of tickets and getting the chautauqua started off right, to put on a parade next Monday to boost the chautauqua and instill town "pep" into the business men and citizens of Carlsbad. The parade will be held Monday afternoon at four o'clock and the ticket selling campaign will be started Tuesday morning by members of the committee.

At a meeting of the committee the following were appointed by Chairman John W. Wells to carry a petition to the business houses: J. D. Hudgins, C. C. Sikes, J. F. Flowers, F. G. Snow and S. L. Perry. This committee, together with Mr. Wildman, presented the following petition to the business men of the city and secured the signatures printed below:

"We, the undersigned, agree to furnish a decorated automobile for a BOOSTER PARADE to be held in Carlsbad on Monday afternoon at 4 o'clock, May 10th, 1921, the purpose of this parade being to further the sale of chautauqua tickets and to develop town "PEP". We also agree to close our places of business each afternoon of chautauqua week, with the exception of Saturday, at 4:30 P. M., instead of at 5:00 P. M. as heretofore."

The committee to have charge of the parade is J. S. Oliver, J. D. Hudgins, C. C. Sikes, C. F. Montgomery, Paul Mahan and Frank Kindel. Any one desiring information about the parade or how to decorate cars should see some member of this committee.

The parade will be led by the cavalry with the Boy Scouts next, the American Legion, Fire Department, Chamber of Commerce, Woman's Club, W. O. W., all in the order named followed by others autos decorated with a chautauqua banner and advertisements of the various business men of the city. The decoration is left to the individual entering a car but the committee will be glad to help those who need it and ask for the same. The parade will form at the Armory at 3:30 and march where the leader directs.

A prize of four season tickets will be given for the best decorated car, by the Redpath-Horner chautauqua, but the honor of winning should be the first consideration.

The price of the tickets this year is \$3.00 for all the performances, fourteen in number. When it is considered this is the highest class of entertainment to be obtained this is a very low price, indeed, and the citizens of Carlsbad and surrounding country should avail themselves of

HONOR ROLL OF CARLSBAD SCHOOLS.

First Grade.—Joe Andrews, Claire Benson, Lenora Kearney, Ethel Mae Music, Henry Stafford, Houston Wester, Earl Hanson, Joe Lane Baker, Louise Hubert, Robert Lock, Mae Blossom Pae, Thelma Vaughn, Henry Barber, Edward La Velle.

Second B Grade.—Draper Brantley, Aline Dickson, Warren Lockhart, Ella Mae Tinsley, Tillman Mahan, Lots Warren.

Second B Grade.—Attie Lea Horne Isabel Judkins, Dorothy Hiler, Jeanne Stennis, Ollie Mae Small, Virginia Yates.

Third B Grade.—Winburn Dillahunty, Ethel Middleton, Elizabeth Noel, Edith Middleton.

Third A Grade.—Joe Aschbacher, Jno. Barber, Jr., Marguerite Beckett, Helen Benson, Wm. McIntosh, Mattie Mae Richards, Marybelle Rickman, Norman Riley, Raymond Zimmerman.

Fourth B Grade.—Faye Bobbine, Helen Bond, Nell Musick, Jack Barnett, Hazel Stevenson, Francis Tracy. Fourth A Grade.—Edna Hays, June Joyce, Loudale Zimmerman, Alice Jordan, Frank Andrews, W. C. Cotten, Virginia Wester, Erma Allen, Evelyn Kircher, Sue Catherine Williams, Raymond Cox, Ganson Lockhart.

Fifth B Grade.—Erna Joano Quirey, Willie Boatright, Edgar Richards, Ruth Craft, Eunice Regnier.

Fifth A Grade.—Pitts Holman, Marguerite Rohmer, Mary Witherspoon, Billie Holt, Perry O'Connor, Jim Baker, Bina Hobbs, Amy Williams, Fred Heisig, Rena Ellison, Pearl Bartlett.

Sixth B Grade.—James Beals Louise Weidson, Anna Lee Thomas, Ellen Hitchcock.

Sixth A Grade.—Edith Horning, Mary Bell Lee, Herbert Sutton, Nadine Hughes, Robert Bert Nymeyer, John Paul Zimmerman, Lucille Myers, Louise Oliver, Glen Hamblin, Edwin Little.

Seventh B Grade.—McKinnis Tinnin, Barbara Smith, Nannie Little.

Seventh A Grade.—Douglas Duncan, Dorothy Flowers, Irma Linn Grantham, Dorothy Hudgins, Ward Leck, Mildred Mahan, Lucille Morris, Alice Quirey.

Eighth B Grade.—Laura Louise Barnett, Lura Bell, Dorothy Dillard, Francis Horne, Mildred Hutchinson, Viola Le Velle, Eleanor Patterson.

Eighth A Grade.—Anna Bush, Nell Chilcoat, Martin Grogan, Ruby Hutto Robert Pond, Elizabeth Webb, Mary Whitehead, Louise Moore, Irene Regnier.

High School.—Maggie Kircher, Vera Calvar, R. L. Collins, Frank Smith, Casses Taylor, Mary Lee Pond, Edna Herzog, Albert Miller, Chardee Rossen, Lillie Mae Nelson, Dorothy Dick, Barber Nell Thomas, Herbert Hilton, Catherine Purdy, Elizabeth Purdy, Ida Heisig, Virgil McCollum, Connie May Chilcoat, Martha Williams, Glenwood Jackson, Elizabeth Albritton, John Owen Eakin, Pearl Forehand, Marjorie Snow, Dorothy Forehand, Lena Boes Flora Reid, Frances Joy Foster, Evaline Van Wisdom, Lewis Gordon, Josephine Williams, Carl Heisig, Freida Heisig, Lillian Nicholson, Harold Toffelmire, Margaret Hinson, Alvetta Vaughn, Eunice Herring, Eleanor Flowers, Leona Allinger, Lucille Pond, Ida Pearl Morris, Cloyd Miller, Thelma Sutton, Erminia Grandi, Henrietta Dilley, Georgiana Galton, Dorothy Patton, Leona Brockman, Sina McCall.

"Mother's Day" will be observed at the Methodist church Sunday morning in a very interesting manner. There will be a number of old songs, a male quartette, a ladies quartette, and solo singing by Miss Purdy. Interpersing the songs will be tributes to "Mothers" by different persons. All who attend may be assured of a hearty welcome.

Reverend Eller, of the Episcopal church held services in Artesia last Sunday and spent Wednesday and Thursday in Pecos, arranging to hold services there next Sunday night. Mr. Eller made the trip to Pecos in his automobile and says he found the road pretty lonely.

This great opportunity. The committee entrusted with selling the tickets wishes to wind up its labors in two days at the longest and would appreciate it very much if the public would buy tickets when they call without taking up too much of their time in arguing and indecision. The members of the committee get nothing for this work and in fairness to them the public should help in every way possible.

There are forty-four guarantors on the chautauqua contract for this year and if the full amount is not realized they will be held for the shortage. However, Carlsbad has never experienced any trouble with the financial end of the chautauqua and it is not expected to fall down this year.

LOCAL NEWS.

Mrs. L. S. Myers is visiting with friends in Roswell this week.

Rev. Mahan pastor of the local Baptist church, is attending a meeting of ministers at Albuquerque this week in the interest of the Montezuma College.

J. D. Canhope, of Hope, was a business visitor to the county seat last Saturday.

Mrs. W. D. Farmer came down from Roswell Monday and will visit here among relatives for a couple of weeks.

Mrs. J. F. McClure a former resident of Carlsbad, is here and will likely remain for the summer. Mrs. McClure has had sorrow and bereavement since she left us and her many friends here will be glad to have her with them once more. She has rooms with Mrs. Annie Moore.

Henry Pickett, official court stenographer for Judge Brice, who has been in Carlsbad engaged in work for the judge, left Monday morning for his home at Roswell.

The Court of Honor within the local Scout Council is constituted with Victor Minter, chairman, R. M. Thorne, E. V. Albritton, J. D. Hudson, E. A. Roberts and L. E. Foster. Scouts prepared to take examinations for medal badges will appeal to Mr. Minter.

The Current is glad to announce the coming of the "Humoresque" which will be given at the Crawford Theater next Monday and Tuesday nights. The scene is laid chiefly in New York, the Ghetto and Fifth Avenue, being alike portrayed. It is a tale chiefly of youthful genius and mother love and has been shown to crowded houses in all the cities of the south. Carlsbad people who are desirous of seeing the best in motion pictures today should be sure to take advantage of the opportunity to see the "Humoresque."

LESSON FOR MAY 8

REST AND WORSHIP (RECREATION).

LESSON TEXT—Lev. 23:35-43; Deut. 16:1-17; Mark 6:31, 32.

GOLDEN TEXT—The streets of the city shall be full of boys and girls, playing in the streets (Lev. 23:35).

REFERENCE MATERIAL—Ex. 23:14; Lev. 23:1; Neh. 9:14; Heb. 4:9.

PRIMARY TOPIC—The Happiest Day of the Week.

JUNIOR TOPIC—Holy and Happy Days.

INTERMEDIATE AND SENIOR TOPIC—Sabbath Recreation.

YOUNG PEOPLE AND ADULT TOPIC—The Use and Guidance of Recreation.

The title "Rest and Recreation," as chosen by the committee, is hardly true to the content of the Scripture passages. It should be "Rest and Worship."

1.—The Feast of Tabernacles (Lev. 23:35-43).

This was the final feast of the series which in type covered the great facts of redemption.

1.—Time of (v. 39). It was on the fifteenth day of the seventh month and lasted seven days. This time would about correspond to the close of our September and the beginning of October. It was after the harvest had been gathered.

2. Method of keeping (vv. 40, 42). They were to take the boughs of goodly trees, branches of palm trees, and the boughs of thick trees, and willows of the brook, and construct booths. These booths were placed on the flat tops of houses, on the streets and open places of the city, and even in the fields. In these the people dwelt for the whole week.

3. The significance of it (v. 43). (1) A memorial of Israel's dwelling in booths in the wilderness (vv. 42, 43). It reminded them of God's care of them during their journey through the wilderness. (2) A "harvest-home thanksgiving" (v. 39). "When ye have gathered the fruits of the land." (3) It foreshadowed the final gathering of God's redeemed ones from all nations (Zech. 14:16, 17).

II.—The Sabbath Day (Deut. 5:12-15).

1. Meaning of (Gen. 2:2, 3; cf. Ex. 20:8-11). According to the etymology of the word, "Sabbath" means to desist from exertion—repose. God rested when the work of creation was done. On the basis of this, God has established the law of labor and rest. It is not only a memorial of creation, but of redemption (Deut. 5:15). The Jews were to keep the Sabbath in memory of the deliverance from Egyptian bondage.

2. Obligation of (vv. 12-15). (1) Kept as a sacred institution (v. 12). God sanctified it (Gen. 2:3). "Sanctify" means to consecrate, dedicate, therefore holy. It means set apart to God's service; therefore keeping the Sabbath meant more than cessation from labor—it meant to cease from labor in order to occupy one's self with God. Its supreme significance and obligation was to remember God. (2) No work to be done on the Sabbath (vv. 13, 14). All work was to be done in six days. In fact, the obligation to work six days is here made just as binding as to keep the Sabbath day. (3) By whom should the Sabbath be kept (v. 14)? (a) The head of the family. He should be the example for all. (b) The children. The children should be obliged to follow the example of the parents in keeping the Sabbath. (c) The servants. The maid in the kitchen, the servant on the farm, the chauffeur in the city, should keep the Sabbath as well as the head of the family and the children. (d) The beasts of burden. The dumb animals are likewise entitled to their rest. (e) The stranger. The foreigner who comes to our shores should be obliged to keep the Sabbath. It should be kept in mind that Christians are not under obligation to keep the Sabbath as law (Col. 2:16, 17), and especially as it applies to any particular seventh day. The first day of the week is the proper day for a Christian to observe. This he does not as a law, but as a glorious and exalted privilege. He is on resurrection ground, therefore above the law. While the keeping of the Sabbath is a matter of privilege, we owe to the one who abuses this privilege. The principle of resting one day out of seven is inexorable in its demands. (4) The ground of obligation was redemption from bondage (v. 15).

III. Jesus Invited His Disciples to Rest (Mark 6:31, 32).

He took them apart to a desert place. This was not primarily for recreation, but that they might be free from the crowd to have fellowship with Him, that they might be prepared for the strenuous days which were to follow.

From Whom Cometh Our Help. It is the privilege of those who are the children of God to dwell among the hills, among the hills where the showers gather big with blessing, where life is lifted above the swamps and miasma of the low-lying lands of doubt and uncertainty, and where the soul of man can commune with its God, from whom cometh our help.

Two Yoke Devils. Treason and murder are ever kept together, as two yoke devils, sworn to either's purpose. Shakespeare.

WOODMEN CIRCLE AT CLOVIS.

Mrs. Dock Vest, Mrs. Toffelmire and Mrs. J. H. Hewitt returned last week from their trip to Clovis where they attended a meeting of the State Woodmen Circle held at that place. The ladies report a very enthusiastic meeting, well attended, and are very appreciative of their reception by the good people of the Magic City.

They speak especially of the Manchester Guards, the degree team, of Albuquerque, who put on the initiatory work for seven candidates, and also conducted memorial services for those members of the order who had passed away during the last two years. There were twenty-two of these, one from the local lodge, Mrs. Caroline Merrifield, of Carlsbad. The services are said to have been beautiful and touching.

Mrs. Dora Alexander Talley, one of the Grand officers of the order, was present and presided at the sessions of the convention. Mrs. Talley is from Omaha, Nebraska, and was on her way to the Arizona convention, leaving Clovis for that meeting.

Carlsbad was honored in the election of Mrs. Edna Toffelmire as Grand Clerk, she having been clerk of the local lodge for some years. The next session of the Convention will be held in 1922, at Albuquerque, the time for the meeting not having been definitely decided upon, but it will be held at the same time as that of the Woodmen of the World, which will probably be in March of that year.

THE HOMELIKE CHURCH.

Services Sunday May 8.

"The City of Dreadful Night"

"Do you remember that night a year or so ago when something went wrong with the lamps on your street; and the lights of your house and those of your neighbors were out and everything was black as ink?"

"Do you remember how you drove down the dark street, carefully picking your way, how annoying it was and how dangerous? Do you remember next day of reading of the accidents, the robberies and holdups throughout the district effected by the breakdown?"

"Multiply this one night by 365 nights and add year after year to the total and spread the disaster over the entire city. Think of it. No street lights, no house lights, appliances—irons, fans, lamps, heaters, stoves, cleaners, washing machines, ironers—all useless, no phone service, no elevators, no car service, no power, no manufacturing and therefore no business."

"Picture it, your home, your office lighted by oil lamps, nothing to sell because there is no power with which to manufacture—you can't sell and you can't buy and neither can anyone else and so business comes to a standstill. FANCY THE RESULT OF TAKING POWER AND LIGHT AWAY FROM A CITY THAT HAS COME TO DEPEND UPON IT."

"Dark nights and dark days are just the things that the electric light and power industry are constantly fighting. Communication is always maintained between the weather bureau and the Central Station in order that there may be no power loss on dark days. This is just one of the many details which must be thought of to bring you service."

"HELP YOUR LOCAL LIGHT AND POWER COMPANY FACE ITS MANY PROBLEMS, BOOST IT, MAKE IT PART OF YOUR COMMUNITY INSTEAD OF A FACTOR BY ITSELF, GIVE IT YOUR SUPPORT IN THE REALIZATION OF ITS IMPORTANCE."

"MOLONEY ELECTRIC COMPANY
"St. Louis, Mo."

is the most valuable asset of any people or nation; and there never was a more propitious time for its observance.

Start the kiddies right by opening a SAVINGS ACCOUNT for them with this Bank. One Dollar will serve as a beginning and it's wonderful what four per cent interest compounded will accomplish. Money thus saved will come in mighty handy for your boy's or girls' education in later years and you will never miss it. THINK IT OVER, dear parent, and do your manifest duty.

The First National Bank

SAFETY DEPOSIT BOXES

Friday afternoon ten little girls of about the same age, were invited to the J. F. Flowers' home to help celebrate the 12th birthday anniversary of Dorothy Flowers. The little girl is very popular with her schoolmates and many little girls and boys would have had great pleasure in helping her celebrate her natal day, and she would like to have had them. But as this could not be, only a few of her very dear friends were present. They spent the afternoon playing games of different kinds on the lawn in front of the house and were treated to a refreshing ice course at the close of the afternoon. The pretty home was tastefully decorated in roses cut from the bushes in the Flowers' rose garden. The guests were Agnes Thorne, Alice Quirey, Nannie Irvin, Little, Annie Lee Thomas, Lucille Morris, Irma Llan Grantham, Mildred Mahan, Mildred Hutchinson and Helen Minter. May many more happy birthdays be hers.

Miss Lovett left Tuesday morning for Corsicana, where she expects to spend a two weeks vacation, at the home of her sister.

LOCAL NEWS.

Mr. and Mrs. Dewey Harrison returned Friday of last week from a visit of a week to Pecos.

Mrs. Tom Pearson and twin sons, are visiting at the home of Mrs. John Merchant, coming down from their home in Roswell last Sunday.

Dr. L. H. Pate, who was in attendance at a meeting of the State Medical Association, at Albuquerque, last week, returned to his home in this city Friday.

With morning worship Sunday at the Presbyterian Church the sermon will deal with "Hard-time Economics." The study Wednesday evening will bear upon Paul's Epistle to Titus.

Miss Mary Ussery came in from the Ellsworth James ranch the first of the week and will be in town for the summer. Miss Ussery has been employed as governess on the ranch. "Buster" James being her pupil.

Mrs. Harriet Brainard will arrive in this city the last of the week to spend her vacation with her sister, Mrs. Fred West. Mrs. Brainard was at one time matron of the Eddy County Hospital and now has a position as head nurse in the Ralston Hospital at El Paso.

Mrs. O. W. Taylor and daughter, came in Monday night from Macon, Georgia, for the benefit of the daughter's health, she being a sufferer from lung trouble in the first stages, from which it is confidently expected she will soon recover. The ladies have rooms at the Dishman home.

An interesting meeting of the Women's Club was held at the Club rooms in the Library building last Tuesday afternoon, the program as printed in last week's Current being given in detail. There will be only one more meeting before the adjournment for the summer and that will be held at the room on Tuesday of next week and a special program will be given but owing to limited space no guests can be invited. All club members are urged to be present at this meeting. A social hour will follow the program.

If you are in need of a REAL BATTERY, you can get the Winhard Rubber Insulated Battery at the OHNEMUS SHOPS. "Can Fix It."

TREASURY DEPARTMENT.

Office of the Comptroller of the Currency, Washington, D. C., March 19, 1921. Notice is hereby given to all persons who may have claims against "The State National Bank of Carlsbad," New Mexico, that the same must be presented to C. C. Osmont, Receiver, with the legal proof thereof, within three months from this date, or they may be disallowed.

D. R. CRISSINGER,
Comptroller of the Currency.

N. D. Hiller came up Saturday from the sulphur mines at Orla where he is employed doing concrete work, and spent Sunday with home folks returning to his work Tuesday morning.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three
Years, Suffering Pain, Nervous
and Depressed—Read Her
Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

HIGH SCHOOL NOTES.

Miss Eupha Cooper, Miss May Middleton, and Miss Grace Forehand, members of the graduating class are intending to attend normal at Silver City, thus to prepare to teach next fall. These girls are very studious young ladies and all wish them well in their chosen work. Misses Mary Lee Pond, Lillie Mae Nelson, Chardee Rosson, Vera Calvani, Edna Herzog, and Maggie Kircher are expecting to get jobs as secretaries. Stewart Armstrong anticipates being a lawyer to follow after his father. Mollie Culpepper is going to take training to be a commercial artist.

Charles C. Aker expects to go to a school of mechanics but has not selected the school yet. Albert Miller will enter the New Mexico A. and M. College at Las Cruces. Frank Smith expects to go into the hardware business. We wish well to these brilliant young people and wish them luck wherever they go.

The sermon to the graduating class will be at the Crawford Theatre on Sunday, May 22 at 11 a. m. It will be delivered by Rev. George H. Givan.

The address to be delivered to the Seniors by Zach Lamar Cobb will be given at the Crawford Theatre Tuesday, May 24th at eight o'clock.

The second year Spanish class is planning to give a Spanish play at the High School auditorium Friday, May 15th at 10:00 o'clock. Visitors are cordially invited.

The High School annual, the "Echo" will be on sale Monday morning at the Star Pharmacy. The price is \$1.00. You should have one in your home.

The Seventh A, taught by Mr. Wallace and Miss Gouwens, had a picnic at the flume on Tuesday afternoon. They left the school building about 4:00 o'clock, going to the flume in a large truck. After playing many games and enjoying the out-doors, they enjoyed a delightful lunch prepared by Mesdames Hudgins, Quirey and Thorne. They returned about 6:00 o'clock, tired but after having a good time.

The Junior-Senior Banquet is expected to be given two weeks from Tuesday night.

Last Friday at assembly we had a very pleasant surprise. Miss Marie Purdy rendered a very well selected and talented program. She gave several readings as well as vocal selections in which she has remarkable talent. Her entertainment was highly enjoyed by all present and we are anxious for her to pay us another such visit.

GRAMMAR SCHOOL NOTES.

The grammar school grounds are assuming a very pleasing appearance. Grass and flowers are being planted and, as a whole, the grounds are being beautified. As we all know, they have long needed this change.

As a whole, the school is now studying hard to prepare for the examinations as school is drawing near the close. Standard tests are being used extensively in the different rooms in almost all branches of their studies to help determine promotion.

The various rooms are showing signs of springtime by the industrious efforts of both teachers and pupils.

The sixth grade, under the supervision of Miss Buie, are decorating the borders of the blackboard with drawings of periods.

At the regular meeting of the city council last Monday night it was decided to erect a monument to be called the "Ozark Trails Monument", at the intersection of Fox and Canyon streets. The monument is to be of concrete, four feet each way at the base and twenty-four feet high and will have the names of the county seats through which the trail passes and their distances from Carlsbad, engraved on it. The work will be begun at once or rather as soon as preliminary work can be done.

Judge Brice came down from Roswell last Sunday and has been holding court since, relieving Judge Reed Holloman, in the hearing of cases in chambers and non-jury cases this week.

Thomas A. Edison

From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration.

Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit.

No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs.

The marvelous tone of the Amberola—the permanent, genuine Diamond Point Reproducer (no needles to change)—the practically unbreakable, everlasting Amberol Records—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame.

Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.

Star Pharmacy

LIE UNJUSTIFIED ON ANY OCCASION, PREACHER ASSEITS.

A lie is never justified, in the opinion of Dr. Floyd Poe, pastor of the First Presbyterian church, who spoke on the subject, "The Devil is a Liar", at the regular service last evening.

"When we go to do business with a man, it doesn't make so much difference if he drinks, at least not to excess; it doesn't make so much difference if he is licentious, it doesn't make so much difference if he breaks the Sabbath, or whether he has a bad temper. All these things are deplorable. But the moment we find out that a man is a liar, from that time forth our business dealings are at an end.

There is excuse for drunkenness, for any physical debauchery, but there is no excuse for a liar. A lie represents a flaw in character. A liar may be started on his way indifferently, as a child being permitted to tell little fibs. If persisted in it grows to a serious defect.

"There is no profound reason at any time for a lie. When a society woman prevaricates in order to be pleasant or courteous, she is either a coward or limited in resources. There are enough good things to be said about anybody or any occasion to make a white lie unnecessary.

"When a physician or loved ones lie to a sick person their presumption that the pathological effect of their falsehood is helpful is unfounded.

"We underestimate the inherent character and strength of our sick. If a man is going to die he ought to be told so. There are always things he ought to say to his loved ones, and he ought to be given the privilege to be ready to meet his God.

"It is as inexcusable in a newspaper to tell a lie as it is for a school teacher or a preacher. The most powerful educational factor in America is the press.

"The big press associations have established for themselves a splendid reputation and what they send out may be usually relied upon.

"No reputable newspaper would knowingly publish a lie in its news columns, and no newspaper should accept an advertisement the truth of which may be doubted."

Dr. Poe also took the position that a lawyer should not defend a man known to be guilty unless there were extenuating circumstances.—El Paso Times.

F. H. Ryan has returned from his vacation which he spent in the north part of the state and is again on duty as cashier at the National Bank of Carlsbad.

The Afternoon Bridge Club, and the husbands of the members, were delightfully entertained Friday night at the home of Mesdames John and Lige Merchant, in La Huerta. Thirty-two persons enjoyed the delicious supper and the games which followed and in which Mrs. Braden and Mr. Holt made high score and were awarded the prizes offered. An enjoyable evening is reported with these very gracious hostesses.

The last meeting of the Home and School association was held last Friday at the High school. The attendance was the largest at any meeting during the year. The officers will hold over until the last Friday in next September when a new set will be elected. Meetings have been held each month and much interest has been manifested in the work of the association.

One hundred years ago yesterday, the great Napoleon died on the island of St. Helena. His last thought, in common with many other great military men, was for his comrades.

BILL INTRODUCED TO AWARD CONGRESSIONAL MEDAL OF HONOR TO MAJOR BUJAC

In view of the election for United States senator from New Mexico which office is now held by the boss of the republican party in this state, H. O. Bursum, it seems that the senator is trying to make a big record for himself in the senate before the election next fall so his chances for re-election will be materially increased. Senator Bursum introduced a bill in congress a few days ago which, if passed, provides for the loaning of money on live stock up to 70 per cent of their full value. This money will be made available upon passage of the bill as it provides for setting aside the net earnings of the federal reserve banks for the year 1920 for this purpose. However, the Senator introduced a bill last Friday which also particularly pleases the citizens of Carlsbad and Eddy county as well as many others throughout New Mexico who are at all acquainted with Major Bujac. This bill proposes that congress award the congressional medal of honor to Major Etienne de P. Bujac, of Carlsbad. If passed this will only add to the number of medals presented to the Major for his gallant services to his country in the Battle of Tagnadin Mountain Philippine Islands, which turned defeat into victory for Uncle Sam's soldiers. Carlsbad is indeed proud that the Major is one of her citizens as well as being the best orator in this part of the state.

The bill in full is as follows:
 In the Senate of the United States, April 27, 1921. Mr. Bursum introduced the following bill, which was read twice and referred to the Committee on Military Affairs. A bill authorizing the Secretary of War to award the congressional medal of honor to Second Lieutenant Etienne de P. Bujac.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War be, and he is hereby, authorized and directed to award the congressional medal of honor to Second Lieutenant Etienne de P. Bujac, late of Company C, Thirty-third Regiment United States Volunteer Infantry, for most distinguished and gallant action in being the first man over the parapet at the Battle of Tagnadin Mountain, in northern Luzon, Philippine Islands, December 4, 1899.

Disability Questionnaire

1. When do Disability Benefits Take Effect?

Upon receipt by the Company before default in payment of premium of proof that the Insured became totally and permanently disabled after he received the policy and before the policy's anniversary on which the Insured's age at nearest birthday is sixty years.

2. When will the insured be considered totally disabled?

Upon receipt of due proof that he is prevented by accident or disease from following any gainful occupation.

3. When will the insured be considered permanently disabled?

Upon receipt of due proof that he will be prevented for life from engaging in any occupation for remuneration or profit.

4. How are doubtful cases of permanent disability decided?

Upon receipt of proof that the Insured has been totally disabled for three consecutive months, such total disability shall be presumed to be permanent until recovery.

5. Is the insured entitled to Disability Benefits if disability results from accident?

Yes.

6. In event of disability, is the insured required to pay premiums thereafter due?

No. The payment of all premiums falling due after receipt of proof of and during disability will be waived.

7. What amount of monthly income is guaranteed?

\$10 a month for each \$1,000 of the face amount of policy.

8. In event of total and permanent disability, when will first monthly income payment be due?

On the first day of the calendar month following receipt of proof of such disability.

9. In doubtful cases of permanent disability, when will first monthly income payment be due?

On the first day of the calendar month following receipt of proof that total disability has existed for three consecutive months.

10. In case time is required to complete investigation of claim, when and for what amount will the Company make its first income payment?

The monthly payments accruing between date proof was received and date of approval will be paid upon approval of claim. The monthly income thereafter will be paid on the first day of each calendar month.

11. Will the insured, whose premiums are waived, be entitled to dividends annually on his policy, the same as if premiums had been paid in cash?

Yes.

12. Does the waiver of premium or payment of monthly income during disability reduce the amount of the insurance?

No. The Company will pay the face amount of the policy upon due proof of the insured's death, without deduction of waived premiums or monthly income paid during disability.

Some FACTS About

Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221

Total Production 127,074 Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,779 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

LOCAL NEWS

The family of Reverend Nicholson, from Lovig, accompanied him to Carlsbad yesterday.

Miss Nornhauser has taken a position as stenographer in the office of Major Bujac.

Mrs. Sallie Slaughter, matron of the Eddy County hospital, has been confined to her bed for some days past, with an attack of tonsillitis.

Waiter Craft is spending the week in El Paso on business.

Arthur Spencer left last week for Los Angeles, California, where he has taken a position and where his mother and sister are now living.

Mrs. Ellsworth James is in town from the ranch near the Cap rock this week and is staying at the J. H. James home. She has been ill but is convalescing nicely at this time.

Mrs. W. T. Knight, after a pleasant visit of a few days in this city, has returned to her home in Clovis. Mr. and Mrs. Lee Magby report the birth of a daughter, May 1st. The child is already a factor in the Magby family and best wishes for her success in life are offered.

J. B. Leck, his mother, Mrs. William Leck, and sister-in-law, Mrs. Fred Leck, left for Kermit, Texas last Tuesday morning and are expecting to return this afternoon or tomorrow. They went to be present at the rounding up and branding of the cattle on the Leck ranch, near Kermit.

Fresh California Chocolates 80c the pound,
SWEET SHOP

A Mr. and Mrs. Butler and their daughter, are recent arrivals in Carlsbad and have taken one of the Dinsman cottages for the summer. They came directly from Gloster, Mississippi, and were recommended to this climate by Sam Mitchener, a former resident of Carlsbad. Mr. Butler is a sufferer from protracted malaria and the move is made in hopes that this altitude may do as it has for others, effect a complete cure.

Mrs. L. N. Hoag returned Monday from Clovis, where she had been attending her daughter, Mrs. K. Jones, who had been dangerously ill and was taken to a hospital at the Magic City for treatment from her own home at Yaso. We are glad to announce that Mrs. Jones is thought to be out of danger barring complications.

Little Jack Martin, the seven year old daughter of Mrs. Mabel Stevenson, was much disappointed when news of her party, which was held April 27th at the home of her mother on Canyon street, was not mentioned. Walter Glover and wife have been in town since Thursday of last week, coming to give their little daughter, Mary Idelle, the benefit of a physician's treatment. The little one has whooping cough with complications, and has been seriously ill but indications are that she will get along nicely now.

Kings may be shorn of their power
Captains may waver and fall
But the who is crowned by her beauty
Will ever be Queen of them all.

And what is her secret of conquest?
'Tis not that her face is so fair
Nor yet that her skin is like velvet
Nor even the sheen of her hair.

But the poise and the grace of her figure
Her movements so supple and free
The delicate curves of her sinuous form
Which is all very simple," says she—

Of course, it's the corset that does it
The "I couldn't expect you to know
It's the corset they call the "Live Model"
And it's other name's K-A-B-O.

The Men's Loyalty Club will meet at 8 p. m., Friday May 13th. We want all our men to come. The Club bids fair to revolutionize our church life—come and help us do it.

A cordial invitation is extended the general public to all our services.

T. C. MAHAN, Pastor.

Department of the Interior, United States Land Office, Roswell, New Mexico, April 26, 1921. Serial No. 019311.

NOTICE—

Notice is hereby given that on the 21st day of July, 1909, Rosau Brugner Dubois made application at the United States Land Office at Roswell, N. M., to select under the Act of July 17, 1854 (10 Stat., 304), the following described land, to wit:

N¹/₄SE¹/₄ Sec. 28, T. 21 S., R. 30 E., N. M. P. M.

The purpose of this notice is to allow all persons claiming the land adversely, or desiring to show it to be mineral in character, an opportunity to file objection to such location or selection with the local officers for the land district in which the land is situate, to wit: at the land office aforesaid, and to establish their interests therein, or the mineral character thereof.

EMMETT PATTON, Register.

CAN YOU BEAT IT?

A few days ago a meeting was called at Santa Fe by the State Superintendent of Education, Mr. Conway of the County Superintendents, City Superintendents and presidents of the State schools.

It developed this meeting was called for the purpose of economy and retrenchment—a very laudable effort—but a resume of its proceedings reflect a peculiar trend in securing its purpose.

The last legislature created the office of educational auditor. This incumbent appeared before this body and from his remarks it seems his main duty lies in checking up school budgets; accepting or rejecting estimates and seeing that all school officials comply with the law, without the dotting of an i or the crossing of a t. No one questioned the ability or integrity of this official but oh! the shades of Abraham Lincoln! where is thy government of the people, by the people, and for the people? What crimes are not committed against the people in the name of efficiency. Centralization of authority in the hands of the few is autocracy—a curse—and undemocratic. Why should fifty families in school district No. 9 be denied the right to determine their school policies, be denied the right to vote taxes upon themselves for adequate schools, be denied the right to employ teachers and fix salaries? Yet these very things are true and the fifty families of district No. 9 must await the pleasure of the throne probably 300 miles away. How can the Auditor of Education intelligently pass upon the estimate of district No. 9 when he cannot know its peculiar needs? He can have nothing to guide him other than statistics of tax values and school enumeration, and this merely matches the welfare and the souls of children of against the tax payers pocket book as applied to the state and not to district No. 9.

This abortion of democracy is evolved out of the county unit system; as the first easy step to autocracy. District No. 9 gave up its rights of democracy and its rightful authority was transferred to the county seat and vested in a county board of education. This did not seem so bad, as its nearness to the county seat still left it feasible of practical results. In fact local self government in school matters vanished, while in form, only, did the old system prevail. Now, however, the final authority of the County Board of Education, of the county commissioners and of the local powers are passed on up to the one authority of the state. Outwardly these powers remain; inwardly they are undermined.

There are at least three serious defects to this centralized system, viz: First. It is an encroachment on democratic principles; second, it is cumbersome and extravagant; third, it fosters inequalities of benefits as between the independent school districts and the rural school districts. Of the first, perhaps enough has been said to bring the question fairly before the people. The system is cumbersome because it consists of a continuous round of checks of which none are final except the last. It begins and ends in this way: The local board makes its estimate of expenditures for the year in which appears all the items of expense; teacher's salary, fuel, repairs, janitor service etc. This is handed to the county superintendent who as chairman of the County Board of Education, brings the matter before that body with his recommendations of approval or disapproval. It is then passed to the county commissioners who may approve or disapprove all that has been done by other boards. Now it is again on its way for approval or disapproval by the educational auditor. So the months go by as check follows check. The local board can not be sure they have employed a teacher, nor does the teacher know if she is employed, for you must remember that the teacher's salary for which employed is subject to the budget of the local board getting by all these checks. Therefore, we repeat, that any system that requires so much red tape is unparadoxically cumbersome and a reflection on the integrity of a people. It is extravagant because it creates a common county fund out of which each set of school directors will attempt to get every dollar it possibly can for its home district. Why should they not? What it does not get the other districts do, and they know as well that their district (as a rule) is paying in more taxes than they

can get out of the common fund. Here are some statistics to prove the last statement taken from the office of the county superintendent. In Eddy county the assessed value of the independent districts of Carlsbad, Artesia and Hope was \$6,400,000 while that of the rural districts in the county was \$16,000,000 in round figures. These three towns received from the school fund \$107,991, exclusive of \$9,000 high school tax, while the rural schools with approximately the same valuation received but \$44,592. Putting it in another way, observe this table:

Town	Money Received	Taxes Paid	More Than Paid In
Carlsbad	\$51,600	\$38,268	\$13,332
Artesia	42,115	24,133	17,982
Hope	22,900	13,605	9,295

Totals \$116,615 \$76,006 \$40,609. Thus you may see that the country districts are paying in \$2.00 for each \$1.00 received for school purposes. Conversely the three towns are taking out almost \$2.00 to \$1.00 paid in taxes.

Can you then censure the directors in school district number 7 whose district pays in over \$14,000 in school taxes and is allowed to take out only \$7,000 of its own money, if they are prone to make an extravagant estimate? (This is an exact case.)

A few years ago a very thoughtful legislature passed a bill limiting the expenditures of a school having a teacher of a first grade certificate to \$110 per month, for all purposes, which places the maximum teacher's salary at \$85 or \$90. When a school district was able to enumerate something like 200 pupils, this limitation was removed. Let's see how the entire scheme works out its combined inequalities with the two sets of schools. The teacher in the rural school with from 5 to 8 grades and with perhaps an inadequate equipment is prohibited by law from receiving more than \$85 or \$90 per month, while her sister in the independent district may receive any amount her service demands. The town or city teacher has a good equipment, one grade is supervised, has her discipline attended to by the principal or superintendent, has the advantages of churches and society and better salaries. In order that she may enjoy all these advantages over her sister in the rural school, the taxpayer of the rural school is carrying \$1.00 to the county treasurer for the support of the rural teacher in his own district and gives a tip of \$1.00 to the teacher in the city school who renders him no service. Again, it enables the city boards to employ the better teachers, build the better rooms, equip the rooms better, and add all the frills that go with the theory and isms of the times.

No person can blame the city and town boards for these things and much less the teachers for the laws absolutely thrust it upon them. But in the American spirit of fair play—is it fair? What do you think about it, Mr. Taxpayer in the rural schools? It is largely your problem for remedy. How do you, who are receiving these favors feel about it? It is inconceivable how under the American system of government such inequalities and unfairness can creep into law. If it is merely a

blunder, let us remedy it; if it is intent, let us remedy it. Our motto should be "The square deal". (Signed) A SUBSCRIBER.

TWO RESERVOIRS MAY BE ERECTED ON PECOS RIVER.

Reclamation of 35,000 acres of land is planned for the vicinity of Carlsbad and Fort Sumner, following the preliminary survey soon to be made through the approval of Secretary of Interior Fall of the appropriation of \$5,000 from the reclamation service to assist in the expense of the survey, investigation and compilation of estimates for the building of two reservoirs on the Pecos river in the Carlsbad vicinity. Carlsbad and Fort Sumner matched the \$5,000 appropriated by the reclamation service, \$4,000 being raised by the former city and \$1,000 by the latter.

Of the two proposed reservoirs one is to be situated eighteen miles above Fort Sumner and will be known as the Alamo Gorda project, while the other will be eight miles above Carlsbad and will be known as No. 3. Both of the reservoirs will be on the Pecos river.

According to Francis G. Tracy, president of the Pecos Water Users' association, work on the preliminary survey will probably be started in the near future.—Albuquerque Journal.

At the last meeting of the Bryan Mudgett Post of the American Legion, Mrs. Asbury Moore was appointed chairman of the floral committee to look after securing the flowers and wreaths for the graves of the soldiers buried in Carlsbad cemetery, for the coming Decoration Day. The Legion has not much money to spare for the purchase of flowers, most of their funds being required to assist unfortunate comrades, so the matter of getting flowers will depend on the committee. A meeting will be called in the near future, at some convenient place, and any ladies who may be unable to work on the committee, will please notify the chairman so that others may be appointed in their stead. The committee follows: Mesdames Paul Mahan, Sam Lusk, H. D. Hubbard, Lucius Anderson, C. H. McLenathen, W. P. Mudgett, Dock Vest, Oscar Mercer, N. T. Daugherty, Robert Toffelmire, S. L. Perry, Frank Kindel and R. M. Thorne. As flowers are not very plentiful, every one who will be urged to donate what they can to this purpose, and let us in this way remember the dead soldiers, who sleep their last sleep in Carlsbad cemetery. Decorations will be needed for approximately thirty-five graves.

LETTER FROM JOHN MOORE.

An interesting letter was received this week from John Moore, a former Carlsbadite, now in Spanish Honduras, Central America. Among other things the letter says: "I am glad that business is getting better in the States. Bad business didn't bother us a great deal down here, prices are practically the same as during the war. Of course, material that we get from the States is much cheaper, but living expenses have not changed much, but as we do not have to pay rent, light or water bills, we can afford to pay more for our other expenses."

"We have lots of work here all the time and never get caught up; work nearly every Sunday and all through the week. Have from thirty to forty men on the pay roll every month. There are six white men in my department, including myself, three white engineers in the power plant and two outside men—all the rest natives and negroes, so you see to keep everything and everybody going I don't have much time to write."

"The busy season has just started here. They are shipping over a hundred thousand bunches of bananas a week and a little later it will probably run as high as a million bunches a month. This banana business is surely some business. To see the amount of money the company spends to build railroads, towns,

electric light plants and telephone systems, shops of all kinds, wharves, ships, etc., a person who did not know would think it impossible for the company to break even, but the market price of the U. P. Co. stock shows that they do a lot better than just break even."

BUSINESS RECOVERY NOW MORE EVIDENT.

Signs of an upward trend in business volume are now more in evidence, according to the weekly trade reviews. Easter buying has helped during the past week to swell retail and jobbing trade in wearing apparel. Recovery has not as yet extended to all lines, but encouraging indications are increasing in number. An advance of three-tenths of one per cent was noted in "Bradstreet's" weekly food index number. "Dun's" list of wholesale prices showed sixty-two declines and thirty advances.

"Bradstreet's" weekly index number based on the wholesale prices per pound of thirty one articles used for food stood at \$3.07, compared with \$3.06 the previous week. Of eighty commodities quoted, fifteen advanced, twenty declined and forty-five remained unchanged as follows: Advances—hams, lard, butter, sugar, raw; coffee, cottonseed oil, apples, hogs, live; lamb, live; hops, Pacific evaporated milk, cotton, grass goods, hay and tin.

Declines—flour, wheat, red; wheat, spring; corn, oats, barley, rye flour, pork, mess; short ribs, tapioca, eggs, beaves, live; hops, N. Y., pig iron, Beas; car wheels, old, Chic.; steel scrap, Chic.; cast iron, Chic.; coke and spelter. "Dun's" reported that for the forty-sixth consecutive week price declines outnumber advances in wholesale commodities. The yielding tendency was reported as less marked than during the previous week. The statement says:

"Another week of unsettlement in grain markets has largely reflected the opposing forces of further sizeable export sales and favorable crop advices. The latter have exerted the greater influence, and wheat prices, after early improvement, yielded again. The other cereals moved in sympathy with wheat, but fluctuation covered a narrower range. In live meats, steadiness prevailed in beef and sheep, while hogs tended higher. Provisions were quiet, with prices of nearly all products comparatively little changed. With active demand and moderate offerings of high grade stock, choice butter turned sharply upward, but cheese was slightly easier, and egg prices broke again under pressure of heavy arrivals."

Commenting on the general business situation, Dun's notes the following:

"After practically a year of liquidation and deflation, new forces are now making for gradual business recuperation. Recovery has not yet extended to all lines and may be expected to continue irregular, but encouraging indications are increasing in number. The rapid crop advancement under the stimulus of mild weather, the relaxation from monetary tension, and the greater fluidity of financial markets promote a better feeling, while the trend toward resumption of building activity is a significant development. Reflecting the later movement buying of steel has gained a little, and the lumber industry, especially in the Pacific Northwest, is experiencing some revival."

Such symptoms as these, moreover, are supported by evidence of moderate improvement elsewhere and serve to more fully offset the unsatisfactory conditions which still exist in branches where progress is delayed from one cause or another. While the price decline has slackened in some quarters, Dun's last disclosing fewer recessions this week, there is continued expectation of further readjustment in different

HAY TRADE CONDITIONS OF THE WEEK.

Most markets this week show little life, and altogether receipts of hay are small on account of the usual spring work, little activity on the part of the buyers is shown. As soon as seeding operations are completed, an increase of receipts is anticipated and this is expected to result in easier markets and consequent lower prices. Off grades predominate in receipts and this helps to lower the tone of all markets. The scarcity of certain grades is the only cause for firmness shown in any market. —Hay Trade Journal.

For first-class Blacksmithing and Wood Work, call at the OHNEMUS SHOPS.—"Can Fix It".

commodities and purchasing for immediate needs remains the prevailing policy. But larger numbers of buyers are visiting the leading centers and their frequent small lot takings and requests for quick deliveries suggest that some stocks have reached the point where replenishment is becoming necessary. The absence of important commitments for the future tends to retard the commercial recovery, but the avoidance of speculative excesses is, on the other hand, a reassuring phase of the present situation."

SEEDING ALFALFA UNDER IRRIGATION.

By George B. Quesenberry,
Agronomist.

Alfalfa is one of the most important, if not the most important, single crop under irrigation in the Southwest. As a soil builder it is unequalled, and as a single crop unsurpassed. It leads as both a pasture and hay crop, and in the long rotation, it cannot be replaced.

SOIL:—Alfalfa will grow on nearly any soil under irrigation on which other crops do well, and on many where others fail. Yet, it does best on a level well drained porous soil. One seeding of alfalfa should produce three or more crops of hay for several years, therefore, much greater care should be taken in preparing the seed bed than for any of our annual crops. Once alfalfa is seeded, additional preparation of any portion of the seed bed is hardly practical during the life of the alfalfa on this particular field.

LEVELING:—The land should be smooth and as nearly level as possible, so that when irrigated the water will pass all parts of the field at a uniform depth. Portions of the field where the water stands, as well as those portions that are too high to be thoroughly wetted, produce unsatisfactory yields. The land intended for alfalfa should be leveled, bordered, plowed deep, and planted in one of the small grains the previous year to seed alfalfa. After the grain has been removed any spots in the field where the soil has settled, from being leveled, may be relieved or touched up. The land should be irrigated before plowing to a medium depth. Dead furrows should be filled in, borders should be repaired and left high enough to guide the water, yet not hinder farm machinery in crossing them. The spike tooth harrow should follow the plow and thoroughly pulverize the soil, this should be followed with a float or drag to pack and smooth the surface.

DATE OF SEEDING:—Alfalfa may be planted either in the spring or fall provided the soil is in good condition and free from weeds. In very weedy soils the planting should be done in the fall, in August or September. This gives the alfalfa time to develop roots and get a start on the weeds next spring.

RATE OF SEEDING:—All seeds should be tested before seeding and only those that show high percentages of strong germinating seed should be used. Fifteen to seventeen pounds of seed should be used for spring planting, while twelve to fifteen pounds is sufficient for fall planting, unless a nurse crop is used, in which case use about three pounds more.

Alfalfa should be planted with a drill, if one is procurable, just deep enough to thoroughly cover the seed. The irrigation should follow immediately.

NURSE CROPS:—Nurse crops have a few advantages, as well as disadvantages. They should make a heavier yield of hay the first cutting, but tend to crowd and shade the alfalfa, thereby weakening the young alfalfa plants so that the following crops are lighter for at least the first year. They prevent spring blowing to a certain degree on our sandy soils. They decrease the selling value of one or more

SCOUT TROOP No. 1 ACTIVITIES.

Boy Scouts of Troop 1 enjoyed a talk of unusual interest at their meeting Tuesday night, from Mr. Wildman, of the Chautauqua Company. A very interesting meeting was held at that time; Elliott Reed was enrolled as a scout at that meeting and the necessary tests were given him. A vote of thanks was given Miss Grace Cooke for a splendid set of Victor records presented the boys. Arrangements are being made for the Summer camp soon to be held at Sitting Bull falls. A special session is called for Sunday afternoon at 2 P. M. at which time Mr. Wildman will deliver a history of a ring and all scouts are requested to be present. The parents of boys are urged to see that their boys attend this meeting.

cuttings of hay. Any of the small grains may be used as nurse crops. Guts make the best feed mixed with alfalfa, and is, therefore, more commonly used.

NOTICE.

IN THE PROBATE COURT, EDDY COUNTY, NEW MEXICO.
In the Matter of the Estate of
C. F. Reynolds, Deceased,
No. 439.

Notice is hereby given that the undersigned, were on the 23rd day of February, 1921, appointed Administratrixes of the estate of C. F. Reynolds, deceased, by Hon. Fred E. Wilson, Probate Judge of Eddy County, New Mexico.

Therefore all persons having claims against said estate are hereby notified to file the same with the County Clerk of Eddy county, within one year from date of said appointment as provided by law, or the same will be barred.

Essie L. Reynolds,
Mabel A. Miller,
Administratrixes.

Department of the Interior, United States Land Office, Roswell, New Mexico, March 8, 1921.

Notice is hereby given that the State of New Mexico, under the provisions of the Acts of Congress approved June 21, 1898 and June 20, 1910 and acts supplementary and amendatory thereto, has filed in this office selections lists for the following described lands:

List No. 666. Serial No. 048753, R. R. B. F. S. 1/4 Sec. 13; SE 1/4 NE 1/4, S. 1/4 SW 1/4, SE 1/4 Sec. 14; E 1/4 Sec. 21; all Sec. 22; N 1/4 Sec. 23; NW 1/4 Sec. 24; N 1/4 Sec. 27 T. 21 S. R. 30 E., N. Mex. Mer. 2360 acres.

List No. 668. Serial No. 048755, R. R. B. F. SCHOOL ENTERTAINMENT.

From various causes only about half a house greeted the pupils of the Second and Third grades at the Crawford Theatre last Saturday afternoon. The teachers of those grades had been at work with the children for some weeks and the result was a finely prepared entertainment, excellently rendered. The May Pole dance was one of the most complete numbers ever given in this city, the little girls in their dresses of red, white and blue, forming as sweet an aggregation as one would wish to see. They went through their parts without an error. The Soldier boys in their suits of khaki, Joe Wheeler, captain, was another excellent number as was the military girls who sang sweetly, even though the only powder they knew anything about was in their powder puffs.

Miss Columbia was there and her

diminutive page, (Draper Brantley,) whose difficult part was given without a single mistake. Gertrude Bell represented Spring in a little song and there were many other numbers and all equally good. At the last the children, in their flower dresses made a representation of the National Colors. Miss Laura Louise Barnett gave a reading of the "Star Spangled Banner", with piano accompaniment, which was a fitting finale. As said in the first of this article, it is to be regretted that more of our people did not take advantage of this lovely entertainment and a movement is now being made to see if it cannot be put on at some future time so that others may enjoy it and at least show an appreciation of the hard work of teachers and pupils.

Mrs. Ida Robertson was a passenger from her home at Roswell Tuesday morning going to Arno, Texas.

Spring & Summer Clothing

MOST MEN REALIZE, without being told, the definite advantages of having clothes made-to-order. This spring we have 350 superior patterns to show you and every one is PURE WOOL. The prices are reasonable for these high class Tailored garments.

Altering, Repairing, Cleaning and Pressing at Reasonable Charges.

THE STUDEBAKER LIGHT SIX SMASHES RECORDS

CARRYING U. S. MAIL A STUDEBAKER LIGHT SIX has established four speed records between San Francisco and Los Angeles—traveling faster than any automobile or train ever made the trips before—and proving LIGHT SIX stamina. Here is what the LIGHT SIX did:

Made the round trip from Los Angeles 864.8 miles in 21 hours 23 minutes elapsed time—A NEW RECORD.

Beat "The Lark" fastest express train between San Francisco and Los Angeles by 3 hours 47 minutes, and 30 seconds—A NEW RECORD.

This car was duly deputized upon orders from Washington, to carry U. S. mail.

These remarkable records PROVE how the STUDEBAKER LIGHT SIX can make long continued runs without mechanical trouble—the car established its records on two trips and was ready to start on the second immediately after completing the first.

T. C. HORNE

"The Store of Quality"

LAKEWOOD LOCALS.

A. C. Crozier received a wire message from E. L. Humphreys, Long Beach, California, Monday announcing the death of Harry Long, which occurred at that place Sunday night. Harry was about 16 years old, and was a sufferer from organic heart trouble. He was taken by his uncle, E. L. Humphreys, of Dayton, some weeks ago to the Pacific coast, with the hope that the change would be beneficial, but he gradually grew worse until the end came and relieved him of his suffering as above stated.

Complaint has been made from time to time by the traveling public and local auto owners about tire punctures from old nails in the streets of Lakewood. This trouble has now been reduced to the minimum, as Judge Dauron organized all the boys in town one Saturday recently and offered 2 cents per pound for nails picked up from the streets of Lakewood and delivered to him. The boys got busy, and surprised the Judge and everybody else by turning in 240 pounds for which they were paid \$4.80. Oliver Crozier was the champion, he having turned in 101 pounds, for which he is to receive a special prize of \$1.00.

1000 head of cattle are to be shipped from here tomorrow, (Friday) to some point in Kansas. These cattle were sold by Whitaker, Gage and others of the Hope country. A Mr. Greene, of Peabody, Kansas is here to receive them and superintend the shipping.

Prude Bros., of the Hope country, shipped 772 head of cattle from here to some point in Kansas Monday. These were sold to Carl Miller also of Kansas.

Mrs. M. W. Howell and daughter, Miss Ruth, of Roswell, were visiting with relatives here last week. Mrs. Howell's daughter, Mrs. Ole Gossett, who is living on a ranch west of town, accompanied them home for a few days visit.

Tom Howell, who has been working on a ranch near Roswell for some months, has returned to Lakewood.

Mrs. A. C. Crozier spent part of this week visiting with Mrs. E. L. Humphreys, of Dayton.

Frank Dauron was in Carlsbad on business Friday.

Miss Ona Millman, who has been attending the bedside of her grandmother, Mrs. Josephine Camp at Carlsbad, returned home Wednesday night.

A. C. Crozier and J. J. Butler motored to Artesia on business Wednesday.

Mrs. J. T. Truitt and daughter, Miss Carrie, went to Carlsbad Wednesday, where Miss Carrie had some dental work done.

Joe Johns and Aud Lusk, assessor and treasurer of Eddy county, paid a short visit to friends here Wednesday.

Sweet Shop

nesday.

Tom Runyan, now of Carlsbad, was visiting with old friends here Wednesday.

Mrs. B. L. McAlister and daughter, Miss Mabel, came up from near Lov- ing and visited with homefolks and friends until Sunday night.

Mrs. M. C. Lee and daughter, Miss Bernice were visitors to Carlsbad Thursday.

Ole Gossett, of El Paso, Texas, came in one day this week for a visit with his family, and old friends.

W. T. Arnold and daughter, Miss Flora Hogg, were in from their ranch Thursday. They report cattle doing badly on account of the continued dry weather.

ORDINANCE NO. 154.

AN ORDINANCE GRANTING A PERMIT TO ERECT, ESTABLISH AND MAINTAIN A MONUMENT AT THE INTERSECTION OF CANON AND FOX STREETS IN THE CITY OF CARLSBAD, NEW MEXICO

BE IT ORDAINED by the City Council of the City of Carlsbad, New Mexico:

WHEREAS, it is proposed by the citizens of this city to build a monument or pyramid, in the middle of the intersection of Canon and Fox streets in this city and to turn same over to the Ozark Trails Association to belong to it, be lettered and maintained by it, placing on the shaft thereof the name "OZARK TRAILS" and names of other towns, and distances thereto; and on the four sides of the pedestal the one

word CARLSBAD.

AND WHEREAS, the said Ozark Trails association has expressed its intention to accept said monument if placed in its exclusive control, so that it may protect its integrity and make it sacred to the exalted purpose for which it is intended; and covenants and agrees that no advertisements shall go thereon or anything other than heretofore mentioned.

NOW THEREFORE, BE IT ORDAINED by the City Council of the City of Carlsbad, New Mexico, that said citizens are granted the privilege of erecting said pyramid or monument and when erected it shall be the property of the Ozark Trails Association with the promise and understanding aforesaid; and

BE IT FURTHER ORDAINED that the City of Carlsbad will exercise its police power in protecting the integrity of said monument.

That this ordinance shall be in full force and effect from and after five days after its publication as required by law.

Finally passed on this the 2nd day of May, A. D., 1921.

J. D. HUDGINS, Mayor.

Attest: R. J. TOFFELMIRE, Clerk.

(SEAL) Approved by me this 2nd day of May, A. D., 1921.

J. D. HUDGINS, Mayor.

Attest: R. J. TOFFELMIRE, Clerk.

(SEAL) Judge C. R. Brice returned to Roswell the middle of the week.
