A COUNTY HIGH SCHOOL BILL

Senator Ayers has introduced a county high school bill in the senate, which reads as follows:

Be It Enacted by the Legislature of the State of New Mexico:

Section 1. That any and all city, town or village public high schools in New Mexico, which have and are now teaching each year's work in four-year high school courses, are hereby declared to be county high schools.

As soon as a copy of the bill was received here it seemed upon perusal to apply only to such schools as could qualify at this time, and not to those which might be able to qualify in the future.

This was thought to have been an oversight, and Chairman Milbourn of the Board of county commissioners, called Senator Ayers up by phone and talked to him about it. Senator Ayers was understood to say that he thought the bill as drawn would apply to all schools that could qualify now or hereafter.

However, it seemed to be the consensus of opinion that it would do no harm to make the bill specific on this point. Accordingly a petition was drawn up and signed by forty-one of the business and professional men of Estancia (all signed who were seen) asking that the bill be changed in that particular. This was forwarded to Senator Ayers, who no doubt will be willing to comply with the request.

HE LEFT THE LORD BACK IN ARKANSAS

But he shipped the deal along with his baggage. (At least he got into New Mexico somehow.)

I am talking about a Baptist who came to New Mexico some years ago. His name is still on the roll of the old home church. (Although he hasn't paid a nickel into its treasury since he left.) He rarely goes to church out here, much less joins one. He is a man that the devil uses to clog the wheels of Christian progress. His interest in the church and religion died when he left Arkansas.

There are a lot of Baptists like this man in New Mexico. It may be that you who read this are in his class. If so, you ought to ask God and the church back east to forgive you, and you ought to resolve right now to be worth something to the church near you. The Baptist congregation would be pleased to have you at service here every Sunday except the fourth. Sunday school and B. Y. P. U. every Sunday.

Church meets in business session next Saturday at eleven. It is the duty of members to be there.

Kate Hinman was absent from school part of last week because of sickness.

The juniors have been studying Longfellow and Lowell, whose birthdays are in this month.

Mr. McBride now has charge of the girls' athletics.

An adding machine has been installed in the commercial room.

The students are planning a double header game of basketball with Mountainair high school on Friday afternoon. There will be both a girls' and boys' game. There is a great deal of enthusiasm shown and everybody is working hard. Thursday a game is scheduled from which the teams will be selected to go to Mountainair. Go and root for us.

The Parent-Teachers' meeting will be held Wednesday the 16th.

The Valentine party for Friday night has been postponed.

The sophomore class has lost one of their members, Lavern Hellums, as she has moved to Albuquerque where she will enter school.

Floyd Manker is N. C. O. this week.

Ruth Dean was absent from school the first part of the week, because of sickness.

Mrs. Leo Douglas was substitute teacher for several days last week.

Mrs. Thompson was able to resume her class work Tuesday after having been sick the past week.

The Japanese Tea given by the girls of the high school last Saturday was quite a success. The library rooms were appropriately decorated in Japanese style. Upon entering the door the guests were met by some very pretty Japanese girls who conducted them into the reception room which was gorgeously decorated with fans, lanterns and chrysanthemums. The dining room was decorated in chrysanthemums, cherry blossoms, lanterns and candles. Here also were pretty little Japanese maids who served a delightful luncheon to the many guests present. Music was enjoyed throughout the entire afternoon. The girls received many compliments on the pretty decorations of the library.

A GOOD WELL IN VENUS DISTRICT

News-Herald, Estancia.

Mr. Newgent of Venus in the deep water belt struck plenty of water at a depth of 168 feet. This is very fortunate for Mr. Newgent as most of the wells in and around Venus are about 300 feet deep. Mr. Newgent could not make up his mind as to what kind of windmill to purchase until he visited W. M. Hornsby, and then he quickly decided on the Star mill, 12 1/2-foot wheel, bought from E. Mignardot of Moriarty.

THE PARCEL POST SALE

In spite of the very disagreeable weather Friday evening two weeks ago, the Ladies' Aid had a very nice crowd at their luncheon and parcel post sale. All the luncheon was disposed of to the delight of the crowd of feasters, and all but a very few of the parcels were sold. Some queer complications arose from the purchase of certain articles by young men, but they philosophically said "They will come in handy later." Every one attending had a good time. Approximately \$50 was added to the paragon fund. The ladies wish to thank their many friends for their liberal patronage.

EPWORTH LEAGUE SOCIAL

The social committee of the Epworth League gave a very enjoyable social to the members and friends of the league Thursday evening two weeks ago in the parlor of the People's church. A lively two hours was spent by the young people in games of various sorts. Peanuts were served as refreshments. These social gatherings are regular features of the league.

See the display advertisement of the People's church in this issue of the News-Herald. It will interest you if you want your community built up along the best lines.

To The Grower:

We having released ourselves from the arrangement we had with the Trinidad Bean & Elevator Company and the Jenson Bean Company, which was only for the month of January, just passed, are now back on our job again selling beans and are endeavoring in every way possible to secure for the growers the very best price obtainable from the market.

We desire to place ourselves right with the member growers for having stayed out of the market during January, which was due to our having been forced under financial strain to sell to the parties mentioned above a certain number of bags of beans and in protection to them had to agree not to quote or sell any beans during that time. All of this we have done and now are free to act as we wish.

We wish to ask you to stand by the Association and give no heed to any of the propaganda that may be circulated for there will no doubt be a lot of it put out and everything done to try to damage the Association.

The Association is just as

strong as you make it and it is the duty of each member to boost it and do all that he can to build it up to a point where it can withstand the attacks of its enemies. Do this for your own sake as well as your neighbors.

Yours truly,

W. A. Field, Secretary.

Now, you have here the complete transaction between the parties of this contract, and we will leave it for you to decide whether or not there is a contract. We fulfilled our part of the agreement inasmuch as we have purchased all beans offered for sale by the association since agreement was made. You will note that Mr. Field does not say in what way they RELEASED THEMSELVES FROM THE ARRANGEMENT, as he terms the contract. Perhaps he thought best not to, but we want everyone to know the true facts and give them here-with. We also want to remind you that the bean market advanced from \$2.75 per cwt on Jan. 3rd to \$3.45 per cwt at the time contract was repudiated by association.

WHAT IS A CONTRACT?

Respectfully submitted,

And keep your money at home We are in business for the benefit of the buying public. Our store is owned and controlled by the buying public. If there is a penny made on the goods you buy over and above the necessary operating expense it goes back to the people of the country and not out of the country, or to any individual but to you if you are a stockholder, or to your neighbor if you are not.

Co-operate with us in your own interests. If you are not a customer of this store it will pay you to investigate our methods of doing business as well as our prices.

Cows as Work Animals. In many parts of Europe, especially in France and Holland, cattle, both oxen and cows, are being used extensively for work. In one part of France the number of cows used for work is twice as great as the number of both oxen and horses. The cows work in yokes, and those used for hauling are also used for breeding. In many instances they are milked.

Ford Ton Truck Cuts Delivery Costs

The Ford One-Ton Truck has cut "delivery costs" for thousands of business houses, farmers, factories, corporations, etc. Thousands of owners attest to its economy of operation and maintenance. They call the Ford a real "necessity" in their business. Ask us for a copy of the "Ford—A Business Utility." Read What pleased owners say. It will cost you nothing.

Built of tough Ford Steel with the ever-dependable Ford motor transmitting power to the aluminum-bronze worm-drive, with demountable rims and pneumatic tires, front and rear, together with the mechanical simplicity have helped to give the Ford Ton Truck the lowest possible operating and maintenance cost. It is the lowest priced one-ton motor truck on the market. Add to these practical merits our after-service organization, which insures every truck owner of genuine Ford parts and skilled Ford mechanics, so that the Ford Truck need never be out of service.

To sum up: Serviceability, flexibility, power, durability, lowest first and operating costs, service, all together, are the Ford qualities which cut down expense and will help you cut your "delivery costs."

There was snowfall on two
nights during the past week.
It was light in Estancia—not
more than a couple of inches
—but heavier toward the
mountains and between McIn-
tosh and Moriarty.

We have not been able to
learn the outcome of an ef-
fort made to get the true facts
in regard to the report men-
tioned last week of "Field &
Co." selling beans from this
territory at a price below what
other owners were asking. If
a report is made public later
we will print it. In this con-
nection some readers were not
sure as to who was meant by
buyers and sellers in the ref-
erence to that matter last
week. We had in mind as
buyers, jobbers and brokers,
who of course want to buy as
cheaply as they can, and some
of whom will not scruple to
use any kind of dodge to get
sellers to bid down against
each other.

OBITUARY
Mr. John M. Spruill was
born in Burnett county, Texas,
in the year 1855, and depart-
ed this life January 23, 1921,
in Torrance county, New Mex-
ico.
He leaves a host of friends
and loved ones to mourn his
loss, but our loss is his eternal
gain.
Brother Spruill was a faith-
ful friend to the writer. We
enjoyed many good talks to-
gether. We talked of the past,
present and future.
Is death only a dream? No,
it is a reality.
Death is coming to all of
us. Are we ready for it?
Death to the Christian is
not death but entering into the
greater life—life eternal.
Mr. Spruill was brave, coura-
geous and true to his convic-
tions. He was a strong be-
liever in the Christian religion.
Brother Spruill accepted
Christ as his personal Saviour.
So he expressed himself to
some of the folks not so long
ago.
We are so thankful that the
religion of Christ does not
consist in church membership.
So may we all say in the lan-
guage of the Scripture, "Let
not your heart be troubled, ye
believe in God believe also in
me. In my Father's house are
many mansions: if it were not
so I would have told you. I
go to prepare a place for you,
and if I go and prepare a
place for you I will come
again and receive you unto
myself, that where I am there
you may be also."
We read the 14th chapter
of Job and other Scriptures
along the same thought. We
then spoke a few words on
the "Brevity of Life."
Dear Reader take Christ as
your personal Saviour.
"I hear the Saviour say,
Thy strength indeed is small,
Child of weakness, watch and
pray,
Find in Me thine all in all."
Our friend and loved one is
gone, but not forgotten.
A friend and brother.

It is not known to whom these people are going to present said petition, but it was learned that they had sought the services of a Santa Fe lawyer to "protect their interests" (?) and that they are confident of a knockout on the first round, while those in favor of retaining the corporation as it is circulated today a protest as a counteraction to the movement by the "antis," which was signed by all the business men in town, except one merchant and its sales force.

STOP THAT ACHE!

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many grateful people have used them and know how effective they are. Ask your neighbor! Here's a convincing case.

Mrs. P. D. Evans, 516 E. Coal Ave., Albuquerque, N. Mex., gave the following account of her experience with Doan's Kidney Pills May 17, 1917: "A number of years ago I had an attack of kidney trouble. My back ached for days and when I stooped over or straightened up quickly, I became dizzy for a few minutes. I was advised to try Doan's Kidney Pills and bought some. One small box cured me of the aching back and I never had those dizzy spells again. I have often endorsed Doan's Kidney Pills to others and I am glad to say a word in their praise at any time."

CONTINUED CONFIDENCE

On September 10, 1919, Mrs. Evans said: "My faith in Doan's Kidney Pills is as strong as ever. My kidneys haven't troubled me since Doan's cured me some time ago."

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 83

YOU don't use as much of Calumet as you do of most other Baking Powders. It has more than ordinary leavening strength. You save about half.

You don't pay a big price for Calumet. It's sold at a moderate price—that represents another saving.

You don't feel uncertain as to results. Baking never fails—because Calumet never falls below the proven standard of "Best by Test."

Use only half the amount usually required.

CALUMET BAKING POWDER

BEST BY TEST

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months, it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Pound can of Calumet contains full 16oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Gold Cake Recipe

Yolks of 8 eggs, 1½ cups of granulated sugar, ½ cup of water, ½ cup of butter, 2½ cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1 tablespoon of vanilla. Then mix in the regular way.

IT PAYS TO INSURE IN A STRONG COMPANY

When prices were on the climb a weak Insurance Company could make money or at least manage to keep above water.

Now that prices are declining only the strong Fire Insurance Companies are equal to the demand. The last few weeks saw a number of Mutual and poorly managed companies go under. You can not afford to risk any but the Best.
