TWENTY-NINTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, JULY 22, 1921.

NUMBER 38.

A FRIEND OF THE SERVICE MEN.

U. S. Senator A. A. Jones of New Mexico is to be warmly commended for his sturdy, uncompromising fight for the passage of the adjusted compensation legislation for the benefit of the ex-service men. His stand will not soon be forgotten by the New Mexico veterans, whose unanimous demand for action on the bill has been shown so clearly by the flood of telegrams sent in to Washington in the past few days.

The bill should be passed. We believe the majority of Americans who hold fresh in their minds the sacrifices made by the soldiers and sailors who served abroad are willing to take a chance on national bankruptcy to see that the service men get some sort of a token of appreciation. Postponement leads to postponement and an equally valid alibi will always be available. It is hard to see how the nation's first and most pressing debt is due anyone but the men who saved it.—New Mexican.

SCOUT NEWS.

The Recreation Committee of the Chamber of Commerce held a meeting Monday and after making a thorough inspection of the bath house, pronounced the work of the scouts satisfactory and turned the keeping of the place over to the scouts for the remainder of the season. The scouts greatly appreciate this and the law of the Chamber of Commerce will be carried out to the letter and an earnest effort made to accommodate the public.

Troop No. 1 at its regular meeting Tuesday night enjoyed a talk from Hayes Shively, Scout of Council Bluffs, Iowa. This young man has thirty full troops over which he superintends the military division and his talk was an interesting one.

The Boy Scouts are planning for an ice cream fête to be given at the Courthouse lawn tomorrow night, should the weather prove favorable. Ice cream and cake will be served from five o'clock on and soda pop will also be on sale. Those having the matter in charge are a hustling bunch and should receive a liberal patronage.

The Scout Home is a sure thing, every one is looking to that end.

A move is on foot to hold a State encampment next year and the plans are being completed for this great event. The place has yet to be decided upon and a meeting of scoutmasters will soon be held to complete arrangements for same. In this encampment several thousand boys will be brought together and the city securing the encampment will be put on the map in the right way.

Next Tuesday's meeting will be an important one and all scouts must attend.

Scout Gordon has completed all examinations for the rank of a First Class Scout and is getting in line for the great encampment next year.

PANHANDLE FLOUR SOLD TO HOLLAND.

The Great West Mill and Elevator Company has sold 10,000 barrels of Great West baker's flour for export to Holland during the month of July. The sale was made to the Luchinger-Meurs Company, one of the largest flour brokerage firms in Europe, and the flour will be distributed throughout the country.

The flour will be exported through the ports of Galveston and New Orleans and its movements to these points has already been started.

Beginning Tuesday night the plant of the Great West Mill will be operated full time, or twenty-four hours a day, which will give a daily output of about 800 barrels. The sales have been increasing at a very satisfactory rate and officials of the local mill confidently expect a steady growth in the business during the next few months.

Orders on file now practically take the total output of the plant for July and August, running at full capacity.—Amarillo Tribune.

MISS ANDERSON MARRIED.

The enclosed clipping was taken from the Chillicothe Daily Tribune. Miss Anderson taught a very successful term of school at Otis last year where she was the principal: "Miss Bessie E. Anderson and Mr. James W. Broadbush of Kansas City, will be united in marriage at 8:00 o'clock this evening at the home of the bride's parents, 1025 Vine street, Rev. Warren P. Clark of the First Baptist church reading the marriage service. Guests will be limited to the immediate relatives of the couple. Miss Anderson is a graduate of the Chillicothe High school and has taught school in Livingston county for the past several years. Mr. Broadbush is the oldest son of Mr. and Mrs. Jo Broadbush and is well and popularly known in Chillicothe, having lived here most of his life. He is engaged in the practice of law in Kansas City. The young people will leave immediately after the ceremony for a short wedding trip and will be at home after August first at 1216 E. 28th street, Kansas City. Miss Francis Rice of Kirksville and Mr. and Mrs. John Fiedick of Marion, Iowa, are here to attend the wedding. Mrs. Fiedick is a sister of Miss Anderson.

GET JUDGMENT FOR \$25,000. IN CARLSBAD CASE.

Judge Coffin Neblett, federal court, gave Eddy county land owners judgment for \$25,000 in the Carlsbad irrigation project case. The judgment was for lands which the reclamation service admitted having taken. W. C. Reid, Albuquerque; J. M. Hervey, Roswell and George S. Downer, Albuquerque, represented the land owners.—Santa Fe New Mexican.

Mr. and Mrs. Paul Ares came from their ranch in the mountains the latter part of last week and remained in town until Tuesday when they returned to their home. Mr. Ares tells us that the entire mountain country in the neighborhood of his place is in better condition than it has been for years—the pastures being fine and having the appearance of lawns as far as the eye can reach, owing to the excessive rainfall. When Mr. Ares started on the return trip to the ranch Tuesday in his truck loaded with supplies he only got about 12 miles out of town when his truck stopped on account of the engine being without oil, due to valve working open and allowing the oil to run out. After being pulled back and having the car worked on, Mr. Ares again started to the ranch after dinner Tuesday and made the trip without any mishaps.

We have 50 doz. 1/2 gal. fruit jars that we will sell any part for \$1 a doz.

SWEET SHOP.

SOME GUN!

Before a group of inventors and scientists in New York, a gun was demonstrated in the opinion of Dr. Miller Reese Hutchinson, noted American inventor, which "will make war too terrible for nations to engage in it." The inventor is John Temple, a British subject now living in the U. S.

The gun is now in the form of a small riveting gun, with which steel slugs were shot through a three-quarter inch plate. It is smokeless and almost noiseless. Its proposed giant counterpart will be able to hurl a five ton projectile from 200 to 300 miles.

ARTHUR LINN HOME.

Arthur Linn came in for a few days visit with his parents and sister arriving Wednesday. Arthur comes from Washington, D. C. where he is auditor for a prominent bank, and is a successful business man. Neither years nor success have changed him, he being the same boy as when he left Carlsbad—a little older, but as genial as ever and happy to meet old friends and greet them in the old familiar way. Mrs. Linn did not accompany her husband but remains with her children in Washington. Her mother, Mrs. Lauer, being with her. While on the way home Arthur had the pleasure of meeting his sister, Miss Nettie, who is visiting in Michigan, en route to school in New York, and who at the cost of some planning and extra trouble, met her brother in Chicago and spent several hours with him to their mutual pleasure. Mr. Linn will only have a few days with homefolk he being on a business trip to Santa Fe.

NOTICE TO TAXPAYERS

On August 1st, 1921, there will be a five per cent penalty on all delinquent 1920 taxes in addition to the interest which has been added heretofore.

AUD E. LUSK, Treasurer.

Concepcion Valdez, a Spanish-American, well known in Carlsbad and Loving, where he had lived for many years, died Monday night at about 10 o'clock, as near as can be ascertained, and his lifeless body was discovered some time later. Death was from natural causes. The interment took place Tuesday after services at San Jose Catholic church.

Mrs. John Wells gave a bridge party Tuesday afternoon to a number of her friends at her new home in the Hubert Ryan property on Greene Heights. The party was designed to honor the guests at the home of Mr. and Mrs. J. F. Flowers and was very much enjoyed. Delicious refreshments of home made ice cream and cake were served the twenty guests who were in attendance, at the close of the afternoon.

Two picnics in one day is a pleasure that seldom falls to the lot of any one party of friends, but the record was broken last Tuesday by a party of friends who went to Avalon for breakfast and to the lower dam for their dinner and the picnic proper. They fished, with what success we are unable to say, but all report a fine time and a good picnic dinner. In the crowd were Dick Hays and family, Jess Woodward and wife, Frank Hays and wife, Mr. and Mrs. Bales, Harry Skinner and Ira Stockwell and family.

Reverend Sellards left for California Tuesday morning where he will spend a month, his congregation having granted him leave of absence for that length of time for a much needed rest. The current predicts, however, that he will hunt up some place to preach temporarily while he is away, the true preacher being always "on the job". Sunday school, Endeavor Society and Social meetings will hold his loyal people together during his absence.

Mesdames Dille, Bujac and Glasier, and Misses Henrietta Dille and Adele Bujac motored to Hope last Saturday to spend a couple of days with Mrs. Hugh Gage, at her lovely home. The day following Dr. Glasier, Major Bujac and H. C. Dille, and the Glasier boys joined the party and spent the day, returning late in the afternoon to their homes in this city.

W. W. McAdoo and wife are newcomers in the city and are taking up housekeeping in the John Lowenbruck home on Canal street. They came from Butler, Missouri, and will soon feel at home with our friendly people. Mr. McAdoo is one of the partners in the Eddy Drug company.

H. E. Cawley and wife and Conductor G. L. Montgomery and wife left last night for Valley Ranch north of Santa Fe, where they will spend a couple of weeks amid the beauties of nature and will fish to their satisfaction. Here's wishing them a satisfactory vacation.

Miss Olive Burns, a niece of Mrs. Annie Barber, from San Marcos, Texas, is visiting in Carlsbad. Miss Burns visited here about a year ago and made many friends among our people who are glad of her return.

Mrs. Tom and Will Dunham, sisters of the Misses Thorne, are in town from their homes at Hobbs and will remain here during the illness of their sister, who is in Eddy county hospital convalescing from an operation.

Tennis teams from Roswell, Hagerman and Pecos, will play the home men on the High School Tennis court next Sunday, the games beginning at 8 in the morning. No charge will be made for spectators and all interested will be welcome.

F. V. Stutzman, wife and child, after a visit with relatives here left Sunday night for Prescott, Arizona.

Mr. Edward Lane and his mother, of Hagerman, were guests of the family of Dick Hays, Tuesday and Wednesday of this week.

MARRIED.

Clark Warren.

Milo P. Clark and Miss Mabel Warren were married Wednesday night at the Rectory of Grace church. Rev. Thorold Eller, officiating. The wedding was very quiet only the necessary witnesses being present.

Mr. Clark is well known here where he was chief electrician for the Public Utilities for some time, resigning to take an advanced position with headquarters at Albuquerque, since which time he has only been in Carlsbad for brief visits to his mother, Mrs. Dibble Clark, who is now summering in California. He is a young man of the highest type of character, industrious and unassuming in manner, and enjoys and merits the esteem and respect of all who know him.

His bride, Miss Warren, was for a time a resident of Carlsbad, having a position as saleslady with the Joyce-Fruit Dry Goods Company and afterward holding a similar position with the Gragg Jewelry store, but has lately been living in Roswell.

Both have many friends to wish them a long and happy married life. The current joining with its best wishes. They left for Pueblo, Colorado, Thursday where they will make their home.

BOYD-SMITH.

Ural Boyd and Miss Laura Smith, daughter of Mr. and Mrs. Julian Smith, of this city, were married at Cisco, Texas, last Monday, according to word received here by the mother of the bridegroom. No particulars have been received, but it is presumed that the wedding occurred at the home of the bride's sister, Mrs. Victor Unruh, who is living at Cisco. Both young people are well known here having been practically raised in this community and both have a large circle of friends to wish them every good thing in life.

They expect to be at home in Carlsbad the first of next week. Attending the wedding from here were Mr. and Mrs. Julian Smith and Mr. and Mrs. Leonard Jones.

PARTY AT HARDYCROFT

Miss Emily Hardy gave a little party to a few of her friends at her home in the Otis section last Friday night. The boys and girls enjoyed themselves at dancing, the spacious living room being turned over to them for that purpose and music being furnished by various members of the party. Light refreshments were served at the close of the evening. Those enjoying Miss Hardy's hospitality were Thelma Neveger, Margaret Galton, Harriet and Jeanette Reed, of Kansas City, Louise Moore, Louise and Hazel Oliver, Dorothy Page Seale, Dorothy Hudson, Catherine Cummins of Roswell, Pearl Butcher, Gladys, Josephine Williams, Ward, J. C. Dorothy and Elinor Flowers; Preston Oliver, Willis Moore, Emmett and Vance Tebbotts, Wallace Vest, Martin and Delbert Hubbard, Francis Weaver, Ben Barnett, Harold Telford, Henry Pendleton, B. A. Nymeyer, Alfred Howarth, Mesdames Huddins, Jackson and Ervin were also present.

"STAG" PARTY AT LINN'S LAST NIGHT.

A pleasant informal gathering of Carlsbad men friends of Arthur Linn was held at the Linn home on Halagueno street last night. About fifty were present and were made welcome to this home that is always open to friends, and whose hospitality is unstinted. Punch was served in abundance with plenty of cigars and cigarettes for those who enjoyed that form of refreshments. Arthur had expected to leave for Roswell tonight but will not go until tomorrow when he will leave for that place going up in the Wild Merchant car accompanied by Mr. Merchant.

Some people wonder why the price of gasoline, kerosene and lubricating oil is selling at present prices when crude oil is so low but it must be remembered that there are many places where a tax is added before the finished product reaches the consumer. A reliable oil man informs us that crude oil at the refinery is selling at 50c per barrel. Lubricating oil 11c per gallon, coal oil 1 1/4c per gallon and gasoline about 12c. With cheaper freight rates, lower price of labor and reduced taxes the consumer might have a show to buy supplies for his automobile at a much lower price, but as long as conditions remain as at present the price of oil and gasoline will not be much cheaper.

The Carlsbad Laundry has again changed management, being under the direct control of F. E. Hubert, who will see that the reputation it sustains among laundries in this part of the country, is sustained. Mr. Hubert will probably lease the business to some responsible party as he now has more business interests than any two men can look after.

Globe Plaster and Mining Company has received two orders from Juarez, Mexico, for 500 tons of their product to be shipped to that point. This is the first order they have received from the republic on the south.

COMMUNITY MEETING

The Community Meeting at the Airdome Sunday evening will be addressed by four representative women, and the program will be as follows:

"The Red Cross" Mrs. Walter Craft.

"The W. C. T. U." Mrs. A. Moore.

"The Woman's Club" Mrs. E. H. Hemenway.

"Woman's Missionary Societies" Mrs. D. F. Sellards.

The fundamental principles, their objects and their reasons for existence of each of these organizations will be discussed and explained by the speaker for each organization. All the people are invited to these community meetings in the Airdome beginning each Sunday evening at eight o'clock.

THE METHODIST CHURCH

Some special readings and declarations will be given in connection with the Sunday School which opens at nine forty-five. Preaching by the pastor at eleven but on account of the community meeting at the Airdome there will be no service at the evening hour. A cordial invitation to all persons not worshipping at other churches, and also to all strangers and visitors in Carlsbad.

GEORGE H. GIVAN, Pastor.

Picture show patrons had a treat at the Airdome last Saturday when the picture showing the manufacture of Studebaker Automobiles was put on at the conclusion of the other film. The entire modus operandi of manufacture of these popular cars was shown, from the very first steps until the finished product was set forth in all its beauty of line and finish. It was a revelation to many car owners who did not know or realize the many intricate matters that go into the making of a first class car. As an instance if enterprise on the part of the manufacturers and the local agents, R. Ohnemann and Son, the show was a great success.

"OUR CHARLEY" PROMOTED.

Chas. A. May State Engineer to Succeed Leslie A. Gillett.

Charles A. May, assistant highway engineer for the last two years, today was appointed state engineer by Governor Mechem.

Leslie A. Gillett resigned as state engineer, but retained the office of highway engineer.

In his resignation, dated July 12, Mr. Gillett said the highway department's work had increased fourfold in the last two years and it was impossible for one man to hold the two posts. He said the highway commission felt the highway engineer should give his time exclusively to the office of highway engineer and added he concurred in their view.

Mr. May, who by the way, will still remain assistant highway engineer and assistant secretary to the highway commission as well as state engineer, came to the highway department from the Reclamation Service three years ago. He first held the post of cost engineer, but the following year was made assistant highway engineer.

In the Reclamation Service Mr. May worked on several of the larger projects undertaken in the southwest. These included the Carlsbad, Hondo and Yuma projects. He also worked on the Strawberry Valley project in Utah. He had charge of the construction of irrigation and drainage systems under these projects.

A jolly party of young folk, seven couples in all, took advantage of the fine moonlight night Tuesday and hurriedly got a crowd together, chaperoned by Mr. and Mrs. Claude Nelson, and enjoyed a fine swim in the Pecos. A weenie roast was next on the program and after that a hay ride. The Service Transfer Company's float was the vehicle used with Jolly Sam Montgomery as driver, and all say the entire evening was a great success.

Owing to a recent change in the arrival and departure of the train from Carlsbad to Pecos, the morning mail will close at 7 A. M. instead of 7:30 A. M. as heretofore. This became effective July 20, 1921.

The mail for both El Paso Gap and Frijoles, Texas, goes twice a week. El Paso Gap, Mondays and Thursdays, and for Frijoles, Texas, Wednesdays and Saturdays. Mailings by local business houses should be governed accordingly.

Troop three Boy Scouts contains a number of deserving Mexican boys, ranging in age from 12 to 18, who are desirous of obtaining work. If you are in need of a good boy to do your yard work, cutting grass, cleaning house, or any other work, please call John Wells, who will immediately furnish you with a competent boy. This will be greatly appreciated.

H. D. Hill was adjudged incapable of transacting business or caring for himself, last Saturday, by Judge Brice, who thereupon appointed C. O. Swickard as guardian to look after him. Mr. Hill is a Civil War veteran and is nearly or quite 84 years of age, and has been living on a homestead west of town for several years, but lately his mind has failed and the action of the court was taken for his protection.

Judge and Mrs. D. G. Grantham are preparing to spend Sunday on the Plains, leaving for that locality today and returning Monday in time to welcome their daughter and three grandchildren who will arrive from their home at Minneapolis at that time.

LOCAL NEWS.

A major operation was performed on Miss Lola Ray Thorpe, of Hobbs, at Eddy County Hospital yesterday morning, and reports are that she is getting along well this morning.

C. G. Salter, a wool man of Roswell, came down from that city yesterday and spent several hours here on business leaving on the return trip last night.

Mr. Owens and son, Hoyett, and daughter, Miss Velma, accompanied by Miss Ethyl and Marie Guthrie from Cottonwood, arrived Saturday and spent the week end with Mr. Owens daughter, Mrs. Hughes.

Dan Lucas who has been so ill at the Eddy County Hospital for some weeks, was taken to the home of George Williams where he is convalescing satisfactorily.

Miss Annie Laurie Buie has returned home after several weeks visit with friends and relatives in Anson and Stamford, Texas.

Carlsbad has a number of amateur gardeners who are fast approaching the professional in their line; among other gardens we note that of Reverend Givan, at the Methodist parsonage, and F. M. Hatfield, who resides in the northern part of town. The former has some fine tomatoes on exhibition in the window of Joyce-Fruit grocery that are attracting a great deal of attention because of their size and general appearance, they being of the early June variety and averaging eleven ounces in weight. Professor Hatfield has some beets displayed there that "beat" anything seen in that line in Carlsbad. In fact, his entire garden has been a succession of fine tender vegetables since early in the season. After all, the Pecos Valley in general and Carlsbad in particular, is a pretty good place to live especially at this time of year, when vegetables and fruit are seen in abundance in our groceries, and may be produced in our gardens if one is willing to make the proper effort for their growth.

Our Welding holds. WEAVER'S GARAGE.

Everyone interested in the welfare of Carlsbad and especially those with bathing suits are earnestly requested to report at the BEACH on next THURSDAY afternoon when the big FOURTH OF JULY CELEBRATION committee expect to make a panoramic photograph which will be used to help advertise the monster celebration of next year. The committee would also appreciate the appearance of row boats and other water craft available.

The program of contests offered by the Boy Scouts on this occasion will be especially interesting and a good time is assured to all.

Public interest in this preliminary BOOST will go far to encourage this committee which is working for YOU.

STATE C. OF C. DIRECTORS MAY MEET IN AUGUST

Directors of the New Mexico chamber of commerce will probably hold their first meeting in August, according to H. B. Watkins, secretary of the newly formed organization. Letters will soon be sent to all directors who have recently been elected by the various towns and cities of the state, asking them when it will be most convenient for them to attend such a meeting. It is probable that the organization meeting will be held the first week of August.

A large number of dogans have been submitted to the chamber for adoption, and all of these are being sent to the individual directors for action preceding the first meeting. Many other subjects of importance will also be submitted to the members before the meeting in order that they may have a chance to consider them before being called upon to make a decision.

Mrs. Howard Edmondson and little daughter, Martha Drake, who have been making a visit at the home of the lady's sister, Mrs. J. F. Flowers, for some weeks past, left for their home at Clarksville, Tennessee, Tuesday night.

A swimming party, properly chaperoned, spent the morning hours very pleasantly at the swimming pool yesterday morning.

OFFICERS ELECTED.

At the last meeting of the Carpenters and Joiners Union, held several days ago, the following officers were elected for the ensuing year:

President—John Prickett.
Vice-President—F. W. Rohmer, Sr.
Recording Secretary—W. C. Wilkinson.

Financial Secretary—T. R. Brown.
Treasurer—J. R. Callen.

New Trustee—H. J. Tschappier.

The union now numbers about twenty-five members and the men composing it are all looking forward to a Labor-Day celebration, which will surpass the one of last year, which all agree was worth the while. They expect to offer some prizes for floats and in other ways make the occasion memorable and we are sure they can do so.

A pleasant party of little neighbor children was given at the home of Mr. and Mrs. A. J. Crawford last Friday afternoon. The children enjoyed a merry time on the lawn where they were served refreshments and afterwards were taken for an automobile ride by Mr. Crawford. In the party were Jeannette Wertheim, Emily Geer Moore, Helen, Virginia and Margaret Minter, Martha Drake Edmondson, Dorothy Flowers and Victor Lee Minter.

FRANCIS WILLARD SCHOOL CLOSES.

Closing exercises of the Francis Willard school at Belen were held Friday afternoon, and marked the completion of a most unexpectedly gratifying first term. There are 117 applications in for next year, and it is expected that the new building will be ready by then. Recitations in English by Spanish-American girls, Delsarte drills, hoop drills, piano aerogram. The 16 girls who gave the exercises were pretty white voles which they had made themselves.

Mrs. J. N. Strumquist, state president of the W. C. T. U. was present at the exercises and reports that in addition to the fact that there was no sickness at the school during the term, all the girls had good grades and did well in their industrial courses, each raising a kitchen garden. A present was made by the board to the principal, Miss Sallie Bryant, who is retiring for a much needed rest, because of the excellent administration of the school. It is hoped that she may be able to return again for the fall term, and no arrangements for her successor will be made until it is assured that she will be unable to resume her duties. The following girls returned to Albuquerque from the school yesterday: Anita Perez, Nellie Castillo, Beanie Gonzales, and Adele Castillo. The three latter live in Santa Barbara.

George Brantley and wife and Draper, the little son, came in Sunday from Midland, where they spent a short vacation. They were accompanied by two nieces of Mrs. Brantley, the Misses Iris and Thelma Estes, of Midland, who will spend a fortnight in Carlsbad.

Gus Steig, a former resident of the beautiful and an employee of the Santa Fe was in town the first of the week looking for some men to take back with him for work on his division. Mr. Steig is now stationed at Kenna.

A DELIGHTFUL "LINE PARTY" HONORING VISITORS.

Mrs. N. L. Randolph and Mrs. A. J. Crawford were hostesses to a party of friends honoring the visitors at the J. P. Flowers home last Saturday night. The ladies spent the early part of the evening at the Crawford Air-dome, enjoying the "Idols of Clay" which was the feature of the evening at that popular playhouse and at the close of the evening all repaired to the Randolph home where they were joined by their husbands and where light refreshments were served. There were fourteen in the party.

The Stockwell families returned from their trip to Dog Canyon getting home Sunday night. THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the *standard quality* service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

of people. The substantial citizen. The man who knows that you can't get something for nothing. The *steady customer*—not the bargain hunter.

To the man who has not yet learned the *standard tire service* he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for *current demands*. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a *par quality* tire at a *net price*.

"APPLE MEASLES" A NEW DISEASE.

A new disease known as "apple measles" has been found to be quite prevalent throughout New Mexico within the last few years. It is found also in southwestern Texas, Colorado, Arkansas and other states. Very little work has been done and still less literature published on this disease. It attacks principally the Jonathan apples, altho other varieties are said to be affected. The writer's observation has been that no Jonathan tree is entirely free from the disease.

The disease attacks the twigs and branches and appears in the form of small closely grouped pustules which are at first pinkish in color but later become purplish. Sometimes the twigs or branches may be a solid mass of pustules. The affected portion is slightly thicker than the healthy. The healthy bark, of course, is a smooth, light-brown color or so the purplish discoloration and pimple-like areas make the disease quite evident to the careful observer. Only when the tree is badly affected is the trouble serious. These trees are stunted and bear but a small amount of fruit, and this is of no value. Eventually, the tree falls prey to wood-borers or other pests, and dies.

As yet nothing is known concerning the cause or the control of this trouble. The New Mexico Experiment Station is carrying on several experiments in an effort to discover the cause of the disease. The experiments cover grafting, soil examinations and fungi. It is hoped that something definite may be learned from this work because the Jonathan apple is an extremely important variety in New Mexico.

EIGHTH GRADE COMMENCEMENT

On Tuesday of next week at 9 A. M. at the Crawford Theatre the graduating class of the summer school of eighth grade students will be held. Sixteen students have been in attendance for eight weeks, and will receive diplomas which entitle them to enter the high school in September.

A special program has been arranged for this.

The graduates are: Laura Louise Barnett, Lura Hill, Ruth Callison, Kos Farris, Frances Horne, Mildred Hutchinson, Viola LaVelle, Kate Love, Audrey Middleton, Edrie Miller, Lawler Nelson, Eleanor Patterson, Tom Pope, Frank Runyan, W. C. Stephenson, Juanita Woerner.

Messrs. Wimberly and Losey, of Hagerman, were down from there Sunday and spent the day. The gentlemen are both tennis enthusiasts and played their favorite game at the tennis court on the High School grounds with Messrs. Morris and Perry, the games resulting in a victory for the home men. In the afternoon the visitors were taken to the swimming pool and other places of interest in and around Carlsbad. They were enthusiastic over the lake above the Carlsbad Light & Power Company's dam and said that few if any cities in the southwest, the size of Carlsbad or even larger had provided as well for the young folks.

They were taken into custody and part of the money was found on their persons. They were both placed in jail.

STATE NATIONAL BANK,
Carlsbad, N. M.

Gentlemen:—I have yours of the 12th and am enclosing herewith a folder of hogs which will give you the data you are looking for. By changing the prices of grain and hogs to correspond with present markets the figures are good today although this was written sometime ago.

The hog is the BEST MONEY the farmer ever had or will ever have. Even during the past two years the man who grew his own pigs and fattened them on his own grain has made good profits; and you know profits have not been easy to make for sometime.

I have just finished feeding 400 head and in spite of a market \$1.50 under what I paid for stockers, I made a little money. NO OTHER LIVE STOCK WILL DO THAT. I have always been strong for hogs and after several years' experience breeding and feeding, I have had no occasion to change my mind.

Very truly yours,

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

LESSON FOR JULY 24

SAUL PROCLAIMS JESUS AS THE CHRIST.

LESSON TEXT—Acts 9:19b-30.
GOLDEN TEXT—Thou art the Christ, the Son of the living God.—Matt. 16:16.
REFERENCE MATERIAL—Acts 18:24-26.
PRIMARY TOPIC—Saul Telling Others About Jesus.
JUNIOR TOPIC—Saul Winning Others to Jesus.
INTERMEDIATE AND SENIOR TOPIC—Getting Ready for a New Career.
YOUNG PEOPLE AND ADULT TOPIC—Saul Begins His Ministry.

I. Saul Preaching Christ in Damascus (vv. 19b-22).

After Saul was baptized he remained certain days with the believers in Damascus (v. 19b). How beautiful to think of the transformation which took place!—one who was so passionately bent on the destruction of the disciples was now enjoying fellowship with them.

1. Straightway preaching in the synagogue (v. 20.) Saul, like every one who is really converted, begins to tell of the newly found Savior. Every Christian should be taught that it is his business as soon as saved to help to save others.

2. The people amazed (v. 21). They knew that the very one who had been ringleader in persecuting the Christians in Jerusalem and had come to Damascus for the express purpose of bringing them bound to the chief priests, was now passionately advocating that which he had so vehemently sought to destroy.

3. The Jews confounded (v. 22). Saul retired into Arabia for three years. During this time he was taught the full truth of his mission (Gal. 1:17, 18). Saul increased in spiritual strength and confounded the Jews, proving that Jesus was not only the Son of God, but their Messiah. His proof, no doubt, was by citation from the Old Testament prophecies, showing that the life, death and resurrection of Jesus exactly paralleled them. That Christ died and rose again from the dead, no one then could deny; the transformation of Saul from a hater to an ardent witness was a proof which could not be gainsaid.

II. Saul Escapes From the Jews (vv. 23-25).

He used the Scriptures with such skill that the Jews could not answer him. Finding that the argument was against them, the Jews took counsel how they might destroy Saul. So intent were they upon killing him that they watched the gates of the city day and night that they might take him. When this was known to the disciples they let him down at night in a basket by the wall.

III. Saul Visits Jerusalem (vv. 26-29a).

This journey to Jerusalem was in strange contrast with the one from Jerusalem to Damascus. The one was the leader of an important expedition under the authority of the Jewish officers with the prospect of a place of distinction in the councils of the Jewish nation. Now he is an outcast, disowned by his countrymen, and fleeing for his life.

1. Suspected by the disciples (v. 26). The believers at Jerusalem had not heard fully about Saul's conversion. They knew nothing of his sojourn in Arabia and his preaching at Damascus after his return, so they regarded him as a spy. "Part of the penalty of wrong-doing is the difficulty of restoration in the good opinion of honorable men." But it is infinitely better to be regarded with suspicion when genuinely true than to be trusted as genuine when a hypocrite.

2. Barnabas' confidence in Saul (v. 27). He was a man filled with the Holy Spirit (Acts 11:24); therefore, able to discern the reality of Saul's conversion. He was in reality a "son of consolation," and in this attitude showed his kindly spirit.

3. Saul in fellowship with the disciples (v. 28). They went in and out together. Peter received him into his home, since his object in going to Jerusalem was to see Peter (Gal. 1:18). He abode with him 15 days.

IV. Saul Sent to Tarsus (vv. 29b, 30).

A conspiracy similar to the one at Damascus was formed against Saul. When the brethren knew of it they sent him to Tarsus. Saul's life is in danger everywhere except among the Gentiles. He is now back to the place of his birth. The first and best place for one's testimony is in his home.

When in Tribulation.

When thou art in tribulation, and all these things are come upon thee, even in the latter days, if thou turn to the Lord thy God, and shalt be obedient unto His voice (for the Lord thy God is a merciful God), he will not forsake thee.—Deuteronomy, 4:30, 31

A Sabbath Thought.

O come, let us worship and bow down; let us kneel before the Lord our Maker. For He is our God; and we are the people of His pasture.—Psalm 95:6, 7.

A PEACEFUL DEATH

Lee Stafford, of Eastland, Texas, who had resided in Carlsbad since February, died Monday morning after a long and painful illness from tuberculosis. Mr. Stafford was here last summer for two months and as so many others do, made such rapid gains that it seemed that he might with safety return to his home. This he did and failed rapidly, returning to this place only to die as stated above, although everything that could be suggested was tried to prolong his life, but without avail.

He met the last enemy with a smile and without fear, manifesting his faith and trust in the One "who is mighty to save and strong to deliver all who trust in Him." Even after death had closed his lips, he was perfectly conscious, and smiled sweetly at his mother and others who were watching at his bedside.

Mr. Stafford was married and had four children, the eldest ten years and the youngest six weeks old. His wife and children two sisters and one brother were with him when he passed away. His parents and four sisters and two brothers survive him. The remains were embalmed and taken to the old home at Eastland, Texas for burial, where the father is waiting their arrival. He was 32 years of age.

The wife and mother of the deceased speak in grateful terms of the kindness shown them at the hands of the Carlsbad people. Every person was kind and helpful and they tell us they will never forget the friends who ministered to their wants and the wants of their dear one. The funeral took place yesterday afternoon at Eastland, if their plans made when they left here were carried out.

CARD OF THANKS.

The relatives of the late Lee Stafford wish in this way to extend their thanks to all who were kind to them during the illness and at the death of their dear relative. They will ever pray that God may bless those who remembered them in their hours of sorrow and bereavement and hope that when sorrow comes to them, as it must come to all, they too may find as good friends to minister to their necessities.

A very pleasant occasion was the quilting held at the Mission room in the south part of town Tuesday afternoon. The quilt had been pieced by the girls of the Spanish-American mission, now being conducted under the auspices of the Woman's Christian Temperance Union, and was tacked and finished with briar stitching around the edge, by the mothers of these same girls. When it was finished the names of all the mothers present were put in a box and drawn out one by one and Senora Ocon was found to be the lucky one and the quilt was given to her amid much merriment. Afterward a fried chicken lunch was served and a social time enjoyed, by the sixteen mothers present, the ladies who are conducting the mission furnishing the treat.

Mr. and Mrs. E. E. Bales were down from Lakewood Monday and announced their intention of shortly leaving that place and looking for a new location. They have many friends in the county seat who are wishing that they may reconsider their intentions and remain near enough that we may have the pleasure of their society occasionally, at least.

Miss Ann Mallard, milliner at Joyce-Fruit Company's store, was called to her home at Lubbock, Texas last week by the death of a brother, which occurred following an operation. Many friends of this excellent young woman will be grieved to learn of her bereavement and will extend their sympathy.

Ray Blocker and his mother and brother and Miss Flossie Kincaid returned from their automobile trip last Friday night. They left here for Cloudcroft but owing to the bad roads and other drawbacks never reached the summer resort having to turn back when a few miles from there.

GATES TIRES

Made in the West by American Workmen

It Surprised Us—

A lot of thought has been given to the making of automobile tires.

We had supposed that they had about reached the limit of perfection, but along came the Gates Super-Tread Tire a simple idea in tire construction but a real one.

It has created a big stir in the tire business, not just because it's a big idea, but because it originated out here in the West and the Super-Tread Tire has more miles in it than any other tire we have seen. That's why we are back of it.

"THE STORE OF QUALITY"

LAKEWOOD LOCALS

The people of Rocky Arroyo are to be congratulated upon securing the services of Miss Bernice Lee as teacher of their school for the coming term. In addition to being a young lady of exceptional intelligence and refinement, Miss Lee is one of the best young teachers in Eddy county. She taught in the school here during the session just closed in May, and manifested teaching ability beyond her years and experience. Her natural discernment and ready tact enables her to properly classify her pupils, and to place them where they will derive the greatest good during the term, and in this one and important feature she far exceeds many older and more experienced teachers. We predict a most successful school term for the people of Rocky.

H. C. Holcomb is joyfully anticipating a visit from his daughter, Miss Alice, who has been holding a lucrative position with the government at Washington for several years. Miss Alice was reared in Lakewood, and her many friends here will be delighted to meet her again.

The interior of Judge Dauron's office has been treated to new canvassing and paper, and the woodwork to new painting and varnishing which adds greatly to its appearance and comfort.

Mrs. E. C. Keith and two little sons, Joe Marshall and Stroud, who have been visiting with her parents, Mr. and Mrs. J. M. Stroud for some two months departed for their home at Altus, Oklahoma Tuesday night.

Walter Anson, who has been holding down a claim near Lakewood for about a year, departed Tuesday night for Spokane, Washington.

Landy W. Howell is having the time of his life keeping "bach," his folks all being off on a visit to relatives in Kerr county, Texas. He goes to bed when he pleases, gets up when he pleases, cooks when he pleases eats when he pleases, and there is nobody to object nor bother him.

Mrs. J. M. Stroud has returned from Marlin, Texas where she has been taking treatment for rheumatism. We are sorry to say that her condition is but little, if any, improved.

Our Ozark Trail monument (some people are mean enough to call it a tombstone) is erected, and the workmen have gone on to Carlsbad to erect a similar one there.

Mr. and Mrs. J. M. Stroud are enjoying a visit from their sister-in-law, Mrs. J. R. Stroud, of Groesbeck, Texas. Her husband, J. R. (Bob) Stroud is expected to arrive in a few days.

Mrs. Ann Welch, who has been visiting with relatives here for a few days, departed Tuesday for Maligna where she will visit for an indefinite time.

W. T. Scott, who has been visiting and working in Texas for several months, returned to his home here one day last week.

J. D. Millman and daughter, Miss Ora; W. T. Arnold and daughter, Miss Flora, went to Malaga this week after fruit.

Mr. and Mrs. E. E. Bales and son Evert were visitors to Carlsbad Saturday, taking in the movie that night.

Misses Sallie Truitt and Mildred Adams went shopping in Carlsbad Saturday.

Mrs. E. C. Keith and two sons, accompanied by her father, J. M. Stroud, were visitors to Carlsbad Saturday.

The baseball boys gave a benefit dance and supper at Hotel Lakewood Saturday night, which was enjoyed by all who attended. The receipts were something over \$32.00.

Mrs. E. E. Bales and son Evert were business visitors to Artesia Thursday.

Luther Wilcox, who has been

working for the Roberts-Kerr cattle company in the southwestern part of the state for some months, has returned to Lakewood. They all come back; because old Lakewood is a mighty good place, and there are some of the prettiest girls here to be found anywhere; if any dare dispute this statement, let them ask Luther.

The fishermen are plentiful, but the fishes are small and few in number.

Dallas Jones came in from El Paso the latter part of last week, at which place he is running a cafe, and will spend a few days with his parents and old time friends in Carlsbad. Mrs. Jones did not accompany her husband on this trip but will likely make a visit to Carlsbad people at a later date.

Mr. and Mrs. Leonard Jones were passengers south Tuesday morning, going to points in Oklahoma, on a short business visit.
