TWENTY-NINTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, AUGUST 5, 1921.

NUMBER 35.

## PECOS AND CARLSBAD

Sunday and Monday of this week Pecos came to this city for a series of two base ball games which resulted in the home team winning the first game by a score of 3 to 4 and the visitors getting the second by a score of 3 to 5.

Morris pitched the first game for Carlsbad and is due much credit for winning the game as he repeatedly pulled out of tight places by fanning opposing batters and was given good support by his teammates. Eleven Pecos batters fanned while six Carlsbad men could not hit the delivery of Cox. Howard Moore got the only two base hit of the game. The score:

PECOS	AB	R	B	SH	P	O	A	E

The second game Monday was lost by the home team after they apparently had won. They took the lead was pitching good ball should have won easily but some of the players blew up and altogether made nine errors which let in enough scores for Pecos to win. However, several good plays were made by the home boys—twice they cut runners off at the home plate with long throws. Stewart pitched better in tight places getting 10 strikeouts and but for this fact the score would have been more for Pecos. The games were well patronized although the first one came near being rained out and the field was muddy during play but it was the best game of the two.

The score of the second game is as follows:

## OLDEST MAN IN STATE DIES IN SPRINGER AT THE AGE OF 107 YEARS.

Springer, N. M.—Jose Antonio Trujillo, said to be the oldest man in New Mexico, died at his home on the hill north of here at the age of 107 years. He was born in this state and had been a resident of Springer for many years, and was well known throughout the northern part of the state. Interment was in the Springer cemetery.

What some women don't know they are sure to suspect.

## DEMOCRAT CALL WILL BE READY SHORTLY, SAYS STATE LEADER

The democratic senatorial convention, which will put U. S. Senator Bursum's democratic opponent in the running, probably will be held during the week beginning August 14, Arthur Seligman, democratic state chairman, said today. The call will be given out shortly, he added.

The place will be either Albuquerque or Santa Fe.

Members of the central committee, who have voted so far, are evenly divided and those, whose votes have not been received, will decide which place gets the convention.

The convention will not be big. Mr. Seligman said the apportionment would mean but few more than 500 delegates.

Many central committees he said favored holding the democratic convention first as they believed Bursum's nomination already cut and dried.

Who the democratic senatorial candidate will be still remains uncertain. The number of possibilities suggested reaches nearly a score, but which of these will get the nomination probably will not be known until the convention votes.

The suggestions include H. L. Hall, Chama; Samuel G. Bratton, Clovis; A. H. Hudspeth, White Oaks; Arthur Young; Seligman, Santa Fe; R. V. (Deacon) Young, Las Cruces; Robert Putney, Albuquerque; John Morrow, Raton; Felix Garcia, Lumberton; Charles E. Dennis, Clovis; C. R. Brice, Roswell; S. Vaughn, Deming; R. H. Hanna, Albuquerque; W. B. Walton, Silver City; John W. Poe, Roswell.

Other suggestions include former Governor H. J. Hagerman, Roswell; who although republican is progressive and regarded as a possibility, and Felix Garcia, Albuquerque another republican but not in good standing with the "ring" that controls the party.

## HAY TRADE CONDITIONS OF THE WEEK.

Western markets are showing the effect of larger receipts of new hay and a couple markets are quoting new hay only on account of the small amount of old hay arriving. Complaints come in of much damaged and heating hay in the daily offerings. This happens every year at the beginning of the new crop, as shippers are not careful enough about the condition of the new hay, being much too anxious to get it on the market. This hay is hard to dispose of and causes a depressed market. Eastern markets are inclined to be quiet and show little change in values, though an easier tone is manifest than a week ago. The only strength reported is due to lighter receipts at some markets. Some new hay has appeared, but not enough to constitute a market.

Best grades of hay move readily at steady prices but low grades of all kinds drag. The supply of tame hay has been small and little of quality has been shown. Prairie grades are slow and show a decline from the first of the week. Many cars have arrived of low grade and damaged hay and these sell slowly if at all. The alfalfa market is steady. Prices on the upper grade of timothy are steady, but are weak on lower grades. The receipts of hay for the week were 3014 tons, against 5302 tons last week.

## WES BARRY INVITED TO A FRECKLE CONTEST

Wesley Barry, Marshall Neffan's freckle-faced star, who will be seen in the First National picture, "Dinty", at the Crawford theater Tuesday and Wednesday nights, recently received an invitation to be Honorary Guest in a Freckle contest held as one of the big attractions in an athletic meet at Jersey City, N. J. At the time Wes was too busy working in "Dinty" and he was obliged to turn down the invitation with thanks.

## DEMOCRATS FIRST FOR DISARMAMENT

No one will deny to President Harding any credit which may be due him for his proposal to call a conference of the principal allied and associated powers on the reduction of armaments. If by the inclusion of China, as one of the conferring powers a peaceable solution is found for the far Eastern question there will be additional cause for congratulations.

This movement by President Harding follows the passage of the Borah Resolution put through the Senate and the House by the pressure of public opinion, and until the last moment opposed by the Republicans and the administration.

The credit for initiating the movement for reduction of world armaments, a movement which antedates the Versailles Peace Conference belongs to the Democrats.

The first disarmament resolution was introduced in the House in 1916 appended to the Naval Appropriation Bill by Representative Hensley (Dem.) of Missouri, and was in part as follows:

"Upon conclusion of the war in Europe, or as soon thereafter as may be done, the President of the United States is authorized to invite all great governments of the world to send representatives to a conference, which shall be charged with the duty of suggesting an organization, court of arbitration, or other body, to which disputed questions between nations shall be referred for adjudication and peaceful settlement, and to consider the question of disarmament and submit their recommendations to their respective Governments for approval."

The practical plan for the reduction of armaments was incorporated in the covenant of the League of Nations, rejected by the Republican Senate. This was followed by the Borah resolution and the Borah resolution in turn by the Harding proposal, enlarging the scope of the conference, whether or not the inclusion of other questions in the proposed disarmament conference will result in muddling the disarmament plan or whether it will make disarmament even more practical by clarifying the situation in the Far East remains to be seen.

Any feasible movement by this administration looking to a reduction of world armament and the consequent reduction in taxation, which would logically, if not actually, follow, will meet with no obstruction from the Democratic party which has consistently favored a reduction of armament since 1916.

Democrats with a proper sense of humor will not even object to the characterization by the Republican press of President Harding's "leadership" in this matter.

New Mexico in 1920 produced \$477,974 in gold, 766,586 ounces of silver, 2,837,000 pounds of lead, 53,213,000 pounds of copper, and 10,600,000 pounds of zinc, having a gross value at the average yearly metal prices of \$12,190,305.

## OWN YOUR OWN HOME

In the government's campaign to encourage thrift among the people of the United States one of the plans especially stressed is that of home owning.

That money invested in the purchase of a home with monthly payments is money saved in the contention of the government.

The trouble with most of us is that we can plan our work in day dreams, but we lack the courage and persistency to put that plan into actual operation. An unworked plan is a joy to shiftlessness. First plan to own your own home by saving at regular intervals. Second, work your plan by patience, courage, persistency and frugality.

What is your standing today in your community compared to a year ago? Did you plan then to own your own home and thus become steadily a more substantial and respected citizen who is looked upon by influential men as a "comer"? Or are you one of the countless who drift away your substance in the maelstrom of everyday living?

Did you ever look at it this way? That the money you needlessly spend scarce survives the spending—a few hours of amusement; a few weeks if it is rent; a few months if it is clothes—and then it is gone forever.

Carlsbad would be a bigger and better town in which to live if there were more home owners. No matter what your earning power, there is a way for you to own your own home.

Or will your judgment be looked up to because you have gained something in the world—will you Own Your Own Home?

Mrs. W. E. Groom and daughter, Elizabeth May, are expected to arrive this afternoon for a six week's visit to the Methodist parsonage, Mrs. Groom being the daughter of Reverend and Mrs. Givan, and Elizabeth their only grandchild.

Regular services for the Sunday church, and services at the Airdome in the morning at the Methodist in the evening. A cordial invitation is extended to all not worshipping elsewhere to be present at these meetings.

## PREPAREDNESS CAMPAIGN 1921-24.

The Democratic National Committee has inaugurated what is known as the Preparedness Campaign 1921-24 and invites the co-operation of Democrats throughout the nation. The measure of success of the campaign will depend upon the response it receives in the way of financial contributions from the rank and file of the party.

The Democratic National Committee wishes every democrat in the country, men and women, to have and to feel an interest in the campaign to restore our party to power, because the committee is working in the interest of the party as a whole and for the general good of our country.

To carry on its preparedness campaign effectively the National Committee must have adequate funds. It cannot appeal to the interests enjoying special privileges, as the Republicans do; it cannot ask a few Democrats of large means to bear more than their fair proportion of expense; it must therefore make its appeal direct to the great body of Democrats who make up the party, who give it its victories and control its destiny. You are one of the great body of Democrats. It is your party as much as the party of any other Democrat, rich or poor, of whatever station in life.

It is not necessary to remind Democrats of their duty to their party or their country. It is only necessary on occasions to point out to them the ways and means by which they can perform that duty.

Whatever contributions you are willing to make to the Democratic Preparedness Campaign, 1921-24 it will be of double value if made now because the great opportunity of the party is in the present when the Republican party is making a record of failure all along the line.

No set amount is asked from any one person, but only such an amount as is within their present means and inclination, large or small. Contributions will be promptly acknowledged.

The time to lay the foundation for success in the next Congressional and the next National Campaign is NOW.

Checks and money orders should be made payable to Wilbur W. Marsh, Treasurer, Democratic National Committee, 411 Woodward Building, Washington, D. C.

Preparedness is One-Half the Battle.

## PRINCESS APPOINTED BY GOVERNOR MECHAM

The highest title so far handed out by Governor Mecham was conferred upon Miss Marguerite Roberts, Carlsbad, whom he named princess at the coronation of King and Queen Cotton at Waco, Texas, which begins October 22 and ends November 6. Miss Roberts will represent New Mexico at the festival.

## A SAD ACCIDENT

The little three-year-old daughter of Mr. and Mrs. B. H. McPeters was killed yesterday afternoon, when she was run over by a hay wagon. The child had accompanied its mother out where Mr. McPeters and other members of the family were loading hay, and was playing around the wagon and in some way was caught under one of the wheels, which passed over her head, and death resulted instantly.

This is one of the saddest accidents which ever occurred here, and the heart-broken parents have the sincere sympathy of the entire community in their great sorrow. Funeral services will be held at the home in the southwest part of town this afternoon and interment will be made in Hagerman cemetery.—Hagerman Messenger.

## STATE'S RANK 33 IN SCHOOL TEACHERS' PAY SAYS CONWAY.

R. F. Asplund, director State Taxpayers' association, made a slight bobble when he stated New Mexico ranked third in the size of salaries paid school teachers, State School Superintendent Conway stated today.

"He had the figure '3' all right," said Mr. Conway, but he erred when he didn't place another '3' after the first."

Mr. Conway added that figures given out by P. P. Claxton, former federal education commissioner showed New Mexico ranked 33rd and only two states, Maine and Vermont, rank below New Mexico in the size of salaries paid their school teachers.

Mr. Claxton's figures, he said, were not the latest, but they were the latest complete figures.

"I merely want to keep the record straight," he said, "and I don't want to deceive anybody."

The figures shown by Mr. Conway, give Arizona third place, Colorado 11th and Texas 34th. They rank California first and New York second.

On next Tuesday at 5 o'clock everyone interested in the welfare of Greater Carlsbad is urged to report at the Bathing Beach to appear in and lend aid to the Big Picture which your committee wants for advertising purposes.

The committee has arranged for good weather this time and the Boy Scouts have planned aquatic sports of real interest.

Come and bring a friend.

## DANGER SEASON IS PASSED FOR FOREST FIRES.

Heavy general and local rains over most of the forest areas of the south west have terminated the fire season for the time being, say forest supervisors in their telegraphic reports to the local district forest service office covering the first ten days of July.

Intimating that they consider the spring season over, many forests report laying off the bulk of the men who man the high lookout peaks and patrol special areas of high fire hazard during the dry period.

The Sitgreaves and Coconino forests in Northern Arizona still retain full protective forces, as this region has not been favored with the heavy rains so general elsewhere in the southwest. Light showers prevailing at the time of filing the reports from these forests hold out hopes for a lessening of the danger enough to reduce special protective forces even there.

For the ten day period New Mexico forests reported nine forest fires, all small, while Arizona suffered twenty fires in the same time, one of which was of large size, the rest being snuffed out before becoming dangerous.

Summarizing fire records to date, District Forester Pooler points out a considerable decrease in man-caused fires on one forest, the Coconino. In 1920, man's carelessness started ninety-two fires in this forest. To date in this year, this forest has had but sixty fires from all causes.

A number of successful prosecutions of fire law violators have contributed to this decrease, according to forest officers, although the wide educational efforts in fire prevention have also helped.

"Special praise is due the newspapers of the southwest," said Mr. Pooler, "for their wholehearted support editorially and through news columns in this campaign to reduce man-made forest fires."

## NEWSPAPER MEN TO BE INVITED TO VISIT STATE.

Albuquerque, through her Chamber of Commerce, civic organizations and the local officials of the Santa Fe railway will make a strong bid to secure the routing through New Mexico of the special train of newspaper men which will leave Los Angeles early in November for the east on their way back from the press congress of the world convention to be held at Honolulu October 4 to 14.

The party will be composed of about 400 of the leading newspaper men of the United States. Omaha and other important cities on railroads not extending through New Mexico have issued pressing invitations to secure the routing of the special trains through their states and cities.

If the party is routed through New Mexico and Arizona, stopovers will be made at all important places of interest. The matter will be taken up by the secretary of the Chamber of Commerce today and by other organizations during the week. Wilkie, chairman of the Transportation committee of the Press Congress of the World, is located at Minneapolis, Minn. It is planned to send him a number of warm invitations urging the newspaper men to enjoy the fall in the great southwest.

## RICHES ARE NOT HAPPINESS.

The older we grow and the more experience we accumulate in this world the more we become philosophers enough to figure out that riches do not make for happiness and contentment the one-hundredth part as much as other things. It is very nice, of course, to have everything one wants, but there are things one wants and needs, and has to have, which money cannot buy or sell, and at a time when that is lacking money seems small and insignificant indeed. The husband, the wife, the little children, the home and the environments of home are what go to make life worth the living, and if these be all right and happiness and contentment dwell within the pomp and power and show and bluster of riches count small in comparison. Our neighbor may have a mansion, a flock of automobiles and a drove of liveried servants, but if he has no loving wife and no baby kisses on his lips, and we have, then he couldn't trade us all his splendor for what we have and he lacks. Silver and gold are all very well, but a good rest in the cottage home after a day's honest toil has joys that kopecks, rubles and doubloons do not possess. Our rich neighbor mayhap has a castle as silent as the tomb, where the trained servants make no noise with their footsteps, but if our bungalow resounds with the laughter of children even though they dance to the music of a \$10 phonograph, there is joy in it, whereas lonely silence only brings out the glooms and the wishes for something more human. Maybe he has a ten thousand dollar piano, but it can't begin to make the music that our teakettle does when it sings blithely on the hearth, while the good wife busies around getting tea, and a chubby kiddie straddles our foot for a "ride on a white horse" to Bambyra Cross, to see the fine lady with rings on her fingers and bells on her toes. You can't beat it and money can't buy it.

It is not necessary to work up a frown or look wise.

## DEMOCRATIC CONVENTION

Whereas, a Democratic State Convention has been called to meet at Albuquerque, N. M., on August 18, 1921, for the purpose of nominating a candidate for the United States Senate, and

Whereas, in said call, Eddy Co. is entitled to seventeen delegates, Now, therefore, a democratic convention for Eddy county is hereby called to be held in Carlsbad at 2 o'clock, p. m., at the Court House on the 13th day of August, 1921, for the purpose of selecting delegates to attend said convention and for the transaction of such other business as may come before said Convention.

Freehold committeemen are requested to take necessary steps to have selected delegates to said convention as follows, to-wit:

Precinct	No. Delegates
Carlsbad	12
Malaga	2
Hope	4
Lakewood	4
Loving	4
Artesia	4
Dayton	4
Queen	2
Otis	2
Cottwood	2

The above apportionment is based upon not less than two delegates for each precinct, with two additional delegates for each 100 votes or major fraction over 100 votes cast for the democratic candidate for governor at the last general election.

S. D. STENNIS, Jr., Chairman

A. BLAKE, Secretary.

## MINES, EIGHT PER CENT OF THE STATE'S INTERESTS, CONTROL THE OTHER 92 PER CENT.

Since the legislature, Mr. Secundo Romero has forced Mr. Roberts from the presidency of the State Normal University and designated his successor—and is proud of it. Since then the governor has appointed Mr. Tom Gable game warden. Since then the superintendent of the state penitentiary has been again used to pay a political debt. Since then, Mr. Bursum, once superintendent of the same penitentiary himself, has been named United States senator. Since then Mr. Romero has been appointed United States marshal. Since then all these and many other things have happened. But what has not happened since then is any real lowering of axes or any real lessening of the cost of what is called government. Since then appropriations as big as ever have been made and little or nothing has been done to improve the administration or to cut the costs. And now the state is, to all intents and purposes, bankrupt. That fact is being lightly dealt with until after the senatorial election. However, there is the fact. The necessary revenue to meet these unchanged and successive appropriations is not and cannot be forthcoming. Taxpayers are holding back, many of them because they can't pay, others because they know their property is assessed for more than it is worth and that the rates are extortionate—all others because they are sick and tired of supporting an extravagant government. At last the conviction has penetrated the public's consciousness that the only way to show our legislators how to stop is to establish a deficit, whatever the immediate effect of such a course. At last the people are mad, nearer fighting mad than they have ever been before.

An outside observer, regarding this situation of our from a dispassionate point of view, would soon see that there was nothing mysterious about it. He would soon sense the fact that some controlling and selfish influence was strong enough to dominate the legislative and administrative branches of our government and that all the weaknesses of our system were being capitalized and used for selfish ends. He would put it all down as one of the miscarriages of democracy, a phase in the evolution of popular government. If he were a philosopher and student like James Bryce he would not permit the seemingly hopeless situation to either discourage him or to destroy his faith in the ultimate triumph of democratic institutions. He would, however, fearlessly analyze the case in the hope of uncovering the essential errors in the operation of the system and with a view of correcting them.

The secret of the conspiracy of Silence in the last legislature was as plain as the nose on your face. The legislature was dominated by the mining interests. The most powerful politicians in and out of the legislature were then, as they have been for many years, controlled by the mining interests. Next to the mining group in the legislature the stock interests were the strongest. It is a perfectly easy matter to figure out the relative quantitative importance of these and various other interests in the state. The mines account about 30 per cent the farms about 12 per cent, and the railroads over 25 per cent of the total assessed values in the state.

Mr. and Mrs. Will Purdy left Friday for Roswell being summoned there by the serious illness of Mr. Purdy's partner, J. P. Childress, who was taken to the hospital the same day and an operation performed for a bad case of appendicitis. It was found that peritonitis had already set in and for a short time his life was despaired of, but later advices are to the effect that he is improving and an early convalescence is hoped for. The Childress family is well and favorably known in Carlsbad and many inquiries were made here as to the sick man's condition. Mr. and Mrs. Purdy returned the middle of the week to Carlsbad.

Miss Leona Allinger of Loving, returned from a pleasant visit to the family of Rev. Moon and other friends in Hope, where she spent a week very pleasantly.

The Allinger family of Loving, were in town from their home Sunday evening, coming to bring their house guest, Miss Gladys Mell of Roswell up to take the train for her home. Miss Mell had visited with the Allingers for a week previous.

The T. C. Wyman family and Mrs. Howard, of Loving, passed through the city Monday morning going to Artesia, and stopping overnight to fish in the lake near Lakewood.

Andrew Hervey, of Roswell, was a visitor at the home of Mayor Higgins the latter part of last week.

The family of Lee Middleton, are in attendance at the camp meeting which is in progress at Queen, this week going up Sunday morning.

Aboard S. S. Missouri, July 27-21.

Editor Current:

I thought some of my friends would like to hear from me, that I would not have time to write to, so I thought I would write a few lines to your paper (I would love to see once more) so all could hear from me. I am now on the steamship Missouri and spent about a week in the Panhandle of Texas. Well the lake is so rough I had to wait until the wind settled. The waves are rolling 20 feet high and the steamers are rocking so that it threw some of the people off of their chairs onto the floor, but oh how I enjoy it, so far it is the most delightful trip I ever have taken. I left Texas and went into Kansas stopping at Carlsbad, Auburn, and Topeka, visiting relatives.

At Auburn I met the M. E. preacher and he told me he was Madam Thorne's son-in-law and I was very glad to meet him. He gave us a fine sermon on Sunday, I went from Topeka to Kansas City, where I bought a round trip ticket via Chicago to Port Arthur, Canada. Port Arthur is about 900 miles from Chicago by boat, and so far I certainly am enjoying my trip. My ticket gives me until Oct. 31 at midnight to get back to Kansas City, with a stopover permit either going or coming. I left Chicago last night at 7 p. m. and it is noon now and the lake is pretty rough and some are getting sick but I feel fine. Will reach Port Arthur some Saturday if I make connection, where I change boats. Well this is all for this time and may write more when I reach Canada if this does not reach the waste basket.

With best regards to all.

A high official says that half of the taxes collected on ice cream, sodas and such things is kept by the merchants who collect it. It is also true that half of all the taxes assessed cost fifty cents on the dollar to collect them. Is this efficiency or is it stupidity and rascality, mixed?

### WHY LIMIT THE TAX RATE?

In answer to the question "Why limit the tax rate?" one may well ask another—What will be the result if we don't fix a limit? A taxpayer has only to look at his tax receipt to note that he is paying twice as much as he paid five or six years ago on the same property. In some of our incorporated cities, towns and villages, property owners are paying between four and five per cent of the assessed value of their property for state, county, and local purposes. The state and county tax rate alone exceeds two per cent, in nearly all the counties of the state and approaches three per cent, in several counties.

A table is submitted below showing the following: Column I, the tax rate per \$1,000.00 of assessed value in 1915; Column II, the tax rate per \$1,000.00 of assessed value in 1920; Column III, the per cent increase in 1920 over 1915. In 1915 it will be noted that the rate for state and county purposes ranged from \$8.23 in McKinley County to \$15.50 in Eddy County. In 1920, Grant County in spite of its wealth of resources bore a state and county rate of \$15.49, while San Juan County is burdened with the heavy rate of \$31.65. It should be remembered that city, town, village and school district levies are piled on top of these extraordinary rates.

A taxpayer has only to study his tax receipts to discover how his tax burden has increased during the past five or six years. Will it stop increasing? In most counties of the state it will be higher in 1921 than ever before. Where will it stop? If the tax limitation amendment is ratified there will be a limit—a reasonable maximum which will offer some assurance against the confiscation of a man's property for taxes.

### STAFFORD-BERRIER.

The wedding of Miss Anna Berrier one of Las Cruces' charming daughters, and Ernest N. Stafford, superintendent of schools at Lovington, the afternoon of July 25, was one of the brilliant events in the social life of Old Mesilla. Rev. C. O. Whitcomb, pastor of the Las Cruces Baptist Church, read the service.

The bride, dressed in white satin, with an overdress of georgette and carrying a shower bouquet of white tube roses, was attended by her niece Miss Florence Berrier, who wore a gown of pink organdie and carried cream pink roses. The bridegroom's attendant was W. S. Bennett of Springfield, Mo. The ceremony was performed under a floral arch at the Berrier country home, which was lavishly decorated in pink roses and verbenas for the happy occasion. Following the ceremony a two-course luncheon was served. Presiding were relatives and close friends of the couple.

Mr. and Mrs. Stafford have gone to Springfield, Mo., to visit the bridegroom's parents, and will return the latter part of August to make their home in Lovington.—Lovington Leader.

### WOOL MEN ARE STILL WAITING ACTION ON THE DIPPING ORDER.

Several members of the executive board of the New Mexico Wool Growers' association are still in the city, after their meeting here Saturday waiting the reply from Miguel A. Gonzales at Chama, head of the state sheep sanitary board, regarding the suggestion that the board call a special meeting to reconsider the general sheep dipping order.

Claiming that the general order is not necessary here now, as but a few cases of scabies exist in the state, and that the sheep men can not afford to spend the money for dipping when it is not necessary, the executive board of the association asked that the order be suspended for the remainder of the season. At the time the order went into effect there were 8 per cent of the sheep in the state with scabies. Since that time, last June, the percentage has been greatly decreased.

It is estimated that a suspension of the now unnecessary general dipping order will save New Mexico sheep men at least \$200,000 this summer. A wire was sent to Mr. Gonzales at Chama, asking him to call a meeting of the sheep sanitary board to consider the suspension of the order. As Mr. Gonzales is on his ranch it is possible that some time may be required for the message to reach him.—New Mexican.

Business men are clamoring for tax revision, and business conditions have become so bad that Chairman George White of the Democratic National Committee, himself a business man, felt impelled to issue a statement based on President Harding's address in the Senate, pointing out that two years and two months ago, President Wilson upon his return from the Peace Conference in May 1919, urged Congress revise the internal tax laws and relieve business and the people generally of the onerous and burdensome war taxes.

Chairman White pointed out that the Republican party was in power the last two years of the Wilson administration in both branches of Congress, and although appealed to by a Democratic President to revise the tax laws oppressive to business and the public generally, that party never offered any constructive legislation on revenue revision or anything else. "The Democratic Party," said Chairman White, "is on record two years and two months in favor of such revision."

#### DIPPING ORDER HARDSHIP FOR SHEEP GROWERS

New Mexico wool growers have asked for a reconsideration of the general sheep dipping order which was issued by the sheep sanitary board at its meeting June 9. The question of the general dipping order was dismissed yesterday at the meeting of the executive board of the New Mexico Wool Growers' association and a wire was sent to Miguel A. Gonzales at Chama, head of the sheep sanitary board, asking that a special meeting of the board be called to consider the advisability of rescinding the general order. The members of the executive board will remain in the city until they receive a reply from Mr. Gonzales indicating his opinion of the special hearing.

In case a hearing is granted, sheep men from all sections of the state will appear before the board to urge the rescinding of the order. "The cost per sheep for dipping is about 5 cents," Prager Miller, president of the wool growers association, stated yesterday afternoon. This makes the total cost for all sheep in the state come near to \$200,000.

At the time of issuing the special general dipping order last June, it was estimated that about 5 per cent of the sheep in the state had scabies. This per cent has been lowered, members of the executive board stated yesterday and many of the sheep men claim there is no need of a general dipping at this time and that it will only be an unnecessary financial hardship for growers.

Executive board members stated yesterday that in many instances the growers were absolutely unable to meet the dipping expense and were in no financial condition to borrow the necessary money.

Among the members of the executive board who attended the meeting here yesterday were Prager Miller, president of the association, of Roswell; Sol Benjamin of Albuquerque; Narciso Francis, Soboyeta Dave Farr, Magdalena; A. Elchwald, Cuba; U. S. Fullerton, Datil, and F. A. Hubbell, M. Patenghe and Walter Connell of this city. The board will resume its meeting tomorrow in order to arrange for the hearing before the sheep sanitary board in case it is granted—Albuquerque Journal.

#### THE COTTON MARKET.

The entire traffic ordinance passed by the City Council at a called meeting last Wednesday evening will be found in another column of the Current. This law is up-to-date in every respect and in fact our present city council is doing things now days which would be a credit to a city many times larger than Carlsbad. The law provides a minimum speed for motor vehicles of 15 miles per hour in the business district and 20 miles in the residence section and the city marshal has been instructed to see that this speed limit is rigidly adhered to. Another thing which will also meet with the approval of a majority of the people is prohibiting hitching racks on the two principal business streets of the city. City Attorney Guy A. Reed is now working on the occupation tax ordinance, which will soon be made a law and he is entitled to much credit for directing the framing of important municipal laws as well as compiling the old ordinances so that the city officials may know just "where they are" at on any question.

Work has begun on the Aud Lusk home which is being built on the lot facing the Harry Christian home on North Halaguano street. The plans embrace a five-room bungalow, with bath and all modern conveniences, and when completed will be one of the very pretty dwellings of which Carlsbad boasts. Contractor Toffelmire has the work in charge.

#### ORDINANCE NO. 156.

AN ORDINANCE PROVIDING FOR THE SPRINKLING OF STREETS IN THE CITY OF CARLSBAD, NEW MEXICO, AND ASSESSING THE COST THEREOF AGAINST ADJUTING PROPERTY, AND THE OWNERS THEREOF.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CARLSBAD, NEW MEXICO THAT ORDINANCE NO. 106 BE AMENDED TO READ AS FOLLOWS:

Section 1. It is hereby determined by the City Council of the City of Carlsbad, that the hereinafter mentioned and described streets and parts of streets of the City of Carlsbad shall be watered, in whole, at the expense of the owners of property abutting on such streets and parts thereof.

Section 2. That the streets or parts of streets hereby determined to be watered are as follows, to-wit:

Main Street between Greene and McKay streets; Canon Street between Lea and Church Streets; Canal Street between Greene and Church Streets; Halaguano Street between Fox and Bonbright Streets; Greene Street between Canal and the right of way of the Atchison, Topeka & Santa Fe Railway Company; Fox Street between Halaguano and the right of way of the Atchison, Topeka & Santa Fe Railway Company; Mermod Street between Alameda Street to the right of way of the Atchison, Topeka & Santa Fe Railway Company; Stevens Street between Halaguano and Main Streets; Shaw Street between Halaguano and Canon Streets; Bonbright Street between Halaguano and Canon Streets; Hagerman Street between Halaguano and Canon Streets; Lucky Street between Canal and Canon Streets; Church Street between Canal and Canon Streets.

Sec. 3. That the expense of watering such streets or parts of such streets to be borne by the owners is hereby estimated and determined by the City Council to be 12 cents per annum per each lineal foot of frontage of such abutting property on all streets running north and south as follows, to-wit: Main Street, Canon Street, Canal Street, and Halaguano Street; and three (3) cents per annum for each lineal foot of frontage for such abutting property on the following streets running East and West, to-wit: Fox Street, Mermod Street, Stevens Street, Shaw Street, McKay Street, Hagerman Street, Bonbright Street, Lucky Street, and Church Street.

Sec. 4. That there is hereby assessed the sum of twelve (12) cents per annum against each and every lineal foot of frontage of each lot or parts of lots or parcels of land abutting on the following named streets or parts of streets, to-wit: Main Street, between Greene and McKay Streets; Canon St. between Lea and Church St.; Canal St. between Greene and Church Streets; Halaguano Street between Fox and Bonbright Streets. There is hereby assessed the sum of three (3) cents per annum against each and every lineal foot of frontage on each lot or parts of lots or parcels of land abutting on the following named streets or parts of streets, to-wit: Greene Street, Fox Street, Mermod Street, Stevens Street, Shaw Street, McKay Street, Hagerman Street, Bonbright Street, Lucky Street, and Church Street.

Sec. 5. That it is hereby made the duty of each and every property owner against whom such assessments are made and levied to pay to the City Clerk of the City of Carlsbad, at the City Clerk's office on or before the first day of May, August, November, and February of each year, one-fourth of the annual assessment levied against the abutting property herein described according to the provisions of this ordinance, and the entire amount to be due and payable before the second day of May in each and every year thereafter; and it shall be the duty of the City Clerk of the City of Carlsbad to collect and receive such payments, give proper receipts therefor, and keep a record thereof.

Sec. 6. The amounts hereby assessed against the hereinbefore mentioned and described lots and parcels of real estate, be, and the same shall hereby constitute a lien upon said lots and parcels of land, and if such assessment be not paid on or before thirty days after the end of the year in which such sprinkling of such streets is done, it shall be the duty of the City Clerk of the City of Carlsbad, New Mexico, to make out, sign, and attest with the seal of the said city of Carlsbad, and file for record in the office of the County Clerk and ex-officio Recorder of the County of Eddy, State of New Mexico, a claim of lien thereof, and all subsequent purchasers, mortgagees, and incumbrances of such lots or parcels of land shall take the same subject to such lien.

Sec. 7. Such liens shall bear interest at the rate of eight per cent per annum from the date of filing thereof until paid, and after such recording, may be sold and assigned to any person for the face value thereof, with interest, and may be foreclosed at any time after such recording, in the manner now provided for the foreclosing of mortgages on real estate.

Sec. 8. Expenses of recording such liens and reasonable attorney's fees therefore shall be allowed, in decrees of foreclosure of such lien.

Sec. 9. The watering of streets as herein provided shall commence on the first day of May in each year, and the final payment of such assessment herein made for each year thereafter shall be on or before the second day of May in each year.

Sec. 10. This ordinance shall not affect any existing contract for sprinkling.

Sec. 11. All funds derived under the provisions of this ordinance shall be placed in a special fund to be known as the "Sprinkling Fund", and the proceeds of such sprinkling fund shall not be used for any other purpose other than to pay expenses incident to the sprinkling of the streets of the City of Carlsbad within the sprinkling district hereby created.

Sec. 12. This ordinance shall take effect, and be in force from and after its publication as required by law.

Passed this 1st day of August A. D. 1921.

#### ORDINANCE NO. 157.

AN ORDINANCE RELATING TO THE SUPERVISION AND CONTROL OF POOL HALLS, BILLIARD HALLS, SHOOTING GALLERIES, AND BOWLING ALLEYS, AND DEFINING AND RESTRICTING THE LIMITS IN WHICH THEY MAY OPERATE, AND PROVIDING PENALTIES FOR VIOLATION.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CARLSBAD, NEW MEXICO:

Section 1. That hereafter no pool hall, billiard hall, shooting gallery, or bowling alley shall be maintained and operated within the City of Carlsbad, New Mexico, except where valid and subsisting license therefore shall first be had and obtained, licenses therefore, to be had upon application to the city clerk; the annual license tax for each pool table or billiard table shall be \$10.00 per annum, payable in advance. The license for operating or running any shooting gallery or any like amusement or device shall be \$25.00 per annum, payable in advance. Provided, that where any such business is conducted in any vacant lot or public place in said city, the license thereof shall be \$50.00 per annum. The license for operating or running a bowling alley shall be the same as herein specified for operating a shooting gallery. All licenses hereafter issued in connection with any and each of the aforesaid businesses shall designate the lot and block within said City of Carlsbad upon which any pool hall, billiard hall, shooting gallery or bowling alley is to operate; and that during the term of such license, said business shall not be maintained or operated on any lot within said city other than that designated in such license except by written consent and resolution of the City Council permitting transfer thereof.

Section 2. That hereafter no pool hall, billiard hall, shooting gallery, or bowling alley shall be maintained or operated within said City of Carlsbad except within the business district hereof. That for the purposes of this ordinance, the business district of said city is defined to be all that portion of said city within the following boundaries: Beginning at the intersection of Mermod and Main Streets, thence south on Main Street to its intersection with Tansil Street, thence west on Tansil Street to its intersection with Mermod Street, thence north on Canal Street to its intersection with Mermod Street, thence east on Mermod Street to its intersection with Main Street, the place of beginning; and that no pool hall, billiard hall, shooting gallery, or bowling alley shall be maintained or operated outside of the business district and within the corporate limits of the City of Carlsbad.

Section 3. It shall be unlawful for the owner or owners, or operators or any other person or persons to have at any time, a band, orchestra, or musician to play or perform on any musical instrument of any kind or character, or have play-

ing any musical instrument of any kind or character in any room or building in which is operated any pool hall, billiard hall, shooting gallery, or bowling alley.

Section 4. It shall be unlawful for any pool hall, billiard hall shooting gallery, or bowling alley to remain open between twelve (12) o'clock midnight of Saturday and twelve (12) o'clock midnight of Sunday in each week.

Section 5. It shall be unlawful for any person or persons to hold or conduct any fandango, ball, ball or dance or to engage in dancing in any pool hall, billiard hall, shooting gallery, or bowling alley.

Section 6. It shall be unlawful for any proprietor or manager of any pool hall or billiard hall within the corporate limits of the City of Carlsbad, New Mexico, to permit any minor under the age of Eighteen (18) years, or pupil in any school or educational institution to engage in any play or game of billiards or pool within such hall.

Section 7. It shall be unlawful for any proprietor, keeper or manager of any pool hall or billiard hall within the corporate limits of the City of Carlsbad to permit any minor under the age of Eighteen (18) years or any pupil in any school or educational institution to loiter upon or frequent the premises belonging to such pool hall or billiard hall or to engage in games or amusements of any kind therein.

Section 8. It shall be unlawful for any minor under the age of Eighteen (18) years or any pupil in any school or educational institution to loiter or frequent the premises belonging to any pool hall or billiard hall, within the corporate limits of the City of Carlsbad, or within any house where pool or billiards are played, to engage in games or amusements of any kind therein.

Section 9. Every person maintaining any establishment where pool or billiards are played is required to keep posted in a conspicuous place within his place of business a printed copy of this law, and it shall be unlawful for any such person to carry on his business without having such copy at all times posted as aforesaid.

Section 10. Any person, firm, or corporation or any employee thereof, who shall maintain or operate a pool hall, billiard hall, shooting gallery, or bowling alley within the City of Carlsbad without a license therefor, or who shall maintain or operate a pool hall, billiard hall, shooting gallery, or bowling alley within the corporate limits of the City of Carlsbad, and outside of the business district of said city as limited and designated in this ordinance, shall be guilty of a misdemeanor, and, upon conviction, shall be punished for each offense by a fine in the sum not less than \$25.00 nor more than \$100.00, or by imprisonment in the City Prison for a term of not less than ten days nor more than thirty days, or by both such fine and imprisonment in the discretion of the court, together with costs of prosecution; and each day's so maintaining or operating such pool hall, billiard hall, shooting gallery, and bowling alley shall constitute a separate offense.

Section 11. Any person, firm, or corporation or any employee thereof, who shall violate any provision of Sections 3, 4, 5, 6, 7, 8, and 9 of this ordinance shall be guilty of a misdemeanor, and upon conviction, shall be punished for each offense by a fine in the sum of not less than \$10.00 nor more than \$100.00, or by imprisonment in the city prison for a term not less than ten days nor exceeding thirty days, or both such fine and imprisonment, together with costs of prosecution, and in addition thereto, the court in which said conviction is had, shall adjudge and declare such license forfeited to the City of Carlsbad, and thereafter, it shall be unlawful for said licensee or any other person to do business under such forfeited license.

Section 12. That this ordinance shall be in full force and effect from and after five days after its publication as required by law, and all ordinances or parts of ordinances in conflict with this ordinance are herewith repealed.

Finally passed this 1st day of August A. D. 1921.

J. D. HUDGINS, Mayor.

(ATTEST:) R. A. TOFFELMIRE, City Clerk.

Approved by me this 1st day of August A. D. 1921.

J. D. HUDGINS.

Mayor of the City of Carlsbad, New Mexico.

The word "FIRE LIMITS" as used in this ordinance shall be construed to mean that district contained within certain limits designated by the ordinances of the City of Carlsbad to be the fire limits of said city.

Section 2. Vehicles shall be driven in a careful manner and with due regard for the safety and convenience of pedestrians and also of other vehicles.

Section 3. The driver of any vehicle shall turn to the right when meeting another vehicle, and shall at all times travel on the right hand side of the center of the street.

Section 4. Vehicles moving slowly shall keep as closely as possible to the curb, to the right, allowing more swiftly moving vehicles free passage to their left.

Section 5. Vehicles turning to the right into an intersecting street shall pass and turn the corner as near to the right-hand curb as possible.

Section 6. Vehicles turning to the left into an intersecting street shall pass to the right of and beyond the center of the street intersection before turning.

Section 7. A vehicle crossing from one side of the street to the other side of the same street shall do so by turning to the left but before making such turn, shall proceed to a street intersection, and in making such turn shall comply with the requirements of Section 6 of this ordinance.

Section 8. Vehicles proceeding in opposite directions shall pass each other to the right, each keeping on the right-hand side of street.

Section 9. Vehicles overtaking another while travelling in the same direction, shall keep to the left of the overtaken vehicle while passing.

Section 10. The driver of any vehicle shall stop at the signal of the City Marshal or other police officers.

Section 11. No vehicle shall back to turn in any street, nor back around street intersections, but shall go forward to an intersecting street before turning.

Section 12. No vehicle shall back in any street, if by so doing, other vehicles are impeded; and no driver shall back any vehicle without first giving warning to the drivers of other vehicles and pedestrians in the rear of the vehicle to be backed.

Section 13. No vehicle shall remain backed up to the curb except if be actually loading or unloading, and in such case no longer than actual loading or unloading requires.

Section 14. Horse or horses attached to a vehicle backed up to a curb shall be turned at a right angle to the vehicle, and in the direction in which the traffic upon the streets is moving.

Section 15. No horse or other animal shall be left unattended in any street unless securely fastened.

Section 16. It shall be unlawful for any person to drive any animal or vehicle upon the sidewalk or permit any vehicle or animal to stand on the street in such a manner as to obstruct the use of the sidewalk.

Section 17. It shall be unlawful for any person to halt or

stop any vehicle or any horse or other animal upon a cross walk or sidewalk of the city.

Section 18. It shall be unlawful for any person to hitch or fasten any animal to any ornamental or shade tree, or any lamp post, awning post, fence or railing.

Section 19. It shall be unlawful for any person to leave standing upon any of the following streets, any animal whether attached to a vehicle or not, and whether hitched, tied or not, and no hitching rack, pole or post shall be erected or used for hitching purposes within the limits described as follows, to-wit: On Fox Street between Canal and the right-of-way of Atchison, Topeka & Santa Fe Railway Company; on Mermod Street between Main Street and its intersecting with the alley running north and south thru Block 6; Canon Street between Greene and Mermod Streets.

Section 20. It shall be unlawful for any person to roller skate, to ride upon or operate any express wagon, scooter, or any similar device upon any of the side walks or public walks within the fire limits of the City of Carlsbad.

Section 21. It shall be unlawful to leave standing upon any street, alley, or sidewalk of the city any wagon, buggy, carriage, automobile or machinery of any description, excepting vehicles in use and in charge of a driver, and after notice has been served by any officer to move the obstruction, each day shall be considered a separate offense.

Section 22. No vehicle shall be stopped within the fire limits of said city with the left side next to the curb. When stopped, the right side must be next to the curb and the right front wheel shall not be more than one foot from the curb line, and shall be so parked that the vehicle shall be standing at an angle of 45 degrees with the curb line.

Section 23. No vehicle shall stop on any street unless within one foot of the curb, and in such a way as not to obstruct free passage of street.

Section 24. No vehicle shall be driven thru a procession of any kind except with the permission of a police officer.

Section 25. The driver of a vehicle on the approach of a fire wagon or other fire apparatus, shall immediately draw up said vehicle as near as practical, to the right hand curb, and parallel thereto, and bring it to a standstill.

Section 26. The officers and men of the fire department with their fire apparatus of all kind when going to, or on duty at, or returning from a fire, and the officers and men of the police department, and all patrols and ambulances shall have the right-of-way in any street.

Section 27. It shall be unlawful for any person to park or leave standing any vehicle upon any street within fifteen feet of the corner and the intersecting street, or within fifteen feet of any fire hydrant.

Section 28. It shall be unlawful for any person to drive any vehicle over, across, or upon any hose, while in use for the extinguishment of any fire, or for inspection or exercise of the fire department. (Such hose having not been protected from injury.)

Section 29. It shall be the duty of the driver or operator of any vehicle, when followed by another vehicle, when about to stop or turn a corner of any street or public way, to give a signal by extending or raising the hand, so that such signal shall be plainly visible from behind such vehicle, and if about to turn, he shall indicate in such signal the direction that he desires to turn, and it shall be the duty of the driver of any vehicle following to slow down in response to such signal.

Section 30. Pedestrians are hereby given the right-of-way over crossings at street intersections, and upon approaching the crossings or intersecting ways, the person in control of any automobile or other motor vehicle shall sound a signal in such a way to give warning to pedestrians and other vehicles of their approach, and shall reduce the speed of such vehicle, and shall not move at a greater speed than is reasonably safe and proper, having regard to the rights of pedestrians, and to the traffic and use of the intersecting street.

Section 31. It shall be unlawful for any person while in an intoxicated condition to operate or attempt to operate a motor vehicle upon any streets within the corporate limits of the City of Carlsbad.

Section 32. Drivers or operators of any motor vehicle, upon approaching any public or private school within the corporate limits of the City of Carlsbad, shall have his or her vehicle under full control, shall sound a signal in such a way as to give good warning to all pedestrians of their approach, and shall slow down his or her vehicle to a speed to not more than ten (10) miles an hour.

Section 33. It shall be unlawful for any person to drive or operate any vehicle upon any street in the City of Carlsbad within the fire limits at a greater rate of speed than fifteen (15) miles per hour. It shall be unlawful for any person to drive or operate any vehicle upon any street within the corporate limits of the City of Carlsbad and outside the fire limits at a greater rate of speed than twenty miles per hour. (Nothing contained in this section shall be construed to obrogate or modify Section 32 of this ordinance.)

Section 34. The speed limitation herein prescribed in this ordinance shall not apply to any physician or surgeon, regularly licensed to practice medicine or surgery under the laws of the State of New Mexico, when such physician or surgeon is on his way to attend a patient where apparently it would be dangerous to take the time required by such provisions of this ordinance, and when such physician or surgeon displays conspicuously a plain green cross in size not less than 3 1/2 inches wide, which cross shall be surrounded by a plain white square, and which cross shall have arms not less than 1 1/2 inches wide, and which cross may be fastened on a moveable arm to such machine provided, however, that it shall be unlawful for any person other than a physician or surgeon regularly licensed to display such insignia, and provided further that it shall be unlawful for any physician or surgeon regularly licensed to display such insignia unless he shall be making a call under the conditions hereinbefore mentioned; and provided further that when any person is charged with unlawfully displaying such insignia, the burden of the proof shall be on such person to establish his right to display such insignia.

Section 35. An operator or driver of any vehicle approaching an intersection of any of the streets within the corporate limits of the City of Carlsbad shall yield the right-of-way to a vehicle approaching such intersection from the right of such first named vehicle.

Section 36. It shall be unlawful for any person to ride, drive, or propel, or to cause or permit to be ridden driven or propelled any vehicle upon or along any street within the corporate limits of the City of Carlsbad during the period of one hour after sunset to one hour before sunrise unless there is attached to the front of said vehicle at least two lighted lamps and one red light on the rear; the rear light shall be so placed that the light from the side of the lamp will reflect its light upon the license number of the car; Provided however, that but one lighted lamp shall be required on motorcycles, motorbicycles, and bicycles between the hours aforesaid.

Section 37. It shall be unlawful for any person to drive or propel any motor vehicle nor shall any owner thereof, while therein or thereon, allow any such vehicle to be driven upon or through the streets within the corporate limits of the City of Carlsbad at the time lights are required to be carried by ordinance, unless said lighting device is dimmed by placing reflectors or blinders upon the lights or by covering the upper half of such lights with black or green paint so that no part of the reflected beam from said lighting device shall be projected more than three (3) feet above the surface of the road way at a distance of 75 feet in front of said lights when measured on a level roadway. The use of "spot lights" where any vehicle is in motion is hereby prohibited.

Section 38. It shall be unlawful for any person to operate any motor vehicle within the corporate limits of the City of Carlsbad unless the motor is provided with a muffler, properly attached to such vehicle or motor, and of such construction as will muffle or deaden the sound of the exhaust from such motor.

Section 39. It shall be unlawful for any person to operate any motor vehicle along the streets within the corporate limits of the City of Carlsbad unless such vehicle shall be provided with adequate brakes in good working order, and sufficient to control such vehicle at all times, and shall also have a suitable, bell, horn, or other signaling device.

Section 40. It shall be unlawful for any person to drive or operate any vehicle upon the streets within the corporate limits of the City of Carlsbad without having conspicuously displayed thereon in the rear, a state number, issued and assigned to said vehicle by the Secretary of State, bearing the number and seal of the current year.

Section 41. No owner of any motor vehicle shall permit any person under the age of fourteen (14) years to operate or drive said motor vehicle upon any street within the corporate limits of the City of Carlsbad, unless said person under four-

Mrs. J. W. Stevenson returned from a delightful visiting trip with her sisters and other relatives in Texas, and while she had a fine time from some cause or other she tells us she is glad to be at home again.

Mr. and Mrs. Woody Tullis and daughter, Nettie, came down from their ranch west of Roswell, and spent a few days in town, coming mainly for the purpose of ascertaining the condition of Mrs. Tullis' father, Dan Lucas, who is still quite poorly at the George Williams residence.

C. C. Sikes left Wednesday for a business trip to Portales and from there to points in and around Tucumcari. Mrs. Sikes accompanied Mr. Sikes as far as Portales returning yesterday on the afternoon train.

Major and Mrs. Dean Smith and baby daughters, Dorothy and Deane, arrived in the city from Dayton, Ohio, and will likely make their home with us. All Carlsbad will welcome this fine young family to our midst and hope they may see their way clear to remain here.

The fellow who stole the windmill and the barbed wire fence may be expected to arrive shortly if indications point to anything. A tent, which had been occupied by a sick man in the west part of town was stolen Sunday night from its place in the dooryard while the owner was sleeping in the house because of the damp weather. The officers were put on the track of the lost article but so far all efforts to recover the same have been in vain. There must be some sound sleepers in west Carlsbad.

Fred Leck, wife and two daughters were in from their ranch at Kermit, Texas the first of the week shopping and visiting. The two young girls attended school here last winter and will again be attendants at the coming session, their mother moving to town later in the summer and remaining here during the school year for that purpose.

Dr. Tom Pearson returned to Carlsbad, Tuesday from a stay in Roswell.

Mrs. John D. Cantrell came to town from her ranch home last Saturday and remained here over Sunday, in order to see her sister off for home Monday. The sister lives at Fort Stockton, Texas, and had been visiting with Mrs. Cantrell for ten days.

Miss Lucille Pond is spending the week at the Thurman ranch on Black river.

Messrs. Arthur and John Foreland and their wives, returned from Silver City last week, Thursday where they went overland to meet their daughters, Misses Grace and Pearl, who had been attending the Summer Normal at that place. They returned by the way of El Paso and had a

Nearly forty persons, relatives and close friends, of the Davis-Mercer families met at the M. L. Davis home west of the city last Sunday to spend the day under the trees at this cool suburban place. A dinner, such as this group of friends know so well how to prepare, was spread at the noon hour, everyone present contributing to the feed and the result being one of the finest picnic dinners we have any report of this season. The honor guest, was Mrs. Shiveley, who left on Tuesday for her home in Council Bluffs, Iowa, and who has many flattering things to say about her entertainment during the three weeks of her stay in this city. The dinner was spread under the trees at the Davis home where so many similar gatherings have been held. After it was over the men of the party took a swim in the canal west of the home, returning in time to assist in demolishing the fine ice cream and cake which were served in abundance.

Mrs. Richard Shiveley and three sons, of Council Bluffs, Iowa, who had spent three weeks in Carlsbad, honored guests at the home of Mr. and Mrs. A. L. Vaughn, and other friends, left Tuesday night for their home. They will make several stops en route. Mrs. Shiveley has traveled on the way home in Kansas and Ohio extensively from coast to coast and says she has never found such clever people as she found in Carlsbad, and vicinity.

Misses Iris and Thelma Eates, of Midland, Texas, who have been guests at the home of their aunt, Mrs. George Brantley, for three weeks past, left for their home at Midland, Texas, the first of the week. The young ladies would have liked to make a longer stay in our city but the necessity of preparing for college caused them to cut short their visit.

"Where Things are New"

### THE COTTON MARKET

The Editor the Carlsbad Current, Carlsbad, N. M.

Dear Sir: So much has been said, and I hear it on all sides, that the principal reason for the decline in cotton is on account of foreign countries not being able to finance their needs. I have maintained since my recent trip to Germany that conditions in that country have been misrepresented, that she COULD finance her needs and facts and figures have proven my assertion.

Exports of cotton to Germany at this time and for some time past are very heavy, in fact larger than to any other country, including England, who is ordinarily the largest taker of our cotton. The port of Galveston shows exports of cotton to be Three Million bales or about One Million more than last season.

Now comes a statement of the German Bank of Berlin showing Gold holdings of that bank on June 28th last of 1,091,563,900 Marks or about \$275,000,000. This certainly is an enormous sum for one bank to hold, even the Government bank which the German Bank (Deutsche Bank) is. It is more than sufficient for the financing of all the cotton and many other commodities she needs. There are of course many other banks in Germany and private institutions who no doubt possess large sums of gold, all of which should have a very bullish tendency in regard to cotton.

The big difficulty I see is not the ability of Germany, and other countries to be able to finance purchases of cotton but rather the finding of markets where the finished product can be disposed. People all over the world are unable to buy what they need, and unless finished goods can be exported by these different countries who buy our cotton they will not be in position to purchase our raw materials.

Yours very truly,  
JOSEPH WERTHEIM.

Miss Georgia Wallace and her sister, Mrs. John Snow of Denver, with the latter lady's young son, arrived in Carlsbad Sunday afternoon. Miss Wallace has already resumed her work at the First National Bank and Mrs. Snow and John R. are at the home of Mr. and Mrs. J. E. Wallace, where they will make an extended visit before returning to their home in Denver.

### GLASIER BOYS ENTERTAIN

About twenty youngsters, of varying ages were guests at the swimming party given to honor the seventh birthday anniversary of Bobby Glasier Monday afternoon. Some of the lads were friends of William Glasier who also claims part of the honors as host. The little fellows enjoyed their trip over to the lake on a large float, where they all went in swimming, and after tiring of that sport, were served a regular supper spread on a highly decorated table cover, with the Stars and Stripes as the principal motif. A white birthday cake, bearing aloft its seven small candles, was a feature that attracted all eyes and the boys say it was as good as it looked. Mrs. Earl Hanson assisted Mrs. Glasier in looking after the comfort of the boys.

The little son of Mr. and Mrs. Henry Hulman is very sick at the Hulman home on West Greene street, this city. The baby, a bright-eyed boy, has some kind of stomach and bowel trouble, which is very persistent and will not yield to treatment.

### PHILATHEA'S PICNIC.

A picnic of the above class of the Methodist Sunday School was held at the home of Mrs. T. J. Kindel in West Carlsbad, last Monday evening at six o'clock. Everything passed off in a delightful manner, even the weather, which had been threatening propitious, at the last, and all enjoying themselves with the spread on the grassy lawn. Several of the members were unable to be present, but the guests were as follows: Mrs. Ray Davis and her boys; Mrs. T. J. Kindel and John Leslie; Mrs. Harlan Clark, Mrs. Sam Moskin, Mrs. Barney Hopkins and little son, Barney; Mrs. Annie W. Moore; Miss Netta Mae Kindel, Miss Saffie Stanford, Miss Mary Lee Pond, Mrs. Kirkendall, Mrs. Georgia Pond, and Mrs. A. Moore, teacher of the class.

Among other improvements in the city we notice the fine, new sleeping porch being built at the home of A. C. Barrows, on North Halaguano St., opposite the grammar school. This will prove a great convenience to the family, especially during the heat of summer.

## State National Bank of Carlsbad Farm Talk No. 3

This is our third talk on diversification and more dollars per acre.

We have talked to you twice about more profit from hogs. Now we want to make some pertinent suggestions along other lines.

More cows and better cows, and more chickens and better chickens naturally go with more hogs and better hogs.

How much more loss must you incur before you are satisfied that you cannot sell the crude products of your farm and receive anything for the labor of yourself and family? You are too far from market.

Freight and other charges are too heavy. Farming is too expensive for you to successfully compete along these lines with farmers closer to good markets.

What is the solution? Why not feed what you raise and then sell and ship beef, pork, cream, poultry and eggs? You will at least have the difference of the freight in your favor.

Think about this and come and talk it over with us. Then watch this space next week.

## Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Mrs. John Draper and two children left yesterday morning for their home in Hebbronville, Texas, after a pleasant five weeks visit at the home of Mrs. Draper's parents, B. A. Ny-meyer and wife. They made the trip overland in their fine Columbia Six, and anticipated no trouble on the way expecting to arrive at their home, 672 miles distant, Sunday night. They went from here to Monahans, where they were joined by a sister-in-law of Mrs. Draper's and also made a stop at Midland, where Mrs. J. J. Draper will accompany them, she visiting at Midland at this time. Mrs. Draper and children enjoyed their annual visit, but their many friends think it was all too short.

A trio of tennis enthusiasts left yesterday for Pecos, Texas, where they will enter the tournament now on at that place. Those going from Carlsbad are Messrs. Ned Godby, J. B. Morris and S. L. Perry and family. After the games, the Perrys will continue on to Big Springs, where they will make a visit with homefolks. All the towns between and including Pecos and El Paso, and Pecos and Roswell, are entitled to compete at the tournament.

### SCOUT NEWS.

To be a scout means for a boy to be helpful, a good citizen and up-right in every particular. See that your boy gets in line.

School will open in one more month and the scout work will really begin again.

The members of the Spanish troop under the direction of Scoutmaster John Wells, are qualifying as real scouts. Watch them improve in every way. Let us lend them a hand and make real American citizens out of them. A great improvement is already noticeable in their behavior and dress.

Regular meeting on Tuesday night. Be sure to be on hand.

Troop No. 1 is planning a series of ball games with Lovington real soon.

Scouts are preparing for the big encampment next year. Carlsbad will be able to send a full troop of real trained boys, and watch them bring back real honors.

Troop No. 2 ball team crossed bats with the Spanish troop No. 3, Saturday, and a real good game was the result, with a victory for Troop 2.

Scout Virgil McCollum is acting as secretary and stenographer in the arrangements for the big encampment next year.

The next Chamber of Commerce Luncheon will take place on Thursday August 11th at the Crawford Hotel. Every member of the Chamber of Commerce should be present.

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

### LESSON FOR AUGUST 7

PAUL IN CYPRUS AND IN ANTI-  
OCH OF PISIDIA.

LESSON TEXT—Acts 13:42.  
GOLDEN TEXT—Ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth.—Acts 1:8.  
REFERENCE MATERIAL.—Matt. 13: 31-33; 23:15-20; Mark 16:15; Luke 24:47.  
PRIMARY TOPIC—Adventures of Paul and Barnabas.  
JUNIOR TOPIC—Saul becomes a Sorcerer.

INTERMEDIATE AND SENIOR TOPIC—Paul Begins His Missionary Travels.  
YOUNG PEOPLE AND ADULT TOPIC—Paul Becomes a Missionary.

This marks the beginning of foreign missions as the deliberately planned enterprise of the church.

I. The Gifts of the Church at Antioch (v. 1).

Young as Antioch, the new religious center, was, she had prophets and teachers. Such are essential to church life. Indeed, they are never absent from the true church. In Ephesians 4:8-12 Paul says that when Christ ascended He gave gifts unto men for the purpose of perfecting the saints unto the work of the ministry.

II. Barnabas and Saul Sent Forth (vv. 2, 3).

While the five ministers were praying and fasting, the Spirit of God commanded them to send forth Barnabas and Saul. The work of evangelizing the world was laid so heavily upon these men that they refrained from eating in order to seek the will of the Lord in prayer. This is the kind of fasting that meets God's approval. From the fact that they were directed to send forth those whom the Spirit called, we learn that the real call to Christ's service comes from the Spirit. The Spirit calls and the church seconds the motion by sending those who are called. They sent the very best men from the church at Antioch.

III. Preaching the Word of God in Cyprus (vv. 4, 5).

We are not told as to why they first went to Cyprus, but we infer that it was because it was the home of Barnabas. It is most natural that those who have heard good news should go with it first to their kindred and friends. As they went forth they preached the Word of God; not civic righteousness, current history, philosophy, etc. The great need today is Spirit-called and Spirit-filled men preaching God's Word.

IV. Withstood by Elymas the Sorcerer (vv. 6-12).

When Barnabas and Saul by invitation were telling Sergius Paulus of the Word of God, Elymas maliciously sought to turn his mind from the faith. This is the first obstacle they encountered. This opposer is the same one who came to Adam in Eden and to Jesus in the wilderness. He is the enemy of God and man. He now seeks to bar the gospel as it enters upon its career of the conversion of the heathen. Saul denounced him in the most scathing terms, calling him the child of the devil, full of guile and villainy, and pronounced him the enemy of all righteousness, accusing him of perverting the right ways of the Lord.

Happily, the deputy heeded Saul's teaching and believed the gospel. It was in this connection that Saul's name was changed to Paul.

V. In the Synagogue at Antioch in Pisidia (vv. 13, 14).

From Paphos Paul and Barnabas went northward to Perga. From Perga they went into Antioch in Pisidia, where they entered the synagogue on the Sabbath day. Though he was sent to the Gentiles he does not depart from the order of beginning with the Jews. After the usual reading of the Scriptures, upon the invitation of the rulers, Paul delivered the discourse recorded in verses 17-41. This sermon is worthy of careful study. It consists of four parts: (1) Historical (vv. 17-23); apologetical (vv. 24-37); (3) doctrinal, (vv. 38, 39); (4) practical (vv. 40, 41). It sets forth the missionary message for all times and lands. Its essence should ever be the same. In this sermon he presented the glorified and risen Christ as the Savior from sin, basing his proof upon the testimony of living witnesses and the inspired Word.

VI. The Effect of the Sermon (vv. 42-52).

Many of the Jews and proselytes requested them to speak to them again. Almost the whole city came to hear the Word of God the next Sabbath. This great crowd incited the jealousy of the Jews. This jealousy could not long be restrained; it broke out in open opposition. This opposition was in turn answered by Paul's rejection of them and turning to the Gentiles.

Learn the True Wisdom.  
Learn, O student, the true wisdom. See you bush aflame with roses, like the burning bush of Moses. Listen, and thou shalt hear, if thy soul be not deaf, how from out it, soft and clear, speaks to thee the Lord Almighty.—Hantz.

A Question of Right.  
But Peter and John answered and said unto them, Whether it be right in the sight of God, to hearken unto you more than unto God, judge ye.—Acts 4:19.

#### FOOD SHORTAGE IN DIXIE ACUTE HARDING HEARS.

(By The Associated Press)  
Washington, July 25.—Alarmed at reports of a threatened "semi-famine" coupled with an epidemic of pellagra in a large section of the cotton belt, President Harding today requested both the public health service and the American Red Cross to make immediate investigation and report what could be done by the federal government.

The fullest co-operation of all federal agencies in the relief measures was promised by the president who declared that if found necessary, congress would be asked to pass special legislation. He urged that no time be lost in ascertaining conditions and applying to them an effective remedy.

The threat of "famine and plague" the president wrote, seemed to arise from the fact that depressed markets had made it impossible for the people of a large section to sell their stocks of cotton. The resulting shortage of money, he said, apparently had deprived many thousands of the variety of food necessary to ward off pellagra.

"Immediate and effective measures of amelioration are manifestly demanded if conditions even approximate the gravity suggested by the public health report. It is unthinkable that we should delay for a single day the institution of such measures," the president wrote the health service.

In his letter to Dr. Farrand, Mr. Harding said:

"It must be a shock to the American people to realize that a great section of their own country, which they are wont to think of as immune from such experiences, is actually menaced with famine and plague. It demands instant and vigorous attention. Our people will never permit such an affliction here at home."

Latest reports received by the public health service were said to indicate that pellagra this year in the cotton belt would claim about 100,000 victims, of whom it was estimated 10 per cent would die.

"That pellagra would show a heavy increase this year was foreseen last fall when the cotton market failed," said a statement issued by the health service. "Most American cotton is raised on shares by tenant farmers who are 'carried' by the land owning planters for about six months each year during which they are provided with food and clothes, to be paid for when their crop is sold in the fall. Last year's crop, however, is still unsold, and neither tenant nor planter has received the money on which they had depended. The planters are almost moneyless and are unable to obtain further credit from the banks which also are hard pressed. Nevertheless, the tenants must be carried until next fall with no assurance that the cotton market will come back even then."

If you are in the market for a used car, it will pay you to stop and see the fine lot for sale or trade at the OHNEMUS SHOPS. "Can Fix It."

#### LOVINGTON NEWS.

A lovely dinner was served to the men who helped at the branding of Mrs. A. C. Kimbrough's registered calves last week. In the afternoon everyone went over to W. M. McBride's where he had his calves vaccinated, and stayed to supper.

Mr. and Mrs. Sam Lusk, of Carlsbad came out Tuesday for the branding of the Lusk calves at the Mel Lusk ranch south of town. Several cars of Lovington folks went out and enjoyed the barbecue supper.

A large branding took place at Walter Pendleton's ranch last Tuesday. Twenty-six men helped with the round-up, branding, vaccinating, etc., the ladies helping with the barbecue dinner which was spread under beautiful willow trees near the tank. After supper many of the guests stayed for the dance given by Mr. and Mrs. Babe Eaves at their ranch home about seven miles east of the Pendleton home.

Flames were seen by neighbors and an alarm given at three o'clock Wednesday morning, when Scott Wolfarth's home caught on fire. The origin of the fire is unknown as Mrs. Wolfarth and family left Sunday to spend several days with relatives in Elida. The fire started in the rear of the house, most probably the kitchen. By the time the alarm was given the heat was so intense that nothing could be saved. \$4,500 insurance was carried.— Lovington Leader.

Our people here will remember very kindly, Miss Haikes, for five seasons trimmer at the Joyce-Fruit Millinery store, and a very lovely and capable woman. Soon after leaving here Miss Haikes married and is now Mrs. DeLap, of Chicago, Illinois. A friend in this city recently received a letter from her in which she told of the death of her mother, at Plattville, Wisconsin. Mrs. DeLap had spent some weeks with her mother caring for her previous to her death. Many friends here who know and love the daughter for her many noble qualities, will sorrow with her in her loss.

Mr. and Mrs. E. V. Albritton, Miss Albritton and Miss Adelle Bujac made a trip to the Usery ranch southwest near the point of the mountains, going Sunday afternoon and returning late on Monday. The trip was without incident except that on the way out they ran into a rain which caused them no worry. They found everything looking fine at the ranch and enjoyed their short visit immensely.

While moving the new machinery to the cotton gin this week Pete Hoover had the misfortune to drop a piece on his foot, slicing off a good sized piece of that member. He says he is glad it doesn't interfere with his smoking. Pete and his pipe are familiar sights on the streets of Carlsbad.

#### THE PROPOSED AMENDMENTS TO CONSTITUTION

Follows is a list of the proposed constitutional amendments to be submitted to a vote of the electors of New Mexico at a special election to be held on September 20, 1921. Should amendment number 11 be adopted the road bond act would become effective.

1—An act to permit women or any other qualified voters in the state to hold public office.

2—An act to prevent aliens who are ineligible to citizenship from holding real estate within the state of New Mexico.

3—State officers, except the superintendent of schools, after having served two consecutive terms, shall be ineligible to hold any state office for two years thereafter.

4—An act exempting from taxation of each head of a family in the sum of \$200; and of every soldier, sailor, marine, army nurse and widow of every soldier, sailor or marine who served during the period the U. S. was engaged in any war, in the sum of \$2,000.

5—An act giving the state corporation commission power to change or give the provisions for the enforcement of its orders, and any act will be binding on any company, carrier or person to whom the same is directed.

6—An act providing that the governor take office on the first day of December next after his election, and that the legislature shall convene at 12 o'clock noon on the first Tuesday of February after the general election, and that, no regular session shall exceed sixty days and no special session thirty days.

7—An act providing for a state land commission, the members of which are to be appointed by the governor by and with the advice and consent of the senate. Each member of the commission to serve for six years.

8—An act making the maximum rate of taxation for all state purposes and uses at 6 mills for county purposes 5 mills, 2 mills for road purposes and 1/2 a mill for health purposes.

9—An act limiting the amount of state, county and municipal indebtedness.

10—An act providing that the county school superintendent may be eligible to hold a county office after having served two consecutive terms.

11—An act permitting the state highway department to issue bonds in the sum of \$2,000,000.

The road bond act authorizes the issue and sale of state highway bonds in the sum of two million dollars to provide funds for construction and improvement of the state highways.

R. B. Knowles has spent much of the week in town from his ranch home west of Lakewood. Mrs. Knowles is still very ill at Sisters' Hospital where she recently underwent a serious operation.

Claude Hackney and wife moved this week from Roswell to the Lucius Anderson cottage near the Sanitarium. Mr. Hackney is a railroad man, and was recently transferred to this end of the line.

J. W. Sherman and W. A. Craig, of the State National Bank, made a trip to the XT ranch last Sunday, and had dinner with Mr. and Mrs. Green Usery at the home.

The next Chamber of Commerce Luncheon will take place on Thursday August 11th at the Crawford Hotel. Every member of the Chamber of Commerce should be present.

Miss Josephine Williams spent two weeks with her school friend, Miss Louise Moore and upon returning to the ranch was accompanied by Miss Louise, who will spend a like time with her. The little girls are the best of friends and have great times together, whether at the ranch or in town.

The family of J. C. Watson, who resided in the lower valley and farmed left the first of the week for El Paso, where Mr. Watson has a position and where they intend to make their home, they having disposed of their crop in the valley.

Mr. and Mrs. W. M. Jones, and baby daughter, Frances Elizabeth, left for their home at Yaso, in the northern part of the state, Tuesday morning after spending three weeks at the home of Mrs. Jones' parents, Mr. and Mrs. L. N. Hoag at Malaga. Mrs. Jones carried back with her over a hundred cans of fine fruit which she had canned while on her visit here. They spent Tuesday night with friends in Roswell on their return trip.

Collin Gerrells was in town from his ranch in the mountains the fore part of the week.

#### Mrs. Stevenson Surprised

Class No. 9 of the Christian Sunday school gave a surprise to one of their number, Mrs. Mabel Stevenson, who, with her two children, left this week for Dalhart, Texas, to make their home.

The surprise was held at the N. T. Daugherty home about twenty-five persons, including children, being children, being in the party. Delicious ice cream and cake were the refreshments, and a good time was the result, mingled with regret that their friend must soon leave. Those present included the honor guest and her children, her mother, Mrs. Collins, Mr. and Mrs. Vaughn, Mr. and Mrs. Patton, Mrs. and Miss Sellards, Mr. and Mrs. Grant, Mr. and Mrs. J. W. Stevenson, Mr. and Mrs. Daugherty, Mrs. Coats and John Harvey, and the children of the different families.

#### NOTICE TO THE PUBLIC

School children and others within the city limits who desire to take the toxin-antitoxin immunization against diphtheria may receive this inoculation gratis from the municipal health officer. This inoculation immunizes one against diphtheria for a period of seven years, and probably for life. The public health funds of the city are believed to be ample to cover the cost of this work, and citizens generally, particularly children are advised to avail themselves of this offer, diphtheria having been prevalent in this section for the past ten months, and it is reasonable to anticipate a more serious outbreak with the advent of cold weather.

All are also advised to take notice that the law compelling the successful vaccination of school children will be rigidly enforced.

L. H. PATE  
Municipal Health Officer.

Mrs. Mabel Stevenson and children leave this week for Dalhart, Texas, where Mr. Stevenson is employed and where the family will make their home.

#### SHIPPING OUT 4 MILLION BALLOTS FOR THE ELECTION

The secretary of state's office Saturday began sending to the county clerks official ballots, registration books and poll books for the special election September 20 which will decide the fate of the eleven constitutional amendments proposed by the fifth legislature.

Miss Edith Wileman, assistant secretary of state said 4,817,140 ballots were required under law—twice the number cast at the last election in official ballots plus twice the number cast at the last election on red paper for samples. One small county, she said, was sent four dry goods boxes.

The secretary of state's office furnishes only the ballots for the constitutional amendments. The counties furnish those for the senatorial election called by Governor Mechem for the same date.

Elliott Hendricks and wife left last night for Green Bay, Wisconsin, where they plan to spend the remainder of the heated term.

W. M. Howell and wife, of Roswell; W. G. Howell and family, of the T. X. ranch; Mrs. L. W. Howell and daughter Miss Tenie, of Lakewood, returned one day last week from a visit to relatives and old friends in Kerr county, Texas. Mr. and Mrs. Greene Lackey, of Ingram, Texas, parents to the Mesdames Howell, John Lackey wife and son, of Midland, Texas, came with them for a visit here and at Roswell.

J. R. Stroud of Groesbeck, Texas, accompanied by O. S. Burt of the same place, arrived here one day last week for a visit with Mr. Stroud's brother, J. M. Stroud. Mr. Stroud has made quite a success in the oil and gas fields of Limestone county, and owns large producing interests there now.

Misses Mabel Robinson and Mildred Adams; master Robert Wilcox, chaperoned by "Uncle" Tom Low, started Tuesday for Captain, New Mexico, for a visit with Miss Mabel's father, Lee Robinson. They went by auto, and will be absent about two weeks.

Auditors for the Santa Fe came down from Clovis Tuesday and checked out E. E. Bales, who, with Mrs. Bales will leave Saturday night on his annual vacation, going first to Ft. Morgan, Colorado, to visit with his father, and then to Zion City, Illinois, to visit a son. They will be absent a month or longer. "Dutch" Feeley was installed as temporary agent during Mr. Bales' absence.

Mrs. W. B. Kehl, formerly Miss Susie Larremore, came in Tuesday night for a visit with her grandmother, Mrs. R. A. Larremore and friends. Mrs. Kehl lived here during her girlhood and has many friends who are glad to welcome her back to the old stamping ground.

Mrs. Belle DeAutremont has been suffering for sometime with rheumatism, and seeming to derive little benefit from local treatment, went to a hospital at Carlsbad Wednesday. Her friends hope for her a speedy recovery.

Mr. and Mrs. Greene Lackey; Mr. and Mrs. John Lackey and son; Mr. and Mrs. L. W. Howell and daughter Miss Tenie; Mr. and Mrs. Lewis Howell and family, and Mrs. Ole Gossett, all accompanied Mr. and Mrs. M. W. Howell to their home near Roswell, where they will visit for a few days.

Little Miss Mary Kroeger went to Carlsbad Tuesday to visit with relatives and friends.

Miss Bernice Lee is spending part of this week with friends in Globe. Mrs. John Murray was a business visitor to Carlsbad Monday.

J. M. Stroud and his brother Rob, and Mr. Burt motored to Carlsbad Wednesday on business.

Miss Irene Truitt, who has been an inmate of the family of E. Hendricks for some three years, came home Thursday night and will remain for some weeks while Mr. Hendricks and family are visiting in the east. Miss Irene's many friends will be glad to welcome her back home.

C. O. Merrifield who has had charge of the repair work on our school building will complete the work this week, and we will have one of the neatest and best school houses in the Pecos Valley.

John Fanning and family, of near Dayton, were visiting with friends in town Thursday. Mr. Fanning has just returned from Wichita, Kansas, where he accompanied some cattle to market.

#### OTIS NEWS

Mr. and Mrs. Grant Mann of El Paso have been visiting at the home of Mrs. Mann's aunt, Mrs. Tipton, for a few days.

Mrs. Reed and two daughters of Kansas City left the last of the week for home after a very pleasant six

weeks stay with their daughter and sister Mrs. Carl Smith.

Mrs. Bob McCall left Monday night for a three week stay with her folks in Oklahoma.

Miss Patterson from Denver spent a few days at the Ellsworth home.

Miss Eleanor Neblett sister of Mrs. Flowers, who has spent much of the summer in Carlsbad, was a visitor to the home of Mrs. Rhea, of Roswell, where she spent most of the last week, returning to this city Friday. While in that city Miss Neblett was honor guest at a dinner party given for her by Mrs. Rhea and also a picnic at the Country Club. She will leave inside of the next two weeks for her home in Clarksville, Tennessee.
