# The Carlisbad Current

TWENTY-NINTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, AUGUST 12, 1921.

NUMBER 36.

## EX-CARLSBADITES PICNIC AT RIVERSIDE PARK

The former Carlisbad residents who are now living or summering in Los Angeles, California, manage to keep trace of each other and once each summer have a general reunion, when all get together and talk over old times experienced in the best town in the United States—Carlisbad.

The picnic was held this year at beautiful Riverside Park and was well attended, all the ex-Carlisbadites who could be reached by telephone or letter being invited and with very few exceptions were present.

A sumptuous picnic dinner was partaken of and a delightful day spent in that beautiful spot, which was selected as being the most accessible for every one.

Through the kindness of Mrs. Kircher, a recent addition to the number, we have been furnished with a list of those who were present, all of whom will be remembered as former residents of the Beautiful.

Ed. W. Eckridge, Hinda Eckridge, F. W. Pratt, Mary E. Eckridge, E. E. Hoagland, Mrs. Mary A. Gilson, C. H. Dishman, Mrs. C. H. Dishman, M. T. Stone, Mrs. Annie C. Hoagland and two boys, Mrs. Edith Lee Rule, Harry J. Yardley, Mrs. Betty Rule Yardley, L. M. Canfield, Mrs. Dibble Clark, Mrs. A. A. Davis, Chester W. Richards, Mrs. Frances Richards, Betty Richards, Billy Richards, Mrs. McKittick, Ruth Frances McKittick, Mrs. Shepard, Joseph N. Owen, Wm. Shepard, Mrs. Helen A. Chatz, Mrs. S. I. Roberts, C. M. Richards, C. D. Church, Diantha Church, Mrs. C. M. Richards, Dr. Maurice Friedman, Mrs. Friedman, Mrs. J. J. Kircher, Mary Kathryn Kircher, Evelyn Moore Kircher, J. Kircher, J. F. McKittick, Pauline Smith, of Ansonia, and Patty, sisters of Gertrude Smith, (who visited the Fessenden family during their residence in Carlisbad) R. M. Fessenden, Mrs. R. M. Fessenden, Willburn C. Fessenden, John Lowenbruck, Frank A. Moore, Mrs. Daphne Rule Moore, Edith Lee Moore.

## HAY TRADE CONDITIONS OF THE WEEK.

Markets are easier under increasing arrivals of new stock, especially in the west. The new hay crop which was reported at 67 per cent of last year on July 1, showed some improvement when harvested. New England reporting gains as high as 50 per cent of earlier forecasts. Government reports show that 35 to 40 per cent of the old hay is still on farms and although this is as much too high as their earlier predictions of crop conditions were too low, nevertheless there is more old hay available than in years. —Hay Trade Journal.

## AT THE PRESBYTERIAN CHURCH

There will be regular services at the Presbyterian church next Sunday morning. Sunday school at ten o'clock and preaching at 11 by Rev. E. E. Mathes, of Artesia. A cordial invitation is extended to all.

Picnics and camping out have been the order of the day for some weeks, in fact since the hot weather struck us the fine camping spots near town have been utilized by numberless parties of young folks and some not so young. The latest party to leave town of which we have knowledge is the "Ever Ready" class of the Methodist Sunday school. This class, true to its name, is ever ready for a frolic or for genuine hard work. Wednesday of this week the class, in company with the teacher, Mrs. Walter Craft, went to the Julian Smith farm below town and have been camping since that time. Besides the regular members of the class, are Mrs. T. J. Kindel and two sons, Tom and John Leslie, and the two children of Mrs. Craft, Ruth and James. They took along with them supplies of various kinds and announce their intention of remaining until tomorrow.

Mr. and Mrs. H. I. Braden returned yesterday from a several days stay at the Rom Holt ranch.

## ELECTION OF OFFICERS FOR THE W. C. T. U.

Regular meeting of the organization named above was held at the Baptist church parlors, Wednesday afternoon at 3 o'clock. The room was well filled with members and a degree of interest manifested that was gratifying to those who have been so faithful in the work.

In addition to the "grown-ups" present, there were six little girls and one small boy who were interested observers of the proceedings.

The president, Mrs. Bush, was in the chair, this being the first time she had presided over the meeting since her return from California.

Among other business transacted was the ordering of the payment of the Union's pledge to the Associated Charities. One hundred dollars will be paid between this and the close of the year to the Frances Willard Home for Girls at Belen.

A report of the superintendent of the Flower Mission work, Mrs. M. L. Davis, was given.

During the past year she had distributed 350 bouquets to sick, given out 440 text cards, 125 delicacies, auto rides 40, and garments 10. She also assisted two destitute families, afterwards calling attention to the proper persons who subsequently looked after their wants.

Under this head some preventive work was undertaken with success. One program was given and a collection of \$3.80 was received.

The Union gave Mrs. Davis a vote of thanks.

Mrs. Mercer gave a most comprehensive report of the activities of the Union as regards the mission undertaken in San Jose.

This report, which is very interesting, is not available at this time, but will be printed later.

The election of officers resulted in Mrs. Little being chosen president, Mrs. Prickett, vice-president; Mrs. Mercer, secretary, and Mrs. Hubbard, treasurer.

The superintendents of the various departments are to be appointed by the president and will be announced later.

At the close of the meeting refreshing ice cream was served.

Taken all in all, the W. C. T. U. of Carlisbad enters upon its new year well equipped and with officers who can be depended upon to work for the best interests of the organization.

W. T. Matkins wife and little girl, left Thursday of last week for the ranch some ninety miles from town, thirty miles south of Monument in the Jal neighborhood. Mrs. Matkins had not been to the ranch for over two years and was anxious to visit her old home. They have the benefit of forty miles of highway between Carlisbad and the ranch and the remainder of the road is not thought to be bad. They will be gone about two weeks.

A meeting of any persons in Carlisbad who may have cards in any department of organized labor, are invited to meet with the Carpenters and Joiners at the Odd Fellows Hall tonight at 7 o'clock, to make arrangements for the proper observance of Labor Day, which will be observed the first Monday in September, which is the 5th instant. Every one will remember the imposing parade and other features of Labor Day in Carlisbad that were given last year, and the aim is to make this year's celebration exceed that one, that being the first ever undertaken in this city. Remember, every person who has a card from any organization, is invited to be present and assist in the plans for a great observance of the day.

W. C. Bates and family were in from their ranch last week, and while here Mr. Bates bought out his partner, C. C. Tebbets, in the farms south of town about four miles. He now owns about 250 acres of the best land in the valley, much of it in alfalfa and all of it capable of cultivation. The one farm is what is known as the "Sullivan farm" and is one of the best in the county.

## CAMPFIRE GIRLS HAVE FIRST OUTING.

The Campfire Girls returned Monday from their long anticipated outing which began at seven o'clock Wednesday morning when they left in high glee for McKittick Canyon, fifty-five miles southwest of town.

The girls, eight in number, were loaded on top of a truck which also carried their bedding and eatables, of which latter they had enough for a much larger crowd than was present. They all looked fresh and pretty in their camping outfits of white hats and khaki bloomers and leggings.

They started off waving and cheering and made old people who were watching them give a sigh for their own departed youth, although their activities were unknown then. Accompanying them were Mr. and Mrs. R. J. Stockwell, Mrs. F. G. Snow, Dick Hays and daughter, Mrs. Hays and grand daughter, Miss Mildred, and Mrs. Lucille Stockwell, the beloved leader of the girls and her little daughter.

The place chosen for their camp was one of the most beautiful spots to be found anywhere, with plenty of shade and excellent water. The Campfire Girls is an organization similar in scope to the Boy Scouts and is recognized and encouraged by the government for girls between the ages of twelve and eighteen.

Girls going Wednesday were Mildred Hutchison, Marjorie Snow, Lucille Morris, Gertrude Hartley, Scottie Wheel, Agnes Thorne, Dorothy Dillard and Nancy Ervin Little. The McComb and Hegler girls who live in that section of the country where the camp was made, joined the party and brought ponies for them to ride.

Everything about the camp was under the strictest military rule: Bugle call was held each morning at six o'clock at which time the girls rose and took various exercises; afterwards at regular times, came camp inspection and there were drills of different kinds, folk dances and plays each day having its regular routine, under the direction of the leader, Mrs. Stockwell, who seems to have an especial fitness for the work, being well trained along the lines necessary to qualify for Campfire duties, and is especially apt with young girls. Sunday was visitors' day and a cordial welcome was given all who visited the camp at that time.

Mr. Stockwell marked the road so that no one need be afraid of not finding the way. The program for Sunday called for a Sunday ceremonial meeting, the girls taking their ceremonial rows with them. Practical drills occupied part of the time, the girls being instructed in swimming, bead and basket weaving, first aid and other practical stunts which will be useful to them in life. The story hour was held each evening around the open fire. Camp was broken Monday and the girls and their friends pronounced their first outing a very successful one.

Mr. Stockwell says that fortunately, they had with them a fine biscuit maker in the person of Mrs. F. G. Snow, who made biscuits for the bunch and while they had no milk, the biscuits were delicious without. Through some error or other, the bread was forgotten and the services of a good biscuit maker were much appreciated. Walter Beach rendered very efficient service as an all around handy man and his services were indispensable.

## RIDGE ROAD MUST BE BUILT TO MOUNTAINS.

Postmaster John W. Wells spoke to the members of the Chamber of Commerce at their regular luncheon last Thursday at Crawford Cafe on the importance of building a ridge road from Carlisbad to the mountains.

Tom Middleton and R. E. Platt both say this road can be built without any trouble and at little expense. The country about half way between Dark Canyon and Rocky Arroya is such that a road would be practicable and it would serve the same people now being accommodated by the Dark Canyon road besides enabling about twenty-five families on the Rocky Arroya road to be able to have their mail delivered on the star route.

Mr. Wells also informed the Chamber of Commerce that the mail contract for Lovington would expire June 3rd 1922, and said now was not too early to begin laying plans for securing the route for Carlisbad. We have by far the best road to Lovington and could give the plains people a daily mail service much cheaper than out of Roswell, they now having only mail every other day.

Mr. Wells said Carlisbad was the logical place for the mail to go to the plains and if the Chamber of Commerce would go after the route it could be secured.

Mr. Wells stressed the importance of star routes to the city and said that if something was not done about the road to Queen and Frijoles we may lose those mail routes. He also said that all the money spent on the Dark Canyon road was practically wasted as the first high water would make it almost impassable.

If a ridge road was built it would some day become a scenic highway of note. Mr. Wells closed by saying that it is up to the business men of Carlisbad to get busy and protect their interests if they wish the star mail routes out of Carlisbad continued.

President Hubert being absent, Mayor Hudgins presided in his stead and called on Arthur Linn, who is a former Carlisbad boy, for a few remarks. Mr. Linn said Carlisbad now has a better swimming pool than when he lived here and it is attracting much attention. He said the unsightly lots formerly occupied by the Bates hotel which burned should be cleaned up and he would like to see paving done in Carlisbad. He also said the people of the west should keep better posted as to conditions in the east as what affects the financial centers of the east will sooner or later be felt in the west and closed his interesting remarks by a humorous story.

Mr. McIlvain then spoke on the proposed encampment of Boy Scouts at Carlisbad next year. Bert Rawlins has been designated to name the place for the next encampment of Boy Scouts from Texas, New Mexico and Arizona and there will be about four thousand boys to be taken care of at that time. The only thing required for Carlisbad to secure this encampment is the furnishing of free transportation to and from the grounds and securing a suitable site to accommodate such a large number of Scouts. Mr. McIlvain said from an advertising standpoint this would be a big thing for Carlisbad and asked for an expression from the club as to what is best to do.

Francis G. Tracy then responded to a request from the Mayor and said that in view of the successful encampment pulled off this year by the Boy Scouts Carlisbad should by all means secure the larger encampment.

He said Carlisbad was the best place in which to live to be found anywhere and in order to keep cheerful these perilous times we must take on things like entertaining the Boy Scouts. Mr. Tracy then offered a suggestion he got from Mr. Linn that all land owners in the city should replace the cottonwood trees which have died as the trees are one of Carlisbad's most attractive features. Mr. Tracy then closed with an earnest appeal for all present to support the Associated Charities which estimate that they will require \$2,500.00 to carry on their work this winter. This organization gives no money to anyone but furnishes supplies of all kinds and then checks up on them to see that nothing is wasted. If properly supported it will also relieve the business men from being solicited for charity from different ones as has been the case in the past. Mr. Tracy urged everyone to see Joe Wertheim without being solicited and do their part in carrying on this necessary work.

Major E. P. Bujac suggested that the Boy Scout encampment and the big Fourth of July celebration next year be pulled off at the same time and thought this a golden opportunity to make the celebration a bigger one than was thought of at first stating that if the boy's parents knew of the water carnival they would also come here at that time. He said we could have a wonderful occasion at a minimum expense and probably expressed the sentiment of all present in favor of securing the Boy Scout encampment for Carlisbad. The Mayor continued by saying the government would furnish all the trees wanted free of charge if requested to do so and send a man here to see them out. He concluded his remarks by proposing that a convict camp be secured for Eddy county to help work the roads as the camp may be procured by paying the salaries of the guards.

After a short speech by J. R. Linn relative to the water carnival

## SCHOOLS TO OPEN SEPTEMBER 6.

The Carlisbad schools will open on September 5. All high school students and will assign the courses for the previous week to enable the faculty to prepare a schedule of classes before the opening day.

Seniors and Juniors will enroll on Wednesday morning at 9. August 31. Sophomores and special students will enroll on Thursday morning at 9. September 1. Freshmen will enroll on Friday morning at 9. September 2. The enrollment will take place at the high school building, where the high school principal will hold a personal conference with each student and will assign the courses for the first semester.

The State Board of Public Health has notified the city board that all children who have not been successfully vaccinated against smallpox shall not be permitted to enter school. Parents should comply with this order before school opens.

The city superintendent will be in his office at the high school building each day from 9 A. M. to 3:30 P. M. during the remainder of the month. Parents are requested to communicate with him there concerning school matters.

## RATTLESNAKE BITE IS EASILY CURED.

Since the Volstead act became effective the newspapers have been full of recipes for cures for snakebites, the old recipes now being of no avail. That splendid newspaper, the San Angelo Standard, prints the following in a recent issue which may be of value to Enterprise readers:

During the last month rattlesnake bites have caused the death of five persons in this section. In all of these cases the right sort of preventative steps could have saved the lives of these people. Snake bites should not be fatal. All physicians say that it is ignorance and carelessness that causes most deaths from snake bites. Perhaps most people know what to do when a snake fastens his fangs into you—if you don't you'll find the following article based upon interviews with several physicians, well worth reading and perhaps saving:

Prepare for rattlesnake bites. There are many snakes in this country. We see them every few days—we read of them killing people every year—yet few people prepare for the attack which comes ever so often to some one we know, and may come to us.

Every ranch house, every camping party, every automobile should have a small solution of permanganate of potash and a hypodermic syringe. The syringe costs about \$2 and the solution of potash 50 cents. With this any snake bite can be so de-toxed that the venom will lose its strength. Five or six shots of the solution about the wound will prevent all danger from a snake bite if administered within a reasonable time.

The first thing to do however, is to tie a cord handkerchief or anything that will bind between the wound and the heart. That is if the wound is in the arm or leg, tie a cord about the arm or leg above the wound. Tie it tight so that the circulation of the blood will be shut off. This will prevent the poison from going directly to the heart. Take a knife and cut the flesh about the wound so that it will bleed freely thus allowing as much as possible of the venom to flow away with the blood.

The ligatures should be loosened for a few seconds every minute or two, to permit the circulation to continue for a few seconds. This allows the poison-laden blood to be assimilated in the system gradually and gives the system time to build up against it, while if the poison carrying blood were allowed to flow unrestrained to the heart, the shock would be too great for it to withstand and death would be almost certain to result. It is one of nature's wonders, that no matter what the mishap may be to our body, immediately the body starts to work generating some sort of counter force that rebuilds the torn or contaminated member.

Kerosene—just old time coal oil—is one of the best known remedies for snake bites. Doctors say they'd about as soon risk that as a sure cure as any simple remedy. After binding above the wound if possible submerge the entire wound in kerosene. If the wound is in such a place that this is impracticable, soak a heavy towel in kerosene and wrap it over the wound. As soon as the oil evaporates or runs off, repeat the operation. This, after the ligature has been tied, will form an antitoxin that will so subdue the effects of the wound that no disastrous results will follow.—Enterprise and Pecos Times.

next fourth of July, the luncheon came to a close when the hour of one o'clock was announced by the Mayor.

The P. U. Company is installing the lights on the Ozark Trails Monument this week, and when the same is lighted it will present a still more imposing appearance than at present.

Mrs. R. T. Burns, of San Marcos, Texas, a sister of Mrs. W. J. Barber, is visiting the latter at her home in the city.

## PICTURE FOR ADVERTISING WATER CARNIVAL TAKEN.

The largest crowd of the season gathered at the swimming pool east of the river Tuesday afternoon at five o'clock, in obedience to the call for a general meeting of the citizens issued by the committee in charge of the Water Carnival to be given on the Fourth of July 1922. The crowd was variously estimated at from three to five hundred and there were over one hundred persons in the water at one time by actual count. Old, young, and middle aged participated in the pleasures of the lake, the youngest swimmer being the little son of Mr. and Mrs. Carl Herring three years old, and the Current would not presume to mention the oldest swimmer even if we knew, which we do not.

At the appointed time, Ray Davis, Master Photographer, took a picture of the bathers and the crowd on the beach, with his wonderful camera which has been used to make pictures on many memorable occasions. The artist took the picture from a raft anchored in the river, and a good picture is expected as the sun was just right at that time of day. The picture is to be used in advertising the lake and other features which will be stressed at the carnival.

Everybody present seemed to be in the best of humor and the Boy Scouts made some money for their proposed scout home, the goal toward which all their ambitions are turning by the sale of cold drinks and sandwiches.

Persons are not very enthusiastic over selecting a name for the lake but a number have proposed to name it in honor of President Hubert, of the Chamber of Commerce, who has done so much to make the lake what it is, a place for the pleasure and profit of the young people of Carlisbad.

## SENATOR JONES TO GO TO NEW MEXICO.

Senator A. A. Jones will not attend the Democratic Convention in New Mexico, considering evidently that his constituents know their needs in the nomination of the proper candidate for Senator. It is believed that the Senator, who is Democratic National Committeeman for New Mexico, will be on hand for the campaign for election and will throw himself into the pre-election work heartily, expecting his party candidate to win. It is generally conceded over the state that the democrats will elect the next United States senator.

## NOTICE OF PRECINCT CONVENTION.

A Democratic Precinct Convention for Precinct No. 1 is hereby called to meet at the Court House in Carlisbad at 7:30 P. M. on Friday, the 12th of August, 1921, for the purpose of electing 17 delegates to attend the County Democratic Convention to be held in Carlisbad, New Mexico at 2 P. M., August 13th, 1921.

DOVER PHILLIPS,  
J. D. HUGHES,  
C. N. JONES,  
J. S. OLIVER.

Dr. L. Black returned from his visit to the east Saturday where he spent about six weeks visiting old friends and old haunts where he lived twenty years ago. The doctor started to the National Medical Association which convened at Boston this year, but owing to a miscalculation of the time necessary to make the trip, did not arrive in time to attend it although he had made his reservation and secured his ticket. However, he visited at the home of his eldest daughter, in Pittsburgh, Pennsylvania, or rather in one of the suburbs of that city, Oakmont, going from there to Butler, where he had practiced twenty years ago. Here he found great changes—out of forty-six practicing physicians there at the time he resided there only four were left; the others having either moved away or died. The city now numbers 35,000 inhabitants against the 12,000 it had twenty years ago. This in common with other manufacturing towns in the east is feeling the financial depression, the Steel Car Works the principal manufacturing plant, employing hundreds of men, having recently closed its doors, temporarily. The doctor then made a visit to Corry, the home of his only brother, Dr. Black also visited at Bradford, Pennsylvania, where he had many old friends, most of whom had gone to join the great majority. He visited the home of his eldest daughter at Buffalo, making a number of trips to that great wonder of the world, Niagara Falls, which he had never visited before although living within seventy-five miles of them for many years. He tells us he was wonderfully impressed with the majesty of that great waterfall. The doctor thinks from his observations and what he heard while he was gone, that times are gradually getting back to normal in the east. All in all, he had a delightful visit, although after the lapse of twenty years, he was saddened by the fact that so many of his old friends had gone never to return and strange as it may seem, Dr. Black says he is glad to be at home once more in Carlisbad the beautiful.

Mrs. Mary Queen Montgomery was in town the latter part of the week and remained over Sunday visiting with friends.

## MARRIED AT LOVING.

A pretty wedding yesterday united the lives of Everett Jones, of Dallas, and Miss Wilma Howard of Loving. The ceremony which was witnessed by only the bride's intimate friends and relatives, was performed at 7:30 A. M. in the parlors of the Loving Hotel, the ritual being read by Reverend Nicholson, of that place.

The happy couple left immediately after the ceremony for Dallas, where the bridegroom has a position in one of the banks and where they will reside.

Mrs. Jones has lived for some time in Loving with her mother and is of a prominent family in the little suburb. She numbers her friends by her acquaintances and has many to wish her happiness in her new life.

The bridegroom enjoys an enviable reputation as a young business man of promising prospects and with his bride is entitled to the best wishes of all who know them.

A complimentary pre-nuptial shower was given the bride at the home of T. O. Wyman two days before the wedding. The Wyman home was beautiful in its decoration of garden flowers, and a diminutive bride and groom occupied the attention of the guests. A delicious luncheon was served prior to the shower, which was a surprise to the bride elect.

Mr. and Mrs. Jones left on the southbound train yesterday carrying only the best wishes of the entire community with them and with kindly thoughts of the many dear friends who remain in Loving.

Miss Zeta Willis came in from the ranch where she had been spending a part of her vacation, last Monday. Claude Hays and wife, and Miss Hazel Harrison and Mrs. Barney Beach and two children are also in town.

Don't talk all the time. The emptier the wagon the more it rattles.

#### LOCAL NEWS.

George Spencer has again entered the teaching profession and has taken a school at a place called the White school, about four miles south of Eunice, and will move his family to that neighborhood as soon as he can dispose of his farm machinery and stock and other property.

R. F. Madera was in from his ranch the latter part of last week. He says things are in better shape as regards pasture for stock than for many years, if ever. Mr. and Mrs. Madera now have five children of school age and are figuring on building a school house on the ranch for their benefit. They receive some aid from the state and add some to that and so secure a teacher having a state certificate. They are too far from a school house to send the children to school and hence this very equitable arrangement.

Mrs. W. C. Graham and daughter Bernice, are visiting at the home of their parents and grandparents, Mr. and Mrs. Sprong at the Missouri hotel.

Mrs. Florence Henderson and daughters, Misses Roberta and Jeanette, were up from their home at Malaga Monday doing some shopping. Mrs. Henderson's health has greatly improved this summer. Miss Henderson will teach in the schools at El Paso this winter.

Mrs. DeMoss, of Chicago, came from that city arriving Sunday night and leaving for the mountains in the mail car Monday morning. Her visit had been anticipated with pleasure by her husband's relatives in that part of the country and no doubt the lady will enjoy her vacation.

Miss Mallard, trimmer for Joyce-Fruit Company, left last Saturday for eastern markets to buy a stock of millinery goods for that firm.

Miss Edna Hayes is visiting friends in Sweetwater, Texas, expecting to return in plenty of time for the opening of school.

Miss Lovett has as a guest her sister, Mrs. Darden, of El Paso who before her marriage was Miss Gaby Lovett, teacher of music in Carlsbad public schools.

Miss Lucille Ward of Artesia, is a house guest at the J. F. Joyce home this week. Five other Carlsbad girls will spend the week end at the Joyce home in honor of the visitor.

Mr. and Mrs. L. E. Hayes of El Paso, with their two children Bascom and Lucille, arrived in the city yesterday and are guests at the George V. Price home. The Hayes family resided in Carlsbad for some years until leaving here two years ago for their present home and have many friends here who will be glad to renew their friendship with them.

What about a few signs on the roads leading to Carlsbad, setting forth the advantages of the city? Its abundant shade, good water, free camping grounds, bathing beach and other advantages not usually found in towns the size of this in the southwest.

Mrs. John Merchant will be hostess to a dance at her home in La Huerta, Saturday night honoring Miss Lucille Ward, of Artesia, a house guest at the J. F. Joyce home.

A baby daughter was born Wednesday night to Mr. and Mrs. Thomas C. Brown at the home of Mrs. John Lucas in Carlsbad. About the best we can wish this, the first baby in the family, and the first grandchild as well of the mother's parents, is that she may grow into as gracious and loving a woman as her mother. She has received the name of "Judy Ann," the first being a contraction of the mother's name, Jewel, and the Ann for her paternal grandmother.

Miss Eunice Herring after spending two weeks in the mountains at Queen, where she attended the camp meeting, returned in company with Ned Shattuch and family getting in about six o'clock Monday morning having to camp along the roadside about seventeen miles from town because of a heavy rain which fell in the evening of Sunday.

Mr. Frank Miser sold eleven cows with calves to Mrs. Fred Wilson, of Carlsbad, for \$60.00 each, cash also one bull for \$100.00. These were exceptionally good cattle and will be pastured at Hi-Lonesome ranch with the rest of Mrs. Wilson's cattle. Lovington Leader.

Mrs. Homer Cair and two children left Sunday night for Guthrie, Oklahoma, where her people and Mr. Cair's also are living. She will probably remain there for six weeks or two months.

Thomas C. Brown came to Carlsbad from Socorro, New Mexico, and will visit awhile with the family of his wife, the H. D. Hubbards.

Willoughby Hegler and wife and youngest daughter, were in from their ranch Saturday on a flying visit returning that afternoon.

The good people of Loving have been utilizing the old "Swimming Hole" during the recent spell of hot weather. Almost every day parties of the townspeople have taken their luncheon and spent the afternoon at that favored spot on the river. The beautiful part of the whole affair as our informant tells us is that everybody in the village attends. Those who have cars look after those who have none and the utmost spirit of neighborliness prevails.

Dr. W. H. Munger spent Sunday in Artesia, and coming home was struck by the rain with rather strenuous results, in spite of the fact that he had on his mud chains.

#### THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—three rows of diagonal knobs, gripping the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

## If every one listened to experience, how much they'd save

**STOP** and talk to the next man you see with U. S. Tires on his car. Ask him why.

Most likely you'll hear an interesting story about his tire experiments—before the answer was found. Money wasted. Promises unkept. Trouble on the road—humorous to every one except the man who went through it.

Finally U. S. Tires. And U. S. Tires ever since.

Perhaps it's the experience of U. S. Tire buyers that makes them more emphatic in their preference than ever this year.

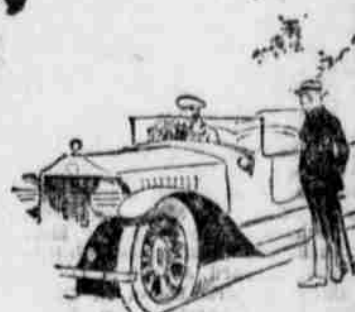

When these men have tried most

everything by the way of "staggering bargains", "hurrah discounts", "discontinued lines at less" and so forth they know what not to get.

They want a fresh, live tire. With a good reputation. That's everything it says it is. With the people behind it who back it up.

There are 92 U. S. Factory Branches. Your local U. S. Dealer is drawing upon them continually to keep his stocks sized up, complete—to give you service. Whenever he gets one or a hundred tires from a U. S. Factory Branch, they are newly made this season's tires.

Sold to you at a net price. Full values. Square-dealing. A reputable maker. A reputable dealer. The whole transaction as befits the leadership of the oldest and largest rubber organization in the world.

"Stop and talk to the next man you see with U. S. Tires on his car."

### STOCKWELL AUTO SERVICE STATION

#### DIED.

After Five Weeks of Suffering Mrs. R. B. Knowles Passes Away at Sisters' Hospital Sunday Morning.

Mary Elizabeth, wife of R. B. Knowles, one of the old time stockmen and citizens of this county, departed this life Sunday morning at 7:30 o'clock surrounded by her family of husband, five sons and five daughters.

Mrs. Knowles' death was a great shock to her many friends in this city and the northern part of the county, she having been a resident of different parts of the county for about twenty years. She underwent a serious operation on the morning of the Fourth of July and also two subsequent operations were performed in hopes of saving her life, but the inroads of disease were too great to be relieved and after intense suffering she sank to eternal rest as stated above.

The children are Winford, of Beaumont, Texas; Whit, of La Junta, Colorado; Wesley, of Guyman, Oklahoma; Mrs. Ruby O'Bannon, of Lake Arthur, New Mexico; Mrs. Marie McDonald, of Lakewood; William, Walter, John, Howard and Georgia, who are unmarried and live at the ranch with their parents. The youngest child is about ten years old. One son, Walter, who is blind was always the object of his mother's especial care and she always spoke of his attainments with pride. For several years he has been in attendance at the state school for the blind at Alamogordo, spending his vacations at home on the ranch. His father was always looked forward to by his mother and an unusually strong attachment existed between them.

Mrs. Knowles was a member of the Methodist church for many years and always attended its ordinances and services when her health permitted. A faithful friend and loving wife and devoted mother has left us, but her family and friends have the memory of many kindly deeds and words to lighten the way left dark by the going of one they

held so dear and whose life was an example of unselfish devotion to those around her.

The remains were taken to Artesia Monday night and after a service at the Methodist church Tuesday afternoon were laid to rest in beautiful Woodbine Cemetery. After the toils and disappointments and trials of life may her rest be sweet.

Herbert Stedman, of near Lakewood, spent Sunday with his old time friends, Mr. and Mrs. Sam Helmick.

Now that the home grown melons are beginning to come in in quantities, Carlsbad is a pretty good place to live. Watermelons, cantaloupes, peaches, pears, apples, plums, and all kinds of garden "saws" make life very alluring in the "City Beautiful."

A prominent physician of Carlsbad had his beard shaved off the other day with rather peculiar results. It making such an improvement in his appearance that his friends in the city did not know him, and consequently did not speak to him as is their wont. Realizing the change himself the doctor secured a suitcase and repaired to his own home where he was courteously received by his better half who invited him into the drawing room and told him the doctor would be in presently. We don't know just who the joke is on, but any way the doctor's appearance is much improved since parting with his old friends of many years standing.

Mrs. Belle De Autremont of Lakewood is at Sister's Hospital taking treatment for a stubborn attack of rheumatism.

Miss Inez Mylius left Saturday morning for Houston, where at the home of a sister, she will spend a few weeks before taking up her work as teacher in the fall.

It is well to watch the man who watches the clock.

Put a self-starter on yourself and don't kick back.

Revs. J. D. Terry, of Dayton, and Allison, of Roswell, who had been engaged in a protracted camp meeting at Queen were in town preparatory to leaving for their homes Tuesday, the meeting closing Sunday night. About two hundred persons attended the services on Sunday and an average of one hundred and fifty were present at the week day meetings. "Grandma" Stanford, who was present at all the services, tells us that she had the time of her life, with the hospitable mountain people. They killed beavers, goats, sheep and had a variety of fruit and vegetables that delighted every-

one present. The hearty welcome and hospitality shown to all and the splendid meeting, make red letter days in the lives of all who were privileged to be present. At the close of the meeting a substantial purse was raised for Brother Terry, by his friends.

Miss Inez Jones spent a few days in Roswell the first of the week with friends.

We all mix in a lot of medicine for other people to take. According to France, Germany is as big a liar as a gas meter.

#### CAMP MEETING AT QUEEN. (Communicated.)

The meeting started Saturday night, July 30th, beginning with a large crowd present camped at various places on the grounds. Brother Terry of Dayton, and Brother Allison of Rowell, were on the ground to begin with the first service.

Visitors from Orange were present to attend the entire meeting and were Misses Rena, Effie and Minnie Lewis. Lee Middleton and family and Mother Stanford. Vera Vest and Eunice Herring, of Carlsbad, were also present. Miss Mollie Dearborn of Texas came up the last of the week and camped on the grounds with friends and her brother, John Dearborn. Mr. and Mrs. J. R. Means of Hope, came down to attend the meeting part of the time and enjoyed the service and visited with old friends. They were cordially received as was every one present. There were several families from El Paso Gap in attendance.

The ministers, Bros. Terry and Allison, preached good Gospel sermons at every service and much good was accomplished, and they were cordially entertained by the good people of the mountains and they were invited to come again and do the good work that God has called them to do. While on earth we feel their presence and influence, they will be felt by many long after they have gone to the last home of the good man.

The ranchmen were so big hearted that they furnished beef to feed all the camps during the entire meeting. They would kill a beef and then see that each camp got a piece as well as providing other good things to eat in abundance. Fruit that came from the Thayer ranch was among the pleasures of the feast.

The people up there surely do know how to care for visitors preachers and people, and each other as well.

F. H. Ryan and Mr. and Mrs. Robert Pintay of Carlsbad, came up Sunday morning and took dinner with the people on the grounds. Dinner was spread at the Arbor and every one visited with each other.

The meeting closed Sunday night, August 7th and Monday was the day of parting each going to their several homes.

A number of cowboys were present, Homer Ward, Percy Carter, Oliver Shattuck, and Marvin Middleton, from the Shattuck ranch near Artesia.

The ladies of the camp grounds are to be spoken of very kindly for their hospitality and kindness to every one, trying to see that all the wants and comforts were looked after to see that they had a place to sleep and plenty to eat.

It is the hope and prayer that these meetings will increase in interest as the years are passing by.

The singing was a very pleasant part of the meeting, as all the young people took part and assisted in this part of the service. We hope the good brothers will return next year and hold a similar meeting and may God bless and keep us "until we meet again."

#### TRAP NEST IS VALUABLE AID

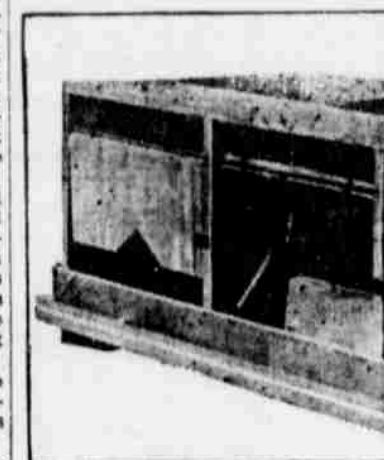

Enables Owner to Ascertain Just Which Hens Are Laying—Requires Much Attention.

The purpose of trap-nesting the flock is to ascertain which hens lay, either for determining what record they make, or for identifying their eggs during the hatching season so that pedigree records are possible. Trap-nesting requires a considerable amount of attention, but is a valuable aid in developing a flock of poultry along lines of breeding for egg production.

A trap-nest is a laying nest so arranged that after a hen enters it she is confined until released by the attendant. One trap-nest should be provided for each four hens kept in flocks of 50 or more, while more trap-nests are necessary in smaller flocks. The hens are marked with numbered bands and a record is kept of their egg production. The nests should be visited at least four times daily, and preferably much more often, frequent trips being especially necessary when the hens are laying freely and during hot weather.

The trap-nest may be attached to the underside of the dropping board with the front facing the pen, and arranged so that it can easily be removed, or it may be placed on the walls of the pen. If the nest is placed under the dropping board, the latter will serve as a top for the nest, and the rear of the nest may be of wire to allow good ventilation in warm weather. If the nest is placed on the wall, slats or wire should be inserted from the front of the nest to the wall at a sharp angle to prevent the hens from roosting on the nest.

Of course, it is essential to make the nests as attractive and cozy as possible, and this is accomplished by providing them with plenty of clean litter, as often as a new supply of straw is needed. Furthermore, in particularly objectionable cases it pays to clean all the litter from the floor of

A Good Trap Nest for Hens.

the house, in order to break the hens of laying promiscuously wherever they desire. By removing the straw and bedding, the floor of the house is not so attractive as a nesting spot for the hens and pullets, and hence they are forced to seek the trap-nests.

#### BLUE OINTMENT KILLS BUGS

Equal Parts of Iodine and Vaseline Applied to Fowl's Body is Effective.

Body lice on fowls can be quickly and effectively eliminated by the blue ointment treatment. Get your drugist to mix equal parts of vaseline and blue or mercurial ointment. A piece the size of a pea rubbed on to the skin below the vent will kill both lice and mites. Do it this spring and fall but don't overdo it nor use it on chicks under three months old.

#### PLAN FOR BETTER CHICKENS

Fall is Good Time to Obtain Few Purebred Fowls—Get Hens That Molted Late.

This fall is a good time to buy a few purebred hens if you are planning to go in for better chickens. Select hens that have not molted by the middle of October and you will probably have a group of good layers. Next spring they can be mated with a purebred rooster from a high producing strain and your foundation flock is under way.

#### STUDY OF MARKET DEMANDS

Poultry Raiser Should Know What Color of Eggs and Meat Will Bring Best Prices.

Every poultry raiser should make a study of the market demands. A uniform color of eggs and flesh in poultry is desirable. A mixed flock will not produce uniform eggs or meat, and eggs from such a flock are not desirable for hatching.

#### FURNISH HENS FRESH WATER

One of Common Causes of Digestive Troubles Among Poultry Flock Can Be Prevented.

Unclean drinking water is one of the common causes of digestive troubles in poultry during hot weather and the important point is not so much to save labor as to furnish those birds with a supply of pure fresh water at all times.

#### IMPROVED UNIFORM INTERNATIONAL

### Sunday School Lesson

(By REV. F. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)  
(© 1921, Western Newspaper Union.)

#### LESSON FOR AUGUST 14

##### PAUL IN ICONIUM AND LYSTRA.

LESSON TEXT—Acts 14:1-28.  
GOLDEN TEXT—Thou shalt worship the Lord thy God, and Him only shalt thou serve.—Matt. 4:10.

REFERENCE MATERIAL—Matthew 10:16-18.  
PRIMARY TOPIC—Paul Heals a Cripple.

JUNIOR TOPIC—Paul's Narrow Escape at Lystra.  
INTERMEDIATE AND SENIOR TOPIC—Early Adventures in Asia Minor.  
YOUNG PEOPLE AND ADULT TOPIC—Examples of Paul's Missionary Methods.

##### I. Paul and Barnabas Preaching at Iconium (vv. 1-7).

As to their work in Iconium observe:

1. Their manner of preaching. This is suggested by the little word "so" in verse 1. They "so" spake that a great multitude believed. They were true preachers. Only that which brings conviction of sin and induces decision for Christ can be truly said to be preaching in the biblical sense. The same is true of the Sunday school teacher. Let every Sunday school teacher at all times have as his supreme aim to bear the gospel of Christ so as to induce decision for Christ.

2. Their attitude toward opposition. This is suggested by the word "therefore" in verse 3. "Long time therefore they tarried." The opposition did not prevent their preaching, but incited them to continue preaching. Christian workers should learn not to give up work because of opposition.

3. The Lord accompanied their preaching with miracles (v. 3). Since the opposition was so fierce, special help of the Lord was needed.

4. The effect of their preaching (v. 4). The multitude of the city was divided. Where men faithfully preach the gospel there will be division.

##### II. Attempt to Worship Paul and Barnabas as Gods (vv. 8-18).

1. The occasion (vv. 8-10)—the healing of the lame man. God's gracious power exhibited in healing this lame man occasioned a new difficulty. That which ought to have been a help was turned into a hindrance. The man was a confirmed cripple. He had never walked. He heard Paul's preaching, which caused faith to be born in his heart (Rom. 10:17). When Paul perceived that he trusted Christ, he called with a loud voice that all could hear for the man to stand upright. The cure was instant, for he leaped up and walked (v. 10). There was no magnetic touch, no treatment, only the command, and the naturally impossible became the possible and the real.

2. The method (vv. 11-13). They called Barnabas Jupiter and Paul Mercury, because he was the chief speaker. The priest of Jupiter brought oxen and garlands ready to offer sacrifices unto those men (v. 11). If they had only known, in the person of Jesus Christ God had actually appeared to men (John 1:14; Phil. 2:7, 8).

3. Their efforts frustrated (vv. 14-18). This foolish act was happily averted by the tact of the apostles, as exhibited in the address of the occasion. (1) They deny that they are divine beings and declare that to worship beings with like passion to themselves is criminal. (2) They direct them to turn away from these vain things unto the living God who made heaven and earth and has ever left witness of Himself in that He has always done good, giving rain and fruitful seasons, filling their hearts with gladness.

##### III. The Stoning of Paul (vv. 19-22).

Wicked Jews from Antioch and Iconium pursued Paul with relentless hate to this place, where they stirred up the very people who were willing to worship them a little while ago. This shows that satanic worship can soon be turned into satanic hate. This hatred took form in stoning Paul and dragging him out of the city for dead. God raised him up, and with undaunted courage he pressed on with his duties as a missionary bearing the good tidings to the lost.

Soon after this Paul turned back and revisited the places where he had preached, telling them that through great tribulation they must enter into the kingdom of God.

##### IV. The Organization of Churches in the Field (vv. 23-28).

Evangelization with Paul did not mean a hasty and superficial preaching of the gospel but the establishment of a permanent work. Elders were appointed in every church. The work of the missionary is not done until there are established on the field self-governing and self-propagating churches.

##### What Is Man?

What is man that thou shouldst magnify him? and that thou shouldst set thine heart upon him? and that thou shouldst visit him every morning, and try him every moment?—Job 7:17, 18.

The Dwelling Place of the Lord. Then said Solomon, the Lord hath said that he would dwell in the thick darkness. But I have built an house of habitation for thee, and a place for thy dwelling forever.—II Chronicles 4:1, 2.

**Firestone**

**30x3½** **STANDARD NON-SKID**

## The Fastest Selling Tire In America

The increasing popular demand for the Firestone Standard 30x3½ inch tire over a period of years has given us big volume. Our Plant No. 2 devoted wholly to this size tire with a capacity of 16,000 tires and 20,000 tubes per day cuts costs on every operation.

On May 2, we dropped our price to \$13.95 passing on to the car owner the full benefits of this big sales volume and this labor-saving plant. This tire has been our standard for years—four plies long staple fabric—extra gum between plies—extra heavy non-skid tread. The greatest value ever offered car owners. Insist on Firestone.

### Our Cord Tire Values

Firestone Cord tires are made exclusively in Plant No. 1. Our process of double gum-dipping each ply of cord gives thicker insulation. The massive non-skid tread, with extra thickness where wear is most severe, gives real effectiveness in holding the car against slipping and adds many extra miles of service.

Firestone Cord tires are sold at the lowest prices in cord tire history: 30x3½, \$24.50; 32x4, \$46.30; 34x4½, \$54.90.

Dr. R. J. Boatman, county health officer, has inaugurated a good work among the Spanish-American people in the village of San Jose. He spent most of the entire day with them Monday, appointing committees and otherwise striving to awaken an interest in the sanitary condition of the town. Diphtheria has been more or less prevalent in that suburb for some time and the doctor fears an increase of the scourge when cold weather comes. He has, therefore, taken time by the forelock and realizing the truth of the old adage, "An ounce of prevention is worth a pound of cure," has appealed to the people themselves to assist him in preventing another outbreak of the terrible disease. Streets in the quaint little suburb are being cleaned, alleys are being put to rights, and all debris will be destroyed, making the town a much more sanitary place to live in and also preventing a recurrence of the dread diphtheria.

Mrs. Tom Vest and daughter, Miss Vera, are spending the week in Queen where the young lady taught a very successful term of school last year and where they have many friends.

Mr. and Mrs. Joyce were visitors to the northern part of the valley last week, Tuesday morning, leaving in their car, John R. Joyce and Fancher Bell doing the driving. They were joined by friends at Artesia and visited the big fruit orchards in the Hope community, where Mrs. Joyce says the fruit is wonderful and surpassed her expectations. The party camped out and enjoyed themselves greatly on their outing.

A dinner party honoring Miss Elizabeth Hoag, was given at the home of the young lady's grandmother, Mrs. Baker, at Lakewood, last Sunday. A very happy time was enjoyed by the young folk, they being W. J. Johnson, of Lovine, Lynn White and Ova Butcher, Rosecoe Etter and Elizabeth Hoag, and Miss Aileen Baker of Carlsbad, and Miss Flora Hoag and Charlie Davis and Elmer Baker of Lakewood.

Arthur Linn returned from a trip to Santa Fe, getting in Monday afternoon and going on out to the San Simon ranch in company with W. H. Merchant Tuesday and returning Wednesday. He left for the east Thursday expecting to arrive at his home in Washington about Sunday or Monday. His short visit was a continual pleasure to his host of friends who had not had the pleasure of his company for four years.

During the severe electrical storm Sunday afternoon the telephone line of the Public Utilities Company between Carlsbad and Lakewood burned out in two places and the coils on the line between Malaga and town were all burned out also. A force of men was put to work Monday to repair the damage and in an incredibly short time everything was in working order again.

### LOCAL NEWS

A nice, new barn and garage on the rear of the Bogelin lot on South Halaguena street adds much to the appearance of things around the new dwelling.

Miss Wheatley, of Amarillo, was a guest of the family of J. P. Joyce a couple of days this week, leaving for her home Thursday.

J. R. Bonine, Sam Hughes and Henry Tharp, of El Paso Gap, were in Friday, bringing in about 6,000 pounds of wool belonging to Mr. Bonine. The wool was stored in Joyce-Fruit company's warehouse pending a sale.

Mrs. Mabel E. Polk, a former teacher in Carlsbad schools, who has been attending the state normal at Silver City, this summer, came in from there last week and is visiting with Mrs. Annie V. Livingston, and with the family of her brother, Casper Fosmark, and other friends. Mrs. Polk will teach again in the

public schools of Lovington, where she taught the Primary department last year.

Dr. W. E. Lyon, of Abilene, Texas, came in from there Thursday night and remained until this morning when he left for Artesia. The doctor is Conference Secretary and Centenary Director for the Northwest Texas and New Mexico Conference of the Methodist church and his business here at this time was in connection with that work.

### ICE CREAM FETE.

There will be an ice cream fete at the courtyard lawn next Thursday under the auspices of the Methodist Sunday school beginning at 5 o'clock and continuing until after the picture show. The ladies will have nice cake, sherbet and ice cream for sale at that time and the cause for which it is given should result in a liberal patronage.

Fred Lucas and wife and Mr. and Mrs. Douthitt, came in from their ranch on the plains this week.

### SCOUT NEWS.

No danger of any one drowning in the big lake as long as the Scouts are in charge. They are taught life saving each year while in camp.

If you want to see a well kept club room call at the Scout rooms of Troop 1 and see for yourself.

A campaign for new scouts will soon be started. Troop 1 is more than filled and Troops 2 and 3 are nearing the top notch and we have timber for another troop. Governor Clyde Washington spoke the truth when he said: "Show me a boy a member of the scouts and I will show you an American youth, clean in body and mind, and a future citizen of whom we can be proud. More Boy Scouts mean less crime, less sorrow to loving parents and less material for our state reformatory institutions. The parent who fails to give his active support to the scout movement, is losing an excellent opportunity to build good Americans."

Carlsbad scouts are becoming anxious that the state encampment be held here.

There are a number of boys wearing uniforms similar to scout uniforms, and complaints are being made in regard to conduct of boys and those who complain think these lads are scouts. Do not be misled. No true scout will act in an ungentlemanly manner and these boys do not belong to the Boy Scouts of America.

Scout Preston Oliver is enjoying a vacation visit with his grandparents in North Texas.

Scout Troop No. 1 is making a success of the Bath House and everything is in splendid shape there. Manager Harold Toffelmire is proving his ability as a real business man.

Weaver can do your welding and do it right. Look for his ad. in this issue.

Mrs. R. E. Taylor returned Wednesday from her visit to a sister at San Angelo, Texas. The sister, who had recently undergone a serious operation is improving very slowly.

Mr. and Mrs. Will Fenton and Mr. and Mrs. Joe Lusk came in yesterday from their respective ranches on the Plains, bringing with them Miss Madeline Bates, of Roswell who has spent the week at the Fenton home. Miss Mary Causey, another visitor, also returned to her home in this city.

Miss Madeline Bates who has been visiting friends in Carlsbad from her home in Roswell, will leave tonight for her home.

Weaver can do your welding and do it right. Look for his ad. in this issue.

Meridian, has filed notice of intention to make Commutation Proof, to establish claim to the land above described, before Dover Phillips, U. S. Commissioner, at Carlsbad, N. M. September 6, 1921.

Claimant names as witnesses: William J. Lamb, Daniel R. Harkey, Sid H. Brown, Corbett T. Harkey, all of Carlsbad, N. M.

EMMETT PATTON, Register Aug. 5, Sep 2nd, 1921.

### VALUABLE GOAT.

Don't make fun of goats any more for here is a goat that sold for \$3,080. It was an Angora buck raised in Sutton County by John A. Ward of Sonora, and is said to be the highest price ever paid for a goat. It was bought by Bob Davis at an auction sale at Del Rio, June 28th. Mr. Ward raised the goat on his 10,000 acre ranch in Sutton County. The hair of the goat weighed in the neighborhood of 25 pounds and is valued at around \$20 a pound. Some of the finest strands of the mohair will bring around \$50 a pound, which hair is raised for the manufacture of women's wigs.—Childress Index.

Weaver can do your welding and do it right. Look for his ad. in this issue.

The last chapter in the earthly life of Carlsbad's boy, Lieutenant Bryan Mudgett, was closed last Monday, when his body, returned from France was laid to rest in the Military Cemetery at Arlington, where rests so many of the Nation's hero dead. The parents of the dead man, received a message July 26th saying that internment would be held August 8th but owing to extreme distance none of the family attended the obsequies, and we have no particulars beyond the mere announcement. It seems especially fitting that his body should rest in beautiful Arlington, under the shadow of the Flag he loved so dearly whose honor he gave his life to save.

The Boy Scouts had a very pleasant dance at the Palace Hotel last night. A sumptuous supper was spread at eight o'clock, covers being laid for fifty-four. Mrs. Chaytor, always the most clever and accommodating of hostesses had prepared a banquet in the shape of roast beef, creamed potatoes, lettuce, olives, tomatoes, ice cream and cake and iced tea. After supper the room was cleared and dancing occupied the attention of the young people. Miss Lenna Osburn furnished the music for the dancers. Mr. and Mrs. Hardy, Mr. and Mrs. Bert Rawlins and Mr. and Mrs. McIlvaine were the chaperones.

Mr. and Mrs. Fred Blucher, of Temple Texas, are visiting here, the lady being a sister of Mrs. M. R. Smith.

Mrs. J. C. Wallace is visiting her sister Mrs. J. T. Price, of this city, coming from her home at Kansas City, Missouri.

The R. M. Thorne family and their guest, Miss Aletta Fisher of Topeka, Kansas, left Wednesday for the Hegler home west of town about fifty miles.

Mrs. Blanche Watson, of Mineral Wells, who is spending the week in the city after a visit to Roswell, a guest at the home of Mrs. Martha Ward-Livingston.

Guests at the J. B. Leck home this week are Mrs. Ward, the mother of Mrs. Leck, and Mrs. Leck's brother-in-law and sister, Mr. and Mrs. Carl Deever and three children, of Modesto, California. The party had been spending a vacation at various points in Texas, and were on their way to their home, leaving Thursday, with the exception of Mrs. Ward, who will make an extended visit with her daughter in Carlsbad.

Weaver can do your welding and do it right. Look for his ad. in this issue.

R. E. Taylor, prominent raiser of Angora goats, and president of the National Mohair Growers Association, left this morning for an extended business trip, going first to Greenboro, North Carolina, and afterward extending his trip to Washington, D. C. and expecting to be absent in all about thirty days.

### DEATH OF W. M. SCHOEFLIN

The many Carlsbad friends of Mrs. Harvey Fisher, who resides south of town, are grieving with her over the death of her father, W. M. Schoeflin which occurred at the family home in Lawrence, Kansas Friday at 8 o'clock, after a long and painful illness. Mr. Schoeflin had been a resident of Kansas for over fifty years, and was eighty-two years of age. He was survived by four daughters and two sons his wife having died some years ago. Mrs. Fisher is the oldest of the children. The funeral was held at the family home at Lawrence, and interment was made at a cemetery eighteen miles from there where the body now rests by the side of his wife. Mr. Schoeflin had visited here several times and made many friends. A good man, he lives and will live long in the hearts of his children and all who were privileged to know him. Deepest sympathy is felt for Mrs. Fisher whose attachment to her father is well known and who never tired of ministering to his wants while he was here. She visited him about a month ago and helped nurse him and he was seemingly better when she returned home.

### LOCAL NEWS.

Weaver can do your welding and do it right. Look for his ad. in this issue.

The U. S. Civil Service Commission announces an open competitive examination for Railway Mail Clerk on September 17, 1921, at various places throughout the United States. The entrance salary is \$1600 per year. Additional information will be furnished by the Secretary of the Local Civil Service Board—Victor L. Minter, U. S. Reclamation Service Building.

Carl Gordon and wife, returned Wednesday from a short stay at Hot Wells, where they went for the benefit of the treatment for rheumatism.

Richard Smith and family are in today from their ranch shopping and getting ready for school.

Mrs. Claude Brown and her aunt, Miss McMillan, arrived in the city Wednesday night, coming from San Antonio, Texas.

J. E. Laverty and wife returned from a lengthy visit to their daughter's home at Spur, Texas, getting in last night.

**COMMUNITY MEETING**  
The community worship will be held as usual in the Airdome Sunday evening at eight o'clock. Dr. Mathes pastor of the Presbyterian church at Artesia will deliver the sermon.

The local lodge of Odd Fellows will hold a get-together meeting Tuesday evening, August 16. All members are urged to be present and visitors will be welcomed. Refreshments will be served at the close of the meeting.

Miss Eva Thomas is visiting friends in Artesia a week or ten days, leaving last Friday.

Mr. and Mrs. H. B. Prickett are the happy parents of a beautiful daughter, born to them Sunday morning. The mother and babe are doing fine and the young lady gives every promise from the start of not only "bossing" the home but of being a society leader as well. Grandpa and Grandma Kerr are taking the matter philosophically and have turned over the home to the young lady and say she is not only the most beautiful young lady in town but is as fine in every other way as could be desired. The Enterprise extends congratulations to Mr. and Mrs. Prickett and to Grandpa and Grandma Kerr and hopes the young lady may become all that their fondest hopes may suggest to them.—Pecos Enterprise.

**CARD OF THANKS.**—Words fail to express our thanks to all who so lovingly assisted us during the illness, death and burial of our dear beloved wife, mother and grandmother, Mrs. R. B. Knowles and for the beautiful floral offerings. May God watch over and care for you all. Most sincerely,  
R. B. KNOWLES AND CHILDREN.

**THE METHODIST CHURCH.**  
Sunday School will open at nine forty-five. Special music songs and readings will be rendered by several pupils. The subject of the sermon for the morning hour will be the "Unity of the Church." A most cordial invitation to all persons not worshipping at other churches.  
GEORGE H. GIVAN, Pastor.

Misses Mary Frances and June Joyce are visiting in Kansas City where they are the guests of Mrs. Esther Jones, a former resident of Carlsbad, and a warm friend of the Joyce family for years.

George Fessler was in town last week a couple of days and has ordered his paper sent to Lakewood, to which place he has been transferred and where he expects to spend the next sixty days.

### DIED AT HOSPITAL.

Mrs. Jessie Warren Woods, of Hope, died at Eddy county hospital this morning at about eight o'clock. She was the wife of George S. Woods and was about 28 years old. She leaves besides her husband, a little daughter about sixteen months old. She had been a resident of the Hope country for about twelve years and enjoyed a wide acquaintance among the good people of that locality, who will mourn her early passing. At the time of going to press funeral arrangements had not been definitely made, but the body will be shipped to Hope or Roswell for interment.

### IN MEMORIAM.

In memory of our dear wife, mother and grandmother, Mrs. R. B. Knowles.

Long days and nights she bore her pain  
To wait a cure but all in vain.  
Th' God alone knew what was best  
And took her home to Heaven to rest.  
Sadly missed by husband, children and grandchildren.

Weaver can do your welding and do it right. Look for his ad. in this issue.

The ladies of the Christian church will hold a market at the Purdy Furniture Store tomorrow afternoon beginning at 3 o'clock. Come and patronize them and get something good for your Sunday dinner.

Miss Wardie Bates, daughter of Mr. and Mrs. W. C. Bates, has taken a position as bookkeeper and a stenographer in the office of the Southern Auto company, beginning work there Monday of last week. Miss Bates prepared herself for business life at Berkeley College where she spent the past year.

"Where Things are New"

## State National Bank of Carlsbad Farm Talk No. 4

We have talked to you about diversification and more and better cows, hogs and poultry.

We have suggested that the saving in freight alone on the total products of the farm by condensing the products to the form of beef, pork, poultry, eggs, milk and cream, would afford a pretty fair income for the farmer and his family.

If you sell your hay and grain at the present time, it costs you 36.5 per cent of the total farm value for freight.

If you feed a ton of this to a good cow, it should produce 500 pounds of milk. Five hundred pounds of milk will produce twenty-five pounds of cream. Just deduct the difference between the express on twenty-five pounds of cream from the cost of the freight on a ton of hay and multiply this by the number of tons of hay you produce, and see what a nice balance you would have in the bank.

The same principle applies where this hay and grain is fed to beef cattle, hogs or poultry. We believe it is worth thinking about and talking about.

Come in and give us your experiences.

**STATE NATIONAL BANK**

### LAKEWOOD LOCALS

A. C. Crozier and family returned Saturday from a three weeks outing in the White Mountains and on the Hudson. They report daily rains in the mountains, cold and disagreeable weather, and poor fishing.

Mr. and Mrs. J. R. Stroud and O. W. Burt, who have been visiting here departed Friday in their fine car for their home at Groesbeck, Texas.

Jim Cunningham Jr. who was reared here, came down from his home at Portales one day last week and visited with old friends until Thursday night.

Misses Mabel Robinson, Mildred Adams and Master Robert Wilcox, who with T. G. Low, have been visiting at Captain returned by train Tuesday. While making the return trip they experienced serious car trouble forty miles west of Roswell, and the young ladies and Robert caught a service car and came on to Dexter where they boarded the train. Mr. Low got his car patched up and arrived home Wednesday.

Mrs. B. L. McAleer went to Artesia Tuesday to meet her daughter, Miss Mabel Robinson, who was returning from a visit to Captain.

Miss Allene Baker, of the Shelby Grocery Company, Carlsbad, visited with home folks and friends here Saturday night and Sunday.

Mrs. R. A. Larremore, Mrs. W. B. Kehl, Mrs. B. L. McAleer, Mrs. R. G. Adams and two smaller children were visitors to Carlsbad Friday.

W. I. Johnson, formerly of Lakewood, now of Loving was visiting with friends here Sunday.

Evert and Murie Bales departed last Friday by auto for Clovis. We understand that Murie, who has been in the employ of the Santa Fe at Carlsbad, has been transferred to some point on the Belen cut-off.

Mrs. Belle DeAutremont, who has been in a Carlsbad hospital for treatment for rheumatism, returned home Tuesday. We are glad to say that she is much improved.

W. E. Knowles and family, who have been living at Optima, Oklahoma, came in last Saturday, being called to Carlsbad by the serious sickness of Mr. Knowles' mother. They will remain here about two weeks.

"Uncle" Lyle McDonald, who has been visiting at Optima, Oklahoma, came in with Mr. and Mrs. W. E. Knowles last Saturday for a short visit with relatives and old friends. C. O. Merrifield and his helper have finished the repair work on our

school building, and returned to their homes at Carlsbad.

A ball game is to be played here Sunday between Carlsbad and Lakewood. Look to your laurels, Carlsbad, Lakewood is going after your scalps.

Watermelons and cantaloupes are getting to be more plentiful on the local market now but the prevailing prices act as a bar to ordinary newspaper correspondents.

Agent Bales and wife started Saturday night on their annual vacation. They will be absent about sixty days.

C. C. Harbert of Roswell, shipped three double-decked cars of sheep from the pens here to Helena today, (Friday.)

Mrs. John Murrah and four younger children will start oneday this week for El Paso, Texas, where they expect to reside with her two older daughters, Misses Vaude and Letha Krueger.

The rain which fell here Sunday was accompanied by hail which did much damage to crops and gardens. T. C. Low and J. H. Baker, on the Cook farm just south of town, report melon patches and gardens almost a total loss, while the same

report comes from Fred Pomi, southwest of town; but the rain was certainly fine.

Prof. R. D. Pulliam, who left here to attend the Silver City normal school, returned Thursday. After the normal was over he visited his old home at Appleton City, Missouri—the first time in six long years—and he says he had the time of his life. Mrs. Pulliam, who is visiting in California, is expected to arrive here soon. Prof. and Mrs. Pulliam will teach the school at Malaga the coming term.

Misses Emily and Tente Howell have been spending part of this week visiting with their sister, Mrs. Jasper Fanning near Dayton.

Winifred Knowles who was called here by the sickness and death of his mother, Mrs. R. B. Knowles, departed for his home at Beaumont, Texas, Wednesday night.

J. W. Tulk and wife and their son-in-law and daughter, Mr. and Mrs. George McClure, returned yesterday from their mountain camping trip in the vicinity of Alamogordo. They report a most delightful time and good roads for all the trip.

### LOCAL NEWS.

Miss Margaret Hinson will spend a week with the family of Reverend Nicholson, at Loving, going down there yesterday.

Thomas Pickens came in from Last Chance Wednesday bringing with him his sister-in-law, Mrs. Elmer Hamilton, and her two children, for a visit at the home of her parents, Mr. and Mrs. T. Calvert.

Mr. and Mrs. George Williams came in from their ranch where they have been spending the summer and transacted some business and returned Wednesday. The children did not come in as they are delighted with life on the ranch and will remain there until the opening of school.

F. M. Denton the piano tuner returned Tuesday night from Pecos, and after a short stay in this city, has announced his intention of "moving on" to Roswell, or some other city in that section of the country.

William Mercer met with an accident last Tuesday evening that will lay him up for some time and is extremely painful as well. In a spirit of play he jumped from the top of the side railing down to the floor of the bridge, a height of about ten feet and landed with such force that he broke the bones in his left foot and will feel the result of his play for a long time, the arch of the foot being broken. He was taken to a physician where his hurts were looked after but it will be a long time before he will make such another "Sam Patch" of a leap.

### ONE HUNDRED \$70.00 INDIAN BICYCLES FOR HUSTLING BOYS AND GIRLS.

Every boy and girl in New Mexico who wants a new bicycle to ride to school this fall can earn one by a few days of hustling.

The Albuquerque Daily and Sunday Herald has purchased one hundred of the popular "Indian" motor-bikes, electrically equipped with headlight, horn, etc. This is the best bicycle made, and sells for \$70.00. Every boy and girl in New Mexico who between now and Sept. 15th, secures thirty-five new six-months' subscriptions to the Albuquerque Daily and Sunday Herald will receive one of these handsome bicycles, delivered, with all charges prepaid.

Boys! Girls! Get busy right now and earn one of these bicycles. You can do it easily with a few days of hustling. Sit down right now and write to the Circulation Manager, Albuquerque Daily and Sunday Herald, Albuquerque, N. M. Simply say "I am interested in earning an Indian bicycle," and give your name, age, and address, and the name and address of your parents. Do it right now. Advertisement.

Misses Alice Robbins and Maude Roark were passengers to El Paso Wednesday, going to enter a hospital to complete their training as nurses. Miss Roark has nursed at various times since leaving school, where she graduated some years ago and Miss Robbins has just completed her years work at the local hospital. Both young ladies are worthy and industrious and the best wishes of many friends follow them for success in their line of endeavor.

Bob Stewart came down from Roswell on a business trip the first of the week and spent several days here.

Mrs. A. Larremore and grand daughter, Susie, the latter of Silver City and the former of Lakewood, spent the day in town Friday of last week, at the home of Mrs. Henry Jones, on Halaguano street.

## GOOD ROADS

### FEDERAL AID FOR HIGHWAYS

Operations Aggregate in Length Nine Times Distance From New York to San Francisco.

The unprecedented stimulus given highway construction in the United States in the four years that have passed since the federal government entered upon its policy of aiding road improvement, is shown by the fact that road operations under the federal aid road act thus far initiated aggregate in length nine times the distance from New York to San Francisco, according to Thomas H. MacDonald, chief of the bureau of public roads, United States department of agriculture. The federal government's share in this stupendous undertaking is greater than the cost of the Panama

One Type of Road—Truck Load of Hot Concrete Being Dumped Ready for Surfacing.

canal. The participation of the national government in highway improvement marked a departure from a policy which had been followed for nearly a century. Federal co-operation with the states on approximately a "50-50" basis has counted more than any other factor, says Mr. MacDonald, in initiating highway construction that is being carried on under adequate supervision, and in accord with a program co-ordinating local, state and national needs.

Second only in importance to the size of the present road-building program is the excellence of the character of the roads being built. Sixty per cent of the total allotment of federal funds which has been approved to date will be spent for roads of such durable types as bituminous concrete, Portland cement concrete, and vitrified brick. These roads, when built, will increase by 7,600 miles the total of 14,400 miles of roads of this class which existed in the United States before the federal-aid road law was passed. But these figures by no means represent the total mileage affected.

In 1915 the total expenditure for roads and bridges by all the states and local governments was \$207,000,000, while this year the estimated funds available for main road construction are nearly three times that amount, or \$623,000,000. In all, federal funds to the amount of \$296,750,000 have been apportioned among 48 states without a suggestion of favoritism—so adequate are the provisions for a just apportionment.

One of the early and most far-reaching results directly attributable to the adoption of the federal-aid program was the creation of adequate state highway departments in 17 states which previously had either no state department, or departments insufficiently equipped. Within one year after the passage of the federal-aid road act more constructive state highway legislation was placed upon the statute books than had ever been enacted in a similar period in the history of the country.

The insistence of the government upon the construction of federal-aid roads under the supervision of engineers of the state departments has resulted in placing a much larger proportion of road work under skilled direction. In 1915, the year before the federal-aid act was passed, only 30 per cent of the money for roads and bridges built in the United States was expended under the supervision of state highway departments. This year these departments will exercise control over fully 80 per cent of the large sums that will be spent for road building.

### Pellagra and Income.

After a three-year study of pellagra in the cotton-mill villages of South Carolina, the United States public health service shows that pellagra varies inversely with the family income in this locality. As the income fell the disease was found to increase and to affect more members of the same family. As the income rose the disease decreased, and was rarely found in families that enjoyed the highest incomes, even though this highest was still quite low.

A recent statement given by one of the large life insurance companies indicates that the food standards of Southern wage earners must have improved remarkably of late, for the death rate from pellagra has fallen from 6.7 per 100,000 in 1915 to 2.5 in 1920.

### GENTLE CORRECTION

"PULSIFER seems mighty touchy," observed the retired merchant. "He was talking to me this morning and shooting holes through the king's English in his usual reckless way. I called his attention to a few of his grammatical errors. Instead of being grateful he shook his fist under my nose, and said that for three sous he would push my face through the back of my head. I can't understand that sort of conduct. I'd thank any man who would correct me when I make errors in my speech."

"In a horn you would," commented the hotelkeeper. "You think you put up a fine line of English when you are talking. You are satisfied you never make any bad breaks, so feel safe in saying you would welcome criticism, but if some sharp who is wise to all the fancy curves of the language came along, and showed you where you get off, you wouldn't wring his hand in an ecstasy of gratitude. No, doggone it, you would climb on his person and discolor one of his eyes."

"If there's any man makes me tired and sore, it's the one who calls me down when I am speaking a piece, and tells me I am making Lindsey Murray roll over in his grave. I don't mind if there are only two of us present at the time, but when there are innocent bystanders around I get all worked up and insist upon a hand to hand conflict. No good sport would do such a thing. If you don't like the way I talk, you can pass up this hotel when making your daily rounds. If you must hand me a package of criticism or admonition, send it by mail. Then I can read it in the privacy of my own bed room, and there won't be anybody around to raise a horse laugh."

"My education was sadly neglected when I was young. I went to school only a few months and everything I learned was wrong, for the teacher was a farmer who took up educational work as a recreation when the weather prevented him from cultivating his beans. The little I know I accumulated by reading the newspapers and a few dime novels."

"Consequently I am always taking a fall out of the language. I never could wise myself to the fine points of grammar, and it was only recently I quit saying 'I done it' and 'I have went.' Every now and then an aleck stops me in the middle of a discourse and shows me where I am wrong, and if there is any way of getting even with that man I always do. There was a drummer for a shoe house who used to frequent this place. I took a liking to him, and always gave him the best room and saw that his eggs were fresh from the vines, and looked after his comfort generally."

"One day I was telling him a story, and he stopped me just when I was approaching the peroration, and began to explain the difference between 'shall' and 'will.' It seemed that I always used one of these words when I should have used the other, and in the goodness of his heart he explained the whole business to me. When he had made everything clear he asked me to finish my story, but I told him, in a biting sort of way, that I might wound him to the quick by misplacing a few more words, so I would spare him that infliction."

"Then he saw he was in bad, and he began telling me how he always liked to be corrected, and he took it for granted that others felt the same way about it, and the more he talked the less use I had for him."

"He registered here many times after that, always got the worst room in the house and if there was a particularly tough steak on hand, it went to him. He tried his hardest to square himself, and was always looking at me, hoping to see a winning smile on my chaste lips, but he never got anything but the arctic glare, and I suppose he's kicking himself, even to this day, because he made that break. And if you want to queer yourself with all your friends, you'll keep up this thing of telling people of their mistakes."

#### A Shrewd Man.

Patron — Why do you have such poor music in your restaurant?  
Proprietor — It relieves the pressure by giving the people something besides the food to find fault with.— Boston Transcript.

#### The Case.

Lecturer — "Things have come to a pretty pass when my description of the constellations are made to give way on the program to the so-called Dog star." Stage Manager — "Sure, that is a Sirius matter."

#### Like the Rest.

A little neighbor girl was at our house when a bride of two months came in. Our conversation was about the wedding. "Oh," said the little girl, "so you got married with a curtain on your head, too?"

H. A. Gragg

### GIFTS THAT LAST

Carlsbad, N. M.

Aug. 15, 1921.

Dear Friends:

I wish to take this method on my second anniversary in business to thank you for your very much appreciated cooperation in making my business a success.

May we long continue together.

Also I wish to call your attention to the bright outlook for the coming season, and I am receiving new goods at new prices.

I will have another catalogue which will soon be off the press, complete with all new ideas, new goods and new prices.

Just send me your address and I will mail you one on arrival.

Thanking you again, I am

Yours for "Gifts That Last,"

H. A. Gragg.

## WEAVER'S GARAGE

We are putting in a new \$500.00 WELDING OUTFIT.

This will be one of the largest plants in the Pecos Valley.

As soon as it arrives we will put on a WELDING DEMONSTRATION DAY.

We will Weld Scored Cylinders, Aluminum Castings, Aluminum Fenders and Heavy Cast Iron.

WATCH THESE COLUMNS FOR THE DATE.

Bring in your broken parts NOW and have them here. We will repair them at a nominal cost.

## GATES TIRES

Made in the West by American Workmen

### ASK THESE PEOPLE—

When you want to get real first hand facts about a car or a tire, ask the user of one — he knows. There are now hundreds of users of Gates Super-Tread Tires right here in your neighborhood.

These car owners have repeatedly told us that the GATES SUPER-TREAD TIRE was outwearing every other tire they had ever used—they will tell you the same thing.

The wider, thicker tread of the Super-Tread is made to deliver more miles than the ordinary and it is no wonder that it gives satisfaction.

HORNE'S—THE BEST STYLES, THE BEST QUALITY THE BEST VALUES

## School Days are but a Few Weeks Away

Barefoot boys will soon be wanting shoes for school,  
and nowhere in the Pecos Valley can they be shod better  
than here. Here is where particular attention is paid to  
shoeing of boys and girls, and here is where both quality  
and prices are within the bounds of consistency.

Bring in the boys and girls and let us outfit them  
for school.

"The Store of Quality"

## Fresh Kipling's Candies

Fifty Cents Per Pound

For sale at

OWEN-McADOO DRUG CO.

The Civics Committee of the Carlsbad Chamber of Commerce, is doing a rushing business in files the first month or so. Files to the amount of sixty-three gallons have been purchased and paid for at the rate of ten cents a quart. M. R. Smith, at the Corner Drug Store, being the purchasing agent. When one considers the mischief that would be done by that number or amount of files the magnitude of the work may more readily be understood. Carlsbad is fast becoming a flyless town and it is largely owing to the activities of the Civics committee and particularly the work of M. R. Smith that this is the case. However, Mr. Smith tells us any person wishing the job of measuring the dead critters may have a chance by applying at the drug store.

Miss Thelma Jones a niece of Mrs. Archie Nelson, is a visitor at the home of her aunt in Carlsbad and will remain here a couple of weeks before leaving for her home in El Paso.

Mr. Summerfield, the very efficient and accommodating day clerk at the Crawford Hotel, has resigned his position and will go the first of the month to Los Angeles, where his wife and children have preceded him and where they expect to make their home. The place at the hotel will be filled by E. V. Abritton.

J. Floyd Hart, formerly pumper at the Dark Canyon Wells, was in the city last week, spending the time with his family at the Wells. He came down from Fort Sumner, where he has been pumping for the Santa Fe, and left the first of the week for Willard, New Mexico, to which place he has been transferred.

Mrs. Gilbert Cowden is spending a few days on the ranch of her parents, Mr. and Mrs. Tom Gray, southwest of town. She is accompanied by her little son, Billy Tom.

Walter Beala, a former resident of Carlsbad, and later living with his family in Malaga, spent a part of last week in town.

### NOTICE

I have purchased the interest of my partner, C. C. Tebbetts, and will pay all local accounts contracted prior to the first of August. But no bills contracted after that date will be paid by me.

W. C. BATES.

Mr. and Mrs. John R. Means, of Hope, were down from their home Wednesday. Mrs. Means' health is not of the best but Mr. Means is well and gives a good account of his part of the country.

## Suppose Your House Burned Tonight

The first thing you would do, would be RUSH to the nearest phone and give the alarm to the fire department. The time for alarm is BEFORE this actually happens. Why not RUSH to the Insurance Office of W. F. Milvain and get this Protection against loss of your household goods, personal effects or your business stock? WE OFFER PROTECTION AT A MODERATE COST, and TODAY is the opportune time to secure Adequate Insurance.

## TO EXPLORE OCEAN'S DEPTHS

British Government Contemplating an Expedition for the Gathering of Scientific Information.

The British government is contemplating the dispatch of a deep-sea exploring expedition which is expected to gather much valuable scientific information.

Most people imagine that the depths of the ocean have been pretty thoroughly explored, but this is very far from being true. As a matter of fact, only a very small fraction of the whole area of deep sea bottom has been surveyed. Attention is particularly called to a vast subaqueous region around the Falkland Islands and up as far as Montevideo, which is almost unknown, and which, having a depth of less than 100 fathoms, may offer opportunities for the development of lucrative fisheries.

The first deep-sea exploring expedition, that of the famous Challenger, was set on foot just 50 years ago. The ship left port in 1872, and ideas on the subject were in those days so primitive that there was dispute as to whether she should use wire or hempen rope for soundings. It took a whole day to make one sounding, or a single cast of the dredge for bringing up fishes and other animals.

Since then deep-sea sounding apparatus has been much improved by cable ships, and fishing gear has been greatly modified by steam trawlers, which use dredges. Besides, a great deal that is of value has been learned by oceanographic expeditions subsequent to that of the Challenger. Hence the new exploring vessel will start out with a prospect of accomplishing a very great deal of work of real importance.

## TOO MUCH FOR SMALL MINDS

Childish Messengers Have Hard Time Remembering Names of Books They Are Sent For.

"I want 'Resurrection in the Parks,'" demanded a little chap of the librarian at the West Indianapolis branch library. "My brother said for me to get it for him."

The librarian did not wish to let the little chap know she was puzzled. She knew it was something that went on in the parks that the boy wished. The "resurrection," she decided, might be "recreation," and that was what she suggested. "That's it," smiled the little chap. "I knew I had that word wrong."

Librarians often deal with little brothers and sisters who are running errands for big brothers and sisters in high school. When one of the tots asked the librarian at the West Indianapolis branch for "Europe's Fables," the librarian smiled, for that was simple to translate into "Aesop's Fables." It was different when another asked for "Out of the Twist," the librarian then had to inquire diligently before she found that the child patron meant "Oliver Twist."—Indianapolis News.

### Explanation Briefly Made.

Harold Knutson, Republican whip of the house, tells a yarn about an old fellow up in his country who has a job carrying the mail from the depot to the postoffice, for all of which he gets \$1 a trip.

Some of the boys around the grocery store the other night got to kidding the old chap about his job and, eventually, they asked him how much he made out of it.

"I make \$1 a trip, three trips a day, \$125 a month, or \$3,000 a year," he said.

These figures not sounding just right, one of the boys sought to pin him down on his calculations.

"How do you make \$3,000 a year?" he asked.

"A-carryin' the mail," responded the carrier, and with those few words he departed.

### Saturday Change.

Many storekeepers begin their Saturdays by shopping in the neighborhood for small change—dimes, nickels, and pennies. Seven customers out of ten at the butcher's, baker's and grocer's on Saturday pay for their purchases with \$10 and \$5 bills. Not one in twenty counts out the exact amount.

One storekeeper has found that \$50 in subsidiary coins is none too little to carry him through.

Transit lines and automatic vending machines receive tons of coins in a day. Within 48 hours these coins are back in circulation.

Dimes, nickels and pennies are the most active elements of our circulating medium.

### Cat Evidently Was Offended.

A yellow cat called Shimmy, of no particular breed, but lately a cherished mascot of the Aberdeen (Wash.) fire department, left her home there suddenly. Shimmy, according to the fire laddies, who hunted three days without success for their vanished pet, made her nest in a coil of hose which is used to wash the floor of the fire hall. On the morn of Shimmy's disappearance a careless fireman turned the water into the coil. Shimmy was catapulted toward the ceiling and shot by the stream of water into the street. The cat has not yet come back.

### Financial Backing.

"Your friend the reformer seems to be enjoying great prosperity these days."

"He had a stroke of luck."

"What was it?"

"He ran across a very rich person who had a troubled conscience."
