SCHOOL COSTS

OVERHEAD EXPENSES IN COUNTY SCHOOL ADMINISTRATION

counties employed rural school rangements are very often supervisors at a total cost of made whereby the cost will be \$9,700.00. In eight counties much less than this. \$6,595.00 was paid for truant officers, and in four counties \$5,100.00 was paid for school Approximately \$5,-000.00 was expended for other administration salaries. According to the reports, there-fore, the salaries paid for administration and supervision amounted to \$96,000.00. Other items chargeable to overhead expense includes the following: County superintendents' traveling expenses, \$9,495.12; superintends' office expenses, faculty appointed a committee \$9,118.34; county boards' per diem and traveling expenses, \$5,714.59; total \$24,328.05. If reports were available for the three missing counties, it is reasonable, in view of the foregoing figures, to estimate that the cost of administration of county schools exceeds \$125,000.00 annually. These figures do not include the amounts paid to cover teachers' expenses in attending the state educational association meeting, and which totalled \$6,235.82. It must be kept in mind that the cost of superintendence in incorporated cites, towns and villages is not included in these estimates

TEACHERS ASSOCIATION

The Torrance County Teachrs Association held the second and last meeting of the present school year at Moun-

tainair Saturday, April 2.

The first meeting was called by the recently elected county school superintendent, Mrs. Blanche Parrett, on March 19 at Estancia. This was a get-together meeting, preparatory to forming a permanent or-ganization, and at this time a committee was appointed to draft a constitution and by-laws, to be presented at the meeting at Mountainair.

The morning session of the recent meeting was given over to the reading and adoption of constitution and by-laws.

The assembly voted to have four meetings each school year, and to facilitate matters (on account of the great distances to be traveled by many teachers) it was decided to divide the county into four districts, and hold one meeting in each district. By so doing each teacher could attend at least one meeting during the year.

An election was held and

County School Superintendent Mrs. Blanche Parrett was elected president; O. L. Jack-son, principal of Mountainair schools, vice president; and W. H. Spillers of Estancia, secretary-treasurer.

The afternoon session was opened with an address of welcome by Mr. Caldwell of Mountainair, followed by a very interesting and instruc-tive talk on "School Questions in General" by the Honorable Jno. Conway, State Superintendent of schools. Assistant State Spuerintendent Mr. Earl blown up by gas. Douglas also gave a very able

We live in a time when for one to adhere strictly to certain definite religious convictions is to be called "narrow." It is a matter of great moment to many as to what political party they affiliate with but a matter of no importance as to what church they belong to. It is all right to have convictions about anything except religion, they seem to think, but when it comes to that, Mr. and Mrs. Sam Joy have they would have the churches traded their land southwest of throw aside every difference, town for 200 acres of land at no matter what cost, and consolidate.
