TWENTY-NINTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, SEPT. 30, 1921.

NUMBER 48.

## CO-OPERATIVE MOVEMENT STARTED AT CHAMBER OF COMMERCE DINNER

Co-operation and harmonious action by Carlsbad, Artesia and Hope for the betterment and upbuilding of the Pecos valley was the theme most dominant at the Chamber of Commerce dinner held at the Palace Hotel last Saturday at which meeting visitors from Hope and Artesia were present and pledged their co-operation in this movement.

The dinner was one of the most interesting and helpful of any that has been held up to this time and was attended by a good number of the members of the club as well as several visitors. The first speaker called on by President Hubert was Postmaster John W. Wells, who told of the efforts now being put forth to secure a first class band for Carlsbad and asked the support of the business men and citizens generally in this movement. He said in part:

"Mr. President and Gentlemen: I think, and I believe you will all agree with me, that one of the greatest municipal assets is a good band. At one time Carlsbad had a paid professor to direct the work of a band and had one of the best bands to be found in this part of the country. Since the departure of Prof. Bunch, only spasmodic efforts have been made to maintain a band, and then you might say only half a band was the result. To have a good band, one of which we all will be proud, it will require the entire time of one man. That man must be an expert in his line and must be maintained on a salary raised by popular subscription or by money from the Chamber of Commerce funds, preferably the former. Carlsbad now has living here at least twenty-five crack musicians who are eager to join a band and only a leader is needed to insure the proper amount of practice and keep the music up-to-date. The fourth of next July we are going to put on one of the biggest celebrations ever pulled off in New Mexico—a water carnival—and to make that celebration a success a good band will have to be employed at a cost of not less than \$400. This amount of money will go a long way towards paying the salary of a band master and there is no reason why he could not have a fine band ready to play for that occasion. Messrs. Rawlins and Soladay have already advertised in some of the eastern papers for a band master and have received answers from two favorable applicants. One is a young man of Waco, Texas, 27 years of age and unmarried who has had charge of the band while he was in the army and the other an older man of Dallas, Texas, who is married and an uncle of Mayor Hudgins and who specifies no stated salary but leaves that up to the business men of the city. Music is one of the best assets any one can have, be they male or female; it broadens a person in every way and we owe it to the young people of Carlsbad to furnish them with this opportunity to become proficient in music. Another thing not to be overlooked in this connection: with a good band will also be included a first class orchestra for the city. There is plenty of material for an orchestra and it will be formed if the band is started. All interested in this movement will please get in touch with Ray Soladay or Bert Rawlins. I thank you."

After President Hubert had assured Mr. Wells a band will be a great thing for Carlsbad and the Chamber of Commerce will do everything possible to make it a success, he called on Rev. Mr. Moon, of Hope, who is also pastor of the Methodist church at Loving, for a few remarks.

Rev. Mr. Moon said he seldom attempted to speak without having a subject, but that he believed Carlsbad was on the right track in trying to organize a band, and the Chamber of Commerce is certainly following the right path in their get-together meetings where things of common interest may be discussed and ways devised to solve the difficult problems which confront every city from time to time. Continuing, the speaker said: "The price of cotton in the south and now is the time to get in line on all vital propositions affecting the future development of this city and community. It is a fact that if men will get together and discuss things their town needs and things which seem almost impossible to accomplish, they can make those needs a reality. I understand there is going to be an oil mill in the Pecos valley to take care of all cotton seed produced here. From an investment point of view this oil mill will beat your bank stock or anything I know of in this valley. The results to the Pecos valley of this mill will be far reaching. If you could induce one stevedore to feed out a carload of cotton to the products of this oil mill he would forever after be your ally and a booster for the mill. The West is considered a producer of raw materials only and with this mill there is no reason why all the cattle shipped from the Pecos valley should not be fattened on cotton seed meal and hulls. There is no better ration for hogs and cattle than this feed. It is also good for

horses and mules when they are not at work.

"The Carlsbad project is the best long staple cotton country in the southwest. Texas produces about four million bales of cotton annually and there are only four counties in that state which can raise long staple cotton. This county produces as good long staple cotton as that produced in Texas and there is great possibilities presented for advancement in this line of endeavor. For instance, good long staple cotton can successfully be produced with less than one-half the amount of water now being used by our farmers which would permit of more area being planted. More cotton per acre could be produced if seed were properly selected. The man who actually cultivates the soil generally does not see far enough ahead to pay the price demanded for good seed. A committee of the Chamber of Commerce should be appointed to co-operate with the farmers in the purchase and selection of the best seed there is to be had. I wish to extend to you the greetings of the Hope Chamber of Commerce and assure you we are willing to co-operate in any way for the advancement of Eddy county or the town of our pride—Hope, the little city which nestles in the hills."

Judge J. H. Jackson, of Artesia, was present and asked for a talk. He responded by saying that any city needs a good band, and that Artesia now has a band which is doing fairly well. He said their main difficulty was that the band boys often move but they try to anticipate that difficulty and are teaching the young boys music so they may take the older ones' places. As to a band instructor he said Artesia certainly would not be jealous if Carlsbad secured a good band and suggested that the band instructor divide his time between Artesia and Carlsbad after the band here is put in good working shape, thereby lightening the expense on both places. Also he said the bands could be thrown together occasionally on special events. Judge Jackson also said Carlsbad and Artesia now have a good opportunity to co-operate to their mutual advantage by letting the contract for paying at the same time to the same company. Construction companies say the cost of moving to such a small job will make paying come higher, so he thought this one way to cut down the cost. He said Artesia was going to pave their main street as well as put in a good sewerage system, and he thinks this work will be done within the next year at the longest.

W. F. Melvin was the next to respond to a request for a talk and he said it was the purpose of the Carlsbad Chamber of Commerce to further the interests of Eddy county as well as Carlsbad and said now is the time for all to get together and work in unison. He said that in view of the road program ahead for this county it would be a good plan for a committee composed of representatives from Hope, Artesia and Carlsbad chambers of commerce to confer and direct where this money shall be spent so that it may do the most good for the entire county. It is Mr. Melvin's idea to have a big dinner and invite Artesia and Hope at which time this committee will be formed and plans laid for future action. This will be acted on by the directors soon.

Mr. Todd, of Artesia, next entertained the diners by his wit and emphasized the fact that our climate is the biggest asset the Pecos Valley has, recounting some of his personal experiences as to its curative and health giving effect.

Dr. Lowry next spoke briefly and his main thought was that harmonious action is conducive of great results. He illustrated by relating how he heard a band of five hundred pieces dwindle down to one lone horn trying to play because some were playing at one place in the music and some at another.

The meeting came to a close after a talk by Mr. Schenck, of Artesia.

### BAPTIST CHURCH.

Sunday school at 9:45 A. M. Dr. J. W. Bruner, secretary of the Baptist hosts of New Mexico will preach at 11 o'clock. Come and hear the great message he will bring. Both Senior and Junior B. Y. P. Us will meet at 7:30 P. M.

Dr. Bruner will be with the Loving people at 7:30 P. M. Saturday and with the Artesia people at 7:30 P. M. on Sunday.

Reverend Mahan writes that he will be at home the 6th of October and will return to Albuquerque the following night.

The Institute conducted by the Artesia and Carlsbad Women's Christian Temperance Unions, is holding today at the Baptist church. A very interesting program is being given and visitors and town ladies alike are enjoying the day. A toothsome dinner was served at the noon hour to about fifty White Ribboners.

Times change and men change with them.

## OFFICIAL VOTE OF EDDY COUNTY CAST IN ELECTION FOR U. S. SENATOR

## Opening of the Woman's Club.

The first meeting of the Carlsbad Woman's Club for the coming year will be held at the Club House next Tuesday afternoon at three o'clock. The year books have been in the hands of the members for some weeks and much enthusiasm for the course of study has been manifested.

The program includes two lines of work—a study of the wonders of New Mexico and a review of American art and artists. These topics were chosen by a vote of the club in the spring and the committee consisting of Mrs. J. W. Lewis, Mrs. Stone and Mrs. Kindel brought out a most interesting and promising list of topics along both these lines. This ought to be the best year the club ever had and every one of the eighty members on the roll will be expected to do her part toward making it so. The program for next Tuesday follows:

President's address, an introduction to the study of New Mexico. Pueblo Rebellion of 1899. Mrs. Snow. Music, Mrs. Howard Moore. Roll call, Summer Reading. How to Study a Picture—Mrs. C. C. Sikes.

### DISTRICT COURT.

The full term of District Court will convene next week, the Grand Jury being ordered to report for duty Monday, October 3rd at 9 A. M. The following have been chosen as members of that body:

Precinct	
Charles Montgomery	1
M. H. Dameron	9
J. H. Smart	4
P. G. Klippenstein	1
W. P. Mudgett	1
Gall R. Hamilton	6
C. A. Nelson	1
William Benson	6
Homer Cair	1
F. C. Knowles	6
Albert Richards	6
L. M. Allis	6
R. L. Paris	6
Joe Fessler	1
W. T. Murray	1
D. W. Duncan	1
C. C. Lewis	9
J. T. Ross, Jr.	4
Pat Middleton	1
W. H. Morgan	9
T. L. Vowell	5
R. B. Sleaze	9
W. F. Holloman	6
D. A. Abernathy	10
G. W. Chambers	3
G. M. Whithead	1
Sam Lusk	1

The docket is not very heavy this year, although there are a number of cases of interest to our citizens generally. The Petit Jury has been ordered to report October 10th at nine o'clock, and is composed of the following men:

Precinct	
W. H. Woodley	2
David Clements	2
Lewis Rowland	6
T. C. Addington	7
O. A. Pearson	10
H. B. Jenkins	5
J. K. Hastie	6
R. B. Armstrong	1
J. C. Queen	2
J. R. Holt	1
W. E. Rose	5
T. A. Coleman	5
William Schneider	7
G. W. Welton	6
C. O. Eipper	10
A. Y. Williams	9
R. N. Teed	3
J. S. Spence	9
W. W. Marlar	1
F. E. Baker	1
W. R. Hornbaker	6
Wm. Hannah	1
W. A. Bryan	6
W. W. Snyder	5
Frank W. Ross	5
E. L. Humphreys	7
J. B. Bowman	6
E. S. Wallace	7
J. E. Howell	4
Henry Collins	1
A. G. Fleming	2
J. W. Lewis	1
C. T. Harkey	2
L. H. Bates	2
J. H. Holoman	6
Oliver Fere	10

## Rifle Team Returns From Camp Perry.

Captain Fred West, Coley Jones, Clyde Duncan, Elmer Forehand, and Hugh Hall returned Monday from Camp Perry where they had been in camp with the qualified riflemen from all over the United States, for the annual meet.

Eighty-three teams started in the competition, but only seventy-four teams were in at the finish. The R. O. T. C. teams being only six men teams were eliminated by the ruling which requires ten men.

The men had eight days schooling in small arms shooting and all the New Mexico men qualified in that branch as instructors, which would be very useful to them in case another war should break out. There were fourteen hundred men competing, two regiments of infantry who did nothing but run targets. The guns used were the regulation Springfield Magazine rifles.

At first the infantry teams led, but later the Marines were victors, by twelve points.

Captain West tells us that the camp is ideally located, twenty miles from Sandusky, and all under canvas. The mess hall, an immense structure, built in 1904, was fitted with everything needed for the wants of the inner man and the grounds were covered with Bermuda grass, while the rifle range was sown to clover, which was kept clipped and made the grounds look like a lawn.

Captain West says that while he liked the looks of the country through which they passed and the country around Sandusky especially, he and the other men who were with him from Carlsbad, are more pleased than ever with New Mexico.

### WEEK-END CAMP OF INSTRUCTION AND DINNER.

The men of Troop B are preparing for a week-end camp to be held some where within a few miles of town, the week beginning the first of October. As now planned they will go on Saturday, the 3th, and hold a camp of instruction and on Sunday, October 9th, all their friends are invited to go and have dinner with them as the guests of the Troop. The men have a beef and will serve beef and braised potatoes and all other things usually served in a camp dinner. The relatives and friends of the Troop are not only invited to be present but their presence is urged. Dinner will be served at 1 o'clock and if any of the ladies so desire they may bring cakes or pies, but that is not necessary. Now let all the friends of the Troop get behind the men and show them that they appreciate this kind invitation. The exact place where the drill and dinner will be held cannot be announced at this time but as soon as arrangements are completed orders will be posted in the postoffice announcing the place.

### PRESBYTERIAN CHURCH.

Praily Day will be observed at the Presbyterian church Sunday, and the interest applies to all the departments. Church will meet at ten o'clock, and with public worship at eleven there will be celebration of the Lord's Supper. The Endeavorers at seven o'clock begin a course of studies in the Bible, and the interest is worthy acquaintance with the book throughout, supplementing their preparation for life and its work as undertaken in the public schools. Any young people concerned to participate in the advantage and not otherwise engaged are invited to attend, and besides the particular class older people are encouraged to be present.

A course of studies in the book of Revelation is about to be undertaken in the Presbyterian chapel. The teachings of the special Scripture are little understood, and the attempt is made to bring out their plain and practical meaning. Any free and disposed to take part in the advantage are encouraged to be present. The course will begin next Wednesday evening at seven-thirty.

## CARLSBAD NOW HAS CHANCE TO GET A SUGAR BEET FACTORY

### Troop B Getting Ready for Encampment.

Troop B is having some rather strenuous drills at this time, getting ready for the encampment which meets at El Paso, the 17th of October, and lasts until the 31st. Drills are held in the Armory each Wednesday night, Lieutenant Miller having charge during the absence of Captain West; mounted drill is held each Sunday on the drill grounds west of the city. At least fifty men are expected to attend the encampment and more than that number will probably report for duty on the 16th when they leave here. The horses and other equipment of the troop will be loaded at that time and several of the men's wives will accompany the troop.

Adjutant General Henry Brown in writing to the Las Cruces Chamber of Commerce announcing the annual encampment for maneuvers and target practice says:

"The state of New Mexico spends a minimum of \$50,000 annually on this force, for armories and administrative purposes. The federal government is interested in maintaining the guard of our state as a second line of defense to be used in case of national emergency and with a view to training and developing it progressively, has appropriated \$100,000 to defray the total expenses of the approaching encampment and an additional \$200,000 for the pay of officers and men and the upkeep of public animals during the entire year.

"Thus it may be seen that a maximum of \$600,000 in cash is expended annually on the guard of the state. This does not take into consideration the equipment, costing not less than \$500,000, issued by the federal government without expense to the state."

General Brown adds that in consideration of the importance attached to this work by the federal and state governments and because of the appropriateness of supporting the state laws with citizen soldiery, it is expected that the chambers of commerce and the public generally will give their active co-operation and influence to encampment.

"That most training may be disseminated," General Brown adds, "it is necessary that each organization go to camp with at least its minimum strength, namely for company of infantry, three officers and sixty-five enlisted men."

### CARLSBAD MUNICIPAL BAND TO RE-ORGANIZE UNDER DIRECTOR FROM DALLAS, TEX.

If arrangements, which are now under way, are carried out, Carlsbad is assured of having a good band and orchestra for the next 6 months and longer if it is desired. Mr. Rawlins has been corresponding with a number of prospective directors for the band, and has succeeded in locating an excellent man, Mr. Trowbridge, of Dallas, Texas.

Mr. Trowbridge is a near relative of Mayor Hudgins, and has the best of references from different parties at Dallas. He has had twenty years experience in musical work of all kinds. An unsolicited testimonial from Mr. Rawlins from a prominent musical organization at Dallas states that "Mr. Trowbridge is a 'tip top' musician, a fine gentleman, and not in the ordinary class of musicians". He is a man of rather advanced years and, in our opinion, would get better results, command more respect and attention from his band as director, than could a young man.

Mr. Trowbridge has agreed to come at once for a six months contract at a stated salary, which is very reasonable. It has not yet been decided whether the salary will be obtained by an increased budget through the Chamber of Commerce or by popular subscription. However, the amount necessary to cover a six months contract is not so much but that it could be easily raised.

Carlsbad is going to need a good band for the celebration of next July fourth, and the money which will be necessary to hire an out-of-town band at that time, which will not be less than \$500.00, had best be spent at home, for a home band, and let the citizens of Carlsbad enjoy that band in the meantime. The question has often been raised as to whether it was necessary for a man to give his entire time and attention to the small-town band, and the writer will state from experience that it is impossible for any man to maintain a successful band and orchestra unless he will devote his entire time, and a little besides, to the proposition. Also, as the question has been raised, "Why not have a home town man take charge of the band, thereby eliminating the expense of an outside director?" This has been tried out in Carlsbad many times and has been found to be impracticable, unwise and utterly impossible.

Nearly everyone likes music, and the regular concerts by the band are looked forward to with much pleasure by the majority of the citizens of the small city or town. Then, too, is it not a matter of pride and

The opportunity for getting a sugar beet factory for the Carlsbad Project is now presented if all interested will give the proper encouragement. The Agricultural Industries Development Company, at Chicago, Ill., wants to put in such a factory in Carlsbad and have sent an inquiry to the Current for information as to who will be interested in such a proposition. This company makes a specialty of establishing these factories throughout the United States, especially in the west where irrigation is admirably adapted for the raising of sugar beets. This is a reliable concern and they are perhaps familiar with what can and has been accomplished on the Carlsbad Project in the way of raising sugar beets as one of the engineers of their company helped build the sugar beet factory located here a number of years ago and which was destroyed by fire.

A sugar beet factory on the Carlsbad project which has the interest of the farmers at heart and which would be willing to sell them their sugar on a narrow margin as well as allow them the prevailing market price for their beets, would be a big success and a money making proposition for both parties. This great industry is full of great possibilities, this filling of the great American sugar bowl. We still seem to be in the very infancy of beet sugar making and apparently there is no kind of agriculture that is so filled with great possibilities. The beet sugar production in this country represents about 12 to 20 per cent of our total sugar consumption. The cane sugar production in this country is of comparatively small consequence, when the refining of imported cane is left out of consideration. Some of the most successful sugar beet districts are those in the western part of the United States, where irrigation is practiced. The sugar beet business is a busy industry. It is a great occupation for hand labor. Careful analysis on the part of the United States Bureau of Chemistry brings the opinion that where the highest grades of commercial granulated sugars are made, there is no choice between the beet and cane sugar. It is practically impossible to distinguish cane sugar from beet sugar especially in the case of high grade sugars. The letter of inquiry is as follows:

"Agricultural Industries Development Co., 21 North La Salle St., Chicago, Ill.

"Mr. Perry, Editor of The Current, Carlsbad, New Mexico.

"Dear Sir:—About twenty-five years ago there was in your city a Beet Sugar Factory, built by M. E. Salich, consulting engineer, who is a friend of our company, which factory was destroyed by fire.

"As our company's main object is the propagating of the Beet Sugar industry and the developing and promoting of Beet Sugar Factories, if you would very much oblige us if you will kindly let us know, who in Carlsbad itself and who of the farmers in Eddy county would, or could, be interested in such a factory in or near Carlsbad.

"Thanking you in advance and hoping to hear from you soon, we beg to remain,

"Sincerely yours,

"AGRICULTURAL INDUSTRIES DEVELOPMENT CO. A. OPALLO, Sec'y-Treas."

In another part of this issue of the Current will be found a notice of the accident of little Jeannette Hoose, of Roswell, daughter of Mr. and Mrs. Arthur Hoose, formerly of Carlsbad. From word received by friends in this city, we learn that acting on the advice of their family physician, they left last night for Philadelphia with the little girl, where she will be taken to Dr. Chevalier Jackson, an eminent specialist in removing foreign bodies from the throat or lungs. This physician is said to be perhaps the finest specialist in his line of work in the United States. Dr. L. E. Ervin, of Carlsbad, is acquainted with the work of Dr. Jackson and says so successful has been that he, himself has no doubt of the outcome. In the meantime the many friends of Mr. and Mrs. Hoose are anxiously waiting news from the little one.

Dr. M. B. Culpepper left yesterday morning for El Paso to be in attendance at an X-Ray clinic which is to be conducted by a specialist from Los Angeles.

There is no bull dog at opportunity's gate.

satisfaction, when we can boast of our own home band? Music has always been a prominent factor in Carlsbad. There are many good musicians who have been associated with bands and orchestras for a number of years. This will make the foundation for an excellent band, and with the help of a capable director, many beginners will take up instruments and it will be but a short time until Carlsbad's band will be second to none. Carlsbad once had a good band. What has been can be again. Do you want a band? If so, the opportunity is here. CONTRIBUTED.

## Camels are made for Men who Think for Themselves

Such folks know real quality—and DEMAND it.

They prefer Camels because Camels give them the smoothest, mellowest smoke they can buy—because they love the mild, rich flavor of choicest tobaccos, perfectly blended—and because Camels leave **NO CIGARETTE AFTERTASTE.**

Like every man who does his own thinking, you want fine tobacco in your cigarettes. You'll find it in Camels.

And, mind you, no flashy package just for show. No extra wrappers! No costly frills! These things don't improve the smoke any more than premiums or coupons.

But **QUALITY!** Listen! That's **CAMELS!**

### LOCAL NEWS

Mrs. West, who has been visiting her children in Carlsbad since July returned to her home at Tucson, Arizona, leaving here Saturday morning.

Mr. and Mrs. Roy Shafer announce the birth of a daughter, at Sisters' Hospital last Saturday, September 24th. The little lady has received a warm welcome from her parents and friends, who are being congratulated on her arrival. Her name is Betty Ruth.

Claude Brown, the ball player, arrived in Carlsbad from Quana, Tex., Saturday night, at which place he had been playing ball and has announced his intention to remain here probably for some time, which the many friends of his wife and himself will be glad to hear. This furnishes Carlsbad baseball fans a fine opportunity to put on some fast base ball games before this season closes as Mr. Brown is one of the best pitchers ever playing in the Pecos valley. Pecos is anxious for a game and a contest with Roswell would draw a large crowd at either place.

### DR. W. R. MUNGER

Osteopathic Physician  
CARLSBAD, NEW MEXICO  
Office Opposite Hotel Crawford  
Telephone No. 241  
OPEN EVERY DAY.

Mrs. Dudley Parmer left for Clovis Monday night after several days spent at the home of her parents, Mr. and Mrs. J. N. Nevensen, on their ranch near this city and with her sister and other friends in Carlsbad.

Dover Phillips, Esq., left for the north Monday night, his destination being Amarillo, where he went on business.

Mrs. J. Floyd Hart left Friday night of last week for Willard, New Mexico, where Mr. Hart has a pumping station on the Santa Fe. She is expected to return home next Monday.

Melvin Bearup, goatman from the Guadalupe, was in town this week coming in Sunday. Mrs. Bearup and children will be in town in about a week or ten days bringing the daughter, Callista, for entrance in school, she having reached school age.

Something no man ever saw; a drove of ants traveling toward an empty warehouse.

#### NOTHING FOR NOTHING

"I WAS feeling bad this afternoon, and Mrs. Pollywog heard about it and brought me over some chicken broth," announced the landlady. "I thought it was very kind of her. Such considerate actions convince us that human nature is all right."

"They don't convince me, to any great extent," objected the star boarder. "Nobody ever does a good deed without expecting a reward. Mrs. Jiggers is highly moral books intended for the young, people do such things, but never in real life."

Mrs. Pollywog will be over tomorrow to borrow your fountain pen or your tortoiseshell comb, or perhaps she will come visiting for a few days, and the cost of entertaining her would buy several barrels of chicken broth.

"I hate to have anybody do me a kindness, knowing I'll be expected to return the favor with interest in one way or another. When I was a mere boy my eyes were opened to the fact that kind actions are a delusion and a snare. Next door to us there lived an old dame named Mrs. Crimp. One day she came over to our house with a pair of woolen socks she had knitted for me. I suppose an equally good pair could have been bought at the trade palace for fifteen cents, and I wasn't overwhelmed with joy. My mother, who, with all her splendid qualities, was an easy mark, and inclined to find good in everything and everybody, was enthusiastic over Mrs. Crimp's generosity."

"But even in my infant years I was gifted with the wisdom of the serpent, and I felt from the first that there was some malevolent scheme in the background."

"The scheme was soon developed. Mrs. Crimp had many chores to do, and she hated to do them herself. There was wood to be carried into the house, and the cow to be taken care of, and a hundred other unprofitable tasks. Every time I'd meet her she'd say, 'Well, my sweet little boy, with your golden ringlets and sunny smile, how do you like the socks I made you? If you only knew how I worked, so you would have the best socks in town! And that reminds me of a little errand I wish you would do for me. Go to Mr. Jinks, who lives seven miles north, and ask him to let you have his saw, so you can cut some kindling for me tomorrow.'"

"First and last, Mrs. Jiggers, I put in 1,000 worth of manual labor for that woman and my youth was poisoned, and my manhood enfeebled by it. I might have forgiven everything had he socks been good ones, but they were atrocious. The heels always worked around to my insides and the tops worked down over my shoes."

"It has been that way all my life. When a man insists upon doing me a kindness I look upon him with suspicion. When I was laid up in my room with a broken leg two or three years ago, I had an excellent time. The leg hurt only at intervals, and I had plenty of novels to read, and nothing to worry over, and I would have enjoyed myself splendidly but for those philanthropists who were determined to sit by my bedside and cheer me up. I didn't need any cheering up, and I tried to convince them that their visits had the opposite effect, but they wouldn't take a hint. They sat by my couch of suffering and old idiotic stories, and bored me almost to death."

"Jim Higginbottom was an especial nuisance. That man simply wouldn't go away as long as there was an excuse for staying. He said his conscience wouldn't allow him to forsake the bedside of a suffering friend. At that time I carried some accident insurance, and when my check came Jim borrowed half of it, and after he got the money he never worried over my leg any more. And he never returned any of the money. I don't blame him for that, for I make it a rule never to return borrowed money, but I can't easily forgive him for boring me so many hours, when I wanted to be reading."

#### Obedient Orders.

"How is it I have such big telegraph bills?"

"You told me, sir, to use dispatch in that correspondence, so I wired all the letters."

#### All Have Obligations.

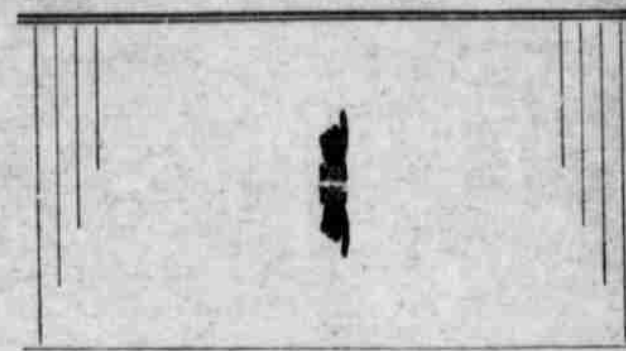

Every citizen has obligations in the community in which he lives. Whether a man is prominent or not he is expected to do his part in helping bring about normal conditions in this country.

#### A Pretty Good Method.

"Why do you encourage your boy to send his verses to the magazines? Do you want him to be a poet?"

"No, merely want him to get the conceit knocked out of him, that's all."

### LOVING NEWS.

Very little news is available at this time although Loving is a very busy place. The gin yard is full of wagons loaded with cotton, waiting their turn at the gin, which is never idle except from twelve o'clock at night until morning. Every one

seems encouraged over the good price paid for the staple, and many of the men having their cotton ginned are selling at the gin, although some are holding, thinking it will advance in price.

Mr. and Mrs. T. O. Wyman spent the day in the county seat Tuesday.

A number of our ladies are in Carlsbad today attending the W. C. T. U. Institute held here in connection with ladies from Artesia.

Mrs. W. E. Ball having resigned her position as teacher of the Spanish-American school at Cuba, Miss Frankie Cooke, of Carlsbad, was employed in her stead. She has about twenty-five pupils under her charge at this time.

Jesse Craft, of Loving, the young man who was injured about two months ago, in the sulphur works near Oria, Texas, left Tuesday morning for Pecos, Texas, where he went to consult with the company doctor in regard to his foot, which does not seem to be doing as well as it should.

Mr. Shockey, and family, left Wednesday morning for their new home at Fort Sumner, to which place Mr. Shockey was recently transferred. He has been the accommodating and efficient agent of the Santa Fe in Loving for some months and we part with him with sincere regrets.

Mr. Underwood, of Carlsbad, has been transferred to Loving and will take the place left vacant by the removal of Mr. Shockey.

### Farm Talk No. 11

A young man in Texas recently gave eight reasons why he became a dairy farmer, as follows:

**FIRST** — It is the surest way of maintaining soil fertility.

**SECOND** — It is by far the most profitable line of the live stock business.

**THIRD** — It brings in an income every day of each year and helps the living expenses of a family through the winter when there is no other profitable work in which the farmer can engage.

**FOURTH** — The cows will pay a good price for any foodstuff you may raise and often roughage that is not suitable for the market. They buy it right at home, thereby saving the farmer much hauling.

**FIFTH** — By keeping only pure-bred dairy cattle and raising all the calves from the best cows on skim-milk, home raised oats and hay, and thereby have another income from this source.

**SIXTH** — There are more ways to sell or utilize dairy products than any other agricultural products.

**SEVENTH** — It encourages regularity with the other farm work. The cows can be fed and milked by persons not physically able to do other and heavier farm work.

**EIGHTH** — It offers advantages to the man with an education since there is more opportunity for applying science in the dairy than any other place on the farm.

We believe these reasons are worth considering. If you have any doubts about the truth of this when you first read them, read it over again and you will be convinced that a few good cows properly handled means more profit.

## State National Bank OF CARLSBAD.

### LOCAL NEWS.

Ralph Thayer and son, Ralph James, were among many other arrivals from the Guadalupe the first of the week, spending some days in town.

The Curry county fair is going to be a success this year. All the committees are working toward that end and George O. Roberts, formerly of Carlsbad, is president. The fair, which will probably be attended by a number of Carlsbad people, will be held three days, October 6th, 7th and 8th.

Some men are Fords, others are Packards; all packards have self-starters.

Mrs. Smalley, who has been in town for some months at the Metropolitan hotel, left Friday for El Paso where Mr. Smalley has taken charge of a rooming house and where they expect to make their home. During her stay in this city, Mrs. Smalley authored about her a large circle of friends who will miss her greatly, but who extend best wishes.

Mrs. E. P. Bujac returned Wednesday evening from her visit to her daughter, Miss Adelle, at El Paso, where the latter is attending a girl's school.

Mr. and Mrs. Sam Batton and Mrs. T. J. Kindel went out to the ranch Tuesday and returned Wednesday night.

### ALFALFA HAY MARKET REPORTED IMPROVED.

Artesia, N. M., Sept. 26.—George S. Flanders of Dexter, has succeeded E. B. Bullock as sales manager of the Alfalfa Growers' association at this place. Mr. Bullock resigned several times ago, due to a lack of time to devote to the work. His wholesale and retail feed and fuel business at Artesia demands his entire time.

Mr. Flanders is an experienced hay dealer and has had a great deal of experience in the management of similar organizations. The new offices of the association are located in the Dooley and Yates building.

Charles Rogers, president of the association, announced that the market is much improved and the alfalfa now stored will soon be moved.

The local Methodist church has undergone extensive repairs in the last few days which are calculated to render it a much more comfortable place in which to worship as well as much safer, as the plastering was falling and many persons were afraid to attend services on that account. The plastering has been repaired and the ceiling and sidewalls have been tinted, and many other repairs made. The kalsomining work was done by Cleve Lawrence and is a job of which any one might be proud. The ladies of the Woman's Missionary Society have financed the affair and are congratulating themselves and being congratulated on the improved appearance of the house of worship.

The little child of Mr. and Mrs. Arthur Hoese, little Jeannette, while playing at her home in Roswell last week one day, had the misfortune to swallow a piece of a rubber doll's foot. The article lodged in the bronchial tube and gave her a great deal of trouble about breathing. Her parents brought her down to the family physician and an X-ray picture was made, the physician later writing to an eminent specialist in Philadelphia, and the child may be taken to that city for an operation, should he so advise.

Mrs. C. H. Dishman returned Tuesday afternoon from a three month's stay on the west coast where her two sons are living. Mr. Dishman, who accompanied her, did not return with her, but remained for a stay of a month longer in California.

### Stories of Great Scouts

By Elmo  
Scott  
Watson

#### SACAGAWEA, "THE BIRD WOMAN" SCOUT

In the Portland (Ore.) city park stands the statue of an Indian woman. A little baby is strapped on her back and her hand is outstretched to the west, toward the Pacific ocean. The statue is that of Sacagawea, "The Bird Woman," the sixteen-year-old girl scout and guide who led Lewis and Clark over the "Shining Mountains" to the "Everywhere-Salt-Water" toward which her hand points.

When Lewis and Clark visited the Hidatsa Indians in North Dakota on their great exploring trip west, they found a Shoshone girl living with that tribe. At the age of five she had been captured from her people by a Hidatsa war party. When she was fourteen years old, Toussaint Charbonneau, a French-Canadian trapper, won her from her captor in a game of "hide-the-bone" and married her the next year.

The Bird Woman wished to return to her people and Lewis and Clark engaged Charbonneau and his wife as interpreters to the Indians they would meet. During the winter of 1805 Sacagawea gave birth to a son, whom she called Baptiste, and this tiny papoose went with his dauntless mother through all the hardships which the explorers afterward endured. He was strapped on Sacagawea's back one day when the clumsy Charbonneau upset one of the boats containing the precious instruments and records of the party. The Bird Woman at once sprang overboard into the muddy stream and rescued them.

More than once Sacagawea proved her value to the explorers. Far up the river when the forest and snow baffled her companions and they were lost, the homing instinct of the Indian girl led her on and she guided them safely to her people. The chief who welcomed them proved to be Sacagawea's brother, who was overjoyed to see his lost sister again. He sold the white men much-needed horses—and would have stolen them back, had not the Bird Woman betrayed the plot to Captain Lewis.

Sacagawea remained with Lewis and Clark until they reached the Pacific. On their return journey she stopped with her people, the Shoshones, and there she spent the remainder of her days. She died on the Wind River reservation in Wyoming April 9, 1884, almost a hundred years of age.

Mrs. Fred Zimmerman and children left for Jal, New Mexico, where Mrs. Zimmerman has accepted the position as teacher of the school for the winter session. They went out via automobile and were followed by Messrs. Fred and J. H. Zimmerman, who took out a load of household goods in a wagon. They left here early Tuesday morning in order to reach their destination as early as possible. Mrs. Fred Zimmerman has been actively engaged in the work of the Methodist Sunday school, being president of the Wesley class and will be greatly missed, but good wishes are hers in abundance.

It is almost impossible to stop success.

### ANOTHER ENTERTAINMENT FOR MRS. A. MOORE.

The length to which Carlsbad people will go in kindness to each other is illustrated by an event of last Friday night. At the George Williams home a number of guests met and were entertained in honor of Mrs. A. Moore, whose birthday was observed the Tuesday previous and, by-the-way, the honored lady says she is getting suspicious and will not be so easy to fool in the future. The pretty home was in festive dress for the gathering Friday night; beautiful cut flowers nodded a welcome and smiles beamed from the faces of all present. A chicken dinner was spread on the lawn to which all did ample justice and after which all repaired to the parlor where, with the daughter, Miss Josephine, at the piano, all joined in singing the old hymn so familiar and so dear to all. The guests present were all dear friends of the honor guest with whom she has been associated in church and social life for many years: Mesdames West, Henry Smith, Pond, Thayer, Herring, Riley and Hiler; Misses Martha and Josephine Williams and Laverna Hiler.

W. R. Shattuck and Collin Gerrells were business visitors to the county seat from their homes in Dog Canyon, Monday.

## SCHOOL NOTES.

During this year reports for work done by High school students will be sent out at the end of intervals of six weeks and a special report will be sent at the end of each period of three weeks, when the work of the student in any subject is not satisfactory. On Tuesday all parents of High school students who had not done passing work in all subjects, were sent a report. The results of these notices are already evident. All grade students will receive their reports at the end of each period of four weeks as has been the custom heretofore.

## THE HONOR CLUB.

The regulations for the Honor Club of the Carlsbad High School have been drawn up as follows:

## ARTICLE I. Election of Member.

1. The Principal of the High School shall announce the members of the student body who have qualified for the Honor Club as soon as possible after the close of the preceding semester.

2. Requirements for elections shall be as follows:

A. Each student shall have carried during the preceding semester at least four units of work.

B. Each student elected shall have received a semester grade of 90 per cent in each of three subjects and not lower than 85 per cent in the fourth subject.

C. Each student shall have received no department grade lower than 95 per cent.

D. Each student shall have read during each semester two approved books other than those required in English work.

E. Each student shall have engaged in at least one recognized extra-curricular activity. This requirement may be fulfilled in athletics by the student serving as a faithful candidate for an athletic team and receiving the recommendations of the coach, or by playing six games of tennis each week on the school courts and making a report to a member of the Honor Club committee immediately thereafter; in Glee Club work by the student being a member of this organization and receiving the recommendation of the music teacher; in dramatics by credibly taking part in any High School play and receiving the recommendation of the director of dramatics; in library work by supervising the library and receiving the recommendation of the librarian; in Managerial work by serving as Editor-in-Chief or Business Manager of the Annual; in general service by receiving the unanimous recommendation of the Faculty for singular service to the school, outside the above fields.

3. Exceptions shall be made as follows:

A. Student for whom work is obligatory shall be excused from one or two subjects as the case demands but grades of 90 per cent must be made in those subjects carried.

B. Students who have been absent through unavoidable reasons shall have the privilege of making up their work.

ARTICLE II. Awarding of Honors.

Any member of the senior or junior or sophomore class shall have the

privilege of wearing the Silver C for one semester dating from the time of such election. The Silver C shall be surrendered to the Principal of the High School in case the pupil is not re-elected the following semester. In case the Silver C is lost, the cost shall be defrayed by the loser. If not replaced, the loser will be debarred from the Club.

2. The Silver C becomes the property of the student at the time of his graduation, if:

A. He is a member.

B. He has been eligible for two semesters. (Two semesters for the class of 1922).

C. He has been in Carlsbad High School for two semesters only.

D. He does not receive a Gold C. Otherwise the Silver C is to be returned to the Principal.

3. After three months of the first semester of 1921 and at the end of the first semester of each year thereafter, all members of the Senior class who have qualified during this time shall be elected to membership in the club.

At the end of the first semester, all members of the Sophomore or Junior class who have qualified for the entire semester shall be eligible to election to the Club.

At the beginning of the first semester of 1922 and thereafter, any member of the Junior class who has qualified during his Sophomore year shall be elected to the club.

At the beginning of the first semester of 1922 and thereafter, any member of the Sophomore class who has qualified during both semesters of the Freshman year may be elected to the club.

A Senior cannot qualify later than the end of the first semester.

4. Any member of the Senior class who has qualified during his Sophomore and Junior years shall be awarded the honor of wearing the Gold C during the remainder of their High School course, provided that they continue in the Carlsbad High School and maintain the standard of the club. The club members of the class of 1922 shall have the privilege of wearing the Gold C during the second semester and shall retain possession on graduation.

5. The Gold C becomes the property of each member of the graduating class who has been eligible to membership during the Junior and Senior years.

A. Exceptions shall be as follows:

1. Students who have not been enrolled in the Carlsbad High School until as members of the Senior class shall be eligible to receive the Gold C on graduation on approval of the records made in other schools.

There shall be a President and Vice-President and Secretary elected by the club.

The public programs shall be given before the student body during the year by the club.

Hereafter Editor-in-Chief and Business Manager of the Annual shall be chosen from members of the club.

A certificate of membership of the club shall be presented at the time of graduation and a statement of membership shall be attached to credit lists sent to colleges.

After a man has been married for ten years he gets awfully tired of seeing an old corset draped over the back of a chair.

## Some Sensible Things.

Rev. Geo. H. Glavan.

There are no doubt many sensible and wise things that all people should say and do at all times and under all circumstances.

One of the most sensible things any person can do is both to do and say sensible things at sensible times.

One of the most sensible things in human existence is to be king or queen of your own individuality.

Therefore, one of the sensible things is to be on guard and say and do sensible things at the proper time.

It is a very sensible and wholesome thing both to be and act the gentleman or lady at all times and in all places.

It is a very sensible thing to always be polite, genteel and chivalrous.

One of the most sensible things is to control your actions, temper and speech.

It is always wise and in keeping with the highest type of man or woman to be kind, friendly and pleasant.

It is a very sensible thing to never use vile, vulgar or obscene language of any nature.

One of the most sensible things is to be clean in body, clean in mind and clean in soul.

It is a very wise and sensible thing never to speak harmful of any human being.

One is always on the safe side to be loyal to his country and scrupulously obey all of its laws.

It is a very wise and sensible thing to make confidants and companions only of the best people.

It is a sensible thing never to shirk, but always be willing and ready to do your share of the world's work.

It is always wise and safe and helpful to be honest, truthful and upright.

It is a very wise thing never to create, start a-going or repeat harmful gossip or rumor.

It is a most sensible thing to be true and faithful to your home, your family and your church.

It is a very great, wise and good thing never to deceive nor betray a friend or loved one.

It is a most sensible thing to keep all jealousy, revenge and evil imaginations out of your heart.

It is always wise and best to do unto others as you would have others do unto you.

It is a most wise and sensible thing never to be selfish, stingy or greedy.

It is both wise and sensible never to be or act the hypocrite, but at all times to walk uprightly before God and man.

It is one of the most rational things in the world to be a true and faithful Christian.

It is always safe and wise and reasonable to honor the Lord with your substance.

Possibly the greatest, the most exalted and at the same time the most sensible thing you can ever do is to bow down at the shrine of the Almighty, and send up your thanks and praise and worship to the King of Kings and Lord of Lords.

## OTIS NEWS.

Joe Cunningham and wife spent Wednesday at E. R. Lang's home.

Alfalfa seed is being threshed in the neighborhood. Seed is not making as well as had been hoped. The machine is at the Ennefer farm and at latter part of the week will go on to Carlsbad.

Lytton Lewis is on the sick list again.

Mr. Cook is also on the sick list.

C. C. Lewis is building a big silo, expecting to feed sheep this fall and winter, he having given up the raising of cotton and raised a good crop of small grain.

Rev. Lowry and wife and Mrs. Dick Thorne were visiting in Otis this week.

Miss Enea Grandi and Miss Emma Brockman and Vera Catvani and Henry Brockman had supper Sunday night with Mr. and Mrs. Andrew Bindel.

Will Bindel was operated on at Sisters' Hospital yesterday morning for an attack of appendicitis.

## (CONTRIBUTED.)

One of the most elaborate and delightful events of the early autumn was an affair given at the home of Mr. and Mrs. C. N. Jones in honor of their daughter, Grace, on the eve of her marriage to Gordon Simpson, of Tyler, Texas. The myriad of early fall flowers and ferns formed the artistic decoration of the entertaining suite, where music and entertaining conversation were enjoyed by those present.

One of the decorations of the table was the huge wedding cake which the mother of the bride had beautifully and appropriately decorated, having as a top piece a bride and groom in wedding costume and suspending from the sides was an ornamental fringe which reached almost to the table. The guests gathered around while Miss Jones, the central figure of the "tableau vivant" of the evening performed that fantastic code of duty, cutting the cake, which was followed by a tempting ice course to the following:

Miss Grace Jones, Gordon Simpson, Mr. and Mrs. R. M. Thorne, and two children, Mr. and Mrs. Port Brown, Mr. and Mrs. Bill Lusk, Mr. and Mrs. Dallas Jones, Mrs. Elmore Jones, Misses Gladys and Essie Jones, and Grace Brown; Bill Hudgins and Henry Brown.

Matters are moving on in good shape as regards the cotton seed mill to be built on the Project. The vote taken among the stockholders as to the place of location for the mill resulted in Loving being selected as the best place. Otis was the second choice and ran Loving a close race for the location. Messrs. Moore and Beaman returned from a successful trip in the interest of that enterprise Wednesday, bringing with them B. W. Couch, of Dallas, who is still in town and will remain here some days or until things come to a head. Besides they secured an option on machinery for the mill at a low figure. Although the vote showed Loving was favored by the majority of the stockholders, the directors have not definitely decided to place the mill at that point.

The directors held a meeting yesterday and hope to be able to announce something definite in another week.

Sunbeams and works must be concentrated if you expect them to grip and burn in.

### LOCAL NEWS.

Mrs. H. I. Braden is enjoying a visit with relatives at her old home at Des Moines, Iowa, leaving for there last week.

"Uncle Bill" Washington shipped a car load of cattle this week from the stock pens south of town, the animals going to Oklahoma City.

Leslie Ward is improving slowly at Sisters hospital where he was taken about a week ago. Leslie has had a long sick spell and his friends are anxiously waiting for news of him and hope he may soon recover.

D. W. Gatewood, of Dallas, a cotton buyer who was stopping at the Crawford hotel, left for his home this morning. About twenty cotton buyers have been in town and the lobby of the Crawford is a busy place at night, especially.

Dr. P. J. Smith, veterinary surgeon and dentist, has again taken up his residence in Carlsbad and will practice his profession in this county. His home at present is the white house just east of the Grammar school and his office is at the same place. He and his wife are very welcome to Carlsbad.

A special program was given this morning at the High school study hall which greatly pleased all who were in attendance as well as the students themselves. The program opened by a vocal solo by Miss Corinne Higgins, supervisor of music in the Carlsbad schools. This was followed by an address by Mrs. Clarence Bell whose subject was "Scholarship". Hon. R. C. Dow spoke on all round qualifications, and Mr. Donley made an introductory talk on the Honor Club and its aims. Miss Cheney read the rules and regulations of the new Honor Club, which has been introduced into the schools and which will be found in another part of the Current. All the exercises were of a high order and should have been attended by many more than were present.

Opportunity is something that can be capitalized.

### EPISCOPAL CHURCH.

Sunday school at 9:45.  
Celebration of Holy Communion  
and sermon at 11 o'clock.  
REV. A. THOROLD ELLER,  
Rector.

Ralph Thayer, Collin Gerrells, Tom Middleton, W. R. Shattuck, Ned Shattuck and perhaps others of the Mountain Pool were in town the first of the week to meet a steer buyer and negotiate the sale of their steers. Upon arriving here, however, the price offered was so low that they decided they could not afford to accept it and they returned to their homes after spending a couple of days in the city.

Lige Mitchell spent the day in Artesia Wednesday on business.

### NOTICE.

Owing to our having to pay cash for the last eighteen months for all parts and material, we are compelled to demand the cash when jobs leave our shop.

CAUSEY GARAGE.  
WEBB & VEACH, Props.

### CARD OF THANKS.

I wish to return my thanks to the firemen who responded so promptly to the alarm sent in Monday morning when my rooming house caught fire. I realized from the start that nothing could be done to save the building but their prompt work succeeded in confining the flames and preventing further loss, and they are entitled to our sincere thanks.  
E. S. SPRONG.

### COTTON NEWS.

All the gins in the valley are running — some of them overtime — and the cotton season is in full blast, although it is ten days earlier than last year. The cotton, too, is said to be of a better quality and heavier yield than in former years. The gin at Otis has been hampered somewhat in its operation but is now at work and has ginned 66 bales up to date with the yard full of wagons loaded with fine staple cotton. Loving gin has a record of 184 bales and is running at nights until eleven o'clock. A Malaga everything is moving on in excellent shape in spite of the fact that they experienced some delays at first in starting. That gin has ginned over a hundred bales and has a yard full of wagons waiting which will be run out tonight and tomorrow night in order to clean up the yard.

All the cotton has been sold in the yards, and will be shipped out later. The price paid is from 21c. to 29 1/2c.

A report to Wertheim & Bynum from Dallas this morning says: "New York opening steady. October \$20.93 to 85; December \$20.97 to 85."

### SCOUT NEWS.

The tennis tournament is still on. So far, Bill Hardy has been the champion in singles and Elmer Forehand and George Thomas are winners in doubles. We are going to have some real winners in the next meet.

October seventh is to be a great day for Scouts. Scout Executive J. B. Fitch, representing the Southern division will visit Carlsbad and a grand rally of Scouts, parents and Scout officials will be held.

A band for Carlsbad is soon to be organized and Troop 1 will furnish a number of musicians.

One of the Patrols in Troop 2 is planning an over night hike for Friday.

Troop 2 is adding regularly to their membership. Get in fine, a big Scout movement is on foot.

Troop 1 is in receipt of letters from Scout Stuart Armstrong at Lawrence, Kansas. He states that he has entered into his school work in full form and likes the school and the place. Stuart will make good any place.

Attendance at Scout meetings on Tuesday evenings are growing more interesting. If you do not believe it, call there some Tuesday evening at seven o'clock.

Troop 1 will probably visit Artesia Sunday, the 8th, and spend the day. A big time is looked forward to.

"Do a good turn daily." Boys, you are obliged to do this so do not forget your obligation.

Be sure to be on hand Tuesday at regular meeting of Troop 1. You will miss something if you do not.

Mrs. George Lucas and Mrs. Sallie Slaughter returned from a hurried business trip to Tucson, Arizona, getting home Tuesday night. Dear "Aunt Sallie" came home in time to assist in two major operations which were performed at Eddy county hospital Wednesday morning. One operation was performed on J. T. Linan who lives west of town a long ways, and the other was a major operation undergone by Dan Lucas. Both patients are doing well at this time.

Little Miss Helen Esther Wells, three-year-old daughter of Mr. and Mrs. John W. Wells is entertaining about twenty-five little folk near her own age at the home of her parents from four to six o'clock. The little lady is honoring her birthday and this is her first party. She was very particular in having the Current reporter understand that it was her own party and not her mother's.

BORN: To Mr. and Mrs. Rufus Burchell at the Missouri hotel last Sunday, September 25th, a son. This is the second child in the family and has received the name of his father, Rufus. The little family had been living on the Harkey ranch until recently. Best wishes for the little boy and his parents.

At a big meeting held by the Clovis chamber of commerce last week it was decided to call off the fair which was to have been held this fall. Owing to the fact that the merchants and business men of the city have had to finance so many things this year it was thought best to postpone the fair for a year.

Mrs. Barber is enjoying the company of a number of relatives from San Marcos who will spend the winter in Carlsbad. B. T. Burns, a brother-in-law, came in last night and will make his home with his family to one of Mrs. Barber's residences on North Canyon street.

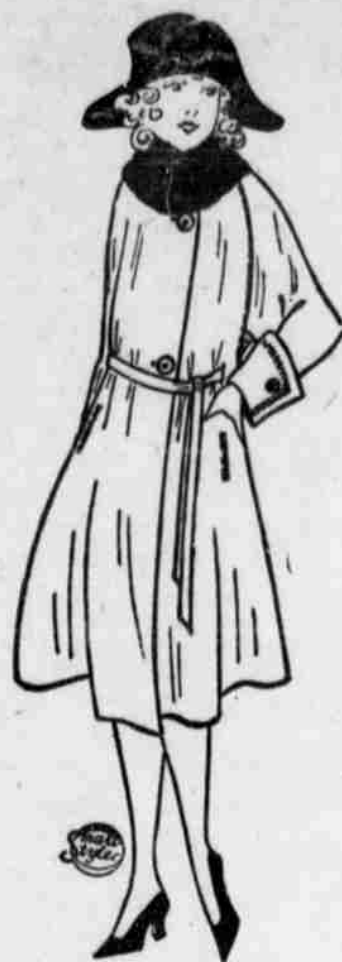

Mrs. E. S. Kirkpatrick had the misfortune to sprain her ankle last Sunday while on the way to church from which she has been confined to her home since, although improving.

Mr. and Mrs. C. P. Pardue and Mr. and Mrs. Frank W. Ross, of Loving, were in town Wednesday from Loving and all spoke in enthusiastic terms of the increase of business at the little suburb.

Mrs. Whittington and children returned from an overland trip to El Paso, making the trip via Van Horn. Mrs. E. P. Bujac accompanied them on the return.

Mrs. Holley Benson entertained the Bridge Club at her home Wednesday afternoon. Sixteen ladies indulged in their favorite game and enjoyed the hospitality always shown them at the hands of their gracious hostess.

#### LOCAL NEWS.

W. F. Daugherty, of Dayton, was in town the first of the week on a business trip. Mr. Daugherty has long been a subscriber to the Current.

Mrs. J. R. Stockwell and son, I. J., and Mr. and Mrs. J. T. Woodard, were business visitors to Roswell last Wednesday, going up early in the morning and returning the same day.

The ladies of the Methodist church are planning to serve a lunch on the courthouse lawn on Tuesday, October 4th, in order to replenish their treasury which has been somewhat depleted by the many claims upon it. They will serve hot dogs, sandwiches, good coffee and pies of various kinds. A very moderate charge is to be made for these refreshments, and the ladies ask for a liberal patronage from their friends who may be here attending court, and others.

Mother Frederick has returned from her summer vacation to points in Michigan and Wisconsin.

#### FIRE TUESDAY MORNING.

Our people were aroused from sleep Tuesday morning by the ringing of the fire bell and pistol shots, and investigation revealed the fact that the four-room frame building across the street west from the Missouri Hotel was on fire. The firemen made a quick run to the scene and had their hose coupled in an incredibly short time but could do nothing to stay the conflagration. The structure was used as a rooming house, and was fully furnished with rugs on the floors and having five beds and each room having dresser and washstand and the usual bedroom furniture. That night, for the first time in weeks, the building was empty. The fire evidently started in the yard at the front door, as the front of the house was burning fiercely when discovered. It is the opinion of Mr. Sprong, the owner, that some one passing carelessly threw a cigarette or cigar stub in the Bermuda grass which was pretty thick at the front door. The prompt arrival of the firemen with their equipment, probably saved the town a most destructive fire as the Causey garage and blacksmith shops, which are now being operated by Webb & Veatch, caught several times from the sparks, and the hay barn of the Service Transfer company was also in danger. Fortunately the night was still, and that factor, together with the attention exercised by the fire ladders, prevented any spread of the flames.

The furniture was insured for two hundred dollars and the building about seven hundred, which will about cover half of the loss. Mr. Sprong will not rebuild.

Mr. Sprong tells us that he has paid insurance for forty-four years and never before had a fire, although he has had some narrow escapes.

The local lodge of Rebekahs enjoyed a visit from their state president, Mrs. Nellie Smith, of Artesia, at their regular meeting Monday night. Mrs. Smith has been visiting the various lodges over the state, the visit to Carlsbad Lodge No. 13 being the last for the year. A large number of the members were out to greet her and in her address she gave some suggestions and advice which can not help being beneficial if acted upon. The local lodge is growing in numbers and interest and steps are being taken for a degree team which will be enabled to put on the floor work in a more complete and impressive manner than heretofore. The local lodge expects to send a delegate to the Assembly which convenes at Tucuman early next week, Mrs. Belle McCord having been elected for that honor. Refreshments of cake and punch closed the pleasant hour Monday night.

Albert Roberts, son of Judge Roberts, of the supreme court of New Mexico, was down from Roswell Monday. Mr. Roberts was here on business for the internal revenue department and returned Monday night.

W. A. Finlay is in from the Edgar Williams' ranch near Lovington, coming Monday night and will likely remain here with relatives for several days.

Teacher of English Bible to the Moody  
Bible Institute of Chicago.  
(©, 1921, Western Newspaper Union.)

### LESSON FOR OCTOBER 2

#### PAUL IN CORINTH.

LESSON TEXT—Acts 18:1-11.  
GOLDEN TEXT—I determined not to know anything among you, save Jesus Christ, and him crucified.—1 Cor. 2:2.  
REFERENCE MATERIAL—1 Cor. 13:4; 4:12; 11:26; 11:5-8.

PRIMARY TOPIC—Tentmaking and Teaching.

JUNIOR TOPIC—Paul Working and Preaching in Corinth.

INTERMEDIATE AND SENIOR TOPIC—Teaching and Tentmaking in Corinth.

YOUNG PEOPLE AND ADULT TOPIC—Paul in a Commercial Center.

The establishment of the church at Corinth is an example of missionary endeavor for all ages. The method employed, which resulted in success then, will result in success now.

I. The True Missionary Method (vv. 1-3).

Paul came to Corinth a stranger in a strange city. He did not have an advance agent to do his advertising; neither did he have his photograph put in the daily paper with sensational announcements, upon his arrival in Corinth. He did not have a trained singer with him; neither did he have his salary guaranteed. His method in gaining a foothold in Corinth was as follows:

1. Finding a home (v. 2). This he found with Aquila and Priscilla, Jews who were recently expelled from Rome by the cruel edict of Claudius. Being Jews, he found natural affinity with them.

2. He toiled for his daily bread (v. 3). He was of the same craft with them, being tentmakers. Every child among the Jews was taught some trade by means of which he could gain a livelihood should occasion require. One of the rabbis said that he who failed to teach his boy a trade taught him to steal.

II. Preaching in the Synagogue at Corinth (vv. 4-8).

1. Though compelled to toil for a living while getting a foothold in Corinth, he did not lose sight of his main work (v. 4). He reasoned in the synagogue every Sabbath, persuading the Jews and Greeks.

2. His activity was increased when Silas and Timothy came (v. 5). This resulted from three causes: (1) They brought good news from the church at Thessalonica (1 Thess. 3:6). To hear of the steadfastness of those who had confessed Christ under our ministry puts new vigor into our labors. (2) They brought pecuniary gifts from the Macedonian churches (Philipp. 4:15; 11 Cor. 11:3). Being relieved from the necessity of toil for a living, they now could devote more time and energy to the preaching of the gospel. (3) Silas and Timothy became assistants to Paul in the work, thereby strengthening his hands so as to enable him to recituate his efforts.

3. Paul opposed (v. 6). His increased activity was met with increased opposition. This can always be expected.

4. Paul announces his purpose to turn to the Gentiles (v. 6). Because of their blasphemy and opposition he ceased to work among the Jews. There is a time when good judgment causes one to abandon work where efforts have been fruitless, but it is difficult to know just when to do it.

5. He did not go far away (v. 7). He remained sufficiently near that those whose hearts God touched could easily find him. It is likewise true that although Christ is obliged to depart from the soul that refuses Him entrance, He lingers with yearning love around that heart.

6. His success (v. 8). Crispus, the chief ruler of the synagogue, was converted. Perhaps the severity of his action in turning away from them moved Crispus to action.

III. Paul's Vision (vv. 9-11). His experiences since coming to Europe were very trying. He needed encouragement at this time. It is just like the Lord to come at the time of the servant's greatest need. Note the Lord's words to him:

1. "Be not afraid." When one is executing the commission of the Lord he need not be afraid.

2. "Speak, and hold not thy peace." The one who has heard the voice of God cannot refrain from speaking—cannot be still.

3. "I am with thee." The Lord is with everyone who faithfully carries out his commission.

4. "No man shall set on thee to hurt thee." The one sent by the Lord to do a work is immune from danger and harm until his work is done.

5. "I have much people in this city." It is most encouraging to know that in the great cities the Lord has His own people and that the one who goes in His name shall have fruit for his service.

#### Bible Classes Necessary.

Bible classes are as necessary to a healthy parochial life as are any other religious agencies, and the priest who neglects them because they seem to him old-fashioned or connected with the Protestant sectarian system has himself open to great blame. "Thy word is a lamp unto my feet and a light unto my path."—Dean Larned.

The Builder of All Things.  
Every house is builded of some man; but he that built all things is God.—Hebrews 3:4.

Phone No. 111.

#### DEATH OF BEN GAITHER.

A telegram was received here Thursday by Rom Holt announcing the serious illness and imminent death of Ben Gaither, who was a valued employee of Holt and Grainger, and was in charge of their cattle in their ranch near Canadian, Texas. He left here with the cattle in May and was then in perfect health, and many conjectures were indulged in as to the cause of his death, which it was finally learned was due to a sudden attack of appendicitis. Immediately on receiving word of his condition Mr. Holt started to get the young man's parents at Pearl and his sister, Mrs. Jackson, who resides at Artesia was also notified, but none of them reached his bedside until after life had fled.

When he was first taken sick, the day previous, he went at once to Elk City, Oklahoma, which was the nearest point where he could have expert aid, and was at once taken from there to a hospital where an operation was found vitally necessary and was performed at three o'clock in the morning. The operation revealed a ruptured appendix and it was seen that he had but a short time to live, his death occurring Friday at 5:30. The body was prepared for shipment and later brot to Artesia from where it was taken to the old home near Lovington for interment.

Ben Gaither was the youngest son of Mr. and Mrs. John Gaither, pioneer residents of the Plains country and had been working for Holt and Grainger four or five months. His employers speak of him in the highest terms as a young man of recognized worth and faithful to duty in every respect. He was an ex-sailor and was stationed on a training ship at San Diego, during the war. He is survived by two brothers and one sister, the latter being Mrs. Jackson, of Artesia, and the bereft parents, whose baby boy he was. Deep sympathy is felt and expressed in the death of one so young, he being only in the early twenties.

Attending the body to the old home from Artesia were his parents, a brother, Jack Gaither, sister, Mrs. Jackson, Morgan Hardin, John Grainger, Mrs. Kelly, a Christian Science practitioner and friend of the mother of the deceased. Mr. Holt, one of the men for whom he had been working, came as far as Amarillo but was recalled to the ranch by a telegram. The funeral was held Tuesday.

The brother and sister-in-law of Lou Regnier, and his mother, from Kansas, made a pleasant visit, though short, at the Regnier home, the latter part of last week and the first of this, leaving for their respective homes Monday night.

Personality is the tie that binds in business.

#### THE HOMELIKE CHURCH.

Services at the Christian church Sunday, October 2nd:  
Bible school at 10 A. M.  
Communion and preaching at 11.  
Subject: "The Three Little Prisoners."

Junior C. E. at 2:30 P. M.  
Senior C. E. at 7 P. M.  
Preaching at 7:30 P. M.

The morning service will be an illustrated sermon using some of the little people to assist.

The Eye Gate will be open at this service, and we are sure you will appreciate the same.

A cordial welcome awaits you.

D. F. SELLARDS, Pastor.

Mrs. Edgar Williams and baby boy came in from their ranch home Monday night and will remain in town visiting with friends and relatives for quite a while. This is the first time the baby has been in town since they left for the ranch and friends of his mother, who will be better remembered as Miss Catherine Finlay, are delighted to have them with them.

Dr. Smith, the Veterinarian

has moved to the white house directly east of the High School.

If in doubt inquire at any drug store or Phone No. 222.

One reason why a woman can remember her Honeymoon is because it was the last time her husband spent any money on her without hollering.

If you believe in yourself you can convince.

030469

#### NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at Roswell, N. M., Sept. 13, 1921.

NOTICE is hereby given that John M. Niland, of Washington, D. C., who, on February 18, 1915, made Homestead Entry No. 030469 for NE 1/4, SE 1/4, S 1/4, and SE 1/4, Range 18-E, N. M. P. Meridian, has filed notice of intention to make final homestead proof, to establish claim to the land above described, pursuant to the provisions of the Act of March 1, 1921 (41 Stat. 1203).

EMMETT PATTON, Register.

Sept 16 Oct 14

EDDY GROVE CAMP, NO. 6.

**LUCKY STRIKE CIGARETTE**

Of course you know the reason why millions of men like Lucky Strike Cigarette—because it's toasted which seals in the real Burley taste

**ALL KINDS OF FRUIT RAISED ON RANCH NEAR HOPE.**

John R. Means and W. M. Carson, of the Hope community, were business visitors to Carlsbad Monday. Mr. Carson has lived at Hope for a number of years and has one of the finest ranch homes in the entire county. They have all varieties of fruit from the early spring, when the currants ripen, on until late in the fall, when the winter apples are gathered and stored: gooseberries, raspberries, and blackberries, cherries, plums, and prunes, peaches and pears are all plentiful on this ranch. This year there were no peaches, however, the late frost killing them but of the other kinds of fruit there was an abundance. Mr. Carson sold his apples in the bulk to a buyer, 17,500 pounds being disposed of in that way.

In renewing his subscription to the Current Mr. Carson tells us that he has taken this paper continuously since it was first published. He is one of the old timers formerly living on what is now the Thayer ranch where he set out the orchard now bearing.

**MARRIED—HYATT-JAMES.**

At the Methodist parsonage Monday night at 10:30 o'clock Rev. Geo. H. Givan officiating, occurred the marriage of Ernest E. Hyatt, and Miss Mina James, both of Artesia.

Witnesses were Mr. and Mrs. Grover James, of Artesia, brother and sister-in-law of the bride. The party was late in arriving at the county seat but were hindered by car trouble on the way. May their lives be full of happiness and service is the wish of the Current and many other friends.

**Dr. Pate Will Address Home and School Association.**

At the meeting of the Home and School Association to be held this afternoon, Dr. L. H. Pate will make a talk to the parents in regard to some diseases of children, which will no doubt prove very interesting as well as instructive.

George W. Nichols is building a nice little bungalow in the northwestern part of the city, near the house owned and occupied by his son, Arlie, and family. The home while not large is commodious enough for two people and will be finished in good style, with good plumbing and many modern improvements that make a house a home.

G. S. Beckwith, grandfather of Mrs. John Prickett, arrived at her home in this city Wednesday from his home at Rivera, California, where he resides on a beautiful orange tract. Mr. Beckwith is quite well along in years, but is strong and active for his age.

Miss Mary I. Johnston will give the first recital of the season at the home of Mrs. Clarence Bell tomorrow afternoon at four o'clock.

**CONFERENCE PROGRAM AT ARTESIA.**

October 4:  
Opening sermon Tuesday evening by Rev. A. C. Douglas, 7:30 P. M., of Gallup, New Mexico.

October 5:  
Wednesday evening, sermon by Rev. L. B. Ellis, at 7:30 P. M., of Ansbury Church, El Paso, Texas.

October 6:  
Thursday evening sermon by W. G. Gaston, at 7:30 P. M., of Tucuman, New Mexico.

October 7:  
Friday Evening sermon by Rev. C. V. Williams, of Tularosa, New Mexico, at 7:30.

October 8:  
Saturday evening, sermon by Rev. L. L. Thurston, of Texico, New Mexico, at 7:30.

October 9:  
Sunday morning, Love Feast at 9. Sunday School at 9:45 A. M. Sermon by Bishop H. M. DuBose, followed by Ordination of Deacons. Memorial service at 3 P. M.

Evening service: Ordination of Elders, and reading of appointments. The business session of the conference will begin every morning at 8:30 A. M. with an address by the Bishop.

The Anniversary Meetings of the Boards will be at 3:00 P. M. each day. Addresses by some of the Connectional Representatives.

Miss Mamie Keith and niece, Miss Jane Moskin, came down from Roswell Sunday afternoon, where Miss Jane had been since early in the summer with her grandparents.

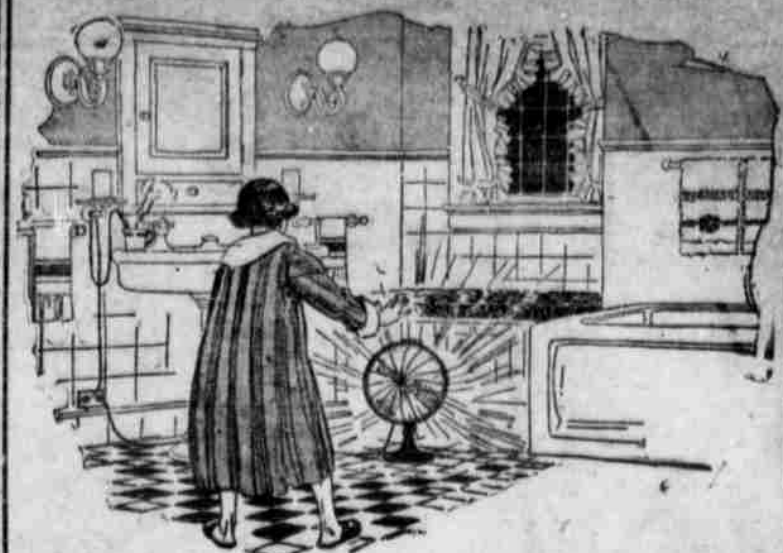

**HAY TRADE CONDITIONS OF THE WEEK.**

Receipts to the eastern terminals are beginning to show a tendency to slow up and while there is little change shown in conditions from a week ago, the feeling is somewhat better at the close. The good hay usually meets ready sale, but poor hay is dull and irregular in value every market. Western markets do not show a little better tone under limited receipts and a steadier feeling is anticipated.—Hay Journal.

Mrs. Reagan Middleton was a passenger north Sunday evening going to Artesia, where the body of Ben Gaither, a friend of long standing was received and from whence it was taken out to Lovington for burial. Mrs. Middleton did not accompany the body to the home but returned to Carlsbad Monday night.

Sheep dipping is the order of the day on the big Turk ranch east of Roswell this week, and Mrs. J. W. Turk left Thursday night of last week for Roswell where she was met by Mr. Turk in the car and taken to the scene of operations.

Mr. and Mrs. H. E. James expect to leave some time in the early part of October for Hot Wells, New Mexico. Mr. James has a brother who has a rooming house in that place and wishes to have it painted, and certainly has the right man for the job, when selecting his brother to do the work.

**A WESTINGHOUSE "COZY-GLOW" ELECTRIC HEATER**

will take the chill off these early mornings. It will warm up those cold corners of the house all thru the fall and winter. It is not too early to get one. The cost? Six and one-half cents for a whole hour.

**The Public Utilities Co.**

A. E. ROBERTS, Manager.

The dance given last Friday night at the Smith home southeast of town, was largely attended by the young folk, who enjoyed the evening and the cake and coffee which was served at the close of the dances by the clever hosts, Messrs. Smith.

A party honoring Miss Thelma Boatright was given at the home of Mr. and Mrs. McMichael, in west Carlsbad last Saturday night. The party was largely attended all present joining in best wishes to the young lady whose birthday was celebrated. Before leaving for their homes cake and punch was served to all present.

Back From the Big Shoot. Lieut. Fred West of Carlsbad greeted Roswell friends today on his way back from the national rifle shoot in New Jersey, which he attended as one of the experts from the New Mexico Militia. The prizes were as usual mostly taken by the marines, but some wonderful records were made both by the regulars and militia men.—Roswell News.

Judge D. G. Grantham came in from El Paso Saturday night where he had been for three weeks on legal business. The Judge says he likes El Paso fine and may decide to move there in the near future.

On and after this date  
**ALL WORK STRICTLY CASH Service**

ON FRANKLINS, NASH, DODGE AND FORD CARS.

Work guaranteed as good as you can get in the Southwest. All bearings burned in.

GENUINE FORD PARTS

**Causey Garage AND BLACKSMITH SHOP**

WEBB & VEACH, Props.

**THE METHODIST CHURCH.**

The last and final service of the four year ministry of the present pastor will be held Sunday. Subject for the morning hour will be: "The Glories and Possibilities of Human Life." The evening service will be devoted largely to song service including a short talk by the pastor. Special music by the choir at the morning worship. Bishop H. M. DuBose will probably preach Monday night. Definite announcement will be made later. The New Mexico Annual Conference of the M. E. Church, South, will convene in Artesia, October 5th, at which time all the preachers of the conference will receive appointments at the hands of Bishop DuBose for another year. A most cordial invitation to our Sunday services.

GEORGE H. GIVAN, Pastor.

**BIRTHDAY PARTY FOR BARNEY HOPKINS, JUNIOR.**

Barney Hopkins, Jr., having reached the age of three last Sunday, his mother gave him a party the day previous. A delightful afternoon was spent at the Hopkins home in West Carlsbad, many of the little guests being about the same age as young Hopkins. Games were played and refreshments were served and as further celebration the boy put his birthday money in the box at Sunday school next day. Those helping celebrate were the Runyan twins, Edsel and Edward, Zulime Polk, Jane Polk, Hardin Clark, Jr., Nettie Clark, Hazel McCord, Lige Smith, Minnie Campbell, Dona Fay Campbell, Hershel Davis, Eugene Davis. Ladies assisting Mrs. Hopkins were Mrs. Hardin Clark, Mrs. Richard Smith, Mrs. Ray Davis and Miss Ruth Callison.

The reporter of the Current is indebted to F. A. Wright, the veteran sweet potato grower, for a bunch of nine sweet potatoes, of the Nancy Hall variety. The peculiar thing about these potatoes is that all nine were on one stem. They were put where they would do the most good and thanks are hereby extended.

Mr. and Mrs. Joe James and son, Charlie, left Saturday morning for Hot Wells, New Mexico, where they went for the purpose of having Mr. James take the baths for the cure of rheumatism with which he has been troubled for some time.

Mrs. Maggie Reed returned Sunday afternoon from Roswell where she had been for a fortnight's visit at the home of her daughter, Mrs. Burnia McCaw.

**THE PUT-IT-OFFS**

Friend, have you heard of the Town of Yawn,  
On the banks of the River Slow,  
Where blooms the Wait-Awhile flower fair,  
Where the Some-time-or-other scents the air  
And the soft Go-easys grow?  
It lies in the valley of What's-the-use,  
In the province of Let-'er-slide;  
That tired feeling is native there,  
It's the home of the listless I-don't-care,  
Where the Put-it-offs abide.  
The Put-it-offs smile when asked to learn,  
And say they will do it Tomorrow,  
And so they delay from day unto day,  
'Till death cycles up and takes them away,  
And their families starve, beg and borrow.

**MEN'S TAILORING FOR FALL**

You are invited to inspect our FINE TAILORING FABRICS from Hard Worsted to Soft Surfaced Tweed. OVERCOATING, TOO, IS THE BEST. And the price is less than you expect to pay for Clothes of such exceptional value. COME AND BE MEASURED SOON. Altering, Repairing, Cleaning and Pressing at Reasonable Charges.

**Jacob J. Smith  
THE TAILOR**

**CANDY**

**The Universal Food**

Scientists have demonstrated by careful experiments that during violent exercise or exhausting labor the sugar in the blood is heavily drawn on to supply the body with the necessary fuel, hence the longing for "SOMETHING SWEET" which can be readily assimilated, which is most easily and conveniently supplied in some form of candy.

ONLY THE FINEST CANDIES MADE ARE KEPT BY US AT THE LOWEST PRICE.

**Sweet Shop**

"THE STORE OF QUALITY"

## "Miss Manhattan" Coats Suits and Dresses

Graceful—Smart—Inexpensive

A trim suit, a girlish dress, an all enveloping coat—whatever you need in the way of a street costume for Fall is shown at its best among these Miss Manhattan Creations.

The materials are chosen for long service from among those most popular this season, the workmanship is the sort you expect only in fine custom-made garments, and the styles are designed by experts to emphasize youthful smartness and the slim silhouette of the moment's fancy.

Plan a shopping trip while our assortment is complete—you will be interested in seeing the modes that are now appearing on Fifth Avenue.

### POULTRY FLOCKS

#### EXTERMINATE CHICKEN LICE

Several Kinds of Powdered Substances Found to Be Effective Against Parasites.

Experiments to determine what substances are best for exterminating or keeping under control chicken lice have been made by the United States Department of Agriculture.

The following is a list of powdered substances that were found to be effective against chicken lice when used as dusts: Arsenic trioxide, barium fluoride, barium tetrasulphide, borax, boric acid, cloves, naphthalene, paradichlorobenzene, sabadilla seeds, sassafras bark, sodium fluoride, flowers of sulphur. Only a few of these materials can, however, be considered of any

mitic lime, eucalyptus leaves, ferrous oxide, flour, wheat, gypsum, kieselguhr, lime (air slaked), lime (water slaked), magnesium carbonate, magnesium oxide, magnesium silicate, orris root, quassia chips, road dust, silica, sodium bicarbonate, vermillion, yellow ochre.

The fact that 26 different finely powdered materials—7 organic and 19 inorganic—were found to be of no value shows the fallacy of the old idea that any fine powder is effective against chicken lice if dusted into the feathers.

#### MAINTAIN QUALITY OF EGGS

Handling and Treatment Given After Being Laid Have Much Influence on Worth.

An egg is never any better in quality than just at the moment it is laid in a clean nest. What happens to it after it has been well borne is what gives it character and reputation. For instance, an egg that has been harvested and placed in a hot kitchen near decaying vegetable matter will soon "take on" deterioration, while a good quality egg placed in cold storage for several months will possess quality, though far from being freshly laid. It is the handling and treatment of eggs after being laid that has everything to do with the maintenance of quality. As matters average, March or April laid eggs, properly stored, possess a quality equal to many so-called fresh eggs produced during the hot days of summer, and particularly if the latter are not handled just right. Environment is of quite as much importance as age. More depends on the human factor than the hen. Birds well fed and in sanitary surroundings lay good eggs; it is the care and attention given them while in transit to the ultimate consumer that largely influences quality.

#### TURKEYS BEST AS SIDE LINE

Most Profitable for Those Who Are Favorably Situated—Ample Range Is Essential.

Turkey raising is ordinarily engaged in as a side line upon the general farm. For those who are favorably situated for raising turkeys, a more profitable side line can hardly be found. Plenty of range is essential to success.

#### PROVIDE FOWLS WITH TEETH

Fine Gravel or Coarser Part of Ground Limestone Will Supply Grit Needed by Hens.

Give your hens teeth so they can

Mrs. Frank Hoffman and two children returned Tuesday afternoon from a week spent with friends in Artesia.

#### WE WELD EVERYTHING BUT A BROKEN HEART. WEAVERS' GARAGE.

Tom Parker has just returned from a trip to El Paso, where he went to take some horses for a Mr. Penny, from the D ranch. Immediately on his return he was hired by Mrs. W. J. Barber to represent her on the various works soon to be started.

Mrs. W. J. Barber has her men at work on the Barber-Pen ranch this week doing tanking in preparation for the fall rains.

T. M. Shipley, the ex-soldier, in whom our people have shown such an interest, is still quite poorly at the Sisters' Hospital, with chances against him. His mother and a sister are with him coming from Oklahoma.

SEE MRS. T. G. PETERSON, representative for Sterling Garments, at Bedford Place, on Greene Heights. Style, quality and satisfaction guaranteed. Telephone 202F. 31Sep30c

Experience is the raw material for a workable plan.

Store hair must be getting cheaper. Anyway, the women do not seem to be saving their combings any more.

#### FOR SALE.

4 mares, broke to work, age 7 yrs. 1 mare, over 10 yrs old. 2 fillies, 15 mos. old, high grade stock. 1 heifer, 3 years old, half Jersey, be fresh this fall. 100 lbs. Sweet Clover. FRANK WESLEY. 30Sep4Novp Loving, N. M.

Get the most out of the feed. Fine gravel or the coarser part of the ground limestone used for acid soils will supply the grit needed for use in the crop. The limestone will help supply needed lime.

or anything else in the printing line, come in and see us.

#### MARRIED.

Henderson — Usery.

At the Presbyterian Mause at 10 o'clock last night Miss Mary Usery and Lyle Henderson were united in matrimony, Rev. H. W. Lowry officiating. Attending the couple were Miss Patty Wilm and A. C. Windham.

These worthy young people need no introduction to the people of Carlsbad. Mrs. Henderson has lived here and in this vicinity practically all her life. She is a niece of J. G. Usery, the well known stockman, and an orphan for years, making her home with his family. An independent, industrious girl, she is worthy of the best that can be given her.

Mr. Henderson has only been living in Carlsbad a little over a year but has gathered about him a large circle of friends who unite in offering him their congratulations on his choice of a wife. He is from a fine family of people at Odessa, Texas, from whence he came here. At present he is manager of the Carlsbad Steam Laundry and is making a success of that business.

Mr. and Mrs. Henderson are stopping for a few days with Mrs. Whittington at her home south of town where the bride has been employed as governess but later will make their home in this city where many friends are awaiting to greet them and wish them success in their new life.

Little Lenora Kearney, daughter of Mr. and Mrs. E. M. Kearney, fell off the slide at Grammar school Wednesday and sustained a badly fractured left arm, just above the wrist. The physicians reduced the fracture which is a bad one and is causing the little girl quite a lot of suffering.

Mr. and Mrs. L. N. Hoag were up from their home in the lower valley Wednesday, coming on business with a dentist.

Mr. and Mrs. Charles Rustin have taken one of the Mullane Sanitary cottages at their residence west of town and will be here for some weeks. Mr. Rustin has been in the employ of Mr. Hamilton at his ranch on Last Chance.

Mrs. Rex Freeman left Thursday morning for Pecos, Texas, where she will spend a day and going from there she will go to Dallas where she will be met by Mr. Freeman and together they will go overland to their new home at San Antonio.

S. J. Butler left Wednesday morning for Oak Grove, Louisiana, and for points in Mississippi where he will spend a couple of weeks transacting important business, and will return to this city for the winter months.

Ned Shattuck accompanied by his mother-in-law and sister-in-law, Mrs. Middleton and Miss Beale, left for Artesia Wednesday where the family of Mr. Shattuck is spending the winter and where the ladies will make a short visit.

#### MALAGA ITEMS.

Miss Margaret Harroun left Monday for Stanford University in California, where she will enter college. Miss Harroun has been spending the summer here with her parents.

John R. Plowman has been gone to Texas for the past week. His purpose is to sell a car of horses. He expects to go as far as Fort Worth to visit relatives before he comes home. His family expect him back the last of this week.

Brother Nicholson of Loving has been holding a revival meeting here since Saturday night. The attendance has been good considering the supply of work that is on hand at present. We feel that untold good has been and will be received from this meeting. Brother Nicholson says he cannot be with us any longer than Friday. He has been helping in various meetings over the state in the last two months, Roswell and Las Vegas being among the number.

Mrs. J. B. Moritzky has returned from a two month's visit with her people in Kansas.

We had a terrible accident here Thursday afternoon about two o'clock. Most of the people were witnesses of the incident—the wind blew up main street.

The new school building on the lot of the High school is nearing completion as fast as workmen can hurry it along and it is thought it will be ready for occupancy by week after next at the outside. The building will be plastered and when finished will house the Seventh and Eighth grades of the school, and the departmental work of those grades can be carried on without interruption. When the town is ready to erect a new High school building these rooms are so arranged with a narrow hallway between that they can be divided and sold separately. Another thing in favor of the building is that it may be removed without injuring any of the trees on the campus.

Mr. and Mrs. George Eddy have announced the birth of their first child, a son, the happy event occurring at the Army Hospital in Washington, D. C., Monday last. Mrs. Eddy will be remembered as Miss Josephine Tracy, before her marriage. Mrs. Frank Tracy, of Carlsbad, mother of Mrs. Eddy and her aunt, Mrs. Stone, are with her. Many friends here where the mother was reared and married, will send congratulations and best wishes for the boy and his parents as well.

News that is a little late in reaching us, tells of the birth to Mr. and Mrs. Jess Magby at their home near El Paso Gap, September 9th, of a girl baby. This is the eighth child in the family.

Sheriff George Batton left Wednesday of this week for the Hope district to summon witnesses for different cases to be heard at the next term of District Court.

#### VACCINATE

NOW is the time to Prevent Blackleg in your cattle.

A Fresh Supply OF STANDARD VACCINES.

OWEN McADOO DRUG CO.

NOTICE.—Mrs. Nannie Fletcher has taken over the management of the Metropolitan Hotel, which she has had remodeled and put in first-class shape, and which is strictly sanitary and up-to-date. She solicits a share of the patronage of the people.

As we go to press the Institute held between the Artesia and Carlsbad W. C. T. U. is in session at the Baptist church. About fifty are in attendance from the two towns and the papers have been very interesting and helpful; the Current will give a full report in next week's paper. The following ladies are here from Artesia: Mesdames Hise, Merchant, Van De Griff, Story, McNeill, Solomon, Roselle, Elpper, McCrary, Baker, Carroll, Clark, Davis, Harvey, Benson, Graham and Sanford. Messrs. Merchant and Stacey had the honor of driving two of the cars in which the ladies made the trip from their home.

W. S. Reitz, and Hal Johnson, of Manitou, Colo., have spent much of the week in the city. Mr. Reitz is a cattle buyer and has a wide acquaintance in the valley, having been here on several different occasions. They are guests of the Crawford while in town.

Mrs. N. C. Does, of Austin, Texas, came in from that city the first of the week and later went on out to the ranch of her father, Bill Varner, where she is visiting at this time.

William Allen and wife stopped at the Crawford hotel Tuesday enroute south from their home in Los Angeles, California.

Brotherhood of American Yocemen. The Brotherhood of American Yocemen will install officers for the year of 1922 Wednesday, October 5th, at Odd Fellow's Hall at 7:30 P. M. All members are urged to be present and a good time is anticipated for every one, so be on time.

## SPECIAL STOCK TRAIN VIA C. R. I. & P. TO OKLAHOMA CITY

COMMENCING SATURDAY, September 24, 1921, and each Saturday thereafter so long as business justifies, the C. R. I. & P. Ry. will run a SPECIAL LIVE STOCK TRAIN to connect at Tucumcari with E. P. & S. W. from west and at Amarillo with F. W. & D. C. and SANTA FE scheduled to make OKLAHOMA CITY within 36-hour limit.

THIS TRAIN will load shipments at all stations between Tucumcari and Sayre, then run through to OKLAHOMA CITY without loading other shipments, but may pick up business moving from W. F. & N. W. at ELK CITY and from C. & O. W., FRISCO and K. C. M. & O. at CLANTON in case no other connection is available for prompt movement and without too much delay.

SHIPPERS are urged to have their stock in pens ready to load upon arrival of this SPECIAL TRAIN and to co-operate in every way to facilitate movement on the following schedule:

### SCHEDULE

Leave Tucumcari, 3:00 A. M. Saturday.  
Arrive Oklahoma City 12:30 P. M. Sunday.  
Stock from Santa Fe South from Amarillo will be handled on this train.

Agent at Intermediate Stations Will Advise Time Due at Your Station

The above schedule has been arranged to meet the demand for better service from the Panhandle of Texas and New Mexico and affords an opportunity to reach OKLAHOMA CITY market in time for ample rest before offering for sale.

Let's Pull Together and Make This Train a Success  
It's a SHORT HAUL Saving

OKLAHOMA NATIONAL STOCK YARDS CO.

FEED YOUR GRAIN TO LIVE STOCK FOR PROFIT

Sodium Fluorid Dusted in Feathers Will Keep Lice and Mites Off of Poultry.

practical value in the control of chicken lice. Arsenic trioxide is too poisonous, barium fluoride, cloves, sabadilla seeds and paradichlorobenzene are too expensive, or not readily available in large quantities; naphthalene is dangerous if applied too freely, and barium tetrasulphide does not kill all the lice. Sodium fluoride is the most practical remedy given in this list.

The materials listed below were found to be of no value against chicken lice in spite of popular opinion regarding many of them:

Angelica root, calcium carbonate, calcium fluoride, calcium hydroxide, calcium oxide, calcium sulphate, calcium sulphide, diatomaceous earth, dol-
