SEVENTY-NINTH YEAR.

CARLSBAD, NEW MEXICO, FRIDAY, OCT. 28, 1921.

NUMBER 47.

PAVING CONTRACT WILD WEST SHOW TO BE PULLED OFF AT LUNCHEON

THE LEE MOOR CONSTRUCTION COMPANY, OF EL PASO, TEX. SUCCESSFUL BIDDER. WORK TO BE DONE THIS WINTER.

Carlisbad has been put on the map. At a meeting of the City Council last Wednesday evening the contract for paving fifteen blocks of the business district of Carlisbad was let to The Lee Moor Construction Company of El Paso, Texas, and the work will be completed this winter.

Work will start on the paving by November 20th, and it will require not more than 120 days or four months to complete the job. There is 10 thousand feet of curbing to set and 26 thousand square yards of paving to put in which will be quite a job and require much labor and all this labor will be given to local men if a sufficient number is available to properly carry on the work.

Quite a number of Carlisbad's best boosters were present at the council meeting besides others directly interested. It was generally understood that the council had met for the purpose of letting the paving contract and the mayor invited anyone present to express criticism or make favorable comment on the proposition before the council, to which Mayor E. P. Bujac responded first with comments very appropriate to the occasion. The Mayor pointed out that now is a most opportune time to pave. The president of the United States and all public men are calling on municipalities to start improvements to furnish employment this winter to those who would otherwise suffer and go hungry. He said the oil well at Pecos has proven the Pecos valley as an oil field and there would be a big boom on for Carlisbad soon, which could not be taken care of properly without paving. Continuing he said: "Carlisbad is already the best little city in New Mexico, and if we expect our boys and girls to live here and be satisfied after visiting other places with modern improvements, we must supply some of those conveniences for our home city. We want streets that will be proud of instead ashamed of. And when paving is completed it will be quite a consolation to you gentlemen in your old age to point with pride to a task well done and a duty to your community fully discharged. After the work has gone this far, anything you gentlemen do tonight will meet with my approval."

Col. A. J. Muzzy, of the Public Utilities company, next told the mayor he had a petition signed by a number of the property owners of the city in the paving district which he would like to present for the council's consideration. He explained that the signers were not against paving, but thought it would be better to put it off until January first, so as to get the benefit in a reduction of freight rates and a lower price on cement.

The petition was as follows:

To the Mayor and City Council of Carlisbad, New Mexico.

Below are the names of owners of real estate abutting proposed paving, which were asked the two following questions and have answered yes in every instance: Question No. 1.—Are you in favor of cancelling all bids for paving submitted to the City Council? Question No. 2.—Are you in favor of asking for new bids after January 1, 1922, based on the then new freight rates and new prices of cement? Signed:

Roberts-Dearborne Hardware Co.
The Public Utilities Company.
E. Hendricks.
Wm. Shepard, by Clarence Bell, agent.
Francis G. Tracy.
Joseph S. Stevens.
Joyce-Fruit Co., by J. F. Joyce.
First National Bank.
Marie H. McLenathen.
Marie R. McLenathen, guardian of Charles Wm. McLenathen.
Mary A. Wright.
Dr. W. F. Glasier.
Mrs. L. E. Ervin.
J. H. James.
Mrs. M. F. Chaytor.
Mrs. A. N. Stewart.
W. H. Merchant.
Iribarne & Etcheverry.
C. O. Swickard.
J. F. Farrell.
Leon Blum, Jr., by W. H. Merchant.

The above answered both questions in the affirmative.

The city engineer tabulated the amount of property represented by the signers of this petition in the paving district and found that practically 35 per cent was owned by them, so the council tabled the petition.

W. F. McVain then gave the councilmen an authoritative statement on the future prospects and possibilities of oil development in the valley. Mr. McVain said the big well twenty miles this side of Pecos proves oil is here in paying

PAVING CONTRACT WILD WEST SHOW TO BE PULLED OFF AT LUNCHEON

Carlisbad is going to put on a real old fashioned wild west show this coming Thanksgiving. It will commence the day before, Wednesday, November 23 and continue until Friday evening, November 25th. Over \$500 in prizes are offered for the winners in the different events and there will be calf roping and tying, calf branding, steer roping, broncho busting, bareback riding of yearlings by boys under fifteen years of age, goat roping and in fact every thing that goes with an honest to goodness wild west show put on by real cowboys who will come here fresh from the ranges of this part of the country.

Messrs. B. B. Polk and Barney Hopkins are the two experienced and very capable managers who are making the necessary arrangements

quantities and that development will be in this direction. He said: "I know from personal knowledge that Carlisbad is going to be the home city for big oil operators in the Pecos valley oil field. There is no other city for those oil men to take their families to except Roswell and we have the advantage of being nearer to the wells than Roswell by over eighty miles. These oil men have money and they are willing to pay the price for property in a city with modern conveniences and erect fine homes. Carlisbad is nearing the time when it will have the opportunity to attract these oil men and without having the streets of the city paved they will go elsewhere. I have showed a great many prospective buyers of residence and other property over the city, and they all have kicked vigorously about the condition of our streets and not having pavement has caused some of them to look elsewhere for property. Carlisbad now has a great opportunity to start ahead and I am of the opinion that this paving contract should be let tonight."

Mr. Clarence Bell was the next speaker, and said he signed the petition not because he was against paving but because he thought it would be best to put it off until after the first of January when the bond market would be better and material cheaper as well as freight rates.

Alderman M. R. Smith, who was called home from Fort Bliss, El Paso, Texas, where he was in camp with the New Mexico National Guard Cavalryman from this city, spoke at length on some of his observations while away on encampment. He told of a trip to Las Cruces which now has paved streets and pictured what a mud hole it was several years ago before paving was done and rapid growth the city has enjoyed since paving. He cited different ones who told him while away that if Carlisbad paved they were coming here to make their home. He said there was a great many boys now in camp who wanted employment this winter and paving would solve the problem. He said there were many laborers in the valley who would be out of work as soon as the cotton crop is gathered which will be finished in about thirty days. Then he gave some very vivid descriptions of the oil well at Pecos. He said Mrs. W. W. Dean took pictures of the well while it was throwing oil as high as the derrier and he saw those pictures. Capt. Dean says the well is flowing in heads which are increasing in quantity which occur about four times each day and five times at night. Mr. Smith closed by discussing the necessity for furnishing employment to laborers this winter.

Mr. Muzzy again addressed the council, saying that anything that helped Carlisbad would help the Public Utilities company, that he had already gone on record at the Commercial club banquet as being in favor of public improvements and that his past record while doing business here supported his position, but that he thought this was not the proper time, that later the contract could be let for a lower figure.

Alderman Thorne explained that the city attorney and engineer have been trying for over a year to get someone to bid on this paving and they only secured the present bids because of the fact that this work may be done during the winter months while it would be impossible to work in the northern part of the state. Mr. Thorne was of the opinion that if the work was deferred until January let it would be impossible to get a bid on the job. He said the contract for building the state highway to Van Horn was going to be let in the spring and the contractor who is here about finished with the paving job will be in a position to quote a low bid for that work which was one reason the Lee Moor Construction company put in such a low bid on our paving contract. He said he thought now was the proper time to let the contract.

The city engineer tabulated what per cent of the property in the paving district was represented by those signing the petition to defer paving and it was found that practically thirty-three and one-third per cent of the property owners in that dis-

trict was represented, so the council decided to table the petition.

Next was the passing of a resolution awarding the paving contract for 15 blocks to the Lee Moor Construction company of El Paso, Tex. After passing an ordinance relating to the kind of water pipes which will be allowed to remain under the paving and specifying if those pipes are not of lead they must be enclosed in concrete of at least one inch in thickness, the council adjourned subject to the call of the mayor.

An analysis of the recent bids for street paving together with the differences in the bids submitted and the one accepted by the City Council shows the following:

The Lee Moor Contracting company of El Paso, Texas, was the lowest bidder and his bid accepted.

Lee Moor Contracting Co. Bid.
Combined curb and gutter per foot \$1.515
Re-inforced paving, Sq. Yd. \$4.06
Straight curb or alley curb, per square yard \$.943
Concrete alley paving, per square yard \$3.105
Plain concrete street paving, per square yard \$3.80
The J. Fred Roberts Construction Co. Bid.
Combined curb and gutter, per foot \$1.50
Straight curb or alley curb, per foot \$.95
Concrete alley paving, per foot \$3.12
Plain concrete street paving, per square yard \$4.00
J. Fred Roberts Co. total bid \$131,375.28
Lee Moor Contracting Co. total bid \$126,143.16
Lee Moor low bidder by \$ 5,232.12
City Engineer's estimate \$133,747.56
Lee Moor bid under engineer's estimate \$ 7,604.40
The approximate cost of paving a 25 foot lot on a 40 foot street based on the above bid accepted would be \$278.06
If alley is paved in rear add \$6.25
Total \$284.31
If cash is paid when work is completed a discount is to be given by the contractor of 15 per cent, which would be \$ 44.64
If cash is paid at the time of completion of work \$309.67
A 25 foot lot on a street 54 feet wide would cost \$356.23
Less 15 per cent for cash \$ 53.43
If cash is paid at time of completion of work \$302.80
A 25 foot lot on a street 54 feet wide with alley in the rear paved will cost \$452.48
Less 15 per cent for cash \$ 67.87
TOTAL, if cash is paid \$384.61
Corner lots pay the same rate based on the number of feet paved on both front and side.

Now since Carlisbad has taken the first important step which will make it the most progressive and most beautiful little city in New Mexico or the entire southwest, it might be well for our citizens to commence to plan for the next step to be taken in the furtherance of the beautifying of our city, and that is building the municipal building in the center of the city park where the library building is now located. The City Council have turned down the offer of 95 cents for the bonds for a municipal building, thinking it wise to delay that work until after the paving program has been completed, but it won't be long until the city will be obliged to erect a municipal building to take care of the fire department as well as to be used for other purposes and when that time comes it would be an ideal arrangement to put the building in the center of our city park, built mission style, with walks running out four ways, and beautiful fountains placed between every two walks. One corner could be devoted to mountain scenery with a few cub bears brought down from the mountains with an attendant to care for the animals and keep the grounds in perfect condition. The shrubbery and trees are already in place for such an arrangement and it would save the expense of buying property in the business district. A municipal building down town is out of date and "country" style and should not be considered.

PAVING BOOSTED \$100,000 DROVERS CORPORATION FORMED HERE

The Chamber of Commerce luncheon held at the Crawford Cafe last Saturday was attended by a large number of the members and every speaker, without exception, expressed themselves as being in favor of paving, and only one said he thought it should be put off one year.

President Hubert started the discussion by reading an article giving some excellent reasons why municipal building and improvements should be undertaken this winter. One strong argument was that it would furnish employment for those who would otherwise suffer or become the recipients of charity. After announcing that the city council had let the contract for paving 15 blocks of Carlisbad's streets, Mr. Hubert called on A. J. Muzzy, of the Public Utilities company for a speech.

Mr. Muzzy responded by saying that he could make more money by keeping his mouth shut than he could by talking. But he said he wanted to do his part in everything for the good of the community, and told of the elaborate improvements being accomplished in Bristol, Conn., the bringing about of which was due in no small measure to his personal efforts. He said Bristol decided it was better to bond the city and raise money to employ laborers who would otherwise have to be fed, but that he had noticed Carlisbad has no unemployed labor, so therefore he thought it best to wait another year before paving. He said he was in favor of paving but not at this time. The Colonel then dwelt a few minutes on what a wonderful thing the Commercial club luncheons were and the importance of having team work when things of importance are to be accomplished.

J. R. Linn took advantage of the opportunity to tell Colonel Muzzy that if he had been around the Crawford Hotel last spring when it was raining and the streets were in such shape that the hotel bus could hardly go to the depot without bogging down and heard the unfavorable remarks made by every visitor to the city, he would think now was the time to pave.

Rev. Mr. Douglas, pastor of the Methodist Church, was the next speaker announced by President Hubert. Reverend Douglas said he was very glad to be with the Chamber of Commerce at their luncheon and was grateful to Rev. Lowry for the opportunity to be his guest. He said he stopped in Carlisbad between trains some years ago and had the opportunity then of looking about the town. At that time he was very favorably impressed with our city and went home and told his wife that he had found one of the prettiest little cities in New Mexico. Continuing he said: "Since coming here I have found that the future prospects of Carlisbad are delightfully bright and I am not only interested in the spiritual welfare of my people but in the Commercial Club and the material progress of this city and community. Gallup paved her streets when material and labor was the highest but there was nothing done there that helped the looks of the town more or that put more life into that city than paving. I know that nothing you could do will improve the looks of your city more than paving and I feel sure my people are behind you in this movement."

Francis G. Tracy was next on the program and, as usual, was overflowing with the spirit of boosting for Carlisbad and the Pecos valley. He said in part: "Now is the time to pave, cleanup, lookout, renechout, and boost for our city and valley. Signs of prosperity are here and I want you business men to appreciate what the farmers of this valley have done for the betterment of our conditions. Without financial assistance they have raised a crop and brought prosperity to the valley under very adverse conditions and should be given credit for it. What they have done this year can be duplicated other years and we should advertise this fact broadcast and get more people to move here. I am advised from Denver that work on the preliminary survey of the High Line Canal and third reservoir is progressing and that the Geological survey of the dam site will be made the latter part of November or the first of December. This improvement and extension of our irrigation system will bring many more farmers to Eddy county. A letter from Washington makes the inquiry as to where construction can be carried on during the winter months. This inquiry comes from the administration and is seeking to give employment to those now out of work. I sent them all the information I could about what might be done on the Carlisbad project and got into communication with Chas. A. May who informs me that he has also furnished them with information about this project. Prospects to secure farm loans are bright and the fact that they have sent a representative here to go over the proposition would indicate that it is being seriously considered, and I believe that the government lies on land under the project may be removed alto-

PAVING BOOSTED \$100,000 DROVERS CORPORATION FORMED HERE

The Drovers Finance Corporation, of Carlisbad, has filed its articles of incorporation with the state corporation commission. The authorized capital stock is \$100,000, which has been fully subscribed. The incorporators, with amounts of their stock subscriptions, are as follows: L. A. Swigart, Carlisbad, \$100; F. F. Doepf, Carlisbad, \$100; J. W. Sherman, Denver, \$100; W. A. Craig, Carlisbad, \$100; W. J. Lamb, Carlisbad, \$100; the Peoples Loan and Trust company, of Carlisbad, \$99,500. W. J. Lamb is the statutory agent, and is president of the Peoples Loan and Trust company.

LARGE BUNCH OF QUAIL IN CITY FED WITH CHICKENS.

A large bevy of quail attracted attention from passers-by at the L. E. Ervin home on Canyon street. The beautiful birds, fed with the chickens there, have been watched and fed by the family, who are desirous of keeping them on the premises. Reports reaching the Current from different sections are that the quail in the country this year is plentiful but they are being killed off before the season opens.

Mr. Etter is due much credit for continuing to work to get loans for the farmers and has succeeded in getting the Farm Loan Board to send a representative here. I have a letter from Mr. Brooks, of the Elephant Butte project, in reference to Secretary of the Interior Fall's proposed National Park to include the Elephant Butte dam and I want to suggest that we get them to include in this park the Guadalupe mountains as well as the Lincoln crest reserve and have all three connected up with highways. The Guadalupe mountains contain rugged scenery to be found nowhere else in New Mexico and its beauty is unsurpassed, making it admirably adapted for becoming a part of the national park. Mr. President, I move you that a committee be appointed to take this matter up and try to get the Guadalupe mountains included in this park. A vote was taken and the motion carried.

Mayor E. P. Bujac was called next and said in part: Mr. Chairman, the way the streets and alleys are kept is a disgrace to every man, woman and child of Carlisbad. There used to be a time when the city marshal had to go about town with a big gun strapped on to preserve law and order and arrest the drunks, but that time has passed since saloons have gone and it is no longer necessary to keep order by force of arms. The duties of the city marshal should be changed by ordinance if necessary and he should be required to see that the streets and alleys of our city are kept in condition. The merchants should not be allowed to throw paper and trash back of their places of business to be scattered by the winds over the city. School children throw paper bags, boxes and banana peelings on the sidewalk in front of my office and elsewhere. In youth is the time to teach people how to be clean and keep where they live in a tidy condition. These things must stop and we must have a clean, beautiful and healthy town if we expect people to want to come here to spend their remaining years of life. We should take pride in our home town because this community is the place where my home is founded, where my business is located, where my vote is cast, where my children are educated, where my neighbors dwell, and where my life is chiefly lived. I have chosen it after due consideration from among all the communities of the earth. It is the home spot to me. My community has the right to my civic loyalty. It supports me and I support it. My community wants my citizenship, not partisanship; friendship, not selfishness; cooperation, not dissension; sympathy, not criticism; my intelligent interest, not indifference. My community supplies me with law and order, trade, friends, education, morals, recreation, and the rights of a free-born American. I should believe in my community, work for it, and I will. If you think some other town is a better town than your own town, then get out and move over there and it will help the town that you left.

We're all so bloomin' busy a working out our plan.
We don't take time to step aside and greet a fellow-man;
We're missin' lots of pleasure by neglectin' to unbound.
When a good old fashioned hand-shake
May mean a life long friend.
President Hubert then informed the Commercial Club that the ladies of the Methodist church desired to serve a chicken dinner at the next luncheon, November 12th. A vote was taken and all were a unit in wishing those ladies to serve the Club at their next luncheon.

U. S. MEASURES FLOW OF THE PECOS RIVER

Additional gauges are to be placed in the Pecos river by representatives of the U. S. Geological Survey State Board of Water-Engineers in order to obtain more accurate measurements of the flow of the river and its possibilities for irrigation purposes.

The State Board has stationed R. G. West, one of its engineers, in Pecos, and his territory will be the Pecos river from Malaga in New Mexico down to the Rio Grande.

The statistics secured by these gauges will prove to be important in furthering the Red Bluff project, and will show more accurately the number of acres that could be placed under the Red Bluff dam.

Gauges are now placed in the river at Malaga, at Red Bluff and at Grandfalls. The board plans to install new gauges at a point just above the Porterville district, at a point just below the Barstow district and below the Zimmerman district, and also in some of the main irrigation canals in order to determine the amount of water consumed by each.

Measurements have been taken with the old gauges for sometime, but as the readings were made at irregular periods the information has not been as accurate as the engineers would like to have it.

C. E. Ellsworth, chief engineer of this district, was here with Mr. West this week acquainting him with the work.—Pecos Enterprise.

THE N. M. CAVALRY TROOP AT FT. BLISS

GENERAL HOWE SAYS TROOP B HAS BETTER MEN AND IS BEST LOOKING TROOP OF EIGHTH CAVALRY.

By Francis Petry.

Troop B of the New Mexico National Guard arrived by special train at Fort Bliss, El Paso, Texas, Monday morning, October 17th, after an all-night ride from Carlisbad, N. M. Everybody enjoyed the pleasant ride which was uneventful. We were all well impressed with the looks of the camp which was perfect in every detail and were soon ready for army life.

We were issued equipment, assigned cavalry horses and were fixed for duty. Tuesday morning we missed our "sunrise nap", as we had to fall out of our bunks at 5:30 and report for roll call. At six o'clockchow was served. At seven o'clock all shirts were removed and we faced the cold wind for thirty minutes doing strenuous physical exercise. At eight o'clock we marched to the stables and were given instructions in saddling, etc. After which we mounted and drilled till eleven. The next thirty minutes we spent in manueuvring our horses. Dinner was served at twelve o'clock.

We reported for drill at one o'clock, drilling until four o'clock. All lights are out at nine o'clock.

We followed this program until Friday, the day of one of our greatest events—our trip to Las Cruces. Twenty-one army trucks left Fort Bliss at seven o'clock in the morning arriving at Las Cruces at eleven o'clock. Six hundred soldiers paraded the streets in honor of "Pep" day for the New Mexico Agricultural and Mechanical College. Everybody was given a free barbecue dinner on the college campus. All soldiers were given a pass to the football game between Roswell Military Institute team and N. M. A. & M. college team. The N. M. A. & M. college players won the game by a score of 32 to 0.

We left Las Cruces about six o'clock in the afternoon and arrived at Fort Bliss about midnight. The trip was made with but one accident. One truck was turned over in a ditch of water, resulting in a few minor bruises, but no one was hurt seriously. The rest of Friday night most of us were kept awake from the effects of our hard, rough trip. Eighty per cent of the troop, part sick, part lazy, reported on the sick list Saturday morning. The rest drilled as usual. Saturday afternoon all were excused from drill.

Monday morning the regular life of a soldier was resumed and by the end of the two weeks we will be ready for actual service—we think.—whenever needed.

General Howe reviewed the 8th Cavalry on its arrival at Fort Bliss and said that Troop B from Carlisbad had better men and was the best looking Troop in the Eighth Cavalry. We are working hard to hold our own and expect to have the same said of us when we leave for home. "ONE OF 'EM."

M. R. Smith, one of the city councilmen, was recalled by telegram from the encampment at Fort Bliss, El Paso, Texas, in order that he might be present at the meeting held by the City Dads Wednesday night when they let the contract for paving 15 blocks in the business district.

YOUNG PEOPLE ORGANIZE EL-WORTH LEAGUE.

Under the direction of the new minister, Rev. A. C. Douglas, an organization of the young people affiliated with the Methodist church, was organized Sunday evening after an explanation of the rules as regards the ages of members and other little understood laws of the League. An election of officers resulted in the following being elected to serve for six months, or until the regular time for election:

President, Miss Wardie Bates.
First vice president, Miss Aline Shepherd.
Recording secretary, Miss Martin Williams.
Corresponding secretary, Miss Mary Lee Pond.
Treasurer, Alvetta Vaughn.

Harry Skinner, automobile mechanic at the Stockwell Garage, came in this week from a month's visit to his old home at Lawrence, Kansas.

The Carlsbad W. C. T. U. ladies met at the Christian church last Wednesday for an all day sewing. Two sewing machines made the work go rapidly and the ladies present accomplished much in the way of preparation for their "Miscellaneous Sale" which is to be given the week before Thanksgiving Day.

The four Misses Spratt, of Hodgdenville, Kentucky, arrived in the city last Saturday night and joined their father who has been here for some weeks. They have taken one of Mrs. Brown's cottages for the winter and the young ladies will enter school here.

E. C. Cook, engineer at the lower plant of the Public Utilities Company, returned from a two week's visit to the old home at Cuero, Texas, last Thursday night. Mr. Cook says that many changes have taken place in the surroundings of the old home, but that the house itself was unchanged in the last fifteen years since he had been there.

Mrs. Paul Mahan spent a part of the week in Roswell last week where she visited relatives and old friends.

Mrs. W. F. Glasier and Miss Marguerite Roberts left Saturday morning for Waco, Texas, to be in attendance at the opening of the Texas Cotton Palace at that city. Miss Marguerite representing the State of New Mexico at that event.

Dr. F. F. Doopp was called to Clovis last Friday to the bedside of Ed Nye, who has been under treatment of the doctor for some months for a bad case of heart trouble, and who had a relapse at his home in that city. We are glad to state that he was some relieved when the physician left Saturday.

LOCAL NEWS.

John Dickson last week resigned his position as bookkeeper for the Peoples Mercantile Company dry goods and will leave for El Paso, where he has accepted employment. Mrs. Dickson has been in the Pass City for a couple of weeks.

County Commissioner Joe H. James spent a part of last week and the first of this at his ranch on Cap Rock.

Lieutenant Campbell, of Troop "B" now in camp at Fort Bliss, and a member of the committee on field sports for the big Fourth of July celebration, has wired Captain West that arrangements were made for a Polo contest between the Eighth Cavalry at Fort Bliss and Troop "B" to take place during the celebration.

Mr. and Mrs. Bill Lusk and son are in town from their ranch near Lovington.

The Parent-Teacher's Association at Loving, will hold a Halloween party at the school building in that place Monday night, October 31st. An old fashion roast pork supper will be served. A good time is assured to all who attend.

SCARLET FEVER IN CARLSBAD.

There are several scattering cases of scarlet fever in the city among the school children at this time, and quarantine has been established in all cases. However, it is hardly possible to have too rigid a quarantine if we are to escape a visitation of this terrible disease. So far, only one case has been of a malignant type, and only one fatality has resulted. The report which was circulated around town the first of the week that two of the school teachers were suffering from the disease, is without foundation.

F. E. Hubert and E. H. Weaver left Saturday for El Paso to make a visit to the boys of Troop B who are now encamped there, at Fort Bliss. Ed Weaver says he is going across the line into Mexico if he has to swim the Rio Grande, but we doubt seriously if he will be able to swim back to this side after seeing the sights of Juarez.

The Reason You Get More Real Value

in the

Studebaker Automobile

THE PRICE OF THE
NEW LIGHT SIX

includes but one manufacturing profit on castings, forgings, stampings, motor, axles, transmission, frame, body, top, etc.

When you purchase a LIGHT SIX you receive the benefit of the manufacturing savings made possible because the complete car is manufactured in the new, modern 20 million dollar plant at South Bend, Ind.

In every operation from the moment the raw material is purchased until the car is completed, STUDEBAKER, because of its enormous production and its standardized methods of manufacture, is able to make important savings — these savings are reflected in the price of the car to you.

The Light Six

is a 6 cylinder car with 112 inch wheel base, 40 horse power. Very economical to operate. Neat in appearance, sturdy and durable.

If you are in the market for a car, call and see the LIGHT SIX and let us demonstrate to you.

Renick & Grubaugh

One Half Block East of Court House Square.

MARRIED. Bearup—Collier.

Carlsbad society people were surprised last Saturday when a message came over the wires that two prominent young people of the city had been married at three o'clock that afternoon in Pecos. The contracting parties are Miss Grace O. Bearup, youngest daughter of Dr. and Mrs. A. A. Bearup and Paul Collier, only son of Mr. and Mrs. L. M. Collier, both of old and prominent families in this community. The young folk borrowed a friend's car Saturday morning and nothing further was heard from them until a wire came announcing their marriage in Pecos, Texas, at the home of the officiating minister, Rev. Homer McAgue, of the Christian church.

On receipt of the wire the mother of the bride wired the sheriff of Reeves county to hold the couple there until her arrival. She went down accompanied by her son-in-law, Albert Area, but on reaching Pecos they decided not to interfere.

We understand that no objection could be made to the marriage except the age of the bride. However, "All's well that ends well," and Mr. and Mrs. Paul Collier are back in Carlsbad receiving the congratulations and heartfelt good wishes of their many friends here, where both have grown to young manhood and womanhood.

Mr. Collier was in the service of Uncle Sam in the great war and in France for over a year. A young man of excellent principles and character, he will succeed in life and make a home for the girl he loves. He is employed at Weaver's garage as bookkeeper.

Mrs. Collier was a junior in Carlsbad high school and though young, is possessed of many womanly traits of character beyond her years and we and many others, who have known her all her life predict only the best for her.

The young folk are expecting to go to housekeeping as soon as suitable rooms can be found and will make their home in Carlsbad.

Dr. F. F. Doopp was called to Clovis on professional business Tuesday night and returned Wednesday afternoon on the train coming from the north.

A masquerade dance is to be given at Lakewood on Monday next, and a goodly number of our young people will attend. Good music is promised and no doubt a fine time is in prospect.

Mrs. A. C. Geer, who recently returned from a trip to Albuquerque, has been confined to her bed since her return with very little change in her condition.

C. M. Farnsworth, of Roswell, was in town Friday and Saturday of last week on a business visit.

SLUMBER PARTY.

In honor of the birthday of Ida Pearl Morris, a Slumber Party was given at the home of Barber Nell Thomas last Monday night. The young ladies met at the home and had dinner and afterward had a genuine good time. The slumber party taking place at a late hour. After breakfast the next morning all went to school with many pleasant memories of the occasion. Between these girls, or shall we say young ladies (?) very pleasant associations have been sustained for years, and the party of Monday night was but one of a number of similar affairs that they have given from time to time. The guests were Ida Pearl Morris, Ellen Flowers, Mary Frances Joyce, Pearl Butcher, Eunice Herring, Blanche Burns and the hostess, Barber Nell Thomas. Miss Butcher chaperoned the "bunch".

CARLSBAD LADIES ATTEND MEETING OF FEDERATED CLUBS OF N. M.

Delegates to the Federated Clubs of the state federation, at Roswell, left for that place the first of the week. Mrs. Lowry and Miss Linn left in the car with L. A. Swigart and wife and Miss Dorothy, going up Monday evening. The other ladies, Mrs. Thorne, Mrs. Hemenway, Mrs. John Lucas and Mrs. Dan Lowenbruck, went up Tuesday in the Lowenbruck car.

Mr. and Mrs. Harry McKim and Mrs. Frank Kindel left Tuesday morning for Roswell, where the ladies went to be in attendance on the meeting of the Federated Clubs of the state. Mrs. McKim sang at the concert given Wednesday night, Mrs. Kindel being her accompanist. The party returned yesterday morning.

Women's clothing has been a puzzle, but it is getting so it is not so hard to see thru.

MR. STOCKWELL'S SON MARRIES.

Mr. and Mrs. J. R. Stockwell are happy over the marriage of their youngest son, Roy, which occurred Monday, October 24th, at Austin, Texas. Mr. Stockwell is president of the Child's Welfare Work, for the state of Texas, and recently paid a visit to his parents in Carlsbad. He was in the service of Uncle Sam during the war. The bride is Miss Irwin Best, of Dallas, Texas, and they will make their home in Fort Worth. May all good attend them.

PROGRAM FOR WOMAN'S CLUB.

Tuesday, November 1, at 3 P. M.: Reports of delegates to state convention.
Inscription Rock, Mrs. Judkins.
Enchanted Mesa, Mrs. Lusk.
Music, Mrs. McKim.
Monthly Book Review, Mrs. Bell.
John Singleton Coppley, Mrs. Christian.

it's toasted, of course. To seal in the flavor—

LOCAL NEWS.

Walter Pendleton and wife were in from the ranch this week where they say everything is moving on nicely.

Kelley Vest and family arrived in the city Tuesday night, coming from their home at Silver City. The Vests are old timers here, having lived in and near Carlsbad for several years, and are always welcomed on their visits by old timers as well as relatives. However, their visits here are very infrequent.

Robert Hamblen accompanied Geo. Batton yesterday on his trip to Santa Fe, where they went to take Louis Lindsay back to the penitentiary, he having violated his parole.

The Area boys from the mountains in town this week, some of them witnesses at court and others being in attendance at the various sessions of that body.

Mr. and Mrs. E. R. Jones came in from Dallas, Texas, last Tuesday night and will make their home with the people of Carlsbad. Mr. Jones has taken the position of bookkeeper at the Peoples Mercantile Company, left vacant by the resignation of John Dickson.

Frank Davis has taken a position with the Renick and Grubaugh garage, as one of the mechanics. Davis is a graduate of the Sweeney automobile school at Kansas City.

TWO RADIATORS INSTALLED IN SWEET SHOP.

The Sweet Shop proprietors have installed a new heater which will prove a great advantage to them in their business, as well as a great economy. Two radiators will provide ample heat for the large room and do away with the unsightly stove that has been used previously. The proprietors intend to try using oil at first for fuel and should that not do the work, will then change to coal. They are anxious to keep abreast of the times and have had the floor in their north window changed, the new one being of hard wood which, when waxed and polished, will make a much nicer background than the crepe paper they have been using up to this time.

A CLASS PARTY.

A class party was given at the school house last Friday night at which the juniors entertained the seniors with a Rook party. The rooms were beautifully decorated in the clam colors of yellow and white, chrysanthemums in those colors being used in profusion, and the colors being further emphasized in the refreshments of cake and ice cream. A delightful time is reported, this being the first entertainment of the school year, and special preparations being made.

Will Purdy is spending much of the week in Roswell, going up Sunday, to look after business in that city.

A pleasant party was given by Mrs. Dewey Harrison Monday afternoon at her home in the Eaker residence, honoring her little sister, Hazel Tinnin. The children played games and had a fine time with their little friend, and enjoyed the delicious cake and cream that was served at the close, as well as the dainty souvenirs of the happy affair. Those present were Hazel Tinnin, Dorothy Flowers, Nadine Hughes, Tura Bates, Louise Oliver, Hattie Hazel, Herring, Wardie Leck and Mildred Mahan.

RAILROADS PLAN TO GET RATES DOWN

Propose To Reduce Wages and Return All the Savings By Reduction In Charges

FULL TEXT OF PROPOSAL

Statement by Thomas De Witt Cuyler, Chairman of the Association of Railway Executives on the Situation.

New York, N. Y., Oct. 18 1921. Following a meeting in Chicago, Oct. 14 1921, of the presidents of nearly all the leading railroads in the country, Mr. Thomas De Witt Cuyler, chairman of the association of railway executives, made the following statement:

At a meeting of the association of railway executives today it was determined by the railroads of the United States, to seek to bring about a reduction in rates, and as a means to that end to seek a reduction in present railroad wages which have compelled maintenance of the present rates.

An application will be made immediately to the United States railroad labor board for a reduction in wages of train service employees, sufficient to remove the remainder of the increases made by the labor boards decision of July 20, 1920 (which would involve a further reduction of approximately ten percent), and for a reduction in the wages of all other classes of railroad labor to the going rate for such labor in several territories where the carriers operate.

To Reduce Rates as Wages Go Down. The foregoing action is upon the understanding that concurrently with such reduction in wages the benefit of the reduction thus obtained shall, with the concurrence of the interstate commerce commission, be passed on to the public in the reduction of existing railroad rates, except in so far as this reduction shall have been made in the meantime.

The managers have decided upon this course in view of their realization of the fact that the wheels of industrial activity have been closed down to a point which brings depression and distress to the entire public, and that something must be done to start them again in operation.

The situation which confronts the railroads is extremely critical. The railroads in 1920 realized a net railway operating income of about \$62,000,000 upon a property investment of over \$19,000,000,000 and even this amount of \$2,000,000,000 includes back pay for prior years received from the government of approximately \$4,000,000,000 thus showing, when the operations of that year alone are considered, an actual deficit before making any allowance for either interest or dividends. The year ended in serious depression in all branches of industry, and in marked reduction of the market demand for and the prices of basic commodities, resulting in a very serious falling off in the volume of traffic.

Roads Forced to Defer Maintenance

In this situation, a policy of the most rigid economy and of postponing and cutting to the bone the upkeep of the properties was adopted by the railroads. This was at the price of neglecting and for the time deterring work which must hereafter and in the near future be done and paid for. This is illustrated by the fact that, as of September 15 1921, over 16 per cent or 374,431 in number of the freight cars of the carriers were in bad order and needing repairs, as against a normal of bad order cars of not more than 160,000 as is further illustrated by the deferred and inadequate maintenance of other equipment and of roadway and structures.

Even under those conditions, and with this large bill charged up against the future—which must soon be provided for and paid if the carriers are to perform successfully, their transportation duties—the result of operations for the first eight months of this year, the latest available figures, has been at a rate of net railway operating income, before providing for interest or dividends, amounting to only 2.6% per annum on the valuation of the carrier properties made by the interstate commerce commission in the recent rate case, an amount not sufficient to pay the interest on their outstanding bonds.

Roads Earnings far Below Reasonable Returns.

It is manifest, from this showing, that the rate of return of 5% or six per cent for the first two years after March 1, 1920 fixed in the transportation act as a minimum reasonable return upon railroad investment, has not been even approximated—much less reached; and that the present high rates accordingly are not due to any statutory guarantee of earnings, for there is no such guarantee.

In analyzing the expenses which have largely brought about this situation, it becomes evident that by far the largest contributing cause is the labor cost.

Today the railroads pay out to labor or approximately 60 cents on the dollar they receive for transportation services whereas in 1916, 40 cents on the dollar went to labor.

On the first day of January 1917, when the government took charge of wages through the Adamson act the labor cost of the railroads had not exceeded the sum of about \$1,465,000,000

annually. In 1920, when governmental authority made the last wage increase, the labor cost of the railroads was about \$3,895,000,000 annually, or, if continued throughout the year instead of for the eight months during which the wage increases were in effect, the labor cost, on an annual basis, would have been largely an increase, since the government took charge of railroad wages in the Adamson act of approximately \$2,450,000,000 annually.

In the light of these figures, it is manifest that the recent reduction of wages authorized by the labor board, estimated at from 10 to 12 percent in no sense meets or solves the problem of labor costs and in no way makes it possible for the railroads to afford a reduction in their revenues.

Thousands of Rates Already Reduced. Indeed, during the past year there have been between four and five thousand individual reductions in freight rates. On some railroads the reductions in rates have amounted to more than the reductions in wages so far made, and on many other railroads the reductions in wages allowed no net return on operations, but merely provided against the further accumulation of a deficit.

The point is often made that agriculture and other industries are also suffering the same immediate difficulties as the railroads. Why, therefore, do not the railroads take their medicine like anybody else? The answer lies in several facts:

1—The railroads were not permitted, as other industries, to make charges during the years of prosperity, making possible the accumulation of a surplus to tide them over the present extreme adversity. According to the reports of the Interstate Commerce Commission, the rate of return in property investment of the railroads of the United States for the past several years has been as follows:

RATE OF RETURN EARNED BY RAILROADS OF THE UNITED STATES ON THEIR PROPERTY INVESTMENT.

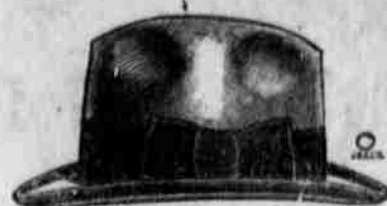

1912	4.84%
1913	5.15%
1914	4.17%
1915	4.20%
1916	(fiscal year) 3.60%
1916	(calendar year) 6.16%
1917	5.26%
1918	3.51%
1919	2.10%
1920	0.32%

It will thus be noted that during the years when other industries were making very large profits, when the prices of farm products and the wages of labor were soaring to unheard of heights, the earnings upon railroad investment in the United States were held within very narrow limits and that they have during the past four years progressively declined.

HENS BETTER THAN PULLETS

Older Fowls Are Preferred for Breeding Purposes—Cockerels Most Satisfactory.

Usually hens make better breeders than pullets. Cockerels, if well grown and matured, often give better fertility than older birds. However, cock birds that have proved good breeders should be used.

MIXTURES TO KILL INSECTS

Combination of Gasoline, Crude Carbolic Acid and Plaster Paris Is Effective.

A satisfactory home-made mixture to kill lice on poultry consists of three parts of gasoline and one part of crude carbolic acid with as much plaster of paris as the liquids will moisten.

The material is allowed to dry a few hours and then placed in airtight containers. The mixture has been tried out at the Ohio experiment station.

The powder should not be mixed or placed near a flame. It is necessary to hold the fowl while dusting in order to work the dust into the feathers thoroughly. Ten pounds of the mixture will treat 250 mature birds.

Mercurial ointment or "blue butter" has been found valuable for killing head lice frequently found on little chicks. Mercurial ointment is a stiff substance, and should be mixed with one or two parts vasoline to apply it easily.

A bit of the mixture the size of a pen applied with the tip of the finger and rubbed into the feathers about the head will destroy the lice. It should not be used too freely.

VICE OF FEATHER PLUCKING

Some Authorities Attribute Habit to Lack of Scratching Facilities While Confined.

Among the annoying vices that fowls in confinement will contract is that of feather plucking. The reason for it is not clearly established; some attribute it to the birds being kept in close quarters devoid of scratching facilities, while others are of the opinion that it is a lack of meat in the ration or a want of green stuff. But whatever it is it is a nasty vice. Changing conditions will sometimes bring relief; others advocate a change of ration, giving stuffs of a cooling nature to which has been added a pinch of salt. If only one or two hens are guilty in a flock they had better be killed before others take up the habit. Paring down the beak so that it will not close tight to nip or pull out the feathers will be found effective. The busy hen with room to turn around in and green, wholesome food scarcely ever contracts this vice.

Our Family Wash

IT'S EASIER NOW

I.
Way back in the dark, dim, dreary ages,
When man knew nothing of pay-day or wages,
He used stony weapons and lived in rocky ledges
And when he wooed—he persuaded with stone sledges.

II.
He loved not for grace or for beauty rare,
He wooed alone for his own welfare,
For his mate had to work—and work darn hard,
For he had to rest—he sure was a card.

III.
But today we woo for beauty and graces,
We all want our wives to have smiling faces,
We let her buy powder, some rouge and pink paste,
But they don't solve the real problem in any case.

IV.
Don't let us copy the cave man so harsh,
Stop turning the basement into a marsh,
Send out that washing that's drudgery to your wife,
We will return it looking ever so nice.

V.
Ten pounds all cleaned for a dollar,
From mother's silk waist to daddy's soft collar.
So give us a call and we'll do the rest,
When your clothes come back home you'll find our way is best.

DO YOU WANT TO HELP SUPPORT THE Carlsbad Municipal Band

A DOLLAR A MONTH—NO MORE, NO LESS

IF SO, CUT OUT THE COUPON BELOW AND BRING OR SEND IT TO BERT

RAWLINS, JOHN WELLS OR RAY SOLADAY.

I hereby agree to pay the sum of One Dollar a month, in advance, for six months, beginning November 1st, 1921, for the support and maintenance of a Municipal Band for the City of Carlsbad.

SIGNED.....

This is a chance for everyone to help this cause. An experienced director has been engaged and is only waiting for the word to come and take charge of the Band. The Secretary of the Band will call upon you on the first of each month for your subscription.

SCOUT NEWS.

Judge Sam O. Bratton addressed the Scouts of Troop 1 Tuesday evening at their hall in the Reclamation building. His subject was "The Mature Manhood of Our Country". The address was something the boys will remember for a long time. Judge Bratton is a man who understands boys and knows how to talk to them in a way that will be of lasting benefit. Over forty Scouts were present and the hearty cheering of these young Americans was evidence of their appreciation of the words of the speaker.

Assistant Scoutmaster Carl Wester conducted the meeting of Troop 1 Tuesday night. Scout Troop 1 will have a Basket Ball team made up of the younger set. Practice will start next week. Look out for a good team in the near future.

How about winter reading? It will soon feel mighty good to cuddle up to a stove or radiator with a good book or magazine and read some interesting, hair splitting story.

Well, we can suggest many things, but of all the magazines, there are two that we recommend to you fellows as carrying real, live wire stuff for real, live wire, not "wireless" red blooded Scouts, "Boys Life" for you younger fellows, although I sure like the stories myself, and "The Open Road" for you fellows going to High school. Peppy stories that get somewhere are found in both of these monthly publications. Better get your subscription in right away so that they will be coming by the time it gets cold and you want them bad—this is good recommended reading, fellows, the kind you like and want—Printer Scout.

Major E. P. Bujac and Muri Nornhauser will leave tomorrow night to attend the National meeting of the American Legion which will be held at that city next week.

Princess Chrysanthemum, a musical opera full of good singing and characters from the sublime to the ridiculous.

Six little girls were invited to the Harlan Thomas home on Halagueno street Saturday night to help Miss Eva, the eldest daughter, celebrate the return of her natal day. The guests were invited to a slumber party and after gathering at the home, turned on the Victrola and enjoyed the music; in the meantime Mrs. Thomas slipped over to her neighbor's, Mrs. Jones, and soon returned bearing a cake and delicious ice cream which was a surprise to all present. The girls spent the night with their friend, and in the morning went to the different Sunday schools but before leaving were invited to return for a chicken dinner, which they did. Mesdames Jones, Hoose and Love assisted Mrs. Thomas in her preparation and serving. The girls who spent the night there were Grace Brown, Retta Reed, Marion Hoose, Kate Love, Amelia Mays and the honor girl, Eva Thomas. Annie Lee Love, Katherine and Ruth Hoose were also present during the evening.

TOYAH BELL OIL WELL OVER TOP SIX TIMES IN TWENTY-FOUR HOURS, REPORT.

Pecos, Tex., Oct. 26.—Toyah-Bell oil well has shot over the top six times in the last 24 hours, four times on its own volition, and has hit the crown blocks twice as a result of sending the swab 200 feet down into the casing. The swabbing was done in order to secure fuel for the well.

The flows last an average of about five minutes and measure about 20 barrels. The oil is of 40 gravity. A crew was placed at work this morning, laying a four inch pipe line four miles to the Santa Fe railroad storage tanks which have been shipped from Cisco.

There is 18 feet of casing in the bottom of the well, which the management states will not be cleaned out until the pipe line and storage is completed.

GREGORY MORTON HOLLOWAY.

America's Oldest Odd Fellow Dies At Valley Star, Howell County, Missouri. Was Exemplary Christian Gentleman.

Gregory Morton Holloway, said to be the oldest Odd Fellow in point of membership of that popular order in America, died in the Ninetieth year of his age at 11 o'clock Saturday night, October 8, at the family home near the Valley Star school house, south of West Plains, Missouri, death being due to senility.

Mr. Holloway was born in Estel, county, Kentucky, March 13, 1832, and moved with his parents in 1835 to what was afterwards a part of Westport Landing, now Kansas City, Mo., where the family cash-entered a tract of land from the government the land now being near the heart of Kansas City.

With his younger brother, Benjamin Holloway, he attended school in the first school house erected on the site of the present city.

On April 25, 1853, having just become of age, young Holloway joined Hebron Lodge No. 55, I. O. O. F. at West Port and those who know what Oddfellowship stands for say that Mr. Holloway has lived the principles of the order consistently.

On Christmas day, 1856, he was married to Miss Jane Shelton of Blue Ridge, in Jackson county, and the couple were sweethearts to the very day of Mr. Holloway's death.

He was a confederate soldier. In 1856 the family moved to West Plains where for many years they occupied the property on the south hill across from the stand pipe and then known as the "Holloway Hill". In 1900 Mr. and Mrs. Holloway with their second son, Ned, moved to Carlsbad, N. Mex., where they resided until 1912 when they went to Oklahoma, returning to West Plains and settling on the Uncle Chris Perry farm near Valley Star in 1916, where they have since lived.

In early life Mr. Holloway gave himself to Christ, uniting with the Baptist church, in which he has been a constant and devout worker.

His life was like a benediction to hundreds of people and his child like faith and devotion to the Master's cause led many to the light. His was an ever-day religion and as one neighbor expressed it, "I've often heard the expression 'one of God's noblemen' ", said another friend, "but old brother Holloway was the only man I ever knew whom I thought was well nigh perfect".

The funeral was held at the family home Monday afternoon, the Rev. D. W. Epley, an old time friend of the deceased, officiating and the interment was made at Oaklawn cemetery in this city. The local lodge of Odd Fellows gave their impressive fraternal service at the grave, and a number of the brethren accompanied the funeral party from the home.

Besides the widow, 83 years of age, there are surviving two sons, John S. Holloway, cashier of the Koshkonong State Bank, Koshkonong, Mo., and Ned G. Holloway of Valley Star, one brother, Benjamin, Holloway of Kansas City, and also four grandchildren. Both sons, with their families were at the bedside when the spirit of this good man was taken to its heavenly home.—West Plains, (Missouri,) Journal.

PRESBYTERIAN CHURCH.

With morning worship Sabbath at the Presbyterian church, there will be observance of Reformation Day, and the sermon will have to do with "A Reformation God". There will be church school at ten o'clock, and at seven the young people besides having devotions, will have Bible study. Wednesday evening at seven-thirty the interest will be centered on the book of Revelation and the particular study will be the letter to the church of Ephesus.

THE HOMELIKE CHURCH.

ORDINANCE NO. 165.

AN ORDINANCE MAKING IT UNLAWFUL FOR ANY PERSON, FIRM OR CORPORATION OWNING OR OPERATING ANY WATERWORK SYSTEM IN THE CITY OF CARLSBAD, NEW MEXICO, TO MAINTAIN, PERMIT OR ALLOW ANY LATERAL OR SERVICE PIPE TO REMAIN IN OR UPON ANY STREET OR ALLEY IN SAID CITY WHICH HAS BEEN PAVED, MACADAMIZED OR OTHERWISE PERMANENTLY IMPROVED OR WHICH HAS BEEN ORDERED PAVED, MACADAMIZED OR OTHERWISE PERMANENTLY IMPROVED, EXCEPT AS HEREIN PROVIDED AND DESIGNATING THE KIND AND CLASS OF MATERIAL TO BE MAINTAINED AND USED AND PROVIDING A PENALTY FOR THE FAILURE TO PERFORM THE DUTIES REQUIRED HEREIN.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CARLSBAD, NEW MEXICO:

Section 1. It shall be unlawful for any person, firm or corporation owning or operating any waterworks system within the City of Carlsbad, New Mexico, to maintain, permit or allow any lateral or service pipe leading from any water main, to remain in or upon any street or alley in said City which has been paved, macadamized or otherwise permanently improved, or which has been ordered to be paved, macadamized or otherwise permanently improved, unless the same be of double strength lead, tin-lined lead or Byers first grade galvanized wrought iron pipe or some other grade of galvanized wrought iron pipe, equally as good, laid in and covered in a bed of Portland cement concrete to a thickness of not less than one inch over every part of said lateral or service pipe from the water main to the curb line of such street or alley; it is hereby made the duty of every such person, firm or corporation at the expiration of ten (10) days from the taking of effect of this ordinance to remove all of their or its laterals and service pipes leading from their or its water mains in and upon the streets and alleys in said City now ordered to be paved, macadamized or otherwise permanently improved, that are not either double strength lead, tin-lined lead or galvanized wrought iron laid in and covered with a bed of Portland cement concrete to a thickness of not less than one inch over every part of said pipe; and hereafter whenever any street or alley, or portions of streets and alleys, in said City shall be ordered paved, macadamized or otherwise permanently improved, then every person, firm or corporation owning or operating any waterwork system in said City are hereby required within ten (10) days after written notice by the Mayor to remove all of their or its lateral and service pipes leading from their or its water mains in and upon the streets and alleys, or portions thereof, so ordered to be paved, macadamized or otherwise permanently improved that are not either double strength lead, tin-lined lead or galvanized wrought iron laid in and covered with a bed of Portland cement concrete to a thickness of not less than one inch over every part of said service pipe or lateral and to repair, construct and replace said service pipes and laterals with either double strength lead pipe, tin-lined lead pipe or Byers first grade galvanized wrought iron pipe, equally as good, laid in and covered with a bed of Portland cement concrete to a thickness of not less than one inch over every part of said pipe; and hereafter whenever any street or alley, or portions of streets and alleys, in said City shall be ordered paved, macadamized or otherwise permanently improved, then every person, firm or corporation owning or operating any waterwork system in said City are hereby required within ten (10) days after written notice by the Mayor to remove all of their or its lateral and service pipes leading from their or its water mains in and upon the streets and alleys, or portions thereof, so ordered to be paved, macadamized or otherwise permanently improved that are not either double strength lead, tin-lined lead or galvanized wrought iron laid in and covered with a bed of Portland cement concrete to a thickness of not less than one inch over every part of said service pipe or lateral and to repair, construct and replace said service pipes and laterals with either double strength lead pipe, tin-lined lead pipe or Byers first grade galvanized wrought iron pipe or any galvanized

wrought iron pipe equally as good, laid in and covered with a bed of Portland cement concrete to a thickness of not less than one inch over every part of said pipe; and upon the removal, repair or construction of any such service pipes or laterals the cavities in such streets or alleys caused thereby shall be filled and tamped and water-settled even with the existing surface of the streets or alleys and said streets and alleys be restored to as good condition as before said excavation was made.

Section 2. It is hereby made the duty of any person, firm or corporation owning or operating any system of waterworks within the City of Carlsbad, New Mexico, to lay, construct and maintain its water-pipes, water-mains and laterals in a manner and at such depth below the surface of the streets and alleys in said City as will not interfere with the grading, paving, macadamizing or otherwise permanently improving, any of the streets and alleys in said City, and it shall be unlawful for any person, firm or corporation so to do.

Section 3. Any person, firm or corporation who shall violate any of the provisions of this ordinance, or who shall fail or refuse to comply with any of its provisions, shall be deemed guilty of an offense against the City of Carlsbad, and upon conviction shall be fined in any sum not less than Fifty (\$50.00) Dollars nor more than Two Hundred (\$200.00) Dollars, and each day such person, firm or corporation shall violate any of the provisions in this Ordinance, or shall fail or refuse to comply with any of its provisions shall be deemed a separate offense, and shall subject such person, firm or corporation to a like fine.

Section 4. That all ordinances in conflict herewith be and the same hereby are repealed and this ordinance shall take effect from and after its publication as required by law.

Finally passed on this 26th day of October, A. D., 1921.

(SEAL) J. D. HUDGINS, Mayor.

ATTEST: R. A. TOFFELMIRE, City Clerk.

Approved by me this 26th day of October, A. D., 1921.

LOCAL NEWS.

"Daddy" Heard is in town this week a visitor at the home of his son-in-law and daughter, Judge and Mrs. F. E. Wilson.

Mr. Recker, of the Otis section, lost a bale of cotton by fire in his field Monday night. Some loss with cotton selling at the price it now does.

W. G. Brown and daughter, Miss Madge, returned Wednesday night from a very delightful visit to El Paso, Texas.

Mr. and Mrs. Albert Ares and boys, left yesterday for their home in the mountains west of town, after spending the week with relatives here.

J. W. Tulk came in this week from the ranch in the Lovington section and spent several days with his daughter, Mrs. Middleton and children.

Mr. and Mrs. G. L. McAdoo, of Loving, were up from their home there last Sunday and spent the day with friends in Carlsbad. They are already feeling very much at home with those good people.

Paul Gray has been in Carlsbad almost all week from his home south west of town in the mountains. Mr. Gray has been buying steer yearlings and he and his partner, Duggan Rickman, have recently purchased the following: From Walter Glover, 37 head; W. W. Smith, 65 head; from Amos Reeves, of Monument 174 head; H. S. Record, of Monument, 131 head; from A. J. Mayes, 11 head; R. F. Madera, 84 head; Paul Ares, 131 head; Louis Cargill, 87 head; Guadalupe Cattle Company 90 head. The price paid was \$20 around.

Wm. Balz, the barber, has returned from his visit to Dallas, Texas, where he went to attend the State Fair and visit with relatives. Mr. Balz happened to be out at the Toyah Bell well in Pecos when it first threw off to the top of the derrick Tuesday morning.

Postmaster John W. Wells returned yesterday from a hurried trip to Lovington, from where he accompanied his mother-in-law, Mrs. Penny, to her home in this city. Mrs. Penny had been visiting her relatives on the Plains for several days.

Come and hear Mrs. McKim in Princess Chrysanthemum at Crawford theatre Nov. 8.

A JOINT BIRTHDAY PARTY.

The following clipping from the Huntington Park Signal, (California) will be of interest to the friends of the little folk honored, both of whom were former residents of this city and the little girl still calling Carlsbad "home". The clipping follows:

"Last Saturday afternoon, from two to four, at the home of Mr. and Mrs. J. J. Kircher, on North Seville Avenue, Martin Yardly, aged 6 and Mary Kathryn Kircher, aged 4, entertained 15 of their little friends at a joint birthday party. The children played games and were then served ice cream, with two big birthday cakes, one with six candles and one with four. Each little guest was presented with a kewpie doll as a souvenir." Carlsbad friends extended wishes for "many pleasant returns."

John Lowenbruck returned Thursday afternoon from Los Angeles, California, where he spent the summer months in accordance with his usual custom. Mr. Lowenbruck says that the Carlsbad residents now in California are all well and doing well. He especially wanted to tell us that he was much in favor of paving, and said that if paving is not done soon he will get out a petition to change the name of the city from Carlsbad to Mudville.

Word was received here last night that the body of Clay McGonagill, well known cattleman, formerly of Eddy county, but of late years living in Arizona, would arrive on the train from the south tonight. Rumor has it that the death occurred in Arizona, and that relatives of the dead man will accompany the remains. Nothing definite is known, however, as to the place of interment.

Mrs. E. V. Albrighton is enjoying the presence of her grandmother, Mrs. E. N. Mapes, who arrived unexpectedly last night. The lady is in her 98th year and stood the trip from her home at Beoville, Texas, better than one would have expected from one of her age.

Mrs. Frank Miser and three children, left on the morning train for Mineral Wells, Texas, their home. They spent the summer with Mrs. Miser's parents on the Hi Lonesome ranch near Lovington.

C. H. Eggleston, who is salesman for the Simmons Hardware company of St. Louis, was in the city this week in the interest of his firm. He has been coming here for a number of years.

ELLEN H. RICHARDS CLUB.

In response to attractive invitations which were distributed early in the week, the Freshman girls met Thursday evening in the Domestic Science rooms for the initiation and first meeting of the Ellen H. Richards Club organized a short time ago by Miss Shephard, teacher of Home Economics in the High school.

In the business meeting the aim of the club was emphasized and the following interesting program was given:

"The Life and Work of Mrs. Richards," Elizabeth Webb.

Vocal solo, Alice Walter.

"The Growth and Development of Home Economics for High School Girls," Mary Whitehead.

Piano solo, Mildred Hutchinson.

The officers of the club were hostesses during the remainder of the evening and proved themselves very capable in carrying out the initiation stunts.

After having played games and listened to a Hallowe'en story, the girls were led to the dimly lighted dining room where jack-o-lanterns and black and gold streamers decorated tables set for thirty-six girls.

The menu carried out the Hallowe'en color scheme in consisting of fruit salad in orange baskets and chocolate cakes topped with tiny lanterns for favors.

Each girl expressed herself as having spent a very delightful evening.

REPORTER.

George Orr, of El Paso, is in town today, he being connected with the Lee Moor Paving Company of the Pass City as vice-president.

C. H. Dismann, the carpenter and contractor is expected in tonight or tomorrow night from his summer stay with their sons, in Los Angeles and Ontario, California.

Don't fail to see Princess Chrysanthemum at the Crawford Theatre November 8th.

Judge J. B. McGhee, of Clovis, was in the city the first of the week engaged in legal business while here.

B. C. Gistrap, a cotton buyer from Tecumseh, Oklahoma, returned to Carlsbad this week and is a guest of the Crawford.

C. B. Campbell and son, C. W. W., are in this morning from the BK ranch and are stopping at the Crawford hotel.

Mrs. E. R. Lang, who resides in the Otis community, was delightfully surprised Saturday by the arrival of her daughter, Miss Helen, and her sister, Mrs. Schager, of Sioux Falls, South Dakota. The daughter has been with her aunt and grandparents for several years. Mrs. Schager expects to remain here at the Lang home until after the holidays.

DR. MUNGER OFF TO BE MARRIED.

Dr. W. R. Munger stole a march on his friends when he left this morning for Elida, where he will meet his fiancée, Mrs. White, and they will be married tomorrow, she coming from the east. A honeymoon trip is planned, the couple going down through Texas where they will spend some time before returning to this city. A more extended notice will be given when we hear from Dr. Munger. In the meantime, congratulations and best wishes are in order.

J. F. Bush, express messenger on the road between here and Pecos, has taken a lay-off and this morning left for Hot Wells, where he will spend a week or ten days for the benefit of the water and baths on a rather obstinate stomach trouble.

The Berean class, of the Christian Sunday school will hold a Hallowe'en party at the Christian church, next Monday beginning at 7:30. A nice program has been prepared and refreshments will be furnished during the evening.

Notice is hereby given that water will be turned out of the canal on or about November 1, 1921.

Uncle Green Usary, Arthur Mayes and Charley Grammer are a trio of stockmen in from their respective ranches this week.

COURT ADJOURNED.

Judge Sam G. Bratton, of the Fifth Judicial District court, adjourned the October term of court and left Wednesday night for Clovis, the other officials accompanying him. A number of non-jury cases, occupied the attention of the court during the time it was convened here, the case of Myrtle Ward vs. Mrs. Paul Ares being heard Tuesday. The evidence in this case was heard, the lawyers submitting their arguments to the judge in writing and he taking the case under advisement.

In the case of the State National Bank vs. George M. Cooke and wife, judgment was rendered against the defendants.

A number of minor cases were disposed of during the three days of the week in which Judge Bratton presided.

Ray Watkins left Saturday night for Cowley, Wyoming, where he will take work in the same shop as his brother, Tom. Ray has only been out of the United States Navy since August.

Your Sixty-Three Dollars

WE do not mean to pry into your private affairs, but—have you any money in the bank?

You have. Perhaps only \$100. The exact amount does not matter.

Taken all in all there are some 27,000,000 depositors in the banks of this country. These banks have invested, approximately, \$1,700,000,000 in public utilities securities.

That makes your financial interest in public utility stock at least \$63.

That brings you down to a direct and personal partnership in the power company behind the wires in your house, in your office, in your factory! There are some 1,450,000 American citizens who had faith enough in the future of electricity to invest, first-hand, in the securities of the electric light and power companies. They were investors with vision. You are an investor by chance—but none the less an investor.

While 35,000,000 Americans enjoy electric service in their homes, there are still 14,000,000 homes in the United States not supplied with electric light, more than half of which sooner or later will demand electric service.

It is authentically stated that 1,500,000 homes, 500,000 factories, 5,000 churches, 60,000 apartment buildings, 15,000 theatres and 5,000 public schools must be built and wired immediately.

What does all this indicate to you?

Simply that the electric light and power industry of the United States is little more than at the beginning of its development and activities. It is seeking to extend its service capacity so it may care for demands from these millions of residents promptly and efficiently as the need or desire for service arises.

NATIONAL ELECTRIC LIGHT ASSOCIATION

AT YOUR SERVICE,

The Public Utilities Company

AN OMISSION.

In our cotton piece published last week, credit should have been given to the Artesia Advocate, in which the article appeared simultaneously with the Current. The omission of a credit made us appear in a bad light as regards the Advocate and we hasten to correct as far as possible, the omission.

Hope is planning a great celebration for Armistice day. In fact three days are to be devoted to the entertainment, which will take the form of a rodeo, with a big barbecue the second day. Every body is invited.

Mrs. Ira Stockwell and daughter, Virginia, are expected to arrive tonight on their return from a lengthy stay at Lawrence, Kansas, and at Kansas City, Missouri.

RED BLUFF MAPS TURNED OVER TO RECLAMATION SERVICE.

Maps and blue prints pertaining to the Red Bluff reservoir site have been forwarded to the U. S. Reclamation Service at Denver, Colorado, by Vernon L. Sullivan, engineer of El Paso, in compliance with the terms of the contract signed last week by the Pecos Valley Water Users Association.

In a letter Mr. Sullivan reports that he has forwarded the following:

"Map, three by eight feet, showing all of the land lying under present constructive irrigation systems in Texas excepting the lands being irrigated by pump at Porterville. One map about three by seven feet of the proposed Red Bluff reservoir showing the contours of the reservoir, the section line, the proposed dam-site and so forth for a reservoir with a maximum of about eighty foot depth which should be increased to about ninety feet, one map showing cross section of the river at the dam site and cross sections of the proposed dam and outlet by the Toyah Lake Irrigation Co., one cross section of the river and plans of proposed dam by Mr. Scougalt and one cross section of the dam by Mr. Scougalt."

These maps and cross sections will save considerable preliminary work on the part of the Government geologists when they arrive to start operations and will cut down the expense.

These maps were prepared by Mr. Sullivan has also been a contributor considerable time and money, while Mr. Sullivan has also been a contributor to the fund providing for the survey.

In closing his letter to the Reclamation Service he says: "The importance and the necessity of this reservoir on as large a scale as practical to provide adequate water for the farmers under these already constructed systems can hardly be over-estimated."—Pecos Times.

THE FIRST METHODIST CHURCH. A. C. Douglas, Pastor.

9:45 A. M.—Sunday school for all ages with graded lessons. Our Sabbath school is modern in method and tries to train for Christian character. There were 161 present last Sunday. Come this next Sunday and join us, if you are not going elsewhere. Mr. John Wells, superintendent.

11:00 A. M.—Sermon by the pastor, subject: "Salvation Through Faith." The subject is an old one, but you will get a new thought that will help you in your thoughts of "the better life." There will be a special number by the choir.

6:30 P. M.—Epworth League will meet for the first time after re-organization at this hour. Our League began last Sunday evening with forty members. We want to see fifty present next meeting. Come and join this fine number of Leaguers if you do not go elsewhere. Mr. John Wells will have charge of the devotional meeting.

7:30 P. M.—The evening service will be one of song and praise, followed by a twenty-minute sermon. You will enjoy the service and feel at home with us.

Our aim is to give courage and comfort to all who may enter our church. And we hope to make the services so interesting to all that you will want to come again.

Day V. Davis, the photographer, spent a few days in El Paso on business, leaving here last Saturday and returning the middle of the week.

SOUR STOMACH INDIGESTION

Thedford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. S.

EDDY COUNTY SCHOOLS RECEIVE OVER EIGHT THOUSAND DOLLARS FROM STATE SCHOOL FUND.

Carlsbad, N. M., October 30, 1921. Mr. A. E. Lusk, County Treasurer of Eddy County, Carlsbad, N. M.

Dear Sir:—A distribution from the State School Fund has been made to the General School Fund of Eddy county, amounting to \$2,567.50 per child upon the 1920 census enumeration of 3,499. This money must be used in payment of expenses incurred for the school year 1921-22. Please credit the various school districts of the county, funds of 1921-22, with the following amounts upon the basis of the enumeration of each district:

District	Enumeration	Amount
1. Otis	369	\$922.50
3. Lower Black River	29	72.50
4. Upper Black River	24	60.00
5. Queen	55	137.50
6. Rocky Arroyo	54	135.00
7. Lakewood	130	325.00
10. Loving	381	952.50
11. Malaga	213	532.50
17. Atoka	61	152.50
27. Cottonwood	111	277.50

Total, Rural Maint. F. 1427. \$3567.50
8. Hope .. 345... 862.50
12. Dayton .. 70... 175.00
16. Artesia .. 634... 1586.00
Carlsbad .. 1012... 2530.00

TOTAL .. 3499. \$8725.00

Very respectfully yours,
GEO. M. BRINTON,
County Superintendent of Schools.

THE KNOCKER'S PRAYER.

Lord, please don't let this town grow. I've been here for thirty years, and during that time I've fought every public improvement; I've knocked everything and everybody; no firm or individual has established a business here without my doing all I could to put them out of business. I've lied about them, and I would have stolen from them if I had the courage. I've done all I could to keep the town from growing and never spoken a good word for it. I've put ashes on the children's slide and have made the marshal stop the boys from playing ball in my vacant lot. Whenever I saw anyone prospering or enjoying themselves I've started a reform to kill the business or spoil the fun. I don't want the young folks to stay in this town, and I will do all I can by law, rule and ordinance to drive them away. It pains me, O Lord, to see that in spite of my knocking it is beginning to grow. Some day I fear I will be called upon to put down sidewalks in front of my property, and who knows but what I may have to keep up the streets that run by my premises? This, Lord, would be more than I could bear. I would cost me money, though all I have was made right here in this town. Then, too, more people come if the town begins to grow, which would cause me to lose some of my pull. I ask, therefore, to keep this town at a standstill, that I may continue to be the chief. Amen."—The Weekly Graphic.

SANTA FE RAILWAY MEN WANTED

Notice has been received that employees in engine, train, and yard service and telegraph and telephone operators and station agents of this Company will leave its employ at 6 A. M. November 1st.

The Santa Fe Railway recognizes its obligation to the public and will make every legal effort to maintain passenger, mail and freight service and requests the co-operation of the public.

Volunteers for engine, train and yard service and telegraph and telephone operators and station agents are invited to apply promptly.

Applications, giving full name, residence, age, occupation, railroad experience and positions preferred in railway service, will be received by

F. L. MYERS,
Assistant General Manager,
Amarillo, Texas.

The most acute eyesight sometimes generously fails to see the frailties of mankind.

It is easy to say a lot of bright, original things if your auditors haven't heard them before you steal them.

Air inside a tire serves a good and useful purpose, which is not so true of that in a number of people we could name.

More downright misery follows in the wake of so-called pleasure than follows sorrow.

CAPITAL AND SURPLUS \$200,000.00

Henry Hays, the only son of Mr. and Mrs. Dick Hays, with his family, is en route to Carlsbad, and will arrive here this week sometime. Mr. Hays comes from Bazaar, Kansas, and is a farmer. He has recently had a public sale of his stock and farming implements and comes to make his home in the valley. The many friends of his parents will extend the family a cordial welcome.

Mrs. A. T. Odeneal, of Spur, Texas, is in the city, coming to look after the children of Mrs. Reemes, that lady being taken to Eddy county hospital for treatment and if necessary, an operation.

Judge C. R. Brice adjourned court here Saturday night and left with the prosecuting attorney for Roswell, where after spending the Sunday at that place he left for Albuquerque to hold a session of court there. Prosecuting Attorney Dilard Wyatt returned here Sunday afternoon in company with Judge Sam Bratton, who is presiding over the court this week. Court will likely adjourn tomorrow for this term.

IMPROVED UNIFORM INTERNATIONAL Sunday School Lesson

By REV. P. H. FITZPATRICK, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago
(C. B. L. Western Newspaper Union.)

LESSON FOR OCTOBER 30

STRONG DRINK IN A NATION'S
LIFE—WORLD'S TEMPER-
ANCE SUNDAY.

LESSON TEXT—Isa. 28:1-13.
GOLDEN TEXT—Woe unto him that
giveth his neighbor drink.—Hab. 2:15.
REFERENCE MATERIAL—Isa. 5:11-13;
Ez. 2:1; Amos 4:1, 2.
PRIMARY TOPIC—Story of the Recha-
bites.
JUNIOR TOPIC—The Faithful Recha-
bites.
INTERMEDIATE AND SENIOR TOPIC—
Enforcing Prohibition.
YOUNG PEOPLE AND ADULT TOPIC—
World Prohibition.

I. God's Judgment Upon Israel

(vv. 1-4).

1. The sin for which Israel was judged (v. 1). It was drunkenness, which seems to have been a national sin. (See Isa. 5:11, 12; 7:25; Amos 2:6, 8, 12; 4:1; 6, 6.) Samaria's position was an enviable one. The whole nation was proud of her. The crown of pride whose glorious beauty had been so marked was falling through the blighting effects of drunkenness.

2. The instrument by which the punishment was effected (v. 2). It was to be by the strong hand of the Assyrians. The imagery of this verse shows that this destruction was to be sudden, swift and irresistible.

Some of the evils wrought by drunk-
ness:

(a) Strength is wasted by it (v. 1).

"Are overcome with wine." Man's
manifold strength, physical, mental
and spiritual, is soon mastered by
strong drink. (b) Honor brought into
the dust. "Shall be trodden under
feet" (vv. 1, 3). Just as this proud
city was humbled through intemper-
ance, so does drunkenness bring down
into the dust those high in educa-
tional, social and business circles.

(c) It despoils beauty (v. 1, 4).
"Beauty is a fading flower." Beauty
soon departs from the form and spirit
of men and women who indulge in the
intoxicating cup. (d) Wisdom is
turned aside (v. 7). "They have erred
through wine and strong drink." As
a consequence they were groping in
darkness instead of walking in the
light of the Lord.

II. The Lord's Promise to the Rem-
nant (vv. 5, 6).

Out of this awful darkness shines
a ray of brightness, for following the
destruction of the proud city the Lord
of Hosts is promised for a crown of
glory to the remnant of His people.
This pointed forward to the coming
of the Savior (Zech. 6:13). Their
hopes were partially fulfilled at the
first coming of the Savior, but the
real fulfillment shall be when drunk-
ness, pride and all unrighteousness
shall disappear before the glaring
light of the Sun of Righteousness
(Mal. 4:2; 1 Pet. 5:4).

III. The Sinfulness of Judah

(vv. 7-10).

1. Drunkenness (v. 7). Judah had
also erred through strong drink. Even
their priests and prophets had fallen
through the blighting effects of wine.
It was a violation of God's law for a
priest to take wine before entering
the tabernacle. The drunkards of
both Judah and Ephraim are de-
nounced. The message is a fitting one
for this day, for the Scriptures de-
clare that no drunkard shall enter the
kingdom (1 Cor. 5:11; 6:10).

2. Unnamable filth (v. 8). This de-
scription shows a condition which is
deplorable indeed. Filth and drunk-
ness go hand in hand.

3. Mockery (v. 9, 10). In addition
to their drunkenness and filth they
scorned the word of God's prophets. These
priests had become so hardened by
their drunken debauchery that they
set at naught Isaiah's instructions
and scorned God's messengers. They
questioned their authority and gave
back the answer of ridicule as if to
say, "We are teachers, what do you
mean to teach? We are babies that
have just been born. 47 You come
to us with your line upon line, line
upon line." They were not only un-
willing to receive the message, but
tired of the way in which it was de-
livered. Not being willing to receive
the message, they complain of the
manner in which it is delivered. The
doctrine of salvation by blood alone
is not a very popular one; the preach-
ing of the cross is foolishness to some
(1 Cor. 1:18-21; 2:14).

IV. Judah's Punishment. (vv. 11-13).

The prophet replies to these drunken
scorners that their very drunken ques-
tions should be answered by the Lord
in judgment. God had repeatedly of-
fered them rest, but they had as re-
peatedly refused it. Their scorn and
contempt are answered with the bit-
terest sarcasm. The bloody conqueror
would come upon them and cause
them to be snared and taken.

God Waits.

Patience, nobly, magnanimously,
God waits; waits for the man who
is a fool to find out his own folly;
waits for the heart which has tried to
find pleasure in everything else to find
out that everything else disappoints,
and to come back to Him, the foun-
tain of all wholesome pleasure, the
well-spring of all life fit for a man to
live.—Charles Kingsley.

Banish Fear.

To fear the worst oft causes the
worst.—Shakespeare.

LOCAL NEWS.

J. M. Halbert was operated on at
St. Mary's Hospital the early part of the
week for appendicitis and indications
are that he will get along all right.

Hiram Dow, Esq., came down from
Roswell Monday afternoon on legal
business.

Henry Knabe, after a few days' stay
in the city, left for his home at
Lawrence, Kansas, Tuesday morn-
ing.

A baby boy was born Sunday after-
noon to Mr. and Mrs. W. B. Kehl,
at the Frederick private hospital.
The youngster weighs eight pounds
and is a fine healthy boy. Mr.
Kehl is an ex-service man, and was
injured during the war, so that he
is unable to live in this altitude,
and is living in Albuquerque at
present, to which place the mother
and babe will go as soon as prac-
ticable. Mrs. Kehl was, until her
marriage, Miss Susie Larremore.

Mrs. J. F. Joyce is spending part
of the week in Roswell, going up
Monday night.

Miss Marjorie Snow celebrated her
thirteenth birthday anniversary last
Saturday at the home of her parents
in the northern part of town.
Twenty-four girls were present and
played "Bunco" and other games
and at the close of the afternoon re-
turned to their homes wishing Miss
Marjorie many more pleasant occa-
sions similar to that of Saturday.
The birthday cake was much enjoy-
ed as was the delicious ice cream
which went with it. Souvenirs of
the occasion were given to each
guest.

Mrs. John Garrett is spending the
week in town at the home of her
parents, Mr. and Mrs. Robert Breed-
ing, from her home in Lovington.

ART CLASSES.

Miss Effie V. Hart will teach
classes in oil, water color and china
painting at her home Canyon street.
Children's class from 9 to 10 o'clock
Saturday mornings—tuition, one
dollar per month.

HAY TRADE CONDITIONS OF THE WEEK.

The threatened railroad strike had
a stimulating effect on hay markets
this week and values have been
strongly maintained. The high
values of a week ago brought out
more hay and all arrivals of good
quality have been absorbed by the
trade. Today the danger of a
strike does not look as close. The
strong public sentiment shown a-
gainst such a measure has influenced
the members of the unions so that
they are urging all unions to call off
the general strike and accept the
wage cut. While the danger of a
strike is not over, yet it is not as
menacing as at the first of the
week, and there is an undercurrent
of belief that a way out will be
found. Public sentiment is always
with labor when its cause is just,
but business cannot be normal while
wages are abnormal, and a strike
with such a cause cannot help but
be ineffectual.—Hay Trade Journal.

Miss Roberta Henderson, of Mala-
ga, spent Sunday in town, a guest
of the home of Rev. D. F. Sellards,
leaving for Malaga Monday morning.
Miss Henderson brings the welcome
news that the health of her mother,
which had been much impaired for
some time, is better now than for
many years.

State National Bank of Carlsbad

Farm Talk No. 14

POULTRY IN CARLOADS

They are shipping poultry and eggs in by the car-
loads from some of our neighboring Plains towns. Five
years ago such an industry on such a grand scale was
unheard of.

These carload shipments of chickens and eggs
represent many thousand of dollars paid in cash to the
farmers for these products. Cash paid when it is
needed most.

Carlsbad Project can ship poultry and poultry pro-
ducts in carloads as well as any other town, if our
farmers will realize the cash returns to be derived from
this industry and will raise the poultry.

This bank is strong for more and better poultry.
If you want further information on the subject, come
to see us. If we don't know what you ask us we will
find out for you, RIGHT NOW.

YOURS FOR MORE DOLLARS PER ACRE.

OTIS NEWS.

Almost the entire citizenship of
the community around Otis joined in
an endeavor to send Carl Smith and
wife away with such kindly feelings
toward them that they would want
to return. They planned a surprise
party for them Saturday night at
which twenty-four of their neighbors
and friends were present and had
a good time in spite of the thought
of parting that overshadowed every one
in a while. About two score adults
and children partook of the delicious
cake and coffee which the guests
had provided and all joined in wish-
ing Mr. and Mrs. Smith "a safe
journey and a speedy return" to the
friends they leave behind in the Otis
community. Rook was a favorite
game with the elderly people at the
party and the young folk danced to
Edison music, during the evening.
Mrs. Roy Worley has been on the
sick list for several days.

The Coterie Club was entertained
at the home of Mrs. Roy Worley,
in the Otis section last week, Thurs-
day. An enjoyable afternoon was
spent, while nimble fingers plied the
needle at a comforter for Mrs. Wor-
ley, which they completed, and then
enjoyed the chicken sandwiches, salad
and coffee provided by their hos-
tess as a fitting finale to the after-
noon's pleasures. Twelve ladies were
present. Mesdames Love and S. L.
Pilson of Carlsbad, being honored
guests and the remainder being club
members.

Carl Smith and wife took dinner at
Henry Tipton's last Sunday and started
on their overland trip the after-
noon of the same day. They went
first to Oklahoma, and from there
Mrs. Smith took the train for Kansas
City, where she expects to visit with
relatives until the spring months.
Mr. Smith expects to return to this
locality in two or three weeks.

SANTA FE RAILWAY EMPLOYEES REMAINING LOYAL WILL BE PROTECTED.

Amarillo, Tex., Oct. 24.—Employees
remaining loyal in case of strike will
be protected in their insurance. In
case of expulsion from their organiza-
tion, announced P. A. Lehman,
general manager of western lines of
the Santa Fe today and issued the
following bulletin:

"Engine, train service, and tele-
graph employees if they remain loyal
to this company in the impending
strike, if it occurs, and by reason
of expulsion because of loyalty to the
company and the government, insur-
ance in their organization is lost to
them, the company will procure for
them similar amount of insurance
with no increased cost to them for
premium and without any impair-
ment of their status in any pension
or death benefits provide dby the
company without any cost to them."
—A. M. HOVE.

TRANSFER PETE P. HOOVER

MARRIED.

Cards received here announce the
marriage of Mrs. Emma Louise Set-
tle, of Kansas City, to Dr. Harry J.
Stubbs, of the same city, October 15.
The bride is the daughter of Mrs. R.
J. Boatman, and sister of Miss Lena
Osburn, of this city and has visited
her mother and sister here several
times, having only recently conclud-
ed a visit to them. A beautiful wo-
man with charming personality, her
many friends and the friends of her
mother and sister have only the best
of wishes to offer her for a happy
life.

Dr. Stubbs is a prominent dentist
of Kansas City and deserves to be
congratulated on securing so lovely
a bride.

JUDGE BRATTON SPEAKS TO BOY SCOUTS.

Judge Sam Bratton, of Clovis, who
is holding court in Carlsbad this
week, was speaker at the Boy Scout
rooms last Tuesday night. Forty-
seven Scouts were present and en-
joyed the speech which was in the
happiest vein of the Judge, who is
a favorite with the boys and is also
very enthusiastic in Scout work.

Judge and Mrs. Hervey and chil-
dren, of Roswell, were in town over
Sunday, the family returning to
Roswell, their home, that
evening but Judge Hervey
remained here until later in
the week, being engaged in legal
business.

Rufus Madera and John H. Zim-
merman came in from the Madera
ranch Friday night of last week and
remained here until Sunday after-
noon when they returned to the
ranch. Mr. Zimmerman reports the
school at the Madera ranch getting
on nicely under his supervision there
being five of the children of school
age.

It is easier to get a promise of \$25
six months from now than it is to
collect \$1 in cash.

Houston spots \$19.50.
Sales 570 bales.
Galveston spots steady.
Galveston spots \$19.65.
Sales 114 bales.

Mrs. Frizzell and her grandson, Blair Jacobs, of Tennessee, arrived in the city Wednesday night and will spend the winter here. They have been coming this will be the third winter, and as usual, have taken rooms with Mrs. Higgins, in the James building.

During the sandstorm the first of the week Mail Carrier Archie Nelson and J. F. Hunick, a farmer living in the Otis section, collided with rather disastrous effect as regards their cars both of which were in the garage for repairs later in the week.

A marriage license was issued this week to A. L. Woodley, aged 46, and Miss Della Mauritzen, aged 16, both parties of Malaga. The marriage ceremony was subsequently performed by Judge F. A. Richards, at his office in the courthouse.

SCHOOL NOTES.

On Friday night the Junior class entertained the Senior class with a progressive Rook party. The Junior girls decorated the rooms with Senior colors and at eight o'clock gave a cordial greeting to their guests of the evening. Tables for sixty-four were placed and for two hours they were filled with the delight makers. Nearly every member of the classes were present and the evidences of unusual enjoyment certainly recommended the plan of the Juniors for such occasions.

Contractor Toffelmire has completed the two-room building and the painting by Mr. James and the plumbing by Mr. Bock, will be completed by Monday. The excellent workmanship and plan of these rooms make them the best we have in the system, and parents and pupils of the Seventh and Eighth grades should not fail to visit them. The conditions in the High school will be greatly improved by the use of the rooms vacated by the students who go to the new building. The Library will no longer be used as a class room and the delayed chemistry laboratory work will be begun with additional equipment in room six. The work in physics will be removed from the Domestic Science room and the Glee Club will meet in the Library. A table for magazines will be placed in the Study Hall near the Senior section. The Senior class has contracted for their class emblems and for their engraving for their annual. Plans for the pictures for the Annual are being made and a sponsor contest is now in progress.

Ray V. Davis and Fred Moss, of Roswell, returned from their trip to El Paso getting home Wednesday noon. While there Messrs. Davis and Moss made a deal with J. J. Rodden for the purchase of his business and will move to that city about the 15th of November. The business was in the nature of an exchange. Mr. Rodden returning here while Messrs. Davis and Moss take his studio at El Paso. The gentlemen even exchanged household furniture, also, and will thus be saved the trouble and expense of moving. While all regret that the Davis family are to leave us, the best wishes of a host of friends accompany them to their new home and Mr. Rodden and his excellent family will be cordially welcomed on their return to Carlsbad, where they formerly resided and made many friends.

Grover Tullious was in this week from his ranch home on a business trip.

Ed. Nye and wife came down from Clovis Wednesday afternoon. Mr. Nye has been quite ill but is gradually getting better at this time.

"WE WANT YOUR TRADE"

A complimentary dinner will be given to a number of the friends and patrons of the Crawford hotel, Sunday night at six, according to arrangements made by Mrs. Wilkinson the lessee of the hotel dining room. A specially appointed table will be laid, with becoming decorations and a four course dinner will be served. The guests are Mr. and Mrs. R. N. Morrison, Mr. and Mrs. Charles Montgomery, Mrs. Lellaetta Hanson, Messrs. Vorenberg and Ryan.

Monroe Christian, while working at the gin, had a narrow escape from a serious injury, he stumbling and falling against some of the machinery while it was in motion. He sustained a bad cut on the side of his head and face, but it might have been so much worse, that he doesn't talk much about it.

NOTICE.

IN THE PROBATE COURT, EDDY COUNTY, STATE OF NEW MEXICO.

No. 453.

In the Matter of the Last Will and Testament of Dock Shipley.
