## TABLE OF CASES

In response to a questionnaire distributed by the New Mexico Law Review, a large proportion of the lawyers practicing in New Mexico said that they would be benefitted by citations to the New Mexico State Bar Bulletin. This index gives the Bar Bulletin citations to all cases decided during the Survey year which are treated in text. The cases are divided into the several sections which represent the different topics covered in this Survey. Some cases are included in more than one subdivision because they touch on multiple areas of law. The editorial board hopes that the inclusion of this index will aid the readers. We would appreciate any constructive comments concerning the index or any other aspect of the Law Review.
