VOL. 25

SOCORRO, NEW MEXICO, SATURDAY, JUNE 1, 1907

NO. 48

THE WEEK IN SOCIETY.

Although the first of June has arrived, when as a usual thing New Mexico experiences some of her very warmest summer days, the weather continues so delightfully cool that Socorro society has not shown the least sign of being on the wane, but continues quite as gay as during the midst of the season.

What is considered one of the most delightful affairs of the week was given by Mesdames John Greenwald, Sr., and H. M. Dougherty at the cozy home of latter on Mt. Carmel avenue Monday afternoon, when they entertained for the second time this season in honor of the high five club. Dainty refreshments were served in two courses which added not a little to the enjoyment of the guests. Mrs. C. T. Brown proved herself a champion by winning everyone of the six games played and was presented with a beautiful hand-painted China plate. Mrs. A. H. Hilton of San Antonio carried off the consolation prize, a pretty Holland ware cream pitcher. Especial guests of the charming hostesses on this occasion were Mesdames A. H. Hilton of San Antonio, Leon Stern of Albuquerque, Frank Andrews of Safford, Arizona, J. J. Leeson, John Reddin, W. G. Hammel, F. G. Bartlett, H. F. Bowman, and Anton Mayer; Misses Stella B. Ramsey, and Anne Fitch.

Mr. and Mrs. Anton Mayer are in receipt of an invitation to the marriage of Miss Mae Catherine Harding to Mr. Clarence Henry Claspill to take place on June 12 at Sacred Heart church, Denver, Colorado, which marriage will be the happy culmination of an interesting romance extending over a period of nearly four years. The bride elect having been reared from a child to young womanhood in Socorro, has a host of warm friends here who will congratulate Mr. Claspill on his choice of a bride, and wish the young couple many happy years of wedded life.

Mrs. Frank Andrews left Tuesday morning for her home at Safford, Arizona, while her mother, Mrs. McMillan, by whom she was accompanied during her stay in Socorro continued on to Colorado Springs, where she will be the guest of another daughter.

Mrs. W. G. Hammel entertained a few of her friends at her home on North California street Wednesday afternoon, which was the second of a series of informal entertainments she expects to give during the next few weeks.

Mrs. John Greenwald, Sr., left this morning for Denver where she will be the guest of her daughter, Mrs. W. F. Murrey, for a period of two months.

SOME REMARKABLE WEATHER

Such As Socorro Has Not Known at This Season Before for Years.

In common with a very large section of the country Socorro has experienced most remarkable weather conditions during the entire week. Rain fell at frequent intervals from Sunday night until Thursday evening and the Magdalena mountains were covered during that time with a heavy layer of snow. The temperature was low during the storm, though no frost was reported in the valley. Such weather for the last days of May comes near breaking all records for this locality. The coolness has retarded the growth of vegetation considerably and the effects will be felt especially by growers of alfalfa. In fact the first crop of alfalfa will be almost a failure. On the other hand, the stock ranges of the county, already in good condition, will make the hearts of stockmen exceedingly glad. The spell of weather has been a remarkable one, but by no means an unmixt evil.

THE TRI-BULLION COMPANY

Output of the Kelly Mine Will Be Increased 1,000,000 Tons This Year.

The Tri-Bullion Smelting and Development company is rapidly developing its Kelly mine and its new 3-compartment working shaft is down to a depth of over 400 feet, progressing at the rate of from 60 to 75 feet a month. The shaft is expected to reach the 1,000 level foot before the end of the year.

Under the direction of Samuel W. Traylor, of the Traylor Engineering Company, New York, builders of the machinery, a 750-horse power plant has been erected at this shaft. The concentrating plant under construction by the same company has been more than half completed. The engineering work on the oxide plant has been finished and orders have been placed for a large portion of the machinery and materials used in its construction.

The Kelly district is rapidly forging to the front as a producer of zinc, copper and lead. The Kelly mine of the Tri-Bullion company is represented by Mr. Traylor, its consulting and directing engineer, as having in sight practically half a million tons of marketable ore. This he says will be increased by the end of the year to over 1,000,000 tons. Recent development work shows an additional tonnage of rich ore in new development work to the extent of 25,000 tons a month, the ores having an average gross value of from \$50 to \$75 per ton.

The Graphic mine adjoining the Kelly mine on the north shows a 30 years' supply of ore blocked out, and this amount will be largely increased by systematic development.—Mining World.

MEMORIAL DAY OBSERVANCES.

Were Interrupted by Rainy Weather but the Dead Did Not Lack Remembrance.

Rainy weather prevented the full carrying out of the program of exercises arranged for Memorial day in Socorro. The morning was rainy and the exercises were postponed until three o'clock in the afternoon. Even then the weather was so threatening that the assemblage of people was small compared with what it would have been under favorable weather conditions. However, a considerable number of carriages formed in procession at the plaza under the direction of Capt. T. J. Matthews, marshal of the day, and proceeded to the cemeteries, where flowers were strewed on the graves and songs were sung in memory of the dead. The presence of Socorro's few surviving old soldiers lent an impressiveness to the occasion that it could not have possessed otherwise. On the return to the plaza the weather was so threatening that further exercises, including an address by John E. Griffith, had to be dispensed with. The day was a disappointment to those who had made elaborate preparations for its observance.

PRESIDENT'S LETTER

To Herbert J. Hagerman, Stating Fully and Pointedly His Reasons for His Summary Removal of the Latter from the Office of Governor of New Mexico.

The following extremely interesting letter was given publicity in Thursday evening's issue of the Albuquerque Citizen. The letter needs no comment.

THE LETTER.

Washington, D. C., May 1, 1907.

Dear Mr. Hagerman: Mr. Grifford Pinchot has presented to me your telegram to him in which you ask that it be brought to my personal attention, stating that hundreds of people have sent telegrams to the president protesting against my accepting your resignation, and stating furthermore that if my action in requesting your resignation is not revoked it will be a calamity to the territory, and that if I will reconsider this action you are positive I will see the injustice and unwisdom of it from every point of view.

WROTE PLAINLY. This renders it necessary for me to write you very plainly.

You made, as I am informed, a good secretary of legation at the court of St. Petersburg. All that I have heard of your private life is to your credit. Furthermore, I believe that you have done certain excellent things while you were governor; and of course I will permit nothing good that you have done to be undone. But I must add that as a whole I think you have been an unsatisfactory governor and that your removal from the position is imperatively demanded. If it were not for my knowledge of your previous career and of your standing in private life, and my consequent reluctance to believe that your motives were as improper as certain of your acts would indicate, I should have removed you instead of requesting your resignation. I have not thought it necessary to go into any matters as to which there was any chance of controversy, and the department of justice has been as anxious as I have been to show you all consideration, and to resolve every doubt in your favor. Assistant Attorney General Cooley in his report purposely omitted, as he informed me, the inference which he believes ought legitimately to be drawn from the facts that in the land grant transactions, wherein I believe your conduct was blameworthy, you were actuated in your improper and presumably unlawful action by your desire to secure the aid of certain democratic politicians in the factional fight. I decided that in this matter I would give you the benefit of the doubt, and so as to your action in appointing six members of the legislative council to lucrative positions, although there seemed to me no moral doubt that this amounted to the bartering of offices by you in return for legislative support. As for the hundreds of persons who have telegraphed me on your account, I cannot say that I have seen all of the telegrams, but I have seen a great many of them. I have received an even larger number from persons in New Mexico who protested against your retention in office. I have also received numerous statements to the effect that neither set of telegrams was really spontaneous. There has been no single instance in which the appointment of Mr. Curry as your successor has not received hearty commendation.

FACTS SUFFICIENT. I found that it was not necessary to consider anything save Assistant Attorney General Cooley's letter, from the department of justice, which your personal explanations, when before me, in no way relieved, and which make it impossible in my judgement to retain you in office unless I am content to abandon the idea of holding public officers in New Mexico, or indeed elsewhere, to any proper

standard of official conduct. This report from the department of justice related to your delivery of certain deeds to the Pennsylvania Development company. It appears that the grant of land, which was agreed to before you became governor, was on its face grossly fraudulent, and that the transaction could not be completed save by your action, made with full knowledge of its fraudulent character. An investigation into the matter of these New Mexican land grants had been made by the secretary of the interior and submitted to congress. The chairman of the committee on public lands of the house, Hon. John F. Lacey, on May 17, 1906, wrote to the secretary of the interior that the proposed grant would be a violation of law; the particular grant referred to being, as the secretary of the interior officially stated, in all essential respects the same as the grant you consummated.

POOR PLEA.

You state that this document was never officially called to your attention, but it appears that you certainly had knowledge of it when you acted; and it further appears that the commissioner of public lands, in view of the report, expressed his unwillingness to deliver the deeds to the representative of the Pennsylvania Development company, Mr. Hopewell. It was his business, and not yours, and you could only act in his absence; though of course you could have removed him, if you had been willing to remove him, for refusing to take the improper and fraudulent action which in his absence you took on his behalf. You, however, obtained an opinion from the attorney general (the same gentleman whom the newspapers report as now organizing meetings to ask for your retention in office) which opinion Mr. Cooley rightly stigmatizes as "an absurdity," for as Mr. Cooley says, it is only explicable on the ground, either that the attorney general thought that there was no absolute evidence of a violation of the law (a conclusion which it was inconceivable he could have reached or that you could have reached), or else that as there were difficulties attendant upon the enforcement of the law you should go out of your way to do it. You took advantage of the absence of the commissioner of public lands on official business to go yourself with the attorney general, Mr. Reid, to his office and yourself complete the transaction.

WOULD NOT WAIT.

It was there suggested to you by a clerk in the land office that the matter should be delayed until the commissioner could be communicated with, as if you wired him it would be possible to get him back in Santa Fe inside of two days. You refused to permit this delay; although there was absolutely no reason whatever for such refusal on your part. You directed the clerk to compute the amount due as payment of the principal and interest, and then asked him to deliver the deeds, to which he replied that he had no power to do so and that the seal had not been affixed to twenty-three of them. You then directed him to bring all the papers to your office, together with the seal of the board of public lands, and in the presence of the clerk and of Mr. Hopewell, the beneficiary of your grossly improper and probably unlawful conduct, you affixed the seals to the twenty-three deeds, and handing them to Hopewell, asked if he considered that a delivery. Hopewell replied that he did, and handed them back to you with the request that they be recorded on the deed records of the commis-

TURNER CASE TO BE HEARD

Will Doubtless Occupy Several Days of the Approaching Term of District Court.

It is expected that the case of Turner & Son against the Santa Rita Mining company and the Santa Rita Store company will consume several days of the approaching session of the district court for Socorro county. This will be the second hearing of this interesting case, which was brought to Socorro county on a charge of venue during the December term of court.

This case is one of unusual interest in the fact that it is doubtless the first of its kind ever tried in the territory. The complaint sets forth that the plaintiffs are in the mercantile business in Santa Rita and that the defendants entered into a conspiracy to boycott them and drive them out of business. The plaintiffs therefore ask damages in the sum of \$50,000. At the former trial the jury rendered a verdict for \$25,000 damages, and the defendants' motion for a new trial was allowed.

The trial of the case will doubtless be a hard fought one. The former trial lasted twelve days and it is hardly probable that the next one will consume less time. The plaintiffs will be represented by Attorneys Bonham & Holt of Las Cruces and A. A. Sedillo of Albuquerque. The defense will be conducted by Attorneys Hartlee & Barnes of Silver City and W. B. Childers of Albuquerque.

After graduation Mr. Hines at once accepted a very desirable position in connection with a large mining enterprise in Mexico.

OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, JUNE 1, 1907.

WHEN the ruffraff of a political party begin to cry out for reform, then it is time for honest men to be doubly on their guard.

THE Hagerman administration pleased the democrats. That is evidence enough that there was something radically wrong with the Hagerman administration.

PRESIDENT ROOSEVELT is still dwelling in outer darkness. He has not yet learned how shamefully he was bamboozled by two or three New Mexico politicians.

DOES New Mexico want the unenviable distinction that would surely be forced upon her because of the hanging of the two girls Alma Lyons and Valentina Madrid?

"THE people are killing the goose that lays the golden eggs," says Rothschild of recent efforts to control the corporations. Not so. The people simply want an egg now and then.

MUCH as the soreheads would like it otherwise, the regular republican territorial organization does not seem to be at all disquieted over the prospects of Curry for governor.

IT is a noteworthy fact that as soon as a certain class of political parasites are out of a job they immediately begin to cry out for reform, and that the more unsavory their reputation the more vociferous are their outcries.

SOCORRO county republicans know Captain George Curry well. They are not in the least disturbed, therefore, as to what his course of conduct will be when he enters upon the discharge of his official duties as governor of New Mexico.

THE fact that Captain Curry's arrival in Santa Fe will be delayed until about the first of September will not cause the inconvenience that it might if Acting Governor Reynolds were not holding down the lid like a heavy weight.

SOCORRO county is experiencing some very cool weather for this time of the year, but the low temperature is hardly to be complained of when compared with that which prevails in less favored sections of the country.

FOR instance, Kentucky was visited by a heavy frost Monday night and in northern Ohio huge bonfires were built adjacent to the orchards and vineyards to prevent damage to the fruit crops from freezing.

AT the present writing it seems quite possible that Acting Governor Reynolds may commute the sentence of Alma Lyons and Valentina Madrid, the Sierra county murderesses, to life imprisonment. He will certainly do so if he thinks public sentiment a warrantable consideration, for it is very evident that nine-tenths of the people of New Mexico would heartily approve of the exercise of executive clemency in this case.

THE regular June term of the district court for Socorro county will convene in the city next Monday morning.

cution. On the other hand, by the hanging of two girls New Mexico would acquire a reputation that she would better not have. The hanging of a human being by the neck until dead is sorry business at best, while the hanging of a woman is now looked upon as not quite a civilized procedure. Acting Governor of Reynolds' exercise of the prerogative of his office in commuting the death sentence to one of imprisonment for life in the case of Alma Lyons and Valentina Madrid is one that will result in great credit to himself and to the people of New Mexico as well.

THE county commissioners are to be commended for the improvements they are causing to be made on the court house. They had to borrow the money with which to make these improvements, to be sure, but the improvements had become absolutely necessary. It is doubtful whether any taxpayer in the county will object to the expenditure of money to put the court house in a safe, attractive, up-to-date condition.

FRIENDLY TO SOCORRO.

THE Santa Fe New Mexican has never failed to manifest its friendship for Socorro when its friendly offices were most needed. The following editorial from a recent issue of the New Mexican will serve to illustrate the paper's spirit in that regard:

"From Socorro comes the news that the Gem city is doing nicely and progressing. This is gratifying. Right here it is well to keep before the people of that town the attempts made by Danny Macpherson's Albuquerque Coyote gang to rob them of the School of Mines and put it as an adjunct to the University of New Mexico. That this dastardly scheme of robbery did not succeed was no fault of the Hagerman crowd and the coyote gang, but can justly and honestly be ascribed to the sturdy and good work done for Socorro by Chairman H. O. Bursum of the Republican Territorial Committee, by the Councilman and members of the House from the district and their Republican friends."

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these preparations costs but \$1.25. For sale by all druggists.

Remarkable Rescue.

That truth is stranger than fiction, has once more been demonstrated in the little town of Fedora, Tenn., the Residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased, the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds, 50c. and \$1.00, at the Socorro Drug and Supply Co. Trial bottle free.

Heir is a Prisoner.

Mehmed Rechad Effendi, the heir presumptive to the Turkish throne, awaits as a prisoner his turn to reign. The death of Abdul Hamid would draw him from a jail to assume supreme power. For many years he has been shut up in his harem; he has seen no one but his slaves and his jailers. He has had no conversation, he has read nothing, books and company being interdicted. One of these days he may be sultan, now he is in the depths of a tomb.

The Magic No. 3.

Number three is a wonderful mascot for Geo. H. Parris, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed best remedy for stomach, liver and kidney troubles, sold by the Socorro Drug and Supply Co. 50c.

Sewing Up the Heart.

Several years ago when a fight occurred in Chicago one of the combatants received a stab wound in the heart. The first physician to reach the apparently doomed man was Dr. Daniel H. Williams, a negro practitioner, who succeeded in sewing up the man's heart. This was the first time any such operation was ever reported in the history of medicine. At the last account the patient in this remarkable case was still alive. Dr. Williams has since served on the Illinois state board of health.

He Fired the Stick.

"I have fired the walking-stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for piles, burns, etc., by the Socorro Drug and Supply Co., 25c.

Bacteria in Coal.

Not long ago a French scientist, M. Regnault, announced the discovery of bacteria in coal. A long continued research confirmed the evidence that bacteria were probably coeval with the first appearance of organic life on the earth. These bacteria attacked vegetable tissues, as well as the bones and teeth of animals, but as a rule they belonged to species of bacterial organisms quite distinct from those of today.

A Fortunate Texan.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's New Life Pills, and no laxative I ever before tried so effectually disposes of malaria and biliousness." They don't grind nor gripe, 25c. at Socorro Drug and Supply Co.

Clothed in Mystery.

"Father," said the small boy, "what is a scientist?"
"A scientist, my son, is a man who tells you something you always knew in such long words that you fail to recognize it,"—Washington Star.

Ant Baths.

Persons who are troubled with rheumatism in Russia take ant baths as a cure. It is done in this way by the peasants near Moscow. Finding an ant's nest, he puts into a linen bag the ants, their eggs and necessarily considerable dirt. Returning to the home, he plunges into the hot water of the bath his bag of ants, which he has previously fastened tightly at the mouth. After several minutes the water gives off a very strong penetrating odor of formic acid. The bath is now ready, and the invalid is put into it. Such a bath has a very active irritant action on the skin, being, in fact, a counter irritation that causes the rheumatic pains to disappear.—Strand Magazine.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. SODNEY & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

Knew a Good Officer.

Gen. Picquart, the defender of Dreyfus and now the French minister of war, has defined his attitude toward his old prosecutions in the army. When an officer who was involved in the conspiracy that banished Picquart to the border of the Sahara, entered the minister's office and began to stammer out a statement on the subject Picquart stopped him, saying: "I only know one thing and that is that you have always been an excellent officer. You may be sure that I shall not forget that."

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

Rifle Shooting in Schools.

Rifle shooting will hereafter be included in the curriculum of Great Britain. Mr. Birrell, the president of the board of education, who made the announcement in the house of commons, said that the educational authorities had been given permission, under certain restrictions, to allow children of certain ages to be taught to shoot at miniature ranges, the instruction to be paid out of the public funds.

Ferd Boeckeler & Co. have bought the Park House and, it is understood, will soon spend considerable money in putting the property into first class condition. This will add one more to the numerous improvements either in progress or contemplated in Socorro.

The work of improving the Masonic building at the corner of Manzanera avenue and the plaza was begun Thursday morning. It may be some time before the completion of all the improvements contemplated, but the work will be pushed as rapidly as circumstances will permit.

Invitations are out for the wedding of Miss Gladys Coon, daughter of Mr. and Mrs. A. D. Coon of this city, to Mr. A. M. Skinner, which will take place in Epiphany church Wednesday evening, June 5. The bride elect has lived in Socorro all her life and has a very large circle of friends and acquaintances here to wish her well in the new life upon which she is about to enter. The groom came to Socorro last fall to enter upon a mine engineering course at the School of Mines. During his stay in the city Mr. Skinner has created a very favorable impression upon all with whom he has come in contact.

Mesdames Henry Chambon and John Reddin entertained thirty-five guests Wednesday afternoon at Mrs. Chambon's home on Baca avenue. High five was won by the principal feature of the afternoon's entertainment and according to all reports the games were greatly enjoyed. Mesdames R. P. Noble, H. O. Bursum, M. Cooney, W. G. Hammel, H. F. Bowman, and F. G. Bartlett and Miss Price each won five of the six games played and therefore cut for first prize. Mrs. Noble was the winner and was awarded a pretty silver topped atomizer. Mesdames John E. Griffith, H. M. Dougherty, George E. Cook, W. H. Hill, Zim Gibbons, W. D. Newcomb, Jas. F. Berry, and C. G. Duncan cut for second prize. Mrs. Griffith was the successful contestant and was rewarded with a schwaстика hat pin. Mrs. A. H. Hilton of San Antonio carried off the consolation prize, a glass bonbon dish, and was also awarded the guest's prize, a pair of filigree sugar tongs. At the flinch table Mrs. Nancy Smith took second prize, a glass bonbon dish.

THE PRESIDENT'S LETTER

Continued from page 1.

sioner of public lands. You handed them to the clerk with instructions to have them recorded and these instructions were returned to you and you handed them to the attorney of the Pennsylvania Development company. You accepted from Mr. Hopewell his personal check for \$11,113.74, which you subsequently deposited in the office of the commissioner of public lands. The department of Justice reports that:

ILLEGAL AND IMPROPER.

"It seems entirely clear that Governor Hagerman's action was both legal and improper.

"The act of congress of June 21, 1898, and section 1, chapter 74, laws of New Mexico, 1899, supra, clearly made the contract illegal at the time Governor Hagerman alleges it was entered into. The delivery of the deeds could not have been enforced by the grantees, or by the Pennsylvania Development company, which was not a party to the contract. The governor had every reason to believe, owing to his correspondence with the secretary of the interior, that the transaction was of very doubtful legality, in spite of the opinion of the attorney general. It was clearly his duty, in my judgment, to withhold delivery of the deeds and let the matter be tested in the courts if the grantees named in the deeds saw fit to mandamus the commissioner of public lands. His action in usurping the duties of the commissioner in his absence was both illegal and unjustifiable. It was entirely competent for him to enforce the carrying out of his wishes by administrative methods, in removing a public official and appointing in his place some one in sympathy with his policies, but it was neither legal nor justifiable to adopt the course he did."

BUT ONE COURSE.

With the above statement I entirely agree. If I permit such an act by the highest officer in the territory to go unpunished, I can not hold to account any subordinate official for any infraction of his duty. It was a grave question in my mind whether I ought not to remove you instead of merely asking your resignation. I resolved the doubt in your favor and requested your resignation. Under no circum-

stances would I reconsider this action.

Secretary Root has handed me a long telegram from your father, in which he states that he wishes me to delay my action on your resignation until you have had time to answer the charges made against you, which he further states are well known to be unfounded, and made by a party of freebooters to restore themselves to power. Apparently your father does not know, or disregards, the fact that these charges are contained in the statement above referred to from the department of justice and in the records of the interior department; that there is not the slightest question as to the facts which were admitted by you in your interview with me as well as in your interview with Secretary Garfield, and that you had a full hearing before Secretary Garfield and before me. Under these circumstances what your father means by saying that the charges are unfounded I am unable to imagine. If any party of freebooters or any one else is guilty of conduct such as yours I will treat him just as I have treated you.

With the gossip that your father repeats and the inferences that he draws therefrom I have no concern. As to the charges he by inference makes against others, I can only say that any facts that he will give me against anyone I will consider if I have the power to do so. Charges of a very grave character were made to me against your father himself in connection with his land transactions in the past. Whether they were true or not I can not say, because a preliminary investigation showed that action on them would be barred by the statute of limitations.

ABOUT CURRY.

No one suggested to me the appointment of Captain Curry as your successor. The idea was my own, because I wished under extraordinary circumstances in New Mexico to find some man whom I personally knew and in whose uprightness, strength of character and knowledge of the people and the circumstances I could have entire confidence. Captain Curry was one of the best men in my regiment. He has been away from New Mexico for eight years, so that he is in no shape or way identified with any factional trouble therein. I do not even know his politics. During these eight years he has done distinguished military and civil service in the Philippines, not only having shown great gallantry in action, but marked administrative ability when in charge of the Manila police force and afterwards in various other positions, including that of governor in the provinces. As far as I know there has been universal approval in New Mexico of his choice, and approval of the choice of Captain Curry as governor is incompatible with the existence on the part of those approving it of either the hope or the desire to see crooked methods obtain in the New Mexican government.

Very truly yours,

THEODORE ROOSEVELT,
Hon. H. J. Hagerman, Santa Fe, N. M.
