Easy Money

Do you know a farmer or business man in the valley who is making any "Easy Money?" All the men we talk to tell us that money is a pretty scarce article with them and that they have had to put one hundred cents worth of effort into every dollar they have made.

The only man who is making any "Easy Money" here now is the man who lives outside of the valley for eleven months out of the year and "blows in" here about harvest time to sell us something at a fancy price that we don't need and on which he makes a big profit. Let's hang together for once and keep money here where we have been digging it out of the ground, instead of letting the other fellow get the profit while we do the work. Nine times out of ten a good stiff "NO" will save you money.

Threshing has been so busily engaged in out here that folks haven't time to tell what they really do know so the correspondent is most blank again this week.

The crop of beans is turning out so much better than was expected that the farmers are jubilant. Mrs. Bracher and children, Misses

Gladys and Dee and Master Walter will move to Arkansas about the 15th inst. While the family has lived here only a short while they have made many friends and we regret their leaving.

Charley Kaiser and probably brother or two, contemplate change soon. Thinks he and his family are headed for Arkansas where they may enjoy a fruit crop once more. We "kinder believe" they be coming back to New Mexico before another pinto season.
