THE CARLSBAD CURRENT, FRIDAY, APRIL 7, 1922.

NUMBER 17.

RULES GOVERNING PRIMARY ELECTION

TO BE HELD APRIL 15, 1922.

The following rules and regulations for the holding of Democratic primaries in the county of Eddy and State of New Mexico, were adopted by the executive committee to govern and control such primaries:

1st. In the event the parties above named to hold the election in the respective precincts are not present at the hour named for the holding of said election, then if either of the said parties are present then at hour of opening of the polls at the said voting precincts, the voters present shall select from qualified electors other judges who shall hold the election at the voting precinct; and three judges named in each of the above voting precincts shall on the day of the election name two parties to act as clerks.

2nd. Each judge of election shall be sworn upon his oath before some person, where possible, duly authorized to administer oaths for the state of New Mexico (if not, the judges may swear in each other), that he shall support the constitution of the United States, the State of New Mexico, and that he shall fairly and impartially conduct the election of which he has been appointed as judge without prejudice or favor to any person or candidate according to the rules and regulations prescribed by the executive committee of the Democratic party of Eddy county, New Mexico.

3rd. No one shall be allowed to vote unless he shall be a legal voter in the precinct in which he offers to vote on the day of the next general election. The qualification of the legal voter being that he must be a citizen of the United States either by birth or declaration and over the age of twenty-one years; must have resided in the state of New Mexico one year, in the county three months and in the precinct in which he offers to vote thirty days next preceding the general election to be held in November, 1922. In regard to doubtful voters, the rule shall be that they must either be on a previous registration list in Eddy county or present their naturalization papers to the judges of election a written oath that they are citizens of the United States and must be a Democrat.

4th. Each qualified elector in order to entitle him to vote in the primary election, must be a Democrat. Any man who has not heretofore been a Democrat may be such a Democrat as named above if he has in fact severed all party connection with all other political parties and does in good faith expect to associate and affiliate permanently with the Democratic party and each voter must pledge himself to support the Democratic nominees at the November, 1922, election, including candidates for State, District and County offices.

5th. The judges of the election shall have control of the vote and pass upon the right of all applicants to vote. Everyone offering to vote shall be subject to challenge by any qualified elector. If any one whose vote is challenged shall be rejected, his vote shall be placed in an envelope, sealed and the applicant or some one at his request shall write his name across the envelope and the envelope shall be marked rejected for the reason that the applicant (here state the facts causing such rejection on such envelope) and all votes so rejected by them and sealed up shall be sent with other papers to the chairman of the Democratic executive committee, and shall be considered and disposed of at the time the proper parties meet to canvass the returns and declare the results, and then they shall be placed with the regular votes from that precinct, and those that are rejected by the body shall at once be destroyed in the presence of the public.

6th. No one shall be allowed to vote outside of his own precinct except when he shows to the satisfaction of the judges that it is impossible and impracticable for him must show good and satisfactory reasons for not being there and that he has not voted in any other precinct at this election.

7th. At any time within (20) days previous to the time above specified for holding the primary election each candidate for office shall submit in writing to the chairman or secretary of the Democratic executive committee, which shall be kept on file by him his declaration which shall in substance be that he submits his name to the decision of the Democratic primaries, and will abide by the result, and support all the nominees made thereat. In these requirements, though he receive sufficient votes to become the nominee, he shall not be declared the nominee of the party, and his place shall be filled by the Democratic executive committee, it always observing the next highest vote.

8th. The ballots used in the primary election shall be printed on plain, white paper, about three inches wide and about eight inches

long and the names of all candidates who have submitted their names in writing to the chairman or secretary of the executive committee be placed on each and every ballot and the chairman or secretary of the executive committee is hereby authorized and it shall be his duty to deliver at the time of the opening of the polls to the proper officers of holding the election there, all necessary tickets as above mentioned. Each voter at the time and place of voting shall procure from the judges of the election a ticket as mentioned above, and must then and there in the presence of the officers of the election, yet in private, make out and privately vote it, and no vote shall be received unless the party offering to vote it shall at the time and place of voting get the ballot from the officer, making it out and voting it as above provided, even if the voter does not care who sees his ballot.

The officers in charge of the ballot shall see that each voter does not take the ticket away from the voting place, and that no one know how the voter voted; provided the voter cannot make out his own ticket, he shall then request some judge or clerk to make it out in private at the time and place of voting. And in such way that its secrecy cannot be known to any one except the voter and the identical party making it out for him.

No voter can have his ticket made out for him unless he cannot make it out for himself. The judges in charge shall make such reasonable rules as are necessary and proper to see that the true spirit of this section is carried out to the letter and no ballot shall even be received until the voter complies with the above requirements as to receiving his ticket, making it out and voting the same. Colored tickets may be used for electioneering purposes, only, and no placards shall be allowed on the official ticket.

9th. Such candidate shall have the right to select one man who shall have the right to be present with the judges and clerks of the election to see that his interests are properly treated.

10th. During the count of the ballot it shall be the duty of the clerks of the election to see that all the names on the ballot are called correctly and to see that the secrecy of the ballot is preserved.

11th. The candidate receiving a plurality of the votes cast shall be declared as hereafter provided to be the candidate of the Democratic party of the office for which he is nominated.

12th. The judges of the election in each precinct shall keep in writing two separate lists of the names of the voting voters, also two tally sheets showing the number of votes cast for each candidate and for what office. These shall be made out on the day of the election. One sheet shall be retained by the judges holding the election and the other tally sheet and the ballots shall be within five days after the election in the voting precinct, transmitted by mail, duly registered, to the chairman at Carlsbad, New Mexico, by one of the judges holding the election. These two lists of voters voting shall be signed by the judges holding the election at the voting place, and also by the clerks, and they shall certify in their respective official capacities that the same is true and correct. In any case they are returned in person as above provided, and the officer turning them should deliver them sealed up, and must certify that the package is in the same condition that it was when sealed on the day of the election by the judges of the election and that the same has not been out of his possession.

13th. Within five days after the holding of the election the executive committee, a quorum of which shall be six members, shall meet in the town of Carlsbad with the chairman of the Democratic executive committee at a day and hour named by the chairman, and they shall count all of the votes cast at the different voting places in the county and declare the person receiving the highest number of votes for the different offices to be the nominee of the party for that office.

In case any candidate shall contest the election, he shall give notice of such contest to all other candidates for that office, before the day for counting the ballots as above authorized to meet, count, canvass and declare the nominee shall pass on the contest and declare the nominee.

14th. The polls for the primary shall be opened by the judges of the election at 9:00 o'clock, a. m., and closed at 6:00 o'clock, p. m., on Saturday, April 15th, 1922.

15th. The foregoing rules are amended to permit ladies to vote the same as men, the requirements as to age, residence and party alignment being the same.

16th. The Democratic County Central Committee will meet at Carlsbad on April 20th, 1922, at 10 o'clock a. m. to canvass the returns. S. D. STENNIS, JR., Chairman Eddy County Democratic Central Committee.

Attest: ALBERT BLAKE, Secretary.

PRESENT CITY OFFICIALS RE-ELECTED.

The Mass Meeting called last Friday night for the purpose of nominating a city ticket, was well attended, more persons being present at the meeting than on any other similar occasion previous. Everything was orderly and harmonious and the same officers were nominated and subsequently elected. There seemed to be a feeling that their work as planned had not been completed, and they each consented to allow the use of their names and give their services to the people for another term. During the absence of the nominating committee, a number of speeches were made pledging support to the incoming city administration, and after the nominations each of the candidates responded with a little talk, outlining their plans, and thanking the public for the confidence placed in them and their administration. The regular order of proceedings followed.

Carlsbad, New Mexico, March 31st, 1922.

Call of Mass meeting to nominate a City Ticket for Carlsbad, New Mexico.

Mrs. Archie Nelson has for a house guest her sister, Mrs. J. W. Porter, and the latter's daughter, whose home is in Kingman, Arizona. Mrs. Porter tells us that business in her home town is on the move, that being a mining town.

Judge J. W. Dutton, of Lakewood, spent part of the week in Carlsbad on legal business, a guest at the Palace while here.

F. E. Hubert is planning a business trip to El Paso expecting to leave Monday morning and be in the Pass City at least a week before returning.

Assessor Joe Johns is spending the latter part of the week in the vicinity of Hope.

DISTRICT COURT

District Court was continued this week a number of cases being heard and some decisions rendered, the judge reserving his decisions in several cases.

The case of Florence Nelson vs. C. D. Hill was tried last week. This was No. 3493 on the docket and was a suit for damages. The case attracted a great deal of attention in the northern part of the county, especially, fully fifty witnesses being present from that section. The jury assessed the damages as \$2,000 actual damages, and \$1,500 exemplary damages.

J. A. Pruitt vs. Sarah J. Stewart Love, No. 3264, was decided in favor of the defendant.

State of New Mexico vs. Jake Burckett, No. 1399, sentence was imposed on the defendant, that he be given a term in the State penitentiary for not less than eighteen months and not more than two years and he to pay the costs of the suit. Afterward, at the intercession of several prominent persons, among others Mr. Munsey, the gentleman whose horses Burckett had taken, the sentence was suspended during good behavior.

State of New Mexico vs. Pedro Estrada, on trial for murder, the court gave him a sentence of from three to seven years in the State Penitentiary.

Nannie C. Fletcher vs. R. M. Fletcher, for division of property. This was numbered No. 3528 on the docket.

Linnale Tucker vs. Charles Tucker, an interdictory decree was given.

Several other cases have been heard by His Honor, who has reserved his decisions until a later date.

DR. ENNEIS IN CARLSBAD

As the Current has previously announced, Eddy County has installed a full time health organization and Dr. Enneis arrived in Carlsbad to take up the work. At the meeting of the commissioners last Monday, arrangements were made for headquarters in the court house in the room formerly occupied by the treasurer on the first floor, and a county nurse will be available in a few days.

It is the desire of the Health Department that the people of the entire county avail themselves of every privilege which a full time health unit may offer. It is impossible to state here the numerous duties and the various activities of such an organization, although it might be said that the health officer and nurse will at all times be vigilant in the prevention of disease and the conservation of the public health, and enforce all health laws of the state and the health ordinances of the locality together with the rules and orders of the State Bureau of Public Health.

Dr. Enneis will be glad to meet every person in the county and talk over any matters of health and sanitation in which they might be interested. The doctor intends to build up one of the best units in the southwest, and says this is no more than Eddy county deserves. In order to do this, however, he asks the cooperation and aid of every organization and individual in the county. He says, "Get in the habit of calling on your county health officer and nurse for any help which they can give."

BAND CONCERT

The concert given by the Carlsbad Band last Friday night was well attended and greatly enjoyed by the townspeople, in spite of the fact that there was a number of other events on that night. The band has now reached a point where the music lovers of the city may feel a pride in its achievements. At the concert last Friday night, Mrs. Anderson, vocalist, gave a solo, "Out Where the West Begins," which was greatly appreciated, the lady singing in an easy unaffected manner, and having a great sweetness as well as a voice of power. She will sing often for the pleasure of our people, this summer, with band accompaniment. The program to be tendered tonight is as follows:

March, "Army Reserve," Byers. Waltz, "Honolulu Eyes," Violinsky. March, "The Ensign," Byers. Cornet and Baritone solo, "Serenade to Alice," Howell.

Waltz, "Down the Trail to Home, Sweet Home," Ball. Two-Step, "I Never Knew," Pitt Egan and Marsh.

Waltz, "Peggy O'Neal," Pease. March, "Yankee Scout," Brown.

A meeting has been called by the Ministerial Alliance of the various official bodies of the churches, for tonight at eight o'clock, at the Presbyterian church, to discuss matters of interest to the city. All interested are invited to be present.

ORDINANCE NO. 170. AN ORDINANCE TO PROHIBIT THE MANUFACTURE, SALE, AND TRANSPORTATION OF INTOXICATING LIQUORS WITHIN THE CITY LIMITS OF THE CITY OF CARLSBAD, NEW MEXICO.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CARLSBAD:

Sec. 1. It shall be unlawful for any person, association or corporation within this city to manufacture for sale, barter or gift any ardent spirits, ale, beer, alcohol, wine or liquor of any kind whatsoever containing alcohol, or for any person, association or corporation to import into this city any such liquors or beverages for sale, barter or gift, or to sell or barter, or keep for sale or barter any of such liquors or beverages, or offer any such liquors or beverages for sale, barter, gift or trade; provided, nothing in this section shall be held to apply to denatured or wood alcohol or grain alcohol when intended and used for medicinal, mechanical or scientific purposes only, or to wine, when intended and used for sacramental purposes only.

Sec. 2. That any persons violating the provisions of this ordinance shall, upon conviction in the Police Court of this city, be fined not less than fifty (\$50.00) Dollars, nor more than three hundred (\$300.00) Dollars, or confined in the City or County jail not more than ninety (90) days, in the discretion of said Court.

Sec. 3. That all laws in conflict herewith be, and the same are, hereby repealed.

Adopted and approved this the 3rd day of April, A. D., 1922.

J. D. HUDGINS, Mayor.
(SEAL) R. A. TOFFELMIRE, City Clerk.

DILLARD OUR NEXT PROBATE JUDGE.

It has occurred to us that we have failed to give J. M. Dillard, candidate for Probate Judge of Eddy county the customary writup which goes with an announcement in the Current, and we think it appropriate that the people of the county should know something about their next probate judge, for Judge Dillard has no opponent for the office and is now as good as nominated.

Judge Dillard came here from Oklahoma and from the first began to build up a law practice in Eddy county which has steadily grown until now his name is among the most prominent lawyers who handle civil cases in our courts. He has lived in Carlsbad continuously for eight years and during that time has made and retained many close friends besides those made by his estimable family, his wife being one of our best teachers in the public schools of this city, which position she has held for a number of years.

As a lawyer, Judge Dillard is in the front rank, having the highest rating possible to be enjoyed by one of his profession and thereby receiving a big share of business from other counties and other states. He is strictly honest and fair in all his cases and dealings, never being a party to crooked deals for the sake of winning a case. If there is not a just ground for action, he refuses to have anything to do with the case.

Judge Dillard is far enough advanced in years and has had enough experience with the courts, as well as being familiar with the law, to gether with his determination to be fair and just, to make an excellent judge whose decisions will be impartial and fair to all, and the Current thinks it is one of the best causes for complaint that there were no several candidates for this office from which to choose our next probate judge.

TO THE VOTERS OF THE COUNTY

Since it is impossible for me to see many of the voters of the county on account of my position in the Carlsbad schools, I take this opportunity to ask your support without further solicitation on my part.

I feel that the office of county superintendent of schools is one in which a lady can serve as most or the schools are taught by ladies, and ladies feel free to discuss all their problems with ladies.

My work for the past twelve years has been in the rural schools and in the primary, intermediate, and grammar grades of the city systems, one of which I am now supervisor, that of Carlsbad. For this reason I am thoroughly familiar with the organizing of the work in the grades which is the work represented in the rural schools.

I have been indirectly connected with the work of the county superintendent's office for three years, therefore I am familiar with the clerical work.

Should the voters of the county choose me to serve in this capacity I shall devote my entire time to the betterment of the schools.

MRS. A. A. KAISER, Candidate for the office of County Superintendent of Schools.

Mrs. A. A. Kaiser has a new Ford sedan and is making good use of it these nice, warm days.

DROUTH BROKEN

Carlsbad and this section of the country was visited by a welcome rain which came about four o'clock Monday afternoon and continued all night at intervals, clearing up about ten o'clock Tuesday morning. Farmers and stockmen are happy over the prospect of early grass, the rain falling gently and soaking in to the grass roots; all told one and thirty-three hundredths inches fell in Carlsbad, according to the government rain gauge. Many farmers had not begun their spring plowing it being so dry that it was impracticable to do so, but spring work is now being rushed and everything points to a good season. Reports from up the valley say that the rain fell in abundance as far north as Lovington.

MARRIED

Samuel Russell and Miss Doris Burleson were married at the home of Lige Mitchell last Friday afternoon. The young folk intended to go at once to the home of the bridegroom at Malaga, but he unfortunately was taken ill with an attack of flu and they are still in town. The ceremony was performed by Rev. and Mahan, of the Baptist church. The bride is the daughter of Mr. Burleson, the well known cattleman of the Guadalupe, and the groom is a young farmer of the lower valley. The Current extends best wishes and hopes for a happy and prosperous journey through life.

HAY TRADE CONDITIONS OF THE WEEK

The bad weather of the last week has restricted country loading as the roads are too soft for hauling in the hay producing sections, and receipts have been much smaller this week. Markets generally are showing more strength than last week and values are advanced especially of the better sorts. There is more firmness shown in most markets, even the poorer descriptions moving freely, and stocks on hand are being cleaned up. The approach of spring and the pasturing season has had a depressing effect upon the demand in the South. In the West coast markets the demand was active for both alfalfa and grain hay—Hay Trade Journal.

There will be morning sermon at the Presbyterian church Sunday on "Spiritual Dew." There will also be evening worship at seven-thirty, and the sermon will deal with "A Gospel Guidepost." "Church Week" begins Sunday and continues from evening to evening till Saturday, and it will include a meeting of El Paso Presbytery. About eighteen visitors are expected, and they will hold their sessions beginning Tuesday evening at eight o'clock and continuing over Thursday. The evening sessions will be devotional, and in order of mention sermons will be preached by the Rev. B. K. Tenny, of Barstow, Texas, the Rev. W. M. Fairley, of El Paso, and the Rev. E. T. Thompson, also of El Paso. Conferences will be held each forenoon on subjects of special interest to Sabbath school workers. All people available are encouraged to attend the meetings.

Mrs. Laura Beers, one time residing here, now a resident of Topeka, Kansas, left for her home in that city Saturday night. While here her many friends vied with each other in entertaining her. She spent several days at the Will Kenton ranch and also at the Joe Lusk ranch. She was a guest at the home of Mr. and Mrs. S. D. Stennis, and at the C. T. Adams' home and the home of W. H. Mullans, west of town. Wherever she went she met friends made while she lived among us, and all regret that she could not spend more time with them. After leaving here Mrs. Beers stopped at Roswell for a visit with the family of R. L. Bates, who are among her many friends and continued from there to her Kansas home.

Mrs. Henry Smith, teacher of the Primary Class in the Methodist Sunday school, has planned an Easter egg hunt for the pupils of her department and all others who desire to assist. The hunt will be given at the Library Park the Saturday before Easter, and all children hunting are asked to bring ten cents. Each child will be given two colored eggs to take home, and the one finding the greatest number will be given a prize. The money obtained will be used to buy some little red chairs for use in the department.

Mr. and Mrs. Lamb, aunt and uncle of Mrs. Arlie Nichols, left for their home in Raton, New Mexico, Monday night, on the northbound train. Arlie Nichols and family left in their Ford the next morning and made such excellent time that he arrived before them and met their one-time guests at the train in Raton. Pretty good for the Ford, eh?

A dance, attended by about thirty young people and some middle-aged, was held at the W. A. Simmons home on McKittick Draw last Friday night. The dance was continued until a late, or rather an early hour Saturday morning. Chris Walter played the violin for the dancers.

Three cars of Carlsbad folk went up to Artesia Sunday afternoon to attend the union meeting which has been in progress there the last three weeks. The meeting resulted in an addition of over four hundred persons to the various churches. The evangelist, Reverend Lockhart, is from Des Moines, Iowa, and has worked faithfully at the meeting and endeared himself to the entire citizenship of that city. Those who went up from here were Rev. D. F. Sellards, and wife and daughter Aurelia; Mr. and Mrs. N. T. Daugherty and Lissie Lee Bumbach; Mr. and Mrs. Frank Snow and Marjorie; Mr. and Mrs. James Beard; Mr. and Mrs. Will Purdy and son William; J. W. Stevenson and wife and Mrs. George Patton, and Mrs. Ed Kirkpatrick.

The young folk of the Epworth League had a fine time at their social last Saturday night in the Sunday School rooms at the rear of the church. Games were played and refreshments were served, the chaperones being Reverend and Mrs. Douglas and Mrs. George Williams. Delicious cake and brick ice cream were served the thirty young people present, and all are enthusiastic over the pleasant evening.

LESSON FOR APRIL 9

THE LORD PRESERVES JOASH

LESSON TEXT—II Kings 11:1-17.
GOLDEN TEXT—The Lord preserveth all them that love Him.—Psalm 145:20.
REFERENCE MATERIAL—II Kings 11:1-17; II Chron. 23:1-21; Matt. 23:23.
PRIMARY TOPIC—God Takes Care of a Boy.
JUNIOR TOPIC—How a Boy Became King.
INTERMEDIATE AND SENIOR TOPIC—A Boy Saved for a Great Career.
YOUNG PEOPLE AND ADULT TOPIC—The Secret of Personal and National Safety.

Joash, viewed in the light of his ancestors, was a poor prospect for a king. His grandmother was the wicked Athaliah and his great grandparents were Ahab and Jezebel. There was enough bad blood in his veins to assure his doom. Despite this fact, he brought about some noble reforms and turned the people back to God.

I. Athaliah Usurps the Throne (vv. 1-3).

1. Her attempt to destroy the seed royal (vv. 1). In order to remove any rival claimant to the throne she tried to kill all the royal male children.

2. Joash preserved by Jehosheba (vv. 2, 3). Though Athaliah was keen-eyed she was checkmated by another woman. Her fatal omission was not to get rid of the women too. This woman, the wife of the priest, stole away the child and hid him in the bedchamber for six years. God had promised that through the Davidic line the Messiah should come. In order that this line be unbroken Joash must be preserved. No purpose of God can fail.

II. Joash Crowned King (vv. 4-12).

1. Jehoiada's preparations (vv. 4-11). The high priest and his wife were intelligent and strong characters. As the high priest, Jehoiada felt that it was his duty to thwart the heathen project of Athaliah. Doubtless his co-operation with his wife made possible the saving of Joash.

(1) Secured the aid of the military leaders (v. 4). He knew somehow that these men were not loyal to Athaliah. (2) Bound them under solemn oath (v. 4). He took an oath of them in the house of the Lord. Honest men will stand by their word. (3) Excited their spirit of patriotism (v. 4). He gave them a sight of the king's son. This, no doubt, was a great surprise. Now having seen the heir to the throne they would risk everything, even their lives, in order to set him on the throne. (4) Co-ordinates all matters (vv. 5-11). The soldiers were divided into companies and arms were distributed to them. Each group was assigned to specific duties.

2. The coronation (v. 12). (1) The king's son brought forth. This was a great day in Jerusalem. After six years of usurpation, the people all the while supposing that all the heirs to the throne were dead, now to gaze upon the king's son would be a notable event. (2) Put the crown upon him. This was the formal induction into office. (3) Gave him the testimony. This was a copy of the law, showing that the king was to rule according to the law of God. The act of putting the law upon his head showed that the king himself would be under the control of the law. (4) Made him king. This shows that he was made king by the choice of the people. (5) Anointed him. They poured oil upon his head. This was the usual method of consecrating prophets, priests and kings. (6) Clapped their hands. This was a token of joy.

III. Athaliah Slain (vv. 13-17).

1. The noise of the coronation of Joash brought Athaliah to the temple (v. 15). Up to this time she thought her place on the throne was secure and that her heathen religion had free course.

2. Her dismay (v. 14). Upon her arrival at the temple she saw the king wearing the crown and surrounded by the guards, so that she could do nothing. In her despair she exclaimed: "Treason, treason!" How prone wicked men and women are to cry out as though they had been wronged when their wicked plots and conspiracies are exposed and thwarted!

3. Athaliah executed (vv. 15, 16). The orders were that she should not be killed in the temple. They led her out by the way of the horses' entrance to the king's palace and slew her. What a tragic end for the sinner! Sin can only prosper for a time.

IV. Worship of the True God (vv. 17, 18).

Joash was seven years old when he was made king. The high priest made a covenant between the Lord, the king and the people that they would be the Lord's people. In carrying out this covenant they broke down the temple of Baal and slew the priest of Baal.

A PLEASANT SURPRISE
Miss Ida Pearl Morris proved a very capable and gracious hostess to a number of her friends and class mates at her home last Friday night honoring the birthday anniversary of Elinor Flowers. The affair was in the nature of a surprise, and was very cleverly planned and carried out. Miss Elinor and her escort, were invited to "drop in" to the Morris home to wait for Miss Morris who was engaged in another room. Calling the honor guest into the room she found all the members of the crowd present, and accordingly surrendered gracefully to the surprise. With Mary Frances Joyce at the piano, songs were sung and afterwards games of different kinds, including "Rook," were played. Refreshments of ice cream and cake were served and the guests, at a late hour, regretfully bade their young hostess good night with many expressions of pleasure and appreciation of the hospitality shown them.

Those present were: Elinor Flowers, Mary Frances Joyce, Barber Nell Thomas, Eunice Herring, Pearl Butcher, and the hostess, Ida Pearl Morris; Elliott Perry, Wallace Thorne, Carl Loveless, Barney Burns, Dibble Pate and John Lewis.

J. R. Bales and family are newcomers to Carlsbad from Mexia, Texas, arriving in town the first of the week and locating in the Jean Anderson residence, opposite the Eddy County Hospital. Mr. Bales says that while business is still good in the Texas Oil metropolis, yet things are quieting down there. He has started a service car line here and expects to make this his home.

Mrs. D. R. Bales and son, James and two little girls, expect to leave Carlsbad the middle of the month and locate in Fillmore, California. Mrs. Bales and her children have only been in this city a little over a year, but have gathered about them a choice number of close friends, who regret their going, but wish them well in their new home.

T. J. Humphreys and family came in the first of the week from their home at Orange, New Mexico, and report a fine rain in the section through which they passed. Heavy rains fell from Queen on down, and Mr. Humphreys tells us that at the Westaway ranch in particular water was standing all over the ground. He returned to the ranch yesterday but Mrs. Humphreys and baby will stop for a longer visit.

The condition of the title to property of record is of too great importance to you as a property owner and is too vital a matter to turn over the records of the County to inexperienced and inefficient officers and help. Vote for Kearney, he has had the experience.

Germans are paying less taxes per capita than citizens of Great Britain. The world's diamonds would all go in a box making an eight-foot cube.

From the New Mexico Guardian published at Santa Fe, in the interest of the National Guard, of the state, we are taking the following: "Carlsbad opened the inspection with a dinner. Some progressive men in that bustling town. And pavements. Gee you should see them. They are forging toward a metropolitan aspect. The dinner was given by the Chamber of Commerce at the Palace, good dinner and some good talks. A fine turn out at the inspection. The people are interested and the Military Affairs committee are a live bunch. They don't hesitate to call a spade a spade. A fine lot of men in that troop, but they must wake up a little. More discipline, more interest. Better drill attendance. Now Miller, jump to the work and let's see you go carry out the spirit of Carlsbad; the men are with you and you have the backing of the whole town, and the Military Affairs committee. Make the troop as famous as was Company 'B' in the good old days when the major was the Dad. Divide the work and see that all function. Our eyes are on you and we expect great things of Troop 'B.' What Bajac started, West carried out, you finish."

SWAT THE FLY

The following article sent that past to housekeepers and the public generally, the housefly, is taken from a recent issue of the New Mexican, and with changes in the name of the place, may well be applied to Carlsbad. Now is the time to get ready to make this a flyless town. The efforts of the Civic committee of the Chamber of Commerce, last year resulted in a great decrease in the usual number of flies in this city, and by an early campaign the number may be greatly reduced this year and perhaps entirely eradicated. Now is the time. Swat the fly!

With the present kind of weather the danger of the common fly and the damage which it can do, does not seem to be an appropriate subject and the realization of these facts ordinarily does not come until there is a breakup in the weather and spring is really here.

Such a thing is natural, but in our fight against the fly we must eliminate conditions favorable to its propagation, before the first fly appears, the health department says. To wait until warm weather to start action against the fly is to permit him to firmly entrench himself finally for the ensuing battle.

In behalf of the energy expended in swatting the fly during the summer months were directed toward the eliminating of all fly breeding places, very early in the year much more good would be accomplished and undoubtedly a certain amount of sickness and a certain number of deaths prevented.

Records show that the big majority of intestinal troubles, among them typhoid which occur here are fly born. That in itself should serve as a sufficient reason for elimination of the fly. The fly especially in the greater number in which we ordinarily see them is not necessary.

Let us strive to make Santa Fe a flyless town. We can do so by a few simple procedures.

Start early to make absolutely every outside toilet fly-proof.

Where ever manure is stored provide a tight fly-proof bin for its storage.

Place garbage in tightly covered fly-proof cans and arrange for its removal at frequent intervals.

Remove all rubbish from your premises and keep them at all times clean.

Swat those flies which might have gotten started or come into town from the outside.

Experience shows that many mortgages have been recorded all over the United States and that they are a matter of record, and are a lien against the property mentioned therein, often inefficient County Clerks after recording documents of this character, neglect to index them, and it is almost impossible to find them. Kearney has followed the abstracting business for years, he knows the danger of this neglect, if elected he will keep the records correctly. Vote for Kearney and save time and trouble when you want information to be found in the County Clerk's office. Advertisement.

CARDUI HELPED

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, at near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. E 85

You long ago learned not to carry a burning candle into a closet filled with filmy garments; not to use gasoline beside an open flame; not to pour kerosene into the kitchen stove; not to run metal files through wooden walls; not to permit children to play with matches. But you and you and you, living in your own home or in one that is rented—how much do you know about the wiring which brings you continuous comfort in light, power, ventilation, and warmth?

Was this wiring installed, in the beginning by a man who did not know his business? In many cities it is against the law for wiring to be installed by other than licensed electricians.

Has it been extended or altered since its installation by an amateur, possibly ignorant of the rules of the underwriters?

Have you yourself, because you know how to splice wires and con-

nect sockets "taken a chance" by tapping your circuit of service and running supplementary wires around a baseboard or a picture moulding.

Have you on your circuits any broken sockets? Any switches without covers?

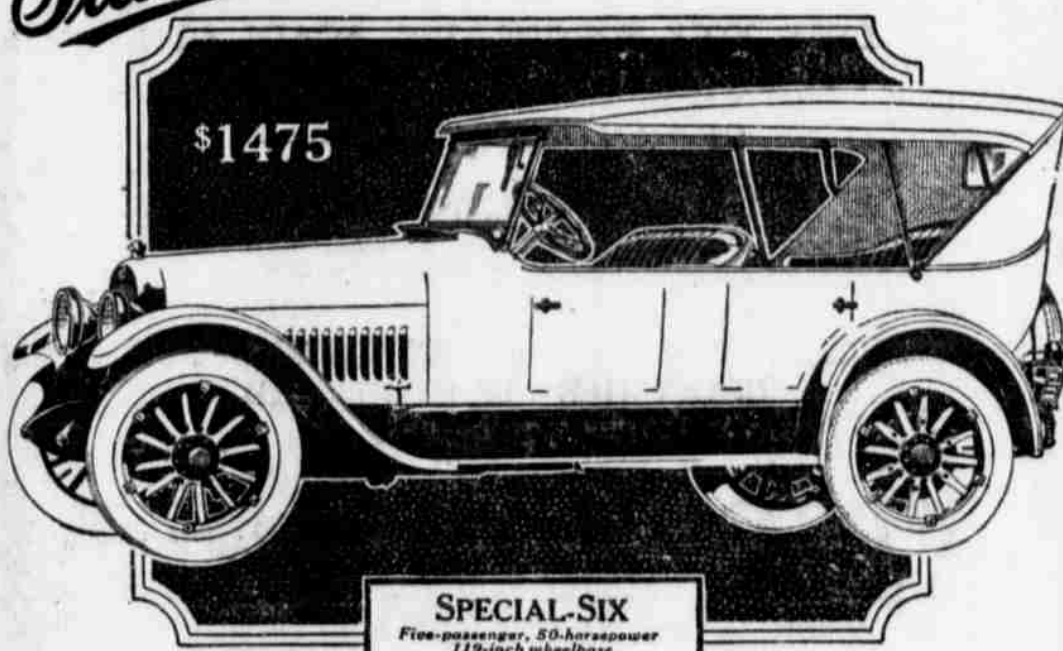

Have you any exposed wires draped over water, steam, or gas pipes? Or tacked to mouldings or door frames?

Rotten cabbages, every one of them. You may escape the menace of unsanitary conditions, you may never have an accident from your slip-shod chance-taking. But the risk is there, and when it is so simple and inexpensive a matter to remove it by means of a few repairs made by an honorable electrician, it would seem fool-hardy to continue to entertain it.

AFTER EVERY MEAL

2,500 YEARS OLD

Below will be found a fable by Aesop, a Greek slave who lived about 600 B. C. This fable, slightly changed, is as applicable today as it was 2500 years ago. It can be applied with particular significance to PIGGLY WIGGLY.

A WOLF IN SHEEPS CLOTHES

Once upon a time there was a wolf who for many years lived fairly well but he had to work for a living. Like some others at the present time, contrary to nature's laws, he wished to live without work.

This wolf, like others of his kind, was very crafty, & one day when he was trotting along the road, he found a dead sheep, which he skinned. With this skin he covered himself entirely except that his ears stuck out. "Aha!" he cried, "the people will think I am a sheep and I will then be able to run with the flock and thus get what I want from them."

But, alas, he was soon to find that he was mistaken, for the people — when they saw him — said: "that animal looks very much like a sheep, but he has the 'EARMARKS' of a wolf." When he came closer they shouted the alarm. "Beware, here comes a Wolf in Sheep's Clothing!"

And so the people drove the wolf from their midst and he was never able to get near the flock again, so of course he died of hunger.

THERE IS A MORAL TO THIS STORY

In a few places imitations of PIGGLY WIGGLY have sprung up. In some places the law has cast them into utter darkness, in other places the people have detected and shunned the imitations, and they finally go the way of all false things.

LEST YOU FORGET, WE AGAIN GIVE
THE PIGGLY WIGGLY DEFINITION
OF AN IMITATOR: —

An imitator is a snoop, ozzle-spined creature — whose avocation is pussy-footing around the brain workings of an originator.

THE PLUG HAT VANISHING

A distorted picture which is rapidly fading from view is that which portrayed the public utility as a corpulent individual wearing a gallon hat, a loud vest adorned with dollar signs, and a beetling brow, for frowning purposes only.

The people themselves have clarified their prejudice-blurred vision and have altered their conceptions, in response to the new policies and deportment of their electric, telephone, traction and gas organizations. Self interest on the part of the public, which realizes as never before, that, in the end, it pays for its unfairness and distrust, also is largely responsible for its new and fairer attitude.

Under present-day federal and state control, a utility cannot take to itself any more than the legally established profit, which, in most instances is restricted to 8 per cent. Yet but 4 per cent of the average family's income is paid out for the indispensable services of its public utilities.

A modern picture of the public utility would be a true reflection of the people it serves. The prosperous utility bespeaks a prosperous community. A down-at-the-heel utility creates an opposite impression.

A community, like an individual, is known by the company it keeps.

They have been visiting the schools over the state in the interest of their particular work. The home economics class of Carlsbad high school have invited them to luncheon today, at which time the members of the local board of education and their wives were also guests. Arrangements are making to take the visitors to Avalon and also to give them a view of the lower valley, the farming section of this country, while they are here.

Several changes have been made at the local telephone exchange and matters are running smoothly under the new regime. Mrs. Alice Patterson has resumed her place as chief operator and Mrs. Emerise Berry has the place of assistant, while Mrs. Hoffman is filling the night operator's chair very acceptably. Carlsbad has always been fortunate in having efficient and courteous operators and the present force will sustain the reputation of their predecessors.

At a meeting of the Woman's Missionary Society of the Methodist church held yesterday, delegates were selected to attend the Missionary Council, which will be held at Roswell next week, Wednesday, Thursday and Friday. The ladies selected are Mesdames Douglas and Little and they expect to leave here Tuesday evening. Delegates will be present at the Council from all over the conference, and a great meeting is expected and hoped for at that time.

Mrs. L. M. English, and two children, came in Monday from Breckenridge, Texas, for a visit with the lady's daughter, Mrs. Wilson Brown. After a short stay here they will go on to Roswell where they expect to reside permanently.

Mr. and Mrs. Charles Watson and two children, and Mr. Watson's nephew, Thad Goodwin, left for Artesia the first of the week. Mr. Watson taking a place as clerk in a grocery store in that city.

G. L. McAdoo and family and Mr. and Mrs. Hunter have moved into the Runyan house on North Alameda street, and are very comfortably situated in their new home.

The county commissioners held their regular monthly meeting Monday that being the first Monday in the month, and transacting routine business. Some discussion was indulged in in regard to improvement of various roads, and a number of bills were ordered paid. Arrangements were also made for the fitting up of an office for the County Health Officer and the room is now in process of preparation.

The Methodist ladies have arranged matters for their sale of useful and fancy articles and will also have a cooked food sale in connection. The sale will be held the 15th of this month, but the place has not been definitely decided upon.

Mr. and Mrs. Claude Farris, Mrs. Annie Moore and daughter, and Ray Davis and family spent the day on Rocky Arroya last Sunday and report the usual good time incident to such occasions.

The "Sunbeam" class of the Christian Sunday school were entertained at the home of their teacher, Mrs. Oscar Mercer, whose home west of town is always open for anything that will add to the pleasure of her class of juveniles. They were taken out to the home on a hay rigging, and furnished a fine dinner, served cafeteria style, and the house was full of children, each with a well filled plate of good things. Afterwards they were served ice cream and cake in abundance, and the weather being threatening were brought to their several homes in cars. Twenty-nine had dinner and the entire day was pleasantly spent.

"And There Wasn't The Slightest Smell from Dead Rats."

Writes John Simpkins farmer of Annandale, N. J.: "Rats were costing me hundreds yearly, tried dogs, ferrets, poison could not get rid of them. Bought \$1.00 pkgs. of RAT-SNAP (5 cakes). Used half, not a live rat since. Dead ones plenty. I like RAT-SNAP because after killing rats it dries them up—leaves no smell." Three sizes, 25c, 50c, and \$1.25. Sold and guaranteed by.

Writing from Pomeroy, Iowa, to
the Current our old friend and sub-
scriber, H. W. Schon, formerly re-
siding in Eddy County, now living
near Pomeroy, says: "The weather
is still cool here, heavy freezing
occasionally and the roads are very
muddy and almost impassable.
Spring work on the farm will begin
sometime in April as the frost is
not yet out of the ground and it is
too cold even for the grass to start.
The winter has been long and spring
is late." Wonder is Mr. Schon
does not wish that he was back in
the land of sunshine. How about
it, old friend?

Mrs. A. A. Davis returned Fri-
day night from Mexico, Texas, and
after spending Sunday with her

**"THE GREATEST OF
THESE IS LOVE"**

The following beautiful poem,
while not designed for publication,
was sent to Mrs. D. G. Grantham,
by her daughter, Mrs. Aline Gran-
tham Seder, known and loved by all
Carlsbad people; a graduate of our
public schools and one of the most
beautiful characters who ever called
Carlsbad home; and her friends
here will be as pleased to read it as
the Current is to present it to its
readers:

I Corinthians, 13 chapter.
What if my tongue sings angel's
songs
And man's best language tell,
If love be not within my heart
I am like a clanging bell.

And if to me all knowledge is
All mysteries made plain,
All faith is there, and yet not love,
My soul hath naught to gain.

Although my body to the flames,
And all my goods I give
Unto the poor, and have not love,
How can my soul yet live?

A loving heart will suffer long
And every kindness show,
Vaunts not itself, is not puffed up
And doth not envy know.

Doth not behave unseemingly,
Seeketh not her own,
Slow to anger, pure in thought
With truth and virtue sown.

Patient and long suffering,
Doth hope, believe all things;
When knowledge pass and tongues
are still,
Love to the heart yet sings.

We know and prophesy in part,
But if perfection come,
We'll know and understand all
things
As child to manhood grown.

When darkened glass is made quite
clear,
And face to face we come,
With all that's noble, pure and good
When we're carried home;

We shall know as we are known,
And in that realm above,
When faith and hope have been ful-
filled
There still abideth love.

LOCAL NEWS.

L. N. Hoag and wife were up from the lower valley Monday on one of their infrequent visits to the county seat.

Miss Addie Small left Wednesday morning for Dallas, Texas where she has made arrangements to open a rooming house.

Mrs. Kinney Reed and young son Loren, returned from San Antonio, Texas, last Saturday. During their ten days visit there a sister of Mrs. Reed was married.

L. A. Swigart is spending the week in the northern part of the state where he went on business.

Prof. Earl Brewer, of Hope, who is a candidate for the office of county school superintendent, made a visit to the county seat Monday. Mr. Brewer has only recovered from a very severe attack of flu, which has had him confined to his bed for some days.

What person could possibly be better qualified for the position of County Clerk than an experienced abstractor. Vote for Kearney, he has followed the abstracting business for years.

Dr. L. F. Diefendorf left for Sioux Falls, South Dakota, Monday night, after having spent several weeks in the valley looking after property interests. His nephew, Charles Diefendorf, has taken over one of his uncle's farms in the lower valley and will be here for the season at least. At the close of school he will be joined by his family, a wife and two young lady daughters, the young ladies being High School pupils at their home in Missouri, and desiring to finish the year there. The good doctor's many friends here regret to lose him from among us, but will extend a cordial welcome to his nephew and family.

Mr. Harbert, who has charge of the gravel work on the streets of the city, returned Monday from a brief visit to Roswell where he went on business.

A telephone call from the Tulk ranch near Lovington, reached the family of Reagan Middleton, Sunday morning, relative to the serious illness of Mrs. Middleton's father, Mr. Tulk. The message urged the immediate presence of Mrs. Middleton and family, and told them to bring Dr. Black and a nurse. They started at once for the ranch, securing the services of Miss Ruby Norton, a trained nurse from St. Louis, who is visiting at Artesia. The trip was made in great discomfort, rain falling nearly all the way and the car going through mud and water the entire distance. Arriving at the ranch, they found Mr. Tulk down with pneumonia following the influenza. Later, a report reached town that his death had occurred Monday morning, and this was not contradicted until Tuesday night when the party returned, leaving him better, but still a very sick man. The nurse remained in charge and the attending physician thinks he will recover with care.

Dr. R. J. Boatman received word of the death of his uncle, Henry Boatman, at Woodward, Oklahoma, the death occurring Saturday and the funeral taking place Sunday afternoon. He had lain unconscious for over a month, the doctor visiting him about four weeks ago, and knowing then that nothing could be done for him. This is the last surviving uncle of Dr. Boatman's and he is feeling his loss greatly.

This week moved the family of Contractor McMichels to their claim a few miles south of town where they go for the summer months.

Tom Gray, the cattlemen, was in town the first of the week.

An answer was sent requesting shipment of the body to Carlsbad for interment. It is not known just when it will be received, but it will likely arrive sometime the last of next week. The remains will be held at the undertaker's in this city, until the father of the dead man is able to attend the obsequies, which may be some weeks, he now convalescing from an attack of pneumonia.

Our people of the Mexican Mission were greatly pleased at a recent social by talks made by Dr. Sellards, Dr. Pate and Miss Chaney. Hope they will return and speak to us in the near future. Dr. Sellards' lecture, popularly termed a "Chemical Lecture" was highly scientific, and really belongs with lectures given in Chatauquas. Dr. Pate gave a splendid health talk, and Miss Chaney gave some very interesting facts about astronomy.

A party of young people, properly chaperoned, went out to the W. A. Simmons home last Friday and remained until Saturday afternoon. They danced Friday night and a number returned to their homes in this city at the close of the festivities, while others remained to explore the caves which are about three miles from the ranch. They motored to within a mile of their destination, when the roads became so rough that the car was abandoned

and the journey continued on foot. Lunch was eaten at the entrance to the caves and the young people explored it until it was time to return to their homes. In the party were Mrs. Hannah and Mrs. Simmons, chaperones; Misses Marie Henson, Anna Huan, Zeta Willis, Katherine Simmons and Adeline Hannah; Walter Beach and F. E. Little.

There are three things in Carlsbad that we would like to see taken up looking toward the betterment of the finest city in the west. These are: First, an Anti-Fly Campaign, which should be put on at once in order that the early flies may be eradicated; Second, we would like to see some plan adopted whereby the scrap paper may be kept out of the streets and the banana parings and other like refuse kept off the sidewalks; and lastly, we would like to have some plan evolved to punish persons who violate the city ordinance which prohibits the placing of trash in vacant lots and alleys.

Professor George Spencer, who is teaching school at Nadine, on the Plains in Lea county, was in from there coming Saturday and leaving on the return trip Sunday afternoon. Mr. Spencer is a candidate for the nomination of county school superintendent of Lea County, and has a fine prospect of being nominated.
