THIRTIETH YEAR

THE CARLSBAD CURRENT, FRIDAY, MAY 19, 1922.

NUMBER 23.

## BOOTLEGGERS CAUGHT WITH THIRTY-THREE CASES OF WHISKEY BY EDDY COUNTY SHERIFF.

Sheriff Batton and his deputies, Sam Batton and Sid Bearup, overhauled two cars of bootleggers and captured thirty-three cases of whiskey about sixty miles east of Artesia, Monday night, after an exciting chase of many miles. The sheriff was tipped off by parties in El Paso, and a description of the two cars and their occupants was given and also the information that the cars were headed for Artesia. The officers gave chase and overtook the cars, one a Buick 6 and the other a Ford, just a few miles this side of the Tex. state line about midnight. The parties had evidently no fear of being pursued, as they had stopped by the roadside when the posse came up with them. They gave their names as Mr. and Mrs. E. H. Lancaster, C. B. Baker and A. L. Wilson, and surrendered readily when they knew they were caught. They said they were headed for Seminole, Texas. The whiskey was found sewed up in tow sacks.

After they were arrested they were taken to Artesia and charges preferred against them in Judge Gilbert's court. Later they were brought to jail in this city and will be kept here until the return of Assistant District Attorney Fred Wilson, who is at present attending court at Lovington and is not expected to return before Saturday. Their preliminary trial will be held at Artesia early next week. The value of the haul is estimated at \$5,000.00.

Sheriff Batton is putting forth every effort possible to suppress bootleggers going through Eddy county or disposing of their goods in this county. Any information coming to the sheriff's office is acted on at once without fear or favor and sheriff Batton is to be congratulated on the manner in which he is enforcing the law.

## STATE SCHOOL AUDITOR TO VISIT EDDY COUNTY MAY 22

Mr. John Joerns, State School Auditor of New Mexico, has given out notice that the date of his official visit to Eddy County to pass on the various rural and municipal school district budgets for the next school year will be on May 22.

Beside Mr. Joerns, Mr. Earl Douglas, Deputy State Superintendent, the County Commissioners, representatives of rural and municipal school boards, the County board of Education, and interested taxpayers are expected to meet in session at the Courthouse for the discussion of school finances for the ensuing school year.

This meeting is a very important one to the schools of Eddy County, and the results of the conference are awaited with much interest.

## SCOUT NEWS

Special session was held by Troop 1 Tuesday night, with a good attendance and eight boys initiated into the troop.

The wreath arranged by Wallace Vest and Ben Barnett for the floral offering of Troop 1 for our soldier friend, Flim Turk, was something to be proud of.

This promises to be a great week for Troop 1. Work is started in all lines and the boys are getting ready for summer camp.

Roswell scouts are coming strops to the encampment. Clovis, Pecos, Lubbock, Toyah, Barstow, Artesia and many other places are going to compete for honors.

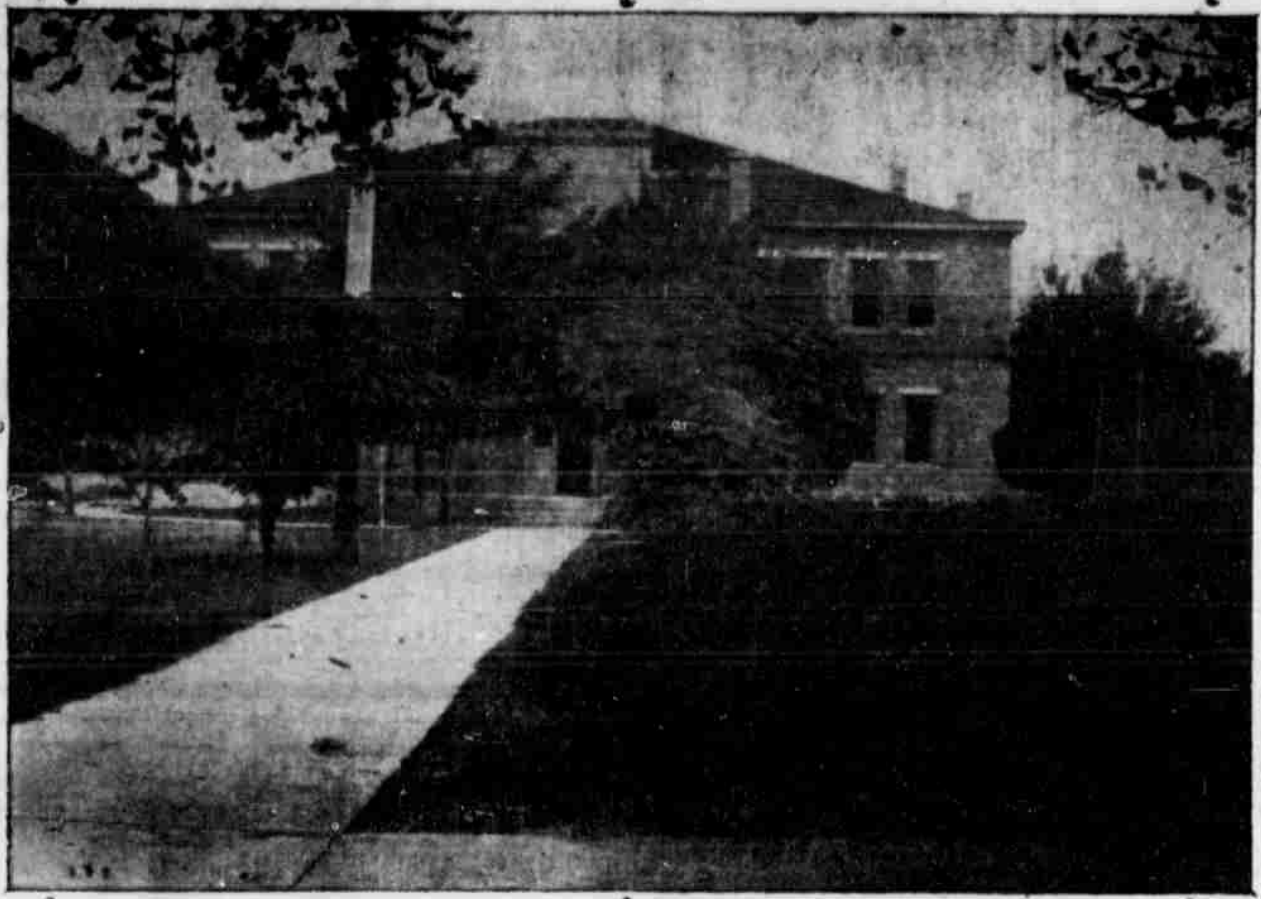

Artesia has a boy's band started and it will be added to the other musical attractions in scout camp this summer. Our neighbors are hustlers and never do anything by halves. Patsy Higgins and Wallace Vest will be in charge of the bath house this summer and will look after the welfare of the swimmers. Both boys are expert swimmers and in life saving and will be of benefit to the public in many ways.

There will be no regular meeting of Troop 1 Tuesday.

Elmer Forehand will be Chief of Police at the Armory during Chautauqua week. He will have four assistants yet to be appointed. Any one needing aid do not hesitate to call upon the boys in uniform.

C. C. Sikes and W. A. Craig left Wednesday night for Albuquerque and will be joined there by other insurance men from different parts of the state and the party will then go to Kansas City for their yearly meeting. This meeting is always looked forward to and enjoyed by insurance agents of the New York Life, men prominent in the field of life insurance being present and giving lectures on different phases of the work. Returning, Mr. Craig will stop over at Clayton and will be joined there by Mrs. Craig and Mary and they will make their home in that place for the present at least. Carlsbad people are a unit in wishing for them a successful and happy home wherever they may decide to locate.

Wayne Riley, who has been taking vocational education under the United States Army Training school, will be in this week from the Persidio, at San Francisco, where he qualified as baker and cook.

HIGH SCHOOL BUILDING, CARLSBAD, NEW MEXICO

PROFESSOR W. G. DONLEY, SUPERINTENDENT CARLSBAD SCHOOLS.

work they are doing. Messengers are accordingly sent to the East, West, North and South to bring before the Court of Service all who work miracles of happiness among the children of men under the banner of the Junior Red Cross.

Interlude—Dance of the Maids of Service.

Episode I—LOVE.

Love's Standard Bearer brings in the children of the happy, love-filled homes of the world. They are followed by the children who lack all the blessings of childhood—health, happiness and love. The happy children share their abundance with the unhappy little ones and all skip joyfully out into the world together.

Episode II—PREPAREDNESS. The Standard Bearer of Preparedness presents a beach scene as a proof of what his lessons will do toward making the world a safer place for children.

Episode III—MERCY.

A Child Welfare Station somewhere overseas is the picture Mercy lays before King Service. Weak from lack of food, suffering from privations and physical ill, the refugees of an unsettled world receive help from their Junior friends in America.

Episode IV—EDUCATION.

A Junior Red Cross school in the far-away country of Albania is the tableau that appears at Education's bidding. The Juniors of America then come on the scene, followed by groups of school children whom they are befriending in Belgium, China, Czechoslovakia, France, Hungary, Italy, Montenegro, Poland, Serbia and Roumania.

Interlude—Dance of Wisdom.

Episode V—THRIFT AND INDUSTRY. The Junior followers of the Standard Bearer of Thrift give an exhibit of one of the ways by which they raise money for their "Service Fund". The followers of Industry sing a song of sweaters, caps and shoes, gardens that they rake and hoe, furniture and toys they make and paint, letters they write and boxes they pack and fill, to send to friends across the ocean.

Episode VI—PATRIOTISM.

A scene in the foreign section of a large city is the picture Patriotism presents to the Court. In the midst of the disorder and noise a group of boys and girls who have learned to love the country their parents have found as well as to understand and serve her, come marching in. They teach the first rule of patriotism to the street boys and girls—"Citizenship through Service."

Episode VII—Health and Happiness.

The standard Bearers of Health and Happiness lead in a group of Juniors who demonstrate some of the ways by which health and happiness may be found.

Interlude—Dance of Health and Happiness.

Episode VIII—PEACE.

Peace unites the children of many lands in a powerful league of understanding and friendship.

FINALE.

King Service gives his blessing to his loyal and faithful followers and leads them out again into the busy world where there is work for all who serve.

## COUNCIL MEETING

Minutes of a special meeting of the city council of the City of Carlsbad, New Mexico, held May 17th, 1922, at 10 o'clock A. M.

The following were present: J. D. Hudgins, Mayor; M. R. Smith, Will Purdy, R. M. Thorne, F. G. Snow, Aldermen; F. L. Hancock, City Engineer; G. A. Reed, City Attorney; R. A. Toffelmire, City Clerk.

Alderman Snow introduced the following resolution with a motion that it be passed and adopted, seconded by Alderman Purdy:

RESOLUTION.

BE IT RESOLVED by the City Council of the City of Carlsbad, New Mexico, that the City Clerk be and he is hereby authorized to deliver to Mr. W. A. Rawls, representing the Lee Moor Contracting Company, One Hundred Thousand and no-100 (\$100,000.00) Dollars in bonds, being the amount of bonds it is deemed advisable to issue at this time in part payment of the paving construction work done by Lee Moor Contracting Company under the terms of their contract dated November 16, 1921, upon the assignment to the City of Carlsbad an equal amount of Special Assessment Assessable Certificates and payment to the City of Carlsbad of thirteen (13) per cent of the par value of said bonds as is provided under the terms of said contract.

Upon roll call the vote for adoption was as follows:

Alderman Purdy voted yea.  
Alderman Smith voted yea.  
Alderman Thorne voted yea.  
Alderman Snow voted yea.

The Mayor declared the resolution duly passed and adopted.

It was moved by Alderman Snow upon the payment to the City of Carlsbad of the 13 per cent mentioned in the above resolution, the city clerk be instructed to draw a warrant to the Lee Moor Contracting Company for the extra work done in connection with the paving contract in the sum of Nine Hundred Eighty Nine and no-100 (\$989.00) Dollars.

Upon roll call the vote for the carriage of this motion was as follows:

Alderman Purdy voted yea.  
Alderman Smith voted yea.  
Alderman Thorne voted yea.  
Alderman Snow voted yea.

The Mayor declared the motion duly carried and the clerk was so instructed.

It was moved by Alderman Snow seconded by Alderman Purdy that Municipal Building Bond No. 27 in the amount of \$1000.00, which under the law of the State of New Mexico could not be issued, be cancelled. Motion carried and the City Clerk was instructed to cancel the same.

It was moved by Alderman Snow seconded by Alderman Thorne that the irrigation man now working for the city be paid \$75.00 per month instead of \$65.00 as heretofore and that the City Clerk be so instructed. Motion carried and the Clerk was so instructed.

After discussion it was moved by Alderman Thorne seconded by Alderman Purdy that the City purchase a Ford truck with a dump body for use in cleaning the streets and alleys of the city.

Upon roll call the vote for the adoption of this motion was as follows:

Alderman Purdy voted yea.  
Alderman Smith voted yea.  
Alderman Thorne voted yea.  
Alderman Snow voted yea.

The Mayor declared the motion duly carried.

The Mayor adjourned the meeting subject to call.

J. D. HUDGINS, Mayor.

ATTEST:  
R. A. TOFFELMIRE,  
City Clerk.

## LOVING NEWS

Mrs. Stone and daughter Audrey went to the ranch Wednesday morning.

Mrs. Robert Holcomb will entertain a number of guests Sunday in honor of little Thelma's birthday.

Harry, eight year old son of Mrs. H. A. Wisdom, of this place, while carelessly handling an ax, Wednesday, came very near cutting off his great toe. He is getting on nicely at this time, however.

Russell Donaldson was in from the ranch Wednesday of this week for a brief stay with homefolks.

Frank Nymeyer shipped 200 head of cattle from Red Bluff to the Nymeyer ranch Tuesday night.

The following corps of teachers have been elected for the Loving schools for the ensuing year:

Mrs. Martin, principal, Mrs. D. L. Narromore, Miss Avis Ingalls and Miss Leona Davis in the Loving school, Miss Nola Stevens at "Rabbit Hill" and Miss Grace Forehand at Cuba.

The Track Meet, though representing only two of Eddy county's schools was a decided success and paved the way for a more wide spread interest in school athletics in the Pecos Valley. The winners of the various contests were as follows:

Pole vaulting, Brewer Cole, Loving, 1st; Perry O'Connor, Carlsbad, 2nd; 6 ft. 8 in. Running high jump, 1st class, 85 lbs. and under, Phillip Giovenzo, Loving. 2nd class 85 lbs. or over, Albert Fisher, Carlsbad. Girls' Relay. 1st class under 85 lbs. Carlsbad. 2nd class over 85 lbs. Loving. Boys' shoe race, Rex Vest 1st, Patterson 2nd, both of Carlsbad. Three legged race, Reginald Howard and Frank Reed of Loving 1st. Delbert Hubbard and William Pope 2nd, of Carlsbad. Running Broad jump, Brewer Cole, Loving, 1st, 13 ft. Reginald Howard, Loving, 12 ft. 9 inches, 2nd. School Drill 1st Carlsbad.

It is rapidly becoming a recognized fact among parents and school people in general that a child's mental ability and school interest, etc., depend largely upon his physical condition. Heretofore, the only institutions to devote much time to athletics in New Mexico were high schools and colleges, and then the emphasis has been placed only upon baseball and basketball. Why not wake up, get in line, and step to the music of progress?

Wherever a child is in school, he necessarily becomes more or less confined nine months out of the year. Can he offset what he loses of air, sunshine and exercise during these long nine months in the brief vacation days of summer and the few hours before and after school. Under our old plan, No!

You say yes, but all this extra "tom foolishness" means a special teacher added expense and a lot of extra effort for nothing. Why should it result thus anymore in the grades than in high school or college? We have engaged a full time health nurse and physician. So far, so good. They are trying to educate us to the old maxim that "an ounce of prevention is worth a pound of cure." Why not help a good thing along by stimulating an interest in real live physical fitness and incidentally good health habits? There is not a boy or girl in any school who really knows what physical culture means, but what is interested in these various forms of athletics. Children, however, are not as a rule so much interested in what they can do in either a mental or physical way, as they are in how far they may be able to "put it over" the other fellow or the other school. Yes, you all agree that it is a good thing, but most of you will hesitate a long time before granting that this side of the child's life is as important as the mental or moral side. Yet there is not a question in any fair-minded person's mind but what the boy or girl who is interested in the race, game or any other form of healthful recreation is gaining more than the child whose only pastime is to stand under a swing and gossip about a fellow pupil or to pick a fight. We have started the ball rolling at Loving this year which Carlsbad formed two years ago. Now folks, whether the track meet be in Loving, Mahaga, Carlsbad, Otis, Artesia, Lakewood or any other place, let's get together and plan for a real field day next year. We'll find out whether Colorado, California, or any other state has any better boys and girls physically than we can produce out here in the land of eternal sunshine.

Locally speaking, we'll see whether Jimmy can lick Sammy or not, and if he can, how and why.

Kiddies are you with me? If you are, insist upon that field day and the fun and the fame will be yours.

Senator H. A. Davis of Phoenix, Arizona, was in Carlsbad last Tuesday between trains. Senator Davis is Arizona and New Mexico State Manager of The Brotherhood of American Yeomen, and came to Carlsbad expecting to meet the Yeomen of Carlsbad in a special business meeting. Owing to the failure of a message to reach the Yeomen correspondent in this city Senator Davis did not get to meet with the Yeomen members as he had planned and he left Carlsbad very much disappointed.

#### FIGURED IN HISTORIC PAST

Representation of Monarch of the Time of Abraham Now in Pennsylvania Museum.

In the dim old days of the patriarch Abraham people looked very much as they do now, judging from the oldest representation of human figures unearthed by the tolling brotherhood of archeologists. Two striking figures, one standing and one seated, are included in the elaborate design of the clay seal, or "postage stamp," which has excited the enthusiasm of Dr. Legrain, curator of the Babylonian section of the University of Pennsylvania Museum.

Dr. Legrain has figured out the inscriptions of the little tablet as indicating that it dates from the period when "Ur of the Chaldees," mentioned in Genesis in connection with the history of Abraham, was a flourishing kingdom. And he finds reason to believe that the seated figure, decorated with bounces of beautiful accordeon plating, is a portrait of his majesty Ish-Sin, the last king of Ur and possibly an intimate friend of the Father of Israel.

To the modern eye both figures are remarkably well drawn and lifelike in attitude, especially considering the fact that they were modeled in clay on a very small scale. Dr. Legrain thinks the tablet served the double purpose of a seal and a postage stamp on a sack of money forwarded to a banker named Shulpaie by his reverence the high priest of the temple of Ur, at which Abraham worshipped.

#### TOO HEALTHY FOR MEDICINE

People of Tristan da Cunha Throw Supply Left by British Cruiser Into the Sea.

The island of Tristan da Cunha is described as "an unspoiled haven of rest for the weary soul, a mecca for those who long for relief from worries of life," by the chaplain of the British cruiser Dartmouth, which has just returned from a visit to that isolated spot.

"No need to worry over money there, for there is none," said the chaplain. "There are no taxes, no doctors, no lawyers, no clergymen, no policemen, not even a head man. Newspapers and mail arrive, with luck, about once every two years."

"There is not even any medicine, for the latest supply of remedies was thrown into the sea by the inhabitants, who are remarkably healthy. Epidemics are unknown."

"Tristan is a British possession in the south Atlantic, between South Africa and South America. Its snow-capped peak towers nearly 8,000 feet above sea level. It is only 21 miles in circumference. The nearest inhabited place is St. Helena, 1,200 miles away. The only habitable portion of it is a tongue of fertile land at the foot of the precipitous cliffs."

#### What Tenderness Is.

Tenderness is the extreme susceptibility of the softer emotions and passions. It implies the refinement of pity, the sensitive delicacy of love, the culture of sympathy, and the most complete embodiment of a fervent, deep-seated, and impulsive gentleness. —A. M. A. W.

## Notice to Taxpayers

THE SECOND HALF OF THE 1921 TAXES WILL BE DELINQUENT AFTER JUNE 1st, 1922, AND THEREAFTER ADDITIONAL COST WILL BE ADDED.

DON'T FAIL TO PAY YOUR 1922 ROAD TAX IF YOU ARE NOT EXEMPT FROM THE SAME.

A. E. Lusk,  
TREASURER AND COLLECTOR

#### REVIVAL MEETING CLOSES

Revival services reached their climax Sunday night, that being the last night of the meeting and the Armory being crowded to the doors with an interested congregation, and the response to the invitation being immediate and earnest. Fifty-one persons came forward at night service and manifested a desire to live a better life. All ages, from the child of tender years, to the mature man, joined in the grand march which wound up the evening. Over four hundred made the start during the three weeks of evangelist effort and many were reclaimed. The four churches engaging in the meeting, are pleased with the results.

Reverend Lockhart is not a sensational preacher by any means, but speaks the truth without fear or favor and many Carlsbad people will date their desire for a new life from his visit to the city.

After the morning service and again in the evening a call was made for "Life Recruits," young people who felt called to do some especial work and about thirty in all responded, surely an inspiring sight to see that many young men and women dedicating themselves to the service of their Lord.

As Reverend Lockhart left on the evening train Monday night for his home in Des Moines, Iowa, a short service was held at the depot, where a large number had gathered to bid him Godspeed on his journey, and as the train pulled out the people united in singing "God Be With You Till We Meet Again."

Mr. and Mrs. Cecil Brooks left Tuesday morning for their home in Kingman, Kansas, going overland. A picnic was given at the home on Saturday for the little folk who had taken part in the Bible study and drill and three truck loads went and had the time of their lives, being looked after by Mr. and Mrs. Cecil Brooks and the day being one of great enjoyment to all.

On Sunday morning after the church services had been finished all the Sunday Schools and congregations were lined up in a semi-circle, in front of the Armory and Ray Davis brought his circle camera into play and took the picture of the assembled crowd. This is one of the finest pictures that even that fine artist has taken, every child showing plainly and all being grouped to advantage. Over nine hundred were present in the four Sunday Schools of the city on Sunday.

#### REV. COFFEY CALLED AS PASTOR OF CHRISTIAN CHURCH

Rev. R. R. Coffey of Woodward, Oklahoma, has been called as pastor of the local Christian church. He comes to Artesia highly recommended and we are certain the local church has made no mistake in calling Rev. Coffey as pastor of their church. The Rev. thinks a lot of Artesia and its country saying that he is satisfied the country is in its infancy of development and that if the people here will just wake up to the advantages of their country it will be the best place in the southwest. —Artesia Advocate.

Word from Mrs. John W. Moore, who left last week Monday night for New Orleans, preparatory to leaving for Spanish Honduras, tells of a sad condition in southern Louisiana, owing to the high water, and says a person can have no idea of the destructiveness without seeing the devastation. She and her baby, Emily Gear, sailed on one of the Viceroy vessels for La Ceiba, where her husband will meet her and they will go the rest of the way overland.

Mr. and Mrs. Sam Moskin and Mrs. Muriel Nornhauser and baby, made a trip to Roswell Sunday. The visit was mainly for the purpose of bringing little Jane Moskin home from that city, where she has been off and on for several weeks. Jane has already visited the Current office and given her impressions of her stay in Roswell.

#### HAY TRADE CONDITIONS OF THE WEEK

Little change has been shown this week in hay market conditions. Receipts continue light in the east and this is maintaining an unchanged or slightly firmer tone. In the West receipts have been a little heavier and the tone of most markets is easier. Until farmers are caught up with their spring work, not much change in the amount of hay moving can be expected. —Hay Trade Journal.

#### CARD OF THANKS

We are gratified and touched by the outpouring of the citizens of Carlsbad at the burial of our son and brother, Film Tulk, who gave his life in defense of the flag and whose remains were interred last Sunday. The esteem and respect shown us at that time merits our thanks and undying gratitude. We are especially grateful to the members of the American Legion, to Major Hujac and to all who assisted in any way, and also thank the friends for the lovely flowers and other kindnesses shown us.

J. W. TULK AND FAMILY.

Mrs. Cecil Bearup came in last Friday morning from Bay City, Michigan, and is at present a welcome guest in the Dr. A. A. Bearup family. She was met at Roswell by her husband and his father, and the rest of the trip was made by automobile. They will likely remain here for a few days, and then they expect to go to Albuquerque, and other cities in that vicinity accompanied by Dr. and Mrs. Bearup and Mrs. Paul Ares, and will probably be gone for some weeks.

#### NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Roswell, New Mexico, May 3, 1922.

NOTICE is hereby given that Muriel M. Nornhauser, of Carlsbad, New Mexico, who, on March 10th, 1917, made Homestead application Art. 21909, No. 034662, for N $\frac{1}{4}$  NE $\frac{1}{4}$ , SE $\frac{1}{4}$  NE $\frac{1}{4}$ , E $\frac{1}{2}$  SE $\frac{1}{4}$ , Section 17, E $\frac{1}{2}$  NE $\frac{1}{4}$ , SW $\frac{1}{4}$ , NE $\frac{1}{4}$ , Section 20, Township 25 S, Range 26 E, N. M. P. Meridian, has filed notice of intention to make three year Proof, to establish claim to the land above described, before Dover Phillips, U. S. Commissioner, at Carlsbad, New Mexico, on the 15th day of June, 1922.

Claimant names as witnesses: John Prickett, Lewis Cargill, Ira Stockwell, Louis Regnier, all of Carlsbad, New Mexico. EMMETT PATTON, Register.

### LOCAL NEWS.

Mrs. Claggett, wife of Sergeant Claggett, who is stationed in Carlsbad at the present time, as drill sergeant, came in Saturday from Albuquerque, and will remain in the city for some time.

Mrs. A. Proffenger, of Oklahoma, came in the last of last week for a lengthy stay at the home of her daughter, Mrs. J. H. Baker, who lives in one of the Falke houses on Halaguano street. The lady came from her home alone although she is over eighty-eight years old.

Miss May Middleton teacher of the school at Queen, came in from there last Friday, her school having closed for the summer. Miss Middleton had a very successful session of school and will enjoy her rest of a few weeks before attending a teacher's institute or Normal school at some part in the state.

Mr. Heim who recently received a wire announcing the serious illness of his daughter at Kansas City, and secured a special train at Clovis, made some excellent time between the latter place and Amarillo, a distance of 105 miles, which was made in 104 minutes, actual time. This was the fastest time made on the run. The special from Clovis to Kansas City cost \$2987.50.

From a private letter written to a friend in this city, we learn that Miss Delphia Small, formerly of this city, and a High School girl here for two years, was married at Paducah, Kentucky, April 8th, 1922, to Raymond Quillin, and that they will make their home at Paducah. No particulars are given, but congratulations and good wishes are in order.

At a recent election held by the Campfire Girls of this city, Mrs. Muriel Nornhauser was elected guardian in place of Mrs. Ira Stockwell, who resigned. Mrs. Nornhauser is familiar with the work of the Campfire, she having been connected with that work before she came to Carlsbad. The troop now numbers twenty which is as many as they are allowed under one guardian. The girls are very enthusiastic in the beautiful work which aims to do for them what the boy scout work does for the boys, developing in them a love for the outdoors, and a familiarity with Nature in all her many forms. Their ritual work is said to be very pleasing. The camp has made preparations for a candy sale today, the proceeds to be given to their work. Mrs. Horace Hutchinson was elected assistant guardian at the last meeting.

Joseph J. Heim, of Kansas City, was in Carlsbad on business connected with the Globe Plaster and Mining Company, of which he is the principal owner. He was called home by wire just about train time, Sunday night; but just a few minutes too late to get to the train. He asked the Santa Fe officials if they would hold the train at Lakewood, which was done and Mr. Weaver took him to that place in a car with very little delay. At Hagerman he received another wire from his home saying that his daughter had double pneumonia and he at once ordered a special train which was waiting on arrival of the regular train at Clovis. He stepped off of No. 92 at Clovis, and on to his special and left there at 3 A. M., and arrived in Kansas City at 4:35 P. M. Central time. Thus making the trip from Clovis to Kansas City in 12 hours and 35 minutes.

### THE FAITH AND POWER OF MOTHER LOVE

#### Compelling Motive in "Turn to the Right"

Ma Bascom, the mother in "Turn to the Right" illustrates the tremendous pull toward clean living that a mother can exert.

Ma Bascom lived in a little New York town not far from New York. Her little place, like thousands of others, was the scene of her own happiness, the birthplace of her children and the refuge of her old age.

Joe, her son, wanted to get away. Like most young chaps he did not know when he was well off. One night he slipped away.

The first time you see Joe in "Turn to the Right" is in front of a New York Pawn Shop, dicker for a suit in exchange for the ill fitting garb he received as a parting gift from the Sing Sing warden.

Joe had fallen on evil days. He had left the Bascom home and Ma Bascom to take a whirl at the bright lights. He wound up in a racing stable drunk and woke up charged with being a thief. He could not clear himself and he was railroaded to Sing Sing.

During the two years before the law took charge of him, Joe sent fifty dollars a month to Ma Bascom. When that fifty stopped coming, the Bascoms were reduced to almost want.

Never during all that time did Ma Bascom's faith falter. She knew Joe would be back. Every night the lamp was placed in the window and every night the old family Bible renewed Ma's faith.

While in Sing Sing Joe had made friends with Mugsy and Gilly, two hard boiled crooks. They had shared a years imprisonment and were bound together by the free masonry of common suffering.

Mugsy and Gilly were ready to ply the only trade they knew and when they met Joe that morning at the pawnshop Joe told them that he was going home.

Things begin to happen shortly after that. Joe does as home—walks all the way. Ma Bascom has just put the light in the window. The little sister for whom he bought a doll is now a young woman. But Ma is the same. Joe is still her boy; no question asked.

Gilly and Mugsy get there a little later. They did not know where they were going but the smell of Ma Bascom's jam through an open window led them straight as an arrow in search of eats. They get their first country meal that night. But they get more than that. They have an insight of a Christian home, a real mother—and prayer time!

Fun and tears follow each other so rapidly and often after that there is little time to do anything but sit in keep expectation of the next development.

A detective, Callahan, drops in Mother Bascom makes short work of him. He is like all the rest. And so it goes through three great acts. One of the great comedies of recent years.

Las Vegas, May.—A united party in the Democratic campaign now is inevitable.

This is the word received at Democratic headquarters here from state chairman, George H. Hunker, who now is on a trip through the southern part of the state. Mr. Hunker informs the local headquarters that everywhere he has been, there is a general feeling that the party is becoming stronger. Various "overt acts" of the present administration figures have contributed considerable strength to the Democratic line.

The costly equipment of the National guardsmen at Gallup followed by the Mora fiasco have had an immediate effect in adding sentiment that already was crystallizing around the Democratic ticket for the fall election. The need for enforcement of the principles upon which the state committee now is organizing its campaign of economy is being reflected in the exceptional interest shown in county organization.

Thus far, the counties with their Democratic tickets already named, feel that the foundation for a policy of state-wide economy is being laid. The selection of the various county tickets has brought out the union of democracy that may be expected this fall. Instead of previous differences that have affected the strength of the party in New Mexico, there now is a total lack of differences.

#### TO ADVERTISE IS TO MAKE KNOWN

What you tell about your store in today's advertising is what the readers of this newspaper KNOW about your store as it is NOW. What you made known a week or a month ago was the store's story of a week or a month ago—now history.

All of the advertising of the past has served, according to its adequacy—and its fruitage is seen in the good-will enjoyed by your store now. But past advertising does not MAKE KNOWN the offerings NOW READY for your customers.

Poison gas has had the effect of making the battlefields of France especially fertile.

CHERRY BLOSSOM TIME—"TURN TO THE RIGHT"—AT CHAUTAUQUA.

THE REDPATH CONCERT ARTISTS, A COMPANY OF STARS  
AT CHAUTAUQUA

Mrs. Kinney Reed and young son will leave early in the week for Brownwood, Texas, where her oldest son, is at school, and where she will make a visit for a few days, and will then return and go to California for a visit.

E. S. Kirkpatrick returned from a visit to El Paso, getting home the first of the week.

Mr. and Mrs. George McClure, of Roswell, came down from there Sunday morning to be in attendance at the funeral services of Mrs. McClure's brother, Flim Tulk.

Mrs. Thorne is spending the week in Roswell hoping for a benefit from the change of scene and association with friends of many years in that city.

#### MARRIED

At Corsicana, Texas, Richard P. Turner and Miss Addie Small were married April 18th. They plan to come to Carlsbad in the near future, where the bride is well known and will visit a while here. May much happiness be theirs.

# UNCLE JOE SEAY ON LAST LONG TRAIL

Joe P. Seay, pioneer cattleman of this section, after an illness of about a year, passed away at Long Beach, Calif., where he went recently to join his family.

"Uncle Joe," as we liked to call him, was born in Talagada county, Alabama, on April 28th, 1854. The love of the great outdoors must have been his for, at an early age, he came to Texas, settling near old Ft. McKavett, where he played a man's part in the pioneer work that made Texas history one of the grandest themes of literature today. The ranks of these old-timers is thinning year by year, and the death of "Uncle Joe" marks one more gap in the line-up of real men.

The cattle industry somehow appealed to the pioneers of the Lone Star State, and Mr. Seay was no exception to the rule, an industry that he continued until a few years before his death, when he retired with a comfortable income.

To the union of Mr. and Mrs. Seay were born nine children; of these three survive with the wife and mother, all being present at the funeral. One brother, Jim Seay of Roswell, was present at the last rites. The body was brought to Pecos for burial in the family plot at Evergreen. The last honors to the memory of "Uncle Joe" were held at the home of Mrs. W. L. Ross, where after a simple service, the gathering of old-time friends took a farewell look at the familiar face, and bade him Godspeed on the last, long trail to the Great Unknown.

The trip to the cemetery was made through a veritable lake of water, an item that in no wise daunted the pioneer stock whose determination to follow the last earthly trail of their friend, triumphed over the elements, and the body was tenderly placed at rest, the spot being prominently marked by a mound of beautiful flowers, mute testimony of the esteem in which he was held.—A Friend.—Pecos Gusher.

# SIXTEEN YEARS IN FRONT RANKS

History Places Your Town on One of First Chautauqua Circuits of America

No doubt you are interested in knowing the reason for giving the name THE PREMIER CHAUTAUQUAS to that circuit of which your town is a part.

Sixteen years ago there were being made the first well defined efforts to arrange a number of towns in a circuit for the purpose of supplying them with a first class Chautauqua Program.

Circuits the Great Southwest There were two circuits formed, one in Iowa, and one in this southwest territory. The latter was the circuit on which your town now has a place. It was one of the first two circuits, and it was named THE PREMIER CIRCUIT.

In these sixteen years it has been the leading circuit in the United States, and the only one of its class in the western part of the United States, including Nebraska, Kansas, Oklahoma, Arkansas, Louisiana, Texas, Colorado, New Mexico, and states west.

First in Excellence Not only is it a Premier or First Circuit in point of history, but it is the best circuit in type of towns served and in excellence of program rendered.

There are many Chautauquas in the whole United States. However there is none better, and there are only two or three others that are considered to be in the same class with this PREMIER CIRCUIT, and there is none other in this section of the country that can approach it for cost, service rendered, quality of cities visited, and general excellence of its program.

Best in the Country So, with your town a member of the PREMIER CHAUTAUQUA CIRCUIT you have the very satisfactory assurance that you have the very best that the country affords.

# LAURANT AGAIN

Great Magician to Delight Premier Pat-ino Once More

Eugene Laurant, the idol of the kids and one of the most popular of all the entertainers in America today is coming to Chautauqua.

Do you remember the clock that thinks?

Do you remember that remarkable ring trick and the feeling you had when Gene Laurant rammed your ring down the throat of the big horse pistol?

Laurant has a lot of new tricks on which he has spent years of work. He is always working like a beaver. When you see him this time you will meet some of your old friends, but there will be a lot of new ones that you have never seen before.

Laurant's show is always a thing of beauty. There is never a tire-some moment.

The stage will be full of kids and not a one of them will be embarrassed or afraid. Gene Laurant has more young friends over the country than any entertainer in the business.

This show is worth twice the price of admission just to see the youngsters have a good time, but it isn't for the youngsters only. There are tricks there that will puzzle you and one or two psychological problems that have never yet been solved by anybody but Laurant.

Some people complain that they never get their just deserts and yet if they did they would howl like the devil.

# MASONS HOLD MEETING IN HONOR OF W. A. CRAIG

Carlsbad Masons assembled informally in the club room of Masonic Temple Tuesday evening, May 17th, in honor of William A. Craig, past master of the lodge, who only a few days previous announced his intention to leave Carlsbad the evening of May 18th. Mr. Craig identified himself with the local lodge fifteen years ago and has held every office his fellow members could bestow upon him. He also is a member of the local chapter, and commandery and is a member of the Shrine.

More than fifty Masons were present and many humorous incidents occurring in the more than twenty years of residence in Carlsbad were told by the members and "Bill" was made the "goat" in each case. Practically every member expressed high regard for the friendship of Mr. Craig and regret and sorrow for his removal from the community. As an expression of the affection of his brother-Masons, he was presented with a handsome gift which it is hoped would ever remind him of his many friends in Carlsbad. The present was accepted with words of appreciation and regret at his early removal from his many friends and associates. Refreshments of ice cream and cake and cigars were served to the large gathering.

Mr. and Mrs. Will Fenton came in Wednesday from their ranch, twelve miles out. They had the good fortune to receive some of the bountiful rain which fell recently and say their grass is fine and cattle are doing well. Mrs. Joe Lusk and little Sammie accompanied them to town.

Somebody is going to have to work out a substitute for free seeds. That time honored congressional graft is in its dotage. Nobody wants garden seeds nowadays. The modern voter's interest is in golf balls, lipsticks, brew recipes and cigarettes. Will our noble Legislators never wake up to the fact that times have changed?—Kansas Industrialist.

Scott Hill, a cattle buyer, stopping at the Crawford, was fined this week in court for discharging firearms in the city limits, the offense being committed in front of the Crawford Tuesday morning. The fine assessed was fifty dollars and costs.

Willoughby Hegler and family are in from their home at Frijoles, today.

Loving people came in large numbers for the Chautauqua today.

Miss Sue Chilcoat will undergo an operation at Eddy County Hospital this afternoon for appendicitis. Miss Sue is a member of the graduating class of the High School and her illness at this time seems peculiarly unfortunate.

Let us frame your Sunday School Rally Pictures.

PURDY FURNITURE STORE.

Carl Smith of Otk who has been down with the flu, is convalescing satisfactorily at this time.

Grady Wells and family of Roswell spent Sunday with friends in this city.

Miss Helen Melvain returned from a ten days stay in El Paso, Monday evening.

Miss Martha Rodey of Artesia, who has been staying at the home of Mrs. R. B. Slease, in the Otis section, and attending the Otis school the past nine months, left for her home yesterday.

The school children were given a holiday last Friday afternoon as the Gentry Brothers show was here and many took advantage of their freedom to attend at both the afternoon and night performances.

Editor W. T. Reed, of the Argus, was taken quite ill at the office last Saturday and is still confined to his bed, although improving.

Will Ed Carter has leased the W. A. Craig home in North Carlsbad, and moved his family there yesterday.

Mrs. Harry McKim was a delightful and gracious hostess to the Little Bridge Club at the home of her mother, Mrs. H. F. Christian, last Saturday. Mrs. Holt made high score.

Mrs. Howard Moore entertained the Bridge Club at her home on North Canyon street yesterday afternoon.

Judge J. B. Atkinson, of Artesia, was down from there on business Wednesday.

Ten cars of cattle belonging to Tom Middleton and Ralph Thayer were driven down from Queen and shipped to market Wednesday.

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience

"Three years ago I bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by PRATT-SMITH HARDWARE CO. CORNER DRUG STORE.

# MEMBERS OF CHAUTAUQUA ARRIVE IN CARLSBAD

Members of the Chautauqua about fifty strong arrived from Kansas City yesterday afternoon, coming in two special Pullmans attached to the regular afternoon train. They were met at the station by the reception committee with cars and were taken at once to the Crawford hotel. In the evening a reception was given them at the home of Major Bujac, in La Huerta, and after that, they crossed the street to the Marvin Livingston home where a "Fish Fry" had been arranged for their pleasure. After this part of the program was completed, dancing was indulged in to music furnished by Mr. Shafer, the pianist.

Major Bujac boarded the train at Roswell, he having been at Lovington in attendance at court and accompanied the party to this city. He took occasion to boost the climate some during the evening, placing Dr. Glazier on a table and telling the Chautauquans that the doctor only weighed seventy-five pounds when he came here a short time ago. The contrast between the doctor's avoirdupois and that of a seventy-five pound man brought down the house.

Members of the Chautauqua are a merry bunch and likable and the prospect for a good week's entertainment is excellent.

Mrs. Dan Lowenbruck entertained a party of her friends at the home of her mother, Mrs. John Lucas, in north Carlsbad Wednesday night. The pretty rooms which seem made for social functions, were decorated in pink and green and the excellent refreshments were in the same colors. Sweet peas and roses everywhere were seen, and gave an added charm to the pleasures of the evening. The guests were Mesdames McKim, Mann, of El Paso, John Snow, of Denver, Will Ed Carter, Charles Montgomery, Henderson, Pat Jones, Babe Campbell, Aud Lusk, Sam Batton, Ellsworth James, John Barber, Misses Lorene Powell, Georgia Wallace, Patti and Marian Witt, Marguerite Roberts, Kindel, Melvain, Macie Usery, Gibson, Corinne Higgins, Shepherd, Wright and Ova Butcher.

Some one removed the license tag from the car of Rev. A. C. Douglas this morning. The registered number is 16682, and the 1922 seal number is 9784. So far no trace of the plate has been secured, but officers are working on the case.

The Current is pleased to announce the coming marriage of two former residents of this city, now living in Long Beach, California. The date of the wedding of Mrs. Maude Parr and C. B. Church has been set for the latter part of June, and Carlsbad people without exception extend congratulations and best wishes to them.

John Lowenbruck left for Douglas, Arizona, Monday, called there by a telegram announcing the death of his brother-in-law, William Heinz, of that place. The wire gave no particulars beyond stating that he had been killed.

Mrs. M. G. Vorenburg, of Wagon Mound, New Mexico, is visiting at the home of her son-in-law and daughter, Mr. and Mrs. Joseph Weitzel.

The Current this week puts out the High school annual, "The Echo" a book of one hundred and ten pages, filled with a record of High school activities and a book that will be treasured for many years. The typographical work on the book is good and the cuts excellent despite the fact that the time allotted the printer was short and the work had to be done in a rush. Carlsbad business men made the publication possible by a liberal patronage of advertising.

A baby boy was born to Mr. and Mrs. Van Bartlett at their home in La Huerta, the 17th, instant. Good luck to the baby and its parents.

Jack Blackwell was back from army training school at El Paso last week and spent a few days here among old friends. He is delighted with his work and gives a good report of all the boys who went from here to the school. He also says he thinks that several of them will get to attend the Fourth of July celebration in Carlsbad.

BORN: To Mr. and Mrs. Will Gerlach, of Malaga, a girl baby this morning. This is the first girl in the family and she is treated with great consideration by her brothers and her aunts as well and best wishes are extended by other friends for her health and happiness.

You don't need to have flies in the house. You may think you do but you don't. You can report manure piles, dead dogs, cats and rats to Health Office.

Keep the Yards Clean.

Screen Windows, Doors and Porches.

Trap the Fly before he gets in.

Swat the Fly if he gets in.

See that your Grocer Keeps Meat, Vegetables, and Fruit Screened from Flies.

Keep Everlastingly at It.

30 per cent of the Flies Breed in Horse Manure.

Make up your mind to Get Rid of Flies.

With the closing of school Mrs. W. P. Mudgett and her daughter Miss Zada, will leave for the coast for the summer, Mrs. Mudgett to visit her daughter-in-law, Mrs. Bryan Mudgett, at Huntington Beach, and Miss Mudgett will enter Berkeley University for the summer instruction. Both will be gone until fall.

# BURIAL OF FILM TULK

The funeral services over the body of Film Tulk, the soldier, were characterized by simplicity although not lacking in anything that makes the soldier burial impressive and reflect honor alike on the dead and on the living.

All the arrangements planned were carried out in detail and without the customary confusion that so often mars and detracts from a ceremony of this kind.

The Army, from where the funeral was held, was filled to the doors with friends who were anxious to show in this way, their pride in the achievements of the dead soldier and their respect for his living relatives, whose fine spirit in laying their son and brother on the altar of their country, has been much admired.

Pall bearers had been selected from the American Legion and were the following, who were in full uniform: Sam Lusk, Clifford Lewis, Paul Mahan, Lowell Warren, Rude Wilcox and Don Donald. A number of members of the Legion had seats on the stage at the rear of the speakers.

The services were opened by Chaplain Douglas, who read an appropriate Scripture lesson, and was followed in prayer by Rev. T. C. Mahan. The male quartette sang "Abide With Me," that most beautiful of songs, with Mrs. John Wells as accompanist. Members of the quartette were Messrs. Oliver, Hudgins, Wells and McCollum. One of the impressive parts of the services came when Legionnaires, as in their custom, faced west and stood in silence as they thought of the heroic achievements of their comrades in arms who had gone before.

Major Bujac introduced Reverend Villars, of the Red Cross, who made a short address, touching on the high ideals necessary to actuate those who were willing to give their lives for their country's good, and after his talk the people sang America, and the principal address of the afternoon was delivered by Major Bujac, who in beautiful language told of the soldier's devotion to duty and of our pride in him.

The casket, draped with the colors, was carried out of the building, the Boy Scouts, and members of Troop B acting as a guard of honor, and with the band playing a dirge and the colors, carried by Color Sergeant Howett, dipped, stood at attention while the remains were carried, passed between the ranks, followed by relatives and friends.

At the cemetery, a brief committal ceremony was read by Chaplain Douglas, "Onward Christian Soldier", was sung by the members of the Legion, the casket was lowered, volley fired and then came "Taps", that saddest of all sounds, as Bugler Martin, with unusual impressiveness, rendered this last honor to the soldier dead; and of Film Tulk it may be said he sleeps in the Homeland, where his deeds of valor will not be forgotten, in the years to come.

"Disturb him not; his splendid work is done.

Beneath the starry flag he loved so well

He sleeps his dreamless, everlasting sleep.

And Heaven's own blue smiles from behind the stars."

DADDY GROBECKER'S YODLERS

Original Alpine Swiss Company

Coming

Years ago you will remember the papers were full of the story about W. J. Bryan and the Swiss Yodlers who were with him on the program. These Swiss Yodlers were Daddy Grobecker's Alpine Company, the original Swiss Company to appear on Chautauqua program and the only genuine Swiss Yodling company in America today.

Daddy Grobecker at the beginning of his program will introduce you to his wife, his daughter and granddaughter, all members of this company. You will immediately fall in love with the entire family. The program is given in an informal way and you can almost imagine yourself the guest of the Grobeckers in their Swiss home in the Tyrol.

The program consists of the various yodels in use among the Swiss mountaineers, Swiss folk songs and snatches of American selections. All of the program is given in the picturesque costume worn by the Swiss Mountaineers.

The yodel is many hundreds of years old. It is the cry that was used by the Swiss mountaineers to convey messages many miles to their friends far below in the valleys. By experimenting, they found that certain notes had great carrying power when given in the form of a yodel in the thin air of the mountains. During generations these yodels were developed up to the place where you will hear them today.

Daddy Grobecker's yodlers gives one of the most unique and interesting program to be heard anywhere.

The family of J. R. Linn is anticipating the return of their daughter and sister, Miss Nellie, who is at school in New York, and who will arrive in Carlsbad about the first of June. She will be accompanied by her sister-in-law, Mrs. Arthur Linn, and the latter's two children, of Washington, D. C. who are at present visiting at the home of Mrs. Linn's parents, Dr. and Mrs. Lauer, near Lima, Ohio. Arthur expects to join his family here about the first week in July and remain for a visit with homefolks and friends.

# TOMORROW

The man who thinks of tomorrow—of his future comfort—of the protection of his family—INSURES HIS PROPERTY TODAY. If it burns it will not break him. The insurance company pays the damage.

# TODAY

The one who thinks only of today—who considers only the slight expense of the moment—who forgets the future security of his family—DOES NOT INSURE. When the property burns it cripples him or wipes him out completely.

FIRE AND AUTOMOBILE INSURANCE — SURETY BONDS

Let us quote you low prices on a policy

W. F. McILVAIN

# BEAUTY PARLOR

A new business institution will open in Carlsbad which will no doubt be popular from the very first and that is the Beauty Parlor to be opened by Miss Cleveland, next Thursday in the Boatman apartments. Few towns the size of this but what have an institution of this kind and the lady's experience will enable her to give satisfaction. She is a graduate of the Wanamaker School of Beauty Culture, of New York City, and has been an instructor in various branches of the work, there and in Chicago.

Ladies wishing to have their hair dressed for parties or other gatherings will now have a place to go and be assured of careful attention and we predict that the new Beauty Parlor will fill a long felt want among the women of Carlsbad. Miss Cleveland will give special attention to facial massage and give shampoos, etc.

Honoring the Love girls, Kate and Anna Lee, Mrs. Henry Jones, at whose home the girls are boarding and going to school, gave them a party last night. Eleven in all were entertained and enjoyed the feast of ice cream and cake provided for their refreshment. Games were played and a merry evening passed, and at its close all expressed pleasure and suggested still further hospitality in the form of another party. Mrs. Berry assisted Mrs. Jones in serving.

The Santa Fe people are the first to pay their paving assessment they turning in a check for above \$5,000 this week, thereby taking advantage of the 15 per cent discount for cash.

Mr. and Mrs. G. L. Montgomery left Tuesday night for a pleasure trip to Kansas City and points in the Ozarks of southern Missouri. They expect to fish in Lake Taney, Como and in the White River and will be gone until the last of the month.

Mrs. H. E. Cauley came in from the ranch and spent the week end with Mr. and Mrs. G. L. Montgomery.

Mrs. W. B. Allen and children came in his week from Cisco, Texas, where she has been visiting with her parents for three weeks past.

Mrs. Mary Mize Mann and baby came up from her home in El Paso, Monday, for a visit with Carlsbad friends and relatives.

Mr. and Mrs. Millard Tulk and two children, and J. W. Tulk, left for their ranch Tuesday morning, after spending the Sunday in Carlsbad. The Current is pleased to notice that Mr. Tulk, senior, has about recovered from his recent serious illness.

### LOCAL NEWS.

Mrs. Clarence Bell and daughter, Gertrude, left Tuesday night for their visit to California expecting to be gone a month.

Mrs. W. G. Donley and baby, Virginia, started on their trip to various points in West Virginia, the first of the week.

L. E. Daniels has been selected as county agent and will be here in the near future to take up the work. He comes from Basin, Wyoming.

Large shipment of Victor Records just received at  
**PURDY FURNITURE STORE.**

A Mission is being conducted at the local Catholic church, this week, by Father Andrews, of the Cincinnati Diocese. Sermons are being preached daily and good attendance and attention characterizes the services.

Dolph Shattuck spent several days in town this week from his home at Queen. Rains have finally fallen in that section as was learned from the fact that Dark Canyon came down Tuesday night.

J. R. Callen is at work in Lovington putting up shelving and otherwise preparing the room for Louis Adams Dry Goods store, which will be opened as soon as can be arranged.

Schools at Otis closed last Friday with appropriate exercises in the school house. A number of the pupils were treated to tickets for the moving picture show the next night.

Mrs. Mary Montgomery and Mrs. Hillman Queen, who had come down from their homes at Queen to attend the burial services of Flim Tuik, left for their respective homes Wednesday. They were accompanied on this return by Mrs. George Tracy, a sister of Mrs. Queen, who is visiting her relatives in this section from her home in Palm City, California.

The Brown Brothers, who reside on the Gorie place west of town, had a narrow escape Wednesday morning while on the canal bank west of town. The bank was very slippery, due to the rain which fell the day previous and their car ran into the canal. They secured a team and pulled it out and found it was not much damaged.

### VISITORS FROM PLAINVIEW ARKANSAS.

J. C. Caviness and R. C. Compton, of Plainview, Arkansas, came into the valley last week Wednesday and remained until this week, at the home of W. T. Caviness and other Arkansas residents in the lower valley. Mr. Caviness is a brother of W. T. and is also a farmer, while Mr. Compton is connected with the same family by marriage. Both gentlemen were looking for a location, and Mr. Caviness has an option on a farm in the Otis section and the probabilities are that he will purchase the same in the near future. Mr. Compton who is also a farmer and stockman, purchased 40 acres of land from Dell Potet and will move his family here as soon as he can get loose from his holdings in Arkansas. Both gentlemen are of the highest type of citizenship, and will receive a warm welcome from our people when they locate among us. They left Wednesday night for their homes.

C. M. T. C.  
The Citizens Military Training Camp will be held at Fort Bliss this year and any man between the ages of 17 and 35 is eligible to make application. The application should be made at once in order to be effective, as the names of all wishing to go are expected to be sent in between now and the first of June. The complete training consists of three annual courses of one month each, at the expiration of which time the candidates will receive a commission in the Reserve corps. A number went from here to Fort Logan, Colorado, last year, and more would have gone had they got their applications in before the required number had been secured. All of those who went last year have signified their intention of finishing the course. Transportation will be furnished those going to Fort Bliss and returning and expenses are paid while in camp.

Dr. Pate will give the physical examination required free of charge to any who may desire to enroll. Let there be no delay this year. All who desire any more information may secure same by writing or calling on Dr. L. H. Pate of this city.

Edith Lee Moore, the six-year-old daughter of Mr. and Mrs. Frank Moore, and granddaughter of Mrs. A. Moore, of the Current force, is very anxious that her friends in Carlsbad learn of her sixth birthday party which she celebrated the 5th of this month, at her present home in Los Angeles. Edith Lee was born in Carlsbad and lived here until about three years ago, and many of our people will remember the little curly headed girl. But to the party: Edith Lee had gone to kindergarten, and the affair was planned as a surprise for the thirty children at the same school. As usual, when any of the children have a birthday, they all work at making a birthday chain. Mrs. Moore and Mrs. Yardly went in just as they finished the chain. A long table was set, and each child's place was marked by a basket of candy, and in the center of the table there was the large white birthday cake, with red roses and candles; centering the table was a big bouquet of sweet peas. Miss Moreland, the teacher, played the piano and all marched to their places. The principal of the school and also the father of the honoree, came in to grace the occasion with their presence and be served some of the delicious ice cream and cake. After refreshments had been served they all went back to the circle and the birthday chain was wound around Edith Lee, and a joyous time resulted. May many more happy birthdays be hers.

FOR SALE—On easy terms, 3 used Pianos.  
**PURDY FURNITURE STORE.**

A peculiar occurrence is reported from Hope, when an electric current of some kind passed through the orchards recently, burning the leaves on the trees and withering all the fruit it touched. What makes the occurrence more of a phenomena is the fact that there was no cloud of storm and the sky was clear and weather warm. However, in spite of this occurrence, Hope will have a large fruit crop this year with the possible exception of apples, only a half crop of that fruit being expected.

Miss Myrtle Cofer, a high school girl who has endeared herself to all her school mates by her kindness and who will soon leave for California, was honored by a party given at the home of Mrs. Annie Moore, last Friday night. Twenty young folks enjoyed the evening with games and play of various kinds, and all present united in expressing their pleasure at being together a while, at the same time expressing sorrow at the parting from their friend that will soon come.

There is such a thing as eternal fitness. The high school annual at Portales is called "The Yam," and it is a sweet publication. By the same token the annual at Carlsbad should be called "The Boll." — Rowell News.

Mrs. Ellsworth James came in from her ranch at Cap Rock, last night and will be present at the commencement exercises of St. Edward's school Monday morning.

Ben J. Williams, who represents a coffee house and whose headquarters are in El Paso, was calling on the trade this week.

Dr. F. F. Joepff left the first of the week for his ranch in the western part of the state and will be gone a week or ten days.

Where things are new

### THE FIRST METHODIST CHURCH

A. C. DOUGLAS, Pastor.

9:45 A. M. Sunday school for all ages. There were 371 present last Sunday. Let us all be in our places this Sunday.

10:50 A. M. Sermon by the pastor, and reception of new members. There are 72 yet to be received. We hope that every one of these will be present for church vow and baptism.

3:00 P. M. Junior League. We are anxious that all the boys and girls will be present for this interesting program.

6:30 P. M. Epworth League Anniversary Night. An elaborate program is being prepared and we are sure all the church folks and their friends will be pleased with this program.

We try to make all who come within our church doors feel welcome and it is our purpose to serve in Christ's name.

### ANNIVERSARY DAY PROGRAM.

Miss Wardle Bates, Leader.  
To be held Sunday night at Methodist church in this city at 6:20 o'clock:

Invocation: No. 261. The Lord is in His Holy Temple.  
Hymn No. 97. "True Hearted, Whole Hearted."

The Apostles Creed.  
Prayer (concluding with the Lord's prayer.)

Responsive reading, Psalm No. 121 Gloria Patria.  
New Testament lesson, Romans 1: 11-12.

Solo, Mrs. A. D. Potet.  
Address "Maltese Cross," Martha Williams.

Hymn No. 23. "The Church's One Foundation."  
Address, "How the Church May Lead A Helping Hand to the Epworth League," Virgil McCollum.

Hymn No. 104. "I Love Thy Kingdom."  
Address: "How the Epworth League May Lead A Helping Hand to the Church," Rev. Douglas.

Closing address, by the leader.  
Offering.  
Closing Hymn, "Blest Be The Tie" League Benediction.

Many of the farmers in the Otis section plan on getting into their alfalfa fields for the first cutting this week.

### THE HOMELIKE CHURCH.

Services at the Christian church

Sunday, May 21st:

Bible school at 9:30 A. M.  
Preaching at 10:45 A. M. Baptizing at the river at 11:30 A. M.

Communion services at the morning hour.  
Baptizing service at 5 P. M.

No night service on account of Chautauqua.

Wednesday night was a most delightful service and we should continue the same on next Lord's Day. Be at the Bible school promptly at 9:30 that we may start the day right. A cordial welcome to one and all awaits you at these services.

D. F. SELLARDS, Pastor.

### BAPTIST CHURCH.

Sunday school at 9:45; B. Y. P. U. at 7 P. M.; preaching at 11 A. M. and 8 P. M. Last Sunday we had 214 in Sunday school. Come and be with us again next Sunday.

You are welcome. Baptizing at the evening service and also in the river at Lovington at 3 P. M. We expect many more new members, all who gave their names and have not already united, come Sunday without fail.

T. C. MAHAN.

While the Masons of the city were entertaining W. A. Craig at the Masonic Temple on Tuesday night, Mrs. Dilley entertained their wives and a few other friends at her home on Canal street, honoring Mrs. Craig.

Sixteen ladies were present and played bridge, Mrs. Hickey making high score. A guest present was given Mrs. Craig, which consisted of beautiful Madeira handkerchiefs. Refreshments in two courses were served.

Prof. F. M. Hatfield and daughter, Miss Inez, both of whom have been teaching in the schools of Lakewood, are at home the school having closed for the summer last Friday and appropriate exercises having been held the same day.

Invitations to the Commencement exercises of Carlsbad High School are being sent out by the graduates. The date of Commencement proper has been set for May 29th, the Baccalaureate exercises to be held the day previous and both ceremonies to take place in the Crawford Theatre.

N. L. Randolph and wife spent the day in Roswell Tuesday.

### MEXICAN METHODIST CHURCH

DORSEY MEWHORN, Pastor.

The following services are planned for Sunday and week following:  
2 P. M. Sunday, Bible school.  
7 P. M. Sermon by the Pastor.

7 P. M. Tuesday and Wednesday Night School, Barney Burns in charge.

7 P. M. Wednesday. Prayer Meeting.

7 P. M. Friday night. "Get Together Meeting."  
7 P. M. Saturday. Boy Scouts.

All are invited to worship with us.  
Bible Reading.

Let us read the Bible each day for guidance. Let that fail and we place a pagan interpretation on life.

Reverend B. L. Nance and Reverend Fred Faust, the former of El Paso, and the latter of Clovis, were in town the first of the week coming to look after the training school for workers, which is to be held at Clovis beginning May 29th, and continuing for one week. Both gentlemen made talks at the Methodist church Tuesday night along the line of this very interesting work.

They left Wednesday morning to continue the work in different parts of the district. It is quite likely that a number from this city will attend the Institute at Clovis on its opening.

Eighteen persons were baptized in the river west of town Tuesday afternoon, by Reverend Sellards, being converts that resulted from the recent revival. About thirty more will receive the rite in the immediate future.

Assistant District Attorney Fred Wilson, is in Lovington, attending court this week and expects to be gone until tomorrow night.

Garner Hill, Gladstone, N. J., sells RAT-SNAP. He says:

"I sell and use RAT-SNAP. Like to look any man in the face and tell it's the best. It's good." People like RAT-SNAP because it "does" kill rats. Petrifies carcasses—leaves no smell. Comes in cakes—no mixing to do. Cats or dogs won't touch it. Three sizes, 35c, 65c, and \$1.25.

Sold and guaranteed by PRATT-SMITH HARDWARE CO. CORNER DRUG STORE.

LESSON FOR MAY 21

HILKIAH'S GREAT DISCOVERY

LESSON TEXT.—II Chron. 34:14-22.  
GOLDEN TEXT.—Thy word is a lamp unto my feet, and a light unto my path.—Ps. 119:105.  
REFERENCE MATERIAL.—Deut. 6:4-9; Josh. 1:8; Col. 3:16; II Tim. 3:15-16.  
PRIMARY TOPIC.—How the Lost Bible Was Found.  
JUNIOR TOPIC.—Hilkiah Discovers the Lost Bible.  
INTERMEDIATE AND SENIOR TOPIC.—How to Make the Bible Our Own.  
YOUNG PEOPLE AND ADULT TOPIC.—The Authority and Influence of the Bible.

About a hundred years elapsed between the reformation under Hezekiah and that of Josiah. Some time during this time the book of God's law had been lost. Two wicked kings had reigned in this interval. The Lord had given Hezekiah much wealth. His son Manasseh, coming into possession of his father's property, and being ungodly, would naturally neglect the Bible, if not purposely try to put it from sight. Those who do not obey the law of God, are usually interested in putting it out of sight.

I. The Book of the Law Found (vv. 14-17).

1. The Occasion (v. 14). It was while repairing the temple during Josiah's reformation that the law was discovered.

2. The Book Delivered to the King (vv. 15-17). Upon making a report to the king of work done, the king was told of the finding of the book of the law by Hilkiah, and the book delivered to him.

II. The Effect of the Reading of the Law (vv. 18-28).

Shaphan the Scribe read the law before the king.

1. The King Rent His Clothes (v. 19). As the law was read before him he was led to realize more seriously the awful extent of the nation's departure from God. He knew that sin merited punishment. The function of the law is to reveal sin. The man who will honestly hear the demands of God's law will fall upon his knees before God and cry for mercy. The reading of the royal robes indicated that the king was penitently sorrowful.

2. The King Sent a Deputation to Make Inquiry of the Lord (vv. 20, 21). The king included himself in the guilt before God. "Go inquire for me and for them that are left, for great is the wrath of the Lord that is poured out upon us." His sense of sin was so keen that he sent them to inquire as to whether there was any means of averting the judgments of the Lord. Instinctively the human heart turns from God's threatening judgments to a means of escape. The soul that sorrows for sin inquires for a way of escape. The law prepares for the gospel. The law is our schoolmaster to bring us to Christ. The soul under condemnation inquires, "What must I do to be saved?"

3. The Message of Huldah, the Prophetess (vv. 22-28). (1) Confirmation of what the law said (vv. 22-25). She said that all the curses written in the law must fall, for the sins had been so flagrant that God's wrath could not be restrained. Destruction was hanging over Jerusalem and it was too late to avert it. It was not too late to repent to obtain mercy from God, but the outward consequence of sin must be realized. This finds fulfillment on every hand today. The murderer must hang. His soul may go directly to heaven, provided he has accepted Jesus Christ. (2) Acceptance of Josiah's repentance (vv. 26-28). Because of his tenderness of heart and deep penitence, the Lord said he should be gathered to his grave in peace, and should not see all the evil to be brought on Jerusalem and its people. What Huldah said was true even though Josiah died in battle (35: 23-25). When God accepts a man and forgives him, his death is a peaceful one even though it may be on the battlefield. God's presence is with him and he thus will go straight to the heavenly home.

III. The Law Obeyed (vv. 29-33).

1. The King Read the Law (vv. 29, 30). He gathered together the inhabitants of Jerusalem, including the priests, Levites and elders, and read unto them the law.

2. The King Made a Covenant Before the Lord to Keep His Commandments and Testimonies (vv. 31, 32). This was done sincerely—with all his heart and soul. He caused all that were present to stand to it.

3. The king took away all the abominations out of all the countries that pertained to Israel (v. 33). All the days of the king they departed not from following after the Lord.

He Will Save You.

When you feel as if things were dragging you down into the depths will you remember that the Lord Jesus Christ is at your side? All human help may seem very far away; but He is not far away. Even through the noise of the storm He can hear the faintest cry, "Lord save me, I perish," and He will save you to the uttermost.

Adversity.

Adversity is the first path to truth.—Bryon.

DRAMATIC SCENE FROM "TURN TO THE RIGHT" AT CHAUTAUQUA

RUTH BRYAN OWEN

at Chautauqua.

The state of Michigan is to plant its Victory Highway from Fort Huron to Chicago with apple trees.

A TENSE MOMENT IN "FRIENDLY ENEMIES" at Chautauqua.

Mrs. W. K. Jones and baby daughter, were passengers north Monday night from Malaga, where they have been for some days in attendance on Mrs. Hoag, the lady's mother, who has been quite ill but has now recovered. Mrs. Jones' home is in the northern part of the state, and she left for there Monday night.

A number of persons were up from Loving over Sunday and attended the meeting at the Armory, leaving for their homes Sunday night after the services came to a close.

Mrs. Martha Ward-Livingston returned from a visit to Mineral Wells, Texas, getting in Monday night.

Your satisfaction with a car depends upon your satisfaction with its performance, appearance, economy, comfort and price.

These are the vital points. And you must get satisfaction in each one if you are to be satisfied with your car as a whole.

Consider the LIGHT-SIX from this angle.

It is essentially the same car as it was when introduced. It was right before it was offered. And it has made good in the service of thousands and thousands of owners. It is dependable. Its L-head motor is powerful, flexible and freer from vibration than any car at anywhere near its price.

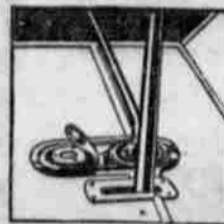

Its graceful lines are enhanced by a lasting finish. Cowl parking lights and the cowl ventilator not only add to its good looks but are necessary for complete satisfaction.

The LIGHT-SIX stands up in service with a minimum of repair expense. This, with low fuel consumption, means satisfactory economy.

We never heard of a LIGHT-SIX that was not comfortable to ride in.

And the price, \$1045 f. o. b. factory, is out of proportion to its value. This price includes the thief-proof transmission lock which reduces the rate of theft insurance to the owner 15 to 20 per cent; large plate glass window in one-piece rear curtain, inside and outside door handles and other refinements.

And you get the priceless ingredient—prestige and high standing of the maker—who for 70 years has been building quality vehicles and selling them at fair prices.

Thief-proof transmission lock reduces rate of insurance to LIGHT-SIX owners 15 to 20%

Touring, \$1045; 3-Passenger Roadster, \$1045; Coupe-Roadster, \$1375; Sedan, \$1750. All prices f. o. b. factory.

# ICE PLANT MAKES "ZERO" SOFT WATER

(Pecos Enterprise)

"Zero" water, that is water with all ingredients, giving it hardness, removed, has been produced from the Pecos water after numerous experiments with many chemical methods, and the Pecos Power and Ice Company now has the softest of soft water.

This water is to be used by the company in the manufacture of ice this season and also eventually used in laundry to be established by the company.

The results were obtained by the Permutti method after considerable research work by E. A. Wagner, a special representative of the Permutti company and the results are obtained at an operating expense estimated at a little more than thirty cents per thousand gallons.

The water is first run through a heavy filter of salt-solution. This solution removes the magnesia and gypsum from the water. After passing through several other filters the water comes from the tank prepared for use in steam boilers without injury to the boilers.

The natural artesian water of Pecos has been a problem to engineers for years. Containing a large amount of magnesia and gypsum it has, when used in boilers, caused a heavy deposit of these materials and made the life of the boilers short. Under the new process the water can be used in boilers without leaving any deposit whatever on the pipes.

Because of this condition of the water, the fluid needed for steam boiler purposes on locomotives and at oil well operations has been shipped into Pecos.

The perfection of this process permits the manufacture of distilled water in Pecos and a boiler is to be installed during the coming week in which the water will be distilled and the manufacture of crystal ice made possible.

In addition to the manufacture of ice and the laundry the officials of the company are arranging for the opening of an ice cream plant at the factory within the next few weeks, and the plant calls for the eventual expansion of this side of the business into a creamery.

## UNITED STATES LAND OFFICE Roswell, New Mexico. May, 1922.

Notice is hereby given that there have been received in this office for filing, the approved plats of the survey of:

Township, (South) Range, East,  
New Mexico principal Meridian.  
20 ..... 20, 21.  
20 ..... 20, 21.  
20 1/2 ..... 20, 21, 22, 23.  
21 ..... 21, 22, 23.  
24 ..... 16, 17, 18, 19, 20.  
25 ..... 16, 17, 18, 19, 20.  
26 1/2 ..... 19, 20.

The twenty-three plats above mentioned will be officially filed at 9:00 o'clock, a. m., on June 8, 1922.

The lands herein, not subject to prior adverse claim, will be subject to entry by officers, soldiers, sailors, marines, nurses and persons who by enlistment or otherwise were regularly enrolled and served in the army, navy, or marine corps, of the United States during the war with Germany and have been honorably separated or discharged therefrom or placed in the Regular Army or Naval Reserve, until 4:30 o'clock, P. M., September 8, 1922; and thereafter such parts of said land as have not been taken by the class of applicants above described will become subject to disposal under all of the public land laws applicable thereto.

Applications by persons claiming the preferential right to enter any of said lands by reason of settlement thereon prior to the survey thereof or otherwise, or by reason of claiming military service as above, when accompanied by the regular fees and commissions, will be received at this office on and after 9:00 o'clock, a. m., May 19, 1922, but all such applications will be treated as filed simultaneously with those received at 9:00 o'clock a. m., on June 8, 1922.

Applications by all other persons, when accompanied by the required fees and commissions will be received by this office on and after 9:00 o'clock, a. m., August 19, 1922, but will be treated as filed simultaneously with those received at 9:00 o'clock, a. m., September 9, 1922.

EMMETT PATTON,  
Register.  
W. G. COWAN,  
Receiver.

Our attention has been called again to the habit some persons have of dumping their refuse, garbage and things of a like nature, at the end of the street leading out from town where it is in full view of every passer-by. Indeed, much of the trash is emptied by the side of the tracks made by the vehicles on the highway. Some time ago the matter was spoken of in this paper, and for a time the practice was discontinued but lately the same habit has been resumed. The road is the most used and every traveler going from or entering the city must pass the debris and with the coming of warm weather the dump promises to become very offensive and a breeding place for house flies. There is an ordinance prohibiting such practices, and the parties who are guilty stand a good chance of paying a fine if the dumping in the public road is not stopped.

Eiffel supplied \$700,000 and the French government \$300,000 for building the Eiffel tower.

## NOTICE TO CONTRACTORS

Sealed bids will be received up to and until 7:30 o'clock P. M. Mountain Time, at the Office of the City Clerk of the City of Carlsbad, New Mexico, on the 15th day of June, A. D. 1922, for the construction of a two-story brick and concrete Municipal Building and Fire Station, which shall include the plumbing, hot water heating system and electrical wiring complete.

Plans and specifications made by C. R. Kerr, architect, Roswell, New Mexico, will be ready for general contractors after May 15th, 1922, which plans and specifications will be on file at the office of C. R. Carr, Architect, Roswell, New Mexico, and at the office of the City Clerk of the City of Carlsbad, New Mexico, for inspection. A copy of the Plans and Specifications may be had by general contractors upon application therefor and a deposit of \$15.00. Said deposit will be refunded at the time the plans and specifications are returned.

Payment of the proposed work will be made in cash upon the estimate of C. R. Carr, Architect, 15 per cent of said estimate being retained until final completion.

All bids must be accompanied by a certified check drawn to the order of the City Treasurer of the City of Carlsbad, New Mexico, in an amount equal to 5 per cent of the bid which check will be subject to forfeiture in case of failure on the part of the successful bidder to enter into a written contract and furnish bond with approved sureties in an amount equal to the bid submitted within ten (10) days after receiving official notice that the contract has been awarded to him. All checks received will be returned after an approved contract has been entered into and a satisfactory bond furnished.

The City Council of the City of Carlsbad, New Mexico, reserves the right to reject any and all bids submitted for approval.

Signed,  
J. D. HUGHES,  
Mayor of the City of Carlsbad,  
New Mexico.

## MISS MORGAN HONORED

Miss Marie Morgan was the guest of honor at a clever party given by Mrs. W. A. Losey last Saturday evening. The guests, shortly after they arrived, were given envelopes which contained the announcement of the coming marriage of Miss Morgan to Robert Cumpston, who is equally well known and liked in Hagerman. Later serving material and various pieces of household goods were distributed for the guests to work on during the afternoon. Refreshments were served. —Hagerman Messenger.

School Auditor John Joerns and Assistant State School Superintendent will be in Carlsbad the 22nd of this month for the purpose of assisting the county board of education to make up their Budget for next year.

## CARDUI HELPED REGAIN STRENGTH

**Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.**

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried everything I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. 22 85

Patsy Higgins came mighty near an unpleasant accident when playing solo last Friday on the field east of the city. The saddle girth became loose and the saddle slipped around, frightening the horse which commenced kicking and threw Patsy, leaving him a reminder in the shape of a kick in the middle of his back. The animal ran toward the stables, with the boys in full pursuit, and ran into a barb wire fence, with the result that a veterinary had to be summoned to sew up the cut places. Patsy is thankful that he escaped with only a bruised back.

### LAWN PARTY

A lawn fete at the home of Miss Dorothy Batton last Friday night proved very enjoyable to all who attended. The guests played a number of old fashion games on the well kept lawn, and had music and dancing for those whose tastes ran in that direction, a Victrola furnishing the music. At the close of the evening the guests were served delicious ice cream and cake. Those present were Misses Katherine Purdy, Dorothy Wilburn, Frances Elter, Mary Hume, Elizabeth Albritton, Marynet Reed, Henrietta Dilley and Novella Dawson, and the hostess, Dorothy Batton; Messrs. Virgil McCollum, Glenwood Jackson, Dick Culpepper, Francis Perry, Ned White, Carl Wester, John L. Emerson, John Owen Eaken, Elmer Forehand and Bill Hardy.

## RADIO

### PROGRESS OF RADIO THROUGH THE YEARS

Wireless Research Began Long Ago, But Development Has Been Swift Lately.

Wireless research started many years ago, as far back even as 1827. Even the radio telephone is not a recent perfection; rather it is that introduction to the layman of the human voice and music has suddenly popularized something that wireless men had thought a pastime or amusement. Here is the chronological record of wireless:

1827—It was found that the magnetic discharge from a leyden jar would magnetize a steel needle.

1831—Electro-magnetic induction was discovered between two entirely separate circuits by Michael Faraday.

1837—Cooke and Wheatstone of London, England, and Morse of the United States take out first patent for electric telegraph.

1839—K. A. Steinheil of Munich suggested that a system of wireless telegraphy could be established after his discovery of the use of the earth return.

1840—Joseph Henry (U. S. A.) produced the first high-frequency electric oscillations, and stated that the condenser discharge is oscillatory.

1842—Wireless experiments were made by S. F. B. Morse by electric conduction through water across Washington canal and across wide rivers.

1848—A wireless system for transatlantic communication was suggested.

1846—Water was used as a conducting medium in wireless experiments across a wide river.

1849—Intelligible signals were actually sent across a river 4,500 feet wide in India, but the cost was found prohibitive for commercial use.

1867—The electric waves that are now utilized in wireless telegraphy and telephony were predicted in an

distance of 60 miles by radio signals. 1901—Radio communication started with five islands in the Hawaiian group. The first British ship is fitted with the wireless telegraph.

1902—Radiograph signals received aboard vessels at sea at 1,500 statute miles. Signals received from a distance of 2,000 miles.

1903—King Edward receives a radio message from President Roosevelt. High-power stations were ordered by the Italian government. First transatlantic radio message sent. Telegraphic news service for ships at sea is started. Marconi knighted in Russia.

1904—The first press message was sent across the sea.

1905—Patent suit started in New York between the Marconi and De Forest company.

Patent for horizontal directional aerial is taken out. This was a great step forward in long-distance work.

1906—International conference is held in Berlin, at which most of the countries of the world are represented.

1907—The use of steel disks for producing notes were successfully tested.

Radio stations in Ireland and Nova Scotia were opened for limited public service.

1908—Radio stations opened for unlimited public service between Great Britain and Canada.

1909—Steamship in collision with another off the coast of Florida succeeds in calling assistance by radio.

1910—Marconi receives messages 3,700 miles while on board ship going to South America.

Spanish radio company formed.

1911—Canadian government leased radio stations for 20 years.

1912—Radio distress signals from the Titanic bring assistance and save lives of 700 passengers.

1913—Tests were made between the Eiffel tower in France and the station at Washington. During the trip into Central Asia an explorer received his longitude and time signals from a distant radio station.

1914—Marconi and radio officials start test of wireless telephone between vessels of the Italian fleet. The test was continued between vessels on the high seas and voices were heard with clarity at a distance of 44 miles.

One day radio telephone communication was kept up constantly for 12 hours. Great Britain declared war

Elizabeth A. Bergner, Radio Instructor in Lane Technical High School, Chicago, and Her Class.

address before the Royal Society in London, England.

1890—The sending of an electric current through earth was systematically studied by John Trowbridge of Harvard. It was found that signaling might be carried on over large distances between places not connected by wires.

1895—It was found that telephonic speech could be conveyed by induction over a space of quarter mile. This experiment took place in England.

1890—Electric waves were suggested as being particularly suitable for the sending of signals through fogs.

1902—An instrument for the detection of electro-magnetic waves was discovered which was given the name of a "coherer."

1894—A scientist of Berlin signaled through three miles of water.

1895—High frequency waves excite curiosity of Senator Marconi.

1896—First patent for practical wireless transmitting system is taken out in London by Marconi. Afterward, successful signaling was carried out over distances as great as one and one-quarter miles. Sir William Preece of the British postoffice system interested his cohorts in Marconi's wireless experiments.

1897—Marconi establishes communication between points four miles distant. Balloons were used to suspend antennae.

Marconi demonstrates his wireless system before the king of Italy, communicating with two Italian warships nine miles distant.

The first Marconi station is erected on the Isle of Wight and experiments conducted over a distance of 14 miles.

Near the end of the year the first floating wireless station was successfully operated.

1898—The first paid marconigram was sent from the Isle of Wight station.

1899—Reports made on lighthouse accident by radio. First French gunboat is fitted with radio apparatus. In Vienna communication between two balloons is established. New York Herald receives radio report of international yacht races. The British war office introduces Marconi apparatus into the South African battlefield.

1900—German vessel communicates a

upon Germany August 4 and all private radio telegraphy and telephony suspended.

1915—Radio communication between America and Japan is completed. The stations were located at San Francisco and Tokyo with a relay station at Honolulu.

The American Telephone and Telegraph company succeeded in radio telephoning from Arlington station at Washington to Hawaii, a distance of nearly 5,000 miles.

Secretary Daniels of the United States navy transmitted telephonic messages from Washington to the Brooklyn navy yards.

1916—President Wilson and the mikado of Japan exchange messages over the new transpacific radio service, which is formally opened.

1917—Senator Marconi visits the United States and aids greatly in recruiting for radio operators for the United States army.

1918—Wireless telephony progressed rapidly, being used to a great extent in the equipment of airplanes.

Several new long range stations were erected in the United States, it being claimed for one built at Annapolis, Md., that it was capable of communication at 4,000 miles. The United States government also opened a high-power station at Bordeaux.

In September of this year radio signals sent from a point 12,000 miles away were received in Sydney, Australia.

1919—With the exception of the three transatlantic flights—that of the U. S. NC-4, and the British flights of Alcock and Brown and the dirigible R-34, in which radio communication played an important part in keeping the ships of the air on their courses—no very great progress was made in radio telegraphy, although radio telephony was being pushed along quietly.

Restrictions upon amateur receiving and sending were lifted by the American government.

1920—This was the year of the radio telephone, more attention probably being paid to this branch of radio than to its older brother, telegraphy. Several broadcasting stations were opened.

1921—This year was another radio telephonic year. It was marked by the opening of numerous broadcasting stations.

### MISS LINN PRESENTS HER PUPILS IN RECITAL

Monday night at the J. R. Linn home a piano recital was given by the pupils of Miss Linn, to which a number of the parents and friends of the young players were invited and a very pleasant evening resulted.

The girls, many of them, had never played in company before, and all did wonderfully well, playing with good time and without the embarrassment often found among piano players, and which detracts so much from their performances. At the close of the program Miss Linn served her guests with delicious punch. The friends honored by invitations were Mr. and Mrs. Walter Craft, Mrs. Lesseffs, Mrs. D. G. Grantham, Mr. and Mrs. R. M. Thorne, Mrs. T. E. Rodgers, Mrs. William Leck, Mrs. Fred Nymeyer, Mr. and Mrs. L. S. Crawford, Mr. and Mrs. Dillard, Mrs. J. S. Oliver, Mrs. W. C. Bates and Miss Wardle, Mrs. Sarah Crawford, Mrs. A. J. Crawford, Mrs. Annie Moore, Mrs. J. F. Bush, and Mrs. A. Moore. The program follows:

Trot du Cavalier, Spindler, Nadine Hughes

For Elsie, Beethoven, Lella Dillard.

To a Wild Rose, MacDowell, Louise Oliver.

The Albatross Mueller, Ruth Craft.

Two Flowers, Koelling, Tura Bates.

Chanson Triste, Kronke, Anna Bush.

(a) Catch Me.

(b) Serenade, Mathews, Louise Moore.

Sur le Grace, Crawford, Agnes Thorne.

Twilight, Hyatt, Lella Dillard.

Novette, Chaminade, Tura Bates.

(a) Old French Song.

(b) Elfin Dance, Jensen, Mary Belle Leck.

(a) Legend of the Plains Cadman.

(b) The Skylark, Techaikowsky, Nadine Hughes.

(a) Prelude in C Minor.

(b) Mazurka, Louise Oliver.

### NOTICE

A 15 per cent discount will be allowed on all paying assessments paid on or before June 9, 1922. If you are going to take advantage of this 15 per cent discount, payments must be made by that date.

R. A. TOFFELMIRE,  
City Clerk.

F. G. Tracy returned the first of the week from Roswell, where he had been serving on the Federal Grand Jury, at Federal court, for two weeks, which completed its work Tuesday and adjourned.

"We Picked Up Seven Large Dead Rats First Morning Using RAT-SNAP"

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. Bought some RAT-SNAP and picked up 7 large dead rats next morning and in 2 weeks didn't see a single rat. RAT-SNAP is good and sure." Comes in cake ready for use. Three sizes, 35c, 65c, and \$1.25. Sold and guaranteed by

PRATT-SMITH HARDWARE CO.

CORNER DRUG STORE.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Roswell, New Mexico, April 15, 1922.
