## WELCOME TO CARLSBAD July 3rd, 4th and 5th

### CHAMBER OF COMMERCE LUNCHEON

Sixty-five members of the Chamber of Commerce partook of luncheon at the Palace Hotel yesterday. The menu was up to the usual standard of excellence maintained by Mrs. Chaytor, and every one went away pleased and gratified by the record attendance. The prize, a pair of silk socks, donated by the Mercantile Company, was drawn by D. R. Harkey. After the lunch had been served speeches were in order, F. E. Hubert presiding.

J. E. Robinson, of Artesia, being called upon spoke of the pleasure it gave him to be in the company of such a bunch of boosters. He spoke also of the fine spirit of cooperation shown and of its beneficial results.

Claude Hobbs of Roswell, spoke along the same line and says this is the first time he has ever had the privilege of being in Carlsbad, although a resident of Roswell for twenty-five years, and said he was so delighted with the town and its people that he is coming down on the Fourth. Mr. Hobbs is cashier of the First National Bank of Roswell.

Mr. Watson of Roswell said he qualified as chauffeur for the others, and was glad to be here, incidentally paying some fine compliments to Carlsbad and her people.

John W. Rhea, vice-president of the First National Bank of Roswell, was surprised and pleased at the advancement shown on every hand in this city. He had heard that we have 16,000 acres of cotton out, and said he would use all the influence he had with the clerk of the weather so that we might have a good crop, at high prices, as he might want to borrow some money.

B. A. McKinney of Dallas, governor of the Federal Reserve in that city upon being introduced, gave a most encouraging talk, speaking of the pleasure it gave him to be present and said that in some ways Dallas was a long way from Carlsbad, and in correspondence one does not get the right touch, and that is the object of this coming to our section, to meet the people and get in closer touch with them, and have a better understanding of the matters of such vital interest to all of us. Mr. McKinney, as well as the preceding speakers, was glad to note the evidences of prosperity in this city, and the hearty cooperation which seemed evident on every hand and more especially among the business men.

He spoke of our fine climate and of how it had been misunderstood, said that the warmest day he ever experienced was in Boston. While not unaccustomed to speaking, he was not used to speaking to commercial bodies, many of his speeches being made to bankers, and they looked on them as lectures. "In Texas we have recently been afflicted by Senatorial campaigns and almost ever speaker thought it necessary to denounce the Federal Reserve. The Act creating the Reserve, when signed by President Wilson, was not perfect, nor is it now in spite of various amendments; but he believes the Federal Reserve to be the bulwark of the country. He was glad when the El Paso branch was established and while he doubts whether it is paying its way, yet this section is entitled to all the benefits of such institution, and considering the difficulties under which this section has labored, the result is wonderful. The statement is often made that the Federal Reserve is calling in its currency—this is a mistake; the currency has not been called in, but is coming in of its own volition; the reserve has no power to call it in. The matter of inflation in values is of interest to people in this locality. Why are times tight? Because money is cheap and credit is dear. The character of credit has not been in demand for commodities out here, but will come later. We can't look very far ahead. During the time of inflation, people bought Liberty Bonds, then municipal bonds and then commercial papers, which in time will result beneficially. He praised the Federal Reserve, but said that alone will not make wealth or men. Success primarily depends upon ourselves, our resources and our efforts, and to a certain extent upon thrift, character and cooperation.

Marvin Livingston recently received four pheasants, two male and two female birds, which were shipped in from Iowa and when he turned loose on his place in La Huerta. The female pheasants are much like the chaparral or road runners, in size and appearance, but the male bird is more like the pea fowl. Mr. Livingston is anxious to give his birds a chance to propagate and wishes to warn hunters not to shoot them in mistake for chaparrals. A male pheasant has been making his home in the tall cane on the Livingston place for over a year now, Mr. Livingston putting out feed for him and trying, in every way to domesticate the fowl. They are said to increase rapidly under favorable conditions.

### MASONIC BUILDING TO BE REPAIRED

Last evening at Masonic hall a large number of representative Masons were in attendance at a regular meeting of that order when business of much importance to the fraternity was transacted and among other things the trustees were instructed by the lodge to repair the building throughout, repaint the outside, install new lights, fix the roof and do such other things needed in their judgment to make that building second to none in the state as a home for Masons. The local lodge is already known throughout the state as the most progressive and up-to-date Masonic organization in this section of the southwest and it is desired that the building and hall match the high standard enjoyed by the lodge by reason of untiring efforts on the part of many of the members for the advancement of the order.

Brother Victor L. Minter secretary of the lodge, was given a vote of confidence and asked to continue his good work in putting on pictures and lectures for the Masonic Service Association. The next lecture similar to the one given June 14th, but on a different subject, of course, will probably be handled by Brother J. S. Oliver at an early date. The same program as was put on here June 14th with slight change will be given at Roswell Monday June 26th, and several cars of Masons will probably go up for that occasion as a big banquet will be pulled after the program and there are a number of our brothers who especially shine at a banquet. Tuesday evening this program will be presented at Artesia.

A committee was appointed consisting of Brothers H. I. Braden, chairman, Mayor J. D. Hudgins and Dr. L. H. Pate to look after the sick Masons who may come to our hospital as well as local members who are sick. This is a committee appointed to assist Junior Warden Homer A. Gragg in his duties of caring for the sick, which task has become strenuous for only one man. Sick and suffering Masons in Carlsbad have always received attention and this committee is a guarantee that they will continue to receive care and attention regardless of the number.

A committee was also appointed, composed of Messrs. Brown, chairman, Oliver and Thorne to investigate the desirability of establishing the order of De Molay in Carlsbad. Interest among the young men of Carlsbad is already keen for this organization after learning it will probably be started and if undertaken we feel sure will meet with success.

It was decided to keep the Masonic hall open to all Masons and their families during the celebration July third, fourth and fifth. It will be arranged so that a member of the local lodge will be in the building every hour of the three days to welcome the visitors and see that they are looked after properly. Plenty of ice water will be provided and a sign placed on the sidewalk inviting Masons to the hall.

### PROCLAMATION

Before our great Fourth of July Celebration the Citizens of this City must realize that, in order to create the proper impression on our thousands of visitors on that date, it is necessary that our city have a CLEAN-UP WEEK; for the purpose of cleaning the streets and vacant property, cutting weeds and obnoxious grasses, and beautifying the city in every manner possible.

NOW, THEREFORE, I, J. D. Hudgins Mayor of the City of Carlsbad, by authority vested in me by the ordinances of said city do hereby proclaim, set apart and designate the week beginning June 26th, 1922 as CLEAN-UP WEEK.

You will therefore in conformity herewith, cut and remove all weeds, pick, gather or rake up all refuse; deposit same in the alley adjacent to your property where it will be hauled away by the City Truck without charge the City having made special arrangements to have this done on Friday the 30th day of June and Saturday the 1st of July.

The citizenship of Carlsbad is the average regarding civic beauty and cleanliness, and it is requested that everyone cooperate with the City in this movement, and thereby we will be able to create a far better impression on our tourists which will no doubt be here by the thousands for the celebration.

Done at Carlsbad, New Mexico, this the 23rd day of June, A. D. 1922.

J. D. HUDGINS Mayor.

ATTEST:  
R. A. TOFFELMIRE, City Clerk.  
(SEAL)

Dr. H. P. Oliver and wife, of Canyon, Texas, are in the city visitors at the home of their son J. S. Oliver. Dr. Oliver has been in Carlsbad before now and made friends who, as well as the friends of "J. S.", gladly welcome him.

### THE QUEEN ROAD

I am the way that comes from Queen;  
From highland mountain valley.  
Thru wooded slopes of cedars green  
Where cowmen rope and dalley.

First, round the mountain side I go,  
For weary feet to travel.  
My ancient bed is far below  
All strewn with rock and gravel.

I pass the Hess Ranch on my way,  
With ruined walls so shady.  
But once the home of ranchman gay  
As well as ranchman's lady.

Then Lo! a wind-mill to the right;  
The Westaway ranch I'm passing.  
And farther down of reddish white  
A bluff by Last Chance crossing.

And farther still I'm passing down,  
By low and flat topped mountain.  
For Moseley springs doth here abound  
A clear and crystal fountain.

Dark Cany on curves with many frills,  
Before me as I travel.  
As back and forth, from hill to hill  
With beds of snow white gravel.

And here at mouth of canyon wide,  
Cliff dwellers lived in glory.  
For cavern in the mountain side  
Records their ancient story.

Then farther down, in stately grace,  
The Standpipe's solemn tower;  
Rose, like Big Ben, whose honest face  
Proclaimed the passing hour.

Then curve, and down the lane I go,  
Where trees are hooded over;  
As nature ordered them to grow,  
A trysting place for lovers.

Now Carlsbad rears, like marble white,  
A pile to Ozark's glory.  
For pioneers, and Indian fights,  
To dedicate their story.

By Hillmon Queen.

### HARRY BRADEN TALKS TO LION CLUB MEMBERS

From the Gazette Topic published at Rocky Ford, Colorado, we take the following about our fellow townsman, Harry J. Braden:

Harry Braden of Carlsbad, New Mexico, who was visiting with his brother, J. C. Braden of this city, was a guest at the Lions Club Meeting Wednesday of last week and delivered an address to the Lions that would have supplied food for thought for every business man of Rocky Ford. Mr. Braden told how he do things in his home town where there is union of action and one commercial club and all live merchants back its movements with capital and effort. They have 15 blocks of paved streets and are going to have more. They have a bathing beach built by the commercial club. They boost their town by letting the outside world know they are there through the columns of their home newspapers and they have live newspapers because they patronize them in a manner that brings results, not spasmodically, annually or monthly but constantly and they are placing Carlsbad on the map by so doing. They help the Chautauqua, they entertain their talent in every way possible and make every one a living booster for their city. Mr. Braden thinks that Rocky Ford has many advantages superior to Carlsbad but they fail to take advantage of the opportunities afforded.

While visiting with the editor of the Gazette-Topic Mr. Braden commented on the excellence and magnitude of the equipment of the "Little Paper With a Big Boost" which has an office sufficiently large to care for the business of a city three times the size of Rocky Ford. Yet we have to look to visitors to receive the recognition deserved. It takes live men like Harry Braden to build up communities. Men who have foresight, pep, energy and willing to pull together for the accomplishment of a given goal and stick to it till success is achieved.

James Welpton, nephew of Mrs. H. I. Braden, who has been in school in Iowa since last fall, returned to Carlsbad last week.

### CARLSBAD WELCOMES AMARILLANS

Carlsbad, N. M., June 15—A "before breakfast plunge" in the great municipal lake of Carlsbad, on the Pecos River whetted the appetites of the 120 Amarillo Boosters, who arrived in the beautiful little New Mexico city early this morning.

A reception seldom accorded by cities of much larger dimensions awaited the Amarillo trade evangelists when the Santa Fe Pullman special rolled into the station, and one of the most interesting days of the big three days fellowship trip was begun.

The entire party was in its highest spirit, pep and enthusiasm displayed on every hand.

Headed by Khiva Shrine Temple band and the Canton Drum Corps, the Amarillo business men paraded the principal streets of the town, and a band concert was given for the benefit of the citizens who were on the side lines.

Following the parade, the Amarillo representatives of the various industrial and commercial enterprises mixed and mingled with the Carlsbad business men, engaged in like professions and, without question, business and trade relations of lasting quality have been created.

Carlsbad nesting in a bend of the Pecos River, is a little city of more than 3,000 population and is the county seat of Eddy County, New Mexico. Its citizens are among the wide-awake business men of Southwestern New Mexico looking forward at all times to the development of the country.

The Pecos Valley of which the Carlsbad section is a prominent feature is one of the greatest irrigation projects in that section of the country, and more than 30,000 acres of irrigated lands are in cultivation, in Carlsbad's agricultural territory. Cotton is the principle crop.

The booster special left Carlsbad on schedule and another important lap of the big trade excursion was started.

Miss Marilee Wallace and her friend, who have been at the W. H. Mullane home west of the city for a month past, left Thursday morning for their home in Barksdale, Texas.

### OIL MILL AT LOVING CLOSES FOR THIS SEASON

The oil mill at Loving finished the season and closed down at six thirty Tuesday morning having milled nineteen hundred and fifty tons of seed, making ten cars of oil, forty-five cars of cake and meal, three hundred and twenty-five bales of lint and five hundred and forty-five tons of hulls being all the seed available on the Project at this time. The mill will open again next fall just as soon as a supply of seed is obtained from the cotton gin. It is expected there will be twice as much seed available this fall as there was last, as the acreage in cotton this year is greater than was planted in 1921 and the crop gives every prospect of netting a large yield and indications are that the price is going to be satisfactory.

Considering the fact that this mill has just completed its first season's run after being built without having any serious delay or trouble, the management is to be congratulated on their remarkable achievement and the run next season commencing this fall is expected to be just as successful.

The Loving oil mill is owned by stockholders composing the Otis Gin and Warehouse Company, with W. A. Moore president, L. A. Swigart vice-president, C. W. Beaman secretary and C. P. Pardue treasurer. The stockholders are mostly farmers on the Carlsbad Project and all stockholders reside in the valley, some of them being business men of the project.

Of the total output of the mill most of the cake, meal and hulls have been sold to farmers near the mill who are feeding cattle and sheep for the market and the balance to ranchers in this section who have been compelled to feed this spring. Every farmer carrying on feeding operations reports that they are well satisfied with the financial returns of their undertaking and have placed orders with the mill for feed for next year.

Ranchmen and farmers of this section are fortunate in having an oil mill located so close as they secure their cake, meal and hulls at a lower price than it can be shipped in for from the nearest mills, which are in Texas. The saving in freight makes this possible, the mill here endeavoring to divide the saving between themselves and their customers on a fifty-fifty basis.

### BOY SCOUT EXECUTIVE HERE

Scout Executive Fitch who is regional director for the states of New Mexico, Texas and Oklahoma, was here this week straightening out tangles which have developed in that organization of a technical nature and advising with local leaders as to the best way to handle the two weeks encampment of the Boy Scouts to be held here and arranging plans for properly entertaining their visitors.

Eddy Lodge No. 21, A. F. & A. M., was host to the three troops of Boy Scouts last Tuesday evening when the patriotic film of moving pictures entitled: "Hats Off", was shown to 60 boys of Carlsbad and vicinity. The film is a product of the Masonic Service Association and has been shown to Masonic audiences generally in connection with the lecture recently given in Carlsbad on the subject: "Equality of Opportunity". Mr. Fitch, a national executive of the Boy Scout movement, was present and addressed the boys after the picture. Reverends Lowry, Douglas and Mewborn, and Scoutmasters Rawlins and White, and Joseph Wertheim, Worshipful Master of Eddy Lodge also talked interestingly to the boys. At the conclusion of the evening's program, the boys marched to The Sweet Shop where they enjoyed a treat from Mr. Wertheim of ice cream and soda.

The Boy Scout camp will be located at the old Eddy house in La Huerta which is near the river and an ideal place for a camp of this kind. At least three hundred boys will be in camp, coming from Clovis, Roswell, Pecos, Barstow and other nearby towns. The camp will be in charge of Beert Rawlins who will be ably assisted by Scoutmaster White and others as well as the ministers residing here and those who will come with the out of town Scouts. It will be a huge task to properly care for these boys and will mean much to Carlsbad for their treatment and boosters for the City Beautiful. Everything possible is being done toward this end and every indication is that the encampment will be a big event in Scouting circles in the Pecos valley.

### \$20.00 IN PRIZES

The Fourth of July decoration committee offers a prize of \$20.00 for the best and most attractive decorated show window during the celebration.

Also a prize of \$10.00 for the most attractive business front.

DECORATION COMMITTEE.

Plans are going forward as advertised to pull off the big three day celebration without a hitch. The different committees are whipping things in shape to take care of the largest crowd ever coming to this city. In a few days programs will be distributed showing just at what time each attraction will be put on and it is planned to have no two events at the same time, if possible.

The Woman's Club will be responsible for looking after out of town women, especially those with children, and a rest room will be provided with the necessary conveniences.

The wild west show will be the biggest thing ever staged in this section and already there are many entrants for this event. There will be baseball games, water carnival, auto race, tennis tournament polo, and dances at night. A big band will furnish plenty of music.

A feature is the free barbecue one day and fish fry another. Plenty to satisfy everyone. Not a dull moment during the three days and all Carlsbad will do their best to make visitors feel welcome.

### MEADOWS CASE SET FOR JUNE 19

Attorneys G. E. Lockhart, of Tahoka, and Williams of Waco, who will defend Andy Meadows and son, who according to reports pulled off one of the most brutal murders ever staged in any civilized country, were here Thursday in the interest of this case, which is set for trial at Barstow, Monday, June 19.

This murder happened in Andrews county where Meadows owned a ranch. The case was transferred to Barstow for trial. Sentinel.

### DEATH AND FUNERAL OF GRANDMA GREEN

Mrs. Charity Green, widow of Judge A. Green, deceased seventeen years ago, died at Eddy County Hospital at dawn Wednesday, June 21st, after a long illness. Her death was not a surprise, she having been ill at that institution for about ten weeks, and failing gradually but none the less surely. Her age was 77 years and four months, and she had resided in Carlsbad and Eddy County for many years. She was the mother of three children and survived them all. A devoted Christian and a charter member of the Carlsbad Methodist church, in her later years, when the pains of advancing age were upon her, and the disappointments of life pressed thick and fast she was not forgotten. Many kind friends ministered to her wants and visited her, and "Aunt Sallie", matron at the Hospital, gave her loving attention and unremitting care. The Masonic lodge of this city looked after her wants, paying her hospital bills and employing a special nurse as needed.

Grandma was so appreciative of every little kindness done for her and always expressed her thanks for every encouraging word and kindly expression of sympathy and affection. Her plans had all been made for her journey into the unknown country, and the wasted body was laid away in the manner she wished it to be.

The identical money given into her hands by her husband just before his death paid for her burial. The funeral services were conducted from the Methodist church Thursday morning in charge of her pastor, Rev. A. C. Douglas, and in the presence of friends who had known and loved her in life, and burial was by the side of her husband, in City Cemetery. The following were pall bearers, J. S. Flowers, W. E. Smith, William Hannah, W. G. Brown, W. P. Mudgett, and Messrs. Homer Gragg and Joseph Wertheim represented the Masonic fraternity with honorary pall bearers. Her casket was covered with flowers which she had loved in life, and which testified in silent language of the esteem of her many friends. And now, life's tolls and temptations all over, she dwells forever with the Lord, who was her stay and protection during her long life.

"Forever with the Lord.  
Amen, so let it be.  
Joy for the dead is in that word,  
'Tis immortality."

F floral pieces were received from the Baptist Ladies Auxiliary, Methodist Woman's Missionary Society, Eddy Lodge No. 21, A. F. & A. M., Dr. and Mrs. R. J. Boatman, Mr. and Mrs. W. L. Smith, Mesdames Flowers, Pond, Leverty, Arledge, J. E. Wallace, A. Moore and other individual bouquets that had no accompanying card.

Bids for the erection of the new Municipal Building were let last Saturday, J. E. Wallace securing the contract for the building at \$22,445.00; the contract for the heating plant was awarded to the Roswell Plumbing and Heating Company at \$2490.00. The work is to start immediately, as soon as the material for construction can be received and according to the terms of the contract, it is to be completed by December 1st.

**ORDINANCE NO. 173**  
AN ORDINANCE CREATING A BOARD OF PARK COMMISSIONERS; PROVIDING FOR THE APPOINTMENT THEREOF, AND DESIGNATING THE DUTIES OF SAID PARK COMMISSION.

Be it ordained by the City Council of the City of Carlsbad, New Mexico:

Section 1. That immediately after this ordinance becomes effective, there shall be nominated by the Mayor and approved and confirmed by the City Council, three competent persons as Commissioners to be known as the Board of Park Commissioners, who shall serve as follows: One for one year, one for two years, and one for three years. Said Park Commissioners shall cast lots to determine the period of their respective terms of service, and thereafter shall be appointed annually, at the same time as other appointive officers are named, by the Mayor and confirmed by the Council, one Park Commissioner.

Said Park Commissioner when so appointed, shall meet with ten (10) days from the date of appointment, and organize by electing one of its members President, one Secretary, and one Treasurer.

Section 2. It shall be the duty of said Park Commissioners so appointed and organized, to take charge of all the public parks owned by the City, and they shall have absolute control of the same, for the use and benefit of the people, and shall authorize the expenditure of all moneys in the development of said parks, beautifying and maintaining the same, and make all needful rules and regulations for the use and care thereof.

Section 3. The President of said commission shall preside at all meetings of the commission, shall sign all papers connected with the management of the parks, all contracts for the work, and all warrants for the payment of all moneys; it shall be the duty of the Secretary to keep a complete record of all doings and acts of the Commission in reference to the parks under its control; it shall be the duty of the Treasurer to keep all moneys and funds which may in any wise come into the hands of the Board of Park Commissioners, and for the purpose of the park development and care and he shall give bond to the City, the amount of which shall be fixed and the bond approved by the City Council, and it may be increased or decreased by the Council at any time when in its judgment the same may be necessary; the Treasurer shall keep a correct account of all moneys paid out by the Commission, and shall every once each year, or oftener when requested by the City Council, make a full and complete report to the City Council of all moneys received by him and of all moneys expended by the Commission.

Section 4. No person shall be eligible to appointment as a member of said Board of Park Commissioners who does not reside within the City limits.

Section 5. There shall be levied by the City Council each year at the same time and in the same manner as other taxes are levied, a separate tax for the support and maintenance of City Parks, which fund shall be, when collected, subject to the orders of the Park Commission and shall be used for no other purpose.

Section 6. Any member of the Park Commission heretofore provided may be removed by the City Council for cause shown by majority vote of the full board. Provided, that the Mayor shall fill by appointment, approved by the City Council, any vacancy that may occur in the Board of Park Commissioners by death, resignation or removal.

Section 7. The Board of Park Commissioners shall make such rules and regulations governing City Parks as they may see fit and shall publish the same in the manner which they may select. They shall have a right to employ such persons as may be necessary for the care and maintenance of the Parks, and to designate the compensation for such services, all of which shall be paid out of the Park Fund and no other.

Section 8. Any person who shall be found guilty of violating the rules and regulations governing said Parks or who shall damage or injure any shade trees, shrubbery, etc., or who shall mar, disfigure or destroy any seats, building, or any other improvements or properties, shall be punished by a fine of not less than \$5.00 nor more than \$100.00, or imprisonment in the City Jail not more than sixty days, or both such fine and imprisonment in the discretion of the Court trying the same; and all fines collected under this ordinance shall be paid into the Treasury of the Park Fund, and for the use and benefit of the Parks.

Passed, approved and adopted on this 16th day of June, A. D. 1922.

J. D. HUGGINS, Mayor.  
ATTEST: R. A. TOFFELMIRE, City Clerk.

### CARLSBAD CAMP IS BOY MECCA

Just about two more weeks and Roswell scouts will be bound for the camp at Carlsbad. The plan is to leave Roswell early on the morning of the Fourth of July and stay in camp a week.

Reports from Carlsbad tell us this camp is going to be the best as well as the biggest ever held in New Mexico, and no effort is being spared to put it across in the typical Carlsbad manner of doing things.

The Carlsbad Chamber of Commerce is cooperating with the scout organization in the matter of planning and arranging the encampment, which is proof enough that it will be done right. A splendid camp site has been obtained near the Pecos dam about a mile from Carlsbad, where the swimming and boating facilities are unexcelled in New Mexico and tents for the scouts will be pitched there and ready for the scouts when they arrive. Cooks have been employed to prepare food for the hungry scouts, so scouts will not need to worry about that. All they have to do is to bring along their mess kits. The food will be there for them.

The program of camp activities will include swimming and boating, as well as instruction and contests in all phases of scoutcraft, up to merit badge work. Scouts will be in camp from a dozen or more New Mexico and Texas towns, so competition will be keen in all the competitive events.

Life guards will be on duty at all times while swimming is going on, so danger of accident along that line will be reduced to a minimum.

A feature of the encampment which will be of great value to all scouts attending will be the fact that scouts will be there from so many different towns. The association with scouts from other towns will be of value all the way around. Roswell scouts will learn what scouts in other towns are doing and will undoubtedly profit by it.

Scouts who are going to camp must register at the Chamber of Commerce before 5 o'clock, Friday, June 30. However, it is desirable that registration be made at once, because an accurate estimate of the number of scouts to attend camp is needed right away. A deposit of \$3 to pay for food for the week in camp will be required in advance, preferably at the time of registration.—Roswell News.

J. C. Wilson and wife, were up from their home at Pecos last week. They stopped at Loving on their way and were given a picnic to show them how welcome they are at their old home. After coming on to Carlsbad, they divided their time between Mrs. Carl Herring and Mrs. Annie Moore, sisters of Mrs. Wilson, and then left for the home of Mr. and Mrs. Rose, in Loving, leaving there for Pecos.

**A PARTY IN LA HUERTA**

A fine time was enjoyed by the little folks of the Matkins home last Friday afternoon, that being the tenth birthday anniversary of Helen Matkins and her very particular friends being invited to the home to help her observe the day. They played games of the kind that children love and in the evening were served an abundance of ice cream and cake. Those present were Mary Thelma Gunter, Evelyn Farrell, Ethel Middleton, Carrie Lee East, Mary Frances Farrell, Margaret, Ann and Virginia Marquis Lou Dale and Ruth Zimmerman, Fay Marmon and Genevieve Graze.

May little Helen live many more as pleasant anniversaries as the one just past.

The first cheese factory in New Mexico is now under full headway at Miami Colfax County, according to M. N. Mikesell, general manager of the Farmers Development company, builders of the Miami farming colony. Mr. Mikesell says the plant has a daily capacity of 8,000 pounds of cheese, a factory that is modern in every detail, and is now producing 500 pounds a day for which there is a ready market, and expect to be running to a capacity within the year.

The Miami cheese, covering all the commercial varieties most in demand, will be sold under the trademark of "Miami Maid."—State Record.

Miss Lurline, daughter of Reverend and Mrs. T. C. Mahan, who has been teaching school in the state of Washington, returned to her home in this city Monday afternoon. Miss Mahan stopped on the way home for a short visit with her friend, Miss Oma White, in Albuquerque.

Mr. and Mrs. J. G. Usary came in from their ranch home Saturday and remained in town until Wednesday morning. They recently had a rain in that section of the country, which while not a hard rain, yet did an immense amount of good to the pastures, living up the grass and freshening things wonderfully.

To Mrs. Marvin Livingston comes the word of the birth of a daughter to Mr. and Mrs. Drescher, on Friday, the 16th instant. The interesting event occurred at Caspar, Wyoming, they residing near there. Mrs. Drescher is a former Carlsbad girl and a sister of Mrs. Livingston.

Mr. and Mrs. Roscoe Kyle, the lady a daughter of Rev. Z. B. Moon, have been in the city for some days from their home at Dallas, Texas, being called here by the serious illness of Mr. Moon.

Lloyd Kellam returned from a visit to friends in Albuquerque, getting in Monday afternoon. While he was in the Duke City, he had the honor of playing at several notable functions, prominent among which was the wedding of Miss Katherine McMillan, who is a friend of years standing of the Kellam family.

Mr. and Mrs. McKim, and baby Harry, and Mrs. McKim's mother, Mrs. H. F. Christian, returned Saturday from a three days visit with friends in Roswell.

### LESSON FOR JUNE 25

REVIEW: JUDAH'S PROSPERITY  
AND ADVERSITY

GOLDEN TEXT: "Blessed is the nation whose God is the Lord."—Ps. 135:2.  
PRIMARY AND JUNIOR TOPIC—Men Who Obeyed God.  
INTERMEDIATE AND SENIOR TOPIC—True and False Leaders of Judah.  
YOUNG PEOPLE AND ADULT TOPIC—Some Lessons From Judah's History.

I. Central Thought of Each Lesson Gathered Around the Key Words of the Day's Lesson Subject, Namely, Prosperity and Adversity.

A good outline is the following from Crannell's Pocket Lessons:

1. Judah's Prosperity. Based on—
  - (1) Reliance on God, lesson 1.
  - (2) Courageous Venture for God, lesson 2.
  - (3) Business Methods for God, lesson 3.
  - (4) The Vision of God, lesson 5.
  - (5) The Law and Leadership of God, lesson 7.
  - (6) Wise Leadership Back to God, lesson 8.
2. Judah's Adversity. Due to—
  - (1) Presuming Upon God's Blessing, lesson 4.
  - (2) Presuming Upon God's Purpose, lesson 9.
  - (3) Rejecting God's Word, lesson 10.
  - (4) Persecuting God's Messenger, lesson 11.
  - (5) Disloyalty to God and Man, lesson 12.

II. Golden Text Review.  
Assign the texts to your class the preceding Sunday and ask them to show how the lesson illumines the text, or ask the class to prepare on all the texts and have the members of the class draw the text and give the answer.

III. Character Study or Portrait Review.  
Assign the following characters the Sunday before: Asa, Josiah, Jehoiada, Uzziah, Isaiah, Hezekiah, Hilkiah, Jeremiah, Baruch, Jehoiakim, Zedekiah, Zedekiah.

IV. The Summary Method.  
This method calls for the salient facts of each lesson with a statement of its outstanding teaching.

Note the following suggestions:  
Lesson 1. Asa cleared the land of idolatry and called upon Judah to seek the Lord. Because he rested upon the Lord, God gave him victory over his enemies.

Lesson 2. Athaliah attempted to destroy the seed royal and then usurp the throne. Jehoiada checkmated her by hiding away Josiah for six years. At an appointed time Josiah was crowned king and the usurper slain. Every attempt to thwart God's purpose fails.

Lesson 3. Jesus arose from the dead, showed himself to His disciples and sent them forth as witnesses for Him. Certainty of the resurrection of Christ is essential to witness for Him.

Lesson 4. Uzziah made a notable civic and military record, but in his pride he presumptuously intruded into the priest's office. As a judgment God smote him with leprosy. "Pride goeth before destruction, and a haughty spirit before a fall."

Lesson 5. Isaiah's vision of God brought him to a sense of his sinfulness. Man's supreme need today is a vision of God.

Lesson 6. Isaiah foresaw the end of all strife in the world through the establishment of Christ's kingdom. Peace and restoration shall come to the earth when Christ shall come and remove from men's hearts the cause for strife.

Lesson 7. Hezekiah led his people back to God. This he did by means of the passover feast. The only way for a sinning and divided people to get back to God and be united is around the crucified Lord.

Lesson 8. Through the repainting of the temple the law of God was found. When it was read before the king it brought penitent sorrow. God accepted his penitence and postponed the evil day.

Lesson 9. Jeremiah was arrested and brought to trial because he boldly proclaimed God's word to the nation. The one whom God calls to proclaim His word should faithfully discharge his duty regardless of what men may do unto him.

Lesson 10. Jehoiakim tried to destroy God's Word by burning it. Trying to destroy God's Word will not avert His judgments.

Lesson 11. Because of Jeremiah's fidelity to God he was cast into prison. Casting the prophet into the dungeon will not turn aside God's judgments.

Lesson 12. Nebuchadnezzar captured Jerusalem and carried away the people captives. Though God's judgments tarry they eventually fall.

In His Steps.  
For even hereunto were ye called: because Christ also suffered for us, leaving us an example, that ye should follow his steps.—1 Peter 2:21.

Trusting Men.  
The man who trusts men will make fewer mistakes than he who distrusts them.—Cavour.

Silence Is Golden.  
Well-timed silence hath more eloquence than speech.—Martin Farquhar Tupper.

### HAY TRADE CONDITIONS OF THE WEEK

New hay is beginning to influence the markets this week and Western markets especially are adjusting values to a lower level. Receipts at most markets have been very heavy this week and as buyers are anticipating lower values when the new hay arrives in greater volume, sales are only made to all immediate needs. The better grades are selling at full values but slow and medium grades are very slow and uncertain in value, and as these make up the bulk of arrivals, there is an oversupply of these poor kinds and there is a tendency to accumulation.—Hay Trade Journal.

Dorf Shatuck was down from his home in the mountains the first of the week, remaining long enough to transmit some business before returning to his home.

Major Wightman, of the United States Army, was in town the first of the week, in the interest of the proposed army reserve, and made a talk at the air dome, outlining the work and scope of that body and urging recruits for the same. He was introduced by Major Bujac and was a guest of Major and Mrs. Bujac while in the city.

W. G. Brown contemplates adding more room to his residence in the north part of town in the shape of a sleeping porch on the east and a modern bathroom in the rear. He will then have a commodious residence large enough for two families.

A fishing party composed of Judge Armstrong and family, R. C. Dow and family and Judge F. E. Wilson and family went down to Black river the last of the week, and had a fine time, but failed to secure any fish. However, they say the outing was a great pleasure.

Mrs. Ramsey and children left the first of this week for Seminole, Texas, where they will visit with relatives for the greater part of the summer.

Mrs. Arthur Kellam made a one day trip to the Toyah-Bell well Tuesday morning being called there by a telegram, and returning in the evening of the same day.

John Owen Eakin was in from the Eakin ranch this week.

NOTICE  
STATE ENGINEER'S OFFICE

Number of Application 1487.  
Santa Fe, N. M., May 15, 1922.  
Notice is hereby given that on the 15th day of May, 1922, in accordance with Section 25, Chapter 49, Irrigation Laws of 1907 Dean Smith of Carlsbad County of Eddy State of New Mexico, made formal application to the State Engineer of New Mexico for a permit to appropriate the Public Waters of the State of New Mexico.

Such appropriation is to be made from Blue River at a point which bears S. 40 degrees 42 minutes W. 5218 ft. distant from the SW cor. of Sec. 23, T. 24, S. of R. 26 E., N. M. P. M. by means of Blue River ditch diversion dam and 11 cu. ft. per sec. as a minimum, with an additional 4 cu. ft. per sec. when the same is not being used under an existing valid right above the point of return, is to be conveyed to power plant at a point which bears N. 74 degrees 50 minutes E. 3879.5 ft. distant from the SW cor. Sec. 23, T. 24 S. of R. 26 E., N. M. P. M. by means of open ditch, an extension of Blue River ditch and there used for power purposes and returned through Castle Draw to Black River at the junction of Castle Draw with Black River.

Any person, firm, association or corporation desiring that the granting of the above application would be truly detrimental to their rights in the water of said stream system shall file a complete statement of their objections substantiated by affidavits with the State Engineer and serve a copy on applicant on or before the 12th day of August, 1922, the date set for the Engineer to take this application up for final consideration unless protested. In case of protested applications all parties will be given a reasonable length of time in which to submit their evidence in detail or arrange a date convenient for a hearing or appoint a referee satisfactory to all to take testimony. Appearance is not necessary unless advised officially by letter from the State Engineer.

CHAS. A. MAY,  
State Engineer.

Who was it who said that Irish potatoes could not be grown in the Pecos Valley? The statement may be disproved by a visit to the home of J. W. Stevenson, who says they may be grown in the back yard of any one's home if planted right, and if the person planting will be sure to get the right kind of seed. He says: "I was told by old-timers here that it was useless to plant them, but not being satisfied I sent to Texas and got the 'Early Cobbler' variety, which has proven very satisfactory. Plant the potatoes in February in the dark of the moon; use plenty of fertilizer and keep the ground loose." The Current reporter acknowledges the gift of a mess of home grown potatoes, which are as fine as can be raised anywhere.

Don't kick over the traces until you know what is on the other side.

## "A BOOSTER FOR CARLSBAD"

In renewing her subscription to the Current, Mrs. Laura Beers, a former resident of the city, now living in Topeka, has the following pleasant things to say of the city: "It gave me great pleasure to see the wonderful improvement in Carlsbad. I noted in my recent most delightful trip there, its beautiful new homes, new business buildings, and its paved streets. I would love to live there again. The climate there is wonderful. It has been raining here in Topeka nearly every day for two weeks and is quite cool, some of the time. Give me New Mexico sunshine. My dear friends in the city and valley were so kind to me during my stay and I have a warm spot in my heart for them all. I am a 'booster for Carlsbad'."

Pleasantly comes from the countenances of some people, but it never extends as far as the pocket-book.

The man of great wealth is to be pitied. He is never sure of his friends.

Keep your heart pure and your mind will keep itself busy.

## ORIGIN OF THE ROBBER PROTECTIVE TARIFF

(From a speech by Representative Marvin Jones, Dem., Texas.)

In the early part of the eighth century a band of marauders under a leader by the name of Tariff crossed the straits of Africa and landed on the southern shores of Spain. His hand was held together by the spoils of conquest. The horde consisted of Moors, Berbers, Syrians, Africans and a few Arabs, all bent on plunder. They were Mohammedans and were in a sense the vanguard of the followers of Islam in their westward swing, but cared less for their religion than for booty. Tariff plundered the country and established a little seaport town Tariff, which, with its old Moorish walls, to this day perpetuates the name and memory of the leader of this marauding aggregation of robbers and conquerors. Tariff, later reinforced by his superior, Tarik, and his chief Musa, overran a great deal of Spain. This band lived in a chateau that was feudal in its magnificence, and in plundering fashion levied duties through or approached the town of duties on all commerce that came Tariff. He made all the people who toiled pay tribute to him as a sort of robber ruler. The gleaming sword was his collecting agency, and he would hold up ship and caravan in plundering fashion and make them pay tribute to sustain his conquest and luxury.

From that town Tariff, which was named after the princely Tariff, the English word "tariff" is taken. The name arose in heathenism. It meant forced contribution of the many to the few. How fitting that a policy which finds its consummation in this bill should have had such an origin.

For centuries the Moors remained in charge of the Provinces of Cadiz and Andalusia and the seaport town of Tariff and levied their toll upon commerce. Much was the wealth and many the trophies they sent to the Caliph. Their chiefs increased in wealth, in insolent power. They lived in regal splendor, but they were riding to their fall. In 1292 the Christians under Guadalupe, reclaimed these Provinces, and altho the Moors tried repeatedly to recapture Tariff and these rich Provinces and to regain their power to live from the fruits of other men's toil, they could not succeed. Two centuries later they were driven out of Spain.

The privileged classes in that country have grown rich behind the tariff wall. They have overrun the country and levied tribute from all to enrich the few. They have built their "castles in Spain" and their summer homes in Florida. Emboldened by their success, they are endeavoring to get behind the highest protective rates in all history. But, like the Moors of the centuries that are gone, they are riding to their fall. The great heart of America is just and the people will again assert their rights and reclaim their land and Democratic equality shall again flourish in this great free country.

## GOVERNMENT APPROPRIATIONS BILL GIVES STATEMENTS OF AMOUNTS FOR N. M. ARIZONA

An act making appropriations for the department of the interior for the fiscal year ending June 1, 1923, contains the following paragraphs given in part, applicable to New Mexico and Arizona:

"Arizona: Surveyor general, \$3,000; clerks, \$16,120; contingent expenses, \$900; in all \$20,020.

"New Mexico: Surveyor General, \$3,000; clerks, \$14,650; contingent expenses \$600; in all, \$18,250.

"For continuing the sinking of wells on Pueblo land, New Mexico to provide water for domestic and stock purposes etc, \$10,000.

"Carlsbad project, New Mexico, For operation and maintenance continuation of construction and incidental operations, \$65,000.

"Rio Grande project, New Mexico for operation and maintenance, continuation of construction and incidental operations, \$1,000,000.

"For the continued investigation of the feasibility of irrigation, water storage and related problems on the Colorado river, and investigation of water sources of said river, \$100,000.

The appropriations bill for the interior department last year embraced approximately \$315,000,000. The bill for 1923 as it has been returned to congress and before any alterations had been made on the floor of the house of representatives recommended an expenditure of about \$295,000,000.

## JONES SHOULD BE RETURNED TO SENATE

Viewed practically, laying aside partisan considerations, the candidacy of Senator Jones for return to the Senate is a chance for New Mexico to gain considerable foothold on future advantages.

The Senator is today next to the chairman of the Senate Finance Committee, the most powerful committee in the world. Senator Simmons now is chairman and Senator Jones will become chairman when the present head retires. Because of the advanced years of the chairman, Senator Jones now has on his shoulders most of the labor of the committee. However, for New Mexico to set aside an advantage such as the state holds in keeping Senator Jones in Washington would mean letting go of potential benefits limited only by the state's needs.

With Senator Jones at the helm of the finance committee, New Mexico naturally would stand an opportunity of getting many of the things about which citizens now dream but which would hardly make any more impression on future eastern chairmen than has been attained in the past.

Years were required for Senator Jones to reach his present standing in the Senate. Those years, so far as affecting the future of his state are concerned, would be lost if he is not continued in Washington. More valuable years would be required to put another man as high in the Senate.

It would be a grave mistake to retire the Senator.

Don't rock the boat unless you know how to swim. The other fellow doesn't count.

If everything were taken out of politics except the politicians there would still be too much left.

When a high financier steals a million and gives a nickel to charity he thinks he has paved the way to heaven and is entitled to a seat at the right hand of the Almighty.

Congress, however, is composed of so many light weights that we hardly realize that we have it on our hands.

The Current is glad to give space to the article.

## Willard Pumping Plant Placed in Class By Itself

A report comes from General Foreman Griffith, of the Water Service Department at Clovis, to the foreman of the local Pumping Plant, stating that the Willard Plant is the best kept station on the system.

This report has just been received by J. F. Hart, foreman of the Willard pump station, and it speaks very highly of his work.

This is quite a compliment to Mr. Hart, considering the number of pumping plants on the Santa Fe system, and the people of Willard will doubtless feel very much gratified to have the local plant praised in this manner.

This report came from President Story after an inspection trip.

E. A. Roberts is quite ill at his home on North Canal street, this week, suffering from lumbago.

# The Race Victory at INDIANAPOLIS The Road Victory at WICHITA Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

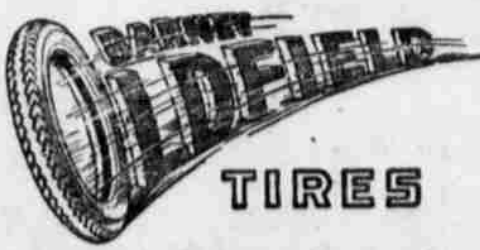

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% Increased Business

The buying public is the surest barometer of the value of any article. Their approval of Oldfield quality has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

### LOCAL NEWS.

J. R. Oliver and C. C. Sikes made a business trip to Roswell Monday.

Mrs. Fred Dearborne is spending a few days with friends in Roswell.

W. A. Bryant was registered at the Gilkeson at Roswell Monday, going up on business.

S. C. Leftwich returned Tuesday from Dallas. Mrs. Leftwich remaining in that city for a longer stay.

Dr. Swearingen, the specialist, was in Carlsbad yesterday on professional business, from his home at El Paso.

Painters and decorators from a distance are busy this week re-decorating the interior of the Bank building of the National Bank of Carlsbad.

G. E. Damewood, of Hope, was a visitor to the county seat yesterday, and joined the other boosters at the Chamber of Commerce luncheon at the Palace Hotel.

Morning worship will be held Sunday at the Presbyterian church, and the subject of the sermon will be "A Call for Christian Expression." Church school will meet at ten o'clock. Wednesday evening will be observed as preparatory to Communion in the following Sabbath, and special opportunity will be given to meet the session and join the membership of the church.

### NOTICE

We are requested to advise the chairmen of all Fourth of July committees to definitely complete all of their arrangements as quickly as possible so they will be ready to make a final report to the program committee early next week.

The program committee will ask for this information that they may be able to print a regular program giving in detail each day's performance and it is desired that this program when once finally perfected will be followed strictly to the letter. It is desired to get up this program in such a way that no two attractions will conflict.

Mr. and Mrs. Weatherford left yesterday morning going overland to Lubbock, Texas, where they will have charge of a large hotel which has just been completed. During their residence among us as lessees of the Crawford Dining room, they made many friends among the town people and traveling public as well, and all regret their leaving. Just who will take charge of the dining room at this time is not known, but some one will be put in at once to care for the trade during the coming celebration.

BORN—To Mr. and Mrs. Kreider of Le Compton Kansas, Thursday, June 22 at 4:00 P. M. a nine pound son "Stanton Lee". Mrs. Kreider is the daughter of Mr. and Mrs. J. R. Stockwell of Carlsbad and this is their first grandson, although they have been blessed with five grand-daughters. Congratulations are now in order.

### HONORING A VISITOR

Mrs. J. F. Bush entertained at her home Wednesday afternoon honoring her friend, Mrs. Felix Grundy, of Galveston, who is a house guest at the Bush home. The afternoon was pleasantly spent with music, both vocal and instrumental, Mrs. A. A. Davis giving vocal solos, while Miss Linn gave beautiful piano solos. The ladies had their fancy work and spent the hours with that and social conversation, and were served dainty refreshments at the close. Those present were, Mesdames Sarah Crawford, Kaiser, A. A. Davis, J. R. Linn, Lowry, Munger, Kinney Reed, Little, R. M. Thorne Myron Clark, C. C. and J. W. Lewis, T. E. Williams, Hemenway, Flowers, Eula Schulz, Jennie and Nellie Linn, Albritton, and A. J. Crawford.

Distinguished visitors in the city this week were J. E. Robinson, of Artesia, John W. Rhea, vice president of the First National Bank, of Roswell, H. C. ### CARLSBAD 13—ARTESIA 0

Last Sunday afternoon at Fireman's park, this city, Manager Oliver and his aggregation of base ball players shut out Artesia to the tune of 13 to 0. Boyle was in the box for Carlsbad and received some very indifferent support at times, but tightened up and prevented a score. Martin hurled for Artesia and seemed to improve as the game progressed. These two teams will play again at Artesia next Sunday and Artesia has been strengthened materially and should put up a good game.

Mrs. W. W. Simpson has returned from a six weeks stay in Menard, Texas, where she was called to attend the sick bed of her father-in-law, S. C. Simpson, who is hopelessly ill at his home from a cancer, his advanced age precluding any hope of his recovery.

May Wright Dickson of Loving, is spending the week at the home of her cousin, Lena Lee Dickson, west of town.

Mrs. Tom Reeves returned Wednesday afternoon from a six weeks visit to the home of her brother in Clovis.

Mr. and Mrs. Robert A. Toffelmire and Mrs. Aud Lusk motored to Roswell Tuesday and spent the day.

### CARLSBAD PLAYS THREE GAMES AT PECOS

Manager J. S. Oliver took his ball players to Pecos last Thursday where they played a double header that day and one game Friday. The first game was closely contested and resulted in a score of 6 to 3 in favor of Pecos. Carlsbad got four hits off Hicks and Pecos got six off Montgomery, five of them in the sixth inning which let in four runs.

The second game was called at the close of the sixth inning the score being 7 to 3 in favor of Pecos. The third game was a draw the score being 7 to 7 at the end of the eighth inning. The Carlsbad boys having to quit to catch the train home which had already been held nearly an hour for them. Boyle pitching for Carlsbad had no chance of winning on account of six errors by the Carlsbad players. The feature of the game was a home run by Hicks. Games with Pecos have been matched for July 3rd, 4th and 5th to be played here. Thursday and Friday was Candidates' day in Pecos and the boys were entertained that night by a big dance in the court house besides other attractions all of which were enjoyed and the visitors say they were treated royally while at Pecos. A tennis tournament was also pulled off those days, two players going down with the ball team from here.

Manager Oliver says he is well satisfied with the prospects for fast games during the celebration and is constantly strengthening his team until it is practically certain Carlsbad will be the winning team these days when the largest crowd in the history of Carlsbad is expected to be entertained in Carlsbad.

### RESOLUTIONS OF RESPECT

To Mrs. F. E. Little, President, and members of the Women's Christian Temperance Union:

We, your committee appointed at the regular meeting on June 12, 1922, to prepare resolutions of respect to the late George Washington Patton wish to submit the following:

Whereas Mr. Patton was an honorary member of this organization and active in the promotion of temperance for several years; and,

Whereas, as sheriff of Eddy county, New Mexico in protecting the lives and property of its citizens he met death at the hands of a dangerous and desperate bandit;

Now therefore, be it resolved that in the death of Mr. Patton the temperance cause lost a loyal and faithful worker, the County lost an efficient man in discharging the duties of his office did all in his power to enforce the laws of the land and ward the dens of vice and crime and the State lost a true and loyal citizen too honest and honorable to take advantage of an adversary.

Be it further resolved that we herewith proffer our worthy member, Mrs. Lillie Patton, and her family the tender sympathies and fellow feeling of the organization and the individual members.

Be it further resolved that a copy of these resolutions be included in the minutes and that copies be sent to the city newspapers. Also that a copy be sent to our bereaved member.

Respectfully submitted,  
MRS. SARAH E. SNOW,  
MRS. WILMA DILLARD.

## Not even USCO ever touched this value before

30 x 3 1/2 - \$10.90

WHEN you look at a 30 x 3 1/2 USCO at \$10.90 think back for a minute as far as you can remember USCO.

The truth is that men have always found USCO an outstanding money's worth no matter what its price.

Today at \$10.90 USCO maintains its established standard of quality.

And because of the new price, it sets a new index of tire value.

Men who have used USCO have never been inclined to measure its value by the general run of tires.

United States Tires are Good Tires

Copyright 1922 U.S. Tire Co.

Since last fall when USCO established the \$10.90 price range they have recognized it as a value beyond any possible comparison.

A still greater money's worth than even USCO itself had reached before.

Word to friends from Mrs. Kyle: Thursday morning is to effect that Sid who is in a sanitarium in Los Angeles, rested well the night before and apparently was some better than when she arrived there late last week. Although very ill, the news that he was better will be read with pleasure by the many friends of the Kyle family. Mrs. Kyle and son, Mack, left late last week to be with him on hearing that he was critically ill. Sid Kyle has many friends in this section of the country who are hoping that he may recover and return home. He is one of our most respected stockmen—Pecos Enterprise.

R. M. Patterson and family will leave Monday night for Denver, Colorado, at which place they expect to make their future home. The family has been in Carlsbad a little over a year, and in that time has made many friends among us, who grieve at parting from them. They have taken an active part in the work of the Methodist church and Sunday School, Mr. Patterson being one of the official board, and Mrs. Patterson having an important work in the primary grades of the Sunday School and being treasurer of the Missionary Society also. May happiness and prosperity attend them in their new home.

## SMILES VS YAWNS

The "Drop-Complaints-Here" slot, which, in many instances, used to be about the only means of communication between a public utility company and its customers, has been boarded up with the "Walk-In" sign.

That supercilious "I'll-see-if-he's-in" personage who was wont to act as a barrier to the president's office is now leading a useful existence, reading meters, stringing wires or urging 'em to "step up front please".

"Yea (with a yawn) we'll look into it," has been superseded by "We'll attend to it (with a smile) at once."

A sincere desire to better serve the people is the anvil upon which has been hammered out this modern and ever-expanding policy of courtesy, frankness and fairness on the part of the utility organizations.

Naturally the people have grown more friendly toward their telephone, street railway, gas and electric companies. They have an entirely new conception of these great agencies whose potentialities formerly were supposed to begin and end with the service they provide. Operating under state control, with rates held to the minimum and service to the maximum, the utility companies, with their substantial pay-rolls, their heavy expenditures for supplies and maintenance and their large contributions to tax requirements, are now rightfully regarded as community assets.

The people and their utility organizations now speak the same language, interpreted through Good Will and Mutual Understanding.

### BRUNK'S COMEDIANS

From the remarks of many who attended Brunk's Comedians last night, it is plain to see that they did not expect to see the show they did see. Many were surprised that the comedians presented such a good play, and so well. Those who had seen Brunk's before were not at all surprised.

Brunk's Comedians have travelled for five years over west Texas, and eastern New Mexico, but this is the first time they have ever been in Roswell. They are here now to spend the week, and have their tent erected on the lots east of the Armory, where they will present a new bill each night, and Saturday afternoon.

Besides the fact that they give good, clean comedy drama there is good vaudeville between acts and the statement of Harry Sadler comedian, that there is not a dull moment in true. Harry Sadler is himself worth the price of the show, and he was supported in the play last night by a strong cast. There are 30 people with the company and they are all well versed in their line.

Last night, when a small lad, about three years of age appeared on the stage in vaudeville with his clever stunts the applause was more than hearty. His appearance was a complete surprise and delighted the audience.

Each night at 7 o'clock the Brunk's Comedians band gives a concert in front of the tent. The orchestra begins its prelude to the show at 8 o'clock, and the curtain goes up at 8:15. Brunk's are well worth seeing and hearing.—Roswell News

Rev. T. C. Mahan, wife and son Ralph and daughter, Mildred, left Sunday afternoon for Cloudcroft, where the Baptist Assembly is being held. They will return in time for Sunday services in the local Baptist church.

Mrs. N. L. Randolph and Miss Anne Carter, left Sunday night for California, where Miss Carter goes for the summer, but Mrs. Randolph will return after a month or six weeks stay.

LOST—Friday, a small hand grip containing some letters and other articles of personal value. A reward will be given if returned to this office. C. B. DAVIS 21p.

Mrs. J. J. Kiecher and daughters Misses Evelyn and Mary Kathryn, will arrive in Carlsbad about the middle of the week, coming for the remainder of the summer. They left their home in Los Angeles, the 18 inst., but have visited a brother of Mrs. Kiecher's at Kansas City, en route. They have been absent from this city for a little over a year.

Charley Miller of Lovington delivered last week to the Barber Pen Ranch four good young bulls purchased last summer for delivery this June.

G. H. Sellmyer and family returned Tuesday from a visit to Tulsa, Oklahoma, where Mrs. Sellmyer and children visited for nearly a month and the husband and father stayed about a week. They tell us of hot, dry weather in that state although there were plenty of local showers there early in the season. Mrs. Sellmyer says she is so thankful to live in Carlsbad and says the heat here is not to be compared to the heat in Oklahoma.

Mr. and Mrs. Sidney I. Bearup will return from their wedding trip which they have spent in the vicinity of Sweetwater, Texas, this week.

### WHY, DOCTORS, WHY?

Fifty years ago a man was considered old at 60. Today he is only in the prime of life, with many years of usefulness yet ahead of him. In Poland the "oldest inhabitant" is still farming at the age of 132 and he isn't worrying about the approach of death. We appear to be a generation of people enjoying longer lives than our forefathers, a fact which the average man is unable to explain.

### NEW MEXICO LAST OF TEN LEADING STATES IN WOOL PRODUCTION

Las Cruces, N. M., June 17.—New Mexico ranks fourth in the number of sheep and tenth in the amount of wool produced, says Prof. Burns of the New Mexico Agricultural college.

The average wool clip per head for 1921 in ten of the western states as given by the bureau of crop estimates is as follows: Washington, 8.3; Wyoming, 8.1; Oregon, 8.1; Idaho, 7.8; Montana, 7.8; Utah, 7.4; Ohio, 7.0; Texas, 6.6; California, 6.5; New Mexico 5.8. These figures place New Mexico at the bottom of the list. Due to climatic conditions, possibly New Mexico can never hope to get as high a clip as the northern states.

Home grown peaches, cherries, plums, apricots and apples have appeared on the market this week. The fruit is of fine quality and plentiful.

The family of Edwin Stephenson left Tuesday morning for an overland trip to El Paso, Palomas Springs and later to Cloudcroft where they expect to spend much of the heated term.

Mrs. Carl Gordon and three young children came down from Roswell Thursday of last week and spent a few days at the home of Mrs. C. H. McLanathan, and other friends.

The Purdy family joined the husband and father at Roswell, leaving here Saturday morning. They will spend the remainder of the month in that city, returning in time for the celebration to be held here the Fourth of July.

A beautiful reception was given at the Linn home last Thursday afternoon at from 2:30 to 6 o'clock. About one hundred and twenty-five friends called and renewed their friendship with Mrs. Arthur Linn, a former Carlsbad girl, and Miss Nellie Linn, a daughter of the hostess who has been attending an art school at New York.

Mrs. Annie Lee Barber, with the two young daughters and a sister, Mrs. Ollie Williamson, of Dallas, left this week for an overland trip to California. They will visit Mrs. J. Frank Jones, of Dinuba, California.

## MUCH FERMENT IN WASHINGTON OVER ELECTION

Washington, June—Throughout the country interest in politics may be lagging. Not so in Washington. Here at the Nations capital, the well known cauldron may not be exactly seething as yet, but it is simmering appreciably and before another month has passed it will be bubbling merrily. Thirty-four senatorships and every seat in the house of representatives are the national stakes for which the parties will contend at the polls in November. The senators and four hundred odd representatives whose successors are to be chosen are here, and each has his secretaries, clerks, and political hangers-on who are deeply concerned in the result.

Also, the popular verdict in the congressional election will be hailed as one of approval or disapproval of the Harding administration. Hence the local ferment, and it is not surprising if Washington just now is paying more attention to politics than is in evidence in any other part of the country.

Two notable primary contests during the month of May served to whet the interest of Washingtonians in things political. One was in Indiana where former Senator Albert J. Beveridge wrested the republican nomination from Senator Harry S. New. The other was in Pennsylvania, where Gifford Pinchot came home a winner in the gubernatorial stakes, defeating Attorney General Alter, the organization candidate. Both results, it may be said, were contrary to general expectation.

Both Beveridge and Pinchot, he it remembered, were progressives when Theodore Roosevelt was the great figure in the embattled hosts at Armageddon, and their victories against the forces of the party organization in their respective states are extremely significant. Some of the political leaders deny this, but the fact remains that they were not expected to win and they did not win. Thermometers that register the political temperature hereabouts made a decided jump when the news came from Indiana after May 2 and another when Pennsylvania was heard from after May 16. The returns from the next primaries will be awaited with anything but idle curiosity as everybody wants to know if there is to be more of the unexpected.

**Iowa Comes Next**  
Iowa comes next with primaries on June 5 to select the party candidates for the senatorship now held by Charles A. Rawson. This is the seat held so long by William S. Kenton, who resigned a few weeks ago to accept a federal judgeship tendered him by President Harding. The full list of Senators, candidates to succeed whom are still to be chosen together with the states and the dates of the party primaries or conventions thus far fixed follow: (Cut out list for reference).

Present senator.  
Porter J. McCumber, North Dakota, June 28.  
Charles A. Culberson, Texas, July 22.

James A. Reed, Missouri, August 1.  
Claude A. Swanson, Virginia, August 1.

Howard Sutherland, West Virginia, August 1.  
Atlee Pomerene, Ohio, August 8.

John B. Kendrick, Wyoming, August 8.  
John Sharp Williams, Mississippi, August 15.

Gilbert M. Hitchcock, Nebraska, August 18.  
Hiram W. Johnson, California, August 29.

Henry L. Myers, Montana, August 29.  
Key Pittman, Nevada, September 5.

Robert M. LaFollette, Wisconsin, September 5.  
Henry F. Ashurst, Arizona, September 12.

Henry Cabot Lodge, Massachusetts, September 12.  
Charles E. Townsend, Michigan, September 12.

Carroll S. Page, Vermont, September 12.  
William M. Calder, New York, September 19.

J. C. Frelinghuysen, New Jersey, September 27.  
George P. McLean, Connecticut, date not fixed.

Coleman DuPont, Delaware, date not fixed.  
Joseph I. France, Maryland, date not fixed.

Andrus A. Jones, New Mexico, date not fixed.  
Peter G. Gerry, Rhode Island, date not fixed.

Kenneth McKellar, Tennessee, date not fixed.  
William H. King, Utah, date not fixed.

Interest centers largely in these senatorial contests for many reasons. In the first place, they together with Indiana and Pennsylvania, will be staged in the most important states of the union. Secondly, the senate is the greatest parliamentary body in the world today.

It deals directly not only with the most vital problems of the American people but with those of great international moment, and its personnel is important.

Moreover some big men are involved. Lodge, of Massachusetts, is the Republican leader of the senate and the chairman of the committee on foreign relations; McCumber, of North Dakota is the chairman of the great committee on finance which has jurisdiction over tariff-making and taxation; LaFollette, of Wisconsin, has long been the stormy petrel of the senate and of republican national politics, and Johnson of California, once progressive nominee for vice president and

more recently candidate for republican presidential honors, looms large from any political viewpoint.

**Interest in Missouri Struggle**  
On the democratic side, Culberson, of Texas, is one of the veterans of the senate, and Hitchcock, of Nebraska; Pomerene, of Ohio, and Williams of Mississippi, are recognized minority leaders. Reed of Missouri, in the fight he is making to retain his seat, probably arouses more interest than any of the democrats.

Reed is opposed for the democratic nomination by Brackenridge Long, former assistant secretary of state under the Wilson administration. Long is a young man without a notable political record, and cannot be said to be a figure of national size. However, the Missouri struggle is of general interest and of national importance because of the fight which Reed made in the senate against most of the Wilson policies, especially the Wilson league of nations program, and because of the fight which Woodrow Wilson is now making to defeat Reed. The former president may not have injected himself into this fight but he has been drawn into it, and he has vigorous unmistakable language done everything that the use of can do to bring about Reed's retirement to private life.

The returns from the Missouri primary of August 1, therefore, will be scanned eagerly by all those who are concerned to know just how much of a hold Woodrow Wilson still has on the democratic party. A new epoch in the history of democracy may date from that event, and it is certain that the result will have an important bearing on democratic presidential politics of 1924.

After the nominations have been made interest will be focused, of course on the November battle of the ballots when the political complexion of the next congress will be determined. In importance this election ranks with two other notable off-year contests—1910 and 1918. In the former republicans went down to inglorious defeat, and in the latter the democrats bumped the humps. As to 1922—hang up a large question mark but the odds are in favor of the democrats.

## A SAD DEATH

Mrs. Mamie Ladd, wife of Jim Ladd, died at Eddy County Hospital, of Typhoid fever, last Saturday. She was brought to that institution six days before her passing, and it was seen from the first that very little chance was left for her. The family consisting of her husband and a baby six months old came originally from Texas, the husband and father working at various times for the farmers in the lower valley. She was only eighteen years old at the time of her death, and many were moved to tears at sight of the little all unconscious of its loss, as it lay in the arms of its father.

The funeral services were conducted Sunday afternoon at the agency side, Reverend O'Connell reading the committal service and making a few brief remarks. Stranger friends, touched with sympathy for the bereft relatives, provided flowers and accompanied the little procession on the sad journey to the city of the dead, where the body awaits the resurrection.

Frank Ohnemus, a former resident of this city and a brother of R. Ohnemus, was taken violently ill at his home in Artesia last week, from an attack of acute indigestion and an internal hemorrhage. He is gradually getting better at this time, but his condition was very grave for several days.

Miss Graham, one of the High School faculty, left the latter part of last week, accompanied by her brother, Spencer, for Boulder, Colorado, where they will attend the summer session of the State University of Colorado.

#### READING BIBLE NOT BARRIED, BUT PUPILS DON'T HAVE TO ATTEND

Santa Fe.—The Bible may be read at assembly exercises, Attorney General Harry S. Bowman advised City School Superintendent W. G. Donley, Carlsbad, in an opinion, provided pupils whose parents object are not compelled to attend.

Mr. Bowman said: "The authorities are not uniform as to what constitutes religious service within the meaning of the above mentioned prohibition. In most jurisdictions it is held that the reading of the Bible or parts thereof without comment or remarks, the repeating of a prayer and the singing of religious songs in the public school or participated in by pupils whose parents or guardians object thereto, is not in violation of a constitutional provision against the giving of religious or sectarian instruction.

While most of the cases so holding are based upon constitutional provisions prohibiting religious instruction, and while our constitution uses the words "religious service", it is my opinion that there is no objection to the reading of the Bible in the public schools, provided that the pupils whose parents or guardians object to their being present may be excused during such period as the Bible is being read, and provided further that no comment or remark may be indulged in relating thereto.

#### RURAL LETTER CARRIERS ORGANIZE

The rural letter carriers of Chaves, Eddy and Lea counties met in Artesia and organized a district rural letter carriers association, the organization to affiliate with the state and national associations as soon as the state organization is perfected, which will be within the next month. The organization of the carriers in these counties is due to the efforts of W. J. Caffall of Dexter who took the matter up by correspondence with the carriers and arranged for the Artesia meeting.

Following the preliminary organization of the association officers for the ensuing year were elected as follows:

J. E. Wimberly, Hagerman, president; William A. Nelson, Carlsbad, vice-president; W. J. Caffall, Dexter, secretary-treasurer. W. J. Caffall and C. E. Nyhart were elected to represent the district association at the state meeting, which will probably be called to meet July 4th, though the time and place of the state meeting has not been definitely decided upon.

It is planned to make the Chaves Eddy and Lea district association a 100 per cent organization, and the Artesia meeting decided to have a gathering at Roswell on next Labor day, at which time it is expected to have every carrier in the district present.

#### LIVESTOCK RAISERS OF OTERO COUNTY FILE BANKRUPT- CY PETITIONS

A new petition for bankruptcy was filed in the federal court here yesterday, and an order granting a former petition and appointing receiver in a case previously filed was entered. The petitions were as follows:

On petition of Curtis Lee Jernigan, stockman of Hope, Eddy County, to be declared an order granting petition and appointing R. M. Persons, referee, to sit in the case in Roswell June 23. Mr. Jernigan gives his assets as \$91,130 and his liabilities as \$114,144, of which \$107,000 is listed as secured. Among the assets listed are \$90,550 in horses and cows.

Among the big creditors listed are First National Bank, Roswell, \$9,500; First State Bank and Trust Co., Roswell, 6,500; The National Bank of Carlsbad, \$91,000, which debt is secured by mortgage on 1800 head of cattle and 70 head horses; Joyce-Fruit and Co., Artesia, one not given to Hope Mercantile Co., \$2,500.

Las Vegas. —An early convention for state nominations on the Democratic ticket seems certain.

Plans now under consideration contemplate holding the convention in August. However, State Chairman Hunker has not called the executive committee together to finally decide the question. Suggestions received from Democrats throughout the state, favor an early convention.

This situation has developed from the fact that the Democratic campaign this year is entirely an educational one, virtually stripped of the usual red-fire hullabaloo that appeals little in advancing the issues of the election. Extensive campaigning, with the view of taking to every voter in the state the main and incidental issues, will be necessary to make the now apparent indications—that it is a Democratic year—a reality.

While everything forming the Democratic campaign hinges on the issue of economy in administration, more complete details for effecting this aim are to be worked out and carried directly to the voters, according to the state chairman's plans.
