NUMBER 37

CHAMBER OF COMMERCE LUNCHEON

Between forty-five and fifty members of the Chamber of Commerce partook of a fine luncheon at the Palace Hotel yesterday at noon. Chicken pie, creamed potatoes, string beans, tomatoes, with delicious drinks and desert formed the much appreciated menu, and the service left nothing to be desired.

President Hubert presided and at the close of the luncheon announced that cigars had been provided by W. W. McAdoo of the Owen-McAdoo Drug Store which were accepted with thanks.

An invitation had been received by the president, for the members of the organization to be present at the meeting of the Kiwanis which is to be held at El Paso, September 2nd. National presidents of that body will be at the meeting from Canada, Mexico and the United States, and an interesting time is anticipated. A banquet at the Paso del Norte is to be a prominent feature of the affair. Mr. Hubert is particularly anxious that Carlsbad be represented at the meeting and likely several of the members will go.

Mr. Wertheim spoke of the most important matter under consideration by the C. of C. at this time, namely, the idea of affiliating with the West Texas Chamber of Commerce, to which body Clovis, Portales, Tucumcari and Roswell already belong. A representative of the West Texas Chamber of Commerce was here a few days ago and met some of the directors, and set before them the benefits which would accrue to the local organization in the event of their joining. The idea is that by joining the local body would get the benefit of the activities of the larger organization. For instance, they collect specimens of agricultural products, which they exhibit at various fairs in Oklahoma, Kansas, and Texas, and this call attention to the wonderful agricultural possibilities of the Pecos valley. This matter is collected and featured at no expense to the local body, after the cost of joining is paid. This will amount to \$250.00. While the West Texas Chamber of Commerce has been organized primarily for the benefit of that part of Texas, yet our interests are identical. They have different committees at work along different lines, for instance in the way of getting a reduction of freight on some commodity that is being shipped out of the valley at this time. He spoke of one instance where a large amount of money was saved to the farmers by having a committee go before the inter-state commerce commission.

Mr. H. I. Braden thought the affiliation of the local organization with the larger body might be very beneficial, and suggested that the directors might save some money by cutting down their appropriation for advertising, but it was pointed out to him that all the money for advertising had already been spent and more could not be realized at this time. He spoke of a drive that might be launched to secure new members which was received with approval, although it was not formally adopted.

Major Bujac said that Carlsbad was so far ahead of West Texas that if any one came here from there they would think they were in Heaven and want to stay away.

W. G. Brown suggested that an assessment be levied on individual members in addition to their regular dues and said that if the organization is worth it, we should join, and the money could easily be raised.

Afterwards this was made a motion, properly seconded and carried. W. F. McIlvain was not here when the representative of the West Texas organization was here, but has been in touch with that organization for a number of years. They are progressive, and a live wire. This year they will accept agricultural and other products and exhibit them at twenty-eight different exhibits at great state fairs in 25 states. You have all received notices of conventions at Lubbock, at Plainview, at Fort Worth, and other places, these are all under the auspices of the West Texas Chamber of Commerce. Roswell is much interested in the building of a new railroad project which is to be built from Ft. Worth through either Roswell or Clovis, and on to the coal fields in the north. That road is going to be built and when it is the Santa Fe will probably extend its line from Seagraves to El Paso, in which Carlsbad will probably benefit. It might be interesting to join this organization. We are and have been anxious to get a highway from Carlsbad to El Paso; we have done every possible thing; but the route has been held up through the failure of Texas to come through. In the meantime, you no doubt have seen several articles in the press from Artesia and Hope, telling of the superior advantages of that part of the country for the road. We have the best all the year round and the shortest, and unless we get busy the first thing you know the other fellow will get the grapes. We need to get on the job and send someone to these meetings to boost for Carlsbad.

George V. Price said that two weeks ago he talked with substantial business men of Lovington about the road from Tatum to Roswell, and he said that one car goes over the road to Tatum every thirty minutes on an average, and that if we can get a road from here to Van Horn, the people of Lovington will build one to tap the road north of Tatum and divert that traffic to Lovington, and from there here and get tourists before they get to Roswell.

John Wells spoke of the desirability of uniting with the West Texas Chamber of Commerce, and suggested that as the Board of Managers of the Chautauqua have some means at their disposal, they might be induced to donate what could not be raised by assessments of the members, provided the C. of C. would guarantee the Chautauqua against any deficit next year. The matter was left to the Board of Directors to do as they deem proper.

Dr. Lowry asked permission to pass around three books entitled "Making Good in Business," on condition that the books be read, which offer was accepted.

O. G. Babcock, of the Bureau of Entomology, spoke of the pleasure it gave him to attend the meeting and gave a brief outline of his work in eradicating insect enemies from poultry and livestock. He is stationed at Sonora, Texas, and told of special work the government is doing to do away with the house fly, the stable fly, screw worm, louse and ticks; goat lice, grubs, etc. Ranchmen are using the fly traps, and a demand has been created for them in that part of the country, the sales amounting to about 300 traps per year. 800 head of goats are used in experimental work and they can handle the blue bug without any trouble.

Mr. Wertheim spoke of making up a purse for the first bale of cotton ginned and brought to town. A subscription paper was circulated and in a few minutes almost every man present had signed it agreeing to give a certain sum as a premium.

After the business of the day had been concluded, Mr. Wertheim spoke of the visit of the Grim Reaper, who had again visited our city and taken from among us one of our most useful professional men, eminent among the citizens of Carlsbad, and suggested that as a mark of respect and honor, to Dr. Ervin, who died Wednesday night, the Chamber of Commerce stand for a moment with bowed heads, which was done.

A gentleman whose name we failed to get was introduced and made a few remarks contrasting this city with his home town of Roswell. He is here to build the new Mexican Methodist church.

The meeting then adjourned.

TEACHERS' INSTITUTE NEXT WEEK

Inspirational Meeting Full of Interest To All. Carlsbad Band Will Give Concert at the High School Grounds Before the Institute Lecture on Friday Night, September 1st.

The Eddy County Teachers' Institute will convene at the High School building at 9 o'clock A. M., August 31, and continue in session forenoon, afternoon, and evening until Saturday noon, September 2nd.

All morning sessions will begin at 9 o'clock, afternoon sessions at 2 o'clock, and evening sessions at 7:45. Prominent educators from within and out the State will be present to take part, and local superintendents, principals, and teachers will assist in making the program complete.

There will be two evening programs beginning at 7:45, Thursday, August 31, and Friday, September 1.

President J. A. Hill of the West Texas State Normal College will give an evening lecture on "Is Education Worth Its Cost?", and the State Superintendent, Hon. John V. Conway of Santa Fe, will speak one evening, which one depending upon the day he can be present.

Arrangements are also being made for a series of Educational Motion pictures that will be of special interest. Local musical talent will add to the special features of the evening programs.

Each session promises to be full of interest and the general public is invited to attend.

Come to the institute, meet the teachers of the county, help to give Education a boost at the beginning of the school term, and lend an influence that will make itself felt throughout the year. Come.

MARRIED INGALLS-HEPLER

Samuel Robert Ingalls and Miss Emma Ruth Hepler were united in marriage at the home of the bride's parents, Mr. and Mrs. John William Hepler, Loving, Monday afternoon at 4 o'clock, in the presence of immediate relatives, the ceremony being pronounced by Rev. A. C. Douglas of Carlsbad Methodist church, the fulling ceremony being used.

Robed in snowy white, the little bride was radiant in an exquisite gown of crepe net satin, with veil and orange wreath. She carried a bunch of exquisite bride roses, and made a perfect picture of a shy, demure bride, as she gave herself into the keeping of her husband for life.

She is well known in Carlsbad and Eddy county, having lived near here since she was a small girl eleven years of age, coming with her parents from Nebraska. She graduated from Carlsbad schools and for three years has been a teacher in different schools of the county and has been a success in her school work, and is also a musician above the ordinary.

Mr. Ingalls is a brother of Mrs. Tara Tarbutton and Miss Alva Ingalls of Loving, a graduate of the Kansas University, and the young man from all reports. He heard the call of his country and was among the others who served abroad during the war. He first met his bride about three years ago, and an attachment was formed between them which resulted in their marriage.

Both Mr. and Mrs. Ingalls are of our best, and the Current feels sure it only voices the feelings of many others who are sending congratulations and best wishes to the young folk, and may their lives be full of happiness and prosperity.

They came to Carlsbad on the evening train, after a delicious ice cream, cake and punch had been served to the assembled guests, the bride cutting the wedding cake. Her going away gown was a beautiful blue coat suit and accessories to match.

After a visit to relatives and friends in Pueblo, Colorado, the newly-weds will go to Salt Lake City, Utah, and from there will take their leisurely way to their future home at Shelly, Idaho, where the bridegroom is in business.

At the wedding were present besides the officiating minister, the bride's parents and brothers, her sister Mrs. Walter Smith, the groom's sisters, Miss Ingalls and Mrs. Tarbutton, and the family of the latter, and Miss Leona Allinger, who played the wedding march.

MARRIED NELSON-SCHULTZ

At the Methodist parsonage Monday evening at 6 o'clock, the marriage of Audie Boatright and Miss Bertha Schultz occurred, Rev. A. C. Douglas performing the ceremony. Both young folks are well known in Carlsbad, the bridegroom being the son of Mrs. Mary Boatright, one of our highly respected ladies, and himself a young man of good reputation and industrious habits.

The young bride is a daughter of Mr. and Mrs. C. L. Schultz, and is a girl who has many friends to wish them well. They will make their home among us, and are now receiving the best wishes of all who know them, for smooth sailing over the Sea of Life.

Harry Thorne, and family, came down from their ranch above Roswell and spent several days with relatives here, coming Tuesday evening.

MARRIED NELSON-SCHULTZ

Rube Nelson and Miss Mattie Schultz were married yesterday morning at 10 o'clock in the office of the County Clerk, Judge Frank H. Richards performing the ceremony.

Carlsbad people are well acquainted with these young folk who have resided in our midst for a number of years, and who deserve and are receiving the best wishes of all their many friends for a married life full of happiness and success such as comes to all ambitious and industrious young people, the Current wishing to be considered as a friend.

The Oddfellows of Eddy Lodge No. 21 will entertain the members of Carlsbad Rebekah Lodge No. 13 at Oddfellows Hall next Tuesday evening, August 29, 1922, at 8 o'clock. An interesting program has been arranged and refreshments will be served at the close of the evening's entertainment. It was agreed recently by the local subordinate lodge of Oddfellows that every fifth Tuesday meeting would be reserved for similar joint meetings with the ladies of the Rebekah branch of the Order. These gatherings will be strictly social but it is expected that the work of the two branches of the Order will be beneficial to each other in the practice of attention to sick members and in charitable work.

All Oddfellows are expected to be present to act as a social committee in the entertainment of the ladies.

At 6:00 o'clock, August 31st, the big W. O. W. Parade will start from the I. O. O. F. hall and headed by the Carlsbad band, will parade through the business section of the city. Among other attractions will be a "Wild Man" from the jungles of Africa.

THE BIG THREE, BY "THE BUNK"

The big three composed of Higgins, Jackson, and McCollum, formally entered the C. M. T. C. Camp by crossing the "Creek." Of course we were seriously admonished by home folks before leaving to go straight into camp, but show us the adventurous young, red-blooded American that could resist the temptation of exploring such a historic land. Yes, we visited the old church, the race track, the "Bull" ring and then we took in the rest of the historic sight—such as—Well, you know what we mean, the historical sights that compose a back ground in the state. Outside of this we entered camp.

On arriving at Fort Bliss, we immediately went to headquarters, received our pay, were identified and sent to the "Mill." We all stood a good examination, in spite of our recent visit to the "Holy Land." After passing our examination we were issued the "Grand Old American Uniform." For a fact we looked something like soldiers—this surprised our fondest expectorator. Then to the barracks and the bunk. So far so good.

The next day and all days henceforth, work, work, work. This went "sorta" hard for a day or so on us tender little fellows, but now we are used to this army life, in fact we feel like real tin soldiers.

If I mentioned the days from about the second up to now I would be reiterating and taking up precious space, all of which is unnecessary and immaterial. I might say though that the "Big Three" is composed of two troopers and one air service man. Higgins and McCollum are the troop wits and Jackson is the wind agitator.

Although the camp life has been filled with instructive labor, there has also been a time for play. The "Big Three" have also been seen in the lime light in athletics. Higgins and McCollum compose the camp tennis hounds. Although the final match has not been played off, it is generally recognized that these two men will take off the final.

Jackson is known as the "Water Dog." He would never believe, live in the swimming pool if the commanding general would stand for it. There is a period for swimming and young Jackson has certainly made use of it. He has taken several events in the swimming contests and it is expected he will drag off a prize in the final meet.

The camp has been on the range this week. The cord shoot was finished today. Higgins of Troop A took first prize, a leather belt and pistol holster. McCollum, also of Troop A and Jackson of the Air Service, qualified as sharpshooters. The highest qualification that could be made on the course given.

We are now over the hill, and starting down on the last two weeks of a good time. It is hoped that the home folks will see by this clipping, just what benefits have been derived from this camp. Not only from a personal standpoint, but from a stand point of preparedness. Of course we are not soldiers, but we have had a thorough smattering of the Army life and feel that in case of a national emergency that we could better fill the place of a soldier.

The "The Big Three" holds up in all events, the last two weeks, as they have the first two surely they will be allowed to come back home. Contributed by a Carlsbad boy.

NO DEATHS OCCURRED FROM SMALLPOX THIS YEAR IN NEW MEXICO

Santa Fe, N. M.—In the state of New Mexico during the year 1920, five deaths occurred from smallpox, one occurred in 1921, and none has occurred this year, it is announced by the state bureau of public health. Dr. G. S. Luckett, director, attributes this low mortality rate to the general practice of vaccination, to which the people of the state have taken readily. Last year the states of Colorado, Kansas, Oklahoma, and Texas had serious outbreaks of the disease with a high mortality rate.

The City Council of Carlsbad announces the postponement of the ceremony of laying the corner stone of the new Municipal Building from will be announced in next week's papers. The delay has been occasioned by the non-arrival of the brickmasons who are expected daily from other points.

The construction of the Municipal Building is progressing nicely and the City Council requests the public generally to be present at the laying of the corner stone and thus show the community's interest in the future home erected for the transaction of the city's business and local affairs.

A picnic given by the members of one of the adult classes of the Christian Sunday school at the grove below town last night was a very pleasant occasion. About thirty or more were present and enjoyed the sandwiches, waffles, and watermelon deemed proper for such events. The grove is an ideal place for an affair of that kind and given a bunch of congenial friends such as gathered there last night, the gathering is sure to be a success.

A crank is a nuisance until he becomes rich. Then he is an eccentric.

DEATH OF A PROMINENT CITIZEN

The death of Dr. L. E. Ervin, one of our best known professional men, has cast a gloom over the entire city. While the doctor had not been in the best of health for some time, he was still able to be at his office every day, and on Tuesday worked as usual. Wednesday morning he had a stroke at his home, before arising, and was conscious about an hour when he seemed to lose consciousness, dying at 10:25 that night.

Dr. Loren Eugene Ervin had been a resident of our city for about fifteen years, coming here in 1907. He was born in Plano, Illinois, and graduated from the High school of that city, afterward attending the Chicago Dental College, where he prepared himself for his profession. After his graduation he came to Albuquerque and practiced for three years, coming from there to Carlsbad. He was married to his now deceased wife April 25, 1909.

His life among us as husband, friend and fellow citizen, leaves little to be desired. A man, eminent in his profession, and prominent in all the walks of life, he will be greatly missed, and leaves a vacancy in the hearts of the people that cannot be filled. Those most closely associated with him in business and social life are the deepest mourners over his untimely death. Sympathy, real and heartfelt, is extended to the bereaved. All the stores and business houses were closed during the funeral, which occurred this afternoon at 4:30, with burial in the City Cemetery, the pall bearers being Dr. L. H. Pate, Dr. B. M. Culpepper, Dr. F. F. Dopp, Clarence Bell, Dover Phillips and Howard Prater, all personal friends, who had been closely associated with the deceased.

Rev. A. C. Douglas conducted the funeral services at the residence on Canyon street, and music was furnished by a quartet of singers, Mrs. Harry McKim, Mr. and Mrs. Frank Kindel, and J. S. Oliver being the singers. The floral offerings were beautiful in the extreme, and each was the gift of true friends who wished in this manner to express their esteem and respect for the departed and sympathy for the sorrowing.

The Masonic body of which he had been a faithful member for years, gave their beautiful ritualistic service at the graveside.

DONA ANA COUNTY TO HAVE ONE BALE OF COTTON PER ACRE IN '23 CROP

Las Cruces, N. M.—Edward Rosenbaum, who came here from Oklahoma to operate the Mesilla Valley Cotton Products company's gin, estimates that cotton in Dona Ana county will make at least a bale an acre. "In some fields it should be more," he said. "I won't be surprised if a number of growers get from one and a half to two bales this acre."

"The stand in the Mesilla valley is as good as the best I have ever seen at this time of year, and every indication is it will make a full crop." Mr. Rosenbaum said it is expected that a large number of growers in Oklahoma will come to the Elephant Butte irrigated district this fall and winter.

More than 3,000 acres of land is in cotton in the Mesilla valley this season. The 1921 average was 408. The stand is uniform. The chamber of commerce has on exhibition, at its quarters plants which contain upward of 350 bolls and squares.

HAY TRADE CONDITIONS OF THE WEEK

Markets generally are holding firm for hay of good quality. Country shipping is showing a decrease as a result of the strikes. Most of the offerings are of poor hay and these are in excess of the demand and only sell at heavy discounts. Receipts in the eastern markets are heavier this week and buyers have more choice and prices are no higher than a week ago.—Hay Trade Journal.

CALL FOR EDDY COUNTY REPUBLICAN CONVENTION

The Eddy County Republican Convention is hereby called to meet at the Court House, Carlsbad, Eddy County, New Mexico, on the 2nd of September, 1922, at 2 P. M. for the purpose of nominating delegates for Eddy County to the state republican convention, when called, and to transact such other business as is proper and may come regularly before said republican convention. Dated at Carlsbad, New Mexico, August 22nd, 1922.

W. F. McILVAIN, Chairman.

I. L. HALLEY, Secretary.

SAMUEL PANDOLFO'S SENTENCE AFFIRMED

Chicago, Aug. 21.—Sentence of Samuel C. Pandolfo, formerly head of the Pan Motor company, to run ten years in the penitentiary and to pay a fine of \$4,000 on conviction on a charge of using the mails to defraud was affirmed today by the United States court of appeals.

Mr. Pandolfo was at one time a resident of New Mexico.

FORTY MILLION TO FORTY-FIVE MILLION DECREASE IN ASSESSED VALUE OF PROPERTY IN N. M. IN 1922

Members of State Tax Commission Will Go Into the Dry Farming Districts and Study Conditions; School Budgets To Be Taken Up August 25, Followed County Budgets

Santa Fe.—Total assessed valuation of property in New Mexico this year will be between \$320,000,000 and \$325,000,000, a decrease of between \$40,000,000 and \$45,000,000 as compared with last year, it is estimated by the state tax commission.

Chief Commissioner J. E. Saint said today that if the percentage of decrease in all the counties is on a par with that of the 11 counties which have sent in their rolls for checking and revision, the decrease as compared with last year will be approximately \$25,000,000. This does not include the reductions just allowed on cattle and livestock, which will make the decrease about \$25,000,000 greater.

On account of the gravity of the situation, the commission will not adjourn now. The members will go into the dry farming districts and study conditions. Returning to Santa Fe, they will take up the school budgets, having the examination and approval of the county budgets go over until the September meeting. First consideration will be given to the school budgets on request of John Joerns, state educational auditor, for the reason that some of the school boards are beginning to make contracts with their teachers.

There is no need to hurry approval of the county budgets because the county assessors will not be able to extend the rolls until changes have been made on account of the reductions allowed on cattle and grazing lands. The September hearing is scheduled for the third Monday, the 18th, but probably will be postponed to allow members to attend the national tax conference, which opens on that day.

A vast deal of this increase is attributed to the prolonged drought, which has burned up crops and ranges, greatly lowering the value of cattle.

The Committee on Educational Service of the Grand Lodge, Ancient Free and Accepted Masons of New Mexico, in addition to the use of moving picture films furnished by the Masonic Service Association, has adopted lantern slides in connection with the presentation of educational topics of interest to Masons. The next lecture to be presented before the local lodge of Masons will have for its subject, "Civilians Patriots of the American Revolution," and will be illustrated with twenty-five hand colored lantern slides. The date of the proposed lecture will be announced later. Eddy Lodge No. 21, A. F. & A. M., will carry on an active educational campaign during the Fall and Winter months. Already lectures dealing with such subjects as "Dignity of Labor," "Equality Before the Law," and "Religious Liberty" are fresh from the press of the Masonic Service Association, and moving picture films for use with each lecture now are in process of completion. These lectures inculcate the practice of religious, patriotic and civic duties as citizens in the promotion of the principles of "The Brotherhood of Man," and are being given generally before Masonic audiences throughout the United States and Canada.

The trustees of the Oddfellows lodge will make extensive improvements to the local lodge hall during the next few months, preparatory to entertaining the Pecos Valley Oddfellows' Association when it meets in Carlsbad to celebrate the 104th anniversary of the Order on April 26, next. A new metal ceiling will replace the present plastered ceiling in the rear portion of the building and the side walls will be repaired. Blinds will be hung at the windows in the lodge room and after the wiring system has been thoroughly overhauled, a new lighting system will be installed. The woodwork will be painted and the walls of the lodge hall will receive attention from decorators. The local lodge is growing in numbers and its finances are in good shape and the members desire to make a favorable showing to the many visitors from other Valley towns when they come to Carlsbad for the anniversary celebration.

The completion of repairs and improvements at Masonic Temple during the next few days is looked forward to by members of the Craft with considerable interest and enthusiasm. The fixtures for the new lighting system have arrived and their installation soon will be complete. New carpet has been ordered for the side platform and rostrum and is now in transit. The local Temple will be second to none in the State when all the repairs have been finished.

D. M. Jackson guarantees to show every person who will be on hand for the big W. O. W. parade Thursday, August 31, at 6:00 o'clock, something they have never seen on the streets of Carlsbad before.

Mrs. Myron Clark and son, Houston, left last Saturday morning for their home in Silver City, this state. They had expected to make a longer stay but were called home because of the illness of Mr. Clark.

In Russia under bolshevik rule a man must work with his hands, fight in the army, or do without food, according to a metropolitan newspaper. It would never do to apply such a law in this country. It would deprive a majority of the mollycoddle sons of our rich men of the privilege of eating. And eating is necessary to mollycoddling.

C. L. Schultz, the blacksmith below town, has closed his shop and expects to leave within the next few days for points in Arizona. His objective point is Phoenix, and he may decide to remain there owing to conditions that he finds on his arrival. Their neighbors and friends here where they have lived for some years hope they may return.

Misses Sina and Prue McCall returned from a three weeks visit to their old home at Arkansas, getting in the last of last week. This was their first visit since leaving the old home and that they had an enjoyable time goes without saying.

We are sorry to learn that Miss Sina has been ill since her return and confined to her bed. Latest advice is to the effect that she is getting better and will soon be about again.

The Campfire girls held their monthly business meeting at the home of their guardian, Mrs. Muri Nornhauser, last Friday. At that time it was decided to camp for a few days to the Blue Springs ranch and arrangements were made accordingly. The girls belonging to this organization are fortunate in having such guardians as Mrs. Nornhauser and Mrs. Hutchinson to look after them and plan for their welfare.

The girls in the bunch were Lovena Hiler, Nannie Ervin Little, Lela and Dorothy Dillard, Annabelle and Alice Witherspoon, Mildred Hutchinson, Marjorie Snow, Margery Westerfer, Edith Herring, Scottie Wheeler, Lucille Morris, Agnes Thorne. Mesdames Little and Hutchinson joined the party Monday afternoon. They returned to their homes Wednesday night, a tired, but happy, bunch of girls.

The fisher gave a mighty yank; the fish lay flapping on the bank. The fish slipped back into the creek; the fisher cursed with words not weak. The fish was scarce of six-inch length, and like a skitterfish was his strength. But, Gosh, that fish he grew and grew, more rapidly than most fish do. Before the fisher reached his gent the fish had grown full 12 per cent. By the time the fisher told his tale, the fish had grown as big as a whale. That tiny fishy never knew how most unusual fast he grew.

Provisional chairmen are requested to invite all persons of legal voting age who may wish to support the principles of the democratic party, regardless of past party affiliations, to take part in such primaries. Women delegates may be elected to county and state conventions.

The credentials of all delegates to said state convention and any notice of contest should be in the hands of the secretary of the democratic state central committee at East Las Vegas, New Mexico, on or before the 29th day of August, 1922.

Proxies of delegates to the state convention will not be recognized except when held by persons who are residents of the county from which the delegates-elect were chosen.

Further a meeting of the democratic state central committee is hereby called to meet in the city of Albuquerque, New Mexico, at 2 o'clock in the afternoon of the 30th day of August, 1922, for the purpose of preparing the temporary roll call of the convention and the hearing of contests if any exist, and for the transaction of such other business as may be properly considered by the said committee. It is urgently requested that every member of the state democratic central committee be present at the meeting.

By order of the STATE DEMOCRATIC CENTRAL COMMITTEE,
GEO. H. HUNKER, Chairman.
BYRON O. BEALL, Secretary.
E. Las Vegas, New Mexico.

APPLE CROP IN SOUTHERN PECOS VALLEY IS BIG

Artesia, N. M.—F. G. Hartell shipped the first carload of apples from the Pecos valley this season. The car was loaded with over 500 boxes of Jonathan apples, billed for Wichita Falls, Texas, where a ready market is found for the fruit. The carload brought about \$1.50 per box to the grower. Mr. Hartell has shipped fruit from the valley for several years and is well known as a dealer in Pecos valley fruits.

Many other shipments of apples have been made this season, but in smaller quantities than carload lots. The apple shipping is expected to commence with much rapidity as soon as the railroad situation is relieved and the proper delivery of the fruit is assured. Hundreds of cars of apples will be shipped from the Artesia and Hope orchards, according to the reports from leading orchardists of the valley. One man expects to ship 70 carloads from his one orchard.

Although hindered and damaged by late frosts and hail, a fine crop of pears and peaches is being placed on the market. Most of these crops are being used by local people for home consumption.

CANDIDATE FOR SENATOR MAKING A TOUR OF PORTION OF STATE

Francis C. Tracy, wife and little son, of Carlsbad, spent a day of two here this week in the interest of Mr. Tracy's campaign for the Republican nomination for the U. S. Senate. Mr. Tracy has been connected with the Carlsbad irrigation project ever since its inception and organization, having resided in that section for over thirty years, and is probably better acquainted with the needs of the Pecos Valley Waters Users Association than any other man in the state, and he promises, if nominated, and elected, to devote his time and energies to the development of those projects, which he believes means more to the state in the production of taxable wealth than the entire live stock industry.

First, says Mr. Tracy, he is in favor of better and more economical government in local and state affairs. He feels very hopeful of his prospects for the nomination, but adds, that if he does not get it he will still exert his whole efforts for the reclamation and development of the Pecos valley irrigation projects.—Fort Sumner Review.

GOOD YIELD OF ALFALFA SEED

Levi Barnett threshed his alfalfa yesterday, the twenty-five acres which he seeded producing 5,600 pounds, which is considered a good yield, and for this year's crop will probably be about the limit in this community. His seed is of excellent quality and is expected to demand the top price, which is now around 15c. Much of the third crop is now being seeded in this vicinity and prospects are that considerable late seed will be harvested but the crop is generally light all through the valley this year.—Hagerman Messenger.

Bags Snake With 22 Rattles

A large rattlesnake was killed by Roy McGlothlin at the caprock, west of town Sunday, that measured about five feet in length and had 22 rattles. Mr. and Mrs. McGlothlin and Miss Luck Lewis were entering the canyon when the snake was discovered and Roy, the Mosquero ball pitcher, killed it with stones. The snake was the largest ever seen here by old residents. It was skinned by Millard Longley and Ardon Robertson and the skin was presented to the Rattlesnake troop of the Boy Scouts.—Mosquero Developer.

Mrs. C. G. Stuntz, sister of Mrs. Marvin Livingston, and herself an ex-Carlsbad girl, left the latter part of last week for her home in Globe, Arizona. Mrs. Stuntz and baby had been spending the summer with her relatives in and near Carlsbad.

CHAVES COUNTY RANCHER HELD ON CATTLE THEFT CHARGE

Roswell, N. M., Aug. 17.—C. G. Beatenbow, who makes his home on a ranch in the northern end of Chaves county, near Elkins, is in the county jail here facing a charge of larceny of cattle. Officers stated that when arrested he had only recently killed a cow and had dug a pit in which he had thrown the hide. The hide, officers said, carried the brand of C. S. Lusk.

Beatenbow has a wife and small baby and has a considerable number of cattle himself. Local officers mounted horses at the Lusk ranch the heavy sand making travel by automobile impossible, and rode all night coming onto Beatenbow just at daylight.

Local officers are determined to put a stop to cattle stealing in Chaves county.

"Bill" Hinson came in last week for a visit with his wife and children, who are living in Rio Vista. This is his first visit to Carlsbad for ten years, although he formerly lived here. Mr. Hinson is now living on the ranch at Santa Rosa.

Low \$1275
Special-Six Touring

SAVINGS resulting from capacity manufacture are now offered to the buyer of the Studebaker Special-Six. The new price of \$1275 is \$200 under its former price.

Studebaker reductions became effective August 1st after Studebaker had completed the biggest seven months in its 70 years' history. And at a time when Studebaker had 15,000 unfilled orders on hand! It is a Studebaker policy of long standing to share manufacturing savings with the customer.

The performance, durability, comfort and quality of the Special-

Six are recognized everywhere. And here's new proof of its endurance: Studebaker's sales of repair parts, covering accidents as well as service, for the first seven months of 1922 were less than they were for the first seven months of 1919, in spite of the fact that 186,000 new cars were sold and put into operation since January 1, 1920.

The Special-Six at \$1275 represents a new standard of value—the greatest value Studebaker has ever offered, and that means a value that is positively unapproached anywhere in the industry.

DIED AT HOSPITAL

J. C. Groves, a sufferer from pulmonary tuberculosis, died at Eddy County Hospital Friday night at 10:30. He has been in Carlsbad about four months, nearly all the time in the hospital, never receiving much benefit. The body was shipped to Fort Worth, Oklahoma, Saturday, where interment was held. He leaves two small boys, his wife having died some time ago. He was a prominent man in that part of the country, being at the time he came here, city treasurer of his home town. Mr. Groves was a full-blood Cherokee Indian, and possessed a superior education, well informed on all the questions of the day, and his friends say a remarkable man. He was a Mason and was kindly looked after by his brethren of that order while in Carlsbad.

Mrs. Claude Hackney has returned from her summer's stay in Berkeley and other California cities, getting in Monday afternoon. Her son, Carl Loveless, is en route home from the coast, coming overland.

primaries on the east side of the state before congress had passed the 19th amendment and which caused much adverse criticism from some of the east side press, and we were also the first party in New Mexico who had a woman presiding over the deliberations of a state convention. I have no doubt but that all of you have read the published statement of Medill McCormick, chairman of the republican senatorial campaign committee, and which statement is undoubtedly issued to defeat Mrs. Olsen, the democratic nominee for the U. S. Senate in Minnesota, in which he stated that persons might vote for a woman for superintendent of schools, or town council, or other little jobs but that he did not believe that they would vote for a woman candidate for the U. S. Senate. How different is the feeling of the democratic party, which believes in the selection of the most competent, capable person for office regardless of sex. Have we not recognized the right of women to an equal participation in our party organization and the conduct of our campaign, and this applies from the national committee organization to our precinct organization. On the other hand, the republican national committee has not yet recognized the right of women as members of that body.

Women Have No Place

I infer from Senator McCormick's statement that the women have no place in the republican party as now controlled. Let me tell you that women are progressive and when educated to government will naturally be democratic. I sincerely pray that Mrs. Olsen will be elected senator in Minnesota instead of Senator Kellogg for I feel confident that had she been in the senate rather than Kellogg, Newberry of Michigan would not now be occupying a seat in that body nor do I believe that she would vote in favor of a profit-making tariff bill which would increase the high cost of living to the masses of the people for the benefit of the few, and which would cause the men and women to pay more than a billion dollars annually for their clothes.

Woman's Responsibility

As new voters the women face a new responsibility. You must not only be willing to work for your party, but you must know how to work. It is essential to the democratic party of New Mexico that the women take an active interest in political affairs. Women workers must be obtained and we must have a precinct committee woman in every precinct in the state. The success of our party depends largely upon the organization and the active work and assistance of our women and I hope that you will remember that campaigns are won and lost in the precincts.

What we must do now is to build up and strengthen our party organization not in the interest of any individual, group or faction, but for the cause of our great party and above all for the people of our nation and state.

G. O. P. Leaderless, Says

I believe that the leaderless Republican party in congress is now in the worst position it has ever seen and that the reputation of the Republican organization in the recent election in Indiana, Iowa, N. Dakota, etc., show clearly the minds of the people.

Let me ask where are the "best minds" of which we have heard so much? Have they turned out to be vacant minds? And where is that great fossilized statesman, known as the leader of the senate, Henry Cabot Lodge, who, we are told, recently visited the White House and found the president out playing golf? And who I believe is more fitted to join the old ladies' sewing circle than he is for leadership in the senate. In contrast look at the returns from Nebraska, where Hitchcock the faithful senator was re-nominated, and from Nebraska, where that ardent and loyal democrat, Senator Pittman, was re-nominated, and see our own first citizen, I am sure that there is not a greater lawyer, a more profound scholar, a more dauntless advocate of the truth, a more loyal champion of those things for which Thomas Jefferson stood, a man full of vigor and courage with the truth of democracy in his heart than Andrew A. Jones, who I predict will not only be re-nominated but re-elected on November 7th.

People Disappointed, Alleges

The Republican party has again and again disappointed the people of New Mexico with its promises and prophecies, whereas the Democratic party has shown its loyalty to the people by its performances when in power.

Congress Splutters, Says

Congress has now been sitting for many weary months spluttering away over the tariff bills, bonus bills, and subsidy bills and giving little evidence of constructive ability and it seems to me that it all depends on the kind of nobles they wear. We have a hobbled congress but I imagine that even though the hobblers are removed they have become so accustomed to the congressional limp that they will keep on the hobble and do nothing. As has been said by Senator Borah, who should know and who recently outlined the Republican program that as soon as the tariff bill is out of the way they will take up the bonus bill, after the bonus bill the ship subsidy bill, then the bill for the creation of twenty-four federal judges, then the Liberia loan bill. All of these propositions draw upon the people for an additional

expenditure of money and weighs upon them in the form of additional taxation and increases the obligation of the government, not only by millions but by billions of dollars. Just think that we propose to go into the treasury of the United States despite our present condition and loan Liberia five million dollars when the people of the U. S. are blest white and are without money to meet their enterprises, and at a time when the great reclamation projects of the west are standing idle as they have for the last eight or nine years. The treasury is unable to meet the demands of our own people and congress proposes to go into the treasury and make a loan of five million dollars to Liberia. The Republican party has failed to relieve the burdens of taxation under which the people have been bending, and which they are unable to carry. Then take the conditions prevailing in our own state, under our present system of curious taxation where the legislative bodies make appropriations necessary to carry out our state government and then pass the buck to the assessing and taxing authorities who must find a way and who usually raise the assessment and raise the levies sufficient to meet the appropriation requirements. Would it not be better if the assessing and taxing authorities would first ascertain how much taxable wealth we had and then let our legislative bodies appropriate so much as we need and the traffic will bear?

Roasts Whole Works

Speaking of the record of our state government, under the Republican administration, may I not tell you that in the coming election you will be given the facts. It seems pitiful, when we stop to think of the splendid men we asked the people to elect, and what they got. Today we hear about this or that state officer and the mismanagement of his office. The state treasurer who was elected by the people has been forced to resign his office, the state auditor publicly announced that he had accidentally mixed his public and private bank accounts. We hear rumblings from the office of the attorney general; we understand that the land office has written letters that carry with them a threat; the superintendent of schools is traveling around the state playing the cheap kind of peanut politics, and so on down the line; many of them more fit to fill the ink wells in their offices than to occupy the official chairs. Last but not least is the superintendent of the penitentiary. This man should be removed for incompetency as there is no man nor woman who could approve of this outrage if the papers have published the truth. Then we have some Republicans some would-be Democrats, who are spreading the Republican ring propaganda, that the only difference in New Mexico is the ins and outs. Read the recent speeches of some of those I refer to, it makes me smile when I hear them say nominate good honest men on your ticket. For heaven's sake have you not done so. Did they support them when they had the opportunity?

Why Not Hanna

Has any party nominated a better, cleaner or more efficient, honorable and honest set of men than the Democratic party did in 1920 and 1921? I will come closer to home. Has ever a party in New Mexico offered the people an able, more honest and capable man for governor and senator than Judge Richard H. Hanna? And yet, what did these same speakers, writers and would-be Democrats do. I thank God that I had the privilege of voting and working for such a man as Judge Hanna and that I belong to a party which honors such men. You need not fear that the Democratic party will nominate any but efficient capable, honest men and women to office, as our candidates are selected by the people and not by a few sitting around a table large enough for six. Let us see if the only difference in New Mexico between the Republican and the Democratic party in New Mexico is the "ins and outs."

Democratic Claims

The Democratic party stands for competitive tariff, the Republican party for protective tariff.

The Democratic party stands for the elimination of the schools from politics.

The Republican party stands for the combining of schools with politics.

The Democratic party stands for honest election laws, and the Republican party against honest election laws, and I could go on and on, indefinitely, if time permitted. But to sum it up, whether in nation or state the Democratic party stands for efficiency, economy, honesty and good government for all the people as against the Republican party's record of inefficiency, extravagance and government for the benefit of the few.

Conservative and Progressive

I have been asked to give the definition of a conservative and a progressive in politics. I recall the definition of a conservative given by our great leader, Woodrow Wilson. He said a conservative is one who just sits and thinks, mostly sits. This type of a conservative is afraid of criticism. No cause or organization that is true to its purpose or wishes and desires to grow, rejects criticism but welcomes it. Criticism is wholesome, but there are two kinds of criticism. When criticism is born of hatred and envy, its purpose is to destroy or injure. There is another kind of criticism, the criticism of a friend one who loves a cause and wishes criticism in order to improve

and strengthen. We can always afford to ignore the criticism of the former class, but the latter we would do well to listen to. Then I recall the definition of a progressive as made by a Republican, who said that a progressive is one who is out but wants to get in. But you know that we are all better off and all enjoyed prosperity during the period in which we had a progressive Democratic leader in the White House, so I say, "God bless the Progressives" and may all those who are progressive find a home in the Democratic party. Today the Democratic party is eager and ready for battle, harmony prevails and the rank and file are imbued with the thought that we will triumph in the coming election. We are determined to win, not for any selfish motives, but for the reason that we want the people of New Mexico to secure the blessings of an efficient and economic government so that their earnings will be applied to the pursuit of happiness and not give their all for the payment of burdensome taxes and extravagance. I recently had occasion to walk through the Capitol building, and I noticed that where I usually heard laughter and saw smiles there was silence and gloom. I could feel it, everyone feels it, and I know that the Republicans know that this is the beginning of the end.

Before closing, I want to make an appeal for the maintenance of State Headquarters. Too frequently a political party is only a campaign organization functioning feverishly while offices are being won and lost. Then it falls into a patronage-gorged slumber while offices are being administered. My experience has taught me that we will have to work to win the coming election. There are many here tonight who heard the appeal for money given by the Director of Finance of the Democratic National Committee. It is true to have sufficient money to carry out the legitimate demand made upon our Committee, but I have also found out that money, even magic money, cannot do everything and I am thankful that the Democratic party in New Mexico never has and never will need the enormous amounts used each election by our opponents. But bear in mind that it does take work and money for legitimate expenses, and the problem of today is to find ways and means whereby our political party can function intelligently between campaigns as well as during campaigns.

I know you will believe me when I say that I am not here in the interest of any candidate for office, be it for senator, congressman, or any state office, but I am here to tell you that although we have met with reverses, as the Democratic party keeps the faith with the people in the fu-

ture as it has in the past it will live, for to be a Democrat you must be a true son and daughter of the teachings of Thomas Jefferson, which means a true American.

I will now ask you to stand and drink a toast with Adam's ale for the speedy return to the enjoyment of good health of our great democratic leader, Woodrow Wilson, and to the success of National Chairman Hull, and State Chairman Hunker and County Chairman Ruble.

The three little children of Mr. Harrison, who has been an inmate of St. Francis Hospital for some months since the death of his wife, were taken to the Catholic Orphanage at El Paso Monday morning; one of the sisters accompanying the little ones on their journey. Mrs. L. S. Crawford and her daughter, Mrs. Paul Joyce, are expected to from their summer at Clarksville, Tennessee tomorrow or Sunday. Miss Eleanor Flowers will accompany them, joining the party at St. Louis. Carlsbad people will have their first sight of the little son of Mr. and Mrs. Paul Joyce, about six weeks old, who will make his first visit to Carlsbad.

Miss Russell, niece of Mrs. M. E. Chaytor, who has been visiting at the home of her aunt in Carlsbad for a fortnight, left last Friday for her home in Arkansas, Arkansas where she is a teacher in the public schools.

Lexington is making preparations for the annual picnic and horse-racing. The dates this year are August 26th, 27th and 28th, and classes are now making arrangements for the annual picnic. It is likely a large delegation will attend from Carlsbad as to nearly the case.

Mrs. J. L. Mason and little daughter, Nadine, came in last week to join their husband and father, who has been here for some days and the probabilities are that they will make this city their home. They are relatives of the Matney family, and formerly lived at El Paso.

ANNUAL PICNIC AT ECHO LAKE PARK

The annual picnic held by the ex-Carlsbad people who are now in California, was held at Echo Lake Park, Los Angeles, this year, on the island. Supper was served, the tables loaded with all kinds of good things to eat, for Carlsbad people, wherever they go, retain their fondness for good fare. Everybody is said to have had a wonderful time, meeting old friends. The following names are those who signed the register at the picnic, and we have been requested to publish them. In order that Carlsbadites may know about how many of her people were present:

Mrs. R. P. Johnstone, C. M. Richards and wife, Frank A. Moore, wife and daughter, Dr. and Mrs. Friedman, Helen A. Chaffin (Mrs. S. I. Roberts) sister, Mr. and Mrs. Lucius Anderson, J. J. Kitchin, John Kitchin, Earl R. Dishman, Robert A. D. Dishman, Mr. and Mrs. Tom Barnes and family, Mr. and Mrs. L. M. Campbell, Mrs. Edith Lee Rule, Mr. and Mrs. Chas. D. It isn't always the cost of a thing that bothers us. It is the price we have to pay.

Eddy Grove Camp No. 5 will inaugurate a large class of candidates Thursday, August 31st, when they will have for their guests the different Camps of the valley. The main feature will be a big parade at 6:00 o'clock, when all the candidates will be "dressed up" in different costumes.

Dr. Lyon, of Ardmore, Texas, was in town Wednesday night and favored the Methodist people who were present at the prayer meeting with a fine illustrated lecture, representing the work of the Centenary movement taken up by the Southern Methodist church three years ago. Dr. Lyon is conference secretary of the Centenary work and has been in Carlsbad before this.

Rev. C. J. Wilson, who has been spending some months visiting the family of his son, Judge Fred E. Wilson, in Carlsbad, and his daughter, Mrs. Puckett of Hope, left Tuesday morning for his home in Arkansas.

With morning worship Sunday at the Presbyterian church the sermon will have for its subject "The Out-ranking Interest of Life." Church school will meet at ten o'clock, and there will be prayer meeting Wednesday evening at seven-forty-five.

The series of meetings at the Aldome in observance of Community Worship will close for the season Sunday evening, beginning at eight o'clock. The interest from the first has been unusual, and there is hope that with attendance and spirit the last meeting will be the best.

Mr. and Mrs. L. E. Foster spent the week end in Roswell.

LOCAL NEWS.

J. F. Joyce left for Pecos Wednesday morning on a business errand.

George O'Connor is among others who went up to Roswell Tuesday night on a business errand.

Mike Irabarne is spending the week in Roswell, going up Monday on business.

Mr. and Mrs. Willard Shafter, who formerly resided in Carlsbad, but lately have been living at Las Cruces are back on a visit to their relatives on Rocky Arroyo, and their friends in this city.

Mrs. R. T. Horne and children, Barney and Miss Blanche, and Jack Barber of Dallas, Texas, were visitors at the Barber-Pen ranch the last week end.

Mr. and Mrs. Hardy and Bert Rawlins left Wednesday afternoon for Lovington called there by news of the serious condition of Mr. Hamilton, father of Mrs. Rawlins, who was said to be going fast, according to a wire received by Mr. Rawlins a few hours before.

Bernard Brown and wife were among the arrivals on the train from the north Tuesday afternoon.

Miss Gladys Eakin was an overnight visitor to the Barber-Pen ranch Sunday night.

Misses Ida Pearl Morris and Eunice Herring, friends of Miss Barber, spent Sunday with her at the Barber-Pen ranch.

Frank James bought the Marvin Livingston steers contracting for the same at the Red Lake roundup which was held last Monday.

Mr. Robertson the Midland Cattle Inspector was an overnight visitor to Carlsbad Sunday night, going on out to the plains Monday morning.

V. O. McCollum and D. Jackson returned from their ten days stay at Hot Springs, New Mexico, the first of the week and report a good and pleasant vacation.

Harris Garrett came in yesterday from Lovington and took a physician out with him to the home of his father-in-law, Mr. Hamilton, who is very ill and whose recovery is considered very doubtful.

A crowd of young folk went out to the Louis Carrell place on Black River Wednesday and had a picnic dinner and an interesting time with Mrs. Carrell and the baby. In the party were Lowell Warren, Ina and Lucie Warren, Josephine Williams and Lewis Warren.

Misses Alice Walter and Louise Moore who were in Roswell about a week visiting with friends, returned the latter part of last week to their homes in this city.

Mr. and Mrs. Claude Farris and Mrs. Archie Nelson visited friends at Roswell Sunday. Mrs. Farris remained there and is spending the week with Mrs. Arthur Hoose and other friends.

The Barber-Pen ranch had a branding this week at the ranch. The work was handled by John Eakin, Marvin Livingston, Will Fenton, Sam Campbell and other good cow punchers.

Miss Agnes Thorne was hostess to a party of friends, numbering twenty-five or thirty young folks of about her own age last Friday night entertaining them on the lawn at her home. They played games of all kinds and were served ice cream and cake, after a very delightful evening.

Judge Roberts and his family left yesterday morning early for El Paso where they will spend a few days on business and pleasure combined.

Misses Alotta and Elizabeth Flier, nieces of R. M. Thorne, came in Tuesday of this week. Miss Elizabeth will visit with her relatives here for about a week, before returning to her home in Topoka, and Miss Alotta will remain here until the opening of the State University at Albuquerque where she has been a student for a year past. Both young ladies have been spending a vacation at Clondroit.

Miss Barber-Nell Thomas, daughter of Mrs. Annie Lee Barber, will leave in the next few days for Albuquerque, where she will enter the State University for the coming year. Miss Thomas was honor pupil of the graduating class of this year of Carlsbad high, and we are all proud of her attainments. She is just yet sixteen years old. She will specialize in English, French and Mathematics while in the University.

Fishing parties are numerous at this time and the low water at McMillan and Avalon make them in the main successful. Several large catfish have been caught in the river where the Delaware empties into the Pecos. One is said to have weighed nearly seventy pounds, and was pronounced the grand-daddy of all the catfish in the river. Ray Davis secured a picture of the whopper before it was taken on to Artesia. The fishers seem to be more successful at night or early in the morning.

NOTICE

Notice is hereby given that a Republican Precinct Convention for Carlsbad precinct will be held in the Court House Wednesday, August 30th, at 7:30 P. M.

The convention is called for the purpose of nominating delegates to the Republican County Convention to be held in Carlsbad in the court house at 2 P. M. on Saturday, September 2nd, and for such other business as may come properly before it.

All Republicans both men and women, are urged to be present. JOSEPH WERTHEIM, Precinct Chairman.

Corbett Harkey and wife and three children and Miss Myrtle, his sister, returned Saturday from a month's stay at Corona, near the central part of the state. Miss Harkey tells us of the beautiful little cabin they occupied in the Cana de Leon Mountains, where they spent the month among the pines and piñon trees, and says that John Burroughs must have had a similar cabin in mind when he wrote so delightfully of its charms. The huge fireplace at the end of the room seemed to be its principal feature, according to Miss Harkey. The party visited the ruins of Gran Quivira near Corona, and were much impressed by their magnitude and extent, it evidently being the site of an old Spanish city, and if excavated, and exploited would be among many other attractions of the state. The best part of the visit is the fact that Miss Harkey had the advantage of several airplane trips, a plane coming along conveniently when she was tired of mountain climbing. The entire party returns rested and refreshed.

The band concert given last Friday night in the bandstand was well attended and greatly enjoyed. Fifteen members were present and the music was the best heard in this city for a long time. In the "Medley of National Airs" which was one of the numbers given, a very pleasing incident occurred: An elderly gentleman asked the leader of the band if he would repeat the number as a special favor, and this was done. The storeman gentleman then appeared with a box of cigars and treated the boys. Later on they were also treated to ice cream and cake from the ladies of the Rebekah lodge, who were serving refreshments on the ground. Three of the musicians, who were in the city from Big Spring, Texas, played with the band and their assistance was greatly appreciated.

Mrs. Ira Taylor was driving a team of horses to her home west of town Tuesday about noon when one of the horses kicked and in so doing caught her foot over the toe of the wagon. Both horses stopped to rub and throw Mrs. Taylor out of the vehicle, nursing her back and face, the injuries being so painful that a physician was called. Two of her daughters were with her and when the wagon upset were left on the ground but were unharmed, with the exception of the eldest daughter, who had her hands blistered by trying to hold the horses. She would perhaps have done so but one of the lines broke.

Mr. and Mrs. L. A. Swigart and daughter, Miss Dorothy, returned Tuesday morning from a week's stay at the Buckeye Sheep Company's camp in the Lovington section.

Mr. and Mrs. B. F. Montgomery and son, Carl, parents and brother of Sam Montgomery, the famous man, left for their home at Lubbock, Texas, Thursday morning. Mr. Montgomery, who has been here about thirty years ago for the first time and again last year and is much improved and surprised at the improvements made since that time. Their location is near Carlsbad in a most desirable place.

The Renick house in North Carlsbad has been added to the rear of the lot and will make room for the large building recently purchased by Mr. Renick, at Lakewood, and will be to be put in shape for a residence as soon as it arrives. The house is a large one and will have to be moved in two sections. The Service Transfer Company is doing the hauling.

Miss Nell Atkinson, a former employee of the Santa Fe railroad at Carlsbad, but now working in Amarillo, came down on the afternoon train Tuesday and remained until last night, when she returned to that city. Miss Nell is taking her vacation and it is to the regret of her many friends here that she can not spend more of it in Carlsbad.

Miss Ruth Parfitt, a niece of Mrs. Tom Cooper is visiting her aunt from Saratoga Springs, Louisiana. In the early days the young lady's father was agent and operator at Malaga, and will be remembered by old-timers.

Mrs. Lillian H. James, of Albuquerque, president of the State Assembly of Nurses, is in Carlsbad and will meet with the local lodge of that order to night at 8 o'clock. A full attendance is desired.

Ray Blomker returned from El Paso where he went on a vacation trip and spent ten days, getting home Saturday night, and is hard at work already.

Miss Brochman after a short stay in Denver, returned to her home in Carlsbad this week.

John Bowlin, J. F. Bowlin, Zack Martin and R. M. Haver were passengers to Roswell Wednesday of this week.

The family of Dick Hays, and that of his son, Henry, are spending the week in the mountains camp with their daughter, Miss Beatrice, who is here on a visit to her mother from Kansas City.

at R Smith went up to the mountains last Sunday, accompanied by Dave McCollum, on his return he is expected to return today.

Mr. and Mrs. J. E. Joyce and daughter, Mary Frances and Jane, visited the family of Mrs. Barber at the Barber-Pen ranch last Sunday, and had a very delightful time.

One of Carlsbad's fine young men took his lady friend out for a drive and ran out of gasoline at Lakewood. The girl had to buy the gasoline in order to get home. It might pay her to run by herself.

Some time ago a number of articles of jewelry were stolen from the home of J. F. Fowers, and although suspicion was aroused it was not until this week that enough evidence was secured to warrant the arrest of the guilty parties. It developed that a gang of small boys were the guilty ones and they were accordingly arrested and put in jail Tuesday. A confession was secured from them which leads to the belief that an organized gang of small boys from twelve to fourteen years old. The boys told where the jewelry was hidden but a search failed to find it and the boys say they do not know where the things are now. The ringleader of the gang is a boy about twelve years old, and has been kept in jail pending the arrival of Judge Lewis, who may come down today or tomorrow. The other boys were released in charge of their parents who agreed to be responsible for their appearance when called upon.

LOCAL NEWS.

Miss Laura Breeding, who has been visiting at the home of her sister, Mrs. W. W. Dean of Pecos, has returned to her home in this city.

Tass Love and wife were in town Monday from their home northwest of Lovington about fifteen miles and were looking for a house for the winter, in order that their children may attend school here. Mr. Love says that they are getting along fine with their sheep and have about 1800 in their flock, and they are fine, fat animals. They have had some good showers in that locality, and things are looking well.

Mrs. Leon Mudgett and two daughters, and Mrs. Del Cuerto and little son, returned to their home in Albuquerque Monday, after spending a month in the city. The ladies made the trip alone from their home in Albuquerque, taking turns in driving the car, and said they had no trouble whatever, and really enjoyed the trip home, and had no misgivings as to the return trip.

C. E. Hoover and F. V. Stutman, of Houston, arrived in Carlsbad Monday afternoon, coming via automobile. The gentlemen are father and brother-in-law of Pete Hoover, the transfer man, and took Pete and his wife by surprise on their arrival.

Mr. and Mrs. Thomas Blankenship, son and daughter and a sister, Miss Blankenship, of Lubbock, Texas, were visitors to Carlsbad the latter part of last week and the first of this. They were out for their vacation, and came here for the fishing. They tell us that crops are fair in their part of the country, but that that section like others, thru the state, needs rain.

A party of friends spent Saturday at Eunice, going out there and enjoying a fine dinner at the Leck home eight miles from Eunice. They returned the same day and say the trip was delightful. Mrs. William Leck, Mr. and Mrs. George Lucas, and Mr. and Mrs. Henry Collins accompanied them.

Miss Mabel Mudgett returned Sunday afternoon from her summer vacation, spent mainly at Berkeley, California.

Hogelin Brothers had a little party at their home on the corner of Green and Canal streets last Friday night. The evening was pleasantly spent and at its close refreshments of cake and ice cream were served to the guests, about fifteen couples being present.

IN THE DISTRICT COURT, EDDY COUNTY, NEW MEXICO NOTICE OF SUIT

TO THE DEFENDANTS, Frank J. Drew, if living, and the unknown heirs of Frank J. Drew, if he be dead; George A. Knight, if living, and the unknown heirs of George A. Knight, if he be dead; E. Krause, if living, and the unknown heirs of E. Krause, if he be dead, and all unknown claimants of interest adverse to plaintiff in the premises hereinafter described:

You, the above named defendants, and each of you are hereby notified that a suit has been commenced in the District Court of Eddy County, New Mexico, wherein Roberts-Dearborne Hardware Company, a Corporation, is plaintiff and you and each of you are named defendants, said suit being No. 3567 on the Civil Docket of said Court.

You are notified that plaintiff charges in its complaint that it is the owner of an indefeasible estate in fee simple title to the following described lot or parcel of land lying and being in the City of Carlsbad, Eddy County, New Mexico, to-wit:

Lot number nineteen (19) in Block number nine (9) Original, formerly of Eddy, now City of Carlsbad, New Mexico, according to the official plat as filed of record in the office of the County Clerk of Eddy County, New Mexico.

That you and each of you make some claim to said premises adverse to the estate and title of plaintiff and plaintiff prays that title and estate in said described premises be established against any adverse claims of you the defendants herein and that you, the said defendants be forever barred and stopped from having or claiming any right or title in or to the above described premises.

You and each of you are hereby notified that, unless you enter your appearance herein, on or before the 9th day of October, A. D. 1922, the plaintiff will apply to the said District Court for the relief demanded in the complaint, and judgment will be entered against you by default.

You are further notified that Guy A. Reed is attorney for the plaintiff herein and that his business address is Carlsbad, Eddy County, New Mexico.

WITNESS my hand and seal of said Court on this 14th day of August, A. D. 1922.

LESSON FOR AUGUST 27

NEHEMIAH'S PRAYER

LESSON TEXT—Neh. 1:1-11.
GOLDEN TEXT—The effectual, fervent
prayer of a righteous man availeth much.
—Jas. 5:16.

REFERENCE MATERIAL—Ex. 2:23-25; 1 Sam. 7:9-11; Matt. 9:38; 26, Acts 1:12-14; Eph. 3:14-21.

PRIMARY TOPIC—Nehemiah Talking to God.

JUNIOR TOPIC—The Prayer of the King's Cupbearer.

INTERMEDIATE AND SENIOR TOPIC—Prayer as a Preparation for All Undertakings.

YOUNG PEOPLE AND ADULT TOPIC—Prayer and Power.

1. Nehemiah Learns of the Distress of the Captives (vv. 1-3).

1. When (v. 1). Twentieth year of the reign of Artaxerxes (2:1).

The month Chisleu corresponds to our December. It was while performing his duty as cupbearer to the Persian king. While in this important position there entered into his heart a desire to honor God and do good to his people. A young man can be true to God in any position in life if he sets his heart on Jesus Christ and communes with Him by prayer and study of God's word. A man may be elevated to a high position, prosper in business, and yet live a life unsuited from the world.

2. By Whom (v. 2). His brother Haman and certain men of Judah brought him the news. His inquiry shows that though he was prosperous he did not forget his unfortunate brethren. We should never let our success and well-being shut out sympathy for the oppressed and suffering.

3. The Nature of the Distress (v. 3). The wall of Jerusalem was broken down. Its gates were burned with fire and the remnant of the captives were in great affliction and reproach.

11. Nehemiah's Sorrow (v. 4).

The news of his brethren's distress greatly moved Nehemiah. He sat down and wept and mourned several days. He fasted and prayed before God. God's people are so essentially one that the affliction and shame of one is the affliction and shame of all. No one will ever do much to help a distressed people who does not deeply feel their desolation. Nehemiah's sorrow was not the kind that says "I pity you" and goes on in ways of selfishness without making an effort to help. True pity expresses itself in an effort to help.

11. Nehemiah's Prayer (vv. 5-11).

He knew where to go for help. He took the matter upon his heart to God in prayer. The first and best way to help others is to pray for them. Nehemiah did not merely pray; he left his place at the Persian court and journeyed to Jerusalem and took hold with his own hands. Our prayers and tears must be translated into definite action if we would be of real help to others. Note the characteristics of this prayer.

1. Its Worshipful Spirit (v. 5). He recognized God as the great and terrible One, the Lord God of heaven. True prayer shows that spirit of worship.

2. Its Ground (v. 5). It was on the ground of covenant relation that He besought God. On this ground all who are in Christ Jesus can come and plead before God.

3. It Was Persistent (v. 6). He prayed day and night. God is pleased when His servants are persistent in their pleadings with Him. Those who understand the covenant relation will be importunate in their petitions.

4. It Was Accompanied by Confession of Sin (vv. 6, 7). In this confession he mentioned definitely his sin (v. 7). We should specify the sins which we have committed. Most people when praying are too general in their confessions.

5. He Pleads God's Promises (vv. 8, 9). In our praying we should remind God of His own words. It is when His words abide in us that we can intelligently pray (John 15:17). If we would be successful in our praying we should fill our minds with God's promises.

6. He Pleads Relationship (v. 10). He reminds God that they were His children by redemption. Those who are in Christ are God's children by redemption through His precious blood. The child has a claim upon its father. God's children have a claim upon Him.

7. It Was Intercessory Prayer (v. 11). With intense earnestness he definitely prayed that God would give him favor before the king in order that he might be enabled to help his people. The king's favor was needed in order to enable him to help his brethren. God is able to move the heart of a heathen king and thus further His own cause by means of the prayer of a humble servant.

The Cunning Man.
A cunning man overreaches no one half as much as himself.—H. W. Beecher.

God's Love.
Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God.—I John 3:1.

Rev. Ira Harrison, of Estancia, New Mexico, preached two sermons at the local Baptist church last Sunday morning and evening. At a congregational meeting a call was given him by the local church. The gentleman has taken the matter under advisement and will let the people here know by wire his decision. He is a young man, married, and his wife is a graduate in music and art, and should he decide to accept, they will be a decided acquisition to Carlsbad church society.

Mark Shafer was a visitor to Pecos last week, where he spent several days on business.

IN THE DISTRICT COURT, EDDY COUNTY, NEW MEXICO NOTICE OF SUMMONS

Stand on end all of the complaints that were ever made because of the shortcomings of a telephone establishment, an electric plant, a gas company or a street railway and they wouldn't stagger you with their height. Compared with the lofty accumulation of Perfect Services, the complaint pile would look as small as a fellow feels when he avoids giving an old lady his seat in a car.

Mrs. Middleton returned Friday from the Queen Camp meeting and reports one of the best meetings ever held at that place. They had several accessions to the church and a pleasant gathering of old friends.

Hugh Williamson, who with his family, resides near the oil well south of town, left this week overland for Texas points. The wife and younger members of the family went in a wagon, two of the girls rode burros and drove their little bunch of cows. They have not definitely decided on a location, but will stop when they reach a place that suits them.

The Current is pleased to learn of the contemplated return to the valley of the R. L. Bates family, who are probably by the time the paper comes out, at home in Roswell. Mr. Bates went to the coast with the intention of starting a restaurant somewhere in that part of the country, but on arriving there changed his mind and after a few days stay decided to return. The daughter, Zelpha, for whose benefit the change of location was made in the first place, will enter the State University at Albuquerque and Captain Bates will again have his position at the N. M. N. I. at Roswell.

BRANDING AND BARBECUE

An old time get-together, sociable branding and barbecue at which all the neighbors and friends of the ranchmen are invited to spend the day and enjoy the good things to eat and at the same time having the pleasure of associating with their neighbors and friends as well as helping with the work, was held last Sunday at the Bill Marlar ranch about ten miles west of this city and there were present over thirty-five of his neighbors and friends, which fortunately included the editor of the Current and family, who put in a whole day enjoying the fun incident to branding and at noon one of the best barbecues it has been our pleasure to attend. E. M. Morris and Bill Marlar were the chefs and it is unnecessary to say that the meat was done to a turn and seasoned to perfection. Besides the barbecue which was delicious, there was what they called "son of a gun" which was a new dish to us, but which was much better than its name would indicate, then there was all kinds of pies, cakes, preserves, roasting ears, rolls, coffee and ice water, topped off with a big, juicy watermelon which Bill raised on the ranch irrigated from a wind mill. It was a feast for the gods and the drive to the ranch together with the work, which lasted only a short time, had put everybody in the mood to do it full justice. Other garden truck is raised, also from the same source, and when the amount of water available is considered, wonderful success has been achieved along this line despite the dry, hot weather we have had the past few weeks. A small patch of feed stuff has been produced by the dry farming method.

Bill's cattle are in excellent condition although his range is dry and the calves are fat and stout. We know this to be an absolute fact as we tested the strength of some of the smaller ones.

On the way out we noticed that the young quail crop is abundant, which gives promise of an enjoyable sport along that line this fall.

The feast was spread in the shade of large walnuts growing in the canyon just east of the ranch house. Altogether it was a pleasant affair and one long to be remembered by those so fortunate as to be there.

Mrs. W. P. Mudgett returned Monday afternoon from her trip to California where she spent much of the summer. She was four days on the road because of the strike. While in California, Mrs. Mudgett had the pleasure of being with the Summerfields, the Dishmans and other former Carlsbadites, and spent a part of the time with her sister in Oregon, and also spent a while with Mrs. Bryan Mudgett who is teacher in the schools of Huntington Beach, California.

Mrs. Otto Engel and young son left for El Paso last Friday. The young man, who is one of our most energetic newboys, returned Monday and will attend school here the coming school year, staying with Mrs. Jess Anderson, on west Green street.

Miss Martha Williams, eldest daughter of Mr. and Mrs. George Williams, left Tuesday morning for Los Angeles, to enter school in that city. Miss Martha is one of Carlsbad's fine girls who is a graduate of our schools, and will make her mark wherever she goes.

Young men should be careful of what they read. The golden rule of success is never found between the pages of a dime novel.

DEATH OF MRS. PENCE

Mrs. Leslie Pence, wife of L. C. Pence, and sister of Mayor Hudgins, expired last Friday morning shortly before noon, at her home opposite the Anderson sanitarium, after a long and painful illness from tuberculosis, that disease that has taken from among us so many of our dearest and best. The body was shipped to Texarkana, Texas, for burial the day following her decease.

Mrs. Pence and her husband had been residents here since 1919 and a large number of friends here mourn her passing, and sympathize with the husband and brother and others so cruelly bereft by that inexorable enemy to man, that we call death.

Paul DeWitz of the lower valley, was in town Saturday. Mr. DeWitz is one of the old settlers here coming when the irrigation system was being developed and has seen the advancement of the town and country from the very first. He is among the few old-timers left in the valley.

No. 892 EQUITY

Max E. Mueller, Plaintiff, v. The Carlsbad Light & Power Company, et al., Defendants.

NOTICE TO LIEN CLAIMANTS Whereas, on the 14th day of July, 1922, the above named court entered an order in the above entitled and numbered cause, in words and figures as follows, to-wit:

"It being made to appear to the Court that the issue of receiver's certificates in the amount of Five Thousand (\$5000.00) Dollars, heretofore authorized, is insufficient to produce the necessary funds for the receiver's immediate and most urgent needs in preserving the property and estate in his hands and that an additional issue of Three Thousand (\$3000.00) Dollars should be immediately authorized and sold, and the proceeds thereof applied by the receiver in accordance and compliance with the orders of the court; and it further appearing to the Court, that there is good reason to believe that said property and estate can be more adequately and economically preserved by the expenditure of Fifteen Thousand (\$15000.00) Dollars, or more, additional and that, therefore, the receiver should be authorized and directed to issue and sell the whole, or greater part of the Twenty-Five Thousand (\$25000.00) Dollar issue heretofore tentatively authorized, and to expend the proceeds thereof in accordance with his recommendation; and it further being made to appear to the Court that such receiver's certificates, other than the Five Thousand (\$5000.00) Dollars already sold, cannot be sold unless they are made to bear interest at the rate of 8 per cent per annum and that, therefore, all certificates hereafter issued and sold should bear interest at the rate of 8 per cent per annum from the date thereof, and should be sold at not less than par and accrued interest, and that the order of June 23rd, 1922, should be modified in accordance with these findings and this order; and it also appearing to the Court that there are certain claimants who claim to be the holders of liens upon the property of said insolvent corporation, The Carlsbad Light & Power Company, and that such claimants should be given an opportunity to be heard as to the validity and priority of their alleged liens, if any, and to show cause, if any they have, as to a date to be fixed by the Court, why the issue and sale of said additional certificates, with priority over any and all other liens and incumbrances of whatever nature as provided in and order of June 23rd, 1922, should not be authorized;

IT IS, THEREFORE, ORDERED, That the receiver be, and he is hereby authorized and directed to issue and sell, at a price of not less than par and accrued interest, additional receiver's certificates in the amount of Three Thousand (\$3000.00) Dollars, such certificates to be of the denomination, effect and form as prescribed in said order of June 23rd, 1922, except that they shall bear interest at the rate of 8 per cent per annum; and any and all persons claiming to hold valid liens upon the property and assets of said insolvent corporation, The Carlsbad Light & Power Company, show cause, if any they have, on the 9th day of Sept., 1922, why the Court should not authorize and direct the issue and sale of the remainder of the Twenty-Five Thousand (\$25000.00) Dollars receiver's certificates, tentatively authorized by said order of June 23rd, 1922, of the form, effect and denomination therein prescribed, and that the receiver be and he is hereby directed to give notice hereof to such alleged lien-holders by publication for four weeks in some weekly newspaper published in Carlsbad, New Mexico, and by such other method as to him may seem proper.

IT IS FURTHER ORDERED, That said order of June 23rd, 1922, authorizing the issue and sale of Twenty-five Thousand Dollars of receiver's certificates, be and remain in full force and effect, except as the same is herein modified or in conflict herewith.

Done at Santa Fe, New Mexico, this 14th day of July, 1922.

COLIN NEBLETT,

United States District Judge. NOW, THEREFORE, NOTICE IS HEREBY GIVEN To all claimants of liens upon the property of the insolvent corporation, The Carlsbad Light & Power Company, of said order, as directed by the Court.

3-CENT STATE LAND GRAZING
RENTAL ESTABLISHED FOR THE
WEST COUNTIES OF THE STATE

Tax Commission Grants Uniform
Land Tax Valuations for Each
District; Cattle Tax Values
Also Set following
Hearing Before
State Tax Com-
mission

Uniform adoption of the minimum state land yearly rental of 3 cents an acre has been adopted by the state land office as a rental for all common grazing land in the western counties of New Mexico, including Bernalillo county. The decision was reached by the state land office following the hearing which was given the New Mexico Cattle and Horse Growers' association, which petitioned for the minimum rates as a boon to the stock industry which is now facing annihilation through drought and adverse market conditions.

The line dividing the state into the west uniform 3-cent rate for common grazing lands is a tentative one for administration purposes until further action can be taken toward a definite and permanent classification.

It is not the intention of the order to prescribe a higher rental for lands lying east of the division line.

The order applies to state grazing lands in the counties of San Juan, McKinley, Valencia, Catron, Socorro, Bernalillo, Sierra, Dona Ana, Grant, Hidalgo, Luna, Otero, and portions of Sandoval, Rio Arriba, Lincoln, and Chavez counties. It includes all state grazing lands in the prescribed area "except such lands which on account of their peculiar and exceptional grade and value on account of their containing natural waters, or are otherwise known to be of greater rental value than the lawful minimum."

The order prescribing the 3-cent rental will apply with equal force to all leases now in existence, all leases to be renewed and new applications generally. Where there shall be competition for leases and leases are offered on sealed bids or

otherwise, this ruling shall not apply.

According to the preamble of the new rule, which is contained in "Administrative Ruling No. 3," N. A. Field, commissioner of public lands in New Mexico, gives the adverse conditions of the livestock industry; the low actual grazing and the lack of a more careful classification as the three main reasons for acting favorably upon the application of the stock growers.

Uniform Land Tax Values
Uniform tax valuations for grazing lands in the various tax districts was granted by the state tax commission at a hearing held in Santa Fe at which time the representatives of the New Mexico Cattle and Horse Growers' association appeared before the commission and pointed out the great variation which existed in grazing land tax valuations within the districts.

The following valuations were set:

District No. 1—Assessed at \$2 per acre: Counties of Colfax, Union.

District No. 2—Assessed at \$1.75 per acre: Counties of Mora, San Miguel, Harding, Quay, Lea, Roosevelt.

District No. 3—Assessed at \$1.50 per acre: Counties of Taos, Rio Arriba, Santa Fe, Guadalupe, Lincoln, Torrance, Chavez, Eddy, Otero, DeBaca.

District No. 4—Assessed at \$1 per acre: Counties of Bernalillo, Curry, Dona Ana, Grant, Hidalgo, Luna, McKinley, Sandoval, San Juan, Sierra, Socorro, Valencia, Catron.

Cattle Valuations Fixed
At the suggestion of the representatives of the state cattle and horse growers association, the tax valuations were also fixed on livestock in the various districts. It is the belief that this will tend to stabilize the industry to a great extent.

District Number 1, which is composed of the counties of Chavez, Colfax, Curry, DeBaca, Eddy, Guadalupe, Lea, Mora, Quay, Roosevelt, Rio Arriba, San Miguel, Taos, Torrance, Union, and Harding, was taken as a basis district and the following tax valuations were set on cat-

tle in these counties—the first column showing the cattle valuation on common range or pasture; the second column the value on graded range or pasture cattle and the third column showing the valuation on pure bred and registered cattle:

Calves or coming yearling heifers	\$10	\$12	\$18
Calves or coming yearling steers	\$10	\$12	\$18
Heifers over 1 yr.	15	17	27
Steers over 1 yr.	23	25	27
Heifers and Cows over 2 years	18	21	40
Bulls	25	40	50
Unclassified herds	16	18	36

District No. II
Cattle in Bernalillo, Lincoln, Otero, Sandoval, McKinley, Santa Fe, Sierra, Socorro and Catron counties to be valued at \$1 less per head than District No. 1.

District No. III
Cattle in Dona Ana, Grant, Hidalgo, Lea, San Juan, and Valencia counties to be valued at \$2 less per head than District No. 1.

GRASSHOPPERS TAKE SEED IN
FIELDS IN DEXTER
NEIGHBORHOOD

Roswell, N. M.—For the past thirty days an outbreak of grasshoppers extending from the south line of the county to a point just north of Dexter has been causing considerable uneasiness and some damage to the alfalfa crops.

There was a light infestation of this insect last year and some little work done toward its control, but this year during the month of May the hatch was exceptionally heavy throughout most of the region mentioned. Little attention was paid to the small hopper until about the first of July, when they began to strip the bloom from the crop being left for seed. Active operations were begun about that time.

The standard braud bait has been the principal control measure used. At the present time the efarm bureau has distributed 150 pounds of Paris Green, which is sufficient to prepare 5,000 pounds of the poison mixture. Mr. W. L. Heitman of Hagerman has probably been the most active individual, as he had rather a severe infestation. At one time twenty dead hoppers to the square foot could be counted in his field, and he estimated that about one-half of them had been destroyed. Other farmers to the number of about fifty have cooperated in the work of eradicating this pest and fair results have been secured in practically all operations. Some seed has been lost in nearly every field, but very few fields have been destroyed.

Albuquerque, August 24.—Democrats of Bernalillo county are busily engaged arranging for the state convention to be held here on August 31st. The convention will be held in the Armory and the state central committee and all other committee meetings will be held in the Chamber of Commerce rooms.

The ladies are preparing for a banquet for the lady delegates, to be held in the Y. M. C. A. the night before the convention. There are also other entertainments being planned for the visiting ladies during the convention.

The lady delegates will be provided rooms in private families if they desire them, which will be available without cost.

Be sure and see the big W. O. W. parade Thursday, August 31st, at 6:00 o'clock.

Dr. L. F. Diefendorf left for Sioux Falls, South Dakota, Wednesday night. He is uncertain when he will return, as his son-in-law and daughter will make a motor journey to New Haven, Connecticut, where their oldest son is attending college, and where they plan to remain for some years if not entirely. Mrs. Diefendorf is not able to make the trip by automobile and the doctor will remain with her until her health gets better when they will go by train to New Haven. The doctor says, however, that the Pecos valley will always be home to him.

W. W. McAdoo returned Saturday afternoon from his trip to Denver and other cities in that section, where he purchased a stock of goods for the coming holiday season.

Mrs. Annie Lee Barber has sold two cars of top calves to a California buyer and shipped the same out yesterday morning from the stock pens south of town. This is in fine shape owing to the unusual spring and summer rains it has received and as a whole the cattle are in excellent condition. It has the unusual interest of a woman at the helm and in shrewd management, is second to none in the country.

Mrs. Otis McCollum and son, Wathan, left Wednesday morning for El Paso, where they will spend the week with relatives. Mrs. McCollum's mother has moved from Baird to El Paso during the past year and she will also visit a brother there, and return in company with her son, Virgil, who is a member of the C. M. T. C. now at Fort Bliss, and who will return tomorrow.

G. W. Carne, who has been working on the Dairy Farm of Mrs. Kindel west of town will leave the first of next month via automobile for Phoenix, Arizona. He expects to spend the winter there but in the spring will continue his journey to the coast and from there will take a northern route through Colorado, winding up at his old Arkansas home.

Boyd Eaker, the carpenter and builder, returned to his home in this city a few days ago, after an absence of ten months, most of which was spent in and near Fort Worth, Texas.

COTTON SEED TO BE TREATED
FOR KILLING GERMS

The manager of the cotton gin at Carlsbad, Artesia, Roswell, Portales, Malaga Loving and Otis met at Carlsbad recently for the purpose of discussing the government requirements for the sterilization of the seed taken from the cotton during the coming season.

The gin at Otis installed a sterilization plant last year which gave satisfaction, but was not large enough to accommodate all the gins. This year, each gin must install a plant with a capacity to handle all the seed originating there. The only important requirement is that the heat must be equal to 145 degrees Fahrenheit must be maintained at all times, as less than that will not kill the boll weevil and their eggs and germs, sought to be destroyed.

It was decided that a ginning charge of 40 cents per hundred would be maintained. This will make a bale cost around \$6 or \$7 for ginning.

Ten cents will be charged for sterilization.

Big Cotton Acreage
The acreage of cotton in Eddy county is estimated at about 15,000 or 30,000 acres. Eighteen thousand acres are in cotton under the Carlsbad project, with a large acreage near Artesia. Agent Bondurant, of Chavez county, stated that approximately 4,000 acres of cotton is going fine around Roswell, with smaller acreages near Hagerman and Dexter. Indications now tend to insure an excellent crop.

Well known cotton men have stated that the Pecos valley fields will average near three-quarters of a bale per acre. As the long staple cotton in this section of the country demands a top market price, a large income is expected from this crop.

Almost every bale of the last season's crop has been sold and practically no cotton will be in the valley when the initial picking begins. About six weeks will elapse before any picking will be done in the Pecos valley.

The Degree Team, also the candidates, will be in Full Uniform in the big W. O. W. parade Thursday, August 31, at 6:00 o'clock.

Hardin Clark and family got in Wednesday night from their overland trip to visit relatives at Vaughn this state. They report a fine time and only the minimum amount of car trouble.

DEATH OF MRS.
LAURA KENDALL

Mrs. Laura Kendall, aged forty-four years, died at Eddy County Hospital Monday night of cancer, and was laid to rest the following afternoon at Lookout Cemetery, near Malaga. She has been ill a long time and realizing that her end was drawing near, gave minute instructions to her pastor, Reverend Douglas, of the local Methodist church, as to her burial, naming the hymns and scripture she desired read.

Singers accompanied the body from town to the home where the services were held and the following songs were sung: "Beautiful Isle of Somewhere," "Abide with Me," and "Nearer My God to Thee." The casket was covered with beautiful flowers, she having loved those sweet messengers of God's love, and her friends here especially Mrs. Hatfield and Miss Inez, seeing that her room at the Hospital was never without its fragrant blooms.

Mrs. Kendall was the wife of Earl Kendall, of the lower valley, and was the mother of five children, four sons and one daughter. The daughter, Emma, twelve years old, has been staying at the home of F. M. Hatfield for some weeks, and was the youngest of the children. One son who is married, lives in El Paso and was unable to be present at the funeral of his mother; the other children were all present.

In the passing of Mrs. Kendall the family loses a good mother, her husband a faithful wife, and the community a friend who was grateful for every kindness bestowed upon her.

Her suffering over, she sleeps her last sleep in the little cemetery at Lookout and "Sweet be here rest till He bids us arise, to hail Him in glory descending the skies."

The ambitious man who reaches the top in a sad plight. He has no place to go.
