THE CARLSBAD CURRENT, FRIDAY, SEPTEMBER 29, 1922.

NUMBER 42.

Chamber of Commerce

Mrs. Chaytor, of the Palace, had prepared a luncheon for the Chamber of Commerce which was only slightly attended yesterday. However, the menu was excellent, and the talks which followed were interesting in the extreme. The prize, donated by the Corner Drug Store, was drawn by C. L. Montgomery, and called for \$2.50 worth of merchandise from that place of business.

In the absence of Mr. Jackson, president of the Game Protective Association, W. S. Moore made a talk on the necessity of protecting our game and fish. We as a people have overlooked the fact that we have one of the best hunting and fishing places in the state, and our game is being slaughtered. The Game Protective Association was organized to protect the game here and at the same time to enforce the laws now on the statute books, to that end. He thought that the children should be taught that slaughter of the game and fish is detrimental to their (the children's) future. Small fish will bite at worms, and should any one fish with worms they will be sure to catch small fish. Children should be taught to throw back all small fish. He further said that the Association is in need of financial as well as moral support, and circulated pledge card among the members.

Mayor Hudgins asked about the state fish hatchery, and it afterward was stated, by Mrs. Kellum, who is very familiar with that part of the country, that the state fish hatchery is located about 25 miles from Santa Fe, on the Valley Ranch Spring, the waters of which have been undiminished during this extremely dry season. The work is very efficiently looked after by John R. Bengard.

Major Bujac was the next speaker, and spoke of the prevailing opinion that "cleanliness is next to Godliness," and said that while the town is lovely, and the paving has added to its attractiveness a thousand per cent, yet he, along with others, is having difficulty in keeping things presentable, owing to the fact that children thoughtlessly throw paper sacks, pasteboard containers, and other wrapping material, near his office and also on the street, which makes everything in that section of the town look disorderly and dirty. There are cans at school to put such things in and children should be instructed to use the proper receptacles for that purpose. Another thing is the bad effect it has on the children themselves, in teaching them habits of carelessness. A motion made by Major Bujac, seconded by Judge Armstrong, and carried unanimously, was to the end of keeping the streets clean, and that the Civic Committee confer with the street commissioner for the same purpose.

Ray Soladay spoke for the band, and said the organization was getting on O. K. at this time. As soon as their old indebtedness is lifted, they will have no more trouble. He suggested that any business firm needing to send out of town for help should try to get some one who was a musician as well, and thus be a vital help to make the band bigger and better.

Victor L. Minter spoke briefly telling the Chamber that the Federal Land Bank of Wichita, Kansas, is considering very favorably the loaning of money to farmers under the Project. They have asked opinions on 110 applicants for help, and while much of the business must of necessity be confidential, yet he thought the money would eventually be loaned and Carlsbad would profit by the loan.

Rev. Dorsey Mewborn, pastor of the Spanish-American people here, thanked everybody who had helped them build the house of worship, and told of what the house would cost and what he hoped it would stand for. He also said he had never found so excellent a spirit of cooperation as he had found among the people of Carlsbad. He said the question was frequently asked whether anything can be done for the Mexican people, to which he unhesitatingly answered affirmatively. Much can be done. We want to make the church a service station.

Major Bujac spoke in reply to Mr. Mewborn and gave a glowing testimony to the Mexican people and especially to those who went as soldiers, saying that they stopped shrapnel as effectively as if they wore the purple trappings of a king.

After Mr. Hemenway had occupied the last minute with one of his anecdotes, which he "and in the paper the other day," Mr. Hubert announced that the ladies of the Baptist church would serve the next luncheon, and read a very toothsome sounding menu, and requested all who could to make their reservations.

Mrs. F. E. Little has been on the sick list for over a week suffering from a bad attack of asthma. Her neighbors miss her kindly ministrations, some of them being sick, and Mrs. Little always having the habit of rendering assistance to the sick or distressed in their time of need. Her many friends are hoping for her early recovery and return to her health and strength.

BE A BOOSTER FOR THE BAND

Several new members have been added to the local band, which now gives it a membership of more than twenty. A movement has been started by the director asking the business men of Carlsbad, when hiring help from out of town, to get men who are musicians. One and possibly two men will be secured in the near future under this plan. This will strengthen the band materially and all business men who must hire help from out of town are requested to hire men who are musicians. Friday night will possibly terminate the evening concerts for the summer, and they will be given on Sunday afternoon during the winter months. Arrangements will possibly be made with the Armory board for use of the Armory in which to give these free concerts should the weather be so inclement as to prevent the outdoor concert.

Following is the program for Friday evening at 7:45 o'clock:
March, Pernambuco.
March, Independentia.
Overture, King's Guard.
March, Tenth Regiment.
Selection, Ermine.
March, Traffic Club.
Serenade, Moonbeams.
March, American Union.
March, Fort Popham.
Medley of Old Airs.
RAY SOLADAY, Director.

BASEBALL NEXT SUNDAY IN CARLSBAD WITH ARTESIA.

Carlsbad baseball fans are promised a fast game of baseball next Sunday between Carlsbad and Artesia. Both teams have been strengthened with league players who have finished the season elsewhere. Artesia will have Brainerd of the Columbus American Association, who lives at Artesia and winters there, and who is a favorite with Carlsbad fans on account of his all round clean playing and ability to make long hits. Artesia will also have Mandy, of the Northwestern league, who lives at Artesia and who is also heartily greeted by Carlsbad baseball enthusiasts who delight to watch his fast work at third base.

The Carlsbad team will also be strengthened, they having secured Williams to play second base, who is well known here, having played on our team a few years ago. Crozier, of the El Paso league will be in the line-up and is well known here, having spent his early boyhood days in Carlsbad. James Bloxom, from the Texas-Oklahoma league will also play with the home team. Altogether these two teams will be about evenly matched in strength and the game will undoubtedly be a fast and exciting one. Game called promptly at 2:30 at Fireman's Park, Sunday, Oct. 1st.

"MILK SICKNESS"

The County Health officer, Dr. Ennels, reported to the public bureau of the state the death of Ralph Buel, from what is known as "milk sickness" and that three other members of the Buel family are ill of the same disease. The family resides a couple of miles north of Artesia, and the boy, Ralph was a senior in Artesia schools, and was nineteen years of age. The disease has also appeared in a family residing southeast of Artesia, by the name of Fields, three of that family being in a serious condition from its effects. Dr. Ennels has sent specimens to the state chemist at Albuquerque for analysis.

A CORRECTION

The Current wishes to call attention to an article appearing in various city papers in regard to the prevalence of what is known as "Milk Sickness" from which several patients are very ill and one death has occurred. The cases are in the vicinity of Artesia instead of Carlsbad, one family living north of Artesia a short distance and the other south east of Artesia. The news was wired the city papers by the correspondent at Artesia under a Carlsbad date line, but if it had been favorable news to that part of the county, it would no doubt have appeared under the proper date line.

Chamber of Commerce.
Carlsbad, New Mexico.
Gentlemen:

We are advised today by Mr. Edward Chambers, Traffic Manager of the Santa Fe Railway Co., that the emergency rate on cotton seed products and other feed to be shipped into your territory for the benefit of cattle men will be granted. Mr. Chambers is now working out the details for these reduced rates and those will shortly be announced.

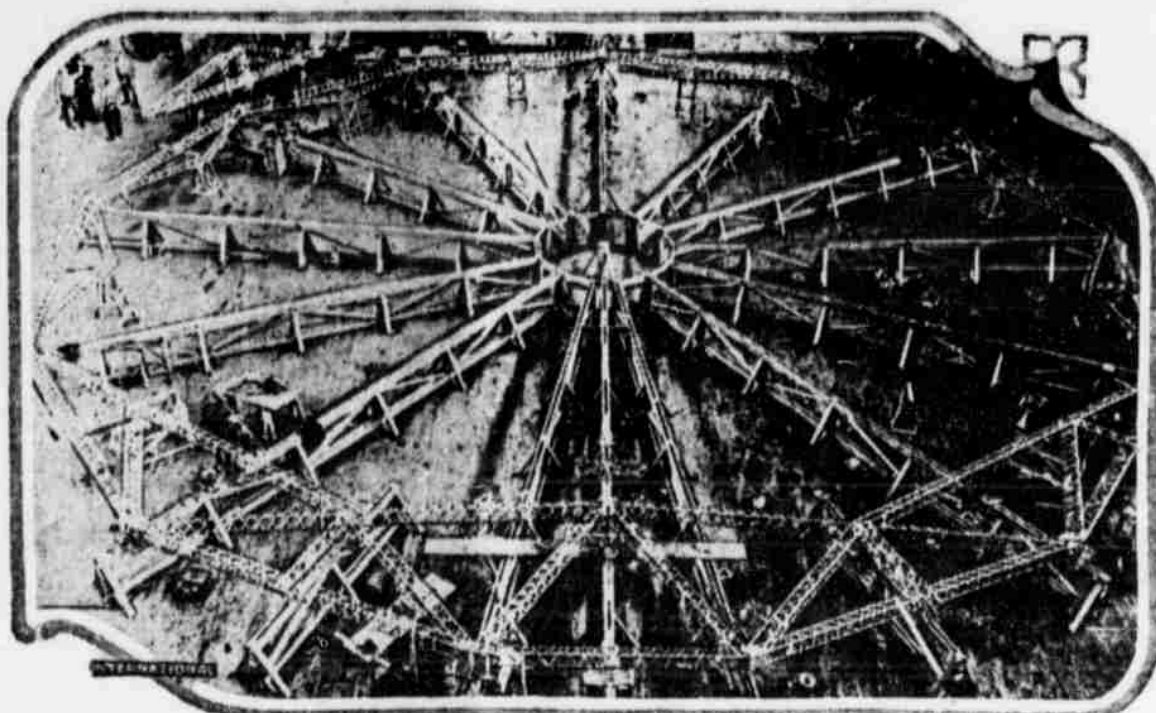

Just as soon as Mr. Chambers gives us further information we will advise you.

Yours very truly,
C. LINLEY,
Traffic Clerk.

R. N. Watson and Mr. Singleton have returned from a trip to points in West Texas, where they went to look over a land proposition getting in Monday night.

H. H. Busley, manager of the Piggly Wiggly stores at Roswell, is in town this morning.

Building One of World's Largest Dirigibles

One of the largest dirigibles in the world is under construction in the aircraft factory at the Philadelphia navy yard. Sections of the huge craft are shipped to Lakehurst, N. J., to be assembled in the hangar built to house the ZH-2, which descended in flames in England a year ago. More than a billion nuts and several million rivets will be used during the construction of the giant dirigible. The photograph shows a section of the airship being assembled at the factory.

HIGH SCHOOL NEWS

At the usual meeting of the Glee Club Monday morning, officers for the ensuing year resulted as follows: Emily Hardy, president; Eleanor Flowers, vice-president; Leona Allinger, secretary and treasurer. The Club's motto is "B sharp, but never B flat." The club colors have not yet been selected.

At the regular faculty meeting Monday afternoon, Mrs. Lomoff gave quite an interesting talk along the subject closest to her heart, "Health."

The music texts have arrived and are on sale at the Star Pharmacy. Miss Graham called a meeting of the Honor Club Friday morning and appointed librarians for 1922 and '23.

The Eighth Grade have chosen as chairman of their grade Mary Bell Leck, Tura Bates is reporter and each month they will have a different one to act as health officer for the grade. Robert Bert Nymeyer acting as such for October.

Ear-bobs and beads seem to be prevailing among the Junior High girls. They have nothing on the Freshies, however, in the former, for they seem to have the ear-bob craze too.

The eighth grade library is open to pupils on Tuesdays and Fridays. Nadine Hughes having been elected to fill the librarians chair for next month.

There are a few vacant seats in school this week, pupils being out on account of colds and vaccinations.

We are pleased to note the arrival in our midst of Mrs. Greenman, wife of our very efficient chemistry teacher; and also that of Mr. Schuman whose wife has been with us since the opening of school and is so ably filling the chair of history.

Dr. David Spence Hill, president of the University of New Mexico, will arrive in our city Sunday or Monday. During his stay he will deliver an address to which the general public is invited.

An enjoyable talk was given by Mrs. Lomoff, to the assembly Thursday morning.

NEW MUNICIPAL ACCOUNTING SYSTEM

An item of interest that should appeal to the business men of Carlsbad and in fact all of the tax payers of the City, is the recent adoption by the City Council of a new and modern triple check accounting system.

The need of an adequate accounting system was realized by the Council more than a year ago. The methods heretofore used in the collection of city taxes and licenses and the system of accounting was wholly inadequate and in fact obsolete. It was determined at that time to place the City Clerk on full time salary and delegate to him the collection of all taxes and licenses. The recently adopted accounting system is the result of their decision at that time.

The value to the public of the change in the handling of the revenues of the city and the best results will only come about when the people are keenly aroused and appreciative of the efforts being made to give to the citizens of Carlsbad the proper information in regard to the handling of the municipal funds. It is hoped that the business men in particular and the tax payers generally will show their appreciation of the efforts made by the city council by cooperating with them to bring about other advantages that will tend toward the upbuilding of Carlsbad.

Mrs. Gates, of Orla, spent the week end in Carlsbad, visiting her daughter, who is under treatment at Sisters Hospital.

HAY TRADE CONDITIONS OF THE WEEK

Eastern markets are barely steady this week. Arrivals continue heavy as there was a lot of hay in transit before the embargo was placed and this will have to be absorbed before there will be a stronger tone shown. Country loadings are reported small, but the demand is limited also. Western markets are firm and steady, due to smaller receipts and a good demand, especially for the better grades.—Hay Trade Journal.

Letter From Chairman of Democratic County Central Committee

Carlsbad, New Mexico.
September 27, 1922.
The Carlsbad Current.
Artesia, N. M.

Dear Sir:
With reference to the article published last week by the Current and the Artesia Advocate, I wish to say to the public at large:

First: The pledge that was printed at the top of the ticket in the 1922 primary was authorized and to the wording of the pledge was adopted, by resolution at the same meeting of the Democratic Central Committee that called the primary. It was a representative meeting of the committee and was attended by members from practically all of the precincts in the county.

Second: I did not, when the judges of election at the primary were appointed, know that any of the judges appointed were interested in the nomination of any particular candidate. I assumed that all voters had preferences but no judges were appointed by reason of any preferences known by me for any candidates.

Third: The question as to whether or not the votes cast at the 1922 primary should be recounted was passed upon by the Eddy County Democratic Central Committee that was selected in the 1920 primary, at which the late George W. Baffon was nominated for sheriff. It was not determined by the committee named at the 1922 primary.

Fourth: I came to New Mexico in 1911. The present Eddy County Democratic Central Committee was selected in the same way that all committees have been selected since 1911.

Fifth: The County Convention was called by me as chairman, the same way all county conventions have been called since 1911 i. e. the County Chairman called the Convention and sent notices of the call promptly to each member of the County Central Committee in the entire county. The members of the committee in the various precincts called the Convention in their respective precincts. The County Chairman does not call and never has called precinct conventions.

Sixth: The Central Committee, as now constituted, and as it has been constituted since 1911 (when I came here has my entire respect and confidence. I think that the various members are prompted in their acts and doings by proper motives and that they are entitled to the respect and confidence of the public.

Yours very truly,
S. D. STENNIS, JR.
County Chairman.

TO THE VOTERS OF EDDY COUNTY, NEW MEXICO:

As your candidate for sheriff, duly selected at the 1922 primary election, I want to say to you that it will be my object and purpose, when I become your sheriff on January 1, 1923, to aid, fearlessly and impartially, in enforcing all of the laws as they are now in force in this State and such further laws as may be enacted while I am such officer. However, I fully realize that I will be helpless to a great extent without the cooperation of the law abiding citizens of Eddy county, and those who seek law enforcement, and to the end that the laws may be enforced in this county I heartily invite the cooperation of all citizens who are in favor of law enforcement. If you know or have reason to believe that laws are being violated when I am your sheriff, please advise me and I pledge myself to do anything consistent with my position as sheriff to have the evil corrected. Without your assistance my efforts in many cases must prove futile. It will be three months before my term of office begins, but I want to make my position plain now. I want you to think this matter over fully and be prepared to begin when I do and let us work together.

Yours very truly,
ROY S. WALKER,
Candidate for Sheriff.

A GOOD BEAR STORY

One day last week, Mr. Dolph Shattuck was riding up on the mountain about Kirkendall Lake, and ran upon a great black bear. He had no rope or gun so he broke a limb off a tree and ran along by the side of the brute and whipped it over the head with the limb.

Thursday evening between sundown and dark, a black bear came galloping down the hill side not more than twenty-five yards from the El Paso Gap store. It certainly was a pretty thing.—El Paso Gap Correspondent, Penasco Valley Press

Albert Fisher, a student in our schools, had the misfortune to suffer a sprained shoulder, while seated in his place at school. In some way, he wrenched his shoulder and the services of a physician were called who gave him relief, but he suffered greatly for several hours.

LOCAL NEWS.

Mrs. John Wells left Monday morning on a visit to friends at Dallas and Athens, Texas.

Dr. Doepp left Sunday going to Socorro and the western part of the state, and rather expecting to be gone a week or ten days.

Rev. J. C. Jones, of Roswell, was in the city the first of the week, coming down to assist in closing up the work of the Conference year for the Methodist people.

Rev. J. C. Carleton was down from Dexter Monday morning, remaining in the city during the day and leaving for his home Monday night.

Mrs. L. C. Mitchell, sister of Mrs. Lise Merchant, returned Sunday from a short visit to Roswell, where her son is attending the Military Institute.

A dance at Torrelli Calvan's home last Friday night was attended by a number of their neighbors and friends from Carlsbad and in their immediate neighborhood. Refreshments of cake and punch were among the pleasures of the evening.

The new building of the Spanish-Americans in the southern part of town on Canal street is nearing completion. The pastor is very grateful to all those who have helped to make this church a meeting place for this people. It will soon be opened for regular church services, as soon as completed and aside from that it will furnish a place for social service meetings and work. The pastor realizes that but for the cooperation of all the people, this work would have failed, and is grateful accordingly.

About thirty young folks, most of them members of the Sunday school class of Mrs. F. G. Snow, had a hay ride to Avalon Saturday night. The night was delightful and the boys and girls enjoyed it, and also the refreshments provided for the occasion. Mr. and Mrs. Snow were the chaperones.

Mrs. Grace Bear, Judge Brice, Dillard Wyatt and J. D. Mell, a quartet of Roswell citizens, were down from there Saturday, looking over the political situation in this county.

Mrs. Sadie Love and Miss McKelvey left Monday morning for El Paso, on a short visit of pleasure and business combined.

JACKSON PAYS FINAL TRIBUTE TO THE DEAD; ONE MISSING

Jackson, Calif., Sept. 22.—Jackson closed its business houses and its schools today to pay final tribute to 46 Argonaut victims whose bodies will be buried in rock sepulchres, hewn and blasted in the heart of the mother lode gold country.

All the victims will reach their final resting places—all but one, William Fessel, the 47th entombed miner. Searching crews renewed today their efforts to find Fessel's body. But they, too, planned to stop their search while Jackson buried its dead. Where Fessel went after writing his sooty message upon the walls of the men's tomb is a mystery that puzzles mining experts. The message said: "3 o'clock. Gas getting bad Fessel."

Officials assume that he sought other parts of the Argonaut mine to escape the encroaching gas.

Early today 25 flag draped caskets reached the Catholic cemetery, 11 were sent to the Serbian Orthodox Catholic cemetery and 10 to the protestant cemetery.

The 60 grave diggers hardly had finished their task before the bodies arrived.

Ralph, the little son of Pete Calvan and wife, is nursing a very sore finger, the result of a cat bite which he received several days ago. The animal was not known to be vicious, but after the injury the finger became so sore that he was placed under the care of a physician and has suffered a great deal.

Miss Madge Brown returned Friday night from a summer visit at different points in California, where she had a most delightful time and returns much improved in health.

LESSON FOR OCTOBER 1

BIRTH OF JOHN THE BAPTIST

LESSON TEXT—Luke 1:5-25, 57-63.
GOLDEN TEXT—He shall be great in the sight of the Lord, and he shall drink of wine not strong drink.—Luke 1:15.
REFERENCE MATERIAL—Isa. 40:3-5, Mal. 4:4.

PRIMARY TOPIC—An Angel Brings Good News.

JUNIOR TOPIC—The Birth of John the Baptist.

INTERMEDIATE AND SENIOR TOPIC—Preparation for the Coming of Christ.

YOUNG PEOPLE AND ADULT TOPIC—The Place and Work of John the Baptist.

We are today entering upon a six months' course of study in the Gospel of Luke, whose general subject is "Jesus the World's Savior." Today's lesson concerns the birth of John the Baptist, the forerunner of Christ.

I. The Parents of John the Baptist (vv. 5-7).

1. When They Lived (v. 5). "In the days of Herod the King." They lived in a day when ungodliness was rife. The priesthood was very corrupt and the ruling classes were wicked. Zacharias and his wife lived in a time when it was not so easy to be godly.

2. Their Character (v. 6). They were righteous before God. To be righteous before God is a high tribute. Many appear to be righteous before men who are not righteous before God. Their lives were so noted that they walked in the commandments of the Lord blameless. How beautiful it is when husband and wife are united in the Lord and walk together in fellowship with God.

3. They Were Childless (v. 7). Though this godly couple were well noted and they possessed the joy of the Lord in their souls, there was a real lack in that home.

II. The Birth of John Promised (vv. 8-17).

1. By Whom (v. 11; cf. v. 19). The angel Gabriel appeared and made known the good news to Zacharias. This excited being, the special messenger of God, was sent to make this disclosure.

2. When (v. 8-14). While officiating as priest this good news came to him. Zacharias must have been definitely praying about this very matter (v. 13). As he burned incense, which required prayer, the multitude without were praying.

3. Characteristics of the Child (vv. 15-17). (1) Shall be great in the sight of the Lord (v. 15). Though the people did not greatly esteem him he was highly esteemed by the Lord. This is infinitely better than if he had been greatly esteemed in the eyes of men or in his own eyes. This is the esteem for which we all should long and pray.

(2) Shall drink neither wine nor strong drink (v. 15). The child shall become a Nazirite, separating himself from the seasons things and dedicating himself to the service of the Lord. (3) He filled with the Holy Ghost (v. 15). The energy of the divine Spirit would enable him to lead the people to repentance (v. 16).

(4) Shall go in the spirit and power of Elijah (v. 17). In this power he was to prepare the people for the coming of the Savior and the salvation which He was to bring.

III. Zacharias Asking for a Sign (vv. 18-23).

Although the aged priest was earnestly praying for the salvation of Israel the gracious promise of the angel, which was the beginning of that salvation, staggered his faith. He was unable to believe that that for which he fondly hoped and prayed would be realized. The angel gave Zacharias a sign. He was smitten with dumbness which was to continue until the fulfillment of the promise. Because he refused to praise God in faith for this gracious promise God caused his tongue to be silent until the promise was fulfilled and his lips could open in thanksgiving and praise. Though he was thus rebuked, at the same time his faith was strengthened by the manifestation of the supernatural. God wants us to trust Him, to believe his promises, no matter how contrary to reason they may seem.

IV. The Promise Fulfilled (vv. 57-63).

When the time came for the birth of John, Elizabeth brought forth a son and the neighbors rejoiced with her. On the eighth day they circumcized the child and gave him a name according to the instruction of the angel (v. 13). The name John was contrary to the family custom. By means of writing Zacharias made known the name which he would have by divine instruction. At this time God opened the mouth of Zacharias and he offered up praise.

Youth and Age.

In my youth I thought of writing a satire on mankind; but now in my age I think I should write an apology for them.—Walpole.

REPUBLICAN CANDIDATE IS LINEAL DESCENDANT OF TWO OF FAMOUS FAMILIES OF OLD SPAIN. CANDIDACY ATTRACTS NATIONAL ATTENTION AND INTEREST

Albuquerque, N. M., Sept. 27.—The fact that she is the first New Mexico woman to be nominated for a seat in congress, together with the picturesque history which traces her ancestry back to two of the illustrious families of old Spain, have aroused national interest and attention and brought a deluge of requests to Albuquerque newspaper correspondents for photographs and information about Mrs. Adelina Otero-Warren, the republican candidate for representative.

Mrs. Warren has never been a seeker after publicity and the photograph made for use in her campaign is the first that she has ever given out for publication. This one however, is making up for lost time having been published in the metropolitan newspapers of New York, Chicago, Boston, Philadelphia, and in fact in almost every large city from coast to coast.

The big city newspapers find special interest in the fact that on the side of her mother, who was Miss Elosia Luna, sister of the late Solomon Luna, who for nearly half a century was a republican leader in New Mexico, Mrs. Warren's ancestry is traced in unbroken line back to the Arragonese nobility of the Arragon of the thirteenth century. Don Pedro de Luna, of Illueca, Arragon, having been one of the leading spirits of the European diplomacy of his time, heading the Spanish legations in France, Flanders, Scotland, England and Ireland. Descendants of Don Pedro, Louis and Juan Luna, were captains under Cortes in the latter's conquest of Mexico. In 1559, Don Tristan de Luna y Atellano was appointed Spanish governor of Florida. Don Miguel Vandelmirra Luna (1747) was one of Mexico's famous jurists and founder of the house whose descendants came to New Mexico in the early history of the region. Don Domingo de Luna, a first cousin of the Duke of Albuquerque, was the first of the house to settle in New Mexico establishing his home in Los Lunas where the family has since made its home and where Mrs. Warren was born, October 23, 1881.

On the side of her father, Manuel B. Otero, Mrs. Warren's ancestry also traces back in unbroken line to the Spanish aristocracy, finding on the way numerous characters who held positions of prominence in the mother country, in Mexico and New Mexico. Don Antonio Jose Otero was the first judge on the supreme bench of New Mexico. Mariano Otero of Guadalajara was secretary of state and secretary of the interior of Mexico from 1842 to 1848 and was one of the famous orators of his period. There are a dozen other members of the family whose names figure prominently in

MRS. ADELINA OTERO-WARREN
First New Mexico woman to seek a seat in the United States Congress

the history of three nations.

That Mrs. Warren, the descendant of such a double line of ancestry, should gravitate to public life, seems a natural application of the maxim that "blood will tell", altho this thoroughgoing twentieth century woman gives little thought to ancestry. Following her graduation from the Academy of the Sacred Heart in Saint Louis, Mrs. Warren spent her girlhood in New Mexico until her marriage to Lieutenant Warren, U. S. Army, whose death occurred shortly after their marriage. There were no children. Mrs. Warren went to New York in 1912 to become associated with Miss Ann Morgan in the notable Vacation committee work among poor children in the metropolis. She remained in this work until 1914 when the death of her mother recalled her to New Mexico and the care of a home with six young sisters and two brothers, children of her mother's second marriage with A. M. Bergere of Santa Fe. Mrs. Warren has since managed the household although the marriage of her sisters has given her the time to resume her public activities. These have included the campaign for equal suffrage which she led as chairman of the New Mexico federation of women's clubs, chairman of the state board of health which she aided in creating, active membership in various war-time activities including the state council of defense and the Red Cross, and nearly five years as superintendent of the Santa Fe county schools which she has brought from insolvency to a cash surplus of \$27,000.

Jones Morrow Hinkle Bratton for Senator for Congress for Governor for Supreme Court

An audit of New Mexico's expenses should be made. The accounts of the state would reveal to the citizens where their money has been wasted year after year. In three Republican administrations, the cost of government has gone from four million to eleven million dollars. Republican recklessness has caused this, with the consequent burdensome increases in taxation. Election of the Democratic ticket this year means a return to efficient and economic government, as any business should be.

Let us see the books by all means

and advanced to a high state of efficiency, with two rural high schools and an all-year school nurse.

Mrs. Warren is a fluent speaker in both English and Spanish, and is a ready and resourceful debater. She is a student of political science and economy and a wide reader of history.

"Feeling Fine!"

"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

CARDUI

and I then remembered my mother used to take it. After the first bottle I was better. I began to freshen up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.

If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need.

"GET TOGETHER" MEETING

The Baptist people of this city had a fine time at their "Get-Together" meeting which was held at the church parlors last Friday night. Despite the fact that there were several other attractions in the city the same night, one hundred and twenty-five persons, members of the church, ministers of the city and their wives, and teachers in the schools of the city, were present.

The parlors had been tastefully decorated in feathery asparagus, and cut flowers of different kinds, and presented an appearance in harmony with the festive occasion. No formality was apparent, but all joined in welcoming the new preacher, Rev. Ira Harrison, and his wife and the teachers, in a most delightful, friendly manner. Refreshments of ice cream and cake rounded out a very pleasant evening.

It is very gratifying to the Health Department because of the splendid cooperation which was given by the people of Artesia in collecting their garbage and waste material for disposal during the past two weeks. If you don't believe some good work has been done go out just northwest of town and see for your self the amount which was hauled away. More than 125 ordinary wagon loads the first week.

However, upon a recent survey of several alleys we find that there still remains more than this amount scattered over certain yards and vacant lots which should be collected in some receptacle so that it might be picked up next week. We have made a good start but we lack a good bit being "Cleaned Up." If everyone would cut the weeds on their lots can you imagine what a difference it would make in the appearance of your town? Some of these things may not be unsanitary but they are unsightly and a nuisance and must be dispensed with if we intend to have a sanitary town. Your meat markets, cafes, soda fountains, dairies, etc., are rigidly and regularly inspected so let's get these things fixed up in our back yards and alleys and do our part at home, thereby saving yourself a visit from the Health Officer.

Frank W. Smith, son of Mr. and Mrs. W. E. Smith, left for his second year of instruction at Baylor University at Waco, Texas, last Monday. Frank, like most of our other boys, spent the summer at work, and is therefore better prepared for a winter of study.

Mrs. Annie Lee Barber returned the latter part of last week from Vaughn, where she accompanied her daughter, Barber Nell Thomas, and her niece, Pearl Burns, that far on their journey to Albuquerque, where they have entered the University.

Lee Roy Williams and wife arrived in the city Friday night from Tucson, Arizona, and will make a lengthy visit with relatives and friends in Carlsbad and vicinity.

DUST OFF THE OLD BOOK

What is your favorite book? Who is your favorite author? A good work of fiction costs from one to three dollars. No pay, no book, and once read it has served its usefulness. The stories contained in the Bible are more wonderful than the most lurid pages of fiction, stranger than any other words that have ever been penned by the hand of man. The Bible has been read by countless millions and will be devoured by billions yet unborn. You pay if you are able, but if you are unable to do so one is yours for the asking. Is there dust on the Good Book in your home?

Don't give up a good thing just because you have found another. Make use of both.

Will Miller left Saturday night for El Paso, where he begins his work as salesman for the Arizona Smelter company. Mrs. Miller has decided to remain in Carlsbad for the present, but may go to the Pass City later on.

Ed Lamb has had a house moved from Lakewood to a lot he owns in the northwest part of town, and will have the building fixed up for a dwelling house. Work is to begin in the near future and soon another nice home will be added to those already in that section of the city.

The beautiful musical number by our talented band leader, will be printed in three installments of the Current, and is published by request. We feel sure our readers will appreciate the number as much for its authorship as for the beauty of the piece itself.

Mrs. C. W. Reiff, a one time resident of Carlsbad, and who still has property interests here, came in from El Paso, where she has been with her daughter, Mrs. Joe McMillan, for a couple of months. Mrs. McMillan has been very ill, but is better at this time. Mrs. Reiff will again take up her home with us, living in her house near the Catholic church. She is more than welcome here, and her many friends made during her years of residence among us rejoice at her determination to make her future home in Carlsbad.

Wiley Jones, and his mother, Mrs. John Jones and his aunt, Mrs. Melissa Faggard, left Tuesday morning for Portales, the home of Mrs. Faggard, and from there the Jones family will go on to Wichita Falls, Texas.

CLASS PARTY

The O. F. class of the Methodist Sunday school had a party at Mrs. Ray V. Davis' home Thursday night she being the teacher of the class. Each member of the class dressed as a boy and invited some girl from outside of the class. Mr. Davis took a picture of the girls in their make-up clothes. Delicious refreshments were served. The following young ladies and young men (7) were present: Miss Nell Chilcoat and Jack Wilcocks; Miss Alice Walter and Jim Barnes; Miss Edna Spratt and Ben Johnston; Miss Carrie Bartlett and Thomas Rosebud; Miss Frances Foster and Dick Whittington; Miss Eunice Herring and Joe Adams; Miss Anna Bush and Harry McArthur.

The girls masquerading as boys were Lovena Hiler, as Harry McArthur; Emily Hardy as Jim Barnes; Josephine Williams, as Joe Adams; Laura Louis Barnett, as Jack Wilcocks; Irene Regnier as Thomas Rosebud; Kate Love as Ben Johnston; Louise Moore as Dick Whittington.

A GUEST.

Melvin Bearup and family came in from their goat ranch in the mountains arriving Monday night and remaining a few days to place their daughter Calista, in school. The little girl will remain with her grandmother, Mrs. A. A. Bearup, and has already been enrolled as a pupil in the first grade. While in town Melvin sold his mohair, getting a price of fifty cents a pound for the product, and having in the neighborhood of 4,000 pounds.

Mrs. Sadie Chatham, a sister of J. C. Wilson, accompanied by Miss Bujac, spent a few hours in Pecos Monday, the guests of J. C. and mother. The ladies' homes are at Carlsbad, and they were on their way to El Paso for a few days' visit expecting to return Saturday.—Pecos Gusher.

Mr. and Mrs. Fosmark and their little son returned from a two weeks vacation, which they spent in an overland trip to Las Cruces and Albuquerque visiting relatives. They had a fine time and a restful vacation, returning yesterday.

Dave Clements was in today from his ranch on Black River. He and his entire family have been sick for a good part of the summer, but all are getting better at this time. They had some kind of a slow fever that was very weakening and unpleasant to say the least.

Arthur Crozier, his son, Edward, and daughter, Irene, came in from El Paso, their present home, for a few days stay, arriving Monday.

Mrs. R. L. Halley returned Saturday afternoon from a summer spent with her parents, Mr. and Mrs. E. Purdy, at Long Beach, California.

Dr. and Mrs. Westfall returned Monday noon from Lovington where they spent the week end, going out Saturday and visiting friends in that city.

Vance Baler, of the D ranch, was in from there this week a couple of days.

LOVING NEWS

(Received too late for publication last week)

Mrs. Roy Dickson was called to the bedside of her mother in Houston, Texas, last Friday, the latter being seriously ill.

A. D. Dahlman returned Wednesday from Albuquerque.

Mrs. E. E. Scoggin and daughter Helen returned to Hope last Saturday after a pleasant visit with relatives here.

Charlie Hepler and Ward Lackey have been gathering mules on the M. L. Livingston ranch for a recent delivery at the "D Steaple" ranch.

Miss Lillian Scarborough, who has been quite ill for several months, has been in a very serious condition for the past few days.

Mr. and Mrs. W. I. Johnson have returned from their honeymoon trip to the Mesilla valley, and are now at home to their many friends in the northeast part of town.

Mrs. J. C. Wilson of Pecos, is conducting the music for the Baptist protracted meeting at the same time enjoying a visit with many old friends here.

Rev. Garner of the Baptist church at Pecos, Texas, is holding an evangelist meeting in Loving this week, having begun last Sunday, September 19, 1922. Large crowds have been attending every night, even the night it rained.

Mr. and Mrs. Clawson went to Hope this week to procure some fruit.

Mr. E. C. Morgan arrived in Loving this week from Dallas, Texas, in the interests of the Oil Mill Co. He will install the new engine in the gin.

W. E. Ball and Carl Smith left Monday evening for Oklahoma.

Mrs. Paul Smith returned from Jacksonville, Texas, last Saturday.

A "Stag" dinner party at the Oscar Mercer home last night was attended by young men friends of the host, William Mercer, who had reached a birthday anniversary on that day. A sumptuous dinner of roast turkey, and all the fixing that boys of that age are fond of, was served, Mrs. Mercer preparing the dinner in her own excellent way and then taking leave, turning the house and its contents over to the boys who proceeded to make merry in their own way. A large white birthday cake was a feature. Those enjoying the feast with the honor guest were Messrs. Albert Fisher, Ferris Allen, Martin Hubbard, Carl and Henry Brown.

J. V. Hemler and family of Ruston, Louisiana, are newcomers. They come expecting to make their home with us. Mr. Hemler not being in the best of health. They will start four children to school next Monday. We extend a hearty welcome to these new people, and hope the father's health may improve and that the entire family may enjoy being among us and of us.

The Hackberry Drilling Syndicate spudded in well No. 2 on the Boyd place west of town two miles, near the Clarence Swickard residence. The New Mexico Petroleum Company will get to work on their well south of town, about the 15th of October the exact time depending on the arrival of a car load of casing, an order for which was placed this week and which should be on hand by that time.

The Baptist ladies will give a chicken pie dinner at the Armory October 12th. Remember the date. Nine cars of cattle belonging to the D ranch people were shipped from the stock pens below town Tuesday. Part of the shipment went to pasture at Pampa, Texas, and the remainder to Dalhart, Texas.

Mike Niederkorn, manager of the Pecos Power and Ice Co., left Monday for a trip up the Pecos valley on business in the interests of his company. He returned Thursday after visiting Carlsbad, Artesia and Roswell, and reported that rain fell along the entire route.—Pecos Gusher.

Rev. F. W. Pratt, former rector of Grace Church, Carlsbad, but now living in Roswell, accompanied by Mr. Gray, also of that city, were in town Wednesday a few hours. Mr. Pratt's visits are too few and too brief to suit his many friends.

M. N. Cunningham started out for the vicinity of Mesa, on the Plains, with a car full of honey, which he seems to have no difficulty in disposing of. He plans to be at home again by Saturday.

Miss Jessie Lowry, daughter of Dr. and Mrs. Lowry, came in from Cleveland, Ohio, where she has been for some time, and will make a visit here with homefolks.

Mrs. Arthur Rogers and sister, Miss Aileen Delmont, returned from Carlsbad yesterday where they have been visiting their parents for the past month.—Las Vegas Optic.

Walter Ralph, representing the El Paso Herald, is in town coming last night, and will remain over the week end.

Some people spend a lot of time in bemoaning their fate and damning their luck. The same amount of time and energy, if spent in some useful pursuit or in endeavoring to locate a profitable occupation, would preclude the possibility of even thinking of luck or fate. BAPTIST CHURCH

IRA HARRISON, Pastor.

The church will observe the Lord's Supper at the eleven o'clock hour. We invite every member to be present. The pastor's theme will be: "The Song at the Supper." The Missionary and Promotion program postponed from last week will be held this Sunday. Remember that our Sunday school offering will be for State Missions.

We greatly appreciate the fine Sunday evening crowds we are having, but let us fill the house this Sunday. The subject will be: "How May I Know I Am A Christian?"

The B. Y. P. U. will meet at 6:30. The crowd and interest is growing. All the young people are given special attention and a cordial welcome.

Mid-week prayer meeting at 7:30. Remember that next Wednesday evening, October 4, is regular church conference night.

The Sacrament of the Lord's Supper will be observed with morning worship Sunday at the Presbyterian church. With church school at ten daily Day will be observed with a special program on "Sunrise Land." Young people's meeting will be held at six forty-five. A series of devotional studies on the Gospel according to John will begin Wednesday evening at seven-thirty to continue throughout the year.

Mack Campbell and wife made a hurried trip into town Tuesday afternoon bringing their two year old son, Mack, Junior, in for medical treatment. The little boy walked into a fire which had been built in the yard at the ranch to wash by, and burned himself in a fearful manner on both feet and legs up to his waist. His little hands were also badly burned presumably in fighting the fire. It was at first thought that the boy was fatally burned, but the latest reports are that he will probably recover in time.

Mrs. Charles Montgomery was able to be taken to her home Saturday from Sisters Hospital where she had undergone a serious operation, several days ago, and prospects are that she is in a fair way to recover entirely in the course of time.

Mrs. R. B. Benjamin of Lovington, was in town from her home the first of the week, and was registered at the Palace while here.

It's toasted. This one extra process gives a delightful quality that can not be duplicated

Dorothy Weldon celebrated her sixth birthday anniversary last Saturday by a birthday party at her home in North Carlsbad. The little folk of the neighborhood of about her own age responded to her invitation, and were present and brought numerous souvenirs or keepsakes for their little friend. Ice cream and cake were the refreshments and the following were the guests: Mary B. Hayes, Helen, Virginia and Margaret Minter, Doris and Lois Perry, Kathryn, Frances and Emmalee Riley, Walter Grogan, Mildred Haggard and Buster Weldon, James Smith, Paul and Damon Bond. Mrs. Grogan and Miss Martin were also guests of the happy affair.

We were pleased to see our old time friend, W. R. Whitson, of Roswell, in town yesterday. Mr. Whitson, until recently, was an employee of the Joyce-Fruit Co., but is now traveling for the Battrell Shoe Company. He has his headquarters at Roswell, where Mrs. Whitson and the twins will reside for the present at any rate. Mr. Whitson says the town has improved more than he thought possible, since he was here, with many new residences, street paving and other changes.

Sheriff Florence Love and Will Vosburg, both of Lovington, were guests of the Crawford this week for a couple of days.

Charley Walter, after seventeen years on the Benson ranch as foreman, severed his connection with the Benson Brothers this week. A record of seventeen years in one position speaks well for any man.

Dr. L. F. Dieffendorf and wife came in Monday from Sioux Falls, South Dakota, and will again take up their residence among us, provided the health of Mrs. Dieffendorf does not suffer. We welcome these good people again to a home among us and wish for them the best that life affords.

Mr. T. J. Garrett, one of Lea county's most prominent stockmen, sold last week 303 yearlings to Bob Puckett of Amarillo, Texas. Price received by Mr. Garrett was \$27.50 per head.—Lovington Leader.

Mr. Rose, one of the State engineers working on the cut off between Lovington and Carlsbad, went to Carlsbad for Mrs. Rose, one day this week, whom he brought back with him.—Lovington Leader.

Mr. and Mrs. A. C. Kimbrough, of Lovington, were in town this week on a business errand, stopping at the Crawford while here and leaving for their home yesterday.

T. S. Ward, president of the State National Bank, which recently suspended at Hope, was in town the first of the week from his home at Artesia.

Carl Smith and W. E. Ball of the Loving community, left some days ago for points in the Fouché valley, Arkansas, where they hope to influence some prospective land buyers, and get them interested in this part of the country. The Fouché Valley is the place where our fine Arkansas citizens hail from and Eddy county will receive more of the same kind with open arms.

S. L. Perry and wife, Bert Rawlins, Francis and Elliott Perry, Roscoe Etter, Claude Nelson, Harold Toffelmire, Allen Hardy and Mr. Lang made a trip to Hagerman last Sunday, where they engaged in a tennis match between various tennis enthusiasts of the upper valley players being present from Roswell and other towns in that section.

J. K. McCall and daughter made a trip to Pecos, Monday, to meet Miss Loah Rogers, of Havana, Arkansas, who is a guest at the McCall home at this time.

"GOOD-FELLOWSHIP"

At the banquet given last night at the Elks Club for the Legionnaires former officers and enlisted men of the service, dozens of them enjoyed with each other the spirit of good fellowship that has grown to such tremendous proportions in the American Legion. In the old days of the service, when the boys in the ranks cursed every officer from the "top kick" up and every non-com from the "top kick" down, there was only devotion to duty and loyalty to the uniform to mitigate much of the unpleasantness that arose in the obedience to order under arms.

Today the feeling of irritation is gone, old scores are closed and the boys are truly buddies. It is this spirit of comradeship, whole hearted and unreserved that is making the American Legion the greatest organization in America.

zation in America.

When the men who formerly bore commissions in the service spoke to the gathering last night they greeted their "Comrades." Two moments of bloodstirring applause marked the omissions given to Major Bujae and Bob Fletcher. Each of these men, one a commissioned officer and the other an enlisted man, were given equal welcome, and in their remarks voiced their deep appreciation of the compliment paid them. No greater recognition will be given either of them for their service to the country than such plaudits from their fellows.

The spirit of good fellowship will hold the American Legion firmly allied for all of the intentions of the organization. "For our God, for our Country and for our Fellowman." —Las Vegas Optic.

NATIONAL POLITICS

By WALLACE BASSFORD
Washington, D. C.—The President surely realizes the truth of the old adage, "troubles never come singly." He has had all of the 57 varieties in the last few months. The soft coal strike worried him for weeks, while he worried the miners and operators with his impractical efforts to settle it; as soon as he took himself out of the equation the problem was promptly adjusted. Then the anthracite strike kept him as restless as a hen on a hot griddle until he finally gave that up in despair, whereupon the parties in immediate interest got together and patched up a peace of their own making. Then he again turned his attention to the railroad strike with the result that he made every union man in the country angry with his blanket injunction. Up to this time it has not had the slightest effect toward breaking the strike, but as in the coal strikes, operators and men are getting together without go-betweens. The outstanding fact is that in all three strikes, Harding has absolutely failed to get results.

In the political field his influence seems to be equally powerless. In Indiana his ticket was snowed under in California a rampant progressive, Johnson, won heavily, in Wisconsin La Follette made a fearless fight on everything that was dear to the President's heart and won by a huge majority. Garfield standing for the Harding policies, was smothered. In Iowa, Brookhart, who is denounced by the administration papers of the state as a socialist, got away with the Senatorial nomination. Even in Mississippi the Harding influence went far toward the defeat of Vandam in the Democratic primary

NEW MEXICO LAND GOING FAST

The land office at Santa Fe has been particularly fortunate within the past forty days, having received from the general land office at Washington 223 patents for lands situated in this district, many of these being issued within thirty days after the approval of the proof, according to Register Bergere. More than 12,000 entries (original and final) were made in this state during the fiscal year ended on June 30, 1921, and that number will be much increased, possibly doubled for the year ended June 30, 1922. This means not only a material increase to the population of the state but also the development of many thousands of acres in productive farms and stock ranches.—Las Vegas (N. M.) Optic.

sonality in this case, however, and will consist of every Republican Representative who is serving his first term in the House—in other words, no attempt will be made by the National Committee to save the big aggregation of accidents who were carried in by the Harding landslide of 1920. Missouri, alone is to lose a dozen, including Huckridge, whose chief claim to fame is that he defeated Champ Clark, though running thousands of votes behind Harding and another whose greatest asset is a beard a foot long. Oklahoma has already ditched Herrick, more's the pity, for the Democrats had him picked as their meat. Ohio and Indiana, Kentucky and Tennessee, Kansas and Nebraska, Pennsylvania and Maryland, all will leave Republicans at home.

when it became known that the President had expressed the hope that he be returned to the Senate. In Michigan it looks like Townsend, close to Harding and Newberry, may slip through only by reason of the fact that the opposition is divided among three men. But there, as in Iowa, Massachusetts and Ohio, the Democrats expect to elect their candidate in November.

A few days ago there came up in the Senate a bill providing an additional federal judgeship for Michigan, and the Michigananders thought it very necessary—possibly to handle some more boodle cases. At all events, they wanted the judgeship, but the bill failed because there were not enough Republican Senators on hand to bring it up. Among the missing were the two gentlemen accredited from Michigan herself—Newberry and Townsend. Townsend was at home fighting to save his scalp, while Newberry was golfing at his summer home in Rhode Island. But why should he stay on the job? Does he owe the people of Michigan anything? He bought and paid for all he has gotten in Michigan politics.

The Republican National Committee, in giving out the statement that it expected to control the next House by a majority of 30 in lieu of the present majority of 169, is merely trying to soften the blow. Certain inner-circle Republicans do not expect to control the new House by any sort of majority; in fact, the Washington Star, an administration molly-coddle, had an editorial the other day discussing the question of who would be the Democratic Speaker. In this connection it is interesting that the Western Republicans are caucusing on the question of ousting Speaker Gillett in the event that his party still retains control. In that event regrets and flowers would be equally lacking. It was by crafty politics that he gouged James R. Mann out of the honor and thus deprived the Republican majority of its only chance for real leadership. Once, in introducing Champ Clark to the House upon one of his re-elections to the Speakership, Mr. Mann referred to him as "The fairest of Speakers and the noblest of men." The words could equally well have been applied to Mr. Mann had he been chosen to succeed Clark, who expressed the opinion that he was probably the most valuable legislator in Congress. But his defeat was only another of the wretched blunders of the gang in control of the Republican party—indeed, their capacity for muddling is even greater than their beastly majority.

Speaking of their majority reminds that there is an interesting tale being whispered around Washington—it is that the party management, in its dire extremity, has, like the sailors mentioned in the Bible, picked out its Jonah and in process of casting him to the fishes. The Jonah will be of multitude per-

LIGHT-SIX

CLOSED CARS

Present prices are the lowest at which Studebaker Light-Six closed cars have ever been sold.

Yet the intrinsic values are emphatically the greatest Studebaker ever offered. This means they are the best values that the industry affords, because Studebaker cars have always been above par in the amount of value per dollar invested.

Capacity production and the savings resulting from Studebaker methods of complete manufacture make these low prices possible.

Light-Six closed cars are sturdily built of finest materials and best workmanship. The bodies are the product of

Studebaker skill and craftsmanship, and the prices of \$1550 for the Sedan and \$1225 for the Coupe-Roadster are no index to their inherent value.

When you buy a car you want to look at several makes. Include Studebaker in your list and after you have ridden in the Light-Six Sedan or Coupe-Roadster it will not be difficult to make up your mind.

The foundations of Studebaker success are quality, durability, comfort and integrity—principles that have been upheld steadfastly by Studebaker for seventy years. You can depend upon Studebaker automobiles because of the name they bear.

Did you know that Mr. Waller only received 749 votes out of a possible total of more than 3,000 in Eddy County? He was declared nominated by a plurality of Five (not a majority), and his total vote was less than 25 per cent of the possible total in this county.

Did you know that Mr. Rickman did not carry a single box in his own District?

Yet he was nominated to represent the people of that district.

He lost his own district by 101 votes under the old committees own count.

Did you know that Mr. Howard did not carry his own district?

Yet his people have him as the nominee of chosen few to represent them.

This convention is purely a county matter and the foregoing are not instances singled out as this page belongs to the Independents until the coming election and the people will be educated with facts no matter where the chips may fall.

JAMES F. HINKLE
Candidate for Governor on the Democratic Ticket

Santa Fe, N. M., September 28.—In its selection of candidates, the Democratic party has chosen men who have established their worth by years of right effort. This is seen in the life record of each candidate. None of the nominees has been handed success by birth or political favors, yet all are important factors in their fields. James F. Hinkle, the gubernatorial candidate, came into New Mexico thirty-seven years ago behind a herd of cattle. He was then a \$25 a month cow hand. Today he is vice-president of the First National Bank of Roswell and one of the leading stockmen of the state.

Mr. Hinkle was born October 20, 1864, on a farm in Franklin county Mo. His early education was received in the public schools of his home district and later he graduated from the University of Missouri. It was in 1885 that Mr. Hinkle rode into this state in the wake of a trail herd.

All through the late eighties, Mr. Hinkle worked as a cowboy. He cast his first vote in New Mexico and ever since arriving in the state he has lived in Lincoln and Chaves counties. He became identified with the organization of several large cattle companies and later entered the banking business, too. In 1882 he married Miss Lillie L. Roberts, Mr. and Mrs. Hinkle have two sons and two daughters. Mr. Hinkle served in the territorial and state legislature during 1893, 1895, 1901, 1912, 1913, and 1915. He was treasurer of Lincoln county in 1894. In 1904 and 1905 Mr. Hinkle was mayor of Roswell. For eleven years he was a member of the Territorial Board of Equalization and was chairman of this board for four years. He was a member of the Cattle Sanitary Board and was on the board of the state insane asylum for two years. Mr. Hinkle now is a member of the Educational Survey Commission.

Before and since becoming a citizen of New Mexico, John Morrow was active in educational circles. Since entering the state, the Raton lawyer has assumed a leading position in matters pertaining to education.

Mr. Morrow was born in Lafayette county, Wisconsin, in 1865. He was educated in the public schools and Normal university of that state. Graduating from the Normal, he became a school teacher. After teaching for several years elsewhere, Mr. Morrow came to New Mexico in 1888. He taught school, reading law to fit himself for that profession. In 1892, he was elected county school superintendent in Colfax county. In 1895 he was admitted to the bar and the following year his service as county school superintendent ceased. He has been a member of the school board of Raton and its president for twenty years. Mr. Morrow now is a member of the board of regents of the New Mexico Normal University at Las Vegas. He was a member of the state legislature in 1897, and obtained passage of the teachers' institute and county high school laws. During the last few years, Mr. Morrow has been inactive in the legal profession, devoting all of his time to educational affairs and the development of extensive ranching interests in Colfax and Union counties. He was married in 1891 to Miss Virginia F. Dade. They have three sons and two daughters. Mr. Morrow has been a life-long Democrat and has served as county chairman in Colfax county through several years. He organized the Northern New Mexico Fair Association in 1911 and was its president for six years. He was largely instrumental in the organization of the Raton Kiwanis Club and was its first president. Among the things for which Mr. Morrow stands is the soldier's compensation due service men. He would have teachers pensioned after twenty-five years of service, fifteen of which were spent in New Mexico school rooms.

Sam G. Bratton, candidate for justice of the supreme court, is a native of the southwest. He was born August 18, 1888, in Limestone county, Texas. He was educated in the public schools of his home district and became a teacher in Texas schools when aged 16 years. Mr.

Bratton taught school for two years leaving the class room to take up the study of law. Two years later he was admitted to practice in Texas. He was aged 21 years when admitted to the bar. He practiced law in his native state until he moved to New Mexico. When aged 19 years, Mr. Bratton married Miss Fannie V. Rogers. They have two daughters and a son. Mr. Bratton moved from Hereford, Texas, to Texico-Farwell in 1908 and lived there until April, 1915, when he went to Clovis and formed a law partnership with Harry I. Patton, who then was assistant United States attorney and later attorney general.

For three years Mr. Bratton practiced law and then was elected judge in the Fifth district. He was on the bench when the legislature divided the Fifth district in 1920 and created the Ninth district, to which he was assigned and upon the bench of which he now sits.

The judge has taken an active part in Democratic politics and in 1916 he was a delegate to the Democratic national convention in St. Louis. Judge Bratton has the reputation of being the most popular office holder in eastern New Mexico.

Jose A. Baca, candidate for lieutenant governor, was born in Las Vegas in 1876. He is a son of Jose Albino Baca one of the pioneer settlers of the state. Mr. Baca was educated in Las Vegas and Denver colleges, graduating from commercial and academic departments. He served as a member of the board of regents of the New Mexico College of Agriculture and Mechanical Arts at Las Cruces. Mr. Baca has been a Democrat all his life and for several years was secretary of the state central committee. He owns one of the most extensive ranching properties in the state. It is located at Rociada, where he spends most of his time managing the affairs of this cattle ranch and agricultural enterprise.

Mr. Baca is not a chronic office seeker, but prefers to spend most of his time in his home. Early in life, Mr. Baca married Miss Margaret Pendarias. They have six children, two of whom are attending the University of Missouri.

The candidate for attorney general, Milton J. Helmick, of Albuquerque, was born in St. Louis in 1885. He was educated in the public schools of Denver and graduated from the law school of the University of Denver in 1910. He worked on Denver newspapers while attending law school. He was admitted to the bar in Colorado in 1911. He opened a law office in Socorro after being admitted to practice in New Mexico, in 1912. He was district attorney of the seventh judicial district for a short time and was candidate for district attorney of that district on the Democratic ticket in 1916. In January, 1917, he was appointed assistant attorney general of the state of New Mexico, which position he filled with honor to himself. He has also been a member of the district draft board.

He enlisted in the army (infantry), assigned I. C. O. T. S. Camp Pike, and was honorably discharged December 1918, since which time he has been engaged in the general practice of law at Albuquerque. He is a successful lawyer and a close student.

John W. Corbin, candidate for state treasurer, was born in Salpillo, Mexico, 1888. Mr. Corbin was educated in the public schools of El Paso, Texas. After his grade schooling he graduated from the high school in Los Angeles, California, after which he graduated from the University of Southern California. This was in 1911. He then engaged in newspaper work for two years, but the ranching business appealed to him stronger and he entered that field. For several years he engaged in ranching in Arizona, Texas and New Mexico. Seven years ago he became a resident of the Estancia valley, where he has one of the largest bean ranches in the state. Mr. Corbin was chairman of the Torrance county Democratic central committee and has attained wide popularity in his home district.

Mr. Corbin was a candidate two years ago for the state legislature. He was defeated by ninety-two votes while Harding won the county by 650 votes. Mr. Corbin is married and has one son.

Juan N. Vigil, candidate for state auditor, was born December 8, 1868, at Rancho de Arriba, Taos county. He was educated in the public schools of Taos and in 1887 became an apprentice in the office of Herold. Two years later he was employed by the Santa Fe New Mexican as a pressman. The following year he married Miss Manuelita Momdragon. They have two sons.

Mr. Vigil entered business in Talpa after his marriage. He has been a Democrat since reaching his majority and for many years was chairman of the Taos county central committee. He was associated with other Democratic leaders in establishing The Taos Recorder and Bien Publico, of which he and Richard F. Oakley now are the publishers. In 1914 he was appointed receiver of public moneys in the state land office.

HOME AND SCHOOL ASSOCIATION MEETING

The meeting of the Carlsbad Home and School Association was held at the High School auditorium last Friday afternoon, at the close of the school session. Between eighty and ninety were present and enjoyed the program as given in last week's Current.

The nominating committee, appointed by the president, Mrs. Armstrong, made the following nominations, which were elected for the ensuing year:

President, Mrs. Joe Cunningham; First Vice-President, Mrs. John Prickett; Second Vice-President, Mrs. J. N. Dillard; Secretary, Mrs. George Brantley; Assistant-Secretary, Miss Willard.

FROM THE RIFLE MATCH.

The Current this morning received the following telegram:

Camp Perry, Ohio, Sept. 28, 1922. Carlsbad Current, Carlsbad, N. M. New Mexico in class B, National Rifle Team match.

(Signed) FIRST LIEUT. HUGH J. HALL. When one takes into consideration that teams competing come from all the states of the Union, the standing of the New Mexico team is a matter for pride on the part of our citizens and in fact of the citizens of the entire state.

The big steers belonging to the Mountain Pool were brought in to the stock pens yesterday and were to have been shipped to parties who purchased them this morning but owing to the scarcity of cars, they are now being held near the pens. Their destination was to a point in Kansas and there are about 200 of the animals. The yearlings belonging to the same pool were brought down from the mountains and driven to the Clayton Wells, twenty-five miles northeast of Carlsbad on the Lusk ranch, where they will be put on pasture for the winter. There are about 500 in the bunch, some few being two year olds.

Charles S. Caldwell, of Albuquerque, special representative of the Kansas City life insurance company is in Carlsbad and has appointed J. M. Dillard local agent for his company. The Kansas City life insurance company is one of the big successful western companies with home office at Kansas City, Mo.

A hay ride was enjoyed by the pupils of the Eighth B grade of city school Wednesday after school. They went to the flume and had a fine time, and afterwards enjoyed a picnic supper. There were twenty-eight in the crowd, who were chaperoned by Miss Gouwens and Md. Bolton.

Louis Angel was down from Lakewood this week, making arrangements to ship his cattle to grass in the southern part of the state, near El Paso.

Mr. and Mrs. Louisa Pipkin came in from their ranch home near Queen and spent Sunday in town, looking after business matters, in connection with the selling and shipping the steers belonging to the Mountain Pool.

Dibrell Pate and his sister, Miss Mildred, expect to leave tomorrow for school at Waco, Texas, for the school year which opens there Monday.

Miss Tanner, of Roswell is stopping at the Palace, coming down for a few days rest and change.

AN UNUSUAL BIRTHDAY PARTY

Wardie Leck, who had reached the age of thirteen last Tuesday, held a rather unusual dinner party on that day. All of her little cousins were invited to the home of her parents, Mr. and Mrs. J. B. Leck, in the northwestern part of the city, and the party was further graced by the presence of her grandparents, Mr. and Mrs. William Leck. A fine time resulted and Wardie is bound to hold the memory of her thirteenth anniversary the rest of her life. Those present were, besides those already mentioned: Fromona, Elzine and W. F. Leck, children of Fred Leck, Katherine Hegler, Robert Bert Nymeyer, Mary Belle and Brad Leck, children of Robert Leck. Besides these there were at the table two of Wardie's most intimate friends, Louise Oliver and Edith Herring.

The ladies of the Episcopal church gave a card party at the Eddy House in La Huerta, Wednesday afternoon, the proceeds to be used for the benefit of Grace church. A goodly number was present and a nice sum realized. Refreshments of cake, coffee, and ice cream were served under the direction of Mrs. H. F. Christian, Mrs. F. G. Tracy, and Mrs. E. P. Bujac, who had the affair in charge.

Mr. and Mrs. Harris Garrett, of Lovington, spent a part of the week in the city on business and pleasure.

Delegates to the Grand Lodge of Odd Fellows of New Mexico, will leave tomorrow night for Clayton, where the session will be held. Messrs. Victor L. Minter, M. R. Smith, John Prickett, and J. B. Leck. Messrs. Minter and Leck are officers of the Grand Lodge the other two gentlemen represent the local lodge. Mrs. Geo. M. Brinton will go to Clayton as a representative of the local lodge of Rebekahs, and will make the trip by auto, and will accompany her father and mother, Mr. and Mrs. C. J. Shorett, who are delegates from the Odd Fellows and Rebekahs of Artesia.

The Methodists will have a picnic and weenie roast at the flume this afternoon at five o'clock. Those wishing to go will meet at the high school building at that hour, where cars and trucks will be in waiting to convey them to the appointed place. The affair is designed more particularly as a welcome to the teachers in our schools and others who may not be so well acquainted with our people. All are asked to bring their lunches and join the happy crowd who will waive all formality and just go to have a good time with each other in the open.

Mrs. Sadie Cheatem returned from her short vacation which she spent in El Paso, and is hard at work again as stenographer for the local office of the United States Reclamation Service.

Our readers will remember an item published last week in regard to a carrier pigeon, which was taken up at El Paso Gap, and which afterwards died. News comes to this office through Carl Livingston, that 100,000 of these birds were liberated by the National Geographic Society at Washington, recently. Each bird was numbered, and a record of the number kept. The experiment is being conducted in order to find out something more about the migration of these birds. Anyway, the little wanderer had come a long distance from its home only to die at last, perhaps from fatigue incident to the long journey.

The recently appointed Park Commission has gotten down to business and is already getting things in shape for the improvement of the piece of ground in the center of town, Halagueno Park. Mr. Yates is surveying the plat to see how the land lies and how water can be put on it. The way it lies, it has been found impossible to water the entire tract. It is hoped that soon we may have a park worthy of the name.

Harry Jenkins, nephew of Edwin Stephenson, who has been working in this vicinity for several months, left Tuesday for his home at Port William, Ottawa, Canada. Harry is a fine fellow, genial, companionable and a young man of excellent principles, and the many friends he has made during his residence among us are anxious that he return.

You would not permit one of your employees to hold money belonging to the concern in his private account. Neither would you retain executives who, with knowledge of that act, allowed the employee to personally use that money.

You should not retain Republican administration of New Mexico's business. Such practice is condoned by the rulers of the party. It is not business but it is good politics to overlook improper practices by officials elected by the gang. Business principles only can give New Mexico the tax relief it needs. The Democratic candidates aim to put business in the administration.
