NUMBER 44.

SPLIT IN PECOS VALLEY MAY AID IN GETTING OUT DEMOCRATIC VOTE

"If the Pecos valley revolutionists will only keep on revolting until election day, the total democratic majority from the east half of the state will be materially increased," claim the democratic leaders who have been watching election returns from the valley for a decade of campaigns since statehood.

The Pecos valley has always had one characteristic. It has shown more interest in the party primaries than in the regular state election. True, the majorities from Roosevelt, Curry, Eddy and Chaves have been good, but they have never represented the full voting strength of the Pecos valley democrats.

There is a case on record where a county polled 1,800 democratic votes in the primary and 300 in the regular election. Those 300 were enough to elect the full county ticket, but it didn't help the state ticket very much. Politicians have always declared that if a way could be devised to make all the democrats vote in the state election, even though many of them voted for a republican county ticket and a few of them voted the republican ticket straight, the net result would be to the benefit of the democratic party.

The problem seems near solution at present. In Eddy county, an independent voters committee is preparing a fusion ticket with the republicans. In Curry county, a second democratic ticket has been formed to run as a county republican ticket. These two counties normally give heavy democratic majorities.

From the outlook this year, there will be still battles in both counties over the county ticket. It is expected that the full democratic vote will be at the polls. Some of the democrats will vote the republican county ticket, but it will be pretty hard to get them to pass up Jim Hinkle for governor, the first Pecos valley man ever to be nominated for that post.

In Curry county the democratic campaign committee has been calling to the attention of the voters to the fact that when they voted in the primary, they took this pledge:

"I hereby pledge myself to support the nominees of this primary in the general election."

The committee points out that every candidate on the republican county ticket, except the candidates for assessor and treasurer, voted in the democratic primary, thereby pledging themselves to support the nominees of that primary. The committee urges that the regular democratic ticket was nominated in a primary where 4,000 votes were cast and asks support for the ticket.

The interesting thing is whether the full quota of 4,000 Curry county democrats will be at the polls in November. If so, it will not matter if a few of them vote the republican county ticket. The important thing is whether or not these democrats will aid the democratic state ticket and it is the belief of political observers that they will.

The situation is similar in Eddy county in that a contest may be sufficient to bring out the full democratic vote and be of material aid to the state ticket. Certainly the Pecos valley has suffered in the past from the fact that the primary absolutely settled the election, barring the incident two years ago when an extremely popular republican came close to election as a state senator from Chaves county.

While the developments in the Pecos valley are giving the democratic leaders encouragement, they are receiving much pleasure also out of the recent county conventions in the opposite corner of the state, San Juan county. There the democrats held a harmonious and enthusiastic convention and nominated a complete ticket. Shortly after, the republicans failed to fill all places on the ticket.

For instance, they failed to nominate for assessor, county clerk, surveyor and a commissioner from district No. 3. The convention was wholly lacking in the spirit that leads to victory.

San Juan was one of the counties where democratic hopes received a setback in 1920. Normally democratic, it went republican on the majority of the county ticket and for the first time sent a republican legislator to the state assembly.

As the campaign progresses, it will be possible to determine whether the Pecos valley differences will develop into a liability or an asset for the democratic party. At present, it looks like a distinct aid. "The Pecos valley," say the old-timers, "will never forget her democracy. The vote, and as a result, the majorities, will be larger than ever."—Magee's Independent.

W. H. Merchant returned from a two weeks stay at his old home at Abilene, Texas. Mr. Merchant says that Abilene is making better and more substantial growth than any town in Texas. Building there does not seem to be affected by the hard times and many improvements are being made. Colonel Merchant accompanied his son on the return to Carlsbad, and has gone out to the San Simon ranch, leaving Monday.

Mr. and Mrs. J. T. Garrett came in from their home at Lovington the last of the week, and visited with homefolks for a while.

SUIT IS BROUGHT AGAINST COW MAN ON \$40,000 LOAN

Livestock Agricultural Loan Company Seeks to Recover From Hugh M. Gage

A writ of attachment was issued in the district court here today in the suit to recover \$40,000, alleged to be owed on a promissory note, which was filed Saturday by the Livestock Agricultural Loan company of New Mexico against Hugh M. Gage, cattleman of Hope, N. M.

The attachment is against all land and property of Gage, who, according to the complaint in the suit, has left the state. The complaint holds that a promissory note was given the company by Gage for a loan of \$45,000, secured by a mortgage on cattle and horses belonging to Gage. It alleges that of this amount, \$5,000 has been paid.

The note, it holds, was dated December 23, 1921, and was to run one year, with the stipulation that if Gage did not brand all of his increase in his herd, or attempted to remove without permission of the company, the note might be called.

It is alleged that Gage did not brand his new cattle, and shipped a large number of cattle to Kansas. Besides seeking to recover the \$40,000 due on the note, the suit asks seven and a half per cent interest from June 23, 1922, and ten per cent attorney fees.

Gage recently disappeared and so far has not been heard from.

The next meeting of the Grand Lodge and Rebekah Assembly will be held at Las Vegas.

SCHOOL NOTES

Monday morning the student body was favored by a very enjoyable musical program by Baron Auriemma (Happy Jim), who was accompanied by Miss L. M. A number of the selections were rendered in both Italian and English.

Rev. Lowry, delivered an interesting address to the student body, Wednesday morning on "The Choosing of a Vocation."

Katherine Harroun was elected secretary and treasurer of the Glee Club, upon the resignation of Leona Allinger.

Several members of the high school faculty were numbered in a party who enjoyed a barbecue and all day picnic last week end.

The Honor Club met Friday for the purpose of arriving at some decision in regard to a program to be given in assembly. A committee of the following were chosen to complete the plans for the program, namely: Josephine Williams, Eleanor Flowers, Leona Allinger, Lucille Pond and Preston Oliver.

The Annual staff is already busy at work on The Echo.

A very nice addition has been made to the study hall in the form of a bulletin board.

Invitations were sent by the Juniors to the Faculty and Seniors requesting their presence at a party Friday evening.

The six weeks tests have been given, and all papers will go on file in the office of the Superintendent. Report cards will be out Tuesday.

Tuesday Superintendent Donley spoke to the students concerning the Honor Club, its requirements and rewards. The National Honor Club Charter has been received, Honor Club Members are very proud of the Charter.

The County Health Officer has provided the schools with circulars concerning the prevention of diphtheria by vaccination. The circulars were distributed among the student body on Friday, and parents are requested to read and sign them and for the children to return them to the teachers if they desire their children to be vaccinated against diphtheria.

Mrs. Josephine Camp is at Eddy County Hospital for rest and treatment. Clyde Duncan was operated on for appendicitis, yesterday, and Henry Thord was brought to the institution this week from his home on the Plains.

Mr. and Mrs. J. H. James left Thursday morning for El Paso, and after a short stay there will go on to California. Mrs. Ellsworth James has taken charge of the home during their absence.

SALVATION ARMY BENEFIT WEDNESDAY NIGHT

Crawford Theater was filled to the doors Wednesday night to hear Baron James Auriemma, in his concert in which he was assisted by local talent, and which was put on as a benefit for the Salvation Army, by Auriemma, who is touring this state, Arizona and the Panhandle of Texas, raising funds for that organization.

John Wells, chairman of the local organization of the Army, made a few introductory remarks, telling of the work of the Salvation Army and that a large per cent of the money raised here may be used for home work. The singer was in Carlsbad a year ago and at that time was representing the same organization.

Prior to the opening of the program, Baron Auriemma told a number of jokes, which put the audience in a good humor, which was maintained during the evening. Much disappointment was felt and expressed by the speaker as well as the audience at the unavoidable absence of Major Bujac, who had promised to make an address outlining the work of the Army; the major however, had had a very strenuous day in the court room and much to his regret could not be present.

The following program was given, the singer being escorted with each song and responding in many instances.

Introductory Remarks, John Wells.
A. In the Garden of My Heart, Ball.
B. Gentil Spirit, Favorite, Bon-zetti.

A. Address, Major Bujac.
A. At Dawning, Cadman.
E. Sierra Sue, Carey.

Duet, Baron Auriemma and Mrs. Harry McKim.
Arioso from L. Pagliacci, R. Leancavillo.

E. Good Night Sweet Dreams, Blahoff.
Baron Auriemma.

A. La Zingarella, reading, Miss Millie Gay, Premier Electionist.
A. Roses at Twilight.
B. There's A Long Trail Up Winding. Duet, Baron Auriemma and Mrs. Harry McKim.

A. Let the Rest of the World Go By, Baron Auriemma, Miss Gay, and Audience.

The Rosary, by Baron Auriemma. With Miss Linn at the piano, some of the most beautiful numbers were given by Auriemma and Mrs. McKim, who is a favorite with us all and whose sweet voice has gained in sweetness and strength from her rest of a year and a half. Duets sung by Auriemma and Mrs. McKim were the old sweet "Sierra Sue", given by special request, "There's A Long Trail Up Winding," and others, in which the audience was requested to join in the refrain.

Auriemma was at his best in the Italian numbers he gave and the explanations he made before beginning these numbers helped every one to understand the conditions under which they were written and the beautiful sentiments of the songs.

One feature of the evenings entertainment that calls for special mention was the reading given by Miss Millie Gay, daughter of Mrs. Medley, of this city. The young girl is just out of school at St. Louis, where she graduated in elocution and music. Beautiful and graceful she gave a reading that would have taxed the powers of a much older and more experienced reader, but which was given with a grace that delighted all and brought out the heartiest encore of the evening. The reading "Zingarella" was given in Spanish costume. For an encore the young lady gave a humorous selection, "I keep on Chawin" which contained some local hits that brought down the house. A wonderfully talented girl, Miss Millie Gay will be an acquisition to the city, and is withal apparently an unspoiled girl.

After an impassioned appeal for funds, Baron Auriemma started four little girls out with hats, and when the returns were in it was found that a collection had been made of over fifty dollars to the cause he so earnestly represents.

In all, the collections amounted to \$269.61; of this Loving contributed \$35.25 and Malaga \$15.61; the remainder being received from Carlsbad. The singer has asked us to express his thanks to every one who contributed to the fund, assuring them that he appreciates all they did for him, although not as much money was contributed for the cause as was raised last year. He will leave here Saturday morning and make a canvass of Artesia and the northern part of the valley.

In this connection, we have been asked to mention the fact that the behavior of some young folks whom Auriemma characterized as "babies" was embarrassing in the extreme not only to the singer, but also to others in the hall who were greatly annoyed by their actions.

Mr. and Mrs. Edward Rossen, of Loving, are proud of the arrival at their home this week, Tuesday, of a baby daughter, Harriet Marie, by name. May a long and happy life be hers.

CHAMBER OF COMMERCE LUNCHEON

The Chamber of Commerce luncheon was taken at the Armory yesterday at which time the ladies of the Baptist church put on a chicken pie dinner, which for excellent cooking and serving took the front rank in affairs of that kind.

At the close of the dinner, President Hubert took pleasure in introducing T. B. Peterson who represented the L. C. Sharp Manufacturing Company, manufacturers of alfalfa mill machinery, who has been in the city for some days, endeavoring to interest the farmers in a mill of that kind. He spoke of the fact that 20,000 tons of alfalfa hay is shipped out of the valley annually, that the real difficulty in milling it, is the fact that while the leaves are brittle, the stems are tough and that in shipping it there has been a large per cent of waste. This their process eliminates. Then the question of food values; alfalfa meal, made from Pecos Valley hay shows over 20 per cent protein value according to analysis from Texas Department of Agriculture, Nebraska Pea Green alfalfa analyzes 11 to 12 per cent protein. Only 23 per cent of fibre is non-digestible in Pecos valley hay. The valley is advantageously situated as a feeding center as animals can be forced by mixing alfalfa meal with other feeds.

Another advantage in a mill is that the seed can be separated from the hay by a separator thereby saving much alfalfa that would otherwise go to waste through threshing. A mill is a necessity here owing to distance from market. All he asks now is the moral support and good will of the Chamber of Commerce.

Colonel Muzzy being present and called on, spoke of the necessity of a more intensive campaign of advertising being carried on, if Carlsbad and her advantages are to be generally known. He said that at this time he was the only booster for the Pecos valley in New England. As proof of the necessity of advertising, he could only buy a round trip ticket from Chicago to Roswell, the agent stating that he could only sell to that point and so the Colonel was forced to buy a local ticket from there down. This can be remedied by a systematic system of advertising.

John Wells, chairman of the recently appointed Park Commission, told of his work in that connection in a most entertaining manner. The city fathers had made a donation of \$150.00 and also a small levy for the purpose of improving the park of which the city owns four. All the improvements planned are to be permanent; the park on Halasueno street will be ploughed up and soddied, the hedges replaced where the plants have died, trees thinned out where too thick and replaced in some instances, gravel walks, flower beds, and other improvements made in the proper season. Arrangements are making to improve the other parks of the city as well and as soon as possible.

Frank Kindle asked permission to speak a few words, and "Dad Gum it," thinks there should be a little more pep injected into the luncheons of the C. of C. He thinks they should be opened with prayer and closed with song. In accordance with his request one verse of "Auld Lang Syne" was given and the meeting closed.

District Court re-convened after adjournment Monday morning Judge Brice presiding. Much of the time this week has been consumed in settling civil cases, and selecting a jury for the various cases.

The case of E. S. Shattuck vs. L. C. Rice, on contract, was given to the jury, who brought in a verdict for the plaintiff.

Judge Lamb was appointed by the court to assist in the defense of Polo Mendias, under indictment for murder. E. P. Bujac is the other attorney in the case. The jury selected for this case is as follows: L. R. Pipkin, Will Ed Carter, Ralph Terpening, Jess Truitt, Henry Smith, Paul Terry, D. E. Bryant, Calvin Dunn, Dayton Reecer, Earl Collins, Buck Gholson and George O'Connor. Bailiffs are Lee Middleton and G. C. McDaniel. At the time of going to press, testimony is being heard in the case.

The Young Ladies Mission Study Class of the Methodist church, met at the league rooms in the rear of the church last night for a 6 o'clock dinner and followed by a study hour the subject of the program being the Sue Bennett Memorial, at London, Kentucky. About thirty were present, the hostesses of the evening, being Misses Cooper, Gibson, Butler and Mudgett. This class has recently been re-organized and is under the direction of Mrs. Flowers.

A wire from Mr. and Mrs. J. Floyd Hart, who left here a week ago last Monday, announced their safe arrival yesterday at Willard. They made the trip in a wagon in order that they might have a conveyance to bring Mr. Hart's tools and other accumulations home with them. They will return at once and remain here for the future.

Mrs. Joyce and her sister, Mrs. Moore, gave a luncheon Tuesday honoring Miss Jessie Lowry, Mrs. A. Z. Smith and Mrs. Paul Joyce. Eighteen ladies shared her hospitality on that occasion.

LOCAL NEWS.

Tom Peterson, wife and baby, Polly, came in last week from a trip to different places in West Texas, where they have relatives and have been spending a vacation.

Mr. and Mrs. Richard Morrison visited the home of Mr. and Mrs. Richard Westaway eighteen miles west of town last Sunday and endeavored to make the acquaintance of little Miss Westaway, a newcomer to that part of the world.

Colonel A. J. Muzzy came in Monday night from his home at Bristol, Connecticut, and will remain here for some weeks, attending to business in connection with the Public Utilities Company, of which organization he is president.

W. W. White, of the upper valley, was in town the first of the week with a wagon load of apples, from his orchard, which he readily disposed of to Carlsbad people.

Mr. and Mrs. W. J. Glenn have had as their guests recently, Mr. and Mrs. Tom Peterson of Carlsbad, N. M., and Mr. Fisher Bird, of Stamford. Mrs. Peterson is a niece of Mrs. Glenn and she and her husband are en route home after an extended visit to other relatives in San Antonio, Austin and Kerville.—Midland Reporter.

Sam B. Smith, senior, is recovering from a serious attack of pleurisy which took him suddenly last Friday and for a time he was dangerously ill, but at this writing he appears to be getting along all right and will soon be as well as heretofore.

Earl and Otto Matheson were down from Roswell last Sunday, leaving Monday night for their home. They expect to return accompanied by Earl's wife, next Sunday, and very soon after, the family will leave for California, where they have relatives and where they plan to make their future home, hoping for a return to health for "Billy", who has been ill for some time. They recently disposed of their property here.

Elijah Hill returned from California, where he has been for over two years, and is visiting at the home of his sister, Mrs. Jim White, and with other relatives and friends. Mr. Hill enjoys a wide acquaintance among Carlsbad people where he lived before going to the coast.

J. L. Mann, who has been in the city for some time, coming from Pecos, left last week for that city. He was met with the intelligence of the serious illness of his son, in Arizona, and after spending one night with his family left for his son's home.

Mrs. O. T. Mathis, of Lockney, Texas, came in from there recently and will make a lengthy stay at the home of her son, and daughter-in-law, Mr. and Mrs. Claude Hackney.

Mrs. Rex Freeman, daughter of Mr. and Mrs. John Neveger, of this place, arrived in Carlsbad Wednesday from Waco, Texas, for a visit at the home of her parents, and sister, Mrs. S. L. Perry.

Mrs. Louie Schuster of Texarkana, Texas, is a guest at the Palace Hotel, coming last week, and will probably spend the winter in the city.

LESSON FOR OCTOBER 15

THE MINISTRY OF JOHN THE BAPTIST

LESSON TEXT—Luke 3:1-22.
GOLDEN TEXT—Repent ye, for the kingdom of heaven is at hand.—Matt. 3:2.
REFERENCE MATERIAL—Matt. 11:2-19, Phil. 2:5-11.
PRIMARY TOPIC—What John Said About Jesus.
JUNIOR TOPIC—John Preaching and Baptizing.
INTERMEDIATE AND SENIOR TOPIC—A Fearless Reformer.
YOUNG PEOPLE AND ADULT TOPIC—Repentance: What It Is and What It Does.

I. The Degeneracy of the Times (vv. 1, 2).

The Jews had sunk to a very low level of civil, moral and religious life. Luke carefully enumerates the civil and religious rulers in order to show the profligacy of the times, and therefore the need of a messenger to call the people back to God and virtue. Herod, the son of the Great, was a murderer. Annas and Caiaphas were corrupt ecclesiastical rulers.

II. The Nature of John's Ministry (vv. 3-6).

In the wilderness he underwent a discipline which fitted him for his task. Out of the wilderness he flashed forth preaching the baptism of repentance for the remission of sins (v. 3). This ministry is declared to be a fulfillment of Isaiah's prophecy. The message was described as one calling upon the nation to prepare for the coming of the Messiah. This preparation was presented under the figure of a monarch of the East about to make a journey. A servant was sent before to prepare the highway. Valleys needed to be filled, mountains and hills needed to be lowered, crooked places needed to be made straight and rough places needed to be made smooth. Today before the nations will receive Christ the valleys need to be filled with righteous deeds, the exceeding high mountains of sin and iniquity need to be brought low, the crooked dealings of the business world must be straightened out, and the rough ways of nations and individuals must be smoothed out. Men must repent of their sins before they can receive Christ.

III. The Content of John's Message (vv. 7-18).

1. Denunciation of Sin (vv. 7, 8). He called them "a generation of vipers." This shows that he charged them with deceitfulness and wickedness. Knowing the subtle hypocrisy of these Jews, he demanded evidence of their sincerity—the genuineness of their repentance—was to be demonstrated by their works.

2. Announcement of Judgment (v. 9). He declared that the axe was laid at the root of the tree and that the tree not bringing forth fruit was to be hewn down and cast into the fire. John made it very plain that for their sins they should be called into judgment. Paul's preaching of a judgment to come made Felix tremble (Acts 24:25).

3. Instructions to the Inquirers (vv. 10-14). (1) The people (vv. 10, 11). Each man was to turn from his besetting sin and show love and kindness to his fellow men. Clothing and food were to be given those who had need. They were to turn from a life of selfishness and greed and do unto others as they would be done by. (2) Publicans (vv. 12, 13). These tax-gatherers who were guilty of greed and oppression were not asked to give up their occupation, but to exact only that which was appointed by law. (3) The soldiers (v. 14). These were likely the policemen of that day—at least men on military duty. He told them to extort money from no man, to accuse none falsely, and to be content with their wages. To all these classes he made it clear that they should henceforth perform their duty from a motive of love instead of selfishness and greed.

4. Testimony to Jesus (vv. 15-18). The people were musing in their hearts as to whether John was indeed the Messiah. When John perceived this he with fine humility declared that his mission was so lowly in comparison with Christ's that he would be unworthy to perform the menial act of a slave in loosing the latchet of his shoes. John baptized with water, but Christ, he declared, would baptize with the Holy Ghost and with fire.

IV. John's Imprisonment (vv. 19, 20).

Because of his reproof of Herod for his wicked lewdness and other sins John went to the dungeon. The preacher of righteousness must become a martyr. God's faithful prophets are usually despised by the world, even cast into prison, burned, or beheaded.

Idleness.

Idleness is the gate of all harms. An idle man is like a house that hath no walls; the devils may enter on every side.—Chaucer.

Life's Ills.

Think of the ills from which you are exempt, and it will aid you to bear patiently those which now you may suffer.—Cecil.

To Learn to Pray.

He that will learn to pray, let him go to sea.—Herbert.

AN ITALIAN DINNER

At the home of John Wells last Sunday night, Baron Auriemma cooked and served an Italian dinner and they do say that the baron cooks as well as he sings, which in our opinion leaves nothing to be desired. With characteristic exaggeration, Baron Auriemma says he cooked 565,000 and 3-3 miles of spaghetti, and that John Wells consumed over half of the amount.

At the conclusion of the dinner, the guests were favored by songs by the "cook" and others, and a pleasant musical evening was spent. Those enjoying the occasion were Mayor and Mrs. Hudgins and daughter Dorothy, Mr. and Mrs. Frank Kindel, Mr. and Mrs. Charley Montgomery, Mr. and Mrs. J. I. Penny, Mr. and Mrs. J. R. Lion, Mr. and Mrs. Bill Hudgins, and John Wells and daughter, Helen. After dinner a number of friends came in and enjoyed the evening with the distinguished guest. Mrs. Medley and daughter, Mr. and Mrs. Harry McKim, Howard Moore, Bob Monroe, and Misses Standiford and Taylor, were among the number.

John Prickett, M. R. Smith, Bert Leck, Victor L. Minter, returned from Clayton, New Mexico, where they went to attend the meeting of the Grand Lodge of I. O. O. F. of the state. They report a fine meeting full of interest to all the trip-link brethren, and a further honor conferred on a Carlsbad man, in that Mr. Leck was elected Deputy Grand Master, which puts him in line for a higher office next year. Mrs. G. M. Brinton who was a delegate to the meeting of the Rebekahs returned with her parents, Mr. and Mrs. Sherrard, of Artesia, and stopped at their home over Sunday, returning to Carlsbad Monday.

Dr. and Mrs. A. A. Bearup, and Mr. and Mrs. Sidney Beadup, and Mrs. Albert Ares and son, Paul Eugene, made a trip to Roswell Sunday morning going up early and spending the day there.

Bob Herbert and Emil Riley of the upper valley arrived in town last week Friday and are working on the plumbing of the Municipal building, and will probably be employed here for two or three weeks.

Mrs. Frank Joyce entertained about thirty of her friends to hear Baron James Auriemma sing Friday evening, and enjoy an evening with him and also to introduce to society Miss Millie Gay, the little daughter of Mrs. Mary Medley. A delightful evening resulted with music and readings.

The Studebaker Light-Six Roadster and Coupe-Roadster were primarily built for business use. In meeting the urgent demands of business, they naturally have fulfilled the needs of the small family.

Each is built for hard usage, day in and day out. And as they are completely Studebaker built—you know they will stand up under hard going.

The bodies are attractive, roomy and thoroughly comfortable for all-day travel. Ample

luggage space is provided under the rear decks.

There's an internal hot-spot to reduce gasoline consumption to a minimum. Valves are inclined at a 20 degree angle to give a new measure of power, greater flexibility and better acceleration. Crank shaft and connecting rods are machined on all surfaces, thus eliminating vibration and insuring longer life to the motor.

Studebaker low prices are made possible by great volume and complete manufacture. Studebaker quality is traditional.

The Studebaker Light-Six Coupe-Roadster seats two passengers; has a 32 inch coach lamp; rain vane and windshield wiper; eight door clock.

The three-passenger Roadster has cowl lights; storm curtains opening with the doors; large plate-glass window in rear curtain, and inside and outside door handles.

Both models are upholstered in genuine leather; have ample space under the rear deck for luggage; ignition and thief-proof transmission locks, and cowl ventilator.

and remember

That on election day you should never place any mark in the circle at all.

That you should mark an X in the square opposite each candidate you wish to vote for, leaving the circle at the top blank.

That all kinds of tricks will be tried in order to defeat the Independent ticket. This is the last stand of the chosen few in Eddy county and they are desperate.

Be sure to stick your own ballot in the ballot box or see that it is properly placed in the box by an official of the election before you leave the voting room.

If Mr. Rickman pays lease on state lands for grazing purposes in Eddy county and grazes any of his stock thereon he should pay taxes on at least a portion of his stock in Eddy county just the same as any other tax payer.

Will Mr. Rickman state to the people whether he has been doing these things or not? We will gladly print his answer and pay for the space.

If the Independent candidates are elected Mr. Rickman will have to pay to Eddy county any taxes he justly owes to it the same as other property owners in this county.

Properties in Eddy county have been and are being assessed at a much greater value than like properties in other counties of the state, thereby making it possible to place and keep Eddy county in the class above where it actually belongs. The main reason for this is that by so doing it enables the officers of the county to draw much larger salaries than they would if it was in the fourth class where it belongs. The burden of this is on the tax payer. The excuse offered for this high handed practice of high tax values perpetrated by your county officials is laid by them to the state tax commission. This excuse is absurd. Will some of the few give an intelligent answer to this? The Independents have nominated the men who can try to correct all this and many other things. Vote for the Independent candidates and have Eddy county put in the fourth class where it properly belongs.

WATCH AND SEE WHO BEGINS TO FIGHT THIS.

Do not be intimidated by the professional office seekers or their ring leaders. They are the ones who broke their pledge to the people when they refused to let the votes be seen and counted, and this releases every self-respecting voter from any forced pledge written on the top of the primary ballot. You did not vote on the pledge. You had no chance to do so.

The people of Eddy county are entitled to govern themselves and to elect their own officers by a majority of the legally cast votes in this county and without being treated like citizens from Juarez.

Will any intelligent voter not resent the fact that he is not allowed to know whether his vote was counted or not?

Why does a professional office seeker forsake his accustomed associates on the eve of an election? We wonder if he is getting a change of heart or that he is just plain scared because a law and order ticket that is a real one is put in the field by the people. This is the dawn of a new day in Eddy county.

Mr. Reed, who ran a Republican paper until a few years ago and who now has the county printing regrets the absence of resolutions. Read these pages and you will get our principles first-hand from now until election.

Have you read the resolutions of the chosen few who nominated the purported Democratic ticket? If not, read them now, and you will find nothing but commendation of themselves. Then vote the Independent ticket.

DIRECTORS MEET

A meeting of the Directors of the Chamber of Commerce, Tuesday night, was attended by a bare quorum, although several matters of interest were up for settlement. Several bills were allowed and other routine business attended to. L. C. Sharpe Manufacturing Company was represented by Mr. Peterson, who made a talk along the line of the advantages to be secured by having an alfalfa mill in the valley. Mr. Peterson did not ask the directors to take any action at this time. A communication from the county commissioners, signed by J. H. James and G. R. Howard, requested the Chamber of Commerce to approve a petition designating the Carlsbad-Pecos road by the way of Otis, Loving and Malaga, and was discussed at length. It was finally agreed to indorse the Highway resolution as passed by the county commissioners of Eddy county, in so

far as it applies to a highway between Carlsbad and Malaga only.

Dr. W. J. Smullens, of Los Angeles, California, is in the city and has taken the office of the late Dr. L. E. Ervin for the practice of dentistry. He has practiced dentistry for seven years and is a graduate of the Baltimore College of Dental Surgery, and also a member of the New Mexico Dental Society and of the National Dental Association. Look for his ad in another column of the Current.

With morning worship Sunday at the Presbyterian church the sermon will have to do with "Usual Service." Church school will meet at ten o'clock and Christian Endeavor at six forty-five. With the study of John Wednesday evening, attention will be given the introduction of the book.

"RED" SMITH INJURED BY KICK FROM HORSE LAST MONDAY

Last Monday, while in the mountains about ten miles from the Ralph Thayer ranch, after a load of wood, Red Smith was kicked by one of his horses, and had his leg broken about halfway between the hip and knee. The accident occurred as he was feeding his horses preparatory to hitching them up in the morning. As he went to go back of them preparatory to adjusting the nose bag on one of the animals, another one kicked him. He managed to catch a horse and saddle it and in some way, he hardly knows how, got on its back and rode about seven miles to where there was a house with a telephone, when he called Ralph Thayer's residence. Mrs. Thayer was alone at the time, but promptly got out after the men, who were on the range, and who went immediately to Mr. Smith's assistance. Oliver Shattuck and Ralph Thayer bringing him to town where they arrived about four o'clock in the afternoon. He was taken at once to the Sisters Hospital and put under treatment. The fracture is considered bad, but hopes are entertained that he will soon be able to be taken to his home. This is another one of the seemingly unavoidable accidents that have happened to this family, and coming at this time it will be very hard on them.

F. E. Little returned Wednesday night from Texas, where he had accompanied Mrs. Little about a week ago. We are sorry to learn that Mrs. Little is not doing very well at this time, she failing to react as she usually does when going to a lower altitude. Sincere wishes are expressed by her many friends in this city and vicinity, for her return to health. She is now at the home of her sister, at Rockwall, Texas.

A DESTRUCTIVE FIRE
A destructive fire occurred at the home of C. P. Mercer, Monday night, by which the garage, all the hay stored on the premises, some seven or eight tons, and perhaps a bale and a half of cotton, were consumed.

Mr. and Mrs. Mercer had been to lodge and had just returned, and were preparing to retire when the blaze was discovered. They were unable to save anything of much value, although they made heroic efforts, and finally got the car out of the garage, and in so doing, both Mr. and Mrs. Mercer sustained severe burns on their hands. There was no insurance on anything, and the loss is appalling at this time. Mr. Mercer has had a run of hard luck, losing one of his fine horses a day or so ago, and has had sickness in the family, and other losses to contend against. The fire was probably caused by a cigarette in the cotton, at least, that is the only way they can account for it.

The 216 big steers that were being held at the stock pens, south of town, for several days, were shipped Saturday to the buyer at Wichita, Kansas. The animals were the property of the Mountain Pool, and had been kept in that locality several days waiting for cars.

Geer, in this city, where she has lived for a number of years, will be anxious to hear of her condition, and the current regrets to state that her condition has not improved in the least, but seems to be getting gradually worse and physicians say the end is not far away.

Mrs. Dean, mother of Mrs. Leo Middleton, arrived in the city last Friday for a lengthy visit with her daughter and other friends here and in the mountains. Mrs. Dean's home is at Uvalde, Texas, and she has made several visits to Carlsbad previous to this one.

HAY TRADE CONDITIONS OF THE WEEK

Markets generally show a firmer tone this week. Country loadings are reported small and the daily receipts are not large. Good hay of all kinds has a steady to urgent demand and under a lack of this description, the poorer sorts have been cleaned up at terminals where they had accumulated recently. The western markets show a very firm market on alfalfa and prairie.—Hay Trade Journal.

In answer to many inquiries from friends in Carlsbad in reference to Miss Martha Williams, who recently left here for school in California, we have this pleasing news to give: Miss Williams has entered Heald's College at Berkeley, one of the finest schools in the entire state. She will take a private secretarial course and fit herself for business life. She has the advantage of spending the week ends with Mrs. M. J. Murray, a former Carlsbad lady, whom many will remember, and during the rest of the week has board with a private family not far from school. Miss Martha was an honor pupil in Carlsbad schools, and we are sure to be very proud of her and her educational attainments.

POPULAR YOUNG COUPLE MARRIED LAST SUNDAY

Miss Velma Houk and Mr. Everett Grantham were married last Sunday afternoon at 5:30, Rev. C. D. Poston performing the ceremony. The ceremony was performed at the home of the bride's parents on North Gidding Street, with only a few intimate friends present.

The bride is the daughter of Mr. and Mrs. D. C. Houk and is an attractive young lady, very popular among the younger set in town.

The groom is court reporter for the Ninth Judicial District, a position he has held for a year or more. He is possibly the youngest court reporter in the state and fills his position most efficiently.—Clovis Journal.

The Mr. Grantham referred to above is our own Everett Grantham, son of Judge and Mrs. D. G. Grantham, formerly residing here, now in El Paso, and for many years a resident of this city. Graduating with honors with the class of 1918 of Carlsbad Public schools, he entered the United States Navy, and made several lengthy trips to different ports in the Caribbean Sea, and through the Panama Canal. Leaving the Navy a year or so ago, he at once took up court stenography, working as Judge Bratton's official reporter. Everett is a young man we are all proud of, and in whose success we are interested, and congratulations and best wishes for success and happiness are many and sincere for him and also for the young bride.

L. E. Foster of Carlsbad made a talk to the merchants of Roswell at their regular dinner last Tuesday night, at the Chamber of Commerce rooms in that city. The merchants asked Mr. Foster to give them some information about the growing of cotton in Eddy county, figuring that much of the information would be equally pertinent to Chaves county. Mr. Foster is regarded as the best authority on the growing of long staple cotton of the Durango variety, in the state, and the Roswell folks secured some very valuable information along that line. At the dinner, each member was privileged to invite a guest, preferably a farmer, and the result was very beneficial.

Portales is gaining a reputation for its strawberry culture, but the Rev. James J. Richards has won the reputation as the strawberry king of Portales. Last spring he put out 500 plants on a plot 18x40 feet, and has picked at market price, \$75.00 worth of berries from this patch. The patch was picked clean last Friday morning. Monday morning of this week he gathered 12 quarts. "Farmer" Richards says that the soil around Portales needs nitrogen and that he fertilized his berries at the rate of 1000 pounds of cotton seed meal to the acre. So far as the News has learned this berry patch has made the champion yield of the Valley.—Portales News.

A. D. Jones, of Tatum, New Mexico, was in town this week, en route to his home from the border, where he went looking for winter pasture for his flock, he being a sheep man. Mr. Jones says he found plenty of grass in the locality he visited, but that it had all been leased and was hard to get hold of. However, he says that his animals and others in his vicinity are in good shape, considering everything, although they must of necessity enter the winter handicapped.

Bert Rawlins, Francis and Elliott Perry, Preston Oliver, Bill Hardy, Harold Toffelmire, and Dr. and Mrs. Westfall went to Hagerman last Sunday and played tennis there with players from Roswell and the upper valley.

Michael Williams was pleasantly surprised by about twenty-two of his boy and girl friends, meeting at the home of his parents, Mr. and Mrs. George Williams, after school Monday, in honor of his birthday, he being thirteen years old at that time. The hospitable home was the scene of great enjoyment as the boys and girls played games and otherwise enjoyed the hours from 4:30 until 6:00 o'clock. Mrs. Williams and Miss Josephine served refreshments such as children all enjoy, and all left for their homes with many good wishes for many more birthdays to this popular boy. In which the Current, a friend of Mike since his earliest childhood and boyhood, joins heartily.

A beautiful and touching Memorial service was held at the Annual Conference at Pecos, last Sunday afternoon, in memory of those who have passed on during the conference year. It will be remembered that Rev. George H. Glivan conducted the service last year at Artesia, and this year he was among those for whom the service was conducted. Others who have passed away during the year were Reverend Terrell who was stationed at Roy, New Mexico, and Mrs. J. T. Redmon, whose death is of recent occurrence.

Rev. Z. T. Moon was in town the first of the week returning from conference at Pecos. It is pleasing to announce that Reverend Moon has received an assignment for the coming year to preach at Loving and Hope. He has a host of friends here and elsewhere in the valley, for besides being a good preacher, he is a magnificent booster, one of the kind needed by every town.

MRS. OTERO-WARREN'S IN THE FIELD OF SOCIAL SERVICE

MRS. ADELINA OTERO-WARREN WORK
Republican Candidate for
Representative in Congress

The public service of Mrs. Otero Warren, candidate for representative in congress has been chiefly in the field of non-partisan social service, rather than in politics. How her work for the public welfare is regarded by those in the best position to know and judge it, is indicated by the following letters, written at the end of 1921, when Mrs. Otero-Warren sought to resign from the State Board of Public Welfare:

State of New Mexico,
M. C. Mechem, Governor,
Santa Fe, N. M.,
December 31, 1921.

Mrs. Adelina Otero-Warren,
Santa Fe, New Mexico,
My Dear Mrs. Warren:

I am in receipt of your resignation from the Board of Public Welfare and return same to you herein as I must refuse to accept it. I feel that your retirement from this Board would seriously impair the public service. You have been actively engaged in this work for so many years, prior to the establishment of the present board, and as is well known you were a tireless worker in getting the public welfare legislature, that you have valuable experience and knowledge which enables you successfully to cope with the conditions existing in this state. In this opinion I am supported by your co-workers on the board, as you will see from enclosed letter received from them.

I am
Respectfully yours,
M. C. MECHEM,
(Signed) Governor,
Albuquerque, New Mexico,
December 27, 1921.

We, the undersigned members of the State Board of Public Welfare, having learned that the president of this Board, Mrs. Adelina Otero-Warren has tendered her resignation as a member of the Board to the Governor, and believing as we do that the loss of her service on the Board would be a great loss to the Board in this work with which she is so familiar, we respectfully ask and request the Governor not to accept her resignation, if there be any way to avoid it.

Respectfully submitted,
(Signed)
F. G. SHORTLE, Secretary,
MRS. MAE NORDHAUS,
CHAS. H. LEMKE,
MRS. GEO. W. PRICHARD.

Mrs. Otero-Warren knows the details of legislative work. She will require no training period, no time to "learn the ropes" before beginning active work for New Mexico as the state's sole representative in the lower house of Congress. She has demonstrated her interest in the public welfare and her ability to achieve for it. She is equipped to carry on her work in the broader field.—Political Advertisement.

M. E. Riley, the plumber, left Tuesday morning for Dallas and will be there for a week or perhaps ten days. Mr. Riley has a sister living there whom he has not seen for seventeen years, and a brother whom he has not seen for nineteen years, will also be there at the same time. We wish him a pleasant visit with his kinspeople.

We neglected to announce the birth of a daughter, on Wednesday of last week, to Mr. and Mrs. Richard Westaway, the first child born to these popular young folks.

BIGGEST BEAR SEEN FOR MANY MONTHS IS CAUGHT NEAR CHLORIDE

Raton, N. M., Sept. 25.—One of the largest bears in New Mexico, a monster black grizzly, which has killed 13 head of cattle within the past few weeks in the vicinity Chloride, was trapped last week by Federal Hunter L. Inmann. The bear carried the 42-pound trap five miles through heavy underbrush before it was caught. The trail was followed by the hunter and his pack of dogs, several of which were injured by the bear before he could call them off. The bear skin is the largest one received by the biological survey for several years.

OPEN HOUSE FOR KAPPA KAPPA GAMMA

A supper for the pledges of Kappa Kappa Gamma sorority and open house later for their friends, was the delightful manner in which the sorority entertained yesterday afternoon at the home of Miss Margaret Lee, 421 North Twelfth St. The pledges arrived at 4:30 and were greeted by the actives and the alumnae. The rooms were a profusion of beautiful autumn flowers, for the occasion, with gorgeous yellow and gold dahlias predominating. A delicious supper was served, Mrs. Fred Lee and Dr. Edna Mosher presiding at the table. From 6:30 until 7:30 open house for the university students was held and many called at this time. The pledges who have just entered the ranks of the Kappas are Miss Ruth Bursum, Miss Tinsley Burton, Miss Pearl Burns, Miss Josephine Milner, Miss Margaret Sauthera, Miss Katherine Owen and Miss Barber Nell Thomas. —Albuquerque Herald.

From private communications received in this city by friends, we learn of the marriage of Miss Essie Perry, sister of the Perry brothers of this city. The happy man is Granville Widner, and the marriage occurred at Waco, Texas. Mr. Widner is an automobile mechanic and a young man of good, industrious habits who has visited in Carlsbad several times and made many acquaintances among our people, who congratulate him on his choice of a bride and join all who know the shy, demure Miss Essie in wishing for them both all the good life has in store for industrious, worthy young people. They will make their home in San Antonio, after a brief visit to relatives of the bridegroom at various parts of Texas.

That tariff about which the Republicans in New Mexico enthuse is called by Arizona's Republican senator, Cameron, some unpleasant things. He said in regard to the "protection" given eastern manufacturers while western interests were allowed to drift for themselves:

"The story is easy to tell. The great tire manufacturers and spinners, all interests using the raw material (long staple cotton) who were already rolling in war profits, not content with tariff protection provided for their finished products, organized in the old-fashioned way, turned loose their money . . . and for no good reason smashed this great industry and wiped out the chances of the people for an honest living."

Senator Jones opposed that tariff bill because it made it possible for New England and other eastern manufacturers to loot the public while western land and stock interests were given no assistance.

PRIZE ESSAYS

This essay won first prize in a contest conducted by Buck Warren Bolton, teacher of English, grade eight, on the subject of fire prevention, and was written by Lella Dillard.

FIRE

By Lella Dillard
Fire is more powerful than armies that is, it has killed more people, destroyed more homes and burnt shops than all the armies the world has ever had. It destroys in the United States alone over \$3,000,000,000 worth of property each year. The United States has more

fires than any other nation in the whole world.

The main causes of fire are the careless habits of the public. These are careless smokers, careless campers, and careless people everywhere. People that smoke should wait and see that every spark is out. Campers should see that the fire is entirely out before they go away.

One should always keep matches out of reach of the small children and away from heat. Stoves should never be heated red hot, and they should have asbestos shield or protector and should be kept mediately far away from the walls. The ashes should be kept in a tin can or garbage collector, not a wooden barrel because the coals might catch the wood on fire.

Basements should be kept clean because it is the nature of fire to burn upward.

A gasoline burner should always be surrounded by a globe. Gasoline should never be used to clean, because when its fumes are mixed with air it becomes more dangerous than dynamite. If one uses gas lights, and at night smells leaking gas, the first thing to do is to open the doors and windows, then find the leak with a flashlight. A match shouldn't be struck because it would cause an explosion.

The only safe kind of an oil lamp is the one with a broad base and with a wick that fits snugly.

Christmas trees are very dangerous because they have candles and inflammable decorations. Articles of celluloid also should be kept away from heat.

In some cities the schools have a special day for fire prevention drills to teach how to prevent fire, and the importance of protecting their homes and property. It is the duty of everyone to do all they can to prevent fires.

This essay won second prize and was written by Louise Oliver.

ESSAY ON FIRE PREVENTION

We should be very careful about fire because it is very dangerous to our lives and property. Some people think they cannot afford a fire department in their vicinity because it costs too much. If these people only knew it, the cost of lives and property is far more great than the cost of having a fire department. Then some people think they can get along without a fire department because the primitive man didn't have any fire protection. The primitive man ate raw meat, didn't have much clothing and lived out in the open, and did lots of things that we can't do. If we are going to be like the primitive man in one way, we might as well be like him in all ways and not have any civilization at all.

There are so many little things we can do in order to prevent fires, we can put all campfires out, we should never go out of a house and leave a fire burning, when we get through ironing we should be very careful that the iron is turned off. Whenever we see cigarettes that have been thrown down by some careless persons and it is still burning we should put it out, and above all put the matches where the little children cannot get to them. Once there was a woman who was ironing when a friend drove up to get her to go to lunch. She got ready and went to turn off the switch but instead of turning it once, she turned it twice and left it on. This woman lived in an apartment house. When she got back from lunch there stood the great apartment house in ruins and ashes. She had not only destroyed her own home and property, but that of others also. Two people were burned to death.

There have been whole forests burnt up by one little camp fire left by some careless camper. If everyone would be careful they could put down the cost of living in that way more than any other.

"THE STORE OF QUALITY"

At W. C. T. U. meeting held at the League rooms of the Methodist church, last Wednesday afternoon, a good attendance was present and an interesting meeting was held at that time it was decided that the next meeting of the organization would be held in connection with all the religious societies of the city, in a union meeting, which will be held at some central place the second Wednesday in November. A committee was appointed to make the necessary arrangements and look after the details. Delegates were appointed to attend the State Convention of the Unions, which will be held some time this month, probably at Clovis. Those elected from the Carlsbad union are: Mrs. F. G. Snow, who will attend by virtue of her office as president, Mrs. A. A. Davis and Mrs. V. O. McCollum. Ice cream was served by the social committee at the close of the business session.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

PROMOTION DAY
Last Sunday was observed as Promotion Day at the Methodist Sunday school, and the entire preaching hour was given over to the exercises of the school. Babies graduated from the Cradle Roll department into the Beginners Department and they in their turn were promoted, each class with appropriate exercises. The other classes of the school proved their fitness for promotion and were given diplomas accordingly.

The church was decorated with greenery while cut flowers in profusion adorned the piano, the tables and the altar, the flowers being taken in the afternoon to the sick in the town. A surprise was the singing by Baron James Aurilemma, who was in town at that time and sang after the Sunday school hour. This was a part of the entertainment that was greatly enjoyed by all.

CHARLES L. HILL

Republican Candidate for Governor

Was born on a farm near Woodfield, Ohio, May 8, 1866. His early education was received in the rural and public schools of Matamoras and Marietta, Ohio, following which he entered a college of dentistry, graduating in 1890. Mr. Hill came to New Mexico in 1907, purchasing a tract of 1,000 acres of undeveloped land in Dona Ana County about ten miles from Las Cruces. This tract of land, which is under the Elephant Butte Project, he has developed into one of the best and most productive farms in the state. The village named for him, Hill, N. M., has grown up around his home and farming enterprise largely thru his personal efforts. Mr. Hill has been a member of the board of regents of the New Mexico College of Agriculture and Mechanic Arts for a number of years and is now its Chairman.

I PROMISE YOU

That as your Governor I will give you a clean and honest administration. I have made no pre-election pledges to any individual, but the one I now make to all of you, which is, that for every office I have to fill by appointment I will find a man who is honest and who is qualified by training and experience to properly fill the position.

I will not discriminate in favor or against the Spanish-American, nor in favor of or against any section of the state, but will simply be the governor of the whole people for the best interests of all as I see them.

Agriculture and live stock are the chief sources of wealth in New Mexico. I believe that these basic industries must be protected and given a chance to grow, so that all classes in the state may prosper; that drainage and irrigation must be fostered; that mining development must be encouraged; that our natural resources, invigorating climate and scenic and historical attractions must be advertised.

I believe that our highway construction should continue; that our educational facilities should be improved; that the rights of the laborer should be more adequately protected and that the health and general welfare of our people should receive more consideration.

To these problems of construction, development and protection I will devote all my energy and thought.

CHARLES L. HILL
