THIRTIETH YEAR

CARLSBAD, NEW MEXICO. FRIDAY, OCTOBER 20, 1922.

NUMBER 45.

FEW PEANUTS HANDED OUT TO G. O. P. EMPLOYEES

(From Santa Fe New Mexican)

BY JOSE A. BACA.

"John Morrow will stand on his own record and not that of his ancestors 300 years ago."

"If you elect Hinkle he will be the governor—not a man depending on the financiers of TEXAS to rule NEW MEXICO."

"There is but one issue before you; good or bad government, and you know the shortcomings of the last administration. You have seen near the edge of your city."

BY JOHN MORROW:

"I'll oppose Bursum's Indian Bill until reformed in the proper manner to protect the Indians."

"As to the tariff, let me quote LaFollette who says it is the greatest robbery ever committed on the American people."

"The women alone will pay because of the new tariff ONE BILLION DOLLARS to the trusts in increased prices."

BY J. S. VAUGHT:

"How has the Republican convention the nerve to endorse the Mechem administration?"

"I will say this about the convicts at the penitentiary in that food strike. Had I known that they were to be shot into like a bunch of quail, I would have asked a suspended sentence for two of the men shot whom I helped prosecute while District Attorney."

"The penitentiary business has given New Mexico the blackest eye."

"Has the superintendent of the state penitentiary been removed?"

"This same superintendent, who took a baseball bat behind a convict and crushed his skull. Can you imagine anything more inhuman?"

HAGERMAN AND TRACY FAVORING DEMOCRATS

Santa Fe, Oct. 11.—New Mexico's situation has taken a new and for the Republicans, a more grave turn. The recent article by Herbert J. Hagerman, former Republican governor, commending the attitude of the Democratic nominee for Governor, James F. Hinkle, was followed yesterday by a similar contribution to the campaign documents when Francis G. Tracy, of Carlsbad, prominent Republican leader, announced his stand for Mr. Hinkle and Senator Jones.

Mr. Tracy was a candidate for the Republican Senatorial nomination at the convention held last month.

HAY TRADE CONDITIONS OF THE WEEK

Embargoes are having an effect on Eastern markets and the reduced receipts have strengthened prices, so that the average values are a little higher than a week ago. In the West receipts are heavier in some sections, but demand continues good and markets generally are steady to firm. The car shortage is curtailing country loadings in the West and this has a steady effect on prices.—Hay Trade Journal.

A party of friends and relatives visited McKittick Caves last Sunday and report a most wonderful time exploring those natural wonders. They carried their luncheon with them and spent the entire day there returning at night tired, but nevertheless happy from spending the day in the open. In the party were Mr. and Mrs. Ben Barnett and three sons and daughter, Mrs. Ovie Reeves of Wichita Falls, who was visiting here; Miss Russell, Miss Lily May Nelson, Miss Grace Stephenson, Dr. Ernest, Mr. and Mrs. Johnson and Mr. Baker of Loving, and Laura Louise Barnett.

J. T. Garrett and wife and Miss Margaret Breeding came in to town from the home of the Garretts at Lovington, Wednesday, and returned almost immediately to the plains. Mr. Garrett is preparing to ship a lot of his cattle to the market at Kansas City as soon as he can get them rounded up and secure cars for the shipment. He is forced to do this because of the unprecedented drought in his section. There will be about eighteen cars, which will be driven the forty-five miles from the ranch to Hagerman and shipped from there, that being the nearest point.

During the heavy wind last Saturday, Francis Weaver was badly hurt, as he was standing in front of the picture show, Robert Toffelmire ran his car into him, not seeing him. Francis saw the car in time to jump, which he did, and hurt his arm considerably, and in falling, struck his head on the curb with such force that he was rendered insensible for about three-quarters of an hour. He has recovered and is at school now, but it was a close call.

News was received by the family of Jess Wheeler, this week, from their son, William, that he was married on the 6th of this month, to Miss Dora May Boetche, of Brooklyn, New York. The news comes as a great surprise to his parents and friends, who had been expecting him to return to his home in this city as soon as his term of enlistment in the United States Air Service had expired. While all are surprised, congratulations and best wishes are offered this Carlsbad boy, whom we have known for years, for a happy and successful married life.

CARLSBAD HIGH SCHOOL

(By a High School pupil)

When first a building there you see, The red brick walls look small to me,

Your heart begins to sink so low To the C. H. S. you're afraid to go. But once inside it changes quick. Some studying, some laughing, and some in tricks,

You just have to join the fun and play, And be ashamed you feared in such a way.

Mr. Douley, superintendent; principal, Miss Graham, Misses Cooper and Campbell, you've got to obey'em.

Miss Willard, Miss Yancy, gives Spanish full of sticks, Next there are Mr. Greenman, Miss Kern and Miss Quick.

At last, Mrs. Shuman, her life is a mystery, For when you study Europe, she surely knows its history.

But my, those teachers must have an awful time, Because it is so very hard to say their names in rhyme.

Don't you see what a High School means to you, When you have graduated and are all through.

There are many, many things you want to do, You can be a teacher, a lawyer, a business man too.

Now come to our High School and study very hard, And the teacher will give you a nicely made out card.

So let everyone come and do his very best To graduate from dear old C. H. S.

Justiceburg, Texas. 11:37 A. M. 10:18.

G. I. Patton.

Carlsbad.

Agent Artesia's wire 15th, reported to me on line. Please say to your people that the rumor of our discontinuing regular passenger service between Roswell and Carlsbad is unfounded. The earnings upon that train south of Roswell is causing us considerable concern and distress, however please assure them that ample notice will be given before any drastic action effecting their welfare is taken. Joint B. F. Rose, C. O. Brown, G. I. Patton.

T. B. GALLAHER.

T. C. Horne is installing an Arco Hot Water system for heating in his store this week which will add greatly to the comfort of the shopper at this popular establishment and to the clerks as well. The store room has been very indifferently heated by a base burner but the new heating apparatus will do away with all that. The heat is from hot water forced through pipes, along the ceiling and the cold water returns to the heater through pipes under the floor. There are five large and one small radiators already installed in the room, and the system being already tried out in the Sweet Shop and other places in the city, has proven successful. Henry Bock has the contract for the installation, he being the local agent.

Rev. and Mrs. C. W. Davis came down from Clovis last night and this morning left for Plainview, Highway and Tatum. They are ministers of the Nazarene faith, the lady being state evangelist of that body. They will join Edwin Stephenson, of this city, this morning and he will accompany them in his car to the different points, and assist them in their meetings. They will begin a meeting at Tatum on the 22nd. Mr. Stephenson will have charge of the singing.

From a private letter we learn of the contemplated return to this city of Mr. and Mrs. Lucius Anderson, who have spent the summer with relatives and friends in Los Angeles and other cities in California. They will likely leave there about the first of November. While there Mr. Anderson has built a residence for his grandchildren, Mr. and Mrs. Frank Moore, on the Anderson lot in Southgate Gardens, Los Angeles.

Mrs. A. E. Roberts and sons, Eugene and Douglas, left Monday morning for El Paso, where they will visit for awhile then leave for Tucson, Arizona, where Mrs. Roberts' mother, Mrs. M. S. Groves, is living, and where they will spend the winter, not expecting to return until spring.

Remember the luncheon of the Chamber of Commerce, which will be held Thursday of next week, that being the 26th of them on. Members should have anecdotes ready, and enter the contest for the box of cigars. There is going to be some pep in the next meeting, "Dad gum it," Frank Kindel says so.

Attend the meeting of the Chamber of Commerce at the Crawford next Thursday and get a good dinner and at the same time familiarize yourself with the things the C. of C. is trying to do.

We note, however, that there has been no reduction in the price of postage stamps and marriage licenses.

Wallaces Patronize Government Market

Secretary of Agriculture and Mrs. Henry C. Wallace caught by the camera at Center Market, Washington, where they go daily to make all food purchases for the Wallace family table. Center Market is the only one in the United States owned and controlled by the government through the Department of Agriculture.

SCHOOL NOTES

The Junior High school boys are enjoying new basket ball goals which were recently put on the field for their use.

The following list of magazines and periodicals can be found on the reading table for the use of all students: National Geographic, Literary Digest, World's Work, Outlook, Current History, Scientific Union, The Pathfinder, The Albuquerque Morning Journal, Current Opinion, New York Times (Sunday Advisor).

All grade pupils were made happy or if not so, perhaps the reverse, over receipt of report cards last week.

The faculty at a meeting last week elected Mrs. A. A. Kaiser as their representative of the Council of New Mexico Educational Association.

Samples of Senior class rings have been received, but as yet no definite decision arrived at as to which will be final.

Tests in Arithmetic and Reading were administered last week to all grades of the Grammar school.

Miss Ruth C. Taylor, State Supervisor of Home Economics, visited the school today.

A tennis club has been recently organized, the following officers being elected: Francis Perry, president; John Armstrong, vice-president; Bill Hardy, secretary; Preston Oliver, treasurer.

The second and third year Spanish pupils have organized a Spanish club, the officers to be elected soon.

The annual staff has signed a contract with The Southwestern Engraving Company, for all engraving to be placed in the '23 Echo.

That splendid message delivered last night at the Methodist church by the Rev. E. B. Chappel of Nashville, was one of the finest, most logical and sensible the Enterprise editor has heard in many a day. He brought out the thought very vividly of the necessity of christian gentlemen holding the important parts in the walks of life if the future generations are to be nurtured in the admonition of the Lord. His message brings to mind the thought that not only should our business places be filled with christian gentlemen whose lives are such as would be well for our children to emulate but office seekers should be christian gentlemen instead of bootleggers, gun men and thugs as many of them are. The idea should be inculcated in the minds of our young people that the desires of the Christian people of every city, town and village of our glorious country is to fill every office with a gentleman whose christian character is above reproach. The day and time when it takes a tough to be a peace officer is past in all civilized places and in the peaceful, quite and law-abiding city of Pecos, if this splendid sermon is to sink deep down into the hearts of our people as it should they will seek out and elect to office the best men of the town.—Pecos Enterprise.

CANYON WILL HAVE MORE PAVING

The city council closed a contract Friday afternoon with the Panhandle Construction Company covering the ten blocks from the depot to the highway to the east end of Houston street. The paving will be done on natural foundation.—Canyon News.

Mrs. Mary Reed Miller was hostess to the Friday Bridge Club last week at her home in North Carlsbad, and a delightful informal meeting is reported.

CANDIDATE FOR SHERIFF OF EDDY COUNTY.

I hereby authorize my name to be placed before the voters of Eddy County, New Mexico, at the general election as a candidate for the office of sheriff of the Independent ticket. Your vote and support will be highly appreciated.

EL PASO MASONIC SERVICE DISTRICT IS PERFECTED AT PASS CITY MEETING

El Paso, Texas, Oct. 12.—Organization of the El Paso Masonic Service district was perfected last night at a joint meeting of the Texas service and education committee and the southwestern branch of the Masonic service association, which was attended by members of masonic bodies in Texas, New Mexico, and Arizona. Dr. F. F. Miller, of El Paso, was elected chairman of the El Paso Masonic Service district. W. W. Scott of El Paso, vice-chairman, and Adolph Stoy, also of this city, secretary.

Wilbur Keith, Dallas, secretary of the Texas committee, had charge of the meeting. Grand Master of Texas, D. Frank Johnson, of Brownwood, delivered the opening address.

Other speakers were Grand Master Lucius Dills, New Mexico, Past Grand Master Francis Lester, New Mexico, Past Grand Master George F. Morgan of El Paso, Victor Minter of Carlsbad, and A. C. Johnson of Pecos, Texas.

Persons fond of flowers, will be glad to visit to the park of Roadmaster Willard Keen, north of the depot, where flowers have reached their greatest beauty. He has dahlias of every conceivable hue and shape, and size, ranging from pure white, through the various shades of yellow and red. The zinnias are only a shade less showy than the dahlias, and he has clematis that is a delight to the eye from its size and beauty. There are also many varieties of fragrant roses blooming in the garden and scarlet salvia, makes a brilliant border.

Mr. Keen has a velvet bean growing on the flag pole which has attained a height of forty feet and is full of beans from bottom to top. The summer flowers are about gone, but the fall blooms are at their best at this time and one feels a pang of grief when contemplating the fact that soon their beauty will be destroyed by a chilling frost. "The entire garden is a revelation to those persons, who but a few years ago, stated that flowers could not be grown here. Mr. Keen may have such success with his flowers from the fact that he is so liberal with his friends, and other lovers of the beautiful blossoms. The Current reporter acknowledges the gift of a bunch of dahlias of fifteen varieties. It is hard to tell which of the fifteen is the most beautiful.

THE KLAN VISITS REV. R. F. DAVIS

Last Thursday evening, October 12th, the Klan, not the Kluklucks, but about 75 members of that Klan known as Methodist visited the parsonage and pounded their pastor, who had just returned to them for the fourth time. They brought almost every thing good to eat from a box of "All Day Suckers" to a "quarter of beef," which was put in cold storage and the storage paid on it. Who ever had a better people to live among than the pastor of the Methodist church. The ladies of the congregation wrapped the pastor's wife in a very beautiful quilt, the work of their own hands.

When the Klan left, they left the pastor and family with a warm heart and a desire to do more in the future for such a splendid people than they had ever done before.

While they appreciate the good things as such, they appreciate more the spirit that prompted the giving. May God's richest blessings ever be upon them is the prayer of the pastor.

Mrs. Walter Craft and Mrs. Losseffs, county health nurse, will leave Sunday for Dallas, where they will spend a week or ten days. They will be accompanied on the return trip by a friend of Mrs. Losseffs, who is coming to spend the winter with her. Mrs. Losseffs has rented the Little White Hat Shop building and will keep house there with her friends.

WOMAN'S CLUB MEETS

An interesting session of the Women's Club was held at the Club house Tuesday afternoon. The program consisted of welcoming the new members who have recently joined the club, and announcement of the activities of the various committees. The next meeting of the music department will be held one week from tonight, at the home of Mrs. Glasier, and Miss Johnston, in charge of the Music department has announced that it will be a McDowell evening, to which all the members of the club who are interested may come with their husbands.

The Art Department, under the chairmanship of Mrs. Frank Tracy, will meet at the club house, Tuesday evening next, and will study the "Origin of Art" at that time.

The regular program of the club Tuesday afternoon was as follows: Introduction to Appreciation of Paintings, Cimabue-Mantegna, Mrs. Dean Smith. Piano numbers, Mary Frances Joyce.

Club program in charge of the Civic Committee, Mrs. H. I. Braiden, chairman.

The Civic Committee recently met with the city council and pledged their cooperation and support to anything that body undertook that would be of benefit to the city. Practical suggestions made looking toward freeing the streets of caterpillars, cleaning up the streets and alleys, and also the vacant lots about town. A movement will also be set on foot for more attractive yards and gardens, and with the improvement of the various parks of town and other civic betterment. Carlsbad will deserve her name of "The Beautiful." The civic committee also pledged its support to the promised Rest Room in the Municipal Building, when the latter is completed.

OLD LANDMARK BURNED

The old Eddy House in La Huerta burned down this morning at about three o'clock. This was one of the first houses to be erected in this city, and was also one of the best. It was occupied at first by George Eddy for whom the town and county were first named, and belonged at this time to Mr. Stevens, a relative of F. G. Tracy. About a year ago repairs and alterations were made on the building to the extent of about \$3,000.00 and it was used as a club house by a social club, where dances were given, for which it was especially fitted, the rooms being large and airy. No cause can be assigned for its destruction, as everything seemed to be in good order last night at the close of a private dance. A caretaker, who slept in the house, is unable to discover the source of the conflagration, but with its loss another old landmark is gone.

BAPTIST CHURCH IRA HARRISON, Pastor.

The matter of inviting the 1923 Baptist State Convention will come up Sunday morning; therefore we are asking that each member think about it and come prepared Sunday to help us put it over in a grand fashion.

The theme Sunday evening will be: "Plucking A Rose from the Devil's Garden." Lots of roses in Carlsbad, but many of them are growing among the thorns. Parents, bring your children; children, bring your parents.

The morning services as usual, except Sunday school at 9:45 instead of 10 o'clock. Preaching at 11 o'clock. We are anxious that we'll finish our amount due on the 75 million Campaign. The pastor has no time to run around and beg his people to meet their obligations. Please pay what you can. This is a testing time for our people. Surely no loyal Baptist will beat a retreat.

Tuesday evening, October 31, 1922, has been reserved by local Oddfellows for the entertainment of the members of the Rebekah lodge and the families of Oddfellows and Rebekahs. Each fifth Tuesday evening of the month is devoted to a joint meeting of the two bodies, for the exchange of ideas for the betterment of the fraternities in carrying on the work of the two great Orders.

Elliott Perry, who has been working as linotype operator in the Current office for about fifteen months, will leave Monday for Hamilton, Texas, where he will enter school for the year. Elliott has many friends among old and young of this city, who regret his leaving.

Mrs. Payden of Clovis was a guest at the Palace Hotel Tuesday night and Wednesday, en route to her parents home at Lovington. Mrs. Payden had with her the little daughter of her deceased sister, who passed away about a year ago. The baby delighted every one at the hotel by her winsomeness and charm.

Remember the Methodist Ladies market, to be given one week from tomorrow, the 28th instant, at Thorne's Furniture Store, where you can get all kinds of good things for your Sunday dinner.

It is fortunate that great minds do not all run in the same channel. Scrambled brains might become tiresome as a steady diet.

DISTRICT COURT

District Court is still in session, and while it will likely adjourn over Sunday, prospects are that the session will continue through next week. A number of non-jury cases have been heard and a number remain to be disposed of.

Two criminal cases were disposed of this week. One, that of the State of New Mexico versus Polo Mendiaz, for murder. The jury in this case brought in a verdict as follows:

"We, the jury, duly impaneled and sworn in the above entitled cause, find the defendant guilty of voluntary manslaughter, as charged in the indictment."

L. R. PIPKIN, Foreman. The other members of the jury are Will Ed Carter, Ralph Turpening, Jess Truitt, Henry Smith, Paul Terry, D. E. Bryant, Calvin Dunn, Dayton Recor, Earl Collins, Buck Ghoison, George O'Connor.

The case of the State of New Mexico, versus H. J. Foster, for larceny of cattle, was also tried this week, the jury bringing in a verdict of guilty with recommendations of clemency to the judge.

EDDY COUNTY MEDICAL SOCIETY

The meeting of the Eddy County Medical Association was held yesterday afternoon at the rooms of the County Health officers with the following members present: Drs. Stroud and Russell of Artesia; Dr. Oliver of Loving; Drs. M. B. Culpepper, Pate, Depp, Boatman, of this city; and the doctors of Dental Surgery, Westfall, Bearup and Smothers.

The meeting was called mainly for the discussion of the disease which has been obtaining in the northern part of the county, and which has been called "milk sickness." A number of cases and at least one death has occurred in that locality. The disease comes from a germ, and is presumably taken up by a cow, and so transmitted through milk and butter. Some interesting facts were brought out at the meeting about the disease, the lower valley having several cases some years ago. There will be a further investigation and another meeting held in one month at the same place. An election of officers was held, which resulted as follows: President, Dr. Stroud of Artesia; vice-president, Dr. F. F. Depp of Carlsbad; secretary, Dr. Russell of Artesia; treasurer, Dr. Boatman of Carlsbad. The meeting was presided over by Dr. Culpepper, the retiring president.

The regular monthly communication of Eddy Lodge No. 21, A. F. & A. M., will be held next Thursday evening, October 26, 1922, at 7:30 o'clock.

Victor L. Minter, secretary of the lodge, and a member of the Committee on Educational Service of the Grand Lodge of Masons of New Mexico, will give a report of the big meeting of Masons held in El Paso last week.

Mr. Minter accompanied Francis E. Lester, Past Grand Master of Masons of New Mexico and chairman of the Committee on Educational Service, to Miami and Globe, Arizona, where the lectures on "The Brotherhood of Man" and "Equality of Opportunity" were delivered before representative audiences of Masons and their friends. The visit to the Arizona lodges was made upon invitation from the Grand Master of that state. The visitors report royal entertainment by the Arizona Masons; and one enjoyable feature was an auto trip from Globe to the Roosevelt Dam via the Apache trail.

Arrangements have been made for the use of approximately 75 lantern slides to accompany a lecture entitled: "Civilian Patriots of the American Revolution" which will be given shortly for the entertainment of the members of the local lodge.

Mrs. John Prickett was taken to Sisters Hospital last Wednesday morning for an operation for appendicitis, from which she has been suffering for some time, so that an operation was vitally necessary. The Current joins a host of other friends in hoping for an early and complete return to health of this very useful woman.

Mrs. R. L. Halley is entertaining at an elaborate tea this afternoon to introduce her guests, Mrs. R. C. Bone and Mrs. W. S. Spear, to the ladies of Carlsbad. Mrs. Bone is from Gainesville, Texas, and has been in Carlsbad for several days, while Mrs. Spear is a more recent arrival coming last night from Clovis, Texas.

Eddy Lodge No. 21, A. F. & A. M., has called a special communication for Saturday evening, October 21, 1922, at eight o'clock, for the purpose of conferring the Master Mason degree. Refreshments will be served at the close of the meeting. Visiting brethren always welcome.

LOCAL NEWS.

Alfred La Valle went up to Roswell Friday night for a week end visit in that city.

Mrs. Annie L. Barber expects to begin a roundup on her ranch on the Plains, the Barber-Pen ranch, next Monday. She plans to ship five cars of fat old cows at the close of the work.

A. G. Taggart, business manager of the Pecos Mercantile Company, Pecos, Texas, and Mrs. Mayme Pruitt Taggart, visited with W. C. Taggart and family the week end passed. They also went to Roswell on a little business trip and motored back through Monday afternoon on their way home.

W. C. T. U.

Regular meeting and reception. The ladies of the W. C. T. U. held their regular meeting at the home of Mrs. J. M. Story, last Tuesday afternoon. A very pleasant afternoon was enjoyed. The lesson was led by Mrs. Schenck, the ladies participating in a discussion of the coming election. A social hour was given in the form of a reception for the new officers: Mrs. Lee Vaudegriff, president; Mrs. Baker, secretary. The refreshments were served by Mrs. J. H. McCreary, Mrs. J. O. Carrel and Mrs. A. F. Roselle, which were very much enjoyed by the ladies. An additional feature was a short talk by E. S. Shattuck just before the ladies adjourned.

PRESS CORRESPONDENT.

Mrs. Sophia Blocker left Saturday night for Chicago, where she will be met by her son-in-law and daughter, Mr. and Mrs. B. C. Rice, and will make the rest of the journey to their home at Milwaukee, Wisconsin, via automobile. She expects to stay there for at least two months.

Judge Fred E. Wilson and family will leave Carlsbad about the first of November, for Denver, Colorado, where Judge Wilson will take a post graduate course in the law school of that city.

THE COTERIE CLUB MEETS AT WORLEY HOME

The meeting of the above named organization which was held at the home of Mrs. Roy Worley, in the Otis district, Tuesday, was an occasion of much enjoyment to those present. The ladies were asked to the pretty country home to spend the day, and went early in the morning for that purpose. An old fashioned comforter knotting was the employment for the day, and two covers were added to Mrs. Worley's store for the winter by the industry of the ladies. At the noon hour, ten conundrums were given to the ladies to solve, those answering the most having precedence at the table. Dinner was served cafeteria style, from a table fairly groaning with its weight of eatables, and no one but was satisfied, notwithstanding some failed to answer the conundrums. After dinner, with Miss Filson at the piano, Miss Wardie Bates gave a number of lovely solos and added thereby very materially to the pleasure of the afternoon.

A number of friends from Carlsbad motored out for a few hours, and were rewarded by being elected to membership in the club. Just before leaving for their respective homes delicious cocoa and wafers were served which proved a fitting finale to the entire day.

Those present in the morning were Mrs. Watson, Mrs. Hays, Mrs. M. L. Sam and Ray Davis, Mrs. Whitney, Mrs. R. V. Slease, Mrs. C. Grandi, Mrs. George Fessler, Mrs. Lloyd Poter, Mrs. Filson and Miss Mollie Filson. In the afternoon the following guests joined the party: Mrs. W. C. Bates, Mrs. Wraether, Mrs. Lang, Miss Bates, and Mrs. A. Moore.

How many can answer the following list of conundrums?

1. How do we know that Adam used sugar?
2. Where did Noah strike the first nail in the ark?
3. When will there be but twenty-four letters in the alphabet?
4. Why is the letter "L" like a squalling child?
5. Why does a tall man eat less than a short one?
6. When is a doctor like a cross man?
7. What man had no father?
8. What is the best bet ever made?
9. What has four legs and only one foot?
10. What is the oldest piece of furniture in the world?

These are the conundrums submitted in the contest by Mrs. Worley and we give them, only remarking that any one who answered all of them, deserved a dinner.

Attention is called to the sale advertised in another column of the Current of farm implements, stock and household goods, belonging to A. D. Poter, who will dispose of his goods preparatory to leaving the county. His family being already in Santa Cruz, California, and the children in school. This is Mrs. Poter's home town and the family is well pleased to be there again, or rather will be with the coming of the husband and father. Mr. Poter tells us that owing to his various crops, more especially his cotton, he will be unable to get away before the first of the year. They have lived here five years and regret is general at their leaving.

Mr. and Mrs. William Matheson sold their home on Main street last week to Homer Cair, who will move into his purchase as soon as the necessary arrangements can be made, and will rent the house now occupied by his family on Halagueno street.

Ed Burleson was in from his ranch on Last Chance the first of the week.

During the winter months the work will be concentrated in the schools though the other pre-school infant hygiene and prenatal work will be carried on as much as possible.

At the time of this report there are three more classes in home nursing being organized and others will be started around Carlsbad and in Hope after the first of the year. Anyone wishing to join the Home Nursing classes please send names to the Department before the middle of December. There is no fee except the price of the book used, which is \$0.70 for the paper cover and \$1.25 for the cloth cover. The classes are given in connection with the Red Cross and certificates issued from St. Louis at the end of a successfully completed course.

DEPARTMENT OF PUBLIC HEALTH, Eddy county, New Mexico

Will Morgan and J. D. McClellan, who left about ten days ago for Big Springs, Texas, returned Saturday. Mr. Morgan had the pleasure of visiting with two of his sisters, one at Sterling City and the other at Big Springs, while he was gone. He says he saw no town ahead of Carlsbad, unless it was the little town of La Mesa, which is exceedingly prosperous at this time. Asked as to the cause of its prosperity, he cited the fine cotton crop raised in that vicinity, which was raised with very little expense to the growers. While on the subject of cotton, Mr. Morgan has forty acres of fine cotton, from which he expects to get at least twenty-five bales. Should the frost hold off he will get a bale an acre, but that is hardly a probability.

The Baptist church was crowded Sunday night, the Methodist congregation uniting with that congregation for the night service. This was the first opportunity that many of the visitors had to hear Rev. Ira Harrison, the Baptist preacher. Reverend Harrison preached a very plain, interesting sermon on "The Needs of Carlsbad," which was listened to attentively by the large congregation present.

Andy Baird has had his house on North Canyon street repaired and improved in various ways, and expects to still further add to it as he gets able. A number of other property owners in the city might profit by the example set by Mr. Baird.

MRS. ADELINA
OTERO-WARRREN
Republican Candidate for
Representative in Congress

MRS. OTERO-WARRREN IN THE FIELD OF EDUCATION

Mrs. Otero-Warren is both a worker for education and a working educator. She has demonstrated practical ability to get results in both fields of endeavor. For many years she has worked to improve the state's public school system. Her work has been done among the people and before legislative com-

mittees where it has counted in results. The county unit school law, county boards of education, practical county high school establishment the nine months school term, higher teaching standards and better salaries for teachers all have had her active aid.

When the vacant office of superintendent of Santa Fe county schools was offered to her by appointment, she accepted because she saw an opportunity to better rural school conditions then greatly in need of improvement. School buildings were out of repair or inadequate. The school funds were involved, school warrants were unpaid and the schools were heavily in debt. Teaching standards were low. Public interest and co-operation were lacking.

Today the state has no better rural schools than those in Santa Fe county. Warrants are paid promptly. School credit is restored. School buildings are modern and in repair. County high schools are flourishing. An all-year school nurse is kept busy. Only first grade teachers are employed. They are adequately paid. There is a budget balance of \$27,000 and the people of every district display interest and pride in their schools.

This is the result of less than four years' work by a woman who having ample personal means to permit a life of leisure and social amusement, has chosen to lead the life of a worker in that field in New Mexico where sympathetic understanding and wisely directed effort are most needed.

Mrs. Otero-Warren believes in adequate salaries for teachers. She has secured payment of such salaries in her own county administration. She believes in efficient teachers and demands that no other be employed in the schools she directs. She believes that no further increase in taxes for school administration should be imposed upon the people and that careful economy and more efficient school administration must be the means of maintaining adequate schools. But she believes also, that aid should be given by the federal government through further grants of public lands for school maintenance and

New Mexico Should Elect A Governor Whose Whole Interest is in New Mexico

In the El Paso City Directory, Page 557, published by the Hudspeth Directory Co., of El Paso, is the following:—

"Hill, Chas. L. office with the First Mortgage Co., Rms. 3631 McKinley Ave."

In the City Telephone Directory, page 22, Book T. 1 published summer of 1922, is the following:—

"Hill, C. L., Investments, 100 San Antonio St. Phone Main 550. Hill C. L. r. 3631 McKinley Ave. Phone East 741."

In the county tax collector's office is the following automobile license information:—

On May 17th, 1922, Dr. C. L. Hill, Address, 3631 McKinley Ave., El Paso, Texas, took out license for Hudson touring car No. 662669. On July 1st, 1922, Dr. C. L. Hill, address, Hill, N. M., took out a license for Buick touring car No. 731045.

New Mexico Should Elect James F. Hinkle, of Roswell

she believes that such grants can be obtained from congress by sustained effort and serious presentation of New Mexico's situation and necessities.

It is significant that Mrs. Otero-Warren has never failed in any undertaking for the public welfare to which she has set her hand.

Partisan political opponents hoot at the idea that a lone New Mexico woman representative can secure from congress a further grant of land to lift from the taxpayers a part of the burden of school maintenance. But Mrs. Otero-Warren led the fight which brought equal suffrage to New Mexico women in advance of the national amendment. She led the fight which resulted in establishment of the state health and welfare department, which has saved thousands of lives and bettered living conditions in every county in New Mexico. She lifted the Santa Fe county school system from its demoralized condition and made it one of the best in the state.

Heretofore further land grants for our public schools have only been talked about. Mrs. Otero-Warren proposes to work for such a grant with every resource at her command. The parents of New Mexico, confronted with duty to children on one hand and with heavy tax burdens on the other, should give her the opportunity to try. She will succeed.—Advertisement.

R. E. TAYLOR, MOHAIR GROWER, WINS PRIZES

C. W. Taylor, son of R. E. Taylor, the well known Ancora goat raiser, returned recently from a trip to various places in Texas, where they exhibited at fairs, and came home with a fine list of prizes. The Taylor ranch is about forty miles southwest of town and is one of the best in the state. They exhibited at the Sabin Fair, and also at the Texas State Fair at Dallas, taking prizes in both places. At the Sabin Fair they secured prizes on the Championship buck and doe, and also secured a special prize of twenty-five dollars offered by Roy J. Davenport, for the best doe and buck. Mr. Davenport is a mohair buyer, and expects to come to this part of the country in the near future to buy that commodity.

Mr. Taylor also made a number of winnings at the Dallas State Fair where there were a large number of exhibitors. The list of his premiums at the latter place is as follows: Buck, two years and over, first; buck, one year and under two, second, third and fourth; doe, two years and over, first, second, third and fourth; doe, one year and under two, first, second, third and fourth. Champion buck and doe (these all in long haired class). Short haired class: buck kid, second, third and fourth; doe, two years and over, second and third; doe, one year and under two, first, second, third; doe kid under two years, first, second and third. Champion doe. Exhibitors flock, first, second and third; pen of four yearling, first. Best breeder's flock (silver Trophy cup), first. Long mohair exhibit on goat, second; pen of four kids, silver trophy. Fleece exhibit, off goat, twelve months kid, first; six months kid, first.

Such a number of premiums is seldom received by one person and when the large number of exhibits is considered the winner has a good right to feel proud of his flock.

BORN—To Mr. and Mrs. Lee Middleton, at their home on Main street, this city, last Monday morning, a ten pound son. Best wishes to all concerned.

An emergency operation was performed at Eddy County Hospital last Monday night. Manuel Juarez of Loving was the sufferer and appendicitis the ailment.

Mrs. John Moore is having quite a time with asthma this week, at the home of her parents, Mr. and Mrs. A. C. Geer. What makes conditions worse is the fact that Mrs. Geer is still so very ill, with no hope of her recovery.

Mrs. W. C. Caviness is enjoying a visit from her mother, Mrs. Plater whose home is at Dardanelle, Arkansas, and who came in last week. The lady is pleased with her reception and surroundings, and will likely remain for a fortnight's visit.

H. B. Johnson came down from Roswell Monday night to look after his property interests in Carlsbad, where he formerly resided. Mr. Johnson is a successful coal and wood merchant in that city. He has not had the best of health for the past six months or more, being troubled with rheumatism.

Henry Bock, the plumber, has so far recovered from his broken collar bone that he is able to take up his work again and is busy this week on the Municipal Building, some of the plumbing of which he had put in before his accident.

Mrs. Ovie Reeves, after a month's stay in Carlsbad at the home of her parents, Mr. and Mrs. Ben Barnett, left for her home in Wichita Falls, Kansas, today. This was her first visit home since leaving here over a year ago, and she has had a delightful time with home people and school girl friends.

Mrs. Vernon Middleton left hurriedly last Saturday for the home of her father, a few miles out from El Paso, being called there by a telegram announcing his serious condition, and requesting her presence at once. As no word has been received, it is hoped that she arrived before his passing.

Misses Mae Middleton and Susie Cox arrived in the city and spent the week end here with relatives and friends, coming from El Paso Gap, where Miss Middleton is teaching school, and which place is the home of Miss Cox.

The new home erected on the McCall place southeast of town has been completed and the two brothers, Robert and Dewey McCall, and their wives, moved in the first of the week.

Mrs. F. E. Doepp entertained the Thirteen Bridge Club, at her home in La Huerta, Wednesday afternoon.

WHAT IS THE ANSWER?

The S. B. Davis campaign publicity bureau has come out with a bulletin attacking Senator A. A. Jones for being a party to the legislation which financed the world war.

This bulletin, entitled "Senate Record of A. A. Jones," and which is throughout intentionally misleading and in places untrue prima facie attacks Senator Jones for being a party to running America into debt in her fight to save liberty in the world. Mr. Davis should make it

clear at once, over his own signature, whether or not he disapproves the action of the United States in entering into the World War.

We have been daily astonished at the nature of the material which is being used to advance Mr. Davis' campaign. We are at a loss to believe that he will sponsor all of it. But this particular piece of publicity demands immediate explanation.

If Mr. Davis, as shown by his bulletin, was against America's entering the war, the people of New Mexico ought to know it definitely from his own lips.

Referring to Mr. Jones' work on the finance committee, this bulletin says: "We have not forgotten it was this committee which provided the legislation which financed the world war. It was this committee which provided the legislation from which it will take the government of the United States hundreds of

years to recover."—Santa Fe New Mexican.

In its platform, the Democratic party took a decided stand for the reduction of expenses in state government. Going on the ticket, Democratic candidates have reiterated that position in the public utterances. James F. Hinkle, candidate for governor, in an address in Santa Fe last Monday night, hit one of the evils of Republican rule that is costing New Mexico more money than is necessary. Elimination of useless jobs was promised by the gubernatorial nominee. Mr. Hinkle declared there are more positions on the public payroll than are necessary for the conduct of the state's affairs. Those familiar with conditions in New Mexico know that the payroll is the Republican way of keeping together its organization, rewarding

the faithful at the expense of the people.

However, the leaders of the Republican party show just as little consideration for the men and women in that party as is accorded Democratic residents of the state. The high cost of governing New Mexico must be paid by all citizens, whether Democrats or Republicans. Consequently, the support of the G. O. P. machine costs the members of that party as much as if they were Democrats. New Mexico's only chance of retrenchment lies in electing the Democratic ticket.

The RANGE you will have Someday IS
the RANGE you should have TODAY!

Do these thoughtfully worded reasons indicate why you really
owe it to yourself to possess the genuine?

We feel justified in stating that the Boiler-Iron Chief Range is the finest coal and wood burning range ever constructed. Tens of thousands of them in use, throughout the country, will endorse this statement. The oven bakes uniformly with very little fuel. It has capacity for as many as eight 9-inch pies or their equivalent at one time. The fire-box burns all fuels and because of the distinctive patented advantages, does it more economically. Should you desire a reservoir, because of the patented improvements, you can heat water and bake at the same time. The high closet is over-size. The three-wall construction, with double the amount of usual mineral wool, and used in more places, means a cooler kitchen in the Summer, less fuel the year around, with plenty of warmth in the Winter. The exclusive rounding corners and the distinctive design is very pleasing to the eye.

The many exclusive features are so desirable that we are sure only a personal investigation, granting us the opportunity to demonstrate, would cause you to fully appreciate the importance of the "now" in deciding. Consider this, if you please, as a personal invitation. Investigate—may we say, tomorrow?

And just a suggestion of how attractive these ranges really are

SOME TRIBUTE

Senator A. A. Jones, campaigning in New Mexico for justice to the ex-service man, paired his vote in the senate with two other senators, as is the custom on a vote requiring two-thirds majority, and thus helped as effectively in the effort to override the President's veto of the bonus bill as if he had been present. Mr. S. B. Davis, Republican candidate for the senate, doesn't seem to understand pairing—one of the A. B. C.'s of senate procedure. His press bureau has repeatedly given it out that Mr. Jones pairing made his opposition to the veto ineffective. Coming from a senatorial aspirant this is rather funny. But the best of all is the statement recently published that if Mr. Jones had gone off and left the campaign field to Mr. Davis here, and had gone to Washington and voted in person, the "influence of his personality" might have forced the passage of the bonus bill over the veto.

And then they turn around and tell us Senator Jones has no influence in the senate!—Santa Fe New Mexican.

WHO WILL CONTROL NEW MEXICO'S VOTE IF REPUBLICAN WINS?

Washington Observers of Senatorial Race Recall Bursum-Curtis Alliance Makes "Sunshine" State Annex to Eastern G. O. P. Machine

By JOHN E. BURGETT. Washington, D. C., October

Political observers of the Senatorial campaign in New Mexico are wondering whether the voters of that state will elect a fourth Senator for Kansas. That's what the election of the Republican candidate will mean in the opinion of these Washington observers.

The Federal Constitution provides that each state, no matter how big in territory, or great in population, shall have two Senators, neither more nor less. But the Republican organization in the Senate has decreed that a Senator who is nominally the representative of one state may either volunteer or be drafted to serve the interests of another commonwealth.

Thus, both Republicans and Democrats who have watched the votes cast in the Senate by Senator Bursum of New Mexico recall how regularly he has followed the lead, and apparently at the dictation of Senator Curtis of Kansas. This fidelity to the views—or the instructions—of the senior Senator from the "Jayhawker" state, has earned for Senator Bursum the nickname of "Third Senator from Kansas."

Although the Representative in the Senate of a mid-western state which is usually progressive and liberal in its political views, Senator Curtis is one of the arch-reactionaries of the Senate. He is not, however, the maker, but only the mover of the Republican plans. He gets his orders from the little coterie of eastern Republicans who really control and direct legislation in the Senate, especially that which bears the label of the administration. Seemingly the method of these eastern reactionaries is to use Senator Curtis as an intermediary Republican who might be a bit timid about acquiring a reputation for friendship and fraternization with the eastern group.

As liaison between the eastern clique and the western Republicans, Senator Curtis carries as many of the latter for the schemes of the former as he can. It has often been noted here that Senator Bursum seldom expresses a view or casts a vote without first having conferred with Curtis. Whether it is only a coincidence or a consequence, the fact is that a comparison of the votes cast by Curtis and Bursum will show that they almost invariably are either for or against given measures.

There is perhaps some inaccuracy in calling Bursum "the Third Senator from Kansas." He no more speaks for Kansas in his votes and addresses in the Senate than he voices the wishes of New Mexico. For Curtis doesn't represent Kansas, either. Geographically and officially Curtis is from Kansas, of course. But politically and legislatively he is either from New York, Pennsylvania or Massachusetts. It is from those states (through the Republican reactionaries they send to the Senate) that Curtis gets his inspiration and his commands.

In the last analysis, therefore, this designation, "the Third Senator from Kansas," does not fit Bursum. He is in reality, so far as his sympathies, alliances and votes are concerned, the fourth or fifth Senator from Pennsylvania or the sixth or seventh Senator from New York.

If New Mexico selects a Republican colleague for Senator Bursum in the November election, the chances are that the newcomer to the Senate for that state will add considerably to the voting strength of New York and Pennsylvania, or possibly Connecticut, the former home of the Republican candidate.

Democrats today were holding up the prison-killing as another instance of why New Mexico should oust Republicans from office. Politics, alone they maintained, actuates the movements of the men elected by the Republican leaders. The wishes of the majority members of the party are of no consequence. The penitentiary board, composed of Republicans and Democrats, returned a recommendation to the Governor that the warden be removed. If the governor felt that such a recommendation, twice made, should be followed, he did not let his own judgment rule. He could not. The Republican leaders stand in the way of correct procedure. The right thing would be the wrong thing for the party. The warden is a favorite with a wing of the Republican faction. He must be retained because that crowd wants him in office. Republicans and Democrats would not tolerate such conduct in their own circles, but they are compelled to accept the situation when their dictators so decree. In an address in Santa Fe James F. Hinkle, gubernatorial candidate on the Democratic ticket, declared, "I would have fired that man in thirty minutes." Such official action would have been to the credit of New Mexico. But it is possible in the Democratic nominees.

341,000 Happy People
341,000 happy people in the United States and Canada sat down last year to their Christmas dinners who wouldn't have been there if the death rate for 1921 had been the same as it was in 1911. What happened to make conditions so much better? There has been a constantly growing organized effort to prolong human life. Anti-tuberculosis associations, welfare organizations, nursing orders and legislative bodies have all taken a hand. The results show that lives have been and can be lengthened by the wise use of money, and that such an investment pays dividends in dollars. When A Bread-Winner Is Taken Away

The family is poorer. A community suffers a very definite economic loss when it loses a number of lives. It increases the cost of living to have workers die needlessly. It increases taxes—to say nothing of the sorrow and unhappiness involved. As soon as people realize that the wealth of the nation depends upon the men and women who make up the nation, the tremendous financial importance of prolonging human life becomes clear to everybody. The United States is said to be the richest country in the world. Take every man and woman away and what would it be worth. Not so much as it was when the red Indians owned it. Even the unskilled laborers who work his full life time makes the nation richer by several thousand dollars. It follows, therefore, that down to the smallest tax payer in the last small community, everybody is better off when lives are saved.

"I have taken Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of

BAPTISTS REPORT \$35,000,000 CASH

CAMPAIGN HAS MADE POSSIBLE
FAST ENLARGEMENT OF EVERY

in Forward Movement Dur-
ing November

Total cash collections on the Baptist 75 Million Campaign up to May 1, 1922, had reached the sum of \$35,152,211.69, according to the general Campaign headquarters. This represents an advance of nearly \$20,000,000 over what Southern Baptists did for their general missionary, educational

and benevolent work for the three years preceding the Campaign.

The contribution of larger gifts to religious work has been accompanied by larger spiritual results in the local churches. It is pointed out. For instance, Southern Baptists baptized 150,000 more converts during the first three years of the Campaign, than they did in the three years before. They gained 3,000 new Sunday schools and 400,000 new pupils, enhanced the value of their local church properties by \$32,000,000, enlarged their contributions to local causes by \$22,390,000 and increased their contributions to all causes by \$43,180,490.

Baptist Institutions Grow

Some other phases of denominational progress made possible by the Campaign include increasing the number of Baptist hospitals in the South from 12 to 19, with three others under construction and four more definitely planned; strengthening of 17 Baptist orphanages and the establishment of two new ones, lifting \$3,000,000 indebtedness on 119 Baptist schools, colleges and seminaries, completion and projection of permanent improvements there in the sum of \$4,000,000, and the addition of substantial sums to the endowment funds. Over 2,500 ministerial students are enrolled at Southern Baptist schools.

Church Loan Fund Raised

Among the outstanding accomplishments in the work of the Home Mission Board are the adding of 1,000 churches in building new houses of worship, the completion of the million-dollar Church Building Loan Fund, strengthening the work among the foreigners and Indians and the 35 Mountain mission schools. The Board has employed an average of 1,495 workers during the Campaign and reports for that period 134,832 baptisms, 218,371 additions to churches, 2,276 Sunday schools and 759 churches organized, and 1,409 houses of worship built or repaired.

On the foreign fields the equipment for mission work has been practically doubled, more than 250 new foreign missionaries have been sent out, more than 400 new native workers have been employed, and the Board has entered the new fields of Spain, Yugoslavia, Hungary, Roumania, Southern Russia, Palestine and Siberia. The Board reports for the period of the Campaign 117 new churches on the foreign fields, 21,723 baptisms, 211 new Sunday schools, gain of 17,576 pupils, native contributions of \$1,093,350.68, and 529,642 treatments administered by medical missionaries.

Another result of the Campaign is that the Relief and Annuity Board, which is seeking to care for the aged dependent ministers and their families, has been enabled to double the number of such persons helped and the amount that is given these beneficiaries. Last year the Board was able to dispense \$128,964 among needy ministers. It has invested assets of \$1,142,038.

Receive 500,000 New Members

More than 500,000 new members have been received into the local Baptist churches of the South since the Campaign began, and in the hope of enlisting all these in the Campaign, as well as reaching the older members of the churches who have not shared in the forward movement heretofore, the month of November 6-December 3 has been designated as Re-enforcement Month by the Campaign Conservation Commission. During this month it is planned that every Baptist church in the South will call upon all its members who are not already participating in the Campaign and secure subscriptions from them covering the two remaining years of the Campaign from all the members. Dr. L. R. Scarborough, of Fort Worth, Texas, who was general director of the original Campaign, has been elected to serve in that capacity for the Re-enforcement program, although the details are being worked out in the various states under the leadership of the secretaries of the state mission boards. It is hoped to secure several million dollars in additional subscriptions and several million in cash as well by December 1.

RED CROSS HEALS WOUNDS OF WAR

25,000 Disabled Ex-Service Men
in Hospitals After Four
Years of Peace.

CHAPTERS' FIELD OF SERVICE

Every Veteran Needing Help Gets
Individual Attention of Sym-
pathetic Workers.

When on November 11 the world halts to observe the fourth anniversary of Armistice Day, and the American Red Cross inaugurates its Annual Roll Call for the enrollment of the 1923 membership, the people of the United States may well pause to think of the unparalleled contribution to the cause of peace made by our Army and Navy in the World War. The glory of it is a common tradition; but the wounds of war remain. They are not healed in a day, in a year, nor in four years. And on Armistice Day there will be under treatment in Government hospitals over 25,000 ex-service men, broken physically by wounds, exposure, nervous strain and exhaustion incident to their service in the war.

The Government without stint is undertaking to furnish these disabled men with the compensation and medical care to which they are entitled, yet their especial care is a duty of the Red Cross. Why? Because the Government cannot handle the cases of ex-service men individually; it must handle these men in bulk under a standardized policy. The Government has neither the authority, the funds or the equipment for working out the problem of the individual man. There is where the American Red Cross finds its greatest field for service, aiding through its very active Chapters in reaching the disabled man with immediate practical help, assisting his family while his claim is emerging from the process of adjustment, furnishing articles of comfort, funds to tide over the difficult periods, the friendly touch of personal encouragement, helpful recreation and worry-dispelling amusement. It is the warm hand of sympathy and understanding which the American Red Cross extends to the majority of these disabled ex-service men, some of them friendless in the whirl of life, thousands of them with wives and children dependent upon them, and hundreds of them frequently helpless in the face of grim necessity.

2,679 Chapters Aiding Veterans

In this work, upon whose accomplishment the American Red Cross is urging a record-breaking enrollment in the Roll Call which opens on Armistice Day and closes with Thanksgiving Day, 2,679 Chapters in all parts of the country are engaged. This is 350 more than were working for ex-service men last year when approximately \$10,000,000 was expended by the National Organization and the Chapters working together in harmonious unity.

For the current fiscal year National Headquarters appropriated \$3,000,000, an increase of \$955,000.84 over the amount spent for the work among ex-service men in the year ended June 30 last. Since it is estimated that the Chapters will expend close to \$7,000,000 from their own funds, the grand total of Red Cross expenditures for this single work is expected again to reach the \$10,000,000 mark by June 30, 1923.

Hospital and District Office Work

During the fiscal year a total of over 1,000 persons, paid and volunteer, has been engaged in Red Cross duty in hospitals or district offices of the U. S. Veterans' Bureau. An average of 8,000 new cases requires definite and particular attention each month. The demand for Chapter-made articles for hospital patients is constant.

During last year Service Claims and Information Service at National Headquarters handled 37,200 compensation and insurance claims, 24,500 allotment and allowance cases, and 9,700 miscellaneous claims. Since February, 1919, it has disposed of 64,174 allotment checks payable to veterans which the Post Office Department created under law.

The Chapter is the unit of the Red Cross organization which is accessible to every disabled veteran or his family. Between July 1, 1921, and June 30, 1922, the Chapters had reported 1,907,079 instances of service to ex-service men and their dependents, at a cost estimated from reports now at hand of more than \$3,300,000.

The basis of this far-reaching work of the Red Cross is the individual needs of the disabled veteran to the end that he may obtain his rights under the law, that his special wants may be immediately supplied, that his own and his family's situation may be rendered happy and cheerful, and that their outlook for the future may visualize incentives for independent and fruitful effort.

Spread Christmas Joy Abroad

More than 100,000 Christmas boxes for the children of Central Europe were packed by the Junior Red Cross last year. The spread of Christmas joy through these boxes will be largely increased this year because of the plans already under way.

THE BOLL WEEVIL

From a long residence in the cotton growing section of the state of Texas, and observation of the changing scenes and conditions in that great state, we feel entitled to the following opinion in reference to the much discussed boll weevil.

Our opinion is that the cause of the damage to the cotton crops by the boll weevil is the destruction of the birds. When we first made our residence in Texas, there were quail and other birds by the thousands. The birds subsisted largely on bugs and insects, and so long as the great army of birds were devouring the bugs, there was no chance for them to multiply to such an extent as that they could destroy a cotton crop. It seems that the learned gentlemen who invent remedies and formulate theories to get rid of the boll weevil have overlooked the simple fact that the farmers' friends, the birds, which could find the weevil and effectually destroy it, have been killed.

The legislature, it seems, had its

attention called to the subject of protecting the birds, but instead of making any provision for their protection, they provided for an open and closed season, and the warriors against the birds, the only protectors of the crops, being well armed and equipped at the very beginning of the open season, would open up their batteries and kill the birds. When the birds were numerous in Texas, we heard nothing about the boll weevil. As the destruction of the birds advanced west so did the weevil advance.

And today wherever the birds are numerous there are no weevils or not enough to materially injure the cotton crops. The scientists and legislators and conventions may quarantine and spend the people's money in vain attempts to destroy the boll weevil, but folly will accumulate until it is recognized that the only remedy to exterminate the boll weevil will be to restore the rightful domain of the farms and forests to the birds. Entirely cease killing the birds the food of which is the weevils and as soon as they again become sufficiently num-

erous the crops will be protected.

Inasmuch as the Pecos Valley is destined either sooner or later to become a great cotton section, we think it pertinent to say, don't kill the birds.

The boll weevil follows as the birds are killed. The boll weevil advances against all enemies whether they be government agents, college professors, scientists, farmers or bankers. There is no retreat with the boll weevil, until he meets an army of birds.

It takes millions on top of millions of weevils to supply one thousand birds through one crop season. Give the birds a chance. Don't murder them.

They are the farmers' only friends able to protect the crops from the boll weevil and other crop destroyers.

Angling for the funny tribe is great sport, but catching them is a deal more satisfactory.

Some people gain riches in their dreams and proceed to spend them in their waking hours.

Few difficulties are too great to be overcome by the person who says "I Will" and lives up to it.

No man is ever old as long as he considers himself young.

LOCAL NEWS.

Mr. and Mrs. Chris Walter are leaving tomorrow for Las Vegas, where they will visit with their son-in-law and daughter, Mr. and Mrs. Keen, and transact business at the same time.

Visitors to the city from Artesia this week were Thomas Cox and wife, Miss Alexander and mother, W. H. Stephens, L. M. Alexander, Jim Simpson, and perhaps others.

Mrs. Belle McCord and daughter Hazel, will leave tomorrow for Waco, Texas, on a two weeks visit to relatives.

Next meeting of the Music Section of the Women's Club will be held at home of Mrs. Glasier, Friday, October 27th. A MacDowell program of vocal and instrumental music will be given. Members of the club and their husbands are cordially invited.

Albuquerque, N. M., Oct. 18.—The movement of cattle from the drought stricken sections of New Mexico to Old Mexico has begun, stockmen near the border driving their cattle through, while further north empty stock cars are being loaded as fast as they arrive. More than 100,000 cattle will be moved, according to officials.

J. C. Jordan left yesterday morning for Tucson, Arizona, the home of his father, who is seriously ill and requires his presence.

Jay Small, who was for a long time engaged in the transfer business in Carlsbad, came in last Wednesday from the south and will be here a few days. Since leaving Carlsbad some months ago, he has been in Arizona and California. His future plans are uncertain.

HOME AND SCHOOL ASSOCIATION

The next meeting of the Home and School Association will be held at the Grammar School building Friday, October 27, at 8:15 P. M. A full attendance of the parents and friends of the school is requested at this time, as there are matters of importance to be taken up in addition to an interesting program which will be given as follows:

Song, America, by all.
Reading, Virginia McAdoo.
Song by the pupils of the first grade.

Reading, by Marybelle Rickman.
Song, by second grade.
Paper, "Grammar School Needs" by Mrs. Dillard.
Talk, Rev. Ira Harrison.
Business.
Adjournment.

At the time of the meeting an exhibit of the work of the schools will be made. This will be quite interesting and parents and all who have the good of the schools at heart, can well spend a short time looking over their work. The exhibit will be a feature of the schools during the winter and will be added to from time to time.

A THIMBLE PARTY

Mrs. N. T. Daugherty entertained a few of her neighbors and friends last Wednesday afternoon at her home on West Fox Street. The ladies spent the afternoon with their fancy work and in pleasant conversation, and at the close of the day, refreshments in the shade of a delicious salad course with coffee was served, which brought the affair to a close. The guests were, Mrs. John and Mrs. George Lucas, "Aunt Sallie" Slaughter, Mrs. Wm. Leek, Mrs. Collins, Madam Frederick and Mrs. Wm. Hannah.

FIRST METHODIST CHURCH

A. C. DOUGLAS, Pastor.
9:45 A. M. Sunday school for all ages. R. N. Watson, Supt.
10:50 A. M. Morning worship with sermon by the pastor.
6:30 P. M. Senior Epworth League. Miss Bates, president.
7:30 P. M. Evening worship of song and praise, followed by sermon by visiting minister.

We hope all of our people will be present at both morning and evening worship. Come and bring any who may be visiting in your home or community. All out of town people who may be in the city are especially invited.

About 150 of the members of the Methodist church met at the Sunday school rooms in the rear of that edifice and tendered their pastor a surprise reception last night. The rooms were prettily decorated in yellow and white, with yellow shades over the electric lights which cast a golden glow over everything and all appreciated the efforts of the ladies to make the room look festive, numerous bouquets adorning the piano and other places in the room. The pastor and his good wife were certainly surprised to find so many of their friends gathered to express their appreciation of them as pastor and wife and citizens as well. A short program consisting of singing America, all standing, a beautiful and touching solo by Miss Hatfield, and readings by Mrs. Moore, which helped pass the evening, at the close of which sandwiches, cake and coffee were served. The pastor made a brief address to the crowd expressing his appreciation, and as the people were about to leave for their homes, he offered a fervent prayer that all good might attend them and that the church might reach its greatest usefulness during the coming year. A number of "pounds" testified still further to the love and appreciation that the members have for their pastor and family.

Rev. J. C. Jones, of Roswell, is expected in this afternoon and will go on down to Loving tomorrow. He may return and preach for the Methodist people Sunday. Should he be unable to preach at that time, Reverend Douglas tells us he will try to have Conference Evangelist Freeman, who is now engaged in a meeting at Loving, preach for the Methodist people here on Sunday.

Frank Onnemus is in town and has been working ever since he came at the blacksmith shop of Joe Herzog. He will likely be in town all the winter but does not expect to move his family here at this time, as his daughter, Miss Adelle, and his son, are in the high school at Artesia and a move would not be practicable at present.

Mrs. L. J. Cherry, mother of Mrs. R. J. Toffelmire, arrived in the city from Fort Worth Monday, and will be a guest of her daughter and family for the winter. Mrs. Cherry has visited in Carlsbad before this and her friends made on that occasion will be pleased to renew their acquaintance with her.

The subject of the sermon with morning worship Sunday at the Presbyterian church will be "Christ's Encouragement of Business." There will be Church school at ten, and Christian Endeavor meeting at six forty-five. With prayer meeting Wednesday evening devotional studies in John will be continued and will be concerned for the time with the testimony of the Baptist.

Aubrey Cauley, of J.A.I., is in town this week. He tells us that his little nineteen months son is with his grandparents, Mr. and Mrs. Jim Dublin, at Ochoa, New Mexico, and has just returned to the ranch from a month spent with relatives in Midland.

ATTENTION VOTERS

J. E. Lavery wishes us to call attention to the fact that the registration books for voters in the fall election must be closed ten days before such election. All persons who have not registered should bear this in mind as no one can be accepted for registration after that date.

The little folk being taught by Mrs. Margaret Pierce, although not many in number, had a fine time at the teachers home last Friday night when they observed Columbus Day. They had some recitations and at the close of the evening enjoyed a treat of cocoa and cookies and candy.

Prager Miller and Ernest Miller both well known citizens of Roswell were guests of the Crawford Wednesday of this week.

Mrs. Ruth C. Taylor, state superintendent of Home Economics, was in the city this week and addressed the pupils of the high school on that very interesting subject.

LOCAL NEWS.

Miss Pauline Johnson visited several days in Roswell last week at the home of her sister, Mrs. Kirkley.

Mrs. Georgia Lusk and children were in from their home at Livingston last Saturday shopping and visiting with friends.

R. F. Madera was in the first of the week from his ranch in Culberson County, Texas, and said they had a pretty good rain at the State Line, but none at his place.

Mrs. F. A. Hays had for guests Sunday Mrs. Jack Hays and wife and Mr. and Mrs. E. T. Carter, and served a delicious dinner to them at her home south of town.

Messrs. McCormick and Lower, of Hugerman, were in the city from their home last Saturday. Both gentlemen are tennis enthusiasts, and were anxious to play with devotees of the game while they were here, but the shower which fell at that time prevented.

The little son of Mr. and Mrs. Hepler of the Loving community, was brought up a week ago from his home and taken to St. Louis Hospital for treatment. It will be remembered that some time ago Elmer was injured by being dragged by a horse. His leg was so hurt that he could not walk on it and examination revealed the fact that the fracture was complete and that it had not knit. He is still suffering greatly and fears are felt that he may come out of it a cripple.

The family of Will Matheson and Earl Matheson and wife, of Roswell, left the first of the week for a new home in California. The Matheson family has resided in Carlsbad for twenty-seven years and would not now leave, but hoping for improved health and strength for Mr. Matheson, he having been quite ill for some time, although better at this writing. They have many friends here who part from them regretfully at the same time hoping they may find health and happiness in their new home in Sunny California. They made the trip overland.

A Class Party given by the members of the 7th B grade of Carlsbad schools, took place at the home of one of the number, Arthur Harry Lewis, in North Carlsbad, last Saturday night. The happy affair was attended by twenty-two boys and girls of the grade, and also by Miss Brown, the teacher, and Miss Eggleston, principal of the grammar school. The children had provided refreshments of cake, candy and ice cream in abundance, and the evening passed merrily, as is usually the case with affairs of this kind.

We learn from friends in Long Beach that Mr. and Mrs. H. E. James left there last week for Carlsbad, their former home. They will come overland, visiting along the way, and expect to reach here about the holidays. Mr. and Mrs. James had lived too long in the Pecos valley to be satisfied with anything less, and they will be cordially welcomed on their return to their old home where they have many friends made during their years of residence among us.

LESSON FOR OCTOBER 22

JESUS TEMPTED

LESSON TEXT—Luke 4:1-13.
GOLDEN TEXT—For in that He Himself hath suffered being tempted, He is able to succor them that are tempted.—Heb. 2:18.

REFERENCE MATERIAL—Phil. 2:6-11; Heb. 2:14-15, 18-19.

PRIMARY TOPIC—Jesus Overcomes Temptation.

JUNIOR TOPIC—Jesus Tempted to Do Wrong.

INTERMEDIATE AND SENIOR TOPIC—Overcoming Temptation.

YOUNG PEOPLE AND ADULT TOPIC—What Christ's Victory Means to Us.

I. The Place of (v. 1).

The wilderness of Judea. The first man, Adam, was tempted in a garden with the most pleasant surroundings. The second man, Jesus Christ, was tempted in a barren wilderness surrounded by wild beasts (Mark 1:13).

II. The Purpose of (v. 1). He was led into a wilderness by the Spirit. Christ's temptation was Messianic. Though He was "tempted in all points like as we are," we are not tempted as He was in this instance, but the same methods are employed on us. During the eighteen years of retirement Satan surely tempted Christ as he tempts us. Satan, no doubt, would have gladly escaped this hour, but the time had come for the Redeemer to enter upon His mediatorial work; therefore He went from the place of anointing and heavenly recognition as the Son of God to meet and despoil the arch enemy (Heb. 2:14).

1. It was not a preparation for His work, but rather its first conflict. In baptism we have the symbolic act of dedication of himself to the work of redemption through the cross—the making full a righteousness. In the temptation, the strong man is spoiling the enemy.

2. It was not to see if Christ would stand fast—would fall under the most crucial test. Christ could not fail. To so postulate would make God's scheme of redemption to have been unsettled until after this temptation, and would have made God guilty of setting forth a scheme of redemption on the basis of a possible overthrow.

3. It was to show Christ as an object upon which we may rest our faith with unshaken confidence. He came as the second Man, the head of a new race, its very source and life. It was a demonstration of the inseparableness of the divine and human natures in the incarnation.

III. The Method of (vv. 2-12).

Christ as the world's Redeemer sustained a threefold relation—Son of Man; Son of God; and Messiah, therefore Satan made each one a ground of attack.

1. As Son of Man (vv. 2-4). Satan made his first assault upon Him as a man by appealing to the instinct of hunger. Satan urged Him to use His divine power and convert a stone into bread. Hunger is natural and sinless. The temptation was in satisfying a right hunger in a wrong way. To have yielded in this case would have been to renounce the human limitations which He had taken for our sakes. To use divine power to satisfy human needs would have been to fail as Saviour and Redeemer.

2. As Messiah (vv. 5-8). Here the temptation was to grasp His rightful dominion by false means. The devil offered to surrender unto Him the world if He would worship him. The force of this temptation was in the fact that the kingdoms of the world are Christ's by God's covenant with Him. God's method by which Jesus was to possess the world was the cross. The temptation Satan is pressing upon the church today is to get possession of the world by other means than the cross.

3. As Son of God (vv. 9-12). Here Satan tries to induce Christ to presume upon God's care. He quotes a Messianic Psalm to induce Him to so act. To do the spectacular thing in order to get notice is to fall into Satan's temptation. For Jesus to have placed Himself in danger in order to get God's special help in delivering Him would have been to sin. To put one's self in moral and spiritual peril in order to test God's faithfulness is to sin. Satan is never quite so dangerous as when he quotes Scripture.

IV. Christ's Defense (vv. 4, 8, 12). It was the Word of God. He met and repulsed the enemy with "It is written." Our defense is God's Word. May every Sunday school teacher know how to use it!

V. The Issue (v. 13). Satan is vanquished. If we will but trust God and use His Word we too can overcome.

Superior and Inferior.
You may fail to shine in the opinion of others, both in your conversation and actions, from being superior, as well as inferior to them.—Greville.

Faith.
Now faith is the substance of things to be hoped for, the evidence of things that appear not.—Hebrews 2:1.

The Lord's Day.
Ye shall keep my Sabbaths and reverence my sanctuary; I am the Lord.—Leviticus 19:30.

U. N. M. SOCIETY

The annual founders day banquet of the local chapter of Kappa Kappa Gamma sorority was held on Friday evening at the Alvarado hotel. All of the members wore their hair powdered for the occasion in commemoration of the white haired old ladies who as virgins were the founders of the sorority. The banquet table was decorated with large pink candles. At each place were fluted little dolls dressed in pink and in blue with powdered hair. Kappa songs were sung between courses. Those present were Mesdames Jerre Haggard, Allen Bruce, Edward Lighton, Misses Hazel Hawkins, Louise Belle, Evelyn Trotter, Margaret Lee, Lorena Burton, Helen Stowell, Elizabeth Shepherd, Mollie Culpepper, Ruth Daugherty, Norma Williams, Claire Bursum, Mary Wilson, Margaret Smithers, Barber Nell Thomas, Ruth Bursum, Thelma Burton, Katherine Owen, Pearl Burns, and Josephine Milner.—Albuquerque Journal.

Mrs. Hunter and Mrs. G. L. McAdoo, her daughter, gave the last of a series of three parties to their friends at their home last Saturday. Other parties were given the Wednesday and the previous Saturday. Three tables were entertained in each instance, and a salad course was served by the hostesses on each occasion. At the first party Mrs. Frank Kindel made high score, at the second, Mrs. John Barber, and at the third, Mrs. Howard Moore. Beautiful dahlias decorated the house on all three gatherings, and all the ladies present voiced their appreciation of the clever hostesses.

Madam Thorne fell at her home last Friday morning and seriously bruised herself, fortunately breaking no bones. The accident was caused by her catching her foot in a threshold and falling with great force and the wonder is that she was not seriously hurt. As it is, she will probably be around again in a few days.

Mr. and Mrs. Cliff Grant entertained a number of their friends after church Sunday, a splendid chicken dinner being the feature of the day. The guests were Mr. and Mrs. Harvey Fisher and son Albert, Mr. and Mrs. Oscar Mercer and Mrs. Ashbury Moore. A more congenial bunch it would be hard to find.

Carlsbad and vicinity was treated to an old fashion sand storm for a short while last Friday night. The wind blew the sand and dust over the town and people at a great rate and altogether it was the worst storm we have had in many a day, and recalled old times very vividly to the pedestrian and others as well.

Comparison Will Emphasize Its Value

The Studebaker Big-Six Sedan delivers everything you can ask of a motor car.

If you pay more than the Big-Six price, you may buy more weight, but it is impossible to get finer materials or better craftsmanship than are used by Studebaker.

Compare this Big-Six Sedan with the most expensive cars. Check the body with any body built, compare the chassis construction, look into the endurance records of the Big-Six as compared with any other car.

Get behind the wheel yourself. Test its performance, its comfort. Check its appearance with any car at any price. And don't overlook this point: Studebaker has more than 3,000 branches and dealers throughout the country who are always ready to render efficient service.

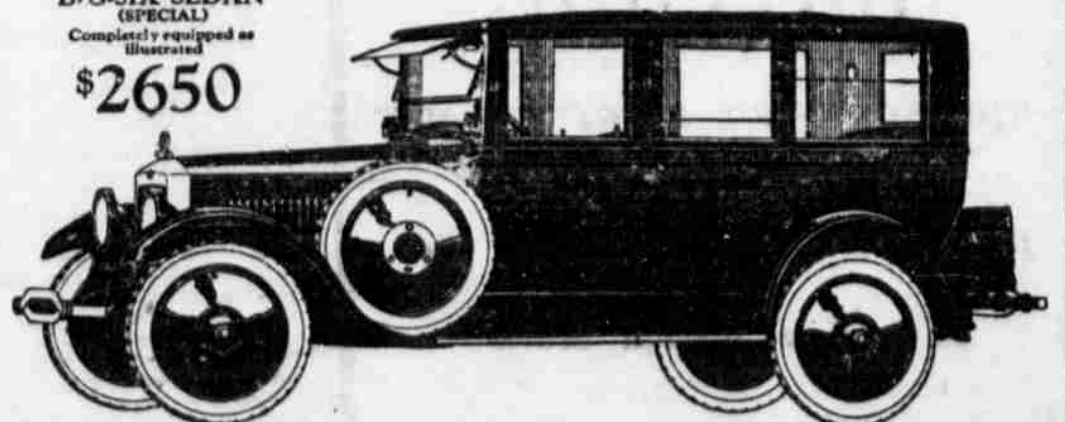

And finally, compare the equipment and appointments.

Consider the Big-Six Sedan as an investment. There is no reason to pay more. The name Studebaker stands for satisfaction.

Desperate Situation

EXISTS WITH THE CHOSEN FEW IN EDDY COUNTY

AT FIRST THEY MADE LIGHT OF THE INDEPENDENT MOVEMENT BUT THEY HAVE NOW CALLED FOR
HELP FROM THE REPUBLICAN COUNTY COMMITTEE

and

IN VIEW OF THE HARMONY WHICH HAS FOR YEARS EXISTED BETWEEN THE TWO, AND A POSSIBLE
AGREED DIVISION OF THE COUNTY POLITICAL SPOILS, HOW FAR, WE WONDER, THE OLD GUARD REPUB-
LICAN LEADERS WILL GO IN ASSISTING THE CHOSEN FEW TO ELECT A STRAIGHT DEMOCRATIC COUN-
TY TICKET.

Did You Know

That your County Commissioners are carrying 22 Insurance policies on the court house and contents and that by agreement they
are divided between the republican county chairman and Swigart and Prater, except \$2,000 which is magnanimously given to Keinath
and Son at Artesia.

The total amount of Insurance carried is \$102,500.

We favor carrying ample insurance, but just wonder who appraised the court house and contents and just about how much
would actually be collected on these policies in case of a loss.

Your county commissioners do all this business for you.

Ask some one who knows what the court house cost.

Warrants are being drawn direct to county officials themselves for Clerk hire. This is not the fault of the official. It is the
fault of the county commissioners. The excuse given is that the state auditor approved it. However, the law forbids. And the
excuse is absurd.

Will Mr. Waller state whether or not he ever drew any such warrant when he was county assessor when no clerk actually put in
the time in his office.

We blame the county commissioners for allowing this practice.

Vote for John T. Bolton and against Dugan Rickman.

Vote for Dean Smith and against G. R. Howard.

WARNING

If you should require any one to assist you in marking your ballot on Election Day you are entitled to call for any one of the
Judges you personally desire. Be sure that your ballot is marked the way you intend to vote.

NOTICE

We are not mixing in any state politics unless the state candidates attempt to mix in this county matter. Don't let the
chosen few fool you

DO YOU KNOW?

That just before the last Democratic Primary Election, Hon. G. W. Batton, now deceased, had printed a number of sample ballots
at The Carlsbad Argus, instructing the editor to print the ballots on the same form which was to be used on Election Day and that
said sample ballots were printed on the Australian ballot form; that these ballots were delivered to Mr. Batton and that he distributed
them among many voters, showing them how to place an X in the square opposite to his name. Do you know that some ballots had
been printed by the committee in an Artesia printing office on this form for use in the Primary, but that upon the eve of the elec-
tion the form was changed to the scratch system by the county chairman and actually used in the primary.

This fooled many of Mr. Batton's friends who voted for him by placing an X opposite to his name. Do you know that under the
Primary Election law any vote which clearly shows the intention of the voter should be counted?

Do you know that in the Carlsbad Precinct, the largest precinct in the county, these votes were not counted? This defeated
Batton by five votes.

We wonder why this order for the ballots to be voted in squares or the Australian system was countermanded on the very eve of
the election.

Why were these votes not counted by the committee?

Why were they so handled by the committee that they could not be seen?

Under their own rules a re-count was guaranteed. It was refused.

Why was the convention which ratified the nominees held on Saturday morning and precinct delegates to it chosen on the even-
ing before, after a few hours notice only?

Why then do they preach that people who believe in self government are undemocratic?

Consistency, thou art a jewel! Will the chosen few pray tell us what Democracy is?

If you believe in a clean and self government, vote for Ned Shattuck for Sheriff and back him up with Dean
Smith and John T. Bolton, for County Commissioners.

Don't let them fool you on how to vote. Leave the circle blank and put an X in the square opposite each
person you vote for.

COLFAX COUNTY TEACHERS ASK ALL TEACHERS TO GET BEHIND JOHN MORROW'S CANDIDACY

(From the Democratic State Central
Committee.)

Raton, Oct. 12.—School teachers
have entered the lists for John Mor-
row, Democratic candidate for Con-
gress.

Enthusiastically endorsing his
past record in behalf of teachers
and educational advancement gen-
erally, they have issued a call to all
teachers in New Mexico to put their
support behind the candidacy of Mr.
Morrow. A bulletin containing the
Colfax county teachers' decision has
been sent by the secretary to all in-
structors in the state.

Mr. Morrow is a Colfax county
citizen. He has been there for
more than 25 years and in that time
as the teachers elite, he has been an
active champion of all movements
for the betterment of conditions in
the schools. The executive com-
mittee of the teachers' association
in Mr. Morrow's home county de-
clared in the endorsement that he
should be elected because of his
stand on the questions of impor-
tance to the school teachers. After
declaring for Mr. Morrow, the
bulletin states these reasons for the
association supporting the Demo-
cratic congressional candidate, things
for which he stands.

"A system of education that will
give to each boy and girl an equal
opportunity for an education.

"Education for all our people, in-
cluding illiterates regardless of age.

"A department of education in
the President's Cabinet federal aid
and a uniformity of text books, a
protection against centralization of
power. In other words, a depart-
ment of education without federal
centralization.

"Proper salaries and tenure of
service for teachers.

"A proper teachers' pension act
for service rendered at the appro-
priate time and an appropriation of
U. S. land to the state of New Mex-
ico for that purpose.

"Sanitary and up-to-date modern
school houses and equipment.

"Mr. Morrow was engaged in
public school work for many years
as a public school teacher, is a for-
mer county superintendent of Col-
fax county schools, is now and has
been for the past 20 years president
of the board of education of the city
of Raton. As a former member of
the legislature, he is the father of
many of the most important educa-
tional measures on the statute

books of our state.

"He is our friends. Let us sup-
port him.

"Colfax County Teachers Asso-
ciation—By R. C. Bonney, chairman
of the executive committee."

COST OF SCHOOL BOOKS IN NEW MEXICO HIGH

Santa Fe.—Parents throughout
New Mexico have before them a
list of vital reasons why Miss Isabel
L. Eckles should be elected state
superintendent of education.

That list is the statement of ex-
penditures for school books. New
Mexico pays considerably more than
any other state for its textbooks.
In many instances the same books
are used, but the price to the resi-
dents of this state includes the was-
teful presence of Republican non-
business conduct.

Miss Eckles, not being a part of
the Republican scheme of things, is
in a position to administer the af-
fairs of the school department with
the best interests of the state in
mind. It is folly, she believes, for
the parents in New Mexico to be
compelled to lay out more money
than is necessary for textbooks.

A glance over the following table
will give the citizens of this state an
idea of what Republican rule does
to them:

Primer: New Mexico, \$.50;
Texas, \$.25; Georgia, 16c; Kansas,
22c. Geography, Book 4: New
Mexico, \$1.96; Texas \$1.16; Arkan-
