REPUBLICANS CONVENE

Silver City Gathering Was Soudly Republican from the Beginning to the End.

SIX TAFT DELEGATES CHOSEN

The National and the Territorial Administrations Were Endorsed in Ringing Resolutions.

The republican territorial convention held in Silver City last Saturday for the election of six delegates to represent New Mexico in the republican convention in Chicago next June was one of the most satisfactory political conventions ever held in the territory.

The delegates elected are recognized as among the ablest and foremost citizens and the most loyal republicans of the territory. The resolutions adopted enthusiastically endorsed the national and territorial administrations, unanimously instructed the New Mexico's delegates for Taft for president, and enunciated sound republican doctrine from beginning to end.

The convention was called to order at 2 o'clock in the afternoon by Chairman H. O. Bursum of the republican territorial central committee, who placed in nomination the temporary officials recommended by the committee. Aniceto C. Abeytia of Socorro, chairman of the committee on permanent organization, recommended William E. Martin for chairman and Charles V. Safford for secretary. Both were duly elected and Chairman Martin delivered an eloquent and patriotic address on assuming the duties of his position.

Thomas B. Catron, chairman of the committee on resolutions, presented a set of resolutions among which were the following:

RESOLUTIONS.

"The Republicans of New Mexico in delegate convention assembled, proclaim and reaffirm their loyalty and adherence to the historic principles of the Republican party, which stands for the ideal of government that maintains justice, equality and fair dealing among men, a brave and impartial enforcement of the laws, commercial and industrial liberty, individualism as against socialism, competition as against monopoly, government regulation as against government ownership, the promotion of the best interests of labor and capital and the unflinching protection of both, a greater merchant marine and an adequate navy, adequate protection of our industries, progressive national improvements under the reclamation act and the policy of protecting and utilizing the national waterways and the national resources.

"Resolved, That the Republicans of New Mexico congratulate the commonwealth upon the assurance that the battle of sixty years for statehood is approaching victory; that the territory is on the threshold of the fulfillment of its heart's desire, that tardy justice will at last be done, and the people will be given the greater freedom of complete American citizenship by a Republican Congress and by a Republican president.

"Resolved, That we recognize and appreciate the able and efficient work of Hon. W. H. Andrews, our delegate to Congress. He has been a faithful servant of the people of this territory and has been instrumental in securing needed legislation in Congress in our behalf, for which we extend him our hearty thanks.

"Resolved, That we favor the enactment by Congress of a law extending the provisions of the law known as the Carey act to the territories of New Mexico and Arizona. We are unalterably opposed to the proposed system of leasing the public lands by the general government to anyone, believing as we do that the public lands should at all times be held open to private entry under the homestead laws, and other acts of Congress in the interest of the homeseeker.

"Be it resolved, That the wise and energetic administration

of the national affairs by President Roosevelt and a Republican Congress has added immeasurably to the greatness of the nation, has further established the permanency of Republican institutions, has brought about the triumph of righteousness in the relations between capital and labor as far as it can be vouchsafed up to the present time by national legislation, has held rich and poor, powerful and humble, alike, to the observance of the law and justice, has maintained prosperity in the face of adversity, and has given the nation tranquility at home and abroad.

"We endorse the splendid administration of the Rough Rider president and declare that neither halt nor retreat shall be sounded in the march toward better government.

"Resolved, That the people of this territory thank the president for giving us a governor who is one of our number, by citizenship as well as by experience and sympathies. Hon. George Curry is demonstrating his splendid fitness as chief executive of the territory, for the position he holds. His knowledge, wisdom and sterling good sense and probity are giving us a wise and prosperous administration of affairs, which is resulting in unprecedented growth and advancement in every desirable direction, and is fitting New Mexico, superbly, for growth and general prosperity and bringing about contentment and good will among all our people. This convention owes it to him to express its confidence in and admiration for the man who has risen from the ranks to the highest honor attainable in New Mexico by one of her citizens, and it thanks him for his indefatigable labor for the welfare of the territory and its people."

Then followed a resolution sincerely and enthusiastically endorsing William H. Taft for republican candidate for president and instructing New Mexico's delegates "to cast their ballots in his favor as a unit so long as his name is before the national convention."

The resolutions were unanimously adopted.

DELEGATES ELECTED.

The following were chosen as delegates to the Chicago convention:

Ex-Governor M. A. Otero, of Santa Fe county; Judge Albert B. Fall, of Otero county; Holme O. Bursum, of Socorro county; Thomas B. Catron, of Santa Fe county; William H. H. Lewellyn, of Dona Ana county, and Charles A. Spiess, of San Miguel county.

Death of Mrs. Ramon Olguin.

Mrs. Catalina Castro de Olguin, wife of Ramon Olguin, died at her home in this city at six o'clock Tuesday evening at the age of twenty-one years, one month and fourteen days. Mrs. Olguin's maiden name was Catalina Castro and she was born in Kelly. On October 30, 1905, she was married to the husband who now mourns her loss. Funeral services were conducted from the church of San Miguel Wednesday afternoon and the remains were laid to rest in the Catholic cemetery in the presence of a large assembly of relatives and friends.

To Drill for Artesian Water.

T. H. Napton, who came to Socorro two or three weeks ago and secured an option on some of the city's land with a view to drilling for artesian water, is still here and in correspondence with expert well drillers. Mr. Napton says that he expects to have his parties here soon. He says, also, that he has had considerable experience in this line and is quite positive that the experiment will prove to be a success.

Gov. Johnson Would Accept.

Governor Johnson of Minnesota, asked to state his position in regard to the nomination for the presidency, wrote, "I am not unmindful either of the high honor which had been presented me by the people of Minnesota, and if the democratic party of the state desires to present my name to the national convention I am sure I would have no objection."

FIERCE FIRE FIEND CAUSED GREAT LOSS IN SOCORRO TUESDAY

\$30,000 Aggregate Loss to Socorro Drug & Supply Company, J. J. Leeson, W. E. Kelley, E. L. Smart, Masonic Lodge.

Fire has again wrought havoc in Socorro, this time in the heart of the business district. Tuesday noon all that was combustible of the two story building occupied by the Socorro Drug & Supply company and Leeson's Bazaar was burned to the very foundation.

It was at about eleven o'clock that the fire broke out under the wooden walk leading to the outside stairway on the east side of the building. The flames quickly made their way up the stairs and in at the door on the second floor—so quickly, in fact, that when the hose company arrived upon the scene the flames were making rapid headway in the interior of the building. Attorney W. E. Kelly and T. H. Napton, who were in the former's office when the alarm was given, made their way out over the roofs of adjoining buildings.

The high wind that prevailed made fire fighting extremely difficult and discouraging business. Members of the hose company and students from the School of Mines and many other volunteers worked heroically, however, for more than an hour and succeeded in preventing the spread of the flames beyond the building in which they originated, although at one time it seemed almost inevitable that the whole block up to the plaza and the postoffice block on the opposite side of the street as well would be consumed. No damage was finally done to other buildings except that to the roof and east wall of the building occupied by E. L. Smart and the breaking of

the glass in the front of the A. C. Abeytia block. The pressure of water was not such as Socorro ought to have in such an emergency, but A. F. Katzenstein says that it was much greater than he has ever known it to be before at such a time.

The aggregate loss from this conflagration may be conservatively estimated at \$30,000. Jos. E. Smith of the Socorro Drug & Supply company says that the company's stock invoiced between nine and ten thousand dollars and that all but four thousand of the loss was covered by insurance. J. J. Leeson makes approximately the same report. Attorney W. E. Kelley says that his books destroyed could not be replaced for less than twenty-five hundred dollars. E. L. Smart also suffered considerable loss, as did Mrs. Chambon and Mrs. Hilton by the removal of their stocks of goods. The building destroyed and the one damaged belonged to the Masonic lodge and could not be replaced for less than ten thousand dollars. They were partly insured.

The Masonic lodge has not yet determined whether it will erect a building on the site of the destroyed or not, but it is probable that either that organization or other parties will do so. It is to be hoped, at least, that the general impression that when a building in Socorro is burned it is never restored may prove to be wrong in this instance, for the city can not afford to harbor any more ruins.

NEWS ITEMS FROM RESERVE

The Chieftain's Regular Correspondent Sends List of Interesting Occurrences.

Following is a summary of the week's events at Reserve, sent by the Chieftain's regular correspondent:

Reed Dean is a visitor in camp this week.

Montague Stevens was a visitor in town Friday.

Little Laura Jones is very ill at the present writing.

Mr. and Mrs. Hamby were visitors in town Sunday.

Fred Lant was up from the Tularosa the first of the week.

Henry Collins returned last week. He has an injured shoulder.

A rain Friday night postponed the dance that was to be given here.

Cold weather here at the present writing, March 20th, and a light snow fell during the day.

Bob Lewis injured his right wrist quite severely while out riding a few days ago. He was thrown from his horse but fortunately received no other injuries.

The neighboring farmers are buying their oat seed and talking of putting in their crops. If the rainfall of the past few seasons continues this vicinity will be as good a farming country as can be found anywhere.

The many illnesses of this vicinity during the past winter have made the people of this community realize that a doctor would be a very useful person to have here. Any physician seeking a healthful climate, good water, beautiful scenery and a fairly good practice should locate in this town.

For the next thirty days J. H. Hilton will make a clearing sale of his stock of shoes now on hand to make room for the new stock coming.

THE SUGAR BEET INDUSTRY

It Has Done Much for Colorado and Will Do As Much for New Mexico.

The Colorado sugar beet parties who were to be in Socorro yesterday in company with representatives of the industrial department of the Santa Fe railroad company finally wired C. T. Brown from Albuquerque that they had been prevented from coming further south and asked Mr. Brown to meet them up the road the first of next week. There is scarcely a doubt that the growing of sugar beets will be introduced in the Rio Grande valley and there is scarcely a doubt either that the growing of the beets will pay better than any other industry now engaged in here. The average yield per acre is fifteen tons and the price not less than four dollars per ton. The expense does not exceed twenty dollars per acre. What this industry might be expected to do for New Mexico is indicated by what it has done for Colorado. Four years ago Colorado had one beet sugar factory and now the nineteenth is in process of construction and the total cost of the factories and accessories is fifty millions of dollars. The growing of sugar beets is an industry that the people of New Mexico would do well to encourage.

THE TELEPHONE BUSINESS

The Socorro District Makes the Best Showing for the Year South of Denver.

Capt. T. J. Matthews, manager for the telephone company for the Socorro district, has reason to feel very much gratified over the rank his report for the last year has taken. General Manager E. M. Burgess of Denver writes Captain Matthews the report from this district shows a more gratifying condition of business than that in any other district south of Denver. Mr. Burgess adds, "It is certainly a very good showing and I shall keep these figures strictly confidential." Evidently the people of Socorro and vicinity have no especial reason to complain of bad business conditions here as compared with those in other parts of the great southwest.

Presbyterian Services.

The services of next Sabbath will close the work of the writer in Socorro. Preaching at 11 a. m. and 7:30 p. m. In the morning will be read the report of the year's statistics for the year ending April 1st, 1908. As the Presbyterian of Rio Grande is meeting in Magdalena next Tuesday, March 31st, the members will stop in Socorro over Thursday night, so a meeting has been arranged and several short addresses will be made. I have invited Rev. John Mordy to tell all he knows about Sunday schools in 10 minutes, Rev. H. A. Cooper to explain duties of trustees, Rev. G. W. Dunlap 10 minutes on foreign mission, Rev. Wm. Sikes, on christian endeavor. This will be a good opportunity for all the people to see and become acquainted with the ministers and elders and hear some earnest exhortations on various lines of our church work.

W. K. Foster Killed.

W. K. Foster, prospector, and an unknown Mexican were killed in a deadly knife and pistol fight among a bunch of roughs in a restaurant in Helvetia, Ariz. last week. Several others were badly wounded.—Albuquerque Journal.

The W. K. Foster mentioned is doubtless the man of that name who was at one time deputy sheriff of Socorro county. He was reputed to be a good officer.

Dr. E. L. Woods is on his way to Socorro from Chicago and St. Louis, where he went to purchase such supplies as were needed to install the Socorro Electric company's light and power plant. Doctor Woods said before he left that the plant would be in running order within ninety days, and he seems likely to make his promise good.

THE BOND BILL PASSED

\$15,000 Appropriation to the School of Mines Was Validated Yesterday at Noon.

THIS INSURES A DORMITORY

Hon. W. H. Andrews and Governor George Curry Telegraph the News to Socorro.

The New Mexico School of Mines will soon have fifteen thousand dollars at its disposal for permanent improvements.

The act of the last legislative assembly appropriating that sum for the benefit of the School was validated by congress yesterday noon, and the money will now be available as soon as the necessary territorial bonds can be issued and sold.

It is the present plan to expend the money in the erection of a dormitory for the accommodation of students. Nothing that could be done with the money would supply a more urgent need nor therefore be of greater benefit to the institution. This will make it possible to offer prospective students rooms and board at a much less cost than that for which it is possible for them to obtain the same accommodations now. It is but reasonable to believe that the result will be a large increase in the enrollment at the School, as the item of living expenses in Socorro has heretofore worked to the great disadvantage of the School of Mines as compared with other territorial educational institutions. The dormitory will probably be ready for occupancy at the beginning of the next school year in September.

Hon. W. H. Andrews is entitled to much credit for his watchfulness in seeing that the bond bill came forward promptly in the course of events in congress. Governor Curry and other influential friends of New Mexico also lent their aid. Delegate Andrews wired Hon. H. O. Bursum yesterday as follows:

Washington, D. C., March 27. Hon. H. O. Bursum,

Socorro, N. M.

Bond bill passed by the Senate this day noon.

W. H. ANDREWS. Governor Curry wired to the same effect to C. T. Brown.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Cannon Boom Launched.

The republicans of Illinois Thursday enthusiastically endorsed Joseph Cannon as a candidate for the presidency. At the state convention in Springfield the Cannon men had things entirely their own way and there was not a whisper of opposition throughout the day. The applause that greeted the reading of the plank endorsing the candidacy of the speaker was great and enthusiastic.

OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, MARCH 28, 1908.

SILVER CITY CONVENTION.

The work done by the territorial convention at Silver City last Saturday is entitled to the hearty commendation of every loyal republican in New Mexico. In the choice of Thomas B. Catron, Miguel A. Otero, Charles A. Spiess, H. O. Bursum, A. B. Fall, and W. H. H. Llewellyn as delegates to the republican national convention the members of the territorial convention showed a breadth of view and a wisdom that are sure to redound to the party's credit and advantage at home and to New Mexico's credit and advantage at the national convention. In intelligence and ability these delegates will compare favorably with those from any state in the union.

The resolutions adopted by the Silver City convention are soundly republican in every line. They "recognize and appreciate the able and efficient work of Hon. W. H. Andrews, our delegate to congress," express unalterable opposition "to the proposed system of leasing the public lands by the general government to any one," endorse "the splendid administration of the rough rider president," say of Governor Curry that "his knowledge, wisdom, sterling good sense, and probity are giving us a wise and prosperous administration," and declare that Hon. William H. Taft would prove a worthy successor to President Roosevelt and that "he is the man equipped for the day and its duties." Besides, in these resolutions the republicans of New Mexico "proclaim and reaffirm their loyalty and adherence to the historic principles of the republican party," many of which are enumerated. In short, in the making of its platform the Silver City convention committed no sins either of omission or of commission.

A very important fact that became manifest at the territorial convention was that the republican party of New Mexico is strengthening and solidifying itself for the fall campaign. Differences within party lines are fast being adjusted and malign influences are fast being eliminated. But this is the characteristic republican way, as the enemies of the party have long since learned, and in this instance it is as usual portends defeat to the democratic forces of the territory. The Silver City convention did its work well.

There is only one sentiment expressed by the voters of Socorro in regard to the city election that is now but a few days off. That sentiment is that Mayor Bursum should be continued in office and that only level-headed business men should be elected to the city council. Nobody has suggested that the city election should be made a political issue. All this is as it should be. What Mayor Bursum has accomplished for Socorro in way of public improvement during the last two years is too well known to call for comment. The members of the council have given the mayor a united support and are therefore entitled to a generous share of the credit due for that accomplishment. Conditions have been altogether too desirable for the citizens of

Socorro to suffer any change in them now. Let us have a non-partisan city election and elect none but good and substantial citizens to office.

THE CHIEFTAIN expects soon to publish the ordinance by which the city council granted a fifty-year franchise to The Socorro Electric Company. In order that prospective patrons may have some idea of what is meant by the language in the rates charged, it may be said that a kilowatt is approximately the amount of electric fluid consumed in the production of a twenty candle power light four hours an evening for a month. It will readily be seen, therefore, that the cost of lighting a room with electricity at the rates prescribed in the ordinance is but little if any more than that of lighting the same room with oil, and the electric light is certainly much to be preferred. Other conditions prescribed in the ordinance are equally as favorable to the consumer and to the city.

SOCORRO'S business men are not disposed to allow the matter of another fire to check the splendid progress the city has been making in the last two or three years. Such a disaster is to be deplored, of course, but the only thing to do is to take a fresh grip and boost all the harder. The business men of the Gem City have recently begun to realize that that way of doing things is the only one that pays.

In the matter of gain in the number of postoffices during the last year, New Mexico is ahead of any state in the blessed union. If the states will just fix any definite requirement that New Mexico must meet to become one of them, she will meet that requirement so quick that it will make them dizzy.

Do Not Crowd the Season.
The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by all druggists.

To Save Trouble.
A Connecticut man tells of two Irishmen from Boston who, while driving through the state named, observed that many of the barns had weathervanes in the shape of huge roosters. "Dennis," said one Irishman to the other, "can ye tell me why they always have a rooster an' niver a hin on the top of them barns?" "Sure," replied Dennis. "Its because of the difficulty they'd have in collecting the eggs."

Best Healer in the World.
Rev. F. Starbird, of East Raymond, Maine, says: "I have used Bucklen's Arnica Salve for several years, on my old army wound, and other obstinate sores, and find it the best healer in the world. I use it too with great success in my veterinary business." Price 25c at all druggists.

Marital Troubles.
Most of the people who write about troubles of married life are single. If they were married they would be so busy with their troubles they would not have time to write.

Already Decided.
A leading physician of Boston tells this story at his own expense. To emphasize the point, it may be remarked in passing that this physician's fee for a single visit is about what a country practitioner would expect after having successfully treated a typhoid case.

He had been to see a patient some eight or ten times, and decided he no longer needed his attention, and sent him a bill. As he happened to be passing the man's house one day, however, he thought he would drop in and see how he was getting along. This he did, and found his condition satisfactory. As he rose to go, the doctor said: "Now, sir, you are in good shape, and require no more medicine. You will merely have to eat plain food, and not stay out late at night."

Chamberlain's Cough Remedy is Agreeable and Effective.

Chamberlain's Cough Remedy has no superior for coughs, colds and croup, and the fact that it is pleasant to take and contains nothing in any way injurious has made it a favorite with mothers. Mr. W. S. Pelham, a merchant of Kirksville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by all druggists.

Had Them Both Bested.

At the Franklin Inn, a Philadelphia literary club, a young sonneteer congratulated Owen Wister upon the success of his Washington studies. Mr. Wister, smiling modestly, checked that flow of praise with a Washington story.

"When I was a student at St Paul's school," he said, "a boy in my form failed wretchedly on a problem in algebra. 'The master frowned at the boy. 'Jones', he said, 'you ought to be ashamed of yourself. Do you know that at your age George Washington was a surveyor?' 'Yes, sir,' Jones answered. 'And do you know that at your age he was President of the United States?'"

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggists counter; as a blood purifier it is unequalled. 50c. at all druggists.

Sees in the Dark.
"I tell you," began the first clubman, "there never was a cat like my wife—" "Oh, come, now," protested the other, "that's a pretty rough thing to say." "Oh, you misunderstand me. I mean to say it doesn't matter how dark it is when I get home, she can always see what my condition is."

Rheumatic Pains Relieved.
B. F. Crocker, Esq., now 84 years of age, and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatic rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by all druggists.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowels, affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. E. W. M. Haly, M. D., of Hahnemann Med. College, Chicago; and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisons, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concen-ated glycerine extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

Red-Headed Boy Still Busy.

"What," asks the Wyoming Tribune, "has become of the old-fashioned freckled-faced boy who got the water, chopped the wood, split the kindling, milked the cows, fed the pigs, carried the horse and did such other chores as his parents found for him to do?" He's probably being kept busy handing his lazy son money with which to buy rolled-up trousers and cigarettes.

No Use To Die.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease, even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, lagrippe, asthma, bronchitis and hoarseness, is sold under guarantee at all druggists. 50c. and \$1.00. Trial bottle free.

A Neat Epitaph.

An American who enjoys doing the cathedral towns of England tells of an amusing epitaph in the church yard of Tetbury in Gloucestershire. A marble slab, prominently displayed, has this legend: "Beneath lie the remains of several of the Perkinses, late of this parish. Particulars, the last day will disclose. Amen."

Are You Regular?

If you are not, it is a sign of disease, a sign of some hidden female trouble, that may be undermining and weakening your constitution, and laying up for you much future suffering. Many thousands of weak, irregular, suffering women have, in the past 50 years, been greatly benefited or cured by the use of that well-known, successful, purely vegetable, female tonic and curative remedy

Notice of Suit.

In the District Court of the Third Judicial District of the Territory of New Mexico, within and for the county of Socorro.
Jessie Watson, Plaintiff,
vs.
William D. Watson, Defendant.

William D. Watson, the above named defendant, whose last known post office address was Portland, Oregon, will take notice that suit has been brought against him in the above entitled court by Jessie Watson, the above named plaintiff, in which she prays that the bonds of matrimony now existing between said parties be dissolved; that plaintiff and defendant be forever divorced; that she be granted the exclusive care and custody of their minor children and have such other and further relief as to the court may seem proper. Said defendant is further notified that unless he appears and answers in said cause on or before the 19th day of May, A. D. 1908, judgment and decree will be entered against him in said cause by default. Plaintiff's attorneys are Dougherty & Griffith, whose post office address is Socorro, New Mexico.

Giving Him a Chance.
 Mrs. Wilson's husband was
 often obliged to go to New York
 on business, and frequently did
 not reach his home until the ar-
 rival of the midnight train.
 Mrs. Wilson had been in the
 habit of sleeping peacefully at
 these times without fear, but a
 number of burglaries in the
 neighborhood during one of her
 husband's trips to New York had
 disturbed her calm.
 On the night of his return Mr.
 Wilson was stealing carefully up
 the front stairs, as was his wont
 on such occasions, so that his
 wife would not be awakened,
 when he heard her voice high
 and strained:
 "I don't know whether you
 are my husband or a burglar,"
 came the excited tones, "but I
 am going to be on the safe side
 and shoot, so if you are Henry
 you'd better get out of the way."

Cause of Stomach Troubles.
 When a man has trouble with
 his stomach you may know that
 he is eating more than he should
 or of some article of food or
 drink not suited to his age or
 occupation, or that his bowels
 are habitually constipated.
 Take Chamberlain's Stomach
 and Liver Tablets to regulate
 the bowels and improve the di-
 gestion and see if the trouble
 does not disappear. Ask for a
 free sample. Sold by all drug-
 gists.

Toole's Practical Joke.
 John Lawrence Toole, the
 most popular low comedian of
 his day, once gave a supper to
 80 of his friends, and wrote a
 note to each of them privately
 beforehand, asking him whether
 he would be so good as to say
 grace, as no clergyman would be
 present. It is said that the
 faces of those 80 men as they
 rose in a body when Toole tap-
 ped on the table, as a signal for
 grace, was a sight which will
 never be forgotten.

 constipation and malaria. If
 they disappoint you the price

The Eagle.
 Two Irishmen stood peering
 up at a new flag pole, in the pub-
 lic square, remarking the bright
 bronzed ball surmounted by a
 large bird at the top.
 Suddenly before their very
 eyes this bird, which had been
 only resting there, took wing
 and flew over their heads.
 The Irishmen stared. "Be-
 gobbs, Moike," then ejaculated
 one, "they f'rgot t' nail th' eagle
 down!"

**BEST FOR THE
 BOWELS**
 If you haven't a regular, healthy movement of the
 bowels every day, you're ill or will be. Keep your
 bowels open, and be well. Force, in the shape of
 violent physic or hill poison, is dangerous. The
 smoothest, easiest, most perfect way of keeping
 the bowels clear and elastic is to take

Candidates Too Well Known.
 It was just after the opening
 of the polls for the election of
 mayor in a New Jersey town
 that two Irishmen met and be-
 gan discussing the chances of
 two candidates for aldermen.
 "It will be a close race be-
 tween McGlory and Adolph
 Mink," said the first Irishman,
 to which the other rejoined.
 "How is it, Clancy, that in so
 many votes it should be nip and
 tuck between McGlory and the
 Dutchman Mink?"
 "Well, I'll tell ye," responded
 the first Irishman; "It's like this:
 They're both of 'em very onpop-
 ular min, McGlory and Mink.
 If ye knew wan ye'd be certain
 to vote for the other; and both
 of them are blamed well known!"

 the Interior, General Land Office, Washington,
 D. C., February 21, 1908. Notice is hereby given
 that the public lands in the following described
 areas, which were excluded from the Magda-
 lena National Forest, New Mexico, by the
 President's proclamation of June 6, 1907, if not
 otherwise withdrawn, reserved or appropriated,
 will by authority of the Secretary of the
 Interior be restored to the public domain on
 May 22, 1908, and become subject to settlement
 on and after that date, but not to entry, filing
 or selection until on and after June 22, 1908,

Civil Service Examination.
 The Civil Service Commission
 will conduct an examination for
 men who wish to enter the fore-
 rest service as forest ranger on
 April 23 and 24, 1908. This ex-
 amination will be held at all su-
 pervisors' headquarters, on the
 above dates. This examination
 will be along thoroughly prac-
 tical lines and will consist of
 questions regarding the uses of
 the national forest, supplement-
 ed by a field test to show the

The Socorro Chieftain.

LOCALS

New men's, boys', and children's suits received at Loewenstein Bros.

Cashier E. L. Price of the Socorro State Bank is a visitor in Albuquerque today.

Sheriff A. C. Abeytia was a business visitor in Las Vegas two or three days the first of the week.

Meliton Gonzales of Lemitar has just made application to Governor Curry to be appointed notary public.

Arbor Day was observed as a holiday at the School of Mines, in accordance with Governor Curry's proclamation.

Just opened, an entire new line of the celebrated Gold and Silver Shirts, for style and comfort, at Loewenstein Bros.

Alejandro M. Sanchez has returned to Socorro from Puertecito where he conducted a successful term of public school.

Capt. J. F. Fullerton went out to Magdalena Wednesday morning to attend the regular annual meeting of the stock association.

Geo. E. Christilaw was in town Thursday on his way to his home in Kelly from a visit of several weeks at Glenwood, Minnesota.

David Farr, a prominent stockman of Magdalena, is in the city delivering some fat sheep to Albuquerque butchers.—Albuquerque Journal.

J. R. Vigil is showing a fine line of samples of wall paper. Those who need anything in the line of wall paper would do well to call on him.

W. S. Fullerton returned to his ranch in the Datils Tuesday, fully recovered from the spell of sickness that he suffered here for a few days.

A. D. Coon was among the Socorro visitors at the meeting of the stock association at Magdalena Wednesday. They returned home this morning.

At a regular communication of Socorro Lodge No. 9, A. F. and A. M., Tuesday evening W. D. Crabtree was raised to the degree of Master Mason.

Mr. and Mrs. John R. Duncan returned the first of the week from a ten days' visit in El Paso. Both were very favorably impressed with the Pass City.

A. Alexander of Cooney was in town Tuesday. Mr. Alexander left the next morning for Magdalena to attend the meeting of the Cattle and Horse Protective association.

On account of sickness in his family, W. H. Hill has not been at Hill & Fischer's market a moment for several days and will not be able to do so for several days to come.

Hon. H. O. Bursu yesterday sent out a large installment of the one hundred and forty men

he has engaged for the lambing season on his sheep ranches southeast of Socorro.

P. N. Yunker is offering his saloon property on the east side of the plaza for sale at one-half the invoice price. Anybody wanting a real bargain in this line of business should not fail to consider this proposition.

Miss Catherine Dunlap is a guest in the home of her sister, Mrs. F. Fischer, in the western part of the city. Miss Dunlap has been taking training preparatory to becoming a nurse, in a hospital in Trinidad, Colorado, for about a year.

A. F. Katzenstein, foreman of Socorro Hose Company No. 1, offers a reward of \$5.00 for information that will lead to the apprehension of the party who set fire to the pile of straw and rubbish in the yard back of Yunker's saloon last night.

Doctor and Mrs. N. W. Phillips and Mrs. Almira Phillips of Haintown, Iowa, arrived in the city this morning and are guests of Mrs. N. W. Phillips' brother, E. A. Drake. The visitors are on their way home from spending the winter in southern California.

Frank Johnson of San Marcial was in the city Thursday from attending the Cattle and Horse Protective association's meeting at Magdalena. In his capacity as Deputy Grand Master Mr. Johnson formally dedicated and consecrated the new Masonic lodge room Thursday evening.

Attorney Jas. G. Fitch took his daughter Susan to Santa Fe Monday. From Santa Fe the little lady will accompany her aunt Miss Lucy Fitch to Painesville, Ohio, where she will attend school a few months. Mrs. Fitch and daughter Hanna will return home in a day or two from their trip to the Grand Cañon.

Mr. and Mrs. Joseph Eppele were again sorely afflicted yesterday by the death of their little daughter Emma, aged seventeen months. This was the third child that Mr. and Mrs. Eppele have been deprived of within scarcely more than two weeks under most distressing circumstances. If ever human affliction calls for deep and lasting sympathy surely this is one of the instances.

Dominic Fiera, who has been mining in Hop Cañon for eighteen years, is in the city for a visit of several days. Mr. Fiera has just leased and bonded his Slide Rock claims Nos. 1 to 5 inclusive to the United States & Canada Mercantile Agency. A short time ago he struck on No. 5 one of the largest bodies of ore in Socorro county. According to Mr. Fiera's statement this ore runs six per cent copper, four to six dollars in gold, and thirty-two ounces of silver to the ton.

Hon. and Mrs. P. Martin of Monett, Mo., and Mrs. Luke Walsh of Albuquerque were in the city Tuesday. They came down from Magdalena, where they had visited Mrs. McFarland, a sister of Mr. Martin and Mrs. Walsh. Mr. Martin is a member of the democratic central committee of Missouri and one of the influential democrats of Barry county. He and Mrs. Martin were on their way home from having spent the winter in southern California.

Mrs. Esther Chambon has the heartfelt sympathy of her large circle of friends and acquaintances in Socorro and vicinity in the distressing loss by death on Tuesday of her bright little daughter Nellie, who had not yet completed the fourth year of her life in this world. The death of an aged person is sad enough, but after all it seems to be in accord with the natural course of events. The death of a child, however, appears to be

in utter violation of nature's law. Possibly the mystery of it all will be revealed sometime.

Civil Service Examination.

The civil Service Commission will conduct an examination for men who wish to enter the forest service as forest ranger on April 23 and 24, 1908. This examination will be held at all supervisors' headquarters, on the above dates. This examination will be along thoroughly practical lines and will consist of questions regarding the uses of the national forest, supplemented by a field test to show the applicant's fitness to perform the actual work as a ranger. Those wishing to take this examination can secure application blanks by writing the Civil Service Commission, Washington, D. C., or to any forest supervisor.
