JONES AND HINKLE SPEAK TO BIG CROWD

Senator A. A. Jones, J. F. Hinkle and Judge Sam Bratton were in Carlsbad Friday night of last week and were greeted by the largest audience of citizens ever assembled on a similar occasion, in the history of Carlsbad. The hall was packed with people, who listened attentively to the speakers and what was better, remained until the close of the speeches. The remark has frequently been heard on the streets and in the business houses since that time, that "votes were made for the Democratic ticket," by the able presentations of the issues of the day by these prominent men.

Seated on the platform, beside the speakers were J. R. Linn, Judge Fred E. Wilson, Judge J. W. Armstrong. To J. R. Linn fell the pleasant duty of introducing Judge Sam Bratton, of Clovis, candidate for a position on the Bench of the Supreme Court of the State. Judge Bratton was greeted with tremendous applause as he was introduced. He refrained from making a speech, however, as he said both he and his opponent had agreed not to make any speeches during the campaign. He said, however, that he was glad to come to Eddy county, as he had many pleasant memories of courtesies and kindnesses shown to him on former occasions. Regardless of politics, he said his county had many things in common with the citizens of Eddy county.

Judge Armstrong, in introducing James F. Hinkle, candidate for governor, was very happy in his remarks, saying among other things, that the name of Hinkle was a household word in this part of the state and speaking in highest terms of the gentleman whom he presented to the large audience and who was greeted with applause. Mr. Hinkle said that the difference between himself and his opponent was that his opponent did not make any speech, and he, himself, not much of one. He alluded to his tour through the state as a show and said that a show every night was "going some" or a cow-puncher.

Mr. Hinkle stated that matters were growing worse instead of better in the state, that taxes had increased \$5,000,000 in the last three years, despite republican promises of economy. He cited the case of Chavez county and said this county is in about the same condition. He went at some length into the question of roads and schools, declaring at the outset that no one was a stronger advocate of both than himself. "So don't go out and tell anyone that I am against them," he warned.

He said that during the campaign trip the party generally had good roads when "off the highways." He said he estimated that 40 to 125 per cent of the state and U. S. money was spent before any dirt was ever moved. "One project down our way," he said, "has been surveyed five times and they are still surveying it. In Roosevelt county they built a road through a 15-foot lake at a cost of \$25,000, when \$500 would have built a mile detour. The \$25,000 is in the lake and the people are going around. They spent \$15,000, trying to change the course of the Pecos river, when they could have built a half mile of road for \$500 instead. And the Pecos washed out the road."

In regard to the school book trouble he had investigated and found that school books which cost \$10.85 in New Mexico can be bought in Texas for \$4.85. The school money is being wasted and schools are suffering in consequence.

He spoke of the penitentiary scandal and paid his respects to the persons responsible in no unmeasured terms. The insane asylum is costing too much for its maintenance. This year with 264 patients it cost \$164,000; while in 1920 with 385 inmates it only cost about \$60,000. He said that Pankey's friends have gotten their arms into the treasury up to their arm pits. He has been told that he can do nothing if elected, toward reducing taxes, but he can at least pull their arms out. The republicans act as if they had the state rented. They remind him of the two cowboys who had hired a boat, and when they got in the middle of the stream the boat began to sink, and one called the attention of the other to the fact that it was half full of water, to which the first one replied: "What the hell do we care. It aint our boat."

He said the women of the state seem to be taking more interest in the election than the men and urged every one to get out the vote in the entire valley. He said if elected he would not ask first whether a man was a republican or democrat but whether he was honest and efficient. He if elected, will be governor of all the people of the state, and not any particular section.

It is not at all necessary to side-step the fellow with a chip on his shoulder. He'll be careful not to let you jostle it off.

"Good faith—to whom and with whom? I have never yet pledged my faith to the manufacturers of Connecticut and I never will. My faith is pledged to the state of New Mexico and I have kept that faith. So long as I bear your commission in the United States Senate, so long as God gives me life I will serve you."

In these ringing words, in a clarion voice that made the walls ring, while a storm of applause shook the Crawford theatre, United States Senator A. A. Jones concluded paying his respects to his opponent in the senatorial race, Stephen B. Davis, Jr., the Republican nominee. Toward the end of a lengthy speech on the big issues of the campaign, Mr. Jones took out a clipping of a political advertisement signed by Mr. Davis which recently appeared in several newspapers in the state. What he did to the manifesto therein contained fairly thrilled the crowd. Incidentally it was a crowd which packed the theatre to its fullest capacity.

THE Davis Argument Which Brought Forth Answer

"New Mexico must have a protective tariff on her wool and other products."

"Other states need protection for their products, agricultural, mineral and manufactured."

"Republicans believe in protection for all who need it. What is fair for one is fair for another."

"There are democrats, judging by their votes, who believe in a tariff for the products of their own states, but not for other states."

"This is wrong in principle, for it represents the height of selfishness. It is bad in practice, for no tariff can be written on such a basis. A foolish man might take such a position in good faith, but these democrats are not fools."

"We cannot have a protective tariff for New Mexico and no protection for the rest of the country."

Finds It Interesting.

"This advertisement of my congressional friend from Las Vegas," said Mr. Jones, "presents three interesting propositions. He says there must be protection for all states, but he doesn't insist any one state should need such protection."

"He would have voted for the bill notwithstanding that it reduced duties on agricultural products and increased the tariff on manufactured products even if they were selling at twice retail war prices. He would support the tariff bill as a whole without inquiry. He would not call on the manufacturer to tell whether he needed protection or not; to find out if his overhead were not too high; to find whether or not the manufacturer was charging extortionate prices and monopolizing the market."

"Week after week I sat in the finance committee of the senate and listened to the pleadings of manufacturers; and not one had a cost sheet with him. There was no attempt to find out what profits were being made. They made their demands without any showing of facts and they were generally granted without investigation."

"He who gets must give," says my opponent. Think of applying that principle to legislation. The speaker here told a story of Senator McElin of New England, who insisted on protection for manufacturers of sheep shears, after the wool growers "got what they wanted."

"If we are going to get legislation on that basis," thundered Mr. Jones, "then for God's sake send somebody there who will get something for you in that fashion. This ad, speaks of 'selfishness.' Let us look at the selfishness of those manufacturers who for over a hundred years have been levying tribute on the rest of the country until New York has a quarter of the wealth, Pennsylvania and Massachusetts, one eighth each. And then a man from New Mexico criticizes one of her citizens because he was not willing to give everything to this man's native state of Connecticut, and get nothing in return."

Mr. Jones, devoting half of his address to the soldiers' bonus bill, as usual, went into the question of national finances and the tariff a considerable length. As usual his arguments were clear, cogent and forcibly presented while the tariff is to many an abstruse subject, he got down to words of one syllable and held the close attention of every auditor. Paying a personal tribute to every member of the senate finance committee, especially the six who have died since he entered it, Mr. Jones emphasized the fact that political differences did not mar the close personal friendship among the members. He mentioned briefly Billy Hughes of New Jersey, Ollie James of Kentucky, the lovable Gallinger, nestor of the senate; Stone of Missouri, and Penrose of Pennsylvania, who, he said, had been gentle and attractive side in private life and was a man of good impulses.

"In 1921," said Mr. Jones, "the Republican party was in full control of the senate. Party poli-

tics began to ferment. And if there has been any prosperity animal running around loose in New Mexico as a result, I have failed to see it. The majority framed a new revenue law, lowering the taxes of the best able to pay and raising them for those least able to pay. Prices of manufactured products went up and of farm products down. In some cases the former rose 72 per cent higher than war prices. Just exceeding this. The farm bloc got exceeded this. The farm bloc got through a tariff levying a 15-cent duty on wool in grease and 45 cents on scoured. The emergency tariff law put a tariff on meat and wheat and everything produced in New Mexico. At my suggestion, the emergency law was made permanent. My judgment has been all along that wool is the only product whose price was advanced by reason of a tariff. The country produces only half the wool it uses. The price of local wool rises to that of foreign wool plus the duty. This can never be so of a product produced in surplus here. There can be no such thing as a protective tariff for such products.

"The surplus must find a market abroad, the price equal to that here plus enough more to get it to the foreign market. That was the situation a year ago. The farmer's dollar was and is worth only 67 cents in buying manufactured products. The foreign market for surplus farm products was partly destroyed. When the war closed we still extended credit abroad on a vast scale. Since the war exports have exceeded imports by ten billions. Other nations of the earth are indebted to us in the inconceivable sum of 17 billions. I ask any merchant how long he could keep on extending credit and getting no pay. How soon would he go broke? That is our fix nationally. The market for our surplus products offers a price below cost of production. If the farmer's surplus, sold abroad, is only to be paid for by exchange of products by putting higher duties on the foreign goods, exchange is impeded and finally stopped."

"Manufacturers Didn't Need It. The manufacturer didn't need more protection. There was no flood of imports. And they sell their goods abroad cheaper than in America. DID YOU WANT ME TO HELP MAKE THE FARMER AND CONSUMER OF THIS STATE PAY MORE FOR THE THINGS THEY BUY?"

"Many Republicans took the same view of it as I did. Hardly one big metropolitan newspaper supported the new tariff bill. The New York Herald and Tribune, the Chicago Tribune, the Kansas City Star, the Boston Transcript and others condemned it more severely than I am doing tonight. Has Given New Mexico Matters Close Attention. The six years of my service in the senate have been as important years as any similar period in our history. Over 2,000 bills have passed the senate, with innumerable amendments. The tariff bill alone had over 3,000 amendments. The senate was more continuously in session than in any preceding six years. I always have had to have three or four clerks in my office to handle the business. It is impossible to estimate the tremendous number of matters in which New Mexico is vitally interested at Washington, every day. There has, however, never been a communication

of any New Mexico matter—great or small—but which received prompt attention, with such result as could reasonably be expected. There has never been on my part any discrimination whatever between New Mexico citizens, whether they be high or low, Democrats or Republicans—all have received from me the same careful and conscientious attention."

"The Republicans lowered the tariff on wool. A hundred million pounds of foreign wool has been in Boston waiting for lowered duties. Supposing it comes in now, with the new tariff reducing the duty on scoured wool to 31 cents! No other product of New Mexico will receive benefit from the tariff. With a reduced tariff on wheat, benefits to the New Mexico farmer are reduced. The duties on manufactured products are higher than ever before in history. You remember the obnoxious Payne-Aldrich tariff law, so obnoxious that in 1910 the people rose in righteous indignation and turned the republican majority out of power."

"My prediction is that this new tariff bill is so obnoxious, so uneconomical, so detrimental to the interests of the people, that on November 7th the people will again rise up in righteous indignation and turn out of power the Republican majority in congress which is responsible for its enactment."

El Paso, Oct. 24.—Realizing the necessity for grazing for thousands of cattle and sheep in the drought stricken region of the southwest, David S. Russek, Chihuahua City financier, late yesterday announced that he had leased for two years the grazing rights on the vast Terrazas estates in Chihuahua and that he would have 5,000,000 acres of good grass at immediate disposal.

Sam Moskine returned from a trip to Amarillo, this week, going there to see about cars for shipping his sheep, and on other business. He says it is dry there the same as it is here, only worse, and that every body is talking hard times.

L. A. Swigart returned the first of the week from a two weeks stay at Akron, Ohio. He was accompanied from there by his mother, who will stay with relatives here for most if not all of the winter.

If you want to rent that vacant building, the rent collected, and prompt settlement made, list with J. M. Pardue, James Building.

The Senior Class, of Carlsbad High School, went out kodaking last Tuesday afternoon, three cars being used to carry the members of the class and their chaperones. The pictures, or those which are suitable are to be used in the annual, "The Echo."

Mrs. Rom Holt entertained three tables of bridge players at her home yesterday, honoring Mrs. Halley's visitors. Mrs. John Barber made high score and received a souvenir of the occasion, and the honor guests received guest prizes.

Mrs. Willoughby Hegler and two daughters came in to Carlsbad the first of the week from their ranch home at Frijoles. Mr. Hegler is not expected home from his trip to Arizona for another week.

Harry Thorne was down from Roswell the first of the week and was accompanied on the return trip by Mrs. R. M. Thorne who will make a visit with friends there expecting to return today.

SCHOOL NOTES

The Juniors entertained the Seniors last Friday evening with a very enjoyable hay ride to the lower six mile dam. Mesdames Snow and Campbell and Misses Cooper, Yancey and Graham acted as chaperones. Venies were roasted over a camp fire and other picnic dainties were enjoyed.

Kodaking for the annual consumed all of Tuesday afternoon (much to the joy of the seniors.) Students with cars took the jolly seniors out to Rocky and many good snap-shots were taken, Miss Cooper and about thirty-four seniors made up the crowd.

The address delivered by Rev. Douglas to the student body Wednesday had to do with the life of Benjamin Franklin. He gave some rules of Franklin's which each one who heard should follow.

The order for class rings and pins was placed with The Corner Drug Store, the first of this week. The Class of '23 is the first class in many years who has ordered through a local dealer.

Miss Ruth G. Tallor, State Superintendent of Home Economics, who failed to arrive on Friday was a visitor to Carlsbad Schools Monday.

Burlap has been put on the walls in the halls of the Grammar School for the display of work done by the different grades. Next week a special program will be given at which time Judge Brice of Roswell will speak.

COMPETITION BRINGS PRICE OF COTTON SEED UP

C. W. Beeman of the Otis Oil & Warehouse Co. of Loving, N. Mex., was a pleasant visitor at the Enterprise office this week. He was here in the interest of his company who are buying and crushing cotton seed from our gins in this part of Texas. Mr. Beeman was on his way to that part of the Rio Grande Valley below El Paso, where he hopes to purchase seed for his crusher.

Heretofore all our seed was shipped to El Paso (that is since the pink boll worm was found here and the El Paso crusher was the only place we were allowed to ship our seed. Since that was the case and we had no alternative but to ship and sell to this market the price paid by them for our seed was much below the market price and the price paid for other seed—indeed, we received for our cotton seed only half as much as was paid in other parts of the state. Since the gins in this part of the country have put in sterilizers we are allowed to ship our seed to other points than El Paso and the competition has caused the price of our seed to increase materially in value.

According to Mr. Beeman, the El Paso crusher proposed to his firm that they stay out of this territory and allow the El Paso firm to continue to buy from us at whatever price they wished to pay and that they (the El Paso firm) would stay out of the territory of the Lovings concern. This Mr. Beeman refused to do and now there is competition all along the line and both firms are competing for seed here, in the upper Pecos Valley and also in the Rio Grande Valley.

Mr. Beeman informs the Enterprise that they have a three press mill capable of crushing fifty tons per day and that his firm has made arrangements whereby they can and will pay to our farmers the same price for seed as is paid for farmers of his immediate territory. Those seed growers of the Barstow country will also under this scheme receive the same price as do those of the Pecos territory. To do this Mr. Beeman's firm will pay the difference in the freight rates from the different points so that all farmers will get the same price for their seed, no matter where they live or ship from.

This is worth the consideration of our cotton growers and in the opinion of the Enterprise the New Mexico house should receive the greater portion of the seed since they have caused the price of seed to be brought up to what they are worth in other markets. At any rate it is worth investigating.—Pecos Enterprise.

Joseph Powell is expecting to return to Carlsbad this afternoon from a week's stay in Roswell, where he has been visiting with Rev. F. W. Pratt.

CHAMBER OF COMMERCE LUNCHEON

About forty members of the Chamber of Commerce sat down to the regular semi-monthly luncheon at the Crawford Hotel last Thursday at noon. The meeting was characterized by a "lot o' pep," and in several ways was different from those which had preceded it and was more interesting on that account. Rev. A. C. Douglas pronounced grace, and as soon as the members were seated story telling began. Frank Kindel led off in that line and about a dozen followed. The committee appointed to award the prize, for the best story, gave the box of cigars to Rev. A. C. Douglas, who accepted the same gracefully.

At the close of the luncheon, in accordance with the usual custom, a number of short talks were given by members and visitors, the first being by D. Jackson, president of the local Game Protective association, who spoke at some length about the picture which is to be put on at the Crawford Theatre next Monday night in addition to the regular film. This consists of five reels, showing the hunting of big game in various parts of the world, and is intensely interesting to all lovers of hunting. The object in showing this picture at this time is to awaken an interest on the part of our people in the propagating and protection of our game. Every citizen should be interested in this matter whether members of the Game Association or not. There is no doubt that we have excellent hunting and fishing and if this is looked after we can get our share of eastern travel. Last season four persons came in from Wichita, Kansas, and all purchased hunting licenses, and in addition, spent in the ten days they were here, about \$600 for supplies. The same is true of a party from Oklahoma, who were here two weeks and left \$800 here. In the last couple of years we have put in the Pecos over 40,000 quail and perch minnows. In conclusion Mr. Jackson urged every one to help the association by purchasing a ticket to the picture show next Monday.

Dr. Smullen the new dentist, who has only recently come to make his home among us, made a nice little talk, telling of his experience in his chosen profession, and closed by saying that he was more than pleased with his reception and will bring his family here very soon, and do all he can to beautify the city and the C. of C.

Mr. Muzzy spoke of the recent meeting at the Crawford where it took three chairmen to introduce three speakers, and said he was reminded of the chairman who desiring to wax eloquent, on a like occasion, alluded to the speaker who was to follow him, as a man, whose name was a household word in the community, and in the state and nation, and closed by leaning over and asking the gentleman what his name was. Afterward Mr. Muzzy told of the necessity of more "pep" in the management and meetings of the C. of C., not leaving the soliciting of new members to the president or the committees, but each man getting out and working to that end.

W. G. Donley, principal of Carlsbad schools, made a talk about our schools and their condition stating that the Board of Education had a few plans to introduce to the Chamber of Commerce, which he would not anticipate. Every thing is moving on in good shape at the schools. The enrollment in the high school in the last four years has increased from 110 to 197, in itself a good indication of progress. Although our appropriation has been cut down \$3,375, he believed that as we had been accumulating gradually in the bank, until we now have about \$7,000 ahead, they hope to be able to pay all warrants.

Judge Armstrong introduced a number of guests from El Paso, who made short talks, among them being Judge John F. Weeks, Dan La Roe, and C. W. Rodgers, the two named being men who are engaged in road building. A Mr. Corbin of Artesia was also present and made a short talk.

Frank Kindel suggested that our garage men secure a number of small metal tags having the name Carlsbad on them, for use on the front of the cars, thus advertising the town. A good suggestion. The meeting adjourned.

CANDIDATE FOR COUNTY COMMISSIONER DISTRICT NO. 3, EDDY COUNTY.

I hereby authorize my name to be placed before the voters of Eddy county, New Mexico, at the general election as a candidate for the office of County Commissioner from District No. 3, on the Independent ticket. Your vote and support will be highly appreciated.

DEAN SMITH.

Arthur Ray, who has been in Carlsbad for a month or more, representing the publishing house of Collier brothers, left Sunday for Pecos, Texas, where he will continue his work. He tells us he was very successful in Carlsbad and has many nice things to say of the town and people.

LOCAL NEWS.

H. M. Denton, the piano tuner, came in Friday afternoon from Roswell where he had spent some time and remained here a couple of days.

George Adams arrived in the city the latter part of last week from a six weeks trip through Colorado and Washington and other western states.

W. S. Moore of this city, presented Mrs. A. A. Jones, wife of the senator, with a magnificent specimen of white chrysanthemum, grown in his home garden. The gift was graciously given and received, Mrs. Jones carrying it with her during the entire evening. Mr. Moore made a specialty last year and

this growing these mammoth beauties.

Ed Scoggins, of Hope, was down from there with a load of apples, and young chickens, Saturday. He sold the fowls very readily but the apples were not so easily disposed of.

J. T. Price and wife expect to leave very soon for a new location and will probably make their home in El Paso, going about the first of the month or as soon as they can arrange matters.

W. G. Brown left Monday for El Paso to attend a meeting of Scottish Rite Masons which convened in that city the 23rd of the month and lasted all week.

Rev. J. D. Terry, the Methodist minister, who is well known to all who have lived in this community for any length of time, and who has a wide acquaintance and many friends both in Carlsbad and in the mountains west of town, was in the city Saturday, en route to Lakewood where he expects to hold a series of meetings at the Methodist church in that village. The meetings began last Saturday night. In this work he will be assisted by the Conference Evangelist, Reverend Freeman, and B. L. Nance, of El Paso.

MRS. ADELINA OTERO-WARREN
Republican Candidate for Representative in Congress
MRS. OTERO-WARREN'S EQUIPMENT FOR SERVICE IN THE U. S. CONGRESS.

As this campaign draws to its close the entire argument of the opposition to the election of Mrs. Otero-Warren to Congress is found to be in the fact that she is a woman.

Aside from the fact that this position is a reflection upon the women voters of New Mexico and a tacit expression of opposition to equal suffrage and equal rights for women, voters may well consider briefly just what are the qualifications of Mrs. Warren for Congressional service.

It has been shown that she has been an effective leader in her own state for equal suffrage, for prohibition and its enforcement, for educational advancement of the most practical kind in which latter cause she has been both an advocate and an active worker. It has been shown that she led the long fight for health and public welfare in our state.

During the last six weeks Mrs. Warren has spoken to thousands of people at public meetings in nearly every county in the state. In those addresses she has shown her possession of sound, clear knowledge of the great national questions now pending. She has shown her ability to deal with those questions briefly, forcefully and convincingly. She has demonstrated broad education, knowledge of the political and economic history of the nation, power as a speaker. During and for years prior to this campaign she has shown that she is an indefatigable worker.

What more complete equipment for service in Congress could be required?

The women of New Mexico may

vote for Mrs. Warren with complete confidence that her work, her position upon public questions, her capacity to produce results will vindicate the rights of women not only to vote but to take an active and a leading part in the government of this nation.

The men of New Mexico may vote for Mrs. Warren with complete confidence that she will give to her congressional duties earnest effort, sound judgment and capacity to meet on equal terms every responsibility that will devolve upon her.

A NOVEL SIGHT ON THE PLAINS

A number of Panhandle towns report a novel sight last week in this part of the country.

On Thursday and Friday, the attention of citizens was attracted to thousands of birds flying about, apparently "sizing up" this, to them, very unusual looking land. From high in the air, they dipped down to get a closer view and then, probably disgusted with the lack of fishing facilities, they rose again to repeat the performance a moment later. The birds were sea gulls, doubtless blown here by some unusual disturbance on the gulf coast and very rare visitors on the Plains. They were reported at Hereford, Plainview and Tulsa as well as here at Amarillo and they necessarily must have passed over many other Panhandle towns on their inland trip.—Amarillo Plainman.

Mrs. R. B. Slease and son, Edward, Mrs. Roy Worley and son, Kenneth, Mrs. Filson and Miss Mollie, left in the Slease car for Roswell last Saturday morning. They spent Sunday in that city, returning late Sunday afternoon.

MAY BUILD BIG DAMS AT FORT SUMNER AND CARLSBAD NEXT YEAR

Fort Sumner, Oct. 18.—Decision is expected soon on the two big dams which are to be built at this city and Carlsbad, from the director of the Reclamation Service. Two reservoirs of approximately 300,000 acre feet are being considered. One is 16 miles above Carlsbad. Suitable dam sites have been found for both, and federal land for the reservoir sites has been withdrawn.

OF INTEREST TO THE PUBLIC

Monday night, October 30, under the auspices of the Carlsbad Game Protective Association, a five-reel moving picture will be put on at the Crawford which promises to be interesting and instructive as well. The picture will show the hunting and killing of big game in various places. Moose hunting in Canada, and Alaska, deer hunting in Louisiana, hunting of large game in Old Mexico, and in many other places. The object is to stimulate an interest in the protection of game, which is what the Association stands for. Each person buying a ticket at the price of 50 cents, will be given a copy of Field and Stream, a publication devoted to game and similar subjects and a splendid magazine, along its line.

Speaking of game, quail are said to be plentiful here this season, large coveys being seen near town and in the surrounding country. Deer are also said to be plentiful in the mountains west, and bear in the same locality, in large numbers. Fifteen bear have been killed this summer in the Guadalupe. The game associations of the state are trying to have a law enacted making a closed season for bear the same as now obtains for deer.

PROMINENT W. C. T. U. WORKER IN CARLSBAD.

Mrs. N. J. Strumquist, state president of the W. C. T. U. was in Carlsbad Sunday afternoon and Monday, going north on the stage Monday afternoon. Arrangements had been made to give the distinguished lady a reception, but she not being acquainted with the train service on this part of the line, failed to arrive as she had expected to on Saturday and did not come in until the afternoon train Sunday, so that had to be abandoned. Mrs. Strumquist spoke for half an hour at the Methodist church Sunday evening, having previously visited the Mission which is being conducted in San Jose by the local W. C. T. U. She also organized a Mother's class at the Mission rooms Monday morning and held a parlor meeting at the home of Mrs. A. A. Davis in the afternoon leaving for Roswell at three o'clock.

She spoke Sunday night on the world activities of the Union and of the World Convention of White Ribboners to be held next month in Philadelphia, which she will attend, as a delegate from the state. That convention delegates will be held in an empty hall, thus advertising the success of prohibition which has caused empty jails and which of itself will be a fine advertisement for the work of the W. C. T. U. She also spoke of the Frances E. Willard School in Santa Fe, which is an industrial school for girls of good character. If the girls are unable to pay their tuition some individual or some organization, stands sponsor for the girl. There are twenty-two girls now receiving instruction at this school. The school is nationally endowed, and is destined to become a great institution in the state. Three teachers are employed there and courses are given in cooking, sewing, music and nursing, as well as having a regular public school course. Carlsbad union is entitled to send two or three girls to this school as the local union has been among its most enthusiastic supporters.

Mrs. Strumquist announced that the State Convention of W. C. T. U. will, in all probability, be held in Carlsbad next year, and urged the attendance of a number of ladies at the state meeting which is to be held at Raton instead of Clovis as was first intended. This convention will be held there December 2nd, 3rd and 4th.

Mrs. Strumquist also made an earnest appeal for more members for the union, urging the men to join, and pay their dollar and if possible sign the pledge. All regretted that she could not remain longer in Carlsbad, she being the kind of lady one is pleased to meet. Before leaving the lady, in company with Mrs. Hattie Mercer, organized a W. C. T. U. among the Spanish speaking women, she speaking Spanish as fluently as she does English. Senora Gutierrez is the president of that organization. In the state there are twenty-five unions with a membership of nearly, if not quite, seven hundred and fifty.

SANTA FE WILL EXTEND TIME ON LOW STOCK RATE

The reduction of freight rates for live stock on range to ship in New Mexico has been extended from the former date of expiration, October 31, until November 30, according to information received yesterday from officials of the Santa Fe Railway company.

Livestock growers made application to the railway company through the state cattle and horse growers' association, asking for relief in the rates of shipment from the drought stricken sections of the state to better ranges. A reduction of 35 per cent was granted until October 31.

The continued drought and the fact that a large number of the growers will be unable to ship their cattle by the end of this month caused the railway company to make the extension in time.

COLD WAVE WITH RAIN

The overcoat, sweater, and other shock absorbers against the wintry blasts were dug from the moth balls Tuesday morning, and their purpose was more than mere adornment, for with a heavy rain that began falling Monday morning, came wind from the north, whistling that famous old tune, "Where Is Your Summer Wages?"

The rain was about the wettest one we've had this year, and was a welcome sight to the cowmen, as a rain at this time of year is a guarantee of fine weeds on the ranges.—Pecos Gusher.

A DUCK SUPPER

A quartet of boy friends having been duck hunting with good success, were given a duck supper at the Dr. Culpepper home in Rio Vista, last Monday night. The guests report a fine supper and a hearty welcome from their host and hostess. Those entertained were Roscoe Ester, Ned White, Edward Waltersheid and Bascom Culpepper.

Mr. and Mrs. Joe James, who left recently for an expected trip to California, stopped over in El Paso and have decided to postpone their trip to the coast until a later time. They write friends here that they will come home this week via Alamogordo, and afterwards Roswell and that Mr. and Mrs. Hendricks will accompany them.

Eddy lodge No. 21, A. F. & A. M., held an interesting regular communication Thursday evening, October 26th. The occasion was the official visitation of the District Deputy Grand Master for the Thirteenth Masonic District, Victor L. Minter member of the committee on educational service of the grand lodge of the state told of the recent big meeting of Masons held in El Paso on October 11, and of the trip into Arizona where lectures were given by Francis E. Lester, Past Grand Master and chairman of the committee on educational service. The members also enjoyed for the first time inspection of the new lightning system recently installed in the lodge room which consists of Brascollite fixtures with inverted globes each containing the Masonic emblems in the color of the blue lodge. When the final repairs are completed the local lodge will celebrate the redecoration of the hall with a suitable program, the details of which are now under consideration.

The members of the local Masonic lodge are planning a trip to Artesia lodge No. 28 next Friday evening, November 3. The occasion will be the reception of the District Deputy Grand Master for the 13th Masonic district. Artesia lodge has arranged a program consisting of a radio concert, speaking and refreshments. All Master Masons are invited to the meeting.

Court continues this week, night sessions also being held. The week has been devoted to civil cases and an earnest endeavor on the part of Judge Brice to clear the docket as much as possible during this term is evident. A suspended sentence was given A. J. Foster, convicted of larceny of cattle and recommended to the clemency of the court, the sentence being for two years. Polo Mendiaz convicted of manslaughter, was sentenced to not less than six years and not more than ten years in the state penitentiary. The sheriff will take him to the penitentiary about the first of the month or at the close of court.

Charles William, the little son of Mr. and Mrs. Bill Lusk, celebrated his second birthday anniversary at the home of his grandparents Mr. and Mrs. C. N. Jones, last Sunday. He had a birthday cake all in approved style with two tiny candles, marking the milestones past which the little feet have traveled, and some little friends to help him celebrate. May he have many more and happy birthdays.

Mrs. Hooley Cochran came down from Queen where she had been visiting for a month with her daughter, Mrs. Tom Middleton, and will leave tomorrow for her home near Los Angeles, California.

Carlsbad lodge of I. O. O. F., No. 21, has issued invitations to a number of their friends to an entertainment to be given at the Odd Fellows hall, Tuesday, November 31st, at 8 o'clock. A splendid time is anticipated as the Odd Fellows never do anything by halves.

The carload of casing ordered some weeks ago has arrived and is being unloaded by the Service Transfer company and hauled to the Blue Bird oil well south of town where work will begin at once.

The Service Transfer company has ordered a rubber tire piano truck and special apparatus to move pianos without marring the floors. All their equipment is up to date.

A wife announces the fact that Mr. and Mrs. Joe James and Mr. and Mrs. Elliott Hendricks will arrive in Carlsbad today from their lengthy trip. They will be dinner guests at the home of Mrs. Ed James.

MRS. R. L. HALLEY ENTERTAINS

HONORING VISITING LADIES. A beautifully appointed reception was that given in honor of her house guests, Mrs. W. S. Speer, of Cleburne, Texas, and Mrs. R. C. Bone, of Gainesville, by Mrs. R. L. Halley, at her home in North Carlsbad last Friday afternoon.

In the receiving line were Mesdames Paul Joyce, George Adams, Arnold Smith, F. F. Doepp, Charles Joyce, of Hollywood, California, and Miss Jessie Lowry. Mrs. Halley and her visiting friends received her guests in the living room. The shades were drawn and the subdued glow from shaded lights made a beautiful picture. The color scheme in the living room was pink and green. Aaron Ward roses being used in abundance with smilax and pink dahlias, while in the other rooms pink and yellow flowers were used. Ladies who assisted in entertaining were Mesdames Christian, Rom Holt, Roy Waller, Will Purdy, John Barber, J. D. Hudgins and C. C. Sikes.

Mrs. J. F. Joyce and Mrs. Lige Merchant presided at the table which was centered with beautiful flowers and lighted by tall wax candles at either corner, which carried out the color motif of the other decorations.

The refreshments were in colors also, the hostess serving white cake, with pink and green icing, mints of the same colors and salted almonds. One hundred ladies attended the charming affair.

HOUSE WARMING FOR LADY

Wednesday afternoon a number of old friends of Mrs. W. C. Reiff, met at the home of one of her neighbors, Mrs. W. E. Smith, and proceeded in a body to the little cottage home where their friend had spent some years and within whose walls she had known much of joy and sorrow, both of which experiences can endear a place to the owner. The crowd carried along refreshments and had a delightful visit with their old friend. Stories were told and incidents recalled of the time when the Reiff family was living among us, and many pleasant recollections were brought to light of their usefulness as citizens and neighbors. Altogether a most delightful afternoon was spent and Mrs. Reiff was agreeably surprised at this attention from her old-time friends. Those who were present were Mesdames George and John Lucas, N. T. Daugherty, Henry and W. E. Smith, Chilcoat, Fred Nymeyer, "Aunt Sallie" Slaughter, Hannah, William Leck, D. N. Vest,

and Mrs. A. Moore.

After lunch had been served, the "girls," (none of them over seventy-three years of age,) gathered in the sunshine and had a number of pictures taken, which will be happy mementoes of the occasion. After singing that good old hymn, "Blest Be the Tie That Binds," all left for their homes with pleasant memories of another day spent with their friend of other years.

Miss Mabel Jackson left yesterday morning to join her mother at their former home in Toyah, Texas. The young lady and her father have been living on the Mullane place west of town for a year past, the father engaged in truck gardening. Some of the finest melons grown in the valley were raised by Mr. Jackson. He will leave for Toyah, also, as soon as he can get his business adjusted.

J. F. Bush came up from Orla Wednesday night for a visit with his family in Carlsbad.

Livestock is being sent out of Sierra County by the train-load, and at the rate of several trains a day. It will be impossible to pull through the live stock in that section except by feeding, and then only in a narrow belt down a mountain range where some rain has fallen in time to make some grass.

The republicans have been charging that the democratic candidate for state land commissioner is totally inexperienced in land matters and could not manage such a big business of that kind as is done by the state. It is now announced that in case of democratic success the Hon. Miguel A. Otero, former governor of the territory, is more than likely to have the actual charge of the business. He has had considerable experience in territorial land matters.

The Towner-Sterling bill will bring to New Mexico three hundred and fifty thousand dollars for rural education and several hundred thousand more for physical education, the removal of illiteracy, the Americanization of immigrants, instruction in sanitation, instruction of teachers and other such work as it is proposed to have the government undertake.

A visitor in Carlsbad this week is Mrs. B. F. Nicholson, of San Antonio, Texas, who is at the home of her brother, W. S. Moore.

RED BLUFF DAM MAY

IRRIGATE 300,000 ACRES

El Paso, Oct. 27.—Construction of the proposed dam at Red Bluff, N. M., just north of the Texas-Mexico state line, which would create a storage reservoir with 300,000 acre feet capacity, will cost approximately \$1,894,500, according to the estimate of consulting engineers.

The Red Bluff reservoir, according to present plans, would be used to store flood waters and provide for the irrigation of 30,000 acres of Texas land. Measurements taken since 1913 show an average of 497,500 acre feet of water flow past the Red Bluff site each year.

Three means for building of the the Pecos Valley Water Users' association, have been suggested. One is inducing the federal government to make it a Reclamation project, the second is to form a financing company from the water users, and the third is to await action of the state legislature.

This country is in need of a greater respect for law and order. It is likewise in need of more officers who possess the honesty and nerve to enforce that law.

As long as VOTE spells "Law," we will continue to be long on laws and short on their enforcement. In the meantime, the people who put these birds into public office have no reason to complain of the things they don't do.

Where Will Hinkle Cut

each \$100 paid in taxes is divided as follows on the average:

State	City	County	Highway	Education
\$5.86	\$18.87	\$13.04	\$13.11	\$49.12

In the counties outside of the cities, the division is as follows:

State	County	Highway	Education
\$8.18	\$17.80	\$18.20	\$55.82

Mr. Hinkle has traveled all over the state telling the people that if elected Governor he will cut down taxes.

What the people of the state now demand to know is—

Where Will Hinkle Cut

Nine tenths of the state's \$5.86 is spent for purposes required to be done by the constitution. Mr. Hinkle knows that as Governor he can not reduce this.

The \$18.87 for the cities is entirely under the control of the people of the cities and their commission. Mr. Hinkle knows that as Governor he can not reduce this. No one but the city authorities can cut this tax.

The \$13.04 for the counties is entirely under the control of the people of the counties and their commissioners. Mr. Hinkle knows that as Governor he cannot reduce this. No one but the county authorities can cut this tax.

The \$13.11 for highways, with twice that amount furnished by the government, is spent by the Highway Commission with federal approval, and by the county commissioners. Mr. Hinkle knows that as Governor he cannot reduce this without repudiating the state's obligation and forfeiting the Federal Allotments for New Mexico.

The \$49.12 is for education, including the educational institutions of New Mexico. Most of it is under the control of the local boards. Mr. Hinkle knows that as Governor he can't reduce this. No one but the local boards and commissioners can cut this tax.

A small part, about \$3.00 out of each \$100 in taxes, goes to the educational institutions. Mr. Hinkle as Governor could veto this \$3.00. That is about the extent of the governor's power to cut taxes. Is this what he is talking about? The people of New Mexico wish to know—

Where Will Hinkle Cut

KEEP A. A. JONES IN THE U. S. SENATE

WHY? New Mexico, through an able veteran senator who is a national statesman, has a power in American affairs. Why sacrifice an influence that takes years to build up?

A. A. Jones, Chairman of the committee on woman suffrage, with a record of service which has earned the gratitude of leaders of the movement, is a member of the powerful Committees on Appropriations, Finance, Public Lands, Indian Affairs, Mines and Mining; on the Committees on Education and Labor, Manufactures, Expenditures in Interior Department, Audit and Control, Contingent Expenses of Senate, and Geological Survey. March 3, 1919, he was made chairman Joint Commission on Reclassification of Salaries, reclassifying all federal employees; August 12, 1919, appointed member Special Commission on Budget System which evolved budget law; member of subcommittee to investigate Coal conditions; member committee to investigate Steel Strike; member Sugar Investigation; member committee to investigate conditions in Haiti and Santo Domingo; member conference committee on Tariff Bill, member of full committee on Emergency Tariff

bill; member conference committee tariff law; member sub-committee investigating oil and gasoline; has introduced hundreds of bills for the relief of citizens in New Mexico and given special attention to thousands of requests from New Mexico before the several departments.

Mr. Jones' work for the American producer has attracted the attention of the country. His task is unfinished. The senate wants his brains and counsel; New Mexico is vitally interested in the success of his fight for a non-political scientific tariff. State and Nation need him where he is. Let us not throw away our seniority.

Don't lose any sleep over the dire consequences that are predicted as a result of the president's enforcing of the prohibition law against foreign ships with liquor aboard entering our ports. Ship owners on the other side of the Atlantic may boycott our ports for a short time in an effort to bluff us into letting down the booze bars for them and keeping them up against our own ships—and with juicy pickings. But it will be only a question of time when they will be around begging for an opportunity to eat out of our hand again. The American hand is too full to be long overlooked by the hungry and the greedy.

ALLOW FOR FUTURE TRAFFIC

Surprising Facts Shown in Count Taken on Roads in Tennessee—Automobiles Doubled.

(Prepared by the United States Department of Agriculture.)
In building a road liberal allowance should be made for future increase in traffic, says the bureau of public roads of the United States Department of Agriculture. A traffic count conducted

Oklahoma Hard-Surfaced Road Before and After Completion.

ed by the bureau in cooperation with Tennessee officials on a number of roads in Davidson county, in which Nashville is located, shows surprising facts when compared with a similar count in 1910. During this period automobile registrations have doubled, while the number of motor vehicles on the road is five times as great as in 1910. In 1910 horse-drawn and motor-vehicle traffic were almost equal in volume. In 1921 horse-drawn traffic had decreased only slightly in volume and constituted 16 per cent of the traffic, motor vehicles constituting 84 per cent.

Observations in this and other counties lead to the conclusion that volume of traffic may increase in much greater proportion than the number of motor vehicles and will also depend to a large degree on the condition of improvement of the road and on the economic conditions in the adjacent territory.

BLAST-FURNACE SLAG TESTS

Use of Material for Road Construction to Be Given Test by Bureau of Roads.

Blast-furnace slag as a material for concrete road construction is to be thoroughly studied by the bureau of public roads, United States Department of Agriculture. With the enormous demand for road-building material, officials say, economy demands the use of material close at hand wherever possible, and the bureau is now conducting investigations of different materials with this in view.

Great quantities of slag are to be found at blast furnaces in various parts of the country. Samples from 32 plants have been collected and will be made into concrete and tested for resistance to wear, strength, water absorption and general utility. These results will be compared with similar tests made on other materials.

In addition to the laboratory tests it is possible that the experiments will be followed by an inspection of a number of concrete roads built with slag as the coarse material. These roads will be selected in various parts of the country and the reports, together with the laboratory tests, will furnish information which can be fully relied upon.

MANY WORKERS ON HIGHWAYS

According to Figures Given Out by Builders' Association, 114,325 Persons Are Engaged.

According to statistics given out by the American Road Builders' association there are 114,325 persons engaged in road building work. There are 80,000 federal, state, town and county highway officials, 7,000 road contractors, 2,000 bridge contractors, 15,000 civil and highway engineers, 10,000 automotive and chemical engineers and 325 geologists.

BETTER ROADS ON INCREASE

Total of 28,000 Miles Constructed Last Year, Half of Which Was With Federal Aid.

According to government figures, a total of 28,000 miles of good roads were built in the United States last year, or a distance equal to ten times the width of the country. Half of this mileage has been built by the state governments in conjunction with federal aid. The remaining 14,000 miles were constructed independent of federal assistance.

Stretch of Lincoln Highway.

The finest existing stretch of the Lincoln highway between New York city and San Francisco is said to be a new six-mile road between Elizabeth and Rahway, in New Jersey.

National Parks Inaccessible.

Without the highway, our great national parks, the playgrounds of the nation, would be largely inaccessible.

Paved With Good Intentions.

A CHILD IS KILLED BY AN AUTOMOBILE

The two and a half year old son of Mrs. T. N. Green, was almost instantly killed late yesterday afternoon when it was struck in the back of the head by the frame work on a Dodge car, driven by Miss Jennie Walters.

The accident occurred in the Eighth street bridge over Spring river. The child, with its mother, and an older sister were on the bridge, and the older child had been holding the hand of the little boy, but had turned loose of his hand when they got on the bridge. The lad ran out on the bridge in front of the approaching car, and was struck before the car could be stopped. The child was taken at once to a doctor's office, but was beyond help then. Funeral services were held at two o'clock this afternoon, at the Salvation Army chapel, and burial was made at South Park. Those who witnessed the accident attach no blame whatever to the driver of the car, as the accident appeared unavoidable. — Roswell News.

MULLER WRITES HE CAN DO AS HE WANTS TO AFTER ELECTION WHILE DISGUIISING LAND DEAL. STATE LAND OFFICE

IN REPLY PLEASE REFER TO

SANTA FE, NEW MEXICO

Sept. 15th, 1922.

Dear Neis.

In reply to your letter would state that the land selected for Etchevery is now ready for lease, I found the application and gave it filled out just what was selected, these are 1120.21 acres, and the amount of rental at 3 cents per acre will amount to \$33.61 which please send in and we will make you the lease, as to the new selection, fill out the inclosed non-mineral and return them, and also send in the reling. I wish you could have waited until after the election, then I can do as I want to, but I will try and get this for you anyway, I put it in some one elses name, so the old fool will not know who it is for, I will work it out someday.

Truly yours.

F. Muller

Facsimile of letter written by Republican candidate for land commissioner. It will be noted that the writer felt there was something objectionable in this transaction involving public lands and that he tells of resorting to a ruse to prevent "the old fool" from knowing the nature of the deal.

Roswell, October 24. — Evidence that New Mexico's land office is being conducted on a special favor basis has been revealed here.

Correspondence in regard to a deal for leasing state land has come to light. A letter written by Fred Muller, assistant land commissioner and now Republican candidate for commissioner, shows he is involved in favoring a political associate.

"I have found the application and have it filled out just what was selected," Mr. Muller wrote. On another deal, mentioned in the same letter, Mr. Muller complains that he wishes "you could have waited until after the election, then I can do as I want to."

It seems impatience to get hold of more state land annoyed the candidate. Roswell Democrats are speculating today as to whether or not after the election the assistant

land commissioner will be able to do anything in that office.

Obviously there was something radically wrong with the deal mentioned in the end of Mr. Muller's letter, it is said, because otherwise it would not have been necessary for him to devise a scheme whereby he puts public land in the name of a person for whom it is not intended in order to hide the real recipient of the lease.

With this kind of practice going on in the land office while Mr. Muller is a subordinate, ranchmen here, who are dependent to a large extent on state lands for range, today are wondering what the state's land office would be like if the Republican candidate happened to slip through this election.

It was declared that much state land is being leased to agents who then re-lease for rents higher than

three cents an acre, the rental charged by the state.

However, it now is believed in Chaves county and surrounding districts that what strength Mr. Muller had here has disappeared with the discovery of the circumstances surrounding one deal in the land office. Investigation of the record of Justino Baca, Democratic candidate for land commissioner has been made with the result that stockmen are convinced he is above the form of practice revealed in the letter.

The fact that Mr. Baca's record is above reproach, and that he has the respect and confidence of everyone in his home city—Magdalena—and county, brought new strength from the eastern part of the state and put it into his campaign. It now seems that Mr. Baca will poll a tremendous vote in this section.

The discovery of the transaction mentioned in this letter brings to mind that it was C. J. Neis who put Mr. Muller in nomination at the Republican convention. Mr. Neis also has been quite active in the present campaign in behalf of Mr. Muller.

Republicans who otherwise would have voted for Mr. Muller now are expressing decided views against him. In fact, this transaction has cast a dark reflection across the whole Republican ticket, because it is taken as an indication that with a continuance of Republican rule, there would be a continuance of this type of business which is countenanced by the leaders of the party. The interests of the members of the party are ignored.

Mrs. T. C. Rodgers and children, Margaret and Julia, left Wednesday for the home of Mrs. Rodgers' parents, in Arkansas, for a lengthy stay. The house occupied by the Rodgers family will be occupied by the R. R. Gibson family who will take possession the first of the month.

Miss Jessie Lowry left on her return to the east, going Wednesday night as far as Chicago, where she will make a short visit before going on to Cleveland, Ohio, where she is employed. Dr. and Mrs. Lowry as well as her many friends in Carlsbad, were made very happy over her visit.

What Would the Republican Candidate for Governor Do?

ONE PRISONER KILLED—TWO CONVICTS WOUNDED—A FOURTH SUFFERING A FRACTURED SKULL FROM A BLOW BY THE WARDEN.

A non-partisan prison board twice urges the warden be removed. HE STILL IS IN CHARGE OF THE PENITENTIARY.

The Democratic candidate for governor — JAMES F. HINKLE — would have dismissed that warden at once.

WHAT WOULD THE REPUBLICAN NOMINEE DO?

JAKE LINN IS PRESIDENT OF THE POSTERITES

To Mrs. Hudson, of the Hudson Poster Advertising company of Albuquerque, J. E. Vaught, the local poster man, and J. W. Trantham of Los Vegas and Santa Fe, belongs the credit for bringing to Roswell on last Saturday, the get-together meeting of the Poster Men of New Mexico.

Representatives of the principal cities of the state met at the Hotel Gilder, and organized a state association.

Plans were outlined and improvements recommended, which will not only interest the plant owner but the advertisers and the general public as well.

J. R. Linn of Carlsbad was chosen president, Rose K. Hudson of Albuquerque vice-president and J. W. Trantham secretary and treasurer.

After the meeting Mr. Faught generously provided automobiles for a sightseeing tour of Roswell and vicinity, which was enjoyed by all of the visitors, who expressed a desire to meet in Roswell again in 1923. — Roswell News.

Call Early

The rush time in our telephone exchange is around eight o'clock in the morning. It seems then that everybody wants to talk to the stores at that time and at the same time. Folks, it can't be done. The operators have just naturally got to tell a lot of people "that line is busy". It is. For a time every day every store phone in town is busy taking orders. The stores will appreciate it if you will get your order in early, we will appreciate it and you will get better service. Call the stores early, avoid the rush hour. If possible, delay unimportant calls until later in the morning. You will get better service.

Getting Nowhere

The democrats are getting nowhere with their campaign because they are working on the theory they can fool the voters with straight falsehoods and misrepresentations.

When they declared the state to have built a dirt fill fifteen feet high through a Roosevelt county lake at a cost of twenty-five thousand dollars, they must have known the fill was only three feet high and cost but \$109.90. If they did not know it Arthur Seligman, their boss and adviser, has an office from which he issues that kind of stuff only a few blocks from the office of the state highway department.

When they charged that Hill was a citizen of Texas they simply knew better, all of them, Seligman, Jones, Hinkle and the rest, and men who will resort to that kind of campaigning are not to be trusted in any public position.

And the democratic idea that they can fool the voters into helping a couple of the favored candidates get into office by sacrificing the party is not taking anywhere. Carl Magee of the Independent, was a republican until a few days before the convention. He went into that democratic state convention, counted his radical followers to the Jones crowd, and then demanded that he write as much of the state platform as interested him. In return for the radical vote for Jones the trade was made, and for some reason many democrats do not like the platform. They say that Magee simply wrote in parts of a labor union ritual.

M. M. Golding of Carlsbad was a visitor to Roswell the first of the week.

G. O. Cleaveland, of Malaga, was in town the first of the week transacting business.

S. L. Perry and wife, Mrs. Rex Freeman, of Waco, Texas, and Elliott Perry were passengers in the Perry car Sunday going to Roswell and returning Monday evening.

Mrs. Walter Craft and Mrs. Loseff left Sunday morning for Dallas, going in Mrs. Loseff's car to come home the first of the week. They went via Lovington and plan a series of entertainments honoring the guests of Mrs. Halley, has been arranged for this week by a number of her Carlsbad friends. Mrs. C. D. Rickman gave a bridge luncheon on Wednesday, Mrs. Rom Holt entertained on Thursday and Mrs. Lige Merchant on Friday for the visitors.

C. W. Beeman of Loving returned from a business trip to Pecos and El Paso, getting in Friday of last week.

"Scheveler Importers, Inc., will be represented in Carlsbad October 30th to November 4th by Mrs. C. T. Schenck, of Artesia. Phone Mrs. Paul Mahan.

Mrs. H. F. Christian and Mrs. Flora Clark Stone are attending the State Federation of Womens Clubs at Albuquerque, this week, leaving here Sunday accompanied by Mr. and Mrs. George Eddy and making the trip in the Tracy car. Mesdames Stone and Christian are delegates from Carlsbad Womens Club.

Mrs. J. F. Joyce entertained at dinner last Friday night her guests being Senator A. A. and Mrs. Jones, Mr. and Mrs. Charles Joyce, of Hollywood, California, Hon. J. F. Hinkle, of Roswell, and Judge S. D. Stennis, Jr., of Carlsbad.

Mr. and Mrs. W. C. Bates and daughter, Miss Wardie, left Tuesday morning for their ranch at Panama where they went to attend the roundup. They are expecting to return this afternoon or tomorrow.

Tom Gray was in Monday from his ranch southwest of town where he says it has not rained for ten years. But he consoles himself by hoping for an early downpour.

A herd of cattle, nine hundred and fifty-eight in number, were brought to pasture on the Harkey place the first of the week. These were cattle belonging to Hugh Gage which the bank took over at the time of his default.

HATTIE HAZEL HERRING SURPRISED.

The home of Mr. and Mrs. Carl Herring was brightened by the appearance of twenty-two little folk, friends of their youngest daughter, Hattie Hazel, who met at their home to help her celebrate her eleventh birthday anniversary. The little girl was not expecting any one and was absent at a neighbor's home, and upon being called by her mother returned and found the young folk awaiting her coming. After all had played as much as they wished in the house and outside, ice cream and cake were served, and all went home happy. Hattie Hazel is a bright little girl, a member of the seventh grade at school and has a host of friends old and young who join in best wishes for many more happy anniversaries.

The list of boys and girls is quite long but the Current is pleased to have it to give to its readers at this time. Virginia Wester, Alva Ruth Hamblen, Harvi Oliver, Gwendolyn Seavey, June Joyce, Mary Thelma Gunter, Rena Ellison, Elizabeth Thorne, Louise Noel, Sue Catherine Williams, Jack and Evelyn Stevenson, Louise Hubert, Florence Thayer, Elzine and Wardie Leck and Katherine Hegler; Roy Gibson, Sonny Johns, Billy Holt, Perry O'Connor, William Purdy, J. F. Farrell, Lowell Price, Glenn Hamblen, J. A. Pond, Arthur Harry Lewis, and Guy Vest.

While Mrs. Stromquist, state president of the W. C. T. U., was in the city, Monday, the Popular Store donated a fine pair of wool blankets to the cause that is so dear to her heart, the Frances Willard Industrial school at Santa Fe. Messrs. Chemall and Jabor have the thanks of the local union for their kindness and liberality. Many of the girls in that institution sleep in a patio and warm covers are a necessity for their comfort.

Edwin Stephenson was prevented from going to the Plains country as he had intended to do last Friday by the sudden indisposition of Mrs. Stephenson. We are glad to state, however, that she is improving and will very soon be as well as ever. Mr. Stephenson joined Reverend and Mrs. Davis and they began a meeting at Dexter the middle of the week.

Gerald Blevins and wife have rented the Homer Calar property south of the Methodist church and will move there as soon as Mr. Calar moves his family to the Matheson house which he recently purchased, probably the latter part of the week.

BAPTIST CHURCH.

Ira Harrison, Pastor.

The pastor will be away from both services next Sunday attending the Fifth Sunday meeting at Roswell.

Sunday school and B. Y. P. U. will be at the usual hours. We'll be disappointed if you fail to be present. Remember next Wednesday night, Nov. 1st, is the regular time to elect our Sunday school and church officers. We want every member present. Some things to come before us that will mean much to you personally and much more to the progress of the church and the cause of Christ. This is the time for humility and fervent prayer.

J. D. Hudgins left Monday for Roswell and there joined a party of Ford agents who went on to Albuquerque where the state meeting of agents and dealers of Ford cars and accessories was held this week. In the party leaving Roswell were beside Mr. Hudgins, Dave Bryant, of Artesia, and Charley Shepherd, of Roswell and Earl Hall of that city.

The Newman family of La Huerta have made their preparations to move to California in the very near future. They will probably go overland and locate somewhere in the fruit belt of that state, their exact destination being unknown at this time. They are good citizens and we regret to lose them from amongst us.

The Catholic people at their supper and dance Saturday had a fine crowd and were the recipients of much praise for their splendid dinner, excellent service, and enjoyable dance afterward. It is pleasing to announce that the sum of \$275 was realized for their efforts.

SOME COTTON.

Mr. Greer, the government man, who has conducted an experiment station under the auspices of the United States government, has been successful in raising a new kind of cotton, which is said to be different from any heretofore grown in the valley. The cotton is of the long staple variety, and so large are the bolls that nine of them will weigh a pound by actual weight. He recently sold the cotton on a quarter acre for \$1,000.00, in the field.

J. L. Sullivan, of San Angelo, Texas, came in last Saturday evening to take a place in the Current office. Mr. Sullivan is an expert linotype man and comes well recommended and no doubt will prove a valuable man in the office.

Mrs. Carter took charge of Mrs. Lusk's duties in the school room last Tuesday morning as Mrs. Lusk became so ill she had to go home. However, we hope she will be back in the school room soon.—Lovington Leader.

Mrs. Beckwith, mother of Mrs. John Prickett, came in Saturday from her home at Wamega, Kansas, called here by the illness of her daughter.

We run a service car, with careful drivers and will take you where you want to go at any time.

LOCAL NEWS.

A slight frost last Tuesday morning is reported, but no damage to vegetation in town so far as we are able to learn. In more open districts damage may have resulted.

Mr. and Mrs. George Roberts and baby boy, are in town this week from their home at Clovis, and Mrs. Roberts and baby will spend some time here.

Will Ward is in from his ranch this week on a business mission.

Rev. T. C. Mahan will preach at Evening next Sunday, both morning and evening. Also at 10:30 at three in the afternoon.

Mrs. C. E. Morrison, a niece of Mr. William Herzon, left for Springfield, Illinois, her home, Thursday night after visiting two weeks with her uncle. This was her first visit to Carlsbad.

R. N. Harber, a sufferer from tuberculosis, died at his home in West Carlsbad at noon last Tuesday. He had been lying here three years, and leaves a wife and two small children to mourn his loss. He was thirty-nine years of age. The body was taken to the undertaker immediately after death, and will be there until arrangements are completed, which are now pending, for its shipment to their former home in the north. Many expressions of sympathy from our people are heard for the wife and children, thus left alone.

Mrs. C. D. Rickman entertained at an informal luncheon, Wednesday, in honor of the out of town ladies who are visiting Mrs. Halley. Four tables played, Mrs. Halley making high score and receiving the souvenir. Souvenirs were also given to the guests of honor, and a pleasant afternoon was spent.

Mr. and Mrs. J. F. Strain, of Odessa, Texas, are newcomers in Carlsbad. They have purchased the ranch that belonged to Myrl Norrhauser, on Black river, but have rented a cottage in town for the winter. Their family consists of two small children, and the newcomers will receive a hearty welcome from our hospitable people.

Eddy Lodge No. 21, A. F. & A. M., will hold a special communication Monday evening, October 30, 1922, for the purpose of conferring the Master Mason degree. Visiting brethren always welcome. Refreshments will be served at the close of the degree work.

Morning worship will be held at the Presbyterian church Sunday, and the women will deal with "Standard Religion." There will be church school at ten o'clock, and end-of-year meeting at 6:15. The first disciples will be considered Wednesday at prayer-meeting.

The ladies of the Presbyterian church will give a tea at the home of Mrs. John Lucas, Monday October 30th, from 3 to 5 P. M. Chicken salad sandwiches, pumpkin pie with whipped cream, tea and coffee will be served. A silver offering will be taken.

LESSON FOR OCTOBER 29

MESSIAH'S MINISTRY (WORLD'S TEMPERANCE SUNDAY)

LESSON TEXT—Isa. 61:1-2.
GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Prov. 14:34.
REFERENCE MATERIAL—Matt. 7:15-20; Rom. 11:12.

PRIMARY TOPIC—How Four Boys Became Healthy and Happy.—Dan. 1:3-20.
JUNIOR TOPIC—Destroying the World's Enemy.

INTERMEDIATE AND SENIOR TOPIC—The Next Step in the Prohibition Campaign.

YOUNG PEOPLE AND ADULT TOPIC—Progress of Prohibition Throughout the World.

The lesson committee has gratefully named this lesson "World-wide Prohibition." Neither the text nor the context, directly or implied, says anything about prohibition as we understand the use of the word. However, when Messiah shall reign upon the earth the ruin traffic with all other impurities practices will be abolished.

I. Messiah's Commission (v. 1).

He was appointed by the Lord, God's plan for the world is a time of peace and blessing.

II. Messiah's Program (vv. 1, 2).

Messiah's program is twofold: to "proclaim the acceptable year of the Lord, and the day of vengeance of our God." The careful reading of Luke 4:18-21 will show that Jesus suspended reading of this passage at the comma, in Isaiah 61:2. His first coming opened up the day of "grace, and the acceptable year of the Lord," and His second coming will usher in "the day of vengeance of our God." (II Thess. 1:7-10; cf. Mal. 4:1-3).

1. Proclaiming the Acceptable Year of the Lord (vv. 1, 2). In His ministry of grace He preached (1) "good tidings to the meek." "Meek" here means not only a grace, but a condition, that is, those in poverty and affliction. (2) "Bind up the broken-hearted." "Bind up" signifies healing. (3) "Liberty to the captives." The figure of deliverance from the Babylonian captivity is used to describe deliverance from sin and death (Heb. 2:15). (4) "Opening of the prison to them that are bound." Messiah's work was to give deliverance to those who were enslaved by the consequences of their sins. (5) "The acceptable year of the Lord." This means a space of time in which God would accept all who repent of their sins and come to Him.

2. Proclaiming the day of vengeance of God (v. 2). While the day of mercy is lengthened out, the time of judgment will surely come. The day of vengeance will break upon the world when the Lord shall be revealed from heaven (II Thess. 1:7-10). The period of mercy is called "year," while the period of vengeance is called "day," showing that the period of mercy is much longer than the period of wrath.

III. The Blessings of Messiah's Kingdom (vv. 3-9).

1. "Comfort all that mourn" (v. 2). The day of vengeance will bring sorrow to many, but they shall be comforted when they shall see the King on the throne.

2. "Give unto them beauty for ashes" (v. 3). This peculiarly applies to Israel.

3. "Oil of Joy for Mourning" (v. 3). Israel has been mourning for centuries. When the Messiah shall reign as King they shall be glad.

4. "Garment of Praise for the Spirit of Heaviness" (v. 3). Instead of wearing the symbol of the burden of sin they shall be clothed so as to indicate their joyfulness.

5. "Called Trees of Righteousness" (v. 3). These trees represent Israel as planted by God and bearing fruit, not as reeds bowed down with sorrow.

6. "They Shall Build the Old Wastes" (v. 4). Israel shall return to their own land and shall rebuild the city of Jerusalem and the cities of Judah which lie waste.

7. "Strangers Shall Stand and Feed Your Flocks" (v. 5). In the time of the kingdom the Gentiles shall render voluntary service unto Israel so that Israel may devote her whole time to the service of God.

8. "Ye Shall Be Named the Priests of the Lord" (v. 6). God chose Israel to be the priestly nation to represent Him to the Gentiles.

9. "For Your Shame Ye Shall Have Double" (v. 7). Instead of the shame and confusion which Israel has experienced for centuries she shall have double honor and rejoicing.

10. "I Will Direct Their Work, and Make a Covenant With Them" (vv. 8, 9). God will vindicate His people and cause the Gentiles to see the divine favor upon them.

False Prophets.
Believe not every spirit but try the spirits if they be of God, because many false prophets are gone out into the world.—John 4:1.

Unjust Things.

RED CROSS ROLL CALL

The National Red Cross Roll Call will begin the year on November the 11th and continue until the 25th. November 12th will be observed as Red Cross Sunday in the churches throughout the country. In our community the funds raised by the annual Roll Call have been used for relief work among the ex-service men and their families. Fifty cents from every membership is turned in to Red Cross headquarters to be used in the various activities maintained by that organization, but the balance remains here to be used for the benefit of ex-service men, who may be in need. Mrs. Bujac will be the chairman of the Roll Call for Eddy County Chapter, and with the help of everyone in the community she hopes to raise sufficient funds to do our share of the work in relieving the suffering of the men who fought in the World War.

The Public Utilities Company is having their standpipe in town painted and also the house adjacent to the plant which is occupied by the pumper's family. The improvements are very noticeable in both instances.

W. W. McAdoo, of the Eddy Drug company, is spending the week in various parts of Missouri, on a business visit, leaving last Friday night.

Judge Its Quality—Then Price

There's something alluring about the Studebaker Special-Six Sedan.

You notice it when you pass one on the street. It grows on you as you examine the car's details. It becomes even more pronounced when you take the wheel and drive it.

No wonder the Special-Six Sedan carries such an appeal! Its beauty of line, finish and appointments fascinates you. The delightful harmony of color in the upholstery, the completeness of the appointments and the soft carpeting afford real elegance—and at a new low price.

The body is a striking example of the handicraft of Studebaker artisans. Built in Studebaker plants where the coachmaker's art has been handed down from father to son for more than two generations.

It is mounted on the same dependable Special-Six chassis that has added new fame to the name Studebaker wherever cars are known.

Compare its appearance, its endurance records, its comfort, its equipment and its recognized reliability with any car within hundreds of dollars of its price. Judge it on quality first—then price—because price alone is no indication of its intrinsic value.

You can have confidence in the quality of Studebaker cars—in the 70 years of business success and manufacturing integrity back of them—and in the sterling dollar-for-dollar value built into them.

The name Studebaker on your car insures satisfaction!

Chosen Few Die Hard

When the people themselves get a real opportunity to take a hand in the affairs of Eddy County, the old bunch are sure at sea and actually admit that they don't know how to handle the situation. Even their plans to make a stand at the eleventh hour and fifty-ninth minute by going out over the county and cracking the old whip over the heads of the voters seems to be a doubtful proposition now, although they may try it.

Our State Law Provides

as we see it, that we were entitled to a part of the judges in the coming election in view of the fact that the Republican party has no county ticket

But

Upon presentation of our list of names for judges as provided for in the law the County commissioners consisting of G. R. Howard and Hollis Watson promptly refused the request. Just the principle of the thing is criticised, as their move Number One. What will be move number two?

And

While we think of it, we desire to thank Mr. Reed of the Argus for calling our attention to our reference to the County Commissioners in the plural last week. Mr. James has been the minority Commissioner during the past term and if he could have had his way on many issues affecting the taxpayers, would have done a lot of good things. It is generally understood that because of this minority position, he refused a second term. If he had run he would have had no opposition.

AND MR. REED

Said last week that if our suggestion about the reclassification of the county could be affected, it would be fine, but wants to know how they can do it. It is unfortunate for Mr. Reed and his instructors that the state papers came out this week announcing that sixteen counties in the state have done it, thereby saving \$75,000.00 in salaries alone.

HOW DID THEY DO IT?

And Mr. Reed, who publishes the only paper upholding the chosen few in Eddy county, laments the fact that the Independents are a party without a home. They will have a home in the Court House after January first and as we are the most hospitable bunch you ever saw, Billy, you are cordially invited over to see us at home in the Court House after that date. The latch string will be on the outside. We rather like you, Billy, but you, like old dog Tray, have gotten into bad company.

HOWEVER

We must get back to the real things about this election. We just feel so good that everybody feels good about getting a chance at the chosen few. —Why, even the ministers can and are talking this ticket, the ladies are organizing Independent Clubs, the working boys know they are taking a part this time — and the beauty of it is that all can work for men who are really for all the people with such a clear conscience.

AGAIN WE SAY

Don't let anybody fool you this time about how to make out your ballot. The following is quoted from the Election Law itself:

"Each elector may prepare his ballot by omitting the cross in the circle under the designating party name and making a cross in the square opposite the name of every candidate or person for whom he desires to vote."

DON'T MARK THE CIRCLE, BUT EACH CANDIDATE.

Put a cross in the square opposite to the name of each candidate you wish to vote for and after voting your state ticket, be sure to put a cross in the squares opposite the names of:

NED SHATTUCK, FOR SHERIFF.
JOHN T. BOLTON, for COMMISSIONER.
DEAN SMITH, for COMMISSIONER.

and leave the squares opposite to their opponents absolutely alone and blank.

Do all this carefully and we think they will count the ballots this time. There is law for the election this time, besides that made by the chosen few. THEY BROKE THEIR OWN RULES BUT THEY CANNOT BREAK THE LAW. Vote them out this time while you have the chance.

LOVING NEWS ITEMS

Cecil Hart was taken to Carlsbad Wednesday due to a serious illness from alkali poisoning.

The Lee Green family are moving to Carlsbad Saturday, being unable to secure a house to live in.

Neal Warren, the oldest daughter of Mrs. Elmer Yarbrow, and Luther Holaway were quietly married in Carlsbad Thursday morning. The bride has practically grown up in the Loving neighborhood and is held in high esteem by all who know her. The groom is not so well known here having only recently come to our valley. He has been employed in the Loving Sweet Shop the past few weeks.

John Nymeyer is the owner of a team of horses recently purchased from J. F. Farrel.

Vera Law was a Hope visitor the first of the week.

Hilda De Witz has gone to Hope for a month's stay with relatives.

There is a decided shortage of houses in Loving, owing to the fact that many families have moved here as employees at the oil mill while others come as a direct result of the boom.

At the present time we are able to boast of three restaurants, all of which seem to be doing a rushing business.

Miss Eula Morrison is keeping house for her brother, R. P. Morrison, and family, since the death of Mrs. Morrison. Mrs. Card, Mrs. Morrison's mother is also staying with them for a few days.

Elmer Hepler is still confined to his bed on account of ill results from a broken leg which he received last summer.

The oil mill expects to start running November 1st. The gin has been going for over a month and seeds from the local crop as well as those shipped in from Texas are rapidly filling the seed-house.

Mrs. N. P. Martin, principal of Loving schools, has been chosen by the teachers outside of the independent district and the County Board of Education, to represent them at the legislative council to be held in Albuquerque November 27th during the State Teachers convention to be held there the 27th, 28th and 29th.

BAND CONCERT

Tonight 7:45.

The band has showed a decided improvement during the past few months and is rapidly becoming an organization of which Carlsbad may well feel proud. At this time arrangements are being made to locate two out of town men here who are musicians, and this will help the band materially. It is planned to have at least twenty members in the band by next spring who will be able to take an active part in the organization.

Following is the program for the concert this evening. The second number is a new march recently composed by Director Soladay and will be presented to the public for the first time.

March, Star Queen, McFall.
March, The Champion, Soladay.
Overture, Rays of Gold, Wheeler.
March, S. I. B. A., Hall.
Gavotte, In Olden Days, Stickney.
March, Army Reserve, Beyer.
Serenade, To Alice, Howell.
March, W. M. B., Hall.

A DESTRUCTIVE FIRE.

The dwelling house owned and occupied by the family of J. H. Gee, on Main street, was discovered to be on fire Tuesday morning about six o'clock. The alarm was given and the firemen were quickly on the scene, but by the time they arrived, everything was a mass of flames and very little of the building could be saved. Fire had just been kindled to prepare the morning meal, and it is supposed to have caught from a defective flue. A part of the furniture was saved by heroic efforts of the neighbors and others, but much of it was lost. Insurance was carried to the amount of \$2,000.00 which would not cover half of the loss.

Rev. A. C. Douglas and Rev. R. N. Watson, of Otis, went up to Lakewood Sunday night and preached to the people there, where there is a good church building owned by the Methodist people but where they have not had regular preaching services for some time.

Elliott Hendricks and wife and Miss Irene Pruett are expected in this week from a lengthy stay in El Paso, where they spent practically the entire summer. We are gratified to state that the health of Mrs. Hendricks is greatly improved.

Mrs. Regnier and her brother, John Prickett, were pleasantly surprised by a visit from their mother, Mrs. Eunice Prickett, of Wamego, Kansas, who arrived very unexpectedly from her home last Saturday afternoon and will visit here for awhile with her children and grand children.

Mrs. J. E. Wallace left for Denver Thursday of last week, being called there by a telegram announcing the serious illness of her daughter, Mrs. John Snow, of that place. Arriving there Mrs. Wallace found both Mr. and Mrs. Snow ill, but later advices from her state that both are better and will probably soon be well.

Mrs. Charley James came in the first of the week from Kansas City where she has been for some time on a visit to her sister.

WEDDING ANNIVERSARY WAS CELEBRATED

R. N. Watson, of the Otis community, desiring to celebrate the twenty-third anniversary of his marriage, invited a few of his many friends to have dinner with himself and Mrs. Watson, at the Palace Hotel, immediately after church last Sunday, where covers were laid for six and a pleasant time resulted. Mr. and Mrs. Watson and their interesting family of five boys and one girl, have only resided here something near a year, but they have gathered around them many friends, who extend congratulations and best wishes to the splendid couple, who have traveled the path of life together, for almost a quarter of a century. May the coming years bring added joy and happiness to them and theirs and may they yet live many years to bless the community and wherever they are known.

At the table Sunday, were Mr. and Mrs. Watson, Mr. and Mrs. C. W. Mercer, Miss Willie Watson and Mrs. Ashbury Moore.

Miss Kathryn Waltersheid was called to Artesia, Friday, to nurse a Mrs. Field, who was said to be very ill from the "milk sickness" with which several are suffering at this time. The lady referred to is living on a farm three miles south of Artesia, and was said when the telephone call was received, to be in an extremely critical condition.

A number of Carlsbad people attended the round-up at the Bill Jones home on Rocky Arroya, last Sunday. Bill Jones, Charley Ward and Will Smith were gathering their cattle, branding calves preparatory to throwing them on pasture for the winter.

C. J. Buck, of Cottonwood, one of the best known farmers of that section, is attending court this week and embracing the opportunity of a visit with his sister, Mrs. Higgins, in the James block.

Dr. W. R. Munger, who has been at Kirksville, Missouri, taking a post graduate course, informs his wife that he will be at home by the first of November. He has been gone about eight weeks.

Severe Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter... consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theford's •

BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain. "In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theford's Black-Draught? If not, do so today.

SISTERS HAVE A BIRTHDAY CELEBRATION

The little Dickson girls, daughters of Mr. and Mrs. Henry Dickson, had a joint birthday party given them at the home of Mr. and Mrs. Ouart Hartshorn, in West Carlsbad last week, Saturday. Alleen was eight years old on the 15th of Oct. and Belva Elmore was five years on the 12th. The children had a delightful time playing and later were treated to an abundance of ice cream and cookies. Both little girls received some nice presents and have many good wishes from their friends for long and useful lives full of happiness. Guests of the delightful occasion were Alice and Ervin Eller, Theda and Ola Mae Montgomery, Virginia and Norman Hoffman, Norman Riley, Dorothy, Henry and Lloyd Hiler, Ione Cotten, Kathryn, Frances and Emma Lea Riley, Margaret Hannah, Bill and Ollie Allen.

Mr. and Mrs. Albert Ares and children, Paul Eugene and Albert, and Mrs. Paul Ares, came in Sunday and will likely remain in the city for some time the oldest child needing to be under the care of a physician.

Melvin Bearup, wife and son, Melvin, Junior, came down from their goat ranch in the mountains the first of the week, making the trip in search of a herder, and leaving for their home Wednesday.

Mrs. Dillon returned from Roswell where she was nursing Mrs. Rodden and looking after the wants of young Master Rodden about a month old. The boy has been named Norman, and is a fine youngster, according to Mrs. Dillon.

Mrs. Roy Waller, who has been spending the past three months in Chicago, the home of her parents, returned to Carlsbad Thursday of last week.

Rev. J. A. Phillips and Dorsey Newborn have left for Phoenix, Arizona, to attend the annual conference for the Spanish American work.

Frank Pardue of Loving, N. Mex., spent several hours in Pecos Monday with his friend, J. C. Wilson, leaving on the night train for a business trip to Abilene.—Pecos Gusher.

Mr. and Mrs. J. W. Hamilton, Mr. and Mrs. Thomas Pickens, Henry Hamilton and Miss Mary Pickens came in from Last Chance Saturday and spent the day, the party returning to their homes in the evening with the exception of Miss Mary who will remain in town for awhile.

Mrs. H. C. Dilley returned several days ago from New York where she went to place her daughter, Henrietta, in school. The young lady entered a girls school at Ossining on the Hudson, and is doing nicely in her school work, although somewhat homesick for Carlsbad, where most of her life has been spent. She will specialize in music and expression and we are sure will make good in her special line and all others she may undertake.

Mrs. Sam Lusk returned from a visit to her parents in Roswell, getting in Saturday.
