THIRTIETH YEAR

CARLSBAD, NEW MEXICO, FRIDAY, NOVEMBER 10, 1922.

NUMBER 47.

DEMOCRATS WIN AT POLLS

The election in Carlsbad and Eddy county held last Tuesday passed off quietly although there was much interest manifested in the outcome all over the county and adherents of all parties were working hard combing the county for additional votes.

On the Democratic state ticket Sam G. Bratton, candidate for Justice of the state supreme court, led his ticket in Eddy county with a total of 1797 votes. James F. Hinkle, candidate for governor, was second with 1775 votes, and A. A. Jones, United States Senator was third in this county with 1763 votes. Bratton's majority in this county was 1402 votes, Hinkle's majority was 1244 votes, and Jones' majority was 1259 votes, which compares very favorably to former years and is in the neighborhood of what was expected in Eddy county for the state ticket although some votes for the state ticket were undoubtedly lost by the Independent movement which surprised everyone with the amount of strength shown by its candidates.

Democrats here and elsewhere are elated over election returns from all parts of the country which record democratic victories, and are especially pleased over New Mexico going democratic. Latest returns indicate that the state ticket has been elected by a substantial majority.

Sam Bratton, of Clovis, candidate for Justice of the Supreme Court, is expected to lead the Democratic ticket from present indications. The Pecos valley also has another candidate who was elected, James F. Hinkle, the next democratic governor of this state.

Of the three Independent candidates on the county ticket, only one received enough votes to be elected, Ned Shattuck candidate for sheriff getting 410 votes more than Roy S. Waller, democratic candidate. In the county commissioner's race G. R. Howard was elected from District No. 3, having got 336 more votes than Dean Smith, his opponent on the Independent ticket, and C. D. Rickman is elected from District No. 1, having polled 145 votes more than his opponent, John T. Bolton. The northern end of the county was the deciding factor in the commissioner's race which piled up a big vote for the democratic candidates. In the Carlsbad box John T. Bolton polled 573 votes to 434 votes for G. R. Howard, democratic opponent. In the same box Dean Smith received a total of 537 votes while C. D. Rickman polled 414.

The greatest amount of interest was centered on the sheriff's race and the Independents seemed to be determined to win there, but the democratic candidate, Roy S. Waller is the best loser we ever saw and is to be found on the streets with the same smile and sunny disposition he displayed before election day.

Everybody seems to be well satisfied with the result of the election, especially so as the democratic state ticket has won in New Mexico and we will have a change of administration which is pledged to tax reduction and economy, although both branches of the state legislature remains republican by a good majority.

The following is the unofficial returns from Eddy county. An official canvass of the votes will be made next Monday by the county commissioners but will not change the result of the election as now tabulated:

	ANDRIEUS A. JONES, Democrat for United States Senator		
	STEPHEN B. DAVIS, Jr., Republican for United States Senator		
CARLSBAD	708	204	
MALAGA	71	10	
HOPE	208	23

DAYTON	51	11	
QUEEN	23	5	
OTIS	64	46	
COTTONWOOD	60	29	
TOTALS	1763	504	

CHAMBER OF COMMERCE LUNCHEON

The regular semi-monthly luncheon of the Chamber of Commerce was held at noon and was attended by an average number of members. After Dr. Lowry had returned thanks, the excellent meal was disposed of and speaking began. Major Bujac, being a member of the State Rehabilitation Committee for ex-service men, gave a ten minute talk on the Red Cross activities and told of a number of instances, where men would not apply for their allotment, but which they are justly entitled to. He spoke of Bill Campbell, an ex-service man well known here to Carlsbad, who is and has been totally disabled, from gas and shell shock and whom he recently had the pleasure of presenting with his compensation, of \$800, and who will receive it regularly after this. He also spoke of Ed Nye, who wouldn't ask for compensation, although justly entitled to it, and whom he had recently assisted by securing the same. The speaker explained about the amount of the membership fee fifty cents of each dollar going to the headquarters of the society, and urged a liberal response to the Roll Call this year, that Carlsbad might go over the top. The Roll Call will begin Monday.

Mr. Hubert spoke of the visit of Dr. Villars, to Carlsbad, and of his statement that the hospitals were full and more and more men are being admitted to those in various places and that the Red Cross must look after them.

He then introduced E. F. Westcott, field representative of the Kiwanis, who spoke at some length and in an interesting manner of the organization he represents, saying among other things that the first club organized was in Detroit, Michigan, January 20, 1915, and now clubs are being built at the rate of one club a day. The Kiwanis teaches the application of the Golden Rule in business, and is not organized for profit or commercial purposes. It stresses the absolute necessity of dependability. It does not take the place of the Chamber of Commerce, but becomes the "guts" of that organization, stimulating friendly rivalry and sells personality. No local proposition is stronger than its locality.

The requirements of a Kiwanis Club, are fifty members at twenty dollars each, fifteen of this going to the headquarters, and five remaining in the local organization. Mr. Westcott is here at the request of the Roswell Kiwanis Club.

Will Purdy distributed dainty and serviceable memorandum books to all present and the meeting adjourned.

CARD OF THANKS

I wish to thank all my friends for their loyal support in my race for Commissioner of District No. 3. I assure them they will not regret their action.

G. R. HOWARD.

BORN.—To Mr. and Mrs. Joseph Worthheim, this morning, at the Frederick private hospital, a ten pound baby boy. The first boy in the family. He has been named Robert Halley, and the Current joins other friends in sincere congratulations.

STOCK NOTES

The Barber-Pen ranch shipped out Monday morning four cars of mixed cattle accompanied by Albert Pope and consigned to the Burlington Commission Company, at Kansas City.

John and Joe Lusk shipped to Kansas City quite a number of cars of cattle on Thursday.

The Livingston ranch, in combination with the Marvin Livingston ranch, have en route to Kansas City a large number of cattle.

The Barber-Pen ranch is shipping with the Marvin Livingston string a car of fat, old cows. All these united with the Lusk shipment, made up a long train of cattle, which left here Thursday and are now on the road to Kansas City.

Marvin Livingston traded this week to Mrs. Annie Lee Barber eight or ten good bulls for a like number of fine young horses.

The demoralized and under-living wage prices of the Kansas City market as well as all other markets, will work a hardship on this town and country; in fact the result of this condition is placing the whole cattle country under heavy financial cloud. Unting this with the drought there is some foreboding of the coming winter and spring among the people.

SCHOOL NOTES

Supervised study classes in Spanish are held from 8:00 to 8:30 under Misses Yancey and Willard, those not up in their work are supposed to attend.

Tag day last Saturday, in which all the Grammar School was so interested, proved to be very successful, the net proceeds were about \$140, which will go to the addition of a much needed and desired library in that school.

The senior play, to be given at an early date, has been selected and the characters chosen. Play practice will begin as soon as the books arrive.

The entire school rejoices over the continued improvement of Alvetta Vaughn and many wishes are expressed that we may soon see his happy face among us again.

The Honor Club Play was given this morning in the study hall and was greatly enjoyed.

Basket ball practice will start Monday.

The Spanish Club Program committee has mapped out for their first meeting next Friday evening, the following: Instrumental Duet, Spanish Dance, Mary Frances Joyce and Eleanor Flowers. Address, Barney Burns. Vocal Duet, Emily Hardy and Lovena Hiler. The meeting is to be conducted altogether in Spanish, such games being indulged in as "Pobre Gatto," "Los Numeros," "Cuando Ni Abuela Murio Murio Laciado Esto." A name suitable for the club will be chosen, at that time.

Mrs. Allen, of San Francisco, was in the city this week acting as a demonstrator of a well known brand of coffee at different stores.

WHAT WE'VE HEARD ABOUT THE ELECTION

Now, everybody are friends again.

The democratic state ticket received a vote of which Eddy county is not ashamed.

The Independents drew their strength from democrats and republicans.

There will probably be no occasion for an independent movement in Eddy county again for some time to come.

New Mexico may expect lower taxes, after the democrats get in control.

Roy Waller still smiles and is a game loser which makes some wish they had voted for him.

Judge Armstrong drew a heavy fire from the enemy lines.

The county commissioners should do almost anything the northern end of the county asks the next two years.

Clis Stewart thinks the fun was worth all the money spent, since Baca has been elected land commissioner.

L. G. Ryan is doomed to go with that new suit for awhile.

"If we can't beat 'em, we'll line 'em."

The steam roller is a big machine to buck, but sometimes it fails to work.

County Chairman Stennis says his speaking went off all right until the Current editor and John Bolton attended at Hope—then trouble began.

That aeroplane bootleg line of Waller's seems to have been an idle dream, as there was not much spirit in evidence on election day.

The Pecos Valley's two candidates Bratton and Hinkle, did themselves proud. Maybe the Pecos Valley will be given a place or two on the state ticket in the future.

Harding promised too much before he was elected to expect the people to return republicans to congress.

Chairman Stennis says the trouble with the Independents is, they haven't located the trouble.

Dean Smith campaigned as though he was afraid he would be elected county commissioner.

G. R. Howard can still run although slightly crippled in one foot.

Commissioner Hollis G. Watson escaped uninjured.

Carlsbad's election judges and clerks were efficient and hard workers, completing the count by eight o'clock the next morning.

Everybody seems to be satisfied.

Forget it.

Mrs. Gayle Talbot and her mother, Mrs. Grace Brown, and J. V. Brown passed through here Saturday, the ladies en route to El Paso, where Mrs. Talbot resides, and where Mrs. Brown will make a lengthy visit.

CLASS RUSH ENDS VERY DISASTROUSLY

In a class "rush" at the High School last Friday night, between the Seniors and Juniors, of the school, Alvetta Vaughn, a senior, was struck on the head by an electrician's belt in the hands of a junior, and so seriously injured that for a time his life was despaired of. He was carried at once after the accident, to the Eddy County Hospital, where an operation on his skull was performed, he having sustained a fracture, for which the usual trepanning for such injuries was done.

He is improving at this time as well as can be hoped for considering the serious nature of his injuries and hopes are entertained that no permanent hurt will result.

The boys of the Junior class were striving to secure the class flag of the Seniors, which had been placed on a pole in front of the school building, and a scrimmage resulted, which injured several of the boys of both grades, but no one received so serious an injury as Alvetta. Genuine sympathy is expressed by the entire citizenship of the town, where the injured boy is a general favorite, he being a quiet, studious young fellow, liked by all who are acquainted with him. The accident seems deplorable, as even should he recover, he will be unable to continue his studies, and cannot expect to graduate with his class. The affair has cast a gloom over the city and the schools, and widespread sympathy is expressed and felt for the family, whose only child lies suffering from so unwarranted a blow.

PROCLAMATION

WHEREAS, the 11th day of November, A. D. 1922, being the fifth anniversary of Armistice, has been declared to be a legal holiday.

This day on which the warring nations of the world laid down their arms, there came into the world the dawn of new hope, of new aspirations and of a lasting peace so that the peoples of the world might be more firmly held together by the bonds of love and fellowship.

In order to forever perpetuate the courage, loyalty and sacrifice of the patriots who offered and gave their services, their lives and their all in the defense of liberty and the freedom of the world, I, J. D. Huddins, Mayor of the City of Carlsbad, New Mexico, do hereby declare November 11th, 1922, as

ARMISTICE DAY

and a legal holiday in the City of Carlsbad, New Mexico.

I suggest that all business houses be closed and that all religious and patriotic organizations, lodges, schools, social and civic organizations, join in commemorating this day and that fitting homage be paid to God and to the Heroic Dead.

Done at Carlsbad, New Mexico, this 10th day of November, 1922.

(SEAL) J. D. HUDDINS, Mayor.

ATTEST: R. A. Toffelmire, City Clerk.

At the C. C. Lewis farm, Otis section, Indian corn has been grown extensively the past season. Mr. Lewis has a large silo on the place which has a capacity of 100 tons of ensilage, and the corn was placed in this for winter feed. From three and one-half acres of land enough corn was raised to half fill the silo, the entire plant being used.

Driving a man to drink is a hard job when there is none to be had.

HEAVY SNOW DAMAGES TREES

Telephone and Electric Light Wires Torn Down by Falling Limbs; Street Car Traffic Delayed.

The heavy snowfall of early yesterday morning did great damage to trees in all parts of the city. Telephone and electric light wires were torn down in several sections. The city yesterday had four gangs of men at work, in as many sections, removing branches of trees from the streets. The Mountain States Telephone and Telegraph company reported all its toll lines undamaged, but stated that between 50 and 75 telephones had been put out of commission by falling limbs. A gang of men was at work all day making repairs. The Albuquerque Gas and Electric company also had difficulty with a snowfall at any time.

About 4 o'clock yesterday morning the fire department was called to the corner of Second and Hazel-dine, where wires were torn down by snow, setting fire to a pole and a tree. Because of the numerous branches lying in the street, and the deep snow, the firemen had difficulty in reaching the scene.

Robinson park suffered considerable damage through the loss of limbs from trees. The park was full of leafy boughs yesterday that resembled underbrush on the ground. Copper avenue, North Fourth street, Roma avenue and several other streets that are thickly lined with trees were almost impassable yesterday morning.

The snow was the heaviest that has fallen here so early in the year in more than a decade. Frequently several winters pass without so heavy a snowfall at any time.

Street car traffic was delayed for some time yesterday morning because of snow on the tracks. A big pool of water gathered at the intersection of Coal avenue and Third street, which has been paved recently, and made it impossible to operate the Barulas cars for several hours. A storm sewer to be installed within sixty days, will drain this place, according to City Engineer Calkins.

It was reported last evening that Fruit and Roma avenues in the vicinity of Sixth street were still blocked by limbs.

Yesterday's snowfall here measured .7 of an inch in actual moisture. It was general in this section of the middle Rio Grande valley.

The storm seems to have been general throughout the northern part of the United States and raised havoc with communication lines. The Morning Journal's news reports which ordinarily come by way of Denver, was received last night from San Francisco, and most of it originated west of the Rocky mountains. It was reported that the wires were down between La Junta and Denver, Colo., also both east and west of Denver on the transcontinental lines. Snow, sleet and wind were said to have been responsible for the wires' collapse.—Albuquerque Morning Journal.

"AUNT SALLY" OF EDDY COUNTY HOSPITAL REMEMBERED BY LOVING PEOPLE

Self sacrificing and conscientious individuals do not always fail of recognition while living as witness the treatment given Aunt Sallie Slaughter, matron of Eddy County Hospital by the good people of Loving. Aunt Sallie was invited to spend the day last Saturday at that hispirable village and received most royal welcome from its citizens. A number of Loving people have from time to time been cared for at the hospital, and been the objects of unremitting care from the matron and nurses of that institution, and on her arrival there Saturday she was made welcome and received a number of nice gifts which she will put where they will do the most good. Among other presents were twenty-three hens, a quarter of beef, ten pounds of lard, eighteen quarts of canned fruit, some bed linen and towels, and a nice little sum of money.

But most of all the matron appreciates the kindly feeling of the donors as expressed by these substantial tokens of their love and esteem. Mesdames Rose and Rosson were the leaders of the affair, but other ladies assisted, and Aunt Sallie has asked us to express her thanks to all who contributed in any way to the donation. The good ladies of that village have promised to still further aid the institution so dear to the heart of the honored lady.

CARD OF THANKS

I wish in this public manner to thank my friends, the voters of Eddy county, for their recent county election. I will endeavor to do my duty as sheriff, and hope for the co-operation of all citizens of the county along that line.

NED SHATTUCK.

CARLSBAD'S OPPORTUNITY

If the Gusher is correctly informed, there is an effort on the part of the citizens of Eddy county, New Mexico to boost the proposed highway from their state line to El Paso, via Van Horn. Though the route is a little shorter than would be a highway parallel to the Santa Fe, to us it appears a case where in "haste makes waste." On the

contemplated route there isn't a thing to appeal to the average motorist—the roads are bad, no garages or help of any kind in case of a breakdown, unless the accident occur close to a ranch house, and these are few and far between. Not only is the roads in Texas along this route unworked, but the chances of their being put in shape for all-year travel is remote, indeed. Conditions along the "Carlsbad

Road," connecting with the Bankhead Highway, via of Pecos, are radically different and much more favorable for auto travel, minus delay. In the first place it parallels the Santa Fe, a guarantee that you won't have to walk very far in case of breakdown. Another fact is that this route connects directly with the Bankhead Highway, to El Paso west, and Texarkana east; with the Old Spanish Trail, to San

Antonio and San Diego, with Central Texas Highway, to the north and south.

Cooperation between the citizens of Eddy county and Reeves county should result in one of the best highways in the south. A fund is available for our end of the highway—to the State Line. Affidavit below from the clerk of Reeves county is guarantee that we are in position to build the road when needed.

At present there is no crying need for the expense, but with cooperation from the New Mexico end or the line would come justification for the expense.

To us this route is the logical one—the safer one, and with a bridge over the Delaware river we would establish an all-year route that would result in much good to both Pecos and Carlsbad in a commercial way.—Pecos Gusher.

TOMORROW

The man who thinks of tomorrow—of his future comfort—of the protection of his family—INSURES HIS PROPERTY TODAY. If it burns it will not break him. The insurance company pays the damage.

TODAY

The one who thinks only of today—who considers only the slight expense of the moment—who forgets the future security of his family—DOES NOT INSURE. When the property burns it cripples him or wipes him out completely.

LESSON FOR NOVEMBER 12

JESUS THE GREAT TEACHER

LESSON TEXT—Luke 6:26-49.
GOLDEN TEXT—As ye would that men should do to you, do ye also to them likewise.—Luke 6:31.
REFERENCE MATERIAL—Matt. 5:1-12; John 2:1, 4-6; 7:46; Col. 2:1.
PRIMARY TOPIC—Jesus Teaching Us to Love Everybody.
JUNIOR TOPIC—Living by the Golden Rule.
INTERMEDIATE AND SENIOR TOPIC—The Golden Rule in Everyday Life.
YOUNG PEOPLE AND ADULT TOPIC—Jesus Teaching Us How to Live Together.

I. Characteristics of the Subjects of the Kingdom (vv. 20-26).

Only those who are subjects of the Kingdom know what blessedness is. The spiritual experience of the subjects of the Kingdom are marked by the following steps:

1. Poverty of Spirit (v. 20). This means consciousness of one's lost condition and worthlessness. It is spiritual bankruptcy. It means to come to the end of self and to show sorrow for sins.

2. Hunger for Righteousness (v. 21). The one who has come to know his poverty desires the true righteousness of Christ.

3. Weeping Because of His Lack (v. 21). This is the godly sorrow which worketh repentance (II Cor. 7:10). Those who thus sorrow are assured that they shall laugh.

4. Treatment Which the Subjects of the Kingdom May Expect (vv. 22, 23). When the subjects of the Kingdom become like the King they invite the hatred, contempt and persecution of the world. Those who pass through this for Christ's sake should rejoice, for there is great reward laid up for them.

II. The Governing Principles of the Kingdom (vv. 27-38).

1. Love Your Enemies (v. 27). To love friends is easy, but to love enemies is only possible to those who have been made partakers of the divine nature.

2. Do Good to Those Who Hate You (v. 27). Love acts according to its own nature. Enmity only stimulates love to act in harmony with its own laws.

3. Bless Them That Curse You (v. 28). Injury by words is hard to let go unchallenged.

4. Pray for Them Which Despitefully Use You (v. 28). Christ's own example is the best commentary on this precept (Luke 23:34; cf. Acts 7:60).

5. Patiently Endure Wrong and Injury (v. 29). The Christian is not to bristle up in defense of his rights, but rather to suffer insult, injury and even loss. This should not be pressed so far that evildoers can go unchecked. It expresses the law which should govern individual action.

6. Give to Every One That Askest (v. 30). This does not necessarily mean that the thing asked for should be given. We should give to every one that asketh, but not necessarily the thing asked for.

7. Do as You Wish to Be Done By (v. 31). This is called the "Golden Rule." If men were to live by this rule the labor problem would be solved. An end would be put to war. International relations would be peacefully adjusted and all profiteering in business would end.

8. Be Merciful (v. 36). The mercy of the Heavenly Father is the grand example.

9. Ceaseless Judgment Condemned (v. 37). We should not seek out the evil in others for our satisfaction.

10. Danger of Following False Teachers (v. 39). The one who does not know God and the way to heaven will lead others to ruin. Happily, we have the Scriptures, and the Holy Spirit is ready to make their meaning known, so there is no excuse.

11. Those Who Reprove Others Should Strive to Live Blameless Lives (vv. 31-40). It is easy to see others' faults, but hard to see our own.

12. The Sin of Profession Without Fruits (v. 46). The one who professes a life and fellowship with God should practice the principles which reveal the nature of God.

III. The Judgment to Be Applied to the Subjects of the Kingdom (vv. 47-49).

1. The one who hears and does the sayings of Christ the King shall be as secure as the house built upon the solid rock. The storms of the judgment cannot destroy him, for the Rock of Ages is immovable.

2. The one who hears and does not the sayings of Christ shall be overwhelmed in the judgment and go down to utter ruin and destruction.

The Dangerous Lie.
Every lie, great or small, is the brink of a precipice, the depth of which nothing but omniscience can fathom.—C. Reade.

Fright.
A timid person is frightened before a danger; a coward during the time; and a courageous person afterward.—Richter.

The Christian.
A Christian is God Almighty's good man.—J. C. Hays.

PUBLIC BUILDINGS

"If I decide to settle in your beautiful and enterprising community," said the plausible stranger, "I shall raise funds to build a jail and a hospital."

"That's mighty kind of you," replied Cactus Joe. "But I wouldn't waste much money on the jail. Justice works fast in Crimson Gulch, and when there's any sure-enough trouble all we have much real need of is the hospital."

Advice From an Expert.

"I understand a burglar tried to rob the apartment of a celebrated writer of detective stories while he was at work."

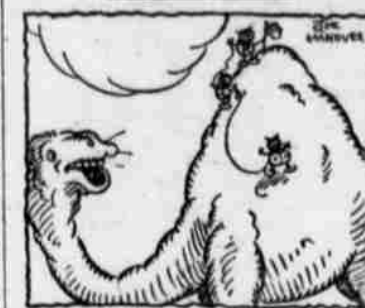

"Did the burglar get away with anything?"

"No. By the time the author had finished pointing out the crudity of his methods he vowed he would abandon the housebreaking profession and learn how to drive a taxicab."

Oratorical Equipment.

"If a man has a knowledge of Shakespeare and the Bible, is he well educated?"

"I don't know about that," said the practical campaigner, "but he has the material at hand to make a corking good political speech and impress the voters with the sincerity of his motives."

EUREKA!

Bug Explorer—Hurray fellows, we have reached the pinnacle of Mt. Dromedary at last!

Little Footprints.

Lives of centipedes remind us that they've got us beat each time—Think of all the little footprints They leave on the sands of time!

A Modest Attitude.

"You are always successful in being re-elected."

"I don't take as much credit for that fact as I used to," replied Senator Sorghum. "I come from a prosperous community. Anybody competent to fill the position wouldn't regard my salary as an inducement to become a competitor."

Suspicious.

"What was that collector arguing about?" asked Mrs. Shoppy. "Didn't you tell him that I wasn't at home?"

"Yessum, I told him," replied the maid, "but he wouldn't believe me. Why, he acted like he wouldn't have believed it if you had told him yourself with your own mouth."—Cincinnati Enquirer.

A Human Fact.

"The ideas of men and women will always differ in one respect," said Miss Cayenne.

"What is that?"
"When a man goes out to enjoy himself he wants his old clothes, and a woman can't be happy without new ones."

Wisdom.

Teacher—Which one of the five senses, sight, feeling, hearing, taste or smell, could you get along best without?

Small Boy—Feeling, because when you get in an accident you won't get hurt.

Experience Talks.

Wellenley—Why do they say "listeners never hear any good of themselves?"

Shepherd—The man who wrote that must have been thinking of the times when his wife said, "Now listen to me!"—London Answers.

BUT YOU MUST HUSTLE

"Pa, what is success?"
"Something that every man can have if he'll go after it."

Polite, But—

It may be polite, But not pleasant a bit To have creditors write On your bills: "Please remit!"

Insignificant.

Cholly—I should really like to see myself as others see me, don't you know.

Miss Keen—You wouldn't give your self a second glance.

A Gold Mine.

"Have you ever tried to get gold out of the mine?"

"No, that had never occurred to me. So far we have been busy getting out literature."

At Full Speed.

"I fancy Jack will stop at nothing now that he has come into his fortune."

"Well, certainly, not until he has gone through it."

STOCKWELL AUTO SERVICE STATION
Service That Pleases

Gen. John J. Pershing went to Fort Bayard last week taking a message of cheer to 650 sick, wounded soldiers, patients in that hospital who sustained injury and sacrificed their health under his leadership in France four years ago. It was not the General Pershing they had seen in the mud of France years ago, strict disciplinarian, alert and preoccupied in running an army of 2,000,000 men. It was a kindly, fatherly citizen, clad in a civilian suit who talked to the disabled soldiers, and visited the bedside of scores.—Exchange.

The approaching blasts of winter have no terrors for those who do not dwell upon their advent.

The fellow who looks for trouble generally dodges it when it comes.

LOCAL NEWS.

Some people are like hornets. They are quite harmless as long as you let them alone.

The accumulation of money comes easy to some people. They never pay their debts.

Trouble comes quickly to those who are looking for it.

The woman who is always giving other people a "piece of her mind" soon has none left for herself.

Never get peeved at the fellow who fails to laugh at your jokes. You can always let out a few yourself.

J. C. Jordan returned from Tucson, Ariz., Friday of last week, where he had gone to be in attendance at the sick bed of his father. The latter had expired, however, before the arrival of his son.

Reverend Ray and wife were in town over Sunday from their home at Roswell.

Mr. and Mrs. Grant, parents of Cliff Grant, of this city, came in the latter part of last week from their home in Newton, Kans., for a visit with the family of their son.

Mrs. Rex Freudent left on the return trip to her home in Waco, Texas, after a visit here with her sister, Mrs. S. L. Perry, and her parents, Mr. and Mrs. John Nevenger.

Mr. A. C. Heard received the sad message Tuesday morning of the death of his mother, at Banderita, Texas. The friends of Mr. Heard and family extend to them their deepest sympathy.—Livingston Leader.

Mr. and Mrs. I. E. Brown, parents of Mrs. Geo. Adams, left recently for their home in Fort Stockton, Texas. They went as far as Pecos on the train, and were met there by Mr. and Mrs. George Adams and son, who took them the remainder of the way in their automobile.

Mr. and Mrs. D. H. Hubbard and Mrs. Allen Stewart left Saturday in their car for a visit with their daughter and sister, Mrs. Thomas Brown, of Socorro county. They may be gone until Thanksgiving, as the fascinations of little Jodie are many and her grandparents and aunt will no doubt be charmed.

The latest news from the Queens in California, comes from their son, Millard, who writes: "California is O. K., but a fellow has to study here instead of ride. The only fun I have is fishing in the ocean. You can all preach California to me, but I am going back to where I can turn around. I'm sending some roses, but I hate the smell of 'em."—Hope Press.

H. C. Petty, of Portales, is in the city for a few days, looking into the cotton situation. Mr. Petty is buying at Portales, where for the first year they have raised cotton, in any quality, and reports a good yield, all things considered, with a probable large increase in acreage for the next season. As it is, they have raised over 800 bales this year on dry land.

A dance is scheduled for the night of Friday, November 17th, to be held at the Armory. The affair is designed as a benefit for the City Cemetery, whose funds are sadly depleted, and must be replenished. The Cemetery Association has no way to raise money for the payment of their sexton and for other incidental expenses, except by popular subscription, and lately this has not been sufficient for the purpose. Those in charge of the affair promise good music and a good time is guaranteed all who attend.

LIVE STOCK

MANY ADVANTAGES OF SHEEP

Animals Are Quite Useful in Keeping Farm Free From Weeds—Good Meat Producers.

While many farmers flip from one line of farming to another, according as prices have been high or low the season previous, the successful farmer usually sticks to some well-tried program whether conditions appear to be favorable or otherwise. The great majority of these successful men recommend the keeping of at least a few sheep upon the farm.

They emphasize that sheep are helpful in keeping the farm clean of weeds. They also consume much material that would otherwise go to waste. These farmers point out, too, that these animals can be comfortably kept in comparatively inexpensive buildings. The two main requirements in housing are protection from winds and freedom from moisture.

These animals enable the farmer to better distribute his labor because

Mutton May Be Sold at All Seasons.

they require the most attention in the winter time when help is most plentiful and cheap. As meat producers sheep require about as little food as any other animal for the production of a pound of gain.

Finally, the income from the flock is fairly well distributed over the year. Wool is sold in the early summer when money is much needed, lambs are disposed of in the fall and winter, while breeding stock and mutton may be sold at practically all seasons.

BANKS AID PUREBRED SIRES

Virginia Farmers Given Opportunity to Improve Live Stock by Local Bankers.

The banks of Charlottesville, Va., are co-operating with farmers of the surrounding county in obtaining purebred sires. According to reports received by the United States Department of Agriculture, if a farmer will sell his grade or scrub sires and purchase purebred animals, the banks supply the necessary funds to cover the purchase of the purebred sire over the amount received for the inferior animal. The loan is made on the basis of a year's time.

Sentiment among bankers regarding the use of purebred live stock in practical farming operations appears to be growing more favorable, and the attitude of the Charlottesville banks is evidence of this point. Purebred sires of good quality, as shown by information obtained by the bureau of animal industry, increase the earning power of herds and flocks in which they are used.

CYLINDER OIL HELPS SWINE

Ames Specialists Declare It Is Safe for Hogs, Except Those With Delicate Skin.

Old oil from automobile crank cases can be used for oiling hogs, say the animal husbandrymen at Iowa State college. Although some people are skeptical about using this sort of oil, the Ames men declare that it is safe, except possibly in the case of white hogs, which have a delicate skin that sometimes blisters through the use of the oil.

The oil should be allowed to stand for a while in order to allow the fine particles of metal to settle out. The surface oil may then be poured off and used in the hog olera. The sediment should be discarded.

Alfalfa for Horses.
Alfalfa hay can be successfully fed to work horses provided some other hay such as timothy is fed once a day. If alfalfa hay is fed the grain ration can be reduced very materially when these horses are not at work.

Start Young Pig Right.
The life and future value of the young pig is absolutely in its owner's hands. Stunt it at the start and it goes through life a runt. Start it right and it will be a big, healthy hog.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

Work never kills a lazy man.

"Common sense" is misnamed. It is not so common.

Life has its ups and downs, but most of the pleasure is in between.

The talkative man is heard by many people and remembered by few.

It is a wise lad who can achieve wisdom from the folly of his parents.

Tell your secrets broadcast if you don't want people to believe them.

Never rush into an argument without first counting the cost of defeat.

Few men are considered truly great until their names appear on a cigar label.

A stiff upper lip may be all right, but who wants to be burdened with such an affliction?

There are many things in the Bible that we do not understand. We do not read it enough.

We will not enjoy a few hours of industrial peace—or at least our imaginations can run that far.

What appears to be the essence of wisdom to one person may seem the rankest of folly to another.

It may be true that all men are born equal, but they don't know it at the time and forget it afterwards.

It may be true that this country needs a spiritual awakening, but its a certainty that most of us are sound sleepers.

It is no trouble to keep our eyes and ears open these days but it requires a lot of forbearance to keep our mouths shut.

Never boast of the fact that you are without an enemy in the world. It requires either brains or imbecility to inspire wrath.

The number of prize fighters that are springing up leads one to suspect that there is little likelihood of another war in the near future.

A new continent is said to have been discovered in the antarctic regions in which no booze has ever been made or sold. It is uninhabited.

The government is dependent upon the states, and the states are dependent upon their cities and towns and countryside, and the latter are dependent upon the people who compose their respective populations. And there you have it—an endless chain of dependence one upon another. Does it make a difference "what other people think?"

A farmer can work ten hours a day on a piece of land and make a bare living. Another farmer can work eight hours a day on the same land and bank a good profit each year. There's a reason. The successful man studies conditions and analyzes suggestions and makes improvements as rapidly as it is possible for him to do so. His returns are in proportion to the activity of his brain. The other man is slow to change. He doesn't "take any stock in new fangled notions." What was good enough for his father is good enough for him. And that's all he gets. When put to practical use brains become a valuable asset. When merely carried around in a skull they are little better than a burden.

BORN:—At noon today to Mr. and Mrs. Bernard Brown, a daughter. Heartly congratulations and best wishes to all concerned.

L. R. Hanson is spending a few days in Roswell, expecting to return this afternoon, having some on business for his firm, Joyce-Pruit Co.

Cemetery Dance November 17th at the Armory. The Odham Moore Orchestra, of Dexter, will furnish the music.

Cemetery Dance November 17th at the Armory.

WANT ADS

LOST.—Wednesday evening, on road east of Carlsbad, this side of Smith ranch, a heavy overcoat, with fur collar. Reward for its return to J. C. Smith, or Current office. 11p

We haul anything, anytime, anywhere, and also run a service car. SERVICE TRANSFER. Office phone 1223. Residence 2713.

FOR SALE CHEAP.—"Buick 4" truck body, rebuilt motor, new tires. Fair Garage.

NOTICE. Blue Springs ranch has been lawfully posted. Therefore, all hunters, campers, picnickers and fishermen are warned against trespassing on the ranch. C. T. HARKEY.

LOST.—REWARD OF \$100 OFFERED FOR ITS RETURN. I lost a roll of bills Wednesday morning containing between three and four hundred dollars, in bills of twenty, ten and five, somewhere between the Piggly Wiggly and the Model Market, or between there and the Crawford Hotel, and will give one hundred dollars as a reward for the return of the same. Mrs. R. J. BOATMAN, at Crawford Hotel.

FOR SALE—Winter Onion Sets. Inquire of MRS. W. H. MULLANE. Telephone 529.

CARLSBAD MEN AHEAD. In the Horse Show at Madison Square Garden, New York, Carlsbad N. M. men, R. B. Pope and High and Merchant captured several prizes, Pope taking first money. A full account of the event will appear next week, it being too late for this issue.

J. A. Lancaster, of San Angelo, Texas, was in town the first of the week. He is prospecting and looking for a location. Mr. Lancaster has been a friend of Judge D. C. Grantham for many years and seemed very much disappointed when he found the judge had moved to El Paso.

Mrs. Loeffel, county health nurse, and her friend, Miss Rockwood, left yesterday for Queen, and will remain there the rest of this week. Mrs. Loeffel going in the interest of the health of the school children, and desiring to make the trip before the weather gets bad in that locality.

George Brantley has resigned his position with the Joyce-Pruit company and taken a position in the Mercantile Grocery. He is one of the best known and most popular clerks in the city, and his friends are glad that he will remain among us.

HOME TOWN HELPS

TO DEVELOP "SAMPLE TOWN"

To Really Great Problems to Be Solved in the Establishment of Model Community.

When we have studied our existing towns, generalizing from numbers and showing the best we have done so far; when we have taken hold with a will to make such improvements as we can in our stubborn, old-established towns, a great new social service can be done by developing a "Sample Town."

This sample town should appear to be a perfectly ordinary industrial town, preferably with some new factory with its employees placed where it could have land or water communication with the rest of us. It should have an agricultural base in the surrounding country, as any town does after a fashion. Then the problem to be worked out would be the economic balance between local supplies, which save in transportation, and such imported supplies as might save in other ways.

A good kindergarten and school ought to have 20 children at least, properly to use two first-class teachers. To keep up that average number of children requires about 200 women, since about ten women is the average number required to supply one child a year. Two hundred families means about a thousand persons, a good number to base our calculations upon; and 200 houses, grouped about their necessary public buildings, form a very pleasant little village.

One central building, economical, but beautiful, could house many of these. All should be grouped conveniently about a pleasant little park.

The economic problem to be worked out is something like this: How few persons out of our 400 adults are sufficient to do work not immediately productive, such as cooking, teaching, preaching, keeping the store and the library? How much must be earned by those who produce raw materials or manufactured articles for sale, in order to support the whole group? At how little expense can heat, water, light and service be provided to such a group?—Charlotte Perkins Gilman in The Century.

IDEA IS WORTH EMULATING

Public Spirit Shown by Citizens of Michigan Village Should Be Incentive to Others.

At the next resort and tourist meeting the name of the village of Montague should be inscribed as the Abou Ben Adhem on the good book. Along the lake is an excellent park space which Montague has decided to improve. But the innovation is the way this village has gone about it.

A legal holiday was declared, and almost every man in town hustled down to the park with shovels and rakes, drays and trucks, filling in low ground along the shore in preparation for a big tree planting at other similar holidays in the near future. And all the ladies served their sons and squires and sweethearts with hot coffee and sandwiches to keep them on the job and unfatigued. It was an arbor day de luxe. More of them are scheduled until the park becomes something tourists will talk about all the way up and all the way back.

If every town which could be a thing of beauty instead of a main street and scatter of sheds would go in for the spirit of Montague and for a good, healthy spell of tree planting and general cleaning up, Sinclair Lewis would be in line for a fine session of back talk.—Grand Rapids Press.

Proper Care of Hedges.

If you have a privet hedge which is showing the effects of age you can renew it by cutting it back hard. This seems like drastic treatment, but new wood will soon begin to grow, and within three years your hedge will be as fine as ever. You can cut it back to within a foot of the ground without doing any harm, but as soon as it begins to grow again it ought to have a good dressing of well-rotted manure or a liberal application of pulverized sheep manure dug into the ground. Many people for their privet hedges grow too tall for best effects. They look most attractive when about three feet high, especially if they are kept well trimmed so that they always have a symmetrical appearance.

Individualism First. In all worthwhile community building, men and women must function as individuals before they can function as communities.—L. H. Bailey.

Results of Jazz. "Now that you are rich, John, your son seems a bend for jazz." "Yes." "Think he'll ever be able to earn his own living?" "Yes, I think he may develop into a pretty fair snare drummer."

Hard to Catch Up. Wayback—The clock only registers one dollar, and you want two. Taxi-driver—That clock is slow, and I have been driving very fast.—Judge.

YOUNG MOTHER BURNED

Mrs. Edward Rosson was seriously burned Tuesday morning at the home of her mother in Lovins. She and her young babe had gone to spend the day at the home of her mother, Mrs. Donaldson, and the latter was bathing the baby, when Mrs. Rosson stepped between her and the open fire and her clothing caught, and before it could be extinguished her lower limbs and her arms were badly burned. Immediate attention relieved the pain and she is getting on nicely at present, but it was a narrow escape.

Walter Glover was in from his ranch Wednesday of this week.

The Red Cross Roll Call will begin Monday, and will continue until Thanksgiving Day. The chairman having the matter in charge is Mrs. E. P. Bujac, and everybody who have a chance to take a membership in this worthy organization. All who heard Dr. Villars in his sermons at the Methodist church last Sunday morning and evening will realize the necessity of at least reaching the assessment of last year.

Mrs. A. C. Rogers, of Roswell, mother of Mrs. O. C. York, of this city, has spent the past ten days at the home of her daughter, but will leave today or tomorrow for her home.

Rev. Dorsey Mewborn came in from attending conference, and will be here for a few days before leaving for his new charge. Mr. Mewborn has been a hard worker ever since coming to this city, and the new church of the Spanish American people in the south part of town, is largely a result of his untiring efforts in their behalf.

The ladies of the Christian church and congregation, will give a market Saturday at the Joyce-Pruit grocery store, and invite your patronage.

R. E. Taylor was in town yesterday from his home in the vicinity of the D ranch.

Persian Religion Decried.
The Persians and Chaldeans believed in Ahimman, chief of the evil demons or fallen angels. They were thought to have been expelled from heaven for their sins. Having endeavored to settle down upon the earth at several times, according to legend they were always rejected. Out of revenge they found their pleasure in injuring the inhabitants. Xenodorus thought that penance and self-mortification, though not agreeable to the gods, would pacify the malice of the evil demons. Ahimman and his followers were believed finally to have taken up their abode in all the space between the earth and the fixed stars, and there established their domain called Ahimmanabad. As Ahimman was the spirit of evil in the Persian religion, so Ormuzd was the spirit of good.

Crawl-Stroke Scares Man-Eaters.
According to an accomplished swimmer who first practiced the art in shark-infested waters, no shark will ever come near you if you practice the crawl-stroke. The crawl-stroke was invented in Australia, where man-eating sharks of great size and ferocity are constant neighbors. It's a splashy stroke. Hence, according to the Antipodians, the swimmer who "crawls" is sharkproof. In "crawling" you splash the water with swiftly paddling feet, just as the Australian boys learned to do when they turned on their backs. Only you're not turned on your back—you're face downward, tearing through the water at top speed. Also you're doing a certain amount of splashing with your hands, which you're pumping alternately into the water at each stroke.

The Original Chinese.
J. F. Rock, adventurous plant hunter, reports from Kengtung, Burma, to the Agricultural department at Washington, that he has found a village of the original Chinese referred to in the oldest historical book of China, which dates back two thousand years before Christ. "They are called Miao," he says, "and do not cut or grow any rice, but only corn. They cut down the forests and plant corn at an elevation of thirty-five hundred to four thousand feet on the elephant-shaped mountain of Doi Chang, on which they live. They are the dirtiest people I ever saw, barring not even the Tibetans. Their naked children wallow in the mire with the pigs. They are natives of Kweichow province, China, but have migrated over into Yunnan, and even into north Siam."

Much Easier.
Two men were discussing golf courses in general, and a pretty little nine-hole course in particular. Eventually the conversation turned to a certain eighteen-hole course close to the other one. "I always think," commented one to the other, "that the little nine-hole course is far more difficult than that eighteen-hole course." "Well, one would expect it to be so," exclaimed a lady friend, who, needless to add, did not play golf. "Why?" asked the two men, simultaneously. "Why, it is obviously easier to get a little ball into one of the holes when there are eighteen. It would be twice as hard when there are only nine!"

Fish Serves Many Purposes.
Menhaden fish, economically, is one of the most important fishes of the United States. It is sometimes called mackerel. In colonial times the Indian and the white settler used it as a fertilizer. These fish approach the shore in immense shoals, especially along the coast from Maine to Florida. The average size is about 12 inches, being too bony and oily for the table. It is used to a large extent as bait for cod and mackerel. Also many factories extract the oil for tanning and currying, and for adulterating other more expensive oils. The refuse is manufactured into gunpowder.

Beetles and Worms as Food.
A rich store of luscious larvae which are sought and eaten by the people of most countries where they are found in abundance is provided by the family of the longhorn beetles. It is considered to have been a member of this family that was fed upon flour and wine by the Romans for the table with all the care that is nowadays bestowed upon a prize pig. One of this tribe is mentioned by Mene. Maron being eaten by both the native and white inhabitants of Surinam, who serve them up nicely roasted after being cleaned.

Owls Lose Courage by Day.
There are about 200 species of owls. Some are tiny owls; some are large owls 28 inches in length, very fierce and sturdy, ready to attack a man who goes near, able to kill foxes and large game birds, and to do battle with the golden eagle. But the courage of these terrifying owls vanishes in the daytime, and then little birds, led by a crow, may find one and make it in the open and peck it with impunity. But when night comes and the bird can see none but a mighty eagle dare do battle with it.

Children Often Lost at Zoo.
It's an unusual Sunday at the Bronx zoo when at least two or three small children are not taken to the nearest station house and listed as lost. One of the officers assigned to duty inside the gates said that about a dozen get lost on an average every fair holiday. "It's carelessness on the part of the women," said the officer, "just as often as it is mischief on the part of the child. Often a woman who has lost a youngster will just be sitting on a bench perfectly calm, sure that we'll bring it back."—New York Sun.

DRY GOODS DEPARTMENT

DR. VILLARS HERE

Dr. U. S. Villars, field representative of the Red Cross for the Southwest Division, was in Carlsbad over Sunday and delivered two excellent sermons at the local Methodist church on that day. The doctor has been engaged in this work for a number of years, and is thoroughly conversant with all its phases, both wartime and peacetime activities.

Dr. Villars spoke at length of the disabled soldiers who are suffering from shell shock, and, in addition to being wounded, and brought home to us the necessity of continuing the work of that most beneficent society, in their behalf. Monday a meeting of the executive committee was held and plans laid for the drive which begins Monday. Mrs. E. P. Bajac will have the arrangements in charge, she being chairman of the department, and it is expected that Carlsbad will reach her quota, which is the same as it was last year. Dr. Villars left Monday night for other points to continue the work.

The Campfire Girls planned a surprise for their guardian, Mrs. Northam, on her return from El Paso, last Saturday. The affair was held at the home of Marjorie Snow, one of the members and was simply a surprise to the honored lady. The girls played games, four tables engaged in the games. Refreshments planned and prepared by the girls themselves, were served, consisting of sandwiches, fruit salad and cake, with plenty of grape punch, and as usual, when this bunch gets together, a happy time resulted. Mrs. Horace Hutchinson, assistant guardian, was present and lent her assistance to make the evening a success.

Mrs. and Mrs. Cavanaugh, the latter a sister of Richard Westway, are at the ranch of the latter some twenty-five miles west of town, coming from their home at Kansas City and expecting to remain through the winter for the benefit of the health of Mr. Cavanaugh.

Mrs. Sadie Love, who recently entered Homan's Sanitarium at El Paso, writes to a friend here that she is responding well to the treatment given her and has gained four pounds. This will be good news to her many friends here who are anxious about this charming woman.

Remember the dance to be given for the benefit of the local cemetery next Friday, the 17th instant. Very few Carlsbad people but have an interest in the upkeep of the cemetery, and funds are needed for that purpose.

A baby daughter was born to Mr. and Mrs. Henry Collins last Wednesday, the 8th inst, and Henry says that it is the prettiest baby in the world. But as it is the first born, he may not be a very good judge. But any way, the Current joins other friends in wishing for the baby all that the loving young parents wish for their child and hopes that she may prosper and be a pleasure and comfort to them always. She has been named Ethel Mary, the latter being in honor of Mrs. Collins' mother, Mrs. Luck, and we are sure no greater honor could have been given her.

Mr. and Mrs. Myrl Northam returned Monday from a three weeks stay in El Paso, where they went on business. The baby, Marjorie May, remained at home with her grandmother, Mrs. Wright.

Pete Hoover this week purchased a lot on Main Street, and will later on build a home for himself and his family.

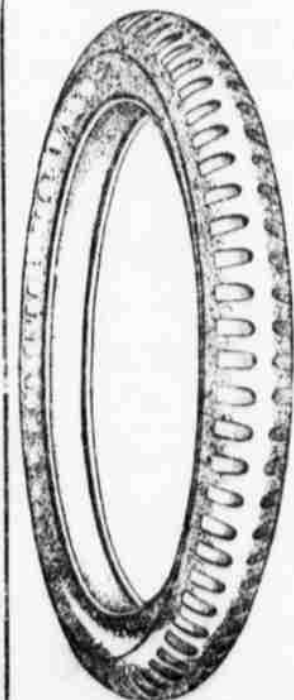

Reverend Harrison and his wife left here Monday en route to Tucuman, where they will attend the Baptist Convention now in session. They went first to Ardena, and from there joined a party and made the trip overland.

Colonel A. J. Muzzy, president of the Public Utilities Company, left for his home in Bristol, Connecticut, last Saturday night, after a six weeks stay in Carlsbad.

Mrs. Vernon Middleton and baby daughter, Marjorie, returned Tuesday night from a visit to Mrs. Middleton's father, at Le Mesa, he being very ill at the time she was sent for and her presence being a necessity. We are glad to learn that she left her father better when she returned.

All Boy Scouts, whatever troop, are notified to come to the Presbyterian chapel Friday evening at six-thirty and take up a special interest. H. W. Lowry, Commissioner.

THE TAILOR

LOCAL NEWS.

Louis Adams left Monday for a week's stay in El Paso, where he has business. Mrs. Adams is looking after matters at the store during his absence.

Jess Price and wife, disposed of their household goods and other affairs and left Monday for El Paso, Texas, where they will probably decide to take up their residence.

Mrs. Mahaffey left for Belen, the first of the week, where her husband has a position with the Santa Fe, and where the family will make its future home.

The ladies of the Primary Department of the Methodist Sunday School who had the lunch in charge at the Potest Sale, cleared about \$61 for their efforts, and will put the money to work immediately in repairs and alterations and supplies for their department.

Mr. and Mrs. John Cantrell were in Tuesday from their ranch on McKittick draw, on one of their very infrequent visits to the county seat. They tell us that it is very dry in their locality, but that their cattle are entering the winter in good shape, and that they believe they will go through all right. They also tell us that their parrot, "Jack" is still living and in good health although he must be about twenty-five years old.

The man with a big head doesn't always have a heavy load to carry.

Friday was "tag day" for the Grammar Grades, and each child who could was requested to take a nickel for the purpose of replenishing the libraries at that building. On Saturday, the teachers of that school tagged the citizens with the pleasant result that about \$140 was realized for the same purpose. A committee will be appointed among the teachers, who will select books suitable for each grade, and it is hoped and believed that a taste for better reading may be promoted among the pupils of the Grammar Grades. Those having the matter in charge, thank the people for their liberality and assure them it is greatly appreciated.

Mrs. J. E. Wallace returned the latter part of last week from a visit to her daughter, Mrs. John Snow, in Denver. The latter was seriously ill was the occasion for her mother's visit at this time but she was getting on well when she left, and the baby, little Jack, a favorite with Carlsbad people is doing fine.

Steve Edins, an old resident of Eddy county, whose ranch is east of town some miles, was in the city the first of the week coming for the purpose of accompanying his wife to their home. Mrs. Edins has been in town under the care of a physician for some weeks, but is getting along nicely at this time and her physician thinks she will soon be perfectly well again.

Some people never experience a good thing until they get behind the bars. Free grub is a great stimulator of appetites.

THE COWBOY'S PRAYER

By Charles B. Clark, Jr.

O Lord, I've never lived where churches grow,
I love creation better as it stood
That day you finished it so long ago,
I know that others find you in the light
That filters down through tinted window panes.
And yet I seem to feel you near tonight.
In this dim, quiet, starlight on the plains.
I thank you, Lord, that I am placed so well;
That you have made my freedom so complete,
That I am no slave to whistle, clock or bell.
Or weakened prisoner of wall of street.

Just let me live my life as I've begun,
And give me work that's open to the sky;
Make me a partner to the wind and sun.
And I won't ask a life that's soft or high.
Let me be easy on the man that's down;
And make me square and generous with all;
I'm careless sometimes, Lord, when I'm in town,
But never let them say I'm mean or small.

Make me as big and open as the plains,
As honest as the horse between my knees,
Clean as the wind that blows behind the rains.
Free as the hawk that circles down the breeze.
Forgive me, Lord, when I sometimes forget.
You understand the reasons that are hid,
You know the little things that gall and threaten.

You know me better than my mother did.
Just keep an eye on all that's done and said,
Just right me sometimes when I turn aside,
And guide me on the long, dim trail ahead.
That stretches upward toward the Great Divide.

—Exchange

LOVING NEWS ITEMS

The following interesting items from our Loving correspondent were received Saturday morning, of last week.

A fine baby boy came to gladden the home of Mr. and Mrs. Walter Smith Tuesday morning. Mother, and child are doing nicely.

Nola Brown was taken to the Sisters' Hospital in Carlsbad Wednesday, having developed typhoid fever.

Mr. and Mrs. F. C. Reed and family motored to Roswell Thursday for a stay over the week-end.

The local barber shop has again changed hands. Ted Taylor is the present owner of the establishment.

Green London brought a bunch of mules from Lakewood to Loving for Ward Lackey Wednesday.

There were a number of parties in the neighborhood in honor of Halloween. Mrs. A. L. Allinger entertained the members of the primary classes from both churches, while Jay Ogden entertained the Junior and Senior classes.

Mr. and Mrs. Tarah Tarbutton are rejoicing over the arrival of a baby boy, which was born on Tuesday, October 31st. We wonder if he is to be called 'Brownie,' 'Jack' or just plain 'Spooks.'

Theresa Green has been quite ill during the past few days.

The County Health Officer vaccinated forty-four children in the Loving school Tuesday afternoon for diphtheria.

Mrs. L. G. Ryan is expected to arrive in town in the course of the next few days, from the home of her daughter, Mrs. Cassingham, who is living near San Francisco, California. Mrs. Ryan has been gone over seven months and will receive a hearty welcome from her friends and neighbors on her return.

Mr. and Mrs. Sidney Bearup made a trip to the Paul Ares ranch in the mountains, Sunday, going early and returning late in the day. Mrs. Paul Ares and Mrs. Albert Ares accompanied them and remained at the ranch.

An exchange says that a pretty girl can make a fool of the homeliest of men. Meaning, we presume, that the handsome man is in no need of such assistance.

Never try to convince the fellow who knows it all. It requires brains to absorb knowledge.

It is useless to expect a crooked man to give another person a square deal.

England, it seems, has pulled a Bonar as a prime minister—but strictly in accordance with Law.

An excuse is only a poor substitute for an apology.

W. C. T. U. OF STATE WILL ASSEMBLE AT RATON

The official call to the New Mexico W. C. T. U. convention which will be held at Raton on December 2, was issued yesterday by Mrs. Anna Wilda Strumquist, state president. The convention is the thirty-ninth annual gathering of the state organization.

The dates of the assembly follow the world and national conventions in the east. A number of distinguished speakers returning to their homes on the Pacific coast will stop off for the state meeting, it is expected. The convention will continue for four days.

The state convention will also be a meeting of the state wide vigilance committee and methods will be considered on the most effective plans to report and expose law breakers. Reports will disclose much achieved by white ribbons in bringing to justice many law breakers in the past, it is said.

The official delegates to the convention will be the president of each local union, one delegate at large, and one delegate for each ten paying members of the local union. The state officers will also be present.

TO FILE WATER APPLICATION

Notice of intention to apply for the appropriation of water from the Pecos river for power purposes only, to be diverted in the southwest 1-4, southwest 1-4, section 15, township 23, range 28, was filed in State Engineer Charles A. May's office by Sarah Tarbutton, Loving, N. M. The amount of water wanted is not stated in the notice.

EQUIPMENT

Motometer with ornamental radiator cap. Front and rear bumpers. Rain-proof, one-piece windshield. Automatic windshield wiper. Courtesy light on the driver's side, which promotes safety in passing other cars at night. Tonneau lamp with long extension cord. Cow parking lights. Cool ventilator. Jeweled eight-day clock. Large rectangular plate glass window in rear curtain. Massive head lamps. Theft-proof transmission lock. Tool compartment in the left front door. Shock absorbers.

No motor car is more satisfactory!

Made of the best materials the market affords, under most precise standards of workmanship, the Studebaker Big-Six Touring Car is the outstanding value among fine cars.

It is a roomy, seven-passenger car but is not bulky. And it does not carry an ounce of excess weight.

The 60-horsepower motor provides speed, stamina, flexibility and power in abundance.

Comfort is insured by correct design, long, semi-elliptic springs, restful nine-inch seat cushions and shock absorbers.

The body lines are distinctive, and the equipment includes many motoring refinements such as the one-piece windshield, tool pocket in left front door and the courtesy light on the driver's side which illuminates the roadway in passing cars at night.

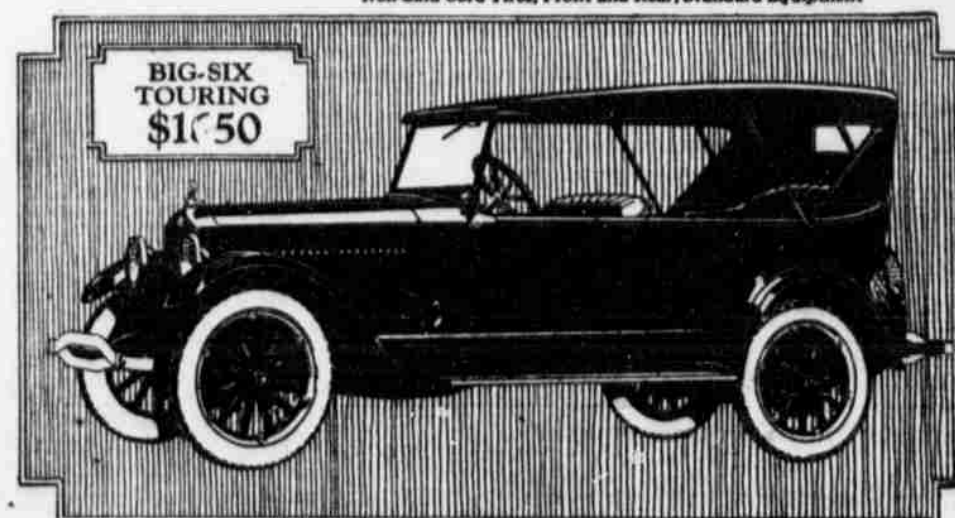

At \$1650 it represents a large saving over cars that do not even approach it in intrinsic value. And it is economical to drive and possesses high resale value.

The body, like the chassis, is built in Studebaker plants, which eliminates middlemen's profits. The savings resulting are passed along to you.

The Big-Six is a wonderful motor car! It well sustains the 70-year Studebaker reputation for business integrity and honest value.

W. F. McILVAIN, Auctioneer.

BAPTIST CHURCH

Ira Harrison, Pastor.

The pastor will not be in the pulpit at either service Sunday. Sunday school and B. Y. P. U. at the regular hours.
I'm trusting that as many of our

people who can will attend the other churches while the pastor is away. We greatly appreciate the coming of other denominations to our service. Make yourself at home. Sunday school should be swelled greatly next Sunday.

GET TOGETHER

ON HIGHWAY CARLSBAD-PECOS

Right now is no bad time to talk highway—really there is no bad time to talk it for good roads is the life of any town or community. Just now, however, the thought that a real, well constructed highway between Pecos and Carlsbad, New Mexico, would be a great asset to both these towns and a boon to the traveling public. It would mean that much of the travel going around both Carlsbad and Pecos would travel through them instead and it would put these towns in closer communication with each other. Just at this time it is understood Carlsbad is contemplating a highway which will put them in closer touch with El Paso—probably connecting with the Bankhead at Van Horn. The route through Pecos and connecting with the Bankhead at this point will mean more business for Carlsbad as well as Pecos and would cost each county less money to construct.

Coming to Pecos and connecting with the Bankhead here would mean more travel over this route for one reason, that the entire route would be along the railroad, the Santa Fe from Carlsbad to Pecos and from Pecos to El Paso the Texas & Pacific.

In case of any trouble whatever relief could be had when on the other hand no relief could be had on the other route for many miles. This route would also cause many to come this way from Roswell and North who would connect with the Old Spanish trail or to Mexico and vice versa. Much of the road from Carlsbad to State Line is now graded and only needs hard surfacing to make it first class. The road from Pecos to State Line has already been designated as a State highway and it is believed that funds are easily available to put our portion of this highway in first class condition. The following statement issued by County Clerk S. C. Vaughn, the Enterprise believes, will bear out the above statement.

This is to certify that there is recorded in Road Minutes Book 2, page 102, Excerpts from a communication from the State Highway department of Texas designating State Highway No. 17, from State Line Paralleling Santa Fe railway intersecting State Highway No. 1, known as Bankhead Highway at Pecos, Texas.

This is to certify that in Road Minutes Book 2, page 158, there is recorded a Bond Order for \$100,000.00 for Road District No. 1, Reeves County, Texas, voted for the

SURPRISE PARTY FOR THURMAN TWINS

The eighteenth birthday of the Thurman twins, Misses Vera and Vola, was the inspiration for a merry gathering of their friends at their room in Carlsbad, where the young ladies are staying while in school.

They had been invited out to have supper with a friend and on their return found a happy bunch in possession of their premises. After playing games of various kinds, a birthday cake was produced which had been baked by their best friend, their mother, and this, with ice cream, furnished the feast, the cake being embellished with eighteen candles in true birthday style. Those invited were Misses Velma Regnier, Gladys Regnier, Lucille Pond, Leona Brockman, Clyde Pearce, Frances Harr, Anna Bush, Josephine Williams, Amelia Mays, Zetta Willis, and Catherine Simtons.

"THE LAST ROSE OF SUMMER"

The Current reporter is indebted for a bouquet of lovely pink and red roses presented her by Mrs. Sidney Bearup. The flowers were grown in their garden, and this particular bush has bloomed profusely during the summer. Most of the roses were of the Killarney variety, than which there is no rose more fragrant and beautiful. Mrs. Bearup tells us these are the last blooms on the bush, and this mark of remembrance is very pleasing to us. By the way, is it not unusual to have roses blooming in the open in November even in our delightful climate.

R. B. Armstrong, after a lengthy visit at Austin, Texas, came in Monday.

purpose of building roads in Reeves county, Texas. S. C. VAUGHN, County Clerk, Reeves County, Texas.

It occurs to the Enterprise that this is a good time for the business men of both Carlsbad and Pecos to get together and induce the county commissioners of each of these counties to take up this matter and push it to completion. It will mean as much to one town as to the other and the way the Enterprise looks at the matter, will be of inestimable value to both towns and the traveling public as well.

The Enterprise understands that in case Carlsbad decides to use the Van Horn route they can only build to the State Line there and that Culberson county is in no condition to build their part of the road from State Line to Van Horn, and in that case much of the travel would detour on that account.—Pecos Enterprise.

John R. Means, of Hope, was down from his home the first of the week. The family has recently moved from the ranch to Hope, and has been further increased by the birth of a son to Mr. and Mrs. Robert Means, and the grandson has received a warm welcome from all concerned.

NOTICE OF PENDING SUIT

THE STATE OF NEW MEXICO, GREETING:—To Hugh M. Gage:—You are notified that Jennie W. Gage, plaintiff, has filed Cause No. 3621 against you in the District Court of Eddy County, New Mexico, demanding an absolutely divorce from you, and that title to her personal estate be quieted in her, and unless you answer herein on or before December 4th, 1922, judgment by default will be entered against you and the relief sought in plaintiff's complaint granted, and E. P. Bujac is plaintiff's attorney and his business address is Carlsbad, New Mexico.

IN TESTIMONY of the foregoing, I hereunto set my hand and official seal this 2nd day of November, 1922.

(SEAL) D. M. JACKSON, County Clerk, Eddy County, New Mexico.

Are you satisfied with millinery after it has become popular?

If you are—then the new shipment of Vogue Hats which we have just received from New York will not interest you.

But to the woman who feels that a hat is a sort of expression of personality, the article of dress in which to be a little different from, and a little ahead of, the common run—the woman who wants to feel that confidence and assurance of correctness—a visit to our store will be worth while.

T. C. HORNE

The Store of Quality

Of Canvas and Ribbon

It goes without saying that bags of all sorts are among those gifts that are always welcome. There are many new ones this year made of coarse canvas, or unbleached linen and trimmed with narrow satin ribbon and ribbon flowers. Baby ribbon may be drawn through the interstices of the canvas. Drawing threads out of either the canvas or linen makes it possible to weave wider ribbons over and under the remaining threads, in borders or ornaments. Flowers cut from cotton or linen, in various colors, are applied to the linen bags and buttonholed along their edges with cotton floss or yarn. A case for holding playing cards and a bag which may be put to various uses are shown above in gifts suited to either men or women.

Sweets for Christmas

You cannot think of anyone who will not be delighted to receive a gift like that illustrated here. It is a half-dozen glasses filled with jelly, preserves and marmalade, very attractively arranged in a wicker basket. The tin covers of the glasses are lacquered with black lacquer and a white gummed letter is placed in the center of each one. A spray of fruit or blossoms painted on the lid with sealing wax, together with the letter, tells the kind of jelly or preserves the glass contains, as apple, with a spray of apple blossoms and the letter "A," or currant with a cluster of currants and foliage and the letter "C." Sealing wax in several colors simulates shirred ribbon on the center glass which contains marmalade.

England and France, it seems, are on the point of making up without kissing.

Sam Batton had expected to leave last Friday afternoon with Polo Men—they would be, on account of the been sentenced to from six to ten years for manslaughter, but the prisoner falling suddenly ill, he was unable to make the trip, and will likely leave this week sometime.

Sam Batton made a business visit to the Guadalupe last Thursday.

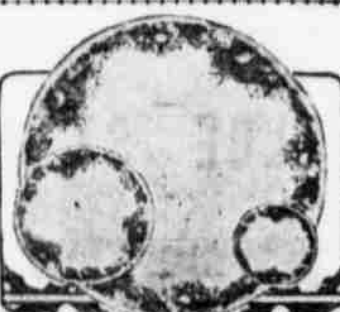

Never ask your neighbor what he thinks of you. He might blurt it out.

Christmas Candles

This year's candle shades made of gay silks or of crepe paper are shown in such variety that every one may be pleased. Sparkling silver tinsel strays over some of them, adding a holiday glitter to the pretty colors through which the light gleams. A shade decorated in this way is shown at the right of the two pictured. At the left a foundation of plain paper is covered with ruffles of crepe paper in two alternating colors, in this case white and green, and has daisies made of paper set about it.

Oil Cloth Table Sets

No housewife will fail to enjoy the new table sets of oilcloth with their cheerful borders of gay flowers and fruits. They are much handsomer than the stenciled pieces and many women use them for the dinner as well as the breakfast table. These sets consist of a centerpiece, plate doilies and smaller doilies. The fruits and flowers in the set pictured are in their natural colors and the oilcloth in a deep cream color.

JUST FUN

LIVING IN THE PRESENT

"I have here a poem on Helen of Troy," said the visitor.

"Helen has been dead a long time," mused the editor.

"But imagination bridges the centuries."

"Quite true, but I don't believe our readers care to be taken back that far. In fact, most of them regard the 1919 world series as ancient history."

An Athlete.

"Although you considerably outweigh your antagonist, you seem to have had the worst of the fight," said the sympathetic old gentleman.

"I was out of luck when I struck him," replied the man who was nursing a broken face. "Nobody told me he'd been playing for years in a jazz orchestra."

No Great Risk.

"Wife, the people next door are having a tin wedding anniversary. The lady has been neighborly. Better buy her something in tin."

"Now if we start that they'll have a leather wedding and a silver wedding."

"Oh, you'll quarrel with her before that."

Explaining His Income.

"It is inferred from the works of a Chinese poet who wrote centuries ago that he must have paid taxes."

"Do you know anything else about that bard?"

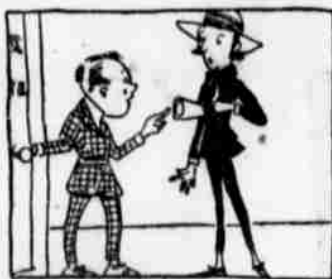

"No. Why do you ask?"

"I thought a little investigation might show that he operated a silk mill or a pottery works on the side."

Mental Consideration.

"You used to specialize on sympathizing with the working man."

"The working man reciprocated," replied Senator Sorghum. "During their recent years of affluence the working men in my constituency have sympathized with me for having to keep up appearances on a government salary."

OUTSIDE THE SANCTUM

"None, the editor is seeing no poets."

"What, sirrah, you refuse to admit the bard?"

"You said it. The bard is barred."

Sweet Things.

The greatest pair
The world has known:
A little boy
And an ice cream cone.

That Ended It.

Marie—What are you going to give Freda for her birthday?

Ruth—Which birthday is it?

"Her twenty-fourth."

"Then nothing. I gave her something for her twenty-fourth last year."

The Ladylike Habit.

"My wife says she will leave me if I don't quit smoking," said Mr. Meek-ton.

"Going home to her mother?"

"No, her mother smokes more than I do."

Did He Catch On?

Blaise Young Caller—Everything bores me nowadays. Worst of it is, when I'm bored I can't help showing it.

Miss Bright (laughing)—Oh, but you should learn to disguise your feelings under the mask of gaiety, as I do."

An Excellent Reason.

"That fellow knows nothing of scientific salesmanship and his approach is poor."

"Then why do you keep him?"

"For the mere reason that he gets the business."

He Should Worry!

Rub—My wife got mad because I wasn't worried when she was.

Dub—What did she worry about?

Rub—Because I wouldn't worry with her.

Not an Enthusiast.

"Won't your wife save for a rainy day?"

"Well, she occasionally gets a few dollars in bank. Only counts on a sprinkle."

Trappers.

Hicks—Could a person make money trapping, I wonder?

Ricks—I know several women who have made their fortunes at it.

In These Days.

"At last the man who blows his own horn is getting popular."

"Huh?"

"He runs an automobile."

CONSERVATION VERSUS CONVERSATION

When you buy of PIGGLY WIGGLY you save money, save time and save your temper. THAT'S CONSERVATION. You don't have to waste any of them standing in line conversing with a clerk about what you want and wait for others to finish their conversation.

You get Nationally known merchandise and you get it at a LOWER PRICE than elsewhere.

There's a PIGGLY WIGGLY Store in your town—you'll find CONSERVATION there.

What would you be paying for Groceries if there were no PIGGLY WIGGLY in Carlsbad?

PIGGLY WIGGLY

ALL OVER THE WORLD

At the last meeting of the W. C. T. U. which was held Wednesday afternoon it was decided to put on a drive for Eddy County Hospital, for supplies and money. The ladies will ask for linens, supplies, such as canned fruit, jellies, etc., and anything that can be used for the sick. Cash, of course, will be very acceptable. The matter is in the hands of a committee, who have appointed sub-committees and solicitors, and every one will be given a chance to contribute. The ladies expect to start out Monday and will finish the work the same week, turning in the results on Saturday, the eighteenth. They call it a Thanksgiving drive.

Jake Grubaugh, one of the proprietors of the Renick & Grubaugh Garage, has disposed of his interest in that business, selling out to his partner, and has announced his intention of going to California. Carlsbad regrets such intention and hopes he may be induced to reconsider it and may remain here where he is greatly appreciated, being head of the local Odd Fellows, and prominent in other organizations as well.

The quail season is now open, and many hunters are out daily looking for the dainty birds. They are not nearly so plentiful as at first thought, for Santa Fe, where Polo has season being so dry, and many of those shot are poor and in bad condition.

W. R. Hegler is in town today from his ranch at Frijoles, Tex., attending to various kinds of business while here.

Dave McCollum, Charley Elliott and Tom Middleton came down from their respective homes in the Queen neighborhood, and transacted business here yesterday.

Mrs. John Prickett was taken to her home from Sisters Hospital last Friday, and is recovering nicely from her recent serious operation.

Mar. and Mrs. Chas. A. May and daughter, left for their home in Santa Fe, Monday, after a brief stay in Carlsbad, where Mr. May came to hear an application for a water right, and Mrs. May embraced the opportunity of visiting with her father, W. H. Mullane and other friends. The daughter, Frances Esther, is a bright little girl, as she says, "five years old, on my birthday," and made many friends during her short stay among us.

BORN—To Mr. and Mrs. Donald Weldon, a ten pound boy baby, Saturday, November 4th, at the home in this city. We have no learned the name of young Master Weldon, but he is certain of a hearty welcome from his kinsfolk and their friends, the Current joining.

W. W. Simpson and wife made a business trip to Artesia last Saturday on a hunt for pasture for a part of their sheep, which they later secured at Mr. Nichols', below town. The wind was so high Saturday and the trip so unpleasant, that Mrs. Simpson was taken ill on her return and required the services of a physician, but has about recovered at this time.

There will be morning worship at the Presbyterian church Sunday, and the subject of the sermon will be "Church Credit."

New street lights are being installed at the alley east of W. G. Brown's blacksmith shop, which will be an improvement much to be desired.

County Commissioner G. R. Howard made a trip to Artesia Thursday night.

Mrs. Grant Mann recently purchased the dwelling house belonging to J. B. Roberts, and as soon as some needed alterations are made will move into her new purchase.

W. A. Moore, of Carlsbad, was a business visitor to Roswell the first of the week.

AMERICAN YOEMEN HAVE A "TACKY PARTY"

The local lodge of American Yoemen held a "tacky" party at the home of Mrs. Mary Boatright, last Saturday night. A prize was offered to the man and woman who best deserved the appellation of "tacky," and Mrs. Homer King secured one prize and Ural Newman the other. Refreshments were served and a general good time was had.

Leon L. Godchaux, well known citizen of New Mexico, and a man who enjoyed a wide acquaintance in Carlsbad and Eddy County, died at Deming, Wednesday, according to a message received by W. H. Mullane. The funeral will not take place until Sunday, the remains being held to await the gathering of Red Men, from over the state. Mr. Godchaux was prominent in the affairs of that organization, having been State Representative at the Grand Council of Red Men for twenty years past. Interment will be at Deming.

Pardue Rosson and family came in yesterday from Kansas City, Mo., where he has been making his home. Pardue is a graduate of Carlsbad high school and has been away for some time. He tells us that he will probably remain for some time and is delighted with the changes he sees in Carlsbad and Loving.

Mr. and Mrs. Lafayette Tatman and son, Ronald, of Chicago, are visiting the family of their nephew, Walter Craft, for a few days, coming yesterday.

N. Q. Sweeten, a brother of Mrs. W. H. Mullane, after a pleasant visit with his sister at her home west of the canal, left Monday for his home at Big Spring. Mr. Sweeten is a Texas State Ranger.

A baby boy was born to Mr. and Mrs. John McCollum of this city at their home in the Dillon residence, on Alameda street. This is the first child to bless these young people and we wish for him a successful journey through life.
