THIRTIETH YEAR

CARLSBAD, NEW MEXICO, FRIDAY, NOVEMBER 17, 1922.

NUMBER 48.

BASKETBALL AT THE ARMORY SATURDAY NIGHT

HOPE VS. CAVALRY PROVED TO BE A FAST AND SNAPPY GAME THOUGH FIRST OF SEASON.

The first game of basketball for the season was played at the Armory last Saturday night, between the Cavalry team and the team from Hope, the Carlisbad team coming out victors to the score of 27 to 14. A fast, snappy, clean game was played, the score at the end of the first half being 9 to 8 in favor of Carlisbad, whose line-up was as follows: Center, Frank Barnett; If, Ned White; rf, Grant Mann; lg, Claud Brown; rg, Bass Culppepper and Patty Collins. Bolton and Mann were coaches, and Bill Hardy umpired the game.

Coach Koogler, teacher in the High School at Hope, coached the visiting team. Koogler was coach of Las Vegas Manual School team when that school won Southwestern championship, some years ago, and is a star player, shooting most of Hope's goals. The Hope team is certainly a good one and the members are fine fellows individually, and hard to beat. A return game will be played before long.

After the game a dance was held in which many of the visitors took part and a pleasant evening resulted.

The Carlisbad team is arranging to meet the Hagerman team in about two weeks.

SCHOOL NOTES

Friday morning of last week, gold pins were presented to the Honor Club members of the Senior Class, who are as follows: Leona Allinger, Mary Frances Joyce, Georgiana Galt, Ida Pearl Morris and Eleanor Flowers.

At this time fifteen per cent of the Senior Class were eligible to become members of the National Honor Society and the honors fell to Eleanor Flowers, Leona Allinger and Mary Frances Joyce. Ida Pearl Morris and Georgiana Galt are the charter members of the Carlisbad branch.

At the Spanish Club meeting, which met from 7:00 until 8:30 last Friday evening, thirty members were present. This club is under the supervision of Miss Yancy.

All High School pupils are glad to have Alvetta Vaughn back in school this week.

Basket ball practice started Monday, with Miss Quick as coach for the girls and Mr. Greenman for the boys. We have about 25 boys and 20 girls out this year and hope to win every game.

Marie McDougal of Kansas City, who recently came west to live, has enrolled as a Freshman.

The Tennis Club met Tuesday morning and arranged plans for the tournament to be held Saturday. About eight boys will come from Pecos Friday.

It was voted to give the photographic work for the annual to Mr. Davis.

The Glee Club will spend Saturday kodaking for the annual.

Wednesday morning Miss West gave an Edison recital and lectured on Chopin.

"FIRE FIGHTERS PROLIC" The advance men of the "Fire Fighters Prolific, Messrs. Bell, Erlebach and Sparks, were in Carlisbad Wednesday and Thursday, completing arrangements to put on the "Fire Fighters Prolific" at the Crawford Theatre, Saturday, November 25th, under the auspices, and for the benefit of the Carlisbad Fire Department.

"Fire Fighters Prolific" carries practically the same personnel as that which put on "Legion Follies" here last spring.

This program was shown at Pecos November 11th to a packed house, and there were hundreds turned away.

Carlisbad has obtained the show only after keen competition with Midland and Big Spring.

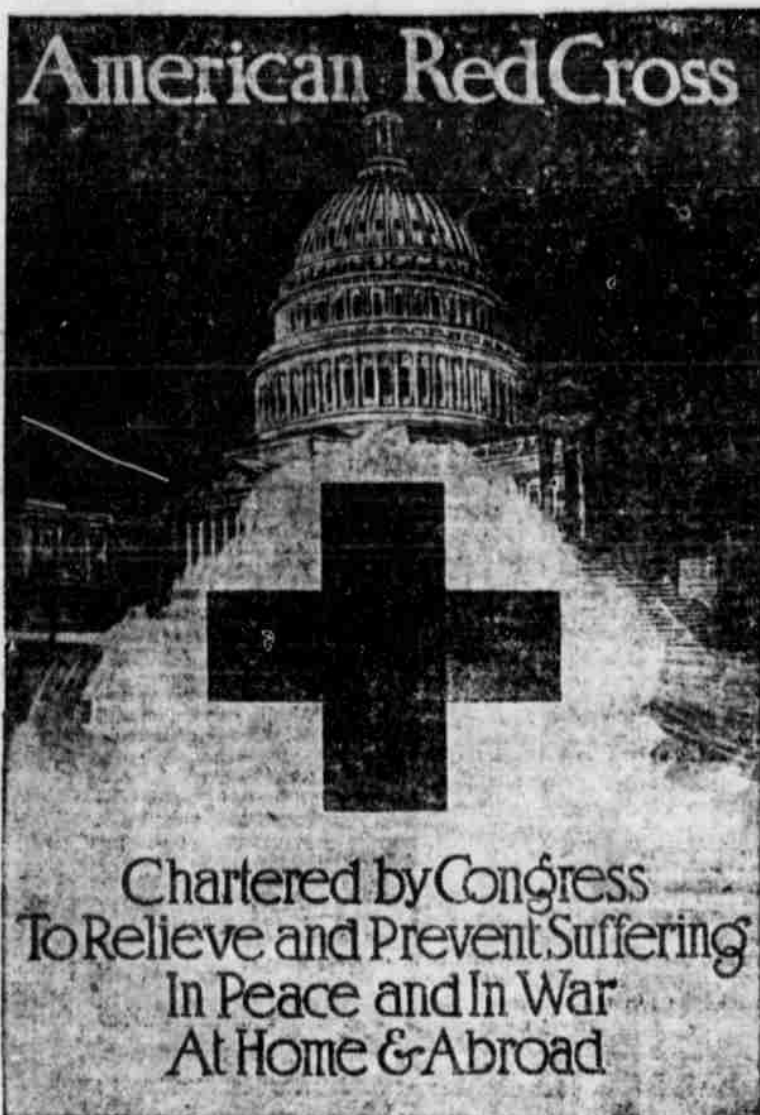

The citizens of Carlisbad have an opportunity of seeing an interesting and entertaining show, in addition to helping their local Fire Company.

The vaudeville bill includes the latest Broadway song hits, elaborate costumes, up-to-the-minute novelty acts, black face stuff, etc.

CARLSBAD'S FIRST FREEZE

Carlisbad experienced the first real freeze of the season Sunday night. Though there have been two or three light frosts, roses, nasturtiums and other flowers have been in full bloom in the yards and the unusually late fall has been favorable to the cotton farmers.

Striking New Red Cross Poster

Riveting the attention of the beholder on the fact that the American Red Cross is chartered by Congress as an official volunteer relief organization the dome of the Capitol at Washington, upon which is superimposed a large Red Cross, is the central figure of a new poster for the Annual Red Cross Roll Call. The poster, which has been pronounced one of the most striking of innumerable representations of the famous dome, is the work of Franklin Booth, a New York artist of wide renown. It will be displayed throughout the country during the Roll Call period, Armistice Day to Thanksgiving, when the Red Cross membership for 1922 will be enrolled.

Junior Red Cross Praised for Work Influencing Peace

The advancing standard of the Junior American Red Cross made two outstanding gains during the last year—one in the field of domestic activity, which is rapidly linking up the schools with the Junior program, the other a gain of a dozen countries in Europe pledged to organize Juniors on the lines of the American organization. For this accomplishment the American Juniors earned the hearty endorsement of the League of Red Cross Societies for its "creation of an international spirit of human solidarity among young people with a view to preparation of a new civilization for peace."

The forthcoming annual report of the American Red Cross for the year

ended June 30, 1922, will show 24,528 schools enrolled, with a total of 4,483,845 pupils wearing the "I Serve" button of the American Junior Red Cross—the badge of unselfish service earned by each individual member through personal sacrifice.

In international school correspondence 736 classes and schools engaged in friendly communication with 623 schools in European countries, 90 schools in United States territories, 13 in South Africa and 10 in a miscellaneous list of foreign countries. The work in foreign fields in establishing playgrounds, school libraries, sewing and manual training classes, homes for war orphans, school reconstruction in devastated areas, encouraging community gardens and many other activities was financed through the National Children's Fund raised by the Juniors at a cost of \$338,237.40. During the year \$50,922.79 was contributed toward the fund, in which on July 1 there was a balance of \$201,301.58.

DIED IN SAN MARCOS, TEXAS

The grandmother of Mrs. Fernie Albright Jones, Mrs. E. A. Ragdale, died last Saturday night in San Marcos, Texas. She was dear to the heart of her granddaughter and these many years beloved as an own mother by her daughter-in-law, Mrs. Annie Lee Barber. Mrs. Ragdale's family is one of the oldest and best known in Texas.

Hollis Watson, commissioner from the Hope district, was attending the meeting of the County Commissioners the first of the week, leaving for his home Wednesday.

WHEN THANKSGIVING'S GETTING NIGH

When ma begins to fret an' fuss An' cook an' bake an' stew An' when the wood box won't stay full No matter whatcha do, When pantry shelves get full ez ticks

With cakes an' bread an' pie; Why you kin purty near finger Ole Thanksgiving's gettin' nigh, When all yer folks an' relatives From thirty miles ar-round

Especially the folks that's been A-livin' in the town, Come traipsin' back a-visitin' T' stay a week—oh, my!

Why you can suttin' finger Ole Thanksgiving's mighty nigh.

BAPTIST CHURCH

Ira Harrison, Pastor.

The pastor will be happy to meet you at church Sunday at both services. Sunday school at the regular hour, also the B. Y. P. U.

The message for Sunday night will be one of great interest. If you fail to hear it, you'll regret it the rest of your life. Tell your friends to just follow the crowd to the Baptist church.

Miss Nellie Morrison was a week-end guest of Miss Maggie Mullane last week. The young lady comes from her home near Artesia and was greatly pleased with the paying, this being the first time she has visited here since it was installed. Miss Morrison also expressed her gratification at the progress that is being made on the new Sisters' Hospital which has almost been built since her last visit.

Will Ed Carter is spending several days in El Paso, on business this week.

REDUCED RATES ARE GRANTED

ANNUAL N. M. E. A. CONVENTION

John Milne, superintendent of Albuquerque schools, yesterday received word from T. W. Conway, secretary of the New Mexico Educational association, that a rate of a fare and a third has been authorized on all railroads in the state for teachers attending the annual convention of the association at Albuquerque Thanksgiving week. Teachers will pay full fare to Albuquerque taking a receipt there for. This receipt, when properly endorsed by the secretary of the association, will entitle the holder to purchase a return ticket for one-third of the regular fare.

A BIG CONGREGATION

Rev. Dorsey Mewborn is in town today. He is leaving for Miami, Ariz. his new preaching place. There he will have about 8,000 Mexican people to do mission work among. It will be a station preaching place. —Roswell News.

The new Sisters' Hospital is nearing completion, that is, with the exception of the rooms being furnished. Anyone can furnish a room who may wish to do so and it will be greatly appreciated by the Sisters. The building will be open to inspection at any time and all will be made welcome. The Sisters' Annual Bazaar will be held the 6th and 7th of December at the old hospital, and will be a good place to buy your Christmas presents and at the same time help a worthy institution as all the money received will go to the new hospital.

Mrs. Keen Barr and her sister, Mrs. Peter Lowenbruck, the former of Albuquerque and the latter of Los Angeles, daughters of A. C. Geer, left for their respective homes last night. Mrs. Lowenbruck will stop a few days in Albuquerque, before going on to her home. Both ladies have been in Carlisbad for some weeks, attending the sickbed and later the death of their mother, Mrs. Geer.

The ladies of the Baptist church have announced a dinner and bazaar for the 2nd of December, at the Armory. Several features will make it different from other bazaars and at the same time more enjoyable.

HAY TRADE CONDITIONS OF THE WEEK

Hay markets generally have continued firm this week because of small receipts. Prices are practically unchanged but the market is less firm on the poorer grades, especially in the east. An improvement in the demand is noted in the west with more strength shown in values at some markets. —Hay Trade Journal.

Paul Ares returned Sunday from his trip to Old Mexico, where he had spent a week looking into the prospect of getting pasture for cattle. He tells us that pasture is fine in the section he visited, with good water in abundance. The range has had nothing on it for ten or twelve years, and everything seems very promising from a stockman's point of view. The Livestock Loan Association in connection with the War Finance Board, has leased several million acres in the vicinity of Casa Grande, some 150 miles southwest of El Paso. In order to save the cattle in the drought stricken area, this organization is urging everyone who has a loan from the association to co-operate with them and take their cattle down there for the winter and avoid the loss that must otherwise ensue. The cattle will be handled in a pool, and the estimated cost per head for the first year will be four dollars and a half, this including taxes, grazing, labor and contingent expenses. The land has been leased for eight months with an option on four months more and should the drought continue in this section, and other parts of the state, a year longer will be secured. The owners of the cattle or their representatives are advised to remain with their herds, and Mr. Ares will probably be down there much of the winter. The men in charge will draw regular cow boy wages which will be charged against the cattle.

Mr. Ares will leave with his cattle as soon as they can be gathered and gotten together. He will start from there and drive them to El Paso and from there they will be shipped to their destination. He aims to divide them into groups and will have sixteen or eighteen men in charge; the herds will be driven about a day apart.

He left for the ranch Thursday to start the movement and hopes to have everything on the move as soon as possible.

RANCHER NEAR LAMESA FOUND DEAD ON RANGE

Lubbock, Nov. 13.—A. F. McCasland, residing near Lamesa was found dead in a pasture near his home on the evening of November 9th. Mr. McCasland had gone into the large pasture a distance of some miles from home, to look after some stock, and it is the general belief that he was chasing a coyote, and his horse stepped in a dog hole, and fell, catching him under the saddle and killing him. The horse could not get back to the house on account of the fence between the pasture and the house, hence the family did not grow uneasy about him until he had been some so much over the time usually necessary to make the trip. Deceased was a married man with nine children. He was about 39 years old.

DEATH OF A CHILD

The eighteen months old daughter of Mr. and Mrs. H. C. Petree, who are living on the Vineyard Stock Farm, below town, died Wednesday and was laid to rest Thursday afternoon at three o'clock, in the City Cemetery. The parents are comparative strangers among us, having only recently come to Carlisbad from points in Texas, to work on the farm for Mr. Nichols. The babe had some kind of stomach trouble. Many of our people, when hearing of the death, expressed their sympathy for these people called upon to lay their darling away among strangers, but he who said "Suffer the little ones to come unto me," will care for the baby and the grieving parents. Rev. Lowery pastor of the Presbyterian church, conducted the funeral services.

LOCAL NEWS.

Judge J. M. Dillard left Tuesday for El Paso, on a business mission, expecting to return the latter part of this week.

Miss Inez Jones, deputy in the county clerk's office, was a visitor to Roswell Saturday, going up to attend the jollification meeting held there at that time, making the trip with the Thorne family in their car.

Mrs. Will Ed Carter was a visitor last week at Hagerman, where she was the guest of Mrs. Roy Lockhead for several days.

A party honoring the sixteenth birthday anniversary of Eunice Herring, was given at the Herring home in North Carlsbad, Monday night. The affair was very informal and pleasant, the twenty-eight boys and girls attending all uniting in expressions of pleasure at the happy evening and splendid hospitality shown them. Refreshments of cake and cocoa were provided and served the guests by Misses Wardle Leek and Edith Herring.

Mr. and Mrs. J. E. Stephens, of Lovington, came in from their ranch which joins the Talk ranch, arriving in Carlsbad Saturday night. Mr. Stephens has been very ill for some time but was able to drive the car from their home to this city. He shows very plainly the result of his sickness, but it is thought that he will very soon be as well as ever. They stopped with their friends of years, Mr. and Mrs. John Neveget, while here.

A happy bunch of quail hunters left here early Saturday morning for McKittrick Draw, where they hoped to find quail. They were disappointed, however, only getting a few birds. They killed an immense diamond back rattlesnake, which measured nine inches around, and was over five feet long. The reptile was running himself when they discovered him and a shot put an end to his career. In the crowd were Mr. and Mrs. Sidney Bearup, Mr. Stanford and "Grandma" and Mrs. Pond and son. Although disappointed about the quail, the party felt that they were more than repaid for their day in the open.

A. M. Hove, assistant editor of "The Earth," the Santa Fe railroad publication, is here from Amarillo. This is not all. Mrs. Hove is here too. They were married some weeks ago at Amarillo and Mr. Hove is being warmly congratulated by his numerous Santa Fe friends.—Santa Fe New Mexican.

The news of the above marriage comes to the people of Carlsbad as a pleasant surprise and all who know Mr. Hove extend congratulations and best wishes to himself and his bride.

Boy Dies of His Injuries Rather Than Tell Parents

New York.—Robert J. Alexander Jr., a student at Manual Training High school, Brooklyn, died Saturday afternoon from injuries he received first while playing ball on Memorial day, and again on Friday, June 2, from diving in a swimming pool at Coney Island. He kept secret the injuries for fear the news would worry his parents and cause a severe shock, especially to his mother, to whom he was devoted. His silence cost him his life, as the doctors believe they could have saved him if he had received surgical treatment in time.

BOY KILLS FATHER WALKING IN SLEEP

Somnambulist Had Started Hunting When He Was Haunted and Discharged Gun.

Little Rock, Ark.—One of the strangest cases of homicide on record in Arkansas is reported from Bessie, a small town in the northeastern part of the state.

While walking in his sleep William Delaney, a sixteen-year-old schoolboy, shot and killed his own father, Edward Delaney. The father was sixty

Turned and Shot His Father.

years old and one of the most respected farmers in the community. The killing, under the peculiar circumstances, has caused a commotion in the town and adjacent territory. No blame or censure, however, attaches to the young man, who has borne an exemplary reputation and was deeply attached to his father.

It appears from the meager reports that have filtered in here that young Delaney, who has been inclined to a peculiar nervous disorder recently, arose shortly after 1 o'clock in the morning and, taking his double-barreled shotgun from the corner of the room, left the house and started across the yard as if to go hunting.

The noise of the young man's getting up and going out aroused the elder Delaney. When he saw his son going across the yard in his night clothes, gun in hand, he ran out after the youth. It seems the father's calls or something frightened the young man, for he turned and shot his father, the loud shot causing almost instant death.

The discharge of the gun awoke the son, who was completely overcome when he saw what he had done.

MUST REPLACE STOLEN EGGS

Boy Weeps as Judge Ben B. Lindsey Lectures Him on Theft of Hen's Setting.

Denver, Colo.—Judge Ben B. Lindsey, in Juvenile court, fined a youngster a dozen fresh eggs when he was arraigned on a charge of stealing a setting of eggs from a hen and selling them.

"Stealing eggs is bad, stealing chickens is worse, but to rob a poor mother hen of her entire prospective family is worst," the judge told the eleven-year-old culprit.

The boy broke into tears.

"Well, earn the price of a dozen fresh eggs and keep out of the way of the woman you sold the others to," the judge concluded.

Hen Kills Rat to Save Chicks.

Barthonsville, Ky.—A singular combat was staged at the home of Charles Smith here when a rat, trying to capture the chicks of a bantam hen, attacked them. The hen immediately went to the rescue, and all that was seen was the feathered bantam covering the rat and pecking violently at the intruder. The rat put up a hard fight, but the little bantam pecked out the eyes of its enemy and then proceeded to kill it.

DEDICATION SERVICES OF THE SPANISH-AMERICAN CHURCH LAST SUNDAY

Dedication services of the new Spanish-American Methodist church in South Carlsbad, were held Sunday at three o'clock. A goodly number of both Spanish speaking people and Americans were present and the entire service was dignified and impressive. Dr. Lowry, of the Presbyterian church, read the scripture lesson of the "Good Samaritan," and led in prayer. Rev. A. C. Douglas preached the sermon in English, and the ritual was read first in Spanish and then in English. Songs were sung in both languages, and the charge to the trustees was given in Spanish. The little church is as pretty a building as can be found anywhere, and cost in the neighborhood of \$2,300, seventeen hundred of which was donated by the missionary board, and the remainder by the Spanish people as far as possible, assisted by a number of American friends.

The building is a monument to the hard work of Reverend Newborn, to whom great credit is due for his faithfulness and untiring industry. Reverend Newborn left Wednesday for his new appointment and by his leaving the Spanish-American people lose a good friend, who labored early and late for the advancement of the work of the church among them.

Judge Fred E. Wilson and wife and their fine boy, left for Denver last week where Mr. Wilson will take a post-graduate course in the University of Law, and may decide to ally himself with one of the lawyers of that city. Mrs. A. C. Heard, mother of Mrs. Wilson, accompanied them on their journey.

Studebaker

At its new low price of \$1275 the Studebaker Special-Six Touring Car maintains Studebaker ideals of quality and performance, with added features that make it even a greater value than before.

It is known for its striking beauty just as it is for its thorough dependability. Luxurious comfort is assured by the nine-inch seat cushions of genuine leather and the long semi-elliptic springs, front and rear.

Power, flexibility and ease of handling are combined to make the Special-Six the most highly regarded five-passenger car on the market.

By manufacturing complete motors, transmissions, bodies, tops, castings, forgings and stampings, middlemen's profits on such items are eliminated and one profit only is included in Studebaker prices. Highest standards of workmanship are maintained and materials are the finest the market affords.

In the Special-Six Touring Car you will find such value and satisfaction as only Studebaker can offer.

The name Studebaker is your assurance of satisfaction.

LOCAL NEWS.

Ross Middleton and George McCollum were in from their respective homes in the mountains west of town, the first of the week.

C. N. Jones and wife and Mr. and Mrs. Bill Lusk and little son, Charles, left Tuesday for the western part of the state on a visit to relatives going overland and expecting to be gone for a couple of weeks.

Mr. and Mrs. Grant, grandparents of Cliff Grant, came in from their home at Newton, Kansas, the last of last week, and will spend some days at the Cliff Grant home. Mr. Grant's parents recently visited them returning to their home at Wichita, Sunday night.

Mrs. J. R. Garrett left for her home Tuesday morning after spending the Sunday with relatives here. She was accompanied to Lovington by Mesdames Hardy, Rawlins and Windham.

Miss Ruth Roach spent Sunday with homefolks at Artesia, returning on Monday to resume her work at Horne's store where she is one of the very popular and obliging saleswomen.

John R. Means was up from the Delaware, where he has his cattle on pasture the first of the week. He only remained in the city for a short stay, his stuff needing his constant care.

C. Smyer, superintendent of this division of the Santa Fe, with headquarters at Amarillo, was a visitor to the city the first of the week.

County Health Nurse Losseffs, and her friend, Miss Rockwood, returned the latter part of last week from their visit to Queen. The trip was made in order to stimulate the interest of the people resident there in a proposed class of home nursing, and prospects are good that a class in midwifery and nursing will be organized in the locality. The distance from town and a physician would seem to make a class of that kind very desirable in that section and at other points over the county. Mrs. Losseffs tells us that if enough persons can be interested in the matter a school of instruction will be held beginning some time in January, and will be under the leadership of some teacher sent out by the government. She also tells us that the roads between here and Queen are as bad as can be imagined.

BOGELIN-GROGAN

August Bogelin and Miss Durant Grogan, both of this city, were united in marriage last Sunday night, at the Presbyterian manse, Rev. H. W. Lowry performing the ceremony.

Both Mr. and Mrs. Bogelin are well known in Carlsbad, having lived here many years, and having a host of friends to wish them well in their life's venture, as both are industrious young people and will no doubt make a success in life together. The current joins with all good wishes to those of their many friends, for a long and happy married life, filled to repletion with true success and happiness.

Mr. and Mrs. Harry McKim spent last Friday in Roswell, consulting an oculist for Mrs. McKim.

MCADOO SAYS LACK OF PARTY MORALITY BEAT REPUBLICANS

Los Angeles, Nov. 9.—Republican leaders "failed to correctly interpret the sentiment and opinion of the country" and their party "sustained one of the most extraordinary political defeats in the history of the nation," W. G. McAdoo, former secretary of the treasury, said in a statement made late today.

The statement said in part: "The Republican party has sustained one of the most extraordinary political defeats in the history of the nation."

"The administration has given us a wholly materialistic and soulless America. It has been devoid of political morality, as evidenced by its whole-hearted support of the seating of Newberry. It has made no appeal to the conscience and spiritual forces of the nation."

"This is serious enough, but its economic policies have been equally mistaken. The Fordney-McCumber tariff bill is indefensible; the new income tax law was a discrimination against the great body of tax payers, for the benefit of the favored few. Its colossal disregard of the interests of the farmer, the laboring man, and of the great mass of consumers, was in glaring contrast to its favoritism to the trusts and powerful interests, which have dominated its policies and consistently controlled its action. Its hopeless and uninspiring theory of American isolation has caused grave injury to our material interests and international influence."

"The administration has been reactionary, narrow, provincial and uninspiring from the outset. It has made no appeal to the great moral and spiritual forces, without which no nation can endure. Defeat was therefore inevitable."

The Oscar Mercer family is playing in bad luck lately. A series of misfortunes seems to have attended them. A few weeks ago they lost their cotton and hay by fire, afterward two sacks of cotton were stolen from their yard, their dog was either killed or stolen, and the latest addition to their misfortunes was the theft of a number of chickens last Sunday night, while Mr. and Mrs. Mercer were at church. Quite early in the evening William, the son, returned home and after retiring went out to investigate a disturbance among the fowls. He was promptly knocked down for his pains, and upon arising was in time to see the back of a man going down the road, but could not see plainly enough to tell whether it was a white man or Mexican. Parties prowling around the Mercer place after this are apt to find the locality unhealthy.

J. S. Oliver was a business visitor to Roswell Monday.

BIG PRICE FOR COTTON AND ALFALFA AT PECOS

Pecos.—Between 1,500 and 2,000 bales of medium long staple cotton is being marketed at Pecos at prices from twenty-four and a quarter to twenty-eight cents, and alfalfa is bringing as high as \$30 per ton. Plenty of rains recently have made sufficient grass in this section to feed cattle during the winter.

THE RESULT IN NEW MEXICO

The sweeping Democratic victory in New Mexico puts the political intelligence of that state on a par with if not above the best of the 48.

The voters had an unusually puzzling number of complex problems, moral, personal and otherwise, to solve. Business had been bad, but not very definitely by the fault of the Republicans, and the Washington administration, through the war finance corporation and otherwise, had made a helpful effort to relieve it. There had been mismanagement, inefficiency and scandal in the Republican administration, but, from the standpoint of personal caliber, the Republican ticket before the voters was of the best—probably second to none offered by either party in any state of the Union. The same could be said of the Democratic ticket in New Mexico, but this fact rather tended to increase the complexity of the issue than otherwise.

What reassures one's faith in representative institutions is that the smashing majority of the New Mexicans, urban and rural, men and women, saw so clearly to the heart of this complexity. They voted the Republicans out and the Democrats in for the unassailable reason that the Republicans had made tragic and disgraceful mistakes in office without apologizing or promising to rectify them, while the Democrats not only had avoided any such serious errors in the offices they did hold, but definitely pledged themselves to right abuses.

They will, of course, do it. To every American with a drop of humanity in his veins the most satisfactory circumstance of the Democratic victory is that it sets a definite limit on the term of office of the author of the Santa Fe penitentiary "massacre." Warden Placido Jaramillo.

When Governor Hinkle, as he unquestionably will, gives that unpalatable official his unconditional discharge, the disgrace which his conduct has inflicted upon New Mexico in the eyes of the world will be measurably removed. This is a correction which the New Mexicans, by their creditable act of political intelligence last Tuesday, showed that they heartily deserve.—El Paso Times.

ONE LESSON LEARNED

What is the lesson you learned from the recent election? Or did you learn any lesson at all? In certain communities throughout the country the law abiding element did less idle talking and more systematic work in getting respectability out to the polls. As a result, a better class of people were elected to office in such communities, and law enforcement will be more rigid in future. In other sections respectability was asleep at the switch, with the result that justice and right will be sidetracked until time for another election. Respectability, when energetic and wide awake, will prevail. When asleep, it is of no avail. Such, as we see it, is the principal lesson to be learned from the recent battle of the ballots.

KILLED BY OVERTURNING CAR

On Tuesday night of this week while Mr. W. M. Beauchamp and Jno. Love were on their way to Leman Glascock's place and were nearing the gate in the A.R. Clardy pasture they met Claud Holloway, who told them that he, Lee Stiles and Frank Wilhoit had been turned over in a car and he was starting for help. They took him back to the scene and as they were nearing there they met Lee Stiles, who was also coming toward them on foot. Almost immediately after their arrival, Mr. W.L. Aber who was taking his daughter and sister-in-law, Mrs. Dewhirst to Knowles, arrived on the scene and stopped to aid them in their trouble, finding the third boy, Frank Wilhoit, the worst off of any of them and in almost a dying condition on the ground.

During the excitement the next morning it was hard to get exact information as to how the accident really happened, but as near as we could gather they were on their way to Lovington and driving at a pretty fast rate trying to make it to town by sunset, but when near this place about three miles from town, a turn in the road or a deep rut broke a front wheel, upsetting the car and throwing them to the ground, pinning the Wilhoit boy beneath the car, also the limbs of Lee Stiles, the driver, Claude Holloway being free helped extricate the other two, after which it seems he too became unconscious for he stated to others this happened before sunset and the next he knew the stars and moon were shining, and as soon as he could get to his feet he started for help.

Mrs. Dewhirst and Miss Aber were transferred to the Beauchamp car and taken on to her home at Knowles while Mr. Aber brought back the wounded party.

Mr. Wilhoit was taken to the hotel, where medical aid was given but all that could be done was of no avail as his injuries were internal from which he died about ten o'clock.

The funeral took place about five o'clock Wednesday afternoon at the Lovington cemetery. Rev. W. F. Dillard, Baptist minister of Tatum preaching the burial services. A large funeral procession followed the remains to the cemetery and lovely flowers were placed on the casket.

Mr. Holloway was not injured, only stunned and Mr. Stiles, although bruised pretty badly, was not hurt seriously and will soon be able to be out again.

Mr. Frank Wilhoit was 19 years of age, a son of Mr. and Mrs. M. Wilhoit, of the Knowles community. The bereaved family and friends have the sympathy of the entire county in this their saddest hour of grief.—Lovington Leader.

TOO MUCH AND NOT ENOUGH

Why so much politics in the average country town or small community? Why so little co-operation in the interest of local advancement? Find the solution to these two problems, remove the cause, and you will more than justify your presence as a citizen. Continued co-operation will make any community. Excessive political activity will throttle it. We can find no fault with maintaining party lines in nation and state affairs, but when they are drawn and tightened to include the small town it has a tendency to destroy the hearty co-operation that is essential to local amity and prosperity. Neighbors who think first of party ascendancy in time become so engrossed in their political strife they consider little else. Thus the legitimate plans for local improvements are advocated by the party adherents who propose them and are opposed by the members of the opposition party. One group of active citizens is pulling against another regardless of the merits of the questions at issue, while the inactive class stands idly by and watches one bunch smash the other. Political hatreds and community animosity are thus engendered to the detriment of progressive advancement. Too much of one and not enough of the other will get us nowhere. We need a change.

Oliver Shattuck, after a pleasant stay in the city, left for the ranch in the mountains, Wednesday morning.

The Area Brothers from the Guadalupe, spent several days in Carlsbad the first of the week.

Guy A. Reid, city attorney, was in Roswell Tuesday of this week on a business trip.

RODENTS ARE COSTLY TO

THE RANGE LANDS

Washington.—Damage by smaller predatory rodents on stockmen's ranges, while not so spectacular as that by wolves, mountain lions and coyotes, is very considerable, and in some cases more than equals that of the predatory animals, according to Dr. A. K. Fisher of the United States biological survey. There should be closer co-operation, particularly in the matter of appropriations, between the federal and state governments, so that the largest amounts available from both sources may be obtained, he says.

The department of agriculture declares that if the prairie dog alone

were exterminated over its entire range, which is economically possible, 4,000,000 more cattle and 4,000,000 more sheep could be raised on that area, because of the increase in the amount of forage.

Records of the biological survey, a branch of the department, show that in Texas its hunters, co-operating with the state agencies, have killed about 20,000 predatory animals, aggregating a saving of more than \$2,700,000. Of the total of 17,800 wolves and coyotes captured, more than half had records as killers.

Some people find both pleasure and profit in taking things as they come, until the judge calls a halt.

The Current regrets to announce that last Sunday was the last sermon of Rev. F. W. Pratt, of Roswell, before he leaves for his new appointment at Jerome, Arizona. While we of the lower valley did not get to hear Reverend Pratt often, still it was some consolation to know that he was not far away. We join all who know him in wishing for him health and happiness in his new field, while deeply regretting removal.

Mr. and Mrs. Thomas Boyd, of Roswell, are guests of the Palace, coming here from Roswell. Mr. Boyd is income tax man for this district.

A LITTLE GIRL'S PARTY.

Kathryn Cleone Riley, nine years old, last Saturday, celebrated the occasion with a party of little girl friends at her home in West Carlsbad on that date. Little girls are nine years old only once in their lives, and parents do well to recognize that fact. The usual games children delight in furnished the fun for the girls, and plenty of pink and white cake and punch was an additional pleasure. The guests were Alice Eller, Ola Mae Montgomery, Virginia Hoffman, Sue Catherine Williams, Margaret Hannah, Ione Cotten, Dorothy Hiler, Callista Bearup, Belva and Alleen Dickson, and Frances and Emilee Riley. May she have many more happy birthdays.

THERE'S REALLY NOTHING LEFT TO WAIT FOR

In the last few seasons, as far as clothes buying was concerned, lots of men preferred to wait—for various reasons.

Some waited for lower prices—others for newer ideas—still others for particular patterns or weaves.

Right now, there's really nothing left to wait for—all the things you have waited for are here—you'll see that when you look at our fall stocks.

Prices are likely to go up before they go down—our designing rooms at Fashion Park have developed a great many new ideas—and you haven't ever viewed a finer assortment of patterns than we are now showing.

The Current learns with pleasure that Miss Alice McClelland, well known to most of our people, and especially so in the Otis district, has been honored by being elected to the office of county school superintendent of Johnston County, Kansas. Miss McClelland taught with splendid success in the schools at Otis, this county, two years, in 1918, as primary teacher, and in 1929 as principal of that school. An educator of high standing, her promotion is not to be wondered at, but at the same time her many friends in this part of the country, extend best wishes and hearty congratulations on her upward step. Her home now is in Olathe, Kansas.

Mrs. A. A. Kaiser was selected by the teachers of the Carlsbad schools to represent them at the State meeting at Albuquerque, which convenes on the 27th of November, and lasts until the 30th. Prof. Donley will also attend.

Chamber of Commerce luncheon at Crawford hotel next Thursday, the 23rd inst.

J. N. Nevenger left the first of the week for the Plains country, for a short stay, going with Mr. and Mrs. Stephens.

Mr. and Mrs. W. M. Walterscheid left Tuesday for Iowa, called there to the home of a sister, of Mrs. Walterscheid, who had expired the day previous.

Mrs. R. W. Keenum, of Lovington, who underwent the amputation of her right arm at Eddy County Hospital, the 5th of this month, was able to leave that institution the 10th. A remarkable record, indeed.

Mr. and Mrs. Tatman and son, after a pleasant visit with their relatives, the Walter Craft family, left on the return trip to Hong, Monday. From Hope they expect to go to the Pinon country for a short stay and will then return to their home in Chicago.

Howard Moore and his father, W. S. Moore, left Wednesday on a deer hunt going to the mountains in the vicinity of Magdalena. They expect to remain there, for two weeks.

As Wilmer White departs for residence in California there is serious loss to the life and work of the local Boy Scouts. He has been in charge of Troop Two for more than two years, and in his work he has proved both able and efficient. The special qualities required for such undertakings he possesses in an unusual degree, and he leaves behind him a record of admirable service. And the boys could not let him depart without expressing their appreciation of his leadership, and at a recent regular meeting they furnished him demonstration. There was a short program of Scout quality, and with the rest was the gift to Mr. White of a handsome teacher's Bible. John Eaker was specially in charge of the interest, and with a few well-put words he made the presentation. Parents of the boys and members of the troop committee were invited to attend, and several were present. Cocoa and ice cream and cake were served at the close, and happy memories were stored for the years to come.

Mr. and Mrs. I. E. Brown, after an extended stay in Chicago, returned home the latter part of last week. Since leaving Fort Stockton Mr. Brown has become helpless from a severe case of rheumatism. Mr. and Mrs. Brown were accompanied home by Mr. Geo. Adams and wife, nee Miss Blossom Brown, and little Master Adams. Mr. Adams recently received his degree in law from the Chicago University, and with his family is en route to Los Angeles, Calif., where he expects to locate.—Fort Stockton Pioneer.

J. V. Helmer, proprietor of the barber shop recently purchased from Baker Brothers, and added to, is a business visitor to El Paso this week, going Wednesday.

To the great joy of his school-mates, Alvetta Vaughn, who was so seriously injured in the class rush recently pulled off at High school between seniors and juniors, was able to start to school Monday. His recovery so soon from such serious injury is nothing short of remarkable.

PRESIDENT CALLS EXTRA SESSION FOR NOV. 20TH

Washington, Nov. 9.—Congress was called by President Harding tonight to meet in extra session November 20, exactly two weeks in advance of the regular session. The call set forth as is usual, in the form of a proclamation, declared the extra session was made necessary by public interests.

Rev. J. P. Lancaster, of Roswell, superintendent of the Methodist mission work among the Spanish-Americans, is expected to continue the work formerly done by Reverend Phillips. The latter gentleman has been stationed at Phoenix, Arizona, and has moved his family from Roswell to that place. All classes of society and especially church people, regret his removal from this section, but will extend a hearty welcome to his successor.

Edwin Stephenson came in the first of the week from Dexter where in connection with Reverend Davis and wife, both ministers of the Nazarene denomination, a most successful meeting was held. Mr. Stephenson leading the singing. They expect to begin a meeting under the same auspices in this city in the near future.

Sam Moskin returned from a successful business trip to Kansas City, getting in Sunday afternoon.

Rev. F. A. Eller, rector of Grace church made a trip to Pecos the latter part of last week and held services there.

R. M. Thorne and family went up to Roswell to take part in the jollification and ratification meeting held there Saturday, in honor of James F. Hinkle, the newly elected governor.

Dave McCollum of the well known firm of McCollum Brothers, mohair growers, whose ranch is in the Guadalupe, has been seriously ill at Eddy County Hospital for a week past, from hemorrhages of the stomach. While eating supper at a cafe in the city that night, he was taken suddenly ill and was hurried to the hospital for treatment. At first, it was thought his death was a question of but a few hours, but he rallied, somewhat, although physicians have very little hope of his complete recovery. He has always been a remarkably healthy man until this attack. His wife was sent for early in the week, and is at his bedside and he is receiving expert care from nurses and physicians and hopes are entertained that he may yet recover, although he is still in a very critical condition.

NERVOUSNESS EXPLAINED

A train on one of the roads running out of Indianapolis struck an old horse at a crossing and one of the passengers became very much excited. Some one finally remarked on his nervousness and he replied, "Sir, if you had \$20,000 of stock in this road you'd feel just as I do."

"Why, we only killed an old horse," "Exactly, but you don't know on what a mighty small affair dividends are passed nowadays."

Exigencies of Art.

"The arena is ready," said the movie director. "Step in and we'll turn loose the lions."

"Are you sure those brutes have had their dinner?" asked the star who was to play the role of a Christian martyr. "I saw 'em fed myself. They are as frisky as kittens."

"All right, but if they show signs of wanting to toy with a little dessert I'm liable to run over a few camera men."

In the Spirit of the Times.

Eva—Why, I thought they were about to be married?

Bill—Yes, everything was in shape and they had arranged to have the announcement cards printed when the printers went on a strike and by the time the strike was over their engagement was over, too.

SHE ALSO WORKED

"Do you always take a morning constitutional?" "Oh yes, only I haven't enough leisure to call it a morning constitutional."

From Missouri

"Kind sir, will you give me a dime for a bad?" "Well, let's see the bad first," The young freshman said.

A Warning.

"Why do you keep this stock certificate framed and hung on the parlor walls?"

"Just as a little reminder not to make the same mistake again."

"I know how it is," said the lady. "I feel that way every time I look at my marriage certificate."

Not Assuring.

An old woman who kept a pig that did not fatten as fast as she thought it should took the case to her physician.

"You must see the vet," the physician told her.

"Oh, doctor," was the answer, "I have no confidence in him; he is so thin himself."

Can Qualify.

"Does longevity run in your family, Miss Spriggs?"

"That it does, dear. Why, my brother Bill was six foot two and Albert he was six foot seven, and father was six foot four. Couldn't have much more longevity than that, could yer?"—London Tit-Bits.

Wifely Caution.

"Why all that storming?"

"I asked my husband for \$10."

"Well, if he must kick up a fuss like that, why not ask him for a hundred?"

"Because I need his support. I don't want to see him drop dead."

Dates Back.

"There's an old custom of a girl giving a man a kiss for every star she can see. Wonder how that originated?"

"In the old days when a man did his courting by whacking a girl on the head with a club."

SKINNER SKINNED HIM

"When you traded cars with Skinner, did you get anything to boot?" "Yes, I've kicked myself ever since."

Little Things.

Little bits of cardboard, Buckles, silk and glue, Make the very stylish Twenty-dollar shoes!

Playing It on Hubby.

Mrs. Eke—Does your husband remember the anniversary of your marriage?

Mrs. Wye—Never; so I remind him of it in January and June and get two presents.

Deduction.

"The hand that rocks the cradle is the hand that rules the world."

The cradle has given way to the basket.

Hence this confusion.

Car Breaks Down.

"Is there a motor mechanic around this village?"

"No, sir. Best I can do for you is to call a horse doctor."

Honoring her friend, Mrs. Thomas Pearson, of Roswell, who has been in the city for the past week, Mrs. Harry McKim was a charming and gracious hostess to about one hundred ladies last Monday afternoon, at a tea given at her home. The appointments were beautiful and in keeping with the season lovely chrysanthemums were used for decorations. Great beauties of lavender and white were admired by all the guests. Dainty refreshments proved a fitting finale to the pleasures of the afternoon.

Mr. and Mrs. John Knott, the lady a sister of Mrs. A. S. Knott, and the gentleman a brother of Mr. Knott, came in the first of the week from El Centro, Texas, being called here by the illness of Mr. A. S. Knott, who however, seems to be improving at this time.

PARTY AT J. R. LINN'S RESIDENCE IN HONOR OF MRS. SARAH CRAWFORD

From time to time for a number of years, old friends of Mrs. Crawford have been invited to spend an afternoon with her. The personnel of the gatherings has changed from time to time, some of the best loved ones who were present in former days, have moved from among us, and some have joined the great majority of those waiting on the other side of the River, yet pleasure has always resulted from these affairs, and hallowed memories of those not lost but gone before.

Saturday noon a number of old friends and some new ones were bidden to the home where Mrs. Linn, the beloved daughter, and Mrs. A. J. Crawford, daughter-in-law and daughter-in-law, served a fine turkey dinner to the guests, who were Rev. and Mrs. A. C. Douglas, Madam Thorne, Mrs. Eliza Swickard, Mrs. Dick Hays, Madam Swigart, Miss Kate English and Mrs. Asbury Moore. Mother Crawford as we love to call her, was seated at the head of the table. In the afternoon social conversation made the hours pass

rapidly and all too soon came the hour for farewells. One regret expressed by those present was the fact of the absence of Mrs. H. S. Barr, who is one of the original number, but who was detained by illness.

Before leaving for their respective homes, Reverend Douglas voiced the hopes of all present in a brief prayer that the beloved Mother Crawford might be spared many years more to bless us with her loving presence and her prayers.

We learn through a private letter to a friend in this city that Paul Bristow and Miss Aline Dalmont, both formerly of this city, were married recently and are now living in Breckenridge, Texas. Mr. Bristow is an ex-service man, and was formerly in the employ of the Carlsbad Public Utilities, while his bride was for a long time a stenographer for Joyce-Fruit Company. The Current extends hearty congratulations and good wishes to this happy couple.

LESSON FOR NOVEMBER 19

JESUS THE FRIEND OF SINNERS

LESSON TEXT—Luke 1:27-35.
GOLDEN TEXT—This is a faithful saying, and worthy of all acceptance, that Christ Jesus came into the world to save sinners.—1 Tim. 1:15.

REFERENCE MATERIAL—Luke 15:1-32.

PRIMARY TOPIC—Jesus Loves Everybody.

JUNIOR TOPIC—Jesus the Friend of Sinners.

INTERMEDIATE AND SENIOR TOPIC—The Sympathy of Jesus.

YOUNG PEOPLE AND ADULT TOPIC—Jesus Helps the Sinful and Sorrowful.

I. A Penitent Woman's Act of Love (vv. 37, 48).

1. Place of (v. 37). It was in the home of Simon the Pharisee while Jesus was sitting at meat. The feast must have been public, else she could not have so readily gained access.

2. The Act of (v. 38). She washed Jesus' feet with her tears and wiped them with her hair. Through some means she had heard of Jesus' pardoning grace, and God had opened her heart to receive Him as her Saviour. Out of a heart of gratitude she kissed His feet and anointed them with precious ointment.

3. Who She Was (v. 37). Her name is not mentioned. She was of a notoriously bad character. Though known to the public as a bad woman, something had happened which transformed her. She was now a saved sinner, because she believed on Jesus Christ.

II. The Pharisee's Displeasure (v. 39).

Simon felt scandalized by such a happening at his table. He was a respectable man. For Jesus to tolerate such familiarity on the part of a woman of such evil repute greatly perplexed him. He reasoned that if Jesus were a prophet He would have known the character of this woman and would have either withdrawn His feet from her or thrust her back with them, or if He knew her character His tolerance of such familiarity proved that He was not a good man. Simon's righteousness was of that sort which gathers up its skirts and gives the sinner a backward push into his filth.

III. Jesus Teaches the Pharisee (vv. 40-48).

He taught him by means of a parable of a creditor and two debtors. Observe that Jesus made it very clear that He not only knew the woman, but knew Simon also.

1. The Common Debt (v. 41). The woman was a sinner, so was Simon, though he was not the same kind of a sinner that she was. There were two debtors, though the one owed ten times as much as the other. This is representative of all sinners still. The Bible declares all to be sinners, yet recognizes degrees of guilt. Full credit ought to be given to the man who is honest, virtuous, generous and kind. Yet such a life will not secure entrance into heaven. The Savior's words are a severe rebuke to the respectable Pharisees who are sitting in judgment against the sinners of a courser type.

2. The Common Insolvency (v. 42). "And when they had nothing to pay" Jesus freely granted the difference in the degree of the woman's sins and those of the Pharisee, but drove home to him the fact that they were both debtors and had nothing with which to pay (Rom. 3:23). Therefore all have need of a Saviour. As sinners we may quit our stinging and hate our debts, but that does not make satisfaction for the sins of the past. What we have done is irreparable—it has passed from our reach. Every transgression shall receive a just recompense of reward (Heb. 2:2). We must come to our Creator, God Almighty, and acknowledge our insolvency and accept the kindness of Jesus Christ who bore our sins in His own body on the tree (1 Pet. 2:24). We are all paupers, and instead of judging each other as to relative guilt, we should come to God and sue for pardon.

3. The Relation of Forgiveness and Love (vv. 44-48). Simon's reluctant answer to Jesus' question shows that he got the point of Jesus' teaching. In order to make His teaching concrete He turned to the woman, calling Simon's attention to what she had done in contrast to what he had done. Simon had neglected to extend to Jesus the common courtesies of a respectable guest, but this forgiven woman had lavished upon Him her affection and gifts. The measure of one's love is determined by the measure of the apprehension of sins forgiven. The one who is forgiven most will love most.

Virtue and Vice.

If he does really think that there is no distinction between virtue and vice, when he leaves our houses let us count our spoons.—Johnson.

Women and Men.

A hundred men may make an encampment, but it takes a woman to make a home.—Chinese Proverb.

Blessed Are They.

Blessed are they which do hunger and thirst after righteousness, for they shall be filled.—Matthew 5:6.

The Young People's Missionary Society, of the Methodist church, met at the Boatman's Apartment Thursday night of last week, with Misses Standiford and Taylor, hostsesses. Miss Novella Dawson, Miss Yancey and Mrs. Medley assisted. A program in charge of Miss Yancey was given to the pleasure and profit of all and consisted of a reading by Miss Elinor Fowers, and papers bearing on the work by Miss Yancey and Miss Ova Butcher. Delicious refreshments were a part of the evening's program and were enjoyed by all. The young ladies composing the class, had expected to take up some standard work on Missions, but after talking it over, it was the unanimous desire of the members to study the greatest book of all, the Bible. Several suggestions were made in regard to securing a teacher, but no decision was arrived at.

Many a man discourages on the basis of his past in the "obscure" of his present.

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches," says Mrs. Stephen H. Kincer, of R. F. D. 1, Cripple Creek, Va. "I tried different medicines and did not get relief. The headaches became very frequent. I heard of

Thedford's

BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition."

Thedford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught.

Sold everywhere.

Mr. and Mrs. Sturgis, of Detroit, Michigan, arrived in Carlsbad the latter part of last week, and expect to spend the winter here. They have been spending their winters here for some years. Mr. and Mrs. Sturgis are the parents of Mrs. Melvin Bearup, and are occupying one of Mr. Bearup's houses in the western part of the city.

The Current had expected to have some news about the oil well below town for its readers this week, but so far nothing of interest has developed. The car load of casing has been unloaded and now the company faces a shortage of fuel, being unable to get even oil to run their machinery. As 1922 has been a secured drilling will begin in this promising prospect.

The Store of Quality

The ladies of the Baptist church
gave a farewell reception to Mrs.
Nellie White, Monday afternoon at
the home of Mrs. W. E. Smith. Most
of the ladies of the church called
during the afternoon and all enjoy-
able time was spent. Dainty refresh-
ments were served. The honoree
was presented with a lovely brooch,
set with amethysts and pearls, the
ladies wishing to express in a small
way the esteem in which Mrs. White
is held by the church. All regret-
ted to say good-bye to such a faith-
ful member and friend.

The C. L. White family, with the
exception of Ned, left this morning
for their future home in California.
The family will be greatly missed,
they being active in every thing that
was for the best of the town and
church and one always knew where
to find them when any great moral
question arose. May their life in
the Golden State be happy and pros-
perous.

The "Cozy Corner" changed hands
this week. Edward Walterscheid
and Ed Lapp becoming the new les-
sees. The boys have had a com-
plete overhauling of stock and room
and are putting in a new line of
goods, and as both are popular young
men, they are bound to succeed.

Mr. and Mrs. Oldham Moore of
Dexter, will be guests of J. F. Joyce
and family today, they coming from
their home to play for the Ceme-
tery Benefit Dance tonight.

Miss Effie V. Hart returned sev-
eral days ago from the school where
she was teaching in Shreveport, La.,
and is again occupying her home
on north Canyon street Mr. and Mrs.
Moore and son having moved to the
Homer King apartment. Miss Hart
had 160 pupils under her control in
the State School for the Deaf where
she has been engaged for the past
year and she plans to return there
in April at the beginning of the next
term. Carlsbad is always proud of
the presence of this optimistic young
woman and gladly welcomes her re-
turn.

The Coterie Club met yesterday at
the home of Mrs. Frank Hays, in
the Otis district, and was royally en-
tertained by the gracious hostess of
the afternoon. Each lady carried
along scraps of material enough for
a quilt block, and pieced one, and all
were given to Mrs. Hays, who will
finish the work and have a nice
"friendship" quilt as a result of her
friends' kindly effort. Delicious re-
freshments closed the afternoon,
which fifteen ladies enjoyed. The
next meeting of the club will be held
with Mrs. Bates.

John Lusk returned from Kansas
City yesterday, where he recently
took a train load of cattle to market.

Francis G. Tracy, president of the
Pecos Valley Water Users' Associa-
tion is spending the week in Santa
Fe, on business for the association.

"Lest We Forget" A JEW

(By Damon Runyon, in the Cosmo-
politan.)

The Current acknowledges with
pleasure the receipt of the following
article from Mrs. Elliot Hendricks:

There's a story in that paper
I just tossed upon the floor
That speaks of prejudice against the
Jews.

There's a photo on the table
That's a memory of the war,
And a man who never figured in the
news.

There's a cross upon his breast—
That's the D. S. C.
The Croix de Guerre, the Militaire,
These, too.

And there's a heart beneath the
medals
That beats loyal, brave and true—
That's Dreben,
A Jew.

He is short and fat and funny,
And the nose upon his face
Is about the size of Bugler Dugan's
horn.

But the grin that plays behind it
Is wide, and soft and sunny—
And he wore it from the day that
he was born.

There's a cross upon his chest—
That's the D. S. C.
The Croix de Guerre, the Militaire,
Mon Dieu!
He's a He-Man through and through
That's Dreben
A Jew.

Now wherever I read articles
That breathe of racial hate,
I always see that photo
With the cap upon the pate
And the nose the size of Bugler
Dugan's horn.

I see upon his breast
The D. S. C.
The Croix de Guerre, the Militaire—
These, too.

And I think Thank God Almighty
We will always have a few
Like Dreben,
A Jew.

Sam Dreben, a soldier of fortune,
and a resident of El Paso, Texas, is
a Russian by birth. He enlisted in
the Fourteenth Regular Infantry be-
fore he was old enough to vote, and
was soon seeing service in the Phil-
ippines and China. Later as a
soldier of fortune, he won a name in
Nicaragua and Mexico. When Gen-
eral Pershing led the American
forces after Villa, Sam Dreben was
his scout. When the United States
joined forces with France and Eng-
land, in the World War, he crossed
the pond as a "top cutter" in the
Thirty-ninth Division. He led a raid
against a machine gun position and
received the American Distinguished
Service Cross, upon the recommenda-
tion of Major Burgess, who had
been his Captain. Other honors be-
stowed upon him are the Croix de
Guerre with Palm and the Medaille
Militaire, the highest award to an
enlisted man, bestowed by the French
government.

"The Fighting Jew," as Mr. Dreben
is known throughout the army,
assisted General Mendez to put down
the recent uprising in Juarez. He is
known to the residents of his home
town as a man without fear, a pa-
riot, a soldier and a gentleman.

In the copy furnished the Current
in regard to the Fireman's enter-
tainment, which is to be given the
25th instant, the place where re-
served seat tickets may be secured
was given as Corner Drug Store,
whereas it should have been Star
Pharmacy. The Current followed
copy in the matter, but gladly makes
the correction.

Mrs. John T. Bolton sustained a
very severe and painful burn while
frying doughnuts last Saturday. Be-
ing hurried, she in some manner upset
the utensil in which they were cook-
ing and badly burned her left hand.
She has been under the doctor's care
for some days, but is getting better
at this time.

The Young Woman's Auxiliary of
the Baptist church, will hold a meet-
ing this afternoon with Miss Isabel
Smith, at 3:45. This is a new or-
ganization and is in charge of the
minister's wife, Mrs. Harrison, be-
ing organized by that lady. Miss
Lucille Pond is the president.

CHEAP POWDER FOR POULTRY

Mixture of Gasoline, Carbolic Acid
and Plaster of Paris Will
Eradicate Insects.

A cheap lice powder for poultry may
be made by mixing three parts of gaso-
line and one part of crude carbolic
acid with as much plaster of paris
as the liquid will moisten. This is
the suggestion of the Ohio station.
The powder is allowed to dry before
using. It may be kept in an air-tight
container where it retains its strength
for a long period. The powder is in-
flammable and must be kept away
from fire.

Infested fowls when thoroughly
dusted are soon relieved from the at-
tacks of lice. About 125 birds may
be dusted in an hour, one pound of
the mixture being needed to dust ten
mature fowls. For head lice on chick-
ens, the use of blue ointment or mer-
curial ointment has been found ef-
fective. One part of the ointment is
mixed with two parts of vasoline and
a lump of the mixture about the size
of a pea is rubbed thoroughly at the
base of the feathers about the head.

If love is blind there must be a
lot of married people enjoying ex-
cellent sight.

The Aristocracy OF THE Piggly Wiggly Basket

Hundreds of thousands of housewives every day buy their
table needs of Piggly Wiggly.

They know that they get full value in quality and quantity.

They know they can select exactly what they
want, not what someone wants to hand them.
No one to persuade, no one to suggest, no one to
recommend what they shall or shall not buy.

They know they save money. They know
that they save time.

They know that they get clean goods from a clean store.
Why should YOU pay more?

What would you be paying for these items
if there were no Piggly Wiggly in Carlsbad.

PIGGLY WIGGLY

ALL OVER THE WORLD

Albuquerque, N. M., Oct. 27, 1922.
White Ribbon Comrades of New
Mexico—Greetings and Congratu-
lations!

To you who are banded together
to serve "God and home and hu-
manity" under the banner of the
Woman's Christian Temperance Union,
engaged in mothering girls; in
enterprises of education, legislation,
Americanization, Christian citizen-
ship, law enforcement; teaching the
patriotism that reveres the laws; the
ideals of the single standard of
morals for men and women; indus-
trial justice for women, the call is
sent to assemble for the thirty-ninth
annual convention of the New Mex-
ico Woman's Christian Temperance
Union.

Raton, the "Gate City" of the
Sunshine State situated in a scenic
beauty spot near the clouds, has
been chosen as the place for the
1922 assembly, December 2, 3, 4
and 5.

These dates follow the world's and
national convention in the East, and
it is expected distinguished speak-
ers returning to the Pacific coast
will stop over to address the New
Mexico convention.

Raton Union extends a cordial
invitation to wearers of white rib-
bon to attend the convention.

Official local delegates will be:
the president of each local Union;
one delegate-at-large, and one dele-
gate for each ten paying members
of the local union, or major fraction
thereof.

Local officers are urged to ar-
range for the trip in automobiles, in
places so far removed that the car-
fare will prohibit the attendance of
the full quota of delegates.

Mrs. Jennie Weaver, president of
Raton W. C. T. U. is to be notified
how many will attend from each
union.

Because the army of white rib-
boners are mobilizing from fifty
countries for the triumphs of the
prohibition cause, and the world's
officers have fixed November 12, as
a day of international thanksgiving,
this date is commended to New Mex-
ico white ribboners, who are linked
with the sisterhood of more than a
million members of the world, as a
day of thanksgiving and prayer. Be-
cause New Mexico has increased in

membership and achievements; and
chiefly because the W. C. T. U. in
this state has established and is suc-
cessfully operating a home and edu-
cational institution for girls of good
character that is proving a genuine
blessing to New Mexico girlhood—
the Frances E. Willard school for
girls in Santa Fe, that has been en-
dorsed by the state Federation of
Women's Clubs, and by every church
denomination in the state—the call
to convention is a call to mother-
hood—as well as a call to avowed
thanksgiving.

The call to convention is a call to
patriots who esteem Old Glory and
the noble ideals it symbolizes. A
call to assemble to consider methods
to combat the insidious activities
that are undermining the founda-
tions of government in violation of
the federal constitution.

The state convention will be a
meeting of the state wide vigilance
committee and methods will be con-
sidered on the most effective plans
to report and expose law breakers—
whether ordinary bootleggers; or
fleece of the law who violate their
oaths of office; or people of prestige,
manufacturing liquors in their
homes or engaging others to violate
the law. Reports will disclose much
achieved by white ribboners in
bringing to justice many law break-
ers and these reports will encour-
age to greater effort to make the
sunshine state famous for law en-
forcement.

With wars and rumors of war
striking terror to all mother hearts,
the call to convention is a call to
come together to give united expres-
sion to womanhood's abhorrence of
war.

The call to convention is personal
and urgent.

Come, let us reason together.
Yours for "God and home and hu-
manity."

ANNA WILDS STRUMQUIST,
State President,
MINNIE S. BYRD,
State Corresponding Secretary.

R. C. Dow, George Thomas, Noley
Morris, Bob Monroe, and perhaps
others, made a trip to Turkey Can-
yon, and spent some days there with-
out much luck, the first of the week.

EVIL IN NEW LIQUOR
Just why "pure corn liquor" or
"moonshine" has a more vicious
kick than aged-in-the-wood whis-
key was explained to the American
Public Health Association at its re-
cent meeting in Cleveland Ohio, by
J. M. Doran, head of the industrial
alcohol and chemical division of the
federal prohibition commissioner's
office.

Before and after prohibition anal-
yses show that the only essential
difference between the "aged-in-the-
barrel" and "moonshine" whiskies
is in the aldehyde content. These
aldehydes found in the local and
home distilled article are very harm-
ful to the human interior, he said,
and can only be eliminated by frac-
tionating in an alcohol column or
long aging in wooden barrels.

Salts of zinc and copper also con-
taminates many illicit liquors. The
evidences at hand seems to indicate
that the after effects in cases of al-
coholism are worse than before pro-
hibition, Mr. Doran warned.

Aside from the ghastly effects of
the drinking of wood alcohol redis-
tilled denatured alcohol, mixture of
ginger and other dangerous concoct-
ions home made "moonshine" was
declared a most serious problem.

Sam Batton and Harry Skinner
returned from Santa Fe Tuesday
night of this week. Cecil Batton,
who accompanied them stopped at
Roswell on the return trip, and will
visit there a few days.

Mr. and Mrs. Ray Soliday and
two children, spent Saturday and
Sunday in Roswell, and were pleased
with the city and with the evidences
of enterprise found in their project-
ed paying program and other im-
provements.

Judge Lamb, Dr. Doepp, J. W.
Armstrong, C. M. Stewart and Judge
Stenaja, C. M. Stewart and Judge
Jolliffe meeting at Roswell last
Saturday.

Jodie Graham, of Lovington, was
in the city the middle of the week.
Mr. Graham has about recovered
from his injury received when he
fell from a windmill recently on his
ranch near Lovington.
