## COLORADO RIVER PACT IS SIGNED

Santa Fe, N. M., Nov. 25.—Reconciling by patience, persistence, perseverance, tact and plain hard sense, apparently hopelessly conflicting interests in seven states, Herbert Hoover, Secretary of Commerce of the United States scored one of the greatest achievements of his career last night when the representatives of Wyoming, Utah, Colorado, New Mexico, Arizona, Nevada and California, in the Ben Hur room of the Old Palace of the Governors, signed their names to a compact settling interstate controversies over the water rights in the Colorado river basin and paved the way for the greatest reclamation development in the history of the west.

The compact, the first treaty of any kind between more than two states of the union, provides for the equitable distribution of the river waters between the states, takes care of any claims by Mexico which may arise, provides for amicable settlement of future disputes, flood control, establishes a permanent definition of irrigation terms, and priority for the utilization of the basin waters for irrigation purposes.

The choice of the Ben Hur room of the Old Palace, oldest administrative building in America, and which has staged many historic incidents, as the scene of the signing was a happy one—made, incidentally, upon the suggestion of a newspaper man, Guthrie Smith of Santa Fe. It is the room in which Governor Lew Wallace wrote most of "Ben Hur," his immortal tale of the Christ, and the signing was done on the very same lapboard used by the general, one member of the Colorado commission using the old arm chair in which the novelist sat.

## 7 DIE MANY HURT, IN N. M. MINE BLAST

Albuquerque, Nov. 25.—Seven men were killed and at least thirty injured in an explosion in mine No. 4, of the Madrid-Cerrillos Coal Company at Cerrillos, N. M., late this afternoon, according to Manager Virgil R. McKnight.

Thirteen of the injured were brought here and Mr. McKnight said there were thirteen or more injured being cared for at Madrid, near where the explosion occurred. Ambulances, doctors and nurses were sent from here and Santa Fe. The cause of the explosion has not been determined, McKnight said.

## THREE STORIES FALL DON'T INJURE YOUTH

Roswell, N. M., Nov. 24.—Ray Arnold, a former Roswell boy, who is now employed in Wichita Falls, Texas, while helping in putting up an awning on the third floor of a building there, fell and landed on the concrete sidewalk in front of the building. When the two ambulances arrived in answer to the call sent in, Arnold got up, informed the drivers he did not need an ambulance, and walked away. He was uninjured except for a sprained wrist and a bruised shoulder.

## SCHOOL NOTES

The Queen contest started Monday. Much excitement prevails and great anticipation of the "coronation" fills the entire High School body. The candidates are Lola Caviness, Pearl Butcher, Margaret Nymeyer, Marion House, Cioe Brown and Cathrine Harroun.

Prof. Donley and Mrs. A. A. Kaiser returned from Albuquerque this afternoon. Report cards were given out Tuesday. Some were good, some bad, and some indifferent.

Mrs. Donley has been filling the place left by Mrs. Kaiser's absence. Parent-Teachers meeting was last Friday afternoon, at the High school building.

All Pupils of both high and grammar school are enjoying two holidays this week.

The Seniors and Juniors have been busy with Mr. Davis, the photographer, for the past week.

Allan Hardy is absent from school this week with a sore foot.

Senior Play practice started Monday. The play, "Ann What's-Her-Name" will be staged at the Crawford on the night of December 21st. Watch for the advertisements later.

Last Friday morning we enjoyed a talk by John Lewis, one of the seniors of 23, who was home for a few days from New Mexico school of Agriculture.

Mr. Chambers of the Southwestern Engraving Co., is expected to visit the Seniors in interest of work to be done in the Annual.

Wednesday afternoon the second year English class, taught by Miss Yancey, had a debate. The subject was, "Resolved: That Silas Marner was a Thief." The affirmative side was represented by John Eaker and Anna Bush. The Negative by Elmer Forehand and Viola LaVelle. Ida Pearl Morris, Georgianna Galton, and Eleanor Flowers were the judges, and voted unanimously for the affirmative.

A very pleasant reunion of relatives and near relatives, was held at the L. E. Regnier home in this city, yesterday to celebrate Thanksgiving. A delicious turkey dinner was served, and in the afternoon all lined up and had their pictures taken, including Rosa Marie, the beautiful Gerlach baby, and the youngest member of the family circle. Others present were Mr. and Mrs. J. A. Pickett, and Mrs. Beckwith of Wagon, Kans., Will Gerlach and family, of Malaga, Ben Gerlach and family, Miss Kathryn and Tillie Gerlach, J. P. Prickett, wife and daughter, Annie, and the L. E. Regnier family.

Mr. and Mrs. B. A. Ellsworth, of the Otis District, their daughter, Miss Ethelyn, and son, Charles, together with the family of John Heise and Reverend Douglas, and family, left this morning on a hunting trip. They were well provided with catables and planned to make a day of it. When asked their destination, Miss Ethelyn said, "We don't know where we are going, but we are on our way."

Mr. and Mrs. W. A. Bratton and son, and Mrs. J. D. Bratton, all of Dalhart, Texas, are Carlsbad visitors coming for the Thanksgiving holidays as the guests of the family of J. B. Morris.

## GRANDI-BROCKMAN.

That was a beautiful wedding which occurred at St. Francis church in Carlsbad yesterday morning which united the hearts and lives of two of our prominent young people "till death doth them part". The happy bride and groom were Enea Grandi of the Otis section, and Miss Emma Brockman, of this city, a daughter of Mr. and Mrs. Herman Brockman and a graduate of Carlsbad schools.

The ceremony was performed by Father Gilbert in his very impressive manner and Werner's Nuptial High Mass was sung by the choir. Sister Adeline presiding at the organ. A pleasing feature of the music was the solo by Miss Emily Calvani a cousin of the groom, who rendered the beautiful "Ave Maria" with much feeling and artistic beauty. The little brother of the bride, Elmer Brockman, and the groom's brother, Herbert Grandi, served the priest during the ceremony.

The beautiful blonde bride was gowned in an exquisite frock of Canton crepe, and carried a shower bouquet of carnations and sweet peas. She wore a filmy lace veil which added to her attractiveness and St. Francis church has seldom if ever had so beautiful a bride. She was attended by her sister, Miss Leona Brockman, who wore white crepe de chine and a large white picture hat and carried a shower bouquet of sweet peas. The groom was attended by his cousin, Robert Calvani.

The newly wedded folk repaired to the home of the bride's parents immediately after the ceremony where a wedding breakfast was served and will go to housekeeping in furnished rooms until their new home on the farm is completed.

Mr. and Mrs. Grandi are among our best. The groom is a prosperous farmer in the Otis district and is known to all as an industrious and ambitious young man. That he has good taste is shown in his selection of a wife. Mrs. Grandi after her graduation from Carlsbad high school with the class of 1917, worked as stenographer for different firms and made good in business life. A lovely, modest girl of a retiring nature, we are sure she will be a home maker in the best sense of the word. Both are receiving the heartiest of congratulations from many friends, the Current desiring to be among the number.

## Celebrates Twelfth Anniversary.

Roy Gibson celebrated his twelfth birthday anniversary at the home of his parents, Mr. and Mrs. R. R. Gibson on Halagueno street last Friday night. The guests were schoolmates of Roy in nearly every instance, and enjoyed the elaborate preparations made or their reception. The birthday cake was much enjoyed as was the delicious ice cream which was served as an accompaniment. Roy is justly popular among his classmates, and all delighted to do him honor. After games had been played good-nights were reluctantly said and the party dispersed. Those present were Wardle Leck, Helen Benson, Nannie Ervin Little, Dorothy Flowers, Elsie Ruth Craft, Madeline Brown, Edith Herring, Rena Ellison, Louise and Hazel Oliver. Howard Johns, Bill Holt, Charles Butcher, Delmar Hubbard, Sonny Little, Michael Williams, Billy Glasier, Jack Barnett, Perry O'Connor and William Purdy. Mrs. Bill Reed assisted Miss Gibson in looking after the comfort of the young people and in serving.

Muri Nornhauser returned Wednesday night from El Paso, where in company with his father-in-law, Mr. Wright, he took about sixty mules to the market in that city. He has made preparations to move his family to the Pass City, and they will leave in the course of the next few days. Mr. Wright plans to remain in Carlsbad and look after the business at this end of the line.

## EDDY COUNTY'S COTTON WORTH OVER MILLION

Carlsbad, N. M., Nov. 23.—Another record incident to the cotton industry on the Carlsbad reclamation project was established Saturday when Henry Tipton & Son sold to Joseph Wertheim, a local cotton buyer, the largest lot of cotton placed on the market at one time in the history of the project. One hundred seventy-five bales of Webber long staple cotton were sold for \$23,500.

Approximately 5,000 bales of the Durango and Webber types of long staple cotton has been ginned this season on the project and the crop is estimated at 7,000 bales. The local cottonseed oil mill is operating at maximum capacity and the total value of the cotton crop, cottonseed oil and meal is estimated at \$1,250,000 or receipts in one year practically equal to the total construction cost of the irrigation system.

Our people will remember Lieut. R. N. Ott, who spent a part of the summer in Carlsbad with his wife and baby son. Conductor Warren Gossett, father of Mrs. Ott, has received a letter from him in which he tells of his transfer to San Antonio, Texas, recently. He is very glad of the change, as he says it is so much warmer in San Antonio, than it is in Dayton, Ohio. Mrs. Ott and baby are with his mother, who had visited them in Dayton and whom they accompanied to her home at Gayka, Miss., the old home of the Ott family, going overland. As soon as Lieutenant Ott can get a house to live in, Mrs. Ott and baby will join him in San Antonio. Mr. Gossett expects to take a trip to the Texas city leaving here about the 15th of this month, and they have planned a big deer hunt on his arrival. Lieutenant Ott is in the United States Air Service, and is stationed at Kelly Field.

W. W. McAdoo returned Saturday night from a five weeks visit to Fulton, Mo. Mr. McAdoo tells us that he saw more horses and buggies hitched around the streets in that city, than he has seen during his entire residence in this county. The continued rainfall is responsible for this condition, that being the center of the black land of Missouri, on old time mud roads. Mr. Owen, who was in Carlsbad during the time his partner spent in Missouri, left Saturday for his home.

The Service Transfer Co. announces an entirely new scheme of advertising. We will give all the hauling of one special kind done on one day in each week free of charge. The day not to be known to anyone until Saturday night following. The day designated will be found by drawing lots. For instance if we move your furniture on Monday or maybe Tuesday and Saturday night your day proves lucky for the furniture week, then all your moving will be free. This applies every week; each week being a different class of work, as furniture moving week, fertilizer hauling week, garden plowing week, or gravel hauling week, coal hauling week, etc. The week beginning Dec. 11 will be furniture week, and the following week names will be announced later. For the first week a special inducement is offered. Saturday night we will draw for a day, and the first five orders of that day will receive one dollar from us as a gift.

We have just received a new outfit of special moving pads, and are always ready for business.

REV. D. McCarroll

The Christian church of this community, after being without a pastor for some months, extended a call to Rev. D. McCarroll, which was accepted and he and his wife will arrive here next week. Regular services will be held December 10th, consisting of Sunday school to be held at the usual hour, followed by preaching services. At the morning service the pastor will take for his subject, "The Universal Prayer," and for the evening service the subject will be, "What Think Ye of Christ?"

A cordial welcome is assured all who may worship with these people, who have been so loyal to their church although without a pastor for so long a time.

## THE COMMUNITY THANKSGIVING SERVICE

The Methodist church was well filled yesterday morning in celebration of Thanksgiving. The churches all united in a service suitable to the day.

A large choir from the different churches gave the music which was pronounced by many the finest ever heard in this city on a similar occasion.

Rev. Ira Harrison of the Baptist church, preached a fine sermon on the "Call of God," and spoke in his discourse of the various ways God calls men to service—calling them to co-operation, unity, love, fellowship with each other. He also calls Christians to teach the world the meaning of religious freedom. He spoke of the vision which must come to all and urged his hearers that they be obedient to the various calls of God. God calls his people to evangelism, to more prayer, to obedience, consecration and sacrifice. The sermon was full of incidents, and illustrations which drove the truth home. We give the entire program.

## BAPTIST CHURCH

The pastor's theme Sunday night will not be a new one but should be of deep interest to all of us. Preaching at 11:00 o'clock and Sunday school at 9:45, instead of 10:00 o'clock. B. Y. P. U. at 6:30.

"I was glad when they said: Let us go unto the house of the Lord."

## FIRE FIGHTERS FROLIC

The entertainment put on by Pecos amateurs for the benefit of Carlsbad Fire Department, was a success in every way, despite the fact that some of the performers failed to appear. The songs were catchy, the "patter" good and most of it new, and the large audience went away expressing pleasure with the entire performance.

Outstanding features of the evening were the solo singing by Mrs. Sam Johnson; and that of Miss Slack, whose rendition of the comic song "All for the Love of Mike," brought down the house. The other solo, by Miss Slack, "He May Be Your Man, But He Comes to See Me Sometimes," received hearty applause.

Perhaps the number that drew the heartiest applause was the duet between "Mr. Gallagher and Mr. Sheehan," which was the big hit of the evening and was a mighty clever number. "Living Pictures" and "The Sheik," as well as the strong man and the cartoonist were applauded vigorously.

Songs by the chorus were all that could be desired, and were much above the amateur class, while the ladies' costumes in every number were artistic and beautiful.

We have not learned the exact amount by which the treasury of the firemen benefited, but the house was well filled and every one seems satisfied.

The Social Service department of the Womens Missionary Society, of the local Methodist church, held a meeting at the home of Mrs. F. M. Hatfield, Thursday of last week. While not the usual number were present owing to the inclement weather, a profitable meeting was held. A program of literary and musical numbers was given, Miss West supervisor of music in Carlsbad schools rendering a beautiful and appropriate vocal solo, and several papers of interest to the members were read. Delicious refreshments were served at the close of the afternoon.

## NEW MEXICO'S RIGHTS ARE ALL PROTECTED

GOVERNOR MEACHEM AND STATE ENGINEER MAY DECLARE THAT AGREEMENT IS SATISFACTORY

Santa Fe, N. M., Nov. 25.—New Mexico's interests are well taken care of in the Colorado river treaty, both Governor Mechem and State Engineer May said today. Both attended the sessions of the Colorado river commission that led up to the treaty along with Stephen B. Davis, Jr., the state's commissioner.

What the state wanted chiefly was to see that enough water was reserved for its use in the San Juan and other tributaries to the Colorado that rise in the western counties. It was estimated more than a million and a quarter acres could be irrigated in the San Juan basin, but not a great deal along the rest of the western part of the state. Outside the San Juan basin it was pointed out the Gila valley had the biggest irrigable acreage; but less than 100,000 acres of this could be irrigated from a practical viewpoint.

Satisfactory—Mechem. "New Mexico's interests are fully protected," said Governor Mechem, "and as far as we are concerned the treaty is entirely satisfactory. I do not know of any reason why the people of the state should not support it, or why the legislature when it meets should not ratify it."

State Engineer May agreed with the governor.

"Although New Mexico was not allotted a definite amount of water," he added, "it shares in the total amount allocated or appropriated to the four states of the upper basin and because of its location on the watershed it is fully protected in its rights."

A big part of the water of the San Juan basin, by far the biggest territory affected in New Mexico, rises in Colorado; but conditions in the upper state, according to Mr. May, preclude its using much of this water. The valleys in the upper state tributary to the San Juan basin are steep and have little irrigable lands; but crossing the line into New Mexico, they broaden out and have an almost immeasurably greater area of lands that can be brought under water.

"It is therefore perfectly natural that this water should be used on New Mexico lands," said Mr. May, referring to the streams of these valleys.

Aid to Development. In his opinion the treaty signed late Friday will make for more development on the west side of the state, particularly in the San Juan basin, and certainly prevent prolonged and costly litigation over the waters of the Colorado and its tributaries.

"I was very much impressed by Secretary of Commerce Hoover's handling of the commission as mediator," continued Mr. May. "He showed a great amount of patience, tact and perseverance. Any man who could have handled a delicate situation as he did is entitled to a big measure of credit. The original claims of the seven states were far apart, and it was a big job to reconcile them and bring about an agreement."

"Time will of course determine how important the treaty is, but from my own observations I believe it the greatest piece of work to promote development ever attempted. The compact protects all states and opens the way for full development without disputes between the states interested."

### BIG LOSSES CAUSED BY FOREST FIRES

Although the total area and cost of forest fires in the Southwest has been reduced in recent years, and the total number held down to less than 900 fires per year, the proportion of man-caused fires has been trending upward since 1919, Mr. Pooler says. From 250 to 350 fires per year are due to human carelessness, and of these hunters are responsible for a considerable portion. "One of the ambitions of the Forest Service," says the District Forester, "is to spread the doctrine of care with fire that the number of man-caused fires will decrease, while the use of the National Forests increases."

Forest fires cause large losses in game resources, as well as timber, ranges and watersheds. In the big fires in the Mogollon Mountains last June, large numbers of burned turkey nests were found by the fire fighters, several deer were burned, and many deer disturbed and excited from their accustomed ranges. Deer were confused and distracted by the smoke and flames, and several actually were seen to stampede into the flames, including a doe with fawn. Fire usually consumes the browse most valuable as game food, and leaves the worthless species.

"I have instructed all forest officers to prosecute as usual all offenders against the fire laws," the District Forester states, "but by being careful with camp fires, matches, and smoking, hunters can not only avoid any necessity of prosecution, but can help conserve the game, and the forest on which the game depends for its existence."

LESSON FOR DECEMBER 3

JESUS SENDING OUT MISSION-  
ARIES

LESSON TEXT—Luke 10:1-11.  
GOLDEN TEXT—The harvest truly is great, but the laborers are few; pray ye therefore the Lord of the harvest that He would send forth laborers into the harvest.—Luke 10:2.  
REFERENCE MATERIAL—Matthew 10:1-41.  
PRIMARY TOPIC—Jesus Sends Out Seventy Missionaries.  
JUNIOR TOPIC—Jesus Sends Forth Seventy Missionaries.  
INTERMEDIATE AND SENIOR TOPIC—Harvest of the Kingdom.  
YOUNG PEOPLE AND ADULT TOPIC—Our Home Mission Work.

I. The Seventy Sent Forth (vv. 1, 2).  
1. Appointed by the Lord (v. 1). Only those should go forth who are appointed by the Lord.

2. Sent Forth Two by Two (v. 1). The purpose of this was that they might mutually help, counsel and support each other.

3. Reason for Their Appointment (v. 2). The harvest was great, but the laborers were few. The task before the Christian church after nearly 1900 years is still great.

4. Pray the Lord to Send Forth Laborers (v. 2). The realization of the prodigious task before us will cause us to pray to the Lord to send forth more laborers.

II. Instructions Given (vv. 3-16).

1. He Reveals the Dangers Confronting Them (v. 3). They were thrust forth by the Lord to proclaim His name, though so doing would expose them to deadly peril, even as lambs surrounded by hungry wolves. It matters not what the dangers are if the Lord sends forth.

2. Free From All Incumbrance (v. 4). The mission was urgent, so all that would in any way hinder the speedy execution of the task was to be left behind.

3. Distraction of Social Intercourse to Be Omitted (v. 41). Eastern salutations were long-drawn affairs. To go into such formalities would delay Christ's messengers.

4. Behavior in the Homes Where Received (vv. 5-9). (1) Offer the peace of the gospel (vv. 5, 6). This is to be done regardless as to whether it will be received or not. There is a reflex blessedness in preaching the gospel. Even when the message is rejected the effort is not wasted, but comes back to the one who has made the effort. (2) Do not shift quarters (vv. 7, 8). Missionaries should remain in the home where they have been received, content with what is given them. They should not demand better food and more comfortable quarters than what is commonly provided. However, that which is given should be gratefully received, for the laborer is worthy of his hire. (3) Healed the sick (v. 9). These disciples were given power to heal the sick. The ministers of Christ should seek to give relief to those in distress and use every opportunity to proclaim the gospel message.

5. The Awful Fate of Those Who Reject Christ's Message (vv. 10-16). Their case is more hopeless than that of Sodom. Those who reject Christ's messengers reject Christ.

III. The Return of the Seventy (vv. 17-24).

1. Their Report (v. 17). They were highly elated. They seemed to be agreeably surprised. They not only found that they could heal the sick, but cast out demons also. They seemed to be filled with self-satisfaction. It is easy even in Christian service to be spoiled by our successes.

2. Jesus' Answer (vv. 18-24). (1) He told them it was no surprise to Him (vv. 18, 19). With prophetic eye He saw their success as indicating that time when the prince of this world would be overthrown (John 12:31). By virtue of His mighty triumph over Satan He assures them that they need have no fear of what should befall them. Nothing could harm them; nothing could prosper which opposed them. Indeed, nothing can harm the servant who goes about His Master's business. (2) Real cause for rejoicing (v. 20). He promptly rebuked them, telling them that their chief joy should be because of their heavenly relation, not because of these miraculous gifts. That above all which should provoke gratitude is the fact that God has chosen in Christ and saved us, inscribing our names in heaven. (3) Jesus' exultation (vv. 21, 22). The consciousness that soon the victory would be won because God had committed all things unto Him, and that only as men received Him could they know the Father, caused Him to rejoice in what was being accomplished. (4) Congratulates the disciples. (vv. 23, 24).

"Well!  
Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to try medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

## CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

If you have been experimenting on yourself with all kinds of different remedies, better get back to good, old, reliable Cardui, the "medicine for women," about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it.

The burial of the remains of Tom Henderson, whose death occurred the 23rd of this month, was made at Carlsbad cemetery last Friday afternoon. Rev. T. C. Mahan in charge of the services. Owing to the extremely bad roads, in that part of the county, where they have had rain recently, but few of Carlsbad friends were enabled to attend the funeral services. Mr. Henderson was about forty-five years of age. He was the staff on which his mother leaned for support, and comfort in her declining years; always with her and always ready to do anything possible for her comfort or pleasure, his loss is beyond expression. The other son, Cline, who has been ill from the same disease, is reported improving at this time and sincere hopes are entertained that he may

entirely recover. All who know this splendid-Christian family sympathize with them in the loss of son and brother.

Sheriff Sam Batton received a message from Lovington last Friday asking if any of our citizens had been missed for any length of time and giving information of the finding of a body near Seminole, Texas. The body was that of a tall, dark man about thirty-five or forty years old, but was much decomposed. He had evidently been shot, and buried, but the corpse had afterward been dug up by animals. There is no clue to the identity of the man or that of his murderer.

Mrs. H. I. Braden returned Saturday night from a visit of a few days to friends in El Paso.

#### DEATH AND BURIAL OF

MISS LILLIAN SCARBOROUGH

Miss Lillian Scarborough died at her home on the Wesley farm, east of Loving, last Saturday, and was laid to rest in City Cemetery on Sunday afternoon at three o'clock. Services were conducted at the home by Reverend Z. T. Moon, and at the graveside, Reverend Douglas of this city officiated with the committal service. A large number of sympathizing friends from Loving and vicinity attended the funeral.

The deceased was in her thirty-third year, and the death was from tuberculosis. She and her sister came to Carlsbad about two years ago from near Farmersville, Louisiana, and were later followed by the father and Mr. and Mrs. A. B. Cole, brother in law and sister. She was a patient at Sisters Hospital until December 24th, of last year, when she went to her father's home.

While in the hospital, she made many friends among our people, by her many noble traits of character, and is sincerely mourned by all who knew her both in the Loving section and in this city.

Mrs. Arnold Smith, our own Miss Florence Owen, daughter of Mr. and Mrs. W. R. Owen, left this morning for her new home in Everett, Washington, where she will join her husband, after a pleasant stay with home folks in Carlsbad since August. Miss Florence was brought up among us, and has the love of all our people, without regard to age or circumstance. A lovely woman, having within her the characteristics that make for happiness and friendship, we are sure she will very soon number as many friends in her new home as she does in her old. She will stop en route to Washington, to visit with her brother, Joe, and wife, in Los Angeles, California.

Art Moritz, the painter, has been at work in the lower valley for some time, doing different jobs of painting and decorating. He spent Sunday in Carlsbad, and on Monday left for his home in Roswell. We are always glad to see Art, he having been a schoolboy here not so very many years ago.

Henry Smith and Ray Blocker returned Monday afternoon from a week's hunting trip in the mountains and report the maximum of fun and the minimum amount of game.

#### A. M. WARREN KILLED BY BY CAR OVERTURNING

The body of A. M. Warren, bookkeeper for the gang who are building the road between Carlsbad and Lovington, was found dead last Friday near noon, about thirty miles out from town, and a little this side of the Ed James ranch. J. L. Fisher, a tire agent, who was coming from El Paso reported the finding to the authorities here who sent out for the body which was brought into the city and taken to the undertakers Friday afternoon. A Coroner's inquest was held and the facts brought out at that time show that the deceased was evidently lighting his pipe when the car struck an obstruction in the road and overturned. Death was probably instantaneous as the car went over an embankment six feet high. The body was sent to Frederick, Okla., acting under instructions received from the wife of the deceased who was located at Sweetwater, Texas, the remains leaving Carlsbad Sunday night, and interment was probably had at Frederick. The dead man was supposed to be in the neighborhood of forty years of age.

#### A DISTINGUISHED VISITOR

Members of the Yoemen order have had as their guest the past week Hon. H. A. Davis, of Phoenix, Arizona. He has charge of the field work of the order in New Mexico and Arizona, and is widely known in fraternal circles. The Lady Rowena and her committee have arranged to serve sandwiches coffee and cakes. The visitor will be introduced by Judge S. D. Stennis, Jr., a friend and acquaintance of many years.

Mr. Davis was formerly a member of the Arizona State Senate and is widely known as an editorial writer through his connection with the Southwestern Stockman-Farmer.

## Why Freight Rates Cannot Be Reduced Railroads Under Public Control

Transportation Charges Must Stay Up Until  
Costs Come Down, President Storey  
of the Santa Fe Explains

United States Senator Capper, through his various publications, has been demanding a reduction of freight rates; but his attitude on the general subject of railroads has not blinded him to the main facts about government control, which have been clearly presented in the following editorial from one of his papers, the Topeka Daily Capital:

"The railroad cannot fix its own rates and charges.

"It cannot name the wages it will pay.

"It cannot enter into combinations and deals.

"It cannot shut down when business goes to the bad.

"It cannot buy or sell a railroad system.

"It cannot make capitalistic profits and dividends.

"It cannot even determine how much capital it shall issue on its property, or issue any without previous approval of the public.

"It is, in fact, an agency of the public, controlled completely by the government."

The fact is, rates cannot be reduced unless costs are reduced. Costs cannot be reduced so long as the present scale of wages and the prices of fuel, materials and other supplies are maintained, and in these matters the hands of the Santa Fe are tied.

What is particularly needed at this time is better transportation service, more cars, locomotives, and other facilities necessary for moving the business, and the Santa Fe is doing everything in its power to provide these.

W. B. STOREY, President,  
The Atchison, Topeka and Santa Fe Railway System.

Old Friends and Customers Welcome

An interesting game of basket ball was played last night at the Army between the Cavalry team and a bunch of huskies from Hagerman who seemed to believe in rough stuff. The Carlsbad team was greatly outweighed and in the first round played a clean game but were almost put out of commission by kicks and knocks from their opponents. In the last round the Cavalry boys opened up and played a sure enough rough game which the Hagerman huskies resented. The final score was 18 to 26. Another game will be played between these teams two weeks hence, when the Cavalry bunch expect to get the big end of the score. A large crowd witnessed last night's contest.

Mr. and Mrs. O. C. York left Wednesday night for Roswell where they spent Thanksgiving with Mrs. York's mother. They made the trip in the rain, going but returning last night had a fine trip and say the roads are excellent at this time.

Word reaches us of an unusually heavy rain and snow in the White mountains west of Roswell the first of the week. Weather continues cloudy and hopes are entertained that Eddy county may soon have her share of moisture.

Sam Batton, Sheriff, left the first of the week for Las Vegas, accompanied by the requisite deputies, to take the Mexican woman and another insane person to the State Insane Asylum. The trip was made by way of Roswell, where a hearing in the case of the young man was held pending his commitment to the state institution.

At the home of Mr. and Mrs. Walter, on Fox street, a family dinner was served yesterday, to fifteen persons. Turkey and ynglson were the meats served and an abundance of other good things which attested the culinary skill of the hostess. The families of Horace Grogan and Charles Walter shared the feast. There will be morning worship Sunday at the Presbyterian church, and the sermon will be on the subject of "Moral Heat."

Chris Walter and Joe Andrews took a hunt out to Rattlesnake Canyon, leaving last Saturday and returning Tuesday with two fine bucks as proof of their skill as hunters. Mrs. Walter, true to her liberal principles, has been distributing venison to her friends ever since.

M. Lewis, of the 9 K ranch was in town the first of the week on business.

**ELBERT  
HUBBARD  
SAID**

"NEVER EXPLAIN—YOUR FRIENDS DO NOT NEED IT AND YOUR ENEMIES WILL NOT BELIEVE YOU ANYWAY."

We want to explain to you why the lights went out Wednesday night. On account of the heavy load including the cotton gins this time of year and the extreme shortage of water for power purposes we have had to depend largely on our engine for power. Wednesday the engine plant was carrying the load with the south plant shut down and the gates closed. Engine trouble developed that made it necessary to shut down at once. The load was taken by the other plant as quick as the gates could be opened but there was a short delay. This explains the darkness. We regret such happenings and take every precaution against them. This is the first real shut down we have had in 1922 and every effort will be made to guard against any more. We appreciate your patience at these times.

THANK YOU! The Public Utilities Company A. E. Roberts, Mgr.
