A COUNTY CONVENTION

Held in This City Thursday Afternoon to Elect Delegates to Territorial Convention.

DELEGATES ARE FOR ANDREWS

Under Their Instructions They Will Vote As a Unit for New Mexico's Present Delegate

If anybody has the faintest idea that the republicans of Socorro county are not possessed of the spirit of harmony and enthusiasm that leads to certain and overwhelming political victory, he should have been present at Thursday's county convention held at the court house in this city. There was not the slightest note of discord to mar the harmony of the proceedings and at every mention of the name of the president, the republican nominee for president, and the probable nominee for New Mexico's next delegate in congress, Hon. W. H. Andrews, there was an outburst of enthusiasm.

At shortly after two o'clock the convention was called to or- of 1906 were fraudulent and that der by Jose E. Torres, chairman of the county committee. tion of the land. We especially commend the wisdom of President Roosevelt in selecting as the representative of the national administration in this territory the Honorable George Curry as our governor. We recognize in Governor Curry the typical exponent of the common people. His many years of residence within our midst; his wide experience in

public affairs in this territory and in the orient; his intimate knowledge of conditions; his wide acquaintance with our people, give him a most excellent understanding of the needs of the territory. We congratulate Governor Curry upon his well deserved enjoyment of the fullest confidence of our people. We feel thankful to him for his valuable and persistent efforts in behalf of the general welfare of this territory at home and at the national capitol.

We charge the democratic party of this territory and the democratic candidate for delegate to congress that the plank of their platform adopted at Roswell and the statement by the democratic candidate for delegate to congress, wherein it is charged that the election returns he, the said democratic candidate defrauded of his election; we charge that these statements are either insincere and given out for the purpose of promoting sympathy for an unworthy cause. or that he, the democratic candi-The chair appointed commit- date for delegate to congress,

RESOLUTIONS

Be it resolved by the republicans of Socorro county in convention assembled, that

We most heartily approve of the republican policies as exemplified and administered by that great American, President Roosevelt. We point with pride to the record made by a republican congress. We especially congratulate the republican administration and congress upon the prompt and fearless action taken upon the questions of vital concern to the welfare of the nation, by which confidence has been restored and healthful signs for a rapid return to the prosperous industrial activities which universally characterise the normal conditions under a republican administration. We congratulate the national convention on its wise selection of candidates for president and vice-president. We recognize in the Honorable Wm. H. Taft a citizen of unusual worth, integrity and ability. His broad and successful experience in the affairs of government; his able solution of intricate problems of government involving nearly every branch; his contribution towards the securing of a sound, safe, and peaceful government in the Philippines and in Cuba; his excellent management of the Panama canal, where millions of dollars are being expended, without the faintest utterance or charge, by even the opposition, of mismanagement; his able conception of a constitutional government and his judicial temperament, give him the qualifications of the highest ideal requisite to a president of this republic.

We recognize in the Honorable James S. Sherman an excellent running mate whose long experience in the legislative functions of this government especially equip him for the important post for which he has been selected, and, in the event of necessity, he has the breadth, capacity, ability and in every other way is 1908, to-wit: Francisco Luna y

for the welfare of New Mexico. Delegate Andrews has secured for a territory, substantial rec-

ognition equivalent and surpassing that of members of congress representing a state. The obtaining of an appropriation of \$30,000 practically as a contribution towards the success of the irrigation congress, was a marvelous feat without precedent. He has secured appropriations aggregating \$260,000 for public buildings at Roswell and Albuquerque; he has secured for the benefit of the common schools, lands equivalent in value to \$8,-000,000. He has been the constant and devoted friend of the soldier, having assisted in securing pensions without number. He has always been courteous to our citizens without reference to party affiliations. The humblest citizen by a simple letter has always found him a willing champion to promote and secure for him the rights to which he may be entitled. We firmly believe that these qualifications have endeared him to the masses of the voters who measure the qualifications and availability of a candidate with his capacity, willingness, and devotion to promote the welfare of all our citizens. We firmly believe that if Hon. W. H. Andrews is returned as our delegate to congress, New Mexico will be admitted as a state in the Union at the coming

short session of congress. Therefore, be it resolved, that we, the republicans of Socorro county, in convention assembled, hereby instruct our delegation to vote as a unit for, and use every legitimate effort to promote the nomination of Wm. H. Andrews as the republican candidate for delegate to congress; and be it further resolved that the following be and they hereby are elected as delegates to the republican territorial convention to represent the republican party of the county of Socorro, N. OFFICIAL PAPER OF SOCORRO COUNTY.

SATURDAY, JULY 25, 1908.

Boost and the world boosts with you, knock and you knock alone.

IT will soon be three times and out for Mr. Bryan and ditto for Mr. Larrazolo.

MR, ANDREWS is the best and the most abused delegate New Mexico ever had in congress.

Now doth the merry widow smile of the Socorro county stockman grow broader and broader as the rain continues to fall.

Wity doesn't somebody call attention to the fact that there are thirteen letters in the name of John Worth Kern and that he was nominated on Friday?

SOCORRO county's second annual fair is already an assured success. The business men of Socorro have subscribed money enough to make it so.

"LARRAZOLO'S election would perpetuate the rottenest ring that ever disgraced this county or territory. That is, if Bryan is also elected," says the Albuquerque Sun. Hoot, mon! You forget "the machine"-"the machine!"

THE democrats made bigger fools of themselves at shouting in their convention than the rea ten to one shot that the republicans will turn the tables on of November.

The Socorro Chieftain. The Best GAME OF BALL YET

Socorro Wins from Carthage, 5 to 4. in a Hard Fought Game.

The best game of ball played on the local grounds this season was that of Sunday afternoon, the 12th instant, between Carthage and Socorro. The local players were handed a lemon in every inning but the fifth. In that inning five of them frisked over the home plate and every tally was needed. The best that Carthage could do was to get one player home in any one inning, but the visitors did the trick four times. The game was fast, clean, and sportsmanlike from start to finish. Let us

have more like it. THE SCORE

The "Favorite Prescriphas proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF ENOWN COMPOSI-TION, a full list of all its ingredients being riox, a full list of all its ingredients being printed, in plain English, on every bottle-wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemic-ally pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ali-ments, and sold work druggists, all the ingredients of places, and that too as remedies for the aliments for which "Favorite Prescription" is recommended. invited Messrs. Bursum and Luna to Colorado Springs the first of the week to consult with him concerning things political in the southwest. It is safe to assert that Mr. Hitchcock found in those two gentlemen a mighty good pair to draw to.

SOCORRO now has in process of construction a lifteen thousand dollar dormitory at the School of Mines, the best electric light and power plant in the southwest, and a hundred-ton smelter. The cost of these improvements mounts up well toward the one hundred thousand dollar mark. What other city of the same size in the territory of New Mexico can make as good a showing as that?

WHILE the partisans of Mr. Larrazolo are declaiming that their leader was beaten two years ago by fraudulent votes, let us not forget what happened in the Magdalena precinct. The next day after the election democratic wrath rose to a high pitch in this county over the report that dozens of sheep herders had been brought into that precinct from Valencia county and had been voted for Mr. Andrews. Some of our local democratic statesmen whose sense of political decency was outraged by the report almost beyond endurance instituted a joint investigation. The investigation was conducted with all the gravity and solemnity befitting so momentous voted for Mr. Larrazolo.

Judge Freeman Heard From. The Victoria, British Columbia Daily Colonist of July 5, contains an account of the celebration of the Fourth of July by the American colony of that place. At the banquet Hon, A. A. Freeman responded to the toast

"To the United States, its Past, its Present and its Future" in a happy and eloquent vein so well known to the people of New Mexico. The Colonist produces Judge Freeman's response in full.

It Can't be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomact, Liver and Kidney troubles it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best too for chills and malaria, Sold under guarantee at all druggists. 50c.

HE fly season will soon be here, and those who put in their screens promptly will be taking the best of precautions against having disease germs introduced into their homes by flies. There is no doubt that flies and other insects transmit these germs, and that some of them find their way into food and drink, causing sickness. The extent of infection from this ource cannot be exactly known,

but the safest way is to keep the flies out.

We carry a complete stock of wire screen, screen doors and fixtures.

WHAT MAKES A BANK STRONG ?

In judging a bank, always remember that it is Capital, Surplus and Undivided Profits that give security to the depositor, because that money is what stands between you as a depositor and any possible shrinkage in the securities held by the bank.

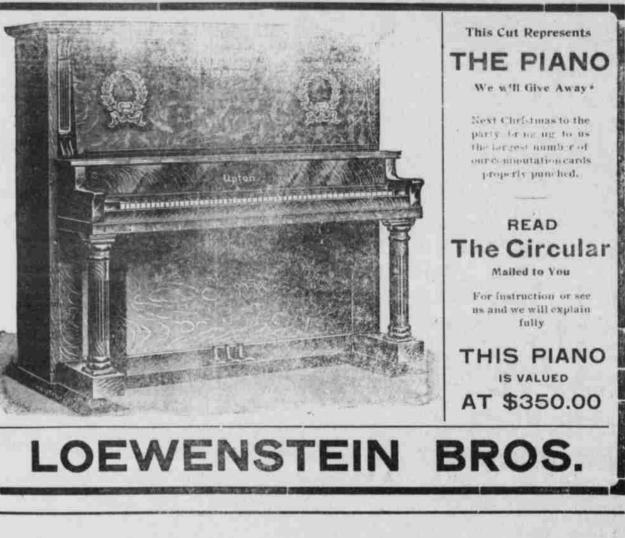

With the watchful interest of the management, and a very capable and conservative board of directors, The Socorro State Bank in less than two years has built up a large and growing business, and with our
