On April 4, President Salinas de Gortari told members of architect professional organizations that the federal plans to disburse \$4 billion in loans for basic housing to over 30,000 households. The sum represents a 50% increase compared to the government's 1990 loan program. The president said the loans would be administered by the National Workers' Housing Fund Institute (INFONAVIT), the Federal Employee Housing Fund (FOVISSTE), and the National Basic Housing Fund (FONHAPO).
