ADMINISTRATIVE COURT IN SESSION HERE

Gov. Otero Hearing Charges Preferred by District Attorney Clancy Against County Treasurer F. A. Hubbell and Eslavio Vigil.

This morning at 10 o'clock in Governor Otero's private suite at the Alvarado, began the hearing of County School Superintendent Eslavio Vigil and County Treasurer and Collector Frank A. Hubbell, against whom charges have been preferred by District Attorney Frank W. Clancy, charging misfeasance in office and misappropriation of public funds.

The hearing of the charges against Sheriff Thomas H. Hubbell were postponed because of the illness of his wife, and will be held on August 16. There were present: Governor Miguel O. Otero, Attorney General George W. Frichard, District Attorney Frank W. Clancy, representing the territory; Attorney W. B. Childers and Attorney E. W. Dolson representing the defendants; Miss Clara Olsen, private secretary to the governor; Interpreter Thomas Wer-

GOV. M. A. OTERO

Hearing Charges Against Officials.

Notary Public F. B. Baza, Traveling Auditor Charles V. Safford, and members of the press.

The hearing opened with an argument by Attorney Childers, who asked for a continuance in both cases in order that he might examine witnesses in behalf of the defense. He stated that he had received notice only a few days ago and had found it impossible to gather his witnesses together. There was no objection raised to giving Mr. Childers a little more time and Governor Otero granted him until tomorrow.

As the witnesses for the territory in the case of Mr. Vigil were present, it was agreed that they be examined at once. Those included Adolfo Haina, school director of district No. 47; Jose Maldonado, school director of district No. 47; Placido Chavez, school director of district No. 3, and Andres Garcia, school director of district No. 22.

The evidence introduced by these witnesses tended to substantiate the charges made against Mr. Vigil as to the padding of the reports from these districts and making false statistics as to the number of school held, etc., but this does not necessarily mean that there was any misappropriation of public funds on the part of the school superintendent, or that he secured any money unlawfully and in a dishonest manner.

The examination of these witnesses occupied the morning session up to 12 o'clock, and at that hour a recess was taken until 2 o'clock this afternoon. At this time the cross examination of the witnesses by Attorney Childers was proceeded with and occupied the greater part of the afternoon.

Late this afternoon the taking of testimony in the Vigil case was resumed, and the defense given until tomorrow morning to file its answer to the charges.

The case of Mr. Hubbell was then taken up, and after the reading of the charges by District Attorney Clancy, Attorney H. W. Dobson assisting Mr. Childers in the defense, read the answer of the defendant to the charges. The taking of testimony in the Hubbell case then commenced.

The Charges in Full.

The following are the charges against Treasurer and Collector Frank A. Hubbell and County School Superintendent Eslavio Vigil, as prepared by District Attorney Clancy and filed with the governor:

1. Eslavio Vigil is now, and has been ever since the beginning of the year 1903, superintendent of schools of Bernalillo county, with a view to his removal from office.

2. On April 3, 1903, when he had been in office only ninety-three days, upon not more than sixty-five of which days could the schools under his charge have been in session, Eslavio Vigil presented to the board of county commissioners a bill untem-

have been, from the first of January to the date of said account, more than 65 days on which said schools were in session.

THE CHARGES AGAINST HUBBELL

Hon. Miguel A. Otero, Governor of New Mexico, Santa Fe, N. M.

1. The said Frank A. Hubbell is now, and has been ever since the beginning of 1903, treasurer and ex-officio collector of Bernalillo county, with a view to his removal from office.

2. There has come into his hands, as such treasurer, a large amount of public moneys, not less than \$12,500, which was collected under the tax levy of five mills for general county purposes, made in the year 1903, and which became and was a part of the fund belonging to the current year of 1904.

3. By section 259 of the compiled laws of 1897, it is among other things, provided that any officer of any county, who shall at any time use the fund belonging to any current year for any other purpose than paying the current expenses of that year, shall be deemed guilty of a misdemeanor.

4. The said Frank A. Hubbell, as such treasurer, as aforesaid, has, in violation of law, used the whole of said sum of \$12,500 for other purposes than paying the current expenses of 1904, and has paid out the whole of said sum upon the current expenses of the year 1903.

5. In August or September, 1903, the said Frank A. Hubbell, as such treasurer, paid from the general school fund of said county the sum of \$277.79, upon warrants drawn by the county school superintendent, in payment for a large number of school desks, and for the freight thereon. He also paid from the same fund, upon similar warrants drawn by the county school superintendent, the sum of \$25 for the storage of said desks and the sum of \$2 for hauling them. All of these payments were illegal, because the superintendent had no authority to draw warrants against the general school fund, and against the general school fund, because the said expenses were school district expenses, and could be incurred only by the directors of school districts.

6. By law, what is known as the "county institute fund," is to consist in counties of the first class of \$100, to be set apart by the treasurer, and of any fees collected by the county superintendent, which are to be turned over to the treasurer to become a part of said fund. In the summer of 1903 no such fees were paid over to the said Hubbell as treasurer by the then county superintendent, so that there could be in said fund only the sum of \$100, and yet the said Hubbell, as such treasurer, paid out warrants drawn by the county superintendent for expenses of the county institute, not only the said sum of \$100, but also in addition thereto, the further sum of \$115, which payment was illegal and unauthorized by law.

7. During the years 1903 and 1904 the said Hubbell as such treasurer, has received from the sheriff of said county in payments made at different times, a very large sum of money on account of collections made by said sheriff from liquor and gaming licenses, all of which said money it was the duty of said treasurer under the law to distribute two-thirds to the several school districts, and one-third to the credit of the general school fund of the county, but in violation of his duty in this regard, the said Hubbell has retained from said money the sum of \$3,092.08, and has failed, neglected and refused to distribute the same, as required by law.

8. During the whole of the years 1901 and 1902 the said Hubbell was the county school superintendent of the county of Bernalillo.

9. On March 14, 1901, a law was enacted by which it was provided that the county school superintendent of a county of the first class should be paid the sum of \$5 for each and

every day, not exceeding three days in any one year, for his services, expenses and time employed in visiting each school district, during the session of the school in said district, outside of the one in which he resided, said amount to be paid out of the general school fund by the board of county commissioners, with a pro-

F. W. CLANCY, District Attorney.

HON. F. A. HUBBELL

viso that such superintendent should in no case charge, nor be allowed to pay, for visiting more than forty-five districts during any one year. On April 1, 1901, only eighteen days after the enactment of said law, upon not more than twelve of which could schools have been in session in Bernalillo county, the said Hubbell as county school superintendent presented to the board of county commissioners a bill for visiting school districts, not less than \$100, which sum was paid to him from the general school fund, on January 6, 1902, when the schools under his charge could not have been in session more than 104 days after the payment of his bill aforesaid, he presented to the county commissioners another bill, made like the first one, for the amount of \$675, for visits to schools; and on October 8, 1902, when the schools under his charge could not have been in session more than 101 days after the presentation of his second bill, he presented to the county commissioners another bill for the same amount, and for like services, both of which last mentioned bills were paid to him from the general school fund, making a total of payments to him, on account of visiting schools, of \$2,025, which date of the law in three full years, the last payment being made less than nineteen months after the adoption of the law, and at a time when there could not have been more than 225 days upon which the schools were in session intervening between the date of the passage of the law and the date of said last payment. The said Hubbell has not repaid or returned to the general school fund of Bernalillo county any part of the said money so taken by him in the unlawful and improper manner aforesaid.

It is therefore respectfully submitted that the said Frank A. Hubbell should be removed from the office of treasurer and ex-officio collector of the county of Bernalillo. Very respectfully, F. W. CLANCY, District Attorney.

New York Music Teachers.

Rochester, N. Y., June 27.—The annual convention of the New York State Music Teachers' association began in this city today, the sessions being held in the Second Baptist church with President Jaroslaw de Zielinski, of Buffalo, presiding. The proceedings are to continue three days. Three sessions are to be held devoted to papers and demonstrations on various musical topics. The other sessions will be given up to a variety of concert programs in which many musicians of note will save part.

THEY ROSE DIRECT FROM THE RANKS

PROMOTIONS OF HURLEY, FOX, PARKER AND OTHERS, SHOW WHAT FAITHFULNESS WILL DO.

The promotion of Mr. Fox and Mr. Parker follows the well established custom of promoting the men on the line who have shown themselves proficient and faithful in their duties, says the Topeka State Journal.

It had been reported at one time that the position of general superintendent of the Santa Fe was to be filled by the appointment of some one from another railroad.

General Manager Hurley rose to the position he now occupies by working up to it from the lowest rung of the ladder, in much the same manner as did H. H. Mudge, whose resignation he accepted a better place on the Rock Island, made Mr. Hurley's advance possible. For this reason the appointment of the value of the civil service rule, and his appointment today is an acknowledgment of the worth of the men who have been trained up on the Santa Fe road.

There is remarkable sameness in the records of the men who have been receiving promotions of late on the Santa Fe. In each instance it is a story of beginning at the bottom, and a subsequent rise through hard work, application to duty, and all the other details which go to make up a successful operating official.

In the case of Mr. Fox, he began his railroad career as a telegraph operator, coming to the Santa Fe from the Big Four. His first position with the Santa Fe was at Wallace, now Thornton, N. M. After several years service he was made relief conductor and served at various places on the Rio Grande division. He next was made a truck dispatcher at San Marcial, and eventually was promoted to be chief dispatcher at the same place.

His next promotion came when he was selected to be train master at San Marcial. Following this he was made master of the New Mexico division, with headquarters at Las Vegas.

He was promoted to be general superintendent of the western grand division on May 1, succeeding D. E. Cain, who was brought to Topeka at that time.

Effective July 1 he becomes general superintendent of the eastern grand division, with headquarters at Topeka, again succeeding Mr. Cain, who this time resigned from the service of the Santa Fe to become general manager of the Rock Island.

The story of Mr. Parker's rise is similar to that of Mr. Fox, except that he began his railway career as brakeman on a work train. He afterwards became conductor of the regular train. He was appointed road master and eventually became the general road master of the Santa Fe, with headquarters at Topeka.

COLLEGE CREWS AGAIN CONTEST

Annual Regatta on the Hudson of Six Educational Institutions.

THE ATTENDANCE IS IMMENSE

TO EXTEND CATTLE DIPPING

A committee of the territorial cattle sanitary board met in session Monday night at Santa Fe. The committee was called to order by the chairman, Captain E. G. Amsten, of Las Vegas. There were present, W. C. McDonald of Carrizosa and W. H. Jack of Silver City, members, and W. C. Barnes, of Do-sey, secretary.

The minutes of the preceding meeting were read and approved. The committee then took under discussion the amount of the levy to be made by the auditor of the territory for the cattle indemnity fund, which fund is for the maintenance and expenses of the cattle sanitary board. The committee concluded that the levy of last year was sufficient to meet all the demands of the board, and therefore recommended that the same amount, two and one-half mills, be levied.

The question of the dipping of cattle throughout the territory was next taken up. After considerable discussion it was thought by the members of the board that the best way to secure this safeguard would be for the members of the board to visit the various cattle raising sections and talk personally with the cattle men, explaining to them the advisability and legality of the required dipping. The committee thought that it could build one tank in some infected district for demonstrating purposes, but this was found to be impracticable, by reason of the fact that if the committee built one it would have to build many more, and the funds were not sufficient. The committee hopes to be able to induce cattle raisers to join in what would be known as a community dipping tank, which would not be expensive on any one cattle man, and would be of great value to all.

The committee then called upon the governor, secretary of the territory, and territorial auditor, recommending the levy of two and one-half mills, which the auditor was ordered to place on the assessment rolls.

SUPREME COURT SESSION

THREE DECISIONS MADE YESTERDAY—SEVERAL IMPORTANT DECISIONS RENDERED.

(From Thursday's Daily Citizen.)

The territorial supreme court met in adjourned session Tuesday morning in the supreme court chamber in the Capitol, being called to order at 10 o'clock by Chief Justice William J. Mills of Las Vegas. There were present Associate Justices John H. McFie, of Santa Fe; Frank W. Parker, of Las Cruces; William H. Pope, of Roswell; Edward A. Mann, of Alamogordo; Ira A. Abbott, of Albuquerque; Attorney General George W. Prichard, of Santa Fe; Clerk Jose D. Sena, of Santa Fe.

The court proceeded to business, and disposed of the following cases: In the case of the Two County Bank, Juan Santistevan and M. W. Mills, plaintiffs in error, vs. the Territory of New Mexico, defendant in error, being a case in error to the First Judicial district court for Santa Fe county, the decision was reversed and the case remanded.

In the case of the Territory of New Mexico vs. Edward Hale, appealed from the Fourth judicial district court for Santa Fe county, in which defendant was sentenced to two and one-half years in the penitentiary, the decision of the lower court was affirmed.

In the case of John Pearson, et al., plaintiffs in error, vs. James Gillen, et al., defendants in error, the motion of defendants in error to prove the master's report as the sale of property and for a deficiency of judgment amounting to \$225 and interest at 10 per cent, was granted.

Attorney Charles A. Spiess of Las Vegas, then opened the argument against the validity of the territorial statute placing Pecos county in the Second judicial district, and he was followed by Attorney William B. Childers, of Albuquerque, who opened the argument sustaining the validity of the statute. This case was heard by the court yesterday afternoon.

In the case of the Colorado & Arizona Railway company, vs. the Denver & Rio Grande Railroad company, the court yesterday afternoon at 2 o'clock, through the chief justice, announced the following decision:

That unless the appellee, the Denver & Rio Grande Railroad company, within ten days from this date enter into a bond in the sum of \$50,000 in favor of the appellant, the Colorado & Arizona Railway company of New Mexico, conditioned to indemnify the appellant and to restore it to the right of way in the same condition in which it was at the time the preliminary injunction was granted, the appeal may give a like bond and have a new injunction restoring and keeping in force the old injunction.

The court adjourned to meet at 10 o'clock Wednesday morning.

Poughkeepsie, N. Y., June 28.—A steady stream of visitors is pouring into Poughkeepsie in anticipation of the intercollegiate annual regatta this afternoon. The presence of such a large crowd is evidence of the unusual interest manifested in this year's regatta, a fact due in large part to the unexpected victory of Syracuse last year, which overturned the expectations of all the experts and resulted in one of the most interesting races ever seen on the Hudson.

The regatta committee had everything in readiness before noon today. Every convenience for the thousands of spectators had been arranged. The West Shore observation trains were waiting below Highland Station; the flags had been fixed on the bridge; ferry boats were busy carrying prospective visitors from this city to the other side of the river, and many yachts were getting in place about the Dutch line.

The program laid out for the day's events is as follows: At 3 o'clock, university four-oared shells; distance, two miles; entries, Columbia, Cornell, Pennsylvania, Syracuse and Wisconsin. At 3:45 o'clock, freshman eight-oared race; distance, two miles; entries, Columbia, Cornell, Pennsylvania and Syracuse. At 5 o'clock, university eight-oared shell; distance four miles; entries, Columbia, Cornell, Georgetown, Pennsylvania, Syracuse and Wisconsin.

Unless some unexpected prevents, the six senior eights will take to the water as follows: Cornell—Bow, Stowell; 2, Barton; 3, Hoesch; 4, Doda; 5, G. W. Footie; 6, Ferac; C. W. Lee; stroke, E. T. Footie. Columbia—Bow, Pierpont; 2, Cornell; 3, Boyle; 4, Post; 5, Whitwell; 6, Miller; 7, O'Loughlin; stroke, Frane.

Wisconsin—Bow, Hotal; 2, Van Meter; 3, Davis; 4, Johnson; 5, Boring; 6, Larson; 7, Miller; stroke, Leg. Syracuse—Bow, Squires; 2, Salisbury; 3, Andrews; 4, Heath; 5, Dempster; 6, Hale; 7, Rice; stroke, M. Packard.

Pennsylvania—Bow, Shoemaker; 2, Crowell; 3, Herman; 4, Leary; 5, Brown; 6, Stevenson; 7, Taylor; stroke, Gleason. Georgetown—Bow, Lusk; 2, Baches; 3, Nell; 4, Shafley; 5, Brennan; 6, Hazden; 7, Gahan; stroke, Harber.

Times for Starting Events. Poughkeepsie, N. Y., June 28.—Brilliant summer weather, with a promise of favorable water conditions for the afternoon, mark the day for the annual intercollegiate regatta on the Hudson. The first event of the afternoon is scheduled at 3 o'clock, when the university four-oared crews of Syracuse, Cornell, Columbia, Pennsylvania and Wisconsin will be sent over the two-mile course.

At 3:45 the freshman eights of Pennsylvania, Syracuse, Columbia, and Cornell will race over the mile distance, and at 4 o'clock the varsity eights from Columbia, Syracuse, Wisconsin, Georgetown, Pennsylvania and Cornell, will be sent over the four-mile course.

Results as Received. Poughkeepsie, June 28. Cornell won the four-oared race; Syracuse, second; Pennsylvania, third. Time, 1:15 2/5. Cornell won the freshman eight-oared race; Syracuse, second; Columbia, third.

The referee has announced that the Syracuse varsity crew wins the four-oared race, lowering the record for this course 1/5 seconds. Time, 10:15 1/5. Cornell won the eight-oared race; Syracuse, second; Wisconsin, third.

ARIZONA MORMONS MAY BE PROSECUTED BY NAVE

Attorney Nave, of Arizona, has received instructions to proceed against polygamist Mormons in all parts of Arizona. Several cases were heard at the last term of the United States court at Tombstone, but there are reported to be many polygamist families in Apache county, at points remote from the railroad, in many instances the marriages having been celebrated within a few years past. The largest Mormon community exists at Mesa, eighteen miles east of Phoenix, but no reports of polygamist relations have been made concerning that point.

EIGHT PRISONERS ESCAPE.

Eight prisoners in the Coffey county jail at Raton escaped Sunday night by cutting a ten by ten inch hole through the steel cage and a twenty inch stone wall. They sang while they worked. Sheriff Littleell with posse, is on the trail of the men. The men and their crimes are William Wilson, robbery; John Medlock, murder, colored; James Calahan, Walter Whitman, Fred Lewis, John Samuels, John Carr, Jarney.

Reports from Carlsbad state that Teodoro Gamba, in jail for horse stealing, and Welothio Perez, in jail for burglary, slipped their shackles and escaped from the guard last week. They were awaiting the action of the grand jury.

Pioencio Randoval is in the city from Cuba on a visit to his parents.

TORTURE AND BURNING AT THE STAKE OF COL. CRAWFORD

A TRUE INDIAN STORY AS BLOOD-THIRSTY AS ANY YOUNGSTER EVER READ IN BEADLE'S HALF-DIME LIBRARY—CAPTURED AFTER A HOT FIGHT, TIED NAKED TO THE STAKE AND HORRIBLY MALTREATED—AN OHIO CELEBRATION IN MEMORY OF A NATIONAL HERO.

Upper Sandusky, Ohio, June 24.—An Indian story, blood-curdling as any that ever thrilled the juvenile reader of yellow-backs, and real as anything in history, forms the basis of an annual June celebration in this city.

Col. Wm. Crawford was the hero. He was a Virginian, a friend and associate of Washington. He engaged in surveying with Washington and served with him in Braddock's expedition against Fort Duquesne. He was

surrounded by the Indians. The historic battle of Battle Island was fought.

The whites cut their way through the ranks of the Indians, but in doing so became scattered. When the main body of the survivors reached Indian Town they found that Col. Crawford, Dr. Knight and one of the guides were missing.

Crawford and Knight were in the hands of the Indians. They were doomed to death with torture the most savage minds. For four days they were paraded, targets for taunts and horrible that could be conceived by blows.

Finally Col. Crawford's execution was decided upon. Indians from all the country round assembled to participate in the event. Simon Girty, a white man, living with the Indians, and a former friend of Crawford's was there. He had great influence with the Indians, his word might have

Col. William Crawford

a leading figure in the Pontiac Indian war. In the revolution Crawford was colonel of the Fifth Virginia regiment. He took part in the battle of Long Island, crossed the Delaware through the ice with Washington, and served in the battle of Princeton.

In 1783, although he had resigned from the army, Col. Crawford complied with the request of Washington that he lead a military force against the Indians that were devastating the western frontier. His services were especially desired because of his experience in Indian fighting and his qualities as a commander developed in the revolution.

Men, women and children had been tortured and murdered, and the settlers were in a panic. Col. Crawford's force was organized in Pennsylvania. In March they set out for Indian Town, afterward the site of Upper Sandusky. Their orders were to make the march of 150 miles as quickly as possible and destroy Indian Town. Wyandott and Delaware were the foes pitted against Crawford's men. The latter were on horseback.

During the march scouts were thrown out and vigilant watch maintained, but there was no clash. On June 4 the force had penetrated to the chief settlement of the Wyandottes, only three miles from Indian Town. Still there was no sign of the hostiles. On the following day Col. Crawford and his men were suddenly

saved Crawford, but he refused to intercede.

Death by fire was sentence. A post was erected, and near it flames were kindled. Col. Crawford was stripped naked and his hands tied behind his back. To these cords a rope perhaps six feet long was attached, and the other end was tied to the post. With the preliminaries settled, squaws began the torture by beating the prisoner with rods and jabbing the sharp points into his flesh. Children, too, took part in the fiendish sport.

Indians then shot powder into the colonel's body from his feet to his neck. This cruelty was followed by the amputation of his ears. The burning ends of hickory poles were pressed against his body. Scores of Indians in squads of three or four took part in this exercise. It was followed by the scalping of the prisoner, and squaws, with derisive cries, repeatedly threw the bloody scalp in his face.

Crawford at last fell to the ground insensible. Then the awful ceremony was completed by the burning of his body.

Dr. Knight witnessed the death of Crawford, and was to have met a like fate the next day, but succeeded in making his escape.

A county was named in Crawford's honor when Ohio was organized as a state. Exercises are held yearly to commemorate his services and terrible sacrifice for his country.

McCLURE MUST ANSWER FOR DOUBLE MURDER

Evidence Introduced at Preliminary Hearing Today Strong Against Defendant—Held to Grand Jury Without Bail.

"From the testimony introduced this morning by the witnesses for the prosecution in the case of the Territory vs. Amelio McClure, charged with the murder of Nicholas Sanchez and Carmel Baca, I find the evidence against the defendant strong enough to warrant his being committed to the county jail without bonds to await the action of the next grand jury."

The above was the verdict of Justice of the Peace Miguel Chavez, of Precinct 13, Old Albuquerque, before whom was held the preliminary hearing of Amelio McClure, the negro arrested last Friday for the double murder of Nicholas Sanchez and Carmel Baca at La Posta ford, eighteen miles west of this city on the Rio Puerco.

Court Room Was Packed.

Two hours before the time set for the hearing, the friends of the murdered man began to arrive from Racheos de Atrisco, Atrisco and Albuquerque. The fence surrounding the court house was lined with horses and wagons. When the time set for the hearing arrived, the court room was filled. The crowd was kept outside the railing about the judge's stand by numerous deputies and every precaution taken to prevent any demonstration. The presence of such a force of officers had the desired effect and there was no disturbance of any sort.

Prisoner Was Very Calm.

The hearing was commenced immediately upon the arrival of District Attorney Frank W. Clancy. McClure was brought into the court room in charge of Sheriff Thomas S. Hubbell and several deputies, but was not handcuffed or shackled. As he took his place inside the railing, there was a craning of necks on the part of those present who were anxious to get a glimpse of the prisoner. After he sat down, he took a look about the court room, and spying his father,

noded his head. He was not the least nervous.

Examination of Wit.ases.

The first witness examined was Andeado Padilla, the 16-year-old nephew of Nicholas Sanchez, one of the murdered men, and who was present when the crime was committed. He told a straightforward story, relating minutely the details of the killing as already printed. He identified the ax which was used by the murderer and the shirt worn by him on that day. Although subjected to a severe cross examination by Attorney W. C. Heacock, representing the defendant, the witness did not vary from the testimony brought out by District Attorney Clancy.

Florencio Gahaldon was the next witness for the territory and he told of going to La Posta to get the wool that had been left there, and how, when he reached the place where the party had camped, he found that the wool had been burned. In looking around he discovered several pools of blood on some boards covering a well nearby. He at once surmised that a crime had been committed and returned to Rancho de Atrisco to report what he had discovered.

In the meantime Padilla had told his relatives of the murder and they at once sent out a searching party to recover the bodies, which were found in the well.

The defense did not introduce any witnesses and at the close of the testimony of Gahaldon, Attorney Heacock informed the court that the defendant desired to waive further examination and he was bound over to the grand jury.

McClure was taken in charge by the deputies removed to the county jail, where he will be kept in close confinement until next September, when he will be taken before the grand jury on the charge of double murder.

FORGER BUSY IN LAS VEGAS

MONEY ORDERS RAISED AND PASSED ON LAS VEGAS MERCHANTS.

On June 22nd a man giving the name of Chas. Raymond registered at the Storer house, the next morning he left telling the proprietor that he had no money smaller than a \$100 check which he would get cashed and return and pay for the room, says the Las Vegas Optic.

Nothing was heard from him until Saturday afternoon, when he made the rounds of the stores and got in his work.

He visited the Center block pharmacy and purchased about \$20 worth of goods, presenting a postal money order for \$100 in payment. Dr. D. K. Goodall was suspicious and declined to take the order, whereupon the stranger departed, saying he would return later and get the goods.

He then went to life's, E. Rosenwald & Sons, Ludwig Wm. Hilde's, R. J. Taupert's, Doll's and the Hub, where he made purchases, presenting money orders for \$100 each, purporting to be drawn on the Las Vegas post-office by the Pueblo, Colo. office. At three places he was able to work his scheme.

The Hub, Doll's and Rosenwald's, taking the orders and paying him, the difference in cash, in each case amounting to \$25. The total value of the goods he received from the three merchants will amount to about \$75, besides getting \$75 in cash. He came into possession of the postal money orders for small amounts on the eastern offices, raising the writing with acid and then making them out for the larger amounts and on the Las Vegas office. As soon as the orders were presented to Postmaster F. O. Blood, he detected the fraud and notified the postmaster at Pueblo and the inspector at Denver. A good description of the man has been furnished to the department and he will undoubtedly be caught.

TERRITORIAL SUPREME COURT

IN SESSION AT SANTA FE AND CASES HEARD AT YESTERDAY'S SESSION.

The Territorial supreme court met in special session at the supreme court chambers in the capitol, Santa Fe, yesterday morning, being called to order at 10 o'clock by Chief Justice William J. Mills of Las Vegas. There were present Associate Justices Frank W. Parker, of Las Cruces; William H. O. Blood, of Denver; and Edward A. Mann, of Alamogordo; Ira A. Abbott, of Albuquerque; Attorney General George W. Pritchard, of Santa Fe; United States Marshal C. M. Forsaker, of Albuquerque; Clerk Jose D. Sosa, of Santa Fe.

The court proceeded to business and disposed of the following cases: In the case of Josephine Carier versus the Pecon Valley & Northwestern Railway company, appeal from the Fifth judicial district court for Chavez county, motion for a rehearing was denied.

Motion for a rehearing in the case of Kadoos Koury versus Marcos Castillo, judge of the probate court of the county of Santa Fe, et al., was overruled.

Motion for rehearing in the case of Nola life, et al., versus Romana L. de Baca, et al., appealed from the second judicial district court for Bernalillo county, was granted, the case to be heard at the next adjourned session of the supreme court.

Motion for rehearing in the case of A. M. Fendry, plaintiff in error, versus the Lincoln, Lucky & Lee Mining company, defendants in error, plaintiff in error was given until tomorrow morning to file the assignment of errors.

The court granted the motion to withdraw a motion for a rehearing in the case of the territory of New Mexico versus the persons, real estate, land and property, described in the delinquent tax lists of Bernalillo county, appealed from the Second judicial district court for Bernalillo county.

Judge N. B. Laughlin, of Santa Fe; N. B. Field and Julian Stash, of Albuquerque, were appointed as a special committee to act with Attorney General George W. Pritchard in the examination of applicants for admission to the bar.

On motion of Attorney A. J. Abbott, Attorneys E. N. Clark and W. W. Field, of Denver, and B. W. Ritter, of Durango, were permitted to appear in argument of the case of the Arizona & Colorado Railway company versus the Denver & Rio Grande railroad company, in which the plaintiff asks for a permanent injunction to enjoin the defendant from crossing the rights of way of the plaintiff with railroad tracks, and which petition was refused by the Santa Fe county. This case is now being heard by the supreme court. Attorney S. B. Davis, of Las Vegas, made the argument for the defendant company at this morning's session.

The tentative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by all dealers.

Benicio Peres, 34 years old, son, Max Peres, have returned to their old home at Bernalillo, after a residence of several years in California. The report that Jose Peres and family had also returned to Bernalillo is a mistake. Mr. Peres still resides in San Francisco.

RENTAL H. GASKILL, PHILADELPHIA FORGER.

Benj. H. Gaskill was the Philadelphia business man who died a month ago, and whose remarkable forgery amounted to \$550,000, extending over several years of his life, has just been discovered. One false forgery has already resulted from the revelations.

BENJ. H. GASKILL.

LOCAL NEWS

(From Saturday's Daily Citizen.)

Mr. R. R. Rodey, after spending a day in Santa Fe on legal business, returned home last night.

W. E. Hursthol, an employee of the American Lumber company at Thorsau, spent the day in the city.

Herndon Lebo, a nephew of J. B. Herndon of the State National bank, arrived from Nashville, Tenn., and has accepted a clerkship at his uncle's bank.

E. B. Booth, the tailor, expects to leave this evening for Payson Hot Springs, where he hopes to recover from a bad case of rheumatism, which has attacked his right foot.

The commissioners of Bernalillo county will meet at the court house on July 3 for the purpose of hearing objections to increases which have been made in assessments by Assessor George F. Albright, for the year 1904.

The Bernalillo County Fair association is holding a meeting this afternoon at the office of Attorney McMillen, for the purpose of organizing and appointing a committee to entertain visiting attorneys here during the approaching fair.

R. T. Owen, a cattle buyer of Denver, Colo., arrived in the city yesterday, and today was outfitting for an overland trip through Central and Southern New Mexico, where he will go to purchase stock for the Denver and eastern markets.

A meeting of the executive committee of the Territorial fair for 1905 will be held at the office of the surety investment company, Monday evening, June 26, at 8 o'clock sharp. As business of importance is to come up, a full attendance of the committee is requested.

F. H. Brandenburg, district forecaster of the United States weather bureau, with headquarters at Denver, spent the day here looking after the local station and in consultation with City Engineer Pitt Ross. He is here on business connected with the extension of the flood warning service on the Rio Grande.

Last night two special trains having on board the third squadron of the Seventh United States cavalry, passed through the city en route to the Presidio, San Francisco, where they will sail on July 1 on the transport Sheridan, for Manila. The men were in cheerful spirits and seemed anxious to get into active service. The troops were from Fort Oglethorpe, Ga.

W. E. Harper, accompanied by Mrs. Harper and children, have returned to the city after a visit to relatives and friends at Marion, Kansas and in Oklahoma. Mr. Harper expects to leave tomorrow night for Goldfield, Nevada, where he conducts a flourishing saloon business. Mrs. Harper and children will remain here.

A recent issue of the Tucson, Ariz., Star, says that Judge W. J. Mills, of Las Vegas, chief justice of the supreme court of New Mexico, purchased a business block with a forty-foot frontage on Main street in that city last week for a consideration said to have been close to \$10,000. Judge Mills was represented in the transaction by L. R. Allen, formerly of Las Vegas.

F. A. Ricard, who is installing the blow system at the new cash and laundry factory at the mills of the American Lumber company in this city, was slightly injured in an exciting runaway at noon today. He was driving on west Railroad avenue, near Sixth street, when the horse became frightened and bolted. The buggy was overturned and he was thrown out. The rig was entirely demolished.

Of an inmate of the city jail, a warden who has been spending the past two weeks in Albuquerque, will leave tomorrow for the Pecon river country where he will make arrangements for the stocking of the Pecon and other streams with trout.

He will return to his home in September and October, as the past few years the streams have been pretty well thinned out by constant fishing.

The first number of the Journal of the New Mexico Medical Association has just made its appearance, and is a very creditable volume. The first issue contains papers by Dr. James H. Wright, of this city; Dr. Frank McConnell, of Colorado Springs; Dr. R. E. McBride, of Las Cruces; Dr. M. K. Wylder, of Albuquerque; and the annual address of Dr. Edward B. Shaw, of Las Vegas, before the annual convention of the association in Las Vegas.

(From Monday's Daily Citizen.)

Important meeting Mineral Lodge No. 4, Knights of Pythias, at their hall tonight.

There will be a meeting of the Woman's Relief Corps, Tuesday afternoon, June 27, at 2:30.

B. McMahon, is helping out at the St. Elmo during the absence of Frank Wendell in Los Angeles.

John Weintra and wife left yesterday for an extended visit to Chicago and other eastern cities.

William Collier, section foreman for the Santa Fe at Sanders, Ariz., spent yesterday in the city with friends.

The Surety Investment company sold eight lots in the Eastern Addition, Highlands, this morning, all to local parties.

The ladies of the Lead Avenue Methodist church invite their friends to a social tea at the church parlors Wednesday afternoon from 3 to 5.

Yesterday afternoon the fire department was called to the residence of J. L. Clark on Roma avenue, to extinguish a fire that was destroying a fence at the back of the property.

All members of Knights of Columbus Albuquerque Council are requested to meet at the Knights of Columbus club rooms Wednesday night, June 28th.

J. P. Jones, who was the chief dispatcher for the Santa Fe at Nogales for nearly two years in the present one of the dispatchers for the Salt Lake road at Los Angeles.

Joseph A. Burg, congressional clerk in the house of representatives of the national congress at Washington, is Albuquerque for a short stay. Mr. Burg is a brother of the late C. E. Burg of this city.

P. L. Blackman and wife, of Mexico, Mo., after spending a week in the city the guests of Attorney J. H. Stingle and wife, left yesterday for El Paso for a short visit, after which they will return to Albuquerque and remain the balance of the summer.

died last night after a long illness with a complication of diseases. The funeral will be held tomorrow morning from Sacred Heart church at 10 o'clock and will be in charge of Underaker & Barker. Burial will be in San Jose cemetery.

Mr. and Mrs. J. P. Huckle returned this morning from a visit to the grand canyons.

Brother Butolph, of the Christian Brothers college, Santa Fe, was in the city last Saturday and made a pleasant call at this office during the evening hour. He had accompanied fifteen Indian scholars from the St. Michael's college to their homes, at and in the vicinity of Bisbee, Ariz. Brother Butolph informed The Citizen that the college over which he presides as president, had 115 boarders registered at the college during the year.

George Waddell, of the mechanical department of the Santa Fe, at Arkansas City, Kansas, and O. D. Atkins, of the telegraph department at Topeka, are in the city, and being shown courtesies. Mr. Waddell met particular friends in the city: Marshal McMillin and Peter Gailion, and these gentlemen are so elated over seeing him that he is likely to remain here a few days. Of course, he is originally from Omaha City, which is the biggest city in the world except Ottumwa (Judge Burk's old home), and these two gentlemen are expected to show him all the interesting sights. He may be a relative of Rube Waddill, the base ball pitcher.

Captain Clark M. Carr is in the city from Guam.

Alderman Louis Iffeld was a passenger for Las Vegas this morning. M. C. Ortiz, Jr., the infant son of Attorney and Mrs. M. C. Ortiz, is reported seriously ill.

W. B. Moore has gone to San Diego and other coast resorts to spend a few weeks rustiating.

N. E. Stevens has returned from a business trip to Silver City and other southern towns.

Judge A. L. Kendall, postmaster at Cerrillos, spent Sunday in Albuquerque and returned home this morning.

Herbert Brooks, manager of the San Jose market, who has been sick with chills and fever, is reported better today.

Cashier R. A. Frost, of the First National bank of Belen, spent yesterday in the city. He was accompanied by his wife.

United States Marshal C. M. Forsaker is at Santa Fe in attendance on the session of the territorial supreme court.

Bennie Cascellilana, of North Second street, left Saturday night for Pueblo, Colo., to visit his father for a couple of weeks.

James L. Hubbell, son of Mr. and Mrs. E. A. Hubbell, will entertain his friends at a dance on the evening of July 4 at Elks' hall.

A. B. McMillen, a member of the New Mexico bar, left today for Santa Fe, to attend the supreme court, which is now in session.

E. V. Chavez, an Albuquerque attorney, is attending a few days at Santa Fe, in attendance upon the June session of the supreme court.

Attorney E. W. Dobson went to Santa Fe on No. 2 this morning, where he will remain during the session of the territorial supreme court.

Joe Newman, a passenger for the territorial capitol, this morning to attend the session of the supreme court, which convened there today.

Mr. and Mrs. W. P. Metcalf returned last week from an outing of two weeks with friends at the Ponque Indian pueblo near Santa Fe.

Some little excitement was caused at the Ruppe drug store Saturday night by the blowing out of the fuse in the electric light equipment of the store. Many patrons were in the store at the time and when the fuse burned out, a run was made for the door. The damage was soon repaired.

Rev. George H. Brewer, Baptist missionary for New Mexico and Arizona, is spending a few days in Albuquerque, after an absence of almost a year.

Hon. M. R. Otero, register of the United States land office at Santa Fe, returned to the capital this morning after spending Sunday in the city on a visit to his family.

A meeting of the executive committee of the territorial fair association, will be held in the office of the Surety Investment company at 8 o'clock this evening.

J. H. White, of Mercer, Pa., who spent last winter in the city seeking rest and health, left for his eastern home, after an absence of almost a year.

F. E. Moore and wife and W. B. Moore and mother, left Saturday night for the coast resorts in the vicinity of Los Angeles, where they expect to spend a couple of weeks.

C. E. Newman, deputy sheriff under Sheriff Thomas S. Hubbell, returned yesterday from a trip of two weeks through the east. While away Mr. Newman visited his father at Chicago.

Judge Ira A. Abbott, associate justice of the territorial supreme court, was delayed with letters from the verdict would have been at least \$20,000 against you. But the publicity given to the matter hurts your good name—all your friends here are saying so. It is not a matter of money with you—of course, I know that, but would it not be better for your reputation to stop the case here?

In another letter "Jarvis" said: "Will you continue to be led like a blind man, upon advice which, I still believe, must be against your own good judgment, but which, just as surely as you live, will take you to Sing Sing?"

Dr. Weston and his attorneys got busy laid a trap and with the help of postoffice inspectors discovered the identity of "Jarvis." Wickes' friends point to some of the effusions as the letters of a crazy man and say they would not wonder if it transpired that he has been writing "Jarvis" letters all over the world to men of affairs. And it is suggested that he has been using at least two other aliases in his letter writing mania.

Wickes used to be in partnership with Edward S. Hatch, an attorney. They disagreed, the partnership was dissolved, and at once Hatch was in receipt of his share of "Jarvis" letters telling what a fine man Thos. P. Wickes was and how Hatch would regret the dissolution.

In another case Wickes was attorney for a young woman in a damage suit. He was successful, and she received judgment for a large sum. Then she learned of "Jarvis" and at this time it was Wickes that was boasting Jarvis. He told her that he would have been unable to win such a victory for her had it not been for the unexampled genius and ability of one Lewis Jarvis, without whose advice her case would have been practically hopeless.

He suggested that his client should amply reward "Jarvis" for what he had done for her, and she very graciously did so—paid him \$10,000. To his family, at 330 West Eleventh street, and to his office mates at 31 West Wall street, the mysterious Wickes case has been one of as much shock and mystery as the general public. His wife is proud and his former personal friends are dumb.

It would take Wickes perhaps thirty or forty minutes to reach his office from his home. Yet it was generally his custom to leave his home at 7 o'clock in the morning, while he would not arrive at his office until several hours later.

WICKES IS GREATLY STUCK ON WICKES

THE SWELL JEKYLL AND HYDE LETTER WRITER WHO HAS ABOUNDED NEW YORK IS A BIG MAN, AND DIDN'T MIND SAYING SO UNDER ANOTHER NAME—IT ALSO GARNERED LUCRE FOR HIM—HAD TO PUT UP CASH BAIL WHEN INDICTED—SOME OF HIS LETTERS.

Wickes' Portrait, by Courtesy "New York State's Prominent and Progressive Men."

THOS. P. WICKES. DR. EDWARD WESTON. Signatures are those of Wickes and Lewis Jarvis, the name which Wickes used.

New York, June 24.—Thos. P. Wickes, Yale '74, Columbia Law '76, for 15 years an assistant corporate counsel for the city of New York, since 1899 prominent member of the bar of the metropolis, member of the Lawyers' club, the University club, the Yale club, the Psi Epsilon club, the New York Athletic club and the Knickerbocker club, son of an old-time and respected New York family, himself respected, able, well-to-do.

Lewis Jarvis, lock box 1604, New York, whose title to distinction rested upon the possession of a "Tiffany" letter head and authorship of letters of alleged blackmailing character sent to persons interested in the outcome of suits in which Thos. P. Wickes was one of the attorneys.

And Wickes is "Jarvis."

The exposure resulting from Wickes' arrest on a charge of blackmail has caused a sensation in New York, especially among members of the bar association.

Wickes does not deny that some six years ago he signed an application for a postoffice box in the name of "Jarvis," that Jarvis is none other than himself, and that he has been writing letters all these years in the name of "Jarvis." He merely says that he has done nothing criminal.

Meanwhile he is out on \$10,000 cash bail which he furnished, not one of his many club or professional friends coming forward to comfort him in his hour of distress.

While the present action against Wickes grows out of a letter in which "Jarvis" threatened to charge Dr. Edward Weston, wealthy manufacturer, of Waverly, N. J., with perjury, most of the "Jarvis" letters that have thus far come to light have been of an innocent character, written for the sole purpose of boosting Thos. P. Wickes as one of the ablest men of the New York bar. The apparent uselessness of a great many of these letters has led to the belief of many that Wickes is subject to mania.

In the Weston letters "Jarvis" urged that gentlemen to settle a suit for damages which had been brought against him by Dr. A. P. Grinnell, a highly respected resident of Vermont. As a result of mistaken identity Weston had caused the arrest of Dr. Grinnell. The latter secured judgment for \$12,500 and another for \$10,000 against Weston. Then there was a mistrial, and a few weeks ago, a fourth hearing of the case. Wickes was one of Grinnell's lawyers. While the case was pending in court Weston was deluged with letters from "Jarvis" advising him to pay and not prolong the litigation. Here is a sample of the "Jarvis" literature:

"May I write you that many of your friends think you have pursued this lawsuit with Dr. Grinnell long enough? You must know you can never win the case. You admit that you caused the arrest."

"As long as your answer remains what it is, the case cannot be changed; and you could not alter your answer so as to make it effectively and legally different, without running the risk of prosecution for perjury."

"If Mr. Wickes had made the final address to the jury I believe that the verdict would have been at least \$20,000 against you. But the publicity given to the matter hurts your good name—all your friends here are saying so. It is not a matter of money with you—of course, I know that, but would it not be better for your reputation to stop the case here?"

In another letter "Jarvis" said: "Will you continue to be led like a blind man, upon advice which, I still believe, must be against your own good judgment, but which, just as surely as you live, will take you to Sing Sing?"

Dr. Weston and his attorneys got busy laid a trap and with the help of postoffice inspectors discovered the identity of "Jarvis." Wickes' friends point to some of the effusions as the letters of a crazy man and say they would not wonder if it transpired that he has been writing "Jarvis" letters all over the world to men of affairs. And it is suggested that he has been using at least two other aliases in his letter writing mania.

Wickes used to be in partnership with Edward S. Hatch, an attorney. They disagreed, the partnership was dissolved, and at once Hatch was in receipt of his share of "Jarvis" letters telling what a fine man Thos. P. Wickes was and how Hatch would regret the dissolution.

In another case Wickes was attorney for a young woman in a damage suit. He was successful, and she received judgment for a large sum. Then she learned of "Jarvis" and at this time it was Wickes that was boasting Jarvis. He told her that he would have been unable to win such a victory for her had it not been for the unexampled genius and ability of one Lewis Jarvis, without whose advice her case would have been practically hopeless.

He suggested that his client should amply reward "Jarvis" for what he had done for her, and she very graciously did so—paid him \$10,000. To his family, at 330 West Eleventh street, and to his office mates at 31 West Wall street, the mysterious Wickes case has been one of as much shock and mystery as the general public. His wife is proud and his former personal friends are dumb.

It would take Wickes perhaps thirty or forty minutes to reach his office from his home. Yet it was generally his custom to leave his home at 7 o'clock in the morning, while he would not arrive at his office until several hours later.

Wickes, with his short-trimmed imperial, and a military swing of the shoulders, is an impressive personage. His manner is somewhat imperious, but always suave. He is trying his best to keep clear of the interviews, and to all callers at his office he is "out."

He happened to bob in from an inn office when one reporter called, and he could not escape. He tried to sidestep, but was cornered, and finally said that his hot-shot would come later.

Wickes is proud of his ancestry, as in a prepared statement for publication, his biography, along with other "notable men of New York," the first paragraph tells all about Wickes' grandfather, Eliphalet Wickes, and his revolutionary experience.

It also shows that Wickes was born in 1853, tells of his years of education, and states that while in the city council's office, he was due to his energy and activity and through preparation of the cases against these enterprises that the original cable railway system, which had no merits, and the matter of the Metropolitan transit company, and another underground railway scheme were defeated in the courts.

One also learns from this source that "in early life, especially while in college, Mr. Wickes was noted as the possessor of an uncommonly fine baritone voice, and he frequently sang in public on a variety of occasions."

ITEMS FROM JEMEZ HOT SPRINGS. Special Correspondence. Jemez Hot Springs, June 22.—Alfalfa harvest is occupying all the ranchers' time now, and the crop is exceptionally good. Some of the fields have a stand of four feet.

R. R. Putney and family and A. J. Riffe and wife left yesterday for home, after spending a month. It is unnecessary to say that they all had an enjoyable time.

Miss Buck and lady friend, both teachers from the manual school, left yesterday for home. They were guests of Miss Patterson, the mission school teacher here. Miss Patterson takes the stage out in the morning for

Mr. Fudgout on the Biped Hog

To The Citizen.

Kelly, N. M., June 24.—After a tireless climb I had reached the summit of the Magdalena range. Far to the west lay the San Augustine plains, blinding in a purple mist with the Tularosa and Apache mountains. To the east lay the erstwhile glorious valley of the Rio Grande. Below me to the west lay Kelly, with its windmills and tin roofs blinking in the morning sun. Near by were the mines, with their treasures of zinc, silver, lead and copper. Hundreds of men are delving here, and there and yonder, strings of ore wagons heavily laden with the product of the camp crawl down the mountain sides to unload, and crawl back. It is an ant hill on a large scale. Then I wonder if the human ants have a wonder show or enjoy as much real happiness as their little brothers, crawling and being helped, and always toiling. On turning under a bluff of overhanging quartzite I am surprised to see, seated on a huge boulder, my old friend, John Henry Fudgout. He smiles, extends an honest hand, and says:

"Hello, Heister, how's tricks? Got any terbacker?"

"Our pipes are soon loaded, and I am pleased to find John Henry willing to talk. I know from past experience that he will not stand for argument, neither will he compromise with what he thinks is wrong. Yet, I respect this wonderful old man, with keen, blue eyes and thin, gray hair. His great head and splendid brain have sworn eternal enmity to fraud. This is why John Henry is a crank, a peace disturber, an anarchist, an infidel, and an enemy to society."

"Prospecting?" I venture.

"Well, yes; if a man gets a dollar these days he's got to discover it or steal it. I don't go to stand in with any gang of thieves, and I'm lacking about 74 years of being as young as I need to be, so though I'd try prospecting, I ain't accumulat' no grief about my own welfare, for my game will soon be played, anyway. I used to think I'd make a mark in the world, but I find it a hard pull, and I guess the grave digger will make my mark after I've cashed in. But before I die, I'd like to know that the majority of the people in the United States had pinched themselves awake and forever shaken off the nightmare of political and social ignorance that will make a Russia of this fair land if it isn't stopped. First of all, the American people should know what is wrong. Then they should find the remedy. In order to do this, we must lay aside all party and political, all religion and all issues; for and that we are Republicans or Catholics, Methodists, muggwumps, or Democrats; holy rollers, millionaires or populists. But remember, and teach our children to remember that we are Americans citizens. Just get your nose and pencil and take down the symptoms, then then I'll dictate a prescription."

"There are now in the United States about 100,000,000 people."

SPEED PROGRAM OF THE TERRITORIAL FAIR

The fair program of horse racing and other important events at the approaching territorial fair has been issued by The Citizen and copies are being mailed to horsemen and others throughout the southwest corner, and this includes Colorado, Nebraska, Kansas and Utah. The race program is as follows:

- Monday, September 18
1. Running race, one mile..... \$150
 2. Running race, half mile..... 100
- Tuesday, September 19
3. 2:11 Pace, (stake)..... \$1000
 4. Running race, six furlongs..... 100
 5. Cowboy, one mile..... 100
- Stock exhibit around track.
- Wednesday, September 20
6. 2:40 Trot, New Mexico and Arizona horses..... \$250

- Saturday, September 23
16. 2:40 Pace, New Mexico and Arizona horses..... \$350
 17. Running race, half mile..... 100
- Stock exhibit on track.

EARLY MORNING WEDDING POPULAR YOUNG PEOPLE

This morning at seven o'clock at the home of the bride's parents, Mr. and Mrs. Z. H. Bliss, of North Twelfth street, Miss Inez M. Bliss was wedded to John M. Cook, New. Hugh A. Cooper, pastor of the First Presbyterian church, officiating. Only the immediate relatives and a few invited guests attended the ceremony. Miss Bliss has resided in Albuquerque since childhood and has a host of friends throughout the city. The groom is a well known postal clerk, and has had a run north from this city on the Santa Fe for the past four years, but was recently transferred to La Junta, Colo.

RUSSIA COMPLETING HER PEACE PROPOSALS

St. Petersburg, June 27.—The negotiations relative to the Washington meeting are entering on the final phase. Foreign Minister Lamsdorff has sufficiently recovered today to go to Peterhoff where he discussed the negotiations with the emperor. Later, Ambassador Meyer was received at the chancellery and conveyed to the foreign minister a communication from Washington.

The Bourse Gazette today prints a rumor to the effect that admiral Alexieff will succeed Count Lamsdorff as foreign minister.

About 7,000 men own and control quite three-fifths of the land and treasure of this country. How did they get it? By craft, by extortion, by graft, by and through the supreme curse of all the ages, monopoly; by and through the mistaken idea that money makes money. This thieving process is called usury. These 7,000 two-legged hogs buy what they can't steal. They control our federal government and federal courts; both houses of congress; the state legislatures, and virtually run the United States.

"It seems impossible to get any laws or measures to control these grabbing, grasping hogs, because said hogs make laws. Under our present fool system, Mr. Rockefeller has been able to grab a billion dollars. Under proper anti-hog laws, John D. could not have accumulated more than two hundred millions. Therefore, John D. has stolen eight hundred millions, and because he gives a trifle of this stolen booty to some church, he is called a philanthropist. Compared with this colossal thief, a degraded and bawdy who beats his victim into insensibility, robs him to the last penny and then hands him a nickel to buy a bowl of soup, is a public benefactor. But these hogs are not to blame. There are not many of us, if allowed to get into the trough with all four feet, who would not root out the little fellows and raise hedges generally. We have evolved from the animals, the hog included, and many of us, under certain conditions, show the traits of our ancestors. But it is useless to enlarge the picture of theft, pollution, grab and graft. The trail of the serpent is over all."

"Now for the cure. About seventy million people want an income tax. The millionaires and grifters and thieves in high places do not want an income tax. Every man not a fool or a millionaire or a money king's tool, wants an income tax. All congressmen and senators should be elected by a popular vote of the people."

"The government should control, not own, all railroads and telegraph lines."

"Municipal ownership of public utilities should be in full and complete force in every city in the United States, thereby ending the exploitation of the common people by shameless sharks. Already the good work has started in Philadelphia, in St. Louis, and even in our own Albuquerque, where one man has the honor and courage to fight fraud and to oppose graft in behalf of the people. And they will win. No question is ever settled until it is settled right. Remember, Heister, that this is not a question of politics or religion. A Democratic-Catholics is no worse and no better than a Republican-Protestant scoundrel. Let us fence against the two-legged hogs. Our money matters have said: 'The people be damned.' We are in the majority. We should control these hogs before they devour us. I hope to see you again soon, and tell you the cause of New Mexico's black eye. Adios." A. L. HEISTER.

WOULD-BE PICKPOCKET CAUGHT IN THE ACT

A man giving his name as Bert Gaines was arrested late Saturday night by the local officers, on complaint of O. H. Scott, the Alameda contractor, who charges Gaines with being a pickpocket.

According to Scott's story, Gaines and some other men were in Valentin's saloon on Copper avenue Saturday night, and while all were standing at the bar drinking, Gaines, who was standing next to Scott, slipped his hand into Scott's pocket and stole his watch. The theft was immediately detected by Scott, who grabbed the watch out of Gaines' hand.

The would-be pickpocket then ran out of the saloon, with Scott in close pursuit. After chasing him for some distance, Scott enlisted the aid of the officers, who rounded Gaines up in a short time and landed him in the city jail.

This morning he was given a hearing before Police Judge Crawford on the charge of petty larceny. He pleaded not guilty and his trial was set for 5 o'clock this afternoon.

CANUTO CARRILLO CONVICTED.

Murdered Epimenides Garcia in Magdalena Fifteen Months Ago—Jury Out Only Few Hours.

Canuto Carrillo was found guilty of murder in the second degree for the killing of Epimenides Garcia in Magdalena a year ago last March, says the Socorro Chieftain. The trial was conducted before Judge Parker last Friday and Saturday and the jury brought in the verdict at about 2 o'clock Sunday morning. The fact that a straight Mexican jury convicted one of their own race of the crime of murder elicited much favorable comment from those people who had asserted that such a thing was next to impossible in Socorro county. The evidence showed that some former differences between Carrillo and Garcia had been amicably adjusted, that they met in a poker game in Hilton's saloon, that after the game they passed out at the front door together, and that almost immediately a shot was fired and Garcia staggered back into the saloon and fell to the floor fatally wounded through the abdomen. The victim was unarmed. District Attorney Efigio Baca had been employed in this case before his appointment to office and Attorney A. A. Sedona was appointed to prosecute. Attorney W. H. V. later, of El Paso, appeared for the defense.

SECRETARY HAY IS GETTING ALONG NICELY

Newburg, N. H., June 27.—Secretary Hay passed a comfortable night and this morning was resting quietly and much refreshed. It is not believed, however, that the secretary will be about as soon as anticipated.

The arrival of a nurse and his physician, Dr. Jackson, from Boston during the night was the result of a belief that the secretary would undoubtedly need most careful nursing and medical attention during the coming days. The family, however, does not apprehend any danger whatever from Hay's illness.

Mrs. R. A. Frost, of Helen, is in the city the guest of her parents, Mr. and Mrs. N. E. Stevens.

Miss Mabel Hood, a popular young lady of Belton, N. M., is visiting Mrs. H. J. Holman of Don avenue.

Attorney and Mrs. A. J. Mitchell are spending a most enjoyable vacation on the Pacific coast.

After enjoying a most social visit here, Miss May Buckley, sister of Mrs. Harry F. Lee, has returned to Gallup.

Miss Elsie Kompench is still at Peralta, where she is the guest of her uncle, Abraham Kom enich and wife.

Mr. and Mrs. J. H. Hutchison, of this city, are entertaining their daughter, Mrs. R. L. Lolley, of Dennison, Texas.

Mr. and Mrs. A. With are enjoying a visit from Miss Bell McCarthy, who arrived the other day from Oswego, New York.

Mrs. H. N. Jaffe, one of Albuquerque's worthy ladies, has gone to southern California on a vacation and to visit relatives.

Mr. and Mrs. Robert E. Putney, who enjoyed an outing at the James hot springs, have returned to the social circles of the city.

Mrs. W. F. Switzer and children left last night for California where they will spend several weeks at the various resorts.

Mrs. A. B. McMillon was hostess at a delightful lawn party at her residence on south Walter street on Friday morning.

Mr. and Mrs. S. C. Jackson, and their guest, Miss Majorie Hunt, are spending a recreation among the pines of the Zuni mountains.

Mrs. Felix Baca and children, family of Attorney Baca, have gone to Trinidad and other Colorado cities to visit relatives and friends.

Col. and Mrs. W. H. Greer, who were east on pleasure and business, have returned to the city, and friends were at the station to receive them.

Miss May L. Davidson, of south High street, is pleased to have as her guest her niece, Mrs. A. W. White, who arrived the other day from Pittsburgh, Pa.

Conductor and Mrs. Frank Murry, and children, will leave about July 1 for Oklahoma City, Oklahoma, to enjoy a few weeks' visit with the mother of Mr. Murphy.

Among those who returned from the east during the week were Mrs. M. S. Otero and daughter, Mrs. G. W. Harrison, accompanied by the latter's two sons, Otero and Walker.

Dr. and Mrs. A. B. Henderson, society folks of east Railroad avenue, will spend their summer vacation among eastern relatives. They left the other evening for the east.

During the week, Attorney and Mrs. A. B. McMillon entertained Miss Jessie Purcell, of Spaulding, Ohio, who was returning home from an extended stay in southern California.

The Gosselin club gave an informal smoker last night at its club rooms. Two new candidates, Alva Cochran and H. Billings, were initiated into the mysteries of the club.

Miss Mae Yost, who attended the Girls' Collegiate college of Los Angeles, and who was one of the graduates, has returned to her home near the government Indian school.

Those of the fans who saw Will Purcell back that home-run yesterday, and those who saw him being played to learn that he will succeed Roy McDonald in handling the big mitt for the Browns.

The Browns were by good stick work and fast fielding, and up until the first half of the sixth inning it looked as though the miners would be shut out. Anderson opened the ball by a hit, Pettus followed with another. The last hit scored Anderson and Pettus, and finally stole home on an error of McDonald.

The miners went down in rotation in the seventh inning. The feature of the game came in the eighth, when Pettus lined out a home run. In this same inning and also in the ninth, the miners got men on bases, but were short on stick work, and their left-on-base score was attenuated extravagantly.

Galleago, who was loaned to Madrid for the game, was let down for eight hits, and the Miners hit Starr for a like number.

Captain McDonald made his adieu to the fans yesterday, and last night Manager Houston of the Browns, tendered him a gold-headed cane as a token of remembrance from the club. McDonald announced his withdrawal from the diamond last week, stating that he intended to devote his time to banking. He had not tired of the sport, but he could not neglect his business for it, nor allow it to interfere with his work. McDonald has been one of the mainstays of the

Next Tuesday night Alva Cochran will be host at a tany-ho ride in honor of the Misses Stashia Wolf, Nell Delaney and Mary Ebert, who are guests of Miss Inez Albright.

One of Albuquerque's popular young ladies, Miss Sue Dolson, daughter of Attorney and Mrs. E. W. Dolson, has returned home from attending a well known female seminary at Lake Forest, Ill.

Misses Maude and Ruby Custers, daughters of M. Custers, have gone to Berkeley, Cal., where they will attend a summer school for women. Miss Maude Custers is one of the city public school teachers.

Mrs. E. V. Chavez, the estimable wife of Attorney Chavez, is spending her vacation at Moscow, Idaho. The lady will visit the Portland exposition, and at San Francisco will be met by Mr. Chavez, who will accompany her home.

Bishop J. M. Kendrick, of the Episcopal church in New Mexico and Arizona, who spent the past week in Santa Fe, passed through the city last night on his way to Phoenix, Arizona. He will visit the Navajo reservation and other points en route.

Mrs. Allen Dodd, of Los Angeles, Cal., who has been making an extended visit with Mrs. J. J. Sheridan in this city, left last night for the coast. She was accompanied by Mrs. Sheridan, who will spend the remainder of the summer in California.

Tomorrow a picnic party consisting of the Misses Virginia Finch, Inez Albright, Stashia Wolf, Nell Delaney, Mary Ebert and Messrs. Jay Mitchell, Ward Anderson, Joe Scott, Alva Cochran and Thomas Hughes, Jr., will spend the day in Bear canyon. The trip will be made in Explorer and the crowd will be chaperoned by Mrs. George F. Albright and Mrs. D. H. Carns.

The St. Vincent academy commencement exercises Tuesday night, were highly enjoyed by a large number of friends of the institute. The graduate was Miss Stella Boatright, and her subject, "Woman's Sphere," was ably handled. The other participants on the program acquitted themselves in fine style. The exercises were indeed a credit to the Sisters in charge of the institution.

Miss Mildred Fox, the pretty daughter of Mr. and Mrs. H. E. Fox, returned home the other evening from attending a popular girls' seminary of Los Angeles, accompanied by her parents, Mr. and Mrs. H. E. Fox, and has been very busy attending and accepting social functions. They were also accompanied back to the city by Mr. and Mrs. Frank H. Stroug.

Among the most pleasant social events of the past week have been a series of parties, dances and hayrack rides in honor of the Misses Mary Ebert, Stashia Wolf and Nell Delaney, guests of Miss Inez Albright and the Misses Emma and Eltona Segelke, who are visiting their uncle, George K. Neher. On Tuesday night Mr. and Mrs. O. H. Scott, of Alameda, were host and hostess at a hayrack ride, which was very enjoyable. In about fifteen minutes a drive was taken over the city and a good time had by all. On Wednesday evening occurred a very enjoyable dancing party at Elks' hall. Thursday evening Miss Albright, assisted by Mrs. F. L. Myers, Mrs. D. H. Carns, Mrs. Knight and the Misses Wiley and Anna Thomas, gave a delightful card party for the young ladies of the Albright home on west Silver avenue. Prizes were awarded and dainty refreshments served.

CONVENTION OF SUFFRAGISTS

Portland, Ore., June 29.—Several hundred women filled the cozy auditorium of the First Congregational church this morning and the thirty-seventh annual convention of the National American Woman Suffrage association got under way under enthusiastic auspices. The church was tastefully decorated, the most noticeable emblem being what is called the woman's flag, which contains the usual number of stripes, but only five stars, one for each of the states, which, by their constitution, have granted the right of suffrage to women. None the less, all the states of the Union were represented. The delegates were assigned to particular sections of the hall, and the delegates were seated off by their banners and blazoned with the name of the commonwealth.

About the rostrum, occupying seats of honor, were the national officers and pioneer workers of the equal suffrage movement. Some few familiar faces were missing, but others were there who had been active in the suffrage movement since its inception half a century ago, and who have devoted their lives to its promotion and extension.

The convention was called to order by the national president, the Rev. Anna Howard Shaw, of Philadelphia, who made a vigorous address in which she gave a brief epitome of the events of the last year. In as far as they related to the suffrage movement. She could not report much, as she said, in the line of actual progress of the last year, but she said that according to custom a bill had been framed and introduced to give women the right of suffrage. She was especially encouraged by the outlook for future success in the far west.

After the opening prayer the official call for the gathering was read. This was in part as follows:

"A government of men and women—not by women alone, not by men alone, but a government of men and women, by men and women, for men and women—this is the aim and ideal of our association. One hundred years ago Oregon was an untamed wilderness. The transformation of that primeval territory into prosperous communities, enjoying the highest degree of civilization, could not have been accomplished without the work of women. No restriction should be placed upon their education, so potent for good. The extension of the right of suffrage would remove a handicap from the efforts of women and give them an opportunity to work for the welfare of the state.

"We do not claim that women's voice in the world would be once sound the death-knell to all social and political evils, but we do believe that a government representing the interests and beliefs of men and women would prove itself, and is proving itself, where it now exists, to be a better government than one which represents the interests and beliefs of men alone. The movement for the enfranchisement of women is based upon the unchanging and unchangeable principles of human liberty. In accordance with which successive classes of men have won the right of self-government.

"On such a foundation ultimate victory is assured—and, in truth, is conceded even by those who oppose. The day is ever drawing nearer when the nation will apply to women the principles which are the very foundations of our civilization; when, on every election day, there will be affirmed the immortal truths of our Declaration of American Independence. Then indeed will this be a just government, deriving its powers from the consent of the governed."

The remainder of the open session was devoted to the reading of the report of the committee on the reception of reports from officers and other business of a perfunctory character. The convention is to continue for one week, during which there will be addresses by a number of men and women of national prominence. The afternoon and evening sessions each day are to be opened to the public at large. Executive sessions will occupy the mornings, at which the actual business of the association will be transacted. The work of over half a century will be reviewed, and the progress of the movement since its inception, also to show what has been done in some states where the suffragists have won a more or less complete victory. A campaign for broader usefulness will be favored, and the Pacific Northwest will be marked as one of the battle grounds, for in this section the suffragists hope to gain many victories. The homes of many of Portland's foremost citizens have been thrown open to the delegates, and the plans for their reception and entertainment have been made on an elaborate scale.

CASH MUST ACCOMPANY SLEEPER RESERVATION

Pullman car reservations, which heretofore have been obtainable several days in advance by a nod, soon will be a thing of the past, and sleeping car space must be paid for in cash when it is obtained. The old system is said to have proved an intolerable nuisance, although it has been in effect for some time.

At Santa Fe headquarters it has been stated that the reason for the change lies in the fact that at present experienced travelers are in the habit of reserving accommodations, with no money deposited, and when cash payment is made, the train frequently carries empty sleepers. The new rule has been in force on the Santa Fe limited for some time, and it has been found to work so well that it will be put in force on all other Santa Fe trains, and it is said that other lines have joined in a request to the Pullman company to have the present order changed so that the new rule shall apply to all trains.

CLAUDE DOAN'S GANG MAKE DARING RAID

Claude Doane, the notorious horse thief, who only recently finished a term of five years in the territorial penitentiary, where he was sent for horse stealing, last night headed a gang of heavily armed cattle rustlers, who had made a raid on the outlying precincts of Albuquerque, and drove away a string of ten horses.

The matter was at once reported to Sheriff Thomas S. Hubbard. He summoned one of his deputies, George McDavies, and the two officers immediately procured a buggy and started in pursuit of the gang.

the thieves at Los Padillas, a small village ten miles south of this city. They had taken refuge in a small adobe house and had made preparations for a fight with the officers. Sheriff Hubbard and Deputy Bacus drove within 200 yards of the house and stopped. In a few minutes the cattle rustlers sent word to them by two small boys that they would not surrender. The boys reported that there were two men in the house armed with Winchester and six-shooters. The boys also said that they had several hundred rounds of ammunition and had made arrangements to resist arrest.

While the officers were talking to the boys, the two men stooped out of the house and went to a corral adjoining it, where they mounted their horses and made a dash for a canyon nearby. They were heavily armed, and acted so quickly that the officers failed to even get a shot at them. After they had left the house, Sheriff Hubbard and Deputy Bacus drove up to the place and found ten head of horses in the corral. These they took charge of, and brought them back to Albuquerque, arriving here at noon.

While on their way to this city, the stolen horses were taken care of by some 200 yards distant on the mesa, riding leisurely along. Immediately after the arrival of the officers in this city a posse was organized and have gone in pursuit of the thieves. It is expected that they will make the horses and the men in twenty-four hours, and it is very likely that a battle will take place.

Doane, the leader of the gang, is a desperate man. For several years he terrorized central New Mexico with his lawlessness and this last raid is one of the boldest in the history of the territory. He was arrested last week, but it was not suspected at the time that he was again at his old tricks. In addition to his recent crime, he is wanted for the murder of Walter Lyons, the McKinley county school teacher, who was killed and robbed at Hama, a small town in that county, two weeks ago.

The stolen horses are at the corral of Thomas S. Hubbard, in this city, and the owners have the same by identifying them. They are as follows: One bay horse, branded with an "H" which has a bar over the half circle over the "H"; one roan horse, branded with an "O"; one roan horse, branded with a half circle; one dun horse, branded "F. L." connected; one gray horse; one sorrel horse, one gray mare, and one roan horse, branded with a bar and half circle; one black horse, branded "A. L."; one black horse, branded "J. C." connected and brand on hip, and one gray horse branded "F. V."

POPULAR RAILWAY OFFICIAL BECOMES A BENEDICT

General Manager S. B. Grimshaw, of the Santa Fe Central railway, one of the best known railroad officials in the West, was married yesterday afternoon at Santa Fe to Miss Christina MacQuarrie, a social favorite of the Capital City.

The ceremony was performed at the home of the bride, Rev. George F. Sevier, pastor of the First Presbyterian church, officiating. Only the relatives of the contracting parties and a few invited friends were present.

Mr. and Mrs. Grimshaw arrived in the city last night and today were guests at the Alvarado, where they were receiving the congratulations of their many friends in this city. Tomorrow they will leave for a wedding trip to California points and the Portland exposition.

They will be at home after the middle of July at Santa Fe, where Mr. Grimshaw has his headquarters.

JULY NUMBER OF ALBUQUERQUE INDIAN

The Albuquerque Indian, for July, published by the Albuquerque Indian school, made its appearance today. This month's issue by far outpaces the first one and too much credit cannot be given those who contributed to this new publication.

The cover is in red, white and blue very appropriate for a Fourth of July number. In the background is a picture of an Indian Pueblo, while in the foreground is the picture of a Navajo squaw and a pioneer. The design is taken from pictures true to life and was designed by an Albuquerque artist, R. Dana Johnson.

The number contains a general write-up of the various Indian Pueblos in New Mexico, touching upon their history from time immemorial. Most all the contributions are original and therefore doubly interesting.

Superintendent James K. Allen is to be congratulated upon the success of his publication.

HOSTETTERS
If the stomach becomes weak, the effect is soon noticed in the liver and kidneys. It is therefore very important to keep the stomach healthy. The Bitters does this without fail, also cures Nausea, Headache, Indigestion, Dyspepsia, Female Disorders, or Malarial fever.

shares at \$10 each. The term of existence is five years and the principal place of business is Albuquerque. The number of directors shall be three and those who will manage the business of the company for the first three months are Jake L. Stern, Simon Schloss and Edward L. Medler.

Las Animas sheep company. The incorporators are William H. Hahn, George A. Kaseman and John C. Ross, of Albuquerque. The purposes of this corporation are to buy, sell and deal in cattle, sheep, wool, hides and pelts; to engage in the business of commission business; to do a general merchandise business; to do a general real estate business. The capital stock is \$20,000, divided into 200 shares at \$100 each. The term of existence is five years, and the principal place of business is Albuquerque, with William H. Hahn named as agent. The number of directors shall be three, and those who will manage the business of the company for the first three months are William H. Hahn, George A. Kaseman and John C. Ross.

HOW IT STICKS.

Albuquerque Has Found It Hard to Shake Off.

Hard to bear, harder to get rid of, is any itching skin complaint. Doan's Ointment relieves and cures all itches of the skin. Albuquerque people endorse this statement:

Mrs. R. E. Waite, formerly of 203 North Second street, says: "There came to my notice sometime ago a case of eczema of some disease of the skin, which had resisted all the efforts of the party to stop. Doan's Ointment was procured at the Alvarado Pharmacy and a course of the treatment commenced. It gave positive relief after an application or two and upon a continuation of it for some time the cure was effected. This information should be of untold value to residents of Albuquerque who are in quest of an article upon which they can depend to cure any itches of the skin eruption."

BIG SHEEP RANCH SOLD AT PASTURA

W. H. LONG BUYS IT FROM CHAS. D. KEYES AND GETS VALUABLE PROPERTY.

By the purchase of the ranches sheep and other property of Chas. D. Keyes, near Pascura, N. M., W. H. Long has become one of the foremost sheep owners of New Mexico. Pastura is taking a leading position as a sheep growing center, by reason of its proximity to this property, which has been changed hands.

The transfer of the property was made the first of the week. The consideration of the sale is said to have been about \$60,000. The North-eastern will handle about 3,000,000 pounds of wool from Pastura this year, breaking all previous records.

Mr. Long, who has acquired the Keyes ranch, is a brother of Mr. Long, of El Paso, who is a stockholder in the First National bank, of the Pass City.

The peach crop of the lower Pecos valley is just beginning to ripen in earnest. Some fine fruit has already been brought into the towns and it will be only a few days until the famous peach crop of Carlsbad will begin to appear in northern markets.

The Argus. The fruit this year will be a record, and the quality, with previous years, notwithstanding the severe winter and lack of water for irrigation purposes. The increased amount of rainfall has made the fruit.

The American Book company received judgment from the Emerson-Jackson Drug company, of Carlsbad for \$96.32, on a claim for merchandise. The judgment was taken by default the defendant failing to appear.

PROVISIONS.
Chicago, June 30.—Closing prices: Wheat—July, 95½c; September, 95½c; Corn—July, 65½c; September, 64½c; Oats—July, 33½c; September, 31½c; Pork—July, \$13.62½; September, \$12.75; Lard—July, \$7.77½; September, \$7.47½; Ribs—July, \$7.70; September, \$7.37½.

NINE SHIPS HAVE ALREADY BEEN BURNED

Odesa, June 30.—Up to the present nine ships have been burned.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes Catarrh of the Stomach, which in turn causes the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour eructs, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

RAILROAD NOTES

(From Wednesday's Daily Citizen.)
Claim Agent P. W. Zimmermann, of the Santa Fe, left yesterday for the Grand Canyon on a short business trip.

Colonel J. M. Moore and daughter, Mrs. Bechtler, left last night for California, where they will spend several months at the coast resorts.

Conductor Jesse Miller, of the Santa Fe, having a run out of this city, reported for duty today, after a month's layoff.

Vicent Hicomb, clerk in the local freight office of the Santa Fe, accompanied by his mother returned home last night, after an extended visit to the east.

Thomas Spring, clerk in the yard foreman's office of the Santa Fe at this point, left yesterday for Chicago, in answer to a telegram, announcing the dangerous illness of his father.

It is rumored that S. B. Grimshaw, general manager of the Santa Fe Central railway, with headquarters at Santa Fe, is soon to be married to a popular society belle in the Capital City.

George Harrison, gang foreman at the local machine shop of the Santa Fe, left yesterday for Portland, where he will spend the remainder of the summer, taking in the sights at the exposition.

J. H. Flick & Co., will not build the extension of the Sierra Madre railway. This is regarded as meaning that the extension will not be built—at least for the present, so says the El Paso Herald.

J. W. Orchard, of the engineer corps of the Albuquerque Eastern, was in the Capital City today. Orchard says that work on the road is progressing nicely and that with no hindrances trains will be running in the fall.

F. O. Keyes, for some time telegraph operator in the local offices of the Santa Fe, has been promoted to a trip in the dispatcher's office at San Marcial and left for that point last night to assume the duties of his new position.

The invitations are out for the wedding of C. E. Gaston, a popular clerk in the Santa Fe offices at Winslow, to Miss Mabel Poor, a charming young lady of Boston, Mass., the ceremony to take place in this city at the home of Superintendent R. J. Gibson, of the Winslow division, on Friday, June 30.

Thos. Reelwood says: "W. L. Jones, a traveling man who makes his headquarters at Fort Worth and makes Russell his distributing point for the Pecos valley, was at Roswell a few days and left for Fort Worth, leaving saying he gave some interesting information as to the effect of the line, which he said would build from Roswell, to Amarillo and from there to Roswell, as soon as possible; also that the Texas Central would build from Stamford to Texico."

CHANGES ON THE COAST LINES

Yesterday, G. W. Lupton, who was recently promoted from agent for the Santa Fe at Bakersfield, Calif., to succeed Trainmaster Harry Dixon, of the Winslow division, who resigned recently, assumed his new duties. Dixon has been made trainmaster at Tucson which appointment is effective August 1. In the meantime he will spend a month's vacation at the Portland exposition.

Goggles for Engineers.
There appears to be likelihood of automobile goggles being generally worn by engineers. On the Alton road one of the engineers about two years ago commenced the use of these articles for the protection of his eyes. Since that time a number of engineers on that line have used them and regard them as indispensable for their comfort. The goggles are not only a protection against the dust and cinders, but also against the high wind pressure which, with the ever increasing speed of trains is becoming a serious inconvenience.

ACCIDENT IN THE LOCAL SHOPS

Yesterday afternoon two serious accidents occurred in the Santa Fe shops at this city. One Green, a gang foreman of the boiler shop, while at work on a high scaffolding built around one of the large engines, missed his footing and fell to the floor. His back was severely sprained and for a time he was partially paralyzed. He was at once removed to the Santa Fe hospital in the ambulance of O. W. McNeill. Today he is in the hospital, but is not suffering considerably, but it is not thought that his injuries will prove serious.

Amelio Chavez, a laborer, while engaged in unloading some heavy pipes at the shops yesterday, had two ribs broken by a section of pipe rolling from the top of the pile and pinning him to the ground. It is also believed that he is injured internally. He was removed to the company hospital for treatment.

Santa Fe Creates New Division.

On June 30 the Galveston division of the Santa Fe will be created from that portion of the southern division south of Belville, including the Houston branch and the Cane Belt, with headquarters at Belville, in Austin county, and the headquarters of the Cane Belt at Eagle Lake are to be abolished. The increase in the business of the Gulf, Colorado and Santa Fe railway, as well as the acquisition of the Cane Belt by the Santa Fe, has made the creation of the new division necessary.

Lewis C. Sheets, for the past seven years assistant cashier of the Los Angeles freight offices of the Santa Fe, is a confessed defaulter to the amount of many thousand dollars, and his present whereabouts are unknown.

It is to his wife by a messenger boy in many respects it is the old story of a trusted employee gone wrong through lust of gambling and that absurd confidence first in the deceitful goddess of good luck, and finally in his ability successfully to cover up the shortages when every play went wrong and luck passed him by at every turn.

Word comes from Roswell, Va., that Mrs. F. B. Barnes had given birth to a son. The father is clerk to Roadmaster Elliott at Las Vegas.

Ford F. Harvey, of the Harvey system, passed through Albuquerque last night on his way to the coast. He will spend a few days at El Tor, Grand Canyon.

Superintendent John Stein, of the New Mexico division of the Harvey system, transacted official business in the city yesterday and returned last night to his headquarters at Las Vegas.

Irma Connor, who has been working in the Southern Pacific yard at Lordsburg, for some years, has taken

vision will be filled by E. A. Austin, trainmaster at Topeka.

(From Thursday's Daily Citizen.)
Thos. Cosley resigned his clerkship at the local Santa Fe offices and left yesterday for Kansas City.

Trainmaster Lupton, who succeeded Harry Dixon, of the Albuquerque Winslow division, is in the city on official business.

The Chicago, Rock Island & Pacific railroad has ordered thirty-four new passenger cars from the Pullman company.

W. J. Burke, of Chanute, Kan., was crushed to death Monday afternoon at Caney. He was attempting to couple two freight cars when the accident occurred. He was employed by the Santa Fe Railway company.

David H. Moffatt, of Denver, Colo., has filed suit in the supreme court of that state of Colorado, against the Chesapeake Beach Railway company, to recover \$1,233,800, alleged to be due on a promissory note given in December, 1904, and made payable on demand.

The Union Pacific round house at Cheyenne, Wyo., was destroyed by fire at an early hour Sunday morning, entailing a loss of \$75,000. Five locomotives are reported to have been destroyed, one of them being blown up by an explosion of oil. The origin of the fire is not stated.

John R. Phillips, the general foreman of the Santa Fe shops at San Bernardino, has returned from an extended trip east, during which he spent much time with his parents at Alpena, Mich., also going as far east as Baltimore. He was much benefited in health.

The El Paso Herald says: Today marks a new epoch in the history of the El Paso Northeastern, and for the first time since its trains have been making connections with the Rock Island at Turance, N. M., all trains were on time. The tracks are in such condition that the trains may be expected to make the schedule in the future.

To Put On Ticket Inspectors.

On July 1 the Salt Lake road will put ticket inspectors on its overland trains out of Los Angeles. This system is followed by both the Santa Fe and Southern Pacific out of Los Angeles, and results each year in the taking up of thousands of dollars of transportation that is being wrongfully used. The Salt Lake is already using inspectors on its trains out of Salt Lake, but until now has not placed them on the Los Angeles end.

W. J. Harris has returned to El Paso from Taylor, N. M., where he has been looking after a contract he has on the Dawson railway in that vicinity. When asked by a News reporter if the report was true that the Phillips Lodge people were spending \$20,000,000 in improving that line, he stated that he had no idea how much was to be spent, but that the line was being put in first-class condition in every way, and he was of the opinion that before the work was finished that amount of money would be spent.

EXPECT GOOD REPORT.

Rock Island-Frisco Earnings Said to Have Gained \$750,000.

The earnings of the combined Rock Island-Frisco system for May and June are expected to show over \$750,000 gained in gross, with operating expenses still very heavy. The net will, however, show a very fair increase.

The St. Louis & San Francisco is the most persistent revenue producer in the system. The addition of nearly 1,000 miles to the railroad operated by a big factor in the figures as published, but the system as a whole is doing relatively better than last year. The new divisions are earning their charges, which is about all that can be expected from new lines in new country during the first year.

The disappointing feature is the heavy expenditure for operating the road. It is a fact that a great deal of this comes in maintenance, but it is also a fact that much is lost in conducting transportation.

Signs point to very heavy earnings at the beginning of 1906. It would not be at all surprising if the gain in gross for July and August ran over \$1,000,000 a month.

Until recently the Santa Fe has not made any effort to secure business to Los Angeles and other points in Southern California on account of the Pullman company refusing to make the same rate for sleepers as they did for the Southern Pacific. Since the summer excursions have become so numerous the Santa Fe has reduced the rate to Los Angeles in the winter months, but the same is charged by the Harriman line. They have also compelled the Pullman company to do the same. The Santa Fe passenger men at El Paso claim that they are getting more than their share of the business, out of the Pass City, via Albuquerque.

Santa Fe Creates New Division.

On June 30 the Galveston division of the Santa Fe will be created from that portion of the southern division south of Belville, including the Houston branch and the Cane Belt, with headquarters at Belville, in Austin county, and the headquarters of the Cane Belt at Eagle Lake are to be abolished. The increase in the business of the Gulf, Colorado and Santa Fe railway, as well as the acquisition of the Cane Belt by the Santa Fe, has made the creation of the new division necessary.

Lewis C. Sheets, for the past seven years assistant cashier of the Los Angeles freight offices of the Santa Fe, is a confessed defaulter to the amount of many thousand dollars, and his present whereabouts are unknown.

It is to his wife by a messenger boy in many respects it is the old story of a trusted employee gone wrong through lust of gambling and that absurd confidence first in the deceitful goddess of good luck, and finally in his ability successfully to cover up the shortages when every play went wrong and luck passed him by at every turn.

Word comes from Roswell, Va., that Mrs. F. B. Barnes had given birth to a son. The father is clerk to Roadmaster Elliott at Las Vegas.

Ford F. Harvey, of the Harvey system, passed through Albuquerque last night on his way to the coast. He will spend a few days at El Tor, Grand Canyon.

Superintendent John Stein, of the New Mexico division of the Harvey system, transacted official business in the city yesterday and returned last night to his headquarters at Las Vegas.

Irma Connor, who has been working in the Southern Pacific yard at Lordsburg, for some years, has taken

a position on the Ariz.-Ar. & New Mexican road, and moved his family to Chino, Mr. and Mrs. Connor will be greatly missed in Lordsburg.

The Santa Fe Railway company has decided that so far as possible Sunday shall be a day of rest for its employees. All freight crews have been instructed to get into their terminal point on Saturday night, if possible. Nothing but the regular and absolutely necessary traffic will be done on Sunday.

E. N. Clark and W. W. Field of Denver, attorneys for the Denver & Rio Grande railroad, and who argued their side of the question in the case of the Arizona & Colorado Railway company vs. The Denver & Rio Grande Railway company, which was heard by the supreme court at Santa Fe, have returned to Denver.

The Las Vegas Optic says: Engineers Rhodes and Cahill and Firemen Stacey and Millison have returned from Albuquerque, whether they had been sent from the second district to help out with the freight traffic this way. On account of the indisposition of engineers in Albuquerque, they worked their way back at the throttle and the aceop.

It is rumored in railroad circles on what seems to be the best of authority that W. J. Lucas, station agent in Las Vegas, has been tendered the Santa Fe agency at Pueblo, Colo., a high compliment to his ability and integrity. R. J. Woodward, agent at that city, has been appointed trainmaster, succeeding J. Kurn who has come to Las Vegas in that capacity.

THE SANTA FE HAS ENORMOUS PAY ROLL.

James Moore, paymaster of the Atchison, Topeka & Santa Fe road, has furnished his report, showing the number of employees and the amount paid out by the company on its pay roll for May. The number of persons employed by the Atchison, Topeka & Santa Fe in May was 28,500, and the amount of wages received by them was \$1,000,000. This includes the salaries and wages of all officials and employees, from the general manager, to water boys and messengers. It does not take in the salaries of the president and other executive officers, who, headquarters are in Chicago.

"The pay roll," says Mr. Moore, "that in May the road had more persons in its employ and paid out more money to employees than any other month in its existence. We believe that June will be even larger than May."

Stickney Predicts Prosperity.

President Stickney, of the Chicago Great Western predicts great prosperity for the railroads and the country generally. He says:

"We in the railroad world can read already the handwriting on the wall, and the roads will soon begin preparations for handling the traffic expected if the sun shines and the rain falls as it usually does during July and August. Of course, none of us is a prophet, but there are certain sure signs of prosperity looked for by the heads of the commercial world, and those signs are very visible."

THE POPULARITY OF WELLS

Attorney J. G. Fitch, of Socorro, was in the city last evening to meet Mrs. Fitch, who returned from a visit to her parents in Michigan, and together they returned home last night. Mr. Fitch had been at Las Cruces attending to legal matters and was coming north on the train, which was wrecked at San Antonio. He says that the brakeman on Conductor Wells' train was so stricken with grief when he learned that his superior had been killed that he cried like a child and screamed "Why didn't it kill me?" Wells had the reputation of being a faithful conductor. He was rather crusty and blunt in speech, but kind hearted, and in the people along the Rio Grande division, who have been riding on his train for years, say that deserving passengers on his train always received the best of care.

NEEDED HIS HAT

A passenger train was due at Alamogordo. It didn't appear and the engineer of a light engine conceived that it would be a brilliant idea to back down on the main track, water his engine and get back on the side track before the passenger arrived. He got to the tank all right, watered his engine and started back. Just then the passenger train hove in sight four minutes late and coming at a rattling clip. Still the engineer of the light engine was on the main track, and he was about to make the switch and back on to the side track before the passenger came up. He missed his guess and the engines met with terrific force.

Back in the Pullmans, Attorney Spiess was sound asleep. The retractor of this incident says that no sooner had the train struck than Mr. Spiess awoke at that juncture and realized his state of disable and replied: "I believe it was looking for my hat."

THE CLEANING CURE FOR CATARRH

Notice is hereby given that on April 13, 1905, the secretary of the interior restored to settlement the public lands in the following described townships which were temporarily withdrawn pending the procurement of an executive order by the secretary of war permanently reserving them for military purposes, and that the said public lands are now open to settlement on April 13, 1905, will become subject to entry filing selection at the United States land office at Santa Fe, New Mexico, on August 21, 1905, viz: Townships 9, 10 and 11 North, Ranges 3 and 4 East, N. M. Mer.

Commissioner General Lands Office. Approved May 6, 1905.
E. A. HITCHCOCK, Secretary.

ADMINISTRATOR'S NOTICE.

Notice is hereby given that the undersigned, administrator of the estate of F. B. Booth, deceased, has filed his final report in the Probate Court of Bernalillo County, Territory of New Mexico, and asked that his said report be approved and be discharged as such administrator.

That the judge of said court has fixed Monday, July 3rd, A. D. 1905, at which time any objections to the approval of said report, and the granting of said discharge will be heard.

WILLIAM C. BOOTH, Administrator of Estate of F. B. Booth, deceased.

THE CLEANING CURE FOR CATARRH

Key and pleasant to use. Contains no toxic or irritating ingredients. It is quickly absorbed. Given freely at once. It is the only cure for Catarrh of the Bladder, Catarrh of the Prostate, Catarrh of the Uterus, Catarrh of the Vagina, Catarrh of the Rectum, Catarrh of the Stomach, Catarrh of the Lungs, Catarrh of the Throat, Catarrh of the Nose, Catarrh of the Ears, Catarrh of the Eyes, Catarrh of the Skin, Catarrh of the Joints, Catarrh of the Bones, Catarrh of the Muscles, Catarrh of the Nerves, Catarrh of the Brain, Catarrh of the Spinal Cord, Catarrh of the Heart, Catarrh of the Lungs, Catarrh of the Liver, Catarrh of the Gall Bladder, Catarrh of the Pancreas, Catarrh of the Spleen, Catarrh of the Kidneys, Catarrh of the Bladder, Catarrh of the Uterus, Catarrh of the Vagina, Catarrh of the Rectum, Catarrh of the Stomach, Catarrh of the Lungs, Catarrh of the Throat, Catarrh of the Nose, Catarrh of the Ears, Catarrh of the Eyes, Catarrh of the Skin, Catarrh of the Joints, Catarrh of the Bones, Catarrh of the Muscles, Catarrh of the Nerves, Catarrh of the Brain, Catarrh of the Spinal Cord, Catarrh of the Heart, Catarrh of the Lungs, Catarrh of the Liver, Catarrh of the Gall Bladder, Catarrh of the Pancreas, Catarrh of the Spleen, Catarrh of the Kidneys, Catarrh of the Bladder, Catarrh of the Uterus, Catarrh of the Vagina, Catarrh of the Rectum, Catarrh of the Stomach, Catarrh of the Lungs, Catarrh of the Throat, Catarrh of the Nose, Catarrh of the Ears, Catarrh of the Eyes, Catarrh of the Skin, Catarrh of the Joints, Catarrh of the Bones, Catarrh of the Muscles, Catarrh of the Nerves, Catarrh of the Brain, Catarrh of the Spinal Cord, Catarrh of the Heart, Catarrh of the Lungs, Catarrh of the Liver, Catarrh of the Gall Bladder, Catarrh of the Pancreas, Catarrh of the Spleen, Catarrh of the Kidneys, Catarrh of the Bladder, Catarrh of the Uterus, Catarrh of the Vagina, Catarrh of the Rectum, Catarrh of the Stomach, Catarrh of the Lungs, Catarrh of the Throat, Catarrh of the Nose, Catarrh of the Ears, Catarrh of the Eyes, Catarrh of the Skin, Catarrh of the Joints, Catarrh of the Bones, Catarrh of the Muscles, Catarrh of the Nerves, Catarrh of the Brain, Catarrh of the Spinal Cord, Catarrh of the Heart, Catarrh of the Lungs, Catarrh of the Liver, Catarrh of the Gall Bladder, Catarrh of the Pancreas, Catarrh of the Spleen, Catarrh of the Kidneys, Catarrh of the Bladder, Catarrh of the
