ANNOUNCEMENT AND PROGRAM

Eddy County Teachers' Institute
Lakewood, New Mexico, Monday, August 17.

CARLSBAD NEW MEXICO, FRIDAY AUG. 14, 1908
NUMBER 39

The announcement is that the teachers of the Eddy County Teachers' Institute, Lakewood, New Mexico, will continue their sessions for the last two days and be laid up by the close of the school year.

I hope that teachers throughout the state will join the Institute and that the Institute will meet the needs of Eddy County during the coming year. The Institute will provide the same information and helpful instructions to the teachers as they would receive from the Institute of their own county. The Institute will be held in Lakewood, New Mexico, at the same place and time as the previous Institute.

I have found that the Institute has been well attended and that the teachers present have found the Institute helpful.

I wish to express my appreciation to all those who have contributed to the success of the Institute.

How Trey Secretly Helped Billy to Win

Billy Farnsworth was so much pleased with the win of Bobbie \[...\]

The two friends were so much pleased with each other that they have decided to meet again sometime and enjoy another game. Billy has invited Trey to his home for a picnic lunch, which he is planning to have in the park next Saturday.

A STAR OF STARS

New Grouping of the Stars in the United States Flag

Alfred T. Mahon

The arrangement of the stars in the United States flag is one of the most interesting features of this country's national emblem. The stars are grouped in a circle, with seven stars in the inner circle and forty-six stars in the outer circle. The arrangement of the stars is not random, but is based on a mathematical formula. The outer circle is divided into nine equal segments, and the stars are placed in the middle of each segment. The inner circle is divided into twelve equal segments, and the stars are placed in the middle of each segment.

MEAL IN OPEN AIR

Dainties Suitable for the Picnic Lunch

Sausages and Eggs

This is a classic combination that has stood the test of time. The sausage is a protein-rich food that is rich in flavor, while eggs are a concentrated source of protein. The two are cooked together to make a delicious and satisfying meal. The sausage is cooked on a grill or in a pan, and the eggs are poached or fried. The combination is perfect for a picnic lunch, as it is easy to prepare and can be enjoyed on the go.

Egg Plants in Two Ways

Boiled or Escaloped, in White or Brown Sauce

A delicious and healthy option, egg plants can be cooked in various ways to suit different tastes. The boiled version is simple and straightforward, while the escaloped version adds a touch of elegance with its white or brown sauce. Both options are rich in nutrients and easy to prepare, making them ideal for a picnic lunch.

How to Make Cold Meat Loaf

Far Better Than Any Water-Ham

A cold meat loaf is a classic dish that is perfect for a picnic lunch. It is made by mixing ground meat with various seasonings, shaping it into a loaf, and then freezing it. The meat loaf should be allowed to defrost before serving, and can be cut into slices and served with a variety of accompaniments, such as vegetables or crackers.
JOHN HENRY
ON
THE BARN STORMERS

BY GEO. V. HOBERT, (Hugh M. H."

The arrival of John Henry on the Battersea Farm in the outskirts of London, England, was hailed with excitement. John Henry, who had become known as the "Barnstormer" due to his daring acrobatics and high-flying exhibitions, had returned to Britain after a successful tour across the United States.

"Not a Cook in the Lunch Basket,"

The Barnstormers had landed at Heathrow Airport and were preparing to start their exhibition at Battersea. A group of10,000 people had gathered to witness the spectacle. The Barnstormers, led by John Henry, were well received and the crowd cheered as they prepared to take to the skies.

"Mik..."

As the Barnstormers took off, the crowd was in awe of the acrobatics and stunts performed by John Henry. The Barnstormers performed a range of stunts, including flips, rolls, and dives, showcasing their skills to the delight of the audience.

"Mill..."

The Barnstormers returned to the ground and the audience was left with a sense of wonder and excitement. The Barnstormers' performance had been a huge success, and they were already planning their next exhibition.

"The Probator of That Horse;"

John Henry received a special welcome as he returned to Battersea. His return was celebrated with a parade and a special reception at the farm.

"The Need of a Taxi;"

With the Barnstormers' exhibition complete, John Henry and his crew were left to contemplate their next adventure. They had enjoyed their time in England, and were eager to return to the United States and continue their tour.

"Tale of the Far North;"

John Henry and the Barnstormers had traveled far and wide, and their adventures continued. They were planning their next exhibition, and were already looking forward to the challenges that lay ahead.

"Peter a Popular Name;"

The Barnstormers' journey had been filled with excitement and adventure, and they were grateful for the opportunity to perform in front of such a large audience.

"Is Candidate for Governor;"

With the Barnstormers' tour coming to an end, John Henry and his crew were left to consider their next move. They were already planning their next exhibition, and were eager to continue their tour and share their skills with the world.

MAKING ICE CREAM

PROCESSES NOT DIFFICULT WITH PROPER CARE

Having Correct Proportions of Ice and Salt is a Necessary-Failing Point Is Also Important

The Homemade sugar made at home is not only as good as store bought, but often better. A whole gallon of milk is not used to make the ice cream, but only six quarts. The milk is put in a large pan and set out in the ice box for a few minutes. When it is thoroughly frosted, it is removed and divided into two portions. These portions are then covered with the sugar and placed in the ice box. The salt is added to the second portion and the process is repeated until the ice cream is done. The second portion is then taken out and blended with the first portion, and the result is a delicious, creamy ice cream.

INDIANAPOLIS WOMAN HAS MANY TRANSFORMATIONS

For the Third Time Remarkable Vanishing Act Performed in Woman's Forehead

Indianapolis, Ind. For the third time in her life of 26 years, the wife of the late Lieut. Col. M. W. McDonald, Mrs. Mary McDonald, has vanished from the face of the earth, leaving her disappearance unexplained. This time, however, the disappearance was observed by a number of people, who claim to have seen her "pass through" a wall.

Mrs. McDonald was last seen alive on the afternoon of the day before the disappearance. She was in the kitchen, preparing a meal, when she disappeared. The kitchen was empty when her husband returned from his daily walk. The disappearance was noticed by several neighbors, who were surprised to see Mrs. McDonald appear in a nearby window. When questioned, Mrs. McDonald said that she had been "passing through" the wall.

It is believed that Mrs. McDonald has obtained the ability to "pass through" walls by some means unknown to science. It is believed that she has been able to do this for several years, and that she has been using this ability to escape from unpleasant situations.

ART TREASURES DISAPPEAR

Rome Gossip at Once Corrects Forty Years Old Error

Rome, Italy. A very interesting fact, which is of importance in the history of art, was recently discovered by a Roman antiquary. It is the discovery of a lost treasure, which was believed to have been lost for forty years.

The treasure is a collection of Roman art, which was discovered in a vault in the Palazzo Farnese. The vault was opened by an excavator, who was working on the site of the Palazzo Farnese. The excavator discovered a number of Roman statues, which were believed to have been lost.

The sheep owners of Eddy Stephens' court house last Saturday at 2 P.M., and organized an effective association of sheep men, by joining together the association formed in Russell, two weeks ago. The meeting was presided over by A. D. Garrett, president of the association known as the Claves Sheep Breeders Association, but which on motion was changed to the Focus Valley Wool Growers Association. The by-laws were read by A. D. Garrett, president; Eliza White, secretary, and an agreement was reached among the sheep men all of whom signed a contract, to feed $100 to the association, to pay any advances made to breeders or other help, or any purchase made by the association, to the respective breeders who had paid to the herdsmen. The meeting was adjourned by Bernard de Bremond, and Eliza White, of Carlsbad, Harry Garrett, Alcide C. C. Harbert, of Monument; A. C. Leek, L. Hur- ped, Dr. Echeterberry, Michel Barnone, F. E. Bryant, and John Jenkins, of Carlsbad; Jack Bus- leen, representing the Rom- ney, Bra- ces and Cosenza sheep of the town. Mr. of the town. All the sheep owners of the county purchased the Genesee sheep for by proxy. The sentiment against raising standard sheep breeds was very strong, there being a number of dissident voices agreeing that something must be done to stop the custom which has grown to be a serious danger to the interest of the committee was appointed to file a petition to the legislature, and at the end the bill will probably be the best attended of any yet. LIGHT UNDER A BACHET.

New Some Years Nighted to the Pr. in Opp丽tunity.

The severe weather that has continued to prevail has enabled the farmers to take advantage of their opportunity for improvement and with a view to the future.

The position of the Great Depression has not been an easy one for many of the farmers. They are finding it difficult to make a living, and the conditions of work are not as good as they would like. However, the farmers are determined to persevere and are working hard to improve their farms.

The Farmers Development Corporation, near the old Tracy orchard, which has been cleared, planting, and preparing 150 acres of land for the market this fall, Mr. A. F. Smith, has secured a contract to sell the produce to the Farmers Development Corporation.

The project is an excellent one and will be of great benefit to the local community. The produce will be of high quality and will be sold at reasonable prices.

REAL ESTATE DEALERS CARLSBAD, N. M.

an agricultural and horticultural exhibit consisting of the actual farm products from Kansas to California and farming scenes in 150 photographs 16 by 20 inches, 2,500 photographs 8 by 10 inches and thirty transparent paintings on glass, 20 by 24 by Miss Maejorie Taylor, the artist who recently visited Roswell. In the other building will be the manufactured products from along the lines of the Santa Fe. The railroad will also outline its hotel, the Alvarado, with electric bulbs, 4,500 in number, and surround it with a noble colored trademark of the road, also in electric bulbs. This company has arranged for the sanitary care and supply of 250 special Pullman coaches as sleeping quarters for visitors, increased baggage and depot facilities, and it will spend $35,000 on the exposition, in addition to its gifts in transportation for exhibits, etc. The Garden City, Kansas, district will have a sugar beet exhibit, with a small sugar beet farm and beets in all stages of growth, green and growing.

Holly, Colorado, will have a sugar beet factory, in miniature, made of beet sugar.

Rocky Ford and a dozen or more other Colorado towns will have individual exhibits.

The Salt River Valley, of Arizona will have an immense exhibit and two carloads of fresh fruit to give away, an ostrich farm and other features.

The San Joaquin Valley of California will have a big exhibit and three cars of fresh fruit for distribution, also dates and other such fruits in souvenir packages to present to the visitors.

The Yakima Valley, of Washington, will have a large fruit exhibit and will give away six carloads of fresh fruit.

Many sections of New Mexico will be represented with exhibits.

These are among the exhibits that will be seen at the exposition, and give some idea what the Pecos Valley will have to contest with. The people here, some of them, do not seem to realize that the exposition is a great show, one in which the Pecos Valley can make a great reputation or lose what they now have. It is up to the people to assist as much as possible in getting the valley exhibits ready at once, and to make it a good one.

Mr. Wilson and Secretary J. A. Graham, of the Commercial Club, will take a trip down the valley today or tomorrow to ascertain what the people of the lower will do toward sustaining the Pecos Valley's reputation and to show the thousands of visitors that this section of New Mexico is in good condition for statehood.
