It has been accepted for inclusion in Board of Regents Meeting Minutes by an authorized administrator of UNM Digital Repository. For more information, please contact disc@unm.edu.
THE MINUTES OF THE MEETING OF
THE REGENTS OF THE UNIVERSITY OF NEW MEXICO
June 8, 1960

The Regents of the University met at 2:30 PM on Wednesday, June 8, 1960, in the Council Room of the New Mexico Union.

Present: Mr. Finlay MacGillivray, President
Dr. Ralph R. Lopez, Vice President
Dr. Lawrence H. Wilkinson, Secretary-Treasurer
Mrs. J. P. Brandenburg
Mr. Howard C. Bratton

Also present: President Tom L. Popejoy
Mr. John N. Durrie, University Secretary
Mr. Vic Lindsey, Albuquerque Journal

Mr. MacGillivray called the meeting to order and extended the cordial welcome of the Board to its new member, Mrs. J. P. Brandenburg of Taos.

A list of candidates for degrees to be awarded at the Commencement Exercises on the evening of June 8, 1960, was presented to the Board. The list had been approved by the Faculty on June 6 and was recommended by that body to the Regents for their approval.

---

After a few words of explanation by President Popejoy relative to several new degrees and to the procedure of approving candidates for degrees prior to their presentation to the Regents, it was moved by Dr. Lopez, seconded by Dr. Wilkinson, that the foregoing list be approved. Carried.

* * * * *

**New Stadium**

The following statement of cost (either paid or committed) of the new stadium, as of June 1, 1960, was presented to the Regents by President Popejoy:

<table>
<thead>
<tr>
<th>Description</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Universal Grading Co. -- Phase I</td>
<td>$31,899.84</td>
</tr>
<tr>
<td>George A. Rutherford, Inc. -- Phase II</td>
<td>296,900.00</td>
</tr>
<tr>
<td>George A. Rutherford, Inc. -- bid for Phase III</td>
<td>238,135.00</td>
</tr>
<tr>
<td>W. C. Kruger &amp; Assoc. (actually paid) -- 6%</td>
<td>26,250.00</td>
</tr>
<tr>
<td>Physical Plant Dept. charges -- Preparation of field</td>
<td>15,369.64</td>
</tr>
<tr>
<td>Lighting Estimate as per Mr. Fifield's recommendation</td>
<td>40,642.63 *</td>
</tr>
<tr>
<td>Additional architectural fees -- 6%</td>
<td>11,619.34</td>
</tr>
<tr>
<td>Less estimated sale price of bleachers</td>
<td>75,000.00</td>
</tr>
<tr>
<td></td>
<td>$585,816.45</td>
</tr>
</tbody>
</table>

*Since the combined low bids for lighting, as accepted by the Regents, amounted to $38,910.23 instead of the estimated figure of $40,642.62, the total should be reduced from $585,816.45 to $584,084.05.*
It was explained that Phase III of the stadium construction included a press box, ticket booths and concession stands, restroom buildings, a building to house equipment and locker rooms, installation of water, gas, and sewer lines, electrical work, fencing, and gates. The low bid for this work, including alternates for light pole foundations and concourse paving, was submitted on May 31, 1960, by George A. Rutherford, Inc. in the amount of $238,135.00.

President Popejoy said that a September 1st completion date for Phase III was entirely feasible. He estimated that the paving of parking lots by the Physical Plant Department would cost approximately $1.00 per square yard, figuring nine or ten square yards per car, but that the work would be set up as a reimbursable item, with expenses being offset by rental of parking space. Mr. MacGillivray suggested that the scoreboard be placed on top of the north building (locker rooms and equipment) rather than at the south end of the field to eliminate the need for extensive electrical conduits.

Bids for a floodlighting system at the new stadium were also examined by the Regents. After discussion, it was moved by Dr. Wilkinson, seconded by Dr. Lopez, that the combined low bids for lighting -- $38,910.23 -- be accepted. Carried.

It was then moved by Dr. Lopez, seconded by Mrs. Brandenburg, that the low bid of George A. Rutherford, Inc. for Phase III, including the two alternates be accepted. Carried.

* * * * * *

In accordance with a request made by the Regents at their September 19, 1959 meeting, an interim report on long-range plans for the University's Taos County properties -- largely the D. H. Lawrence Ranch -- was submitted by the Extension Committee. The major recommendations made by the Committee follow herewith:

As a result of extensive inquiry into the development of the D. H. Lawrence Ranch, the Extension Committee recommends the following:

It is the general consensus of opinion that the University of New Mexico continue to develop the D. H. Lawrence Ranch property as funds become available for that purpose.

The committee prefers that a long-range plan for the property be developed, using procedures similar to those used on the University campus. This long-range plan should meet with the approval of the Board of Regents and the Faculty. Until a long-range plan is adopted, the committee recommends that expenditures for the D. H. Lawrence Ranch be kept at an absolute minimum. This does not mean that opportunities to secure surplus material for future development of the Ranch or for obtaining private contributions or grants should be overlooked.
The committee suggests that first priority be given to developing the area as a place where faculty members can spend their vacation time, if they wish. Secondly, consideration should be given to the development of the area as a conference and institute center and as a headquarters for field schools. Full recreational potentialities should be explored.

The committee suggests that the long-range plan should take into consideration the present utilization of the D. H. Lawrence Ranch. Present commitments by the English Department, Philosophy Department, etc., should be honored and not impeded by future development.

Finally, the committee should also like to go on record as commending Buildings and Grounds for their efforts that they have already made in gathering materials to be used for improving the Lawrence Ranch.

Dr. Wilkinson expressed the opinion that the ranch would be a valuable place for the preservation and study of New Mexico animal and plant life, and he urged that the Biology Department be consulted in this regard.

No official action on the report being required, it was agreed by the Regents that the Extension Committee should continue its studies, in conjunction with the Harwood Foundation Board.

* * * * * *

Amendments to Constitution of Associated Students

A memorandum from Dr. Sherman E. Smith, Director of Student Affairs, concerning three proposed amendments to the Constitution of the Associated Students was presented to the Regents. The memorandum reported that these changes had been approved by vote of the student body and by the University Faculty. It was also reported that two other proposed amendments had been disapproved by the Faculty.

It was moved by Mr. Bratton, seconded by Dr. Lopez, that the changes in the Student Constitution, as enumerated below, be approved. Carried.

Amendment No. 1. The Constitution shall be amended to read as follows:

ARTICLE V. Judicial Branch

Section 1. Judicial Function

The judicial power of the Associated Students, with the exception of impeachment, shall be vested in the Student Court and such inferior judicial committees as the Student Court may create. All suits between branches of the Student Government shall be decided in the Student Court. The Court shall have exclusive power of interpretation of the Constitution of the Associated Students.
Section 2. Composition and Qualifications of the Court.

The Student Court shall be composed of one Chief Justice and four Associate Justices who (1) shall have been in residence at the University of New Mexico for at least two semesters, (2) shall have at least a 1.5 aggregate grade point average, and (3) shall be of at least junior classification; and one graduate adviser from the School of Law. This adviser will have no vote.

Section 3. Procedure of the Court

Paragraph d. If there is a vacancy of three or more Justices, the remaining Justices may act in administrative and non-judicial matters subject to later approval by the entire Court once the new Justices have been appointed and approved.

Change present paragraph (d) to paragraph (e)

Section 5. Impeachment

(a) The judicial power of impeachment of all student officers and the trial of impeachment shall be reserved to the Student Senate.

(b) The procedure shall be as follows:

1) A student officer may be impeached by a simple majority vote of the senators present at any regular meeting of the Senate; the impeachment being carried out in accordance with the Senate's normal parliamentary procedure.

2) The power and functions of an officer who has been impeached shall be suspended pending the decision of the Senate.

3) Following the impeachment, the President of the Senate (or the President pro-tem of the Senate, if the President of the Senate has been impeached) shall appoint a committee of Senate members to prosecute the impeached officer.

4) The trial of the impeached officer will be presided over by the Chief Justice of the Student Court and must be held at the next regular meeting of the Senate. In the event that the impeached officer is not tried at the next regular meeting of the Senate, the impeachment will be declared null and void.

5) A two-thirds vote of the senators present shall be required to remove an officer from office.
Amendment No. 2. The Constitution shall be amended to read as follows:

ARTICLE IV

Section 2

d) An aggregate grade point average of 1.4 shall be required in order that a student may be eligible for election to the Student Council.

Amendment No. 3. The Constitution shall be amended to read as follows:

ARTICLE V

Section 6

Line 5: Change the word judicial to disciplinary.

* * * * *

President Popejoy reported that the proposal for changes in the policy governing the employment of faculty members (this item was included in the agenda sent to the Regents) had been referred back to the Policy Committee by the Faculty and that action concerning this matter would therefore be postponed.

* * * * *

The Regents considered a memorandum from Mr. J. C. MacGregor, Director of Admissions and Registrar, and chairman of the Faculty Committee on Entrance and Credits, relative to the following recommendation from the Committee:

"That the General Faculty be asked to recommend to the Regents of the University that they go on record as favoring enforcement for New Mexico resident graduating high school seniors of the present catalog regulation which reads: 'The minimum qualitative requirement for admission to the University is a grade average of C in previous academic work.'"

President Popejoy reported that the recommendation had been approved by the Faculty at its June 6th meeting. He commented that the requirement would not be completely inflexible in that an applicant whose average grade falls below a C-average may appeal to the Entrance and Credits Committee (which has designated Mr. MacGregor to act for them in this regard). He also expressed the feeling that the regulation would have a salutary effect upon the high school grades of potential applicants from New Mexico.

After further discussion during which the Regents generally agreed that the requirement not only had much present value but would be a necessity in the near future, it was moved by Mr. Bratton, seconded by Dr. Wilkinson, that the recommendation of the Faculty be approved. Carried.

* * * * *
The Chairman referred to the various negotiations relating to the financing and construction by Winrock Enterprises, Inc. of a shopping center and related facilities on land owned by the University in Albuquerque. He referred in particular to the lease between the University and Winrock Enterprises, Inc. dated March 3, 1959 and the lease between the same parties dated May 12, 1960 covering Parcel A of the shopping center site and reference was made to that Supplemental Agreement dated May 25, 1960. After reviewing these instruments and the execution of the same by the President and the Secretary of the Board of Regents of the University of New Mexico and after discussion and upon motion duly made and seconded, the following resolution was unanimously adopted.

RESOLVED that the form and content of the leases between the Regents of the University of New Mexico and Winrock Enterprises, Inc. dated March 3, 1959 and May 12, 1960 and of the Supplemental Agreement dated May 25, 1960 be, and the same hereby are, approved and that the execution of those instruments by the President and Secretary of the Board of Regents of the University of New Mexico be, and the same is, in all respects, ratified, approved and confirmed.

Additional faculty contracts and one resignation were presented to the Regents as follows:

II. Resignation

Evans, Arthur R., Jr., Instructor in French, to accept a teaching position at University of Notre Dame, effective June 30, 1960.

Upon the President's recommendation, it was moved by Dr. Wilkinson, seconded by Mr. Bratton, that the above contracts and resignation be approved. Carried.

President Popejoy informed the Regents that a detailed study of the operations of the Printing Plant was in progress. He estimated tentatively that the University might save as much as $20,000 annually by closing the plant and submitting its printing to outside firms. Many University departments, he said, are now having their printing jobs done by offset, which is unavailable at the UNM plant, and a number of departments have expressed dissatisfaction with the plant's high prices while admitting that convenience and high quality of printing were in its favor.

After discussion, it was moved by Dr. Wilkinson, seconded by Dr. Lopez, that President Popejoy proceed with his study and that he be authorized to close the plant during the summer if, in his judgment such a move is warranted. Carried.

The status of the Weil property at 1421 Las Lomas Road, N. E., a recent bequest to the University, was considered by the Regents. It was generally agreed that the President should consult with the University attorneys to see if it is possible, according to the terms of the bequest, to sell the property to other than faculty members to the end of realizing the best possible sales price.

The President reported further on the matter of the 1959-60 audit, commenting on the University's substantial time investment in the present firm of auditors. Accordingly, the Regents authorized him to negotiate further with the State Auditor.

* * * * * *

A date for the July meeting was not determined except that it would probably be held during the latter part of the month.

* * * * * *

The meeting adjourned at 4:50 PM.

Approved:
