A GOOD TICKET, TOP TO BOTTOM

Says Governor Mills, at Same Time Praising San Miguel's Choice

MILLER BACK FROM CHICAGO

Roosevelt County 1911 Assessment Shows Approximate Loss of \$69,188.

Governor William J. Mills was back at his desk this morning after attending the Republican convention at Las Vegas. The governor received many callers. To the representative of the Santa Fe New Mexican he said: "I think the ticket named by the Republicans in convention at Las Vegas is a good one. Yes, good from top to bottom. Of course, as a San Miguel county man, I naturally favored a San Miguel candidate for governor, especially when that man was Secundino Romero, whom I have known so long and so favorably; a man who for twelve years was clerk of my court when I was on the bench. I think Mr. Romero would have made an excellent governor just as he will make a splendid secretary of state. I am confident that the entire ticket, as named, will meet with the approval of the majority." The governor was pleased at the way his home city, Las Vegas, which is so up-to-date in many ways, entertained the delegates and visitors.

For the Treasury.

Territorial Treasurer M. A. Otero has received the following sums for the treasury: Cleofes Romero, supervisor of the penitentiary, convict's earnings, \$326.60; Charles P. Downs, clerk of the sixth district, clerk's fees, \$552.95; Jacobo Chaves, insurance commissioner, \$175; Game and Fish Warden Thomas P. Gable, \$14.25.

Notaries Appointed.

Governor Mills has appointed the following notaries public: Benito A. Romero, Rio Pueblo, Taos county; J. M. Peacock, Roswell, Chaves county; William E. Lerman, Las Cruces, Dona Ana county; Walter B. Hoke, East Las Vegas, San Miguel county; William A. Palmer, Aztec, San Juan county; Doroteo Cortez, Cerro, Taos county.

Roosevelt Shows Loss.

Traveling Auditor John Joerns has received the tax roll from Roosevelt county which shows a net loss of \$69,188 compared with that of last year. The taxable property in 1910 was \$1,333,234, and in 1911 \$1,264,046. In the increase column are agricultural lands \$25,331; sheep \$3,372; stock in banks, \$10,635. In the decrease column are improvements on city lots, \$16,858; saw mills, \$22,168; horses, \$20,832; cattle, \$10,057; carriages, \$9,376; household goods, \$12,103.

Mr. Miller Back.

Territorial Engineer Charles D. Miller is back from Chicago where he went on business connected with the Carey Act. He called on some of the great bonding and irrigation companies which are much interested in New Mexico since statehood was granted. On his way back he stopped at Las Vegas where he inspected the Las Vegas and Santa Fe road and the Mineral Hill road, as well as the Canfield irrigation dam.

RISE ON STOCK EXCHANGE IS CHECKED.

Unexpectedly Large Offerings Depress Prices—Copper Group Is Chief Sufferer.

(By Special Leased Wire to New Mexican) New York, Oct. 2.—Unexpectedly large offerings of stocks checked, a rise which made considerable progress early today. Continuation of the gold export movement which began last week was of unfavorable sentimental effect.

War news from abroad was unneeded and the Harrison stocks were not affected by the strike on those roads. The pressure against the market was not relieved in the second hour and prices sagged steadily. United States Steel, St. Paul, Reading, Southern Pacific, Amalgamated Copper and Atchafalpa sold 1-2 to 3-4 below last week's close and other active issues smaller fractions.

The large falling off in the September exports of copper had an unfavorable influence on the copper group. Bond transactions contracted to moderate proportions and the prices were firm.

New York, Oct. 2.—The list moved within the narrowest limits during the noon hour with prices about the low level. The close was steady, quotations recovering to Saturday's closing.

CONCERT AND MASS MEETING.

This evening from 7 to 9 o'clock there will be a complimentary concert in the Plaza to the visitors. At 8:15 p. m. in the Hall of Representatives, Congressman William Sulzer of New York, will address a mass meeting to which every one is invited.

TURKISH-ITALIAN WAR EVENTS

Tripoli Not Yet Bombarded, but Two Torpedo Boats Are Sunk

GERMANY OFFERS TO ARBITRATE

It Is Likely That Its Proposals Will Be Accepted by Both Nations.

(By Special Leased Wire to New Mexican) The outstanding feature of the Turkish-Italian war news today is the attempted mediation of Germany, the success of which appears more probable in the light of the statement made at the German foreign office today that a report that the German ambassador at Constantinople had presented Italian proposals for peace was "premature," indicating that such proposals were expected.

Cable communication with Tripoli remains cut off but the city had not been bombarded up to Saturday, midnight, according to refugees arriving in Malta this morning. This appears to confirm the report from Italy that the bombardment was delayed pending peace proposals.

On the other hand, a dispatch from Constantinople says Feti Pasha, former Turkish minister to Serbia, has been named commander of the troops mobilizing to defend the coast of the Adriatic.

A dispatch from the island of Corfu off the Albanian coast says two Turkish torpedo boats were sunk and a third captured off Gumenitza by the Italian patrolling fleet.

Tripoli Occupied.

A semi-official statement from Athens says Greece has been notified by Constantinople that the Turkish military movements on the frontier are not directed against Greece.

It is reported from Malta that a British cruiser received a wireless dispatch saying that Tripoli had been occupied by the Italians.

Conflicting Reports.

London, Oct. 2.—The strict Italian censorship is keeping the world in the dark in regard to the progress of events in the Mediterranean. From Italy, itself, Tripoli, Turkey, and the seas where the Italian navy is operating, conflicting reports continue to come in.

One cablegram announced definitely that Tripoli had been bombarded and occupied. Another said that no attack on the city had been made. Only one thing is certain and that is that the Italians had not attacked the town up to midnight Saturday, for had they done so, their guns would have been heard on the steamer Castlegarth, which left Tripoli shortly before that hour and arrived at Malta this morning.

Turkish Forts Destroyed.

The reports as to the situation at Preveza are equally conflicting. Turkish officials here confirm a news dispatch saying the forts had been destroyed and 1,600 troops landed; while Italy gives an emphatic denial of the report saying the Italian government had no intention of resorting to acts against the territorial status of Turkey in Europe. It is believed that what actually happened was that the Turkish vessels in the vicinity were scattered and the forts destroyed to prevent raids on the Italian coast shipping. Probably this was sufficient for the population, as one cable says, that the Turkish operators deserted the place as soon as the bombardment was begun.

Turkish Transports Captured.

Europe is greatly relieved at the receipt of news that Turkey has assured Greece that she has no intention of attacking her as had been rumored. The success of the Italian blockade of the Tripoli coast from Tunis to Egypt and her scouring of the seas is shown in the arrival of two captured Turkish transports at Taranto and Brindisi respectively.

War Will End Soon.

The dispatches about the sinking of gunboats probably all refer to those engaged off Preveza. The impression prevails that the hostilities will be of brief duration. It is believed that Turkey, finding herself unable to dispatch troops to Tripoli, will accept the mediation of Germany.

WILLIAM SULZER HERE; WILL SPEAK TONIGHT.

Noted New York Congressman Is Welcomed by Both Democrats and Republicans.

Representative William Sulzer, former speaker of the New York legislature and Democratic candidate for governor at New York, in 1896 and 1906, arrived in the city today and will speak at the Capitol at 8:15 this evening.

This morning Mr. Sulzer was entertained by W. Bayard Cutting, a life-long friend, and will dine with the Cuttings tonight at the home of Bronson M. Cutting on Buena Vista Lane. This afternoon Mr. Sulzer met many of the Democratic and Republican leaders at the Palace hotel.

Mr. Sulzer is an orator of unusual ability and his friends who have heard him speak declare that his address will be one of the best of the season.

TWO HUNDRED DEAD AT AUSTIN

The First Estimate Was Too High, But Horror Is Great

CARLOAD OF COFFINS ARRIVE

Health Officials Now Realize That Conditions Demand Prompt Action.

(By Special Leased Wire to New Mexican) Austin, Pa., Oct. 2.—With the arrival of a carload of coffins here this morning, the grimness of the tragedy which has practically obliterated this town was impressed on the survivors, who today began anew their efforts to mine deeply into the hard hills of debris. Twenty victims, including two at Costello, had been placed in a temporary morgue at Odd Fellows hall, one of the few buildings standing in the ruined district.

The identified dead are twelve. Plans for the funerals were being made today. If the death list aggregates anything like the enormous number some have estimated, the health officials realize that conditions demanding prompt attention will arise within a few days in the ruins. The most careful and well informed investigators, however, are unprepared to learn that more than two hundred have perished.

Deafening and Appalling.

There is, indeed, a possibility that 150 will be the total. There is little hope that any of the bodies remaining in the wreckage will be found intact. The policing conditions today are practically perfect.

The aspect of Austin, Costello and the valley beyond today is as dreary as it is appalling. The towns are pictures of desolation. The valley side hills in which they lie are still littered by the shattered homes of their people and the remnants or prosperous places of business and manufacturing plants.

Loss Eight Millions.

No reliable estimate of the property loss can be made soon, but it is safe to say it will not be less than \$8,000,000. This paper and lumber industries are utterly destroyed.

Below the torn dam today the valley for a mile or more is swept practically clean to bedrock and Freeman's Run, the reservoir feeder, swollen by last night's rains, is sweeping through new channels where the main business portion of the town once stood.

Costello in Ruins.

Costello, three miles away, is proportionately as shattered as Austin. Only the loss of the flood's momentum and the timely warnings given by operators who risked their lives to do so, held the death list to two.

Persons Arrested for Pillaging.

Harrisburg, Pa., Oct. 2.—State health commissioner Dixon telephoned from Austin today that eighty bodies had been recovered and 22 persons rescued from the ruins. The flood and housing supplies are ample. State police arrested ten persons for pillaging.

Had Ties Cut Off.—J. A. Rohrs, who apparently was sleeping off an over-indulgence in spirits, laid down to sleep alongside the Santa Fe tracks within the city limits and when Train No. 9 came along last night it cut off his big toe and another toe of the left foot. Conductor Quigley ran back when the train stopped and found the man alongside of the track. He was taken to the St. Vincent's hospital.

SIX POISONED WITH STRYCHNINE

Prominent Spanish-American Citizens of Texas Town Assassinated

WERE FOUND DEAD IN CAMP

They Had Gone Out to Bring in the Body of Countryman at Ranch.

(By Special Leased Wire to New Mexican) Sanderson, Texas, Oct. 2.—Six prominent Mexicans of this place were poisoned yesterday on the old Campbell ranch, twenty-five miles northwest of here.

They had gone out to take charge of the outfit of Juan Moreno, who was found dead in his camp in that section. It is presumed he was poisoned with strychnine placed in his flour, but on account of the condition of his body when found, it was not determined what had killed him.

The dead men were all prominent citizens of this place, several being Masons, and one a Baptist preacher. Four died last night and two this morning. They were Teodoro Moreno, Pedro Mase, Mateo Huelsa, Pancho Moreno, Florin Guerra, and Ignacio Bravo. Another man who accompanied the party, Manuel Bustamante, refused to eat any of the food prepared at the dead man's house and is the only one surviving.

MADERO HAD NO OPPOSITION

His Election to Presidency Yesterday Was Almost Unanimous

REYES RECEIVED A FEW VOTES

Vice-Presidential Election Uncertain and May Be Thrown Into Congress.

(By Special Leased Wire to New Mexican) Mexico City, Mex., Oct. 2.—The returns from yesterday's elections coming in slowly, indicate that General Madero has received a practically unanimous vote for the presidency. A few of General Reyes' partisans voted because of their leader's withdrawal, and Madero was the only remaining candidate who had been regularly nominated.

No vice presidential candidate seemingly had a sweeping majority. The belief is strengthened that no candidate will be able to show a clean majority. This would throw the election into congress.

DEMOCRATS COME BY EVERY TRAIN

Five Hundred Delegates Expected for Opening of Convention Tomorrow

SULZER STARTS FIREWORKS

Brilliant New York Congressman Will Speak at Capitol at 8:15 To-night.

With about half of the 300 Democratic delegates in the city and keen enthusiasm over the news that San Miguel county is sending three times its allotted number, giving each delegate one-third a vote and Chaves sending twice its number, allowing each a half vote, the city of Santa Fe is already taking on a real, live convention and indicates that a large number of people will turn out to hear the campaign opened at the capitol tonight by Representative William Sulzer, the fiery New York orator and twice candidate of Democracy for governor of the Empire state.

Pennants waving in the breeze which qualified for the title of "cyclone" near the Santa Fe depot this afternoon, and the bunting which decorated so many houses and stores, as flags waved from the windows, expressed to the delegates the welcome all Santa Fe regardless of political beliefs, extends.

Automobiles galore were freely lent to bring the delegates from the depots to the hotels in the city but the Chaves delegation walked in long files, their black badges with gold letters striking the eye of everyone.

Besides the number of delegates who arrived last night and at noon, the afternoon train, delayed nearly two hours, brought in a hundred or more tall, brawny and sunburned delegates with broad smiles on their countenances from Chaves, Eddy, Curry, Dona Ana, Sierra, Grant, and Bernalillo.

The northern counties will be heard from later in the afternoon and to-night more delegates will arrive. It is expected by Mayor Seligman, chairman of the Santa Fe county committee that no fewer than 500 will be here for the opening of the convention tomorrow. A complete list of the delegates could not be obtained today, but those whose names are known are printed, while the others will be printed tomorrow. So many delegates will be here that it is doubtful if there will be room in the Hall of Representatives for visitors.

Central Committee Meets.

Shortly after 3 o'clock the Democratic Central Committee was called to meet at the assembly room of the Old Palace instead of the capitol. The meeting was to form a temporary organization for the convention and temporary roll call. It is said that there are no contests to interrupt the proceedings.

Five for Governor.

This afternoon as the delegates are shaking hands and smoking cigars and preparing for the great event of tomorrow, there is talk of but one office and that is governor. There are four or five candidates mentioned. One of the most prominent is W. C. McDonald of Carrizosa, who is a successful rancher and who, his friends say, could be a successful governor. Mr. McDonald has stated for publication that he does not wish the nomination and that he would not like to be governor. Then there is H. B. Ferguson, former delegate in Congress and Democratic leader from Albuquerque. He is considered a brilliant orator and well equipped for after dinner speaking, which falls to governors of states, old and new.

O. N. Marron, the talented attorney of Albuquerque, is also talked of for governor. So is John W. Poe of Roswell, and Judge N. B. Laughlin of Santa Fe. It is hinted by some, however, that the only one surviving.

COTTON CROP AVERAGE, 71.1

All Previous Records Broken by an Excess of 200,000 Bales

SMALL QUANTITY IS GINNED

California Leads in Percentage, Virginia Second, Oklahoma Last.

(By Special Leased Wire to New Mexican) Washington, D. C., Oct. 2.—The cotton crop of the growing season of 1911 which early in the year gave indications that it would be one of the largest in the history of the industry, will be approximately 13,868,327 bales of 500 pounds or about 200,000 bales more than the record year of 1904.

This was indicated by the final condition report of the department of agriculture issued today at noon which showed the crop to be 71.1 per cent of a normal on September 25.

Cotton Ginned.

Washington, D. C., Oct. 2.—The second of the census bureau's ten periodical cotton ginning reports issued today at 10 a. m. by E. Dana Durand, director of the census, shows the number of bales of cotton ginned from the growth of 1911 prior to September 25. The report, giving amounts in running bales, counting round as half bales, with comparative statistics to the corresponding date for the past three years and the percentage of the total crops of those years ginned to September 25, follows:

United States 3,663,066 bales, compared with 2,312,074 bales in 1910 when 20 per cent of the crop was ginned to September 25; 2,568,150 bales in 1909 when 25.5 per cent was ginned, and 2,590,639 bales in 1908, when 19.8 per cent was ginned. Round bales included this year were 27,948, compared with 38,026 bales in 1910, 48,070 in 1909 and 57,107 bales in 1908.

Sea Island cotton ginned was 11,512 bales compared with 7,004 bales in 1910; 13,832 bales in 1909 and 11,457 bales in 1908.

The corrected statistics of the quantity of cotton ginned this season prior to September 1, are 771,297 bales.

Cotton Crop Report.

Department of Agriculture October cotton reports show the condition of the growing crop on September 25 to have been 71.1 per cent of a normal. Condition by states follows:

Virginia 87; Georgia 79; Florida 75; Mississippi 62; Texas 71; Tennessee 77; Oklahoma 60; North Carolina 77; South Carolina 73; Alabama 73; Louisiana 66; Arkansas 70; Missouri 80; California 100.

LIBERAL WORLD SHIPMENTS MAKE PRICES EASY.

(By Special Leased Wire to New Mexican) Chicago, Ill., Oct. 2.—Liberal world shipments had a tendency to make prices easy today in the market for wheat. The opening was 1-3@1-4c lower to a shade up. December settled at 98 1-8 to 98 1-4c, a sixteenth off to a like amount higher, and declined to 97 7-8c.

Corn showed firmness on account of the favorable weather. December opened 1-4 to 3-8c higher at 64 1-4 to 64 3-8c and rose to 64 3-8@1-2. Oats displayed sympathy with corn. December started 1-4 to 1-4@3-8c up at 47 7-8@48 to 48c and reacted to 47 3-4@7-8c.

Absence of deliveries made provisions strong. First sales were 5 to 10c higher with January at 14.95 for pork; 8.90 for lard; and 7.97 1-2 for ribs.

MAGONISTAS MAKE TROUBLE

Have Captured the Town of Sasabe Near the Arizona Border

FEDERALS LEAVE AGUA PRIETA

Cattle Round-Ups Are Being Scattered by Roving Bands of Rebels.

(By Special Leased Wire to New Mexican) Tucson, Ariz., Oct. 2.—Sasabe, Mexico, near the border, has been captured by Magonistas, according to a letter received here today by Colonel W. S. Sturges, a ranch owner. Sturges says that cattle roundups have been scattered by the rebels, who are committing other depredations.

Mexican federals from Agua Prieta were dispatched against the insurgents today.

Time Extended for Side-Judge McElie this morning signed an order extending the time for receiving bids for the purchase of the property of the estate of Eugene A. Fluke, deceased, to Thursday, October 12th, 1911, certain prospective bidders appearing and stating that they would not have time to make and file their bids by today, the time originally set for passing up on such offers.

STRIKERS RIOT AT CHICAGO

Assaulted a Carpenter Who Had Remained at Work and Injured Him

DEAD LINE IS ESTABLISHED

Gathering of Former Employees Dispersed by the Police Early To-day.

(By Special Leased Wire to New Mexican) Chicago, Ill., Oct. 2.—Violence broke out today among the striking employees of the Illinois Central Railroad shops at Burnside which resulted in a riot call being sent to the Kensington police station.

John Thomas, a carpenter who declined to walk out with the other men, was assaulted by four union pickets. He was struck on the head with a brick and immediately was surrounded by a crowd of nearly a hundred strikers.

Thomas was rescued by a patrol wagon full of police who arrived on the scene as another attack on the man was being made. He escaped with slight injuries.

The union pickets fled.

Strike Breakers.

About 100 strikebreakers were smuggled into the big car shops at Burnside under cover of darkness, according to Illinois Central officials. They also declare that 100 strikers have returned to work since Saturday.

The statement was made that 800 of the 3,000 shopmen employed at Burnside are at work today and that this number is being augmented hourly. This statement was made by Special Agent Welch of the railroad, who is assisting the police in protecting the property of the company.

A score or more of pickets were on duty early today. They worked industriously, but with varying success. The union labor leaders today declared that no strikebreakers had been sent to the shops and that none of their men had returned.

The gathering of former employees dispersed when the hour for beginning work had passed. The men declared that fewer than 300 men were at work, many of these former employees, old and infirm, and nearing the pension mark, who had been given permission by the unions to remain at work.

Dead Line Established.

As a result of the attack on Thomas, a dead line was established at the Belt Line tracks, which almost encircle the works at the distance of a city block. This line was guarded by city policemen.

Charges that a squad of nearly a hundred city policemen were on guard within the stockade, prepared to remain there, were made by strikers. This was denied at police headquarters.

Rev. M. Woulf, at St. Joachim's church, warned the strikers against violence and advised them to seek mediation.

Only Part of Men Strike.

San Francisco, Oct. 2.—There were few men visible today about the shops of the Southern Pacific company with all the striking employees remaining away. There was no delay in the train service, and no disorder.

At Oakland strike breakers were said to have entered the stockade despite union pickets.

At Santa Barbara, a commissary department capable of caring for 200 men, was established.

At Portland, Oregon, where the shops were closed on Saturday, shop employees appeared for work.

At the general offices of the company, officials reiterated the statement that only forty per cent of the men went out.

Clean Sweep.

Kansas City, Mo., Oct. 2.—"It is a clean sweep," said M. F. Ryan, president of the Brotherhood of Railway Carmen, when asked today to what extent the members of his union had responded to the strike order. "All the men are out," he said.

Injunction Against Strikers.

Jackson, Miss., Oct. 2.—A temporary injunction, sweeping in its provisions, and applying to the entire state of Mississippi, was issued here today by Federal Judge Niles against all the members of all the unions on strike on the Illinois Central railroad system.

Only Few Out at Laramie.

Laramie, Wyo., Oct. 2.—Of the fifteen employees of the Union Pacific who went on strike here Saturday, two carmen and one other returned to work this morning. One hundred and fifteen men are now at work in the several departments.

The shops this morning began working nine hours a day and six days a week.

SANTA FE COUNTY ELECTS DEMOCRATIC DELEGATES.

Sends 26 to State Convention, Each Having Half Vote—Resolutions Adopted.

The Santa Fe county Democratic convention was held at the court house this morning for the purpose of naming delegates to the Democratic state convention which meets at the capitol tomorrow. The convention was opened at 10 o'clock by Chairman Arthur Seligman and the call was read.

ADMIRAL SCHLEY DROPPED DEAD

Overcome With Fatal Illness While Walking on Streets of New York

WAS THE HERO OF SANTIAGO

Had Previous To That Won Renown As An Explorer in Arctic Regions.

(By Special Leased Wire to New Mexican) New York, Oct. 2.—Admiral Schley dropped dead here.

Dropped Dead on Street.

New York, Oct. 2.—Rear Admiral Winfield Scott Schley dropped dead today near the corner of Forty-fourth Street and Fifth Avenue while on his way down town. The admiral died before medical aid could reach him.

Admiral Schley had been out of town over Sunday, and on his return had gone to the New York Yacht Club in West Forty-fourth Street.

After a short stay at the club, Admiral Schley started to walk along Forty-fourth Street toward Fifth Avenue when he was taken suddenly ill.

His Career.

Winfield Scott Schley, the American naval officer and one of the heroes of the Spanish-American war, was born in Frederick, Md., in 1839. He was graduated at the naval academy in 1860, and saw his first service on the Niagara in Asiatic waters. In July 1862 he became lieutenant. He landed men on the coast of San Salvador in 1865 to protect American interests there. He was later assigned to the Asiatic squadron and showed great bravery in the attack on the Korean forces which had captured an American ship.

Schley was appointed professor of modern languages at the Naval Academy in 1872, became commander in 1874 and saw service in European, Asiatic and South American waters.

Finds Greeley.

In 1884 he volunteered for the relief of the polar expedition under A. W. Greeley and after a hard struggle with the elements, succeeded in rescuing Greeley and six of his men at Cape Sabine.

From 1885 to 1899 he was chief of the bureau of recruiting and equipment and made a good record. In 1888 he became captain and while in command of the Baltimore in the harbor of Valparaiso in 1891 distinguished himself in the delicate situation which arose when American sailors were stoned and mobbed.

He was made commodore in 1898 and soon after was appointed in command of the flying squadron which went in search of the Spanish fleet, war having been declared between Spain and the United States. Commodore Schley on the Brooklyn headed off the Spanish Admiral Cervera when he attempted to escape from Cienfuegos, July 3. Admiral Sampson having been eight miles away during the famous engagement. After the war the famous Sampson-Schley controversy arose which led to the convening of a "court of inquiry" taken by Schley's ship in the engagement found the delays criticized by the other members of the board "justifiable under the circumstances," and he added his personal opinion that Schley was in actual command of the great battle which settled the war, annihilating the Spanish fleet.

CALL FOR A PROGRESSIVE REPUBLICAN CONVENTION.

Pursuant to a resolution adopted by the state Progressive Republican League, a convention of the Progressive Republicans of the State of New Mexico is hereby called to assemble at the city of Santa Fe, New Mexico, on the 4th day of October, 1911, at 10 o'clock in the forenoon of said day for the purpose of taking into consideration the action that Progressive Republicans of the State shall take in the present campaign and for the consideration of such other matters as may properly come before said convention.

All Progressive Republicans and those who desire to affiliate with the Progressive Republicans of this state during the present campaign are cordially invited to be present and participate in the proceedings of said convention. All meetings will be held in the Elks' theater.

JESUS ROMERO, President.

R. H. HANNA, Secretary.

Herrera Held Without Bail for Murder—Sixteen-year-old Elias Herrera was today held without bail to the grand jury for the killing of twelve-year-old Amalia Castillo, last Thursday evening. District Attorney E. C. Abbott appeared for the territory. The hearing was before Justice of the Peace Jose Maria Garcia.

Babylon, O Babylon,

To the revel in thy hall?

For uncounted, awful years  
Have thy gemmed and painted dears  
Drunk the wine whose dregs is tears!

Soulless city of the night,  
In thy false distorting light,  
Right is wrong and wrong is right!

Vice berets the fruit you sell,  
He who heeds the tales you tell,  
Listening, finds the key to hell!

Thou wert old in Pharaoh's reign,  
Old when Nero dealt in pain,  
Old when Christ was born in vain!

Trojan Priam's walls are down;  
Caesar's Rome lies under ground;  
But thy temples still abound!

Ever are thy spires near--  
Shalt thou never learn to fear,  
City of the Gilded Tear?

## AROUND THE STATE

Indicted for Beating Wife.  
Jose Garcia of Albuquerque was in-  
dicted for attempting to beat his wife,  
Clara Gabaldon de Garcia.

Accused of Larceny.  
Luis Trujillo was indicted at Albu-  
querque for larceny from the house  
of Cesarillo Padilla.

Drowned in Irrigation Ditch.  
Two-year-old Juanita Meatas was  
drowned in an irrigation ditch at Lov-  
ing, Eddy county.

Abandoned His Wife.  
David Urioste was indicted at Albu-  
querque for abandoning his wife, Ele-  
na Montoya de Urioste, who is suing  
him for divorce.

Charged With Burglary.  
Anselmo Ariano was arrested at  
Columbus, Luna county. Both in his  
house and on his person he had large  
quantities of stolen goods.

Suit on Note.  
Neill B. Field as owner, and Angelo  
Vivian as trustee, have sued Daniel  
Morelli and Daniel K. B. Sellers at  
Albuquerque on a note for \$3,720, in-  
terest \$27.50, and 10 per cent costs.

Last Saloon in Chaves County.  
In accordance with an agreement  
with the municipal authorities at Dex-  
ter, the last saloon in Chaves county,  
that of P. C. Jacoby, closed its doors  
Saturday night not to reopen.

Forged a Check.  
C. W. Cartwright pleaded guilty at  
Silver City to drawing a forged check  
on the First National bank at Lords-  
burg and was sent to the penitentiary  
for from two to four years.

Vaughn Commercial Club.  
The Vaughn Commercial Club of  
Vaughn, Guadalupe county, has or-  
ganized by electing Spencer Hardie,  
president; G. W. B. Smith, vice presi-  
dent; George A. Clark, secretary.

Stole a Horse.  
Nieto Solano, whose parents live  
near Albuquerque, was sent to the re-  
form school at Buena Vista, Colorado,  
from Trinidad, to serve a sentence not  
to exceed ten years, for stealing a  
horse.

Found Guilty of Manslaughter.  
George W. Fox was found guilty  
of manslaughter at Clovis for the  
murder of Richard E. Fields on July  
31. The jury recommended clemency  
to Chief Justice W. H. Pope in pass-  
ing sentence.

Arrested for Skipping Hotel Bill.  
C. N. Points was arrested at San  
Marcel and taken to Socorro for  
skipping a hotel bill at Las Cruces.  
At least that was the charge. He

was taken from Socorro to Las Cru-  
ces.

Set Fire to Hay.  
Juan Valenzuela is accused of set-  
ting fire to the hay stacks of Captain  
Van Gaas at La Mesa, Dona Ana  
county. Twelve hundred bales of al-  
falfa were destroyed.

Hurt after a Dance.  
Returning on horseback from a  
dance at Hurley, Grant county, Lee  
Upton and Stephen Ballou galloped  
into a barbed wire fence with such  
force that they were thrown and bad-  
ly injured. One of the horses was  
killed.

Brutal Assault.  
J. H. Jenkins was brutally assault-  
ed near the Santa Fe railroad yards  
at Springer, Colfax county, by a man  
who spoke English with a Spanish  
accent. He was rendered unconscious  
for a moment and his assailant after  
giving him a final kick evidently  
thought him dead for he was heard  
to say: "You---, you arresta me  
last summer, now I kill you!"

## CASCARETS FOR A SICK, SOUR STOMACH

Gently but thoroughly cleanse and reg-  
ulate your Stomach, Liver and  
Bowels while you sleep.

That awful sourness, belching of  
acid and foul gases; that pain in the  
pit of the stomach, the heartburn, ner-  
vousness, nausea, bloating after eat-  
ing, feeling of fullness, dizziness and  
sick headache, means indigestion; a  
disordered stomach, which cannot be  
regulated until you remove the cause.  
It isn't your stomach's fault. Your  
stomach is as good as any.

Try Cascarets; they cure indiges-  
tion, because they immediately cleanse  
and regulate the stomach, remove the  
sour, undigested and fermenting food  
and foul gases; take the excess bile  
from the liver and carry off the de-  
composed waste matter and poison  
from the intestines and bowels. Then  
your stomach trouble is ended forever.  
A Cascaret tonight will straighten you  
out by morning—a 10-cent box from  
any drug store will keep your entire  
family feeling good for months. Don't  
forget the children—their little insides  
need a good, gentle cleansing too.

## WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Santa Fe women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of dropsy or Bright's disease. Doan's Kidney Pills are for the kidneys only. They attack kidney diseases by striking at the cause. Here's proof of it in a Santa Fe woman's words:

Mrs. Desideria J. de Quintana, College St., Santa Fe, N. Mex., says: "Several years ago I used Doan's Kidney Pills and I was cured of a bad attack of kidney complaint. At that time a statement appeared in the local papers, telling of my experience and I now take pleasure in confirming all that was then said in their praise. I had pains in my back that made it difficult for me to stoop and there were other troubles which plainly showed that my kidneys were at fault. Soon after I began taking Doan's Kidney Pills, improvement was noticeable and the contents of two boxes, not only restored my kidneys to their normal condition but also removed the pain from my back. I am glad to say that during the time that has since passed, my cure has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## NEW MEXICO POLITICS AND POLITICIANS

## IRON AND FIRE.

H. O. Bursum, whom the Republicans of New Mexico have nominated and will probably elect as the first governor of the new State, is a man of iron and fire and he will build up a powerful party machine in his State, as well as make a forceful governor. Bursum stands for the reliable and the permanent. He is the sort of man who can run a central

H. O. Bursum.

committee in the way a successful business is run. He is an inscrutable person and nobody knows what he will do until he has done it. He would not make the darling hero of a sickly reform movement, but the chances are he will make a figure in politics within the next ten years, now that his state has a chance. New Mexico is lucky enough to have more manhood than fold out about its politics, which gives it a chance to produce a few statesmen.—Los Angeles Times.

Headquarters at Palace Hotel.  
The Taos Democratic delegation is making its headquarters at the Palace hotel.

Nominated for House,  
Tranquillino Labadie of Santa Rosa

Tranquillino Labadie.

has been nominated for the House by the Republicans for Santa Fe, Guadalupe and Torrance counties.

Joseph for Railroad Commissioner. Antonio F. Joseph of Ojo Caliente, son of the late Delegate to Congress Antonio Joseph, has been endorsed by the Democrats of Taos and Rio Arriba counties, for railroad commissioner.

## Sure!

An Aztec Democrat was heard to remark that he voted for Trujillo "because the d—Mexicans would all vote the Republican ticket unless they got probate judge."—Aztec Index.

Nothing impossible to a Democratic Editor.

The Independent published an illustrated account of the Republican convention and, according to the pictures which cannot be disputed, the steam roller went over D. H. Kedzie, and he came out of the encounter with two shapely legs. A miracle.—Western Liberal.

## Hall to the Chief.

With almost one accord H. O. Bursum is the choice of the Republican press for governor of New Mexico, and there is not a political combination in the state that can defeat him with the lead and strength he has developed. It is marvelous, somewhat akin to heroworship, yet devoid of political intrigue or oiliness. It is apparently a spontaneous demand for the man of the hour, a man well seasoned in statecraft, a man of sterling worth, splendid character and without a vulnerable point of attack save from ambush, and there are enough sharpshooters on the watchtower to pick them off wherever they bob up. Hall to the chief!—Mountain Messenger.

## A Vital Query?

We have always been friendly to H. O. Bursum as a private citizen and as chairman of the state central committee. Heretofore we have not been as all exacting as to his personal habits, but now as he aspires to the position of governor of the new state, in company with the Morning Journal, we want to know some things. Does the Hon. H. O. Bursum wear porous knit underwear? We regard wearing of porous knit underwear as unmistakable evidence of gentility and

statesmanship. We wear them, Mac, wears them, so does ex-Governor Herbie, and look at we three. The public demands porous knit underwear of its favorites and if delinquent, the sooner H. A. comes across the flowerier his pathway. We hereby move that a committee be appointed to investigate this important question.—Pecos Valley News.

## BOOZE.

Democratic Headquarters. Everybody Welcome.

This is the legend painted on the Palm Saloon, the joint whose proprietor boastfully accepts the index characterization of "the wildest open booze and social game joint" and calls it good advertising. Any observer will bear us out in saying that it WAS headquarters the day of the primary and that it was wide open and that it appeared to be well supplied with somebody's money.

From this place the faithful were led to the polls—sometimes by the proprietor himself—old men—youths—mere youths, casting their maiden votes.—Melrose Index.

## Grant County Democrats.

The Democrats of Grant County in convention at Silver City nominated the following ticket:

County Commissioners—E. S. Edwards, of Santa Rita; B. B. Ownby, of Lordsburg; Van T. Manville, of Silver City.

County School Superintendent—Miss Isabella Eckles.

Probate Judge—Cornelius Bennett.

Treasurer—J. B. Gilchrist of Pterro.

Sheriff—Herbert J. McGrath.

County Clerk—E. B. Venable.

Assessor—E. Dickson.

County Surveyor—T. L. Cox.

Nominations for legislative officers were made as follows:

W. B. Walton.

Senator—W. B. Walton.  
Representative—Frank Vesely and Harry Martin.

San Juan County Democrats.

At a primary, the San Juan county Democrats nominated the following ticket: Representative, J. S. Hartman; probate clerk, Walter B. Wagner; sheriff, W. T. Dufur; treasurer, R. W. Hefflin; assessor, Archie G.

R. W. Hefflin.

McCoy; superintendent of schools, J. L. G. Swinney; probate judge, David Trujillo; surveyor, Charles F. Holly; commissioners, J. T. Jaques, J. P. Atteberry, Wayne Walling.

Republican Executive Committee.

The Republican executive committee for the territory, consists of one member from each judicial district, and all eight members will make their headquarters at Santa Fe during the campaign. The members are: Jose D. Sena, of Santa Fe; Edward A. Mann of Albuquerque; H. B. Holt of Las Cruces; Charles A. Spiess of Las Vegas; Nathan Jaffa, of Roswell; R. P. Barnes of Silver City; Merritt C. Mechem of Socorro, and Charles Springer of Colfax. The officers of the state central committee are: Veneciano Jaramillo, chairman; Herbert J. Clark, secretary; Jose D. Sena, assistant secretary, and Solomon Luna, treasurer.

The Progressive League.

The New Mexico Progressive League at its meeting at Albuquerque last week, elected the following officers: President, Jesus Romero of Albuquerque; Dr. John D. Hess of Las Vegas, vice president; H. G. Coors of Las Vegas, treasurer; Richard H. Hanna of Santa Fe, secretary. The following platform was adopted:

The objects of this league are the promotion of the following principles: 1. We believe in the language of Abraham Lincoln that "This is a government of the people, by the people, and for the people."

2. We are absolutely opposed to

## MINES AND MINING

## Socorro County.

The Ernestine Mining Co.'s two cleanups at Mogollon for the first and second ten day periods of September resulted in 10,376 ounces of gold and silver bullion, with seven and one-half tons of high grade concentrates. Ore treated the past two weeks amounted to 1160 tons. The new power house is nearing completion and the equipment will arrive in Silver City in about two weeks. Mine development continues in good ore in nearly all the faces. At the Deadwood mine the drift on the 200 foot level north, in which a rich strike was recently made, is still in good milling ore. The reduction plant, continues its regular output of bullion and concentrates. At the Oaks company work will be started on the new buildings at the main drainage and transportation tunnel within a few days, material for which is being delivered. The tunnel is being steadily advanced. In the Gold Dust mines the lower tunnel is being pushed with a view of cutting the vein at an early date. Work in the new shaft of the Maud Mining company and drifts therefrom has been temporarily suspended. Good ore has been found and it is said full operations will be in force within a few days. The Mogollon Gold and Copper company's consignment of high grade shipping ore from the Little Charlie, comprising about 10 tons, is being prepared for transportation to the El Paso smelter. This is one of the most promising of the semi-developed mines in camp. At the Trilby group further development will be started on claims about October 1.

## Santa Fe County.

That the Sunset Mining and Smelting company which has acquired under lease and had the old smelting plant and mines at Cerrillos, formerly owned by the Consolidated, will be in shape to start the remodeled plant in a few weeks, is the statement of W. L. Staley of the company. He has been on the properties for several weeks, superintending the work. "The cause of the failure of the Consolidated Mining and Smelting company to make good at Cerrillos," said Mr. Staley, "is very plain to anyone, who investigates. They built a lead and copper smelter with the view of doing a custom smelting business. Then they acquired the Tom Payne and other valuable mines in the Cerrillos district, all of which are zinc lead properties. As it was absolutely impossible to save the zinc in the furnaces they were losing the greater part of their values in slag. Upon this discovery they set out to develop their mines to a capacity which would justify the installing of a concentrator, which is the only way to handle these metals. In the meantime they operated the smelter on custom ore, buying ore which was unprofitable to smelt, and as a result falling in business just at the time when their own mines were developed to a great tonnage and ready for a concentrator. As a result our mines have thousands of tons of ore blocked out and developed enough to warrant the erection of a concentrator. It will take only a few weeks to install the necessary additional machinery to convert the plant into a joint concentrator and smelter, after which we shall be ready to operate on a big scale. We have cleaned up the old workings and completed the survey for our aerial tramway which will be constructed in the near future."

## Grant County.

O. Ryback, general manager of the Donkey Mining Company, situated in the Virginia mining district about 5 1/2 miles south of Lordsburg, was in El Paso looking after the business interests of his company at the smelter. He has made satisfactory arrangements and has one carload there now of red oxide of copper carrying gold and silver, averaging \$50 per ton. Mr. Ryback left for the purpose of sending at once four carloads more of ore which will average \$22 per ton, receiving credit besides for the lime and iron. He has been mining seven feet of solid ore. The last shots developed a face 11 feet wide on the third level, where the present mining is being done. This is considered a rich strike. Mr. Ryback has been with this property a number of years. He will immediately increase his mine force and push the output as rapidly as possible. The main shaft which is now 269 feet deep, will be sunk 100 feet more. It is Mr. Ryback's intention from now on to ship two carloads a week to El Paso.

## Colfax County.

Reports from Yankee camp confirm the rumor that great things are in prospect for the early resumption of mining business in that locality. Construction work on the new tippie, washer, incline tramway, power plant and depot are awaiting the arrival of material, most of which is now on the way. The new tippie will be one of the largest of its kind operating in the New Mexico coal fields, capable of handling between 2,000 and 2,500 tons of coal per day if necessary. The coal from the dump will be run over screens covering four large hoppers, under which cars will be set for catching the four kinds of mine product—the lump, nut, pea and slack. Standing to the east of the tippie will be erected a large \$125,000 washer, and in the near vicinity a new power house will furnish electrical power for running the machinery of the plant and for furnishing the camp with electric lights. The new depot will be put up near the spot where passengers for the camp now alight from the trains. This building will be 70 by 40 feet in dimensions, containing the general offices of the camp officials and ticket office. The new mine entries to the northeast of the camp, under the rim rock, will be connected with the new tippie and washer by

an incline, one mile long, upon which the mine cars will be run by means of an endless steel cable. As soon as a section of fine coal in the old workings is worked out, the old incline will be abandoned and all operations of the mine concentrated in the new workings, half a mile to the east. During the past winter several main entries, following out a general systematic plan for getting at the valuable deposit of coal under the mesa, have been run, and room necks set off so that just as soon as the new incline is completed, operations in 125 rooms will be begun, capable at the outset of furnishing 1,000 tons daily for handling at the tippie and washer. Mr. Frank Eviston, traffic manager for the Raton and Eastern, is at Des Moines, N. M., this week superintending the loading of a large quantity of ties and rails that will be used in the extension of the trackage of the terminals at the camp. The steel rails for the mile incline are now en route and will be placed as soon as possible.—Raton Range.

The starting up of a smelter and concentrator at Cerrillos, in the midst of one of the richest mining districts tributary to Santa Fe will be of considerable importance not only to Cerrillos, but to this section generally.

## Grant County.

Thirty cars of ore were shipped from Lordsburg last week.

## Lincoln County.

George Hopkins, president of the Economic Mining Company, near Carrizozo, has contracted for a number of feet of work in the main tunnel which it is expected will intercept the main shaft in about three weeks.

## Sierra County.

Joseph B. Tomlinson and experts are sampling the Emporia at Grafton. R. G. Mullen, William Knitzer and a third party are about to resume work on the Minnehaha at Grafton. The U. S. Treasury is to resume work this week. Charles Ross has let a contract to C. J. Curtis to drive a tunnel on one of his claims at Fairview. About fourteen men are employed at present on the mines at Fairview. M. Everhart has cleaned out the Colossal mine and sampled its ore. He will make a shipment to test the lower grade ore left in the mine. A pump will be required in order to go deeper.

## Socialist Ticket.

At the Socialist convention held in Farmington the following candidates for San Juan county, were nominated for the various county offices: For county clerk, A. J. Fritz; treasurer, C. R. Cutting; assessor, Joe Hill; probate judge, S. A. Kingery; sheriff, Hector McRea; school superintendent, Lizzie Holmes; commissioner 2nd district, Fred Skrifvars; commissioner 3rd district, Sam Rush.

## Supper to the Seventeen.

H. B. Holt on last Thursday evening gave a banquet to the "Solid Seventeen" of the thirty-seventh legislative assembly who frustrated the Hagerman plans of annexing the Republican organization so as to make it part of a personal Hagerman machine. The affair proved a most enjoyable one. The banquet was served at the Castelnada and was served from eight to ten. Covers were laid for seventeen.

# SANTA FE IN GALA ATTIRE

Many Colored Pennants Adorn the Streets and Buildings

DEMOCRATS ARE ARRIVING

A Large Crowd Will Be Here For Opening of Convention Tomorrow.

All Santa Fe is in gala attire in honor of her guests, the Democrats. The last echo of the Las Vegas Republican convention has scarcely died away and now the Democrats hold sway, to put their state ticket in the field. And as the Meadow City swarmed with visitors and had crowded hotels so the Ancient City too, takes on a "great city" air and is filled with visitors. The hotel registers show numerous reservations and even the parlors have had to be changed into bed rooms to accommodate the delegates. Cots are seen lining the halls and there is a wild rush for room in private residences. Sleeping outdoors may be healthy, but the delegates and visitors are used to shelter and are going to find it even if cliff dwelling like rooms have to be pressed into service.

The decorations are admired by all. The decorations committee worked hard Saturday and even yesterday to string their hundreds of vari-colored pennants on copper wires and then hoist them overhead in the heart of the city. The hotel proprietors and many of the business men have caught the decorative idea and with many yards of bunting, of the national colors and of the colors of New Mexico, have made their offices look resplendent.

The Great Arch. "Welcome to the Capital City," were the words, blazing with electric lights, and suspended between two columns, that arrested the attention of the passersby near the plaza last night. The arch is at the southeast corner of the plaza, a fitting place, as it greeted every one arriving to the center of the city. It is hoped to make this sign of welcome a permanent one. The cupola of the Capitol last night was ablaze with hundreds of electric lights.

Many Friends Meet. Today in the lobbies of the hotels were many people who had not met in months but who showed by their warm handclaps and bright smiles that they that they were friends. These were not only Democrats but Republicans as well, and men of both parties called to each other as "Bill" and "Jim" and other names that do not suggest that "hostility" which is bound to exist when the great campaign is in full swing this month.

The day before the convention, is a busy one for everybody and more or less exciting, for there is no little curiosity in both parties to see what ticket will be placed in the field by the Democrats tomorrow and the next day.

And realizing that hard workers must have good food, for the proverb says a man is as strong as his stomach, the restaurateurs and hotel chefs are laying in a supply of viands to tempt and satisfy the hungry man. One restaurateur was pulled out of bed this morning by a man with a basket under his arm. "I have a chicken to sell you," said the basketed individual. And the restaurateur smiling, replied: "Well I have a hundred, but every little bit added to what you've got is just a little bit more."

# Plays AND Players

"The Barrier," adapted by Eugene V. Presby from Rex Beach's famous story of life in the Yukon country will open the theatrical season at the Elks Theatre Friday night. The play made an emphatic hit in New York and on the Eastern and Middle West circuits last season.

Competent critics have pronounced it a much better drama than its authors previous success "The Spoilers," because its plot is equally interesting but unraveled with finer skill, while all the gripping episodes of the novel are retained, they are mellowed to meet the requirements of those theatre goers who prefer realism to extravagance. "The Barrier" thrills by legitimate means. Flambeau, a trading station on the Alaskan river, is the place of action, and the time is summer. In the first and second acts the scene is the interior of Gale's store, a very picturesque stage setting.

A living room in the same structure is shown in the third act and in the last act the military barracks are realistically presented.

All the love making that made the story a "best seller" for several months is condensed into four acts. The duel that forms one of the most exciting chapters of the story is fought in full view of the audience.

Eleanor Haber has been specially engaged to impersonate "Necia" and with Lee Millar as "Captain Burrell," and Norman MacGregor as "John Gale," and a capable supporting company, a treat of satisfying proportions is assured.

## POLITICS AND POLITICIANS

(Continued From Page Three.)

**Eating Bitter Crow.**  
A. B. McClure after voting unsolicited Democratic tickets forty-two years, thinks the morsels administered by the San Juan county "Democracy" (?) very bitter. He congratulated himself on being cast out in company with Judge R. C. McRee, who had voted for the same ticket about forty-five years when he was denounced as an "old fog" in a Democratic (?) convention at Farmington by some of the present young "Democracy" A. B. says he has highly honorable company to keep.—Aztec Index.

**Republican County Conventions.**  
Thus far only Grant and Quay county Republicans have put their county tickets in the field. San Juan county will hold its convention at Artee on October 10 and its primaries on October 5. Torrance county will hold its convention at Willard on October 16. The primaries are to be held on October 13. Taos county holds its convention at Taos on October 9, the primaries being called for October 5. Rio Arriba county will hold its convention at El Rito on October 16 and its primaries on October 12. Union county Republicans will meet at Clayton on October 10.

In another column of today's issue  
you will find the professional card of  
Dr. W. Hume Brown who has opened  
up an office to practice dentistry on  
the south side of the plaza, over  
Spitz's jewelry store. These rooms  
have been thoroughly renovated and  
present a pleasing appearance with  
the new furniture and the fine equip-  
ment that Dr. Brown has installed.  
Everything is of the most up-to-date  
and modern type, sanitary to the high-  
est degree and everything operated  
by electricity. Dr. Brown formerly  
practiced dentistry at Clayton, New  
Mexico, and stands high in his profes-  
sion and will be glad to greet his  
friends at his offices.  
Pleads for Mission Style—Discus-  
sing architecture of the buildings of  
Santa Fe, Representative William Sul-  
zer who spent some time in Central  
and South America, said to several  
Santa Feans today: "Santa Fe is a  
most charming city but I think the  
preservation of its charm will rest in  
the hands of the new house builders.  
I have lived in South America and like  
everyone else I admired the Spanish  
style of architecture, the immense one  
story houses with patios in the center,  
rivaling in beauty any residences  
in New York City. I am sure Santa

WILLIAM SULZER HERE;  
WILL SPEAK TONIGHT.  
Continued from Page One.  
dressed tonight will prove a treat to all  
who hear it.  
Mr. Sulzer Talks.  
Seated on the porch of the Palace  
hotel Mr. Sulzer said this afternoon:  
"I regret that I cannot remain over  
here to attend the Democratic conven-  
tion but I am scheduled to speak in  
Denver Wednesday night and I must  
leave Santa Fe tomorrow morning. I  
am intensely pleased to be in New  
Mexico and to see this territory ad-  
mitted as a 'full fledged sister' state.  
I have been fighting for statehood  
for New Mexico for sixteen years.  
"I would wish to see New Mexico  
also endowed with all the rights a  
state should have. I would see her  
come into the union owning and run-  
ning everything in the state. I am op-  
posed to this bureaucratic control  
from Washington. I think each state  
can manage her own affairs and I  
would have New Mexico manage her  
affairs, Indians included."  
Asked if he will speak on politics  
tonight Mr. Sulzer said: "I do not  
choose my subject long in advance  
and I cannot say just what I shall  
think about tonight. I hope, however,  
my speech will be in a happy vein,  
of interest to all."  
Mr. Sulzer said he had just been  
to Alaska with Secretary Fisher's  
party and that as soon as Congress  
opens Alaska will "loom big in the  
political horizon."  
Asked what he thought of the effect  
of Mr. Taft's tour through the west  
he said: "I would rather not answer  
that question, Sir. Not until 1912,  
then perhaps we shall see."  
Mr. Sulzer said he felt confident  
that New Mexico will elect a Demo-  
cratic state ticket and added: "Deep  
down in your own heart, don't you feel  
that way?"  
"No," answered the interviewer, "I  
have \$100 bet the other way."  
Mr. Sulzer laughed and said: "Then  
you will have yet time to hedge. Take  
a friend's advice, young man, hedge  
and hedge soon."  
Sulzer's Advice.  
Mr. Sulzer gave some fatherly ad-  
vice to young Democratic delegates  
who arrived at the hotel. He told  
them that their "plain duty" is to do  
to the Republican party what the Dem-  
ocrats had done in the east "split it  
wide open," he said, "but don't be too  
harsh about it."  
Mr. Sulzer evidently has a keen  
sense of humor, especially when he  
discusses warring of political battle-  
axes.
